DEPARTMENT OF PUBLIC CHARITIES.

Report for the Quarter Ending September 30, 1903.

Hon. SETH LOW, Mayor, City Hall:

Dear Sir—I have the honor to submit herewith the report of this Department for the quarter ending September 30, 1903. The reports of heads of institutions are appended hereto. In addition to such reports the following matters may be placed on record:

New Buildings.

Contracts for the erection of the following new buildings have been awarded during the quarter:

(a) North wing of the Nurses' Home, New York City Training School for Nurses, Blackwell's Island. This will be a four-story structure. The first floor will provide the offices of the school, the chemical and bacteriological laboratory and the laboratory for classes in dietetics. The second, third and fourth stories will each provide dormitory accommodations for sixteen nurses. With the completion of this building the dormitory accommodations will be sufficient for the school as at present organized, and will render unnecessary the further rental of the houses on East Fifty-first street. A kitchen and dining room building, with quarters for the employees of the home, will remain an urgent necessity. The cost of the north wing is \$66,000.

(b) The reconstruction of the boiler house at the Tuberculosis Infirmary and the installation of a new power plant and laundry. The plan involves the reconstruction of the present building and the construction of a substantial addition. It will make possible the abandonment of the worn-out and inadequate power plant at the Metropolitan Hospital proper, and also that at the Tuberculosis Infirmary, and the substitution of one modern plant, an economical system for heating the two groups of buildings. It will also provide an adequate and modern laundry in place of the present makeshift, which was hastily arranged several years ago, when it became necessary to withdraw the laundry from the Workhouse. Cost, \$86,827.

(c) A new Morgue and clinical and pathological laboratory for the New York City Children's Hospitals and Schools, Randall's Island. The present morgue is a wooden structure in the last stages of dilapidation. It provides no facilities for the scientific work which must be carried on at every large hospital, if the medical service is to be maintained at a proper standard. The present laboratory is in a small room in the Infants' Hospital, opening off a serving room of the dining room of the Doctors and male officers. Cost, \$8,400.

(d) A central storehouse for the New York City Children's Hospitals and Schools, Randall's Island. The supplies of these institutions are now scattered among several inadequate and unsuitable storehouses, none of which are well adapted to the purpose, nor afford satisfactory means for the safe keeping of supplies. The new building will also provide a drug store, to make possible the use of the building now occupied as a drug store as a quarantine building, for which purpose it was built. Cost, \$14,293.

(e) A male dormitory at the New York City Farm Colony. This will be a three-story stone building, trimmed with red brick. It will be constructed largely of the rough stone found on the farm. It will provide kitchen and dining room accommodations in the basement, and on the second and third stories will provide sleeping accommodations for 150 inmates. It will more than double the capacity of the institution, and will enable the Department to utilize the labor of 300 inmates instead of 140, as at present on the farm, in the production of vegetables for use at the colony and in the institutions on Blackwell's Island. It will also relieve appreciably the overcrowding in the male wards of the Homes for the Aged and Infirm on Blackwell's Island and at Flatbush. Cost, \$48,525.

Cottage Colony for the Aged and Infirm, Borough of Richmond.

In the last quarterly report I referred to the application to the Board of Estimate and Apportionment for the purchase of forty acres of land adjoining the New York City Farm Colony for the purpose of establishing a cottage colony for all future almshouse construction by the Department. I am pleased to report that this recommendation was acted upon favorably by the Board of Estimate and Apportionment on July 29, 1903, a resolution being adopted authorizing the acquisition of the site by condemnation proceedings. On July 31, 1903, the Board of Aldermen unanimously confirmed this resolution, and it was approved by your Honor on August 12, 1903. On September

8 three Commissioners of Estimate and Appraisal were appointed, pursuant to this resolution, and their oaths were filed in the office of the Clerk of the County of Richmond on September 26. Meantime plans and specifications for the first three cottages were prepared by the Architects of the Department and approved by the State Board of Charities. The specifications have been printed and bids for the construction of the cottages will be opened in October. Of the three cottages to be constructed, one will be for aged couples and two for women.

Sanatorium for Consumptives.

Pursuant to a resolution passed by the Board of Aldermen on April 14, 1903, and approved by your Honor on April 24, 1903, the Commissioner of Public Charities submitted a report to the Board of Estimate and Apportionment on July 15, 1903, on the establishment of an out-of-town sanatorium for consumptives. This report considered in detail the question of location, amount of ground necessary, type of buildings required, expenditure for buildings, land, maintenance, etc. It recommended that the sanatorium, when established, be placed under the jurisdiction of the Board of Trustees of Bellevue and Allied Hospitals. The report was ordered printed by the Board of Estimate and Apportionment and a copy sent to each member of that Board and to each member of the Board of Aldermen.

On July 1, 1903, the Board of Trustees of Bellevue and Allied Hospitals appointed a Special Committee, of which the Commissioner of Public Charities is Chairman, to take this question under further consideration. Mr. Christopher Easton, Deputy Superintendent of the Metropolitan Hospital, assigned to duty at the Tuberculosis Infirmary, was detailed by the Commissioner to examine all available sites within a reasonable distance of New York City. The members of the Committee are visiting in person several of the sites selected by Mr. Easton as worthy of further consideration.

Band Concerts and Outings for Inmates and Patients on Blackwell's and Randall's Islands.

During the summer months ten band concerts were given on Saturday afternoons for the benefit of the inmates of the New York City Home for the Aged and Infirm. The concerts were attended by practically all the inmates of the institution and by considerable numbers of city officials and citizens interested in public institutions. Their effect in relieving the monotony of life in a large institution and in developing a spirit of greater consideration on the part of the employees has been marked.

Band concerts for the children in The New York City Children's Hospitals and Schools on Randall's Island, nearly 1,300 in number, were given on three afternoons.

At the suggestion of one of the chaplains at the New York City Home for the Aged and Infirm, who had been impressed during his long service at the institution with the injurious results of the monotony and routine, six excursions were given to parties selected from the inmates on one of the Department boats, each party consisting of about one hundred inmates, accompanied by several of the officers of the institution. The trips were made up the sound, down the bay, and up the Hudson. They proved to be not only very enjoyable, but were found to exercise a very beneficial effect upon the institution.

Twenty-six excursions were also provided for the sick children and mothers and babies at the New York City children's hospitals and schools on Randall's Island.

Miscellaneous.

An additional dining room for the blind women at the Home for the Aged and Infirm has been provided. Heretofore it has been necessary for the blind women to go upstairs to the second story for their meals. The additional dining room makes it possible to serve at the same time all the inmates in the building, and obviates going up and down stairs on the part of the blind inmates.

On July 21 an order was passed instructing heads of institutions to report to the Commissioner the names of any patients in the hospitals of this Department at any time in need of artificial limbs, specially constructed shoes, or other similar appliances, in all cases in which the patients state that neither they nor their immediate relatives are able to supply the needed articles. For the present such patients will be reported to various charitable institutions co-operating with the Department. In case the demand should be more than can be met in this way, provision will be made by which the Department will meet the need from its own funds.

At the request of this Department a new dock is being built at the Metropolitan Hospital, Blackwell's Island. This will make possible the landing of patients, passengers and freight directly at the hospital instead of at the Workhouse dock, a quarter of a mile distant, from which they must be transported by wagon.

The production of vegetables at the New York City Farm Colony for the Blackwell's Island institutions has been continued with increasingly favorable results. Each Friday the steamer "Fidelity" has brought a load of fresh vegetables, and, in addition, twice a week a wagon load of garden products has been delivered from the farm to the foot of East Twenty-sixth street in time for delivery by the 10.30 boat to Blackwell's Island.

Considerable variety of practice having been found at the different institutions of the Department as to the hours of labor of Mechanics, Laborers and other employees, the hours of labor were, on July 30, 1903, fixed at 8 a. m. to 12 m. and 1 p. m. to 5 p. m.

Repairs.

In addition to many minor alterations, repairs, etc., made at the various institutions by their own labor, the following proposals for alterations, additions and repairs were executed during the quarter:

New window screens and doors at the Cumberland Street Hospital.....	\$789 00
Altering and pointing the coping and chimney, reglazing windows and painting Cumberland Street Hospital.....	1,122 00

CYRUS V. KEAN, Auditor.

Report of the Department Dietician.

October 1, 1903.

Hon. HOMER FOLKS, Commissioner:

Dear Sir—Herewith I submit my report for the third quarter of the current year:

In July it was found that, although fresh vegetables of excellent quality could be furnished by the New York City Farm Colony, Richmond County, these were often unsatisfactory through the necessity of infrequent deliveries. Arrangements were made for a wagon to bring the supplies of vegetables several times a week, thus insuring the good condition of these supplies for the Manhattan institutions.

Much dissatisfaction had long been resultant from the want of a proper system of protection for meats delivered upon the dock for transfer to the island institutions. The contractors were directed to cover all meats with burlap, and this met the needs of the case, the meats being received at the institutions in good condition.

It was found that sometimes the contractors were unable to deliver the supply of milk in time for the first boat from East Twenty-sixth street dock to the islands, and that milk delivered later in the day and conveyed such a distance soured within a short time after the delivery at the institution. Arrangements were made with the contractors to deliver all milk in time for the first boat, and at any time it was impossible to do this, that the milk should be delivered at the Fifty-second or Seventieth or One Hundred and Twenty-fifth street landings, as required for institutions, thus avoiding the longer trip by boat in the heat of the day. With this arrangement in operation there were no cases of milk becoming sour after delivery at the institution.

The 1st day of August the following schedule of uniforms for female officers and employees, affecting principally the employees of the dietary departments, went into operation. A neater and more pleasing appearance in many cases has been the result:

Schedule of Uniforms for Female Officers and Employees.

Ordered, The appended schedule of uniforms for female officers and employees in the Department of Public Charities, other than Laundresses, Seamstresses, Cleaners and Scrubbers, is hereby adopted, to take effect August 1, 1903. Heads of institutions will be responsible for seeing that the order is carried into effect on that date.

This schedule of uniforms is applicable to all female employees of the Department, other than Laundresses, Seamstresses, Cleaners and Scrubbers, and except those at the central office, the office at No. 128 Livingston street, Borough of Brooklyn, the office at New Brighton, Borough of Richmond; the Bureau of Dependent Children, the Bureau of Dependent Adults, the Municipal Lodging House, and all Teachers and Stenographers.

The uniforms will be provided at the expense of the Department for all female employees receiving compensation not exceeding \$240 per annum. These uniforms will remain the property of the Department, and under no circumstances are they to be removed from its institutions or worn when the employees are off duty. Superintendents and heads of institutions will be held responsible for the return to the Department of the uniforms of all such employees leaving the service of the Department.

Employees wearing the uniform of Class IV. at the expense of the Department will be provided with three dresses, six aprons, twelve collars, six pairs of cuffs per annum. Anything additional required during the year must be provided by the employee at her own expense.

Employees wearing the uniform of Class V. at the expense of the Department will be provided with six suits, six gingham aprons, three white aprons and twelve collars per annum. Anything additional required during the year must be provided by the employee at her own expense.

The classification herein made will include all persons acting in the capacities indicated, regardless of the general title under which the person may be serving.

The Superintendents of institutions and heads of departments will be held responsible for every employee wearing at all times when on duty the uniform provided on this schedule, and must, from time to time, cause such uniforms to be inspected, and will be held responsible for seeing that no employee wears a uniform that is shabby or unfit for use.

In case any employee is not specifically included in the schedule of uniforms, and should, in the opinion of the Superintendent, wear uniform, she shall wear such uniform of the prescribed schedule as her superior officer shall direct.

Schedule of Uniforms for Female Officers and Employees.

White long cloth.
Apron.

Owing to the adoption of slightly different standards in the per capita quantities of raw food materials for the two institutions, the Metropolitan Hospital and the Metropolitan Training School for Nurses were required to submit separate requisitions for food materials.

For some time it has been apparent that the need existed for the opportunity for domestic science graduates wishing to do institutional dietary work to obtain institutional experience which would not be gained at the expense of the institution. A plan to give domestic science graduates of special training and experience an opportunity to do work in the institutions of this Department, under the direction of a resident Dietician, thus affording a post graduate or special course, was found to work out satisfactorily, and on August 24 the following schedule relative to this work was adopted:

Requirements of Applicants and Regulations Governing the Appointment and Service of Pupil Dieticians.

1. The applicant for appointment as Pupil Dietician must be at least twenty-five years of age; must have had two years of domestic science in a normal course, and must have had two years of experience in teaching domestic science or cookery.
2. She must agree to remain in the institution to which assigned for a period of three months, and on duty six full days a week.
3. She is subject to all the rules of the institution and regulations of the Dietary Department, as dictated by the Superintendent of the Institution and the Resident Dietician.
4. She will wear plain white wash dresses at all times when on duty.
5. She will receive no compensation for services rendered, but will be allowed \$10 per month to cover expenses incidental to the course of training.
6. The Pupil Dietician will receive credits for work as done in the various divisions of the Dietary Department, and at the end of the course a certificate of her standing will be given her should her work have satisfied the Departmental Dietician and the Resident Dietician of her executive ability, technical knowledge and adaptability to institutional work.
7. It is to be understood that the satisfactory completion of three months of work in the Dietary Department of any of the institutions of the Department of Public Charities does not insure the Pupil Dietician of appointment to a position as Dietician in any of these institutions.

Adopted by the Commissioner of Public Charities August 24, 1903.

Miss E. Grace McCullough completed this course at the Metropolitan Hospital September 1 to the satisfaction of the Resident Dietician and myself, and was appointed at the City Home for the Aged and Infirm to supervise the Dietary Department. She was succeeded at the Metropolitan Hospital by Miss Katherine Christian. Miss A. F. Pattee will complete the course at the City Hospital in October.

Owing to vacations and the consequent absence of Dieticians at different times, the weekly meetings of Dieticians at this office were discontinued the latter part of July, to be resumed in October.

At both the City and Metropolitan hospitals it was found that the dining rooms of officers, doctors and employees were inadequately equipped with steam tables, plate warmers, tea and coffee urns, and that the service of the food was necessarily poor. Alterations in the serving rooms connected with these dining rooms which would permit of the installation of the necessary equipment were made in September, and the proper equipment ordered. The discontinuance of the Male Training School for Nurses at the City Hospital has made vacant a dining room much more desirable for that purpose than the one now occupied by the officers of that institution, and will be used as an officers' dining room. The former officers' dining room will be equipped as a special diet kitchen, the room now used for that purpose being inadequate in point of size, and also in equipment.

On September 9 the management of the Special Diet Kitchen of the City Hospital was transferred from the New York City Training School to the City Hospital.

Through July, August and September a course of ten lessons in the principles of cookery was given to a class of thirteen probationers from the New York City Training School, and to a class of ten probationers from the Metropolitan Training School. These lessons were all given at the New York City Training School, and consisted of lectures given by myself and practice work conducted with the as-

sistance of Miss Kingsland, the Dietician of the Metropolitan Hospital, and Miss George, Dietician at the City Hospital.

Miss Ellen R. Rushmore has been appointed to position of Dietician at the New York City Children's Hospitals and Schools on Randall's Island, her duties to begin October 1.

Several questions relating to the administration of the dietary department at the institutions have been referred to me for investigation, and have been reported upon. Other routine business, such as visiting and inspecting the dietary departments and consulting with the Resident Dieticians, has been accomplished regularly.

Respectfully submitted,

FLORENCE R. CORBETT, Departmental Dietician.

Report of the Employment Agent.

Hon. HOMER FOLKS, Commissioner:

Dear Sir—I herewith respectfully submit the following report, which is a summary of the work performed by me from July 1, 1903, to September 30, 1903, inclusive, during which period I have learned from personal investigation that the decided change for the better in the grade of help which I have provided for the various hospitals, institutions and asylums under the Department of Public Charities still continues, and although in some few of the hospitals and institutions there have been a few changes, it has been due principally to the fact that some of the women have been able to better their condition in securing more remunerative employment. For example: A Head Laundress, employed at Randall's Island at a salary of \$20 per month, resigns for position at \$35 in one of the Asbury Park hotels, and a Ward Worker, employed at \$12 per month, has an offer of janitress position. Some others who have been of a better grade of helpers and have been found unable to cope with their work have been transferred from one hospital to another where the work would be less arduous. During the spring and summer months I found it a much more difficult task to procure the necessary helpers than at any time during the year, owing to the demand for domestic service at the seaside resorts and country boarding houses. I have, however, been able thus far to fill every request which has been forwarded from the hospitals, institutions and asylums under the Department of Public Charities with but very little delay.

My duties and general routine of work have considerably increased, necessitating more frequent visits to Blackwell's and Randall's islands, which I find very necessary to keep in touch with the various departments—their routine of work, management of the women, etc. I have during the past few months received a number of applicants for employment referred direct from the Charity Organization Society in addition to numerous personal applications, quite a few of which have been placed in positions at the various hospitals and institutions, in addition to supplying occasional requests made by some few hospitals not under the supervision of the Department of Public Charities. In regard to the latter requests the same have been complied with only when I have had an extra number of applicants on my waiting list. The very cordial co-operation extended from the heads of the several hospitals and institutions under your supervision still continues, and adds greatly toward facilitating my work.

The following hospitals, institutions, societies and employment agencies have been visited during the past three months to further the advancement of my work:

Hospitals Visited—St. Ann's Maternity, Emergency, New York Foundling, Post Graduate, Babies', Nursery and Child's, Infants' (Randall's Island), Home for Aged and Infirm (Blackwell's Island), Maternity, Metropolitan (Blackwell's Island), Lying-In, Sloane Maternity, Bellevue, Harlem, Infirmary for Women and Children, Infants', Roosevelt, Cumberland Street (Brooklyn).

Report of the Bureau of Dependent Adults.

October 23, 1903.

Hon. HOMER FOLKS, Commissioner, Department of Public Charities:

Dear Sir—In presenting a quarterly report, ending September 30, 1903, I beg to say that you will observe a constant increase of the business of this Bureau, for example, the amount of money collected in the abandonment and bastardy cases, being upwards of \$25,000, which promises to exceed \$100,000 per annum, increase nearly 50 per cent. The adoption of the card system in our abandonment cases and City Home applications, as well for epileptic and feeble minded persons, has reduced these matters to a business-like system, and during the quarter we have sent twenty epileptics to Craig Colony, but there are still waiting for vacancies one hundred and sixty-seven, for whom application has been made; there have been nine sent to the Rome State Custodial Asylum, and seventy-nine are still on the waiting list; also to Syracuse we have sent three, and sixty-eight still remain for admittance to the State institution. This fact, which might seem to be a hardship to the waiting ones, is in fact to most cases, a pleasure, and parents and patients feel well satisfied with their treatment and care at Randall's Island, and I hear frequent expressions of satisfaction and approval of the improvement made in patients while under our care.

This Bureau has been supplied with a new desk for the Superintendent, a new book case with sliding glass doors, two small enclosed offices for private hearings. The Alimony Clerk's desk has been properly enclosed with iron railing, and the whole being enclosed with an oak railing. The antiquated safe has been repaired and removed to the waiting room for the safe keeping of the old records at the office, while a new fireproof safe, or nearly new, was brought from the Brooklyn office, in which are placed our more recent records. The old, broken and dilapidated flooring was removed and replaced with 2 1/2-inch matched Georgia pine. This prac-

tically completes new furniture throughout, thus giving the entire office a presentable appearance.

Respectfully,

E. F. MERWIN, Superintendent.

Report of the Bureau of Dependent Children.

October 23, 1903.

Hon. HOMER FOLKS, Commissioner, Department of Public Charities:

My Dear Sir—I have the honor to submit herewith the quarterly report of this Bureau for the three (3) months ending September 30, 1903:

Supplies—During the quarter we made a requisition for and received one flat-top cabinet desk and revolving chair. Requisition was also made for awnings for seven (7) windows, three (3) for use in the lower office and four (4) for the upper office, which were duly received and are now in use.

Repairs—Repairs to the interior of the vault were made in order to afford greater security for the records of this Bureau.

New Office Furniture—Six (6) new oak lockers for Examiners' use for clothing, etc.; one (1) new oak closet of three (3) compartments for stationery, etc.

On June 1, 1903, Miss Sara Michaels was appointed to begin and carry on the work of placing Jewish children with families of the same faith, either at board or free. Since that time the work of organization, such as advertising in Hebrew papers, placing of cards in proper positions, sending of letters to enlist services of the various rabbis, fraternities, institutions, etc., has been going on, with the result that up to the present time eighty-one (81) applications have been received from various parts of the city and country. All of the former have been investigated and many in consequence rejected.

There were four (4) children, two (2) boys and two (2) girls, placed in free homes, ranging from one year and eight months to six years of age.

There were fifteen (15) children, nine (9) boys and six (6) girls, placed in boarding homes, ranging from two (2) to twelve (12) years of age.

Respectfully submitted,

FREDERICK E. BAUER, Superintendent.

Pursuant to an order issued by the Hon. Homer Folks on October 1, 1902, this Bureau began the work of collecting part payments from parents for children committed to the various institutions. The total collected for the year ending September 30, 1903, amounted to \$9,844.64.

In no case was a parent asked to pay more than he could well afford toward the support of children so committed. On the contrary, we have been careful to give the parent the benefit of any doubt in the matter of such payments.

The amounts received at the end of each three months during the period were as follows:

Total amount received during three months ending December 31, 1902	\$1,009 50
Total amount received during three months ending March 31, 1903	1,956 50
Total amount received during three months ending June 30, 1903	3,314 50

Report of the Municipal Lodging House.

September 30, 1903.

Hon. HOMER FOLKS, Commissioner:

My Dear Sir—I have the honor to transmit herewith the report of the operations of the Municipal Lodging House for quarter ending September 30, 1903.

In addition to tabulated statistics I take pleasure in calling your attention to the following:

Painting—As stated in my report for quarter ending June 30, 1903, a contract to paint the outside of the building with 3 coats of paint, renew lettering, etc., had been given out. Said work has now been completed in a very satisfactory manner.

Polishing of Floors—All of the dormitory floors have been nicely stained and polished; hair brooms are now being used to sweep the same instead of corn brooms. This does away to a very large extent with any dust arising while sweeping and settling on the beds, etc.; at the same time it greatly improves the looks of the floors.

Repairs to Roof—Owing to several leaks in the roof the same was thoroughly painted, cemented, etc.

Ventilation of Dormitories, Etc.—During the larger part of the day (weather permitting) all windows front and rear are opened, thus ventilating the dormitories, blankets, bed linen, etc., in a very thorough manner. During the night the several exhaust fans in the dormitories and in other parts of the institution serve the same purpose. When taking into consideration the number of persons sleeping on each floor, I believe our system of ventilation is as near perfect as it is possible to make it.

Precautions Against Fire—As is usual, employees are being constantly schooled as to their duties in case of fire. In addition to our present equipment of fire hose and other appliances, a requisition to thoroughly equip the institution with fire extinguishers, fire hooks and axes has been made.

Supplies—Supplies of all kinds received during this quarter from the storehouse, meat department and bakery were as usual of good quality.

Requisitions—Much credit is due to all the officials at the Central Office, through whose hands all special requisitions for supplies, repairs, etc., must pass, for the prompt and satisfactory manner in which the same has been disposed of.

Disposition of Inmates—Reports, etc., as to the disposition of such inmates referred to the Bureau of Dependent Adults and the Bureau of Dependent Children have been received as usual without delay.

Charitable Societies—All communications, requests, etc., to and from the Charity Organization Society, Guild of the Infant Saviour, State Charities Aid Association and other kindred societies have been acted upon promptly and courteously.

In conclusion, I beg to say that it affords me great pleasure and satisfaction in knowing and trusting it may remain so that the kindest of feeling and respect exists between the officials of the above-named bureaus and societies and the officials of this institution, all of which tends to the betterment of the condition of those coming under our supervision and care.

Very respectfully,

WM. C. YORKE.

Report of the General Drug Department.

New York, October 13, 1903.

Hon. HOMER FOLKS, Commissioner, Department of Public Charities, New York City:

Dear Sir—I have the honor to herewith submit my report for the third quarter of the current year.

Regular and special requisitions for medical and surgical supplies have been filled for the following institutions:

I. Department of Public Charities—

City Hospital, Blackwell's Island.....	\$4,540 91
Home for the Aged and Infirm, Blackwell's Island.....	1,017 02
Metropolitan Hospital, Blackwell's Island.....	3,060 99
Randall's Island Hospitals.....	1,237 12
Kings County Hospital and dependencies.....	3,719 25
New York City Farm Colony, Richmond.....	10 39
Municipal Lodging House.....	22 84
Steamboats.....	16 84

II. Bellevue and Allied Hospitals—

Bellevue Hospital.....	8,751 13
Gouverneur Hospital.....	1,961 15
Harlem Hospital.....	1,032 23
Fordham Hospital.....	941 06

III. Department of Correction—

Workhouse, Blackwell's Island.....	765 55
Penitentiary, Blackwell's Island.....	233 89
City Prison (Tombs).....	145 32
District Prisons.....	75 89
Central Office (general use).....	7 13

The total amount of supplies distributed to the several institutions from January 1, 1903, to September 1, 1903, has been as follows:

Department of Charities.....	\$41,979 02
Bellevue and Allied Hospitals.....	40,615 01
Department of Correction.....	3,502 89

Total.....\$86,096 92

Kings County Hospitals—On June 1, 1903, it was one year that my recommendation went into effect to supply Kings County hospitals with drugs, liquors and druggist's sundries from this Department, and it is probably interesting to compare results with former years. During the year 1901, the total expenditures for drugs, liquors, druggist's sundries and repairs amounted to the sum of \$17,771.12.

Distribution sheets furnished to them, covering the period of June 1, 1902, to June 1, 1903, figure up \$14,681.13.

In July, 1902, Cumberland Street Hospital, a new institution, started to draw goods from this Department to the extent of \$500 per annum.

Therefore my recommendation resulted in an absolute saving of \$3,589.99.

It is proper to assume that their appropriations covered by the period mentioned would no doubt have increased about ten per cent., therefore the real saving amounts to considerably more.

Besides, my recommendations for the transfer of the different apothecaries resulted in an additional saving of a salary of \$900 per annum to the institution in question.

Gatgut—This Department has furnished to the different institutions on an average of 20,400 coils per annum. This was supplied formerly at an average cost of 534 cents per coil, that is, at a total cost of \$1,162.80.

On account of the more scientific methods of sterilization we have been able to economize considerably and now furnish gatgut at 3 cents per coil, that is, at a cost of \$612 per annum, which results in a saving of \$550 per annum.

Solution Peptonate of Iron Manganese—Before I took charge of this Department this preparation was bought at a cost of \$3 per gallon. It is now manufactured by us and is furnished to the institutions at a cost of \$1.50 per gallon. Total consumption per annum, 230 gallons.

Former cost.....	\$690 00
Now.....	345 00
Saving.....	\$345 00

Peptonizing Tubes—

60 gross at \$3.20 per gross.....	\$192 00
Now at \$1.50 per gross.....	90 00

Saving.....\$102 00

I could mention many more instances of this kind which are not the result of tax free alcohol. The savings which resulted from the fact that this Department was able to obtain tax free alcohol I have mentioned to you in a former report.

I can truly state that the Department is self-sustaining, that is, the total savings made on new manufactured goods which have been taken up since I came to this Department are fully equal to the total sum of our annual payroll.

Respectfully submitted,

W. E. DREYFUS, Ph. D., Chemist.

Report of the New York City Training School for Nurses.

New York, October 1, 1903.

Hon. HOMER FOLKS, Commissioner, Department of Public Charities, Foot of East Twenty-sixth Street, New York:

Dear Sir—The following is the quarterly report of the New York City Training School for the third quarter of 1903:

July 1, census, 136; September 30, census, 130.

Classifications as follows:

	July 1.	September 30.
Officers.....	2	2
Trained Nurses.....	3	3
Head Nurses.....	12	13
Pupil Nurses.....	84	76
Probationers.....	14	13
Matron.....	1	1
Stenographer.....	1	1
Help.....	19	21
Total.....	136	130

On September 30 the force was distributed as follows:

- 2 Trained Nurses (1 Night Superintendent, 1 Charge, Female Wards) City Hospital.
- 3 Post-Graduates and 18 Pupil Nurses, at Gouverneur Hospital.
- 1 Post-Graduate and 5 Pupil Nurses, at Gouverneur Hospital, Eye Dispensary.
- 1 Post-Graduate and 11 Pupil Nurses, at Harlem Hospital.
- 1 Post-Graduate and 7 Pupil Nurses, at Fordham Hospital.
- 1 Post-Graduate and 4 Pupil Nurses, at Maternity Hospital.
- 3 Post-Graduates and 10 Pupil Nurses and 8 Probationers at City Hospital, Male Side.
- 3 Post-Graduates and 18 Pupil Nurses and 3 Probationers, at City Hospital, Female Side.
- 3 Pupil Nurses were on vacation.
- On the Help—
- 1 man and 2 women, at Fifty-first street house.
- 3 men and 15 women at Home, Blackwell's Island.

During the quarter there were fifteen vacations given, one Pupil Nurse restored to the roll, one Pupil Nurse resigned and three Probationers dropped. Twelve Pupil Nurses graduated.

About the only case of illness to record that took any person off duty was that of the Probationer, Miss Lena M. Sanderson, who was taken ill with typhoid fever about two weeks after her arrival here. The doctors think she was suffering from the disease when she came. She made a good recovery.

The only complaint of the nursing received during the quarter was that of Miss Frances Meyer, a Post-Graduate Nurse, who neglected to carry out the doctor's orders to a patient. She was dropped from the roll at the end of her month.

The final work of arranging for the nursing of the top floor of the male side of the City Hospital was accomplished this quarter. A room which had been a bedroom and was vacated by the male nurses has been fitted up as a small dressing room and operating room for the G. U. wards. A Post-Graduate Nurse, a graduate of the Male School, has been placed in charge of it. One of the Male Nurses, who was graduating, was promoted to a salary of \$25 a month, and took charge of the wards at night. The other Nurses, as they graduate, will be promoted to the same salary and one will be placed in each ward. I do not expect this ward arrangement as to Trained Nurses to last long, as the salaries are very low, and I think it will only be a question of a short time until these wards are placed in charge of experienced Orderlies.

So far, with the one great exception of our lack of room to receive a sufficient number of Nurses for the wards, the work of changing the Male Nurses and replacing them by Female Nurses has gone through without a break, and what for so many years seemed an impossibility has now become a settled fact, namely, the care of the male side of City Hospital by the Female Nurses, and so far I have met no one that does not express himself as pleased with the change.

During July and the first half of August all lessons and lectures, except those of the preparatory course, were dropped to allow for vacations, etc. August 24 the lessons of the senior class were begun and have continued steadily ever since. The lectures by the doctors began in September, and that course is now going on steadily. No lectures will be given this fall by the visitings, their work beginning, according to the new schedule, in January. The preparatory class of the quarter, although struggling against great difficulties, succeeded in keeping up their work well and passed a very creditable examination, making the highest percentage yet attained, 85 7-33 per cent.

With this quarter we finished our first year of our preparatory work, and it has given great satisfaction. As the course now stands, each pupil is examined in Practical Nursing, Materia Medica, Preparation of Solutions and Anatomy and Physiology as her written examination. She has also an examination in practical work, in which each member is required to show her efficiency in that respect. The practical work of this class covered four things, namely, each was required to make a bed, make a poultice, fill and prepare hot water bags and disinfect her hands. In making up the final average, the marking the pupil received for her class work during the term and that which was received for her department were taken into consideration, and we all felt that the class deserved the 85 7-33 per cent. that it won.

This preparatory course has made a great deal of extra work for the Teachers, but each one is so satisfied with her section that she does not regret the extra labor involved and is very enthusiastic over the prospect afforded by the coming class.

There were eighty-six applicants during the quarter, the larger number of them being eligible. Of this number twenty-one have been ordered to report for duty for the next quarter. This number covers our present accommodation.

The work of the building seems to be going on steadily and slowly. The finishing up part I think is generally tedious and does not seem to move as rapidly as we would wish it, but we hope to be able to enter the building by the 1st of November.

During this quarter Miss Greener, in addition to doing her own work, assisted for four hours each day in preparing the sutures at the general drug department for the Department. She has spent this time there at the request of Dr. Dreyfus every day with the exception of Saturdays and Sundays. It became such a heavy drag on her finally that she was obliged to discontinue the work and Dr. Dreyfus was notified to get help elsewhere.

In August a graduate of this school, who had become broken down in health, owing to the steady strain of her work, requested to be admitted to the City Hospital, where she could be cared for. She has been accommodated there and is being carried on the roll of the school as a Probationer, an arrangement which seems to be satisfactory to all concerned, and which has made her very happy. She seems to be improving under the care she is receiving.

During this quarter the female help of the Department were all put in uniform, and it has made a noticeable improvement everywhere.

About September 1 the excavation for the foundation of the north wing was begun and has gone ahead very rapidly, and the bricklayers are preparing now to start in with their work.

The memorial tablet referred to in the last report has just been completed and will be in place within two weeks. The delay was due to the strike which has affected everything in the building trade.

It is to be hoped that the appropriation may be secured very soon for our dining pavilion. The building has been in a bad state of repair for some time, but the terrific wind storm which swept over the City on the 16th of September caused a considerable amount of damage there, and I fear the coming winter will find us very uncomfortable in it. The dining room, too, is too small for our needs, and when extra pupils, which we so badly need, and which we expect to call in as soon as our wing is finished arrive, it will be impossible to accommodate them in the dining room.

The school has gone along with makeshifts for its accommodations for such a long time that it has now reached the point where nothing more can be done. The extra work taken up by it in the last two years has been rendered extremely difficult on account of these handicaps of lack of room and the bad state of repair of the buildings in use. Many of these obstacles have already been smoothed out, but there still remains much to be done, more than could possibly be done in the two years which have just passed, and we are extremely grateful for all that has been done and for the sympathy extended where some obstacles could not be overcome.

On September 30 a formal farewell was taken of the Male Training School. Many of the older graduates, who were in the city, and some of the newer men, who were able to be absent from their work, came over and spent a very pleasant evening with Miss Silver. The head nurses of the Female School and the officers were also present, and Mr. Schilling, Superintendent of the City Hospital, threw open his parlors for the use of the visitors for refreshments and dancing. Although the cause of the gathering was rather a sad one for the members of the school we all enjoyed the meeting and Mr. Schilling's hospitality to such an extent that it was voted one of the pleasantest evenings ever spent on this end of the Island, and the young men went away followed by the good wishes of those with whom they had worked in the past, and carried a kindlier feeling toward the people of the Department than they had ever had before.

Respectfully submitted,

MARY S. GILMOUR.

Report of the City Hospital, Blackwell's Island.

October 12, 1903.

Hon. HOMER FOLKS, Commissioner of Public Charities, New York City, N. Y.:

Dear Sir—I respectfully submit to you a report of the additions, alterations and betterments for this hospital for the third quarter of 1903:

1. The usual quantity of repairs to furniture and other equipment has been done and duly reported in the labor statement of work accomplished by the various mechanics and others employed here.

2. The continued progress of putting all the paths and roadways in proper condition by placing brick gutters and walks is beautifying the grounds, and also making them substantial and proper without additional expense to the Department; all the old brick that was used in the construction of the abandoned heating system being used for this purpose.

3. A new roof, practically, has been put on the waiting room at the foot of Fifty-second street, and as soon as possible the whole structure will be painted and made more presentable.

4. The wards have all been painted and the halls and staircases are now in hand and about one-third (1-3) completed, which improves the general appearance of the hospital greatly.

5. The new buildings are not being constructed as rapidly as was expected, owing to the difficulty in obtaining both labor and materials, but are well advanced, the top course of beams being on one and the other nearly ready for same.

6. Owing to the grades set by the architects for the two new buildings, and the addition to the Nurses' Home, it will be necessary to raise the sea wall from two (2) to three (3) feet to be on a level with the grade prescribed, for which no provision has been made to my knowledge. This condition can not exist after the completion of the buildings without affecting the general good appearance of the exterior of same.

7. The condition of the storehouse is deplorable, and has been reported many times. The roof and skylight leak whenever there is a rain storm, and it is also inadequate for the storing of supplies, as many articles have to be stored in various buildings, i. e.: the waiting pavilion, sewing room, laundry, morgue and cellar of main building. I would recommend that an additional story or stories be built to meet the necessities and requirements.

8. I have also to report that the employees have been equipped with uniforms, conforming to your instructions as to the various grades, and would suggest that the male employees be provided with an extra suit, where the Department furnishes the material, as many are employed in occupations where their clothing is easily soiled.

9. There has been installed in the various towers new and improved slop sinks and closets, making a much needed and long desired improvement. The steam plant has been put in excellent repair for the coming cold season. All other minor matters have had such attention as has been necessary.

10. As the former complaints regarding laundry, dietary, etc., have discontinued, it is presumable that they no longer exist.

11. I would recommend that a bath, closet and basin be provided for the Resident Dietitian as soon as possible.

12. The dumb waiter from the Doctors' dining room has been removed and is awaiting the contractor to repair and fix the steel ceilings to complete the installation of new diet kitchen.

Respectfully submitted,
JOS. SCHILLING, Superintendent.

Report of the Home for the Aged and Infirm, Manhattan Division, Blackwell's Island.
New York, October 2, 1903.

Hon. HOMER FOLKS, Commissioner:

Sir—I have the honor to transmit herewith my quarterly report of the affairs of this institution for the quarter ending September 30, 1903, showing an increase of 39 in the number of inmates remaining at the end of the quarter from the number remaining at the end of the quarter ending June 30, 1903.

The Labor Report is given in detail, showing that 605 men and women inmates, out of a total average of 2,243, including "State Poor," were usefully employed in the various hospitals, out-wards, kitchens, dining rooms, shops and about the roads and grounds.

The alterations in the two frame buildings, of which mention was made in my last quarterly report, are now about completed, and these quarters will soon be ready for occupancy by the married couples of the inmates and Mr. Brooks, Foreman of the Broom Factory, and Mr. Lyons, Storekeeper.

Three wards in the male barracks are now occupied exclusively by employees of the City Hospital, and three other wards in same building are undergoing repairs and being newly painted, made necessary by the damage caused by the recent severe storm; also one ward in the female building is being repaired from the same cause.

During the quarter an additional dining room has been provided for the women in the blind wards, so that all can partake of their meals at the same time, thus affording the relief so much needed in these wards, rendering it unnecessary for those totally blind to climb up and down the stairs for their meals.

I would also make mention that considerable damage was done to the trees by the recent storm, several being blown down, and to our telephone wires, which have, however, since been repaired, and the rubbish of the broken trees removed.

Respectfully submitted,
ROBERT ROBERTS, Superintendent.

Report of the Metropolitan Hospital, Blackwell's Island.

October 7, 1903.

Hon. HOMER FOLKS, Commissioner:

Dear Sir—I herewith respectfully submit report of the Metropolitan Hospital, Blackwell's Island, for quarter ending September 30, 1903. The general summary and the whole number of patients treated and the results are as follows:

Patients remaining June 30, 1903..... 719
Patients admitted during quarter..... 1,449

Total..... 2,168

Births..... 15

Patients discharged..... 1,272

Cured..... 411

Deaths..... 196

Remaining..... 700

Mortality, 9 per cent.

Patients discharged treated as—

Medical..... 965

Surgical..... 227

Gynaecological..... 29

Venereal..... 44

Ophthalmic..... 7

Total..... 1,272

The above statistics include the phthisis patients.

Remaining June 30, 1903..... 391

Admitted during quarter..... 456

Discharged during quarter..... 322

Died..... 136

Remaining September 30, 1903..... 389

On the 30th day of September, 1903, our payroll numbered 230. The following help were added during the quarter: One Chief of Staff, at \$1,200 per annum; two Hospital Helpers, at \$300 per annum each; four Hospital Helpers, at \$150 per annum each; one Clerical Assistant, at \$150 per annum; one Hospital Helper, at \$120 per annum.

They were distributed as follows: One as Chief of Staff, two as Orderlies, one to take charge of Ward F Operating Room, one as Nurse at Phthisis Infirmary, one as Carpenter, one as Plasterer, one as Driver, one as Clerical Assistant to Dietitian.

Improvements During Quarter.

Work on the new boiler house has been started, and the brick conduit for the steam pipes is progressing as fast as can be expected. This will be a very much needed improvement when completed. The old boilers have been put out under a temporary house and which I think will be ample to heat the buildings until the new plant is in working order.

At the present time steam heat is being installed in the twelve tents on the grounds of the Tuberculosis Infirmary, and in the space of about two weeks will be completed.

The new dining room pavilion at the Tuberculosis Infirmary is nearing completion and requisition for the furnishing of same has been forwarded.

The Solarium is progressing very nicely now, and before the real cold weather comes it will be inclosed and we may be able to use it on stormy days.

A complete fire alarm and watchman's clock system, to be extended to all the outlying buildings, is under way.

A vibrating bell connecting the office and engine room has been installed to be used in giving the firm alarm signals.

Since the change of the diets there has been found quite an improvement in the food for the patients and employees.

The X-ray room is now in working order and showing very good service. A number of the patients have received material benefit from the same—medical and surgical cases in the main hospital as well as tubercular cases.

We have established a dormitory in the annex building for the male nurses and orderlies, who heretofore have been sleeping in the wards, thereby giving us more patients' accommodation in the wards.

A new gas range has been placed in the staff kitchen and has proved quite an advantage, especially the broiling oven, as it has stopped all the smell that formerly used to permeate through the whole building when chops, steaks, etc., were being broiled.

A new serving room has been made adjoining the staff dining room by partitioning off alcove in Ward G.

The work at the Tuberculosis Infirmary is nearing completion and will be in order in the next two weeks.

Five wheel-chairs have been furnished for the Tuberculosis Infirmary and have added much to the comfort of the patients.

All the windows at the Infirmary have been cemented in order to keep out the dampness and prevent the spoiling of the interior walls.

The basket-making at the Infirmary is progressing very well and the patients seem to take an interest in the work and enjoy it.

The two wagonettes, as per recommendation made, have been furnished equipped with new harness. Same were badly needed for conveying the visiting staff and visitors.

A new ice-house has been erected for the use of all the institutions in this Department.

We have made all the white duck uniforms as worn by the Staff and Orderlies and same have been passed upon by Mr. Yorke, Chairman of the Inspection Committee on Uniforms.

The new dock for this institution has just been completed, but has not been used up to the present time. This is certainly a big accommodation and great improvement.

All the supplies furnished during the quarter have been suitable and of good grade and all our requisitions have been promptly honored.

Respectfully submitted,
W. B. O'ROURKE, Superintendent.

Metropolitan Training School, Blackwell's Island.

October 1, 1903.

Hon. HOMER FOLKS, Commissioner, Department Public Charities:

Dear Sir—The following is the report of the Metropolitan Training School, for the quarter ending September 30, 1903:

July 1..... Census 85
September 30..... Census 76

Classification.	July 1.	Sept. 30.
Officers.....	2	2
Trained Nurses.....	2	2
Head Nurses.....	10	10
Pupil Nurses.....	52	44
Probationers.....	6	4
Clerical Assistant.....	1	1
Help.....	12	13
Total.....	85	76

Distribution, September 30.

Metropolitan Hospital—1 Trained Nurse; 8 Post Graduates; 32 Pupil Nurses; 3 Probationers.

Erysipelas Ward—2 Pupil Nurses.

Tuberculosis Infirmary—1 Trained Nurse; 2 Post Graduates; 6 Pupil Nurses; 1 Probationer; 3 Nurses on vacation; 1 Nurse off duty, owing to illness.

Nurses' Home—1 Housekeeper; 10 women; 2 men.

In addition, 3 male Nurses are detailed for service in the Genito-urinary Ward, and 12 in the male wards of the Tuberculosis Infirmary.

During the quarter 36 days were lost owing to illness, as compared with 153 days of the preceding quarter.

Thirty vacations were given; one Post Graduate and four pupils were called home by illness and death in their families; three pupils were restored to the roll; one pupil has been dismissed for untruthfulness, and seven (7) have completed the course of training.

Eight probationers were received during the quarter, and of these one was appointed and three withdrew.

Classes have been held by Miss Bollerman, in anatomy and physiology, practical nursing and materia medica, and by Miss Ward in surgical technique and bandaging.

The class in dietetics attended Miss Corbett's lectures at the Nurses' Home, City Hospital.

On July 15 a Seamstress was appointed for the Nurses' Home.

The employees of the home are now wearing the prescribed uniform.

A china closet has been constructed for the dining room, and the floors of the kitchen and serving rooms covered with linoleum.

The work on the area on the west side of the Nurses' Home has been completed; awnings and wire screens were received for the home.

The work in the special diet kitchen seems to have progressed very satisfactorily.

The operating rooms present an improved appearance since the new floors were laid.

The lessons in basket weaving have been continued for the tuberculosis patients, whose interest in the work has increased to a marked degree.

Respectfully submitted,
JANE M. PINDELL, Superintendent.

Report of the New York City Children's Hospitals and Schools, Randall's Island, New York.

September 30, 1903.

Hon. HOMER FOLKS, Commissioner, Department of Public Charities:

Dear Sir—I have the honor to submit the report of the New York City Children's Hospitals and Schools, for the quarter ending September 30, 1903.

The following is the number of children treated at the four divisions of this institution:

Infants' Hospital, 219; Children's Hospital, 756; School for Feeble-minded, 356, and Custodial Asylum, 253. Total number treated in the institution, 1,584.

Admitted during the quarter: Infants' Hospital, 127; Children's Hospital, 210; School for Feeble-minded, 62; Custodial Asylum, 2. Total admissions, 401.

Discharged during the quarter: Infants' Hospital, 101; Children's Hospital, 202; School for Feeble-minded, 30, and Custodial Asylum, 2. Total discharges, 335.

Of the number discharged, twenty were transferred to the following State institutions: Four to the Craig Colony for Epileptics, four to the Syracuse State Institution for Feeble-minded Children, seven to the Rome State Custodial Asylum, and five to the Newark State Custodial Asylum for Feeble-minded Women.

Of the total number treated at this institution, forty-five died; the total death rate at the institution 02.84 per cent.

The following is the number of deaths and percentages in each of the four divisions:

Infants' Hospital—Deaths, thirty-three; percentage, 15.07.

Children's Hospital—Deaths, six; percentage, 00.79.

School for Feeble-minded—Deaths, four; percentage, 01.12.

Custodial Asylum—Deaths, two; percentage, 00.79.

School Census.

	Day School.	School for Feeble-minded.	Industrial School.
Number remaining June 30, 1903.....	302	223	84
Admitted during the quarter	89	45	10
Total	391	268	94
Discharged during the quarter	86	12	6
Remaining September 30, 1903.....	305	256	88
Average daily attendance	281	145	78

The three quarantine buildings commenced on May 1st, are nearing completion. During the quarter the roofs have been put on; they are of grooved tin, and have been painted a stone blue color, which makes them attractive in appearance. The walls have been sheathed on the inside with yellow pine boards, and the exteriors of the buildings have been painted. The floors have been laid and at the present time the plumbing, steam fitting and gas fixtures are being put in. As soon as this work is finished and the closets which are being made by the Carpenter here have been placed, the buildings will be ready for occupancy. These quarantines, constructed on improved plans, equipped with sanitary plumbing and steam heat, will render the hospitals much more efficient for the care of contagion, and insure material comfort and hygienic surroundings to the children afflicted with contagious diseases.

The exterior of the gymnasium is finished, and the roof is covered with tar paper, so that the work of the interior of the building can be continued. The floor is being laid, the plastering put on and the plumbing and steam fitting work is being done.

The Reception building has been built two stories and part of the roof is in frame. The heating, lighting and plumbing service is being put in.

A new morgue has been built to the northeast of the gymnasium. A tin roof is being put on and work on the plastering, plumbing and steamfitting is in progress.

The water tower adjoining the south hospital is finished and roofed and the interior is lined with glazed brick. At present the mechanics are working on the steamheating and toilet arrangements.

The water tower adjoining the north hospital is built to the third story, but the roof has not yet been put on.

All of these buildings are expected to be ready for occupancy by the first of the year.

During the summer Wards 7 and 8, Children's Hospital, occupied by girls suffering with skin diseases, became somewhat crowded. To remedy this condition and provide for a complete classification and separation of all the convalescent skin cases from those receiving treatment for acute skin diseases, the girls occupying Medical Wards 24 and 25, Children's Hospital, were transferred on August 16 to Wards 3 and 4, Infants' Hospital, these wards, owing to the low census at the Infants' Hospital, having been vacant at the time.

On September third the girls occupying Wards 7 and 8 were classified and transferred to Wards 23, 24 and 25. Wards 7 and 8 becoming vacant, made it possible to classify and separate in the same manner the boys suffering with skin diseases.

On September twenty-fourth the crippled boys were transferred from Pavilion H to Ward 11, formerly used as a dining-room for all the feeble-minded boys. This ward has been newly fitted up, and, being on the ground floor, is most suitable for this class of patients.

On September twenty-nine the feeble-minded boys were classified according to age, and the older ones were transferred to Pavilion H. They occupy the second floor of this building as a dormitory and the first floor as a dining-room and day-room. The younger feeble-minded boys occupy Dormitory 2.

I have long desired to make this change, but lack of accommodation prevented its being carried into effect until the present time.

From July twenty-one to September eleven the children enjoyed twenty-six excursions on the steamboat "Fidelity." These excursions were given alternately to Hart's Island and Staten Island. The average number carried on each excursion was 95, and the aggregate number who enjoyed this healthful recreation was 2,475.

During the quarter the children enjoyed three concerts. Two were given by the band of the Mission of the Immaculate Virgin and one by the band of the Catholic Protectory. All the children were assembled on the lawn, and the weather on the three occasions being most favorable, added much to the pleasure which they derived from these entertainments. The children's appreciation of the music was so evident that we hope the concerts will be continued in the future.

On Sept. 25 two hundred and sixty of the children witnessed an exhibition of the Indian Congress, at Madison Square Garden, through the courtesy of Mr. F. T. Cummins, who kindly extended them an invitation.

I am pleased to note that, by direction of the Commissioner, on September 25, 1903, arrangements were made with Mr. F. A. Ross for an effective fire drill for the safe-guarding of the inmates of this institution.

A steam whistle has been erected on the roof at central boilerhouse for use in case of fire.

At the central boilerhouse two feed pumps have been erected and new feed lines connected to boilers.

The washing machines at the laundry have been overhauled and repaired. At Pavilions A, B and C a bathtub and three toilets have been fitted up; the steam pipes have been removed from the floor and attached on the ceiling; the Hittings heater has also been removed and a hot water line laid from boilerhouse.

At Ward 11 a bath tub, two toilets and one wash trough have been erected. A new floor has been laid, the walls and ceiling have been painted, and two large kitchen tables and one medicine closet have been made by the Carpenter and placed in this ward.

The hot water stoves have been removed from Ward 11 and Dormitory 2 and a hot water main has been connected from the boilerhouse to both buildings.

New water pipes have been laid in one section of the School for Feeble-Minded. A new bath tub has been placed in bath room of Male Orderlies' Dormitory.

The smokestack at the Central Power House has been given two coats of black asphaltum.

A new set of retorts have been fitted up at gashouse and the hydraulic main has been thoroughly cleaned.

New arc lamps have been furnished for the operating and surgical rooms.

At the Industrial School the walls which were out of plum have been braced and stayed.

At the Nurses' Dormitory a new bath tub and toilet have been set up.

The walls, ceiling and wood work of Day School, and walls, ceilings, and wood work of class rooms, School for Feeble-Minded, have been painted in two coats. The paint used on the walls is of a light color and the paint on wood work harmonizes with the frames of the pictures kindly donated by the ladies of the County Visiting Committee of the State Charities Aid Association. All the school rooms now present a bright and cheerful appearance.

Through the courtesy of the Commissioner of Correction, twenty men from the Penitentiary, under the charge of two Keepers, have accomplished much necessary work, enumerated as follows: Dug trench for hot water pipes from Ward 15 to Pavilions A, B and C, 395 feet long; trench for hot water pipes from main kitchen to Dormitory two 250 feet long; cut down and removed thirty dead trees.

The following is the amount of work accomplished in the Industrial School for the quarter ending September 30, 1903:

Sewing Department.

Four thousand six hundred and thirty-six pieces girls' clothing, 2,035 pieces boys' clothing, 761 pieces infants' clothing, 145 pieces women's clothing, 1,575 pieces bedding, 6,133 miscellaneous articles, 45 uniforms.

Shoemaking Department.

Six hundred and fifty-six pairs shoes repaired.

Basket Making.

Made 78 baskets, repaired 38 baskets and 5 chairs.

Mat Making Department.

Thirty mats made and one rug.

Gardening Department.

Two thousand three hundred plants slipped and planted.

During the months of July, August and September, the farm has yielded the following products:

Cabbage, 2,836 heads; turnips, 12 barrels; beans, 39 bushels; beets, 39 bushels; parsley, 20 bushels; peas, 10 bushels; celery, 11 bushels; corn, 7,500 ears; spinach, 27 bushels; tomatoes, 1,012 bushels.

Ten tons of hay have also been saved.

During the quarter, with one exception, the reports of the counts of the farm and city milk have shown a marked decrease of bacteria, in favor of the farm milk.

Respectfully,

M. C. DUNPHY, Superintendent.

Hon. HOMER FOLKS, Commissioner of Charities, New York City, N. Y.:

Dear Sir—I have the honor to submit the following report of improvements at the New York City Farm Colony for the quarter ending September 30, 1903:

1. The new Male Dormitory, which is built of stone gathered from the farm, is now advanced as far as putting in place the floor timbers, the basement floor being of concrete, to be used for steam heating plant, kitchen, bakery, store and dining room.

The seating capacity is 264 persons, the sleeping capacity about 150 to 175 persons, allowing 800 cubic feet to each person.

2. Four acres of the old original farm land (never before being cultivated) is now ready for 1904, thereby greatly adding to the already well cultivated fields of 1903.

3. A new sewerage plant has been devised and contract let, to insure a more perfect system of sewerage, none having been laid before 1903, to but one building (Insane). Plans have been made to lead a sewer to each and every building. A long-felt want.

4. Contracts have been advertised for a system of cottages on Farm Colony, to start with three, for aged and infirm persons. These to be erected immediately, 100 days being time limit for finishing.

One of these cottages is for old married couples—a new scheme altogether—they being allowed to live together in their last days of their lives, not as now separated.

Under the New York City Farm Colony rules, instead of making it as uncomfortable as possible for an old couple, it makes it a paradise, considering the old way. The very idea of a couple, aged, crippled or destitute, being cared for by a great city, in a cottage built on the highest land on the coast between Maine and Florida, plenty of God's pure air, beautiful scenery, pleasant surroundings, an ideal farm to spend their last days upon, and to have the privilege of living together, is in itself a boon to humanity.

Very respectfully yours,

J. B. PEARCE, Jr., Superintendent.

Supervising Engineer's Office, foot of East Twenty-sixth street,

New York, October 5, 1903.

Hon. HOMER FOLKS, Commissioner, Department of Public Charities:

Dear Sir—With reference to your circular letter of the 22d of September to heads of institutions for the quarterly report ending September 30, I beg to submit the following:

Passengers carried by the steamer "Brennan," between East Twenty-sixth street, Blackwell's and Randall's Islands.....

Passengers carried by the steamer "Fidelity".....

Passengers carried by the steamer "Wickham," Blackwell's Island service....

Passengers carried by the steamer "Gilroy," Randall's Island service.....

I also beg to report that the children from Randall's Island have been taking excursions daily when possible, which has been to the extent of three or four times per week during their school vacation.

The inmates of the Almshouse have been taking excursions every Thursday, weather permitting, and have enjoyed them very much. This has been experimental only, but I think successful, and might be tried another season. The weather, however, is too chilly to continue them longer this season.

Respectfully submitted,

G. HAMILTON,

Third quarterly report of Kings County Hospital, The New York City Home for the Aged and Infirm, Brooklyn Division; Cumberland Street Hospital; Bradford Street Hospital; Reception Hospital, Coney Island; also the Training Schools and other branches of the Department of Public Charities, Boroughs of Brooklyn and Queens, 1903:

BOROUGH OF BROOKLYN AND QUEENS.

Brooklyn, N. Y., October 10, 1903.

Hon. HOMER FOLKS, Commissioner of Public Charities, New York:

Dear Sir—I respectfully submit to you the Third Quarterly Report of the Kings County Hospital, the New York Home for the Aged and Infirm, Brooklyn Division; the Cumberland Street Hospital, the Bradford Street Hospital, and the Reception Hospital, Coney Island; also the Training Schools for Nurses and the other branches of this Department.

During this quarter the construction of the building for dining rooms and kitchen has been commenced, and the third story is at present being erected. The work on this building has been delayed by the trouble existing in the building trades. At the present writing, however, satisfactory progress is being made.

The roof has been placed on the new heating and power house, and all boilers are in position, though not yet connected.

The work on the new lighting system is in satisfactory condition, and the system will be in shape to be operated by the time power is generated.

We shall be compelled to use the old heating system again this winter, at least for some months, owing to the delay in installing the new heating plant.

Kings County Hospital.

During the quarter just ended there were under treatment 2,453 cases, 530 of which were in the hospital July 1, 1903. There were 1,923 new admissions, which number exceeds the admissions during any quarter in the past year. Of the admitted cases 209 were pronounced insane and committed to the State hospitals, and 476 remained under treatment September 30, 1903.

Kings County Hospital Dispensary.

During the past quarter 1,504 cases were treated in this dispensary, 1,134 of which were males and 370 females, 511 were new cases and 993 were revisits.

The New York Home for the Aged and Infirm, Brooklyn Division.

There were 1,101 inmates in the Home July 1, 1903. During the quarter 1,098 were admitted, making the total number under care 2,199; of the number admitted 515 were lodgers and 183 were able-bodied; 324 admissions were due to old age and decrepitude; the other admissions were due to a variety of causes, which may be ascertained by reference to the statistical tables furnished herewith.

The dining-rooms in this institution have been made more cheery and home-like by the supplying of new tables and chairs in place of the boards and stools formerly in use, which were unsightly and uncomfortable in the extreme.

The old return steam main in the men's division of the Home was found to be perforated to such an extent that it was found impossible to repair it, so the old pipe has been replaced by new.

The roofs of all the buildings in this group have been painted during the past summer.

Cumberland Street Hospital.

Owing to labor trouble there has been considerable delay in the completion of the various contracts for alterations in this Hospital; nevertheless, much progress has been made, and in all probability all the work will be finished within the next two months. There were 148 patients in this hospital July 1, 1903, and 613 were admitted since, making the total number under treatment 761.

In the cases admitted to this hospital the absence of intemperance as a cause is noticeable, as contrasted with the large number of cases admitted to the Kings County Hospital from this cause.

Cumberland Street Hospital Dispensary.

There is a very active service in this dispensary, the total number of cases treated being 2,466, of which 1,322 were males and 1,144 females; 755 of these cases were new and 1,711 were revisits.

Bradford Street Hospital.

Thirty-seven cases were admitted to this hospital during the quarter, 7 remained from the previous quarter, making a total of 44 under treatment.

Bradford Street Hospital Dispensary.

In this dispensary 1,977 cases were treated, 701 of which were new cases and 1,276 revisits.

Reception Hospital, Coney Island.

(Closed for the season September 20, 1903.)

There was in this hospital July 1, 1903, one case, and 56 cases were admitted during the quarter, making a total number under treatment of 57; 40 of these cases were discharged recovered, 16 as improved and one died.

In the dispensary in connection with this hospital 1,423 cases were treated; of these 727 were new, and 696 were revisits. There were 423 ambulance calls made from July 1 to September 20. The hospital was closed on the latter date, there being no patients in it, and the nights being so cold that the officers and employees suffered, there being no means of heating their quarters.

During the season of 1903 the cellar of this hospital was frequently flooded with water from severe storms. The building has been rendered damp and unhealthy, and consequently unfit for the care of sick people.

Respectfully submitted,

JNO. F. FITZGERALD, General Medical Superintendent.

The minutes of the previous meeting were read and approved.

A communication was received from Carrere & Hastings, architects, reporting favorably upon an application of Louis Wechsler for an extension of time on his contract of August 31, 1903, for repairs to roof and other work in the Metropolitan Museum of Art and recommending an extension of thirty working days.

On motion the recommendation of the architects was approved and adopted by the following vote:

Ayes—Commissioners Eustis, Young—2.

Commissioner Young offered the following:

Resolved, That all the bids or proposals received on the 29th ultimo for the following-named work and supplies for parks in the Borough of Manhattan be and the same hereby are rejected, it being deemed for the interest of the City so to do:

1. Paving with asphalt the carriageway of plaza at Fifth avenue and One Hundred and Tenth street.

2. Furnishing, delivering and laying grass sod on Riverside Park.

3. Furnishing and delivering mould on Riverside Park.

Which was adopted by the following vote:

Ayes—Commissioners Eustis, Young—2.

Commissioner Eustis offered the following:

Resolved, That, pursuant to the terms of the contract between this Department and Charles L. Doran for furnishing and delivering sod where required on parks north of Fifty-ninth street, Manhattan, the quantity of material to be furnished thereunder be and the same hereby is increased as may be required, not exceeding 25 per cent.

Which was adopted by the following vote:

Ayes—Commissioners Eustis, Young—2.

Commissioner Eustis offered the following:

Resolved, That the time stipulated for the completion of the work under contract with John G. Fair for the "Construction of a Bridge over the New York, New Haven and Hartford Railroad—Harlem River Branch—at the Crossing of the Bronx and Pelham Parkway" be and the same is hereby extended to November 12, 1903, in accordance with the recommendation of the Chief Engineer for the Borough of The Bronx.

Which was adopted by the following vote:

Ayes—Commissioners Eustis, Young—2.

Commissioner Eustis offered the following:

Resolved, That the Commissioner of Parks for the Borough of The Bronx be authorized to cause plans, specifications and form of contract to be prepared for the improvement of Moshulu parkway, from Webster avenue to Van Cortlandt Park, and when so prepared and the contract shall have been approved as to form by the Corporation Counsel, to publish an advertisement inviting proposals for doing the work.

Which was adopted by the following vote:

Ayes—Commissioners Eustis, Young—2.

Commissioner Eustis offered the following:

Resolved, That the proposal of the lowest formal bidder this day received for the erection of a plant house to finish a range of propagating houses in the Botanical Garden in Bronx Park be forwarded to the Comptroller for his approval of sureties, and when so approved that a contract for the same be entered into and executed by the President for and on behalf of this Board.

Which was adopted by the following vote:

Ayes—Commissioners Eustis, Young—2.

On motion, at 3:50 p. m. the Board adjourned.

GEORGE S. TERRY, Secretary.

DEPARTMENT OF TAXES AND ASSESSMENTS.

Report for the Quarter Ending September 30, 1903.

Stewart Building, No. 280 Broadway,
November 16, 1903.

Hon. SETH LOW, Mayor, City of New York:

Dear Sir—I am directed to transmit to you the accompanying report of the operations and actions of the Department of Taxes and Assessments for the quarter ending September 30, 1903.

Yours respectfully,

C. ROCKLAND TYNG, Secretary.

New York, October 1, 1903.

Hon. SETH LOW, Mayor of The City of New York:

Sir—In accordance with the requirements of section 1544 of the Greater New York Charter, the following report is submitted, showing the operations of the Department of Taxes and Assessments for the quarter ending September 30, 1903.

Under section 907, Greater New York Charter, the assessment rolls for the several boroughs, properly certified, were delivered to the Board of Aldermen on the first Monday of July (6th), 1903.

The following communication was received from the Board of Aldermen under date of July 6:

The City of New York, Office of the President of the Board of Aldermen, City Hall,
New York, July 6, 1903.

Whereas, The Tax and Assessment Rolls having been finally submitted to the Board of Aldermen on Monday, July 6, 1903, the undersigned, in the name of the Board of Aldermen, and as one of its acts, and by virtue of law, authorizes and requests the Commissioners of Taxes and Assessments, by themselves and such clerical assistance as may be at their disposal, without expense to the City, to cause to be properly estimated and computed the taxes to be imposed under and by virtue of said rolls, and to cause the said estimation and computation to be properly set down and extended in the said Tax or Assessment Rolls or Books; to cause the item of said taxes to be carefully added, and set down the amount of the same in the said rolls or books, and to perform such other duties connected with the said Tax or Assessment Rolls or Books as the undersigned is, by the sections 909 and 910 of the Greater New York Charter, authorized or required to have done.

C. V. FORNES, President of the Board of Aldermen.

In compliance with the request, the Commissioners caused the work of extending the tax for 1903 to be performed by the clerical force of the Department, without additional expense to the City. The total assessed valuations, as transmitted by the Board of Taxes and Assessments to the Board of Aldermen, were \$5,432,398,918. Of this amount the assessed valuation of real estate was \$4,751,532,826, and personal estate \$680,866,092, divided among the several boroughs as follows:

	Real Estate.	Personal Estate.	Total.
Manhattan	\$3,483,793.382 00	\$549,843.253 00	\$4,033,636.635 00
The Bronx	247,090.767 00	147,602.041 00	261,852.808 00
Brooklyn	853,742.357 00	100,052.348 00	953,794.705 00
Queens	123,781.723 00	10,176.900 00	133,958.623 00
Richmond	43,124.597 00	6,031.550 00	49,156.147 00
Total	\$4,751,532.826 00	\$680,866.092 00	\$5,432,398.918 00

The rates of tax upon the estates, real and personal, subject to taxation in The City of New York and the several counties and boroughs included within said City were fixed for 1903 by the Board of Aldermen as follows:

State Tax.

The State tax rate for the years 1899 to 1903, and included in the total tax rate given by boroughs, as above shown, and expressed in mills, was: In 1899, 2.49; in 1900, 1.96; in 1901, 1.20; in 1902, 0.13; in 1903, 0.13. It will thus be seen that the direct tax of the State, on one dollar of assessed valuation, has fallen from two mills and forty-nine hundredths of a mill in 1899 to thirteen hundredths of a mill in 1903.

The 1904 Assessment.

As required by section 889, New York Charter, the Deputy Tax Commissioners, on the first Tuesday in September, commenced to assess real and personal estate in the several boroughs for the year 1904. The separate assessment of land and with improvements thereon, under chapter 454, Laws of 1903, which went into effect on the first day of September, entailed additional labor upon the Deputies charged with the assessment of real estate, and also upon the Surveyor's office.

To meet the requirements, forty-six temporary Clerks were appointed to assist in the necessary work to be done in the several boroughs under the immediate supervision of the Real Estate Bureau, the salary paid to be at the rate of ten hundred and fifty dollars per annum, and forty-one Computers in the office of the Surveyor, with salary at the rate of twelve hundred a year.

The work has progressed in a satisfactory manner, and its present condition gives promise that its completion will fully justify the wisdom of the plan adopted.

The following directions were given to the Deputies on the 31st day of August, under authority of sections 887 and 889 of the New York Charter.

Department of Taxes and Assessments, No. 280 Broadway, New York City,

August 31, 1903.

To the Deputy Tax Commissioners of The City of New York:

Gentlemen—In calling you together this afternoon, the Commissioners of Taxes and Assessments take this occasion to congratulate you upon the successful completion of the assessment rolls for 1903, representing the largest assessment of real and personal property for the purposes of taxation ever made in The City of New York.

While it is not claimed that these rolls are without fault, it is asserted that they represent the honest efforts of this Department to correct past abuses, to assess both classes of property at the legal standard of value, and, through a fair application of the tax law, to distribute more equitably the burdens of government. The results obtained through obedience to the law are a larger total assessment, a more perfect equalization of values, a solution of the debt limit problem which for years has hampered the City, and lower taxes to all except to those whose property has hitherto been assessed below the average value for city taxation, to those whose property has been improved by building or has rapidly advanced in value by reason of great public improvements or the natural growth of the City.

These are among the practical benefits resulting from your arduous labors during the past year, and these results fully justify our directions given you last August when you were about to begin the assessment for 1902.

We congratulate you upon the fact that these rolls have been unanimously ratified, approved and confirmed by the Honorable the Board of Aldermen, that the tax rate, the lowest in the history of Greater New York, has been fixed, that your work of computing the taxes in each case has been completed, and that the tax books will be prepared for delivery to the Receiver of Taxes within the time prescribed by law.

It is provided by section 887 of the Charter, that your duties shall be performed under the direction and supervision of the Board of Taxes and Assessments, and that "said Board shall give such directions to the Deputy Tax Commissioners as it shall think expedient to secure in all the boroughs and parts of the City equality of valuations of property for the purposes of taxation."

It is in conformity with this section of the Charter that you have been called together at this time, when you are about to exercise the great power vested in you as servants of the people, in order that this Board may reiterate and emphasize as forcibly as possible the directions repeatedly given you, that you use your powers honestly, intelligently and fearlessly, so that each taxpayer shall contribute to expenses of government his equitable share of taxes, no more, no less.

The laws under which you act and the spirit of our republican institutions demand this at your hands.

You, who are about to begin the work of assessing the real and personal property within The City of New York for the taxes of 1904, will find that your labors and your responsibilities have been largely increased by the enactment of chapter 454 of the Laws of 1903, which amends section 889 of the Charter and goes into effect simultaneously with the commencement of your work on September 1.

Section 889 of the Charter, which has heretofore defined your duties, has been amended, so that it now reads as follows:

"It shall be the duty of the Deputy Tax Commissioners, under the direction of the Board of Taxes and Assessments, to assess all the taxable property in the several districts that may be assigned to them for that purpose by said Board, and they shall furnish to the said Board, under oath, a detailed statement of all such property, showing that said Deputies have personally examined each and every house, building, lot, pier or other assessable property, giving the street, lot, ward, town and map number of such real estate embraced within said districts, together with the name of the owner or occupant, if known; also the sum for which, in their judgment, each separately assessed parcel of real estate under ordinary circumstances would sell if it were wholly unimproved; and separately stated, the sum for which, under ordinary circumstances, the same parcel of real estate would sell with the improvements, if any, thereon; with such other information in detail relative to personal property or otherwise as the said Board may, from time to time, require. Such Deputies shall commence to assess real and personal estate on the first Tuesday in September in each and every year."

Real Estate, Separate Assessment—Publicity.

During the past year your work has been scrutinized and criticised as never before; but we have good reason to believe that the consensus of opinion is, that a great improvement has been inaugurated in the method of equitably assessing real estate in this city for the purposes of taxation, and that it has already resulted in great benefit to the municipality.

In making the assessment of real estate for the taxes of 1903, this Board directed you to abandon the fluctuating and uncertain standards prevailing in the

* From City Budget. Board of Estimate and Apportionment.

past, and to adopt the actual standard of valuation which was then, as it is now, the legal standard.

The purpose of this was to eliminate the errors and inequalities which were found prevalent in previous assessment rolls, and, as far as it was possible, to prevent discrimination and promote equity in the future.

The amendments to the Charter which now make it your duty to separately value the land and the land with the improvements thereon, together with the publicity which will be given to your work by publishing these values in the "City Record," are designed still further to prevent discrimination and to promote equity.

The accuracy and impartiality of your work will again be subjected to the closest scrutiny and the severest criticism. The steps by which you arrive at your judgment of the value of the entire property will be apparent. The publication of these separate appraisals will supply the data which will enable property owners to compare the assessed value of their own lands and buildings with those of their neighbors, and to ascertain whether they have been treated justly or not.

Publicity will disclose any incompetency or favoritism on the part of the assessing officers, and if they be guilty the Department will be compelled, by force of public opinion, to remove them and secure the services of others who are more efficient and more capable of making accurate and impartial assessments. We hope, however, that this will not occur.

Publicity will also disclose the ability and fairness of those who perform their duties honestly and intelligently, and they will be upheld by the Department and by the community at large.

A faithful and conscientious compliance with the provisions of the Charter will afford ample justice and protection to both the taxpayer and the assessing officer, and will secure for the City a system of valuation unsurpassed in accuracy and equity by any other in the United States.

The work of assessing separately the land and the land with the improvements thereon will entail upon the Deputy Tax Commissioners even greater labor than was involved in the assessment of last year. It will require excellent judgment, constant care and separate calculations for both land and buildings.

In order to facilitate the work of the Deputies as much as possible, the Surveyor of the Department has computed and placed upon the Block Tax Assessment Maps the areas of irregular lots and plots.

It will be necessary, however, in many instances for the Deputies to ascertain the areas of numerous lots and plots before determining their value. In the case of buildings it will also be necessary for them to make their own calculations of floor areas and to take into consideration the age, character and productive value of such structures.

It is the desire of the Tax Commissioners that the Deputies follow uniform and recognized methods in their work, and also that they familiarize themselves with the application of standard tables for ascertaining quantities, and with the well-known rules and scales generally used by real estate appraisers, brokers and lawyers in estimating and appraising inside and corner lots and portions of such lots, and of lots greater than 100 feet in depth. An intelligent application of these standard tables of measurement and these recognized rules for estimating the relative and aggregate value of parts of lots will greatly facilitate them in arriving at correct conclusions.

These tables, rules and scales can be obtained from the Deputy in charge of each borough, and he will, if necessary, instruct the other Deputies in their use and application.

As was stated in the preliminary directions addressed to the Deputies on July 15, 1903:

"In assessing real estate for the purposes of taxation, these rules and scales, however valuable they may be as aids in making computations and comparisons, are not to be substituted for the requirements laid down in section 889 of the Charter, namely, a personal examination of each parcel of property and the judgment of the Deputy Tax Commissioner as to the sum for which said property under ordinary circumstances would sell. Judgment as to value can always be best formed by personal examination of the premises and a consideration of the elements of value which such an examination discloses."

In your work of assessing property for the taxes of 1904 you are requested to follow the directions given you last year, as far as they are applicable to the work in hand.

We desire to repeat those that are most pertinent at this time:

"To properly perform this work will call for your entire time and undivided attention. You are not merely to copy the assessments of the previous year. It is not a compliance with the law to simply walk past the property and note its existence, and rely upon former assessments as to its correct value. You are required each year to examine the property with such care as may be necessary to satisfy your own judgment as to its full value."

"Each Deputy should possess a thorough knowledge of real estate values in the several localities assigned to him. This involves not only a knowledge of the land and of the structures thereon, but also an intimate familiarity with the special features and the capabilities of the premises, and also with the existing local conditions and surroundings which tend, from year to year, to increase or decrease the value of real estate. * * *

"Personal inspection of the premises, careful study of the records of sales, contracts, leases, mortgages, assignments, satisfactions, and the cost of building, a judicious comparison of the property involved with other property in the immediate neighborhood, and a familiarity with the various elements of value, all of which are within the reach of personal inquiry, are sources from which knowledge may be obtained. Caution, however, should be exercised in accepting any particular statement or record as the true test of value, until you have verified it and convinced your own judgment that it affords a sure basis upon which to rely."

"On the one hand, foreclosure sales, sheriff's sales, or forced sales of any description are not to be considered by you as evidences of true value. On the other hand, you are cautioned not to base your estimates of value of real estate upon the fictitious considerations now so frequent in deeds and mortgages, nor upon sales or mortgages made to 'dummies,' nor upon the amounts awarded in condemnation proceedings, nor upon 'boom' prices, or the prices advertised in speculators' circulars, nor upon the unverified statements of alleged 'offers,' nor upon the wants or necessities or the idiosyncrasies of buyers or builders. Neither are you always to base your estimate upon the aggregate value of the land and the cost of the buildings thereon, for the structures may be antiquated, defective in architecture, inappropriate to the location, and consequently unproductive."

"None of these is conclusive evidence of true value."

"The full value at which you are required by law to assess real estate for the purpose of taxation does not mean extreme value, exchange value or prospective value, but actual value, selling value, market value. Full value, selling value, and market value are synonymous terms. Market value has been appropriately defined to be the sum which a willing purchaser is prepared to pay and which a willing seller is ready to accept."

"Such transactions are worthy of your consideration."

"They are sales 'under ordinary circumstances.'"

Equity in Assessing.

The Board now, as it did last year, directs that you give especial attention to the equalization of assessed values in each of your Districts, and that you not only assess the property within your respective Districts equitably, but equitably with the property in every other District throughout the City. You are required to treat all taxable property alike. Discrimination must not be made in favor of or against any kind of taxable property, or in favor of or against taxable property in any borough. Equity is the fundamental principle of taxation, and it is only by an adherence to this principle that justice can be done to all the taxpayers.

The Board insists upon a uniform obedience to this direction, in all the boroughs. Prior to your commencement of the work of assessing last September, this Board called your attention to its investigation of the numerous inequalities and mistakes existing in the assessment rolls of 1901-1902, and to the published statements emanating from high authority, giving in detail a list of assessed valuations showing under and over valuations in the assessment of real estate.

The Board again cautions you against errors and inequalities in the future, and warns you that, in justice to themselves and the taxpayers, they will not overlook the repetition of mistakes which, through defective judgment, neglect or favoritism, place upon the tax rolls glaring inaccuracies in the work of making assessments.

Applications for Correction.

During the time the Books of Annual Record were open this year for public inspection, examination and correction, an unusually large number of applications were filed by real estate owners for the reduction of the assessed value of their property. This was fully expected, on account of the radical change made in the method of assessing real estate. Many of these applications appeared to be meritorious, and the relief asked for was granted by the Tax Commissioners. A very large number of the applications were due to a misunderstanding on the part of property owners regarding the method of assessment, and in many instances to a misrepresentation of the policy and purposes of this Department.

A large number was also due to the systematic and extensive canvass made among property owners to induce them to file such applications.

These applications contained a large amount of information regarding the value of land and buildings, the condition and rent of the same, comparisons with other property and statements of actual sales, mortgages and leases. Notwithstanding the fact that all these applications have been already considered and acted upon as the law directs, the Commissioners deem it advisable that they be again examined and considered by the Deputy Tax Commissioners while they are in the field making their assessments for the coming year. Due consideration should also be given to the comparisons made by the complaining property owners, and to other properties in the neighborhood, so that inequalities may be prevented in the coming assessment.

It is your duty, each year, to personally examine every piece of property in your respective districts and to assess it at the sum for which, in your judgment, said property under ordinary circumstances would sell. You are not to assume that, because the assessed value of any property has been once confirmed by the Commissioners at a certain sum, it is to remain as fixed at that valuation.

If, after a new personal examination, you conscientiously believe any property is still either under or over assessed, you are to value it anew as the Charter requires, regardless of any action of the Board of Tax Commissioners in granting or refusing to grant the application for reduction in any previous year.

Exempt Property.

Several cases have come to the attention of the Tax Commissioners in which property has been for years marked exempt when it should have been assessed for taxation. The Deputy Tax Commissioners are therefore directed to scrutinize closely every property marked exempt or for which exemption is claimed. You are not to take anything for granted in such matters, nor to assume that in any instance property is exempt because you find it has previously been marked so or because it has been properly exempted at some previous time. You must examine personally and ascertain positively whether it is now exempt. Neither are you to assume the authority to mark any property exempt, for the reason that the law does not give you that power. You have authority to assess but not to exempt, and you are directed to assess every piece of property in your districts unless you are authorized by the Tax Commissioners to exempt it. You are not to determine whether any piece of property comes within the provision of any general or special law granting exemption from taxation. It is your duty to examine closely and note whether the property is used exclusively for the purposes on account of which it has been granted exemption. For instance, if a property be marked on your books "Exempt as a Church," and you find it occupied as a hotel, you are to assess it accordingly. Again, if a property be marked on your books "Exempt, City of New York," and you find that it is owned by an individual or corporation not entitled to exemption, you are to assess it accordingly.

It is also your duty to ascertain whether property marked exempt has changed hands and has again become taxable. If the rules of the Department have been properly carried out, Deputies will find in the margin of their field books a memorandum of the record of such transfer. This alone will be sufficient justification for them to restore such property to the Tax Rolls.

Finally, if there be any doubt in your mind in regard to any such property, submit the question to the Chief Deputy of your Bureau, or to the Deputy in charge of your borough.

Personal Property.

The Commissioners of the Department of Taxes and Assessments take this occasion to commend the Deputies of the Personal Estate Bureau upon the faithful and intelligent work done by that branch of the Department in connection with the assessment for the taxes of 1903. The large increase in the total amount of taxable personal property of residents and non-resident individuals, estates and domestic and foreign corporations, retained upon the assessment rolls of 1903, has been a compliance with the law that has materially aided in equalizing the assessed values of the two classes of property and in reducing the tax rate on each for the current year.

It is the duty of the Deputies in charge of this branch of the Department to ascertain and assess at the same standard of value authorized by law for real estate all the taxable personal property within the several districts to which they are assigned. In order to do this it is required that the Deputies be vigilant and industrious, so that this class of property, as well as real estate, shall bear its full and equitable share of the burdens of government.

In assessing such property the law does not require you to make a personal examination, as it does in the case of real estate. The very nature of the property and the ease with which it may be withheld from the knowledge of the assessing officers render such an examination impossible. Neither its presence nor its value can be readily ascertained, and its assessment is therefore attended with great difficulty. The law permits you to assume its existence, and its value, if there be any facts to justify the assumption and great latitude is necessarily given to those whose duty it is to assess such property for the purposes of taxation. The assessing officers are not bound by any proof produced before them as to the value of such property, but they are required to exercise their best judgment notwithstanding such proof.

The attention of Deputies is called to the large increase in each year of the number of corporations organized in this and other States, and making The City of New York their principal place of business. It is your duty to examine closely into the value of their personal property as well as to that belonging to individuals and estates.

It has been held that corporations may be assessed though no statement is made by them to the Assessors as required by law. Such a statement when made is not conclusive upon the Assessors. It is the judgment of the Assessors that the law requires (76 N. Y., 64). The Assessors have the right to act upon evidence outside of that furnished by the corporation, and in making inquiry and collecting facts they are not bound by the strict rule which governs ordinary judicial proceedings. Their decision will be sustained if made in good faith, upon reasonable grounds, and does not err in the principle of assessing to the prejudice of the taxpayer (144 N. Y., 94).

The Deputies having charge of the assessment of personal property are directed to be diligent, and exercise good faith, great care and their best judgment in ascertaining and assessing this class of property. The final decision of its ownership and value must be left to the oath of the party assessed, or to such other evidence as may justify the Commissioners in holding it for taxation.

Conclusion.

The labors of the Deputies in both Bureaus of the Department must be performed with great assiduity and care, especially during the next four months, in order that the books of Annual Records, in which shall be entered in detail the assessed valuations of real and personal estate in the several boroughs, shall be completed and sworn to by you on or before the second Monday in January next, from which date until the first day of April they are to remain open for public inspection, examination and correction as the law directs.

The Commissioners direct all the Deputies to keep constantly in mind that the chief qualifications of a good Assessor are knowledge, justice, industry, prudence and civility, and that these should characterize your conduct on all occasions. Your office is of the highest importance in the scheme of government, but you are still the servants of the people, and the people have a right to expect justice and civility at your hands. We advise you to avoid all discussions about theories of taxation, politics and other aggravating subjects. Do not permit any theories or prejudices to interfere with your judgment or impair your work. Remember that it is your oath of office and not your personal views or theories that should govern your official action, and that your plain duty is to follow the language of the law as interpreted by the courts.

In conclusion, we desire to caution and advise you as we have done before, to enter upon and pursue your labors with a mind free from prejudice and bias. Personal, social or political influences should not have any weight whatever in forming your judgment.

If an element of doubt arises, it will be your duty to consult with the Chief of your Bureau, or with such other official or officials as may be able to assist you in reaching a just conclusion.

Bear in mind that the result of your labors must be regarded as absolutely confidential. The law has made ample provision for giving it publicity at the proper time. Until that time arrives premature disclosure can serve no other purpose than to injure you and embarrass the work of the Department.

Surveyor's Office.

The following is a summary of the work done in the Surveyor's office for the quarter ending September 30, 1903:

Lot Alterations.

Borough of Manhattan—Alterations were made affecting 687 lots in the 37 volumes of the block tax assessment maps.

Borough of The Bronx—Alterations were made affecting 528 lots in the 31 volumes of block tax assessment maps, and in the 6 volumes of tentative maps.

Borough of Brooklyn—Alterations were made affecting 1,240 lots in the 32 volumes of block tax assessment maps and in the 46 volumes of tentative maps.

Borough of Queens—Alterations were made affecting 1,298 lots in the 31 volumes of tentative maps.

Borough of Richmond—Alterations were made affecting 203 lots in the 13 volumes of tentative maps.

The duplicate copies of the tax maps used by the Deputy Commissioners in all the boroughs, and the copies of the block tax assessment maps in the Bureau of Arrears and in the Water Registrar's office in the Borough of The Bronx, were corrected to correspond with the above-mentioned alterations.

The number of volumes of the tax maps in the several departments now in actual use for purposes of collecting taxes, water rents, assessments and arrears, is as follows:

The Department of Taxes and Assessments	196
Duplicates used by Deputy Tax Commissioners	188
The Bureau of Arrears, Comptroller's office	100
The office of Water Registrar, Department of Water Supply	100

Total 584

Block Tax Assessment Maps.

Three copies of sections 9, 10, 11 and 12 of the Borough of Brooklyn were completed and bound during the quarter; the copies comprise 48 volumes of maps.

Street Openings.

Lands acquired in eighteen proceedings were properly shown on the tax maps; eight of the proceedings were in the Borough of The Bronx, six in the Borough of Brooklyn, three in the Borough of Queens and one in the Borough of Richmond.

Separate Land Values.

The amendment of section 889 of the Charter requires a separate value of every parcel of real estate, if it were wholly unimproved. In order to facilitate the work of the Deputy Tax Commissioners as much as possible, the work of computing the areas of all irregular parcels was commenced early in August; during the balance of the quarter the computations were completed for all of the Borough of Manhattan and for about one-half of the remaining four boroughs.

Early in July a map was prepared showing the boroughs, sections and wards of Greater New York, the assessed valuations of real estate for the years 1902 and 1903 and the increase in the valuation of the latter over former years.

Bureau of Information and Records.

Satisfactory work has been done by the force engaged in this Bureau for the quarter ending September 30, 1903. The searches cover a wide field of examination, comprising wills, administrations, corporations, banks, partnerships, firm names, committee accounts, joint stock associations, certificates (under section 363B, Laws of 1900), conveyances and mortgages, and such other inquiries as may be of value to the Real and Personal Estate Bureau of the Department. The total number of these searches for the quarter was sixteen thousand seven hundred and ninety-six.

Respectfully submitted,

JAMES L. WELLS, President;
WM. S. COGSWELL,
GEORGE J. GILLESPIE,
SAMUEL STRASSBURGER,
RUFUS L. SCOTT,
Commissioners of Taxes and Assessments.

LAW DEPARTMENT.

The following schedules form a brief extract of the transactions of the office of the Corporation Counsel for the week ending November 14, 1903, as required by section 1546 of the Greater New York Charter.

Note—(The City of New York or the Mayor, Aldermen and Commonalty of The City of New York is defendant unless otherwise mentioned.)

Chief Engineer's estimate, \$30,000.

Respectfully yours,

J. WALDO SMITH, Chief Engineer.
HARRY W. WALKER, Secretary.

The following resolution was then offered:

Resolved, That the bid or proposal of John Twiname for cutting timber and clearing grounds on the Croton River Division of the New Croton Reservoir, bids

for which were received and opened November 5, 1903, be and the same is hereby accepted, and the contract therefor be and it hereby is awarded to said John Twiname at the price bid in his proposal; and the Secretary is authorized to notify the successful bidder and to attend to the other necessary details.

Adopted by the following vote:

Affirmative—The Comptroller, Commissioners Windolph, Ryan and Curtis—4.

The Construction Committee reported to the Commissioners communication from McDonald & Onderdonk, dated October 19, 1903, and acknowledging receipt of the Commissioners' letter of October 9 in the matter of plan for increasing facilities at Jerome Park Reservoir, with the recommendation that Mr. McDonald and his engineer be invited to a conference with the Commissioners and the Chief Engineer to arrange a plan for progressing work at Jerome Park Reservoir.

The recommendation of the Committee was adopted and the President directed to communicate with Mr. McDonald accordingly.

The Construction Committee also reported opinion of the Corporation Counsel, dated October 29, 1903, in the matter of the report of the Burr, Freeman and Hering Special Committee on the bottom of Jerome Park Reservoir, dated July 7, 1903, and the effect of such report on the existing contract for the construction of the reservoir, with the recommendation that it be filed with the other papers on the subject of the bottom of Jerome Park Reservoir, to await the further action of the Commissioners.

The recommendation of the Committee was accepted and the opinion and papers relating thereto were ordered filed.

The Construction Committee also reported communication from Coleman, Breuchaud & Coleman, dated November 2, 1903, and referring to their letter of November 24, 1900, requesting payment in full for each month's work, with the recommendation that the request of the contractors be declined.

The recommendation of the Committee was accepted and the Secretary directed to notify the contractors thereof.

Progress report for the week ending November 5, 1903, was referred to the Construction Committee.

Report No. 823, of Chief Engineer, recommending that the appointment of Frank Wardell, Laborer, be rescinded, was received, and the following resolution was offered and the report ordered filed.

Resolved, That, upon the recommendation of the Chief Engineer, that part of the resolution adopted on September 24, 1903, appointing Frank Wardell, of West Somers, N. Y., as Laborer at two dollars per day, be and it hereby is rescinded, he having failed to report for duty, and the Civil Service Commission be notified thereof.

Adopted by the following vote:

Affirmative—The Comptroller, Commissioners Windolph, Ryan and Curtis—4.

The President verbally reported that he had received from the Chief Engineer the following reports regarding work done on the New Croton Dam and Jerome Park Reservoir for the weeks ending October 29 and November 5, 1903, which were forwarded to the Mayor.

The recommendation of the Committee was adopted.

The Construction Committee also referred to the Commissioners communication from Williams & Gerstle, dated October 31, 1903, regarding house and stable occupied by them at Katonah, N. Y., with the recommendation that the President be directed to notify the contractors that the use of the house and stable may be continued without prejudice to the right of the Commissioners to cause the buildings to be vacated at any time.

The recommendation of the Committee was adopted and the President directed to notify the contractors accordingly.

The Construction Committee also referred to the Commissioners Report No. 828, relating to Report No. 816, regarding right of way for New York and Harlem Railroad, Mahopac Branch, across lands of estate of Staats E. Mead, referred to in letters of W. S. Mead, dated October 15 and 16, 1903, with the recommendation that the proposition contained in Mr. Mead's letter of October 15, 1903, to accept \$1,000 for the right of way be accepted, and that the Commissioners notify Mr. Mead to that effect.

The recommendation of the Committee was adopted and the President directed to communicate with Mr. Mead accordingly, sending copy of map showing said right of way, and to request the Corporation Counsel to prepare the necessary conveyance to be forwarded to Mr. Mead at Knoxville, Tenn.

The Construction Committee also referred to the Commissioners communication from the Corporation Counsel, dated November 9, 1903, regarding negotiation for right of way through lands of Mead and Whitlock required for change of route of New York and Harlem Railroad, and transmitting copy of reports of Abram Hyatt and James E. Townner, with the recommendation that the matter be laid over to await the disposition of the order directing Mr. Whitlock to show cause before Justice Keogh, on November 21, 1903, why his property should not be added to and made part of the Eighth Cornell Dam proceeding; and that meantime the Commissioners take such action as they can toward negotiating for the property designated as Parcel No. 591.

The recommendation of the Committee was adopted.

The Construction Committee also referred to the Commissioners Report No. 831, regarding communication from E. B. Brady, dated October 27, 1903, asking consent of the Aqueduct Commissioners to the building of a fence in front of his property at Purdys Station, with the recommendation that such consent be granted, subject to the approval of the Chief Engineer and the contractors.

The recommendation of the Committee was adopted and the President directed to notify Mr. Brady accordingly.

The Construction Committee also referred to the Commissioners Report No. 834, in relation to communication of Albert J. Lobdell, Town Clerk, North Salem, dated October 20, 1903, and referred to in Reports Nos. 767 and 808, and in the communication of the Corporation Counsel, dated November 9, 1903, transmitting copy of communication of Frank S. Reynolds, Supervisor, dated July 7, 1903, with certificates of grants of rights of way for highway on south side of Reservoir M, and stating that the consent of Maria Decker had been obtained and that the Commissioners can now proceed with the advertising, letting and construction of the highway, with the recommendation that the work be proceeded with.

The recommendation of the Committee was adopted, and the Chief Engineer and Secretary were directed to prepare the necessary papers.

Progress Report for the week ending November 12, 1903, was referred to the Construction Committee.

The Chief Engineer presented report of the work done on the New Croton Dam and Jerome Park Reservoir Divisions for the week ending November 12, 1903, and the President was directed to transmit same to the Mayor.

NEW YORK, November 17, 1903.

Hon. WILLIAM H. TEN EYCK, President, Aqueduct Commission:

DEAR SIR:—In regard to the work done on the New Croton Dam and Jerome Park Reservoir Divisions for the week ending Thursday, November 12, 1903, I would report as follows:

NEW CROTON DAM DIVISION.

At the dam the work of excavation on the extension foundation was continued and was confined principally to trimming rock slopes and to cleaning up bottom. Some slope work was done in the hard-pan on the upstream slopes. The removal of the swell of the core-wall was continued and is about finished. Work on the trestle was continued and is about finished. On the dam and spillway 463 cubic yards of masonry were laid. The earth and rock excavation at the south end amounted to about 1,300 cubic yards. The average daily force on dam and quarry was 448 men.

The test hole at Station 7-1-20 (27 R.) reached Elevation - 73 and is complete. On the old Aqueduct reconstruction, work was in progress at Purdy's and Bailey's brook loops, at the lower inlet, and at six stretches along the line, with an average force of 370 men.

Basin clearing progressed below Croton Dam, with an average force of 39 men. On Road Lines Nos. 6, 16, 17, 17½ and 18, and at Bridge C, work was in progress, an average force of 62 men being employed.

The work of placing false work and floor members of the west span of Bridge A was in progress.

On the entire contract of Messrs. Coleman, Breuchaud & Coleman an average force of 919 men was employed, being a slight increase over previous week.

JEROME PARK RESERVOIR DIVISION.

On the west side, work progressed in Sections "B," "J" and "K" and Gate House No. 7.

Masonry was laid in the Aqueduct division wall, face wall and Shaft No. 21 connection. Rubble embankment and plateau filling were also in progress.

On the east side excavation was in progress on Sections "C," "G," "H" and "L." Excavation and laying concrete masonry continued on Aqueduct North.

The total average force employed was 906 men, practically the same as the week previous.

Respectfully yours,

J. WALDO SMITH, Chief Engineer.

The President reported that under date of November 16, 1903, he transmitted to the Corporation Counsel agreement received from the Board of Water Commissioners of Ossining, N. Y., in relation to supply of water to Sing Sing Prison during the reconstruction of a portion of the old Croton Aqueduct, for his approval as to form.

Report No. 835, regarding employment of W. B. Fuller as expert to make experimental tests of cement, pursuant to authorization of Commissioners at meeting held November 10, 1903, was received.

The recommendation of the Chief Engineer was approved, and the following resolution was then offered:

Resolved, That the Chief Engineer be and he hereby is authorized to employ W. B. Fuller as expert to make experimental tests of cement for concrete construction on the basis of payment for the actual time spent in the work, the Aqueduct Commissioners to furnish the necessary material for carrying on the experiments; the total expenditure not to exceed the sum of \$5,000.

Adopted by the following vote:

Affirmative—Commissioners Ten Eyck, Ryan, Windolph and Curtis—4.

Report No. 836, regarding request of Department of Bridges, dated November 4, 1903, for transfer of Timothy A. Haggerty, Inspector of Masonry, was received.

The recommendation of the Chief Engineer was approved and the President directed to notify the Department of Bridges of the Commissioners' consent to the transfer.

Report No. 837, transmitting form of agreement between Board of Water Commissioners of Ossining, N. Y., and the Commissioners for temporary supply of water to Sing Sing Prison during the reconstruction of part of the old Croton Aqueduct, was received and ordered filed, in accordance with the report of the President.

Report No. 838, referring to Report No. 698, in the matter of drainage and blow-off from Gate House No. 6, Jerome Park Reservoir, and transmitting copy of plan therefor for transmission to the President of the Borough of The Bronx for his approval, was received, and the President was directed to transmit same accordingly.

Communication from the Corporation Counsel, dated November 13, 1903, replying to letter of the Secretary dated November 11, approving as to form contracts for stop-cock, sluice gates, etc., awarded to John Fox & Co., October 27, 1903, was ordered filed.

Report from the Secretary, dated November 17, 1903, in compliance with the direction of the Commissioners of November 10, to the effect that no award has as yet been received at the Comptroller's office in favor of the Katonah Water Company, was received and referred to the Chief Engineer for consultation with the officers of the company, and the Secretary was directed to notify the water company of the action of the Commissioners.

The Secretary presented bill of Prof. William H. Burr for professional services as Expert Engineer on the changes in the plans for construction of the New Croton Dam and the execution of the contract therefor, from August 8 to November 8, 1903, amounting to \$1,500, and also bill for traveling expenses amounting to \$10.30.

The Secretary was thereupon directed to prepare a voucher for the payment of said bills by the following vote:

Affirmative—Commissioners Ten Eyck, Ryan, Windolph and Curtis—4.

Statement of Charles A. Berrian, auctioneer, dated November 14, 1903, with check for \$1,071, proceeds of sale of buildings held November 5, 1903, was received, and the Secretary reported that he had the receipt of the City Chamberlain for said check.

The statement was ordered filed.

Application of Samuel D. Bleich, dated November 5, 1903, for position as Assistant Engineer, was received and referred to the Chief Engineer.

The attention of the Secretary was called to the matter of the transfer of John P. Londergan, Commissioners' minutes of August 11, 1903, at page 466, and he was requested to report in accordance therewith at the next meeting.

The Chief Engineer verbally reported that he had consulted with Mr. John B. McDonald and his engineer, and that they were not yet ready to confer with the Commissioners on the subject of a plan for facilitating work at Jerome Park Reservoir and would communicate with him later.

Report No. 839, transmitting copy of letter from W. J. Wilgus, fifth vice-president New York Central and Hudson River Railroad Company, dated November 12, 1903, in relation to bridge over Croton lake on the New York and Putnam railroad, and requesting consent of Commissioners to proposed alteration in design of said bridge, was received.

The recommendation of the Chief Engineer was approved, and he was authorized to inform Vice-President Wilgus of the action of the Commissioners.

Communication from H. T. Dykman, Special Counsel, dated November 12, 1903, acknowledging receipt of petition to the Supreme Court, signed by the President, in the matter of changes in highway system, was received and ordered filed.

The Commissioners then adjourned until Wednesday, November 18, 1903, at 1 p. m.

HARRY W. WALKER, Secretary.

Minutes of Adjourned Meeting of the Aqueduct Commissioners, Held at Their Office, No. 280 Broadway, New York City, on Wednesday, November 18, 1903, at 1 p. m.

Present—Commissioners Ten Eyck (President), Ryan, Windolph and Curtis.

The Committee of Finance and Audit reported the examination and audit of estimates contained in Vouchers Nos. 14630 to 14633, inclusive, amounting to \$134,777.79, and bills contained in Vouchers Nos. 15634 to 15640, inclusive, amounting to \$4,241.77, which were approved and certified to the Comptroller by the following vote:

Affirmative—Commissioners Ten Eyck, Ryan, Windolph and Curtis—4.

The Commissioners then adjourned until Friday, November 20, 1903, at 11 a. m.

HARRY W. WALKER, Secretary.

BOARD OF EXAMINERS.

November 24, 1903.

Present—Messrs. William J. Fryer, Warren A. Conover, Charles Buck, William C. Smith, Charles G. Smith, Charles D. Purroy and Walter Cook (Chairman).

Meeting called to order at 3 p. m.

On motion, minutes corrected by substituting the word sufficient for the misprint "insufficient" (in Appeal No. 222 of 1903).

On motion, minutes approved as read and corrected.

Appeal No. 222 (laid over pending appearance of appellant).

Mr. Samuel Sass appeared before the Board and was directed to file drawings embodying suggestions made for presentation at the next meeting; the appeal being laid over for one week.

Appeal No. 223, laid over pending amendment.

Mr. Charles A. Millner appeared before the Board, presenting triplicate letter and set of plans; whereupon he was instructed to indicate on said plans the partitions proposed to be brick filled.

Appeal No. 224 of 1903, Fireproof Shutter Case No. 41 of 1903, premises No. 20 Bond street, Manhattan, Richard Berger, architect and appellant (for Estate of Samuel D. Babcock, deceased).

On motion, referred to Chief Purroy for examination and report with recommendation.

Appeal No. 225 of 1903, New Building No. 332 of 1903, premises No. 649 Fifth avenue and No. 2 East Fifty-second street, Manhattan, Robert W. Gibson, architect and appellant.

The question which the appellant desires to have passed upon is as follows: That the tie rods between the steel beams be omitted.

The appellant's reasons for desiring a favorable decision on the question to be passed upon are as follows: The system of fireproof flooring to be used throughout is the White Fireproof Floor Construction, detail showing construction of same being filed herewith. In this floor system 9-16-inch diameter steel rods spaced 12-inch centres are used as tension rods to reinforce the concrete slab. There being no thrust whatever on the iron beams, as is the case with brick or tile systems, the tie rods are therefore unnecessary, as only the weight of the concrete slab is to be provided for, which is amply taken care of by the tension rods, making a construction equally as good as if the tie rods were used.

The amount involved in this appeal exceeds \$1,000.

Mr. E. T. Falloss appeared before the Board.

On motion, appeal dismissed, by reason of information furnished by the Superintendent of Buildings.

Appeal No. 226 of 1903, New Building No. 791 of 1903, premises Nos. 3, 5 and 7 East Twenty-seventh street, Manhattan, William H. Birkmire, architect and appellant.

The Superintendent of Buildings for the Borough of Manhattan having disapproved of the application with the following objections, viz.:

1. Building exceeds 12 stories in height and should conform to all provisions of section 105 of the Building Code.

2. Building covers too great an amount of the lot area, section 10 of the Building Code.

Note—Penthouse, covering nearly entire area of building, is counted as a story.

3. Outside walls of penthouse are not of lawful construction.

This appeal from the decision of such Superintendent is made on the ground that the provisions of the Building Laws do not apply in this case.

The questions which the appellant desires to have passed upon are as follows:

1. A favorable decision on the application to erect this building, the conditions imposed on a building less than 150 feet in height.

2. The open air space on roof and penthouse are not identical.

3. To construct penthouse as shown by plans.

The appellant's reasons for desiring a favorable decision on the questions to be passed upon are as follows:

1. That the height of the building is less than 150 feet from the curb.

2. That the penthouse covers but 41 per cent. of the roof area, and the open air space over the twelfth story in front of the building should not be counted as a penthouse.

3. That it is intended to relieve the skeleton frame of courts of masonry walls and construct a penthouse with a steel frame filled in between with 3-inch hollow fire blocks covered with galvanized iron, to have cement floors, standpipes with hose connections, metal covered doors, frames and wired glass, and make penthouse strictly fireproof.

The amount involved in this appeal exceeds \$1,000.

Mr. William H. Birkmire appeared before the Board.

On motion, denied.

Mr. Millner reappeared before the Board and submitted required changes made on plans filed; whereupon, on motion,

Appeal No. 223 of 1903 was approved as amended this date, in accordance with which amendment all partitions marked on plans are to be brick filled from floor to floor.

Appeal No. 227 of 1903, Fireproof Shutter Case No. 42 of 1903, premises No. 130 West Washington place, Manhattan, Mulliken & Moeller, architects and appellants. On motion, referred to Chief Purroy for examination and report with recommendation.

Appeal No. 228 of 1903, New Building No. 796 of 1903, premises west side of Seventh avenue, between One Hundred and Fifty-first and One Hundred and Fifty-second streets, Manhattan, Harlem Stone and Construction Company, appellant.

The Superintendent of Buildings for the Borough of Manhattan having disapproved of the application with the following objection, viz.:

No. 1. Proposed frame structure unlawful within the fire limits. Section 143 of the Code.

This appeal from the decision of such Superintendent is made on the ground that: It being claimed that the rules and regulations of the President of said Borough, or the provisions of the law or ordinances do not apply to the construction of stone bins.

The question which the appellant desires to have passed upon is as follows: Why we cannot have a permit to erect a temporary structure of this kind for the purpose of storing broken stone during the process of excavating rock ledge, located between Seventh avenue and Macomb's Dam road and One Hundred and Fifty-first and One Hundred and Fifty-second streets.

The appellant's reasons for desiring a favorable decision on the question to be passed upon are as follows:

It is only a temporary structure, consisting of stone bins and boiler house, same to be removed after excavating operations are concluded (according to contract).

The conditions of this case are exceptional for favorable consideration owing to the fact that there are no dwellings or other buildings within several blocks of the property to be operated upon, viz., between One Hundred and Fifty-first and One

Hundred and Fifty-second streets and Seventh avenue, on which we cannot build fireproof structure for temporary purposes.

The amount involved in this appeal exceeds \$1,000.

On motion, approved.

On motion, the Chairman was empowered to take such steps as may be necessary to secure the renewal of the lease of the present offices of this Board.

Adjourned.

JAMES GAFFNEY, Clerk.

 4th. Certificates in respect to the vacation of premises at No. 152 West street, Borough of Manhattan.

On motion, the following preamble and resolution were adopted:
 Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon Lot No. 152 West street, in the Borough of Manhattan, has become dangerous to life, and is unfit for human habitation because of defects in the plumbing and draining thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants,

Ordered, That all persons in said building situated on Lot No. 152 West street, in the Borough of Manhattan, be required to vacate said building on or before November 17, 1903, for the reason that said building is dangerous to life, and is unfit for human habitation because of defects in the plumbing and drainage thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

5th. Report on compliance with certain orders to vacate premises, etc.

On motion, it was

Resolved, That the following orders be and are hereby rescinded, for the reason that the causes for the same have been removed:

Vacations.

- No. 7508 No. 323 Fifth street.
 6th. Certificates declaring premises at No. 25 Bond street, rear, No. 653 First avenue, and No. 504 West Twenty-ninth street, Borough of Manhattan, public nuisances.

On motion, the following orders were entered:

Whereas, The premises No. 25 Bond street (rear), Borough of Manhattan, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance, the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto, orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom.

That the stable yard be cleaned of all garbage and refuse; that the wooden floors of horse stalls and stable and the saturated earth beneath same be removed, the site cleaned and disinfected, and the floors of the stalls be cemented and so graded as to discharge all liquids into a water-tight, properly trapped, sewer-connected valley drain; that each stall be provided with a movable rack.

Whereas, The premises No. 653 First avenue, Borough of Manhattan, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance, the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom.

That the front area be cleaned of all offensive refuse and be disinfected; that all broken and sunken portions of the cement flooring of the stable be properly repaired and made level; that all openings in the iron rain leader in stable be properly closed gas-tight with iron bands, set in red lead; that the stable be properly ventilated to the external air.

Whereas, The premises No. 504 West Twenty-ninth street, Borough of Manhattan, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance, the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the walls and ceiling of the stable be thoroughly cleaned and whitewashed; that the stable floors and stalls be thoroughly cleaned and disinfected; that the stable be properly ventilated; that hereafter all manure be kept inside the stable, and removed from the premises daily, unless the same be pressed in bales, barrels or boxes, so as to reduce it to not more than one-third the original bulk; that all offensive earth be removed from beneath the stable floor, and the ground space cleaned, disinfected, cemented and so graded and drained as to discharge all surface water and liquid matter into the street sewer by and through a properly trapped, extra heavy iron drain; that the floors of the horse stalls be provided with a valley drain, properly trapped, and connected with the sewer-connected drain.

7th. Reports on application for permits.

On motion, it was

Resolved, That permits be and are hereby granted as follows:

BOROUGH OF MANHATTAN.

The resignation of H. G. Cochran, M. D., Medical Inspector, assigned to duty in the Borough of Brooklyn, to take effect September 10, 1903, was received and accepted.

On motion, it was

Resolved, That owing to insufficient funds from which to pay the salary of a Sanitary Engineer, the services of Henry Clay Weeks, Sanitary Engineer, employed in this Department be and are hereby dispensed with from and after November 15, 1903.

On motion, it was

Resolved, That owing to lack of funds from which to pay the salaries of Laborers in the Borough of Richmond the services of Pellegrino de Marzo and Angelo Ruviczo, Laborers, in the employ of this Department and assigned to duty in the Borough of Richmond, be and are hereby dispensed with from and after November 15, 1903.

On motion, it was

Resolved, That requisition be and is hereby made upon the Comptroller for the following amounts:

Borough of Manhattan.....	\$158 49
Borough of The Bronx.....	350 20
Borough of Brooklyn.....	458 74
Borough of Queens.....	209 24
Borough of Richmond.....	418 51

Total \$1,595 18

—the same being the balance remaining to the credit of the appropriation Health Fund, Sanitary Police, for the year 1902, to be paid to the Police Department to be applied to the Police Pension Fund.

On motion, it was

Resolved, That the Honorable the Commissioners of the Sinking Fund be and are hereby respectfully requested to authorize the lease of the premises at present occupied by the Department of Health at Nos. 38-40 Clinton street, Borough of Brooklyn, for a period of three (3) years, with the privilege of renewal for two (2) years additional, at a rental of \$4,000 per annum, to date from January 1, 1904.

On motion, the following preamble and resolution were adopted:

Whereas, Owing to the prevalence to an alarming extent of the contagious eye disease known as trachoma among the school children of The City of New York, the Medical Inspectors were compelled to exclude the children so affected from the schools; and

Whereas, The public dispensaries were unable to provide treatment for the children so excluded, so that it was found necessary for the Department of Health to open its own dispensary; and

Whereas, The Trustees of Bellevue and Allied Hospitals placed at the disposal of this Department a portion of the old Gouverneur Hospital and provided this Department with foods, drugs and the service of certain of its employees, and the Commissioner of Charities in like manner having supplied the Department with a nursing staff at said hospital, for all of which services and supplies, at a cost amounting to \$6,800, the Department of Health has been unable to make payment, no funds having been provided in the appropriation to the Department of Health for the year 1903 for such purposes; and

Whereas, The Department of Health has supplied medical treatment at this hospital from its own corps of physicians, which it is unable to continue for a like reason, and it having been found that the sum of \$3,200 is necessary to continue this medical attendance for the balance of the year; therefore be it

Resolved, That the Board of Health, pursuant to the provisions of chapter 535 of the Laws of 1893, hereby certifies to the Board of Estimate and Apportionment that the sum of ten thousand dollars (\$10,000) should be appropriated for the purpose of defraying the necessary expenses required to be incurred by the Board of Health for the preservation of the public health, for the payment to the Trustees of Bellevue and Allied Hospitals and the Department of Public Charities of the sums expended or to be expended by them during the year 1903, for furnishing supplies and help to the trachoma hospital and for the payment of salaries, at a rate not to exceed \$100 per month, of Medical Inspectors and Oculists employed in stamping out this contagious eye disease.

On motion, the following preambles and resolution were adopted:

Whereas, In the opinion of the Board of Health, the manufacture of diphtheria and other antitoxins for sale to parties outside of The City of New York, to the extent which it has been carried on, was a practice contrary to the spirit of the Greater New York Charter; and

Whereas, The Board, having so expressed itself to his Honor the Mayor, discontinued said sales outside of the City, and now finds itself without sufficient funds to continue the manufacture and distribution of these antitoxins within the City limits for the reason that the revenues that formerly came from these out-of-town sales are not now available; therefore be it

Resolved, That the Board of Health, pursuant to the provisions of chapter 535 of the Laws of 1893, hereby certifies to the Board of Estimate and Apportionment that the sum of six thousand dollars (\$6,000) should be appropriated for the purposes of defraying the necessary expenses required to be incurred by the Board of Health for the preservation of the public health, in providing means for the manufacture and distribution of diphtheria and other antitoxins for the cure and prevention of diphtheria and other contagious diseases in The City of New York, and for the payment of salaries, at a rate not to exceed \$100 per month each, of Medical Inspectors employed in treating persons ill with diphtheria with antitoxin.

On motion, it was

Resolved, That owing to insufficient funds from which to pay the salaries of Medical Inspectors in this Department, Borough of Manhattan, the services of Nathan Brieter, M. D., John J. Rothwell, M. D., Henrietta P. Johnson, M. D., Morell B. Beals, M. D., Emil Kober, M. D., Charles D. Jones, M. D., Reuben Hochlerner, M. D., Samuel A. Buchenholz, M. D., Jane L. Berry, M. D., Marcus Neustadter, M. D., John J. O'Sullivan, M. D., John O. Logan, M. D., Joseph Coffey, M. D., and Augustin A. Wolfe,

M. D., be and are hereby dispensed with from and after November 15, 1903, inclusive.

On motion, it was

Resolved, That owing to insufficient funds from which to pay the salaries of Medical Inspectors in this Department, Borough of The Bronx, the services of John E. W. Thompson, M. D., and George A. Lawrence, M. D., be and are hereby dispensed with from and after November 15, 1903, inclusive.

On motion, it was

Resolved, That owing to insufficient funds from which to pay the salaries of Medical Inspectors in this Department, Borough of Brooklyn, the services of Cornelia A. McConville, M. D., Timothy J. Regan, M. D., Henry J. Blumensohn, M. D., and Abraham A. Goltman, M. D., be and are hereby dispensed with from and after November 15, 1903, inclusive.

On motion, it was

Resolved, That owing to insufficient funds from which to pay the salaries of Sanitary Inspectors in this Department, the services of Hugh J. Eschenbach, Thomas F. McCarthy and James H. Elson, employed as such Sanitary Inspectors in the Borough of Manhattan, be and are hereby dispensed with from and after November 15, 1903, inclusive.

On motion, the Board adjourned.

EUGENE W. SCHEFFER, Secretary.

BOROUGH OF THE BRONX.

Pursuant to call by President Haffen, the members of the Local Board of Chester, Twenty-fifth District, met on November 19, 1903, at the office of the President of the Borough of The Bronx, Municipal Building, Crotona Park, One Hundred and Seventy-seventh street and Third avenue.

Present—Alderman Gass and the President of the Borough of The Bronx.

Absent—Alderman Behrmann.

Minutes of previous meeting were read and adopted.

Matters taken up that were laid over from November 5, 1903:

No. 483.

Taylor street, acquiring title, from Morris Park avenue to West Farms road.

Petition of C. Montagna and others was read. Mr. E. B. Levy appeared in opposition. Mr. C. Montagna and a delegation of property owners appeared in favor, and on motion the following preambles and resolution were adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, By the Local Board of Chester, Twenty-fifth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For acquiring title to the lands necessary for Taylor street, from Morris Park avenue to West Farms road, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Chester, Twenty-fifth District, on the 19th day of November, 1903, Alderman Gass, Alderman Behrmann and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

No. 484.

Regulating, grading, setting curb stones and flagging sidewalks a space four feet wide, laying crosswalks, building approaches and erecting fences where necessary in Taylor street, from Morris Park avenue to West Farms road.

Petition of C. Montagna and others, dated September 18, 1903, was read. Mr. Montagna and a delegation of property owners appeared in favor, Mr. E. B. Levy in opposition.

Laid over for report of the Chief Engineer as to the estimated cost of the proposed improvement and the assessed valuation of the real estate within the probable area of assessment.

No. 488.

Acquiring title to Elliott avenue (Richard street), on section 31 of the Final Maps of the Borough of The Bronx, between the Bronx and Pelham parkway and Morris street.

Petition of William C. Bergen, Hugh Collins and over twenty others was read. No opposition.

The Chief Engineer reported that Elliott avenue was laid out on section 31 of the Final Maps, which section was filed September 30, 1903. That the avenues and streets shown on section 31, were not defined by dimensions nor were the grades established, and he suggested that no action be taken until the map had been filed, which would show the dimensions of blocks and the grades; that such map was in preparation and would be submitted to the Board within a short time.

On motion, the following preambles and resolution were adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, By the Local Board of Chester, Twenty-fifth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For acquiring title to the lands necessary for Elliott avenue, called Richard street, on section 31 of the Final Maps of the Borough of The Bronx, between the Bronx and Pelham parkway and Morris street, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Chester, Twenty-fifth District, on the 19th day of November, 1903, Alderman Gass, Behrmann and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

Map for adoption, entitled "Locating and laying out and the grades of Elliott avenue (Richard street), from Bronx and Pelham parkway to Morris street."

The report of the Chief Engineer, approved November 18, 1903, was read and the Board recommended that the map above referred to be forwarded for adoption to the Board of Estimate and Apportionment.

No. 492.

Wilder Avenue, Acquiring Title, from Fourth Street to Demilt Avenue.

Petition of A. Marshall Murray and others was read.

On motion of Alderman Behrmann, the matter was laid over indefinitely.

No. 458.

Acquiring Title to Avenue C (Castlehill Avenue) from West Farms Road to East River.

Petition of Andrew Brown and others was read, as was also report of the Principal Assistant Topographical Engineer, approved September 23, 1903, by the Chief Engineer. No one appeared in opposition, and, on motion, the following preambles and resolution were adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, By the Local Board of Chester, Twenty-fifth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For acquiring title to the lands necessary for Avenue C, or Castlehill avenue, from West Farms road to the East river, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Chester, Twenty-fifth District, on the 19th day of November, 1903, Aldermen Gass and Behrmann and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

No. 460.

Acquiring title to the lands necessary for the continuation of Baker avenue, from Baychester avenue to the City line.

Petition of W. A. Jurgens and others was read, as was also the report of F. Greiffenberg, Esq., Principal Assistant Topographical Engineer, approved by the Chief Engineer on September 23, 1903.

Laid over indefinitely.

COMMUNICATIONS.

Nereid Engine House,

Wakefield, November 18, 1903.

Hon. JOHN H. BEHRMANN, Alderman, Forty-fourth District:

Dear Sir—I beg leave to forward to you the following resolution adopted by the Nereid Association at the regular meeting held November 17, at the above named place, to wit:

Resolved, That Aldermen Behrmann and Gass be requested to grant the petition now before the Local Board of Chester to vest title necessary to open Baychester avenue.

Yours truly,

MARTIN ACKERMANN, Secretary, Nereid Association.

Ordered placed on file. Similar letter to Alderman Gass was also filed.

(Copy.)

No. 141 Broadway, November 19, 1903.

Hon. LOUIS F. HAFFEN, President, and Members of Local Board of Chester District:

Gentlemen—I represent the East Chester Development Company, a corporation organized under the laws of the State of New York. This corporation has for many years owned in fee simple the real estate adjacent to the town dock at East Chester, through which there is now running a private road connecting the town dock road with the hotel known as "Invermere." This private road is upon ground which is owned in fee simple by the East Chester Development Company. Said corporation also owns the ground on both sides of it for its entire length.

We are very desirous of developing this property in the vicinity of the road, which has been in use for upwards of half a century, and on which there is now running a trolley line almost to the very doors of the hotel at the extreme end, this trolley line being the terminus of the Fifth avenue and Eastchester line running from Mount Vernon, and are willing to dedicate this private road for a width of 60 feet to The City of New York.

Will you kindly pass the necessary resolutions to be presented to the Board of Estimate and Apportionment for this purpose.

Yours truly,

CHARLES STRAUSS, Attorney for Eastchester Development Company.

Ordered referred to the Chief Engineer for report as to whether this road referred to was ever laid out on the map of the City.

On motion, the Board then adjourned.

HENRY A. GUMBLETON, Secretary.

DEPARTMENT OF CORRECTION.

RECORD OF TRANSACTIONS NOVEMBER 16 TO 22, 1903.

Communications Received.

From the Mayor—As Chairman of Board of Estimate and Apportionment, acknowledging letter from the Department of Correction, with plans of proposed changes in wall at new City Prison, stating that same had been transmitted to that Board for consideration. On file.

From the Comptroller—Receipt for security deposits, accompanying proposals received on November 19, 1903. On file.

From City Superintendent of Schools—Stating that if the work of Mr. Frederick W. Toerner as Teacher of the Reformatory School, Hart's Island, is satisfactory he will be nominated for that position, such nomination to date from his entrance upon duty. Superintendent Maxwell requested to make nomination, to date from November 4, 1903.

From Chief Engineer, Board of Estimate and Apportionment—Asking for "copies of annual or special reports made by the Department of Correction since and including 1898" for the files of his office. No annual report issued since the organization of Department of Correction (January 1, 1896) until the report for 1902 was issued during the current year. Copy of this report mailed to Chief Engineer.

From Mr. George B. Post, Consulting Architect—Stating that he has caused a most careful examination to be made of drawings of Mr. Mackintosh, architect for wall, etc., new City Prison, and that he has approved of the same. Plans, with copy of architect's letter, sent to Board of Estimate and Apportionment.

From Heads of Institutions—Meats, fish, bread, milk, etc., for week ending November 14, 1903, agreed with specifications of the contracts. On file. Reports, census, labor, etc., for week ending November 14, 1903. On file.

From City Prison—Inspector James reports that, in order to comply with the law, boilers must have their number on each one. As these number plates are furnished by the boiler makers, it is suggested that Mr. C. F. Wood (in charge of work on contract for boilers) be requested to furnish same at once. C. F. Wood requested to have numbers put on boilers. Warden reports suicide of a prisoner, James A. Schmidt, who, while exercising, jumped from the third tier of annex to the floor below, a distance of about thirty feet. Bellevue Hospital notified, but man was pronounced by Surgeon to be dead. Coroner notified. Fines received during week ending November 14, 1903: From City Magistrates' Court, \$47. On file.

From District Prisons—Fines received during week ending November 14, 1903: From City Magistrates' Courts, \$206. On file.

From Penitentiary, Blackwell's Island—List of thirty-two (32) convicts transmitted for use of the Governor of the State in commuting their sentences, in accordance with the law. BOARD OF ESTIMATE AND APPORTIONMENT.

MINUTES, BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, COMMITTEE ROOM, ALDERMANIC CHAMBER, CITY HALL, WEDNESDAY, OCTOBER 14, 1903.

The Board met in pursuance of an adjournment.

Present—Seth Low, Mayor; Edward M. Grout, Comptroller; Charles V. Fornes, President, Board of Aldermen; Jacob A. Cantor, President, Borough of Manhattan; Louis F. Haffen, President, Borough of The Bronx.

Hon. Seth Low, Mayor, presiding.

The reading of the minutes of meetings held July 15, 22, 29, 31, August 18, 19, September 2, 9, 16, 23, 30, October 5, 7, 8, 9 and 12, 1903, was dispensed with.

The Comptroller presented a communication from the Chief Examiner of Accounts of Institutions, Department of Finance, making certain recommendations relative to amounts to be appropriated for charitable institutions for the year 1904:

CHARITABLE INSTITUTIONS BUREAU—DEPARTMENT OF FINANCE—CITY OF NEW YORK,
October 13, 1903.

To the Board of Estimate and Apportionment:

GENTLEMEN—In preparing the Charitable Institutions Budget for 1904 the plan of apportionment begun in 1902 and followed for 1903 has been carefully carried out. The various estimates have been made upon the actual business of the separate institutions for the past year, and the figures proposed are of such sums as seem likely to be actually required.

The number of inmates in asylums, homes and hospitals during 1902 and part of the present year substantially decreased. During the last three months the tide has turned the other way, and at the present time increases are very marked.

The Charity Department accounts for this change not alone by the general increase in population, but by the suffering and poverty among mechanics and laborers, a class heretofore slow to ask public aid. It seems likely the children's institutions must receive large numbers during the winter, and in many cases the suffering is already extreme. This fact is about the only uncertainty in the calculations for 1904, and is provided for in the special account, designated as in 1902, "For deficiencies in appropriations for charitable institutions, subject to transfer by the Board of Estimate and Apportionment."

Hospitals.

By or before January 1 next, the Jewish Hospital Association will open the old Brooklyn Memorial Hospital property, recently purchased and now undergoing repairs and improvements. The management proposes doing a work similar to that of the orthodox Beth Israel Hospital in Manhattan.

The Dominican Sisterhood, Long Island, at the same time will have ready their new building for St. Mary Immaculate's Hospital at Jamaica. They have carried on work for a year past in a private house, and have met with success. Our Examiners report their work highly spoken of by residents in that vicinity.

St. Vincent's Hospital is just opening a branch near Richmond, Staten Island. They have purchased the old Garner estate property, and have at once a superb plant adequate likely for years, and in a territory suffering from want of such an institution.

The Jewish Hospital, in Brooklyn, and St. Mary's, at Jamaica, are new movements, and make application for the first time.

St. Vincent's, at Staten Island, is simply a branch of the institution in Manhattan.

The Mount Sinai Hospital is about ready to open its magnificent new institution (about 500 beds) in the block bounded by Fifth and Madison avenues, One Hundred and One Hundred and First streets, and will do a greatly increased business next year. This is perhaps one of the finest hospital plants in the country, if not in the world.

St. Francis Hospital has a splendid modern fireproof structure (400) beds well toward completion in East One Hundred and Forty-third street.

The Lincoln Hospital is opening two large new wards; and the Seton Hospital has opened a complete hospital for tuberculosis children, under the direction of the remarkably able management of the Foundling Hospital.

The hospitals all find in their experience that cases become chronic, and that aged patients, because of lack of vitality and infirmities, become helpless. This class does not receive continuous medical treatment, but they need the dressing of old sores, the occasional assistance of trained nurses, and so are carried sometimes for years as medical cases, and at the medical rate of 60 cents per day. Their care does not cost the hospitals this sum, and yet there is no other rate of payment. Careful inquiry among the hospital managers discloses that a rate of 30 cents per day, covering cost of disbursements for material, would be entirely satisfactory to them for this class of patients. In instances they could be cared for in other buildings apart from hospital wards, and beds could thus be freed for emergency needs. The Commissioner of Charities has given his approval to the plan, stating that such cases would cost the City as much as 30 cents per day for maintenance apart from buildings and service.

The Lying-in Hospital, Second avenue and Seventeenth street, last year called the attention of the Board to the fact that they had the most complete, most costly and finest institution of its kind in the world; that at that time they were using but one ward (about 62 beds) while they had a bed capacity of 286. They offered the use of their institution freely to the City for the purposes for which it was founded. They repeat their offer this year, and the accommodations remain as before. No respectable woman, however poor, wants to bring her child into the world on Blackwell's Island or in Bellevue Hospital. It seems absurd for the City to maintain maternity wards in surroundings that cannot compare with the Maternity at Second avenue, or to go to the great expense of erecting buildings for this purpose, which no poor woman wants to enter when this remarkable plant is available. Commissioner Folks agrees that this is the sensible view.

The managers of the Lying-in Hospital offer to give the Charity Department accommodations and instruction for its Nurses in the Maternity, and the wards on Blackwell's Island could be utilized for other purposes. This proposition is satisfactory to the Commissioner of Charities. He says the City will get better service. It seems proper for this Board to give its approval to such a plan.

Children's Institutions.

There has never been such a raising of the grade and service in the homes and asylums of institutions carried in this budget as during the past year.

The Juvenile Asylum is pressing its work at Dobbs Ferry of an industrial village. This will be an institutional plant on the cottage system, admitting of a complete classification of inmates. The plant permits the separation of dependents and delinquents, the bringing together of children of equal mental abilities, and such separations as will be of the greatest advantage to the various classes of inmates.

Perhaps no better illustration of the spirit of co-operation between the institutions and the Bureau of Charities in this Department can be found than that of the Brooklyn Children's Aid Society. This institution has for years received \$5,000 for its Seaside Summer Home (but one other institution receives money for this kind of work). Realizing that this Board desires, as far as possible, to withdraw from the support of such enterprises, the society increased its endeavors in raising funds from individuals, and relinquished \$2,000 of its apportionment.

Alfred T. White, Esq., the society's treasurer, deserves the credit of this unusual exhibition of proper public spirit.

The enthusiasm with which the managers of the Catholic institutions have taken hold of the educational matters in their institutions should not be overlooked. Perhaps no act of this Board has been so greatly appreciated as was the passage of the resolution in June, giving financial support to this educational work.

The New York and the Brooklyn Societies for the Prevention of Cruelty to Children are collecting, through the courts and by the direct efforts of their officers, various sums of money from delinquent parents who have children in the institutions, and turning the sum into the City treasury. The New York Society is likely to pay over in this way at least \$30,000 this year, a sum equal to their entire appropriation. Last year they secured about \$26,000. This work is onerous and expensive, and a large part of the City appropriation, instead of being applied to the general work of the society, has been expended in this way, the societies holding that good and only good can come from compelling these shirking parents to support their children. This society also keeps an attorney and a man and woman as officers at an expense of \$4,600 per annum in the Children's Court. They do a large share of the court's clerical work, and if they did not do this the City would be obliged to provide the help. The society also provides a house of detention for the children under arrest and for witnesses. Both societies ask for an increase of appropriation, and both requests should be granted.

Reports continually received from the State Board of Charities, filed in this office, show that the institutions promptly respond to suggestions for change and improvement. Our Examiners of Institutions report the same fact.

In the county charitable institutions there will be a small decrease in the amount required. The number of institutions remain the same, and there are slight changes in the number of inmates.

Recommendations.

It is recommended that the following sums be appropriated to the societies named:

To the Jewish Hospital, Brooklyn.....	\$8,000 00
To St. Mary Immaculate's Hospital, Jamaica.....	3,500 00
To the New York Society for the Prevention of Cruelty to Children (an advance of \$10,000).....	40,000 00
To the Brooklyn Society for the Prevention of Cruelty to Children (an increase of \$1,000).....	7,000 00
And that, under the general rules, there be paid to Hospitals for Chronics, Incurable or Infirm Patients, per day.....	30
That to The Western New York Institution for Deaf Mutes, at Rochester, for the support and education of pupil for 1904.....	300 00
For arrearages for 1903.....	83 01
For deficiencies in appropriations for charitable institutions, subject to	

transfer by the Board of Estimate and Apportionment..... 35,000 00

- That, in so far as practicable, the Board indorses the suggestion that the City avail itself of the offers of the Lying-in Hospital.

That all other appropriations be as presented in the prepared schedule accompanying these recommendations.

Amount appropriated in this Budget for 1902.....	\$2,726,704 24
Amount actually expended.....	2,575,498 60
Amount appropriated for 1903.....	2,728,264 04
Amount proposed for 1904.....	2,866,249 55

Respectfully submitted,

D. C. POTTER, Chief Examiner of Accounts of Institutions.

The Board proceeded to the consideration of the estimates of the various charitable institutions, and the following representatives were heard relative thereto:

Dr. Delano Weeks appeared for the Society of the Lying-in Hospital.

Mr. Eugene F. Barnes appeared for the Bushwick and East Brooklyn Dispensary.

Mrs. Gustav Jahns appeared for the Brooklyn Industrial School Association and Home for Destitute Children.

Hon. John D. Lindsay appeared for the New York Society for the Prevention of Cruelty to Children.

Mr. Walter F. Prince appeared for the Brooklyn Society for the Prevention of Cruelty to Children.

The Board adjourned to meet next Thursday, October 15, 1903, for the further consideration of Departmental Estimates.

J. W. STEVENSON, Secretary.

BOROUGH OF BROOKLYN.

Following report and technical description from the Chief Engineer of the Bureau of Highways:

(Copy.)

City of New York, Borough of Brooklyn, Office of Commissioner of Public Works, Bureau of Highways, Chief Engineer's Office,

July 27, 1903.

OTTO KEMPNER, Esq., Acting Commissioner of Public Works, Borough of Brooklyn:

Dear Sir—I return you herewith petition for closing Eighth street, between Second avenue and Gowanus canal.

In regard to this, I would say that Eighth street has been legally opened by proceedings confirmed March 15, 1858. There are a number of buildings located within the lines of the street.

Technical description, with map, for this closing, herewith sent.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

(Copy.)

Technical description for a public hearing in the matter of closing and striking from the map of the City, Eighth street, from Second avenue to Gowanus canal, in the Twenty-second Ward, Borough of Brooklyn, City of New York, more particularly described as follows:

Beginning at the intersection of the western line of Second avenue with the northern line of Eighth street, as the same are laid down on the map of the City.

1. Thence southerly along the western line of Second avenue 60 feet to the southern line of Eighth street;

2. Thence westerly along the southern line of Eighth street 925.74 feet to the eastern line of Gowanus canal;

3. Thence northerly along the eastern line of Gowanus canal 60 feet to the northern line of Eighth street;

4. Thence easterly along the northern line of Eighth street 925.74 feet to the point of beginning.

Dated New York, July 25, 1903.

Topographical Bureau, Borough of Brooklyn.

(Signed) GEO. I. BISCHOF, Assistant Engineer in Charge.

(Signed) GEO. W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Prospect Heights District, Borough of Brooklyn, after hearing had this 15th day of October, 1903, hereby recommends to the Board of Estimate and Apportionment to alter the map or plan of The City of New York by closing Eighth street, between Second avenue and Gowanus canal, in the Borough of Brooklyn, as shown on the accompanying map, and more particularly described as follows:

Beginning at the intersection of the western line of Second avenue with the northern line of Eighth street, as the same are laid down on the map of the City.

1. Thence southerly along the western line of Second avenue 60 feet to the southern line of Eighth street;

4. Thence easterly along the northern line of Eighth street 925.74 feet to the point of beginning.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Alderman Tebbetts.

Approved by the President of the Borough of Brooklyn October 19, 1903.

No. 112.

Petition for grading vacant lots as described in the following report from the Engineer of the Bureau of Highways:

(Copy.)

Report No. 290.

City of New York, Borough of Brooklyn, Office of Commissioner of Public Works, Bureau of Highways, Chief Engineer's Office,

September 12, 1903.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In connection with the attached petition for the grading of lots on the north side of Windsor place, between Prospect Park West and Tenth avenue, I find that the same are above the regular grade six feet, and during wet weather the water and earth runs off onto the adjoining property. I would therefore recommend that the lots be graded down to the regular grade.

Description of property:

On the north side of Windsor place, between Prospect Park West and Tenth avenue, Lot No. 48, Block 1110, Twenty-second Ward Map, section 4, volume 3.

Estimated cost of digging down, \$2,800. Assessed valuation, \$9,000.

Owner of property: Dennis Burtis.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Prospect Heights District, Borough of Brooklyn, after hearing had this 15th day of October, 1903, deeming it for the public interest so to do, hereby directs that the lot lying on the north side of Windsor place, between Prospect Park West and Tenth avenue, known as Lot No. 48, Block 1110, Twenty-second Ward Map, be graded to the level of the adjoining street at the expense of the owner or owners of the said lot.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Alderman Tebbetts.

Approved by the President of the Borough of Brooklyn October 19, 1903.

No. 113.

Report No. 289.

City of New York, Borough of Brooklyn, Office of Commissioner of Public Works, Bureau of Highways, Chief Engineer's Office,

September 11, 1903.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In connection with the attached petition for the grading of lot on the north side of Nineteenth street, between Sixth and Seventh avenues, would say that I have had an inspection made of the lot referred to and find that it is five (5) feet above the grade of the curb. During rainy weather the water and earth from this lot runs on to the adjoining property. I would therefore recommend that this lot be dug down to the grade.

Description of property:

North side Nineteenth street, between Sixth and Seventh avenues, Lot No. 49, Block 880, Twenty-second Ward Map, section 3, volume 5.

Estimated cost of digging lot to grade, \$90. Assessed valuation, \$200.

Owner of property: W. A. Collingwood.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

The following resolution was offered:

Resolved, That the Local Board of the Prospect Heights District, Borough of Brooklyn, after hearing had this 15th day of October, 1903, hereby directs that the lot lying on the north side of Nineteenth street, between Sixth avenue and Seventh avenue, known as Lot No. 49, Block 880, Twenty-second Ward Map, be graded to the level of the adjoining street, at the expense of the owner or owners of the said lot.

Which was decided in the affirmative by the following vote:

Affirmative—Commissioner Redfield and Alderman Tebbetts.

Approved by the President of the Borough of Brooklyn October 19, 1903.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—In connection with the attached complaint received from Mr. A. J. Aubrey, Secretary, regarding the unflagged condition of sidewalks on both sides of Bolivar street, between Navy street and Raymond street, I would say that I have had an inspection made of the sidewalks referred to and find that the flagging and cement walks are broken, uneven and dangerous, needing immediate repairs. I also found one sidewalk to be entirely destitute of flagging or other pavement, and recommend that it be flagged with a single course of bluestone flagging five (5) feet wide, or be provided with a specified cement walk of equal width.

Description of property:

South side Bolivar street, between Navy street and Raymond street, Lot No. 11, Ward 11, Block 2070, section 7, volume 3.

Estimated cost of flagging, \$56, and of cement, \$46. Assessed valuation, \$8,500.

Owner of property: Chas. Seidler.

Respectfully,

BOARD OF ALDERMEN.

AN ORDINANCE GRANTING TO THE New York and Long Island Traction Company the right of franchise to construct and operate a street surface railway in, upon and along certain streets and highways and bridges in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen of The City of New York hereby grants to the New York and Long Island Traction Company, subject to the conditions and provisions hereinafter set forth, the franchise, right and privilege to construct and operate a double-track street surface railway, with all connections, turnouts, switches, crossovers and suitable stands necessary for the accommodation and operation of said railway, by the overhead system of electricity, or any other motive power which may be lawfully employed upon the same, in, upon and along the following named streets and highways and bridges, all situated in the boroughs of Queens and Brooklyn, City and State of New York, set forth in the following descriptions of routes:

First—Beginning at a point on Fulton street (otherwise known as the Hempstead and Jamaica turnpike), at the easterly line of the Borough of Queens, in The City of New York, running thence northwesterly on and along said Fulton street to the intersection of said Fulton street and the Jericho turnpike at or near Queens, in the Borough of Queens.

Second—Beginning at the intersection of said Fulton street and Springfield road (at or near Queens, in the Borough of Queens); running thence southwesterly on and along said Springfield road to a road known as Old Country road; thence generally westerly on and along said Old Country road past the intersection of said Old Country road and South street to a point on said Old Country road about opposite Bryan avenue, in Hollis Park; thence generally westerly on and along private property to Bryan avenue, in Hollis Park, at its intersection with Farmer avenue; thence westerly on and along said Bryan avenue to its intersection with South street; thence westerly on and along South street to Puntine street, in Jamaica; thence northwesterly on and along Puntine street to Linden street; thence westerly on and along Linden street to New York avenue; thence northerly on and along New York avenue to a point on New York avenue about opposite to Centre street; thence westerly on and over private property crossing Union Hall street at a point nearly opposite Centre street; thence westerly on and along Centre street to Washington street, crossing Washington street and private property to Prospect street; thence northerly on and along Prospect street to and across the bridge over the tracks of the Long Island Railroad to Fleet street; thence running easterly on and along Fleet street to Washington street; thence westerly on and along Fleet street to Twombly place; thence westerly on and along Twombly place to Division street; thence northerly on and along Division street to Fulton street, in Jamaica. Also, from the intersection of Twombly place and Church street; running thence northerly on and along Church street to Fulton street.

Third—Beginning at a point at the boundary line between The City of New York and the Town of Hempstead, Nassau County, New York, on private property contiguous to and lying north of the conduit of the Brooklyn City Water Works in the Borough of Queens; running thence westerly on and along private property contiguous to and adjoining the property of the Brooklyn City Water Works on the northerly side thereof; crossing Ocean avenue (otherwise known as the road to Wright's Mill), Rosedale avenue, Foster's Meadow road, the property of the Brooklyn City Water Works, known as Conduit Branch, Springfield road, Farmer's avenue and New York avenue to the Rockaway turnpike; running thence northerly on and along said Rockaway turnpike to the junction of said Rockaway turnpike and the Rockaway road (formerly known as the Rockaway Plank road); running thence northwesterly on and along said Rockaway road (formerly known as the Rockaway Plank road) to Broadway; running thence westerly on and along Broadway to Liberty avenue, in the Borough of Brooklyn, with a branch line from the intersection of said Rockaway road (formerly known as the Rockaway Plank road) and Water street; running thence westerly on and along Water street to and across Spruce street; also with a branch line from the intersection of said Rockaway road (formerly known as the Rockaway Plank road) and the Rockaway turnpike; running thence northerly on and along said Rockaway turnpike to Fulton street, in Jamaica.

amount fixed as the sum to be paid annually for the last five years of the original franchise.

Third—Upon the termination of the said franchise, right or privilege, whether original or renewal, if the Board of Estimate and Apportionment of the City of New York, or its successors in authority, shall so desire, there shall be a fair valuation of the plant and property of the grantee necessary for traction purposes upon the said streets and highways and bridges, and of the land in private ownership upon which the said railway shall be operated or the easements of right-of-way or other necessary easements in such lands, as the case may be, including power-house, equipment, tracks and appurtenances, which plant and property shall be and become the property of The City of New York at the option of the said Board of Estimate and Apportionment, or its successors in authority, on the termination of this grant and the payment to the grantee of such valuation. The valuation shall be based upon a fair appraisal of the property, excluding any value derived from the franchise, and such value shall be determined by the Board of Estimate and Apportionment, or its successors in authority; provided that in the valuation of the land in private ownership, on which such railway is constructed, or the easements affecting such land, as the case may be, their value shall not be fixed at an amount in excess of the original cost thereof, to the grantee of said franchise, its successors or assigns. A sworn statement of such cost executed by such grantee and verified by the affidavit of one of its officers, shall be filed with the Comptroller of the City of New York before any act is done by the grantee, or its successors or assigns, in the construction or operation of the railway upon any route hereinafter mentioned, which includes private property.

Fourth—The New York and Long Island Traction Company, its successors or assigns, shall pay for this franchise to The City of New York the following sums of money: During the first term of five years an annual sum which shall in no case be less than \$1,000, and which shall be equal to three per cent. of its gross annual receipts derived from passenger and freight traffic, within the limits of The City of New York, if such percentage shall exceed the sum of \$1,000; during the remaining twenty years of the term, an annual sum which shall not be less than \$2,000, and which shall be equal to five per cent. of its gross annual receipts as above, if such percentage shall exceed the sum of \$2,000.

In computing the amount of the gross receipts derived from passenger traffic and above referred to, the routes hereinafter mentioned shall be considered, and the persons who are upon the cars of the company at any point upon such routes shall be deemed to have paid the fare provided to be paid by the ordinance granting the franchise aforesaid, whether they enter or leave the car upon such route or upon any other route upon which the grantee, or its successors or assigns, operates its cars.

Such sums shall be paid into the Treasury of The City of New York on November 1 in each year; provided, however, that the first payment shall only be for that proportion of the above sums as the time from the signing of this ordinance by the Mayor to September 30 next preceding, shall bear to the whole of one year. The fiscal year shall end on September 30 next preceding said date of payment, and the provisions of the Railroad Law as it existed at the time of the adoption of this ordinance relating to the manner of payments and statements of percentages of gross receipts of street railway companies shall, as to said railway, be strictly followed. The intention of this paragraph is to fix an annual charge to be paid by the grantee, its successors or assigns, to The City of New York for the rights and franchise hereby granted, and it shall not be construed as providing for the payment by the grantee, its successors or assigns, for said franchise, of a percentage of gross receipts within the meaning of any general or special statute.

Fifth—The said annual charge or payments shall continue throughout the whole term of the franchise hereby granted, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railway company providing for payments for street railway rights or franchises at a different rate, and no assignment, lease or sublease of the rights or franchises hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives, so far as this franchise is concerned, any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this grant.

Sixth—The rights and franchises granted hereby shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the New York and Long Island Traction Company, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successors in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—The said railway may be operated by overhead electrical power, substantially similar to the system of overhead electrical traction now in use by the New York and North Shore Railway Company, or by the underground electric system now in use by the Interurban Street Railway Company in the Borough of Manhattan, and by any other motive power, except locomotive steam power or horse-power, which may be approved by the Board of Railroad Commissioners, and consented to by the owners of property, in accordance with the provisions of the Railroad Law.

Provided that the Board of Estimate and Apportionment, or its successors in authority, upon giving to the grantee, its successors or assigns, one year's notice, in writing, may require it or them to operate its railway upon the whole or upon any portion of its route by underground electrical power substantially according to the system now in use on the railways in the Borough of Manhattan above referred to, and thereupon to discontinue the use of the overhead trolley system, and to remove its poles, wires and other structures used by it for that purpose from the streets and highways and bridges of The City of New York.

Eighth—The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York, who have jurisdiction in such matters under the Charter of the City.

Ninth—Said railway shall be constructed and operated in the latest improved manner of street railway construction and operation, and the railway and property of said company shall be maintained in good condition throughout the term of this grant.

Tenth—The rate of fare for any passenger upon said railway shall not exceed five cents within the limits of The City of New York; the said company shall not charge any passenger more than said sum for one continuous ride from any point on said railway, or a line or branch operated in connection therewith to any point thereof, or of any connecting line or branch thereof within the limits of The City of New York. The rates for the carrying of property upon the cars of the grantee shall in all cases be reasonable in amount, and shall be subject to the control of the Board of Estimate and Apportionment, or its successors in authority, and may be fixed by such Board after notice and hearing to the grantee, and when so fixed such rate shall be binding upon said grantee, its successors or assigns, and no greater sums shall be charged for such services than provided for by it.

Eleventh—The cars on the said lines as proposed shall run at intervals of not more than one hour, both day and night, and as much oftener as the reasonable convenience of the public may require or as may be directed by the City ordinances; provided, however, that said railway company during the first five years of this franchise shall not be required to operate its cars on any of its lines within The City of New York between the hours of twelve o'clock midnight and five o'clock a. m. each day, unless the Board of Estimate and Apportionment of said City shall determine after a hearing had thereon that public convenience requires the operation of its cars during said hours.

Twelfth—The said railway company shall apply to each car run over said railway a proper fender and wheelguard in conformity to such laws and ordinances as are now in force or may hereafter be enacted or adopted by the State or City authorities.

Thirteenth—All cars on said railway shall be heated through the cold weather in conformity to such laws and ordinances as are now in force, or may hereafter be enacted or adopted by the State or City authorities, and each car shall be well lighted either by the Pintsch gas system or by electricity, or by some system of lighting equally efficient.

Fourteenth—The said company shall at all times keep the street between its tracks, and for a distance of two feet beyond the rails upon either side of said streets, free and clear from ice and snow.

Fifteenth—The said railway company, as long as it shall continue to use any of the tracks upon said streets and highways and bridges, shall have and keep in permanent repair that portion of the surface of said streets and highways and bridges, between its tracks, the rails of its track and two feet in width outside of its tracks, under the supervision of the proper local authorities, and whenever required by them to do so, and in such manner as they may prescribe. And The City of New York shall have the right to change the material or character of the pavement of any street and highway and bridge, and in that event the grantee, its successors or assigns, shall be bound to replace such pavement in the manner directed by the proper city officer at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Sixteenth—The said railway company, its successors and assigns, so long as it shall continue to use any of the tracks upon the streets and highways and bridges hereby granted, shall cause the entire roadway of each of the same to be watered at least three times in every twenty-four hours when the thermometer is above 35 degrees Fahrenheit, except that when the width of any roadway between curb lines shall exceed 60 feet, then a roadway of but 60 feet shall be watered as above.

Seventeenth—In case of any violation or breach or failure to comply with any of the provisions herein contained this grant may be forfeited and avoided by The City of New York, by a suit brought by the Corporation Counsel on notice of ten days to the said railway company.

Eighteenth—If any of the streets and highways and bridges above referred to, or described, shall not now be open or in use as public highways, no right or franchise therein shall vest in the grantee by virtue of this ordinance until after such streets and highways and bridges shall be legally opened as a public highway, and such right or franchise shall expire at the end of the term created by this ordinance as above set forth. Nothing in this ordinance contained shall be construed as an obligation on The City of New York, in respect to the opening of such streets and highways and bridges, nor as in any manner granting property or rights of any kind in or upon its lands now owned or occupied by it under any title, except only the public streets and highways and bridges in the usual acceptance of such terms, which are specifically referred to above.

Section 3. This grant is also upon the further and express condition that the provisions of Article 4 of the Railroad Law, as it existed at the time of the adoption of this ordinance applicable thereto, and all laws or ordinances now in force or which may be adopted hereafter affecting the surface railways operating in The City of New York shall be strictly complied with.

Section 4. This grant is also upon the further and express condition that at any time after five years from the commencement of the operation of any portion of the railway hereby granted, the Board of Estimate and Apportionment, or its successors in authority, if it deems it necessary in the public interest so to do, may require the grantee, its successors or assigns, in case the railway upon any portion of the routes above described shall consist of a single track, to construct and operate a second track upon any or all of the routes hereby granted, whether on streets, highways and bridges or upon any private property or right-of-way included in any of such routes so as to make a double-track railway.

Section 5. Said grantee shall commence construction within three months from the date when it has obtained complete legal authority to begin construction, including necessary permits from the city officials and departments and shall complete the construction of at least six miles of single track railway on or before January 1, 1905, otherwise this grant shall be thereupon forfeited and immediately forfeited, without judicial or other proceedings. If upon any of the routes above described, or upon any portion thereof, there shall not be constructed and in actual operation by July 1, 1906, a railway properly equipped and operated as provided by this ordinance, the said route or portion thereof shall be conclusively taken to have been abandoned by the company, and so much of the rights and franchises hereby granted as pertain to such routes, or parts of routes, not then constructed from and after July 1, 1906, shall be thereupon forthwith and immediately forfeited, without judicial or other proceedings. Provided that such time may be extended upon the same conditions as to forfeiture under and for causes specified in section 99 of the Railroad Law, as it now exists, and by a properly executed instrument in writing; and the Board of Estimate and Apportionment may similarly extend such time for a period or periods not exceeding one year, if, in their discretion, it seems best so to do, and that the city officials or departments who or which shall at the time of such construction have authority over the said streets and highways and bridges, may similarly extend, by properly executed instrument in writing, such time for a period or periods not exceeding one year further, if reasonable, in their judgment, by reason of requirements as to the manner of construction imposed by the city officials.

Section 6. If for any reason the right or franchise of the grantee in any of the streets, highways and bridges above described shall cease, or if for a period of six successive months the rail-

way tracks upon any of such streets, highways and bridges shall not be operated as provided for in this ordinance, the Comptroller of The City of New York may require the grantee, its successors or assigns, to remove its tracks and other structures upon such streets, highways and bridges within thirty days after notice, and in default of their removal pursuant to such notice, the proper local authorities having jurisdiction may cause them to be removed and The City of New York may recover the cost and expenses of such removal, either by deducting them from the fund deposited as required in Section 7 hereof, or by action; and the rights and franchises of the grantee, its successors or assigns, in such portions of the streets, highways and bridges, in case any such exist, shall forthwith and immediately cease upon the removal of such tracks or structures and without judicial or other proceedings.

Section 7. This grant is upon the express condition that the New York and Long Island Traction Company, within thirty days after the said company has been duly authorized to operate its railway and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of three thousand dollars, either in money or in securities to be approved by him, which fund shall be security for the performance by such company of the terms and conditions of this grant, especially those which relate to the payment of the annual charge for the franchise, the repairs of the street pavement and the removal of snow and ice, and the quality of construction of the railway and, in case of default in the performance by said company of such terms and conditions, The City of New York shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings, or after default in the payment of the annual charges shall collect the same with interest from such fund after ten days' notice in writing to the said company. Or in case of failure to keep the said terms and conditions of this grant relating to the headways of cars, fenders and wheel guards and the heating of the cars and the watering of the streets, the said company shall pay a penalty of \$50 a day for each day of violation, and the further sum of \$10 a day for each car which shall not properly be heated or supplied with fenders and wheel guards in case of the violation of the provisions relating to those matters. In case of any drafts so made upon this security fund, the said company shall, upon thirty days' notice, in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of three thousand dollars, and in default thereof the grant hereby made may be cancelled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

Section 8. This grant shall not become operative until said railway company shall duly execute, under its corporate seal, an instrument in writing wherein said company shall promise, covenant and agree on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this ordinance fixed and contained, and file the same in the office of the Comptroller of The City of New York within ten days after the adoption of this ordinance.

Section 9. This ordinance shall take effect immediately.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessments for OPENING AND ACQUIRING TITLE to the following named street in the BOROUGH OF THE BRONX:

TWENTY-FOURTH WARD, SECTIONS 11 AND 12.

HOFFMAN STREET—OPENING, from Belmont place to East One Hundred and Ninety-first street. Confirmed March 27, 1903; entered December 1, 1903. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at the intersection of the southwesterly prolongation of the middle line of the blocks between Lorillard place and Bathgate avenue, with the northeasterly line of East One Hundred and Eighty-third street; running thence northeasterly along said prolongation and middle line and its northeasterly prolongation to an intersection with a line drawn parallel to the northeasterly side of East One Hundred and Ninety-first street and distant 150 feet northeasterly therefrom; thence southeasterly along said parallel line to its intersection with the northeasterly prolongation of the middle line of the blocks between Arthur avenue and Hughes avenue; thence southeasterly along said prolongation and middle line to the northerly line of Crescent avenue; thence westerly along said line of Crescent avenue and its westerly prolongation to an intersection with a line drawn parallel to the westerly line of Arthur avenue and distant 150 feet westerly there

the powers vested in them by law, will offer for sale at public auction on Friday, January 8, 1904, at 12 o'clock m., at the Comptroller's Office, No. 280 Broadway, Borough of Manhattan, City of New York, all the right, title and interest of The City of New York which it has by virtue of a lease from William V. B. Bennett, Supervisor of the Town of Gravesend, to the City of Brooklyn, which lease is dated December 24, 1896, and recorded in the Kings County Register's Office on December 29, 1896, in Section 21, Liber 3 of Conveyances, page 249, in and to all that certain lot, piece or parcel of land situate, lying and being in the Thirty-first Ward of the Borough of Brooklyn, known as and by the number 93 upon the assessment roll for the opening of Neptune avenue, between West Sixth street and Ocean parkway, in the late Town of Gravesend, Borough of Brooklyn, City of New York, which was sold to the Town of Gravesend at a sale for unpaid assessments held on the 24th day of December, 1896, for the sum of \$6.60, and which said lot is therefore leased to the City of Brooklyn for 100 years.

The minimum or upset price at which the interest of the City in and to the said premises to be sold is appraised and fixed by the Commissioners of the Sinking Fund at the sum of ten dollars and thirty-seven cents (\$10.37); the purchaser to pay the auctioneer's fees and one hundred dollars (\$100) for the expenses of examination, advertising, etc. The sale of said premises is to be made on the following terms and conditions:

The highest bidder will be required to pay the full amount of his bid or purchase money and the auctioneer's fee at the time of sale, together with the further sum of one hundred dollars (\$100) for expenses of examination, advertising, conveyance, etc. The quit-claim deed for the above-described premises to be delivered within thirty days from the date of sale.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of sale, and the person failing to comply therewith will be held liable for any deficiency which may result from any such resale.

The right to reject any bid is reserved. Maps of said real estate may be seen on application at the Comptroller's Office, Stewart Building, No. 230 Broadway, Borough of Manhattan.

By order of the Commissioners of the Sinking Fund, under a resolution adopted at a meeting of the Board held November 18, 1903.

EDWARD M. GROUT, Comptroller.
CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE, November 30, 1903.

OFFICE OF THE DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock noon, on

WEDNESDAY, DECEMBER 9, 1903.

for a lease of the following described wharf property, together with the privilege of erecting and maintaining an ice bridge, tally house and scales thereon, for a term of five years from a date thirty days after said lease shall be approved by the Commissioners of the Sinking Fund:

The northerly side of the platform recently built in the rear of the approach to Pier No. 47, North river, said side having a water front length of 102.94 feet.

TERMS AND CONDITIONS OF SALE.

No bid will be accepted which shall be less than the sum of \$2,340 per annum.

The lessee shall have the privilege of erecting and maintaining during the term of said lease, on wharf property contiguous to the above-described premises, an ice bridge, tally house and scales. The plans and specifications for said ice bridge, tally house and scales to be submitted to and approved by the Engineer-in-Chief of the Department of Docks and Ferries.

The Commissioner of Docks expressly reserves the right to reject any and all bids; should a bid, however, be accepted, the said Commissioner will prepare a form of lease and transmit same to the Commissioners of the Sinking Fund, with a recommendation that said lease be approved by said Commissioners. The said form of lease shall contain the usual terms, conditions and covenants at present embodied in leases of wharf property now used by this Department, except that the lessee shall covenant and agree that he will at all times do such dredging from time to time, during the term of said lease, as may be considered necessary or proper by the Commissioner of Docks, in the basins or slips or water adjacent to the said premises.

The successful bidder will be required to pay to the Department of Docks and Ferries at the time of the award five per cent. (5%) of the amount of annual rent bid, as security for the execution of the lease, which five per cent. (5%) will be applied to the payment of the rent first accruing under the lease, when executed, or will be forfeited to the Department if the purchaser neglects or refuses to execute the lease, and the said successful bidder will be required to agree that he will, upon three days' notice so to do, execute a lease, the form of which may be seen and examined upon application to the Secretary at the office of the Department, Pier "A," Battery place; and also to furnish a bond or obligation in the sum of double the annual rent for the faithful performance of all the covenants and conditions of the lease, the sureties on bond to be approved by the Commissioner of Docks.

Dated THE CITY OF NEW YORK, November 27, 1903.

McDOUGALL HAWKES, Commissioner of Docks. n28,d9

OFFICE OF THE DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock noon, on

WEDNESDAY, DECEMBER 9, 1903.

for a lease of the following described wharf property, together with the privilege of erecting and maintaining a dumping board thereon, for a term of five years from a date thirty days after said lease shall be approved by the Commissioners of the Sinking Fund:

Beginning at a point where the southerly line of the pier at the foot of East Twenty-first street intersects the bulkhead wall; thence running easterly along the southerly side of said pier about 123 feet; thence northerly at right angles to the southerly side of said pier about 19 feet; thence westerly and parallel with the southerly side of said pier about 140 feet to a point on the line of the bulkhead wall; thence southeasterly along the line of said bulkhead wall about 25 feet to the point of beginning.

The dumping board to be 30 feet long, longitudinally with the pier, and 19 feet wide inshore from the pier, with an 18-foot over-hang and a ramp 90 feet long.

TERMS AND CONDITIONS OF SALE.

No bid will be accepted which shall be less than the sum of \$3,000 per annum.

The lessee shall have the privilege of erecting and maintaining during the term of said lease, on wharf property contiguous to the above-described premises, the necessary runways, ramps and approaches to said dump, and the Commissioner of Docks agrees to set aside such wharf property under his jurisdiction as may be required for such runways, ramps and approaches necessary for the operation of said dump. The plans and specifications for said dump and runways, ramps and approaches to be submitted to and approved by the Engineer-in-Chief of the Department of Docks and Ferries.

There shall be kept posted in at least two conspicuous places on the pier, so that same can be readily seen by passers-by from the street, printed in large type, the prices to be charged by the lessee to the public for the privilege of dumping cellar dirt, which prices are also made a condition of the lease, to be not more than twenty-five cents per cubic yard, and also as follows:

For regular and ordinary dumping carts which contain two cubic yards, not exceeding fifty cents.
For an ordinary cellar digger's cart which contains one and one-half cubic yards, not exceeding thirty-five cents.
For brick trucks containing between two and one-quarter and two and one-half cubic yards, not exceeding sixty cents.

The lessee shall covenant and agree that he will at all times during said term keep true and correct books of account, showing moneys received, the quantity of material dumped thereat, rates charged therefor and names of persons using said dump; said books of account shall at all times during said term be open to inspection by the Commissioner of Docks.

The Commissioner of Docks expressly reserves the right to reject any and all bids; should a bid, however, be accepted, the said Commissioner will prepare a form of lease and transmit same to the Commissioners of the Sinking Fund, with a recommendation that said lease be approved by said Commissioners. The said form of lease shall contain the usual terms, conditions and covenants at present embodied in leases of wharf property now used by this Department, except that the lessee shall covenant and agree that he will at all times do such dredging from time to time, during the term of said lease, as may be considered necessary or proper by the Commissioner of Docks, in the basins or slips or water adjacent to the said premises.

The successful bidder will be required to pay to the Department of Docks and Ferries at the time of the award five per cent. (5%) of the amount of annual rent bid, as security for the execution of the lease, which five per cent. (5%) will be applied to the payment of the rent first accruing under the lease, when executed, or will be forfeited to the Department if the purchaser neglects or refuses to execute the lease, and the said successful bidder will be required to agree that he will, upon three days' notice so to do, execute a lease, the form of which may be seen and examined upon application to the Secretary at the office of the Department, Pier "A," Battery place; and also to furnish a bond or obligation in the sum of double the annual rent for the faithful performance of all the covenants and conditions of the lease, the sureties on bond to be approved by the Commissioner of Docks.

Attest: J. H. MOONEY, Assistant Secretary.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, so as to widen Eighty-fourth street, between Sixteenth and Seventeenth avenues, and lay out an extension of the said street, from Seventeenth avenue to Eighteenth avenue, in the Borough of Brooklyn, City of New York, and that a meeting of said Board will be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 11th day of December, 1903, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board, all of which is more particularly set forth and described in the following resolutions, adopted by the Board on the 20th day of November, 1903, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by widening Eighty-fourth street, between Sixteenth and Seventeenth avenues, and laying out an extension of the said street from Seventeenth avenue to Eighteenth avenue, in the Borough of Brooklyn, City of New York, more particularly described as follows:

The southern line of Eighty-fourth street to begin at a point in the eastern line of Sixteenth avenue, distant 224.14 feet northerly of the intersection of the eastern line of Sixteenth avenue with the northern line of Eighty-fifth street, as the same are laid down on the map of the City.

1. Thence to extend easterly in a straight line to a point in the western line of Eighteenth avenue, distant 333.58 feet northerly of the intersection of the northern line of Eighty-fifth street with the western line of Eighteenth avenue.

The northern line of Eighty-fourth street to be distant 100 feet northerly and parallel to the southern line of Eighty-fourth street.

Resolved, That the President of the Borough of Brooklyn cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change and the location of the immediate adjacent or of intersecting open or established streets, roads, squares, or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change at a meeting of this Board, to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 11th day of December, 1903, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the "City Record" and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 11th day of December, 1903.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by orders of the Supreme Court, bearing date the 14th day of May, 1903; the 17th day of July, 1903; and the 27th day of October, 1903, and duly

entered in the office of the Clerk of the County of New York, at his office in the Borough of Manhattan, in The City of New York, on the 2d day of June, 1903; the 17th day of July, 1903, and the 4th day of November, 1903, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, Blocks Nos. 2836, 2837 and 2838. Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 2d day of June, 1903; and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, fourth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 29th day of December, 1903, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, New York City, December 1, 1903.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening NARROWS AVENUE, from Seventy-first Street to Shore Road, in the Thirtieth Ward, in the Borough of Brooklyn, in The City of New York, as the same has been heretofore laid out.

Brooklyn of The City of New York, as the same has been heretofore laid out.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us, at our office in the office of the Law Department, No. 166 Montague Street, in the Borough of Brooklyn, in The City of New York, on or before the 12th day of December, 1903, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 14th day of December, 1903, at 2 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York, in the Borough of Brooklyn, No. 166 Montague Street, in the Borough of Brooklyn, in The City of New York, there to remain until the 21st day of December, 1903.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Commencing at the intersection of the easterly side of Narrows Avenue with the Bay Ridge Parkway or Shore Road; running thence easterly and parallel with the southerly side of Eighty-ninth Street to the centre line of the block between Narrows Avenue and First Avenue; running thence northerly and along the centre lines of the blocks between Narrows Avenue and First Avenue to the southerly side of Bay Ridge Avenue; thence westerly along the southerly side of Bay Ridge Avenue to the Shore Road, and thence southerly along the easterly side of the Bay Ridge Parkway or Shore Road to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Courthouse in the Borough of Brooklyn, in The City of New York, on the 28th day of December, 1903, at the opening of the Court on that day.

Dated Borough of Brooklyn, The City of New York, November 21, 1903.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were, by an order of the Supreme Court of the State of New York, bearing date the 3d day of October, 1903, and filed and entered in the office of the Clerk of the County of Queens on the 5th day of October, 1903, appointed Commissioners of Estimate and Assessment in the above-entitled proceeding for the purpose of making a just and equitable estimate of the loss and damage to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken herein for the purpose of opening a public park at Vernon avenue and the East river and Pierce avenue and Sanford street, in the First Ward, Borough of Queens, in The City of New York, and which lands and premises so to be taken are bounded and described as follows, that is to say:

Beginning at a point on the westerly side of Vernon avenue, which said point is distant 488.43 feet northerly from a point formed by the intersection of the westerly side of Vernon avenue with the northerly side of Pierce avenue, and thence running northerly along the westerly side of Vernon avenue 543.00 feet, more or less, to the northerly line of the land formerly belonging to the Estate of Stevens; thence westerly along the northerly line of land formerly belonging to the Estate of Stevens to the pier or bulkhead line established by the Secretary of War February 15, 1903; thence southerly to the pier or

bulkhead line to the southerly line of land belonging to Thomas Rainey; thence along the southerly line of land belonging to Thomas Rainey to the westerly line of Vernon avenue to the point or place of beginning.

All parties and persons interested in the real estate taken, or to be taken, for the purpose of opening said park, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same to us, the undersigned Commissioners of Estimate and Assessment, duly verified, at our office, Room No. 401, on the fourth floor of the building No. 258 Broadway, in The City of New York, Borough of Manhattan, with such affidavit or other proof as the owners or claimants may desire within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office above specified on the 16th day of December, 1903, at 3 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, or at such further or other times and places as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owners, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, November 20, 1903.

FIRST DEPARTMENT.

In the matter of the application of the Mayor, Aldermen and Commonalty of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening MOUNT VERNON AVENUE (although not yet named by proper authority), from Jerome avenue to the northern boundary of The City of New York, as the same has been heretofore laid out and designated as a first-class street or road, in the Twenty-fourth Ward of The City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections, in writing, duly verified, to us at our office Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 7th day of December, 1903, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 11th day of December, 1903, at 10 o'clock a. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said city, there to remain until the 18th day of December, 1903.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point formed by the intersection of the westerly prolongation of a line drawn parallel to East Two Hundred and Thirty-third street, and distant 300 feet southerly therefrom, with a line drawn parallel to the westerly line of Jerome avenue and distant 300 feet westerly therefrom; running thence northerly along said parallel line to its intersection with the northern boundary line of The City of New York; thence easterly along said boundary line to its intersection with the northwesterly line of Vireo avenue; thence southwesterly along said northwesterly line to the middle line of the block between East Two Hundred and Thirty-ninth street and East Two Hundred and Thirty-eighth street; thence westerly along said middle line to the middle line of the blocks between Vireo avenue and Martha avenue; thence southerly along said last-mentioned middle line to the middle line of the blocks between East Two Hundred and Thirty-seventh street and East Two Hundred and Thirty-sixth street; thence westerly along said last-mentioned middle line to the middle line of the blocks between Martha avenue and Katonah avenue; thence southerly along said last-mentioned middle line to the middle line of the block between East Two Hundred and Thirty-sixth street and East Two Hundred and Thirty-fifth street; thence westerly along said last-mentioned middle line to a line drawn parallel to the easterly line of Katonah avenue and distant 100 feet easterly therefrom; thence southerly along said parallel line to the middle line of the blocks between East Two Hundred and Thirty-fifth street and East Two Hundred and Thirty-fourth street; thence westerly along said middle line to the middle line of the block between Katonah avenue and Kepler avenue; thence southerly along said last-mentioned middle line and its southerly prolongation to a line drawn parallel to the southerly line of East Two Hundred and Thirty-third street and distant 300 feet southerly therefrom; thence westerly along said parallel line to the point or place of beginning, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That we have included in the term, lands, tenements and hereditaments assessed by us in this report, the interests in the public streets owned or held by corporations operating under franchises in such streets.

Fifth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Courthouse, in the Borough of Manhattan, in The City of New York, on the 28th day of January, 1904, at the opening of the Court on that day.

Dated Borough of MANHATTAN, NEW YORK, October 8, 1903.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of BARTOW STREET (although not yet named by proper authority), from

Wolcott avenue to Jackson avenue, in the First Ward, Borough of Queens, in The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, Second Department, bearing date the 17th day of October, 1903, and duly entered in the office of the Clerk of the County of Queens, at his office in Jamaica, in the Borough of Queens, City of New York, on the 19th day of October, 1903, a copy of which order was duly filed in the office of the Clerk of the County of Queens, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of Queens, on the 19th day of October, 1903; and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, No. 21 Jackson avenue, in the Borough of Queens, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 10th day of December, 1903, at 10 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of MANHATTAN, NEW YORK CITY, November 21, 1903.

WM. A. JONES, Jr.,
RICHARD OGDEN,
EUGENE L. N. YOUNG,
Commissioners.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the persons set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of The City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
