Additional force necessary for proposed new Central Station, Borough of The Bronx, which will be ready to go into operation September 1, 1902:

1 Chief Operator, four months, at rate of \$1,500 per annum	\$500 00		
3 Operators, four months, at rate of \$1,380 per annum.....	1,380 00		
4 Assistant Operators, four months, at rate of \$1,200 per annum	1,600 00		
1 Batterymen, four months, at rate of \$1,000 per annum.....	333 33		
		3,813 33	

(The extensive building operations in the Borough of The Bronx, with the consequent increase of territory requiring protection from fire, renders it necessary that a small Central Office be established at a point in the centre of population in that borough. Under the existing arrangement the present Central Office in the Borough of Manhattan cares for the wires and signals of both boroughs, which duty at times taxes its resources to the utmost. In the establishment of the new office it is the intention to restrict the care of the wires and signals of each borough to its own Central Office, an innovation which will minimize the risk of extensive damage thereto. It is proposed to make the Harlem dividing line for the circuits, thereby insuring to the territory above that river freedom from the effects of interruption to the workings of the submarine cables which now cross the same, or the breaking as the result of storms of the lines on this side of the river. The plan will also provide two Central Offices, and in the event of the destruction of one, will permit of re-established fire-alarm protection within a comparatively short time thereafter by means of the other.)

Increase ..... \$14,364 00

—due to the enhanced compensation requested for the Buildings Superintendent, his assistant and certain of the present office staff, the additional expense of the new positions of General Inspector and Foreman of Repairs, and of the proposed increase in the mechanical force, rendered necessary in view of the contemplated reorganization of this branch of the service, and the broadening of the scope of its work. It is the intention, among other things, to do away with the practice which has obtained for many years of engaging the services of outside architects to prepare the plans and specifications and supervise the construction of new apparatus houses, leaving this work to be performed by the Buildings Superintendent and his assistant, both of whom are well qualified for the duty; and also to have done by the enlarged mechanical force, under the oversight of the General Inspector and the Foreman of Repairs, a very considerable part of the minor repair work that is at present performed by contractors employed for the purpose. The combined result of both of these innovations, it is confidently believed, would more than counterbalance the increased allowance required to accomplish the desired ends.

Total "Apparatus, Supplies, etc."..	<u>\$350,000 00</u>	<u>\$402,750 00</u>	<u>404,250 00</u>

The sum of \$390,000 was allowed for "Apparatus, Supplies, etc." for 1902 by the Board of Estimate and Apportionment (resolution October 30, 1901), as against \$402,750 asked in the original estimate for the current year. Upon a careful reconsideration of the whole subject it is believed that not only should the full amount asked (\$402,750) have been appropriated, but that the item for "Horse Hire" should be increased by \$1,000, and that of "Harness" by \$500, to meet the needs of the service, making the total amount required for the year 1902 \$404,250, an increase of \$14,250 over the original allowance.

For two new fireboats, at an estimated cost of \$75,000 each..... 150,000 00

One of the new boats is required to take the place of the "William F. Havemeyer," a wooden boat constructed nearly thirty years since, and which, having become useless for the purposes of the Department, was sold at public auction in October, 1901.

The second new fireboat is absolutely necessary to afford adequate protection against fire to the merchandise stored along our water front and worth vast sums (the Department now having its sphere of duty in this regard very materially enlarged), as well as for the proper safeguarding of the shipping in the harbor.

For completing repairs to the fireboat "Zophar Mills" (Engine 51)..... 15,000 00

A special bond issue appropriation of \$75,000 was authorized in the year 1901 for the purpose of making extensive alterations and repairs to the fireboats "The New Yorker" (Engine 57) and "Zophar Mills" (Engine 51). The contract now in course of fulfillment for the work on the former will exhaust more than half of the amount allowed, and it is estimated that, besides the balance remaining from the original appropriation, the additional sum asked herein will be absolutely necessary to meet the expense of the extensive alterations and repairs required to the fireboat "Zophar Mills."

Aggregate ..... \$3,031,417 08

The foregoing estimate, amounting to three million thirty-one thousand four hundred seventeen dollars and eight cents (\$3,031,417.08), is adopted as the sum of money which will be required for the expense necessary for the administration of the Fire Department of The City of New York for the year 1902, Boroughs of Manhattan and The Bronx.

The appropriation for Defender Hook and Ladder 7 (the last on the list of Hook and Ladder Companies) for 1901 was not made by the Board of Estimate and Apportionment until October 1 of said year, when the appropriate resolution was adopted. This company consequently was not included in the original Departmental Estimate for 1902, which was transmitted to said Board August 30, 1901, but was subsequently inserted at the instance of the Comptroller, becoming a part thereof, and the appropriation for 1902, as originally made, included this company.

The foregoing estimate, amounting to forty-four thousand two hundred dollars (\$44,200), is adopted as the sum of money which will be required for the expense necessary to the administration of the Fire Department of The City of New York, Borough of Richmond for maintenance of volunteer companies for the year 1902.

Allowed by Board of Estimate and Apportionment (Resolution dated October 30, 1901)..... \$45,310 00

The amount allowed (\$45,310) is insufficient to install and maintain a modern fire alarm telegraph system in all of the towns and villages, as requested, and I would urge that the full amount of \$90,150 be allowed. Some reductions have been made in salaries, price of wire, and the number of employees in this estimate; but, should the full amount be allowed, we shall have an alarm system that will insure ample protection to the property in these localities, and the system would be all that would be required, should at any time the paid department be extended.

Since the enactment of chapter 82, Laws of 1900, the operation of the fire alarm systems in the Volunteer Firemen's territory of the Borough of Queens has been very unsatisfactory and at times extremely hazardous.

Prior to the passage of that law, the Volunteer Fire Departments in said Borough received for their maintenance such amounts as were authorized by the Charter of the city. This was discontinued by the law of 1900, and in lieu thereof a specific sum has been paid annually to the treasurer of each Volunteer Fire Company; that is to say, for an engine company, \$1,200; hook and ladder company, \$1,000; hose company, \$800. These amounts represent an aggregate annual increase from \$21,636 to \$62,800, notwithstanding which many of the companies have failed or refused to defray any portion of the expense of maintaining the fire alarm telegraph, and the paid department, without any available provision therefor, has been compelled, so far as it could, to keep the lines in working order. This is a condition much too hazardous to be continued. Our resources are insufficient for the purpose. To remedy this it is proposed to establish a sub-central station in the Village of Jamaica, install telegraph systems in the villages now dependent on bell towers only, extend and improve the present system, and to connect all with the sub-station at Jamaica and thence by telephone to the Headquarters in Borough of Brooklyn.

The location of a sub-station, as suggested, the installation of new systems and the improvement and extension of the old lines will give only needed protection. The entire plant to be under control and direction of the Fire Commissioner, as provided in section 729 of the Greater New York Charter.

THOS. STURGIS, Fire Commissioner.

Headquarters Fire Department City of New York,  
Nos. 157 and 159 East Sixty-seventh Street,  
Borough of Manhattan, March 24, 1902.

To the Honorable the Board of Aldermen of The City of New York:

Sir—I have the honor to submit herewith copy of supplemental Departmental Estimate of the amount of money which will be required to establish a fire alarm telegraph system and provide for the equipment and maintenance thereof in the Borough of Richmond for the year 1902.

Very respectfully,

THOS. STURGIS, Fire Commissioner.

#### VOLUNTEER SYSTEM, BOROUGH OF RICHMOND.

(Sections 722, 725, 726 and 729 of the Greater New York Charter.)

#### SUPPLEMENTAL ESTIMATE FOR 1902.

For establishing a fire alarm telegraph system and providing for the equipment and maintenance thereof:

#### EQUIPMENT.

Seventy-five street fire alarm boxes, with indicator and bell-striking attachments, to be connected with five central offices (where each group of boxes could be attached to batteries), as follows:

North Shore.....	34 boxes and Central Office.
Edgewater.....	20 boxes and Central Office.
New Dorp.....	4 boxes and Central Office.
Tottenville.....	7 boxes and Central Office.
Giffords to Huguenot.....	4 boxes and Central Office.
Pleasant Plains.....	4 boxes (to be connected with Central Office in Tottenville).
Kreischerville.....	1 box (to be connected with Central Office in Tottenville).
Roseville.....	1 box (to be connected with Central Office in Tottenville).

Total.....75 boxes, connected with 5 Central Offices.

Ninety-one miles of telegraph wire (to be strung on existing telephone poles where practicable) and for additional pole-line where telephone lines are not established.

Estimated expense of the above..... \$46,000 00

#### MAINTENANCE.

2 Linemen (who must also be Climbers), at \$1,000 per annum each.....	\$2,000 00
Horse and Wagon (necessary for use in connection with the work of inspection and repairs), estimated cost.....	500 00
Keep of same, per annum.....	300 00
Renewal of batteries and maintenance thereof; estimated cost per annum.....	1,500 00
Aggregate.....	<u>\$4,300 00</u>
Aggregate.....	<u>\$50,300 00</u>

It is intended, as soon as practicable, to comply with the requirement of section 722 of the Charter, in relation to extending the paid Fire Department over the Borough of Richmond, and, preliminary thereto, there is urgent demand for the establishment of an effective fire alarm telegraph system therein, the borough embracing within its territorial limits an area of 57¼ square miles with a present population of 67,250. There are 48 Engine, Hook and Ladder and Hose Companies located at various points in the borough, to none of which it is possible to communicate the need for their services (aside from verbal and telephonic notification, which, of course, is not practicable save in isolated instances) in any other way than by resort to the primitive method of blowing steam whistles or ringing fire bells. Furthermore, the absence of proper facilities for promptly sending alarms for fire results in the annual destruction of much valuable property, which could in large measure be prevented by the introduction of an appropriate modern system of telegraphic communication, such as will be furnished the people of this important and growing part of the Greater New York, if provision for the purpose, as herein requested, shall be made. The foregoing estimate, amounting to fifty thousand three hundred dollars (\$50,300), is adopted as the sum of money which will be required for establishing a fire alarm telegraph system and providing for the equipment and maintenance thereof in the Borough of Richmond for the year 1902.

THOS. STURGIS, Fire Commissioner.

No. 246.

Whereas, The Mineola, Hempstead and Freeport Traction Company has presented to the Board of Aldermen of The City of New York its application in writing for its consent to and a grant of the right, privilege and franchise to use certain streets, avenues and highways in the Borough of Queens, in The City of New York, for street railway purposes and for the construction, maintenance and operation of a street surface railroad with the necessary appurtenances as extensions of its present railroad from Mineola to Freeport, in the Town of Hempstead, Nassau County, New York.

A description of said streets, avenues and highways being as follows:

Beginning at a point on Fulton street (otherwise known as the Hempstead and Jamaica turnpike), at the easterly line of the Borough of Queens, in The City of New York, running thence northwesterly on and along said Fulton street to the intersection of said Fulton street and the Jericho turnpike, at or near Queens, in the Borough of Queens; also from the intersection of said Hempstead and Jamaica turnpike and Sherwood avenue, running thence southerly on and along said Sherwood avenue to Old Country road; also from a point at the intersection of said Fulton street and Springfield road (at or near Queens, in the Borough of Queens), running thence southwesterly on and along said Springfield road to a road known as Old Country road; thence generally westerly on and along said Old Country road past the intersection of said Old Country road about opposite Bryan avenue in Hollis Park; thence generally westerly on and along private property to Bryan avenue in Hollis Park at the intersection with Farmer avenue; thence westerly on and along said Bryan avenue to its intersection with South street; thence westerly on and along South street to Puntine street, in Jamaica; thence northwesterly on and along Puntine street to Linden street; thence westerly on and along Linden street to New York avenue; thence southerly on and along New York avenue to South street; thence westerly on and along south street to Prospect street; thence northerly on and along Prospect street to and across the bridge over the tracks of the Long Island Railroad to Fleet street; thence westerly on and along Fleet street to Twombly place; thence westerly on and along Twombly place to Church street; thence northerly on and along Church street to Fulton street, in Jamaica; also from the intersection of said New York avenue and Linden street, in Jamaica; thence northerly on and along New York avenue to a point on New York avenue south of the tracks of the Long Island Railroad; thence westerly on and along private property crossing Union Hall street and Washington street to a point on Prospect street south of the tracks of the Long Island Railroad in Jamaica; also on and along Centre street, from Union Hall street to Washington street. Length, about four and one-half miles.

Also beginning at a point at the boundary line between The City of New York and the Town of Hempstead, Nassau County, N. Y., on private property contiguous to and lying north of the conduit of the Brooklyn City Water Works; running thence westerly on and along private property contiguous to and adjoining the property of the Brooklyn City Water Works, on the northerly side thereof, crossing Ocean avenue (otherwise known as the road to Wrights Mill), Rosedale avenue, Foster's Meadow road, the property of the Brooklyn City Water Works known as conduit branch, Springfield road, Farmers avenue, New York avenue, Rockaway turnpike, to the junction of the Three-Mile Mill road and Old South road, thence westerly on and along said Old South road to the road to Berghin's landing; thence westerly on and along private property contiguous to and adjacent to the right of way of the Brooklyn City Water Works and on the northerly side thereof crossing Old South road, Hawtree Creek road, road to Remson's landing, Centreville avenue at the southerly end thereof, road to landing or Woodhaven road, at the southerly end thereof and Cedar lane, to the right of way of the Cross Country Railroad Company, thence northerly and westerly on and along private property, crossing Old South road to a point on Eldert lane about 500 feet south of Liberty avenue, thence northerly on and along Eldert lane to Liberty avenue. Length about eight and one-half miles.

Also beginning at a point on the Jericho turnpike at the extreme easterly boundary line of The City of New York and the Town of North Hempstead, Nassau County, New York, and running thence westerly on and along said Jericho turnpike to a point at the intersection of said Jericho turnpike and the Hempstead and Jamaica turnpike (otherwise known as Fulton street). Length about one and three-quarter miles.

Said petitioner further applying to obtain from said Honorable Board the right, privilege and franchise to cross the right of way or property devoted to the uses of the Brooklyn City Water Works between Lynbrook and Rosedale in the County of Nassau, New York.

And praying that such local authority of said city give public notice thereof and of the time and place where and when it will be first considered.

Resolved, therefore, That Thursday, the twelfth (12th) of June, 1902, at 3.30 o'clock in the afternoon, and the Chamber of the Board of Aldermen, in the City Hall, in the Borough of Manhattan, in The City of New York, be and they are hereby designated as the time and place when and where the application of the Mineola, Hempstead and Freeport Traction Company to the Board of Aldermen of The City of New York, for its consent to and a grant of the right, privilege and franchise to use certain streets, avenues and highways in the Borough of Queens, in The City of New York, for street railway purposes, and for the construction, maintenance and operation of a street surface railroad, with the necessary appurtenances, as extensions of its present railroad from Mineola to Freeport, in the Town of Hempstead, Nassau County, New York, as set forth and described in said application, will first be considered, and that the City Clerk shall cause public notice thereof to be published for at least fourteen (14) days in two daily newspapers published in The City of New York, to be designated, in writing, therefore by his Honor the Mayor, according to the provisions of law in such case made and provided, such notice to be published at the expense of the applicant.

Resolved, further, That the notice to be published by said City Clerk shall be substantially in form and manner as follows:

Said petitioner further desiring to obtain from said Honorable Board the right, privilege and franchise to cross the right of way or property devoted to the uses of the Brooklyn City Water Works, between Lynbrook and Rosedale, in the County of Nassau, N. Y.

The operation of said railroad to be by overhead trolley system of electricity, or any other motive power, except locomotive steam power, which may be permitted in conformity to law.

Now, therefore, pursuant to the direction given by resolution of said Board of Aldermen of The City of New York, which was adopted on the — day of May, 1902, and approved by his Honor the Mayor of said City on the — day of May, 1902, public notice of such application is hereby given that at the Chamber of the Board of Aldermen of The City of New York, at the City Hall, in the Borough of Manhattan, in said city, on —, the — day of —, 1902, at — o'clock in the afternoon, such application of said railway company will be first considered and a public hearing had thereon.

All persons interested in said application are invited to be present at the time and place aforesaid, at which time and place an opportunity will be given them to be heard in relation thereto.

Adopted by the Board of Aldermen May 20, 1902.

Approved by the Mayor May 23, 1902, and the World and the Brooklyn Standard-Union designated.

No. 247.

Whereas, The Ocean Electric Railway Company has presented to the Board of Aldermen of The City of New York its application in writing for a grant of the franchise or right to use certain streets, avenues and highways in Far Rockaway, in the Fifth Ward of the Borough of Queens, City of New York, for street railway purposes, and for the construction, maintenance and operation of an extension of its double-track street surface railroad through and upon the surface of said streets, and that the local authorities of said city give public notice thereof and of the time and place when and where it will be first considered; it is

Resolved, That Thursday, the 12th day of June, 1902, at 2 o'clock in the afternoon, at the Chamber of the Board of Aldermen in the City Hall of The City of New York, be, and they hereby are designated as the time and place when and where the said application of The Ocean Electric Railway Company to the Board of Aldermen of The City of New York, for a grant of the right or franchise to use certain streets, avenues and highways in Far Rockaway, in the Fifth Ward of the Borough of Queens, in said city, for street railway purposes, and for the construction, maintenance and operation of a double-track street surface railroad as an extension of its existing railway through, upon and along the surface of the said streets, avenues and highways in said application mentioned, in the manner and form as are particularly set forth in said application and therein described, will be first

considered, and that the City Clerk shall cause public notice thereof to be published for at least fourteen days in two of the daily newspapers published in The City of New York, to be designated in writing therefor by his Honor the Mayor, according to the provisions of the laws in such case made and provided; such notice to be published at the expense of the applicant.

Resolved, further, That the notice to be published by said City Clerk shall be substantially in form and manner as follows:

The City of New York,  
Office of the City Clerk, City Hall,  
New York, Room —  
Borough of Manhattan, the day of  
1902.

The Ocean Electric Railway Company having filed its application in writing to the Board of Aldermen of The City of New York, dated the 27th day of January, 1902, for a grant of the right or franchise to use the streets, avenues and highways in Far Rockaway, in the Fifth Ward of the Borough of Queens, City of New York, hereinafter mentioned, for street railway purposes, and for the construction, maintenance and operation of an extension of its double-track street surface railroad through, upon and along the surface of the following streets, avenues and highways, to wit:

Beginning at the termination of the existing tracks of The Ocean Electric Railway Company at or near the intersection of Broadway and South street in Far Rockaway, in the Fifth Ward of the Borough of Queens, and City of New York, and running from said point through, upon and along South street in an easterly direction to Grand View avenue at the point where said Grand View avenue intersects South street; running from thence along Grand View avenue, as opened or proposed to be opened, in a southerly direction, crossing Far Rockaway Inlet or bay to the Atlantic Ocean. Also, from the point of termination of the existing railroad tracks on Washington avenue, so-called, in Rockaway Park on Rockaway Beach, in the Fifth Ward of the Borough of Queens; running from thence in an easterly and southerly direction along Eastern avenue to the Boulevard; thence easterly along the Boulevard to Park avenue; and thence northerly along Park avenue to the existing right of way and railroad tracks of the New York and Rockaway Beach Railroad Company, a what is now known as Hammels in said Fifth Ward of the Borough of Queens and City of New York.

Together with all necessary connections, switches, sidings, turnouts, turntables, crossovers and suitable stands for the convenient operation of said street surface railroad and for the accommodation of the cars of the said The Ocean Electric Railway Company which may be run over said railroad tracks by said The Ocean Electric Railway Company, its successors, lessees or assigns.

And also consent and permission is hereby granted to said The Ocean Electric Railway Company, its successors, lessees and assigns, to the erection along the line of said extensions of the necessary apparatus and poles for stringing wires so that the cars of said The Ocean Electric Railway Company may be used and operated thereon by means or power of electricity.

Provided, however, that the grant of said franchise or right shall be and is hereby declared to be upon the following conditions, viz.:

"The said railroad shall be so built and at all times kept and maintained on the surface of the streets and highways aforesaid in safe and suitable condition, and the surface of the street shall be restored to its former condition as soon as can be done.

"The said The Ocean Electric Railway Company, its successors, lessees and assigns, shall be entitled to fix and collect the following rates of fare as compensation for transporting any passenger thereon, to wit: Five cents for passage over the whole of the line of said The Ocean Electric Railway Company, or any part thereof.

"The said The Ocean Electric Railway Company, its successors, lessees and assigns, shall keep and maintain its railroad and property in good condition and shall give the public good and efficient service throughout the full term of this grant under penalty of forfeiture of this grant.

"And the said The Ocean Electric Railway Company prior to and as a condition of the making of this grant shall enter into a binding agreement, to be duly executed by it to pay to the City of New York three per centum of the net profits derived from the use of the tracks constructed by it upon the streets and highways hereinabove specified, after there shall have been first retained by said The Ocean Electric Railway Company, its successors, lessees or assigns, from such profits a sum equal to five per centum upon the amount expended to construct the railroad upon that portion of said streets and highways covered by this grant.

"And the consent of this Board of Aldermen is hereby given to the construction, maintenance and operation of the railroad aforesaid, for the public use in the conveyance and transportation of persons and property in cars propelled by electric power, or some other desirable mechanical power other than steam, for compensation, upon the surface of the streets hereinabove specified.

"And consent is hereby given to the construction of all necessary connections, switches, sidings, turnouts, turntables, and stands in connection with said railroad necessary for the convenience and accommodation of passengers and for the convenient operation of said railroad."

Now, therefore, pursuant to the direction given by resolution of the Board of Aldermen of The City of New York, which was adopted on the day of 1902, and approved by his Honor the Mayor of said city on the day of 1902, public notice of such application is hereby given, and that, at the Chamber of the Board of Aldermen, in the City Hall, in the Borough of Manhattan and The City of New York, on —, the day of —, 1902, at two o'clock in the afternoon, such application of said railway company will be first considered and a public hearing had thereon.

All persons interested in said application are notified to be present at the time and place aforesaid, as an opportunity will then and there be given them to be heard in relation thereto.

City Clerk.

Adopted by the Board of Aldermen May 20, 1902.

Approved by the Mayor May 23, 1902, and the New York Tribune and the Brooklyn Daily Eagle designated.

No. 248.

Resolved, That permission be and the same is hereby given to the Woodbridge Company, a corporation, of No. 100 William street, in the Borough of Manhattan, to construct and build a brick tunnel or passageway through and under Platt street adjacent to and between the premises of said company at the southeast corner of Platt and William streets, in the Borough of Manhattan, and the building on the opposite side of Platt street, to wit, on the northeast corner of said Platt and William streets, as shown on the diagram on file with the President of the Borough of Manhattan, said tunnel to be constructed of brick and cement, to be of interior dimensions of four feet six inches in width by six feet in height, and the top of same to be not less than four feet six inches below the surface of Platt street, as the same now stands, provided the company shall stipulate with the President of the Borough of Manhattan to save The City of New York harmless from any loss or damage to any sewer, gas or water pipe or from any other cause that may arise from the exercise of the privilege hereby conveyed during the progress or subsequent to the completion of the work of constructing said tunnel and subject to such compensation as may be determined by the Commissioners of the Sinking Fund; the work to be done at the expense of the said Woodbridge Company, under the direction of the President of the Borough of Manhattan, such permission to continue only during the pleasure of the Board of Aldermen.

## NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

**IN PURSUANCE OF SECTION 1005 OF THE** "Greater New York Charter," the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for OPENING AND ACQUIRING TITLE to the following-named street in the BOROUGH OF THE BRONX:

## TWENTY-THIRD WARD, SECTION 10.

**CRAVEN STREET—OPENING**, from Leggett avenue to the Southern boulevard. Confirmed May 16, 1902; entered May 29, 1902. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.: Beginning at a point formed by the intersection of the westerly prolongation of a line drawn parallel to the southerly side of East One Hundred and Fifty-sixth street and distant 100 feet southerly therefrom with the southerly side of Westchester avenue; running thence northeasterly along said southeasterly side of Westchester avenue to its intersection with a line drawn parallel to the northerly side of East One Hundred and Fifty-sixth street and distant 100 feet northerly therefrom; thence easterly along said parallel line to its intersection with a line drawn parallel to the northwesterly side of Hewitt place and distant 100 feet northwesterly therefrom; thence northeasterly along said parallel line to its intersection with a line drawn parallel to the southwesterly side of Longwood avenue and distant 100 feet southwesterly therefrom; thence southeasterly along said parallel line to the middle line of the block between the Southern boulevard and Whitlock avenue; thence southwesterly along said middle line of the block to the middle line of the block between Longwood avenue and Craven street; thence southeasterly along said middle line of the block to the middle line of the block between Whitlock avenue and Garrison avenue; thence southwesterly along said middle line of the block to the middle line of the block between Craven street and distant 100 feet southwesterly therefrom; thence northwesterly along said parallel line to the middle line of the block between Garrison avenue and Whitlock avenue; thence southwesterly along said middle line of the block to the middle line of the block between Leggett

avenue and Craven street; thence northwesterly along said middle line of the block to the middle line of the block between Whitlock avenue and the Southern boulevard; thence southwesterly along said middle line of the block to its intersection with a line drawn parallel to the northeasterly side of Leggett avenue, and distant 100 feet northeasterly therefrom; thence northwesterly along said parallel line and its prolongation northwesterly to its intersection with a line drawn parallel to the easterly side of Leggett avenue, and distant 100 feet easterly therefrom; thence northerly along said parallel line to the easterly prolongation of that part of the middle line of the block, between Beck street and Fox street extending westwardly from Leggett avenue; thence westerly along said easterly prolongation and middle line of the block to its intersection with a line drawn parallel to the westerly side of Leggett avenue and distant 100 feet westerly therefrom; thence northerly along said parallel line to the middle line of the block between Beck street and Kelly street; thence westerly along said middle line of the block to the middle line of the block between Avenue St. John and Leggett avenue; thence northerly along said middle line of the block and its prolongation northwesterly to its intersection with a line drawn parallel to the southerly side of East One Hundred and Fifty-sixth street and distant 100 feet southerly therefrom; thence westerly along said parallel line to the point or place of beginning.

The above-entitled assessment was entered on the date hereinabove given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of entry of the assessment, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section one hundred and fifty-nine of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon, on or before July 28, 1902, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

In the matter of the application of The City of New York relative to acquiring title for the use of the public to the block of land and premises bounded by FIRST AND SECOND AVENUES, EAST THIRTY-FIFTH AND EAST THIRTY-SIXTH STREETS, in the Twenty-first Ward of the Borough of Manhattan, in The City of New York, required for the opening of a public park.

**NOTICE IS HEREBY GIVEN THAT WE,** the undersigned, were, by an order of the Supreme Court of the State of New York, bearing date the 27th day of December, 1901, and filed and entered in the office of the Clerk of the County of New York, on the 31st day of December, 1901, appointed Commissioners of Estimate and Assessment in the above-entitled proceeding, for the purpose of making a just and equitable estimate of the loss and damage to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken herein, for the purpose of opening a public park at First and Second avenues, East Thirty-fifth and East Thirty-sixth streets, in the Twenty-first Ward of the Borough of Manhattan in The City of New York, and which lands and premises, so to be taken, are particularly bounded and described as follows, that is to say:

Beginning at the corner formed by the intersection of the easterly line of Second avenue with the northerly line of East Thirty-fifth street, and running thence easterly along the northerly line of East Thirty-fifth street to the corner formed by the intersection of said northerly line of East Thirty-fifth street with the westerly line of First avenue; thence northerly along the westerly line of First avenue to the corner formed by the intersection of the westerly line of First avenue with the southerly line of East Thirty-sixth street; thence westerly along the southerly line of East Thirty-sixth street to the corner formed by the intersection of the southerly line of East Thirty-sixth street with the easterly line of Second avenue, and thence southerly along the easterly line of Second avenue to the point or place of beginning, being the whole of the block of land and premises bounded by First and Second avenues and East Thirty-fifth and East Thirty-sixth streets.

All parties and persons interested in the real estate taken, or to be taken, for the purpose of opening said park or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same to us, the undersigned Commissioners of Estimate and Assessment, duly verified, at our office, room No. 401, on the fourth floor of the building No. 258 Broadway, in The City of New York, Borough of Manhattan, with such affidavit or other proof as the owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office as specified on the 9th day of June, 1902, at 2 o'clock in the afternoon of that day to hear the said parties and persons in relation thereto; and at such time and place, or at such further or other times and places as we may appoint, we will hear such owners in relation thereto, and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owners, or on behalf of The City of New York.

Dated, Borough of Manhattan, City of New York, May 15, 1902.

#### PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

##### NOTICES TO CONTRACTORS.

##### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the board of aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below. No bid or estimate will be considered unless accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference may be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to The City.

The contracts must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of The City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by The City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the department for which the work is to be done. Plans and drawings of construction work may also be seen there. m14
