GEO. B. McCLELLAN, Chairman, Commissioners of the Sinking Fund.

Mr. C. M. Clark, Jr., attorney for the New York, New Haven and Hartford Railroad Company, appeared before the Board and was heard in favor of the proposition.

No one appeared in opposition. The Chair then declared the hearing closed.

In connection with the new plan, the Comptroller presented the following report and offered the following resolution:

New York, May 10, 1909.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—Hon. Allen N. Spooner, Commissioner, Department of Docks and Ferries, in communication dated April 28, 1909, submits for the approval of the Commissioners of the Sinking Fund an amended new plan for the improvement of the water-front between Montgomery street and Gouverneur slip, East River. A technical description of the plan accompanies the communication.

On April 14, 1908, the Commissioners of the Sinking Fund approved a plan amending the plan approved for this section of the water-front April 27, 1871. By the amendment of April 14, 1908, the width of the marginal street between Montgomery street and Gouverneur slip was reduced to 30 feet, Piers 40 and 41 made 71 feet in width and Pier 39 made 40 feet wide.

By the new plan now submitted the marginal street is widened to 40 feet by building lateral extensions to the piers 10 feet in width and the piers are each reduced 10 feet in width.

The plan of April 14, 1908, was adopted in order that a lease of the property might be made with the New York, New Haven and Hartford Railroad, and when adopted it was satisfactory to the company.

The company, however, now desires the proposed plan, as it will enable three floats, instead of two, to be docked between the piers.

The proposed improvement will make this water-front property more valuable to the lease, and I see no objection to it from the City's point of view.

In my opinion, therefore, the plan as presented may properly receive the approval of the Commissioners of the Sinking Fund.

Respectfully,

H. A. METZ, Comptroller.

Resolved: That the Commissioners of the Sinking Fund hereby approve of the amended new plan for the improvement of the water-front between Montgomery street and Gouverneur slip, East River, made and adopted by the Commissioner of Docks in accordance with law April 29, 1909.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Docks relative to a lease of the southerly half of the pier at the foot of East One Hundred and Twelfth street, Borough of Manhattan, to Henry L. Joyce:

May 18, 1909.

Hon. George B. McClellan, Mayor, and Chairman of the Commissioners of the Sinking Fund:

Sir—After due consideration, I am of the opinion that the interests of the City would be best served by the granting of a lease to Henry L. Joyce of the southerly half of the pier foot of East One Hundred and Twelfth street, for a term commencing from the first day of the month next succeeding the day upon which said lease shall be approved by the Commissioners of the Sinking Fund and terminating May 30, 1913, at a rental of \$1,500 per annum, with the privilege of renewal for a further term of five years at an advance of 10 per cent. on the rental for the first term, it being understood and agreed that the property leased shall be used for tying-up purposes only and not for the loading or unloading of freight.

The remaining terms and conditions of the lease to be similar to those contained in forms of leases now in use by this Department.

The proposed lessee now holds the lease from this Department of the northerly side of the pier at the same rental and for the same term as is now proposed, and there are no other applicants for the lease. This pier is situated in front of the Thomas Jefferson Park and cannot be used for general commercial purposes, owing to the fact that there is no roadway to the pier and no access for trucks.

Yours respectfully,

ALLEN N. SPOONER, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

May 22, 1909.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—Hon. Allen N. Spooner, Commissioner, Department of Docks and Ferries, in communication dated May 18, 1909, submits for the approval of the Commissioners of the Sinking Fund, a proposed lease to Henry L. Joyce, of the southerly half of the pier, foot of East One Hundred and Twelfth street, Borough of Manhattan, for a term commencing from the first day of the month next succeeding the day upon which said lease shall be approved by the Commissioners of the Sinking Fund, and terminating May 10, 1913, at a rental of \$1,500 per annum, with the privilege of renewal for a further term of five years at an advance of ten (10) per cent. on the rental for the first term. The property leased can be used for tying up purposes only, and not for the loading or unloading of freight.

The proposed lessee now holds the lease of the northerly side of the pier at the same rental and for the same term as is now proposed, and there are no other applicants for the lease.

It is reported to me by the Chief Engineer of this Department that \$1,500 per annum is a fair rental for the southerly half of this pier, and would recommend that the lease be approved as proposed by the Commissioner of Docks and Ferries.

Respectfully,

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Docks, of a lease to Henry L. Joyce, of the southerly half of the pier foot of East One Hundred and Twelfth street, for a term commencing from the first day of June, 1909, and terminating May 10, 1913, at a rental of fifteen hundred dollars (\$1,500) per annum, with the privilege of renewal for a further term of five years, at an advance of 10 per cent. on the rental over the first term, it being understood and agreed that the property leased shall be used for tying up purposes only, and not for the loading or unloading of freight. January 20, 1909.

Hon. GEORGE B. MCCLELLAN, Mayor, and Chairman of the Commissioners of the Sinking Fund:

Sir—At a meeting of the Commissioners of the Sinking Fund held January 20, 1904, a resolution was adopted setting apart and assigning the plot of land belonging to the City, in the Borough of Brooklyn, bounded by First avenue and New York Bay, Fifty-first and Fifty-second streets, together with the right, title and interest to the lands under the waters of New York Bay, extending to the pierhead line, as a site for the armory and quarters for the Second Battalion, Naval Militia.

A bulkhead has been built upon a portion of the site so set apart, to a line parallel to and about 100.35 feet south of the centre line of Fifty-first street extended, which centre line is the northerly limit of property in possession of the City at this locality.

At the present time the area between the northerly side of the bulkhead and the centre line of Fifty-first street extended is not required by the Naval Militia and a portion of it could be utilized by this Department in such a manner as to produce a revenue to the City.

A communication has been addressed to this Department by the Commercial Coal Company requesting the Department to erect a platform 100.35 feet by 30 feet, extending northerly from the existing bulkhead, as shown on the accompanying map, covering the following described area of land under water:

Beginning at a point in the existing sheet pile bulkhead between Fifty-first and Fifty-second streets, South Brooklyn, distant 930 feet westerly from the west line of First avenue and 130 feet northerly from the westerly prolongation of the northerly line of Fifty-second street; running thence northerly and parallel with the west line of First avenue 100.35 feet to the westerly prolongation of the centre line of Fifty-first street;

Thence easterly along the westerly prolongation of the centre line of Fifty-first street 30 feet;

Thence southerly and again parallel with First avenue 100.35 feet; and

Thence westerly and parallel with the westerly prolongation of the centre line of Fifty-first street 30 feet to the point or place of beginning.

It is estimated that the cost of erecting the platform will be about \$4,000, and it is probable that a rental of \$1,500 per annum can be secured for the use of said platform.

This Department has been in communication with Captain Forshaw, Commander of the Second Battalion, Naval Militia, and he states that he has no objection to the assignment of the area above described to this Department, provided, however, that if the premises are leased a covenant be inserted that in case the City of New York at any time during the term of the lease shall require the northerly side of the bulkhead return, running parallel to the southerly line of Fifty-first street extended, for the purpose of berthing vessels assigned to the Second Battalion, Naval Militia, and shall dredge the area to a depth of 15 or more feet of water, for the purpose of mooring said vessels, that then and in that case, at the option of the City, the lease may be canceled upon 30 days' notice to the lessee.

I therefore beg to request that the resolution of January 20, 1904, aforesaid, be amended and the area above described be assigned and set apart for the use of this Department.

Yours respectfully,

ALLEN N. SPOONER, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

New York, May 10, 1909.

## To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—Hon. Allen N. Spooner, Commissioner, Department of Docks and Ferries, in communication dated January 28, 1909, requests the Commissioners of the Sinking Fund to amend its resolution of January 20, 1904, setting apart and assigning the plot of land belonging to the City, in the Borough of Brooklyn, bounded by First avenue and New York Bay, Fifty-first and Fifty-second streets, together with the right, title and interest to the lands under the waters of New York Bay, extending to the pierhead line, as a site for the armory and quarters for the Second Battalion, Naval Militia, so that a portion of the area bounded and described below may be assigned and set apart for the use of the Dock Department.

Beginning at a point in the existing sheet pile bulkhead between Fifty-first and Fifty-second streets, South Brooklyn, distant 930 feet westerly from the west line of First avenue and 130 feet northerly from the westerly prolongation of the northerly line of Fifty-second street; running thence northerly and parallel with the west line of First avenue 100.35 feet to the westerly prolongation of the centre line of Fifty-first street;

Thence easterly along the westerly prolongation of the centre line of Fifty-first street 30 feet;

Thence southerly and again parallel with First avenue 100.35 feet;

Thence westerly and parallel with the westerly prolongation of the centre line of Fifty-first street 30 feet to the point or place of beginning.

The Dock Commissioner states that he has received a communication from the Commercial Coal Company requesting the Department to erect a platform 100.35 feet by 30 feet extending northerly from the existing bulkhead as shown on the accom-

paying map and covering the above described area of land under water. He estimates that with the expenditure of \$4,000 for the erection of the platform this area will produce a revenue to the City of about \$1,900 per annum.

Under date of February 11, 1909, I reported that this property, being under the control of the Armory Board, must be turned over to the Commissioners of the Sinking Fund by the Armory Board before it can be assigned for the use of the Dock Department.

The Armory Board, by resolution adopted April 20, 1909, has surrendered the above described area to the Commissioners of the Sinking Fund, with the request that it be assigned for the uses and purposes of the Department of Docks and Ferries, provided that in case said area is leased by the Commissioner of Docks a covenant shall be inserted in said lease that in case the City at any time during the term of the said lease shall require the northerly side of the bulkhead return running parallel to the southerly line of Fifty-first street extended, for the purpose of berthing vessels assigned to the Second Battalion, Naval Militia, and in case the City shall dredge the area to a depth of fifteen or more feet of water, for the purpose of mooring said vessels, that then and in that case, at the option of the City, the lease may be canceled upon thirty days' notice to the lessee.

I see no objection to the use of this area as proposed, and the Armory Board having surrendered it to the Commissioners of the Sinking Fund, I recommend that the Commissioners of the Sinking Fund by resolution assign and set apart for the use of the Department of Docks and Ferries the following described area of land under water:

Beginning at a point in the existing sheet pile bulkhead between Fifty-first and Fifty-second streets, South Brooklyn, distant 930 feet westerly from the west line of First avenue and 130 feet northerly from the westerly prolongation of the northerly line of Fifty-second street; running thence northerly and parallel with the west line of First avenue 100.35 feet to the westerly prolongation of the centre line of Fifty-first street;

Thence easterly along the westerly prolongation of the centre line of Fifty-first street 30 feet;

Thence southerly and again parallel with First avenue 100.35 feet;

Thence westerly and parallel with the westerly prolongation of the centre line of Fifty-first street 30 feet to the point or place of beginning.

Respectfully,

H. A. METZ, Comptroller.

Resolved, That pursuant to the provisions of section 205 of the amended Greater New York Charter, the Commissioners of the Sinking Fund hereby assign and set apart, for use of the Department of Docks and Ferries, the following described area of land under water in the Borough of Brooklyn:

Beginning at a point in the existing sheet pile bulkhead between Fifty-first and Fifty-second streets, South Brooklyn, distant 930 feet westerly from the west line of First avenue, and 130 feet northerly from the westerly prolongation of the northerly line of Fifty-second street; running thence northerly and parallel with the west line of First avenue 100.35 feet to the westerly prolongation of the centre line of Fifty-first street; thence easterly along the westerly prolongation of the centre line of Fifty-first street 30 feet; thence southerly and again parallel with First avenue 100.35 feet; and thence westerly and parallel with the westerly prolongation of the centre line of Fifty-first street 30 feet to the point or place of beginning.

The following was received from the Board of Education, relative to a site acquired for school purposes on West Houston and Clarkson streets, between Varick and Hudson streets, in the Borough of Manhattan:

March 11, 1909.

Hon. N. TAYLOR PHILLIPS, Secretary, Commissioners of the Sinking Fund:

DEAR SIR—I have the honor to transmit herewith a certified copy of report and resolutions adopted by the Board of Education at a meeting held on the 10th inst., relative to turning over to the Commissioners of the Sinking Fund certain lands and premises on West Houston and Clarkson streets, between Varick and Hudson streets, Borough of Manhattan.

Respectfully yours,

A. EMERSON PALMER, Secretary.

To the Board of Education:

The Committee on Buildings respectfully reports that it has given further consideration to the matter of turning over to the Commissioners of the Sinking Fund the school site on West Houston and Clarkson streets, between Varick and Hudson streets, Borough of Manhattan, which formed part of the subject matter of a report presented to the Board of Education on February 10, 1909 (see Journal, pages 221-23), in view of the receipt of a communication from the Comptroller reading as follows:

"CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
March 2, 1909."

"Hon. EDGEMOND L. WINTHROP, President, Board of Education:

"Sir—This office is in receipt of a certified copy of a resolution adopted by your Board, looking to the acquisition of property on Macdougall and Sullivan streets, Borough of Manhattan, and in which resolution it is stated that when the Board of Estimate and Apportionment approves of the acquisition of the property to be acquired for school purposes, the Board of Education will turn over to the Commissioners of the Sinking Fund as being no longer required, the property on West Houston and Clarkson streets, heretofore acquired for your Department for the sum of \$249,776.96.

"I am of the opinion that as long as the West Houston street property remains in your possession, the Board will not take action looking to the acquisition of a site in the vicinity.

"It seems to me that your Board should do one of two things—either turn over to the Commissioners of the Sinking Fund, without reservation, the Clarkson and West Houston street property or abandon the Macdougall and Sullivan street site.

"Awaiting your early reply before presenting the same to the Board of Estimate and Apportionment, I am

"Respectfully,

"H. A. METZ, Comptroller."

Your committee regards the acquisition of the site on Macdougall and Sullivan streets, between West Houston and Bleecker streets, Borough of Manhattan, as of paramount importance, and concurs in the suggestion made by the Comptroller in the above quoted letter.

The following resolutions are submitted for adoption:

Resolved, That the Board of Education hereby turns over to the Commissioners of the Sinking Fund the site heretofore acquired for school purposes on West Houston and Clarkson streets, between Varick and Hudson streets, Borough of Manhattan, title to which vested in the City on January 8, 1906, the surrender of said site being conditioned upon action being taken by the Board of Estimate and Apportionment for the immediate acquisition of the site heretofore selected on Macdougall and Sullivan streets, between West Houston and Bleecker streets, Borough of Manhattan; and be it further

Resolved, That the Board of Estimate and Apportionment be advised of the foregoing action and earnestly requested to proceed without delay in the matter of the acquisition of said last mentioned site on Macdougall and Sullivan streets, between West Houston and Bleecker streets, Borough of Manhattan, which was duly selected as a site for school purposes by the Board of Education on May 27, 1908 (see Journal, page 833).

A true copy of report and resolutions adopted by the Board of Education March 10, 1909.

A. EMERSON PALMER, Secretary.

Resolved, That the report and resolutions adopted on May 27, 1908 (see Journal, pages 833-34), selecting as a site for school purposes certain lands and premises on Macdougall and Sullivan streets, between West Houston and Bleecker streets, Borough of Manhattan, and requesting the Board of Estimate and Apportionment to take such action as might be necessary for the acquisition thereof, be and the same are hereby rescinded.

Resolved, That the reports and resolutions adopted on February 10, 1909 (see Journal, pages 221-223), and March 10, 1909 (see Journal, pages 393-94), relative to turning over to the Commissioners of the Sinking Fund, conditionally, the site heretofore acquired for school purposes on West Houston and Clarkson streets, between Varick and Hudson streets, Borough of Manhattan, and requesting the Board of Estimate and Apportionment to proceed without delay in the matter of the acquisition of the site selected on Macdougall and Sullivan streets, between West Houston and Bleecker streets, Borough of Manhattan, be and the same are hereby rescinded.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Education at a meeting held March 10, 1909, adopted a resolution turning over to the Commissioners of the Sinking Fund the site heretofore acquired for school purposes on West Houston and Clarkson streets, between Varick and Hudson streets, Borough of Manhattan, title to which was vested in The City of New York on January 8, 1906, the surrender of said site being conditioned upon action being taken by the Board of Estimate and Apportionment for the immediate acquisition of the site heretofore selected on Macdougal and Sullivan streets, between West Houston and Bleecker streets, Borough of Manhattan.

Under date of April 30, 1909, the Secretary of the Board of Education transmits a resolution of the Board of Education, adopted at a meeting held April 28, 1909, in which the resolution adopted March 10 was rescinded, desiring that no action be taken by the Commissioners of the Sinking Fund and requesting the return of the papers in the matter.

I have been informed that it was the intention of the Board of Education to construct a building on the West Houston and Clarkson street property heretofore acquired for school purposes, and further that it is not the intention to acquire the property on Macdougal and Sullivan streets.

Inasmuch as the matter has never been presented to the Commissioners of the Sinking Fund at a stated meeting, I believe the proper method of procedure would be to have all the papers printed in the minutes. I am also of the opinion that the papers presented to the Commissioners of the Sinking Fund, addressed to that body, should not be physically returned, but should be filed in the minutes, so that the entire transaction will appear in full in the minutes.

Respectfully submitted for approval,

MORTIMER J. BROWN, Appraiser of Real Estate, Department of Finance.

The Comptroller presented the following report and offered the following resolution relative to the rental of premises No. 239 Ninth street, Borough of Brooklyn, occupied by the Department of Street Cleaning:

May 7, 1909.

Hon. HERMAN A. METZ, Comptroller:

Sir—The Commissioners of the Sinking Fund, at a meeting held March 20, 1907, adopted a resolution authorizing a lease of the premises No. 239 Ninth street, corner Fourth avenue, Borough of Brooklyn, for the use of the Department of Street Cleaning, for a period of three years, from May 1, 1907, to May 1, 1910, at an annual rental of \$360, payable quarterly.

Two deeds have been presented in this office, one dated August 12, 1908, recorded in the Register's office of Kings County December 10, 1908, in Liber 3093 of Conveyances, page 308, Block 1003, from the Nassau Trust Company of the City of Brooklyn, as trustee of Amidee T. Haviland under the last will and testament of William M. Telo, deceased, to Frank La Barbera Trecalli, wherefore and in consideration of the sum of \$2,562.50 the said trust company, as such trustee, parted with one-quarter undivided interest in the said property fronting 67 feet on Fourth avenue by 20 feet on Ninth street.

The other deed, bearing date August 6, 1908, recorded in the Register's office of the County of Kings in Liber 3093 of Conveyances, page 310, Block 1003, James W. Haviland, Jr., C. Benjamin Haviland, their wives, and Louis M. Haviland, unmarried, conveyed to the same party an undivided three-fourths interest in the same property.

The title having passed from the owners under the present existing lease to the said Trecalli on September 9, 1908, the said Trecalli is entitled, so far as the City is concerned, to all rents, issues and profits due and accrued thereon since that date.

The rent heretofore paid by the City having been adjusted between the vendor and the vendee at the time of sale, the only money that the present owner is entitled to is that which is now due and unpaid, namely, from November 1, 1908. I therefore respectfully recommend that the Commissioners of the Sinking Fund authorize the Comptroller to pay the rent from November 1, 1908, until the expiration of the term of said lease to Frank La Barbera Trecalli.

Respectfully submitted for approval,

MORTIMER J. BROWN, Appraiser of Real Estate, Department of Finance.

Hon. GEORGE B. MCCRELLAN, Mayor, Chairman of the Sinking Fund Commission:

Sir—I request the consent and approval of your Board for a lease from James J. The ground floor included in the lease is 25 feet by 45 feet. This leasehold is intended to take the place of the one from Mrs. Nicholas and Mrs. Silburn, of No. 432 Seventh avenue, which will expire on the 26th of July next.

In connection therewith the Comptroller presented the following report and offered the following resolution:

May 18, 1909.

Hon. HERMAN A. METZ, Comptroller:

Sir—Honorable William H. Edwards, Commissioner of the Department of Street Cleaning, in a communication under date of May 5, 1909, requests the Commissioners of the Sinking Fund to authorize a lease of the ground floor and portion of the cellar of No. 536 Seventh avenue, Borough of Brooklyn, for the term beginning the 26th day of July, 1909, and ending the 1st day of May, 1912, at an annual rental of \$300, payable quarterly; the lessor to furnish good and sufficient toilet facilities, to put and keep the premises in good repair, and to pay for the water used on the premises during the term of the lease.

These premises are to take the place of those at No. 432 Seventh avenue, Borough of Brooklyn, the lease of which expires on July 26, 1909, the rental being \$300 per annum.

An examination shows that the ground floor of No. 536 Seventh avenue is 22 feet by 40 feet, and not 25 feet by 45 feet, as mentioned in the Commissioner's letter.

In my opinion, the rental asked is fair and reasonable, and I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of the ground floor and portion of the cellar 20 feet by 20 feet, of No. 536 Seventh avenue, Borough of Brooklyn, for the use of the Department of Street Cleaning, for a period from July 26, 1909, to May 1, 1912, at an annual rental of \$300, payable quarterly; the lessor to furnish good and sufficient toilet facilities, to put and keep the premises in good repair, and to pay for the water used on the premises during the term of the lease. Lessor, James J. Kinsella. This lease to be authorized, provided the Department of Street Cleaning vacates the premises No. 432 Seventh avenue before July 26, 1909.

Respectfully submitted for approval,

MORTIMER J. BROWN, Appraiser of Real Estate, Department of Finance.

Approved:

H. A. Metz, Comptroller.

The Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease to the City, of premises No. 147 Varick street, Borough of Manhattan, for use of the Board of Water Supply:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
May 14, 1909.

Hon. HERMAN A. METZ, Comptroller:

SIR—At a meeting of the Commissioners of the Sinking Fund held April 5, 1909, a communication was received from the Board of Water Supply requesting the approval of a lease of the 2-story and basement brick structure about 20 by 75 feet, known as No. 147 Varick street, Borough of Manhattan, to be used as a testing laboratory for said Board for a period of three years from March 14, 1909, at an annual rental of \$1,500.

The recommendation made by this office was that the proposed increase of \$60 a year on this rental be not granted, especially as the Budget for this year makes no allowance for any increase in rentals, and that the matter be referred back to the Board of Water Supply.

Under date of May 12, 1909, the Board of Water Supply writes that after negotiations with the owners, they are willing to accept the opinion of this office, and they request a renewal of the former lease for two years at the same rent heretofore paid.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the 2-story and basement brick structure, about 20 by 75 feet, known as No. 147 Varick street, Borough of Manhattan, used as a testing laboratory by that Department, for a period of two years from March 14, 1909, at an annual rental of \$1,500, payable quarterly, and upon the same terms and conditions as contained in the existing lease. Lessors, Erkins Company.

Respectfully submitted for approval,

MORTIMER J. BROWN, Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, of the 2-story and basement brick building known as No. 147 Varick street, Borough of Manhattan, for use of the Board of Water Supply, for a period of two years from March 14, 1909, at an annual rental of fifteen hundred dollars (\$1,500), payable quarterly and upon the same terms and conditions as contained in the existing lease; lessors, The Erkins Company; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease to the City, of premises on Sea Breeze avenue and West Third street, Coney Island, occupied as an emergency hospital by the Department of Public Charities:

May 1, 1909.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioner of the Department of Public Charities has had under lease for a number of years as an emergency hospital at Coney Island, property owned by Louis Stauch, on the north side of Sea Breeze avenue and West Third street, Coney Island. The new Coney Island Hospital, which is in progress of erection on the Ocean boulevard, is now, I have been informed, in a condition which will enable the Department of Public Charities to transfer the patients or medical force from the leased building to the new building for some time to come.

The owner of the leased property has declined to renew the lease for a shorter period than one year, although it is possible that the City will be able to get into its new house in the fall.

The Commissioner of the Department of Public Charities, through the Secretary, states that they tried to get a renewal of the lease for a shorter period, but the owner refuses to grant the same.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution approving of the renewal of the lease from Louis Stauch of the premises occupied by the Department of Charities as an emergency hospital, on the north side of Sea Breeze avenue and West Third street, Coney Island, for a period of one year from May 1, 1909, the rent, \$3,000 per annum, to be payable quarterly.

Respectfully submitted for approval,

MORTIMER J. BROWN, Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, from Louis Stauch, of the premises occupied by the Department of Public Charities as an Emergency Hospital, etc., on the northerly side of Sea Breeze avenue, about 143 feet east of West Third street, Coney Island, Borough of Brooklyn, for a period of one year from May 1, 1909, at an annual rental of three thousand dollars (\$3,000), payable quarterly; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolutions relative to the lease to the City of premises No. 269 State street, Borough of Brooklyn, for use of the Police Department:

April 29, 1909.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioners of the Sinking Fund, at a meeting held February 11, 1909, adopted a resolution authorizing the renewal of the lease to the City of premises No. 269 State street, Borough of Brooklyn, for the use of the Police Department, for a period of one year from May 1, 1909, at an annual rental of \$2,500, payable quarterly. The lessor named in the resolution was the W. C. Vosburgh Manufacturing Company, Limited.

Subsequently thereto this office was notified that the title had changed hands in so far as the building was concerned, and the Commissioners of the Sinking Fund, at a meeting held March 16, 1909, adopted a resolution amending the resolution adopted February 11, 1909, by inserting the words "Mrs. Ella S. Nix and Mrs. Georgine Lichenstein," in place of the "W. C. Vosburgh Manufacturing Company, Limited."

Messrs. Phillips & Avery, the attorneys for the lessors, have informed us that the driveway on the east side of the building, which was included in the first lease, is not owned by the lessors, and that while it was included in the original lease, it was never used by the Police Department, and from conversation had with the First Deputy Commissioner, it is of no use to the Department whatever.

The original lease had a clause therein which called for a renewal for a period of five years, while the request of the Police Commissioner for a renewal was for one year only, and the resolution adopted by the Board of February 11, 1909, and re-adopted March 16, 1909, called for a renewal for a period of one year and upon the same terms and conditions as contained in the present existing lease. That would make, the lessors state, a renewal for one year, with the privilege of renewal for five years more. If the City desires the property for only one year, it does not want that five-year renewal term in the lease.

It seems to me that the easiest way to amend the resolution in accordance with the wishes of the lessors would be to rescind both resolutions adopted February 11, 1909, and March 16, 1909, and adopt a new resolution to read as follows:

Resolved, That the resolutions heretofore adopted on February 11, 1909, and March 16, 1909, in reference to the renewal of the lease for premises located at No. 269 State street, Borough of Brooklyn, for the Police Department, be and the same are hereby rescinded; and be it further

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of premises No. 269 State street, Borough of Brooklyn, for the use of the Police Department, for a period of one year from May 1, 1909, at an annual rental of \$5,200, payable quarterly; the said lease to contain a clause giving the City the privilege of renewal for an additional year upon the same terms and conditions. The clause permitting the use of the driveway alongside of the building and the clause giving the City the privilege of renewal for five years, which is mentioned in the original lease, to be eliminated in the renewal lease. Otherwise the said renewal to be upon the same terms and conditions as contained in the present existing lease. Lessors, Mrs. Ella S. Nix and Mrs. Georgine Lichenstein; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interest of the City that such lease be made.

Respectfully submitted for approval,

MORTIMER J. BROWN, Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the resolution adopted by this Board at meeting held February 11, 1909, and as amended by resolution adopted March 16, 1909, authorizing a renewal of the lease to the City of premises No. 269 State street, Borough of Brooklyn, for use of the Police Department, be and the same is hereby rescinded.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, of premises No. 269 State street, Borough of Brooklyn, for use of the Police Department, for a period of one year from May 1, 1909, at an annual rental of five thousand and two hundred dollars (\$5,200), payable quarterly; the lease to contain a clause giving the City the privilege of renewal for an additional year, upon the same terms and conditions, the clause permitting the use of the driveway alongside of the building and the clause giving the City the privilege of renewal for five years, which is mentioned in the original lease to be eliminated in the renewal lease, otherwise the said renewal to be on the same terms and conditions as contained in the present existing lease; lessors, Mrs. Ella S. Nix and Mrs. Georgine Lichenstein; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

NEW YORK, April 29, 1909.

Honorable Commissioners of Sinking Fund, No. 280 Broadway, New York City:

GENTLEMEN—Enclosed herewith please find petition of Henry V. Condict and others asking for a right of way across certain lands in Queens County.

Respectfully,

TRUMAN H. and G. E. BALDWIN.

Application of Henry V. Condict, Richard Boardman and William K. Harding, for the Grant of an Easement Across a Strip of Land Known as Parcels Nos. 34-B-1 and 34-B-2, Taken in the Matter of the Acquisition by The City of New York of Certain Lands in Kings and Queens Counties, Beginning at Hemlock Street, etc., for Water Supply Purposes.

NEW YORK, April 26, 1909.

To the Honorable the Commissioners of the Sinking Fund:

Pursuant to a resolution of the Board of Estimate and Apportionment, The City of New York, through the Department of Water Supply, Gas and Electricity, did, on June 18, 1906, acquire title through Supreme Court proceedings to a strip of land approximately 200 feet in width, running from Hemlock street, in the Borough of Kings, easterly to the Nassau County line, the proceeding known and entitled in brief as above. In the Matter of the Application of The City of New York to acquire title to lands in Kings and Queens Counties, beginning at Hemlock street, etc., for water supply purposes, confirmed by the Supreme Court July 28, 1908.

On June 18, 1906, your petitioners were and are now the owners of a large number of lots lying south of the old Brooklyn City conduit, as shown on the map of Jamaica Falls, herewith annexed.

That the only access to these lots was had across said old Brooklyn City conduit at the line of Jersey street on said map by virtue of a reservation in the deed of Catharine W. Stoothoff and James H. Stoothoff, her husband, to the City of Brooklyn, dated March 2, 1896, and recorded in Queens County Clerk's office in Liber 1102 of Deeds, page 399, by which deed said Stoothoffs conveyed this strip of land to the City of Brooklyn, but reserving to themselves a right of way across the same along the line of Jersey street.

That in the proceeding in question The City of New York acquired title to all of the lands between the old Brooklyn City conduit and the south side of Virginia Way, the City taking the fee absolute of all of the lands between the Brooklyn City conduit and the north side of Virginia Way and acquiring the bed of Virginia Way subject to easements of light, air and access.

It was apparently, therefore, the intention of The City of New York to reserve in the owners of the property south of Virginia Way access over it to the various lots, but they failed to preserve this access in that they acquired in fee the only access in Virginia Way, namely, Jersey street, between the old Brooklyn City conduit and Virginia Way.

That no awards have been made by the Commissioners herein for damages sustained by reason of this loss of access to any of the lots lying south of Virginia Way.

That the Commissioners herein have awarded for the four lots taken and fronting on the west side of Jersey street, between the Brooklyn City conduit and Virginia Way, the sum of eight hundred dollars (\$800), and have awarded for the four lots opposite therein the sum of eight hundred dollars (\$800), including in each case within the description of the boundary of the lots so awarded for one-half of the bed of Jersey street. It will be observed that in each of these cases one-half of the lots taken were corner lots.

The Commissioners have awarded for the lots immediately east of these last mentioned lots at the rate of \$175 each, or \$25 less each than were awarded for each lot fronting on Jersey street, including the land to the centre of said street, so if any award whatever has been made for the land in Jersey street, it could not exceed the gross sum total of \$200, and it is believed that no award whatever was made for such lands in Jersey street because the same were encumbered with easements of light, air and access to all of the property owners south of the old Brooklyn City conduit, and the difference in value of \$25 a lot is accounted for by the fact that these eight lots were, half of them, corners, and were on the main street of approach to this property and were, therefore, at least \$25 more valuable each than lots fronting merely on Virginia Way.

That as conditions are now, all of the lots south of Virginia Way are practically valueless, there being absolutely no access thereto, for all of which damage the owners thereof have not received one cent in damages; and The City of New York having, perhaps unwittingly, caused this great damage, should be willing to grant this relief, particularly as it can undoubtedly do so without disadvantage to itself.

Wherefore, your petitioners pray that an easement be granted them across the strip of land shown as Jersey street on the annexed map, and further ask that an opportunity be had to present proofs in support of the foregoing allegations.

Respectfully submitted,

HENRY V. CONDUCT,  
RICHARD BOARDMAN,  
WILLIAM K. HARDING.

In connection therewith the Comptroller presented the following report and offered the following resolution:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
May 4, 1909.

Hon. HERMAN A. METZ, Comptroller:

SIR—Messrs. Truman H. and George E. Baldwin, attorneys, No. 41 Park row, Manhattan, on behalf of their clients, Henry V. Condict, Richard Boardman and William K. Harding, request that a right of way or easement be granted by the City across a strip of land known as Parcels 34-B-1 and 34-B-2, taken by The City of New York for water purposes, as shown by the papers herewith.

These same attorneys made a similar application in December last on behalf of Mary Popke and August J. Jaeger. At that time this Bureau, under date of December 5, 1908, after an investigation, reported as follows:

"As to the legal or moral right of these petitioners to receive from the City such rights of way free of cost, I have to say that I am informed by Assistant Corporation Counsel Wilson of the Borough of Brooklyn, who had charge of the condemnation proceedings, that these and all other parties whose properties were taken for the widening of Conduit avenue were fully compensated in their awards for the loss of their easements, and have no proper claim against the City for new easements, except

upon the payment of a just compensation to the City therefor. Mr. Wilson informs me that after the condemnation Commissioners had filed their report Messrs. Baldwin, who represented nearly all the property owners in the proceedings, raised the point that their clients had not been compensated for their loss in the easements and the fact that their remaining holdings became interior property. Thereupon the Court called upon the three Commissioners of Appraisal for a supplemental report upon this point. Such a report was made on July 13, 1908. In this report the Commissioners stated:

"We considered that there was no way of necessity by law over the land taken remaining to the owners of the estates affected, and we included in our awards such compensation for consequential damage to the remainder of the estates as we deemed just."

"Mr. Wilson stated further that in his opinion the applicants had no just claim for the easements asked for, and that the application should be denied, unless they were willing to pay a fair compensation to the City."

I therefore recommend that the petitions in their present form be denied and that this matter be referred to the Corporation Counsel for proper action.

Respectfully submitted for approval,

MORTIMER J. BROWN, Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

The Comptroller presented the following report and offered the following resolution relative to assigning one of the rooms in the building heretofore occupied as Public School 28, on Centre street, Richmond, Borough of Richmond, to the President of the Borough of Richmond:

May 20, 1909.

Hon. HERMAN A. METZ, Comptroller:

SIR—On January 27, 1909, the Board of Education turned over to the Commissioners of the Sinking Fund the building heretofore occupied as Public School 28, on Centre street, Richmond, Borough of Richmond.

On April 21 the Commissioners of the Sinking Fund adopted a resolution granting to the Board of Education the privilege of occupying one of the rooms in this building for the storage of school furniture.

This office is now in receipt of a communication from the office of the President of the Borough of Richmond requesting that he be permitted to use the remaining room in this old school building, formerly occupied as Public School 28, for the purpose of a branch office of the Borough Survey for a period of about one year.

I would respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution granting permission to the President of the Borough of Richmond to so occupy the remaining room in this old schoolhouse with the understanding that he is to maintain and keep the premises in the same state of repair in which they are at present.

Respectfully submitted for approval,

PETER AITKEN, Collector of City Revenue.

Approved:

H. A. METZ, Comptroller.

Resolved, That permission be and is hereby granted to the President of the Borough of Richmond to occupy one of the two rooms in the building heretofore occupied as Public School 28, on Centre street, Richmond, Borough of Richmond, with the understanding that he keep the premises in repair during the term of occupancy, said permission being revocable at any time at the pleasure of the Commissioners of the Sinking Fund.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to a sale at public auction of the building heretofore occupied as Public School 122, at the corner of Amboy and Richmond Valley roads, in the Borough of Richmond:

May 12, 1909.

Hon. HERMAN A. METZ, Comptroller:

SIR—Pursuant to section 1553 of the Revised Charter, the authority to sell buildings situated upon land owned by The City of New York, is vested in the Commissioners of the Sinking Fund.

Upon examination I find that the building heretofore occupied as Public School 122, located at the northwest corner of Amboy and Richmond Valley roads, in the Borough of Richmond, is in a dilapidated and dangerous condition and its removal is necessary.

I would therefore respectfully request that a resolution for the sale of the said building be adopted by the Commissioners of the Sinking Fund, and a resolution is herewith transmitted.

Respectfully submitted for approval,

PETER AITKEN, Collector of City Revenue.

Approved:

H. A. METZ, Comptroller.

Whereas, The Board of Education has turned over to the Commissioners of the Sinking Fund the premises heretofore occupied as Public School 122, situated at the northwest corner of Amboy and Richmond Valley roads, Richmond Valley, Borough of Richmond, and the said building having been found to be in a dilapidated and dangerous condition; it is

Resolved, That the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, hereby authorize and order the sale at public auction, at the highest marketable price, of the building upon the following terms and conditions:

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of the City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

All the materials of the buildings, shells, walls, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite

that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

Failure to remove said buildings, appurtenances, or any portion thereof, within sixty days from the day of the sale, will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York, will, without notice to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary therefor, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in appliances used in the removal of said buildings.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further:

Resolved: That while the said sale is held under the supervision of the Commissioners of the Sinking Fund the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented a report recommending a sale at public auction, or by sealed bids, of buildings situated upon property acquired for the purposes of the Manhattan Bridge, on block bounded by Bowery Canal street, Chrystie and Bayard streets, in the Borough of Manhattan.

Which was laid over.

The Comptroller presented the following report and offered the following resolution relative to the 30-acre plot of ground at New Brighton, Borough of Richmond, known as the Old Quarantine Station on Raritan Bay, belonging to The City of New York, and sold to the State at public auction to the Ludlow Realty Company:

May 3, 1909.

*To the Commissioners of the Sinking Fund:*

GENTLEMEN:—At a meeting of the Commissioners of the Sinking Fund, held September 23, 1908, I presented a report and communications in relation to a 30-acre plot of ground at New Brighton, Borough of Richmond, known as the old Quarantine Station on Raritan Bay, belonging to The City of New York and sold by the State of New York at public auction to the Ludlow Realty Company. At page 1119 of said minutes was printed a diagram of the property, and at page 1119 was printed a communication dated August 4, 1908, transmitted by me to the Commissioners of the Land Office of the State of New York; also a communication to the Governor of the State of New York of the same date, together with his reply thereto.

This office is now in receipt of a communication from the Attorney General, dated April 22, 1909, which is transmitted herewith, and which is in reply to our letter of August 4. At the meeting of the Commissioners of the Sinking Fund held September 23, 1908, see minutes at page 1135, the matter was referred to the Commissioners of the Sinking Fund to the Corporation Counsel, as recommended in the report.

I therefore recommend that this communication, together with the Attorney General's reply, be recorded in the minutes of the Commissioners of the Sinking Fund, and that the Corporation Counsel be directed to take such action as will remove the apparent cloud on the City's title, implied in the refusal of the Attorney General to bring action for cancellation of the second conveyance of the premises.

Respectfully,

H. A. METZ, Comptroller.

STATE OF NEW YORK, ATTORNEY GENERAL'S OFFICE,  
ALBANY, April 22, 1909.

Hon. HARRISON A. METZ, Comptroller of The City of New York, New York City:

DEAR SIR:—Referring to your communication of August 4, 1908, to the Commissioners of the Land Office, inquiring the reasons for an issue of patent by the Land Board to the Ludlow Realty Company of a 30-acre tract in the Borough of Richmond, formerly known as the Quarantine Station, which land was included in a conveyance by the Commissioners of Immigration to the Mayor, Aldermen and Community of The City of New York on July 18, 1903, and which was the subject of some correspondence between my predecessor in office and yourself, I have to state that my attention has been called to this matter through a communication of Mr. Clarence L. Westcott, No. 100 Broadway, New York City, attorney for the Ludlow Realty Company, who, under date of March 15, 1909, desired to know whether any action has been taken or contemplated by the Commissioners of the Land Office or by this Department in the matter. He stated that the Ludlow Realty Company does not wish to leave the claim of the City open indefinitely, and if the State prefers to remain passive, he is ready to bring an action under section 1638 of the Code to determine the question of title.

I find upon investigation that the Commissioners of the Land Office merely sold to this company such right, title and interest as the State then had in said premises, and the patent distinctly states that these premises shall in no wise operate as a warranty of title. Under these circumstances there can be no legal claim, under section 5 of the Public Lands Law, by the Ludlow Realty Company against the State for failure of the State's title if the title so attempted to be conveyed by said letters patent may have failed.

I have therefore written Mr. Westcott that this is a matter which should be taken up between him and yourself, and I have also advised the Commissioners of the Land Office that this is a matter for private adjustment between the Realty Company and the authorities of The City of New York.

I might add that the Commissioners of the Land Office were unaware of the deed to the Mayor, Aldermen and Community at the time they directed the lands to be sold by the State Engineer and Surveyor.

Yours truly,

EDWARD R. O'MALLEY, Attorney-General.

Resolved: That the Corporation Counsel be and is hereby requested to take such action as may be requisite to remove the apparent cloud on the City's title arising by reason of the second and subsequent conveyance by the Commissioners of the Land Office, by letters patent, under the great seal of the State of New York, of the 30-acre tract of land on Prossess Bay, at Huguenot, Staten Island, formerly used as a quarantine station, which by prior grant executed by the Commissioners of Immigration, is now in the possession of The City of New York.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to the setting apart, out of the revenues and income of The City of New

Mr. Anderson, representing the Long Island Railroad Company, appeared before the Board with reference to the above resolution, and stated that the railroad company was willing to accept the lease for one year at 2 per cent. or three years at 1½ per cent.

The following communication was received from the Commissioner of Bridges turning over the plot of ground bounded by North William street, Park row and the bridge plaza, in the Borough of Manhattan, the property to be returned to the Department of Bridges, when required, on ninety days' notice:

DEPARTMENT OF BRIDGES—CITY OF NEW YORK,  
Nos. 13 to 21 PARK ROW,  
New York, May 25, 1909.

Hon. N. TAYLOR PHILLIPS, Secretary, Sinking Fund Commission, No. 280 Broadway, New York City:

DEAR SIR—I am in receipt of a letter from the Comptroller suggesting that, in order to obtain more rental for the plot of ground bounded by North William street, Park row and the bridge plaza, the property be turned over to your Board.

The Department of Bridges cannot make plans for the use of this plot until the Public Service Commission announces the disposition that is to be made of the underground loop connecting the Brooklyn, Williamsburg and Manhattan bridges. I therefore see no objection to the proposition submitted by the Comptroller, and in accordance with the provisions of the Greater New York Charter, I turn over to the Commissioners of the Sinking Fund the property in question, it being understood that said property will be returned to the Department of Bridges, when required, on ninety (90) days' notice.

Yours truly,

J. W. STEVENSON, Commissioner.

Which was ordered filed.

The Comptroller presented the following report and offered the following resolution relative to a sale at public auction of a lease of the plot of ground bounded by North William street, Park row and the bridge plaza, in the Borough of Manhattan:

May 21, 1909.

To the Commissioners of the Sinking Fund:

GENTLEMEN—The City acquired for the use of and at the request of the Department of Bridges a triangular strip of land bounded by North William street, Park row and the Brooklyn Bridge, Borough of Manhattan. It was intended at the time this property was requested to be acquired to use the subsurface for a subway, connecting the Brooklyn, the Manhattan and the Williamsburg bridges by subways in Manhattan and in Brooklyn.

While the proceedings were pending for this acquisition it was discovered that it would not be practicable to make a subway connection with the Brooklyn Bridge on account of the grade, and the matter has been held in abeyance. The buildings have not been removed from the plaza and the City has been collecting rents therefor.

The amount of rents which the City has received under a month to month lease for the entire property is \$1,021.34, or \$36,256.08 per annum.

Recently a proposition was submitted offering to lease from the City the property for a period of twenty years at a monthly rental of \$4,000, subject, however, to a thirty days' notice in writing from the City to vacate the premises, upon annihilation of the City desiring to actually sell, reconvey or improve the said property for City or municipal purposes.

Later an additional proposition was received offering the sum of \$50,000 per annum under the same terms and conditions.

If the Bridge Department does not intend to use this property immediately for departmental purposes, then, under the Charter, there should be collected from such property the largest amount of rent that can be obtained. In order to do this it will be necessary to give more than a monthly tenancy lease as is done now, although the exact terms of the lease would render it almost monthly tenancy.

I therefore respectfully recommend that I be directed by the Commissioners of the Sinking Fund to lease this property under a sale at public auction to the highest bidder upon the following terms and conditions:

The lease shall be for a period of five years but shall contain a clause that at any time during the period of the five years, upon ninety days' notice in writing by the Comptroller stating that the property is required for any municipal or departmental purposes, or that the Commissioners of the Sinking Fund, or their successors in authority, shall determine to dispose of the property at public auction by selling the fee title, such notice being deposited in the post office in a post paid wrapper addressed to the last known place of residence of the lessee of the lease, the said lease shall be and become void, anything in the same to the contrary notwithstanding, and upon such notice the rent shall be paid up to a period of sixty days after the date of said notice of cancellation, and the lease surrendered and canceled and the indemnity bond given surrendered and terminated.

The successful bidder will be required to pay 10 per cent. of the amount of his bid, together with the auctioneer's fees at the time of the sale, and shall simultaneously with the execution of the lease give a bond of indemnity to the City in the amount of the entire annual rent, guaranteeing the payment of the rent to the City upon the first of each and every month in advance during the time of the lease. The successful bidder will be required during the time of his tenancy to keep the buildings in repair, both inside and outside, and shall comply with the laws and ordinances of the City.

The terms of sale shall contain a clause that the Comptroller may at his option resell the property if the successful bidder shall fail to comply with the terms of the sale, although the 10 per cent. has been paid down and a receipt given therefor. The sale shall be held open until such terms are complied with on the part of the bidder.

The terms of the lease shall contain in addition to the clause requiring a 10 per cent. deposit, that when the bidder and lessee shall file with the Comptroller an indemnity bond in the amount of the entire yearly rental bid, as surety that the successful bidder and lessee shall pay the rent during the term the lease is in force, and upon the execution of the lease and the furnishing of the indemnity bond approved by the Comptroller, then the 10 per cent. deposited at the time of the bid shall be returned to the successful bidder upon his paying the first month's rent in advance.

The terms of the sale shall state that the property shall first be put up in four parcels, said parcels corresponding to the damage parcels on the map filed in the proceeding for the acquisition of the property, and the bids shall be received in the following order: Parcel 13, parcel 14, parcel 15 and parcel 16, and shall be knocked down to the highest bidder as to each and every one of the parcels separately.

Said terms of sale shall further require that immediately thereafter the entire four parcels shall be put up as one entire parcel, and if the amount bid for the property in its entirety is greater than the total amount bid as separate parcels, then the party bidding the greater amount in its entirety shall be awarded the lease upon his complying with the terms and conditions hereinbefore mentioned, otherwise the bidders on the separate parcels shall be awarded the leases in accordance with the terms and conditions hereinbefore mentioned. The upset price to be fixed for the property in its entirety to be \$48,000.

Respectfully,

H. A. METZ, Comptroller.

Whereas, The Board of Estimate and Apportionment, acting upon a request of the Commissioner of the Department of Bridges, did heretofore by a resolution vest title in all those pieces or parcels of land bounded by Park row, the Brooklyn Bridge Plaza and North William street, said parcels being known on the draft damage map used in the proceedings as parcels 13, 14, 15 and 16; and

Whereas, The Comptroller of The City of New York, pending the time that the property would be required for the purpose for which it was acquired, has been collecting rents therefrom; and

Whereas, A proposition has been made to the Comptroller offering to lease the said premises in its entirety for the sum of \$50,000 a year; and

Whereas, The Commissioner of Bridges, acting upon the request of the Comptroller, has turned over to the Commissioners of the Sinking Fund, in accordance with the provisions of section 205 of the Greater New York Charter, the property herein described for the purpose of collecting such rents as may be obtained therefrom by public auction letting; and

Whereas, The Commissioners of the Sinking Fund at a meeting held this day have authorized the Comptroller to lease the same at public auction; therefore be it

Resolved, That the Comptroller be and he hereby is authorized and directed to expose the said four parcels of land at public auction to the highest bidder or bidders for a period of five years from the first day of July, 1909, at an upset price as to its entirety of \$50,000 per annum, upon the following terms and conditions:

The Comptroller is directed first to auction the said parcels of land separately, Parcel 13 being put up for the highest amount bid, thereafter Parcel 14, thereafter Parcel 15, and thereafter Parcel 16, and the bids received for such parcels shall be totaled, and immediately thereafter the entire property known as Parcels 13, 14, 15 and 16 shall be put up at public auction and if the bid received by the City for the property in its entirety shall be more than the total amount that is bid for the parcels separately, then the largest aggregate amount, whether in its entirety or separately, shall be accepted, and the property will be struck down to the highest aggregate bidder or bidders and the leases shall be entered into with the bidder or bidders so making the highest aggregate bid or bids.

The lease so entered into shall run for a period of five years from the first day of July, 1909, unless sooner terminated as herein provided, and shall contain a clause that upon ninety days' notice in writing by the Comptroller to the lessee or lessees stating that the property is required for a municipal or departmental purpose, or that the Commissioners of the Sinking Fund, or their successors in authority, have determined to dispose of the property at public auction by selling the fee title, such notice being deposited in the post office in a postpaid wrapper addressed to the last known place of residence of the lessee of the lease, the said lease shall be and become void, anything contained in the same to the contrary notwithstanding, and upon such notice the rent shall be paid up to a period of sixty days after said date of said notice of cancellation and the lease surrendered and cancelled, and the indemnity bond given in accordance with the terms herein shall be surrendered and terminated by the Comptroller.

The lease shall also contain a clause that during the term the lease has to run the lessee shall keep the buildings in repair both inside and outside, and shall comply with all the laws and ordinances of The City of New York.

The lease shall also contain the usual fire clauses described in all general leases, except that the repairs shall be made by the lessee, and where a total destruction of the building occurs, the lease shall be surrendered and cancelled and the indemnity bond surrendered and terminated, the lessee paying the rent in full up to the time of the said fire, unless the lessee elects to rebuild the building at his own cost and expense.

The lease shall also contain a clause requiring the payment of the rent monthly in advance, and shall also contain a clause that upon the payment of the first month's rent at the time of the execution of said lease, the lessee shall furnish to the Comptroller an indemnity bond in the amount of the annual rental, to be renewed each year during the term of the lease, which said indemnity bond shall indemnify the City against the loss of the annual rental during the term of the lease.

The successful bidder at the time of the sale shall pay to the Collector of City Revenue 10 per cent. of the amount of his yearly bid, for which a receipt will be given, and at the time of the execution of the lease, which requires the payment of the one month's rent in advance and the furnishing of an indemnity bond, the 10 per cent. so bid at the time of the sale shall be returned to the successful bidder.

The sale shall be kept open until the successful bidder has paid his 10 per cent. and signed the terms of sale, and failure to pay the 10 per cent. and sign the terms of sale, shall cause the property to be immediately put up and struck down to the highest bidder, but the same conditions shall prevail in regard to the largest amount bid, whether in its entirety or in separate parcels, as herein resolved.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolutions relative to the cancellation of the lease of premises No. 186 Mulberry street, Borough of Manhattan, occupied by the President of the Borough of Manhattan, and assigning the ground floor of premises at No. 154 Clinton street, Borough of Manhattan, to the President of the Borough of Manhattan, and the upper portion of the premises to the Board of Justices of the Municipal Court for storage purposes:

May 25, 1909.

Hon. HERMAN A. METZ, Comptroller:

Sir—Under date of April 29, 1909, Messrs. Strasburger, Eschwege & Schallck, of No. 74 Broadway, representing the owners of the premises No. 186 Mulberry street, state that the owners desire to improve the same; that the City only has a lease running to January 1 next, and that the owners own property Nos. 280 and 282 Mulberry street, and if the City will remove from No. 186 Mulberry street to Nos. 280 and 282 Mulberry street, at the same rental, they will pay expenses of removing the belonging of the City to the new place.

It is not necessary at this time to go into the details of the matter of the premises Nos. 280 and 282 Mulberry street, because subsequent to the receipt of the offer the Secretary of the Board of Justices of the Municipal Court, Borough of Manhattan, communicated with the Secretary of the Commissioners of the Sinking Fund in relation to the premises at the corner of Prince and Wooster streets, No. 154 Clinton street, No. 30 First street, corner of Second avenue, corner of Twenty-third street and Sixth avenue, and Eighth avenue and Twenty-third street, Borough of Manhattan.

A resolution was adopted by the Board of Justices providing that the buildings so occupied and used as branches of the court be discontinued for the purpose of court houses on and after January 1, 1909, and that the records of the courts referred to be removed as far as practicable to the court houses designated by the Board of Justices to meet the provisions of the consolidation of the several courts in the Borough of Manhattan under chapter 603 of the Laws of 1907; that some of the records of the old First and Second districts, dating back many years, are still stored away in the building corner Prince and Wooster streets, because of the lack of accommodations at the present First District Court House at Nos. 54 to 60 Lafayette street; that the same condition applies to the records of the old Fifth District Court at No. 154 Clinton street, now consolidated to the new Second District Court at No. 264 Madison street.

They request that authority be granted by the Commissioners of the Sinking Fund to allow a portion of the building, corner Prince and Wooster streets, also at No. 154 Clinton street, to be continued temporarily for the safekeeping of the records.

The President of the Borough of Manhattan, in a communication dated May 19, 1909, states that his office is informed that the building No. 154 Clinton street, owned by the City, and formally occupied as a Municipal Court, is no longer used for that purpose and has been turned over to the Commissioners of the Sinking Fund for such disposition as the Commissioners may deem proper. That they have investigated the premises and find that the ground floor is admirably suited for the needs of the Bureau of Highways; that the section headquarters of this Bureau is at present at No. 186 Mulberry street, but the owner of the building at that location is anxious to sell his property if new quarters can be found. In fact, the building has already been demolished to such an extent as to make it no longer fit for the purposes of his Department. It is therefore requested that the ground floor at No. 154 Clinton street be assigned for the use of this Department, and as soon as that has been done the lease of the premises at No. 186 Mulberry street be cancelled. That in view of the present conditions of the Mulberry street building, it is requested that prompt action be taken upon this application.

In a later communication dated May 14, 1909, addressed to the Commissioners of the Sinking Fund, the legal firm representing the owner states that the lease was originally entered into in 1889; that since that time it has been annually renewed, the present term expiring January 1, 1910; that inasmuch as the President of the Borough of Manhattan desires to remove to the city property at No. 154 Clinton street, and the owner of the premises No. 186 Mulberry street is willing to surrender and cancel the lease, that he be permitted to do so.

I therefore respectfully recommend that the Commissioners of the Sinking Fund accept from the Board of Justices of the Municipal Court the properties owned by the City and heretofore under lease, mentioned in the resolution of said Board, and that the ground floor of the premises No. 154 Clinton street, owned by The City of New York, be assigned for the use of the President of the Borough of Manhattan as a section headquarters for the Bureau of Highways, to take the place of the one now at No. 186 Mulberry street, the privilege being given to the Board of Justices to occupy the upper portion of said premises for the storage of their records. Further, that the Commissioners of the Sinking Fund adopt a resolution consenting to the cancellation of the lease heretofore authorized for the President of the Borough of Manhattan as a section station in the building No. 186 Mulberry street, Borough of Manhattan, said lease to be surrendered by the lessor with the proper cancellation clause attached thereto and filed with the Comptroller of the City, and further, that this resolution consenting to the surrender of the lease shall be conditioned on the part of the owner of the premises No. 186 Mulberry street, the present lessor, paying the cost and expenses of the removal of the property of The City of New York from No. 186 Mulberry street to No. 154 Clinton street.

Respectfully submitted for approval,

MORTIMER J. BROWN, Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That pursuant to the provisions of section 205 of the Greater New York Charter as amended, the Commissioners of the Sinking Fund hereby assign the ground floor of premises No. 154 Clinton street, in the Borough of Manhattan, for the use of the President of the Borough of Manhattan as a section headquarters for the Bureau of Highways.

Resolved, That, pursuant to the provisions of section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby assign to the Board of Justices of the Municipal Court, the upper portion of the premises No. 154 Clinton street, Borough of Manhattan, for the storage of records.

The report was accepted and the resolutions severally unanimously adopted.

On motion of the Acting President of the Board of Aldermen, the Comptroller was requested to ascertain from the Trustees of Cooper Union for the Advancement of Science and Art, what they propose to do with reference to the old Tumpkins Market Building at Third avenue, between Sixth and Seventh streets, Borough of Manhattan, leased to the said Cooper Union at meeting held January 22, 1908, for a period of ninety-nine years.

Adjourned.

If, for a period of three consecutive months the messenger, fire alarm or burglary alarm systems of the Company shall not be operated, or if the same shall not be operated for a period of six months out of any consecutive twelve months, the Board may declare the right and franchise and this contract terminated without further proceedings in law or in equity.

The Comptroller of the City, on complaint made, shall, in writing, notify the Company, through its president, to appear before him on a certain day, not less than five days after the date of such notice, to show cause why it should not be required to comply with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Comptroller, to be in default, said Comptroller shall forthwith impose the prescribed penalty, or waive the amount of the penalty if not prescribed herein, such amount as appears to him to be just, and without legal process shall withdraw the amount of such penalty from the security fund deposited with him. In case of any default made upon the security fund the Company shall, upon ten days' notice in writing, pay to the Comptroller of the City, a sum sufficient to restore said security fund to the original amount of \$5,000, and in default thereof the contract may be revoked at the option of the Board, acting in behalf of the City. No action or proceeding to enforce the provisions of the grant shall affect any other local rules, regulations or orders of action belonging to the City.

Twenty-first—In case of any violation of breach or failure to comply with any of the provisions of this contract, which shall have been continued for a period of three months after notice given by the Corporation Council, the same may be forfeited by a bill brought by the Corporation Council on notice of ten days to the Company.

Twenty-second—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other Board, authority, officer or officers, then and in such case such other Board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

All the materials of the buildings, sheds, walks, structures and erections of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings extending within the described area and down to the level of the curb bottom, shall be torn down and removed from the premises.
