The Comptroller presented the following communications :

POLICE DEPARTMENT—CITY OF NEW YORK,
300 MULBERRY STREET,
NEW YORK, August 17, 1881.

To the Honorable Board of Estimate and Apportionment :

GENTLEMEN—At a meeting of the Board of Police held this day, on reading and filing the opinion of the Counsel to the Corporation, it was

Resolved, That the Board of Estimate and Apportionment be and is hereby requested to transfer the sum of \$222.66 from the appropriation made to the Police Department for the year 1880, entitled account of "Alterations, Fitting up, Additions to, and Repairs of Station houses," which is in excess of the amount required for the purposes and objects thereof, to the appropriation made to the same department for the year 1881, entitled account of "Expenses of Detectives and Contingent Expenses," which is insufficient to enable the department to pay a judgment entered in the Supreme Court in favor of George W. Lake against Captain Charles W. Caffrey, and Patrolman Edward Moran, of the First Precinct.

Resolved, That whenever the Board of Estimate and Apportionment shall have transferred the said amount for the purpose named, the Treasurer be directed to pay the same to George W. Lake, or to his Attorney.

Very respectfully,

WILLIAM H. KIPP, First Deputy Clerk.

ST. ELIZABETH'S HOSPITAL,
225 WEST THIRTY-FIRST STREET,
NEW YORK, July 30, 1881.

To the Hon. the Board of Estimate and Apportionment :

GENTS—I beg the indulgence of your Honorable Board, if my prayer is unseasonable. I am too closely absorbed in the work of God to know exactly the ways of the world. I want help for the multitude of the afflicted I have to turn away from the doors of our little hospital. While the Chief Magistrate lies lacerated and wounded, and the hearts of all are filled with a spirit of compassion, I will speak for the wants of those who, like him, need the greatest surgical skill and the most earnest care, whose afflictions may be relieved, if you will accord a discriminating glance at our appeal.

I ask you to allow us some extra or additional provision commensurate with the importance of our work. The officers of our institution received a formal donation last year. It has the same pittance Comptroller Kelly fixed. Why this should not be even one-half the sum allowed by Comptroller Green, I cannot understand, now that Mr. Kelly is no longer in office.

The City has grown, our demands are multiplied and our resources are not adequate. The physicians send us the sick, cases where surgical aid can only be had at our dispensation, where Doctor J. Marvin Simms and his associates practice. We are compelled to refuse relief where such refusal is equivalent to sentence of death. Our inmates are restricted in number by your donations, and the contributions of those who pay, yet Dr. Simms' peculiar practice has attracted so many of those heretofore regarded as incurable. The rich and aristocratic, even of the courts of Europe, call him abroad, and in view of his absence in Paris just now, I feel at liberty to call your attention to this matter, as he would not perhaps permit it were he here. He will return when serious operations can be conducted in the cooler season. His son, Dr. H. Marvin Simms, has been induced to return from the Pacific coast and conduct his father's practice at our hospital. He promises in the prime of manhood, with unstinted zeal, to insure to our house the reputation and skill acquired under the instruction of his father, and which I may be permitted to assure you has secured a mercy for poor afflicted women, deserving your earnest compassion and appreciation.

We own and have purchased with our wits the premises we occupy, and are free of debt. As the Sisters of the Third Order of St. Francis, we propose to extend our accommodations for the afflicted

poor, if your Honorable Board will provide in some degree for the increase of such applicants as may not be provided for by the aggregate returns received from those who are our inmates and can afford to pay.

I hope it is clear to you that the growth and success of the surgical practice peculiar to our hospital has largely increased the number of our applicants, especially such as have no relief elsewhere but the grave, and that we make up at this season our resources and the list or number of those we can relieve, wherefore our request at this time.

So much has been said regarding sectarian appropriations that I may be permitted to add in conclusion that our mission is to the sick, and the hospitals to which as the Sisters of the Third Order we belong, having no regard to religious or educational questions, devoting our zeal and our labors gratuitously for the love of God to the relief of the sick and wounded. The black man even with the leprosy dwelling for his cure in the dead-house in the yard has left us healed, while the rich and the poor indiscriminately and unquestioned as to race, condition, or creed, come and go without distinction. Restricting ourselves to the spirit and the imitation of the holy women who tended at the foot of the cross of Calvary.

We remain, your poor petitioners,

MOTHER MARY FRANCIS and Assistants.

Which were referred to the Comptroller.

The Comptroller presented the following opinion :

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, August 20, 1881.

Hon. ALLAN CAMPBELL, Comptroller, etc. :

SIR—I have received your letter of August 12th, transmitting the application of the Board of Coroners to the Board of Estimate and Apportionment, for the transfer of the sum of \$1,300 from an appropriation for post mortem examinations in 1880 to the account of "Coroners' Contingent Expenses, including Clerk and Office Hire," for the year 1881, and asking whether the Board of Estimate and Apportionment has authority to make such transfer.

By inquiring at the Finance Department, I learn the following facts :

1. That the sum mentioned remains unexpended from the appropriations named for the year 1880.

2. That the said sum has not been transferred to the general fund of the city, pursuant to section 112 of the Charter.

3. That by chapter 465 of the Laws of 1881, the allowance to the Coroners for clerk hire and incidental expenses, which, by chapter 256 of the Laws of 1878, was limited to a sum not to exceed \$2,000 per annum for each coroner, has been authorized to be increased to a sum not to exceed \$3,000 per annum.

4. That by reason of the increase of such allowance the appropriation made for the year 1881, is insufficient to meet the expenditure required for such clerk hire and other incidental expenses.

By section 112 of the Charter, the Board of Apportionment is authorized to transfer from one bureau or purpose to another in the same department any sum theretofore appropriated for the purpose of such department or bureau.

It appears to me, therefore, that there is no legal objection to the transfer of the sum named as requested by the Board of Coroners, if in the judgment of the Board of Estimate and Apportionment such transfer is necessary or expedient.

I am, sir, yours respectfully,

W. C. WHITNEY, Counsel to the Corporation.

And offered the following resolution :

Resolved, That the sum of thirteen hundred dollars (\$1,300) be and is hereby transferred from the appropriation for "Coroners' Salaries and Expenses for Post Mortem Examinations" for the year 1880, which is in excess of the amount required for the purposes and objects thereof, to the appropriation for "Coroners' Salaries and Expenses, for Contingent Expenses, including Clerk and Office Hire" for 1881, which requires the same.

Which was adopted by the following vote :

Affirmative—The Mayor of the City of New York (Chairman), the Comptroller of the City of New York, the President of the Board of Aldermen, and the President of the Department of Taxes and Assessments—4.

The Chairman presented the following communications :

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE, No. 31 CHAMBERS STREET,
NEW YORK, August 27, 1881.

Hon. WILLIAM R. GRACE, Mayor and Chairman Board of Estimate and Apportionment :

SIR—By chapter 587 of the Laws of 1881, the Commissioner of Public Works is directed to lay out, open, and improve a new diagonal street, between Tenth and St. Nicholas avenues, One Hundred and Thirty-third and One Hundred and Forty-third streets, and to make such changes in adjacent or intersecting streets as he may find necessary to conform to the new street. By section 5 of the act the Board of Estimate and Apportionment is directed to appropriate such sum of money as it may deem necessary, not exceeding four thousand dollars, to provide for the expense of surveying, laying out, monumenting, mapping and the preparation of plans in conformity with the act, and surveys and maps necessary for opening the new street.

It is estimated that the entire sum of four thousand dollars, as limited by the act, will be needed for these purposes, and I therefore respectfully request that your Board will appropriate that amount for the use of this Department in carrying out the provisions of the act.

Very respectfully,
FRED. H. HAMLIN,
Deputy and Acting Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE, No. 31 CHAMBERS STREET,
NEW YORK, September 2, 1881.

Hon. WM. R. GRACE, Mayor and Chairman Board of Estimate and Apportionment :

SIR—Referring to my letter to you of 27th ultimo, stating that the sum of \$4,000 will be needed to pay the expense of surveying, laying out, monumenting, etc., required by chapter 587, Laws of 1881, and requesting your Board to appropriate that amount,

I beg to say that a considerable portion of the expense, relating to surveys and maps for the use of the Commissioners of Estimate and Assessment, for opening the proposed new street, will not be incurred until after the first of next January, and it will not be necessary, therefore, to include the entire sum in this year's tax levy.

If the Board should deem it desirable, the expense imposed by the act may be provided for by appropriating and including the sum of \$1,500 in the tax levy of this year, and making provision for the remainder, \$2,500, in the estimate and tax levy of the year 1882.

Very respectfully,
FRED. H. HAMLIN,
Deputy and Acting Commissioner of Public Works.

Which were referred to the Comptroller.

(No. 144.)

PROPOSALS FOR ESTIMATES FOR DREDGING THE SLIP BETWEEN PIER, OLD 41, AND PIER, OLD 42, NORTH RIVER.

ESTIMATES FOR DREDGING THE SLIP BETWEEN Pier, old 41, and Pier, old 42, North river, will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, Nos. 117 and 119 Duane street, in the City of New York, until 12 o'clock M. of

WEDNESDAY, SEPTEMBER 14, 1881,

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids. One half of this dredging is to be done on account of the

NEW JERSEY STEAMBOAT COMPANY, and the contract for the work will not be awarded unless the price named by the lowest bidder shall be satisfactory to said Company. Such contract, if awarded, will be entered into by the Department of Docks on behalf of the Mayor, Aldermen, and Commonalty of the City of New York, and by said Company on its own account, the City becoming liable for one-half only of the expense, the other one-half to be borne and paid for to the contractor by said Company.

Any person making an estimate for the work, shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, to the City and the New Jersey Steamboat Company, severally, in the sum of Three Thousand Dollars to each of them.

The Engineer's estimate of the quantity of material necessary to be dredged in order to secure at the premises mentioned the depths below mean low water, named in the specifications, is 31,800 cubic yards.

N. B.—As the above-mentioned quantity, though stated with as much accuracy as is possible, in advance, is approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed dredging, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantity, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor per cubic yard to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, and the entire work is to be fully completed on or before the first day of November, 1881, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for fulfillment has expired, Sundays and holidays not to be excepted, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day. But the Board of Docks may extend the time for the completion of the work, if, in its judgment, the work has been delayed by ice in the river or harbor, by very severe weather, or by the occupation of the slip by shipping or street-cleaning scows.

All the material excavated is to be removed by the contractor, and deposited, in all respects, according to law, and any material dredged, not so deposited, shall not be paid for.

Bidders will state in their estimates a price per cubic yard for doing such dredging, in conformity with the approved form of contract and the specifications therein set forth; by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default of the Corporation; and the contract will be re-advertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if said persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York and the New Jersey Steamboat Company any difference between the sum to which said person would be entitled on its completion, and that which said Corporation and said Company may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested; the consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, and stated in these proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York and the New Jersey Steamboat Company, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required by the City of New York for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited, and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York, or the New Jersey Steamboat Company.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above his liabilities of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimates, but must be handed to the officer or clerk of the Department who has charge of the Estimate Box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

NOTICE TO TAXPAYERS.

RELATING TO THE PAYMENT OF UNPAID TAXES, ASSESSMENTS, AND CROTON WATER RENTS.

THE COMPTROLLER OF THE CITY OF NEW York hereby gives notice to owners of real and personal estate in this city, that all unpaid taxes, assessments, and Croton water rents may now be paid with interest thereon at the rate of seven per cent. per annum, as provided by chapter 33 of the Laws of 1881, which is as follows:

CHAPTER 33.

AN ACT relative to the collection of taxes and assessments, and of arrears of taxes and assessments, and Croton water rents, in the City of New York.

(Passed March 16, 1881; three-fifths being present.)

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. If any taxes of any year shall remain unpaid on the first day of November, after the assessment-rolls and the warrants to collect such taxes have been delivered to the Receiver of Taxes in the City of New York, it shall be the duty of said Receiver to give public notice, by advertisement for at least ten days in two of the daily newspapers, and in the CITY RECORD, printed and published in said city, respectively, that unless the same shall be paid to him at his office on or before the first day of December, in any such year, he will immediately thereafter proceed to collect such unpaid taxes, as provided in the following section of this act:

Section 2. If any such tax shall remain unpaid on the said first day of December, it shall be the duty of the said Receiver of Taxes in said city to charge, receive, and collect upon such tax so remaining unpaid on that day, in addition to the amount of such tax, one per centum on the amount thereof; and to charge, receive, and collect upon such tax so remaining unpaid on the first day of January thereafter, interest upon the amount thereof at the rate of seven per centum per annum, to be calculated from the day on which said assessment-rolls and warrants shall have been delivered to the said Receiver of Taxes to the date of payment.

The same rate of interest shall be so charged and collected upon any tax levied in the year eighteen hundred and eighty, remaining unpaid at the date of the passage of this act.

Section 3. All existing provisions of law which impose a charge and require the collection of interest at the rate of twelve per centum per annum upon arrears of taxes on real and personal estate within the City of New York, upon arrears of assessments for local improvements and street openings in said city, and upon arrears of Croton water rents in said city, are hereby repealed; and in lieu of such charge of interest at the rate of twelve per centum per annum, there shall be charged and collected by the officer authorized to collect and receive any such arrears of taxes and assessments and Croton water rents, interest upon the amount thereof at the rate of seven per centum per annum, to be calculated for the same period as interest at the rate of twelve per centum per annum is now required by law to be calculated thereon. This provision shall apply to taxes, assessments, or Croton water rents remaining unpaid and due, for the non-payment of which the lands and tenements liable therefor shall be hereafter sold at public auction as now provided by law; provided, however, that nothing in this act shall be construed to affect the rights of purchasers at sales for taxes, assessments, or Croton water rents, heretofore made, or to authorize the redemption of lands and tenements from sales heretofore made for any lesser sums than the sums collectible for such redemption under the provisions of existing laws.

Section 4. It shall be the duty of the Comptroller of the City of New York to give public notice, by advertisement, for at least ten days, in the CITY RECORD, printed and published in said city, immediately after the confirmation of any assessment for a local improvement or street opening in said city, that the same has been confirmed specifying the title of such assessment and the date of its confirmation by the Board of Revision and Correction of Assessments in proceedings for local improvements, and

by the Supreme Court in proceedings for street openings, and also the date of entry in the record of titles of assessments kept in the Bureau for the Collection of Assessments; and of Arrears of Taxes and Assessments, and of Croton water rents, notifying all persons, owners of property affected by any such assessment, that, unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of any such assessment, interest shall thereafter be collected thereon as provided in the following section of this act, and all provisions of law or ordinance requiring any other or different notice of assessments and interest thereon are hereby repealed.

Section 5. If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said record of titles of assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment, to charge, collect, and receive legal interest thereon, at the rate of seven per centum per annum, to be calculated from the date of such entry to the date of payment.

Section 6. This act shall take effect immediately.
