BOARD OF ESTIMATE AND APPORTIONMENT.

(PUBLIC IMPROVEMENTS.)

A meeting of the Board of Estimate and Apportionment of The City of New York to consider departmental estimates for the year 1904 was held in the Committee Room of the Board of Aldermen, City Hall, on Thursday, October 8, 1903, at 11 o'clock a. m.

Present—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond.

The Mayor, Hon. Seth Low, presided.

CLOSING WEST EIGHTH STREET, BROOKLYN.

On motion of the President of the Borough of Brooklyn the following resolution was adopted:

Resolved, That the resolutions adopted by the Board of Estimate and Apportionment on September 30, 1903, fixing a hearing in the matter of closing West Eighth street, from Surf avenue to the high-water line, Borough of Brooklyn, be and the same hereby are rescinded.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—16.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by closing and discontinuing West Eighth street, from Surf avenue to high-water line, Thirty-first Ward, in the Borough of Brooklyn, City of New York, more particularly described as follows:

Beginning at the intersection of the southern line of Surf avenue with the western line of West Eighth street, as the same are laid down on the map of the City;

1. Thence easterly along the southern line of Surf avenue 60 feet to the eastern line of West Eighth street;

2. Thence southerly along the eastern line of West Eighth street 870 feet to the high-water line.

3. Thence westerly along the high-water line 60 feet to the western line of West Eighth street;

4. Thence northerly along the western line of West Eighth street 860 feet to the point of beginning.

Note—All these dimensions are approximate.

Resolved, That the President of the Borough of Brooklyn cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change and the location of the immediate adjacent or of intersecting open or established streets, road, squares or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change at a meeting of this Board, to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 23d day of October, 1903, at 11 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the "City Record" and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 23d day of October, 1903.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, Presi-

dent of the Borough of Manhattan, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—14.

The Board then took up the consideration of the Budget.

J. W. STEVENSON, Secretary.

NEW YORK CENTRAL IMPROVEMENTS.

The following communications from the New York Central and Hudson River Railroad Company were presented:

NEW YORK CENTRAL AND HUDSON RIVER RAILROAD COMPANY, GRAND CENTRAL STATION,

NEW YORK, October 21, 1903.

To the Honorable the Board of Estimate and Apportionment of The City of New York: GENTLEMEN—The New York Central and Hudson River Railroad Company, lessee of the Spuyten Duyvil and Port Morris Railroad and of the New York and Putnam Railroad, has prepared and herewith submits to the Board of Estimate and Apportionment of The City of New York, for its approval, pursuant to section 4 of chapter 423 of the Laws of 1903:

(1) Plans and profiles, in duplicate, for abolishing, discontinuing and avoiding the grade crossing at Depot place.

(2) Plans and profiles, in duplicate, for abolishing, discontinuing and avoiding the grade at Fordham road.

(3) Plans and profiles, in duplicate, for abolishing, discontinuing and avoiding the grade crossing at East One Hundred and Seventy-seventh street.

Yours respectfully,

W. H. NEWMAN, President.

NEW YORK CENTRAL AND HUDSON RIVER RAILROAD COMPANY, GRAND CENTRAL STATION,

NEW YORK, October 21, 1903.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—The New York Central and Hudson River Railroad Company has prepared and herewith submits to the Board of Estimate and Apportionment of The City of New York, for its approval, plans and profiles, in duplicate, showing modifications of the plans and profiles of the viaducts or bridges required to carry Forty-ninth street and Park avenue extension over the tracks of the New York and Harlem Railroad Company, which were approved by the Board of Estimate and Apportionment on the 19th day of June, 1903, pursuant to chapter 425 of the Laws of 1903; and also showing the lands, rights, interests and easements in lands owned, occupied or controlled by The City of New York required for the purpose of making certain alterations, changes and additions, other than the alterations, changes and additions authorized by sections 1, 2 and 3 of chapter 425 of the Laws of 1903, in or to the yards and structures forming the terminals of the New York and Harlem Railroad Company and the approaches thereto.

These plans and profiles are submitted both under the authority contained in section 5 of chapter 425 of the Laws of 1903, authorizing additional alterations, changes or additions, and under section 8 of said act authorizing modifications of plans and profiles already submitted.

The new alterations, changes or additions consist in including in the improvement the easterly portion of Forty-ninth street to the westerly line of Lexington avenue; and also the Orphan's Home and Asylum property, the fee of which is in the City. This makes necessary the extension of the Forty-ninth Street Bridge to Lexington avenue, and a corresponding modification of the plan already submitted, approved and filed. It makes necessary also the acquisition by the company of the subsurface of this additional portion of Forty-ninth street and the fee of the Orphan's Home and Asylum property.

In accordance with these plans and profiles two modifications of the Park Avenue Extension are proposed: (1) Between Forty-ninth and Fiftieth streets a central roadway having a width of 73.5 feet, in place of the existing side roadways; (2) the widening of the Park Avenue Extension from 50 to 60 feet, so as to provide for a 12-foot sidewalk instead of a 7-foot sidewalk.

The plans and profiles herewith submitted are shown on blue prints, and are submitted in this informal way in order that the Board may give such preliminary consideration to the changes proposed as may be desired.

Yours respectfully,

W. H. NEWMAN, President.

NEW YORK CENTRAL AND HUDSON RIVER RAILROAD COMPANY, GRAND CENTRAL STATION,

NEW YORK, October 21, 1903.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—Heretofore the survey, map and certificate of the proposed alteration or change of the route of that part of the Spuyten Duyvil and Port Morris Railroad extending from a point at or near East One Hundred and Ninety-first street to a point at or near Spuyten Duyvil road, from the present route to a route which shall follow as nearly as may be practicable the northerly line of the Harlem Ship Canal, was submitted to the Board of Estimate and Apportionment for its approval, and was approved by the Board on the 19th day of June, 1903, pursuant to section 2 of chapter 423 of the Laws of 1903.

Pursuant to section 4 of the said act the New York Central and Hudson River Railroad Company, lessee of the Spuyten Duyvil and Port Morris Railroad, has prepared and herewith submits to the Board of Estimate and Apportionment of The City of New York, for its approval, plans and profiles in duplicate for abolishing, discontinuing and avoiding the grade crossings of the Spuyten Duyvil and Port Morris Railroad at Kingsbridge, East Two Hundred and Thirtieth street, Broadway, Corlear street, Tibbett avenue, West Two Hundred and Thirtieth street and West Two Hundred and Twenty-seventh street. Upon such plans and profiles is shown the grade or elevation of the new route of the altered or changed portion of the roadway of the Spuyten Duyvil and Port Morris Railroad, and of the bridges by which the same shall cross the Harlem river and the Spuyten Duyvil creek.

Yours respectfully,

W. H. NEWMAN, President.

The Mayor moved that the matter be referred to the sub-committee appointed to consider the New York Central improvements, and that the papers be sent to the Engineer to report to said committee.

Which motion was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn and the President of the Borough of Queens—14.

The Board then took up the consideration of the Budget for 1904.

J. W. STEVENSON, Secretary.

Attest: JOHN H. MOONEY, Assistant Secretary.

BOARD OF ESTIMATE AND APPORTIONMENT.

(PUBLIC IMPROVEMENTS.)

A meeting of the Board of Estimate and Apportionment of The City of New York was held in the Old Council Chamber (Room 16), City Hall, on Friday, October 23, 1903, at 11 o'clock in the forenoon, to consider the Departmental Estimates for 1904.

Present—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Brooklyn, the President of the Borough of The Bronx and the President of the Borough of Richmond.

The Mayor, Hon. Seth Low, presided.

CLOSING WEST EIGHTH STREET, BROOKLYN.

In the matter of the proposed closing of West Eighth street, between Surf avenue and the high-water line, in the Borough of Brooklyn, the report of the Secretary was presented, showing that the matter had been duly advertised.

Nobody appearing in opposition to the proposed closing, the following resolution was adopted:

Whereas, At a meeting of this Board, held on the 8th day of October, 1903, resolutions were adopted proposing to change the map or plan of The City of New York so as to close and discontinue West Eighth street, from Surf avenue to high-water line, Thirty-first Ward, in the Borough of Brooklyn, City of New York, and appointing a hearing at a meeting of this Board to be held on the 23d day of October, 1903, at 11 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby of the aforesaid time and place at which such proposed action would be considered to be published in the "City Record" and in the corporation newspapers for ten days prior to the 23d day of October, 1903; and

Whereas, It appears from the affidavit of the Supervisor of the City Record and of the publishers of the corporation newspapers that the aforesaid resolutions and notice have been published in the "City Record" and in the corporation newspapers for ten days prior to the 23d day of October, 1903; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by the Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by closing and discontinuing West Eighth street, from Surf avenue to high-water line, Thirty-first Ward, in the Borough of Brooklyn, City of New York, does hereby favor the same, so as to close and discontinue the aforesaid street, as follows:

Beginning at the intersection of the southern line of Surf avenue with the western line of West Eighth street, as the same are laid down on the map of the City;

1. Thence easterly along the southern line of Surf avenue 60 feet to the eastern line of West Eighth street;

2. Thence southerly along the eastern line of West Eighth street 870 feet to the high-water line;

3. Thence westerly along the high-water line 60 feet to the western line of West Eighth street;

4. Thence northerly along the western line of West Eighth street 860 feet to the point of beginning.

Note.—All these dimensions are approximate.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Brooklyn, President of the Borough of The Bronx and the President of the Borough of Richmond—13.

The Board then went into executive session.

J. W. STEVENSON, Secretary.

Attest: JOHN H. MOONEY, Assistant Secretary.

DEPARTMENT OF PARKS.

Report for the Quarter Ending September 30, 1903.

Department of Parks, Arsenal, Central Park,
October 1, 1903.

Honorable SETH LOW, Mayor:

Sir—I have the honor to transmit herewith report of the Department of Parks, in the several borough divisions, for the three months ending September 30, 1903.

Respectfully,

GEO. S. TERRY, Secretary, Park Board.

BOROUGH OF MANHATTAN AND RICHMOND.

The City of New York, Department of Parks, The Arsenal, Central Park,
October 1, 1903.

Honorable SETH LOW, Mayor:

Sir—I have the honor to transmit herewith report of the Department of Parks, boroughs of Manhattan and Richmond, for the quarter ending September 30, 1903.

Respectfully,

WILLIAM R. WILLCOX,

Commissioner of Parks, Boroughs of Manhattan and Richmond.

Weather Conditions.

During the third quarter of the year the rainfall, according to the records of the Central Park Observatory, was 1.75 of an inch above the average for the past thirty-five years. The temperature was 4.4 degrees below the average for thirty-five years, the Observatory having continuous records for that period. These weather conditions have caused the foliage of the trees to ripen earlier than usual, and the elms particularly were bare much earlier than is usual in this climate. The effect upon the lawns, however, has been to leave them in an unusually fine condition, and not for many years has the turf in the Central Park presented such a beautiful appearance as at the present time.

Playgrounds and Farm Gardens.

The principal work of the Department during July, August and September has been the extension of the playground system and its organization upon a satisfactory working basis. At the end of the quarter playgrounds are in operation in William H. Seward Park, Hamilton Fish Park, DeWitt Clinton Park, John Jay Park, Hudson Park, Battery Park and Tompkins Square Park. Appropriate apparatus has been installed, and both male and female attendants, obtained through Municipal Civil Service examinations, have been employed to see that the best possible results were realized by the multitudes of young people and children who patronized these splendid places of recreation and entertainment provided by the City. In no park have the results fallen below what was expected, and the Department has received many letters congratulating the City upon the success of this new feature of park work.

The children's farm gardens in DeWitt Clinton Park were even more successful than last year. The vegetables grown there by the young farmers were remarkable in their size and quality, and contributions sent to the Commissioner formed an exhibit at the Arsenal Building for several days which caused expressions of surprise and delight from all who witnessed it. This experiment in DeWitt Clinton Park has been watched by students of park work all over the country with a great deal of interest, and the Department has received scores of letters from persons interested, both from a philanthropic and scientific standpoint, commending the progress made and earnestly expressing the wish that these gardens may be continued in the parks.

Music in the Parks.

Owing to the unusual amount of rainy weather in June, the concerts were continued much later than usual this year. The season, it is believed, has, from many standpoints, been the most successful one in the history of the park concerts. The programmes rendered have been carefully selected, with a view to having concerts not too classical in character and, at the same time, pleasing to persons whose tastes in musical matters demanded that at least a portion of the concerts should be of a classical character. Practically all of the communications received have been of a commendatory nature, and the Department is led to believe that it has succeeded in pleasing both the masses and the people who prefer music of a more pretentious character.

The bands rendering the concerts have given general satisfaction and the solos and other selections have been received with much enthusiasm. One of the noticeable things at the park concerts this season has been the prevalence of good order. Through the co-operation of the Police Department, there has been but little cause for complaint from this score, and there has been every indication that the people of the City have attended the concerts with a keen appreciation of the music rendered, and a desire that its effect should not be marred by disorder or unseemly conduct.

Recreation and Games.

The great number of permits usually issued for lawn tennis, croquet and other games has even been exceeded this summer. Every effort has been made to meet the increased demand for recreative spaces and all complaints and suggestions have been carefully investigated, and wherever possible the conditions have been arranged in a satisfactory manner. Many hundreds of permits have been issued for taking photographs, sketching and other privileges.

Use of the Parks During the Hot Weather.

During the very hot periods of July and August, the employees of the Department and the police on duty in the parks were instructed to allow the people the greatest possible latitude consistent with the preservation of park property. Every available foot of the lawns was thrown open for public use, and the rules closing some of the parks at specified hours at night were suspended for the time being, and the people allowed to remain all night. Many of the residents of the congested districts took advantage of this, and the ill effect of the extremely hot weather upon many weak and sickly persons was offset in this way.

Central Park.

The trees in the Central Park have received a great deal of attention during the quarter. The tussock moth has been kept in subjection, the usual forces of the Entomologist having been increased in order that the park might be as free as possible from insects and caterpillars. The Entomologist's men found the web worm exceedingly abundant during the summer, and the work of minute fungi was noticed in the leaf structure of some of the foliage of the trees, but the collecting of the caterpillars was so diligently and successfully carried on that it was difficult to realize that any considerable number of insects were present. It is safe to say that for many years past the vegetation of the Central Park has not presented so clean and wholesome an appearance as during the past summer.

At the Central Park Menagerie twenty specimens were donated, consisting of birds and small animals. Six births occurred, including one hippopotamus, two lion cubs and one leopard cub, and two golden eagles were purchased. Several of the buildings were painted and repaired. The attendance, always very large during the summer months, has been fully up to the average.

During the very severe storm of September 16 a considerable number of trees in the park were seriously damaged. The trees in the Central Park have suffered greatly during the past two years, and many fine specimens have been either badly damaged or blown down. The work of pruning and replanting, however, is being systematically carried on, and it is believed that in a few years the beneficial results will be apparent to all.

Work on the new parapet wall at the entrance to the Metropolitan Museum of Art was begun during the quarter. The progress made consisted of the building of thirty yards of rubble foundation for parapet walls and the excavations of rock and earth. In connection with this work a contract was entered into for paving the new walk south of the Museum building, under which contract 8,705 square feet of asphalt walk pavement was laid. The forces of the Department regulated and graded the slopes adjacent, 600 cubic yards of mould being placed, 6,500 square feet of sod laid, and two freestone piers were cut and erected at Eighty-first street and Fifth avenue.

A new walk was constructed between the East Drive and the Fifth avenue wall from Ninetieth to Ninety-eighth streets. The Department force excavated the material and regulated the area to its proper subgrade. About 1,000 cubic yards of mould and other materials were excavated and removed, 16,500 square feet of new grass sod was laid and 450 linear feet of edging set.

A contract was executed for laying an asphalt pavement on rubble stone foundation and concrete base for this walk, and 13,000 square feet of asphalt walk pavement was laid. 8 walk basins built, 16 linear feet of 6-inch drain pipe and 34 linear feet of 8-inch drain pipe were laid.

At the upper end of Central Park, near One Hundred and Tenth street and Fifth to Sixth avenues, the slopes have been regraded and sodded, and the walk along the shore of the Harlem Meer widened and the section generally improved.

Good progress was made in the resurfacing of the park drives during the quarter. Six thousand cubic yards of shale was spiked, harrowed and removed, and 11,000 cubic yards of proper gravel spread and rolled. The basins were cleaned and repaired. In all, two and one-half miles of drive were resurfaced, and the Department has received letters from citizens commending the work and stating that the East drive is in the best condition that it has been in for thirty-five years.

Cleaning the Central Park Lakes.

The work of cleaning the lakes, Central Park, was carried on vigorously, the men engaged taking a great interest in their duties, which were often severe and trying, and in some cases consisting of removing mud and refuse six feet deep, with an offensive odor. All of the borders were thoroughly cleaned, and the rat holes, depressions and places where mosquitoes could breed were filled up and cemented, and made proof against the entrance of water or decaying vegetable matter. All overhanging weeds, grasses and shrubs were cleared away, leaving the borders, after being stoned and cemented, of sufficient depth for the fish to come to the banks and feed upon any larvae that might be along the edges. Many fish and small aquatic insects have been transferred from the large lakes to the smaller pools and streams, and several of the dams have been raised from seven inches to one foot to afford a greater and deeper water service. The added supply of water in the Ramble stream has greatly increased the beauty of that interesting portion of the park. The beach on which the skate house is usually placed has been made over, and now presents a fine appearance and a convenient place for visitors to feed the water fowl which congregate there.

The beach at Seventy-seventh street has also been thoroughly repaired, the banks reinforced with boulders and sodded and put in the best possible condition.

The water system of the Ramble has been cleaned, the banks stoned and the dams repaired. Two hundred and fourteen loads of refuse were removed from these streams. At the lake near Seventy-seventh street and Eighth avenue, formerly the water fowl enclosure, the water was found to be in a very offensive condition, due to the sediment and refuse that had collected for many years. The banks were thoroughly cleaned, the borders stoned and over all was placed a coating of gravel and cement, filling all rat holes and crevices. Some 327 loads of refuse and mud were removed from this place.

The entire border of the main portion of the large lake at Seventy-second street, three miles in length has been restoned, cemented and graveled and every hole and depression wherein mosquitoes could place their eggs has been filled, and the entire border is now cleaned and deep enough for the fish to feed close to the banks.

The beach near the west drive and Seventy-seventh street was restoned and cemented, and the banks on either side reinforced with large boulders and recemented. The rebuilt portions were resodded, about 1,500 square feet of sod being used, and the bare portions of the adjacent lawn were spaded up and reseeded. This lake is now in a fine condition, its banks being cemented and graveled and all refuse removed from its borders.

The lake at Fifty-ninth street, known as The Pond, is now being cleaned, and 200 loads of mud have already been removed.

As will appear from the above, the Department has devoted a great deal of attention to the cleaning of the park lakes. The force of men employed has varied from 18 to 40, and the amount of mud, refuse and weeds carted away has been enormous. It is believed the work has been thoroughly and effectively done. A representative of the Board of Health has made several inspections and has expressed his entire satisfaction with what has been accomplished. After a thorough examination for mosquito larvae, none of the Anopheles species have been found.

The silt basins in the park have been treated several times with kerosene oil for the destruction of mosquito larvae, and the Department has been in close touch with the Health Department in this work.

Miscellaneous Work in Central Park.

Work on the comfort station near the Arsenal is nearly completed. Considerable delays have been met owing to strikes, but matters have been adjusted, and the structure should be completed at an early date.

The structure in the Central Park known as the Ball Players' House has been converted into a comfort station and a house for the storage of paraphernalia of croquet players. The necessary carpenter and painting work is being done by the Department forces, and a contract for the plumbing has been let. The building will shortly be thrown open for public use and will fill a long-felt want.

Work on the public comfort station in the North Meadow was delayed because of strike conditions, but it is expected that the building will be finished by November 1.

Under the contracts dated March 28 and July 12, for alterations and repairs to the Metropolitan Museum of Art Building, good progress has been made and the work was completed in September. All of the work under contract of August 23 for freight elevator, lockers, etc., has been completed, excepting the Lincrusta Walton work and the freight elevator. Progress made under this contract has not been satisfactory, but pressure has been brought to bear upon the contractor and it will be pushed to an early completion.

Under the contract executed for the new wing for the heating, power and electric light plant for the American Museum of Natural History work was commenced June 15. Considerable progress has been made, and it is believed that the structure and equipment will be in place at the date set for its completion.

Battery Park.

Under an arrangement with the Swedish societies, the Statue of Ericsson, which formerly stood in this park, was removed, and a new statue was erected upon the

old base, removed to a new site. On August 1 the new statue was dedicated with appropriate ceremonies, in which prominent City officials and the Swedish societies took part, and this memorial is now an attractive feature of the statuary in the parks. In this work 46 cubic yards of earth was excavated, 23 cubic yards of concrete and foundations laid, 8 cubic yards of brick walls built and 175 square feet of cement walk pavement laid.

An interesting work of the quarter was the installation of a children's playground under the elevated railroad structure. This place, owing to the dense shade, had been bare and unsightly for many years. By the placing there of swings and other apparatus it has been transformed into an attractive spot, and furnishes recreation and amusement for thousands of young people at the lower end of the island.

During the quarter this entire park has been cleaned three times of cocoons and egg masses, and treated for the destruction of the tussock moth, eriosoma, scale insects, aphids and woodborers, and the trees have been kept in good condition.

Corlears Hook Park.

Work under contract for resetting curb and edging, resurfacing walks and lawns and capping water mains was completed during the quarter. The old house connections from the Croton water mains were removed and the openings plugged. The other work undertaken was the resetting of 1,212 linear feet of six-inch curb, the resetting of 2,618 linear feet of two and one-half-inch edging, the spreading of 50 cubic yards of mould, the laying of 33,727 square feet of Portland cement pavement, the laying of 6,474 feet of sod, and the re-erection of 3,902 linear feet of iron fence and repainting of the same.

A playground was also built in this park, involving the excavation of 500 cubic yards of material, the placing of 350 cubic yards of broken stone, the spreading of 200 cubic yards of fine gravel, the resetting of 200 linear feet of edging, the building of one new walk basin and the sealing of one old walk basin. In addition to this proper playground apparatus was installed.

De Witt Clinton Park.

Work in this park was considerably delayed because of the strike, but 16,925 cubic yards of excavated material was removed and 17,240 cubic yards of clean earth filling was deposited. Four hundred cubic yards of garden mould was furnished in place in the children's farm gardens, and the fences and structures used in connection with that work were erected. In the territory adjacent to Eleventh avenue, extending westerly about 250 feet, the surface was smoothed, loose stones were removed, the ground was rolled and the necessary apparatus installed to construct a gymnasium and children's playground.

Hamilton Fish Park.

Work, under contract for the erection of picket fences to surround the playgrounds and park features and other improvements, was begun during the quarter. The following was accomplished: 1,622 cubic yards of garden mould was deposited, 32,577 square feet of sod was laid, the bluestone edging was taken up where necessary and reset and the granite steps were reset and pointed. The wall on the westerly half of the park was taken down, re-erected and pointed, the coping reset and the sections of the panels of the fences were delivered. Under the contract for laying new walk pavements on the Plaza in front of the comfort station and repairing other walks in the park, 18,000 square feet of rock asphalt mastic walks was laid, 200 square feet of rock asphalt mastic walks repaired and 2,300 square feet of rock asphalt walks repaired.

The entire eastern half of the park was set aside for playground purposes, 3,056 cubic yards of dirt, cinders and other material being removed, 450 cubic yards of garden mould furnished and delivered, 693 cubic yards of broken stone deposited, 700 cubic yards of fine gravel deposited and rolled, 250 linear feet of straight edging removed, 600 linear feet of curb edging removed, 60 linear feet of new edging set, 1,200 linear feet of straight curb reset, one large surface basin constructed, one walk basin refilled and covered, the drainage pipes from nine existing basins taken up, cleaned and relaid, and ten street washers were taken up and reset to proper grade and repaired. In addition to this work, the grounds were equipped with gymnasium and playground apparatus.

The playgrounds in Hamilton Fish Park were formally opened to the public on October 3. Athletic teams from Seward Park and this park gave an exhibition and a vast number of people attended. The seating capacity of the park has been increased by the addition of a number of settees. This park is situated directly opposite a large public school, and the attendance at both the gymnasium and playground has been very large.

Hudson Park.

The easterly section of this park was set aside for playground purposes. The existing walks were regulated, new gravel was spread and rolled and the gymnasium apparatus erected.

John Jay Park.

The lands for this park were turned over to the Department during the quarter. They comprise 3,004 acres, and, there being no funds available for a permanent improvement, steps were taken to make the place available for the temporary uses of the public. Playgrounds for children were constructed, the land leveled off and graded and gymnasium apparatus erected. This involved the removal of 500 cubic yards of material, which was used as filling in other places within the park boundaries. About 1,000 linear feet of enclosing fence of wood and wire was erected.

Riverside Park.

The Entomologist's forces devoted a great deal of attention to the vegetation in this park, which has presented a fine appearance, excepting in the cases of a few trees affected by the drought.

For the better care of this park, it has been divided into three sections, and an extra foreman assigned to a portion of the work. It is believed that it will be maintained in a more satisfactory manner in this way.

In paving the walks adjacent to the Soldiers' and Sailors' Monument, 8,408 square feet of asphalt walk was laid. The work of restoring that portion of the park destroyed by the approach to the Manhattanville viaduct was practically completed. The Department forces adjusted the lawns near the Soldiers' and Sailors' Monument, laying new sod where required and constructing necessary basins and drainage. This involved the laying of 3,000 square feet of sod, the construction of two walk basins and the laying of 50 linear feet of 6-inch pipes.

Thomas Jefferson Park.

The work of improving this park was considerably delayed by the strike, but the following was accomplished: Fifty linear feet of 6-inch stone set, 4,037 linear feet of 2 1/4-inch edging set, 26,500 square feet of walk area paved with rubble and concrete, 20,000 square feet of the same paved with 8-inch rubble stone, 5 walk basins built, 5 surface basins built, 315 linear feet of 6-inch vitrified drain pipe laid, 190 linear feet of 8-inch drain pipe laid, 500 linear feet of 4-inch cast-iron water pipe laid, 3,650 linear feet of 2-inch galvanized iron water pipe laid, 3 stop cock vaults built, 465 linear feet of 6-inch vitrified pipe laid for subsoil irrigation, 6,500 linear feet of 3-inch porous tile pipe laid, 13 cisterns built, 1,800 linear feet of 6-foot wrought-iron picket fence, 1,425 linear feet of 5 feet 6 inch wrought-iron picket fence, 110 cubic yards of concrete placed around fence anchors, 175 cubic yards of mould placed, 485 cubic yards of manure placed, 3,300 cubic yards of earth excavated, 4,300 cubic yards of earth filling placed.

Contract for the pavilion in this park was let in August and the excavation for the foundations was started September 22. Owing to the condition of the soil on this site, it was necessary to build the foundations on piles. This work has been completed and all foundations, including the trenches for the piping, are finished on a level with the grade.

Tompkins Square Park.

The larvae of the tussock moth were very abundant in this park during the summer and required vigorous measures to keep them in check. The trees in some parts had to be treated four times, and in this way the eggs were all removed and the last brood was prevented from hatching and devouring the leaves. Great care was also given in the treatment for scale insects and eriosoma.

One of the large plots in this park was set aside for playground purposes. The sod and such mould as was necessary was removed to secure the proper grade for surface drainage, and the ground was then thoroughly rolled. Some 300 cubic yards of excavated material was removed, 300 cubic yards of broken stone spread and rolled, and 200 cubic yards of fine gravel mixed with sufficient clean clay to bond the

same was then spread over the playground territory and rolled to a finished surface. The basin heads, drinking fountains and street sprinklers were taken up and reset to the newly established surface. Upon the completion of this work, the grounds were equipped with gymnasium and playground apparatus, which has been constantly in use since its installation.

The seating capacity in this park was increased by the addition of 350 new settees.

William H. Seward Park.

The work on the pavilion has been greatly delayed during the quarter because of the strike. On the 1st of September it was started, and at this time the building is practically completed. It is expected that the interior work will be completed early in November.

In connection with the playgrounds in this park, it was found necessary to make alterations involving the placing of 120 cubic yards of mould, 275 linear feet of curved bluestone edging, 356 linear feet of straight bluestone edging, 500 cubic yards of screenings and 433 cubic yards of gravel.

Park at Seventeenth Street and the East River.

This small park was formerly land filled in by the Department of Docks and Ferries. In order to bring it up to the standard of the parks, laid out by this Department, it was necessary to excavate 2,000 cubic yards of earth, to spread 800 cubic yards of garden mould, to spread 160 cubic yards of manure and to repair the man-holes, walk basins, etc.

The Harlem River Driveway.

The work of resurfacing the driveway was completed during the quarter. This was one of the most necessary repairs undertaken during the year, the former surface having become worn out and unsatisfactory to drivers. The old material was carted away and the entire roadbed resurfaced with carefully selected sandy loam. This has made the driveway one of the very fastest straightaway courses in the country, and it is expected that records equal to the Grand Circuit tracks will be made. Drivers have expressed their satisfaction with this improvement and their gratification at the manner in which it has been accomplished.

The iron railings along the speedway have been painted for their entire length. These railings are about 16,000 linear feet in length and their cleaning and repainting was a work of considerable magnitude.

In resurfacing the drive, 11,633 cubic yards of material was used.

A temporary comfort station is being erected within the bounds of the driveway near High Bridge. This structure will cost about \$2,500 and will meet a long-felt want.

City Hall Park.

The Entomologist's forces devoted considerable time to the trees and vegetation in this park, paying particular attention to the tussock moth. Some slight damage had been done to the maples and horsechestnut trees, but the prompt attention given to the matter confined it to a limited area.

The existing cast-iron comfort station near Broadway is to be removed and replaced with a more adequate one. A contract has been let for this improvement, involving an expenditure of \$1,774.

New Park at Thirty-fifth Street and First Avenue.

The site of this park was turned over to the Department during the quarter. It was completely covered with tenement houses, and steps were at once taken to have the same removed. The buildings were sold at auction, after the necessary advertising, in September, and during the last part of the month good progress was made toward their removal. The terms of sale were drawn with a view to avoiding delays, and it is believed that this space will be cleared of buildings quicker than any tract of a similar size that has heretofore been acquired for park purposes. It is the intention of the Department to do everything in its power to have this land developed as a public park, with playgrounds, etc., at the earliest possible moment.

Bryant Park.

The Entomologist's forces treated the vegetation of this park for the extermination of scale insects, woodborers and the tussock moth, and, with the exception of the early falling of the leaves, the foliage has been in a good condition.

The New York Public Library Building.

Contract No. 1—Owing to the strike, work under this contract progressed in an unsatisfactory manner. All that could be accomplished was the construction of 2,600 cubic feet of brick masonry, and 50 cubic yards of back filling has been deposited in place.

Contract No. 2—Under this contract 1,400 square feet of waterproofing was laid, the engine-room was temporarily floored with planking, the sidewalk relaid in front of the same and the "I" beams were set over the coal conveyor and at the south end of the boiler room.

Contract No. 1A—All that remained to be accomplished under this contract was the cleaning up of rubbish, etc., which was attended to and the work accepted by the City.

Contract No. 3—On the 1st of July work under this contract was suspended owing to the strikes. It was resumed on the 13th of August, since which time 20,000 feet of marble has been delivered and set, and progress is now being made without interruption. Marble has been cut at the rate of 8,000 feet a month, and at this time about 20,000 feet for the first and second stories is ready for delivery. The basement story of the building is nearly completed, only about three per cent. remaining to be set. Since the work has resumed 706,000 brick have been laid, and iron work and other construction has progressed as fast as the stone setting permitted. About 23 per cent. of the marble for the exterior is cut, and it is believed that the conditions at the quarry will permit the work to be carried on through the winter without interruption, unless the weather is unusually severe.

Union Square Park.

The larvae of the tussock moth were removed from this park, together with the cocoons and egg masses, the eriophora, scale insects and woodborers were destroyed and all affected twigs and branches were removed.

The men's comfort station, which has been a frequent source of complaint, is about to be remodeled, a contract having been let for the work.

Some 184 new settees were placed in the park, the old settees were repaired and repainted, and the walks, fences, etc., repaired where necessary.

Morningside Park.

Work was begun during the quarter on the new building in this park to contain the comfort station, tool house and other necessary park features. The construction work will be pushed as rapidly as possible, and the building, which it is believed will be an ornament to the park, will also be a very great public convenience.

St. Nicholas Park.

Work was begun during the quarter of cleaning up the lands along St. Nicholas avenue. Pending an appropriation for the permanent improvement of this park site it is the intention of the Department to remove the debris, build wooden fences where necessary, and to regulate portions of the land where the work can be done by the Department workmen with the money available. The land will be greatly improved in appearance when this is done, and when the sidewalk has been restored along St. Nicholas avenue will present a creditable appearance.

A park employee has been detailed to preserve order, and he has caused the arrest of many disorderly persons. It is believed that the people of the neighborhood will appreciate what has been accomplished in the comparatively short time that the lands have been under the jurisdiction of this Department and with no special appropriation to carry on the work.

WASHINGTON SQUARE, MADISON SQUARE, MOUNT MORRIS PARK, EAST RIVER PARK, FORT WASHINGTON PARK, RICHMOND COUNTY PARKS, AND THE SMALLER PARKS AND TRIANGLES.

All of these places were visited by the Entomologist and his men during the quarter and the vegetation treated in a manner appropriate for the insects found in the several localities.

General Maintenance Work.

The usual maintenance work in all of the parks was given attention, and it is believed that the Department forces were never at a higher state of efficiency than at the present time. The Gardeners have taken good care of the flower beds, and the displays have been attractive and satisfactory. The park buildings, bridges and structures have been repaired, and the rolling stock and other property has been re-

paired and cared for. The asphalt roadways over which the Department has jurisdiction have been repaired, 1776 square yards of asphalt receiving attention. The Metropolitan Street Railway Company has been actively at work during the quarter installing an electrical subsurface construction in transverse road No. 3, Central Park, which work has been carefully inspected by Department employees, and when completed will be a very great improvement, obtained without expense to the City.

Engineering Work.

In addition to superintending the construction work above noted, the Engineering Corps has been charged with the measurements of all materials delivered. Specifications, contracts and plans have been prepared for the following works: Esplanade walk adjacent to the sea wall, East River Park extension; paving with asphalt the gutters of a portion of the Central Park drives; improvement of Manhattan square; pipe fences adjacent to new walk, Ninetieth to Ninety-eighth streets, near Fifth avenue, Central Park; repaving West Seventy-second street; repairing walk pavements of the parks; improvement of St. Nicholas Park; paving a portion of West Ninety-sixth street west of West End avenue; improving various park entrances; constructing a sewer and appurtenances from the Mineral Springs Building, Central Park.

WILLIAM R. WILLCOX,

Commissioner of Parks, Boroughs of Manhattan and Richmond.

Department of Parks, Borough of The Bronx—Report for Quarter Ending October 1, 1903.

Honorable SETH LOW, Mayor, The City of New York:

Sir—I have the honor to transmit herewith quarterly report of the work accomplished, and the finances, for the Department of Parks, Borough of The Bronx, for the three months ending October 1, 1903.

Respectfully,

JOHN E. EUSTIS,

Commissioner of Parks, Borough of The Bronx.

Bronx Park.

The bridge over the Bronx river at Pelham avenue, Contractor Joseph Gallo, has been delayed considerably on account of high water. The old bridge has been removed, and a temporary bridge constructed, which is in use; and the major portion of the granite necessary for the arches is now on the ground and being cut.

Two new comfort buildings, one for men and one for women, have been completed during the quarter, and are now in use.

The stables formerly occupied by the Police Department, near the Lorillard Mansion, were turned over to this Department in September. Plans have been prepared for additions to the same, to accommodate the needs of the Department. The old building in the rear has been torn down, excavation made, and walls built for a new building in place thereof. A large shed has been constructed in the rear of the barn, for the storage of wagons, sprinkling carts, etc. This work is well advanced, and will be completed within a few weeks.

The lake has been lined with a concrete core wall, along a large portion of the easterly side, in order to make it absolutely tight.

A bridle path, 16 feet wide, has been laid out, and partly constructed, from Bronx and Pelham parkway, through the woods, along the westerly bank of the lake, to a point near the old mansion.

The banks along the new road and paths in the westerly portion of this park have been graded, and sod gutters have been made.

Botanical Garden Section—Lines and grades have been given for the roads connecting Mosholu avenue with the northern portion of the garden.

A large portion of the grading of the road east of the Bronx river has been completed; and, on the road to the west, a large portion of the telford has been laid.

Plans and specifications have been prepared for the entrance to the Botanical Garden, from Mosholu parkway.

Specifications have also been prepared for two large, and four small, flights of steps, and two concrete steel tanks, and the work is ready for letting.

The bridge over the Bronx river, at Newell avenue, is progressing slowly. The freshets during the summer delayed the work considerably. About two-fifths of the work has been completed to date, and the prospects at the present time are that it will be finished before the 1st of December.

Specifications and plans have been prepared for two comfort stations, one for men, and one for women, near the elevated railroad entrance, and the same are now in the hands of the printer.

Zoological Garden Section—The antelope house has been nearly completed during the quarter, and it is expected to be turned over by the contractor within a few weeks.

Contract for the small mammal and ostrich house has been let, and the work has been begun.

Specifications for the construction of a bird house have been prepared, and the contract let. The work is staked out and the contractor is ready to begin.

Contract has also been given out for elephant and antelope enclosures around the antelope house, the Page Woven Wire Fence Company, contractors. The work is well under way.

A new steam road roller has been secured for this Department during the quarter, and is now working satisfactorily.

Bronx and Pelham Parkway.

The steel superstructure of the bridge over the tracks of the New York, New Haven and Hartford Railroad Company has been very considerably advanced during the quarter. The iron work is completed and the timber work of the floor has been laid, and the prospects are that the same will be fully completed before the end of October. The telford and macadam road over the westerly approach to this bridge has been completed, excepting 200 or 300 feet at the bridge end, which has not yet received its top surface. A large amount of filling has also been furnished for the westerly end.

The grading of the walks and gutters in connection with the approach on the westerly end has been considerably advanced.

Melrose Park.

Contract for the erection of a fence along three sides of this park was completed, and concrete walks have been laid on all of the walks in this park.

St. James' Park.

Contract for the erection of a fence on the eastern and western sides of this park has been completed.

The grading of the easterly bank has been finished, and the completion of the paths at the northerly and southerly ends; also the grading of the sidewalk on the westerly side has been completed, and the paths there have been carried out to Jerome avenue.

Crotona Parkway.

Contract for grading, regulating and paving this parkway was proceeding so slowly that the contract has been totally abandoned, new specifications prepared for re-letting, and the same is now in the hands of the printer. Before the abandonment about two-thirds of the rock excavation and nearly all of the earth excavation was completed. A small amount of filling has been made and all of the retaining walls have been built.

Mosholu Parkway.

Plans and specifications have been prepared for the construction of the bridges over Webster avenue and the New York and New Haven railroad track at the entrance to the Botanical Garden, and the contract for the abutments and the filling between the same and the approach has been awarded and the work for the construction of the same is now being prosecuted.

The section of the parkway between Webster avenue and the railroad, which was a low, swampy place, has been filled with filling obtained from the contractor of the Jerome Park Reservoir, amounting to about 38,000 yards, without any expense to the Department.

Plans and estimates for the development of the parkway drive system from Webster avenue to Jerome avenue have been prepared and approved.

Crotona Park.

Crotona avenue through Crotona Park has been reconstructed. It was decided by the Board of Estimate and Apportionment at the beginning of the second quarter that the jurisdiction of this avenue through the park belonged to the Park Department. A bond appropriation was granted and work at once started to excavate, drain and macadam this roadway, and the same is nearly completed. We expect by the middle of October to have the whole distance—over 2,000 feet in length and 42

feet wide—open to the public. In connection with this work it was necessary to construct a drain through the easterly section of the park for a distance of several hundred feet, which required a great deal of blasting.

The road from the northwesterly corner of this park through the easterly section, which includes Crotona avenue near its southerly end, has been pushed and is nearly all telford. If the traprock can be obtained during the next few weeks it will be completed during the coming quarter.

A large section of the swamp lying east of Crotona avenue has been brought up to grade by filling taken from the avenue and furnished by the contractors.

Claremont Park.

Plans and specifications have been prepared for the erection of a small comfort house for women. The building has been erected and the rough plumbing is in. The same will be finished within a short time.

Macomb's Park.

The filling in of the low lands of a portion of this park has been nearly completed, and a portion of that section lying along the Harlem river, occupied by the rowing clubs, has also been filled and brought up to grade. Arrangements have been made with one of the rowing clubs for the erection of a fine new building.

Pelham Bay Park.

Plans have been prepared for a fence around the "Pell Oak," the contract has been let and the work completed.

A large map of Hunter Island, on a scale of 200 feet to the inch, has been prepared.

The bathhouses in this park were completed in the early part of the quarter.

Also the new road leading from the City Island Bridge, around by Jack's Rock, a distance of one mile, has been completed.

The new road built in the spring, from the Shore road around by the bay, has been resurfaced with crushed stone and screenings made by our own crusher.

Several acres of woodland in this park have been underbrushed and cleared.

St. Mary's Park.

A new iron fence has been constructed on the north, west and south sides, and the paths changed to conform to the openings.

Van Cortlandt Park.

The work of constructing the new road from Mosholu avenue to Van Cortlandt avenue, in Yonkers, has progressed very rapidly during the last three months. The grading has all been completed excepting two or three rock cuts, which are now being drilled, and telford macadam has been placed for over half the length of the road.

Plans and surveys have been made for the reconstruction of Gun Hill road, and a new road has been laid out from a point near the Colonial Garden to Mosholu avenue; the same will be constructed during the coming quarter.

The work of cleaning the lake was begun in August and progressed very rapidly. About 12,000 cubic yards of mud have been removed from the lake and 800 feet of retaining wall has been constructed along the shore, and the banks graded for this distance.

The road leading along the golf links to the northerly line of the park has been opened up into a new road or street cut down to the park line by the City of Yonkers, about 300 feet westerly from Sedgwick avenue.

Arrangements have been made for receiving a large quantity of surplus material from the Jerome Park Reservoir.

Miscellaneous.

The regular maintenance work in all the parks has been carried on in such a manner that the parks have never looked better than they have during the past quarter.

The Polo Grounds, containing upwards of 100 acres, on the Parade Grounds in Van Cortlandt Park have been kept in excellent condition, and have been very generally used.

The Golf Links in both Pelham Bay Park and Van Cortlandt Park have been very much improved in the manner of taking care of the same.

Maps and surveys for many pieces of work have been made, including plans and specifications for the completion of a range of propagating houses in the Botanical Garden.

Supply Specifications and Necessary Work Connected Therewith.

Portable stone crushing plant, trucks and carts; Julian Scholl & Co., contractors. These articles have been supplied and the final payment rendered.

Horse, hand and motor lawn mowers; Coldwell Lawn Mower Company, contractors. All articles have been delivered and a progress payment has been made.

Cement, lime and brick; Candee & Smith, contractors. All articles have been delivered and a final payment rendered.

Broken stone and screenings; Brown & Fleming, contractors. Owing to a labor strike and other complications, the delivery has been very slow, but the stone is now coming in fairly well.

Lumber (two contracts); Church E. Gates & Co., contractors. The material on one of these has been nearly all delivered. That of the second contract is being delivered for the new barn and sheds now being constructed in Bronx Park.

Sewer pipe; Empire Sewer Pipe Company, contractors. All of this material has been delivered and final payment will be rendered at once.

100 tons white ash anthracite coal; Olin J. Stevens, contractor. All of this coal has been delivered and final payment rendered.

500 barrels cement and 200 cubic yards Cow Bay sand; Candee & Smith, contractors. Nearly all of this material has been delivered, excepting about one-half of the sand, and the contract will be increased to the 25 per cent. permitted by its terms.

5,000 cubic yards broken stone and 3,000 cubic yards trap rock screenings; Manhattan Trap Rock Company, contractors. About one-third of this material has been delivered and delivery is now proceeding fairly satisfactorily.

60,000 Belgian blocks; August Thiel, contractor. All blocks required have been delivered and final estimate is being prepared.

3,000 linear feet 4-inch cast-iron pipe, four hydrants and quantity of 1-inch wrought-iron pipe; A. P. Dienst, contractor. The cast-iron pipe and the hydrants remain to be delivered.

Vitrified sewer pipe, 15-inch, 12-inch and 8-inch; H. V. Bell, contractor. All of the 15-inch, one-half of the 12-inch and one-third of the 8-inch delivered.

30,000 pounds white clipped oats and 4,000 pounds bran; G. N. Reinhardt, contractor. Nearly all delivered.

Tools and hardware; A. P. Dienst, contractor. Nearly all delivered.

Office of the Department of Parks, Boroughs of Brooklyn and Queens, Litchfield Mansion, Prospect Park, Brooklyn,

October 1, 1903.

Hon. SETH LOW, Mayor of The City of New York:

Dear Sir—I have the honor to submit you herewith, in accordance with the provisions of section 1, chapter 544, of the Charter, a quarterly report of the proceedings and finances of the Department of Parks, Boroughs of Brooklyn and Queens, from July 1 to September 30, inclusive, 1903.

Yours very truly,

RICHARD YOUNG, Commissioner.

Statement of Work Performed by the Department of Parks of the Boroughs of Brooklyn and Queens, During the Three Months from July 1 to September 30, 1903.

Since my last quarterly report, dated the 30th of June, 1903, work has been actively continued on Institute, Sunset and Highland parks, and a large amount of work has been done on the parkways of their system.

Work has been commenced on the park and playgrounds under the Williamsburg Bridge, and a force of men are now engaged in constructing playgrounds on the land which has been acquired and turned over to this Department, being a portion of the site of the Williamsburg Park, in the Bushwick section of the borough.

Institute Park.

Since my last report a complete system of drainage and irrigation has been installed in this important park. The mounds in the rear of the Brooklyn Institute Building have been re-formed and seeded. The paths have been covered with screenings, and the approaches to the terrace have been laid with concrete pavement. The borders of the lake have been sodded and the banks graveled, giving it a finished appearance. The entire work in this great public pleasure ground is completed, and it will be opened to the public at an early date.

Highland Park.

A large amount of work has been done during the past three months in this important park. The macadam drives have been practically completed, the walks improved and a very fine combination music stand and shelter has been erected. An iron picket fence is being constructed, separating the park from private property fronting on Jamaica avenue.

Sunset Park.

The grading and construction of walks has been continued, and an entrance has been created on Forty-first street opposite Sixth avenue and a granite stairway constructed. The contractor is vigorously pushing forward the construction of the rubble retaining wall on Forty-first street. As the work progresses the employees of the Department are filling in behind the wall with loose stone and earth and forming the banks. The work of constructing the banks surrounding the lake in the centre of the park has been completed, the lake connected by water pipes with the lily pond, and the entire work is progressing with rapidity and satisfaction. The Board of Estimate has authorized the purchase of the land between Fifth and Seventh avenues, Forty-third and Forty-fourth streets, for an addition to this park, which is a very desirable acquisition. As soon as it is turned over to the Department work will begin on this new portion, and it will be finished in conformity with the plans already prepared.

The Park and Playground under Williamsburg Bridge.

A contract has been let for the construction of a park on the unoccupied space under the approach to the Williamsburg Bridge, and work of excavating is already progressing rapidly. Topsoil is being put in place and concrete walks are being laid. The plan of improvement includes the construction of a park extending from Berry street to Kent avenue, and from South Fifth to South Sixth street. The park proper will be enclosed with a granite coping, on which will be constructed a two-rail iron fence, walks winding throughout, and trees and shrubs in abundance will be planted.

The block lying between Bedford avenue and Berry street is to be laid out as a playground, with complete gymnasium outfit. This will also be surrounded by a fence. The ground will be covered by limestone screenings and fine gravel. A running track around the border of the park land is provided for. This will be fenced, and when completed it is expected that the entire park will put to a very desirable purpose six acres of land which otherwise would be comparatively useless. It will make a very attractive feature in that section of the City, and the playground, which can be overlooked from the park, will make a new departure, and, it is hoped, a desirable one in parks and playgrounds.

McKinley Park.

This property, consisting of a triangle bounded by Fort Hamilton avenue, Seventy-third street and Seventh avenue, comprising in all about 9-1-3 acres, was purchased by the Finance Department without the formalities of condemnation. Your Commissioner took possession of it on the 25th of September, placing a keeper in charge, raising a flag of the Department over it and putting up proper notices of the City's ownership. No work has yet been undertaken as the funds at the command of the Department do not warrant it. A portion of the property has been laid out as a park, and has been used as such for several years. The cost of parking the entire property will be small, and the work will not be attended by any serious difficulties.

Prospect Park.

The principal new work has been the construction of an entrance at Lincoln road. Owing to the congested condition of travel at the Willink entrance it was found dangerous, difficult and almost impossible for drivers to enter the park at that point; therefore it became advisable, in the judgment of the Commissioner, to open an entrance to the park on Ocean avenue at this point. The roadway is macadamized in the best manner possible, brick gutters laid and the curbs on Ocean avenue on the cycle path cut to prevent the necessity of cyclists dismounting. All the roads, paths and grounds in all portions of the park have been carefully looked after. The grass and weeds in enormous quantities have been removed from the lake and a new greenhouse constructed adjoining the conservatories near the Seventh street entrance.

Forest Park.

Surveys have been made for the construction of nine additional holes in the golf links at Forest Park. The course will be constructed along the hillside, overlooking Jamaica avenue and East New York, and can be built without interfering with the trees and shrubbery. The road from the southerly line of the park land, leading to the summit of the park, has been resurfaced, and a new road connecting with this has been constructed through the park to Myrtle avenue by the use of six inches of broken stone and two inches of limestone screenings. This will make a desirable macadam driveway, which has been very much needed. The other driveways through this important City property have been somewhat improved and generally cared for.

Seaside Park.

This seashore pleasure resort has proven most desirable and has fully demonstrated the possibility of growing plants, shrubs and trees at the ocean front. It has been one of the most attractive parks in the Department, and during the season has probably contained as much bloom as any park of the same area in the entire Department. The walks have been kept in excellent condition, the beach has been patronized by hundreds of thousands and the tents which were introduced have proven a great boon. A music stand and comfort house was erected adjoining the open shelter, and was found a welcome accommodation.

Saratoga Square.

A fine new comfort house and shelter constructed of brick and stone, with slate roof and the latest sanitary improvements, has been constructed, and it is a very valuable addition to the park. The grounds have been kept in excellent condition, the grass cut, shrubbery trimmed, and the park is now in an excellent condition.

Small Parks.

All the small parks throughout the boroughs of Brooklyn and Queens have received the necessary attention, the grass being cut, trees and shrubbery cared for and the sidewalks repaired.

Parkways.

Glenmore Avenue—Large portions of this street have been resurfaced with trap rock, and other portions patched and rolled, the entire work covering about 4,500 feet in length, and the street is now in fairly good condition throughout its entire length.

Pitkin avenue was resurfaced from Ralph to Saratoga avenue, including the intersections. The remainder of the street to Stone avenue is still in bad condition and needs resurfacing, the repairing of this portion being prevented by the necessary occupation of the street by building materials used in the construction of a great number of buildings in that neighborhood.

Eastern Parkway Extension—Repairs were made to the asphalt pavement from Broadway to Douglass street, and work was begun in resurfacing the centre with shale from Stone avenue to Fulton street.

Eastern Parkway—A contract has been let for the laying of cement sidewalks from the Park Plaza to Ralph avenue, the entire length of the street. The contractors are already at work on the southerly side of the boulevard, and are making rapid progress. It is expected that this work will be completed before the end of the year. The roadway at the intersection of Albany avenue was repaved. The curb was reset from Utica to Rochester avenue.

Fort Hamilton avenue was resurfaced from Thirty-ninth street to New Utrecht avenue with Roa Hook gravel, and was partially resurfaced from Sixtieth to Sixty-first street with trap rock. The curb was reset on the westerly side of the street, from Sixty-first to Sixty-second street.

Shore Road—The dry sea wall between Eighty-fourth and Eighty-fifth street has been repaired and the washouts in the banks refilled, but the road is in a dangerous condition, owing to the fact that it is too narrow at many points and the banks are continuously washed. The road should be widened to fifty feet, and the plans of Olmstead & Vaux should be carried to completion at the earliest date possible. Your Commissioner has repeatedly recommended the improvement of this important driveway to the Board of Estimate and Apportionment, and earnestly hopes that ample provision will be made for carrying the work to completion.

Revenue from Parks and Parkways.

During the three months from July 1 to September 30, inclusive, the sum of \$3,131.57 was received from rents of houses, park privileges and auction sales, which amount was turned over to Hon. E. R. L. Gould, City Chamberlain, for deposit to the credit of the "Revenue Fund."

Finances.

Following is a statement of the finances up to and including September 30, 1903. Statement of Appropriations, Expenditures and Balances of the Department of Parks, Boroughs of Brooklyn and Queens, for the Month Ending September 30, 1903.

DEPARTMENT OF DOCKS AND FERRIES.

Transactions of the Department of Docks and Ferries for the Week Ending Saturday, August 1, 1903.

The following communications were received and ordered on file, action being taken thereon as stated, to wit:

From the Mayor—

First—Transmitting complaint from J. M. Ceballos & Co., relative to the condition of the pavement in front of Pier 10, East river. J. M. Ceballos & Co. notified that this Department has no jurisdiction over the area in question, it being within the 70-foot line of South street, and therefore under the jurisdiction of the President of the Borough of Manhattan, whose attention has been called to the matter. Copy of communication to Ceballos & Co. forwarded to the Mayor.

Second—Suggesting that wherever possible materials required by the various City departments be purchased under contract.

Third—Transmitting letter of State Superintendent Maxwell of the Board of Education in relation to the reopening of the Recreation Pier at the foot of East Third street for school purposes, on September 14, 1903.

From the Comptroller—

First—Transmitting petition of Lambert Suydam and Abraham C. Quackenbush, executors and trustees of the estate of Amelia C. Van Brunt, asking for the release of The City of New York in certain lands lying westerly of the marginal street, wharf or place between One Hundred and Twenty-third street and One Hundred and Twenty-fourth street, Harlem river, and asking whether there is any objection on the part of the Department to such release being granted.

Copy of the report of the Engineer-in-Chief transmitted to the Comptroller to the effect that he sees no objection to negotiations being entered into between the Commissioners of the Sinking Fund and the above named applicant, but calling attention to the communication from the Corporation Counsel dated October 30, 1902, in relation to a proposition made by the claimants of the property between One Hundred and Twentieth and One Hundred and Twenty-fourth streets, Harlem river, whereby it was proposed that the City would recover possession of all the area of land lying easterly of the westerly line of the marginal street, wharf or place, the City to release to the claimants all that portion of the lands lying westerly of the line of the marginal street, which proposed settlement was approved by the Commissioner of Docks at that time.

Second—Stating that a claim has been filed by the Erie Railway Company for the sum of \$15,000 for alleged damage to their freight house at the northeast corner of Twenty-second street and Thirteenth avenue, and requesting information in relation thereto. Comptroller advised that freight shed formerly located at the northeast corner of Twenty-second street and Thirteenth avenue collapsed on April 4, 1903, due to the prosecution of dredging for the Chelsea section improvement; that the ground upon which the said freight shed formerly stood is within the lines of the Chelsea section; that the Commissioner of Docks some time ago submitted to the Commissioners of the Sinking Fund a request for authority to condemn the strip of property on the northerly side of Twenty-second street, extending to Thirteenth avenue, upon which the said shed formerly stood, and that under the circumstances it will be advisable to take no action with reference to the settlement of this claim, as the property will be paid for by the City when the condemnation proceedings for the property are completed.

Third—Submitting list of property to be sold for unpaid taxes in the Borough of Manhattan, and asking if any of the property in the list is owned by the City.

The statement of water front property which, in the opinion of the Engineer-in-Chief of this Department, is either owned by the City, or the ownership of some of it will vest in the City in the near future, transmitted to the Deputy and Acting Collector of Assessments and Arrears of the Finance Department.

Fourth—Stating that a claim has been filed by the Central Railroad Company of New Jersey for \$47.24 for damage to freight on Pier 13, North river, and requesting information relative thereto.

The Comptroller was advised of the particulars of the accident, also that the damage caused was not due to any neglect on the part of any of the employees of this Department, but was simply one of those accidents beyond the control of any one.

Fifth—Transmitting the report of the Commissioners of Estimate and Assessment in proceedings for condemnation of the bulkhead on the East river, between Twentieth and Twenty-first streets, East river, together with order of the Supreme Court confirming report and asking that requisitions be drawn for the amount of the awards aggregating \$100,351.95, in favor of the Consolidated Gas Company of New York, the former owners of the property, and stating that he has fixed upon August 15, 1903, as the date when payment of the awards will be made.

Auditor directed to note description of the property and to draw requisitions.

From the Corporation Counsel—

First—Stating that the Brooklyn City Railroad Company is authorized to occupy Fulton street, Borough of Brooklyn, to the termination thereof at the bulkhead line, under the consent granted in 1853 by the Common Council of the City of Brooklyn; that the pier and bulkhead at the foot of said street is owned by The City of New York, but under the terms of the Greater New York Charter the Commissioner of Docks may lease property owned by The City of New York along the water front, and that he knows of no provision which would except the pier and bulkhead at the foot of Fulton street from such leasing, and that therefore the City can make a lease of the pier and bulkhead referred to to the Pennsylvania Railroad Company.

Second—In relation to the communication from James W. Hawes, relative to the lands under water between Forty-ninth and Fifty-first streets, East river, stating that no structure of any kind can be placed upon the lands under water in front of the uplands owned by the Beekman estate which would interfere with the use of said property by the said estate or its lessees.

Third—In relation to chapter 624 of the Laws of 1903, amending sections 180, 822, 823a and 826 of the Greater New York Charter, and stating that from a reading of the whole act it seems reasonably fair that the Legislative intent was that power should be given to the City authorities to do everything needful to acquire and operate a ferry from the Borough of Manhattan to the foot of Thirty-ninth street, South Brooklyn; that the ferry might be acquired speedily by direct purchase, as the owners of the ferry would probably be willing to dispose of their property at a reasonable price; that under provisions of the act the Commissioner of Docks, with the unanimous approval of the Sinking Fund Commissioners, is authorized to purchase the necessary real estate, property, plant or equipment of the ferry, but that if the purchase cannot be consummated by private agreement, an offer to purchase should be made to the owners pursuant to section 822 of the Charter, after which condemnation proceedings could be commenced, and that then a stipulation could undoubtedly be entered into with the ferry company, for the City to take possession of the property and to pay to the company interest upon whatever awards might be made in the condemnation proceedings.

Fourth—In relation to the request made by the Commissioner of Public Charities and the New York City Farm Colony for the construction of a pier on the north shore of Staten Island, and stating that in 1902 an action was commenced against the City by Thomas W. Butts to determine the title to the lands under water in front of the easterly half of Van Pelt avenue, claim of title being based upon letters patent from the Commissioners of the Land Office, issued in 1895 to Butts, conveying the lands under water in question from the high-water line out to the pier and bulkhead line established by law, the City claiming that the lands under water were in front of a public street, and that therefore the letters patent were void, the case being decided in favor of the plaintiff, and that the City does not therefore own the lands under water in front of the easterly half of Van Pelt avenue; the Corporation Counsel adds that section 83 of the Greater New York Charter, passed in 1897, conveying lands under water to The City of New York, gave title to the lands under water in front of Summerfield avenue, in the Borough of Richmond, to the City, if no letters patent of the lands under water were issued prior to the consolidation. The Engineer-in-Chief directed to prepare plans, specifications and form of contract for a pier at the above location, provided there are no grants of lands under water within the lines of said street.

Fifth—Stating that under the stipulations entered into with the owners of the property between Little West Twelfth and West Thirteenth streets, North river, the City will take possession of the same on August 1, 1903, and suggesting that James Cunningham, lessee of the store at No. 21 Bloomfield street, be directed to remove all his property from the building.

Cunningham directed, under date of July 31, 1903, to remove all his property from the building No. 21 Bloomfield street at once.

Sixth—Stating that permission may be granted to P. Henry Dugro to establish a coal yard between Forty-ninth and Fiftieth streets, North river, the permit to continue at the pleasure of the Commissioner of Docks.

Seventh—In relation to communication from A. M. Harris as to the ownership of the water front at the foot of Tysen street, Bard avenue, Jersey street and Arrietta street, in the Village of New Brunswick, Borough of Richmond, and stating that no examination of the title to the lands under water in front of the streets has been made, but that if at the time of annexation on January 1, 1898, the streets in question intersected the high water line, and no letters patent were issued to the adjacent owners or to the owners of the bed of the streets in question, which ownerships were subject to the easements of the public as and for a street, the lands under water in front of the streets were, under the provision of section 83 of the Greater New York Charter, vested in The City of New York, and that a requisition may be made by the Commissioner of Docks to the Commissioners of the Land Office for letters patent of all such lands under water whenever the same are required by the Board of Docks. The Engineer-in-Chief was directed to prepare a technical description of the land under water required for the improvement of the water front at the above location, that an application may then be made to the Commissioners of the Land Office for a grant of such land under water.

Eighth—In relation to the protest of the Beekman Estate against the construction of a pier by this Department at the foot of East Forty-ninth street, and stating that by the street opening proceeding the City acquired the title to the fee of the land within the lines of Forty-ninth street from river to river; that the riparian privileges at high water mark were appurtenant to and cannot be separated from such lands, and that the City therefore also acquired title to such riparian privileges; that the City already owns the land under water in front of said street, and that the Commissioner of Docks has therefore full power and authority to erect a pier or wharf at the foot of the street, the structure, however, to be entirely within the lines of the street. The Corporation Counsel adds that care must be taken that no material is deposited or any encroachment authorized beyond the north and south lines of the street extended. Copy of opinion transmitted to Gerard Beekman and J. William Beekman, as trustees of the Beekman Estate.

Ninth—In relation to the application of Michael F. Burns for permission to build an overhead coal conveyor across East street, between Delancey and Rivington

streets, East river, and stating that section 819 of the Greater New York Charter gives the Commissioner of Docks jurisdiction over the widened portion of an exterior street or avenue, has no application to the present East street, and that as that street has not been widened under the new plan, the Department of Docks and Ferries has no jurisdiction over the premises, but that such jurisdiction is vested in the Borough President, Michael F. Burns, and the President of the Borough of Manhattan, advised in accordance with the opinion of the Corporation Counsel.

From the Municipal Civil Service Commission—

First—Transmitting list of persons whose names were taken from the payroll for the week ending July 17, 1903, for the reason that their names do not appear upon the former payroll as having worked during the preceding week.

Second—Requesting information relative to the employment of John J. McGahren and Michael McHugh, as Recreation Pier Cleaners in the Department. Civil Service Commission notified that the name of John J. McGahren was stricken from the rolls of this Department for failure to report for duty on June 30, 1903; that he later reported for duty and was assigned as Recreation Pier Cleaner; that the Commissioner therefore rescinded his former action in revoking McGahren's appointment; also that Michael McHugh, appointed as Recreation Pier Cleaner, was reappointed to that position in the Department on June 3, 1903, and still remains on the list of employees, not having been discharged since that date.

From Commissioners of the Sinking Fund—

Transmitting certified copy of resolutions adopted July 27, 1903, approving lease to John J. Hopper of the bulkhead and upland north of West One Hundred and Thirty-fifth street, North river, and approving plan for the improvement of the water front in the vicinity of Winant avenue, Rossville, Borough of Richmond.

From the Department of Street Cleaning—

Asking that dredging be done at the dump foot of Clinton street, East river. The Street Cleaning Department advised that there is no contract outstanding under which this work could be done, but that such contract will be awarded as soon as possible.

From the Department of Taxes and Assessments—

Stating that the real estate lying between the northerly line of West One Hundred and Thirty-fourth street and the southerly line of West One Hundred and Thirty-fifth street, North river, extending from the westerly boundary line of the New York Central and Hudson River Railroad Company's right of way to the present bulkhead, is assessed for 1903 at \$32,000 apportioned. Secretary directed to prepare offer of purchase of above mentioned premises, for service upon the owner or owners thereof.

From the Department of Water Supply, Gas and Electricity, Bureau of Lamps and Gas—

Asking to be advised as to the number of lights that will be installed in the new recreation building on Pier, new 30, East river, foot of Rutgers street. The plans showing the proposed location of lights on the recreation pier in question submitted by the Engineer-in-Chief, transmitted to the Engineer of Surface Construction, Department of Water Supply, Gas and Electricity.

From the Auditor—

Stating that the Central Crosstown Railroad Company is maintaining tracks at the foot of Christopher street, North river, for which no rental has been paid to the Department and suggesting that a charge of \$100 per annum be made for the privilege of maintaining said tracks, to take effect from August 1, 1903. Ordered, and the Central Crosstown Railroad so notified.

From W. H. Baldwin, Jr., on behalf of the Pennsylvania, New York and Long Island Railroad Company—

Protesting against the lease to John H. Starin of the East Thirty-second Street Pier, and stating that he is willing to pay over \$2,500 per annum for a lease of said pier, and asking that it be offered for sale at public auction; and asking also that proceedings be taken to place the Pennsylvania, New York and Long Island Railroad Company in possession of the East Thirty-third Street Pier, under the lease as tenants of the City after the company has acquired the right of the present tenant by condemnation or otherwise. Comptroller advised of the history connected with this matter in communication under date of July 27, 1903.

From the Bellevue and Allied Hospitals—

First—Requesting that a pier be constructed by this Department at the foot of East Thirtieth street to take the place of that at the foot of East Twenty-eighth street, which will be closed by the closing of Twenty-eighth street, east of First avenue. Bureau order to the Engineer-in-Chief to prepare plans for pier at the foot of East Thirtieth street, and Dr. John W. Brannan, President of the Board of Trustees of the Allied Hospitals so advised.

Second—Stating that an application has been made by them to the War Department for a change in lines between Twenty-sixth street and Twenty-ninth street, East river, and asking that this Department endorse their request for such change. Dr. John W. Brannan, President of the Board of Trustees of the Allied Hospitals, advised that this Department will have no objection and will consent to the change in lines referred to in the event of the City authorizing the closing of Twenty-eighth street, between First avenue and the East river, and also authorizing the construction of the Bellevue Hospital building as desired by the Board of Trustees of said hospital.

From the Engineer-in-Chief—

First—Suggesting that a location be assigned for the chapel of the Protestant Episcopal Church Missionary Society for Seamen in front of the bulkhead, immediately adjacent to the easterly side of the recreation pier No. 30, East River. Location assigned provided consent in writing is first filed with this Department by the Contractors putting up the recreation pier stating specifically that such berth will not interfere in any way with their work.

Second—Submitting map and description of buildings between Little West Twelfth and Bloomfield streets, North River, to be sold at public auction, and recommending that the form of advertisement for sale be forwarded to the Corporation Counsel for approval before printing. Form of advertisement ordered to be transmitted to the Corporation Counsel for approval, and after such approval the terms and conditions of sale to be printed and advertised at once.

Third—Partial Report on Bureau Order No. 1464.

Submitting list of machinery, etc., in the buildings on the block between Little West Twelfth and West Thirteenth streets, North river. Copy of report sent to Corporation Counsel and Engineer-in-Chief directed to make full report.

From the Hamburg-American Line—Transmitting bill for \$3,693.75 for dredging in the slips adjoining the West Twenty-fifth Street Pier, and asking that the same be paid by this Department. The claim referred to the Comptroller, and a statement of the facts transmitted therewith.

From the Interurban Street Railway Company; also the Metropolitan Street Railway Company—Requesting to be advised as to whether the compensation now being paid by them for car tracks at the foot of Christopher street, North river, is correct. Notified that the rental charged is correct and will be continued at the same rate.

From M. Kane & Son—Stating that the location heretofore used by them for the storage of building material between Piers, new 42 and 43, North river, is no longer available, and requesting that storage space between Piers, new 46 and 48, North river, Application denied.

From H. Lange & Co., by R. W. Thompson, Jr., Attorney—Requesting a lease of premises with the privilege of maintaining a coal yard between Ninety-sixth and Ninety-seventh streets, North river. Application denied.

From William J. McGirr—Stating that the contractors are again taking up the pavement over the sewer at the foot of Forty-fourth street, North river; that it is practically impossible for him to use the dump maintained thereat, and asking that the lease of the dumping board privilege held by him be canceled. Application denied, the Auditor having reported that the Metropolitan Street Railway Company has no objection to permitting McGirr or any one else to pass from Forty-third to Forty-fourth street through the property occupied by said company in case the pier at Forty-fourth street or the dumping board thereat are inaccessible through Forty-fourth street, and that therefore there is nothing to warrant the cancellation of the lease.

From Thomas Morissey—Requesting permission to maintain a lemonade stand at the foot of Twenty-third street, East river. Application denied.

From the New York Central and Hudson River Railroad Company—Complaining of the asphalt pavement in front of Pier, new 31, North river.

Second—Requesting that the work of widening the inner southerly side of Pier, new 34, East river, be accomplished at the earliest possible moment, as the platform is badly needed for freight purposes; and stating that early in September next they will be prepared to execute the lease of the extension upon the return of the president of the company from Europe.

Third—Asking that the lease of the additional 42 feet of bulkhead between Thirty-third and Thirty-fourth streets, North river, be prepared so that it can be executed by the president of the company on his return from Europe early next September.

Fourth—Asking that the matter of the lease of the Franklin street ferry property be held over until September upon the return of Mr. Pollock from Europe. The said company advised that it may hold over at the Franklin street ferry at the same rental for the ferry franchise, viz., \$3,500 per annum, until the transfer is made to Cortlandt street in accordance with recommendation of the Auditor.

From E. E. Olcott, requesting rebate for fifteen days' rent of the West Twenty-second Street Pier for the period during which the berth at the north side was entirely occupied by dredge. Rebate of \$200 granted, being fifteen days' rent, as recommended by the Auditor.

From H. de B. Parsons, Consulting Engineer—Requesting appointment as Naval Architect in connection with construction of ferryboats by the Department.

From the Pennsylvania Railroad Company, asking that sprinkling in front of Piers 27, 28 and 29, North river, be done properly. Advised that instructions have been issued that the contractor use the utmost diligence in the matter of sprinkling the pavement in question.

From Frederick Semken, protesting against the erection of pier by Arthur Hanley, representing the estate of William West, at Twenty-second avenue, Gravesend Bay, Borough of Brooklyn. Notified that his protest has reference to some contemplated work, as nothing has been done at the premises mentioned up to the present time, but that if a request comes to the Department for a permit to erect a structure due consideration will be given to any detrimental effect which the granting of such a permit might have upon adjoining interests.

From C. H. Southard, requesting release from bond given for the removal of building purchased by him between Eighteenth and Nineteenth streets, North river. So ordered, Engineer-in-Chief having reported that buildings were removed in substantial accordance with the terms of sale.

From Weber & Bunkey, requesting a lease of bulkhead and land between Ninety-sixth and Ninety-seventh streets, North river, for the purpose of carrying on a coal business thereat. Application denied.

From the Whitestone Hollow Spar and Boat Company, requesting that the wharfage charges for landing the Davis Transportation Company's boats "Hattie Palmer" and "Mary Gordon" at Whitestone Landing for the purpose of receiving shipments of applicant company be reduced. The Whitestone Hollow Spar and Boat Company advised that the wharfage charges are fixed by law, and that it appears that the owners of the said boats do not object to the rates now charged, but decline to land at Whitestone more frequently in consequence of the small amount of freight received.

From Thomas Ward, by Henry C. Wilcox, attorney, asking that the location of the hydrant between Seventy-ninth and Eightieth streets, North river, be changed so as not to interfere with their structures to be erected thereat. The Department of Water Supply, Gas and Electricity requested to have the hydrant now located north of West Seventy-ninth street removed to a point along the northerly line of said street, as in its present location it interferes with the use of the property at that point under jurisdiction of this Department.

The following permits were granted, the work to be done under the supervision of the Engineer-in-Chief of this Department:

Hy. Dubois Sons' Company, to construct a pier 200 feet long by 15 feet wide, extending from the bulkhead between Central and Van Pelt avenues, at Mariners' Harbor, Borough of Richmond. The work to be done in accordance with plans submitted, as amended.

E. A. Cruikshank & Co., agents, to dredge on the east side of Pier 3, East river. Waverly Boat Club, to drive cluster of piles for the protection of their boathouse at One Hundred and Fifty-sixth street, North river, said piles to remain thereat only during the pleasure of the Commissioner of Docks.

Weber & Quinn, to erect and maintain coal-handling apparatus at the southerly side of the Seventh street basin, Gowanus canal, Borough of Brooklyn, said structures to be erected in accordance with plans submitted and to remain thereat only during the pleasure of the Commissioner of Docks.

Gas Engine and Power Company and Chas. L. Seabury & Co., Consolidated, to drive piles at Morris Heights, Harlem river, Borough of The Bronx, to be used in connection with their boat-building establishment thereat. Work to be done in accordance with plans submitted, and said piles to remain thereat only during the pleasure of the Commissioner of Docks.

Hon. P. H. Dugro, to do temporary work as mentioned in his communication of July 11, 1903, at property north of Forty-ninth street, North river, this permit to remain in effect during the pleasure of the Commissioner of Docks only, a detailed drawing of the work to be done hereunder to be submitted to the Commissioner of Docks for his approval before any work is actually undertaken.

The following permits were granted, the work to be done under the supervision of the Engineer-in-Chief of this Department and to be kept within existing lines.

William T. Ferris, agent, to make repairs to Pier, old 28, East river.

The Standard Oil Company of New York, to make repairs to the bulkhead north of Eighth street, East river, Long Island City, Borough of Queens.

The following permits were granted, the privilege to continue only during the pleasure of the Commissioner of Docks:

Geo. H. Tinsdale, to place a flower-stand in front of the ferry house at the foot of Twenty-third street, East river, to occupy space 6 feet long by 4 feet wide, at a point to be designated by the Superintendent of Docks, compensation to be paid for the privilege at the rate of \$2 per month, payable monthly in advance to the Dockmaster of the District, and this permit to be revoked if any complaint is received by this Department in relation thereto.

The following permits were granted, the privilege to continue only during the pleasure of the Commissioner of Docks, but not longer than April 30, 1904:

Chas. Schaefer, to use and occupy a berth on the north side of Pier 5, Wallabout Basin, Borough of Brooklyn, compensation to be paid thereat at the rate of \$2 per day, payable at the end of each week to the Dockmaster of the District, and to commence from the time the permittee begins to use said berth.

War Department, by D. D. Wheeler, Assistant Quartermaster-General, U. S. A., requesting permission to land soldiers from the steamers "General Meigs" and "Canby" at Pier, old 56½, foot of Bloomfield street, North river, on Saturday, August 1, 1903, for the purpose of participating in the ceremonies at the unveiling of the statue of John Ericsson in Battery Park on that date. Permission granted to War Department to land troops at Pier 56½, North river, foot of Bloomfield street, about 12 o'clock noon on Saturday, August 1, 1903.

The following permits were revoked:

To the American Ice Company, for the use of the old pier at the foot of Eighth street, North river, or any part thereof, to take effect on August 31, 1903.

To Albert H. Hastorf, for dumping board between Ninety-fourth and Ninety-fifth streets, East river, and said Hastorf directed to remove the dumping board at once, the premises having recently been leased to the Manhattan Transport Company.

To J. Eltz & Son, to occupy berth at the pier foot of West Fifty-fifth street, North river, as of the date of issue—April 19, 1902.

Specifications and form of contract for coal submitted by the Engineer-in-Chief were approved, subject to the approval of the Corporation Counsel as to form, and the Secretary directed to have a sufficient number of blank proposals printed and the necessary advertisements inviting estimates inserted in the newspapers designated by law.

The plans, specifications and form of contract for building a pier at Rossville, Staten Island, on Arthur Kills, Borough of Richmond, under Bureau Order No. 1370, were approved, subject to the approval of the Corporation Counsel as to form, and the Secretary directed to have a sufficient number of blank proposals printed

and the necessary advertisements inviting estimates inserted in the newspapers designated by law.

Contract No. 800, for dredging between Bloomfield and Little West Twelfth streets, North river, was ordered advertised in accordance with the recommendation of the Engineer-in-Chief.

The Engineer-in-Chief reported commencement of work of furnishing supplies under Class 5, Contract No. 760, by the Manhattan Supply Company, on July 18, 1903, and the work of furnishing supplies under Class 10 of Contract No. 760 by A. Gunnison & Co. on July 24, 1903; also the completion of the work of building an extension of the Pier at the foot of Canal street, North river, under Contract No. 767 by Barth S. Cronin, contractor, on July 24, 1903. Comptroller notified in each instance.

J. P. Hansen, contractor, under Contract No. 781, submitted the consent of the Fidelity and Deposit Company of Maryland to the extension of time to and including July 30, 1903, for the completion of opening the recreation structures at the foot of Barrow and West Fifth streets, North river.

The Corporation Counsel approved forms of advertisement and forms of contracts No. 796, for printing contracts; No. 798, for dredging between West Fifteenth and West Sixteenth streets and at West Eighteenth street, on the North river; No. 799, for dredging between West Thirteenth and West Fifteenth streets, on the North river, and No. 800, for dredging between Bloomfield and Little West Twelfth streets, on the North river.

The Comptroller approved sureties on Class 2, Contract No. 793, for furnishing broken stone.

The substitution of the Aetna Indemnity Company as surety in the place of J. F. Gleason and F. B. Earle on the estimate of George W. Montgomery for furnishing supplies under Class 3 of Contract No. 760 was approved.

Order No. 22,012 was awarded to the Borough Supply Company of No. 600 De-graw street, Brooklyn, for six dozen scrapers for \$136.80.

The application of Max Drucker, Messenger, for restoration of salary to \$1,200 per annum was denied.

The application of John T. Hilton, Transitman, for restoration of salary was denied.

The request of Arthur Casson, Clerk, for an increase in salary was denied.

George E. Rodgers, No. 96 Milton street, Brooklyn, was on July 25, 1903, appointed Dockmaster in the Department in the place of John J. Donohue, resigned, with compensation at the rate of \$1,500 per annum, to take effect when he files his official bond with the Comptroller and as soon thereafter as he reports and is assigned to duty.

The Municipal Civil Service Commission was requested to change the title of Harry S. Dearie from Dockbuilder to Painter.

The title of Joseph J. Harmon, Flagger, was changed to that of Dockbuilder, subject to the Municipal Civil Service Commission's approval, and his compensation fixed at the rate of 43¾ cents per hour while employed.

The titles of James J. Bergen, Cornelius Donovan and John Bartenberg were changed from Laborer to Dockbuilder, subject to the approval of the Municipal Civil Service Commission, and their compensation fixed at 43¾ cents per hour while employed.

The title of John J. Finn, Leveler, was changed to that of Transitman, subject to the approval of the Municipal Civil Service Commission, his salary to remain as at present.

Henry Weber, Marine Sounder, was granted a leave of absence from August 3 to August 8, 1903, without pay.

The application of Michael Murray, Rigger, for promotion to the position of Foreman Rigger was denied.

James H. Daley, Dockmaster, was notified to appear before the Commissioner of Docks at his office, Pier "A," North river, July 28, at 12 o'clock, noon, and explain why he allowed the opening of the pavement at One Hundred and Second street, Harlem river, without permit.

The Municipal Civil Service Commission was advised that the title of Joseph Byrnes, Dockbuilder, was changed to Foreman Dockbuilder, as of June 1, 1903, with compensation at the rate of 50 cents per hour while employed, this change in title to be subject to the approval of the Municipal Civil Service Commission; that the title of Thomas F. Halpin, Laborer, was changed to Dockbuilder on June 25, 1903, with compensation at the rate of 43¾ cents per hour while employed, subject to the approval of the Municipal Civil Service Commission; and that the title of Cornelius Ryan was changed from Dockbuilder to Foreman Dockbuilder on June 1, 1903, subject to the approval of the Municipal Civil Service Commission, with compensation at the rate of 50 cents per hour while employed.

The following orders were issued to the Engineer-in-Chief:

Bureau Order No. 1549, to make necessary repairs to the cribwork and bulkhead foot of One Hundred and Thirty-second street, Harlem river, at a cost not to exceed \$750.

Bureau Order No. 1552, to drive 10 or 15 piles between Dexter's swimming baths and the floating dumping board maintained by the Independent Contracting Company at Little West Twelfth street, North river, and report cost of the work for collection from the said Independent Contracting Company.

Bureau Order No. 1565, to make the necessary repairs to the Pier foot of Metropolitan avenue, Borough of Brooklyn, where damaged by car float No. 4, owned by Lowel M. Palmer, and report the cost of repairs for collection from said Palmer.

Bureau Order No. 1566, to prepare plans, specifications and form of contract for dredging the following described premises: Beginning at a point on the Harlem river, where the bulkhead along the southerly side of Cromwell's creek intersects the same; thence extending easterly along the southerly side of said bulkhead a distance of 1,700 feet to the westerly line of East One Hundred and Sixty-first street, extending from the face of the cribwork to the middle of Cromwell's Creek, a distance varying at its westerly end of from 70 feet to about 45 feet at its easterly end—and report the cost thereof to be transmitted to the Board of Assessors to be assessed against the property benefited thereby; the representative of William Waldorf Astor having been notified on June 18, 1903, to dredge and deepen the above described premises, but up to the present date no work has been begun under said order.

The Engineer-in-Chief returned Bureau Orders—

No. 661, and reported that the old Battery Boat Landing has now been turned over for the purposes of the underground Rapid Transit Company; that it will not, therefore, be necessary to prepare plans and specifications and forms of contract for the enlargement of the structure as ordered by the Commissioner on September 10, 1902.

No. 1484, and reported that by boring a few two-inch holes at about the centre of the depressions on the West Ninety-sixth Street Pier the latter now drains as well as any other unshedded pier.

F. Thielan, Jr., was notified to appear before the Commissioner of Docks on Wednesday, August 5, 1903, at 12.30 p. m., and show cause why penalty should not be passed on him for violation of the rules and regulations of this Department in having cut a drain in the asphalt pavement on the dock front at One Hundred and Second street, East river, without a permit from this Department.

George S. Hervey, No. 192 Willoughby street, Brooklyn, was again directed to place a few piles on the side and in the rear of the scow at Sand Bay, Gowanus, in order that accidents might be prevented, in case of storm, to the property of the adjacent owners.

Frank & Olin, Bay Forty-ninth street and Gravesend bay, Brooklyn, were notified to appear before the Commissioner of Docks on Wednesday, August 5, 1903, at 12 o'clock noon, and show cause why a penalty should not be imposed upon them for violation of the rules and regulations of this Department in having failed to remove certain piles driven by them at the foot of Bay Forty-ninth street, Gravesend bay, Borough of Brooklyn, and piles having been driven without a permit from this Department.

The rental to be paid by the Metropolitan Street Railway Company for the premises occupied by them—about 200 feet between the north side of West Forty-third street and the southerly side of West Forty-fourth street—was fixed on July 30, 1903, at \$1,500 per annum, to take effect from August 1, 1903.

A Cary Smith, of Cary, Smith & Barbey, naval architects, was appointed on July 29, 1903, as Naval Architect to render service to the City in designing ferry boats, including all their parts, for the Staten Island Ferry service, referred to in a resolution passed by the Commissioners of the Sinking Fund July 2, 1903, and in accordance with the opinion of the Corporation Counsel, dated July 20, 1903, com-

pensation to be upon such terms as may be agreed upon by the Commissioner on behalf of the City, and not exceeding the regular professional charges.

Colonel E. A. Stevens, of Saddler, Perkins & Co., naval architects, was appointed on July 29, 1903, Consultant to this Department to render service to the City in regard to ferry boats for the Staten Island service, recently referred to in a resolution of the Sinking Fund, July 2, 1903, and in accordance with the opinion of the Corporation Counsel, dated July 20, 1903. Compensation to be upon such terms as may be agreed upon by the Commissioner on behalf of the City, and not exceeding the regular professional charges.

Leonard Furman, of West Seventeenth street and Coney Island creek, was notified to appear before the Commissioner of Docks Wednesday, August 5, at 12 o'clock noon, to show cause why penalty should not be imposed upon him for violation of the rules and regulations of the Department in having failed and refused to make certain changes directed by this Department for the purpose of strengthening the floor system of the coal pockets erected by him between West Seventeenth and West Nineteenth streets, Coney Island creek, Borough of Brooklyn.

The terms and conditions for the sale of old material submitted by the Engineer-in-Chief on July 11, 1903, was ordered to be advertised for sale at public auction.

The Comptroller was advised on July 31, 1903, that the blocks between Thirteenth and Fourteenth streets and Tenth and Thirteenth avenues will be required immediately for the work of improvement, and requested therefore to make no leases or terms to any person or persons occupying buildings on these blocks and to give the tenants the usual 30 days' notice that the building will be sold.

The Corporation Counsel was requested, in connection with his opinion written to this Department under date of July 20, 1903, to advise the Commissioner whether the said opinion would apply to the retaining of architects to furnish plans and specifications to the Department for the construction of the ferry houses at present in existence at the terminals of the Staten Island Ferry, and the construction of new buildings at the different ferry terminals recently designated by the Commissioners of the Sinking Fund.

William Bradley, Eighty-sixth street and Broadway, New York City, was notified that if he desired to continue in occupancy of the premises occupied by him between Seventy-seventh and Seventy-eighth streets, North river, in the jurisdiction of this Department, for the purpose of storing iron girders, pipes, timbers, trucks, etc., it will be necessary for him to make application to this Department for a permit and agree to pay the rental fixed for the use of said premises.

Davis Luper was advised in reply to his communications of July 12 and July 27, 1903, requesting reinstatement to the position of Laborer in this Department, that on March 28, 1903, his name was dropped from the list of employees of this Department, he not having worked during the preceding year, and that it is impossible to reinstate him now owing to the existence of a preferred eligible list of Laborers now on file in the office of the Municipal Civil Service Commission.

Herbert Parsons was advised in reply to his inquiry of July 16, 1903, that the Department issued estimates to the Board of Estimate and Apportionment and the Commissioners of the Sinking Fund on January 28, 1903, of moneys required for the use of the Department for the year 1903, amounting to \$14,000,000. Of this sum about \$9,600,000 was for the acquisition of wharf property, about \$4,000,000 for the construction of piers, bulkhead walls, etc., and the remainder, about \$400,000, for monthly payrolls, maintenance of recreation piers, cleaning marginal streets, piers, bulkheads and general expenses of the Department; that of this sum the Board of Estimate and Apportionment has already authorized the issue of six million dollars, one million of which is subject to the approval of the Board of Aldermen, as required by section 180 of the Charter. The proceeds of the sale of Corporate Stock is placed by the Comptroller to the credit of the Dock Fund, and all the expenditures of the Department to the acquisition of property, construction, repairs, and maintenance, etc., are paid out of this fund. The Department will be called upon in the near future to pay out several millions of dollars for wharf property, which is being acquired under condemnation proceedings in the Chelsea section, and it is doubtless for the purpose of meeting these payments that the Finance Department desires to obtain the approval of the Board of Aldermen for the issue of Corporate Stock.

The Corporation Counsel was requested to at once institute condemnation proceedings for the acquisition of title on behalf of the Corporation of The City of New York to land and land under water and bulkhead rights between the northerly line of West Forty-first street and the southerly line of West Forty-second street, North river, including the bulkhead westerly of the westerly side of Twelfth avenue, in the Borough of Manhattan, required for the erection of the pier at the foot of West Forty-first street by this Department and for the improvement of the bulkhead northerly therefrom.

A set of the various maps and plans which were under consideration at the meeting held on Friday, July 24, 1903, and also a copy of the stenographer's minutes and a statement of the number of passengers carried on the various lines as submitted by the steam and trolley companies on January 30, 1903, were forwarded to E. W. Winter, Chairman of the Consulting Board in the matter of the Municipal Staten Island Ferry.

The Commissioner made and served upon the Atlantic Dock Company the following offer:

Whereas, Under section 822 of the Greater New York Charter, the Commissioner of Docks of The City of New York, with the approval of the Commissioners of the Sinking Fund, is authorized to acquire, in the name and for the benefit of the Corporation of The City of New York, any and all wharf property in The City of New York as constituted by chapter 378 of the Laws of 1897, as amended by chapter 466 of the Laws of 1901, to which the Corporation of The City of New York has no right or title, and any rights, terms, easements and privileges pertaining to any wharf property in The City of New York now owned by said corporation, and with the approval of the Commissioners of the Sinking Fund, to agree with the owners of said property upon a price for the same, and in case of failure to so agree, to institute legal proceedings to acquire the same for the City; and

Whereas, The Commissioner of Docks is desirous of acquiring in the name and for the benefit of the Corporation of The City of New York, the land and land under water and bulkhead rights hereinafter described, and all rights, terms, easements and privileges appertaining thereto; and

Whereas, The Commissioners of the Sinking Fund of The City of New York, by virtue of a resolution, a copy of which is annexed hereto, did authorize and direct the Commissioner of Docks to make and serve upon the owner of the property hereinafter described, a written offer to purchase the same at the sum of thirty-five thousand six hundred dollars (\$35,600); and

Whereas, It appears that the Atlantic Dock Company, is the owner of the property hereinafter described;

Now therefore please take notice that The City of New York, acting by and through the Commissioner of Docks, offers to purchase in fee simple the following described premises, to wit:

The present pier near the foot of Atlantic avenue southerly of the ferry, together with the lands under water covered by said pier, said pier being 151.8 feet long on the southerly side and varying in width from about 60 feet at the inner end to about 45 feet at the outer end; also the bulkhead and land under water adjoining said pier and bulkhead on the southerly side of said pier, and extending about 106 feet more or less in a southerly direction and in a westerly direction to the pier-head line modified by the Secretary of War in 1902; said bulkhead comprising all the bulkhead and wharfage rights pertaining to the three lots extending from the southwesterly corner of Hamilton avenue and pier north, a distance of 125 feet southerly along the westerly side of pier north; also all right and title not now owned by The City of New York to the street area and approach to the above described pier and bulkhead lying southerly of the ferry building of the Hamilton Ferry and extending from the westerly side of pier north to the above described pier bounded on the southerly by the southerly side of Hamilton avenue as it now exists; also the area extending southerly from said street approach bounded on the west by the present bulkhead and on the east by the building line of the aforesaid lots, extending southerly from the southerly side of Hamilton avenue as it now exists, a distance of 125 feet along the said building line, or a distance of 106 feet, more or less, along the said bulkhead, together with the riparian rights and privileges, the right to collect wharfage and craneage at said bulkhead, and all other rights, terms, easements and privileges appertaining thereto, and to pay the sum of thirty-five thousand six hundred dollars (\$35,600) for a good and sufficient title to the above described property, to be approved by the Corporation Counsel of

The City of New York, and you are hereby requested within ten days after service of this offer upon you to notify the Commissioner of Docks of The City of New York, in writing, of your acceptance of this offer, and whether you will sell said premises, together with all the rights and interests appertaining thereto to The City of New York for the price above mentioned, and in the event of your failure within said ten days to notify the Commissioner of Docks of your willingness to so convey your rights and interests in said premises, it will be deemed that no price can be agreed upon for said property between the owner thereof and the Commissioner of Docks, acting on behalf of The City of New York.

The Commissioners of the Sinking Fund were requested to amend the section of the lease to Thomas Ward of property on the North river, north of Seventy-ninth street, purchased, approved by said Commissioners, by resolution on July 16, 1903, the amended section to read as follows:

"Second—The following described area: Beginning at a point in a line parallel with the northerly line of West Seventy-ninth street, extended, which said parallel line is distant 50 feet from said northerly line of West Seventy-ninth street, extended, and at a point on said parallel line 25 feet easterly from the face of the present bulkhead; running thence northerly at right angles with the northerly line of West Seventy-ninth street a distance of 50 feet; thence easterly on a line parallel with the northerly line of West Seventy-ninth street a distance of 100 feet; thence southerly and parallel with the first mentioned course 50 feet; thence westerly to the point or place of beginning 100 feet; the same being a plot at right angles with the northerly line of West Seventy-ninth street, 50 feet in width in a northerly direction and 100 feet in depth in a westerly direction, and containing an area of 5,000 square feet."

The approval of the Commissioners of the Sinking Fund was requested to the plan of modifications of the lines of Piers, new 17 and 18, East river, consisting in widening and extending these piers in the rear toward the east, such changes being to permit the establishment of a new fish mart.

Under date of June 1, 1903, I communicated with the Corporation Counsel and asked his opinion, in accordance with your request, as to whether the adoption of a new plan, so modified, was valid; though I have not received any written reply, I have been informed orally that such is the case.

A copy of my communication of June 1, 1903, to Corporation Counsel has been previously sent you.

Technical description of the proposed modification, consisting of extensions and widening of Piers, new 17 and 18, East river, enclosed.

Technical Description of Proposed Extensions and Widening of Piers 17 and 18, East River.

Pier 17, East River—The proposed extension and widening of Pier 17, East river, begins at a point in the bulkhead line established in 1871, where the easterly line of Pier 17 intersects the same, and runs thence easterly along said bulkhead line 157 feet to the westerly side of Pier 18; thence southerly and along the westerly side of Pier 18 105 feet; thence westerly on a line parallel with the bulkhead line established in 1871 157 feet to the easterly line of Pier 17; thence northerly and along said easterly line 105 feet to the point or place of beginning.

Pier 18, East River—The proposed extension and widening of Pier 18, East river, begins at a point in the bulkhead line established in 1871, where the easterly line of Pier 18 intersects the same, and runs thence easterly and along said bulkhead line 160 feet to the westerly line of Pier 19; thence southerly and along the westerly line of Pier 19 105 feet; thence westerly on a line parallel with the bulkhead line established in 1871 160 feet to the easterly line of Pier 18; thence northerly and along said easterly line 105 feet to the point or place of beginning.

BOROUGH OF RICHMOND.

LOCAL BOARD—STATEN ISLAND DISTRICT.

Meeting, July 23, 1903, 4 p. m.

Present—President Cromwell, Alderman Maloy, Alderman Gillies, Alderman Shea. The minutes of the meeting of June 8 were approved.

Gordon Street, Hudson Street, Ward 2—Storm Water Sewer. Resolutions 111 and 112. The following resolution was moved by Alderman Gillies and was adopted:

Resolved, That a certain resolution, No. 86, adopted by the Local Board of the Staten Island District, at a meeting held on April 27, 1903, to wit:

To construct a storm water sewer, with the necessary manholes and receiving basins, in Gordon and Henderson streets, from the culvert on Gordon street, east of Gray street, in the Second Ward of the Borough of Richmond; said sewer to be constructed as a temporary sewer, according to the provisions contained in section 394 of the Greater New York Charter; and to do such other work as may be necessary to the completion of the work described.

—be and the same hereby is rescinded; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Affirmative—Alderman Maloy, Alderman Gillies, Alderman Shea, President Cromwell.

Negative—None.

The following resolution was moved by Alderman Gillies and was adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Richmond; and

Whereas, He has appointed a time for a meeting of the Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board; and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, By the Local Board of the Staten Island District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvements, to wit:

To construct a temporary storm water sewer, with appurtenances, in Gordon and Hudson streets, in the Second Ward of the Borough of Richmond, from the culvert in Gordon street, north of Elm street, to the open brook in Hudson street, east of Gray street, in accordance with section 394 of the Greater New York Charter; and to do such other work as may be necessary to the completion of the work described; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Affirmative—Alderman Maloy, Alderman Gillies, Alderman Shea, President Cromwell.

Negative—None.

Lincoln Avenue (Red Lane), Ward 4—Macadamize, Midland Railway Tracks to the Beach.

New hearing on Resolution 61, on report of the Commissioner of Public Works that the cost of the proposed improvement would be much greater than at first estimated. Representative of petitioners urged the improvement, notwithstanding the cost, and President Cromwell stated that the resolution already adopted by the Board would stand.

Richmond Terrace, Ward 3—Repair and Repavement in Mariners' Harbor.

A delegation of citizens urged the repair, without assessment, of a part of Richmond terrace running through the business section of Mariners' Harbor. President Cromwell stated that the Repaving Fund for the Borough of Richmond was nearly exhausted for the current year, but he had no doubt that the repairs desired would be taken by the administration next year.

Morning Star Road, Ward 3—Sewer.

President Cromwell was asked why a sewer had not been laid in Morning Star road, in accordance with a resolution (No. 38) adopted by the Local Board on November 18, 1902; and Assistant Commissioner of Public Works Hillyer stated that the City had not yet succeeded in obtaining an outlet for the system embracing the Morning Star road.

On motion, the Board adjourned.

MAYBURY FLEMING, Secretary.

BOROUGH OF RICHMOND.

LOCAL BOARD—STATEN ISLAND DISTRICT.

Meeting, July 30, 1903, 4 p. m.

Present—President Cromwell, Alderman Maloy, Alderman Gillies, Alderman Shea. The minutes of the meeting of July 23 were approved.

Arrochar Sewer System, Ward 4—Sewer District 6A. Petition 361.

President Cromwell laid before the Board a communication from the Commissioner of Public Works asking that action be taken toward constructing a system of trunk sewers through certain streets embraced in District 6A, in the Fourth Ward, with an outlet at the foot of Nautilus street.

Large property owners addressed the Board, objecting to a heavy assessment to be levied on unprofitable land, already burdened with taxes, and to the scheme proposed, from an engineering standpoint.

Laid over for one week.

Sea View Avenue, Ward 4—Widening and Layout of Adjacent Streets. Petition 343.

President Cromwell laid before the Board a map showing a widening of Sea View avenue and a new layout of adjacent streets, and a communication from the Commissioner of Public Works, urging the adoption of the plan for drainage purposes. Laid over until August 6.

On motion, the Board adjourned.

MAYBURY FLEMING, Secretary.

BOROUGH OF RICHMOND.

LOCAL BOARD—STATEN ISLAND DISTRICT.

Meeting, August 6, 1903, 4 p. m.

Present—President Cromwell, Alderman Maloy, Alderman Shea. The minutes of the meeting of July 30 were approved.

Arrochar Sewer System, Ward 4—Sewer District 6A. Petition 361.

Laid over.

Sea View Avenue, Ward 4—Extension to Southfield Beach Railroad. Petition 364. Referred to Commissioner of Public Works.

Sea View Avenue, Ward 4—Widening and Layout of Adjacent Streets. Petition 343. Resolution 118.

The following resolution was moved by Alderman Maloy, and was adopted:

Resolved, That the Local Board of the Staten Island District, after due advertisement and two public hearings had, and a majority of the owners of assessable property to be affected by the proposed lines and grade appearing and speaking in favor thereof, and no one appearing in opposition thereto, and deeming it for the public benefit that the proposed lines and grades be established, does hereby recommend to the Board of Estimate and Apportionment that certain lines and grades of Sea View avenue and other streets in the Fourth Ward of the Borough of Richmond be placed on the map or plan of The City of New York, as shown on a map or plan entitled "Map or plan

showing layout and grades of Sea View avenue and adjacent streets and avenues in the Fourth Ward, Borough of Richmond, The City of New York," dated, New Brighton, New York City, July 9, 1903; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Affirmative—Alderman Maloy, Alderman Shea, President Cromwell.

Negative—None.

Heberton Avenue, Ward 3—Extension to Richmond Terrace. Petition 365.

The minutes of the meeting of August 6 were approved.

Richmond Terrace, Ward 3—Storm Water Sewer to Bodine's Creek. Petition 366. Resolution 119.

The following resolution was moved by Alderman Maloy and was adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Richmond; and

Whereas, He has appointed a time for a meeting of the Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board; and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is Resolved, By the Local Board of the Staten Island District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvements, to wit:

To construct a temporary storm water sewer in Richmond terrace, from the culvert on Richmond terrace, about 200 feet, more or less, north of the terminus of Jewett avenue to Bodine's creek, in the Third Ward of the Borough of Richmond, according to the provisions contained in section 394 of the Greater New York Charter; and to construct the necessary catch basins and appurtenances, and to do such other work as may be necessary to the completion of the work described; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Affirmative—Alderman Maloy, Alderman Gillies, Commissioner Tribus.

Negative—None.

On motion, the Board adjourned.

Shaughnessy's Lane, Ward 4—To Widen and Extend. Petition 332. Resolution 120.

The following resolution was moved by Alderman Gillies and was adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Richmond; and

Whereas, He has appointed a time for a meeting of the Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board; and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is Resolved, By the Local Board of the Staten Island District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvements, to wit:

To widen and extend Shaughnessy's lane, in the Fourth Ward of the Borough of Richmond, as shown on a map or plan entitled: "Map or plan showing layout and grades of Shaughnessy's lane, extending from Tompkins avenue to Charles street, in the Fourth Ward of the Borough of Richmond, The City of New York," dated August 15, 1903; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Affirmative—Alderman Maloy, Alderman Gillies, Alderman Shea, President Cromwell.

Negative—None.

Bay Street, Ward 2—Widening, Hannah Street to Cross Street. Petition 367.

President Cromwell laid before the Board a plan for the widening of Bay street, Stapleton, from Hannah street to Cross street, as laid out by the Engineers, and stated that the object of the hearing was to invite full discussion of the proposed improvement. A number of citizens asked for information, and the hearing was adjourned for one week.

On motion, the Board adjourned.

MAYBURY FLEMING, Secretary.

BOROUGH OF RICHMOND.

LOCAL BOARD—STATEN ISLAND DISTRICT.

Meeting, September 17, 1903, 4 p. m.

Present—President Cromwell, Alderman Maloy, Alderman Gillies.

The minutes of the meeting of September 10 were approved.

Bay Street, Ward 2—Widening, Hannah Street to Cross Street. Petition 367.

Adjourned hearing. President Cromwell stated that he and the members of the Local Board were not desirous to proceed with an improvement which would entail a considerable assessment on some property owners without hearing the fullest expression of opinion. After discussion on the width of sidewalks, no opposition to the widening appearing, President Cromwell suggested that action by the Board be deferred one week, and the Commissioner of Public Works proceed to draft a complete map.

Which was agreed to.

On motion, the Board adjourned.

MAYBURY FLEMING, Secretary.

BOROUGH OF RICHMOND.

LOCAL BOARD—STATEN ISLAND DISTRICT.

Meeting, September 24, 1903, 4 p. m.

Present—President Cromwell, Alderman Maloy, Alderman Gillies, Alderman Shea.

The minutes of the meeting of September 17 were approved.

Bay Street, Ward 2—Widening, Hannah Street to Cross Street. Petition 367.

Adjourned hearing. Citizens questioned the advisability of the improvement on account of the uncertainty of the cost and of the area of assessment. President Cromwell stated that the area of assessment would undoubtedly be very wide, as an extensive section would be benefited, and that he had no doubt that a large part of the cost would be borne by the City at large.

Laid over.

Rose Avenue, Ward 4—To Grade and Concrete Sidewalks. Petition 335.

President Cromwell stated that he had sent postal cards to the twenty-eight owners of property fronting on Rose avenue, New Dorp, between Richmond road and Tenth street, asking for a ballot, and that he had received fifteen responses, five being in favor of the proposed improvement, nine opposed and one indifferent; and that the frontage represented by this ballot showed 720 feet in favor, 88 opposed and 75 indifferent.

Mr. J. W. Hughes, the original petitioner, presented letters and a corrected list of frontages, showing a majority in favor of the improvement; and President Cromwell stated that it would be impossible to carry out any such improvement until the street had been laid out on the map of the City.

Laid over.

On motion, the Board adjourned.

Palmer Avenue, Ward 3—Regulate and Grade. Petition 360. Resolution 121.

The following resolution was moved by Alderman Shea and was adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Richmond; and

Whereas, He has appointed a time for a meeting of the Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board; and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is Resolved, By the Local Board of the Staten Island District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvements, to wit:

To regulate and grade Palmer avenue, from Richmond avenue to Heberton avenue, in the Third Ward of the Borough of Richmond, and to do such other work as may be necessary to the completion of the work described; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Affirmative—Alderman Maloy, Alderman Shea, President Cromwell.

Negative—None.

New Creek Watershed, Ward 4—Drainage.

President Cromwell laid before the Board the following communication:

Department of Health, Southwest Corner Fifty-fifth Street and Sixth Avenue,
New York, September 9, 1903.

To Honorable GEORGE CROMWELL, Borough President of the Borough of Richmond, New York City:

Sir—The Board of Health of the Department of Health of The City of New York, being of opinion that the protection of the public health requires the drainage of the following described lands situate, lying and being in The City of New York, Borough of Richmond, by means other than sewers, to wit:

The watershed of New creek, on the west shore of the lower bay, on Staten Island, in The City of New York, Borough of Richmond, and extending from New Dorp lane in a northerly direction to and including the South Beach section, said watershed covering an area of about thirty-five hundred acres and being about nineteen thousand two hundred feet north and south and about twelve thousand six hundred feet east and west.

You are, therefore, pursuant to the provisions of section 1215 of chapter 466 of the Laws of 1901, hereby directed and required by the Board of Health of the Department of Health of The City of New York, to drain or cause to be drained, the said lands situate, lying and being in The City of New York, Borough of Richmond, as aforesaid, and more particularly shown on a map filed in the office of the Clerk of the County of Richmond, a copy of which is herewith served upon you, by constructing or causing to be constructed an automatic tide gate at or near the present mouth of New creek so that the same shall allow the escape of inner water at low tide and prevent the ingress of tide water when the same is above the height of the inner water; and you are also hereby directed and required by the said Board to drain or cause to be drained the said lands and to construct or cause to be constructed open ditches connecting with the said New creek and its tributaries, the said ditches to run back into the uplands far enough to drain off all standing water of said watershed.

(Signed) ERNST J. LEDERLE, President, Board of Health.

(Signed) EUGENE W. SCHEFFER, Secretary.

Dated, New York, September 9, 1903.

Referred to the Commissioner of Public Works.

Public Pound.

Alderman Maloy called up the subject of a public pound for the borough, and was informed by President Cromwell that he had had the subject under consideration for nearly a year, but had met with difficulty in finding a place which the City could buy for that purpose.

Perth Amboy Bridge.

Alderman Shea suggested that a committee be appointed by the Local Board to confer with a New Jersey committee, already in existence, in relation to the proposition to erect a bridge from Perth Amboy to the Staten Island shore. On motion of Alderman Maloy, Alderman Shea was appointed a committee.

Clinton Avenue, Ward 3—To Regulate and Grade.

Former Judge A. W. Hulsebus addressed the Board in behalf of the improvement of Clinton avenue, Port Richmond, and President Cromwell stated that a petition had been filed and a hearing would be held.

On motion, the Board adjourned.

Present—Commissioner of Public Works Tribus (presiding), Alderman Maloy, Alderman Shea.

The minutes of the meeting of October 8 were approved.

Bay Street, Ward 2—Widening, Hannah Street to Cross Street. Petition 367.

Adjourned hearing. Property owners protested that the street is wide enough from Richmond road to Cross street, and should be widened only from Hannah street to Richmond road; and that the whole borough, and not the abutting or adjacent property, being to be benefited, the area of assessment ought first to be considered.

Laid over.

Castleton Avenue and Caroline Street, Ward 1—Storm Water Nuisance.

Property owners filed a petition and addressed the Board for relief from damage caused by the frequent overflow of a brook, in the district between Barker and Richmond streets and below Castleton avenue.

Referred to the Commissioner of Public Works.

Arrietta Brook Sewer, Richmond Turnpike, Ward 2—Additional Receiving Basins. Petition 375. Resolution 122.

The following resolution was moved by Alderman Maloy and was adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Richmond; and

Whereas, He has appointed a time for a meeting of the Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board; and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, By the Local Board of the Staten Island District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvements, to wit:

To construct three receiving basins on the south side of Richmond turnpike, between Cebra avenue and Fiedler avenue, in the Second Ward of the Borough of Richmond, as necessary adjuncts to the Arrietta brook sewer system, and to do such other work as may be necessary to the completion of the work described; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Affirmative—Alderman Maloy, Alderman Shea, Commissioner Tribus.

Negative—None.

Second Street, Ward 4—To Extend to Maryland Avenue. Petition 373.

Laid over.

Clinton Avenue, Ward 3—To Regulate and Grade. Petition 371.

Referred to Commissioner of Public Works.

Blackford Avenue, etc., Ward 3—To Lay Out Certain Streets. Petition 374. Resolution 123.

The following resolution was moved by Alderman Shea and was adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Richmond; and

Whereas, He has appointed a time for a meeting of the Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board; and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, By the Local Board of the Staten Island District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvements, to wit:

To place on the map or plan of The City of New York certain streets, as shown on a plan entitled: "Tentative layout of district bounded by Blackford avenue, Nicholas avenue, Hatfield avenue and Richmond avenue, in the Third Ward, Borough of Richmond," dated September 28, 1903.

Affirmative—Alderman Maloy, Alderman Shea, Commissioner Tribus.

Negative—None.

Alderman Maloy urged the extension and widening of John street, First Ward, and filed a petition (379).

Alderman Shea urged the construction of a storm water sewer in Amboy road, Fifth Ward, and filed a petition (377).

On motion, the Board adjourned.

MAYBURY FLEMING, Secretary.

DEPARTMENT OF CORRECTION.

Record of Transactions October 19 to 25, 1903.

Communications Received.

From the Civil Service Commission—Certifying name of John C. King as eligible for appointment as Stationary Engineman, at \$3.50 per diem. Civil Service Commission notified of appointment of Mr. King. Enclosing list of two names (Jas. Elliott, Attendant, Central Office, and James A. Butler, Chief of Bertillon System, Kings County Penitentiary) and asking cause of their leaving Department, with date of same. James Elliott, Attendant, promoted to Keeper; assigned to Workhouse May 1, 1903. James A. Butler, Chief of Bertillon System, resigned March 17, 1903.

From Heads of Institutions—Reporting that meats, fish, bread, milk, etc., for week ending October 17, 1903, agreed with specifications of the contracts. On file. Reports, census, labor, punishments, etc., for week ending October 17, 1903. On file.

From City Prison—Report of fines received during week ending October 17, 1903: From City Magistrates' Courts, \$81. On file. From Inspector James in regard to changes made in new wall on Leonard street. Mr. Mackintosh, Architect, requested to inform Inspector of all changes in plans.

From District Prisons—Fines received, week ending October 17, 1903: From City Magistrates' Courts, \$372. On file. Special report on work of laying new cement floor at Fifth District Prison. On file.

6th. Certificates declaring premises at East New York and Buffalo avenues and No. 310 Watkins street, Borough of Brooklyn, and Nos. 6 and 10 East Thirty-first street, Borough of Manhattan, public nuisances.

On motion, the following orders were entered:

Whereas, The premises at East New York and Buffalo avenues, Borough of Brooklyn, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the cows be removed from the premises, and the keeping of same thereat discontinued; that the manure be removed and that premises be thoroughly cleaned and disinfected.

Whereas, The premises at No. 310 Watkins street, Borough of Brooklyn, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the cows be removed from premises and the keeping of cows thereat be discontinued; that all manure be removed and that the premises be thoroughly cleaned and disinfected.

Whereas, The premises Nos. 6-10 East Thirty-first street, Manhattan, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the walls and ceilings of the stable be cleaned and white-washed; that the wooden floors of the horse stalls and stable on the ground floor and the saturated earth beneath the same be removed, the site cleaned and disinfected, and

the floors of the horse stalls be cemented and so graded as to discharge all liquids into a water-tight, properly trapped, sewer-connected valley drain, and that each stall be provided with a movable rack; that the pit be cleaned and disinfected, and all manure removed therefrom; that hereafter all manure be kept inside the stable and removed from the premises daily, unless pressed in bales, barrels, or boxes, so as to reduce it to not more than one-third of the original bulk.

Very respectfully,

JACKSON WALLACE, Deputy Commissioner of Docks.
Department of Docks and Ferries, Office of the Engineer-in-Chief,
New York, November 2, 1903.

Subject—Quarterly Report Ending September 30, 1903.

To the Commissioner of Docks:

Sir—I have the honor to submit the following statement of work done under my charge and supervision for the quarter ending September 30, 1903:

Beginning at the Battery and going along the North river the first work which the Department has done is the examination of Pier 6, on the North river. This pier is in a dilapidated condition and a thorough examination of it has been made.

The construction of the bulkhead wall in the vicinity of Cedar street has been in progress during the quarter. This section is to extend from about opposite the middle of the block between Carlisle and Albany streets to a point about 40 feet southerly of the northerly line of Cedar street. In connection with the bulkhead wall at this section it is proposed to construct two piers. Considerable work has been done on the construction of Pier 10, at the foot of Albany street, and a contract has been prepared, but not yet let, for the erection of Pier 11, both of which piers are within the line of Cedar street section. The construction of a permanent barrel sewer in this vicinity has also been in progress.

At Pier 22 test piles were driven to ascertain the nature of the river bottom, preparatory to the extension of the pier. A contract has been awarded and work begun on the extension of this pier from the outer end.

At Pier 33, North river, a contract has been awarded and work is in progress for building an extension from the outer end of the pier. Two hundred and seventy-eight feet of new wharfage room has been made during the quarter. This pier was formerly known as Pier, old 42.

At the foot of Barrow street, North river, the recreation structure on Pier 43 is being repaired and painted.

At West Fifteenth street a dumping board has been erected by the Department of Street Cleaning, under a permit from this Department.

At Chelsea section, North river, dredging has been in progress during the quarter. Large property interests in this vicinity have been acquired and extensive work done toward the construction of the wall, 165 linear feet of new wharfage room having been made during the quarter. Factories and other buildings occupying grounds recently condemned for the use of this Department, having been sold at public auction, are being demolished, and the actual work of construction on the wall has been pushed. The old ferry structure of the Erie Railroad Company is being removed. The piers at the foot of West Eighteenth, West Nineteenth, West Twentieth and West Twenty-first streets are being removed, and a new pier is being built at the foot of West Twenty-second street, to be known as Pier 62. An electric lighting plant is being placed on the pier at West Twenty-fifth street by the Hamburg-American Line Steamship Company, under a permit from the Department.

At Forty-seventh street an incinerator is being constructed by the Department of Street Cleaning, and a platform for the same Department for its use.

The recreation structure on the Pier at West Fiftieth street is being repaired and painted under contract let therefor.

At West Fifty-first street an extension of the pier from the outer end has been in progress, and 460 feet of new wharfage room has been made.

A new pier is being constructed at the foot of West Fifty-eighth street, 1,000 linear feet of new wharfage room having been made by work already done during this quarter.

Work on the Pier at West Seventy-ninth street has been temporarily suspended.

At West Ninety-seventh street a new pier is being built by the force of the Department, and 1,080 feet of new wharfage room has been made during the quarter.

The recreation structure at the foot of West One Hundred and Twenty-ninth street is being repaired and painted under the contract let therefor.

Progress has been made in the construction of the bulkhead wall at Claremont section, though no wharfage room has been completed during the quarter. The space in rear of the bulkhead wall is being filled in with earth filling, and the approach to the Pier at West One Hundred and Thirty-first street is being repaired.

On the East river work has been in progress at the Peck slip section of the bulkhead wall. Piers, old 24, 25 and 26, and the sheds thereon in rear of the established bulkhead line were removed. Portions of these piers outside of the established bulkhead line were also removed to make way for proposed piers, new 19 and 20.

A contract has been awarded and work is in progress on the construction of Pier, new 20, near the foot of Peck slip.

At Pier, new 30, East river, there is in course of erection a recreation structure. This work is being done under a contract awarded to Snare & Triest. A Seaman's

Chapel was removed from the bulkhead between Piers 31 and 32 and placed at the bulkhead at the westerly side of Pier 30.

In the vicinity of Jefferson street, East river, a new pier, to be known as Pier 36, has been constructed under a contract let therefor, and 612 linear feet of new wharfage room thereby made.

At East Third Street Pier the work of repairing and painting the recreation structure has been completed.

Repairs were made to the wooden sewer at Twenty-third street section, and the plank approach to the Pier at the foot of East Eighteenth street, together with the water pipes, was removed to make way for the filling to be placed in rear of the wall at this section.

The recreation structure at Twenty-fourth street has been repaired and repainted under contract let therefor.

Considerable work has been in progress at East Thirty-eighth street section during the quarter, though no actual new wharfage room has been made. Earth filling has been placed in rear of that portion of the wall built. A temporary sewer box was constructed, and the remaining portion of the old Pier at the foot of East Thirty-eighth street was removed.

At Forty-ninth street, East river, the work of constructing a new pier has been in progress under a contract let therefor.

At East Seventy-fourth street section the work of constructing the bulkhead has progressed as far as can be until an agreement is entered into with the lessees of the property southerly of the point where the wall now terminates; and it is proposed shortly to commence the construction of a section of the bulkhead wall next northerly of this Seventy-fourth street section.

The recreation structure at the foot of One Hundred and Twelfth street has been repaired and painted under a contract let therefor.

Earth filling is being placed behind the crib bulkhead recently built at One Hundred and Thirty-second street, Hudson river.

At Blackwell's Island the construction of a new pier near the Metropolitan Hospital has been completed under a contract let therefor. The wrecked portion of the old dock at the Almshouse was removed, and an extension connecting the Metropolitan Hospital dock and the Workhouse dock was constructed.

A new dock is being built on the west side of Riker's Island for the Department of Correction, and a float has been placed at Fordham avenue, City Island, for the same Department.

At Hart's Island piles were driven, timber and riprap were placed to strengthen the cribwork along the north and south docks at this Island.

At the foot of One Hundred and Forty-ninth street, North river, a platform is being built by Fred. Geggus under a permit from this Department.

At Webster avenue a crib bulkhead is being built just north of the pier and running into the East river under a permit from this Department.

Along the Eastern Boulevard, on the westerly side of Westchester Creek, Unionport, a pile platform has been constructed by M. L. Leahy under a permit from this Department. At the south side of the Sixth street bridge, on the easterly side of Westchester Creek, a pile platform was erected by G. Robitzek & Bro. under a permit from this Department.

At East One Hundred and Thirty-eighth street, Port Morris, additions and repairs have been made to the coal-hoisting tower under a permit from this Department.

In the vicinity of Cabot street, Oak Point, two mooring cribs have been placed by the New York, New Haven and Hartford Railroad Company under a permit from this Department.

At Morris Heights the work of filling in and the construction of a retaining fence was completed by the Gas Engine and Power Company and the Chas. L. Seabury Company (Consolidated) under a permit from this Department.

At One Hundred and Forty-fourth street, Harlem river, a crib bulkhead is being built by the Mott Haven Company under a permit from this Department.

In the Borough of Brooklyn, among the numerous water front improvements may be mentioned a sheet pile platform between Fifty-seventh and Fifty-eighth streets which is being constructed by Thomas L. Arnold, under a permit from this Department; between Forty-third and Fifty-first streets, Brooklyn, five piers are in course of construction by the Bush Company, Limited, and the crib bulkhead with coal-handling tower and intake pipe is being constructed by the Edison Electric Illuminating Company, between Sixty-sixth street and Wakeman place. In the Atlantic Basin extensive water front improvements are in progress by the New York Dock Company.

At Bay Ridge avenue a new pier is in course of construction under a contract let therefor.

Between Fifty-first and Fifty-second streets, Brooklyn, the work of building a new pier is nearly completed under a contract let therefor.

The recreation structure at the foot of Metropolitan avenue, Brooklyn, is being repaired and painted under a contract let therefor.

An ash-handling structure and a storage house for locomotives has been constructed between Hayward and Oliver streets, Newtown Creek, by the Long Island Railroad Company.

A dumping board has been built at Coney Island for the use of the Street Cleaning Department.

In the Borough of Queens, among the works in progress may be mentioned a marine railway, which has been extended at the foot of Cedar street, Jamaica Bay, by O. L. Roehr Boat Building Works under permit from this Department; a small pier built at the foot of Morris avenue, Arverne, by Remington Vernon; a crib bulkhead at Hammel Station, by the Long Island Railroad Company; a pile bulkhead at Academy avenue, by Jamieson & Bond.

In the Borough of Richmond, a number of pieces of work have been done by a number of private parties, supervised by this Department, and a contract has been awarded for building a wooden pier with appurtenances at Rossville. Plans and studies have been made for the contemplated improvement in the Staten Island Ferry.

At Shooter's Island foundations have been built for a launching way, and a pile and timber bulkhead erected by the Townsend-Downey Ship Building Company under a permit from this Department. Two piers were constructed at St. George by the Staten Island Rapid Transit Railroad Company.

Along the marginal street on the North and East rivers, asphalt has been laid at various places where necessary to repair the pavement; and new pavement is being laid between Eighteenth and Twenty-first streets on the East river, and between Piers, old 20 and new 16 on the East river.

The timber basin on the North river and pile basins on the North river and Sherman's creek, the basin for the storage of old material at Brooklyn, and the Department yards at West Fifty-seventh street and East Twenty-fourth street have been maintained and cared for.

The recreation buildings on the North and East rivers have been maintained and cared for, and repairs made where necessary.

All of the floating property of the Department has been cared for during the quarter, and has been repaired from time to time when necessary.

The surveys of the water front and the structures thereon on the North, East and Harlem rivers, in the boroughs of Manhattan and The Bronx, have been made, and an extensive survey of the water front of Queens and Richmond is in progress. All the dredging has been supervised, whether done by the Department or private parties.

Repairs other than dredging have been made at various places under order or permit from the Commissioner of Docks. Repairs, alterations and other pieces of work by private parties under order or permit from the Commissioner of Docks have been supervised during the quarter.

In the office of the Engineer-in-Chief the office force has been engaged in regular routine work.

The total new wharfage room made by the Department of Docks and Ferries for the quarter amounted to 3,795 linear feet.

Wharfage room destroyed by the City in preparing for new improvements is 1,831 linear feet.

The area of the City's piers has been increased by 121,020 square feet.

The total increase in wharfage room made by private parties under permit from the Department of Docks and Ferries is 2,464 linear feet.

Very respectfully, your obedient servant,

J. A. BENSEL, Engineer-in-Chief.

BOROUGH OF THE BRONX.

Minutes of the Local Board of Chester, Twenty-fifth District.

Pursuant to call by President Haffen the members of the Local Board of Chester, Twenty-fifth District, met on November 12, 1903, at 9 a. m., at the office of the President of the Borough of The Bronx, Municipal Building, One Hundred and Seventy-seventh street and Third avenue.

Present—Alderman Gass and the President of the Borough of The Bronx.

Hearing.

498. Constructing Temporary Sewers and Appurtenances in Locust street, North and South Oak Drives and in Hickory avenue.

Petition of E. P. How, H. H. Vought, A. H. Graham and others was read, as was also report approved by the Chief Engineer dated November 11, 1903, giving the total estimated cost as being \$10,590, and the assessed valuation of the real estate included within the probable area of assessment at \$99,650.

Affidavits were furnished by five owners of property showing that the streets had been in use for their full width and had been traveled and in use as public streets or highways, and had been cared for by the public authorities and regularly policed.

On motion of Alderman Gass, the following preambles and resolutions were adopted:

Whereas, a petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, he has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now, therefore, it is

Resolved, By the Local Board of Chester, Twenty-fifth District, Borough of The Bronx, pursuant to titles 2 and 3 of Chapter X of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For constructing temporary sewers and appurtenances in Locust street, between White Plains road and Elm avenue; and in North and South Oak Drives, between Elm avenue and the junction of the said Drives; and in Hickory avenue, between North Oak Drive and the north line of Bronx Wood Park (all in Bronx Wood Park), in the Borough of The Bronx, City of New York, and it is hereby

Resolved, that a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Chester, Twenty-fifth District, on the 12th day of November, 1903.

Alderman Gass and the President of the Borough of The Bronx voting in favor thereof.

Negative—none.

On motion the Board adjourned, to meet again at the call of the chair.

HENRY A. GUMBLETON, Secretary.

Resolved, That, pursuant to the provisions of subdivision 7 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of \$2,500 to provide means for the removal of ashes, waste material, etc., from the area of what was formerly Prospect avenue, between Eleventh avenue and the old City line, in the Borough of Brooklyn, in accordance with an order of the Supreme Court directing the removal of the same.

Adopted by the Board of Aldermen November 10, 1903.

Approved by the Mayor November 18, 1903.

No. 601.

Whereas, The Hon. John T. McCall has been doubly afflicted by the loss of his father, Patrick J. McCall, who only survived his wife ten days, thereby depriving our fellow-member of the companionship of his parents within a short space of time and adding to the sting of sorrow a dual tenderness; therefore

Resolved, That the Board of Aldermen of The City of New York, mindful of the twofold sorrow which has invaded the home of Alderman John T. McCall, hereby extends its sympathy to the death of his father, Patrick J. McCall.

Resolved, further, That a copy hereof, suitably engrossed and duly authenticated by the City Clerk, be transmitted to Alderman John T. McCall.

Adopted by the Board of Aldermen November 10, 1903.

Approved by the Mayor November 18, 1903.

No. 602.

Resolved, That this Board extends to Hon. Jacob A. Cantor, President of the Borough of Manhattan, its sincere thanks for the work he has done in renovating and beautifying this building, and in restoring it to its original architectural design; that a copy of this resolution, suitably engrossed and framed, and duly authenticated by the City Clerk, be forwarded to Hon. Jacob A. Cantor.

Adopted by the Board of Aldermen November 10, 1903.

Approved by the Mayor November 18, 1903.

No. 603.

Whereas, Word has reached this Board of the death of William H. C. Delano, former member of the Board of Aldermen for the Forty-eighth Aldermanic District, a much respected gentleman and one who had endeared himself to his colleagues by those sterling qualities which mark a man among his fellows; therefore

Resolved, That the Board of Aldermen of The City of New York hereby records its sorrow on the death of William H. C. Delano, and extends to the members of his family sincere sympathy; that a copy of these resolutions suitably engrossed, and duly authenticated by the City Clerk, be forwarded to the family, and that as an additional mark of respect this Board do now adjourn.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-THIRD WARD, SECTION 10.

TIMPSON PLACE—REGULATING, GRADING, CURBING, FLAGGING AND LAYING CROSOWALKS, from One Hundred and Forty-fourth street to One Hundred and Forty-fifth street. Area of assessment: Both sides of Timpson place, from East One Hundred and Forty-fourth street to East One Hundred and Forty-fifth street, and to the extent of half the block at the intersecting and terminating streets.

TWENTY-FOURTH WARD, SECTION 11.

BOSTON ROAD—REGULATING, GRADING, CURBING, FLAGGING AND LAYING CROSOWALKS, from Tremont avenue to Kingsbridge road. Area of assessment: Both sides of Boston road, from Tremont avenue to Kingsbridge road, and to the extent of one-half the block at the intersecting and terminating streets and avenues.

ITTNER PLACE—REGULATING, GRADING, CURBING, FLAGGING AND LAYING CROSOWALKS, from Park avenue to Webster avenue. Area of assessment: Both sides of Ittner place, from Park avenue to Webster avenue, and to the extent of one-half the block at the intersecting and terminating streets and avenues.

—that the same were confirmed by the Board of Assessors on November 19, 1903, and entered on November 20, 1903, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act.

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before January 19, 1904, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

EDWARD M. GROUT, Comptroller.
CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE, November 20, 1903. n21,d7

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 6.

ONE HUNDRED AND SIXTH STREET—PAVING with asphalt pavement, from First avenue to the East river. Area of assessment: Both sides of One Hundred and Sixth street, from First avenue to the East river, and to the extent of half the block at the intersecting and terminating avenues.

—that the same was confirmed by the Board of Revision of Assessments on November 19, 1903, and entered on November 19, 1903, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, Room No. 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before January 18, 1904, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

BOARD OF ESTIMATE AND APPORTIONMENT.

IN THE BOARD OF ESTIMATE AND APPORTIONMENT
NOVEMBER 13, 1903.

WHEREAS, THE COMMISSIONER OF WATER SUPPLY, GAS AND ELECTRICITY OF THE CITY OF NEW YORK, acting for and in behalf of the City of New York, in pursuance of the provisions of chapter 466 of the Laws of 1901, as amended, has selected and determined certain real estate (as the term "real estate" is defined in the said act), situated in the Twenty-third and Twenty-fourth Wards, Borough of The Bronx, the City of New York and State of New York, as and for sources of public water supply in and for the City of New York, and deems it necessary to take and acquire the same and all the rights, titles and interests therein, and to extinguish all claims for damages on account of aforesaid, or growing out of such taking, for the purpose of maintaining, preserving and increasing the supply of pure and wholesome water for the City of New York; and

Whereas, The said Commissioner has prepared and submitted to the Board of Estimate and Apportionment a map showing the said real estate to be taken and acquired as aforesaid, as provided in the said act; therefore be it

Resolved, That a public notice be given of a hearing to be held before the Board of Estimate and Apportionment of The City of New York, in the City Hall, Borough of Manhattan, City of New York, on the 11th day of December, 1903, at 11 o'clock a. m., at which a full opportunity shall be afforded to any and all persons interested to be heard respecting such map and the taking and acquisition of the real estate as shown thereon.

Resolved, That such public notice be published once in each week for three successive weeks in the "City Record" and in the corporation newspapers and in two papers published in the Borough of The Bronx, County of New York, in which borough and county the real estate to be taken and acquired is situated, and in two daily papers published in the City of New York.

The records of the Department of Taxes and Assessments in the Borough of The Bronx indicate that the property in question is part of Lot No. 1, in Section 9, New Block 2533, on the Tax Map, lying on the north side of Lind avenue, near the Highbridge Gate House.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, so as to lay out an extension of Forty-seventh street, from West street to Gravesend avenue, in the Borough of Brooklyn, City of New York, and that a meeting of said Board will be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 27th day of November, 1903, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board, all of which is more particularly set forth and described in the following resolutions, adopted by the Board on the 30th day of September, 1903, notice of the adoption of which is hereby given, viz:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the

Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by laying out an extension of Forty-seventh street, from West street to Gravesend avenue, in the Borough of Brooklyn, City of New York, more particularly described as follows:

It is proposed to lay out a new street of a uniform width of fifty (50) feet from the easterly side of West street to the westerly side of Gravesend avenue, in the Thirtieth (30th) Ward of the Borough of Brooklyn; the northeasterly side of said street to be eight and one-half (8½) feet northeasterly from and parallel with the northeasterly side of the present Bergen lane, and the southwesterly side of the said new street to be eight and one-half (8½) feet southwesterly from and parallel with the present southwesterly side of Bergen lane, the said Bergen lane being of a uniform width of thirty-three (33) feet.

Resolved, That the President of the Borough of Brooklyn cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change and the location of the immediate adjacent or of intersecting open or established streets, roads, squares, or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change at a meeting of this Board, to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 27th day of November, 1903, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the "City Record" and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 27th day of November, 1903.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening NARROWS AVENUE, from Seventy-first street to Shore road, in the Thirtieth Ward, in the Borough of Brooklyn of The City of New York, as the same has been heretofore laid out.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us, at our office in the office of the Law Department, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 12th day of December, 1903, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 14th day of December, 1903, at 2 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Borough of Brooklyn, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, there to remain until the 21st day of December, 1903.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Commencing at the intersection of the easterly side of Narrows avenue with the Bay Ridge parkway or shore road; running thence easterly and parallel with the southerly side of Eighty-ninth street to the centre line of the block between Narrows avenue and First avenue; running thence northerly and along the centre lines of the blocks between Narrows avenue and First avenue to the southerly side of Bay Ridge avenue; thence westerly along the southerly side of Bay Ridge avenue to the Shore road, and thence southerly along the easterly side of the Bay Ridge parkway or Shore road to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Courthouse in the Borough of Brooklyn, in The City of New York, on the 28th day of December, 1903, at the opening of the Court on that day.

Dated Borough of Brooklyn, The City of New York, November 21, 1903.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to WEST ONE HUNDRED AND EIGHTIETH STREET (although not yet named by proper authority), from Broadway to Buena Vista avenue, in the Twelfth Ward, Borough of Manhattan, in The City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 11th day of December, 1903, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 15th day of December, 1903, at 4 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said city, there to remain until the 21st day of December, 1903.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the westerly prolongation of the middle line of the blocks between West One Hundred and Seventy-eighth street and West One Hundred and Seventy-ninth street with the easterly line of Boulevard Lafayette; running thence northerly along said easterly line of Boulevard Lafayette to its intersection with a line drawn parallel to and distant 100 feet northerly from the northerly line of West One Hundred and Eighty-first street; thence easterly along said parallel line to its intersection with a line drawn parallel to and distant 100 feet southeasterly from the southeasterly line of Broadway; thence southwesterly along said parallel line to its intersection with the middle line of the blocks between West One Hundred and Eighty-first street and West One Hundred and Eighty-second street; thence southeasterly along said middle line of the blocks to its intersection with the northwesterly line of Amsterdam avenue; thence southwesterly along said northwesterly line of Amsterdam avenue to its intersection with the middle line of the blocks between West One Hundred and Seventy-ninth street and West One Hundred and Eighty-first street; thence northwesterly along said middle line of the blocks to its intersection with a line drawn parallel to and distant 100 feet southeasterly from the southeasterly line of Broadway; thence southwesterly along said parallel line to its intersection with the middle line of the blocks between West One Hundred and Seventy-eighth street and West One Hundred and Seventy-ninth street; thence westerly along said middle line of the blocks and its westerly prolongation to the point or place of beginning, excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Courthouse, in the Borough of Manhattan, in The City of New York, on the 28th day of January, 1904, at the opening of the Court on that day.

Dated Borough of Manhattan, New York City, November 9, 1903.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office in the office of the Law Department, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 3d day of December, 1903, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 4th day of December, 1903, at 9:30 o'clock a. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York in the Borough of Brooklyn, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, there to remain until the 13th day of December, 1903.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the easterly side of Ocean avenue where the same intersects the center line of the block between Avenue M and Avenue N; running thence easterly and parallel with Avenue M to the northwesterly side of Flatlands avenue; running thence northeasterly along the northwesterly side of Flatlands avenue to a point where the center line of the block between Ryder street and Flatbush avenue intersects the northwesterly side of Flatlands avenue; running thence northwesterly along the center line of the block between Ryder street and Flatbush avenue to the center line of the block between Avenue M and Avenue L; running thence westerly along the center line of the blocks between Avenue M and Avenue L to the easterly side of Ocean avenue; running thence southerly along the easterly side of Ocean avenue to the point or place of beginning.

Fourth—That our report herein will be presented to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Courthouse in the Borough of Brooklyn, in The City of New York, on the 28th day of December, 1903, at the opening of the Court on that day.

Dated Borough of Brooklyn, THE CITY OF NEW YORK, November 13, 1903.

NOTICE IS HEREBY GIVEN THAT AN application will be made to the Supreme Court of the State of New York, at a Special Term of said Court for the hearing of motions, to be held in and for the County of Kings, in the County Courthouse, in the Borough of Brooklyn, in The City of New York, on the 1st day of December, 1903, at the opening of Court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and Assessment in the above entitled proceeding.

The nature and the extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and appurtenances thereto belonging, required for the opening of a street known as Beverly road, from East Thirty-first street to Holy Cross Cemetery, in the Twenty-ninth Ward, in the Borough of Brooklyn, in The City of New York.

The lands required for the purpose of opening Beverly road, from East Thirty-first street to Holy Cross Cemetery, as aforesaid, are shown on a map known as the General Map or Plan of the Towns of New Utrecht, Flatbush, Gravesend, Flatbush and New Lots, in the County of Kings, prepared by the Town Survey Commissioners pursuant to an act of the Legislature passed May 1, 1869, and the several acts amendatory thereof, and filed in the office of the Register of the County of Kings in the year 1874, now incorporated with and forming part of the Map of The City of New York, and also shown on a map of that portion of said street affected by these proceedings made by the Topographical Division of the Bureau of Highways of the Borough of Brooklyn, and signed by George W. Tillson, Chief Engineer; George J. Bischof, Assistant Engineer in Charge, and William C. Redfield, Commissioner of Public Works, and dated November 9, 1903, which map was filed in the office of the Corporation Counsel of The City of New York, in the Borough of Brooklyn, on the 12th day of November, 1903.

Dated Borough of Brooklyn, City of New York, the 17th day of November, 1903.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening of a street known as HULST (STREET) AVENUE (although not yet named by proper authority), from Greenpoint avenue to Jackson avenue, in the First Ward, Borough of Queens, in The City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 21 Jackson avenue, in the Borough of Queens, in The City of New York, on or before the 25th day of November, 1903, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 27th day of November, 1903, at 4 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 21 Jackson avenue, in the Borough of Queens, in said city, there to remain until the 5th day of December, 1903.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being, in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the northwesterly line of the blocks between Buckley street and Hulst street; running thence northerly along said middle line of the blocks to its intersection with the southerly line of Jackson avenue; thence easterly along the southerly line of Jackson avenue to its intersection with the middle line of the blocks between Hulst street and Van Pelt street; thence southerly along said middle line of the blocks to its intersection with the northwesterly line of Greenpoint avenue; thence southwesterly along the northwesterly line of Greenpoint avenue to the point or place of beginning, excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Courthouse in the Borough of Brooklyn, in The City of New York, on the 1st day of December, 1903, at the opening of Court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and Assessment in the above entitled proceeding.

York, on the 14th day of January, 1904, at the opening of the Court on that day.

Dated Borough of Manhattan, New York, October 29, 1903.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable. Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required as provided in section 420 of the Greater New York Charter.

The certified check or money should not be included in the envelope containing the bid or estimate, but should be either included in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
