The Fire Commissioner this day directed that the following be entered in full in the transactions:

"Headquarters Fire Department, City of New York, }  
"Borough of Manhattan, May 31, 1906. }

"Statement showing the reasons for the removal from office of Inspector of Combustibles George E. Murray, filed in the Fire Department of The City of New York, pursuant to the requirements of section 1543 of the Greater New York Charter:

"Since my accession to the office of Fire Commissioner, on January 1, 1906, many reports have appeared in the public prints and numerous complaints have reached me concerning recklessness in the conduct of blasting operations, particularly in the borough of Manhattan, which have resulted in considerable damage to property, besides placing life and limb in jeopardy. This information led me to infer that there must be considerable laxity in the enforcement of the laws, ordinances and regulations governing the matter, and therefore when the Citizens' Union, through its Bureau of City Betterment, a few weeks since complained to me of the conditions existing in this regard I felt it my duty to take official cognizance thereof without further delay. I therefore delegated an experienced and competent employee of the Bureau of Combustibles to co-operate with the Secretary of the Bureau of City Betterment of the Citizens' Union in an investigation for the purpose of ascertaining definitely whether the laws, ordinances and regulations affecting the storage and use of explosives were properly enforced, and their report, dated May 25, 1906, and which is hereto annexed and made a part of this statement, was of such a nature as to convince me of the existence of gross laxity in the enforcement of the laws, ordinances and regulations in question, as also of neglect of duty on the part of the Inspector of Combustibles of this Department, who is by law charged with the duty of such enforcement.

"I therefore summoned the Inspector of Combustibles to my office at these headquarters on this day, submitted to him a copy of the report in the case and requested from him an explanation concerning the conditions therein set forth, which explanation being unsatisfactory to me I gave said Inspector of Combustibles the choice of two alternatives, either of resigning his position or of being removed from office. As he declined to resign, and his explanation was unsatisfactory to me, I thereupon ordered his removal, to take effect from 4 o'clock p. m. this day, May 31, 1906.

"Copies of letter and order of removal in the case are hereto attached and made a part of this statement.

"(Signed) JOHN H. O'BRIEN, Fire Commissioner."

"Headquarters Fire Department, City of New York, }  
"Borough of Manhattan, May 31, 1906. }

"Mr. GEORGE E. MURRAY, Inspector of Combustibles, Fire Department, City of New York:

"Sir—Take notice that you are hereby removed from office as Inspector of Combustibles of the Fire Department of The City of New York, to take effect this day, May 31, 1906.

"Respectfully,

"(Signed) JOHN H. O'BRIEN, Fire Commissioner."

#### "Special Orders.

"No. ....

"Inspector of Combustibles George E. Murray, Bureau of Combustibles, of this Department, is hereby removed and dismissed the service of the Department, for the following reasons:

"Failure to enforce the laws and regulations relative to the use and storage of explosives, and neglect of duty—his explanations having been unsatisfactory to me; said removal and dismissal to take effect from 4 o'clock p. m. on May 31, 1906.

"By order of

#### PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

##### NOTICE TO CONTRACTORS.

##### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 430 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
