MESSAGES FROM THE MAYOR.

No. 1461.

Assistant Corporation Counsel—Requesting That Mr. Cole, Representing the United States Pension Bureau, Be Notified of the Resignation of James Van Wicklen, a Commissioner of Deeds, and That the Charges and Exhibits in the Case Be Placed on File.

City of New York, Office of the Mayor, April 6, 1917.

P. J. SCULLY, Esq., City Clerk.

Sir—Some time ago Mr. Peter L. Cole, representing the United States Pension Bureau, Post Office Building, Brooklyn, N. Y., preferred charges against a Commissioner of Deeds named James Van Wicklen to the Mayor, in pursuance of Section 58 of the Charter. While the charges were still pending Mr. Van Wicklen handed to the Mayor his resignation as a Commissioner of Deeds, to take effect April 2, 1917. This resignation you will find attached hereto.

I have been requested to ask that you notify Mr. Cole of the cancellation of the commission heretofore given to Van Wicklen, and also file in your office the charges and exhibits presented by the United States Government officials. Very truly yours, WM. B. CROWELL, Assistant Corporation Counsel, Office of the Mayor.

James Van Wicklen, Successor to the late Henry A. Phillips, Pension Attorney, Commissioner of Deeds, Room 2, Borough Hall, Brooklyn, N. Y., March 31, 1917.

To the Hon. JOHN P. MITCHEL, Mayor:

Dear Sir—I hereby offer my resignation as Commissioner of Deeds and if possible would request that it be dated April 2, 1917.

Trusting that this will meet with your approval, I am most respectfully, etc.,

JAMES VAN WICKLEN.

In connection with the foregoing communication Alderman Stevenson offered the following resolution and moved its adoption:

Resolved, That the resignation of James Van Wicklen, of No. 827 Johnson Street, in the Borough of Brooklyn, appointed a Commissioner of Deeds under date of September 21, 1915, be and the same is hereby accepted, to take effect as of the date of April 2, 1917.

Which was adopted.

No. 1462.

His Honor the Mayor—Recommending That a Reward of \$1,000 Be Offered for Information Leading to the Recovery of the Jewels Worn by Mrs. Elsie Lee Hilair at the Time of Her Murder, March 15, 1917.

City of New York, Office of the Mayor, April 9, 1917.

To the Honorable the Board of Aldermen:

Gentlemen—I am sending you herewith a letter from the District Attorney asking that a special reward of One Thousand Dollars be offered for information that would lead to the recovery of the jewels worn by Mrs. Elsie Lee Hilair, at the time of her murder on March 15, 1917, at the Hotel Martinique, and particularly the disclosure and apprehension of the person taking or disposing of them.

Action on your part will be necessary, as Section 130 of the Code of Ordinances does not cover such a case. Respectfully yours,

JOHN PURROY MITCHEL, Mayor.

District Attorney's Office, County of New York, Criminal Courts Building, New York, April 3, 1917.

Hon. JOHN PURROY MITCHEL, Mayor of the City of New York, New York, N. Y.:

Sir—On March 15, 1917, at the Hotel Martinique, Mrs. Elsie Lee Hilair came to her death by strangulation. The Grand Jury of this County, on March 29, 1917, found an indictment of murder in the first degree against one Benjamin Sternberg, charging him with the commission of the crime.

When seen for the last time before her death, Mrs. Hilair was in possession of a large quantity of valuable jewelry, a detailed list of which is annexed hereto. Despite the careful search and investigation made by the Police Department, no trace of the jewelry has been found, and it appears to me advisable at this time that a suitable reward should be offered for information leading to the recovery of the jewels, and particularly the disclosure and apprehension of the person taking or disposing of them.

I therefore respectfully suggest that steps be taken whereby a reward of \$1,000 will be offered in accordance with provisions of law to accomplish the above much desired results.

I have conferred with the Police Commissioner, who informs me that the offer of the reward meets with his approval. Respectfully yours,

EDWARD SWANN, District Attorney.

Description of Jewelry Stolen from Mrs. Elsie Lee Hilair, Found Dead at the Hotel Martinique, March 16th, 1917.

1. Lavalliere with a square emerald about 1½ karats, surrounded by small diamonds and with five Oriental pearls hanging loosely; platinum chain. Pendant was about 2½ inches long.

2. Breast pin; a large pin; has a leaf effect. Platinum setting; topaz in the centre; probably about an 8 karat stone; diamonds in the leaves, about 35 in all, about ¼ karat each; platinum front and gold back.

3. Marquise dinner ring; had a brown diamond in the centre about 1 karat and probably 20 or 23 diamonds surrounding the brown diamond which was set apart; brown diamond was about 1 karat and other stones were about ½ karat each.

4. Ring with 7 stones in it; one large diamond about 2½ karats in crown setting of gold and three diamonds on each side of it about ½ karat each.

5. Pinky ring; an emerald about 2½ karats, surrounded by diamonds, square setting, in platinum; diamonds are omne stones on account of their peculiar cut.

6. Engagement ring; solitaire about 2½ karats, set in gold, inscription "H. J. H. to E. L. C. November 9th, 1899," inside.

7. Pinky ring. Diamond about 4 karats; space between solitaire and circle, containing 19 or 20 diamonds, all small diamonds.

In connection with the foregoing communication the President offered the following resolution, and moved that the same be made a Special Order for the day:

Resolved, That, in accordance with the communication of the Mayor, received from the Mayor this day, predicated on a suggestion of the District Attorney of the County of New York, in pursuance of the provisions of Subdivision 8 of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of one thousand dollars (\$1,000), the proceeds whereof to be paid out of the City Treasury, upon the certificate of the Mayor, for information that will lead to the recovery of jewels worn by Mrs. Elsie Lee Hilair, at the time of her murder on March 15, 1917, at the Hotel Martinique, and particularly the disclosure and apprehension of the person taking or disposing of the same; and, be it further

Resolved, That the provisions of Section 130 of Article 4 of Chapter 2 of the Code of Ordinances, in so far as the same limits a reward to the sum of five hundred dollars (\$500) be and the same are hereby suspended for this case only.

The President put the question whether the Board would agree with said resolution. Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Bassett, Burns, Burden, Browne, Carroll, Cardani, Cassidy,

Cole, Collins, Colne, Cox, Crane, Cunningham, Curley, Daly, Delaney, Diemer, Dixon, Donnelly, Dostal, Dunn, Drescher, Eagan, Farley, Ferguson, Ferrand, Gaynor, Gilmore, Glennon, Goetz, Gutman, Haubert, Heyman, Hilkemeier, Hogan, Kenneally, Kenney, McCann, McCourt, McGarry, McKee, McManus, Martin, Molen, Mullen, O'Rourke, Palitz, Post, Quinn, Roberts, Robitzek, Ryan, Schweickert, Silberstein, Smith, Stapleton, Stevenson, Tolk, Trau, Walsh, Williams, Wirth, Wise; President Connolly, by Albert C. No. 1464.

Secretary, Bronx Chamber of Commerce—Transmitting Resolutions of the Bronx Chamber of Commerce.

Bronx Chamber of Commerce, March 29th, 1917.

The Board of Aldermen, Municipal Building, New York City:

Gentlemen—I have the honor to present to you for your consideration the following resolutions recently adopted by this body and should be pleased to have an expression of opinion on the matters involved:

(1) Whereas, the large and increasing number of pushcart venders, which are permitted to occupy our streets, have become an intolerable nuisance to persons and other vehicles lawfully occupying the street, and a detriment to real estate values and store rentals in sections where a large number of pushcarts are allowed to stand; therefore be it

Resolved, that the Bronx Chamber of Commerce recommends the revocation of all licenses heretofore issued to pushcart venders for the purposes of vending their wares in the Borough of The Bronx, and the enactment of a city ordinance by taking away the power, if any there be, in the city officials or boards to issue any such licenses in the future.

(2) Whereas, zones have been established by law in the City of New York and the Borough and County of Bronx, as part of the City of New York, to prevent the erection or alteration of buildings for any purpose other than residential buildings and particularly for the prevention of the establishment of certain businesses which are recognized as being very undesirable, not only in the residential sections, but in business sections; therefore be it

Resolved, that the Bronx Chamber of Commerce goes on record as favoring the refusal by appropriate public authorities to grant permits, or, if necessary, an amendment to the law to prevent the granting of permits to any individual, corporation or other concern for the establishment of a rag shop, junk shop, bottle shop or second-hand metal shop in premises hereafter vacated, which are now occupied by such shops within the zones now barring such shops, and approve the strict enforcement of the zone law in this respect as a benefit to the values of adjoining real estate, especially buildings now occupied or which may be occupied for a less objectionable business purpose and residential buildings within the neighborhood occupied by such rag shop, junk shop, bottle shop or second-hand metal shop.

Very truly yours,

J. M. TAYLOR, Secretary.

The first item of the foregoing communication, relating to occupancy of streets by push cart vendors, was referred to the Committee on Public Thoroughfares; the second item, relating to the establishment of certain businesses within fixed building zones, was referred to the Committee on Buildings.

No. 1466.

Commissioner of Public Charities—Request for Authority to Make Emergency Repairs to Steamboats Without Public Letting.

Department of Public Charities of the City of New York, Municipal Building, Tenth Floor, March 30, 1917.

Re Permission to Enter Into a Contract Without Public Letting for Emergency Repairs to Steamboats.

Hon. FRANK DOWLING, President, the Board of Aldermen, City Hall, New York: Dear Sir—I hereby request that permission be granted this Department to enter into a contract without public letting to an amount not to exceed \$3,000 for emergency repairs which may be required to any of the steamboats of this Department. We have no spare or emergency service to call upon when any accidents occur, and to obtain bids would delay the work of repairs materially, creating great confusion with our service and perhaps hardships on the inmates of our institutions. We transport from Manhattan to Blackwell's and Randall's Islands, food and supplies of various sorts, and transfer inmates and passengers to the different institutions on these Islands. We also transport unclaimed dead to Hart's Island for burial. Any interruption in this service creates much inconvenience which is accentuated by any lengthy lay-up of any of our boats for repairs.

Before any repairs of this nature are entered into, I will have a joint inspection made by the Engineers of this Department and the Department of Finance with a view of determining the exact amount of work necessary to be done and the proper charge therefor. Very sincerely yours,

HENRY C. WRIGHT, Acting Commissioner.

No. 1467.

Fire Commissioner—Request for Special Revenue Bonds, \$22,865.01, for the Purchase of Coal for the Remainder of the Year.

Fire Department of the City of New York, April 2, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen:

Sir—This Department was allowed in the 1917 budget \$111,130.00 for the purpose of purchasing 18,820 tons of coal, all grades. To date 7,894 tons have been pur-

chased at a cost of \$47,193.01. Of the quantity already contracted for 4,895 tons are semi-bituminous coal for fireboats, the cost ranging from \$3.85 to \$5.69 per ton.

There will be required in addition to the quantity already purchased 10,836 tons to meet the tonnage allowed in the budget. Of this quantity 8,301 tons are anthracite, which costs more than coal for fireboats.

Based on the needs for the balance of the year, this department will require, in addition to the funds now available in the fuel account, \$22,865.01 or contracts about to be advertised cannot be awarded. It is requested, therefore, that an issue of revenue bonds in the sum of \$22,865.01 be authorized by your board.

Respectfully,
ROBERT ADAMSON, Fire Commissioner.

The President laid before the Board the following communication from the Commissioner of Plant and Structures:

No. 1468.

Commissioner of Plant and Structures—Request for Special Revenue Bonds, \$4,130, for the Purchase of Coal.

Department of Plant and Structures, City of New York, Municipal Building, Manhattan, N. Y., April 4, 1917.

To the Honorable Board of Aldermen of The City of New York:

Gentlemen—The amount of coal needed to be purchased by this Department for the balance of the year will be approximately 800 gross tons. The price paid for some coal purchased last month was \$8.33 per gross ton, and at this price the cost will amount to \$6,664. The balance in this Department's account "2764 TB, Fuel Supplies," is \$2,433.08, of which \$2,402.41 is credited to bridge revenue allowance, and \$30.67 is credited to tax levy allowance. It is assumed that approximately \$100.92 will be needed for the purchase of kerosene, gasoline, etc. There will therefore be needed for the purchase of coal in addition to the funds authorized the sum of \$4,130 (\$6,664 minus \$2,534). I beg to request that your Honorable Board recommend to the Board of Estimate and Apportionment that the Comptroller be authorized to issue Special Revenue Bonds in the amount of Four Thousand One Hundred and Thirty Dollars for the purpose of increasing the allowance under said schedule, in order that this coal may be purchased when required. Respectfully,

F. J. H. KRACKE, Commissioner.

No. 1469.

Board of Trustees, Bellevue and Allied Hospitals—Request for Special Revenue Bonds, \$7,760, for Repairs and Alteration to the Day-Camp Boat "John H. Huddleston."

Bellevue and Allied Hospitals, office of the Board of Trustees, 1st Avenue and 26th Street, New York, April 4, 1917.

Hon. FRANK DOWLING, President, Board of Aldermen, City Hall, New York:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request the Board of Aldermen to authorize an issue of special revenue bonds in the sum of \$7,760 to make much needed repairs and changes in the tuberculosis day camp boat "John H. Huddleston," located at the foot of Corlears Slip. The boat "John H. Huddleston" serves as a tuberculosis day camp for the Gouverneur district, and in order to obtain the full use and proper benefits of this very important service the following repairs and changes are necessary:

Plumbing work	\$500 00
Hot water system	775 00
Roofing on hurricane deck	200 00
Carpenter work—	
Item 1, all repairs and new work on main deck.....	625 00
Item 2, complete enclosure on promenade deck.....	1,536 00
Item 3, dividing partitions between class rooms and main deck.....	288 00
Item 4, ladies' winter cabin on promenade deck.....	470 00
Item 5, railings on hurricane deck	284 00
Item 6, enclosures around children's playground, promenade deck.....	164 00
Painting, two coats	1,800 00
Electric wiring, lower and main decks	662 00
Electric wiring, promenade and hurricane decks	450 00

\$7,760 00

This request is made on account of the fact that the Budget for Bellevue and Allied Hospitals for 1917 allowed only \$4,000 for Gouverneur Hospital in appropriation No. 2087, General Repairs, and most of these are for prescribed items.

Respectfully,
J. K. PAULDING, Secretary, Board of Trustees.

Board of Coroners, Borough of Manhattan, New York, Municipal Building, April 6, 1917.

To the Honorable the Board of Aldermen, City Hall, New York:

Gentlemen—I respectfully request the issuance of special revenue bond funds in the amount of \$120 to pay for the employment of a temporary Clerk in this office. Commissioner of Parks, Manhattan—Withdrawal of Requests for Special Revenue Bonds in Sums of \$200 and \$3,775, Respectively.

City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Municipal Building, Tenth Floor, April 6, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, New York City:

Sir—The requests forwarded to you under date of January 29 and February 6, 1917, for an issue of special revenue bonds to the amount of \$200 and \$3,775, respectively, are hereby withdrawn for the reason that on March 30, 1917, the Board of Estimate and Apportionment by resolution transferred from the accrual account to Schedule No. 1121, Wages Temporary Employees, Care of Parks and Boulevards, a sufficient amount to meet the necessities incidental to the increasing of wages of mechanics to the prevailing rate. Respectfully yours,

CABOT WARD, Commissioner of Parks.

No. 1472.

Commissioner of Correction—Request for Authority to Purchase Blankets Without Public Letting.

Department of Correction of the City of New York, Commissioner's Office, Municipal Building, New York, April 9th, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, New York City:

Dear Sir—I hereby respectfully request permission to purchase in the open market blankets for inmates' use, not to exceed \$5,000. State's Prison Industry is unable to furnish us blankets and has given us a release.

It is practically impossible to get any large quantity of blankets. We are able to purchase a few in job lots from different dealers in the open market.

I hope your honorable Board will take favorable action on this request, as the blankets are urgently needed to supply the increased census and deterioration.

If forced to advertise it will cause a delay and chances are against us getting them in the quantity needed is quite remote. Yours respectfully,

BURDETTE G. LEWIS, Commissioner.

The President laid before the Board the following communication from the Brooklyn Public Library:

No. 1473.

President, Brooklyn Public Library—Request for Special Revenue Bonds, \$28,804, for Rehabilitation of the Pacific Branch of the Brooklyn Public Library.

Brooklyn Public Library, 26 Brevoort Place, Brooklyn, N. Y., April 9, 1917.

To the Board of Aldermen:

Gentlemen—Early on the morning of March 29th the Pacific Branch of the Brooklyn Public Library was damaged by fire to such an extent that the building is useless for library purposes.

The estimate of the cost of reconstructing the building amounts to fifteen thousand dollars (\$15,000), as shown by the architects' statement submitted herewith.

Besides the loss on the building, books to the number of eight thousand and fifty (8,050) volumes, valued at eight thousand two hundred and twenty-five dollars (\$8,225) were destroyed, and furniture to the amount of five thousand five hundred and seventy-nine dollars (\$5,579) will have to be replaced.

In order that the residents in the neighborhood may not be deprived of the use of the library longer than is necessary, we desire, on behalf of the Trustees of the Brooklyn Public Library, to make application for an issue of revenue bonds to an amount of twenty-eight thousand eight hundred and four dollars (\$28,804).

Respectfully submitted, DAVID A. BOODY, President; JOHN HILL MORGAN, Secretary.

Raymond Almirall and Philip Cusachs, Architects, 12 East 46th Street, New York, April 3, 1917.

Dr. FRANK P. HILL, Chief Librarian, 26 Brevoort Place, Brooklyn, N. Y.:

Dear Sir—In accordance with your request of the 30th ult., we estimate that the cost of the reconstruction and refinishing of the Pacific Branch Library Building, Fourth Ave. and Pacific St., Brooklyn, as the amount of about fifteen thousand dollars (\$15,000).

This figure does not include the furniture, and is only approximate.

Very truly yours,

PHILIP CUSACHS.

The President laid before the Board the following communication from the Police Commissioner:

No. 1474.

Police Commissioner—Request for Amendment of Special Revenue Bond Issue, \$118,352, for Equipment, Etc., of Aqueduct Emergency Police, so as to Reimburse the Police Department Contingent Account in the Sum of \$62,000.

City of New York, Police Department, Office of the Commissioner, April 9, 1917.

The Honorable the Board of Aldermen, City Hall, New York City:

Gentlemen—On March 27 your Board adopted a resolution requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds in the amount of \$118,352, the proceeds of which were to be used by the Police Commissioner for the purpose of providing equipment, maintenance, supplies and services necessary for the Emergency Aqueduct Police, as provided by chapter 64 of the Laws of 1917.

Subsequent to the adoption of the above resolution the Federal authorities took over the policing of the Aqueduct, so that it is not necessary for the Police Department to go ahead with this service. So far as possible, orders for equipment have been cancelled and further purchases were stopped. The equipment which has been obtained will, however, be needed for Special Policemen within the City or for the regular service of the Department.

It is respectfully requested therefore that your Board amend the resolution of March 27 so as to provide that special revenue bonds in the amount of \$62,000 be authorized, the proceeds to be used for reimbursement of the Police Department Contingent Account (Code No. 1634), in which a deficit is anticipated. The above amount will meet the emergency expenditures for equipment and supplies necessary for the organization of the Aqueduct Force and also for emergency service within the City; it provides only for actual needs up to this time and does not include amounts estimated for future needs.

An itemized statement of the requirements is attached hereto.

Respectfully,

A. WOODS, Police Commissioner.

The President laid before the Board the following communication from the Commissioner of Street Cleaning:

No. 1476.

Acting Commissioner of Street Cleaning—Requesting Permission to Purchase Harness Without Public Letting.

Department of Street Cleaning of the City of New York, Municipal Building, 12th Floor, New York, April 9, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen:

Sir—Pursuant to section 419 of the Greater New York Charter, I respectfully request permission to purchase in the open market, without public letting, the following articles:

500 heavy pipe collars at \$7.70 each.....	\$3,850 00
200 saddles for cart harness, at \$13.50 each.....	2,700 00
300 sides of harness leather, about 6,750 pounds, at 67 cents per pound....	4,522 50
50 sides of breeching leather at \$9.50 per side.....	475 00
40 hides of Kip collar leather, at \$23.75 per hide.....	950 00
25 sole leather backs, about 500 pounds, at 75 cents per pound.....	375 00

\$12,872 50

I make this request for the reason that due to the large orders being placed by the United States Army for harness leather and harness it is impossible to wait for a contract for the above materials if the City is to be sure of securing the same at reasonable prices, in fact it is questionable if the same can be secured at all if not ordered immediately. Respectfully yours,

CHAS. B. LARGY, Acting Commissioner.

The President laid before the Board the following communications from the Fire Commissioner:

No. 1477.

Fire Commissioner—Requesting Permission to Purchase Fire Hose Without Public Letting.

Fire Department, City of New York, April 10, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City of New York:

Sir—On May 29, 1916, request was made by me of your Board for \$152,976.00 for revenue bonds to supply hose to this Department. Of this sum only \$75,000 was granted. Some months ago I made a further request for a revenue bond issue of \$92,260.30, which request was granted by your Board and is now pending before the Board of Estimate and Apportionment. I am advised that a favorable request will be submitted at the meeting of the Board of Estimate and Apportionment on Friday, and that at that time a report will also be made recommending that I be permitted to purchase this hose without public letting.

In view not only of the serious need of this hose to supply the normal requirements of the Department, but in view of the organization of ten emergency companies for service during the war period, I request permission of your Board to purchase hose from this appropriation without public letting. It will take several months

to secure deliveries of hose if it is to be purchased by public letting and manufactured according to our specifications.

I urgently request that prompt action be taken upon this matter.

Very truly yours,

ROBERT ADAMSON, Fire Commissioner.

No. 1478.

Fire Commissioner—Requesting an Issue of Special Revenue Bonds, \$88,389.12, to Pay the Salaries of Ten Additional Fire Companies.

Fire Department, City of New York, April 10, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City of New York:

Sir—In order that this department may be able to meet possible emergencies, we are organizing ten additional fire companies for service during the period of the war in important sections of Manhattan and Brooklyn. To organize these companies requires 18 officers, 2 engineers and 100 firemen. We have enrolled a very large number of volunteer firemen, consisting principally of retired members of the department who are still able to do fire duty, and retired volunteers, but in view of the likelihood that the present war may continue for many months, and possibly a year or two years, I do not feel that we should call upon volunteers to give us their services for so great a length of time. I therefore request that your Board authorize an issue of revenue bonds to provide for the following addition to the force:

100 Firemen at \$666.56.....	\$66,656 00
2 Engineers at \$1,133.28.....	2,226 56
17 Lieutenants at \$1,400.....	23,800 00
1 Captain at \$1,666.56.....	1,666 56

\$94,389 12

Less saving on account of promotions.....

\$6,000 00

\$88,389 12

When this force is no longer needed, it will require but a short time to reduce the force to its present strength by omitting the filling of vacancies as they occur. I would respectfully ask prompt action upon this request.

Respectfully yours,

ROBERT ADAMSON, Fire Commissioner.

No. 1479.

Fire Commissioner—Requesting Permission to Purchase Fire Extinguishing Equipment Without Public Letting.

Fire Department, City of New York, April 10, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City of New York:

Sir—In order that this Department may be prepared to meet any emergency which may arise, we are placing in service ten additional fire companies for duty during the period of the war. Apparatus for the equipment of these companies is being withdrawn from our reserve supply of apparatus, and I desire to replace this reserve with as little delay as possible. I therefore request permission of your Board to purchase in the open market, and charge to the account of C. F. D. 10 E, Fire Depart-

ment, Motor Fire Apparatus for all Boroughs, at a cost not to exceed \$194,500, the following fire extinguishing equipment:

Five gasoline pumping engines, 5 hook and ladder trucks, 15 tractors, 10 hose wagons.

By purchasing this apparatus in the open market, we will be able to secure the delivery of a part of it at least almost immediately. If it is to be purchased under contract, after public letting, and manufactured according to our specifications, many months must elapse before it can be delivered. It is becoming increasingly difficult to secure fire apparatus within a reasonable time, because of the increasing demand. Labor and the price of materials are also causing the cost of apparatus to advance rapidly.

We have 31 fire engines under contract and have opened bids for 25 more. We are also advertising for 25 hook and ladder trucks. For the reasons mentioned, it will take several months before we can secure deliveries of any of this apparatus.

I believe that during the period of the war, it is important that our supply of reserve apparatus should be kept at full strength, and for this reason, I am desirous of purchasing and having delivered as soon as possible the equipment referred to in this request. I therefore respectfully ask your Board to act promptly upon this request. Very truly yours,

ROBERT ADAMSON, Fire Commissioner.

Board of Standards and Appeals, Municipal Building, New York, March 19, 1917.

Honorable FRANK L. DOWLING, President of the Board of Aldermen:

Sir—Herewith please find enclosed a resolution for adoption by your honorable board, requesting the Board of Estimate and Apportionment to authorize the issuance of special revenue bonds to the amount of nine thousand one hundred forty-one dollars and fifteen cents (\$9,141.15), for the purpose of meeting the additional expenses necessary for the efficient prosecution of the work devolving on the Board of Standards and Appeals and the Board of Appeals for the period between April 1, 1917, and December 31, 1917.

An analysis of the work of these boards to date shows that appeals from decisions of the fire commissioner, or the superintendents of buildings, or under the building zone resolution, and petitions for variations of the labor law are being received at the rate of thirty-five per week since January 1, 1917. Experience shows that it is not possible, with the present force and equipment, to dispose of more than twenty-two such appeals and petitions per week. There is good reason to believe that the number of appeals and petitions will grow larger instead of smaller. It is manifest, therefore, that the work of both boards is falling behind.

In the preparation, last fall, of the budget for this year, it was assumed that the work might be kept up to date by holding one meeting of the Board of Standards and Appeals and one meeting of the Board of Appeals each week. It has been found necessary, however, not only to prolong the meetings of the Board of Appeals until a late hour in the afternoon or well into the evening, but also to hold an extra session of the board each week, in order that any progress whatever might be made with the work accumulating. This has necessarily increased the work falling on the office staff to such an extent that it has not been possible to keep it up to date.

In request made by this board for appropriation for the year 1917, \$6,240 was included to pay five appointed members of the Board of Appeals and the chief of the uniformed force of the Fire Department, who is ex-officio a member of that Board. As stated heretofore, it was assumed that, by holding one meeting a week of the Board of Standards and Appeals and of the Board of Appeals, the work might be properly handled. It has been already stated, however, that it has been necessary to hold practically every week this year at least two meetings of the Board of Appeals, as well as one meeting of the Board of Standards and Appeals.

In the estimate for appropriation for the year 1917 was included a request for \$1,040 to pay the chief of the uniformed force of the Fire Department for attendance at meetings of the Board of Appeals, the amount of compensation fixed by your Board for attendance being \$10 per session. The Board of Estimate and Apportionment, however, disapproved this request for payment of the chief of the uniformed force of the Fire Department for attendance at these sessions, and eliminated it from the estimate. The Corporation Counsel later advised the Comptroller that, under the law, the chief of the uniformed force of the Fire Department is entitled to compensation as a member of the Board of Appeals. In order to provide for the payment of the chief of the uniformed force of the Fire Department, it has been necessary to draw upon the amount allowed for the year for the five appointed members.

Request for appropriation for telephone service during the year 1917 was made by the board in preparing the budget for this year; this amount was eliminated from the appropriation on the understanding that provision for telephone service would be made in the appropriation for the office of the President of the Borough of Manhattan. The Borough President, however, has refused to provide the telephone service, and up to date it has been necessary for the Board to draw against the appropriation allowed for contingencies.

When the Board of Standards and Appeals was organized, in July, 1916, no office accommodations had been provided for its use. Finally, after considerable delay, the Sinking Fund Commission assigned to the use of the Board Rooms 914-919. The Board is seriously handicapped because there is no direct connection between Rooms 918-919, the meeting room and the secretary's office, and Rooms 914-916, the rooms of the chairman, assistant engineers and office force. In December last, I requested the Commissioner of Plant and Structures to cut a door from Room 914 to Room 918, but I have been advised, both by him and the Borough President of Manhattan, that there are no funds available for doing this work. It is absolutely imperative to have the rooms connected.

The amount requested for furniture is designed to provide necessary furniture for additional regular employees, and to replace furniture which was loaned to this Board by the Bureau of Public Buildings and Offices.

As to the atlases and maps of the various boroughs of the City, the Board has no equipment of this character, and the possession of such atlases and maps is necessary, especially in the consideration of appeals under the building zone resolution. Respectfully,

RUDOLPH P. MILLER, Chairman.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Personal Service, March 26, 1917.

Hon. FRANCIS P. KENNEY, Chairman, Committee on Finance, Board of Aldermen:

Dear Sir—In the matter of Item No. 1393, relating to a request of the Board of Standards and Appeals for revenue bonds for an increase in force and for additional funds for fees and commissions, I would ask that you defer action for one week, as the data which I am collecting cannot be had in time for the coming meeting.

Respectfully yours, GEORGE L. TIRRELL, Director.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Personal Service, April 2nd, 1917.

Hon. FRANCIS P. KENNEY, Chairman, Committee on Finance, Board of Aldermen:

Dear Sir—Regarding item No. 1393, relating to a request for revenue bonds from the Board of Standards and Appeals, I wish to report as follows:

Fees and Commission \$3,640 00

In my opinion, the items requested under this heading should be allowed. The Board of Appeals have been holding one more meeting a week than was planned at the time of the budget. If this continues the sum requested, \$2,600, will be needed. The Corporation Counsel has rendered an opinion the Chief of the Uniformed Force of the Fire Department is entitled to compensation for attendance at the meeting of the Board of Appeals, to cover which \$1,040 is required.

Additional Force \$3,600 00

The Chairman appears reluctant to furnish any more detailed information than is stated in his request to you. This information does not seem sufficient to report either for or against the increased force. Respectfully,

GEORGE L. TIRRELL, Director.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Personal Service, April 9, 1917.

Hon. FRANCIS P. KENNEY, Chairman, Committee on Finance, Board of Aldermen:

Dear Sir—Regarding item No. 1393, relating to a request for revenue bonds from the Board of Standards and Appeals, I wish to report that, in the matter of additional force, we have not specific information relating to the duties of the present employees or the proposed duties of the new employees. Cards were left for this purpose with the Board two weeks and the information requested. We have not enough data relating to the volume of work done or on hand or to the amount of detail work required in the handling of the appeals that come before the Board.

In view of this, the Bureau of Personal Service is not in position to make a recommendation. Respectfully,

GEORGE L. TIRRELL, Director.

Report of the Committee on Finance in Favor of Adopting Resolution Authorizing an Issue of Special Revenue Bonds, \$1,000, to Meet Deficit in Appropriation for Fuel for Year 1917—Queens Borough Public Library.

The Committee on Finance, to which was referred on March 27, 1917 (Minutes, page 785), the annexed request of the Queens Borough Public Library Board for special Revenue Bonds, \$1,000, to meet deficit in appropriation for fuel for the year 1917, respectfully

REPORTS:

That this deficit is due to the increased cost of coal, and as no funds are available for transfer, the Committee recommends the adoption of the accompanying resolution.

Resolved, That in pursuance of the provisions of subdivision 8 of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of One thousand dollars (\$1,000), the proceeds whereof to be used by the Queens Borough Public Library Board for the purpose of meeting deficit in appropriation for fuel, 1917.

To the Hon. Board of Aldermen, City of New York:

Gentlemen—Herewith enclosed is transmitted a copy of a resolution taken by the Queens Borough Public Library Board of Trustees at its meeting held on March 8, 1917, requesting an issue of revenue bond funds in the amount of \$1,000 for coal.

Your attention is respectfully directed to this matter and its favorable consideration requested:

"(35) Resolved, That the Board of Aldermen of The City of New York be requested to issue special revenue bonds to the amount of \$1,000 to supply the deficit in the appropriation for fuel, budget for the year 1917." Respectfully,

The Queens Borough Public Library, Jamaica, New York, March 13, 1917.

At a meeting of the Board of Trustees of The Queens Borough Public Library held at Jamaica, New York, on Thursday, March 8, 1917, the following action was taken (extract from the Minutes):

"(35) Resolved, That the Board of Aldermen of The City of New York be requested to issue special revenue bonds to the amount of \$1,000 to supply the deficit in the appropriation for Fuel, Budget for the year 1917."

No. 1404—Queens Borough Public Library Board, Request for Special Revenue Bonds, \$1,000, to Meet Deficit in Appropriation for Fuel, 1917.

Hon. FRANCIS P. KENNEY, Chairman, Committee on Finance, Board of Aldermen:

Sir—I have caused an examination to be made into this request and find that the appropriation for Fuel Supplies allowed in the 1917 Budget amounted to \$2,260, on the basis of 350 tons of coal at an average of \$6.14, and an allowance for wood.

An Administration Building with Circulating Branch Annex and 12 independent branch libraries located in various parts of the Borough, have to be supplied with fuel from the Budget Allowance, but owing to the unforeseen fluctuation in the price of coal during the months of January, February and March, the average unit cost per ton paid was \$8.50; the number of tons purchased was 232, and the total expenditure to March 31, 1917, was \$1,972.04.

The unencumbered balance remaining in the code is \$285.21, which will be needed during this month. The estimated amount required to supply the buildings under the jurisdiction of the Library Board for the period beginning May 1, 1917, and ending December 31, 1917, is 136 tons. The estimated cost for this supply, based upon bids received by the Queens Borough Public Library Board on April 4, 1917, is \$1,052.75, at an average unit cost per ton of \$7.74, indicating that the sum requested will be needed.

No funds of the library are available for transfer. Very truly yours,

TILDEN ADAMSON, Director.

The City of New York, Office of the President of the Borough of Queens, Long Island City, March 21, 1917.

To the Honorable the Board of Aldermen, City of New York:

Gentlemen—On the 1st day of March, 1917, your Board adopted a resolution approving of the selection of a site for a refuse destructor at Flushing, 3d Ward of the Borough of Queens.

The resolution was adopted upon a request from this office requesting such action.

Since the site was selected, attention has been called to the fact that the erection of a plant on the site designated would conflict with the zone rules adopted for buildings; furthermore, the closeness of the site to park land has brought forth a protest which I regard as substantial enough to justify the location of the plant at a less undesirable place.

I therefore request that your Board adopt a resolution rescinding the following portion of the said resolution, as follows:—

"The first, located in Flushing, is bounded and described as follows:

"Beginning at a point at the intersection of the westerly line of Eastport Street and the northerly line of Connorton Avenue, as said street and avenue are laid down upon a map establishing the lines and grades of that portion of the Third Ward, Borough of Queens, City of New York, and bounded by Uhland Avenue, Whitestone Avenue, Jackson Avenue, Tallman Avenue, and Fork Street and of Wakefield Street, from Uhland Avenue to the old Village Line, adopted by the Board of Estimate and Apportionment on the 13th day of June, 1912, and filed at Jamaica on August 21, 1912.

"Thence westerly 272.50 feet along the northerly line of Connorton Avenue, as said avenue is laid down on above map, adopted by the Board of Estimate and Apportionment, to the easterly line of Chesterfield Boulevard, the said easterly line of Chesterfield Boulevard, being 10 feet measured at right angles and westerly of the easterly line of Chesterfield Boulevard as laid down on above adopted map.

"Thence northerly deflecting to the right 89 degrees, 42 minutes, 07 seconds for 303.57 feet along the easterly line of Chesterfield Boulevard to the southerly line of Cadiz Place prolonged westerly, said line of Chesterfield Boulevard being parallel to and 10 feet westerly, measured at right angles from the easterly line of Chesterfield Boulevard, as laid down upon adopted map above referred to.

"Thence easterly deflecting to the right 90 degrees, 00 minutes, 00 seconds for 366.53 feet along the southerly line of Cadiz Place, and prolongation thereof, to the westerly line of Eastport Street.

"Thence southerly deflecting to the right for 319.16 feet along the westerly line of Eastport Street to the northerly line of Connorton Avenue, the point of place of beginning." Very truly yours,

RICHARD S. NEWCOMBE, Acting President of the Borough of Queens.
Office of the President of the Borough of Queens, Long Island City, March 23, 1917.

To the Honorable the Board of Aldermen, City Hall, N. Y. City:.

Sirs—On March 1, 1917, your Board adopted a resolution in accordance with the provisions of section 1436 of the Charter, approving of the selection of several sites for refuse destructors in the Borough of Queens. Since the selection of the sites, it has come to my attention that the location of the site at Jamaica will conflict with the Building Zones restrictions, and for that reason I have determined to select, if possible, one which will remove that objection.

I therefore request your approval of a resolution rescinding your previous action in so far as it relates to the following:

Beginning at a point on the northerly line of Sampson Street, as said Sampson Street is defined by stone monuments upon five foot offsets measured at right angles southerly from the northerly line of Sampson Street distant 103.56 feet easterly on the easterly line of Highview Avenue, as said avenue is defined by a monument line situated 5 feet westerly measured at right angles from the easterly line of said Highview Avenue.

Thence northerly along a line distant 100.08 feet easterly measured at right angles from said Highview Avenue and parallel thereto for a distance of 512.04 feet.

Thence easterly deflecting to the right 90 degrees, 0 minutes, 0 seconds for 154.32 feet.

Thence southerly deflecting to the right 89 degrees, 29 minutes, 50 seconds for a distance of 152.70 feet.

Thence southerly, deflecting to the right 7 degrees, 46 minutes, 0 seconds for a distance of 47.02 feet.

Thence southerly deflecting to the right 14 degrees, 38 minutes, 10 seconds for a distance of 159.62 feet.

Thence southerly deflecting to the right 58 degrees, 0 minutes, 45 seconds, for a distance of 1.89 feet.

Thence southerly, deflecting to the right 59 degrees, 42 minutes, 0 seconds, for a distance of 64.55 feet.

Thence southerly deflecting to the left 27 degrees, 58 minutes, 0 seconds for a distance of 83.93 feet.

Thence westerly, deflecting to the left along the northerly line of Sampson Street as defined by a monument line upon a five foot offset southerly measured at right angles from the northerly line of Sampson Street for 79.97 feet to the point or place of beginning.

I will submit to your Honorable Board for approval, a substituted site, as soon as I am able to determine a location. Very truly yours,

MAURICE E. CONNOLLY, President of the Borough of Queens.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Avenue and 26th Street, New York, March 23, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, New York:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request the Board of Aldermen to authorize an issue of special revenue bonds in the sum of \$31,464, of which \$30,600 is for salaries for physicians and surgeons in the Out Patient Departments of the hospitals of the Department, as set forth in the schedule hereinafter mentioned, and \$864 for the employment of additional pupil nurses required at Bellevue Hospital, the salaries to take effect as of April 1, 1917.

The Trustees and the Medical Boards have made every effort to obtain a sufficient number of qualified men who would attend regularly the Out Patient Department at Bellevue, Gouverneur, Harlem and Fordham Hospitals, and owing to the difficulty of maintaining proper control of the attendance of the unpaid doctors in the dispensaries, the Trustees wish to place the entire staff on a paid basis. In order to do so, it will require an additional \$40,800 a year, in accordance with the following tabulation:

Bellevue Hospital, 40 at \$300.....	\$12,000 00
Gouverneur Hospital, 17 at \$300.....	5,100 00
Harlem Hospital, 56 at \$300.....	16,800 00
Fordham Hospital, 23 at \$300.....	6,900 00
	<hr/>
	\$40,800 00

Amount required from April 1st.....\$30,600 00

Report of the Committee on Finance in Favor of Adopting an Ordinance Establishing a Special Fund for All Moneys Realized by the Sale of Firewood by the Department of Parks, Manhattan and Richmond.

The Committee on Finance, to which was referred on March 27, 1917 (Minutes, page 789), the annexed ordinance providing for the establishment of a special fund for all moneys realized by the sale of firewood by the Department of Parks, Boroughs of Manhattan and Richmond, respectfully

REPORTS:

That as a similar fund has been in successful operation in the Department of Parks, Queens, the Committee believes this request desirable and to the best interests of the City.

It therefore recommends the adoption of the accompanying ordinance.

AN ORDINANCE providing for the establishment of a special fund for all moneys realized by the sale of firewood by the Department of Parks, Boroughs of Manhattan and Richmond, in the City of New York.

Be it ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby, in accordance with subdivision 2 of section 23 of article 2a of chapter 26 of the Laws of 1909, as amended by chapter 247 or the Laws of 1913, and in accordance with subdivision 19 of section 20 of article 2a of the same law, approves the establishment of a fund to be known as "Firewood Fund of the Department of Parks, Boroughs of Manhattan and Richmond," and authorizes and directs the Comptroller of The City of New York to place in such fund all moneys received or realized through the sale of firewood by the Department of Parks, Boroughs of Manhattan and Richmond.

Section 2. The Comptroller of The City of New York is hereby authorized to charge against such fund any voucher received from the Department of Parks, Boroughs of Manhattan and Richmond, for hire of labor, teams and horses and carts used by said department in the production of firewood for sale.

Section 3. The Comptroller of The City of New York is hereby further authorized and directed to transfer to the General Fund of The City of New York at the end of each calendar year any sums remaining in the "Firewood Fund of the Department of Parks, Boroughs of Manhattan and Richmond," in excess of Fifteen Hundred Dollars (\$1,500).

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 23, 1917.

To the Board of Aldermen, The City of New York:

Gentlemen—In a communication dated February 6, 1917, addressed to the Board of Estimate and Apportionment and referred to the Comptroller, the Commissioner of Parks, Boroughs of Manhattan and Richmond, requested the establishment in the Department of Parks, Boroughs of Manhattan and Richmond, of a special fund of \$1,500.

This communication, which explains the reasons for the establishment of the fund, reads as follows:

"You are hereby requested to establish for the Department of Parks, Boroughs of Manhattan and Richmond, a special account of \$1,500 for the production of firewood under the same conditions as that established for the Department of Parks, Borough of Queens, and the Department of Correction.

"During 1916, this department turned into the General Fund \$444.25, which was the total received from the sale of wood which was supplied to the Department of Water Supply, Gas and Electricity. The department now has on hand active orders from that department and also inquiries from the Board of Education as to future supplies.

"This request does not involve the appropriation of any funds, but simply permits this department to make use of monies received by it from any department that has use for the wood in payment for a quantity of that commodity delivered.

"The department is in possession of the necessary equipment for sawing and chopping this wood and the current expense in handling the same is for the labor used in reducing the wood to the sizes which make it available for the use of the department requiring the same. The production of the wood sold in 1916 involved a considerable burden upon the department because of the fact that the work was performed by the regular laboring force.

"It is desirable, therefore, that the department be allowed to use the money received for this commodity in the production of the same which will of course leave a considerable balance which will produce sufficient capital to carry the work forward without encroaching upon the regular departmental appropriation for maintenance, and further at the end of the year a surplus which may be turned over to the General Fund for the reduction of taxation."

An examination of this request was made by the Bureau of Municipal Investigation and Statistics of the Department of Finance, and the particulars stated in the above communication were found to be substantially correct.

A similar fund, known as the "Firewood Fund of the Department of Parks, Borough of Queens," has been in successful operation for the past two years.

It is believed that it will be for the best interests of the City generally, and in particular for the Department of Parks, Boroughs of Manhattan and Richmond, that the Commissioner's request be granted, and that a special fund be set up, to which all receipts from the sale of wood made by that department shall be credited, and to which shall be charged all vouchers for labor, teams and horses and carts used in connection with the production and sale of firewood, any surplus arising in the fund in excess of the \$1,500 mentioned to be periodically transferred to the General Fund. Whenever the fund is no longer required, the resultant credit balance will be similarly transferred.

An ordinance has been drafted, a copy of which is attached hereto, which will authorize the establishment of this special fund described as "Firewood Fund of the Department of Parks, Boroughs of Manhattan and Richmond."

In the establishment of the "Firewood Fund of the Department of Parks, Borough of Queens," the opinion of the Corporation Counsel was asked regarding the legality of the procedure, in view of the provisions of section 216 of the Greater New York Charter, which provides for the payment of "All revenues of said corporation not by law otherwise specifically appropriated into the General Fund," and in his opinion, he stated, in part, as follows:

"An ordinance was passed on March 17, 1914, which provided for the establishment of a Special Fund for all money realized by the sale of articles manufactured by the Department of Correction in the City of New York.

"As recognition has been given to the procedure in the manner indicated, I think the same course may be followed in the present instance."

It is, therefore, recommended that the attached ordinance, granting the establishment of the fund referred to, be approved by your Board. Respectfully,

WM. A. PRENDERGAST, Comptroller.

Report of the Committee on Finance in Favor of Adopting Resolution Authorizing an Issue of Special Revenue Bonds, \$1,500, to Provide for Certain Changes in the Aquarium—Parks, Manhattan and Richmond.

The Committee on Finance, to which was referred on March 27, 1917 (Minutes, page 790), the annexed request of the Commissioner of Parks, Manhattan and Richmond, for special revenue bonds, \$1,500, to provide for certain changes in the Aquarium, respectfully

REPORTS:

That these changes are in accordance with orders issued by the Fire Department and according to the annexed report of the Bureau of Contract Supervision, the Committee recommends the adoption of the accompanying resolution.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one thousand five hundred dollars (\$1,500), the proceeds whereof to be used by the Park Commissioner, Manhattan and Richmond, for the purpose of providing for certain changes in the Aquarium. All obligations contracted for hereunder to be incurred on or before December 31, 1917.

City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Municipal Building, Tenth Floor, March 16, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall:

Dear Sir—Request is hereby made on behalf of the New York Aquarium for an authorization of the issue of special revenue bonds to the amount of \$1,500 in accordance with the provisions of subdivision 8 of section 188 of the Greater New York Charter.

The money is necessary in order that the Aquarium authorities may comply with an order issued by the Fire Department under date of February 6, 1917, which requires certain changes in their plant to conform with the Fire Department's regulations.

There is no provision in the Budget for 1917 for the change in the refrigerating machinery room which will cost approximately \$1,500. This machinery is now located in a position which makes impossible enclosure necessary to comply with the requirements of the Fire Department. It is therefore necessary to relocate the machinery on top of the main wall on the south side of the building and enclose same with fireproof construction. Very truly yours,

CABOT WARD, Commissioner of Parks.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, April 9, 1917.

Hon. FRANCIS P. KENNEY, Chairman, Committee on Finance, Board of Aldermen: No. 1411—Request Dated March 16, 1917, from Commissioner of Parks, Borough of Manhattan and Richmond, for an Issue of Special Revenue Bonds, \$1,500, to

Provide Certain Changes in the Aquarium.

Sir—This matter has been investigated and the following facts have developed:

On February 6, 1917, the Fire Department issued an order to the Aquarium authorities stating that, in order to have the refrigerating plant conform with the Fire Department regulations, it would be necessary to provide, together with other minor changes, separate refrigerating machinery room or rooms by tight partitions and tight self-closing doors and windows, to prevent the passage of gas throughout the building, or to rooms in which open flames are used; such separation to be made so that proper ventilation to the open air will be obtained and such partitioning to be placed in such a manner that it will not prevent the proper attention to the refrigerating plant.

The Fire Department would not permit the further operation of the machinery in its location at that time, consequently the Aquarium authorities removed the machinery and located it on top of the main wall on the south side of the building.

The entire plant is now dismantled and before it can be operated it will be necessary to erect a foundation, enclose it with fireproof walls and connect it up with the necessary piping.

This plant is used in the warm weather to cool the City water used in tanks for certain of the exhibits of northern fish.

The estimate of cost, \$1,500, is reasonable and necessary.

Very truly yours,

TILDEN ADAMSON, Director.

Report of the Committee on Finance in Favor of Filing Request of the Commissioner of Parks, Manhattan and Richmond, for Special Revenue Bonds, \$160, for Repairs to Ceiling Lights in the Aquarium.

The Committee on Finance, to which was referred on March 27, 1917 (Minutes, page 790), the annexed request of the Commissioner of Parks, Manhattan and Richmond, for special revenue bonds, \$160, for repairs to ceiling lights in the Aquarium, respectfully

REPORTS:

That the Committee believes a transfer of funds for this purpose can be made. It, therefore, recommends the accompanying request be placed on file.

City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Municipal Building, Tenth Floor, March 21, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, New York City:

Sir—Request is hereby made on behalf of the New York Aquarium for authorization of an issue of special revenue bonds to the amount of \$160, the proceeds to be used for repairs to the ceiling lights which were broken by falling glass from the skylights above at the time of the explosion in New York Bay last summer.

This repair is absolutely necessary as the absence of these lights makes the ceiling unsightly, and further causes an increased expense for heating the building because of the escape of the air to the attic. Respectfully,

CABOT WARD, Commissioner of Parks.

Report of the Committee on Finance in Favor of Adopting Resolution Authorizing an Issue of Special Revenue Bonds, \$300,000, to Defray Expenses of Operation and Maintenance of the Water Supply System of the City.

The Committee on Finance, to which was referred on April 3, 1917 (Minutes, page 11), the annexed request of the Commissioner of Water Supply, Gas and Electricity for Special Revenue Bonds, \$300,000, to defray the expenses of the operation and maintenance of the water supply system of the City, respectfully

REPORTS:

That, in the preparation of the 1917 Budget, it was agreed to provide funds for this purpose by allotments from Brooklyn water revenues. This has been found to be impracticable on account of charter provisions, and it, therefore, becomes necessary to correct this action by issuing Special Revenue Bonds for the maintenance and operation of the water system.

The Committee, therefore, recommends the adoption of the accompanying resolution.

Resolved, That in pursuance of the provisions of Subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of three hundred thousand dollars (\$300,000), the proceeds whereof to be used by the Commissioner of Water Supply, Gas and Electricity for the purpose of enabling his department to meet the expenses of operation and maintenance and to assume control of the Catskill water supply system, funds for which were not wholly provided in the budget for 1917.

The City of New York, Department of Water Supply, Gas and Electricity, Office of the Commissioner, Municipal Building, New York, March 27, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen:

Dear Sir—I respectfully ask that the Board of Aldermen formally request, pursuant to the provisions of subdivision 8 of section 188 of the City Charter, the Board of Estimate and Apportionment to authorize the issuance of \$300,000 of revenue bonds, the proceeds to be used to defray the expenses of the operation and maintenance of the water supply system of New York City. This request is made by reason of the fact that the department is about to assume control of the Catskill water supply system, funds for the operation and maintenance of which were not wholly provided in the 1917 budget. Respectfully,

WILLIAM WILLIAMS, Commissioner.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, March 31, 1917.

Hon. FRANCIS P. KENNEY, Chairman Finance Committee, Board of Aldermen, City of New York:

Dear Sir—Last October, when the appropriations for the Department of Water Supply, Gas and Electricity for the year 1917 were being considered by the Board of Estimate and Apportionment, certain allotments were made from the fund created by Brooklyn water revenues to pay the expenses of maintaining and operating the Catskill system and a part of the Croton system. This action, as I am informed, was based upon the assumption that substantially all of the reduction in the operating and maintenance expenses of the city's existing water supply plants affected through the operation of the Catskill system would be found in connection with the Brooklyn system.

The Tax Budget Committee of the Board of Estimate and Apportionment has recently given special consideration to this subject. As a result thereof, it has been found to be impracticable to use the Brooklyn water revenues to fund the cost of the operation and maintenance of the Catskill and Croton systems as was designed when the budget was approved. The provisions of the charter of the former City of Brooklyn, pledging to the Brooklyn Water Sinking Fund the revenues from the sale of water in Brooklyn, after the payment of all interest, operating and maintenance charges, has been held by the Comptroller to be a legal bar to the using of any of these revenues for the supply of water to any part of the city other than the Borough of Brooklyn. Even if this were not so, section 242 of the city charter in

its present form would seem to make such a course as contemplated by the 1917 budget allotments of doubtful legality. It, therefore, becomes necessary to correct the action taken at the time the budget was made and to otherwise provide, in part at least, through the issuance of special revenue bonds, to be authorized pursuant to subdivision 8 of section 188, for those expenses of maintenance and operation of the Department of Water Supply, Gas and Electricity for 1917, which it was proposed to finance out of Brooklyn water revenues.

The Tax Budget Committee has suggested to the Commissioner of Water Supply, Gas and Electricity, that he ask the Board of Aldermen to approve a resolution requesting the Board of Estimate and Apportionment to authorize the issuance of special revenue bonds, at this time, to the extent of \$300,000, for purposes herein previously referred to.

A memorandum, for your information, is being prepared in the Bureau of Personal Service, of the Board of Estimate and Apportionment, setting forth in some detail the amounts that will be required for the several purposes of the department. Yours very truly,

WM. A. PRENDERGAST, Comptroller, Chairman Committee on Tax Budget.

April 2, 1917.

Mr. ROBERT B. MCINTYRE, Supervising Statistician and Examiner, Bureau of Municipal Investigation and Statistics:

Sir—In compliance with your request for a statement of the amount of special revenue bond funds which will be necessary to replace Brooklyn water revenue in certain schedules of the Department of Water Supply, Gas and Electricity, in accordance with the new policy of financing the Catskill system, I inform you as follows:

The total amount required, on the basis of a nine months period of expenditures, for personal service is \$183,876.44. This amount is to be replaced in Codes 2155TW, 2157TW, 2182TW, 2184TW, 2194TW and 2198TW.

The Bureau of Contract Supervision has submitted a statement indicating that \$311,247.25 is necessary in other than personal service accounts. This makes a total necessary for all purposes of \$495,123.69. The other than personal service items are made up as follows:

Code 2219 Chloride of Lime, etc.....	\$42,740 00
Code 2244 General Repairs	14,886 00
Code 2308 Taxes	172,477 00
Catskill Watershed	42,532 25
Manhattan Pumping	28,802 50
Sundry Accounts	9,809 50

Total

The item of \$42,532.25 for the Catskill system represents 50 per cent. of the appropriation for the other than personal service cost of the system for 1917. This is on the basis that 150,000,000 gallons daily of the Catskill supply will go to Brooklyn out of a total yield daily running from 250,000,000 to 350,000,000 gallons. The personal service cost was apportioned in the same manner, but the tax levy funds were appropriated at the meeting of the Board of Estimate and Apportionment, held last Friday, out of the General Accrual Fund. Very truly yours,

Which was laid over.

The Committee on Rules, to which was referred on April 3, 1917 (Minutes, page 26), the annexed resolution in opposition to the Fertig Bill (Assembly), relative to a transfer of jurisdiction over the Jasper Oval for the purpose of an enlargement of the Stadium, respectfully

REPORTS:

That the Fertig Bill No. 1460, now before the Committee on Affairs of Cities of the Assembly, contemplates the transfer of City Land known as Jasper Oval, now under the jurisdiction of the Park Department of the Borough of Manhattan, to the College of the City of New York, thereby excluding the Public from the use of this park property as a recreation center. We therefore recommend that the Board of Aldermen convey to the State Legislature our opposition to the passage of this legislation.

It therefore recommends that the said resolution be adopted.

Whereas, there is now pending in the Assembly at Albany the Fertig Bill, which has for its object the taking of City property known as Jasper Oval, to enlarge the stadium of the College of the City of New York; and

Whereas, Jasper Oval has been used as an athletic field by many of the working

young men of Harlem and the Heights, who are members of minor league teams, and cannot stand the expense of training trips such as the big leagues offer their players; and

Whereas, many athletic clubs have tried in the past to secure the stadium for training purposes for their members, but without success; and

Whereas, Jasper Oval is now being used by the general public, being under the jurisdiction of the Park Department, which two years ago appropriated \$25,000 toward levelling and surfacing the ground; therefore be it

Resolved, that this Board of Aldermen go on record as opposing the passage of the Fertig Bill, as inimical to the interests of the growing athletic meets, and that the Clerk of the Assembly be notified to that effect.

ROBERT L. MORAN, SAMUEL J. BURDEN, JOHN J. O'ROURKE, FRANCIS P. KENNEY, JOHN F. MCCOURT, Committee on Rules.

Park Commissioner, Manhattan and Richmond—Request for Special Bonds, \$7,500, for Purchase of Coal, Etc.

Hon. FRANCIS P. KENNEY, Chairman, Committee on Finance, Board of Aldermen:

Sir—On March 1, 1917, you referred the above matter to the Bureau of Contract Supervision for report.

The budget request of the department for fuel was granted in full.

Investigation of the present request substantiates the statement that there will be a decided deficit in the fuel account due to the present prices of coal. The existing appropriation will be sufficient at least until May 1, 1917.

Inasmuch as the question of additional allowances for the purchase of coal is one affecting practically every department, and in view of the uncertainty of the market, I am of the opinion that the matter should be the subject of a detailed report embracing the requirements of all departments and recommending such financial arrangements as will be requisite to cover the situation as a whole. Very truly yours,

TILDEN ADAMSON, Director.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, April 2, 1917.

No. 1314—Park Commissioner, Manhattan and Richmond—Request for Special Revenue Bonds, \$7,500, for Purchase of Fuel, etc.

Hon. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen:

Sir—As requested by you I have caused an estimate to be made of the probable shortage in the 1917 budget appropriation for fuel, for the Department of Parks, Boroughs of Manhattan and Richmond, the result of which is as follows:

Expended to March 31, 1917..... \$11,180 20

Estimated required to December 31, 1917, in addition to amount expended 7,551 70

Total estimated cost for 1917..... \$18,731 90

1917 Budget Allowance (Code 1131)..... 14,105 00

Estimated Deficit

\$4,626 90

Respectfully, TILDEN ADAMSON, Director.

The President put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bassett, Burns, Burden, Browne, Carroll, Cardani, Cassidy, Cole, Collins, Colne, Cox, Crane, Cunningham, Curley, Daly, Delaney, Diemer, Dixon, Donnelly, Dostal, Dunn, Drescher, Eagan, Farley, Ferguson, Ferrand, Gaynor, Gilmore, Glennon, Goetz, Gutman, Haubert, Heyman, Hilkemeier, Hogan, Kenneally, Kenney, McCann, McCourt, McGarry, McKee, McManus, Martin, Molen, Mullen, O'Rourke, Palitz, Post, Quinn, Roberts, Robitzek, Ryan, Schweickert, Silberstein, Smith, Stapleton, Stevenson, Tolk, Trau, Walsh, Williams, Wirth, Wise; President Connolly, by Albert C. Report of the Committee on Finance in Favor of Adopting Resolution Authorizing an Issue of Special Revenue Bonds, \$316,492.40, to Meet Deficiency in Appropriation for Coal for 1917—Department of Docks and Ferries.

The Committee on Finance, to which was referred on March 13, 1917 (Minutes,

page 699), the annexed request of the Commissioner of Docks for Special Revenue Bonds, \$375,200, to meet deficiency in appropriation for coal for the year 1917, respectfully

REPORTS:

That this request is for the purpose of overcoming an emergency caused by the excessive cost of fuel, and, as some relief must be had in order to keep the Municipal ferryboats in operation, the Committee recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of Three hundred and sixteen thousand four hundred and ninety-two dollars and forty cents (\$316,492.40), the proceeds whereof to be used by the Commissioner of Docks for the purpose of meeting deficiency in appropriation for the purchase of coal for the year 1917.

FRANCIS P. KENNEY, WM. P. KENNEALLY, F. H. STEVENSON, JOHN DIEMER, HENRY H. CURRAN, MICHAEL STAPLETON, SAMUEL J. BURDEN, FRANK A. CUNNINGHAM, CHARLES DELANEY, Committee on Finance.

The City of New York, Department of Docks and Ferries, Office of the Commissioner, Pier A, North River, March 1, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen:

Sir—The available balance in the funds allotted to this department for the purchase of coal for the year 1917 is \$96,506.45.

Based upon estimates of cost received from the Central Purchase Committee, the requirements for this year, over and above the coal already contracted for, are as follows:

76,000 tons of No. 2 Buckwheat coal for the Municipal Ferry service at \$6.00 per ton	\$456,000 00
130 tons of egg coal for Pier "A" at \$8.50 per ton	1,105 00
22½ tons of stove coal for Dockmaster's offices at \$8.75 per ton	196 88
1,800 tons of egg coal for floating plant at \$8 per ton	14,400 00
Total	\$471,701 88
Available balance as above	96,506 45

Deficiency

I request that a resolution be adopted by the Board of Aldermen recommending to the Board of Estimate and Apportionment that revenue bonds in the sum of \$375,200.00 be issued for the purpose of meeting the above deficiency.

Yours respectfully, R. A. C. SMITH, Commissioner of Docks.
City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, April 2, 1917.

No. 1354—Commissioner of Docks—Request for Special Revenue Bonds, \$375,000, to Meet Deficiency in Appropriation for the Purchase of Coal for the Year 1917.

Hon. FRANCIS P. KENNEY, Chairman, Committee on Finance, Board of Aldermen:

Sir—The requests and allowances provided in the Budget for 1917 for coal for the Department of Docks and Ferries are as follows:

Kind.	Price.	Requested.	Allowed.
79,500 tons Buckwheat	\$3 50	\$278,250 00
78,000 tons Buckwheat	3 00	\$234,000 00
1,933 tons Egg	5 80	11,211 40
1,798 tons Egg	5 80	10,428 40
79 tons Stove	7 50	592 50
79 tons Stove	7 50	592 50
Total		\$290,053 90	\$245,020 90

The reductions in quantity were based on previous consumption.

Up to and including March 28, 1917, the Department had received or had contracted for at various prices for the following deliveries:

31,624.81 tons No. 2 Buckwheat	\$220,836 94
512.642 tons Egg	4,383 81
17 tons Stove	169 35

Total

This coal is estimated to meet demands to May 1, 1916. The unencumbered balance of appropriation is \$19,630.80.

The amount of coal consumed by the ferries in January and February, 1917, exceeded by 19 per cent. the proportionate amount for this period on the basis of 1915 consumption and budget allowance. At this rate the consumption during the year 1917 would be 93,000 tons and the amount required, in addition to what has been purchased, would be 61,375 tons.

This consumption has been excessive, owing to the character of the coal, which has contained a large proportion of fine dust. The laboratory report on one particularly bad sample shows only 17 per cent. retained by the fine screen, whereas the specifications require that 90 per cent. shall be retained. The Dock Department accepted the coal, owing to the uncertainty of obtaining better coal. As the boilers are equipped with blowers for forced draft, they can use almost any form of fuel that can be obtained.

The amounts of 17 tons of stove and 512 tons of egg coal purchased since January 1, 1917, deducted from the allowances in the budget, leave 62 tons of stove coal and 1,286 tons of egg coal as the amounts required for the balance of the year.

The prices paid by the Department of Docks and Ferries since January 1, 1917, have varied from \$5.79 per ton to \$7.69 per ton for Buckwheat, from \$8.00 to \$10.50 per ton for stove and from \$8.45 to \$9 for egg coal.

Upon the consumption basis for 1917 to date, and the assumption that poor coal deliveries will continue, the additional appropriation required for the remainder of the year may be estimated as follows:

61,375 tons Buckwheat at \$5.80	\$355,975 00
1,286 tons Egg at \$8.40	10,802 40
62 tons Stove at \$8.40	520 80
.....	\$367,298 20
Unencumbered balance of appropriation	19,630 80

Additional Requirements

It is believed, however, that an allowance of 56,000 tons, which would be the normal consumption of No. 2 Buckwheat coal for the eight remaining months on the assumption that coal complying with the specifications will be delivered, will be sufficient.

The additional needs, on this basis, will be \$316,492.40. Respectfully,
TILDEN ADAMSON, Director.

The President put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Hon. FRANK L. DOWLING, President, Board of Aldermen:

Dear Sir—I transmit herewith a certified copy of a report and resolution adopted by the Board of Education at a meeting held on March 14, 1917, requesting the Board of Aldermen to adopt a resolution requesting the Board of Estimate and Apportionment to authorize the issue of Special Revenue Bonds to the amount of \$7,200, pursuant to the provisions of subdivision 8 of Section 188 of the Revised Charter, for the purpose of providing means to defray the cost of the removal and re-erection of Public School 13, Queens, on a site to be acquired opposite said school on Parcell street, etc. Respectfully yours,

A. E. PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Finance respectfully reports that it is in receipt of a communication from the Secretary of the Board, as follows:

"March 8, 1917.

"There was included in the resolutions adopted by the Board of Education on February 28, 1917, requesting funds for new buildings, sites, etc., an item of \$7,500 for the acquisition of five lots on Parcell street, opposite the present site of Public School 13, Queens, which is at present located on the site of the proposed addition to the Newtown High School, Queens, for the permanent location of Public School 13.

"The estimated cost of the removal of Public School 13 and the erection of the same on the property to be acquired is \$7,200, for which no provision was made in the Budget.

"The Committee on Buildings and Sites therefore requests that the Committee on Finance present a resolution to the Board of Education asking the Board of Aldermen to authorize an issue of Special Revenue Bonds to the amount of \$7,200 to defray the cost of the removal and re-erection of Public School 13, Queens, on a site to be acquired opposite said school on Parcell street."

—and submits for adoption the following resolution:

Resolved, That the Board of Aldermen be, and it is hereby, respectfully requested to adopt a resolution requesting the Board of Estimate and Apportionment to authorize the issue of Special Revenue Bonds to the amount of seven thousand two hundred dollars (\$7,200), pursuant to the provisions of subdivision 8 of Section 188 of the Revised Charter, for the purpose of providing means to defray the cost of the removal and re-erection of Public School 13, Queens, on a site to be acquired opposite said school, on Parcell street; and that the Board of Estimate and Apportionment be, and it is hereby, respectfully requested to authorize such issue upon the request of the Board of Aldermen.

No. 1391—Board of Education—Request for \$7,200, special revenue bonds, to defray the cost of removing and re-erecting Public School 13, Borough of Queens.

Hon. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen:

Sir—The Bureau of Contract Supervision has investigated this request and reports thereon as follows:

The purpose of this request is to provide means to defray the expense of removing the frame building of Public School 13 from its present site adjacent to Newtown High School at Elmhurst to a site to be purchased on Parcell street, opposite to the present location of the building.

Removal of this building is necessary in order to clear the site for the proposed extension of Newtown High School, plans for which are now in preparation. A request for \$7,500, corporate stock, for the purchase of the site to which Public School 13 is to be removed is now before the Board of Estimate and Apportionment. A report approving the request is in preparation.

The building of Public School 13 is in excellent condition and its use cannot be discontinued owing to the educational requirements of this section of the Borough of Queens.

The relocation of the building as proposed is the most satisfactory and economical disposition of the matter. The cost is reasonably estimated at \$7,200. There are no funds provided in the 1917 budget for the purpose of removing this building.

Respectfully,
TILDEN ADAMSON, Director.

Re Special Revenue Bonds.

To the Honorable the Board of Aldermen, City Hall, N. Y. C.:

Gentlemen—I respectfully request the authorization of special revenue bond funds in the amount of \$20,000 to meet an anticipated deficiency in the account Code 1989—Donations to Spanish War Veterans.

The original appropriation for the year 1917 was \$20,000. The expenditures to date amount to \$13,234. This leaves a balance of \$6,766 in the account, or about

enough to last until the end of April. During the year 1916, the donations made to Spanish War Veterans amounted to \$45,000. At the rate of the expenditures during this year up to date, there is every reason to believe that \$46,000 additional will be required. The Director of the Bureau of Social Investigations states that although the expenditures in this account have risen from month to month during the past year, they are making a determined effort to keep them down to the present rate. The case history in each new case, and in each case where an increase is asked, is being forwarded to the Director's office for review and will be subjected to the most careful scrutiny before approval. Allowance is not made for any further increase in the rate of expenditure, although it is appreciated that there is incurred the danger of exhausting the fund before the end of the year.

It is rather difficult to control the amount of donations made to veterans, as the Department is required to render assistance when application is made and upon investigation it is found that the parties making the application are really entitled to assistance.

It is highly probable that the above indicated amount will be necessary before the expiration of the year. At the present time, however, we are asking for the amount indicated, namely, \$20,000.

May I request that this matter be given prompt and favorable attention.

Very sincerely yours, HENRY C. WRIGHT, Deputy and Acting Commissioner.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, April 2, 1917.

No. 1420—Commissioner of Public Charities—Request for Special Revenue Bonds, \$20,000, to Meet Anticipated Deficiency in the Account, Code No. 1989, Donation to Spanish War Veterans.

Hon. FRANCIS P. KENNEY, Chairman, Committee on Finance, Board of Aldermen:

Sir—An investigation of this request indicates that the amount requested is necessary and will only partially meet the needs of the Department for the balance of the year.

The number of applicants has considerably increased and the amount donated has in many cases been somewhat increased due to the high prices of practically every commodity. In cases where allowances have been made for items of living on a former reasonable basis, it has been necessary to approve applications for increased allowances.

There is quite a difference of opinion between this bureau and the Department of Charities as to just how far the City's obligation in this matter extends, and until a number of questions are answered by the Corporation Counsel, and an investigation in the field is completed, it would seem as if there was nothing else to do but continue payments on the present basis. For this reason and the fact that sufficient information cannot be had for several months, the requests should be approved.

Respectfully, TILDEN ADAMSON, Director.

The President put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bassett, Burns, Burden, Browne, Carroll, Cardani, Cassidy, Cole, Collins, Colne, Cox, Crane, Cunningham, Curley, Daly, Delaney, Diemer, Dixon, Donnelly, Dostal, Dunn, Drescher, Eagan, Farley, Ferguson, Ferrand, Gaynor, Gilmore, Glennon, Goetz, Gutman, Haubert, Heyman, Hilkemeier, Hogan, Kenneally, Kenney, McCann, McCourt, McGarry, McKee, McManus, Martin, Molen, Mullen, O'Rourke, Palitz, Post, Quinn, Roberts, Robitzek, Ryan, Schweickert, Silberstein, Smith, Stapleton, Stevenson, Tolk, Trau, Walsh, Williams, Wirth, Wise; President Connolly, by Albert C. The President put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Bassett, Bent, Browne, Carroll, Cardani, Cassidy, Collins, Colne, Cox, Crane, Curley, Diemer, Dixon, Donnelly, Dostal, Dunn, Drescher, Eagan, Farley, Ferguson, Ferrand, Gaynor, Gilmore, Goetz, Gutman, Haubert, Heyman, Hilkemeier, Hogan, Kenneally, Kenney, McCann, McCourt, McKee, McManus, Martin, Mullen, O'Rourke, Palitz, Post, Quinn, Roberts, Robitzek, Ryan, Silberstein, Smith, Stapleton, Stevenson, Tolk, Trau, Walsh, Williams, Wirth, Wise; the Vice-Chairman—55.

Report of the Committee on Finance in Favor of Filing a Resolution Relative to the Establishment of a Municipal Bathhouse at Coney Island.

The Committee on Finance, to which was referred on July 7, 1916 (Minutes, page 45), the annexed resolution relative to establishment of a municipal bath house on the Dreamland beach front at Coney Island, respectfully

REPORTS:

That the Committee reiterates its opinion of a previous report (Minutes, Feb. 27, 1917) and recommends the matter be placed on file.

Whereas, The Municipal Bath House at Coney Island has proven to be a great success by accommodating thousands of men, women and children who heretofore were unable to get the benefit of the cool ocean waves as they dash upon the shore and enjoy plenty of refreshing salt water due to the excessive prices charged by the private bath house keepers on Sundays and holidays, which is the only time the working class can attend seaside resorts; and

Whereas, The present Municipal Bath House cannot adequately accommodate the many thousands who wish to take advantage of this great public benefit and consequently are turned away, especially women and children; and

Whereas, The establishment of a Municipal Bath House charging a nominal fee has proven to be self-sustaining; and

Whereas, Since the establishment of the present Municipal Bath House the City has acquired Dreamland Beach at a great expense and which is practically useless; therefore be it

Resolved, That the Board of Estimate and Apportionment through its Corporate Stock Budget Committee be respectfully requested to consider the advisability of establishing another Municipal Bath House on the Dreamland beach front, to be devoted to the use of mothers and children, with a roof garden attached, and that a report as to the advisability of carrying out this plan be made to this Board at its next regular meeting.

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, February 3, 1917.

Mr. JOHN J. FLAHERTY, Committee Clerk, Board of Aldermen, New York City:

Dear Mr. Flaherty—Your favor of the 31st ult., asking for a statement regarding the financial operations of the Municipal Bath House at Coney Island, was duly received.

I enclose herewith statement of the receipts and cost of maintenance and operation during the year 1911, when this bath house was first built. The first year of its operation, 1911, you will remember, it was not ready for use until late in the season, hence the small receipts for that year.

The enclosed statement, of course, only covers the cost of operation and repairs. It does not take into consideration the interest or amortization on the original cost on City property and therefore no appropriation was made for land.

If the enclosed information is not what you desire I shall be pleased to furnish anything additional at your request.

The cost of the building originally was \$175,000. It was built of the bath house. The cost of the building originally was \$175,000. It was built of the bath house.

Yours very truly,

Report of the Committee on Markets in Favor of Adopting an Ordinance to Amend the Code of Ordinances, Relating to Markets.

The Committee on Markets, to which was referred on March 27, 1917 (Minutes, page —), the annexed request of the Commissioner of Plant and Structures for amendments to chapter 15 of the Code of Ordinances relating to markets, respectfully

REPORTS:

That as this space is seldom used for market purposes, it would be to the City's advantage to grant the exemption asked for, as increased revenue would be had.

It, therefore, recommends the adoption of the accompanying ordinance.

AN ORDINANCE to amend section 26 of article 2 of chapter 15 of the Code of Ordinances, relating to the "Manhattan Bridge Market."

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. Section 26 of article 2 of chapter 15 of the Code of Ordinances, relating to the "Manhattan Bridge Market" is hereby amended to read as follows:

§26. Manhattan bridge market.
The space under the Manhattan bridge, between Henry street [East Broadway] and Madison street, in the borough of Manhattan, shall be set aside for a public market to be known as the Manhattan bridge market.

Sec. 2. This ordinance shall take effect immediately.

Note—New matter in italics; old matter, in brackets [], to be omitted.

WM. P. MCGARRY, WILLIAM J. DALY, B. E. DONNELLY, T. M. FARLEY, GEORGE HILKEMEIER, CHAS. H. HAUBERT, Committee on Markets.

Department of Plant and Structures, City of New York, Municipal Building, Manhattan, N. Y., March 21, 1917.

To the Honorable the Board of Aldermen of the City of New York:

Gentlemen—The space set aside for a public market by your Honorable Board under the Manhattan Approach of the Manhattan Bridge, in chapter 15, article 2, section 26 of the Code of Ordinances, includes the bridge property in the block between East Broadway and Henry Street, and the bridge property in the block between Henry and Madison Streets. An advantageous offer has been received for the rental of the bridge property between East Broadway and Henry Street. The Market is used only to a limited extent, and if the block between East Broadway and Henry Street is leased, the other block would provide sufficient space for market purposes in this locality. I therefore beg to request that you amend the above mentioned section of the Code so that it would not include the block between East Broadway and Henry Streets, and I would suggest that the section be made to read as follows:

Chapter 15, article 2, section 26. Manhattan Bridge Market. The space under the Manhattan Bridge, between Henry and Madison Streets, in the Borough of Manhattan, shall be set aside for a public market to be known as the Manhattan Bridge Market. Yours truly,

F. J. H. KRACKE, Commissioner.

The president put the question whether the Board would agree with said report and adopt such ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bassett, Bent, Browne, Carroll, Cardani, Cassidy, Cole, Collins, Colne, Cox, Crane, Curley, Daly, Delaney, Diemer, Dixon, Dostal, Dunn, Drescher, Eagan, Farley, Ferguson, Ferrand, Gilmore, Glennon, Gutman, Haubert, Heyman, Hilkemeier, Hogan, Kenneally, Kenney, McCann, McCourt, McGarry, McKee, Moore, Mullen, O'Rourke, Quinn, Roberts, Robitzek, Ryan, Schweickert, Silberstein, Smith, Stapleton, Stevenson, Tolk, Trau, Walsh, Williams, Wirth, Wise; President Connolly, by Albert C. Report of the Committee on Public Thoroughfares in Favor of Adopting Resolution to Change the Name of Johnson Street, Borough of Brooklyn, to Caton Avenue.

The Committee on Public Thoroughfares to which was referred on September 26, 1916, (Minutes, page 218), the annexed recommendation of the President of the Borough of Brooklyn to change the name of Johnson Street to Caton Avenue, respectfully

REPORTS:

That these streets are one continuous thoroughfare and it is for the purpose of avoiding confusion that the request is made.

The Committee, therefore, recommends the adoption of the accompanying resolution.

Resolved, That the following resolutions adopted April 18, 1916, and which became effective May 2, 1916:

"Resolved, That the name of Johnson Street, between Coney Island Avenue and East 7th Street, in the Borough of Brooklyn, be and the same is hereby changed to and shall hereafter be known and designated as Caton Avenue, and the President of the borough be and he is hereby authorized and requested to number or renumber the buildings on said thoroughfare in such manner and to such extent as may be necessary, and to note the changes on the maps and records of The City of New York."

—be and the same is hereby amended by striking therefrom the word and figure "East 7th Street" and inserting in lieu thereof the words "Ocean Boulevard."

MICHAEL STAPLETON, FRED SMITH, WILLIAM A. GLENNON, CHARLES W. DUNN, EDWARD W. CURLEY, THOMAS W. MARTIN, ALEXANDER S. DRESCHER, W. F. QUINN, FRANK MULLEN, Committee on Public Thoroughfares.

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, September 13, 1916.

The Honorable Board of Aldermen, City of New York:

Gentlemen—On April 18, 1916, your board adopted a resolution changing the name of Johnson street, between Coney Island avenue and East 7th street, to Caton Avenue. Your attention is called to the fact that the City Map shows Johnson street extending from Coney Island avenue to Ocean boulevard. While that portion between East 7th street and the boulevard has not been opened it is still on the map and it is apparent therefore that it should have a name consistent with the balance of the street, which is now Caton avenue.

I would therefore recommend that your board amend the resolution of April 18th so as to change the name of Johnson street for its entire limit, i. e., from Coney Island avenue to Ocean boulevard, to Caton avenue. Yours very truly,

E. W. VOORHIES, Commissioner of Public Works, Borough of Brooklyn.

The President put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bassett, Bent, Browne, Carroll, Cardani, Cassidy, Cole, Collins, Colne, Cox, Crane, Curley, Daly, Delaney, Diemer, Dixon, Dostal, Dunn, Drescher, Eagan, Farley, Ferguson, Ferrand, Gilmore, Glennon, Gutman, Haubert, Heyman, Hilkemeier, Hogan, Kenneally, Kenney, McCann, McCourt, McGarry, McKee, Moore, Mullen, O'Rourke, Quinn, Roberts, Robitzek, Ryan, Schweickert, Silberstein, Smith, Stapleton, Stevenson, Tolk, Trau, Walsh, Williams, Wirth, Wise; President Connolly, by Albert C. Bellevue and Allied Hospitals.

An adjourned regular meeting of the Board of Trustees of Bellevue and Allied Hospitals was held on Friday, Feb. 16, 1917, at 3:30 p. m.

Present—Dr. Brannan, the President, in the chair; Messrs. Paulding, O'Keeffe, Farley and Sachs. Excused—Mr. Robbins, Mr. Stern and Mr. Kingsbury, Commissioner of the Department of Public Charities.

Dr. O'Hanlon, the General Medical Superintendent, reported as follows:

We are continuing to experience great difficulty in securing proper medical and surgical supplies for the hospitals of the Department through General Drug. Many articles are greatly delayed, while others are received in such limited quantities that they are practically useless. This matter has been repeatedly taken up with Mr. Kenney, who is in charge, without material success.

The building formerly used by the General Drug Department, within the grounds of Bellevue, is still used by them as a storeroom, but is not, however, fully occupied. The pressure for additional space is becoming so great that it is suggested that action be taken that will secure for Bellevue the unused portion.

The Attending Physicians have complained recently of the shortage of nurses on the wards, particularly at night. The wards have been very heavy with acute cases, especially pneumonia. Owing to our limited nursing staff we are unable to increase the assignment.

On separate motion, duly seconded and carried in each instance, action was taken upon the report of the General Medical Superintendent, as follows:

It was Resolved, To bring to the attention of the Commissioner of the Department of Public Charities that the Trustees are alarmed over the shortage

of medical and surgical supplies for the hospitals of the department, and request him to take appropriate action to furnish the hospitals under the jurisdiction of the Trustees with a sufficient quantity of medical and surgical supplies and equipment for the proper care of the patients.

It was Also Resolved, To request the Commissioner of Public Charities to assign to the use of this department the building formerly occupied as a General Drug Department at as early a date as practicable.

After consideration, it was moved, seconded and carried to authorize a request to the Board of Aldermen for an issue of special revenue bonds for additional nurses required at Bellevue Hospital, it being estimated that twenty-five nurses are required at the present time, but the number is to be determined by the General Medical Superintendent.

COMMITTEE REPORTS.

Mr. Paulding on behalf of the Conference Committee of Gouverneur Hospital recommended that the surgical service at Gouverneur Hospital be placed in charge of two Directors, each on continuous duty for six months, and to ask the Medical Board for nominations. The Committee also considered the creation of a joint gynaecological and obstetrical service, and recommended that before the Trustees take action the Medical Board be asked for an expression of opinion relating thereto. The establishing of an evening cardiac clinic in the Out Patient Department was approved and the Trustees await nominations to the place. The Trustees also approved the request for an additional interne for one year medical and pediatric service.

The Special Committee appointed to select two motor ambulances, for which funds were allowed in the budget for 1917, recommended the purchase of two White cars.

The Building Committee presented revised plans for the layout of the grounds at Harlem Hospital, the estimated cost of which including architects' and engineers' fees will be \$16,500, and recommended that in view of the fact that the grounds lie about all the buildings, the expenditure be a charge, in equal proportions, against Code C. B. H. 13c for the construction of additional wings; C. B. H. 13f, additions to buildings, and C. B. H. 13g, alterations to the power house and ambulance station. After consideration, it was moved, seconded and carried to accept these plans and authorize their transmission to the Board of Estimate and Apportionment for their approval.

The Building Committee reported that it had obtained estimates from McKim, Mead and White, of the cost of constructing a bridge from the Out Patient Department building to the hospital at Gouverneur and that it would be about \$6,000, and presented a blue print of such a bridge. After discussion, it was moved, seconded and carried to authorize this work after the architects have prepared plans, and to obtain permission from the Board of Estimate and Apportionment to construct such a bridge.

The Building Committee presented specifications for painting the new Out Patient Department of Gouverneur Hospital, at an estimated cost of \$3,000, chargeable against C. B. H. 17b. On motion, duly seconded and carried, these specifications were accepted and their transmission to the Board of Estimate and Apportionment for approval was authorized.

The Chairman of the Building Committee also presented the plans and specifications for the installation of loggia enclosures for pavilions I and K at Bellevue Hospital, the estimated cost of which is \$1,700, chargeable against C. B. H. 10f. On motion, duly seconded and carried, this report was approved.

Mr. O'Keeffe reported that at a recent meeting of the Social Service Committee, the subject of considering the desirability of making at the hospital the surgical apparatus, braces, etc., that will be required by the patients, was discussed. After consideration, this matter was referred to the General Medical Superintendent for inquiry and report on the feasibility of carrying out this plan.

COMMUNICATIONS.

The minutes of the Medical Board of Gouverneur Hospital for Feb. 3 were presented. Action on Mary Halton's connection with the birth control propaganda was deferred pending the receipt from the Medical Board of the report of their investigation. The other matters requiring the action of the Board of Trustees having been referred to the Conference Committee and reported upon, the minutes were ordered placed on file.

The minutes of the Executive Committee of the Medical Board of Bellevue Hospital for Feb. 14 were presented. On motion, duly seconded and carried, the reports relating to the shortage of medical and surgical supplies were noted, this matter having been referred to in the report from the General Medical Super-

intendent. The request to the Board of Aldermen for an issue of special revenue bonds for the employment of additional nurses required at Bellevue Hospital had also been acted on. The nomination of Warren Coleman as a member of the Advisory Committee on Nursing, in the place of W. Gilman Thompson, resigned, was approved.

A communication, dated Feb. 9, was presented from the R. J. McKinnon Construction & Engineering Company, requesting the withdrawal of their bid and the return of their deposit on an estimate received by the Trustees on Dec. 12, 1916, for the installation of a recording and indicating feed water meter in the boiler house at Bellevue. As the Trustees did not have funds available in the appropriations for 1916, and as none were specifically provided in the budget for 1917, and as the request to the Board of Estimate for permission to make this a charge against the 1917 appropriation has not been acted upon as yet, it was moved, seconded and carried to reject all bids for this work and re-advertise when funds become available.

A letter, dated Feb. 15, was presented from the Simes Company, contractors for the National Surety Company, for the completion of the abandoned contract of the International Gas and Electric Fixture Company, asking that the Trustees allow them to hang fixtures and obtain payment of the balance of their account with the full certificate of the Department of Water Supply, Gas and Electricity. On motion, duly seconded and carried, this letter was referred to the Building Committee for recommendation.

A communication, dated Feb. 8, was presented from the Fire Department, stating that upon the advice of the Corporation Counsel, the initiative in matters relating to fire escapes and additional exits should be taken by the Superintendent of Buildings and that the orders issued by the Fire Department affecting the old buildings at Bellevue have been cancelled on their records and referred to the Superintendent of Buildings for attention. As the Department has already entered into a contract with A. W. King for this work, the communication was ordered placed on file.

A letter, dated Feb. 8, was presented from the Department of Finance, transmitting an executed copy of renewal of lease authorized by the Commissioners of the Sinking Fund on Dec. 21, 1916, of the premises at 203 Monroe st., for two years from Jan. 1, 1917, at an annual rental of \$300, payable quarterly. On motion, duly seconded and carried, this communication was ordered placed on file.

A letter, dated Feb. 8, was presented from the Commissioners of the Sinking Fund, transmitting a certified copy of resolutions adopted by that Commission authorizing the renewal of the lease to the City of the premises at 426 E. 26th st., used as a dormitory for the nurses at Bellevue Hospital. On motion, duly seconded and carried, this communication was ordered placed on file.

A motion to adjourn the meeting was seconded and carried.

Notices of Public Hearings.

FRANCHISE MATTERS.

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment held March 23, 1917, the following resolution was adopted:

Whereas, The Union Railway Company of New York City has, under date of January 11, 1917, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a street surface railway extension to its existing system upon and along Amsterdam and Nagle avenues and Dyckman street from West 207th street to the right of way of the New York Central Railroad Company at or near the foot of said Dyckman street, Borough of Manhattan; and

Whereas, Section 172 of the Railroad Law and Sections 72, 73 and 74 of the Greater New York Charter, as amended by Chapters 629 and 630 of the Laws of 1905, and Chapter 467 of the Laws of 1914, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws this Board adopted a resolution on February 23, 1917, fixing the date for a public hearing thereon as March 23, 1917, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in "The New York Times" and "Evening Post," newspapers designated by the Mayor, and in the "City Record" for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Union Railway Company of New York City, and the adequacy of the compensation to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Union Railway Company of New York City, containing the form of the proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Union Railway Company of New York City the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of the City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made and executed in duplicate this day of 1917, by and between THE CITY OF NEW YORK (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and UNION RAILWAY COMPANY OF NEW YORK CITY, a domestic corporation (hereinafter called the Company), party of the second part, with

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

SECTION 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double track street surface railway as an extension to its existing railway, with the necessary wires and equipment, for the purpose of conveying passengers only in the Borough of Manhattan, in The City of New York, upon the following route, to wit:

Beginning at and connecting with the existing tracks of the Company in West 207th street at or near its intersection with Amsterdam avenue, thence southerly upon and along Amsterdam avenue to Nagle avenue, thence southwesterly upon and along Nagle avenue to Dyckman street, thence northwesterly upon and along Dyckman street to the easterly line of the right of way of the New York Central Railroad Company at the foot of said Dyckman street.

And to cross such other streets and avenues, named and unnamed, as may be encountered in said route.

The said route, with turnouts, switches and crossovers, hereby authorized, is shown upon a map entitled:

"Map showing proposed extension of the Union Railway Co. of New York City in the Borough of Manhattan, to accompany petition dated January 11, 1917, to the Board of Estimate and Apportionment."

—and signed by Edward A. Maher, Vice-President, and T. F. Mullaney, Chief Engineer, a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof and is to be substantially followed; provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description and the other provisions of this contract may be permitted by resolution of the Board.

SECTION 2. The grant of this right and privilege is subject to the following conditions:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of the railway hereby authorized shall be obtained by the Company within three (3) months from the signing of this contract by the Mayor, and copies of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall within said three (3) months or within one (1) month thereafter make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and terminate.

Second—The said right and privilege to construct, maintain and operate the railway hereby authorized shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor, until June 10, 1925, with the privilege of renewal of said contract for the further period of twenty (20) years upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The time within which such application for renewal must be made is of the essence of this contract, and a failure of the Company to present its application within the time fixed shall be considered as an election on the part of the Company not to take advantage of the renewal privilege, and as a relinquishment of its right to such renewal, in which event the franchise shall terminate on the last day of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day nine (9) months before the expiration of the original term of this contract, then the parties hereby agree that the annual rate for the renewal term shall be determined by three disinterested persons selected in the following manner:

One disinterested person shall be chosen by the Board; one disinterested person shall be chosen by the Company; these two shall choose a third disinterested person, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of the original term of this contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained and agreed to by any two of such appraisers shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The entire expense of such appraisal shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company shall pay to the City for this right and privilege during the original term of this contract expiring June 10, 1925, the following sums of money:

(a) The sum of one thousand dollars (\$1,000) in cash within three (3) months after the date on which this contract is signed by the Mayor and before anything is done in exercise of the right and privilege hereby granted.

(b) During the first term of five (5) years, an annual sum which shall be equal to three (3) per cent of its gross annual receipts, but which sum shall not be less than one thousand dollars (\$1,000). During the remaining term expiring June 10, 1925, an annual sum which shall be equal to five (5) per cent of its gross annual receipts, but which sum shall not be less than two thousand dollars (\$2,000).

The gross annual receipts mentioned above shall be that portion of the gross receipts of the Company from whatever source derived, either directly or indirectly, in any manner, out of or in connection with the operation of its railway, gross receipts as the length of the extension hereby authorized shall bear to the entire length of the railway of the Company in operation.

The annual charges shall commence on the date upon which the Company obtains the permission and approval of the Public Service Commission, as required by Section 53 of the Public Service Commission Law. The Company hereby

agrees to file its application with the Public Service Commission for such permission and approval within ten (10) days from the date upon which this contract is signed by the Mayor.

The annual charges, as above, shall be paid into the Treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

The annual charges herein provided for the original term and those which may be hereafter fixed for the renewal term of this contract are intended to include the percentages of gross receipts now required to be paid by railway companies to the City, pursuant to the Railroad Law, as amended, and such charges as are required under Chapter 340 of the Laws of 1892 to be paid by the Company for the extension hereby authorized, if said act applies to or controls the Company in relation to the right and privilege hereby granted.

The City does not and shall not demand or require the payment by the Company of a percentage of gross receipts under the provisions of Chapter 340 of the Laws of 1892 on the gross receipts earned on the extension hereby authorized.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City or resolution of the Board, or any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of this contract, notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payments for similar rights or franchises at a different rate.

Fifth—The rights and privileges hereby granted shall not be assigned or transferred, either in whole or in part, whether by consolidation, merger, reorganization or otherwise, or leased or sublet in any manner, either in whole or in part, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents, nor shall the title hereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation, merger or reorganization of corporations or otherwise, unless the proposed successor in title to the rights of the Company shall file with the Board an instrument under seal, agreeing to assume and be bound by each and all of the terms and conditions of this contract and agreeing to waive any more favorable conditions created by its charter or any statute relating to the consolidation, merger or reorganization of corporations or otherwise. The filing of such agreement shall constitute a condition precedent to the passing to or vesting in such proposed successor in title to the rights of the Company of the rights and privileges hereby granted, or of any portion thereof, or of any right, interest or property therein. In case of the failure of such proposed successor in title to the rights of the Company to file such agreement within sixty (60) days after the date on which such succession in title is to take effect, the right and privilege hereby granted may be forfeited, or the consent of the City provided for herein may be revoked by resolution of the Board.

Sixth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any other corporation or to any individual a similar right and privilege upon the same or other terms and conditions over the route hereinafter described, and the Company shall not at any time oppose, but shall consent to the construction and operation of any street surface railway by any such other corporation or individual which may receive a grant therefor from the City, and which may necessitate the use of any portion of the railway which shall be constructed or operated by the Company pursuant to this contract; provided, however, that nothing in this clause contained shall stop the Company from appearing before the Board and being heard on any application for rights upon or along said route.

Should the City at any time during the term of this contract grant to any other corporation or to any individual the right or privilege to operate a railway upon the tracks of the Company on the route herein described, or any portion thereof, then the City shall, within thirty (30) days thereafter, give notice to the Company that such right has been granted and of the name of the corporation or individual to which such right has been granted.

At the expiration of ninety (90) days after the giving of such notice, such individual or corporation shall have the right to begin the operation of cars upon the tracks of the Company upon the route, or any portion thereof, over which such corporation or individual may receive a grant, and to use therefor the tracks, equipment, power and all other property of the Company which shall be necessary in the operation of the cars of such individual or corporation upon the tracks of the Company, and shall have the right to continue such operation and use of such property during the term of this contract or until the right to use such property is granted said corporation or individual by the City shall expire provided such expiration is prior to the expiration of this contract or any renewal thereof; but such corporation or individual shall, before beginning such operation, give a good and sufficient bond to the Company guaranteeing the payment of any sum or sums which such corporation or individual may be required to pay to the Company for the use of its property. Provided, however, that the Board shall be the judge as to whether the bond is good and sufficient, in case there is a dispute with respect thereto between the Company and such corporation or individual. Such corporation or individual shall pay to the Company for the right to use such tracks, equipment, power and other property above described such sum or sums as may be agreed upon in writing by such corporation or individual and the Company within said ninety (90) days, or in the event that such agreement cannot be reached within said ninety (90) days, such sum or sums as shall be determined in the manner hereinafter provided for.

If the Company and such corporation or individual cannot, prior to the expiration of said ninety (90) days, agree upon the compensation for the use of such tracks, then such compensation shall be fixed by three arbitrators selected in the following manner:

One disinterested person shall be chosen by the Company, one disinterested person shall be chosen by such corporation or individual and the two so chosen shall choose a third disinterested person. The decision under oath of any two of said persons who shall be so selected shall be final and conclusive, but the amount or amounts determined by said arbitrators shall

not be less with due regard to the extent and duration of use than shall be sufficient to cover the proportionate cost of the tracks, wires and other equipment or structures used, including paving and additions and betterments thereto and of the proportionate current expenses of maintenance, depreciation and renewal, of regulation of traffic, of removal of snow and ice, of the sprinkling of streets, of the use of power and of the performance of such other duties and obligations as are imposed upon the Company in respect to the said railway, other than the payments to the City pursuant to this contract.

The compensation and expenses of the persons selected as arbitrators in the determination of such sum or sums shall be borne by the individual or corporation to which such right may be granted.

Within thirty (30) days after an agreement shall have been reached between said parties, or in case said agreement cannot be reached before the time specified herein, then within thirty (30) days after the determination of the arbitrators as herein provided, should two of such arbitrators agree, the said parties shall file a duplicate copy of a written agreement with the Board, which shall specify the sum or sums which shall have been agreed to by the said parties or determined by said arbitrators as the sum or sums which such corporation or individual shall pay to the Company for said privilege. If the Company fails to file the same with the Board within said thirty (30) days, then the right herein granted shall cease and terminate.

If either party fails to appoint an arbitrator as herein provided or should the first two arbitrators fail to agree on the selection of a third arbitrator within thirty (30) days after the expiration of said ninety (90) days, or if no two of said arbitrators so selected agree upon the sum or sums to be paid by such individual or corporation within sixty (60) days after they shall have been so selected, then such sum or sums shall be fixed by the Appellate Division of the Supreme Court, First Department, upon the application of either party, and the decision of that court shall be final. In the event that said Appellate Division of the Supreme Court, First Department, should decline to assume jurisdiction in the matter, then and in such event such sum or sums shall be fixed by the Board, and such fixation by the Board shall be final and conclusive.

Seventh—Upon the termination of the original term of this contract, or if the contract be renewed, then at the termination of the said renewal term, or upon the termination or forfeiture of the right and privilege hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and other property of the Company constructed or existing pursuant to this contract, within the streets and avenues, shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at any time preceding the date upon which this contract shall terminate the Board shall so order by resolution and give notice to the Company, the Company shall, upon the termination of this contract, remove any and all of its tracks and other property constructed or existing pursuant to this contract, and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Eighth—The Company shall commence construction of the railway hereby authorized within thirty (30) days from the date upon which the copies of the consents of the property owners are filed with the Board or from the date of the order of the Appellate Division of the Supreme Court made pursuant to section 174 of the Railroad Law confirming the determination of the Commissioners appointed thereunder, that such railway ought to be constructed, and shall complete the construction and place the same in full operation within three (3) months from the date of filing the copies of such consents or the date of such order; otherwise this right and privilege shall cease and terminate, and all sums which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City as liquidated damages for failure of the Company to comply with the terms of this contract; provided that the period for commencement and the period for completion and placing the railway in full operation may be extended by the Board, but the total extension of time for either of such periods shall not exceed in the aggregate six (6) months; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Ninth—The railway hereby authorized shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time as such additions and improvements are necessary in the opinion of the Board.

Tenth—The railway hereby authorized shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures in the streets and avenues and for the proper restoration of such streets and avenues over which such officials have jurisdiction and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway hereby authorized, whether such electrical equipment be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Eleventh—The portion of the railway hereby authorized on Amsterdam and Nagle avenues may be operated by overhead electric power substantially similar to the system now used by street surface railways in the Borough of The Bronx, provided that such motive power may be changed at any time during the term of this contract to any other motive power, except cable, locomotive, steam or horse power, upon the approval of the Board and in accordance with the provisions of law.

The portion of the railway hereby authorized on Dyckman street may be operated during the

original term of this contract, expiring June 10, 1925, by overhead electric power substantially similar to the system now used by street surface railways in the Borough of The Bronx. From and after June 10, 1925, the date on which said original term expires, said portion of the railway hereby authorized on Dyckman street shall be operated by underground electric power substantially similar to the system then used by street surface railways in the Borough of Manhattan, or by any other motive power except cable, locomotive, steam, horse or overhead electric power, upon the approval of the Board and in accordance with the provisions of law.

The work of reconstructing said portion of the railway hereby authorized on Dyckman street for operation by underground electric power or by such other motive power as may be approved by the Board shall be commenced by the Company at least six (6) months prior to June 10, 1925, and shall be completed on or before said date.

Twelfth—Upon six (6) months' notice by the Board to the Company all wires for the transmission of power, except trolley wires for the operation of the railway, upon all or any portion of the route hereby authorized shall be placed in conduits beneath or alongside of the railway. The Company shall provide in such conduits two (2) ducts, not less than three (3) inches in diameter, for the exclusive use of the City. Such conduits shall be used only by the Company for the operation of its railway and by the City, as above.

Thirteenth—No wires for the transmission of power shall, from and after June 10, 1925, be permitted on that portion of the railway hereby authorized on Dyckman street unless they be placed in conduits underneath or along the side of the railway. When such conduits are constructed, the Company shall provide two (2) ducts, not less than three (3) inches in diameter each, for the exclusive use of the City. Such conduits shall be used only by the Company for the operation of its railway and by the City, as above.

Fourteenth—The rate of fare for any passenger upon the railway hereby authorized shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on its road, or on any road, line or branch operated by it or under its control, to any other point thereof, or any connecting branch thereof, within the limits of the City.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Fifteenth—No cars shall be operated upon the railway hereby authorized other than passenger cars and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

Sixteenth—All cars operated upon the railway hereby authorized shall be equipped with proper fenders or wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Seventeenth—All cars operated upon the railway hereby authorized shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Eighteenth—All cars operated upon the railway hereby authorized shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Nineteenth—Cars on the railway hereby authorized shall be operated each day during the term of this contract at intervals of not more than thirty (30) minutes, both day and night, and as much oftener as reasonable convenience of the public may require, or as may be required by resolution of the Board.

Provided, however, that the Company during the first five (5) years of this contract shall not be required to operate cars between the hours of one (1) o'clock a. m. and five (5) o'clock a. m. each day, unless the Board shall determine after a hearing had thereon that public convenience requires the operation of cars during said hours.

Twentieth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall when and as often as directed so to do by the President of the Borough, sprinkle the pavement or space between its tracks, the rails of its track, and for a distance of two (2) feet beyond the rails on either side thereof.

Twenty-first—The Company shall at all times keep the streets and avenues upon which the railway hereby authorized is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twenty-second—The Company shall pave and keep in permanent repair during the entire term of this contract that portion of the surface of the streets and avenues in which the railway hereby authorized is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. In case of the neglect of the Company to make pavement or repairs after the expiration of twenty (20) days' notice to do so from the President of the Borough, said President may make the same at the expense of the Company. The City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City official, at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-third—Any alteration to the sewerage or drainage systems or to any other subsurface or to any surface structures in the streets, required on account of the construction, maintenance or operation of the railway hereby authorized, shall be made at the sole cost of the Company. During any work of construction, reconstruction or repairs of the said railway, the Company shall also, at its own cost and expense, protect any and all existing structures belonging to the City. All work to be done by the Company pursuant to this provision shall be done in the manner prescribed by the proper City officials.

Twenty-fourth—The right and privilege hereby granted to operate the railway hereby authorized shall not be in preference or in hindrance to the right of the City to perform or carry on any public works and should the said railway in any way interfere with the construction or maintenance of such public works, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own ex-

pense, protect or move its tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public works.

Twenty-fifth—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time after the railway has been constructed and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets and avenues the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Twenty-sixth—Upon one (1) year's notice from the Board, the Company shall, if the Board shall so determine by resolution, cease the operation of the stub-end terminal hereby authorized in Dyckman Street at or near the easterly line of the right of way of the New York Central Railroad Company, and shall, within sixty (60) days from the date of such notice, make application to the Board for the right to construct, maintain and operate a loop terminal upon streets to be designated by the Board, and shall, on or before the expiration of said one (1) year, enter into a contract for such loop terminal in substitution for the stub-end terminal hereby authorized.

Twenty-seventh—The Company shall submit to the Board a verified report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
 2. The amount paid in as by last report.
 3. The total amount of capital stock paid in.
 4. The funded debt by last report.
 5. The total amount of funded debt.
 6. The floating debt as by last report.
 7. The total amount of floating debt.
 8. The total amount of funded and floating debt.
 9. The average rate per annum of interest on funded debt.
 10. Statement of dividends paid during the year.
 11. The total amount expended for same.
 12. The names of the directors elected at the last meeting of the corporation held for such purpose.

Twenty-eighth—The Company shall at all times keep accurate books of account of its gross annual receipts, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding in such form as he may prescribe. Such report shall contain a statement of such gross annual receipts, the total miles in operation, and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books and records of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers and employees under oath.

Twenty-ninth—In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board or any official of the City acting under the powers herein reserved, the right and privilege hereby granted may be forfeited by resolution of the Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring this right and privilege forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Any false entry in the books of the Company or false statement in the reports to the Comptroller as to a material fact, knowingly made by the Company, shall constitute such a violation or breach or failure to comply with the provisions herein contained as to warrant the forfeiture of the right and privilege hereby granted. Nothing herein contained shall affect in any way the right of the Company to apply to a court of competent jurisdiction for a review of any action of the Board forfeiting the right and privilege hereby granted.

Thirtieth—The Company shall assume all liability for damages to persons or property occasioned by reason of the construction, maintenance and operation of the railway hereby authorized, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company shall repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirty-first—This grant is upon the express condition that the sum of nineteen thousand five hundred dollars (\$19,500), composed of the sums heretofore deposited by the Company with the Comptroller of the City as security for the faithful performance of the following named ordinances or contracts granting rights and privileges to the Company:

—the City shall have the right to cause the work to be done or the defect to be remedied and to immediately reimburse itself for the cost of such work by deducting such cost from the security fund hereinabove provided for. Such deduction shall be made by the Comptroller upon the direction of the Board.

(b) Should the Company, within ten (10) days after demand has been made upon it, fail to pay to the City the cost of any alterations to the sewerage or drainage systems, occasioned by the construction, maintenance or operation of the railway hereby authorized, or fail to repay to the City any damages caused to persons or property which the City shall be compelled to pay by reason of the construction, maintenance or operation of the said railway, or by reason of any acts or defaults of the Company in connection therewith, the City shall have the right to collect such costs or damages, with interest, by deducting the amount of the same from the security fund hereinabove provided for. Such deduction shall be made by the Comptroller upon the direction of the Board.

(c) Should the Company fail to pay to the City the annual charges required to be paid by this contract within the time fixed for the payment thereof, the City shall have the right to collect the amount of such charges, with interest, by deducting the same from the security fund hereinabove provided for. Such deduction shall be made by the Comptroller without further or other direction.

(d) Should the Company fail to comply with the provisions of this contract, or with the orders of the Board or of the officials of the City herein named or referred to, then the Company may be required to pay to the City, as liquidated damages for each breach or violation, the following sums:

For failure to maintain the headway as herein prescribed or to properly heat or light its cars, or to equip its cars with proper fenders or wheel guards, the sum of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car which shall not be operated, heated, lighted or equipped in compliance with this contract, or with the orders of the Board or of the officials of the City having jurisdiction.

For failure to give efficient public service at rates not exceeding those herein fixed, or to maintain its structures and equipment in good condition throughout the whole term of this contract, the sum of two hundred and fifty dollars (\$250) for each day during which the default or defect remains.

For failure to comply with any other provision of this contract as to which liquidated damages are not fixed herein, the sum of fifty dollars (\$50) per day for each day during which such failure or default shall continue.

All of such sums shall be collected by deducting the same from the security fund hereinabove provided for.

The procedure for the collection of such liquidated damages shall be as follows:

Whenever the Board shall have knowledge of any such breach or violation on the part of the Company, the Board shall give notice to the Company, specifying the nature of such breach or violation and the amount of liquidated damages which it is proposed to collect therefor, and directing its President or other officer to appear before the Board on a certain day, not less than ten (10) days after the service of such notice, to show cause why the Company should not be required to pay such liquidated damages in accordance with the foregoing provisions. If the Company fail to make an appearance, or, after a hearing, appears in the judgment of the Board to be in fault, the Board shall forthwith direct the Comptroller to collect such liquidated damages by deducting the amount of the same from the security fund hereinabove provided for.

(e) Should the right and privilege hereby granted be forfeited pursuant to the provisions of this contract, or should such right and privilege be terminated upon the dissolution of the Company, as herein provided, the sum of five thousand dollars (\$5,000) shall be forfeited to the City as liquidated damages for failure of the Company to perform this contract pursuant to the terms hereof, and the Comptroller upon the direction of the Board, shall collect such liquidated damages by deducting the sum named from the security deposit hereinabove provided for.

(f) When making any deduction, pursuant to this contract, from the security fund hereinabove provided for, the Comptroller may have recourse to any or all of the sums heretofore deposited under the ordinances or contracts above specified, and the Company shall, upon ten (10) days' notice from the Comptroller, deposit with the Comptroller a sum, either in money or securities, sufficient to restore said security fund to its original amount of nineteen thousand five hundred dollars (\$19,500). Should the Company fail to deposit such sum, the right and privilege hereby granted may be forfeited by the City as in this contract provided.

(g) Should any of the sums going to make up the security fund of nineteen thousand five hundred dollars (\$19,500), heretofore deposited with the Comptroller as hereinabove stated, be forfeited to the City or should any deductions be made therefrom pursuant to the provisions of any of the ordinances or contracts under which said sums were deposited, or pursuant to the provisions of any other contract heretofore or hereafter entered into with the Company for the performance of which such fund of nineteen thousand five hundred dollars (\$19,500) has been or shall be made to stand as security, the Company shall, upon ten (10) days' notice from the Comptroller, deposit with the Comptroller a sum, either in money or securities, which shall be sufficient to restore said security fund to its original amount of nineteen thousand five hundred dollars (\$19,500). Should the Company fail to deposit such sum, the right and privilege hereby granted may be forfeited by the City as in this contract provided.

(h) Should any of the rights and privileges granted by any of the ordinances or contracts hereinabove specified expire by limitation prior to the date fixed for the expiration of the right and privilege hereby granted, the sum or sums deposited with the Comptroller under and pursuant to the said ordinances or contracts, or

any of them, shall not be returned to the Company, but shall be held and retained by the Comptroller to the end that the security fund of nineteen thousand five hundred dollars (\$19,500), hereinabove provided for, shall be continued intact until the date of the termination of this contract.

(i) No action or proceeding or right under the provisions of this subdivision shall affect any other legal rights, remedies or causes of action belonging to the City.

The provisions for the reimbursement of the City for work done by it or amounts expended by it on behalf of the Company, or amounts paid by it to any person by reason of any act or default of the Company, or for the collection by it of the annual charges, or of liquidated damages, are and shall be in addition to the City's right, as herein reserved, to forfeit the right and privilege hereby granted.

Thirty-second—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-third—The words "streets or avenues," and "streets and avenues," wherever used in this contract, shall be deemed to mean streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement, encountered in the route hereinabove described, and upon or in which authority is hereby given the Company to construct a railway.

Thirty-fourth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

SECTION 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

SECTION 4. This grant is also upon the further and express condition that the provisions of Article 5 and the other provisions of the Railroad Law pertinent thereto shall be strictly complied with by the Company.

SECTION 5. The Company promises, covenants and agrees on its part and behalf during the entire term of this contract, whether original or renewal, to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

Whereas, The Automatic Scoreboard Company, Inc., has, by a petition dated April 24, 1916, applied to this Board for the right, privilege and franchise to construct, maintain and operate electrical conductors in, through and under the streets and avenues in the Borough of Manhattan, for the purpose of operating automatic baseball scoreboards to be located on the premises of subscribers; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by Chapters 629 and 630 of the Laws of 1905, and Chapter 467 of the Laws of 1914, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws this Board adopted a resolution on May 5, 1916, fixing the date for public hearing thereon as June 2, 1916, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "New York Press"

and "The Evening World," newspapers designated by the Mayor, and in the "City Record" for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to The Automatic Scoreboard Company, Inc., and the adequacy of the compensation to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by The Automatic Scoreboard Company, Inc., containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to The Automatic Scoreboard Company, Inc., the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made and executed in duplicate this day of 1917, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and The Automatic Scoreboard Company, Inc. (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to lay, construct, maintain and operate suitable wires or other electrical conductors in, through and under the streets and highways in the Borough of Manhattan, in the City of New York, for the purpose of operating automatic baseball scoreboards, to be located on the premises of subscribers. It is expressly provided that the right and privilege hereby granted shall not include the right or privilege to construct, maintain or operate ducts, conduits or subways in any street or highway.

In lieu of laying or constructing its own wires or other electrical conductors, the Company is hereby authorized to rent or lease from any corporation wires or other electrical conductors which may have been lawfully constructed within the streets and highways.

Sec. 2. The grant of this right and privilege is subject to the following conditions:

First—The said right and privilege to lay, construct, maintain and operate wires or other electrical conductors shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor to and until December 31, 1921, with the privilege of renewal of said contract for the further period of five (5) years upon a fair revaluation of said right and privilege.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board, at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The time within which such application for renewal must be made is of the essence of this contract, and a failure of the Company to present its application within the time fixed shall be considered as an election on the part of the Company not to take advantage of the renewal privilege, and as a relinquishment of its right to such renewal, in which event the franchise shall terminate on the last day of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day nine (9) months before the expiration of the original term of this contract, then the parties hereby agree that the annual rate for the renewal term shall be determined by three disinterested persons selected in the following manner:

One disinterested person shall be chosen by the Board; one disinterested person shall be chosen by the Company; these two shall choose a third disinterested person, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of the original term of this contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and agreed to by any two of such appraisers shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The entire expense of such appraisal shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for this right and privilege, during the original term of this contract, expiring December 31, 1921, the following sums of money:

(a) The sum of one thousand dollars (\$1,000) in cash within thirty (30) days after the date upon which this contract is signed by the Mayor and before anything is done in exercise of the right and privilege hereby granted, and the further sum of one thousand dollars (\$1,000) in cash on or before April 1, 1918.

The sums herein named are in addition to the annual sums required to be paid under paragraph (b) following.

(b) During the first year, or portion thereof, expiring December 31, 1917, a sum which shall be equal to three (3) per cent. of its gross receipts for such year or portion thereof, but which sum shall not be less than four hundred dollars (\$400).

During the second year, expiring December 31, 1918, a sum which shall be equal to four (4) per cent of its gross receipts for such year, but which shall not be less than eight hundred dollars (\$800).

During the last three years, expiring December 31, 1921, an annual sum which shall be equal to five (5) per cent of its gross annual receipts, but which shall not be less than one thousand five hundred dollars (\$1,500).

The gross annual receipts mentioned above shall be the gross annual receipts of the Company, from whatever source derived, either directly or indirectly, in any manner, out of or in connection with the operation of automatic baseball scoreboards.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

The annual charges as above shall be paid into the treasury of the City on February 1 of each year and shall be for the amount due to December 31 next preceding.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The right and privilege hereby granted shall not be assigned or transferred, either in whole or in part, whether by consolidation, merger, reorganization or otherwise, or leased or sublet in any manner, either in whole or in part, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents, nor shall the title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation, merger or reorganization of corporations, or otherwise, unless the proposed successor in title to the rights of the Company shall file with the Board an instrument under seal, agreeing to assume and be bound by each and all of the terms and conditions of this contract and agreeing to waive any more favorable conditions created by its charter or any statute relating to the consolidation, merger or reorganization of corporations or otherwise. The filing of such agreement shall constitute a condition precedent to the passing to, or vesting in such proposed successor in title to the rights of the Company, of the right and privilege hereby granted, or of any portion thereof, or of any right, interest or property therein. In case of failure of such proposed successor in title to the rights of the Company to file such agreement within sixty (60) days after the date on which such succession in title is to take effect, the right and privilege hereby granted may be forfeited, or the consent of the City provided for herein may be revoked by resolution of the Board.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions.

Fifth—The wires or other electrical conductors and equipment, whether constructed by the Company or rented or leased from any corporation, shall not be used or employed for any other purpose than the operation of automatic baseball scoreboards, and the Company binds itself not to lay, use, lease or operate wires for illegal purposes, nor to furnish service to premises used for illegal purposes.

Sixth—Should the Company lay or construct its own wires or other electrical conductors, the same shall be placed in ducts, conduits or subways maintained by the company or corporation having control of the electrical subway system under the provisions of law, or in ducts, conduits or subways maintained by the City, should the City hereafter construct its own subway system or succeed to the rights of any company or corporation maintaining any such system.

No cables, wires or other electrical conductors shall be strung by the Company above the surface of any street or highway.

Seventh—The wires or other electrical conductors hereby authorized shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City, and in strict compliance with all laws or ordinances or departmental rules or regulations now in force or hereafter enacted or adopted affecting the construction, maintenance or operation of wires or other electrical conductors.

No construction, reconstruction or repair of said wires or other electrical conductors or equipment within the streets shall be commenced until written permits have been obtained from the proper City officials. In any permit so issued, such officials may impose such conditions as a condition of the granting of the same, as are necessary for the purpose of protecting any structures in the streets and avenues and for the proper restoration of such streets and avenues over which such officials have jurisdiction, and the Company shall comply with such directions.

Eighth—During any work of construction, reconstruction or repair of the wires or other electrical conductors or equipment hereby authorized, the Company shall also, at its own cost and expense, protect any and all existing structures belonging to the City. All such work of construction, reconstruction or repair shall be done in the manner prescribed by the proper City officials. The right and privilege hereby granted to construct, maintain and operate wires or other electrical conductors shall not be in preference or in hindrance to the right of the City to perform or carry on any public works, and should the said wires or other electrical conductors or equipment be constructed or maintained of such public works, whether the same be done by the City directly or by a contractor for the City, the Company shall, at its own cost and expense, protect or move its wires or other electrical conductors or equipment in the manner directed by the City officials having jurisdiction over such public works.

Ninth—The wires or other electrical conductors and equipment to be installed by the Company, whether the same be under streets and avenues or in and upon private property, shall be constructed and maintained subject to the approval and under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Tenth—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant.

Eleventh—Upon the termination of the original term of this contract, or if the contract be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the company before such termination, any wires or other electrical conductors and equipment of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at any time preceding the date upon which this contract shall terminate, the Board shall so order, by resolution, and give notice to the Company, the Company shall, upon the termination of this contract, remove from the streets any and all of its wires or other electrical conductors and equipment constructed pursuant to this contract.

Twelfth—The plant, wires or other electrical conductors, connections, instruments and all appurtenances thereto shall be constructed, maintained and operated in the latest approved manner and with the most modern and improved appliances, and it is hereby agreed that the Board may require the Company to improve or add to such plant, wires or other electrical conductors, connections, instruments and appurtenances from time to time as such additions or improvements are determined by the Board, after a hearing, to be reasonable and necessary. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Thirteenth—Upon the application of any person, firm or corporation whose premises are located within a distance of one mile in any direction from any central office maintained by the Company and who or which shall agree, in writing, to accept and pay for such service for at least one (1) month, the Company shall extend, or obtain the extension of, wires or other electrical conductors to such premises and furnish service to such applicant at rates not exceeding those herein prescribed or hereinafter fixed by the Board, as herein provided.

Fourteenth—The rates to be charged by the Company for automatic baseball scoreboard service, which shall include the cost of installing and connecting the board, rental for the use of the board, and all service of any kind necessary for or incidental to the proper operation of the board, shall not exceed the following:

To subscribers making seasonal contracts, one hundred and eighty dollars (\$180) per board per season.

To subscribers making monthly contracts, thirty-five dollars (\$35) per board per month.

Nineteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board or of any official of the City acting under the powers herein reserved, the right and privilege hereby granted may be forfeited by resolution of the Board, which said resolution may contain a provision to the effect that the wires or other electrical conductors and equipment constructed by the Company under and pursuant to this contract shall become the property of the City without proceedings at law or in equity; provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day, not less than ten (10) days after the date of such notice, to show cause why such resolution declaring this right and privilege forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Any false entry in the books of the Company or false statement in its reports to the Comptroller as to a material fact, knowingly made by the Company, shall constitute such a violation or breach or failure to comply with the provisions herein contained as to warrant the forfeiture of the right and privilege hereby granted.

Nothing herein contained shall affect in any way the right of the Company to apply to a court of competent jurisdiction for a review of any action of the Board forfeiting the right and privilege hereby granted.

Twentieth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the right and privilege hereby granted, shall deposit with the Comptroller of the City the sum of three thousand dollars (\$3,000), either in money or securities to be approved by the Comptroller, which fund shall be security for the performance by the Company of all the terms and conditions of this contract and for its compliance with all the orders of the Board and of the officials of the City acting under the powers herein reserved. From the said fund deductions may be made as hereinafter provided.

(a) Should the Company, within such time after notice as may be herein prescribed, or where no time is prescribed, within such time as the Board or the proper official of the City may hereafter prescribe, fail to comply with the provisions of this contract or with the orders of the Board or of the officials of the City herein named or referred to, relating to—

Protecting the City's structures during the construction, reconstruction or repair of the wires or other electrical conductors hereby authorized,

Moving and protecting the Company's wires or other electrical conductors during the performance of any public work or as may be required on account of the changing of the lines or grades of the streets.

Or with any other provision of this contract which may affect the repair, protection and maintenance of the streets or of the City's structures within the streets,

the City shall have the right to cause the work to be done or the defect remedied and to reimburse itself for the cost of such work, by deducting such cost, with interest, from the security fund hereinabove provided for. Such deduction shall be made by the Comptroller upon the direction of the Board.

(b) Should the Company, within ten (10) days after demand has been made upon it, fail to repay to the City any damages caused to persons or property which the City shall be compelled to pay by reason of the construction, maintenance or operation of the wires or other electrical conductors hereby authorized, or by reason of any acts or defaults of the Company in connection therewith, the City shall have the right to collect damages, with interest, by deducting the amount of the same from the security fund hereinabove provided for. Such deduction shall be made by the Comptroller upon the direction of the Board.

(c) Should the Company fail to pay to the City the annual charges required to be paid by this contract within the time fixed for the payment thereof, the City shall have the right to collect the amount of such charges, with interest, by deducting the same from the security fund hereinabove provided for. Such deduction shall be made by the Comptroller without further or other direction.

(d) Should the Company fail to comply with the provisions of this contract, or with the orders of the Board or of the officials of the City herein named or referred to, then the Company may be required to pay to the City, as liquidated damages for each breach or violation, the following sums:

For failure to give efficient public service at rates not exceeding those herein fixed, or to maintain its structures and equipment in good condition throughout the whole term of this contract, the sum of two hundred and fifty dollars (\$250) for each day during which the default or defect remains.

For failure to comply with any other provision of this contract as to which liquidated damages are not fixed herein, the sum of fifty dollars (\$50) per day for each day during which such failure or default shall continue.

All of such sums may be collected by deducting the same from the security fund hereinabove provided for.

The procedure for the collection of such liquidated damages shall be as follows:

Whenever the Board shall have knowledge of any such breach or violation on the part of the Company, the Board shall give notice to the Company, specifying the nature of such breach or violation and the amount of liquidated damages which it is proposed to collect therefor, and directing its President or other officer to appear before the Board on a certain day, not less than ten (10) days after the service of such notice, to show cause why the Company should not be required to pay such liquidated damages in accordance with the foregoing provisions. If the Company fail to make an appearance, or, after a hearing, appears in the judgment of the Board to be in fault, the Board shall forthwith direct the Comptroller to collect such liquidated damages by deducting the amount of the same from the security fund hereinabove provided for.

(e) In case of any deductions from the security fund pursuant to this contract, either for the reimbursement of the City for work done by it or amounts expended by it on behalf of the Company, or amounts paid by it to any person by reason of any act or default of the Company, or for the collection by the City of the annual charges herein provided, or of liquidated damages, the Company shall, upon ten (10) days notice by the Comptroller, deposit with the Comptroller a sum, either in money or securities, sufficient to restore such security fund to its original amount of three thousand dollars (\$3,000), and in default thereof, the right and

privilege hereby granted may be forfeited by the City as herein provided.

(f) Should the right and privilege hereby granted be forfeited pursuant to the provisions of this contract, or should such right and privilege be terminated upon the dissolution of the Company as herein provided, the security fund hereinabove provided for shall be forfeited to the City as liquidated damages for failure of the Company to perform this contract pursuant to the terms hereof.

No action or proceeding or right under the provisions of this subdivision shall affect any other legal rights, remedies or causes of action belonging to the City.

The provisions for the reimbursement of the City for work done by it or amounts expended by it on behalf of the Company, or amounts paid by it to any person by reason of any act or default of the Company, or for the collection by it of the annual charges, or of liquidated damages, are and shall be in addition to the City's right, as herein reserved, to forfeit the right and privilege hereby granted.

Twenty-first—The Company shall assume all liability to persons or property by reason of the construction, maintenance or operation of the wires or other electrical conductors and equipment hereby authorized, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company shall repay to the City the amount of any damages which the City shall be compelled to pay by reason of any acts or default of the Company.

Twenty-second—This right and privilege is granted subject to whatever right, title or interest the owners of abutting property or others may have in or to the streets and highways in which the Company is authorized to lay, construct, maintain or operate its wires or other electrical conductors.

Twenty-third—The words "notice" or "direction" wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-fourth—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places, or any other property to which the City has title or over which the public has an easement, in, along or under which the Company is hereby authorized to construct, maintain or use wires or other electrical conductors.

Twenty-fifth—If at any time the powers of the Board or any other of the authorities herein mentioned be intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Section 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the laws of the State of New York.

Section 4. The Company promises, covenants and agrees on its part and behalf, during the entire term of this contract, whether original or renewal, to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions, as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

"No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be re-located or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be re-located or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made."

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any service, work, materials or supplies for The City of New York, or for any of its departments, bureaus or officers, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be enclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity or quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation of the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may be seen there.
