PETITIONS AND COMMUNICATIONS.

No. 2454.

Allied Boards of Trade and Taxpayers' Association,
Bushwick and DeKalb Avenues,
Brooklyn, September 18, 1907.

To the Honorable Board of Estimate and Apportionment, City of New York, N. Y.:

Gentlemen—I have the honor to address you on behalf of the Allied Boards of Trade and Taxpayers' Association in respect to the appropriation of \$40,000, sought for the purpose of bringing the records of the Register's office up to date and to urge in the name of this organization favorable action.

The backward condition of the work in the Register's office has been the cause of very great annoyance and inconvenience to the people of Brooklyn for a long time, and complaints by members of this organization have been frequent and bitter. The feeling is unanimous that additional money should be appropriated at once, and that it will be an injustice to this borough if such action is not taken.

This organization is composed of business men and taxpayers, who appreciate fully the present condition of the City's finances, but there is a general agreement that this appropriation is not only justified by the conditions but imperatively needed.

Very respectfully,

ALBERT FIRMIN, Secretary.

Which was ordered on file.

No. 2455.

New York Zoological Park,
One Hundred and Eighty-third Street and Southern Boulevard,
New York, October 8, 1907.

Alderman PHILIP HARNISCHFEGER, Borough of The Bronx, New York City:

Dear Sir—In the housing and exhibiting of our bears, a very serious emergency has arisen. We now find ourselves in possession of eight valuable animals, gathered from many parts of the world, but for which we have no accommodations whatever. The nine large bear dens are now so filled, it is impossible to quarter more bears in them. It happens that two of the animals without homes or exhibition facilities are very valuable Kadiak bears, recently presented to us by Mr. E. H. Harriman, and representing a species which we have for seven years vainly sought to obtain. Another individual of the unaccommodated lot is the large and fine male Syrian bear which injured one of our keepers, and which now requires to be kept in a smaller den, which can be cared for wholly from the outside. All of the eight bears referred to are now confined in temporary quarters, and I am fearful that some of them will break out. They are all too rare and too valuable to be either given away or sold.

In view of this emergency, I have planned a series of ten small and inexpensive exhibition cages, to be located on the rocky hill in front of the existing bear dens, well up against the rock, in a situation which, while well suited to the installation, will not be obtrusive. The Executive Committee of the Zoological Society has approved both the plan and the location. I have submitted everything to the Park Commissioner for the Borough of The Bronx, and the plans have received his approval, also. I inclose herewith, for your information, a copy of his letter.

On account of circumstances over which we have no control, we need to secure the new series of dens with the utmost possible despatch. Now, it happens that were the building of this small structure to be awarded by public advertisement, in the usual course, we could not hope to secure the dens in any less than one year. I have seen two years consumed in the erection of a structure here of no more importance than those dens. In view of the urgency of the case, we very much desire to build the dens without the necessity of a public letting; but inasmuch as the cost will exceed \$1,000, we can do so only by the passage of a resolution of authority by the Board of Aldermen.

My object in writing you is to beg of you to introduce, at the next meeting of the Board, the resolution which I inclose, or something equivalent thereto. The total cost of the dens called for by the plans, which the Park Commissioner has approved, will be between \$4,000 and \$5,000. A considerable portion of the work we would wish to perform with our own ground improvement force; but we would be glad of the privilege of procuring the roof and the iron cagework wherever we can procure it the cheapest, and in the shortest possible time.

If this resolution is passed, I pledge myself that there shall be no extravagance; but that the usual close economy shall be exercised throughout.

If we can promptly secure authority to begin work at once, we could, in all probability, finish the dens by January 15.

Respectfully submitted,

WILLIAM T. HORNADAY, Director.

Department of Parks,
Zbrowski Mansion, Claremont Park,
New York, October 4, 1907.

WILLIAM T. HORNADAY, Esq., Director-in-Chief, Zoological Park, Bronx Park, New York City:

Dear Sir—Permit me to acknowledge the receipt of your letter of the 3d inst., together with accompanying plans giving front elevation and ground plan of the proposed temporary bear cages. I have gone over the matter both with Commissioner Parsons and Chief Engineer Schenck, and we have all agreed that the proposed location is suitable, and that the style and form of the building is satisfactory to this Department.

I am of the opinion, however, that, pursuant to the provisions of chapter 675 of the Laws of 1907, the plans will have to be submitted and approved by the Municipal Art Commission, as under this law the Art Commission is required to pass upon all structures built upon land belonging to the City, unless the Mayor or Board of Aldermen shall request said Commission not to act.

I am also of the opinion that it will be necessary to get a resolution through the Board of Aldermen permitting you to do the work without public letting, as its cost will exceed the sum of \$1,000.

Knowing that your exigencies require prompt action in this matter, I would suggest that this course be taken by you.

If I can be of any assistance at all in aiding to facilitate the work, you are at liberty to call on me.

Yours very truly,

(Signed) JOSEPH I. BERRY,
Commissioner of Parks, Borough of The Bronx.

In connection herewith Alderman Kline introduced the following:

Resolved, That on account of existing emergencies, the New York Zoological Society be hereby authorized to erect forthwith, in the New York Zoological Park, without a public letting of a contract, a series of ten small bear-cages, in accordance with the plans approved on October 4 by the Park Commissioner for the Borough of The Bronx, at an estimated cost of \$4,500, the cost of the same to be paid only from funds already available.

Which were severally referred to the Committee on Public Letting.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the County Judge of Queens:

No. 2456.

Queens County Court,
Long Island City, N. Y.,
October 1, 1907.

Hon. Board of Aldermen:

Gentlemen—Application is hereby made for the issue of Special Revenue Bonds pursuant to subdivision 8 of section 188 of the Charter of New York City in the sum of \$3,166.84. The proceeds are to be added to the Court Fund of the Supreme and County Courts of Queens County to meet a deficit for the current year, and are to be devoted to the payment of the salaries of two (2) Special Deputy Clerks and three (3) Court Attendants.

The reason for this application is that Hon. Garret J. Garretson, about the first of the current year, owing to the establishment of two parts of Supreme Court in Queens County, and the division of the Second Judicial District, appointed three additional Court Attendants, a Stenographer (who now receives his com-

pensation from the State Comptroller), and the County Clerk of Queens County, with the consent of the Supreme Court Justices of the Second Judicial District, appointed two additional Special Deputy Clerks.

Since the appointment of the officers above named they have received compensation for the services rendered from the Court Fund, so-called. I am informed that there is only sufficient remaining in this fund to compensate them for the month of August this year.

The following is a statement of the amounts required:

Two Special Deputy Clerks 4 months at \$208.33 per month.....	\$1,666 64
Three Court Attendants 4 months at \$125 per month.....	1,500 00
Making a total of	\$3,166 64

Respectfully,
BURT J. HUMPHREY,
County Judge.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Department of Street Cleaning:

No. 2457.
Department of Street Cleaning of the City of New York,
Nos. 13-21 Park Row, New York,
October 7, 1907.

Hon. PATRICK F. McGOWAN, President Board of Aldermen, City Hall:

Dear Sir—In the appropriation made for this Department for the year 1907 for "Forage for and shoeing horses" for the Boroughs of Manhattan, The Bronx and Brooklyn, the amount provided was \$280,000.

The amount of this appropriation expended up to October 1, 1907, is \$380,487.83. The amount that is now found to be necessary under the said appropriation for the remainder of the year, that is to say, for the months of October, November and December, in order to meet the costs of contracts actually let to the lowest bidders for the same is \$134,178.29, making a total of \$514,666.12, the cost of the items under that appropriation, as against the amount actually appropriated therefor (\$280,000), leaving a deficit for this year of \$234,666.12.

The said amount, \$234,666.12, includes the amount of \$45,300 which was transferred to the said appropriation for "Forage for and shoeing horses" from the appropriation for "Sweeping, Salaries and Wages" for the year 1907, for the Boroughs of Manhattan, The Bronx and Brooklyn.

The difference between the amount appropriated and the amount actually required to be expended is explained principally by the very great and unexpected increase during the year in the price of forage for the horses, as well as by the fact that a very large number of horses have been added to the Department since the beginning of the year.

I therefore request that your Board, pursuant to subdivision 8, section 188 of the Charter, authorize the Comptroller to issue Special Revenue Bonds to the said amount of \$234,666.12 in order to enable this Department to feed and shoe its horses for the remainder of the year, also to refund to the said appropriation for "Sweeping, Salaries and Wages" the said amount of \$45,300, which was temporarily transferred away from it.

Respectfully,
W. BENSEL, Commissioner.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Commissioner of Public Charities:

No. 2458.
Department of Public Charities of the City of New York,
Foot of East Twenty-sixth Street,
October 4, 1907.

Hon. P. F. McGOWAN, President Board of Aldermen:

Dear Sir—The undersigned, Commissioner of Public Charities, very respectfully requests that permission be granted to the said Department to expend without public letting a sum not to exceed \$10,000 for repairs to the steamer "Thomas S. Brennan," belonging to this Department. This permission is requested because on August 26 bids were opened for the general overhauling and painting of the steamer "Thomas S. Brennan," the lowest bidder being James Tregarthen & Son, for \$22,400, and award has been made to him for that amount. The vessel is now undergoing repairs at their dry dock. After the steamer "Thomas S. Brennan" was opened up by the contractors she was inspected by the United States Local Inspectors, who reported as follows:

"Forward of the boilers there are five floor timbers and four futtocks in defective condition, to cut out and renew; also new beds for steering engine and capstan engine. Aft of engine there are fifteen defective floor timbers and thirteen defective futtocks to cut out and renew. Where a proper shift of butts can be made without taking out the entire timber, it may be cut back to good wood and only partly renewed, as a number of the timbers are gone only at the ends.

"As there is a considerable quantity of water in bilges and a good deal of loose materials lying about, it is impossible to make a proper examination under engines and boilers, and I would recommend that vessel be placed on dock and opened up under boilers and engines for further examination. Bilges to be washed out in order that a thorough examination can be made of this portion of vessel."

While these repairs may look insignificant, the nature and amount of work necessary for their accomplishment is extensive and expensive, and owing to the fact that the order of the Inspectors must be complied with, and the further fact that any delay will increase the expense to the Department and also that yet further repairs may be ordered by the Inspectors as the work progresses, I request this permission to expend the amount named without public letting.

This course is necessary, because it is impossible to make specifications covering repairs that cannot be seen at the time of estimating, and for the further reason that the delay necessary to advertise the work after it is uncovered would probably cost more than the entire repairs and also unfairly interfere with the contractors in completing their present contract.

Respectfully yours,
ROBT. W. HEBBERD, Commissioner.

Which was referred to the Committee on Public Letting.

The President laid before the Board the following communication from the President, Borough of The Bronx:

No. 2459.
Office of the President of the Borough of The Bronx,
Municipal Building, Crotona Park,
New York, October 3, 1907.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen, City:

Dear Sir—I inclose herewith, for the consideration of the Board of Aldermen, a proposed ordinance establishing the width for the sidewalks of City Island avenue (Main street), from Minneford place to Long Island Sound, in the Borough of The Bronx, and that the stoop area and other privileges on the sidewalks of said City Island avenue be restricted to the same width as are allowed in the General Ordinances for a street 60 feet in width. In connection with this request, I transmit herewith a copy of a letter sent to me by Chief Engineer Briggs of this borough, and would respectfully request that the matter be taken up by the Board of Aldermen at the earliest possible date.

Yours truly,
LOUIS F. HAFFEN,
President of the Borough of The Bronx.

AN ORDINANCE to establish width of City Island avenue, Borough of The Bronx.
Be it Ordained by the Board of Aldermen of The City of New York as follows:
That a uniform width of 15 feet be established for the sidewalks of City Island avenue (Main street), from Minneford place to Long Island Sound, in the Borough of The Bronx, and that the stoop area and other privileges on the sidewalks of said City Island avenue be restricted to the same width as allowed in the General Ordinances for a street 60 feet in width.

October 2, 1907.

Hon. LOUIS F. HAFFEN, President:

Dear Sir—In view of the fact that City Island avenue is to be regulated and graded, and it being the only main thoroughfare extending entirely through the island, I think that the roadway should be wider than the usual roadway for an 80-foot avenue, namely, 42 feet, and I would recommend that the sidewalks be reduced in width to 15 feet. This would leave the roadway 50 feet in width, which would be none too wide for the extensive traffic and the double trolley tracks which will probably be there.

I would therefore recommend that the following ordinance be suggested to the Board of Aldermen for adoption:

"Be it Ordained by the Board of Aldermen of The City of New York as follows:
"That a uniform width of 15 feet be established for the sidewalks of City Island avenue (Main street), from Minneford place to Long Island Sound, in the Borough of The Bronx, and that the stoop area and other privileges on the sidewalks of said City Island avenue be restricted to the same width as allowed in the General Ordinances for a street 60 feet in width."

As we are preparing plans for the regulating and grading I respectfully urge that this resolution be adopted as soon as possible.

Respectfully,
(Signed) **JOSIAH A. BRIGGS,**
Chief Engineer of the Borough of The Bronx.

No. 2461.

Board of Estimate and Apportionment, City of New York,
Office of the Secretary, No. 277 Broadway,
October 7, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment October 4, 1907, authorizing the issue of \$10,000,000 Corporate Stock for the uses and purposes of the Department of Docks and Ferries, together with copy of communication from the Commissioner of said Department and copy of report of the Comptroller relative thereto.

I also transmit form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,
JOSEPH HAAG, Secretary.

September 25, 1907.

Hon. HERMAN A. METZ, Comptroller:

Sir—Hon. J. A. Benschel, Commissioner, Department of Docks and Ferries, in communication under date of September 17, 1907, requests the Board of Estimate and Apportionment to authorize an issue of Corporate Stock to the amount of \$13,725,000, in addition to the \$12,400,000 previously authorized by the Board during the year 1907, computed as follows:

Acquisition of South Brooklyn waterfront property, authorized by the Commissioners of the Sinking Fund August 5, 1907, and for the commencement of improvements.....	\$7,000,000 00
For work which the Department has now under way and which will be contracted for during the year.....	6,725,000 00
Total.....	\$13,725,000 00

I would report:

First—Seven million dollars for South Brooklyn property.

On August 5, 1907, the Commissioners of the Sinking Fund, after a public hearing held pursuant to section 822 of the Greater New York Charter, as amended by chapter 624 of the Laws of 1903, approved of an agreement to be entered into between the Commissioner of Docks and Ferries and the owners of the following described property:

Beginning at a point in the westerly line of Second avenue, as laid down on the map of the Commissioners appointed by the Legislature of New York to lay out streets, avenues and squares in the former City of Brooklyn, where the centre line of Twenty-eighth street intersects said westerly line of Second avenue, and running thence southerly and along the westerly line of said Second avenue to the southerly line of Thirty-sixth street; thence westerly and along the southerly line of Thirty-sixth street and along the westerly prolongation of said southerly line to the pierhead line approved by the Secretary of War in 1890; thence northeasterly and along said pierhead line until it intersects the westerly prolongation of the centre line of Twenty-eighth street; thence easterly and along the westerly prolongation of and along the centre line of said Twenty-eighth street to the point or place of beginning.

Also the property beginning at a point in the westerly line of First avenue where the centre line of Fifty-ninth street, as laid down on a map of the Commissioners appointed by the Legislature of New York to lay out streets, avenues and squares in the former City of Brooklyn, intersects said westerly line of First avenue, and running thence southerly and along said westerly line to the centre line of Sixty-first street; thence westerly and along the centre line of Sixty-first street and the westerly prolongation of said centre line to the pierhead line approved by the Secretary of War March 4, 1890; thence northerly and along said pierhead line until it intersects the westerly prolongation of the centre line of said Fifty-ninth street; thence easterly and along said westerly prolongation of and along the centre line of said Fifty-ninth street to the point or place of beginning.

For the purchase of same at the rate of \$1.10 per square foot for all the property contained within the area described; the amount of money to be paid for the same to be determined after a survey is prepared by the Department of Docks and Ferries at the rate mentioned.

Areas of the respective parcels as furnished by the Department of Docks and Ferries:

	Square Feet.
Parcel "A," between Twenty-eighth and Thirty-sixth streets.....	4,291,816
Parcel "B," between Fifty-ninth and Sixty-first streets.....	987,559
Total.....	5,279,375

5,279,375 square feet, at \$1.10 per square foot..... \$5,807,312 50

Since the City, by resolution of the Commissioners of the Sinking Fund adopted August 5, 1907, has committed itself to the purchase by private agreement of this property, and as no money was allowed for this purpose in the former authorizations, amounting to \$12,400,000, in order to carry out the agreement, it will be necessary to provide for same by an additional authorization; in order that the improvements may start upon the acquisition of the property, a further appropriation will be nec-

essary; at least \$7,000,000 should be allowed for the purchase of the property and for the starting of the improvements thereon.

Second—Six million seven hundred and twenty-five thousand dollars for work which the Department has now under way and which will be contracted for during the year.

Comparing the detailed list furnished by the Commissioner of Docks and Ferries with my report of March 18, 1907, in which I recommended \$12,400,000 be allowed the Department of Docks and Ferries for various purposes during the year 1907, I find that my estimate was conservative, especially in the case of the Chelsea Section and for the maintenance and operation of ferries, and now recommend that an additional \$3,000,000 be allowed for these purposes.

In order to carry out the provisions of the agreement approved by the Commissioners of the Sinking Fund on August 5, 1907, and to permit the Commissioner of Docks and Ferries to carry on without interruption certain work now under way, I think that, pursuant to the provisions of section 180 of the Greater New York Charter and section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, and pursuant to the recommendations of the Commissioners of the Sinking Fund by resolution adopted March 13, 1907, the Board of Estimate and Apportionment may properly approve of an additional issue of Corporate Stock of The City of New York to an amount not exceeding \$10,000,000, the proceeds to be applied to the uses and purposes of the Department of Docks and Ferries.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

(Signed) H. A. Metz, Comptroller.

Department of Docks and Ferries of The City of New York,
September 16, 1907.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

SIR—On January 30, 1907, this Department submitted to the Commissioners of the Sinking Fund an estimate of the moneys required for the uses and purposes of the Department of Docks and Ferries for the year 1907, amounting to \$29,070,500, and on the same date a similar communication was forwarded to the Board of Estimate and Apportionment, and it was requested that the necessary action be taken in order that the issue of Corporate Stock be authorized to meet the requirements of the Department, as shown in detail in the exhibit which accompanied said request.

The Commissioners of the Sinking Fund on March 13, 1907, recommended the issue of Corporate Stock to the amount of \$29,070,500, the full amount of the Department's estimate. The Board of Estimate and Apportionment, however, has thus far authorized the issue of only \$12,400,000.

There was included in our estimate of \$29,070,500 an amount necessary for the acquisition of property between Twenty-eighth and Thirty-sixth streets and between Fifty-seventh and Sixty-first streets, South Brooklyn, which it was deemed necessary to acquire and improve in order to meet the demand for increased wharfage accommodation in those sections. When the matter came before the Board of Estimate and Apportionment, that Board considered that this property would probably not be required during the current year, and the amount requested by this Department for that purpose and recommended by the Sinking Fund was thereupon eliminated from the amount of Corporate Stock authorized. Since that time, however, the Commissioners of the Sinking Fund (August 5, 1907) authorized the Commissioner of Docks to enter into an agreement with the owners of the property in question for the purchase of same at the rate of \$1.10 per square foot, amounting to about \$7,000,000.

I, therefore, respectfully request the Board of Estimate and Apportionment to authorize the issue of Corporate Stock to the amount of \$7,000,000 for this property.

I would further request the Board to authorize the issue of \$6,725,000 additional for necessary work which the Department has now under way or which will be contracted for during the year, as follows:

Contracts for work, material and supplies.....	\$4,578,000 00
Construction of ferry terminals, building boats, maintenance and operation	1,111,000 00
Acquisition of wharf property.....	540,000 00
Weekly and monthly payrolls.....	496,000 00
Total as above.....	\$6,725,000 00

It will be seen that the principal item is that of contracts for work, materials and supplies.

In our estimates for the year \$8,608,000 was asked for this purpose and only \$3,045,000 allowed under the preliminary authorization. That this sum was totally inadequate, I need only mention that the sheds in the Chelsea Section will cost about \$4,700,000, or about \$1,700,000 more than was allowed for the entire contract work of the Department.

Contracts have already been awarded for sheds on five of the piers and adjoining bulkheads in the Chelsea Section, at a cost of about \$3,000,000, and contracts for sheds on the remaining piers at an estimated cost of \$1,700,000 are in preparation and the Department will soon advertise for bids on same.

The other items noted were reduced in like manner and should be allowed in order to carry on the necessary work of the Department.

Very respectfully, your obedient servant,

(Signed) J. A. BENSEL, Commissioner.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of ten million dollars (\$10,000,000), for the uses and purposes of the Department of Docks and Ferries.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment October 4, 1907, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, and section 180 of the Charter, and the recommendation of the Commissioners of the Sinking Fund by resolution adopted March 13, 1907, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding ten million dollars (\$10,000,000) for the uses and purposes of the Department of Docks and Ferries, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding ten million dollars (\$10,000,000), the proceeds whereof to be applied to the purposes aforesaid."

No. 2462.

Board of Estimate and Apportionment—City of New York,
Office of the Secretary, No. 277 Broadway,
October 5, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment, October 4, 1907, approving of the issue of Corporate Stock to the amount of \$1,350,000 to provide means to meet the proportionate cost of the improvements to be borne by The City of New York in connection with abolishing grade crossings of highways and railroads, pursuant to chapter 507, Laws of 1903, as amended, together with copy of a communication from the Comptroller relative thereto.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,

JOSEPH HAAG, Secretary.

September 13, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—In regard to communication of the Brooklyn Grade Crossing Commission, dated July 19, 1907, transmitting copy of resolution passed by the Commission July 16, 1907, as a requisition on the Comptroller to issue sufficient Corporate Stock of

The City of New York in addition to that already issued to provide for a total amount of \$2,100,000 for the Bay Ridge and Brighton Beach improvements, I beg to report:

This requisition is presented under authorization of sections 6 and 7 of chapter 507 of the Laws of 1903, providing for the work to be supervised by the Brooklyn Grade Crossing Commission. These sections are as follows:

Section 6. For the purpose of raising the sum or amount of the cost of said improvements to be borne by the said City, it shall be the duty of The City of New York from time to time, upon the requisition of said Board, to issue Corporate Stock of The City of New York under the provisions of chapter 466 of the Laws of 1901, not exceeding the amount above specified. The proceeds of said Corporate Stock shall be used for the purpose of paying the one-half part of all amounts called for by the certificate of the General Superintendent, approved by said Board, and provided for in the preceding section of this act.

Section 7. The proceeds of the sale of the said Corporate Stock so sold as provided in the preceding section shall be set apart, when collected, as a Trust Fund for the purposes of said improvements, and for paying the portion of the cost thereof herein above imposed upon said City. The payment of the principal and interest upon said Corporate Stock shall be made in the same manner and under the same laws as in the case of other Corporate Stock of The City of New York.

As the amount of said requisition together with the amount previously authorized is within the limits of the total amount to be borne by The City of New York as its proportion of the cost of the improvements, as provided by section 5 of chapter 507 of the Laws of 1903, as amended by chapter 603 of the Laws of 1904, and as the provisions of section 6 of chapter 507 of the Laws of 1903 are mandatory in their nature, I would respectfully recommend that pursuant to the provisions of section 169 of chapter 466 of the Laws of 1901, the Board of Estimate and Apportionment authorize the issue of \$1,350,000 of Corporate Stock of The City of New York in addition to the \$750,000 heretofore authorized.

Respectfully,

(Signed) F. W. SMITH, Chief Accountant and Bookkeeper.

Approved:

(Signed) H. A. Metz, Comptroller.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of one million three hundred and fifty thousand dollars (\$1,350,000), to provide means to meet the proportionate cost of the improvements to be borne by The City of New York in connection with abolishing grade crossings of highways and railroads, pursuant to chapter 507, Laws of 1903, as amended.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment October 4, 1907, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That pursuant to the provisions of chapter 507 of the Laws of 1903, as amended by chapter 603 of the Laws of 1904, and the requisition of the Brooklyn Grade Crossing Commission by resolution adopted July 16, 1907, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding one million three hundred and fifty thousand dollars (\$1,350,000) for the purpose of providing means to meet the proportionate cost of the improvements to be borne by The City of New York in connection with the abolishing of grade crossings of highways and railroads, pursuant to said chapter 507 of the Laws of 1903, as amended by chapter 603 of the Laws of 1904, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter to an amount not exceeding one million three hundred and fifty thousand dollars (\$1,350,000), the proceeds whereof to be applied to the purposes aforesaid."

No. 2463.

Board of Estimate and Apportionment, City of New York,
Office of the Secretary, No. 277 Broadway,
October 7, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment October 4, 1907, authorizing the issue of \$100,000 Corporate Stock to provide means for the construction and extension of the High-Pressure Water Service for fire and other purposes in the Coney Island section of the Borough of Brooklyn, together with copy of communication from the Commissioner of Water Supply, Gas and Electricity, and copy of report of the Comptroller relative thereto.

I also transmit form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

JOSEPH HAAG, Secretary.

September 30, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon John H. O'Brien, Commissioner, Department of Water Supply, Gas and Electricity, in communication under date of August 5, 1907, requests the Board of Estimate and Apportionment to authorize an issue of Corporate Stock to the amount of \$200,000 for the extension of the high pressure fire service system in the Coney Island section, Borough of Brooklyn.

I would report that of the money previously appropriated, \$147,500, for the high pressure fire service system in the Borough of Brooklyn, \$88,868.47 has been expended or contracted for in the Coney Island section, as follows:

Pumping Station (building)	\$10,733 20
Pumping Station (machinery)	37,556 75
Furnishing and laying mains	40,578 52
Total	\$88,868 47

Owing to the highly inflammable materials that the City permits to be used in the construction of buildings at Coney Island, the City is compelled to greatly increase its fire protection; therefore I agree with the Commissioner and with the Chief Engineer of the Department of Water Supply, Gas and Electricity, that the mains should be extended, but from a map furnished me by the Department showing the proposed extensions I do not think that the vicinity is sufficiently built up to warrant all the proposed mains at the present time. I estimate that \$100,000 will provide for the laying of the mains, which are urgently needed.

I therefore suggest that the Board of Estimate and Apportionment may properly, pursuant to the provisions of section 178 of the Greater New York Charter, authorize the Comptroller to issue Corporate Stock to the amount of \$100,000 to provide for the necessary means for the construction and extension of the high pressure water service for fire and other purposes in the Coney Island section of the Borough of Brooklyn.

Respectfully,

CHANDLER WITHINGTON,
Chief Engineer.

Approved:

(Signed) H. A. Metz, Comptroller.

Department of Water Supply, Gas and Electricity,
Commissioner's Office,
August 5, 1907.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

Dear Sir—In a report to Hon. Francis J. Lantry, Chief Croker of the Fire Department, recommends that the high pressure fire service system in the Coney Island section of the Borough of Brooklyn, be extended on West Eighth street to Neptune avenue, to West Thirty-sixth street, Surf avenue, to West Seventeenth street, from Neptune avenue and Ocean boulevard to Surf avenue and West Fifth street, and the intersecting streets and avenues, and the placing of fire hydrants on this line of pipe.

The great amount of electricity generated in the amusement section, and distributed over a large area among highly inflammable material compels the City to double its safeguard against the destruction and loss of lives and property, and it requires that there be in use for immediate service a proper fire fighting system to check the spread of fire, which it would be impossible to control under ordinary conditions.

The recent fire at Coney Island brought into service and to a severe test the high pressure fire system that was installed about a year ago, and from all sources it has been heard that the destruction of that amusement spot was saved by the enormous amount of water that was obtained through the high pressure system, and the fire was confined within a small part of the Island. In addition to this new line of pipe the extra amount of water which would have to be distributed would make it necessary to rearrange the suction mains, and providing for this expense, and to insure safety to the pumping station, the roof of which should be fireproof, there will be required the sum of \$200,000.

The Acting Chief Engineer, John W. McKay, of the Borough of Brooklyn, in his report on the subject (copy of which I herewith transmit), refers to the items of expense making up this total sum, which amount I would respectfully ask that your Board authorize the issue of Corporate Stock, and if the money is made available at an early date, the pipe line and hydrants can be placed and ready for service at the opening of the season of 1908.

Yours respectfully,
(Signed) JOHN H. O'BRIEN, Commissioner.

Hon. WILLIAM C. COZIER, Deputy Commissioner, Borough of Brooklyn:

Dear Sir—Replying to the communication from Mr. John F. Garvey, Secretary to this Department, inclosing letter from Secretary A. M. Downes of the Fire Department, requesting the placing of a 16-inch water main to connect with the 20-inch main at the corner of Twenty-fourth and Cropsey avenues, this borough, to run through Cropsey avenue to Dyker Heights parkway, to replace the present 4-inch main in Cropsey avenue, also that the salt water main corner of Surf avenue, Coney Island, be extended on West Eighth street to Neptune avenue, to West Thirty-sixth street, to Surf avenue, to West Seventeenth street, and from Neptune avenue and Ocean boulevard to Surf avenue, and West Fifth street, and intersecting streets and avenues, and that high pressure hydrants be placed on said mains, reporting on same, I beg to say that this Bureau has prepared plans and estimates for the proposed extensions to the existing high pressure fire service system. The estimated cost of same being \$90,000. It is proposed in these extensions to carry the mains as far east as West Fifth street, and to continue the system as recommended by the Chief of the Fire Department, forwarded in Secretary Downes' letter, as far east as Ocean parkway, with mains in the intersecting streets, would require in addition the following:

On Sheepshead Bay road, West Fifth to Ocean Parkway, 1,300 feet 16-inch main.
On Ocean parkway, Sheepshead Bay road to Sea Breeze avenue, 1,600 feet 16-inch main.
On Sea Breeze avenue, West Fifth street to Ocean parkway, 1,200 feet 16-inch main.
On West Fifth street, Sea Breeze to Surf avenue, 500 feet 16-inch main.
On West Fifth street, Surf avenue to Ocean, 800 feet 12-inch main.
On West Third street, Sheepshead Bay road to Sea Breeze, 1,200 feet 12-inch main.
On West First street, Sheepshead Bay road to Sea Breeze, 1,400 feet 12-inch main.

—which, with an extra 500 feet on Surf avenue, from West Twentieth to Twenty-first street, with all hydrants, valves, pavements, etc., would cost approximately \$70,000 in addition to the \$90,000 estimated in the before mentioned estimate, or a total of \$160,000. This money for which appropriation would have to be asked, would provide also for putting a fireproof roof on the pumping station, and rearranging the suction lines, both of which I would strongly recommend.

There are very few buildings north of Surf avenue and west of West Twenty-first street. Should it be deemed advisable, however, to run a 15-inch main on Surf avenue all the way to West Thirty-sixth street, as per recommendation of the Fire Chief, the additional cost would be approximately \$30,000. I would recommend that an appropriation of \$200,000 be asked for if the full suggestions contained in the attached letter be carried out. The full capacity of the present station could be delivered at or near West Thirty-sixth street, with a pressure of approximately 120 pounds at the base of the hydrant.

In regard to replacing the Cropsey avenue main as recommended by the Fire Department, I beg to say that the present main in Cropsey avenue is made up of 12-inch, 8-inch and 4-inch pipes, and should be replaced as recommended. The cost to do so would be about \$40,000, which amount of money we have not available at this time.

Respectfully yours,
(Signed) J. W. McKAY, Acting Chief Engineer.

REPORTS OF STANDING COMMITTEES.

Reports of Committee on Finance—

No. 2106—(G. O. No. 343).

The Committee on Finance, to whom was referred on June 4, 1907 (Minutes, page 1128), the annexed request of the President of the Borough of Brooklyn, for \$40,000 Special Revenue Bonds to meet deficiency in appropriation for salaries, Bureau of Public Buildings and Offices, Borough of Brooklyn respectfully

REPORTS:

Superintendent Lawrence has appeared before the Committee several times and has stated that his Budget allowance is about run out, in fact, that there is not more than enough to pay this month's salary account. Unless some allowance is made it will be necessary to close some of the public baths and cut down the cleaning force in the various public buildings. The Committee have considered \$40,000, the amount requested, too much, and their suggestion to Superintendent Lawrence was, that \$20,000 be allowed, and that he get along on that, which he states he will probably be able to do. The Committee, therefore, recommends the adoption of the annexed resolution providing for \$20,000.

Resolved, That in pursuance of the provisions of subdivision 8, of section 188 of the Amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed twenty thousand dollars (\$20,000), the proceeds whereof to be applied to meet deficiency in appropriation for salaries, Bureau of Public Buildings and Offices, Borough of Brooklyn.

JOHN R. DAVIES, JOHN DIEMER, A. L. KLINE, B. W. B. BROWN, JOSEPH FALK, Committee on Finance.

The City of New York,
Office of the President of the Borough of Brooklyn,
Brooklyn, May 22, 1907.

To the Honorable, the Board of Aldermen:

Gentlemen—I forward to you herewith copy of report addressed to the Commissioner of Public Works, by Joseph M. Lawrence, Superintendent of Public Buildings and Offices, on May 16, relative to the certainty of a deficiency in the appropriation for his bureau at the close of the present year. Mr. Lawrence points out that the departmental estimate for 1907 was reduced from \$334,725.75 for salaries and wages in that bureau to \$292,167.75. In order, therefore, to prevent the reduction of the working force employed in the bureau and the consequent closing of some of the public baths and the stoppage of other important improvements, I would request your honorable body to adopt a resolution recommending to the Board of Estimate and Apportionment the issue of Special Revenue Bonds to the amount of \$40,000.00, the proceeds to be applied to meet the deficiency in the appropriation for salaries and wages in the Bureau of Public Buildings and Offices, office of the Borough President of Brooklyn, for the year 1907.

Yours truly,

BIRD S. COLER, President of the Borough of Brooklyn.

Which was laid over.

The Committee on Finance, to whom was referred on June 11, 1907 (Minutes, page 1154), the annexed request from the Department of Public Charities for \$99,176.84 Special Revenue Bonds to meet anticipated deficiencies, respectfully

REPORTS:

Commissioner Hebbard appeared before the Committee, and explained the details of this application, which are fully set forth in the annexed communication. The application is made necessary principally by reason of the abnormal increase in the cost of supplies over the amount estimated when the Budget was prepared, and also the great necessity for many repairs and alterations to buildings and apparatus in the various charity buildings, some of which are in great need of it. The Committee have also received a report from the Comptroller's bureau of investigations which recommends the allowance as requested. Your Committee, after going carefully into the matter, believe same to be necessary, and therefore recommend the adoption of the annexed resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed ninety-nine thousand one hundred and seventy-six dollars and eighty-four cents (\$99,176.84), the proceeds whereof to be applied to meet anticipated deficiencies in appropriations of the Department of Public Charities.

Total estimate for 1907.....	\$1,347,535 30
Total expenditures for 1906.....	1,313,154 26

Estimated increase over expenditures for 1906.....	\$34,381 04
--	-------------

The budget allowance for this item for 1907 is, as previously noted, \$1,279,984.66, or \$33,169.60 less than the actual expenditure for 1906. This, taken with the estimated increase of cost for 1907 over cost of 1906, namely, \$34,381.04 (supra), makes the total estimated deficiency of \$67,550.64. The estimated increase of expenses of 1907 over the expenses of 1906 is said to be due in a small degree to increase in the number of persons to be cared for, but mostly due to increase in the prices of certain supplies.

The estimated deficiency in the appropriation for Alterations, Additions and Repairs is \$25,000. The appropriation, \$112,800, was \$132,750 less than the departmental estimate, and just \$25,000 less than the amount recommended by this Bureau in its budget analysis, it having been thought that a portion of the expenditure contemplated in the estimate was of a character to be provided for by the issue of Corporate Stock.

The Supervising Engineer of the Department states that the \$25,000 for which the Commissioner asks is needed for making the following repairs:

City Hospital.

An additional boiler for the power house to provide sufficient heat for the new buildings now ready and in course of erection, together with labor and material to remove the old boilers from the laundry boiler house, and make such alterations as will be necessary to make this old boiler house an addition to the laundry, estimated cost, \$5,000.

Training School for Nurses—Repairs to roofs, leaders and gutters, pointing up of the old stone walls, overhauling the new buildings, cutting out the cracks caused by settling, plastering and repainting, substituting sliding sash for the swinging sash now in the casement windows of the top floor of Jones and Rice Hall. These swinging sash cannot be controlled in strong winds and are a continual source of trouble and expense.

Unless the roofs and gutters are repaired much damage will be done to the interior, which will eventually cost more than the present roof repairs. Estimated cost, about \$5,500.

Metropolitan Hospital.

Removal of the boilers from the old boiler house and necessary alterations to make the boiler house into suitable dining rooms for some of the institution help. The space occupied by these boilers is urgently needed at the present time. Estimated cost, \$2,000.

New York City Farm Colony, Staten Island.

Three new cottages at the Farm Colony require repairs and painting inside and out, and unless attended to at once, will deteriorate rapidly, causing a much larger outlay. Estimated cost, about \$2,000.

Steamboats.

The steamers, "William H. Wickham" and "Thomas M. Mulry," in order to meet the requirements of the United States Local Inspectors and to be continued in service, will have to undergo repairs to the value of about \$1,500.

The amount expended in 1906 for Clothing for Epileptics sent to Craig Colony was \$7,935.99. The appropriation for 1907 is only \$5,500, hence the estimated deficiency of \$2,435.99.

The amount appropriated for Donations to Grand Army Veterans for 1907 is \$21,000. The expenditure for 1906 was \$25,190.21, or \$4,190.21 more than the appropriation. Hence the estimated deficiency.

There seems to be no reason for apprehending that the Commissioner's estimates as above given are in excess of the probable deficiencies in the several appropriations which he asks to have supplemented by the issue of Special Revenue Bonds. I would, therefore, respectfully recommend the approval of the request of the Commissioner as made by him.

Yours respectfully,

CHARLES S. HERVEY,
Supervising Statistician and Examiner.

The Committee on Finance, to whom was referred on June 18, 1907 (Minutes, page 1260), the annexed request of the Board of City Record for \$27,000 Special Revenue Bonds to meet deficiencies, respectfully

REPORTS:

Supervisor Tracy appeared before the Committee and stated that his Department has been called upon to do extra work not contemplated in the Budget, principally the printing of the annual report of the Comptroller and the catalogues of the tax sales, at a cost of \$20,000, and the reprinting and binding of the minutes of the meetings of the Sinking Fund Commission for the years 1898 to 1903, at a cost of \$7,000, making a total of \$27,000, the amount asked for. As this work has been done and the expense incurred, and must therefore be paid for, your Committee recommends the adoption of the annexed resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed twenty-seven thousand dollars (\$27,000), the proceeds whereof to be applied to meet deficiencies in appropriations of the Board of City Record.

JOSEPH FALK, Committee on Finance.

Board of City Record,
Office of the Supervisor,
June 15, 1907.

Hon. PATRICK F. MCGOWAN, President of the Board of Aldermen:

Sir—I respectfully request that, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, your Honorable Board authorize the Comptroller to issue Special Revenue Bonds to the amount of twenty-seven thousand dollars (\$27,000), the proceeds to be applied to meet the liabilities incurred and to be incurred by the Board of City Record for printing, stationery and blank books for the City departments and offices during the year 1906.

The necessity for this amount is caused by extraordinary and unforeseen demands made upon this office by certain City departments, namely:

Department of Finance—Printing the annual report of the Comptroller and catalogues of tax sales, estimated cost.....	\$20,000 00
Commissioners of the Sinking Fund—Reprinting and binding minutes of meetings of the Commissioners of the Sinking Fund for the years 1898 and 1903, as originally printed; estimated cost.....	7,000 00
	\$27,000 00

It was impossible to foresee and make provision in the Budget for 1906 for the expense of the printing required in connection with these matters, and I respectfully ask that my application be placed upon the calendar for the next meeting.

Respectfully submitted,

PATRICK J. TRACY, Supervisor of the City Record.

Which was laid over.

No. 2231—(G. O. 346).

The Committee on Finance, to whom was referred on July 1, 1907 (Minutes, page 14), the annexed request of the Department of Correction for \$67,500 Special Revenue Bonds for various purposes, respectfully

REPORTS:

Commissioner Coggey appeared before the committee and stated that this application was made necessary principally by reason of the abnormal increase in the price of supplies both for consumption and for manufacturing purposes. Ten thousand dollars of the amount is requested for repairing the four steamboats of the Department, which are in great need of same, pending the construction of the two new boats now under way. The Comptroller's Bureau of Investigations have submitted a report which recommends the allowance. The committee believe same to be necessary, and, therefore, recommend the adoption of the annexed resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed sixty-seven thousand five hundred dollars (\$67,500), the proceeds whereof to be applied for various purposes of the Department of Correction.

Department of Correction,
No. 148 East Twentieth Street,
New York, June 28, 1907.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I would respectfully ask that, pursuant to the provisions of section 188 of the Charter of the City of New York, your Honorable Board will request the Board of Estimate and Apportionment to authorize the issue of Special Revenue Bonds to the amount of sixty-seven thousand five hundred dollars (\$67,500), for various purposes of this Department:

Supplies and Contingencies.....	\$32,500 00
Supplies for Manufacturing Purposes.....	25,000 00
Repairing Steamboats	10,000 00

Total \$57,500 00

In this connection I would ask the careful attention of your Honorable Board to the inclosed statement, showing the necessity for these appropriations.

Very respectfully,

JOHN V. COGGEY, Commissioner.

Department of Correction,
No. 148 East Twentieth Street,
New York, June 28, 1907.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—Referring to request of this date for the issue of Special Revenue Bonds to the amount of \$32,500 for Supplies and Contingencies, I beg to state that such request is due primarily to the fact that while the Department estimated the cost of meats for 1907 at \$79,000, the actual cost will probably be \$116,000. In 1906, the estimated cost of 1,135,000 pounds of meat was \$71,505, whereas, the contract price for 1907 for the same amount of meat is \$101,190, an increase of \$29,685, or 41 51-100 per cent.

That the cost of meat will probably be as much as \$116,000 is due to the increased cost and also to the large increase in the census of inmates.

The request for \$25,000 for Supplies for Manufacturing Purposes is due principally to the increased capacity of the plant since its removal from the Kings County Penitentiary. The appropriation for 1907 having been exhausted, the additional amount requested is to be applied to the purchase of supplies for the manufacture of brooms, brushes, bedsteads, bedding and shoes, to be sold to the various City departments.

The \$10,000 asked for, for Steamboats, is for repairs of same; and also to fit them for constant service through the coming winter.

Trusting that above requests will receive the approval of your Honorable Board, I am,

Very respectfully,

JOHN V. COGGEY, Commissioner.

Department of Finance—City of New York,
Bureau of Municipal Investigation and Statistics,
September 17, 1907.

Hon. HERMAN A. METZ, Comptroller:

Sir—In the matter of the communication, dated September 9, 1907, from Hon. John R. Davies, Chairman of the Committee on Finance of the Board of Aldermen, relative to the application of the Commissioner of Correction for Special Revenue Bonds to the amount of \$67,500, for

Supplies and Contingencies.....	\$32,500 00
Supplies for Manufacturing Purposes.....	25,000 00
Repairing Steamboats	10,000 00
	\$67,500 00

—which was referred by you to the Bureau of Municipal Investigation and Statistics for examination, I beg to report as follows:

In the departmental estimate for 1907, Supplies and Contingencies, it was calculated that \$89,000 would be sufficient to purchase meats (beef, veal and mutton), for the current year. Of this amount the Board of Estimate and Apportionment allowed \$81,505, the same amount that was allowed for the preceding year. During the six months intervening between the preparation of the departmental estimate and the execution of the meat contract for the current year, the price of meats of all kinds advanced considerably. For that reason the Department was unable to enter into contracts for meat at the prices on which the departmental estimate was based. This fact, together with an increase in the number of inmates of the several institutions under the control of the Department, accounts for the application for additional money at this time.

Below will be found a statement showing the increase in the contract prices for meats in 1907 over those of 1906:

	Contract Cost Per Lb.		
	1906.	1907.	Increase Per Lb.
Beef0630	.0847	.0217
Mutton0630	.0992	.0362
Veal0630	.1190	.0560

Average increase per pound, .0380, or 60 per cent.

The average number of inmates to be provided for daily during the first six months of 1906 was.....	3,185
And for the first six months of 1907.....	3,627

Increase (nearly 14 per cent.)..... 442

The following statement shows the disbursements for meats, Boroughs of Manhattan, The Bronx and Brooklyn, for the year 1906, and for the first eight months of 1907:

In February of this year the prisoners confined in the Kings County Penitentiary, together with the manufacturing industries in which they had been employed, were removed to Blackwell's Island, where a larger plant was established, capable of giving employment to an increased number of prisoners who are engaged in the manufacture of brooms, shoes, bedsteads, bedding, knit goods, brushes, etc., which are sold to the several departments of the City government at prices that realize a handsome profit.

To purchase additional raw material from which to manufacture these goods, and thus to give employment to a larger number of prisoners who would otherwise be in idleness, with all its attendant evils—including insanity—application is made for Special Revenue Bonds to the amount of \$25,000. The Budget allowance for this purpose for the year 1906 was \$75,000, and the profit realized from that source was \$29,169.40, which, together with the original allowance reverted to the general fund.

For the year 1907, the Board of Estimate and Apportionment appropriated \$75,000 for this purpose, all of which had been expended up to August 31.

The Deputy Commissioner of Correction, who has charge of all the steamboats, after consulting with the Captains and Engineers, and with the Department Inspector, Mr. Jamer, calculates that at least \$10,000 will be required to make imperative repairs to the steamboats "Bronx," "Minnahanonck" and "Massassoit," particularly the "Massassoit," which alone would cost approximately \$8,000.

Last spring the United States Government revoked the license of the steamboat "Thomas F. Gilroy" of the Department of Correction, because of the failure to make needed repairs for which there were no funds. The boat subsequently sank at her pier at Hart's Island, where she now lies. To avert a similar fate to the "Massassoit," particularly, the issue of Special Revenue Bonds to the amount of \$10,000 is, it is claimed, imperative.

In addition to the Budget allowance for that purpose in 1906, Special Revenue Bonds for \$5,000 were issued for the repair of steamboats that year, all of which has been expended.

In view of all the foregoing facts your Examiner is of the opinion that the issue of the Special Revenue Bonds for which the Commissioner of Correction applies, should be authorized, namely:

Supplies and Contingencies.....	\$32,500 00
Supplies for Manufacturing Purposes.....	25,000 00
Repairing Steamboats	10,000 00
Total.....	\$67,500 00

CHARLES S. HERVEY,
Supervising Statistician and Examiner.

The Committee on Finance, to whom was referred on July 1, 1907 (Minutes, page 71), the annexed resolution in favor of an issue of Special Revenue Bonds \$6,600 to pay increased salaries in Court of General Sessions, New York County, respectfully

REPORTS:

Deputy Clerk Penney appeared before the Committee and stated that this allowance was made necessary by reason of the increase in the salaries of ten Deputy Clerks and four Record Clerks, which was recently authorized by the Board of Estimate and Apportionment and the Board of Aldermen. The Comptroller's bureau of investigations has also submitted the annexed report, which recommends same but computes the amount at \$5,500 instead of \$6,600, as requested. Your Committee therefore recommends the adoption of the substitute resolution, providing for \$5,500 for the purposes specified.

(SUBSTITUTE.)

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed five thousand five hundred dollars (\$5,500), the proceeds whereof to be applied to pay increased salaries in Court of General Sessions, New York County.

(ORIGINAL.)

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment is respectfully requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of sixty-six hundred dollars (\$6,600), the same to be applied to the payment of the increase of salaries of the Deputy Clerks, Assistant Clerk and Record Clerks of the Court of General Sessions of the Peace of the County of New York for the last six months of the year 1907.

The Committee on Finance, to whom was referred on July 23, 1907 (Minutes, page 92), the annexed request of the Department of Public Charities for \$5,330 Special Revenue Bonds to meet deficiency in salary appropriation, respectfully

REPORTS:

Commissioner Heberd appeared before the Committee and stated that part of this application, amounting to \$1,575, was to provide for the increases in the salary of each of the three Superintendents of Metropolitan, City and Cumberland street hospitals from \$1,950 to \$3,000, as authorized; \$755 for the purpose of keeping open the Coney Island Relief Hospital during the winter, and the balance for additional Nurses in the Kings County Hospital, where same are so necessary that the Commissioner states that their absence is liable to result in great public wrong. The Committee would recommend the adoption of a resolution providing for \$1,575 for the increase in Superintendents' salaries; \$755 for the Coney Island Relief Hospital, and \$2,000 for the ten additional Nurses, totaling \$4,330.

They therefore recommend that the annexed resolution be adopted:

Resolved, That, in pursuance of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed four thousand three hundred and thirty dollars (\$4,330), the proceeds whereof to be applied to meet deficiency in salary appropriations of the Department of Public Charities.

Department of Public Charities,

July 5, 1907.

Hon. P. F. McGOWAN, President, Board of Aldermen, City Hall, New York City:

Dear Sir—Anticipating an unavoidable deficiency in the salaries and wages appropriation to this Department, I very respectfully request an issue of Special Revenue Bonds to the amount of \$5,330, to meet such prospective deficiency.

The reasons for the anticipated deficiency and the special amounts needed to meet the same are as follows:

First—The Department is advised by the Corporation Counsel that the salaries for the Superintendents of the Metropolitan Hospital and the City Hospital on Blackwell's Island and of the Cumberland Street Hospital, in Brooklyn, are legally fixed by the Board of Estimate and Apportionment and the Board of Aldermen at \$3,000 per year instead of \$1,950, the rate hitherto paid. It is my desire, therefore, to pay the salaries of the Superintendents of these hospitals at the rate of \$3,000, which I consider just and equitable for these positions, from July 1, 1907. This will make an extra expense for the balance of the year of \$1,575.

Second—The Department desires to keep the Coney Island Reception Hospital open all the year instead of during the summer only. For the last three months of the year this will cause an additional expense for salaries and wages to the amount of \$755.

Third—The Department finds it necessary because of the increase in the work of caring for acute and emergent cases, and the difficulty in securing Pupil Nurses to increase the force of graduate Nurses at the Kings County Hospital. It is estimated that ten additional Nurses will be required to handle this work properly at an estimated cost of \$50 per month per Nurse or for the balance of the year of \$3,000.

Respectfully submitted,
ROBT. W. HEBBERD, Commissioner.

The Committee on Finance, to whom was referred on October 1, 1907 (Minutes, page 45), the annexed request of the Department of Health for authority to draw on the Comptroller for contingent expenses, Borough of Brooklyn, respectfully

REPORTS:

That, having examined the subject, they recommend that the annexed resolution be adopted.

Resolved, That the purpose of defraying any minor or incidental expenses in the Borough of Brooklyn, contingent to the Department of Health, the Secretary of the Board of Health may, by requisition, draw upon the Comptroller for a sum not exceeding six hundred dollars (\$600); the Secretary of the Board of Health may, in like manner, renew the draft as often as the Board of Health may deem it necessary, to the extent of the appropriation set apart for contingencies of the Department of Health; but no such renewal shall be made until the money paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers certified by the Commissioners of the Board of Health, covering the expenditures of money paid thereon.

Department of Health,

New York, September 26, 1907.

Hon. PATRICK J. SCULLY, City Clerk, City of New York:

Sir—Inclosed herewith you will find a copy of a resolution adopted by the Board of Health, September 25, 1907, requesting the Board of Aldermen to approve a resolution enabling the Board of Health to make requisition upon the Comptroller for the sum of \$600 from the appropriation set aside for contingencies for the Department

of Health in the Borough of Brooklyn, which you are respectfully requested to submit to the Board of Aldermen at its next meeting.

The present amount allowed for contingencies in the Borough of Brooklyn is \$350, but owing to the large increase in the amount necessary to be expended for postage, it is inadequate, and the Board of Health is, therefore, compelled to request the Board of Aldermen to consent to the increased amount.

Respectfully,

EUGENE W. SCHEFFER, Secretary.

Under Rule 21 consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

The Committee on Finance, to whom was referred on July 23, 1907 (Minutes, page 93), the annexed request of the Department of Health for authority to draw on the Comptroller on Contingent Account for the Borough of Queens, respectfully

REPORTS:

That, having examined the subject, they recommend that the annexed resolution be adopted.

Resolved, That, for the purpose of defraying any minor or incidental expenses in the Borough of Queens contingent to the Department of Health, the Secretary of the Board of Health may, by requisition, draw upon the Comptroller for a sum not exceeding two hundred and fifty dollars (\$250); the Secretary of the Board of Health may, in like manner, renew the draft as often as the Board of Health may deem it necessary, to the extent of the appropriation set apart for contingencies of the Department of Health; but no such renewal shall be made until the money paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers, certified by the Commissioners of the Board of Health, covering the expenditure of money paid thereon.

Hon. P. J. SCULLY, City Clerk:

Sir—Inclosed herewith you will find a copy of a resolution adopted by the Board of Health at its meeting held June 26, 1907, requesting the Board of Aldermen to approve a resolution enabling the Board of Health to make requisition upon the Comptroller for the sum of \$250 from the appropriation set aside for contingencies for the Department of Health in the Borough of Queens. Under the prevailing authorization given by the Board of Aldermen \$150 is the limit set for such purposes, but the business of the Department in the Borough of Queens has grown to such an extent that \$150 is insufficient for the needs of the office in that borough, and it is therefore necessary to have the amount increased to \$250. Will you not be good enough to submit the resolution to the Board of Aldermen at its next meeting for consideration?

Respectfully,

EUGENE W. SCHEFFER, Secretary.

The Committee on Finance, to whom was referred on October 1, 1907 (Minutes, page 57), the annexed request of the District Attorney of Queens County for \$5,000 Special Revenue Bonds for supplies and contingencies, respectfully

REPORTS:

District Attorney Darrin appeared before the Committee and stated that his supplies and contingency account of \$6,000, allowed in the Budget, has been spent and the account is now somewhat in debt, owing to the fact that during the first six months of 1907 three intricate murder cases involving considerable expenditure of money arose in his county, whereas in the three years previous there had only been one murder committed. In addition to this it has been necessary in other large cases to spend considerable more than was anticipated when the Budget was made up. The Committee believes the allowance to be necessary and therefore recommends the adoption of the annexed resolution.

Resolved, That, in pursuance of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed five thousand dollars (\$5,000), the proceeds whereof to be applied to meet deficiencies in appropriation for supplies and contingencies in the office of District Attorney, Queens County.

JOHN R. DAVIES, JOHN DIEMER, A. L. KLINE, B. W. B. BROWN, JOSEPH FALK, Committee on Finance.

District Attorney's Office, Queens County,
Long Island City,
October 1, 1907.

Hon. PATRICK F. McGOWAN, President Board of Aldermen, City Hall, New York City:

Dear Sir—During the month of August application was made by this office to the Board of Estimate and Apportionment, and personally to Hon. George B. McClellan, Mayor, and Hon. Herman A. Metz, Comptroller, for transfer to the appropriation accounts of the office of District Attorney of Queens County of amount of \$5,000, and said applications set forth the necessity for such transfer.

Duplicates of my communications to the Mayor and Comptroller on this subject have been mailed to yourself as President of the Board of Aldermen.

I am advised that it does not appear that there are any available funds which may be transferred from appropriation made to any of the county funds of Queens County, and that any relief which may be given this office must be through the issue of Special Revenue Bonds.

Appropriation made in the budget for the office of the District Attorney, other than salaries, namely, for supplies and contingencies for the year 1907, was in amount \$6,000, and disbursements from that fund have been to the present time the sum of \$5,978.21, leaving a balance of \$21.79 on September 1 available for the purpose for which appropriation was made.

I beg to call your attention to statement made by me in my letter of August 26 to his Honor, the Mayor, and the Comptroller of The City of New York, in which was set forth a statement of unpaid bills in my hands at that time to amount of \$1,267.62; since said obligations were incurred the business of the office has been such as to necessitate the incurring of larger and further obligations, and it is my judgment that there will be required in addition to the Budget appropriation of 1907 the further sum of \$5,000 to provide for the necessary expenses of the office for the balance of this year.

I would therefore respectfully request that your Honorable Board by resolution request the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to the amount of \$5,000, the proceeds to be applied to the account of Supplies and Contingencies for the District Attorney's office of Queens County for the year 1907.

Yours respectfully,

IRA G. DARRIN, District Attorney.

The Committee on Finance, to whom was referred on October 1, 1907 (Minutes, page 59), the annexed resolution for and the request of the Clerk of the City Court for \$3,075 Special Revenue Bonds to meet increases in salaries, respectfully

REPORTS:

Chief Clerk Thomas F. Smith appeared before the Committee and stated that this allowance was necessary to provide for the increase in the salaries of the twelve Assistant Clerks and the Interpreter of the City Court as authorized this year by the Board of Estimate and Apportionment and the Board of Aldermen. The Committee recommend the adoption of the resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of three thousand and seventy-five dollars (\$3,075), the proceeds whereof to be applied to meet the increase of the salaries of the twelve Assistant Clerks and the salary of the Interpreter of the City Court of The City of New York in accordance with the provisions of a resolution adopted by the Board of Estimate and Apportionment March 22, 1907, concurred in by the Board of Aldermen April 2, 1907, and approved by the Mayor April 9, 1907.

New York, September 30, 1907.

To the Honorable the Board of Aldermen, City Hall:

Gentlemen—Since the allowance of the Budget appropriation to the City Court for the year 1907, a resolution has been adopted by the Board of Estimate and Apportionment, March 22, 1907, concurred in by your Board, April 2, 1907, and approved by the Mayor, April 9, 1907, increasing the salaries of the twelve Assistant Clerks of the Court from \$1,500 to \$1,800 and the salary of the Interpreter from \$1,500 to \$2,000 per annum.

In order to meet this additional expenditure it will be necessary for your honorable Board to request the Board of Estimate and Apportionment to provide for it by a special issuance of Revenue Bonds to the amount of three thousand and seventy-five dollars (\$3,075).

Respectfully yours,

THOMAS F. SMITH, Clerk.

No. 2466.

By Alderman Sullivan—

Resolved, That the resolution adopted by the Board of Aldermen October 30, 1877, and approved by the Mayor November 12, 1877, granting permission to John M. Toucey to lay a 5-inch wrought iron pipe in Sixty-fifth street, from Eleventh avenue to First avenue, to Thirty-fifth street, to the East river, or to Sixty-third street, to the East river, and across the East river and Blackwell's Island, from or near Sixty-third street, East river, to the opposite shore, be and the same is hereby annulled, rescinded and repealed.

Which was referred to the Committee on Streets, Highways and Sewers.

No. 2467.

By the same—

Whereas, Recent disclosures have shown that several valuable privileges to use the streets of The City of New York were granted to one John M. Toucey during the year 1877, for which it is claimed the municipality has received no adequate compensation, if any; and

Whereas, Others in possession of like privileges have been bounden to The City of New York for the payment of proper compensation, and it seems unfair that one person should enjoy such valuable privileges to the exclusion of others in the matter of rentals, a proposition to which the City is committed and with which all who seek rights to use the streets must comply; therefore

Resolved, That a special committee of three be appointed to investigate the question with a view to acquiring for The City of New York adequate compensation or rentals for the said privileges, or, if necessary, the repeal of the rights now enjoyed by said John M. Toucey or his successors under the resolutions of 1877, or by others to whom said rights may have been transferred.

Which was referred to the Committee on Rules.

No. 2468.

By Alderman Diemer—

McDonald for the sum of twenty-five dollars (\$25), the said sum to be payment in full for engrossing resolutions on the death of Hon. Patrick J. Ryder, former Alderman and Councilman, adopted by the Board of Aldermen June 18, 1907, and approved by the Mayor June 21, 1907; said amount to be charged to and paid out of the appropriation entitled "City Contingencies, 1907."

Which was referred to the Committee on Finance.

No. 2470.

By the same—

Resolved, That the Committee on Finance be and is hereby discharged from further consideration of the below-enumerated matters and the same are ordered on file:

No. 2253—Resolution requesting the Comptroller to advertise a popular subscription for the City Bond issue, page 69, Minutes of July 1, 1907.

No. 2020—Request of Fire Department for \$50,000 Special Revenue Bonds for purchase of forage, page 852, Minutes of May 21, 1907.

Which was adopted.

Resolved, That it is recommended to the Commissioner of Water Supply, Gas and Electricity that two lamp-posts be erected, street lamps placed thereon and lighted in front of the Central United Presbyterian Church, Nos. 73 and 75 Linden street, in the Borough of Brooklyn.

Which was adopted.

Alderman Richter moved that the Board do now adjourn.

The President put the question whether the Board would agree with said motion. Which was decided in the affirmative.

The contract and bond for the care of immigrants suffering from contagious diseases, ambulance transportation and burial of same, executed by the President of the Board of Health and the Commissioner of Immigration, was received and approved and ordered on file.

Communication from the Eighth New York Conference of Charities and Correction relative to the exhibition of the work the Department of Health is doing in the suppression and prevention of tuberculosis and contagious diseases and the work in connection with medical inspection of schools, before the said conference of charities at Albany, on November 12 to 14, 1907, was received and referred to the General Medical Officer.

Communication from the Consolidated Gas Company relative to the possession of premises located at Fifteenth and Sixteenth streets, east of Avenue C, in the Borough of Manhattan, by the Department of Health, was received and the secretary was directed to forward the same to the Corporation Counsel for attention.

On recommendation of the President, the following preamble and resolution were adopted:

Whereas, The Board of Health desires explicit information and advice as to the management of the sanatorium for the care and treatment of persons living in The City of New York, suffering from tuberculosis, located at Otisville, Town of Mt. Hope, Orange County, N. Y., be it

Resolved, That the General Medical Officer be placed in charge of the sanatorium for the care and treatment of persons living in The City of New York, suffering with tuberculosis, located at Otisville, Town of Mt. Hope, Orange County, N. Y., and that he be requested to spend such time at that institution as seems to him necessary and desirable, and subsequently report his recommendations to the Board.

The matter of the proposal of Reon Barnes to dispose of the property situated at the southwest corner of Fifty-fifth street and Sixth avenue in the Borough of Manhattan, now occupied as an office building, laboratory and clinic by the Department of Health, to The City of New York, for the use of the Department of Health, was considered, and the secretary was directed to communicate with the Comptroller and state that a renewal of the lease of the property described, which expires May 1, 1909, cannot be obtained from the owner and that a sale of same to other parties is imminent, also that it is unlikely that other suitable accommodations can be provided before the expiration of the lease, and in view of the fact that considerable sums have been expended by the City for improvement, apparatus, etc. necessary and incidental to the proper conduct of the business of the Department, and that removal to other premises would necessarily entail a very large expense and materially interfere with the conduct of the work of the Department, the Board recommends the acquisition of the property by the City at such price and upon such terms and conditions as may seem proper to him.

The Finance Committee presented vouchers for the expenditure of three hundred and fifty dollars (\$350), received from the office of the Comptroller on August 12, 1907 (series No. 8, check No. 6237), pursuant to the resolution of the Board of Aldermen, adopted July 1, 1902, and approved by the Mayor, July 15, 1902. The bids on lumber will be compared and the contract awarded at a lump or aggregate sum for each contract.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained and the plans and drawings may be seen at the office of the Department of Correction, the Borough of Manhattan, No. 148 East Twentieth street.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any service, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profit thereon. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
