The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.'

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- · Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed, at http://www.nyc.gov/html/hhsaccelerator/html/ roadmap/roadmap.shtml. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)
Department for the Aging (DFTA)
Department of Consumer Affairs (DCA)

COMMUNITY SCHOOLS SERVICES - Request for Proposals - PIN# R1341040 - Due 3-30-21 at 2:00 P.M.

The New York City Department of Education (NYCDOE), on behalf of the Office of Community Schools (OCS), is seeking proposals from community-based organizations (Lead CBOs), to work with schools to implement the Community School Strategy in approximately 27 NYCDOE schools ranging from elementary, middle, and high school.

The Community Schools model has an integrated focus on academics, physical and mental health services, social services, expanded learning opportunities, positive youth development, and family and community supports, which improves student achievement and equitable outcomes for vulnerable populations. Through collaborative planning, strategic resource allocation, and community-based partnerships, Community Schools create welcoming supportive environments that help students navigate barriers and build on strengths so that every student can thrive academically, socially, and emotionally. In New York City, the Community School Strategy has been proven to be effective in increasing graduation rates and student achievement and in reducing chronic absenteeism and disciplinary incidents.

Lead CBOs will coordinate all partners and align services with the NYCDOE's school goals. Proposers, in conjunction with school leadership, staff, students, families, and communities, will be required to develop and implement the four evidenced-based features of the Community School Strategy:

- 1. Collaborative Leadership and Practice
- 2. Family and Community Empowerment
- 3. Expanded Learning Time (ELT)
- 4. Wellness and Integrated Supports

Detailed service description and requirements are provided in the Request for Proposal (RFP) solicitation.

The NYCDOE will enter into contract agreements with multiple vendors that meet the needs and specifications of this RFP. Awards will be made on a per school basis, with the exception of co-located sites, where a single award will be made for the schools sharing the same campus. The awarded contracts will be for a term of three (3) years with the option to extend for three (3) additional years. It is anticipated that services will commence on or about July 2021.
