EXECUTIVE NOTICE.

PROCLAMATION.

To the People of The City of New York:

The body of George Clinton, Brigadier-General in the Continental Army, Governor of New York and Vice-President of the United States, will be brought to this City on the morning of Thursday, May 28, on its way from the Congressional Cemetery, Washington, to its last resting place at Kingston, N. Y. The body will be escorted from the Battery to the Governor's Room, City Hall, by military and civic bodies, and will there lie in state until 4 o'clock in the afternoon of May 28.

As a mark of respect, I direct that from sunrise to sunset of May 28, the flags on all City buildings shall fly at half staff.

I request that citizens observe the occasion in a similar way and that the bells of churches be tolled during the passage of the body from the Battery to the City Hall, from 9.30 to 10 o'clock on the morning of May 28.

To which I have set my hand and affixed my seal of office this 25th day of May, one thousand nine hundred and eight.

(Signed) GEO. B. McCLELLAN, Mayor.

RAPID TRANSIT RAILWAY.

Lexington Avenue Route.

The Secretary presented the following:

STATE OF NEW YORK,
PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
TRIBUNE BUILDING,
NEW YORK, May 6, 1908.

JOSEPH HAAG, ESQ., Secretary, Board of Estimate and Apportionment, No. 277 Broadway:

SIR—Under date of April 3, you transmitted to this Commission a certified copy of resolution adopted by the Board of Estimate and Apportionment, requesting the Public Service Commission to prepare and present to the Board, within sixty days, forms of contract for approval, for the construction of the Lexington avenue route.

In further acknowledgment of the communication, I am instructed to state that this Commission is doing all within its power to have prepared at the earliest moment forms of contract for submission, and for the invitation to contractors to bid thereon, but, preliminary to the draughting of forms of contract, it is necessary for the Commission to obtain the consent of the property owners or, in lieu thereof, of the Appellate Division, and thereafter to prepare the detailed plans for the route.

The Commission will do everything in its power to facilitate all of the steps necessary before actual construction can begin, recognizing the great need for additional rapid transit facilities.

Very truly yours,

TRAVIS H. WHITNEY, Secretary.

Which was ordered filed.

B. T. BABBITT (INC.)

An application was received from B. T. Babbitt (Inc.) for a revocation of the consent to maintain and operate pipe from premises No. 49 West street to the North River, Borough of Manhattan, and the cancellation of the bond, as the said corporation has removed its factory to Babbitt, N. J.

Which was referred to the Chief Engineer.

JOHN W. SULLIVAN.

A report and proposed resolution was received from the Chief Engineer proposing terms and conditions to govern the consent to John W. Sullivan to construct, maintain and operate a 6-inch iron pipe under and across East Ninth street, between Avenue D and the East River, Borough of Manhattan, connecting the power plant on the property owned by the petitioner, known as Nos. 827 to 843 East Ninth street, with property leased by him on the southerly side of said street, known as Nos. 836 to 846 East Ninth street, and as the applicant had failed to accept the proposed terms and conditions the matter was laid over.

RAPID TRANSIT RAILWAY.

Modification of Contract Dated February 21, 1900, for Construction and Operation of Rapid Transit Railway.

In the matter of communication from the Corporation Counsel, requesting this Board to approve a proposed agreement, whereby, in consideration of the City paying certain damages arising from the change of route of the Rapid Transit Railway under Park avenue, between Thirty-fourth and Forty-second streets, Borough of Manhattan, amounting to \$199,630.18, and costs and allowances of \$5,195, the Interborough Rapid Transit Company would agree to consider the amount so paid as part of the cost of the construction of such railway, and would pay interest thereon at the rate of four per cent., subject to the rental provisions of the contract.

This communication was presented to the Board at its meeting of May 1, 1908, and was referred to a Select Committee, consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Manhattan.

The Secretary presented the following:

May 11, 1908.

To the Board of Estimate and Apportionment:

GENTLEMEN—At a meeting of the Board held May 1 there was referred to the undersigned, as a committee, a communication from the Corporation Counsel, dated April 28, 1908, submitting for the approval of the Board a proposed agreement to be made between the City, acting by the Public Service Commission for the First District, and John B. McDonald and Interborough Rapid Transit Company, modifying the contract between the City, by the Board of Rapid Transit Railroad Commissioners, and John B. McDonald, dated February 21, 1900, said contract being for the construction of a rapid transit railway; and requesting that the Comptroller be authorized to issue Corporate Stock for rapid transit purposes in the sum of \$204,825.18, to carry such modified agreement into effect.

Briefly, the situation which requires action by the Board, as outlined above, is as follows:

The Rapid Transit Railway in Park avenue, between Thirty-fourth and Forty-second streets, built under the contract with McDonald, is alleged not to be in accordance with the original plans for which the Court gave its consent in lieu of that of the property owners. Subsequently the City applied to the Court for its consent to the route as constructed. In the construction of the tunnel, certain abutting property owners sustained material damage to their houses, and filed objections with the Court to the approval of the modified route, unless they should be reimbursed for the damages sustained, whereupon the Court appointed a referee to assess the damages, and upon the report of the referee, stated that it would withhold its consent for the modified line until the amounts so assessed by the referee were paid. The question then arose as to who was liable to pay the amount, the Law Department of the City claiming that there was no legal liability on the part of The City of New York. However, unless the amount is paid by the City, the operation of the road upon the existing route may be enjoined until the railroad is built upon the original route as planned, thereby entailing serious inconvenience to the traveling public and a large loss in money for its reconstruction.

The result of the negotiations between the Corporation Counsel and Interborough Rapid Transit Company has been that if the City will pay the amount so assessed, the company will consider it as a part of the cost of construction of the railway, under the original contract, and will pay rental thereon in accordance with the provisions of the said contract. Under this plan, the City is simply loaning its credit to the extent of \$204,825.18 for the liquidation of this claim.

Your committee has examined this matter and is of the opinion that the transaction as proposed by the Corporation Counsel is in the interest of the City, and that the agreement as submitted should be approved. The committee also recommends that the Comptroller be authorized to issue Corporate Stock for rapid transit purposes in the sum of \$204,825.18, for the purpose of carrying the agreement into effect, when the Public Service Commission for the First District shall have made requisition therefor.

A resolution approving the form of agreement is attached hereto.

H. A. METZ,

Comptroller;

P. F. MCGOWAN,

President, Board of Aldermen.

JOHN F. AHEARN,

President, Borough of Manhattan.

The following was offered:

Whereas, By resolution duly adopted by the Board of Rapid Transit Railroad Commissioners January 14, 1897, and February 4, 1897, routes and general plans of construction for a rapid transit railway under and along certain streets and avenues in The City of New York were adopted; and

Whereas, Such routes and general plans were approved by the Board of Aldermen March 23, 1897, and approved by the Mayor, March 25, 1897; and

Whereas, By order entered in the Appellate Division of the Supreme Court, First Judicial Department, on April 6, 1898, such construction was consented to in lieu of the consent of the abutting property owners; and

Whereas, On or about February 21, 1900, The City of New York, acting by the Board of Rapid Transit Railroad Commissioners, entered into a contract with John B. McDonald for the construction of such route; and

Whereas, By written instruments bearing date the 10th day of July, 1902, said John B. McDonald, with the written consent of the Board of Rapid Transit Railroad Commissioners, concurred in by six members thereof, duly assigned the right and obligation to maintain and operate the aforesaid rapid transit railroad for the term of years specified in said contract, together with the obligation to provide equipment for the said railroad, unto Interborough Company; and

Whereas, In the course of construction of the portion of the said rapid transit railroad under Park avenue, in the Borough of Manhattan, City of New York, the easterly tunnel section of the said railroad, between Thirty-fifth and Forty-second streets, was constructed further to the eastward, that is to say, nearer to the building line of the houses on the east side of the said Park avenue than was indicated in the drawings included in the said routes and general plans; and

Whereas, The Board of Rapid Transit Railroad Commissioners on the 16th day of April, 1903, duly adopted resolutions prescribing a route and general plan for a certain new or additional rapid transit railroad, or section of railroad, which was to be a substitute for the section of the rapid transit railroad authorized by the said routes and general plan of January 14 and February 4, 1897, and situate under the easterly portion of said Park avenue, between Thirty-fifth and Forty-second streets, which had not been constructed and which new or additional railroad or section was to be identical with the said easterly tunnel section, as actually constructed; and

Whereas, The said modification of the routes and general plans was duly approved by the Board of Aldermen on June 2, 1903, and approved by the Mayor, June 11, 1903; and

Whereas, The Corporation Counsel, in a communication dated April 28, 1908, which was presented to the Board of Estimate and Apportionment May 1, 1908, advised that the Hon. Alton B. Parker, Referee, appointed by the Appellate Division to assess damages for such route, has fixed same at \$199,630.18, together with costs and allowances amounting to \$5,195, making a total of \$204,825.18, and the Corporation Counsel advises that the Interborough Rapid Transit Company will agree, if The City of New York will pay such sum, that the amount so paid by the City shall be considered as part of the cost of construction of the rapid transit tunnel, upon which interest will be paid by it at 4 per cent., subject to the rental provisions of the contract, and further, that the Public Service Commission for the First District has approved such arrangement and has transmitted a proposed form of agreement, and he requests that this Board approve the proposed form of agreement and authorize the Comptroller to issue Corporate Stock for the aforementioned sum; and

Whereas, At the meeting of May 1, 1908, the communication from the Corporation Counsel, together with the proposed form of agreement, was referred to a Select Committee consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Manhattan, for consideration and report; and

Whereas, The Select Committee, in a report this day presented to this Board, states it has examined the matter and is of the opinion that the transaction as proposed by the Corporation Counsel is in the interests of the City, and that the agreement as submitted should be approved, and it recommends that the Comptroller be authorized to issue Corporate Stock for rapid transit purposes in the aforementioned sum; now therefore be it

Resolved, That the Board of Estimate and Apportionment hereby consents to and approves of the making of the aforesaid agreement.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and Queens—14.

BROOKLYN CITY RAILROAD COMPANY, FOR ITSELF AND AS SUCCESSOR OF THE NASSAU RAILROAD COMPANY.

By resolution duly adopted March 6, 1908, the Corporation Counsel was requested to advise this Board of the liability of the Brooklyn City Railroad Company as the successor of the Nassau Railroad Company, and of the liability of the Brooklyn City Railroad Company to pay into the treasury of The City of New York five per cent. of its gross receipts, in accordance with section 95 of the Railroad Law.

The Secretary presented the following:

REPORT No. F-86.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
May 12, 1908.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At the meeting of the Board of Estimate and Apportionment held on March 6, 1908, a communication was presented from the Commissioner of Parks for the Boroughs of Brooklyn and Queens transmitting a form of agreement which had been submitted to him by the Brooklyn City Railroad Company relative to the removal of tracks from what is known as Williamsburg Park, this agreement providing that the City should pay the entire expense of the removal of such tracks, and giving the Company the right to place and maintain them in streets bordering the park. A report was submitted by the Chief Engineer, calling attention, among other things, to the fact that the Brooklyn City Railroad Company and other companies now merged with it had apparently failed to make the City payments called for in their franchises, and suggesting that before making any agreement with the Company as to the removal of these tracks, the Corporation Counsel be requested to advise the Board as to the liability of the several companies for these arrears. The matter was thereupon referred to the Corporation Counsel for such advice.

Under date of April 27, 1908, an opinion has been submitted to the Board to the effect that the Brooklyn City Railroad Company and its constituent companies are liable to the City for the payments prescribed in their charters. These amounts have been computed by the Engineer in charge of the Division of Franchises, and are found to aggregate more than \$661,000. That the obligation to pay these sums has been recognized is evident from the fact that such payments appear to have been made to the City in 1890, the Railroad Company having claimed, as stated in the report submitted on March 6, 1908, that they were under no obligation to pay percentages of their gross receipts.

It is recommended that the Corporation Counsel be requested to bring an action for the payment of such of these arrears as it may be possible to recover at this time.

A report of the Engineer in charge of the Division of Franchises giving the computations in detail is herewith submitted, also a resolution designed to carry out the recommendation herein made.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
DIVISION OF FRANCHISES, ROOM 801, No. 277 BROADWAY,
May 11, 1908.

Mr. NELSON P. LEWIS, Chief Engineer:

SIR—A report of the Division of Franchises on the proposed change of route of the street surface railroad tracks at present lying within the area of Williamsburg Park in the Borough of Brooklyn, was presented to the Board of Estimate and Apportionment at the meeting held March 6, 1908. In this report, attention was called to the fact that various franchises and chapter 252 of the Laws of 1884 (the General Railroad Law), under which the street surface railroad tracks in question are being operated, required the payment of 5 per cent. of the gross receipts per annum to the City, and a resolution was adopted by the Board, reading in part as follows:

"Resolved, That the Corporation Counsel be and he hereby is requested to advise this Board of the liability of the Brooklyn City Railroad Company, as the successor of the Nassau Railroad Company, to pay into the City treasury 5 per cent. of its gross receipts under the provisions of chapter 823 of the Laws of 1866, and of the liability of the Brooklyn City Railroad Company to pay into the City treasury 5 per cent. of its gross receipts in accordance with section 95 of the Railroad Law."

Replying to this resolution, in an opinion dated April 27, 1908, the Acting Corporation Counsel states as follows:

"I am of the opinion therefore that the Brooklyn City Railroad Company, as successor of the Nassau Railroad Company and the Greenpoint and Williamsburgh Railroad Company, is liable to pay 5 per cent. of the gross receipts arising from the

operation of all the lines of street railroad which were constructed pursuant to and under the charters of the said railroad companies; such liability arising from the obligation prescribed in the charter of the Nassau Railroad Company to pay such percentage of its gross receipts.

"I am further of the opinion that the Brooklyn City Railroad Company, as successor of the Calvary Cemetery, Greenpoint and Brooklyn Railroad Company and the Greenpoint and Lorimer Street Railroad Company, is liable to pay 5 per cent. of the gross receipts from the operation of all lines of street railroads constructed under the authority of the charters of those companies, by reason of the liability imposed by chapter 252 of the Laws of 1884 and the acts amendatory thereof, constituting the General Railroad Law.

"I am further of the opinion that the Brooklyn Heights Railroad Company, as lessee of the Brooklyn City Railroad Company, is liable to pay 5 per cent. of the gross receipts of all the lines of street railroads herein mentioned, not only on account of the liability imposed by the charters of the subsidiary companies, but for the additional reason that the Brooklyn Heights Railroad Company was incorporated on April 1, 1887, under and by virtue of chapter 252 of the Laws of 1884, and is therefore itself liable to pay 5 per cent. of its gross receipts from whatever sources arising."

In accordance with this opinion of the Corporation Counsel, I have caused an estimate to be made of the amounts due annually to the City of Brooklyn, and later to the consolidated City, in consequence of the franchises in question and chapter 252 of the Laws of 1884. This estimate is based upon the annual reports of the railroad companies operating under these franchises, as they appear in the annual reports of the State Engineer and the State Board of Railroad Commissioners, and the amounts due from the various companies are as follows:

From the Brooklyn City, Hunters Point and Prospect Park Railroad Company, and its successors, the Brooklyn Crosstown Railroad Company and the Brooklyn Heights Railroad Company, under chapter 823 of the Laws of 1866, from 1869 to June 30, 1906, the total sum of..... \$426,442 52

—without interest;

From the Greenpoint and Lorimer Street Railroad Company and its successors, the Brooklyn City Railroad Company and the Brooklyn Heights Railroad Company, for the period from 1885 to June 30, 1906, the total sum of..... 119,628 88

—without interest;

From the Calvary Cemetery, Greenpoint and Brooklyn Railroad Company and its successors, the Brooklyn City Railroad Company and the Brooklyn Heights Railroad Company, for the period from 1885 to June 30, 1906, the total sum of..... 115,016 83

—without interest;

Making a total amount which should have been paid to the City in annual payments from 1869 to June 30, 1906, on account of the charter and franchises of these companies, of..... \$661,088 23

—without interest.

No estimate has been made of the amounts due from June 30, 1906, to date, as no report has been received from the State Board of Railroad Commissioners or the Public Service Commission of the result of the operations of these companies covering that period.

It would appear that the liability of the Calvary Cemetery, Greenpoint and Brooklyn Railroad Company and the Greenpoint and Lorimer Street Railroad Company to pay a percentage of their gross receipts per annum to the City had been at one time acknowledged by these companies, as a report of the Department of Finance, dated July 22, 1892, to the Common Council of Brooklyn, transmitting a statement of all moneys received from railroad franchises, pursuant to chapter 252 of the Laws of 1884, shows the receipt on October 30, 1890, of \$873.94 from the Greenpoint and Lorimer Street Railroad Company, as 5 per cent. on a certain stated amount of gross receipts, and of \$556.25 from the Calvary Cemetery, Greenpoint and Brooklyn Railroad Company, as 5 per cent. on a certain stated amount of gross receipts. No further record of any percentage payments to the City by these companies has been found.

The amounts due from the Brooklyn Heights Railroad Company, under and by virtue of chapter 252 of the Laws of 1884, in accordance with the opinion of the Acting Corporation Counsel, will include the amounts hereinabove stated as being due from the Greenpoint and Lorimer Street Railroad Company and the Calvary Cemetery, Greenpoint and Brooklyn Railroad Company, from June 6, 1893, the date of lease of the Brooklyn City Railroad Company to the Brooklyn Heights Railroad Company, to June 30, 1906.

In view of the fact that, as stated in the report presented to the Board on March 6, 1908, the Brooklyn Heights Railroad Company claims, under advice of counsel, that there is no obligation on the part of the Brooklyn City Railroad Company or the Brooklyn Heights Railroad Company to pay a percentage of gross receipts under chapter 823 of the Laws of 1866, I would recommend that the Corporation Counsel be directed to bring suit for the payment of as much of these amounts as may be recoverable, and also for the remaining amounts due from the Brooklyn Heights Railroad Company under and by virtue of chapter 252 of the Laws of 1884.

A resolution in accordance with this recommendation is hereto attached.

Respectfully,

HARRY P. NICHOLS, Engineer in Charge.

The following was offered:

Whereas, At a meeting of the Board of Estimate and Apportionment held March 6, 1908, a resolution was adopted requesting the Corporation Counsel to advise the Board of the liability of the Brooklyn City Railroad Company, as the successor of the Nassau Railroad Company, to pay into the City Treasury 5 per cent. of its gross receipts, under the provisions of chapter 823 of the Laws of 1866, and of the liability of the Brooklyn City Railroad Company to pay into the City Treasury 5 per cent. of its gross receipts, in accordance with section 95 of the Railroad Law; and

Whereas, The Corporation Counsel, in an opinion dated April 27, 1908, has advised this Board that the Brooklyn Heights Railroad Company is liable to pay 5 per cent. of the gross receipts arising from the operation of all the lines of street railroads which were constructed pursuant to and under the charters of the Nassau Railroad Company and the Greenpoint and Williamsburgh Railroad Company, and the Calvary Cemetery, Greenpoint and Brooklyn Railroad Company, and the Greenpoint and Lorimer Street Railroad Company, and in addition the Brooklyn Heights Railroad Company, under and by virtue of chapter 252 of the Laws of 1884, is liable to pay 5 per cent. of its gross receipts, from whatever sources arising; now therefore be it

Resolved, That the Corporation Counsel be and he hereby is directed to institute proceedings to recover the moneys due The City of New York from the Brooklyn Heights Railroad Company, as lessee of the Brooklyn City Railroad Company, on account of the liability imposed by the charters of the Nassau Railroad Company and the Greenpoint and Williamsburgh Railroad Company, and the Calvary Cemetery, Greenpoint and Brooklyn Railroad Company, and the Greenpoint and Lorimer Street Railroad Company, and also to institute proceedings to recover the moneys due The City of New York from the Brooklyn Heights Railroad Company, as 5 per cent. of its gross receipts, under and by virtue of chapter 252 of the Laws of 1884, and he is further requested to advise the Board of any action taken.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and Queens—14.

LONG ISLAND RAILROAD COMPANY.

The Secretary presented the following:

LONG ISLAND RAILROAD COMPANY,
OFFICE OF THE PRESIDENT AND GENERAL MANAGER,
LONG ISLAND CITY, N. Y., March 11, 1908.

Board of Estimate and Apportionment, City of New York, No. 277 Broadway, New York City:

GENTLEMEN—The consideration by your Honorable Board at this time of what is commonly referred to as the Corona Map of the Borough of Queens, affecting as it does the tentative street layout of the Woodside and Winfield sections of that Borough, induces the Long Island Railroad Company to call your attention to the number of dangerous grade crossings that now exist in that section.

This condition we feel undoubtedly has a tendency to retard the growth and development of the adjacent territory, and probably will cause your Board to consider the pending applications for trolley franchises with the greatest caution and care.

While it is perfectly feasible to elevate the railroad throughout this section, and thereby eliminate the dangers of the existing crossings, at a cost of probably one million and fifteen thousand dollars, a casual inspection of the accompanying plan will indicate that any permanent improvement on the existing location of the tracks of this company is extremely undesirable, not only from a railroad point of view, but also with respect to the layout of City streets, which, even under the most favorable conditions, must be seriously disturbed and badly broken up if the existing railroad location is held.

This condition has caused us to have our engineers make a careful survey and study of the situation, the result of which indicates that it is perfectly feasible, although at a very considerable increase in cost, not only to greatly improve the manner of crossing over and under streets, but also to shorten and straighten the railroad if an alignment, as suggested in red on the accompanying blue print, be followed. Any such scheme of realignment would, of course, carry with it the abandonment of the existing tracks.

It is felt that any elimination of the existing grade crossings, however, can only be effected at the joint expense of the City and railroad company, and we therefore beg to suggest to the careful consideration of your Honorable Board the propriety of The City of New York co-operating with the Long Island Railroad Company in the elimination of all grade crossings now existing between Woodside avenue on the west and Maurice avenue and Thomson avenue on the east, and including the streets last named.

If, as the representatives of The City of New York, your Board feels that such financial co-operation (to the extent of one-half of the cost of eliminating the present crossings on the existing railroad line) would be to the best interests of the City, and an equitable contract can be agreed upon covering such a transaction, the Long Island Railroad Company will then make a formal application to your Honorable Board for its consent to the shortening and straightening of the railroad line, and undertake vigorously to complete the purchase of the necessary right-of-way and the construction work hereby suggested.

Respectfully submitted,

RALPH PETERS, President and General Manager.

REPORT NO. F-100.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
May 12, 1908.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At a meeting of the Board of Estimate and Apportionment held on November 22, 1907, a report was presented upon a communication from the president of the Long Island Railroad Company requesting the Board to authorize the Chief Engineer to confer with the chief engineer of the railroad company looking to the formulation of a plan for abolishing the grade crossings on the different lines of the Long Island Railroad within the City limits.

It was shown in this report that substantial progress had been made in this direction, and that future maps of those portions of the Borough of Queens traversed by any of the Long Island Railroad lines would be recommended for adoption only when the railroad situation had received careful consideration and a system of grades had been worked out which would avoid grade crossings, with such an adjustment of railroad grades as would permit of this treatment. Reference was made in this report to the desire of the railroad company to straighten its main line tracks at and near Woodside, and it was stated that the railroad company had suggested that the City should contribute toward the cost of the new bridges on the modified plan a sum which would represent its share under the present Railroad Law of the cost of the bridges which would be needed on the present line. The officers of the railroad company had intimated that unless the City would be willing to contribute toward this expense the company would retain its present line. The report suggested that the Board express its judgment as to the wisdom of such a course. The matter was referred to the President of the Borough, as well as the Chief Engineer of the Board, for consideration, but no report was ever submitted by the Borough President.

Under date of March 11, 1908, President Peters of the Long Island Railroad Company addressed a communication to the Board, presenting substantially the same suggestion outlined in the report of your Engineer already referred to, and asking if the City would agree to share with the railroad company the expense of eliminating the present crossings on the basis of the present Railroad Law, providing the railroad company should make formal application for the right to straighten its line. This communication was referred to the Chief Engineer for report. The matter was referred by the Chief Engineer to the Division of Franchises, and the Engineer in charge of that division has prepared a report, which is herewith presented.

In this report it is pointed out that the objects of the proposed change are to straighten the railroad line, to improve its grades, to avoid dangerous crossings, and to increase the capacity of the railroad. In doing this the company wishes to secure the benefits of the present Grade Crossing Law. Reference is made to the Atlantic avenue, the Brighton Beach and the Bay Ridge improvements, all carried out or being carried out under special laws, in accordance with which the City has paid or is to contribute an aggregate sum of \$3,750,000 toward the expense.

While these improvements have resulted and will result in great benefit to the sections through which they pass, in great increase in the capacity of the railroad lines, and doubtless also in the avoidance of many accidents, it is improbable that the City will again enter into contracts of this nature. That the railroad company should desire to increase its facilities is entirely proper, and it is its duty to do so. Nothing will do more to stimulate the development of the Borough of Queens and the increase of its taxable values, and in my judgment the company should be encouraged to increase its facilities and capacity. That it should abolish the grade crossings which are yearly exacting a heavy tribute in human lives is not debatable. The number of grade crossing accidents on the lines of this company during the eight months ending February 29, 1908, was fifteen, attended by the loss of fifteen lives. The present law provides a method by which such crossings shall be avoided, one-half of the expense being placed upon the company, while in the case of existing crossings the remaining half is to be shared equally by the State and the City, and in the case of new crossings an entire half is placed upon the City. The State has not provided sufficient funds to pay its share of this work, and the entire half in both cases will doubtless fall upon the City. Proceedings have already been initiated to open a number of the streets crossing the part of the line which it is proposed to change, and the present law will apply if there is no change in the location of the railroad. In the absence of an agreement such as is proposed by President Peters the entire expense of constructing all crossings can be placed upon the railroad company as a consideration of the City's consent to this change in line. If the consent of the City is given without such a stipulation the provisions of the Railroad Law will apply to streets opened after the change of line, while the company will be obliged to pay the entire cost of the crossings at streets now in use. There are many crossings in other parts of the Long Island system which will be called for in the near future, and under the present law the City will be compelled to pay one-half of their expense. In these cases I think it might be proper to include the City's share in the cost of the street improvement, and assess it according to benefit. The demands

which are made upon the City are far more than it can meet at the present time. Many important, difficult and perplexing problems are being presented with which the Board cannot satisfactorily deal on account of the limitation of the City's financial resources. Under these circumstances the City would scarcely be justified in entering into such an agreement as is proposed.

I believe that the City could properly consent to the change in line upon formal application, with the understanding that the railroad company is to provide the necessary bridges at existing streets which may be retained upon the final map of this section, a plan for which is now under consideration, and allow the streets hereafter opened and improved to take their regular course under the Grade Crossing Law. In my judgment the City should not positively bind itself to any agreement in advance, but if a proper application is made for the change of line I believe that such treatment could be consistently recommended. If the Board should not approve of this plan the application could then be withdrawn. If the railroad company contemplates action in this manner it would be in its interest to present its application before the physical conditions undergo further change.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
DIVISION OF FRANCHISES, ROOM 801, NO. 277 BROADWAY,
April 27, 1908.

Mr. NELSON P. LEWIS, Chief Engineer:

SIR—The Long Island Railroad Company, by Ralph Peters, President and General Manager, has addressed a communication to the Board of Estimate and Apportionment, under date of March 11, 1908, in which a proposition is placed before the City for changing of the main line of the Long Island Railroad, between the Sunnyside yard and a point near Grand street, a total distance of about two miles. The object of the change may be considered four-fold:

First—To straighten the line and remove the heavy reverse curve.

Second—To improve the grade.

Third—To eliminate an existing dangerous grade crossing at Thomson avenue and to provide for overhead or underneath crossing of all streets in the future; and

Fourth—I take it, although nothing is said in the communication in regard thereto, that it is the intention of the company to secure right-of-way sufficiently wide to permit of the laying of six or more tracks in place of the four now existing.

The proposition, as presented by the railroad company, is that the City shall bear one-half the expense of eliminating the present grade crossings, and this cost is estimated at about \$1,015,000. In other words, the company wishes to enter into an agreement with the City for this change, whereby it may secure the benefits of the grade crossing law, in that the City shall bear a portion of the cost, and proposes at the same time to improve its road and increase its facilities to an extent not contemplated in its original charter. The proposition is not a new one, and in several instances has been accepted by the City, as in the case of the removal of surface tracks from Atlantic avenue, Borough of Brooklyn, and also in the so-called Bay Ridge Improvement and Brighton Beach Improvement, pursuant to the provisions of chapter 507 of the Laws of 1903, as amended.

In each of the above instances the City has expended large sums out of the City treasury, which in effect might be considered an actual subsidy to the railroad company. In the case of Atlantic avenue, the City's share was \$1,250,000. In the Bay Ridge and Brighton Beach matter, the City is authorized to expend \$2,500,000. The City receives no direct return from these subsidies by an annual payment, and the indirect benefits are increased transportation facilities to the general public, together with the attendant improvement to taxable real estate affected by the change. It might be that if the City treasury would not feel the expenditure of \$500,000 for such an improvement to railroad property as is proposed, and if the City did not have urgent need of all of its funds at the present time for other purposes, it might not be a bad investment for the City to undertake, for I believe that it is upon this theory that the City's money has been used for improving transit facilities in the past. However, the situation to-day is entirely different; the City has practically reached its debt limit, is unable to finance future subways except in a most limited way and even if the Constitutional amendment, as passed at the present session of the Legislature, is again passed in the year 1909 and agreed to by a vote of the people in November, 1909, I believe that the increased margin permitted by such amendment will be entirely absorbed by the City's needs in future subways, street, dock and school additions and improvements, and for additional water supply, part of which will be self supporting expenditures and may even return some revenue. It is only recently that the Comptroller has presented statements to the Board showing that the City is unable to carry on any extensive subway building, as he would be unable to certify contracts for their construction, and immediately there was public demand that the existing law in regard to subways should be amended in such a manner as to permit of the use of private capital for their construction, and in the closing hours of the last session of the Legislature such a bill passed both houses.

If it is necessary for the City at this time to permit the use of private capital to build subways, which the law provides shall make a direct return to the City treasury, is it the time to enter into contracts with existing railroads built by private capital and operated for the benefit of stockholders solely and exclusively, who make no returns whatever to the City, whereby under such contracts the City agrees to pay from the City treasury one-half of the expenses for improvements to the railroads?

I think it will be only necessary to call the attention of the Board, as I have done once before, to the case of the City of Chicago, which is the terminus of over one-half a score of trunk line interstate traffic railroads. Some few years ago these railroads existed on grade right into the heart of the City of Chicago, and it was estimated that there were four thousand grade crossings at street intersections. From information furnished me by the City Statistician, it appears that the Common Council of the City of Chicago directed that all such crossings be abolished at the sole cost and expense of the railroads and that such work was undertaken and is now being prosecuted, the only expense to the City of Chicago being for the Engineer Inspector in supervising the work under the plans prepared by the railroad and approved by the City of Chicago.

The following is a quotation from the report of the City Statistician of Chicago:

"Many lives had annually been destroyed in Chicago on account of the many grade crossings, and it was recognized that this danger could be averted only by elevating the railroad tracks within the city limits. While other cities undertaking this work had to contribute from thirty to sixty per cent. of its cost, Chicago succeeded not only in making the railroads bear the entire cost, with the exception of less than six thousand dollars per annum for the maintenance of the city's track elevation department, but also in having the work carried on without interruption.

"Since May, 1892, when the work was begun, until December 31, 1904, not less than 82.84 miles of main track and 425.19 miles of all tracks have been elevated, and 360 subways constructed at a total cost of about \$28,725,250, not a single cent of which came out of the pockets of the taxpayers."

Under the laws of the State of Illinois, the bonded debt of the City of Chicago is extremely limited, and in consequence the City could not lend its credit to the extent required to pay even a portion of the abolition of these crossings. Certainly, if the City of Chicago declines to subsidize the railroad companies, The City of New York, where such rights now exercised are fully as valuable, should not feel it incumbent to subsidize the railroad companies when its City treasury is at the low ebb as now reported.

I am, therefore, of the opinion that the proposition of the railroad company should be declined, and that the elimination of the present grade crossings should be paid for by the Long Island Railroad Company and by the street surface railroads now having applications for franchises before the Board for the use of the public streets upon which the existing crossings exist.

Respectfully,

HARRY P. NICHOLS, Engineer in Charge.

The communication and reports were ordered filed, and the Secretary directed to forward copies of the reports to the railroad company.

CENTRAL RAILROAD COMPANY OF NEW JERSEY.

The Secretary presented the following:

CENTRAL RAILROAD COMPANY OF NEW JERSEY,
CENTRAL BUILDING, NO. 143 LIBERTY STREET,
NEW YORK, May 11, 1908.

Hon. GEO. B. McCLELLAN, Chairman, Board of Estimate and Apportionment:

DEAR SIR—Under date of April 2, 1908, we addressed a communication to the President of the Board of Aldermen, City of New York, calling attention to the resolution of March 18, 1908, presented by Alderman Drescher, representing the First Aldermanic District, relative to the construction of an overhead bridge at West and Liberty streets, to connect with the City's recreation pier now nearing completion.

This communication was referred to the Committee on Bridges and Tunnels, which Committee reported back to the Board of Aldermen recommending to that Board its favorable consideration, whereupon the Board of Aldermen, by unanimous action, adopted the report.

This moves the matter to the Board of Estimate and Apportionment, and this letter is therefore addressed to your Honorable Board, repeating the proposition made to the Board of Aldermen, viz.:

"The Central Railroad Company of New Jersey, in consideration of a permit to be granted to it by the Board of Estimate and Apportionment, agrees to undertake to construct, maintain and repair the proposed overhead bridge free of expense to the City, connecting the building now owned by this company, situated at No. 101 West street and No. 144 Liberty street, whereby access may be secured to the recreation pier, as well as to our ferry house, thereby meeting the requirements of safety suggested by Alderman Drescher, and eliminate the extremely dangerous conditions to women and children wishing to avail themselves of the use of the recreation pier."

All plans have been approved by the Dock Department. We therefore respectfully request that this matter may receive your early attention and the permit be granted.

Yours truly,

W. G. BESLER,

Vice-President and General Manager.

In the Board of Aldermen.

Nos. 405 and 546.

The Committee on Bridges and Tunnels, to which was referred on March 18, 1908 (Minutes, page 1220), the annexed resolution, together with the communication from the Central Railroad of New Jersey, which was referred to your Committee at the meeting held on April 7, 1908, respectfully

REPORTS:

That, in the opinion of your Committee, it is absolutely necessary for the protection of life and limb that access should be provided to the recreation pier at West and Liberty streets by means of an overhead bridge, and not subject those desiring to avail of the use of said pier to the danger of crossing on the surface of the street.

Vehicular traffic in that section is very heavy, and in order to avoid accidents an overhead bridge would appear to be the most satisfactory means of access thereto.

The proposition of the Central Railroad of New Jersey to construct, maintain and keep in repair the proposed overhead bridge, free of expense to the City, for the privilege of connecting with the company's building at No. 101 West street and No. 144 Liberty street, would seem to be a fair and reasonable proposition.

Inasmuch as the Board of Estimate and Apportionment possesses the power to pass upon this matter, your Committee recommends that the subject be referred to that Board for its favorable consideration.

Whereas, The recreation pier at the foot of Liberty street, North River, Borough of Manhattan, will, in the near future, be completed and opened for the use of the public; and

Whereas, Access thereto over the surface of West street will be extremely dangerous to the many women and children availing themselves of the use of the said pier;

Resolved, That the President of the Borough of Manhattan be and he is hereby requested to construct and maintain an overhead bridge over West street, to connect with such recreation pier, and that he ask the Board of Estimate and Apportionment for an appropriation to meet the expense connected therewith.

JOHN F. WALSH, JOHN LOOS, MICHAEL STAPLETON, JOHN J. McDONALD, THOS. J. McALEER, Committee on Bridges and Tunnels.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Walsh moved the adoption of this report.

Which report was accepted.

Adopted by the Board of Aldermen, May 5, 1908, a majority of all the members elected voting in favor thereof.

P. J. SCULLY, Clerk.

Which were referred to the Chief Engineer.

NASSAU ELECTRIC RAILROAD COMPANY.

The Secretary presented the following:

To the Honorable Board of Estimate and Apportionment of The City of New York:

The petition of the Nassau Electric Railroad Company respectfully shows:

1. Your petitioner is a street surface railroad corporation duly organized and existing under the laws of the State of New York, and has duly made and filed, pursuant to section 90 of the Railroad Law, a statement of the names and description of the streets, roads, avenues, highways and private property in or upon which it is proposed to construct, maintain and operate extensions or branches of its railroad as herein set forth.

2. Your petitioner desires to obtain from The City of New York and hereby respectfully applies for its consent to a grant of the franchise or right to use certain streets, roads, avenues, highways or public grounds within or belonging to The City of New York for the construction and operation in and upon the surface thereof extensions or branches of its street surface railroad, to consist of a double or single-track surface railroad (including necessary poles, wires, conduits, connections, switches, sidings, turnouts, crossovers and suitable stands, equipment or other structures necessary for the accommodation and operation of said railroad by the overhead or other system of electricity or other motive power which may be lawfully used upon the same), for public use and conveyance of persons and property for compensation.

3. The following is a description of the said certain streets, roads, avenues, highways, driveways or public ground within or belonging to The City of New York, in, through, upon and along which your petitioner desires to extend its railroad, to wit:

Beginning at the terminus of its present track on the easterly side of Flatbush avenue between Atlantic avenue and Fourth avenue; thence along Flatbush avenue to Fourth avenue, and running thence in a westerly direction across the tracks of the Brooklyn City Railroad Company on Flatbush avenue, and making a suitable connection therewith to Fourth avenue; thence along Fourth avenue to Atlantic avenue, and along Atlantic avenue to Flatbush avenue, and making a suitable connection with the tracks of the Brooklyn City Railroad Company at the intersection of Flatbush avenue and Atlantic avenue.

4. Your petitioner proposes to operate the railroad to be constructed upon said streets and avenues by the overhead trolley system or by any other motive power other than steam locomotive power which may be approved by the Public Service Commission of the First District and consented to by the owners of property bounded upon said routes as provided by law.

Wherefore your petitioner prays that public notice herein of the time and place when and where this application will be first considered be given, as required by the provisions of section 92 of the Railroad Law and of all other laws applicable thereto, and that the desired consent or grant be embodied in the form of a contract with all

the terms and conditions as to compensation and otherwise, in accordance with the provisions of the Greater New York Charter and the laws of the State.

Dated at the Borough of Brooklyn, City of New York, May 4, 1908.

THE NASSAU ELECTRIC RAILROAD COMPANY,

By JOHN E. BORNE, President.

Attest:

L. C. SANFORD, Assistant Secretary.

City and State of New York, County of Kings, ss.:

John E. Borne, being duly sworn, deposes and says that he is the president of the Nassau Electric Railroad Company, the petitioner named in the foregoing petition; that he has read the foregoing petition and knows the contents thereof; that the same is true of his own knowledge except as to the matters therein stated to be alleged upon information and belief, and that as to those matters he believes it to be true; that the reason why this verification is not made by the petitioner is that it is a corporation; that the deponent is an officer of the said corporation, to wit, its president, and that the grounds of his information in regard to the matters stated in the foregoing petition, so far as the same are not within his personal knowledge, are statements made by officers or agents of the corporation to him as president thereof.

JOHN E. BORNE.

BOARD OF ESTIMATE AND APPORTIONMENT,
DIVISION OF FRANCHISES, ROOM 801, No. 277 BROADWAY,
May 13, 1908.

Mr. NELSON P. LEWIS, Chief Engineer:

Sir—Under date of May 4, 1908, the Nassau Electric Railroad Company, by John E. Borne, president, has petitioned the Board of Estimate and Apportionment for the right or franchise to build as an extension to its existing street surface railroad a single track loop in Flatbush avenue, Fourth avenue and Atlantic avenue, in the Borough of Brooklyn, as more particularly shown in red upon a certain map filed with the petition.

The object of the petition is to secure a loop terminal for its surface lines opposite the Long Island Railroad station, and at the present terminal of the underground Rapid Transit Railway.

I believe that I will be in a position to present a report to you, with a proposed form of contract, by Friday, June 12, and I would therefore suggest that the Board fix such date for a public hearing and direct that the petition be advertised in accordance with the provisions of law.

A resolution in the usual form is transmitted herewith.

Respectfully,

HARRY P. NICHOLS, Engineer in Charge.

The following was offered:

Whereas, The foregoing petition from the Nassau Electric Railroad Company, dated May 4, 1908, was presented to the Board of Estimate and Apportionment at a meeting held May 15, 1908.

Resolved, That, in pursuance of law, this Board sets Friday, the 12th day of June, 1908, at 10.30 o'clock in the forenoon, and Room No. 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least fourteen (14) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and Queens—14.

The petition was referred to the Chief Engineer.

E. \$235, as requested by the Board of City Magistrates, First Division, from the account of the Board of Elections for the year 1907, entitled Election Expenses, to the account of said Board of City Magistrates, entitled Supplies and Contingencies, for the same year.

BOARD OF CITY MAGISTRATES,
FIRST DIVISION, CITY OF NEW YORK,
NEW YORK, April 28, 1908.

Board of Estimate and Apportionment, No. 280 Broadway, City:

GENTLEMEN—I herewith enclose you a resolution passed by the Board of City Magistrates, First Division, of The City of New York, at a regular meeting thereof on April 27, 1908.

Respectfully yours,

PHILIP BLOCH, Secretary.

The following resolution was offered:

Resolved, That the sum of two hundred and thirty-five dollars (\$235) be and the same is hereby transferred from the appropriation made to the Board of Elections for the year 1907, entitled Election Expenses, the same being in excess of the amount required for the purposes thereof, to the appropriation made to the City Magistrates' Courts, First Division, for the year 1907, entitled Supplies and Contingencies, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and Queens—14.

F. \$438.42, as requested by the Sheriff, Kings County, from the account entitled Fees and Expenses of Jurors in Kings County, for the year 1907, to the account entitled Supplies and Contingencies, for the same year.

OFFICE OF THE SHERIFF OF KINGS COUNTY,
COURTHOUSE, BOROUGH OF BROOKLYN,
BROOKLYN, May 2, 1908.

Board of Estimate and Apportionment, No. 277 Broadway, New York City:

GENTLEMEN—In accordance with the communication received by me from your Secretary, Mr. Joseph Haag, I respectfully ask that you will transfer from the Kings County Contingent Fund, or some other available fund, the sum of \$438.42, to the Supplies and Contingencies Fund of Sheriff of Kings County, 1907, the appropriation for the latter being insufficient to meet charges against it. The money in this instance is needed to pay off the claim of one Patrick Dougherty, of Brooklyn, who supplied ice for the Kings County Court House during 1907.

Yours truly,

ALFRED T. HOBLEY.

The following resolution was offered:

Resolved, That the sum of four hundred and thirty-eight dollars and forty-two cents (\$438.42) be and the same is hereby transferred from the appropriation entitled Fees and Expenses of Jurors in Kings County for the year 1907, the same being in excess of the amount required for the purposes thereof, to the appropriation made to the Sheriff of Kings County for the year 1907, entitled Supplies and Contingencies, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and Queens—14.

G. \$33,121.90, as requested by the Board of City Record, from various accounts for the year 1908, to the account entitled Arrearages for City Departments, Bureaus and Courts, etc., for the same year.

BOARD OF CITY RECORD,
OFFICE OF THE SUPERVISOR,
NEW YORK, March 31, 1908.

Hon. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

SIR—I respectfully request that the Board of Estimate and Apportionment transfer from the appropriations made to the Board of City Record for the year 1908, viz.:

Arrearages For City Departments, Bureaus and Courts and Publication of the CITY RECORD, Stationery, including Letter or Writing Paper or Envelopes with Printed Headings or Endorsements.....	\$4 88
---	--------

—and from the appropriation:

Arrearages For City Departments, Bureaus and Courts and Publication of the CITY RECORD, Blank Books.....	33,117 02
	\$33,121 90

—to the appropriation made to the Board of City Record for the year 1908, entitled Arrearages for City Departments, Bureaus and Courts and Publication of the CITY RECORD, Printing, Lithographing, Engraving or Stamped Forms, including Pamphlets and Printed Blanks.

—the amount of said appropriation being insufficient.

Respectfully yours,

PATRICK J. TRACY, Supervisor of the City Record.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
May 12, 1908.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—In the matter of a request of the Supervisor of the City Record for the transfer of \$33,121.90 from the account Arrearages for City Departments, Bureaus and Courts and Publication of the CITY RECORD, Blank Books, and from the account Arrearages for City Departments, Bureaus and Courts and Publication of the CITY RECORD, Stationery, including Letter or Writing Paper or Envelopes with Printed Headings or Endorsements, to the account Arrearages for City Departments, Bureaus

and Courts and Publication of the CITY RECORD, Printing, Lithographing, Engraving or Stamped Forms, including Pamphlets and Printed Blanks, I beg to state that an examination made by representatives of this Department indicate that all arrearages chargeable against said accounts from which the transfers are requested have been paid, and that there is represented an outstanding liability to the amount of the transfer requested in the account to which the transfer is sought. The reason for the deficiency in the latter account is stated by the Supervisor to be the fact that the arrearages against said account could not be accurately determined six months in advance, as the estimate upon which the allowance was made was compiled in mid-summer of last year.

I, therefore, recommend that the transfer be granted by the adoption of the accompanying resolution.

Yours respectfully,

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the sum of thirty-three thousand one hundred and twenty-one dollars and ninety cents (\$33,121.90) be and the same is hereby transferred from the appropriations made to the Board of City Record for the year 1908 entitled and as follows:

Arrearages for City Departments, Bureaus and Courts and Publication of the CITY RECORD, Blank Books.....	\$33,117 02
Arrearages for City Departments, Bureaus and Courts and Publication of the CITY RECORD, Stationery, including Letter or Writing Paper or Envelopes with Printed Headings or Endorsements.....	4 88
	<u>\$33,121 90</u>

—the same being in excess of the amounts required for the purposes thereof, to the appropriation made to said Board for the year 1908 entitled Arrearages for City Departments, Bureaus and Courts and Publication of the CITY RECORD, Printing, Lithographing, Engraving or Stamped Forms, including Pamphlets and Printed Blanks, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and Queens—14.

The Secretary presented a resolution of the Board of Aldermen requesting an issue of \$2,379 Special Revenue Bonds for compensation of Enginemen under the jurisdiction of the Board of Trustees, Bellevue and Allied Hospitals, at the rate of \$4.50 per diem.

Which was referred to the Comptroller.

The Secretary presented a communication from the Comptroller relative to the request of the District Attorney, Queens County, for an appropriation (by transfer or the issue of Special Revenue Bonds) of \$3,064.81, to meet a deficit in the account entitled Supplies and Contingencies for the years 1906 and 1907, and recommending that the liabilities incurred by said District Attorney be paid from the proceeds of funds arising from the Revenue Bond Fund for County Charges and Expenses.

Which was referred back to the Comptroller.

The Secretary presented communications as follows:

From the Comptroller requesting the establishment of additional grades of position of Typewriting Copyist in the Department of Finance, with salaries at the rates of \$1,050 and \$1,200 per annum.

From the Commissioner of Water Supply, Gas and Electricity requesting an increase in salary of the Chief Engineer of Light and Power to \$7,500 per annum, as of date May 1, 1908, for the present incumbent only.

From the Commissioner of Street Cleaning requesting an increase in the salary of position of Acting Assistants to Section and Stable Foreman to \$960 per annum (to include Sunday work when required), to take effect June 1, 1908, and that said position be classified under the title of Assistant Foreman, Second Grade, also stating that an appropriation of \$8,820 will be required to meet said increase for seven months of this year.

From the Commissioner of Water Supply, Gas and Electricity requesting the establishment of additional grades of position of Gas Examiner, with salaries at the rates of \$1,350, \$1,500, \$1,650 and \$1,800 per annum.

Which were referred to the Select Committee consisting of the Comptroller and the President, Board of Aldermen.

The Secretary presented a communication from the Committee on Salaries, International Union of Steam Engineers, requesting that the Hoisting or Pile Driving Engineers in the Department of Docks and Ferries be paid \$5 per day, the prevailing rate of wages.

Which was referred to the Commissioner of Docks and Ferries.

The Secretary presented a communication from the Commissioner of Bridges requesting an issue of \$8,000,000 Corporate Stock for the construction of a municipal building on the site bounded by Park row, Duane and Centre streets, Manhattan.

The President, Borough of Brooklyn, questioned the jurisdiction of the Bridge Department to construct this building, also the plan proposed, stating that it obviates the possibility of any elevated connection between the Broadway and Manhattan Bridges, which is absolutely essential for efficient service for the elevated Brooklyn lines and the proper use of the Centre street subway by the Brooklyn subway route crossing these bridges to operate in the new Pineapple street tubes to the Centre street subway.

The matter was referred to the Comptroller.

The Secretary presented the following communication from the Comptroller recommending the purchase, at \$13,000, of property known as No. 103 Pearl street, Borough of Brooklyn, required for the approach to the Manhattan Bridge:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
May 4, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—In the early part of 1907 Mr. Philip A. Brennan, on behalf of a client, offered to The City of New York the premises known as No. 103 Pearl street, Borough of Brooklyn, which are required as an approach to the Manhattan Bridge, for the sum of \$18,000.

Under date of June 6, 1907, there was transmitted to the Hon. William B. Ellison, then Corporation Counsel, a report of one of the Appraisers of Real Estate, recommending the purchase of this property at a price not exceeding \$14,000. This matter was referred to the Assistant Corporation Counsel in charge of the proceedings, and the City's Expert, who was to testify in the proceedings, made an appraisal as follows:

Value of the whole property..... \$11,700 00

Divided as follows:

Value of land..... \$9,200 00
Value of building..... 2,500 00

Under date of March 16, 1908, a communication was received from Mr. Philip A. Brennan on behalf of Thomas Corroon, the owner of the premises No. 103 Pearl street, Brooklyn, stating that owing to the stringency of the money market his client finds it necessary to dispose of the property at a lower figure and was therefore willing to sell to the City at private sale for \$13,000.

On March 18, 1908, a letter was submitted to the Corporation Counsel, giving a statement of the above fact and inclosing a copy of said offer, and the request was also made that the City's Expert make a further examination and appraisal of said property and state whether in his opinion it would best subserve the interests of the City to acquire the said property at the price named, \$13,000. The matter was again submitted to the Assistant Corporation Counsel in charge of the proceedings, and he reports that Mr. Porter, the Expert who made the original appraisal, still adheres to his figures and places the value of this property at \$11,700, but, owing to the difference of only \$1,300 between the price offered in the Appraiser's report and the possibility of the Commissioners in condemnation making an award greatly in excess of the value placed on the property by the City's Expert, he is of the opinion that it would be to the interests of the City to acquire said property for the sum of \$13,000.

The price being reasonable and just and having met with the approval of the Assistant Corporation Counsel in charge of the proceedings, I would respectfully recommend that the Board of Estimate and Apportionment approve of the acquisition of all the right, title and interest of the owner in and to the premises known as No. 103 Pearl street, Borough of Brooklyn, and also the right, title and interest in and to any award which may be made in the condemnation proceedings now pending for the acquisition of said property, to wit:

Beginning at a point on the easterly side of Pearl street, distant 50 feet northerly from the intersection formed by the easterly side of Pearl street with the northerly side of York street; thence running easterly and parallel with York street 103 feet 1 inch; thence northerly and parallel with Pearl street 25 feet 2 inches; thence westerly and parallel with York street 103 feet 1 inch; thence southerly along the easterly side of Pearl street 25 feet 2 inches to the point or place of beginning, be the said several dimensions more or less, together with all the right, title and interest of the owner of said premises of, in and to the streets in front thereof to the centre thereof.

—and authorize the Comptroller to enter into a contract for the acquisition of the same at a price not exceeding thirteen thousand dollars (\$13,000), said contract to be submitted to the Corporation Counsel for his approval as to form.

Respectfully submitted for approval,

THOMAS F. BYRNES,

Appraiser of Real Estate, Department of Finance.

Approved:

G. L. STERLING, Acting Corporation Counsel.

H. A. METZ, Comptroller.

The following was offered:

Whereas, The Board of Estimate and Apportionment, at a meeting held January 20, 1905, in accordance with the provisions of section 1436A of the Greater New York Charter, approved of the selection by the Commissioner of Bridges of certain lands and premises for the use of the Manhattan Bridge (Bridge No. 3), in the Borough of Brooklyn, and authorized the institution of condemnation proceedings for the acquisition of all of the property described in the resolution adopted on said date; and

Whereas, The Comptroller of The City of New York has reported to this Board that a portion of said described property, known as property No. 103 Pearl street, can be acquired at private sale; therefore be it

Resolved, That the Comptroller be and is hereby authorized to enter into a contract for the acquisition of all the right, title and interest of the owner of the following described property; also the right, title and interest in and to any award which may be made in the condemnation proceedings now pending for the acquisition of said property, to wit:

Beginning at a point on the easterly side of Pearl street, distant 50 feet northerly from the intersection formed by the easterly side of Pearl street with the northerly side of York street; thence running easterly and parallel with York street 103 feet 1 inch; thence northerly and parallel with Pearl street 25 feet 2 inches; thence westerly and parallel with York street 103 feet 1 inch; thence southerly along the easterly side of Pearl street 25 feet 2 inches to the point or place of beginning, be the said several dimensions more or less, together with all the right, title and interest of the owner of said premises of, in and to the streets in front thereof to the centre thereof.

—at a price not exceeding thirteen thousand dollars (\$13,000), said contract to be submitted to the Corporation Counsel for his approval as to form.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan and Queens—12.

Negative—The President of the Borough of Brooklyn—2.

The Secretary presented the following communication from the Aqueduct Commissioners, requesting an appropriation of \$500,000, pursuant to section 32, chapter 490, Laws of 1883, for the uses and purposes of said Commissioners, together with communication from the Comptroller recommending the granting of said request:

AQUEDUCT COMMISSIONERS,
STEWART BUILDING, No. 280 BROADWAY,
NEW YORK, May 6, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—At a meeting of the Aqueduct Commissioners, held May 5, 1908, the following preamble and resolution was adopted:

"Whereas, In the opinion of the Aqueduct Commissioners, the further sum of five hundred thousand dollars will be required to defray the necessary and lawful expenditures of said Commissioners; therefore

"Resolved, That the Comptroller of The City of New York be and hereby is requested to raise the sum of five hundred thousand dollars (\$500,000) upon bonds of The City of New York, in conformity with the requirements of section 32, chapter 490, Laws of 1883 of the State of New York, for the uses and purposes of the Aqueduct Commissioners, as set forth in said chapter and section of said law."

Yours respectfully,

THE AQUEDUCT COMMISSIONERS,

By HARRY W. WALKER, Secretary.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
May 9, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—At a meeting of the Aqueduct Commissioners, held May 5, 1908, the following preamble and resolution was adopted:

"Whereas, In the opinion of the Aqueduct Commissioners, the further sum of five hundred thousand dollars will be required to defray the necessary and lawful expenditures of said Commissioners; therefore

"Resolved, That the Comptroller of The City of New York be and hereby is requested to raise the sum of five hundred thousand dollars (\$500,000) upon bonds of The City of New York, in conformity with the requirements of section 32, chapter 490, Laws of 1883 of the State of New York, for the uses and purposes of the Aqueduct Commissioners, as set forth in said chapter and section of said law."

I would report that there are at present in the Department of Finance awards for land taken for the Cross River and Croton Falls Reservoirs, amounting to approximately \$224,000, which will be somewhat increased by additions for interest. There is at present no money in the "Additional Water Fund" for the payment of these awards. In addition to these amounts, I am informed by Mr. H. W. Wheeler, of the Commissioners of Appraisal, Water Supply, that there are over \$250,000 more of awards for land which have not reached the Department of Finance.

It will thus be seen that all of the \$500,000 asked for will be needed for awards for land in the near future.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 490 of the Laws of 1883, and sections 169 and 170 of the Greater New York Charter, the Board of Estimate and Apportionment hereby authorizes the Comptroller to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of five hundred thousand dollars (\$500,000), the proceeds whereof to defray the necessary and lawful expenditures of the Aqueduct Commissioners, as set forth in the preamble and resolution adopted by said Commissioners May 5, 1908.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and Queens—14.

The Secretary presented a communication from the Commissioner of Water Supply, Gas and Electricity relative to granting permission to the Hudson River Telephone Company to transfer about 85 poles of its line to property under the jurisdiction of the Department of Water Supply, Gas and Electricity, between Brewster and Croton Falls, which transfer is made necessary by the improvements in connection with the construction of the Croton Falls Reservoir under the direction of the Aqueduct Commission.

Which was referred to the Chief Engineer of the Board.

The Secretary presented communications as follows:

From the President, Borough of Richmond, requesting authority, pursuant to resolution adopted by the Board of Estimate December 6, 1907, to enter into contracts for repaving streets at a cost of \$32,000, for which funds have been provided.

From the Executive Committee, Board of Trustees, New York Public Library, Astor, Lenox and Tilden Foundations, requesting an appropriation, pursuant to chapter 296, Laws of 1905, of \$15,085, for the equipment with the original stock of books and for maintenance of the Public Library located at No. 742 Tenth avenue.

From the Secretary, Charter Revision Commission, requesting an appropriation of \$10,000, pursuant to section 5 of chapter 114, Laws of 1908.

From S. P. Wyckoff, protesting against the construction of the subway south of the corner of Fulton street and Flatbush avenue, Brooklyn.

From J. D. Bryant and Dr. S. A. Knopf, indorsing the requests of the Department of Charities and the Board of Health for appropriations for the treatment of persons suffering from tuberculosis, etc.

Which were referred to the Comptroller.

The Secretary presented a communication from Henry S. Wood relative to the purchase of the Steinway Tunnel by the City.

Which was referred to the Chief Engineer of the Board.

The Secretary presented a report of the Chief Engineer, Board of Estimate, to whom on March 6, 1908, was referred the request of the Commissioner of Water Supply, Gas and Electricity, for the approval of a renewal of the contract with the Woodhaven Water Supply Company for the rental of hydrants in the Woodhaven District, Borough of Queens, stating that the contract covers a period of five years, from May 1, 1908; 747 hydrants are in use, an increase of more than 60 per cent. during the last five years, etc., and recommending the approval of the contract as modified.

Which was laid over.

The Secretary presented a report of the Comptroller, to whom on April 10, 1908, was referred the request of the Commissioner of Parks, Boroughs of Manhattan and Richmond, for an appropriation of \$100,000 for the improvement of centre plots on Broadway, between Fifty-ninth street and Manhattan street, Borough of Manhattan, suggesting that the Secretary of the Board of Estimate be directed to communicate with the Public Service Commission and ascertain if the work of the rapid transit contractors at this location has been finished and if either part or the whole of these plots can be turned over to the Park Department for maintenance.

The President, Borough of Brooklyn, requested that the Public Service Commission inform the Board wherein the original contractors failed to restore and improve said plots, as provided for in the original subway contract with the Rapid Transit Commission, and suggested that the Counsel of said Commission advise whether or not some offset may be made against the pending claims of the subway construction company for extras, in order that the City may be relieved of the whole or part of the proposed expenditure of \$100,000 for the purpose of restoring the parkways as above. The matter was referred to the Public Service Commission.

The President of the Borough of Richmond appeared and took his place in the Board.

The Secretary presented the following communication from the Director of the American Museum of Natural History, renewing his request of February 13, 1908, for authority to continue the work of equipping and finishing the west wing of said museum (said original request having been referred to the Comptroller on February 14, 1908), together with report of the Comptroller, to whom the supplemental request was referred on May 1, 1908, recommending that the Commissioner of Parks, Boroughs of Manhattan and Richmond, be authorized (pursuant to resolution adopted by the Board of Estimate December 6, 1907) to continue with the work of equipping and furnishing the west wing of said museum at a cost of \$70,000, to be expended within the next eight months:

AMERICAN MUSEUM OF NATURAL HISTORY,
SEVENTY-SEVENTH STREET AND CENTRAL PARK WEST,
NEW YORK, April 23, 1908.

The Hon. JOSEPH HAAG:

DEAR SIR—On February 13 we communicated with your Honorable Board and asked for the suspension of the resolution of December 6, 1907, in order that a balance of \$70,000 on an issue of Corporate Stock made in April, 1905, for equipping and fin-

ishing the west wing of the American Museum of Natural History might be made available.

In this communication it was explained that we needed certain building material, the letting of certain minor contracts, the construction of cases, etc., which would aggregate in the next three months a sum not to exceed \$30,000.

I wish again to call attention to the urgency of this request. Collections worth upward of \$100,000 have remained for several months at the museum without adequate protection, and are deteriorating. We must make provision for the construction of a driveway to enable us to get coal into the boiler room. Other items that are invariably connected with the finishing off of a new building, if not attended to will mean serious loss.

Requesting, then, that your Honorable Board will permit us to draw upon this fund in this limited way, I am,

Very respectfully yours,

H. C. BUMPUS, Director.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
May 7, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—Henry C. Bumpus, Director of the American Museum of Natural History, in communication under date of April 23, 1908, requests the Board of Estimate and Apportionment to suspend its resolution of December 6, 1907, in so far as it applies to the balance of some \$70,000 on an issue of Corporate Stock made for the equipment and furnishing of the west wing of the American Museum of Natural History. I would report:

As stated, the construction of the museum has reached a point when the interior work should begin, to continue the completion of the wing now under construction without interruption and the manner of making the cases, etc., that is, by buying the material and doing the work by the museum's own mechanics, I concur in. Dr. Bumpus also calls attention to the urgency of this request by stating that collections worth upwards of \$100,000 have remained for several months at the museum without adequate protection and are deteriorating; also provision must be made for the construction of a driveway to and from the boiler room.

If the financial condition of the City warrants the expenditure, I recommend that you advise the Board to adopt a resolution giving the Commissioner of Parks, Boroughs of Manhattan and Richmond, permission to expend not more than \$70,000 within the next eight (8) months, to continue the work of equipping and furnishing the west wing of the American Museum of Natural History, for which funds have been provided.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

The following was offered:

Whereas, The Board of Estimate and Apportionment, at a meeting held December 6, 1907, adopted a resolution directing all heads of Departments, etc., not to incur any new or additional indebtedness payable from funds provided by the issue of Corporate Stock heretofore authorized without the further approval of this Board;

Resolved, That the Commissioner of Parks, Boroughs of Manhattan and Richmond, be and is hereby authorized to expend not more than seventy thousand dollars (\$70,000) within the next eight (8) months, to continue the work of equipping and furnishing the west wing of the American Museum of Natural History.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and Queens—14.

The Secretary presented a report of the Comptroller recommending the issue of \$4,682.07 Special Revenue Bonds to meet a deficiency in the appropriation made to the County Clerk of Queens County for the payment of legal fees for the year 1907.

Which was laid over temporarily.

The Secretary presented the following communication from the Police Commissioner requesting that the resolution adopted April 3, 1908, which authorized the use of certain patented articles in the erection and equipment of the Second Police Precinct station house, Borough of Manhattan, by including within the meaning of said resolution authority to use "No. 3 'Standard' water meter, or a water meter equal thereto," together with report of the Comptroller, to whom this matter was referred on April 24, 1908, recommending the granting of said request:

POLICE DEPARTMENT OF THE CITY OF NEW YORK,
No. 300 MULBERRY STREET,
NEW YORK, April 21, 1908.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—The Police Commissioner this day

Ordered, That the Board of Estimate and Apportionment be and is hereby respectfully requested to amend resolution adopted April 3, 1908, permitting contract for certain special made articles in the construction of a new station house for the Second Precinct, by including therein No. 3 "Standard" water meter, or a water meter equal thereto, which has been approved by the Department of Water Supply, Gas and Electricity.

Respectfully,

THEO. A. BINGHAM, Police Commissioner.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
May 2, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Police Commissioner on April 21, 1908,

"Ordered, That the Board of Estimate and Apportionment be and is hereby respectfully requested to amend resolution adopted April 3, 1908, permitting contract for certain special made articles in the construction of a new station house for the Second Precinct, by including therein No. 3 'Standard' water meter, or a water meter equal thereto, which has been approved by the Department of Water Supply, Gas and Electricity."

I see no objection to this request, and suggest that the resolution of April 3, 1908, be amended to include a No. 3 "Standard" water meter, or a water meter equal thereto, which has been approved by the Department of Water Supply, Gas and Electricity.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment April 3, 1908, which reads as follows:

"Resolved, That pursuant to the provisions of chapter 1554 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the purchase of the articles enumerated in the communication from the Police Department dated February 18, 1908, and authorizes the use of said articles in the manner described in said communication relative to the erection and equipment of a station house, prison and stable for the Second Police Precinct, Borough of Manhattan; pro-

vided, however, that in the contract and specifications for the erection of said building the following clause be inserted:

"Whenever or wherever an article of any class of material is specified by the name of any particular patentee, manufacturer or dealer, or by reference to the catalogue of any such manufacturer or dealer, it shall be taken as intending to mean and specify the article or material described, or any other approved by the the Architects equal thereto in quality, finish and durability, and equally serviceable for the purpose for which it is intended."

—be and the same is hereby amended by including within the meaning of said resolution the authorization of the use of No. 3 "Standard" water meter, or a water meter equal thereto, which has been approved by the Department of Water Supply, Gas and Electricity, as requested by the Police Commissioner in a communication dated April 21, 1908.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—15.

The Secretary presented the following communication from the Police Commissioner requesting authority (pursuant to resolution adopted by the Board of Estimate December 6, 1907) to proceed with the execution of contracts for the following buildings:

	Estimated Cost.
First Precinct station house, Old slip.....	\$225,000 00
Second Precinct station house, Nos. 156 and 158 Greenwich street, and Nos. 163 and 165 Washington street.....	243,000 00
Eighth Precinct station house, southwest corner of Beach and Varick streets	175,000 00
Thirteenth Precinct station house, easterly side of Clinton street, etc....	175,000 00

—together with report of the Comptroller, to whom this matter was referred on April 24, 1908, recommending the granting of said request:

POLICE DEPARTMENT OF THE CITY OF NEW YORK,
No. 300 MULBERRY STREET,
April 16, 1908.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—The following proceedings were this day directed by the Police Commissioner:

Whereas, The Board of Estimate and Apportionment, at a meeting held December 6, 1907, adopted a resolution directing all heads of Departments, etc., not to incur any new or additional indebtedness payable from funds provided by the issue of Corporate Stock heretofore authorized, without the further approval of said Board,

Ordered, That the Board of Estimate and Apportionment be and is hereby respectfully requested to authorize the Police Commissioner to proceed with the execution of various proposed contracts for new station houses, etc., as follows, appropriation having been made therefor by the issue of Corporate Stock not exceeding \$2,000,000, by resolution of the Board of Estimate and Apportionment adopted June 8, 1906, concurred in by the Board of Aldermen July 10, 1906, and approved by the Mayor July 19, 1906:

First Precinct station house, Old slip, estimated cost, \$225,000.
Second Precinct station house, Nos. 156 and 158 Greenwich street, running through to and being Nos. 163 and 165 Washington street, estimated cost, \$243,000.
Eighth Precinct station house, southwest corner of Beach and Varick streets, estimated cost, \$175,000.
Thirteenth Precinct station house, easterly side of Clinton street, 119 feet 5 inches northerly from the northeast corner of Clinton and Broome streets, estimated cost, \$175,000.

Very respectfully,

THEO. A. BINGHAM, Police Commissioner.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
April 29, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—Under date of April 16, 1908, Hon. Theo. A. Bingham, Police Commissioner, asks the Board of Estimate and Apportionment, to modify the resolution of December 6, 1907, so far as to permit him to include the following contracts:

	Estimated Cost.
First Precinct station house, Old slip.....	\$225,000 00
Second Precinct station house, Nos. 156 and 158 Greenwich street, running through to and being Nos. 163 and 165 Washington street.....	243,000 00
Eighth Precinct station house, southwest corner of Beach and Varick streets	175,000 00
Thirteenth Precinct station house, easterly side of Clinton street, 119 feet 5 inches northerly from the northeast corner of Clinton and Broome streets	175,000 00

Plans and specifications for the First Precinct have been prepared and submitted to the Commissioners of the Sinking Fund, but not approved.

Plans and specifications for the Second Precinct have been prepared and approved by the Commissioners of the Sinking Fund, and there is no reason why this contract may not be proceeded with.

Plans and specifications for the Eighth and Thirteenth Precincts have not yet been prepared nor submitted to the Commissioners of the Sinking Fund for approval, and it is assumed that this request so far as it applies to the Eighth and Thirteenth Precinct station houses, is for authority to proceed with the architect's contracts.

In view of the advisability of proceeding with the erection of these buildings, I think, if the financial condition of the City will warrant, the Board of Estimate and Apportionment may properly authorize the Police Commissioner to proceed with the execution of the contract as requested.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. Metz, Comptroller.

The Secretary presented the following report (supplemental) of the Comptroller further recommending that the Commissioner of Public Charities be authorized (pursuant to resolution adopted by the Board of Estimate December 6, 1907) to proceed with the following improvements:

	Estimated Cost.
New Morgue, Kings County Hospital, Brooklyn.....	\$40,000 00
Extension of one tuberculosis infirmary, Metropolitan Hospital, Blackwells Island	90,000 00
Nurses' Home and Training School, Kings County Hospital.....	250,000 00
Total	\$380,000 00

(On March 27, 1908, the Commissioner was authorized to proceed with certain improvements, at an estimated cost of \$345,000, itemized in the report of the Comptroller, to whom, on March 20, 1908, was referred the request of said Commission for such authority.)

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
April 29, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Robert W. Hebbard, Commissioner, Department of Public Charities, in communication under date of March 13, 1908, asks the Board of Estimate and Apportionment for permission to proceed with the execution of the following items of work:

Adopted by the Board of Aldermen, July 31, 1906.

Approved by the Acting Mayor, August 10, 1906.

	Estimated Cost.
1. Day room for male inmates, City Home, Blackwells Island (part of improvements required at City Home, Blackwells Island).....	\$35,000 00
2. New Morgue, Kings County Hospital, Brooklyn.....	40,000 00
3. Fumigating plant, New Municipal Lodging House.....	25,000 00
4. Helpers' Dormitory, New York City Farm Colony, Borough of Richmond	25,000 00

Adopted by the Board of Aldermen, December 31, 1907.

Approved by the Mayor, January 8, 1908.

	Estimated Cost.
1. Staff House, Metropolitan Hospital, Blackwells Island.....	\$80,000 00
2. Extension of two tuberculosis infirmaries, Metropolitan Hospital, Blackwells Island	180,000 00
3. Morgue, Metropolitan Hospital, Blackwells Island.....	40,000 00
4. Improvement of operating rooms, City Hospital.....	20,000 00
5. Elevators and machinery, City Hospital, Blackwells Island.....	15,000 00
6. Hospital Pavilion, City Home, Blackwells Island.....	40,000 00
7. Addition to the laundry, City Home, Blackwells Island.....	30,000 00
8. Lodging House, Manhattan (additional appropriation).....	50,000 00
9. Nurses' Home and Training School, Kings County Hospital.....	250,000 00
10. Alterations, etc., to building recently vacated by New York State, Kings County Hospital	75,000 00
11. Nurses' Home, Children's Hospital	200,000 00
12. Additional Dormitory, New York City Farm Colony, Borough of Richmond	200,000 00
13. Pavilion for the care of the insane, New York City Farm Colony, Borough of Richmond	20,000 00

On March 20, 1908, I reported that I had gone over the list and selected therefrom items which appear to me to be more urgent than others, and for which I think permission should be granted. These items are as follows:

	Estimated Cost.
1. Day room for male inmates, City Home, Blackwells Island (part of improvements required at City Home, Blackwells Island).....	\$35,000 00
2. Helpers' Dormitory, New York City Farm Colony, Borough of Richmond	25,000 00
3. Staff House, Metropolitan Hospital, Blackwells Island.....	80,000 00
4. Extension of one tuberculosis infirmary, Metropolitan Hospital, Blackwells Island	90,000 00
5. Hospital Pavilion, City Home, Blackwells Island.....	40,000 00
6. Alterations, etc., to buildings recently vacated by New York State, Kings County Hospital	75,000 00
Total	\$345,000 00

Subsequent to my previous report, I have gone over the list with different representatives of the Department of Public Charities, and, if the financial condition of the City warrants the expenditure, I recommend the following additional items be favorably considered by the Board:

	Estimated Cost.
1. New Morgue, Kings County Hospital, Brooklyn.....	\$40,000 00
2. Extension of one tuberculosis infirmary, Metropolitan Hospital, Blackwells Island	90,000 00
3. Nurses' Home and Training School, Kings County Hospital.....	250,000 00
Total	\$380,000 00

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—15.

The Secretary presented a report of the Comptroller recommending the issue of \$30,000 Corporate Stock for the purchase of original stock of books for the libraries located as follows:

Nos. 388-392 East Houston street, Manhattan.

Nos. 201-203 West One Hundred and Fifteenth street, Manhattan.

Nos. 1280-1292 Franklin avenue, The Bronx.

—also the issue of \$28,381.25 Special Revenue Bonds for the maintenance of the above mentioned libraries and the library located at No. 9 West One Hundred and Twenty-fourth street, Manhattan, and for the purchase of stock of books for the library located at No. 32 West One Hundred and Twenty-third street, Manhattan.

(On March 20, 1908, the request of the Executive Committee, Board of Trustees, New York Public Library, Astor, Lenox and Tilden Foundations, for an appropriation of \$69,703.71 for equipping and maintaining said libraries, was referred to the Comptroller.)

Which was laid over.

The Secretary presented reports of the Comptroller as follows:

Recommending the issue of \$4,500 Special Revenue Bonds, to provide means for fitting up, furnishing and equipping the Fourth District Magistrates' Court, Borough of Brooklyn.

Recommending the issue of \$50,000 Special Revenue Bonds for the purpose of cleaning and repairing sewers and for the purchase of necessary equipment and supplies for the Bureau of Sewers, Borough of Manhattan.

Recommending the issue of \$4,912 Special Revenue Bonds to pay the salaries of Attendants at the new Public Comfort Station at Willis Avenue Bridge, One Hundred and Twenty-fifth street and First avenue, Borough of Manhattan, for the year 1908.

Which were laid over temporarily.

The President, Borough of The Bronx, appeared and took his place in the Board.

The Secretary presented a report of the Comptroller recommending the rescission of resolution adopted by the Board of Estimate December 6, 1907, which authorized the issue of \$170,000 Corporate Stock (with the concurrence of the Board of Aldermen) for the construction of a water main in Trotting Course lane, etc., Borough of Queens, and the adoption of another resolution authorizing said issue pursuant to section 178 of the Charter (under which section \$2,000,000 Corporate Stock may be issued without the concurrence of the Board of Aldermen).

Which was referred to the Comptroller and the President, Board of Aldermen.

(On April 3, 1908, the request of the Commissioner of Water Supply, Gas and Electricity for this action was referred to the Comptroller.)

The Secretary presented a report of the Comptroller, to whom, on April 3, 1908, was referred the request of the President, Borough of Brooklyn, for an issue of \$30,000 Corporate Stock for the establishment of a public comfort station at the junction of Myrtle avenue, Bleecker street and Knickerbocker avenue, Borough of Brooklyn, stating that in view of the large number of important improvements already authorized and under contemplation, the necessity for this comfort station is not urgent enough to warrant its authorization at the present time.

Which was ordered on file and a copy of the report sent to the President, Borough of Brooklyn.

The Secretary presented a report of the Comptroller recommending the issue of \$600,000 Corporate Stock for the construction of a new high school at Irving and Putnam avenues, Brooklyn.

Which was laid over.

(On March 20, 1908, the request of the Board of Education for an issue of \$1,200,000 Corporate Stock for two new high schools in Brooklyn was referred to the Comptroller.)

The Secretary presented the following resolution of the Board of Aldermen requesting an issue of \$40,000 Special Revenue Bonds for the maintenance and operation of the new public bath at Twenty-third and Twenty-fourth streets and Avenue A, Borough of Manhattan, for the year 1908, together with report of the Comptroller, to whom this matter was referred on March 6, 1908, recommending the issue of \$20,202 Special Revenue Bonds for the payment of salaries of employees of said public bath for the year 1908.

In the Board of Aldermen.

Resolved, That, in pursuance of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of forty thousand dollars (\$40,000), for the purpose of providing funds for the maintenance and operation of the new public bath at Twenty-third and Twenty-fourth streets and Avenue A, Borough of Manhattan, for the year 1908.

Adopted by the Board of Aldermen, February 11, 1908, three-fourths of all the members voting in favor thereof.

Received from his Honor the Mayor February 25, 1908, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
May 12, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—Regarding a resolution presented from the Board of Aldermen to the Board of Estimate and Apportionment on March 6, 1908, requesting an issue of \$40,000 Special Revenue Bonds for the maintenance and operation of a new public bath at Twenty-third and Twenty-fourth streets, Manhattan, for the year 1908, which matter was referred by the Board of Estimate and Apportionment to the Comptroller for consideration and report, and by you referred to the Bureau of Municipal Investigation and Statistics for examination, I beg to report as follows:

This Bureau, in analyzing the estimate of the Borough President of the probable amount required for expenditures for 1908, recommended that there be allowed for this year at least the amount of the Budget appropriation for 1907, plus the amount

expended from Revenue Bonds in that year, with the view that if possible the 1908 appropriation would not need to be replenished by Revenue Bonds.

The Borough President of Manhattan, in his estimate of probable expenditures for 1908, requested an allowance of \$24,637.50 for salaries of employees for the proposed Twenty-third street bath. No such allowance, however, was made in the Budget because of the uncertainty at that time of the date for the opening of the bath.

It appears that the bath was opened to the public on January 20, 1908. A force of twenty-two employees, including Bath Attendants, Stokers and an Engineer, has been assigned to the bath. The total weekly payroll amounts to \$388.50, or \$20,202 a year.

The estimate of the Auditor of the office of the Borough President as to supplies, etc., required for the running of this bath is that the cost of coal will approximate \$9,000 for the year; for window cleaning, \$100, and for repairs to plumbing, machinery and breakages, and for cleaning supplies, etc., about \$3,000, or a total of \$12,100.

It appears that the coal supply for 1908 for the Bureau of Public Buildings and Offices has been contracted for at the rate of \$5.91 a ton, at a cost of over \$90,000. In the making of that contract it would seem that, instead of providing egg, stove or nut coal for the public baths, reasonable economy would have dictated the purchase of pea coal at \$3.75 to \$4 a ton for steam purposes. I recommend that the attention of the Borough President be called to this matter, so that in making contracts for coal for 1909 the saving of several thousand dollars may be accomplished in this direction.

The estimated cost of coal for the year, accepting a statement made to your Examiner by a representative of the Borough President's office, that the average consumption at the bath is four tons a day, is \$8,628.60 under the present contract. It appears, however, that the bath is closed at 12 noon on the Sundays of the year, which would reduce the quantity of coal required to a certain extent.

The sum of \$3,000 is estimated as required for repairs, supplies, etc., as an emergency fund. As the building is entirely new and well constructed it would appear that the cost under this head should be only trifling, and the small amount needed might be taken from fund for repairs and supplies for public baths and comfort stations.

The Budget allowance for 1908 for repairs, supplies, etc., for the Bureau of Public Buildings and Offices was \$348,000, an increase over the Budget allowance for 1907 of \$114,144, and over the total expenditures for that year of \$78,646.19. In the allowance of \$348,800 occurs the item of \$233,700 for equipment, repairs, renewals and supplies, which includes the cost of coal for the whole Bureau. In addition there was allowed \$57,000 for equipment, repairs, renewals and supplies for public baths and comfort stations, which did not include coal.

With a total of \$290,700 to draw upon it appears to be rather early in the year to ask for a replenishment of the coal account, and I would suggest that if the \$57,000 allowed for public baths and comfort stations be exhausted before the end of the year the Board of estimate and Apportionment may authorize a sufficient transfer from the fund of \$233,700 to meet the deficiency.

I, therefore, recommend that no separate allowance for coal or supplies for the Twenty-third street bath be made at this time, and that there be allowed for salaries for 1908 the sum of \$20,202.

Yours respectfully,

CHARLES S. HERVEY,
Supervising Statistician and Examiner.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen adopted February 11, 1908, to the extent of twenty thousand two hundred and two dollars (\$20,202) for the payment of salaries of employees of the new public bath at Twenty-third and Twenty-fourth streets and Avenue A, Borough of Manhattan, for the year 1908; and for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York to an amount not exceeding twenty thousand two hundred and two dollars (\$20,202), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a report of the Comptroller, to whom, on April 24, 1908, was referred the resolution of the Board of Aldermen requesting an issue of \$15,000 Special Revenue Bonds for the purpose of defraying the cost of repairs, etc., incident to placing the free floating baths, Borough of Manhattan, in commission for the season of 1908, recommending that this request be not allowed at the present time, inasmuch as the allowance of \$18,500 in the Budget for the year 1908 for this purpose has not been expended by the Borough President.

Which was ordered on file and a copy of the report sent to the said Borough President.

The Secretary presented the following communication from the Commissioner of Docks and Ferries, requesting authority to increase the salaries of eight Marine Engineers from \$1,650 to \$1,800 per annum, together with report of the Select Committee, consisting of the Comptroller and the President, Board of Aldermen, to which, on April 10, 1908, said report was referred, recommending the granting of said request:

DEPARTMENT OF DOCKS AND FERRIES,
PIER "A," NORTH RIVER, NEW YORK,
April 1, 1908.

Hon. GEORGE B. MCCLELLAN, Mayor and Chairman of the Board of Estimate and Apportionment:

SIR—In connection with the operation of the municipal ferries, several of the Marine Engineers who had been employed on the boats at \$1,650 per annum were detailed as Chief Engineers. The boats require that two Marine Engineers be on duty at all times, one acting as a Chief Engineer and the other as an Assistant Engineer. The pay of those acting as Chief Engineers is at the rate of \$1,800 per annum, and of those acting as Assistant Engineers at the rate of \$1,650 per annum, these being the grades heretofore fixed by the Board of Aldermen pursuant to a recommendation from the Board of Estimate and Apportionment.

During the past few months eight of the men who had been employed as Assistant Engineers were required to perform the duties of Chief Engineers, but no change was made in their pay in view of the resolution adopted by the Board of Estimate and Apportionment on December 13 last. As these eight men,

Morgan M. Brown,
Thomas McCall,
Christopher W. Sorensen,
William J. Johnston,
John O'Neil,
Richard N. Pickering,
George Claffy, and
James J. Landers,

—have, as stated, been for some time past performing the duties of Chief Engineers on the ferryboats, they are entitled to the rate paid to the other Marine Engineers employed as Chief Engineers, and I therefore respectfully request authorization to increase their pay to \$1,800 per annum.

Yours respectfully,

ALLEN N. SPOONER, Commissioner.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
April 30, 1908.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—Transmitted herewith is a report of the Bureau of Municipal Investigation and Statistics of this Department, dated April 29, 1908, relative to the request of the Commissioner of Docks and Ferries, dated April 1, 1908, for authority to increase from \$1,650 to \$1,800 per annum the salaries of eight Marine Engineers who are performing the duties of Chief Engineers on the municipal ferryboats, which matter was referred to a Select Committee consisting of the Comptroller and the President of the Board of Aldermen.

In view of the facts contained in said report the adoption of the resolution attached hereto is respectfully recommended.

Yours truly,

H. A. METZ,
Comptroller;
P. F. MCGOWAN,
President, Board of Aldermen,
Select Committee.

April 30, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—In the matter of the communication addressed to the Board of Estimate and Apportionment by the Commissioner of Docks and Ferries under date of April 1, 1908, requesting authority to increase the salary of eight Marine Engineers on the municipal ferries who have been detailed as Chief Engineers from \$1,650 to \$1,800 per annum, which communication was, on the 10th inst., referred to a Select Committee consisting of the Comptroller and the President of the Board of Aldermen for consideration and report, and by you assigned to the Bureau of Municipal Investigation and Statistics for examination, I beg to submit the following report:

By reason of death, resignation, etc., and on account of additional municipal ferryboats being put into commission, there occurred since last July eight vacancies in the position of Chief Engineer, at \$1,800 per annum, which were filled by promotions from the ranks of Assistant Engineers, at \$1,650, who received no additional compensation. All of these men (Chief Engineers and Assistant Engineers) are rated as Marine Engineers, for which two grades have been established, viz., \$1,650 and \$1,800. The Marine Engineer who has charge of the boat is designated by the Department as Chief Engineer; and the Marine Engineer who is next in command is designated as Assistant Engineer, but they are all rated on the payroll as Marine Engineers.

The Commissioner desires to increase from \$1,650 to \$1,800 per annum the eight Marine Engineers who are in charge of the boats, but he feels that the resolution adopted by the Board of Estimate and Apportionment on December 13, 1908, directing him to refrain from making any increases in salary prohibits him from taking any action in that direction.

On these ferryboats there are three shifts of eight hours each. An \$1,800 man is relieved by a \$1,650 man, who in turn is relieved by an \$1,800 man, a condition which does not appear to be fair or reasonable.

Your Examiner recommends that the provisions of the resolution adopted by the Board of Estimate and Apportionment on December 13, 1907, relative to increasing salaries, be waived in this instance to the extent of permitting the Commissioner of Docks and Ferries to increase from \$1,650 to \$1,800 per annum the salaries of the eight Marine Engineers who have the departmental designation of Assistant Engineers and who are performing the duties of the Marine Engineers who have the departmental designation of Chief Engineers.

The Commissioner could appoint to-day from a Civil Service eligible list a dozen Marine Engineers who never had any experience in the Department, and pay them at the rate of \$1,800 per annum; but he cannot increase the salaries of experienced men who by their length of service and ability have been worthy of being placed in charge of boats. This is an anomalous condition, which can be remedied only by the course which your Examiner has recommended above.

Yours truly,
(Signed) CHAS. S. HERVEY,
Supervising Statistician and Examiner.

Whereas, The Board of Estimate and Apportionment, on December 13, 1907, adopted a resolution directing heads of Departments, etc., to refrain from increasing salaries pending the final adoption by the Board of Aldermen of the schedules recommended by the Board of Estimate and Apportionment on December 13, 1907.

Resolved, That the Commissioner of Docks and Ferries be and is hereby authorized to increase the salaries, from \$1,650 to \$1,800 per annum, of eight (8) Marine Engineers who are now performing the duties of the Marine Engineers having the departmental designation of Chief Engineers.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following preamble and resolution authorizing the Corporation Counsel to continue the proceedings in connection with the improvement of Whale Creek, in the Borough of Brooklyn, etc.:

Whereas, The Board of Estimate and Apportionment, on November 22, 1907, adopted a resolution directing the Corporation Counsel not to advance any opening proceedings, etc., authorized previous to said date or thereafter, beyond the preparation of necessary maps, until otherwise authorized by this Board.

Resolved, That the Corporation Counsel be and is hereby authorized to continue the proceedings in connection with the improvement of Whale Creek, in the Borough of Brooklyn, pursuant to resolution adopted by this Board on April 26, 1907, which authorized the institution of condemnation proceedings for the acquisition of property located on the southerly side of Newtown Creek, in the vicinity of Whale Creek, for the use of the Department of Docks and Ferries in the improvement of the water-front.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The communication from the President, Borough of Brooklyn (referred to the Chief Engineer of the Board on March 6, 1908); report of the Chief Engineer (referred to the Select Committee consisting of the Chief Engineer of the Board and the Commissioner of Docks and Ferries on April 3, 1908), and the report of said Select Committee, all relative to the above matter, appear in the printed minutes of April 24, 1908.

The Secretary presented the following resolution requesting the various departments, etc., to submit departmental estimates for the year 1909:

Whereas, section 226 of the Greater New York Charter contains the following provision of law:

"The mayor, comptroller, president of the board of aldermen and the presidents of the boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond shall constitute the board of estimate and apportionment. * * *

"The said board shall annually, between the first day of October and the first day of November, meet, and make a budget of the amounts estimated to be required

to pay the expenses of conducting the public business of the city of New York, as constituted by this act, and of the counties of New York, Kings, Queens and Richmond, for the then next ensuing year.

"Such budget shall be prepared in such detail as to the titles of appropriations, the terms and conditions, not inconsistent with law, under which the same may be expended, the aggregate sum and the items thereof allowed to each department, bureau, office, board or commission, as the said board of estimate and apportionment shall deem advisable.

"In order to enable said board to make such budget, the presidents of the several boroughs, the heads of departments, bureaus, offices, boards and commissioners shall not later than September tenth send to the board of estimate and apportionment an estimate in writing, herein called a departmental estimate, of the amount of expenditure, specifying in detail the objects thereof, required in their respective departments, bureaus, offices, boards and commissions, including a statement of each of the salaries of their officers, clerks, employees and subordinates.

"Duplicates of these departmental estimates and statements shall be sent at the same time to the board of aldermen."

Resolved, That the Secretary request the Presidents of the several Boroughs, the heads of the Departments, Bureaus, Offices, Boards and Commissions of The City of New York and the counties of New York, Kings, Queens and Richmond, and the officers of institutions entitled by law to receive money from the City Treasury, or to incur expenditures payable therefrom, to send their estimates of expenditure for the year 1909, in conformity with the foregoing provisions of law, in quadruplicate, one copy to the Mayor, as Chairman of the Board of Estimate and Apportionment, one copy to the Comptroller, one copy to the Board of Aldermen and one copy to the Secretary of the Board of Estimate and Apportionment, on or before July 15, 1908; and be it further

Resolved, That said Presidents of the several Boroughs, heads of Departments, Bureaus, Offices, Boards and Commissions at the same time be also requested to confer with the Comptroller before the 20th day of June, 1908, with a view to devising and adopting for their respective estimates a form so tabulated as to provide adequate information upon which this Board may determine the proper allowances to be granted for specific departmental purposes.

Resolved, That the Secretary be and he is hereby authorized, upon being informed by the Comptroller of the receipt of any estimate which is not made out in the form so devised and adopted, to return the same immediately to the head of the Department, Bureau, Board or Commission transmitting said estimate, directing his attention to the omission of such detail and requesting the return of corrected estimates in quadruplicate.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a presentment of the Grand Jury, Queens County, April Term, relative to the unsatisfactory and inadequate service rendered by the street railway companies operating lines in said County.

Which was referred to the Public Service Commission.

The Secretary presented a communication from Commissioner of Water Supply, Gas and Electricity relative to the contract with Silas W. Titus for improving the City's water supply at Jameco pumping station and submitting an amendment thereto providing that the contractor shall not pay more than \$3.84 per ton for coal, or be charged for coal used in pumping water for which he receives no compensation.

Which was referred to a Select Committee consisting of the Comptroller and the President, Board of Aldermen.

The Board then proceeded to the consideration of the following matters which were laid over earlier in the meeting:

The Secretary presented the following resolution of the Board of Aldermen requesting an issue of \$5,071.36 Special Revenue Bonds to meet a deficiency in the appropriation made to the County Clerk, Queens County, for the payment of legal fees for the year 1907, together with report of the Comptroller, to whom this matter was referred on April 24, 1908, recommending the issue of \$4,682.07 Special Revenue Bonds for this purpose:

In the Board of Aldermen.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of five thousand and seventy-one dollars and thirty-six cents (\$5,071.36), the proceeds whereof to be applied by the County Clerk of Queens County to the purpose of meeting a deficit in the appropriation for legal fees for the County of Queens for the year 1907 caused by provisions of certain laws passed by the Legislature of 1907.

Adopted by the Board of Aldermen March 24, 1908, three-fourths of all the members voting in favor thereof.

Received from his Honor the Mayor April 7, 1908, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

Hon. HERMAN A. METZ, Comptroller:

SIR—In the matter of the following resolution of the Board of Aldermen, adopted March 24, 1908:

"Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of five thousand and seventy-one dollars and thirty-six cents (\$5,071.36), the proceeds whereof to be applied by the County Clerk of Queens County to the purpose of meeting a deficit in the appropriation for legal fees for the County of Queens for the year 1907, caused by provisions of certain laws passed by the Legislature of 1907,"

—referred to you by the Board of Estimate and Apportionment April 24, 1908, I beg to submit the following:

Application was made by John Niederstein, Clerk of Queens County, to the Honorable Board of Aldermen under date of February 28, 1908, for an issue of Special Revenue Bonds to the amount of \$5,071.36 for the purpose of meeting a deficit in the appropriation for legal fees for the County of Queens for the year 1907, in a communication as follows:

OFFICE OF THE COUNTY CLERK OF QUEENS COUNTY,
JAMAICA, BOROUGH OF QUEENS, NEW YORK CITY,
February 28, 1908.

To the Honorable the Board of Aldermen of The City of New York:

GENTLEMEN—Application is hereby made, pursuant to the provisions of subdivision 7 of section 188 of the Charter of The City of New York, for the issuance of Special

Revenue Bonds to the amount of \$5,071.36 for the purpose of meeting a deficit in the appropriation for legal fees for the County for the year 1907.

The laws passed by the Legislature of 1907 compelling the Clerk to draw jurors for every week of the term of Court, the large number of cases tried, the addition of an extra part in the Supreme Court, and the increase in business in this office by reason of the several acts passed by the Legislature affecting this County, have caused the large increase in legal fees as against the appropriation for the year 1907. When the amount was estimated for that year it was not anticipated that the work would be increased in such a manner, and the provision for it at that time was not made.

In view of all this I ask that you adopt the resolution inclosed herewith.

Respectfully yours,

JOHN NIEDERSTEIN,
Clerk of Queens County.

From the statements made by the County Clerk's representative and from an examination made of the laws affecting the office, it appears that the duties of the County Clerk of Queens County and the necessary expenses incident thereto were largely increased during the year 1907 by enactments of law relating to the drawing of jurors for each week of the several terms of the court, it being the previous custom to draw one jury for each term of court. Prior to the year 1907 but four terms of court were held for one part of the Supreme Court, but during the year 1907, in accordance with an order of the Appellate Division of the Supreme Court, Second Department, an additional part was established known as Part II., and during the said year 1907 each part held nine terms of court, making eighteen terms for the year.

The establishment of the said new part and the increase of number of terms of the court also necessitated a further increase in the legal fees of the said Clerk of the County.

The appropriation made in the Budget for the year 1907 was in amount... \$6,000 00
There has been disbursed against this appropriation for bill rendered for the first six months of the year..... 5,857 20

Leaving unexpended balance of..... \$142 80

There is now in the hands of Auditor of the Finance Department bill of said County Clerk for legal fees to December 31, 1907, as follows:

Bill dated January 1, 1908..... \$5,214 16
Deductions made by Finance Department..... 389 29

Total..... \$4,824 87

There being an unexpended balance of 1907 appropriation to the amount of \$142.80, it therefore appears that there will be required in the payment of said bill the further appropriation of \$4,682.07.

I would therefore recommend that the Board of Estimate and Apportionment concur with the Board of Aldermen to the extent of \$4,682.07 for the purpose aforesaid.

Yours respectfully,

CHARLES S. HERVEY,
Supervising Statistician and Examiner.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen, adopted March 24, 1908, to the extent of four thousand six hundred and eighty-two dollars and seven cents (\$4,682.07), to meet a deficiency in the appropriation made to the County Clerk of Queens County for the account entitled "For Payment of Legal Fees" for the year 1907; and for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York to an amount not exceeding four thousand six hundred and eighty-two dollars and seven cents (\$4,682.07), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following resolution of the Board of Aldermen requesting an issue of \$4,500 Special Revenue Bonds to equip premises known as No. 186 Bedford avenue, Brooklyn, for the use of the Fourth District Magistrates' Court, Brooklyn, together with report of the Comptroller, to whom this matter was referred on April 24, 1908, recommending said issue for the fitting up, furnishing and equipping of said premises:

In the Board of Aldermen.

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of four thousand five hundred dollars (\$4,500) to meet the expenses of equipping the premises No. 186 Bedford avenue, in the Borough of Brooklyn, which has been leased for the use of the Fourth District Magistrates' Court.

Adopted by the Board of Aldermen, March 24, 1908, three-fourths of all the members voting in favor thereof.

Received from his Honor the Mayor, April 7, 1908, without his approval or disapproval thereof; therefore, as provided in section 40 of The Greater New York Charter, the same took effect as if he had approved it.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
May 11, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—In the matter of the resolution adopted by the Board of Aldermen March 24, 1908, requesting the Board of Estimate and Apportionment to authorize the issue of \$4,500 Special Revenue Bonds to "meet the expenses of equipping the premises No. 186 Bedford avenue, in the Borough of Brooklyn, which has been leased for the use of the Fourth District Magistrates' Court," referred to the Comptroller, and by you to the Bureau of Municipal Investigation and Statistics for examination, I beg to report as follows:

The proceeds of the bond issue are to be used for fitting up, furnishing and equipping the first, second and third floors of the building No. 186 Bedford avenue for the Fourth District Magistrates' Court, Borough of Brooklyn. The estimated cost for labor, materials, furniture, etc., is as follows:

Carpenter work \$1,200 00
Furniture 1,500 00
Plumbing 400 00
Painting 600 00
Books for Library 800 00
Total..... \$4,500 00

The carpentry, plumbing and painting work will be done under contracts awarded to the lowest bidders. The estimated cost of the labor, materials and furnishings for the equipment of the Court appears to be a reasonable and proper amount to appro-

priate for said purposes, and I would therefore recommend concurrence with the resolution of the Board of Aldermen.

Yours respectfully,

CHARLES S. HERVEY,

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen, adopted March 24, 1908, in relation to the expenditure of forty-five hundred dollars (\$4,500) for fitting up, furnishing and equipping the quarters of the Fourth District Magistrates' Court, located at No. 186 Bedford avenue, Borough of Brooklyn; and for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York to an amount not exceeding forty-five hundred dollars (\$4,500), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following resolution of the Board of Aldermen requesting an issue of \$85,000 Special Revenue Bonds for the purpose of cleaning and repairing sewers and for the purchase of necessary equipment and supplies for the Bureau of Sewers, in the Borough of Manhattan, together with report of the Comptroller, to whom, on April 24, 1908, this matter was referred, recommending the issue of \$50,000 Special Revenue Bonds for said purposes:

In the Board of Aldermen.

Resolved, That, pursuant to the provisions of subdivision 8, section 188 of the Greater New York Charter as amended, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of eighty-five thousand dollars (\$85,000), for the purpose of cleaning and repairing sewers and the purchase of necessary equipment and supplies for the Bureau of Sewers, under the supervision of the President of the Borough of Manhattan.

Adopted by the Board of Aldermen, March 24, 1908, three-fourths of all the members voting in favor thereof.

Received from his Honor the Mayor, April 7, 1908, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
COMPTROLLER'S OFFICE,
May 11, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Aldermen, by resolution adopted March 24, 1908, received from his Honor the Mayor, April 7, 1908, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it:

"Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of eighty-five thousand dollars (\$85,000), for the purpose of cleaning and repairing sewers and the purchase of necessary equipment and supplies for the Bureau of Sewers, under the supervision of the President of the Borough of Manhattan."

—I would report:

The amount allowed in the Budget for 1908 for this item for repairs and cleaning, equipment, renewals and supplies was \$17,380, which has all been expended except about \$5,000.

Mr. Horace Loomis, Chief Engineer of Sewers, in his letter to the Borough President under date of April 23, 1908, states that it is proposed to let a contract at public letting to cover all repair work which has been previously given out under orders; and he estimates that this contract will amount to between \$25,000 and \$30,000.

As to supplies, which includes brick, lumber, sand, cement, iron work, hose, boots, etc., there was expended last year the sum of \$17,891. Pro rata for the remaining seven (7) months of this year the cost will be \$10,437.

Mr. Loomis also calls attention to another important item—cleaning of sewers. He states that during the past few years proper attention has not been paid to cleaning of sewers, and for that reason, the outlets, intercepting sewers and branches thereof affected by tides had become clogged with dirt, and, without additional money, he will be unable to make a thorough cleaning.

He estimates that the cleaning of sewers will amount to \$50,000, and should be undertaken at once. I concur with Mr. Loomis that the sewers should be thoroughly cleaned, but the estimate of \$50,000 I am inclined to think might be a little large to carry on this class of work for the remainder of this year; \$20,000 I think will be sufficient to expend on this class of work during the remainder of the year 1908.

I estimate that \$50,000 will be sufficient to carry on the work of cleaning and repairing sewers, and for the purchase of equipment and supplies, calculated as follows:

Contract for repairs and renewals..... \$25,000 00
Contract for equipment and supplies..... 10,000 00
Contract for cleaning..... 20,000 00
Total \$55,000 00
Available balance 5,000 00
Deficit \$50,000 00

I therefore recommend that the Board of Estimate and Apportionment authorize the Comptroller, pursuant to subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds to the amount of \$50,000, for the purpose of cleaning and repairing sewers and the purchase of necessary equipment and supplies for the Bureau of Sewers, under the supervision of the President of the Borough of Manhattan.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen adopted March 24, 1908, to the extent of fifty thousand dollars (\$50,000) for cleaning and repairing sewers and for the purchase of necessary equipment and supplies for the Bureau of Sewers, under the supervision of the President of the Borough of Manhattan, and for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York to an amount not exceed-

ing fifty thousand dollars (\$50,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following resolution of the Board of Aldermen requesting an issue of \$5,500 Special Revenue Bonds for the maintenance and operation of the new public comfort station at Willis Avenue Bridge, One Hundred and Twenty-fifth street and First avenue, Borough of Manhattan, for the year 1908, together with report of the Comptroller, to whom this matter was referred on April 24, 1908, recommending the issue of \$4,912 Special Revenue Bonds to pay the salaries of the Attendants at the said public comfort station for the year 1908:

In the Board of Aldermen.

Resolved, That, pursuant to subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds in the amount of five thousand five hundred dollars (\$5,500) for the purpose of providing funds for the maintenance and operation of the new public comfort station at Willis Avenue Bridge, One Hundred and Twenty-fifth street and First avenue, Borough of Manhattan, for the year 1908.

Adopted by the Board of Aldermen March 24, 1908, three-fourths of all the members voting in favor thereof.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
May 12, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—Regarding a resolution adopted by the Board of Aldermen on March 12, 1908, requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds in the amount of \$5,500 for the purpose of providing funds for the maintenance and operation of the new public comfort station at Willis Avenue Bridge, One Hundred and Twenty-fifth street and First avenue, Borough of Manhattan, for the year 1908, which was referred to the Comptroller by the Board of Estimate and Apportionment for consideration and report, and by you referred to the Bureau of Municipal Investigation and Statistics for examination, I beg to report as follows:

The Borough President, in his estimate of probable expenditures for 1908, requested an allowance for the new public comfort station at Willis Avenue Bridge, but the request was not allowed for the reason that the time of opening the comfort station appeared to be indefinite when an analysis of the estimate for 1908 was made by this Bureau. The intention was that when the time of opening the station had been definitely fixed, the Board of Estimate and Apportionment might grant the necessary allowance for the care and maintenance of the station through the authorization of Revenue Bonds.

It appears that the Willis Avenue Bridge comfort station was finally opened on January 30, 1908. Six Attendants were appointed to take charge of the station—three male Attendants at \$2.50 a day, and three female Attendants at \$2 a day, making the total weekly payroll \$94.50, or a yearly salary of \$4,914.

Your Examiner was informed by the Auditor of the Borough President's office that the Attendants were employed in three shifts of eight hours each. Further, that the amount remaining of the \$5,500 asked for would be required for supplies, slight repairs necessary or breakages in plumbing, and incidental expenses during 1908.

I desire to call attention to the fact that in the analyzing of the estimate of the Borough President by this Bureau, it was proposed that the allowance for 1908 should at least equal the amount allowed in the Budget for 1907, plus the amount expended from Revenue Bonds in that year. The total expended in 1907 for repairs, supplies, etc., by the Bureau of Public Buildings and Offices was \$270,153.81, while the Budget allowance for 1908 was \$300,000.

With such liberal allowance for the Bureau, it would seem that there should be sufficient in the Fund for Public Baths and Comfort Stations to meet the small expenditures for supplies and repairs necessary in an entirely new structure.

I therefore recommend that the request of the Borough President be granted to the extent that \$4,912 be allowed for salaries of Attendants at the new public comfort station at Willis Avenue Bridge.

Yours respectfully,
CHARLES S. HERVEY,
Supervising Statistician and Examiner.

The Comptroller presented the following resolution:

Resolved, That the Select Committee consisting of the Comptroller and the President, Board of Aldermen, be and is hereby discharged from the consideration of the request of the Commissioner of Water Supply, Gas and Electricity for the establishment of position of Supervising Electrical Engineer, with salary at the rate of \$5,000 per annum, referred to said Committee on March 6, 1908.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Negative—The President of the Board of Aldermen—3.

The Comptroller presented the following communication from the Commissioner of Water Supply, Gas and Electricity requesting the establishment of the position of Supervising Electrical Engineer, with salary at the rate of \$5,000 per annum, for one (1) incumbent, together with communication recommending the granting of said request:

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY,
COMMISSIONER'S OFFICE, NOS. 13 TO 21 PARK ROW,
CITY OF NEW YORK, February 13, 1908.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, No. 277 Broadway, City:

DEAR SIR—The high pressure fire service system is almost ready to be put in operation. The efficiency of this service depends entirely upon the perfect working of the pumping machinery and appurtenances. For this reason it is necessary to secure the services of a man who has had practical training and experience in handling high tension electric motors, such as will be used at the several stations. He should qualify as an expert in the construction and repair of all pumping machinery and his duty to this Department should be the constant supervision of the pumping appliances. A slight defect in the machinery might result in stopping the entire pumping of water at a critical time, and this loss of water supply would seriously interfere with checking the spread of fire.

I believe it is my duty to select for this work a man who, by his practical experience and knowledge, would be able to keep the plants in perfect order and to supervise the repairs.

I would respectfully ask that your Board, under the authority given by section 56 of the Revised Charter, establish the position of Supervising Electrical Engineer at a salary of \$5,000 per annum.

Respectfully,

JOHN H. O'BRIEN, Commissioner.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
May 11, 1908.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—Transmitted herewith is a report of the Bureau of Municipal Investigation and Statistics of this Department, dated May 11, 1908, relative to the request of the Commissioner of Water Supply, Gas and Electricity, made on February 13, 1908, for the establishment of the position of Supervising Electrical Engineer at a salary of \$5,000 per annum for one incumbent, which matter was referred to a Select Committee consisting of the Comptroller and the President of the Board of Aldermen.

In view of the facts contained in said report, the adoption of the resolution attached hereto is recommended.

Yours respectfully,

H. A. METZ, Comptroller.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
May 11, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—In the matter of the communication addressed to the Board of Estimate and Apportionment by the Commissioner of Water Supply, Gas and Electricity on February 13, 1908, requesting the establishment in that Department of the position of Supervising Electrical Engineer at a salary of \$5,000 per annum for one incumbent, which communication was, on March 6, 1908, referred to a Select Committee consisting of the Comptroller and the President of the Board of Aldermen, and by you assigned to the Bureau of Municipal Investigation and Statistics for examination, I beg to submit the following report:

The Budget for 1908 makes the following provisions for the high pressure fire service:

BOROUGH OF MANHATTAN AND THE BRONX.	
Salaries and Wages.....	\$15,516 00
Maintenance, Repairs and Supplies.....	10,000 00
Reservation of Machinery and Current.....	75,000 00
	\$100,516 00
BOROUGH OF BROOKLYN.	
Salaries and Wages.....	\$35,000 00
Supplies and Contingencies.....	60,000 00
Reservation of Machinery and Current.....	43,920 00
	138,920 00
Total.....	\$239,436 00

For the purpose of properly administering this important branch of the City service, the Commissioner of Water Supply, Gas and Electricity deems it necessary to appoint a Supervising Electrical Engineer at a salary of \$5,000 per annum. Your Examiner learns from the Chief Engineer of that Department that there is no Electrical Engineer on his staff who can be relieved of his present duties and assigned to the high pressure fire service; nor can the duties of the proposed new position be merged with those of any of the present staff.

In view of the important character of the work which the high pressure fire service entails, and for which nearly a quarter of a million dollars has been appropriated for the year 1908, and for the reasons set forth so forcibly by the Commissioner of Water Supply, Gas and Electricity in his communication addressed to the Board of Estimate and Apportionment under date of February 13, 1908, supplemented by his letter of the 6th inst. to the Comptroller, your Examiner is of the opinion that the request for the establishment in that Department of the position of Supervising Electrical Engineer at \$5,000 per annum for one incumbent should be granted.

Yours respectfully,

CHARLES S. HERVEY,
Supervising Statistician and Examiner.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the position of Supervising Electrical Engineer in the Department of Water Supply, Gas and Electricity, with salary at the rate of five thousand dollars (\$5,000) per annum, for one incumbent.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Negative—President of the Board of Aldermen—3.

The Comptroller presented the following requisition of the Public Service Commission, First District, for an appropriation of \$204,825.18, to pay certain claims for damages arising from the change of route of the Rapid Transit Railroad in Park avenue, between Thirty-fourth and Forty-second streets, Manhattan, in accordance with agreement between the City and the Interborough Rapid Transit Company, duly approved by the Board of Estimate on May 15, 1908:

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
TRIBUNE BUILDING, NO. 154 NASSAU STREET,
NEW YORK, May 14, 1908.

To the Board of Estimate and Apportionment of The City of New York, No. 277 Broadway, Manhattan:

SIRS—The Public Service Commission for the First District is advised that the Corporation Counsel has transmitted to your Honorable Board a form of agreement modifying the contract dated the 21st day of February, 1900, between The City of New York and John B. McDonald for the construction of the Manhattan-Bronx Rapid Transit Railroad, to provide for the adjustment of the litigation growing out of the deviation in the position of the easterly tunnel section of the Rapid Transit Railroad in Park avenue, in the Borough of Manhattan, and has accompanied such form of contract with a recommendation that your Honorable Board approve such adjustment. The Commission has already, upon the recommendation of the Corporation Counsel and the advice of the Counsel to the Commission, approved the proposed adjustment and be-

lieves it to be for the best interest of the City. To carry out this adjustment it will be necessary for the City to advance moneys sufficient to pay the claims involved, which amount to two hundred and four thousand eight hundred and twenty-five dollars and eighteen cents (\$204,825.18), and the Commission, therefore, in pursuance of section 37 of chapter 4 of the Laws of 1891, as amended, known as the Rapid Transit Act, and of chapter 429 of the Laws of 1907, hereby requests the Board of Estimate and Apportionment of The City of New York to prescribe a limit to the amount of bonds available for the purpose of the said section 37, and makes requisition upon the Board of Estimate and Apportionment of The City of New York for the authorization of bonds of The City of New York to be sold by the Comptroller thereunder sufficient to meet the requirements of the said contract of February 21, 1900, and of the said modifying agreement providing for the adjustment of the said litigation to the amount of two hundred and four thousand eight hundred and twenty-five dollars and eighteen cents (\$204,825.18).

In witness whereof, the Public Service Commission for the First District has caused this requisition to be signed by its Chairman and its official seal to be hereto affixed and attested by its Secretary this 14th day of May, 1908.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,

[SEAL]

By W. R. WILLCOX, Chairman.

Attest:

TRAVIS H. WHITNEY, Secretary.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 37 of the Rapid Transit Act (chapter 4 of the Laws of 1891), as amended, and chapter 429 of the Laws of 1907, and the requisition of the Public Service Commission for the First District, duly made by the Chairman and Secretary of said Commission on May 14, 1908, hereby authorizes the Comptroller to issue Corporate Stock of The City of New York, to an amount not exceeding two hundred and four thousand eight hundred and twenty-five dollars and eighteen cents (\$204,825.18), to pay certain claims for damages arising from the change of route of the Rapid Transit Railroad in Park avenue, between Thirty-fourth and Forty-second streets, Borough of Manhattan, in accordance with an agreement between The City of New York and the Interborough Rapid Transit Company, duly approved by this Board on May 15, 1908.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller presented communications, etc., as follows:

Two from Commissioner of the Fire Department requesting authority (pursuant to resolution adopted by the Board of Estimate December 6, 1907), to advertise for bids and award contracts for the following work and for which funds have been provided:

	Estimated Cost.
Erection new building for Engine Company 64, on easterly side of Avenue C, south of Ellis avenue.....	\$35,000 00
Alterations to quarters of—	
Engine Company 17, located at No. 91 Ludlow street, Manhattan....	12,000 00
Engine Company 12, located at No. 261 William street.....	25,000 00
Erection new building for Engine Company 163 and Hook and Ladder Company 67, Flushing avenue and Winans street, Long Island City, Borough of Queens.....	60,000 00

—also requesting an issue of \$33,000 Corporate Stock for a new building for Engine Company 206, on westerly side of Broadway, 50 feet north of Prospect street, West Brighton, Staten Island (estimated cost, \$23,000), and for a new building to be erected on the wharf adjoining lying-up slip of the Municipal Ferry at St. George, Staten Island, for a fireboat company (estimated cost, \$10,000), and further requesting authority to advertise for bids and award the contract for the erection of the last mentioned building.

From the Board of Assessors requesting authority (pursuant to resolution adopted by the Board of Estimate December 6, 1907) to determine awards for damages to property of Patrick J. Murphy and of Bridget A. Curley, caused by the erection of bridge approaches, etc.

From the Fire Commissioner requesting an issue of \$87,000 Corporate Stock necessary in connection with the proposed extension of the paid system of the Fire Department in Flushing and College Point, Borough of Queens, of which amount \$68,000 is for the acquisition of certain property and buildings: erection of new buildings and alterations to existing buildings and the balance, \$19,000, for the purchase of new engines and hook and ladder trucks.

Resolution of the Board of Education requesting the acquisition, as a school site, of property on Old House Landing road, Lafayette place and Cutter avenue, Westmoreland, Borough of Queens, in substitution for the site selected on Broadway and Alley road, Douglaston, Queens, described in resolution adopted June 27, 1906.

(On December 7, 1906, the Board of Estimate adopted a resolution rejecting the site on Broadway and Alley road, and recommended the acquisition of a site nearer the centre of population.)

Resolution of the Board of Education requesting an immediate issue of \$1,409,000 Corporate Stock for the general construction of new elementary school buildings and additions in the Boroughs of Manhattan, Brooklyn and Queens.

Which were referred to the Comptroller.

The President, Borough of The Bronx, presented a communication renewing his request of August 19, 1907, for an appropriation of \$75,000 to provide for the cost of laying pavements on bridges under construction by the New York, New Haven and Hartford Railroad Company.

Which was referred to the Comptroller.

(On September 20, 1907, said request was referred to the Comptroller.)

The Comptroller presented a report relative to the claims of contractor John B. McDonald for \$6,000,000 for extra work on the subway, recommending that the matter be referred back to the Corporation Counsel for an opinion as to legality of the action of the Public Service Commission in modifying the contract relative to said extra work.

Which was referred to the Corporation Counsel.

(On March 27, 1908, the opinion of the Corporation Counsel relative thereto was referred to the Comptroller.)

CIVIL SERVICE MATTERS.

Appointments.

Commissioner Shaw reported that on April 29, 1908, he and Commissioner Chadwick had appointed Andrew J. Hennessy, No. 412 Henry street, Brooklyn, Stenographer and Typewriter, on transfer from the College of The City of New York, with compensation at the rate of \$900 per annum, to take effect on said date, a communication having been received on said date from the Municipal Civil Service Commission approving said transfer; also that on April 30, 1908, they had appointed John T. H. Kenny, No. 803 Amsterdam avenue, New York City, Engineman (Locomobile), on transfer from the Department of Docks and Ferries, with compensation at the rate of \$1,500 per annum, to take effect May 1, 1908, a communication having been received from the Municipal Civil Service Commission, dated April 29, 1908, approving said transfer.

On recommendation of Commissioner Shaw, the following appointments were made, to take effect upon assignment to duty by the Chief Engineer:

Fred C. Narvesen, No. 20 Spring street, White Plains, N. Y., Clerk; salary, \$25 per month; Chief Engineer's number, 2453. (Civil Service Rule XII, paragraph 7.)
Edward S. Jones, No. 188 South Lexington avenue, White Plains, N. Y., Clerk; salary, \$35 per month; Chief Engineer's number, 2454. (Civil Service Rule XII, paragraph 7.)

(Subject to the approval by the Municipal Civil Service Commission of the re-statement of Jones.)

James P. Kavanagh, No. 28 Grand street, Poughkeepsie, N. Y., Automobile Engineman; salary, \$960 per annum; Chief Engineer's number, 2457.

A communication was received from the Municipal Civil Service Commission, dated April 30, 1908, granting the request of this Board that the proposed examination at Poughkeepsie for Stenographer and Typewriter (male) be held for appointment at \$600 to \$1,050 per annum, inclusive.

Promotions.

A communication was received from the Municipal Civil Service Commission, dated April 29, 1908, stating that Emerson C. Brown, Assistant Foreman, had passed the practical examination for Carpenter, but that his title could not be changed to Carpenter at present, as there is a preferred eligible list for that position in existence.

A communication was received from the Municipal Civil Service Commission, dated April 29, 1908, stating that Sherman Hoyt had failed to pass the practical examination for transfer to the position of Carpenter.

Separations.

William Hazel, Patrolman on Aqueduct (temporary), effective May 3, 1908; cause, resigned.

James J. Irving, Patrolman on Aqueduct (temporary), effective May 4, 1908; cause, resigned.

Chester Winchell, Laborer, effective April 24, 1908; cause, resigned.

Exemptions.

A communication was received from the Municipal Civil Service Commission, dated April 30, 1908, stating that a public hearing would be held Wednesday, May 6, 1908, at 10 a. m., upon the request of this Board for the exemption of an Adjuster of Taxes and Assessments and one additional Assistant Secretary. On motion, this matter was referred to Commissioner Chadwick.

COMMUNICATIONS FROM THE CHIEF ENGINEER

Weekly Report.

138, April 27, 1908, was filed.

Agreement No. 70.

2428, May 4, 1908, recommended that informal estimates be procured for digging test pits on the proposed line of the aqueduct between Hunters Brook and Hill View. On motion, this recommendation was approved, and the Chief Engineer was requested to submit to the Board the names of persons and concerns in his opinion qualified and able to perform the work, and also form of request for estimates to be sent to said persons and concerns.

The Secretary reported that on May 4, 1908, three pamphlets of proposed agreement for said test pits had been sent to the Corporation Counsel for approval as to form.

Contract No. 1.

2442, April 27, 1908, recommending modification of this contract, was taken up and laid over to the next meeting of the Board.

Contract No. 12.

2448, May 4, 1908, transmitted four printed pamphlets of this contract for the construction of the Rondout siphon, and also forms of advertisements for the same. The Secretary reported that these pamphlets and forms of advertisements had been submitted to the Corporation Counsel and had been approved as to form. On motion, said pamphlets and forms of advertisements were approved, and the Secretary was directed to cause said contract to be advertised in the CITY RECORD, "New York Tribune," "New York Times," "New York Herald," "Engineering News" and "Engineering Record," to be inserted in two successive weekly issues of said last two publications, the advertisement to state that bids would be opened June 2, 1908, at 11 a. m., room 910, No. 299 Broadway, New York City.

Agreement 67.

On motion, it was Resolved, That, pursuant to the recommendation of the Chief Engineer in his communication 2449, May 2, 1908, the Chief Engineer be notified that the amount to be expended under Agreement 67, with Arthur L. Washburne, dated November 15, 1907, for test borings into rock along the proposed location of the Catskill aqueduct in Westchester County, New York, is increased from \$6,000 to \$15,000.

Agreement 44.

2450, May 4, 1908, recommended increase of the estimated cost of the work under this agreement, and on motion was laid over to the next meeting of the Board.

Information.

2451, May 1, 1908, reported that on said date a copy of Mr. Allen Hazen's report on the effect upon the oyster industry in Great South Bay of the taking of Long Island waters, had been sent to Assistant Corporation Counsel Malone.

Real Estate, Northern Aqueduct, Section 6.

2455, May 4, 1908, submitted six similar maps of this section, entitled: "Board of Water Supply of The City of New York. Map of real estate situated in the Towns of Montgomery, Newburgh and Cornwall, County of Orange, Fishkill, County of Dutchess, and Philipstown, County of Putnam and State of New York, to be acquired by The City of New York under the provisions of chapter 724 of the Laws of 1905, as amended, for the construction of Catskill aqueduct and appurtenances, from Ulster County line, near St. Elmo, to the vicinity of Coldenham, and from Foundry Brook Valley to west shore of the Hudson River at Storm King." (This section, comprising Parcels 267 to 318, both inclusive, contains 208.883 acres to be acquired in fee and 1.667 acres to be acquired in perpetual easement, and includes about 3.5 miles of aqueduct location north of Foundry Brook Valley to and including the Hudson River crossing, and about 5 miles of aqueduct location from the Ulster County line south to the vicinity of Coldenham, in the Town of Newburgh, Orange County.)

On motion, the said maps were approved, and the Secretary was directed to forward the same to the Board of Estimate and Apportionment for the approval of said Board.

Real Estate, Highways.

2456, May 4, 1908, submitted certified copy of paper signed by the Town Clerk and four Justices of the Peace of the Town of Marbletown, approving certain changes of highways in said town rendered necessary by the construction of the aqueduct. On motion, the Secretary was directed to forward said document, with the maps thereto attached, to the Corporation Counsel, and to request an opinion as to whether any further steps are necessary to obtain the full legal approval of said changes.

Leases.

On motion, it was Resolved, That on recommendation of Commissioner Shaw, and pursuant to Chief Engineer's communication 2458, May 5, 1908, the Board of Water Supply hereby approves of entering into a lease with Charles G. Smith, of the entire second floor and one-half of the basement of the building owned by said Smith at No. 68 Main street, Freeport, Long Island, rent to be at the rate of \$50 per month, payable quarterly, said lease to commence May 7, 1908, and to continue for one year, the owner to furnish steam heat, water, the use of the toilets in the rear, the stairway descending to them, and the driveway in yard for entrance of the Engineers of the Board, and to keep the premises in good repair during the term of the lease, said lease to be terminable by this Board upon giving thirty days' notice to the lessor; and the Secretary is hereby authorized to sign and deliver said lease in behalf of the Board when and if the same shall have been approved as to form by the Corporation Counsel.

COMMUNICATIONS FROM THE LAW DEPARTMENT.

Leases.

267, April 29, 1908, returned approved as to form lease, in triplicate, with Frank M. Campbell of the premises on the east side of Cleveland street, north of the Ackerman cotage, at Valhalla, New York.

OTHER MATTERS.

Police.

Commissioner Shaw submitted, with his approval, special order 7, dated April 28, 1908.

Information.

A letter was received from John McKechney, dated May 2, 1908, asking for the names and addresses of some of the prospective bidders for contract 14, to whom copies of the specifications have been issued. The Secretary submitted copy of his reply to Mr. McKechney, dated May 4, 1908, stating that the Commissioners did not feel that they could with propriety give such information.

On motion, this action of the Secretary was confirmed.

Real Estate, Claims.

A notice was received from the attorneys for Bishop Brothers, dated April 27, 1908, to the effect that a public sale of the private property on Parcel 15, Section 1, Ashokan Reservoir, would be held April 29, 1908, and that the City would be held liable for any difference between the actual value of the property thus sold and the

amount realized therefor. Commissioner Chadwick reported that on April 28, 1908, he had forwarded copy of this notice to the Corporation Counsel for such attention as should be deemed proper. On motion, this action of Commissioner Chadwick was confirmed.

A communication was received from John A. Delehanty, attorney for the Hudson River Telephone Company, dated April 28, 1908, forwarding clipping from a Kingston paper. Commissioner Chadwick reported that he had replied to this communication on April 30, 1908, and, on motion, this action of Commissioner Chadwick was confirmed.

Real Estate, Abstracts of Title.

The Secretary reported that on April 29, 1908, at the request of the Corporation Counsel, abstract of title of Parcel 368, Section 6, Kensico Reservoir, had been returned to the Corporation Counsel, and, on motion, this action of the Secretary was confirmed.

Contract 2.

In reference to the approval of the assignment of estimate 9 under this contract for \$15,496.97, which matter was laid over at the last meeting of the Board, the Secretary reported that on May 4, 1908, he had written the Comptroller to the effect that the approval of this assignment was not intended to abrogate or in any way modify the resolution of this Board adopted April 14, 1908, stopping all payments under this contract pending investigation of the alleged violation of the Labor Law by the contractor.

On motion, this action of the Secretary was confirmed.

Real Estate, Kensico Reservoir, Section 4.

A communication was received from the Finance Department, dated May 1, 1908, forwarding copy of claim 55283, filed in said Department by Edward Richter, to the effect that he claims an interest in Parcel 281, in this section, under a lease from Phoebe Burnett, dated April 13, 1903, expiring May 1, 1908, and containing a privilege of renewal for a further term of five years, said lease being recorded in the office of the Register of Westchester County in Liber 1648 of Deeds, page 29.

On motion, the Secretary was directed to forward copies of said communication and claim to the Corporation Counsel and to the Auditor.

Real Estate, Kensico, Sections 7 and 8, and Highways.

The Secretary reported that on May 5, 1908, he had returned to Mr. H. T. Dykman, Special Counsel, the proofs of petitions for the appointment of Commissioners of Appraisal in Sections 7 and 8, and for the approval of the new highway system indicated upon the maps of Sections 3, 4 and 7, Kensico Reservoir.

Real Estate, Expense of Acquisition.

The Secretary reported that on May 1, 1908, he had requested the opinion of the Corporation Counsel as to the correctness of a charge by Henry H. Risley, Expert in Kensico Reservoir, Section 6, for services on Sunday, March 8, 1908, said charge being included in the bill of said Risley, for \$150, mentioned in the minutes of this Board of April 28, 1908; also that on May 4, 1908, he had called the attention of the Corporation Counsel to an apparent duplicate charge by the Clerk of Westchester County for fees for recording papers in Sections 1 and 2, Northern Aqueduct, said apparent duplicate charge being contained in bill of said Clerk, for \$49.68, mentioned in the minutes of this Board of April 28, 1908.

On motion, the action of the Secretary in sending these letters was confirmed.

In reference to the communication from Mr. H. T. Dykman, Special Counsel, as to the date to which interest should be computed on awards, Commissioner Chadwick reported that he had seen the Comptroller, who had promised to take the necessary steps to carry out Mr. Dykman's suggestion.

On motion, the Secretary was directed to write Mr. Dykman and the Auditor to this effect.

Contract 3.

A communication was received from the Auditor, dated May 5, 1908, asking instructions as to the return of deposit of \$20 by Harry S. Patten for copies of contract 3 and drawings, said copies of contract and drawings having been returned May 1, 1908.

On motion, the Chief Engineer was requested to advise the Board as to his reason for accepting said contract and drawings after the expiration of 60 days from the opening of the bids.

Water Supply, Suffolk County.

Commissioner Chadwick submitted report on the water supply of Suffolk County, dated May 4, 1908, which was received and read, and, on motion of Commissioner Chadwick, was laid on the table.

THOS. HASSETT, Secretary.

Sanitary Bureau.

The following communications were received from the Sanitary Superintendent: First—Weekly reports of the Sanitary Superintendent. Ordered on file.

Second—Weekly reports from the Willard Parker, Reception, Riverside and Kingston Avenue hospitals. Ordered on file.

Third—Certificates in respect to the vacation of premises at No. 173 East Broadway (rear) and No. 237 East One Hundred and Twelfth street, Borough of Manhattan; No. 45 Isabella place, Long Island City, Borough of Queens.

On motion, the following preambles and resolutions were adopted: Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot No. 173 East Broadway (rear), in the Borough of Manhattan, has become dangerous to life by reason of want of repair, and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants;

Ordered, That all persons in said building situated on lot No. 173 East Broadway (rear), in the Borough of Manhattan, be required to vacate said building on or before May 12, 1908, for the reason that said building is dangerous to life by reason of want of repair, and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, That this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot No. 237 East One Hundred and Twelfth street, in the Borough of Manhattan, has become dangerous to life by reason of want of repair, and is unfit for human habitation because of defects in the plumbing and drainage thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants;

Ordered, That all persons in said building situated on lot No. 237 East One Hundred and Twelfth street, in the Borough of Manhattan, be required to vacate said building on or before May 12, 1908, for the reason that said building is dangerous to life by reason of want of repair, and is unfit for human habitation because of defects in the plumbing and drainage thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, That this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot No. 45 Isabella place, Long Island City, in the Borough of Queens, has become dangerous to life and is unfit for human habitation because of defects in the plumbing and drainage thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants;

Ordered, That all persons in said building situated on lot No. 45 Isabella place, Long Island City, in the Borough of Queens, be required to vacate said building on or before May 12, 1908, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the plumbing and drainage thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, That this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Fourth—Report on compliance with certain orders to vacate premises, etc.

On motion, it was

Resolved, That the following orders be and are hereby rescinded, for the reason that the causes for the same have been removed:

BOROUGH OF MANHATTAN.

No.	
4569.	Nos. 32 and 34 Frankfort street.

BOROUGH OF BROOKLYN

4567.	No. 508 Smith street.
496.	No. 2867 West Fifth street.

Fifth—Certificates declaring premises at No. 31 Clinton avenue, Borough of Brooklyn, and No. 605 Second avenue, Astoria, Borough of Queens, public nuisances.

On motion, the following orders were entered:

Whereas, The premises, No. 31 Clinton avenue, Borough of Brooklyn, in The City of New York, and the business pursuit specified in this case, being in the

opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom.

That the roof of the stable be provided with adequate gutters and rain leaders on the easterly and westerly sides and on the northeast corner, and that said rain leaders be properly trapped at their bases and connected with a sewer-connected drain.

That the floor of the stable be made watertight and that the horse stalls be provided with a valley drain, properly trapped and connected with a sewer-connected drain.

That the stable yard be thoroughly cleaned and disinfected and all manure be removed therefrom. That hereafter all manure be kept inside the stable, and removed from the premises daily unless pressed in bales, barrels or boxes so as to reduce it to not more than one-third the original bulk.

Whereas, The premises, No. 695 Second avenue, Astoria, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom.

That the stable thereat be separately and independently connected with the street sewer by and through extra heavy cast-iron pipe, at least 6 inches in diameter, with all joints properly lead-calked; and that it be provided with a fresh air inlet of similar material, at least 4 inches in diameter and with running trap, placed near the front wall of the building, provided with proper hand holes and trap screw ferrules; and that all soil and waste pipes be properly connected to said house drain by lead-calked joints.

That the wooden floors of horse stalls and stable and the saturated earth beneath same be removed and the site cleaned and disinfected, and the floors of the stalls be cemented and so graded as to discharge all liquids into a watertight, properly trapped, sewer-connected valley drain.

That the receptacles used for holding manure be cleaned and disinfected and all manure removed therefrom; that hereafter all manure be kept inside the stable and removed from the premises daily unless pressed in bales, barrels or boxes so as to reduce it to not more than one-third the original bulk.

That the waste water from the sink in the yard be discharged into the house drain by and through extra heavy iron pipe, properly trapped, all joints lead-calked.

That the cesspool thereat be disinfected, emptied and cleaned by a licensed scavenger, filled with fresh earth and abolished.

Sixth—Reports on applications for permits.

On motion, it was

Resolved, That permits be and are hereby granted as follows:

BOARD OF EXAMINERS.

April 28, 1908.

Present—Messrs. Warren A. Conover, Charles Buck, Lewis Harding, Charles G. Smith, Edward F. Croker, Henry R. Marshall and George A. Just, Chairman.

Meeting called to order at 2 p. m.

On motion, minutes approved as read.

Appeal 33 of 1908. Report pending, appeal laid over.

Appeal 35 of 1908. On presentation of report and on motion, approved.

Appeal 38 of 1908, Alteration 591 of 1908, premises Nos. 507 to 513 West Fiftieth street, Manhattan, Henry Davidson, architect and appellant.

That the two buildings being contiguous, with connections on each floor, would practically exceed the area allowed for non-fireproof buildings.

That the front building is separate and distinct from the rear building, except for the openings above mentioned, and that the means of egress from the rear building remains the same as heretofore, there being a ten-foot passageway from front to rear on first floor, and that the openings between the rear and front buildings on each floor allow of quick communication with the front fire escapes and the three lines of stairs.

That he be permitted to alter the front building as shown by plans submitted.

That the owner desires increased accommodation for his business, and owning both buildings desires communication therewith on each floor. That he has provided two additional continuous stairways from first to fifth floor in front building in addition to the wide line of stairs in rear building. That there are stair fire escapes on the front building which by reason of these alterations will be accessible to the rear building on each floor in addition to the ten-foot passageway now there and which is now the only means of exit from the rear building.

Appearance: Mr. Henry Davidson.

On motion, approved on condition that there shall be no opening in inside wall of front passage on first story; that a brick wall be placed across rear building on first story to shut off rear stairway, this wall to have one door opening provided with fire doors; that both elevator shafts in front building be enclosed with brick walls (instead of partitions of fireproof blocks and angle iron framing).

On motion, the matter of coal pocket construction was made a special order of business for the next meeting.

Adjourned.

EDWARD V. BARTON, Clerk.

CHANGES IN DEPARTMENTS, ETC.

DEPARTMENT OF DOCKS AND FERRIES.

May 22—

The Commissioner has appointed Vincent J. Smith, of No. 159 East One Hundred and Twenty-seventh street, Borough of Manhattan, as an Attendant, for duty on the recreation piers during the recreation pier season of 1908, to be paid at the rate of \$75 per month, while employed.

The Commissioner has fixed the pay of Stephen J. Fallon, Attendant, at the rate of \$75 per month, while employed, to take effect Saturday, May 23, 1908.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, so as to lay out and fix grades for West Two Hundred and Thirty-first street, where said street crosses the tracks of the New York and Putnam Railroad, Borough of The Bronx, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on June 5, 1908, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on May 8, 1908, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442, of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by laying out and fixing grades for West Two Hundred and Thirty-first street, where said street crosses the tracks of the New York and Putnam Railroad, in the Borough of The Bronx, City of New York, more particularly described as follows:

1. The street is to have a width of 80 feet and its lines are to be the prolongation of the lines of the street, as heretofore laid out on each side of and adjoining the railroad lands.

2. The grade of the street where it crosses over the railroad is to be 26 feet above mean high water datum, as established for the Borough of The Bronx.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 5th day of June, 1908, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 5th day of June, 1908.

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment held on May 8, 1908, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of the unnamed street on the westerly side of the Harlem River, between Broadway and Muscota (West Two Hundred and Twenty-fifth) street, and of those portions of West Two Hundred and Twenty-sixth street and West Two Hundred and Twenty-seventh street located between the said unnamed street and Broadway, which have not heretofore been acquired, in the Borough of Manhattan, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the prolongation of a line midway between Muscota street and West Two Hundred and Twenty-sixth street, as laid out at Broadway, distant 100 feet northwesterly from the northwesterly line of Broadway, and running thence northwardly along a line always parallel with and 100 feet distant from the northwesterly line of Broadway, to the intersection with the prolongation of a line distant 100 feet northwesterly from and parallel with the northeasterly line of the unnamed street as laid out where it meets Broadway, the said distance being measured at right angles to the line of the unnamed street; thence southwardly along the said line parallel with the unnamed street to the intersection with a line distant 100 feet easterly from and parallel with the easterly line of the unnamed street as laid out immediately south of the angle point southeasterly from Broadway, the said distance being measured at right angles to the line of the unnamed street; thence southwardly along a line always distant 100 feet easterly from and parallel with the easterly line of the unnamed street, and the prolongation of the said line, to a point distant 100 feet southerly from the southerly line of Muscota street, the said distance being measured at right angles to the line of Muscota street; thence westwardly and parallel with Muscota street to the intersection with the prolongation of a line distant 100 feet westerly from and parallel with the westerly line of the unnamed street as laid out north of and adjoining Muscota street, the said distance being measured at right angles to the line of the unnamed street; thence northwardly along the said line parallel with the unnamed street to the intersection with a line midway between Muscota street and West Two Hundred and Twenty-sixth street, as laid out immediately southeasterly from Broadway; thence northwardly along the said line midway between Muscota street and West Two Hundred and Twenty-sixth street and the prolongation thereof, to the point or place of beginning (excepting from the above described area so much of it as is exempt from assessment under the provisions of section 992 of the Greater New York Charter as amended).

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 5th day of June, 1908, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 5th day of June, 1908.

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment held on May 8, 1908, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Baltic street, from Metropolitan avenue to the Long Island Railroad, in the Second Ward, in the Borough of Queens, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the southwesterly property line of the Long Island Railroad, where it is intersected by the prolongation of a line midway between William street and Baltic street, as laid out between Zeidler street and Arctic street, and running thence southeasterly along the said property line to the intersection with a line bisecting the angle formed by the prolongations of the southeasterly line of Baltic street and the westerly line of Collins avenue; thence southwardly along the said bisecting line to a point midway between Arctic street and Atlantic street; thence in a straight line to a point on the southwesterly line of Zeidler street, where it is intersected by a line at right angles to the line of Metropolitan avenue, passing through a point on its northerly side midway between Baltic street and Zeidler street; thence southwardly along the said line at right angles to Metropolitan avenue to a point distant 100 feet southerly from its southerly side; thence westwardly and parallel with Metropolitan avenue to the intersection with a line at right angles to Metropolitan avenue, and passing through a point on its northerly side where it is intersected by the line bisecting the angle formed by the intersection of the prolongations of the centre lines of William street and Baltic street, as laid out between Metropolitan avenue and Zeidler street; thence northwardly along the said line at right angles to Metropolitan avenue to its northerly side; thence northeastwardly along the said bisecting line to the intersection with the prolongation of a line parallel with William street, and passing through the point of beginning; thence northeastwardly along the said line parallel with William street and the prolongation thereof to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the

DEPARTMENT OF FINANCE.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWENTY-FIRST WARD, SECTION 3.
EAST THIRTIETH STREET—RESTORING ASPHALT PAVEMENT in front of premises known as Nos. 33, 35 and 37, between Fourth and Madison avenues. Area of assessment: North side of Thirtieth street, between Fourth and Madison avenues, known as Lot No. 27, in Block 860.

The above assessment was certified to the Collector of Assessments and Arrears, under the provisions of section 391 of the Greater New York Charter.

—that the same was entered on May 23, 1908, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room H, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before July 22, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

HERMAN A. METZ,
Comptroller.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of Queens, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings and parts of buildings and machinery included therein, owned by The City of New York, and which were acquired for park purposes, located in the

Borough of Queens.

Being all buildings, parts of buildings, etc., situated upon the following-described premises:

Beginning at a point formed by the intersection of the westerly line of the right of way of the New York and Queens County Railway Company with the southerly line of Oak avenue, as the same is laid down on the map of Ingleside adopted by the Board of Estimate and Apportionment May 1, 1903, and running thence southerly along said westerly line of the right of way of the New York and Queens County Railway Company to the northerly line of the right of way of the Stewart Railroad, and thence westerly along the northerly line of the right of way of the Stewart Railroad to a point where the easterly line of Parsons avenue, if prolonged, would intersect the right of way of the Stewart Railroad; thence northwesterly along the easterly line of said prolongation of Parsons avenue to a point where said easterly line of Parsons avenue would be intersected by the southerly line of Rose street, if the latter were prolonged; thence northwesterly along the prolongation of said southerly line of Rose street to a point where the said southerly line of Rose street intersects the southerly line of Oak

avenue; thence easterly along the southerly line of Oak avenue to the westerly line of the right of way of the New York and Queens County Railway Company to the point or place of beginning, together with the following machinery situated on the property at Kissena Lake, in the Borough of Queens:

- 1 25 horse power boiler.
- 1 25 horse power engine.
- 1 ice elevating machine.
- 1 ice lowering machine.
- 240 feet ice runs.
- 1 wagon scales.
- 1 drilling machine and drills.
- 8 ice saws.
- Whistle trees.
- 9 ice bars.
- 2 ice markers.
- 1 hand plow (ice).
- 1 ice plane.
- 4 2-horse snow scrapers.
- 3 snatch blocks.
- 1 ice net.
- 1 grinding mill.
- 1 turbine mill wheel.
- 1 farm plow.
- 1 road bone.
- 1 lot ice hooks, short handle.
- 1 lot ice hooks, long handle.
- 1 stump puller.
- Ropes.
- 6 ice plows.
- 4 naphtha torches.
- 4 stands for torches.
- 1 portable blacksmith's forge.
- 5 pairs hoisting tongs.

All buildings and machinery contained therein, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held May 6, 1908, the sale of the above-described buildings and machinery will be held, by direction of the Comptroller, on

MONDAY, JUNE 1, 1908,

at 11 o'clock a. m., on the premises, upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of the City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract but unfinished at the expiration of the contract period.

All the materials of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Queens, and furnish to the Department of Finance a certificate from the Bureau of Sewers that the work has been properly performed.

The permits for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any portion thereof, within sixty days from the day of the sale, will work forfeiture of ownership of such buildings, appurtenances, or portion as shall be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operations of the contractor.

The Comptroller of the City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE BRIDGE Commissioner, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings now standing on property owned by The City of New York, acquired for bridge purposes in the

Borough of Manhattan.

Being all those buildings, parts of buildings, etc., situated within the lines of property taken for bridge purposes and known as Nos. 144, 146 Madison street, Nos. 125, 127 Madison street, Nos. 53 and 55 Monroe street, No. 70 Henry street and No. 80 Division street, Borough of Manhattan, and which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, the sale of the above described buildings and appurtenances thereto will be held, by the direction of the Comptroller, on

FRIDAY, MAY 29, 1908,

at 12 o'clock m., on the premises, upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also, at the time of sale, give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed, in compliance with the directions of the Bureau of Sewers, Borough of Manhattan, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permits for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any portion thereof within sixty days from the day of the sale will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids. And it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

at 11 o'clock a. m., on the premises upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price, as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract but unfinished at the expiration of the contract period.

All the materials of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Manhattan, and furnish to the Department of Finance a certificate from the Bureau of Sewers that the work has been properly performed.

The permits for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any portion thereof within sixty days from the day of the sale will work forfeiture of ownership of such buildings, appurtenances or portion as shall be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials of machinery, implements or appliances used in the removal of the said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids. And it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears of the assessment for OPENING AND ACQUIRING TITLE to the following named avenue in the

BOROUGH OF THE BRONX:

TWENTY-FOURTH WARD, SECTION 11. CARTER AVENUE—OPENING, from East One Hundred and Seventy-third street to Tremont avenue. Confirmed March 28, 1908; entered May 14, 1908. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The

Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the easterly line of Anthony avenue with the southerly boundary line of those lots in Block 2888 fronting on the southerly side of East One Hundred and Seventy-third street; running thence easterly along said line and its easterly prolongation to its intersection with the westerly line of Webster avenue; thence northerly along the westerly line of Webster avenue to its intersection with the southerly line of Tremont avenue; thence northwesterly to the point of intersection of the southerly line of Tremont avenue and the southerly prolongation of the westerly line of Ryer avenue; thence southerly along said prolongation of Ryer avenue to its intersection with the northerly line of East One Hundred and Seventy-sixth street; thence southerly to a point in the southerly line of East One Hundred and Seventy-sixth street distant 314.97 feet easterly from Anthony avenue; thence southerly along the westerly boundary line of the lots facing Carter avenue in Block 2892, and also along the base of the retaining wall lying south of East One Hundred and Seventy-fifth street and west of Carter avenue to the southerly end thereof; thence westerly on a line at right angles to Carter avenue to the easterly line of Anthony avenue; thence southerly along said line of Anthony avenue to the point or place of beginning.

The above entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before July 13, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

BOARD OF WATER SUPPLY.

TO CONTRACTORS.

CATSKILL AQUEDUCT.

SEALED BIDS OR PROPOSALS WILL BE received by the Board of Water Supply, in the office of the Board, No. 299 Broadway, New York, Room 910, ninth floor, until 11 a. m. on

TUESDAY, JUNE 2, 1908.

FOR THE CONSTRUCTION OF THE RONDOUT SIPHON,

a deep pressure tunnel, lined with concrete, 14½ feet in inside diameter, and about 23,600 feet long, to be reached through shafts from 370 feet to 710 feet in depth; the northerly half, about 3,340 feet, of the Rondout tunnel, a tunnel on the hydraulic gradient, 17 feet high and 13 feet 4 inches wide, to be driven without shafts, and two short stretches of plain concrete conduit, known as cut-and-cover aqueduct, one of which is located at each end of the siphon. The tunnel will connect with the cut-and-cover aqueduct by a down-take shaft at the north end and an up-take shaft at the south end, and between these, near Rondout Creek, there will be a drainage shaft. Besides these, there will be five other shafts for construction purposes, making eight in all.

An approximate statement of the quantities, of the kinds of work and further information, are given in the information for bidders.

At the above place and time the bids will be publicly opened and read. The award of the contract, if awarded, will be made by the Board of Water Supply as soon thereafter as practicable.

Two or more bonds, the aggregate amount of which shall be eight hundred thousand dollars (\$800,000), will be required for the faithful performance of the contract. Each bond must be signed by the contractor and the sureties. The name and address of each surety offered must be stated in the bid or proposal, together with the amount in which each surety will qualify. The sureties and the amount in which each will qualify must be satisfactory to the Board.

No bid will be received and deposited unless accompanied by a certified check upon a National or State bank, drawn to the order of the Comptroller of The City of New York, to the amount of one hundred thousand dollars (\$100,000).

Time allowed for the completion of the work is fifty-four months from the service of notice by the Board to begin work.

Pamphlets containing information for bidders, forms of proposal, contract and bond, approved by the Corporation Counsel, and specifications and pamphlets containing contract drawings, can be obtained at the office of the Board of Water

Supply, Room 1515, at the above address, upon application, in person or by mail, by depositing the sum of ten dollars (\$10) in currency, or check drawn to the order of the Board of Water Supply, for each pamphlet, or twenty dollars (\$20) for each set. This deposit will be refunded upon the return of the pamphlets in acceptable condition within thirty days from the date on which bids are to be opened.

SUPREME COURT—FIRST DEPARTMENT.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of WEST ONE HUNDRED AND SEVENTY-EIGHTH STREET (although not yet named by proper authority), from Broadway to Haven avenue, in the Twelfth Ward, Borough of Manhattan, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 16th day of June, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 18th day of June, 1908, at 3 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 17th day of June, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the westerly prolongation of a line parallel to and distant one hundred (100) feet southerly from the southerly line of West One Hundred and Seventy-eighth street and a line parallel to and distant one hundred (100) feet westerly from the westerly line of Buena Vista avenue; running thence northerly along said parallel line to Buena Vista avenue to its intersection with the westerly prolongation of a line parallel to and distant one hundred (100) feet northerly from the northerly line of West One Hundred and Seventy-eighth street; thence easterly along said last-mentioned westerly prolongation and parallel line to West One Hundred and Seventy-eighth street to its intersection with a line parallel to and distant one hundred (100) feet westerly from the westerly line of Haven avenue; thence northerly along said parallel line to Haven avenue to its intersection with a line parallel to and distant one hundred (100) feet northerly from the northerly line of West One Hundred and Seventy-ninth street; thence easterly along said parallel line to West One Hundred and Seventy-ninth street to its intersection with a line parallel to and distant one hundred (100) feet easterly from the easterly line of Broadway; thence southerly along said line parallel to Broadway to its intersection with a line parallel to and distant one hundred (100) feet northerly from the northerly line of West One Hundred and Seventy-eighth street; thence easterly along said line parallel to West One Hundred and Seventy-eighth street to its intersection with a line parallel to and distant one hundred (100) feet easterly from the easterly line of Eleventh avenue; thence southerly along said line parallel to Eleventh avenue to its intersection with a line parallel to and distant one hundred (100) feet southerly from the southerly line of West One Hundred and Seventy-eighth street; thence westerly along said last-mentioned parallel line to its intersection with the southerly prolongation of a line parallel to and distant one hundred (100) feet westerly from the westerly line of Haven avenue; thence northerly along said last-mentioned southerly prolongation and parallel line to its intersection with a line parallel to and distant one hundred (100) feet southerly from the southerly line of West One Hundred and Seventy-seventh street; thence westerly along said last-mentioned parallel line to West One Hundred and Seventy-seventh street to its intersection with the southerly prolongation of a line parallel to and distant one hundred (100) feet westerly from the westerly line of Haven avenue; thence northerly along said last-mentioned southerly prolongation and parallel line to its intersection with a line parallel to and distant one hundred (100) feet southerly from the southerly line of West One Hundred and Seventy-eighth street; thence westerly along said last-mentioned parallel line and its westerly prolongation to the point or place of beginning; excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened, as shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I., to be held in the County Court House, in the City of New York, on the 15th day of September, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate of assessment for benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 4th day of June, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 5th day of June, 1908, at 12 o'clock m.

Second—That the abstract of our said estimate of assessment for benefit, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 5th day of June, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of a line parallel to and distant 100 feet easterly from the easterly line of Edgecombe road with the easterly prolongation of a line parallel to and distant 100 feet southerly from the southerly line of West One Hundred and Sixty-second street; running thence westerly along said prolongation and parallel line to its intersection

with a line parallel to and distant 100 feet easterly from the easterly line of Broadway; thence southerly along said parallel line to its intersection with a line parallel to and distant 100 feet southerly from the southerly line of West One Hundred and Sixty-first street; thence westerly along said parallel line to its intersection with the middle line of the block between Riverside drive and the land of the New York Central and Hudson River Railroad Company; thence northerly along said middle line to its intersection with the westerly prolongation of a line parallel to and distant 100 feet northerly from the northerly line of West One Hundred and Sixty-third street; thence easterly along said prolongation and parallel line to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Broadway; thence southerly along said parallel line to its intersection with a line parallel to and distant 100 feet northerly from the northerly line of West One Hundred and Sixty-second street; thence easterly along said parallel line and its easterly prolongation to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Edgecombe road; thence southerly along said parallel line to the point or place of beginning, as such area is shown on our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to our said abstract, our final last partial and separate report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I., to be held in the County Court House, in the Borough of Manhattan, in the City of New York, on the 16th day of July, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to our said abstract of estimate of assessment for benefit, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Notice of Application for the Appointment of Commissioners of Appraisal.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal, under the Charter of The City of New York and under the provisions of chapter 428 of the Laws of 1907. Such application will be made to the Supreme Court at a Special Term thereof, to be held in and for the Ninth Judicial District, at the Court House in the Village of White Plains, Westchester County, N. Y., on the 20th day of June, 1908, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York and one of whom shall reside in the county in which the real estate acquired or affected is situated, and one of whom shall reside in the county in which the said real estate shall be situated, or in an adjoining county, as Commissioners of Appraisal, to ascertain and appraise the compensation to be made to the owners of and persons interested in the real estate laid down on said maps, as indicated in this act.

The real estate sought to be taken or affected is situated in the Towns of New Castle and Bedford, Westchester County and State of New York.

The following is a description of the real estate to be acquired in fee, together with a reference to the date and place of filing of the map:

All those certain pieces or parcels of real estate, situated in the Village of Mount Kisco, County of Westchester and State of New York, shown on a map entitled "Department of Water Supply, Gas and Electricity of The City of New York. Map of lands situated in the Village of Mount Kisco, towns of New Castle and Bedford, Westchester County, New York, to be acquired by The City of New York under the provisions of chapter 428 of the Laws of 1907, to authorize The City of New York and the Village of Mount Kisco, Westchester County, New York, to enter into a contract or agreement to provide for the disposal of the sewage of said village and to allow The City of New York to acquire such lands as may be necessary in and about said village and to raise funds to carry said contract or agreement into effect," which map was filed in the office of the Commissioner of Water Supply, Gas and Electricity, on the 14th day of February, 1908, and in the office of the Register of Westchester County, on May 6, 1908; which parcels are bounded and described as follows:

First Piece.

Beginning at a point in the easterly line of New road, said point being the northwest corner of Parcel No. 1, shown on above mentioned map of lands; and running thence along the easterly line of New road and the westerly line of Parcel No. 1, north 35 degrees 33 minutes east 71.92 feet; thence along the northerly line of said parcel, south 50 degrees 9 minutes east 229.45 feet, to a point in the westerly line of the right of way of the Harlem Division of the New York Central and Hudson River Railroad; thence along said right of way line and the easterly line of said parcel, south 34 degrees 19 minutes west 65.88 feet; thence along the southerly line of said parcel, north 51 degrees 42 minutes west 230.48 feet to the point or place of beginning.

Second Piece.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, or the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
