Publication of the Annual Report of the Assessed Valuations of Real Estate.

Chapter 454, Laws of 1903, authorize the publication of the annual record of the assessed valuations of real estate in The City of New York. It provides that:

"Within three weeks after the delivery of the assessment rolls to the Board of Aldermen the Board of Taxes and Assessments shall furnish to the Supervisor of the City Record a copy of the annual record of the assessed valuation of real estate, omitting from the said annual record two columns headed, respectively, 'size of house' and 'houses on lot.'"

"It shall be the duty of the Supervisor of the City Record to cause the annual record of the assessed valuation of real estate, made and delivered to him by the Board of Taxes and Assessments, to be printed in type not smaller than nonpareil and published in the CITY RECORD; and such publication shall be made within ninety days after the delivery to him of the said annual record. The annual record of the assessed valuation of real estate of each section, district or ward shall be printed separately as a supplement to the CITY RECORD. On each supplement shall be printed the number of the section, district or ward therein contained, its boundaries or an outline map and the name of the borough in which it is situated. Each supplement containing the assessed valuation of real estate of one section, district or ward shall be sold separately to persons wishing to purchase the same, at a price for each supplement to be determined by the Board of City Record; such number of copies shall be published as said Board shall determine. All moneys received therefor shall be paid into the City Treasury to the credit of the General Fund."

Under the act quoted, a copy of the annual record of the assessed valuations of real estate in the several boroughs has been furnished to the Supervisor of the City Record. Each section, district or ward will be printed separately as a supplement to the CITY RECORD, and as soon as the work of printing is completed copies will be on sale, as provided by law.

Whereas, The one-hundredth anniversary of the inauguration of the movement for free public schools in The City of New York will occur on the 19th day of February, 1905;

Resolved, That a special committee of five be appointed to make arrangements for the proper celebration of said anniversary, on or about the date above mentioned.

The Committee on Elementary Schools, to which was referred for consideration and report, if possible, at this meeting of the Board, the communication from his Honor the Mayor, dated September 21, 1904, presenting "some suggestions for the solution of the part-time problem in the public schools," respectfully reports that lack of time and other circumstances preclude anything more than a report of progress at present.

Since the last meeting of the Board this Committee and the Department of Education have suffered a serious loss through the resignation of Hon Jacob W. Mack. Your Committee has thus been deprived of the invaluable counsel and mature judgment of its Chairman, who had given to the subject presented by the Mayor prolonged and careful consideration.

The matter of overcrowding in the schools and of part-time classes has long occupied the attention of the Committee on Elementary Schools and of the Board of Superintendents. While the suggestions offered by the Mayor are not new, your Committee welcomes his interest in the matter, and is glad to place on record its opinion that he has given the subject serious and sympathetic consideration. The plans proposed by him are among those which have been under consideration by the Committee for a number of months. Consolidation of upper-grade classes has been instituted to a considerable extent in various parts of the City, especially since the opening of the school on the 12th instant.

The problem of giving a full day's schooling to every child in the City would be comparatively easy of solution if the Board of Estimate and Apportionment, the Department of Finance and the Law Department would co-operate promptly and energetically with the Board of Education in the acquisition of sites for school buildings. The last mentioned matter is one to which we desire to call the Mayor's especial attention.

Under existing circumstances there are numerous and obvious difficulties to be overcome. Toward the solution of these your Committee is laboring earnestly, and it is receiving valuable aid from the Board of Superintendents. Members of this Committee have been making a careful and personal investigation of the school conditions in this and other cities, and the Committee will use its best endeavors to present a full report within the shortest possible time. If necessary, your Committee, when its report is completed, will take steps to have a special meeting of the Board of Education called for the consideration of the same.

Resolved, That the Secretary be and he is hereby requested to transmit immediately to his Honor the Mayor a copy of the foregoing report.

Whereas, It has been proven to this Committee that C. M. Early, to whom the Executive Committee of the Board of Education on November 18, 1903, awarded a contract for furnishing certain supplies for the use of the Department of Education for the year 1904, has not complied with the terms of said contract in that he has refused to furnish one item contained therein, and has not furnished other items within a reasonable time when called for; and

Whereas, The Superintendent of School Supplies has certified to this Committee that the said C. M. Early has failed to comply with the terms of his contract, as aforesaid; therefore be it

Resolved, That the contract entered into between the Board of Education and said C. M. Early, dated December 23, 1903, be abandoned and canceled, subject to the approval of the Board of Education; and be it further

Resolved, That the contractor, the said C. M. Early, be notified to discontinue all work under said contract, said notice to be served upon the contractor either personally or by leaving the same with him or with his agent in charge of the work."

The following resolution is submitted for adoption:

Resolved, That the action of the Committee on Supplies in adopting the foregoing preamble and resolutions be and the same is hereby approved and ratified, and the contract entered into between the Board of Education and said C. M. Early, dated December 23, 1903, be and it is hereby abandoned and canceled.

Whereas, It appears that it is proposed to erect a garbage disposal plant in the immediate neighborhood of Public School 43, Rockaway Park, Borough of Queens, and that a permit has been granted by the Board of Health or other City authorities authorizing such erection;

Resolved, That it is the sense of this Board that the granting of such permit, if one has been granted, should be reconsidered and the permit revoked if the facts are as stated; and

Resolved, That the Secretary of this Board be instructed to communicate this resolution to the Health Board or other proper authorities of the City, with the request that any permit so granted be revoked, or as an alternative that District Superintendent Chickering, on behalf of this Board, be granted a hearing on the subject before work under said permit is begun.

Resolved, That William Lot, Janitor of Public School 115, Borough of Brooklyn, be and he is hereby fined three months' pay.

Resolved, That the action of the President in suspending George Wade, Janitor of Public School 22, Borough of Manhattan, on May 14, 1904, pending action by the Board of Education in the matter of charges preferred, be and the same is hereby approved and ratified until such time as said George Wade shall be reassigned to duty by the Committee on Care of Buildings.

Resolved, That George Wade, Janitor of Public School 22, Borough of Manhattan, be and he is hereby fined six months' pay, said six months to be considered as beginning on the date of his suspension.

On motion, all absent members were excused for non-attendance at this meeting.

On motion, the Board adjourned at 6.50 o'clock P. M.

A. EMERSON PALMER, Secretary.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract or in the supplies, work or business to which it relates, or in any portion of the profits, thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
