At a meeting of the Commissioners of the Sinking Fund held October 12, 1894, the following preamble and resolutions were adopted:

Whereas, The Board of Armory Commissioners, at a meeting held October 11, 1894, adopted the following resolution:

"Resolved, That Lewis M. Sweet be and he is hereby appointed from the eligible civil service list as Stenographer and Typewriter, at a salary of twelve hundred dollars per annum, and that the

Commissioners of the Sinking Fund be requested to approve of the same, and authorize the issue of bonds to the extent of five thousand dollars to be devoted to the payment of salaries of employees and contingencies of the Armory Board."

Resolved, That, pursuant to the provisions of section 3, chapter 91 of the Laws of 1884, the Commissioners of the Sinking Fund hereby concur in and approve of the said resolution; and

Resolved, That, pursuant to the provisions of chapter 299 of the Laws of 1883, and the laws amendatory thereto and supplementary thereof, the Comptroller be and hereby is authorized and directed to issue from time to time, as may be required, redeemable in not less than ten nor more than twenty years from the date of issue thereof, and at such rate of interest as he may determine, not exceeding three per cent. per annum, "Consolidated Stock of the City of New York," which shall also be designated "Armory Bonds," to the amount of five thousand dollars (\$5,000), the proceeds of which stock or bonds shall be applied to the purposes mentioned in the aforesaid resolution of the Armory Board; and

RICH. A. STORRS, Secretary.

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
October 13, 1894.

At a meeting of the Commissioners of the Sinking Fund held October 12, 1894, the following preamble and resolutions were adopted:

Whereas, The Commissioners of the Sinking Fund, at a meeting held March 1, 1894, concurred in a resolution of the Board of Armory Commissioners adopted February 26, 1894, adopting the plans of Messrs. Cable & Sargent for an armory for the Ninth Regiment, N. G., S. N. Y., provided that the cost of constructing said armory under said plans, including Architect's fees, should not exceed the sum of two hundred and eighty-five thousand dollars (\$285,000), and authorized the Comptroller to issue bonds to the amount of two hundred and eighty-five thousand dollars (\$285,000) to provide for the payment of the same; and

Whereas, The Board of Armory Commissioners, at a meeting held October 11, 1894, adopted a resolution awarding the contract for erecting said armory to James D. Murphy, the lowest bidder therefor, his bid amounting to two hundred and ninety-seven thousand eight hundred dollars (\$297,800); and

Whereas, The Board of Armory Commissioners, at a meeting held October 11, 1894, adopted preambles and a resolution from which it appears that the increased cost of erecting the said armory was due to the provisions of chapter 277 of the Laws of 1894, requiring all stone to be dressed within the State or municipality, and in which the Commissioners of the Sinking Fund were requested to authorize the additional issue of bonds to the amount of twenty-seven thousand dollars (\$27,000), to be added to the amount already authorized, making the total sum required to be issued for the purposes aforesaid three hundred and twelve thousand dollars (\$312,000); therefore, be it

Resolved, That, pursuant to the provisions of section 3, chapter 91 of the Laws of 1884, the Commissioners of the Sinking Fund concur in the said resolutions and do hereby approve of said award of contract to James D. Murphy, for the erection of an armory for the Ninth Regiment, N. G., S. N. Y., on the north side of Fourteenth street, west of Sixth avenue, amounting to two hundred and ninety-seven thousand eight hundred dollars (\$297,800); and

Resolved, That, pursuant to the provisions of chapter 299 of the Laws of 1883, and the Laws amendatory thereof and supplementary thereto, the Comptroller be and he hereby is authorized and directed to issue from time to time, as may be required, redeemable in not less than ten nor more than twenty years from the date of issue thereof, and at such rate of interest as he may determine, not exceeding three per cent., "Consolidated Stock of the City of New York," which shall also be designated "Armory Bonds," to the amount of twenty-seven thousand dollars, (\$27,000), the proceeds of which stock or bonds shall be applied in payment of the contract for erecting an armory for the Ninth Regiment, N. G., S. N. Y., on the north side of Fourteenth street, west of Sixth avenue, and for the Architect's fees connected therewith, in addition to the amount heretofore authorized to be issued for said purpose by a resolution of the Commissioners of the Sinking Fund adopted March 1, 1894; and

Resolved, That the said stock be and hereby is exempted from taxation by the City and County of New York, in pursuance of the provisions of section 137 of the New York City Consolidation Act of 1882 and the ordinances of the Common Council approved by the Mayor October 2, 1880.

RICH. A. STORRS, Secretary.

James D. Murphy submitted a sample of gray granite for the construction of the Ninth Regiment Armory, and presented the following communication:

OFFICE OF JAMES D. MURPHY, MASON AND BUILDER,
No. 200 BROADWAY (ROOM 27),
NEW YORK, October 22, 1894.

Hon. E. P. BARKER, Secretary of the Armory Board:

DEAR SIR—The granite of which a sample was submitted to your honorable Board, is one of the best grades of Maine granite. The quarries are located near Green's Landing, Maine, and the crushing strength is estimated at 15,000 pounds per square inch.

This granite has been extensively used by the Dock Department for the past ten years and has been very satisfactory.

Some of the buildings in which it has been used are the following:

Parapet work on Morningside Park, from One Hundred and Tenth to One Hundred and Twenty-third street; fire-engine house, West Tenth street, near Greenwich avenue; fire-engine house, One Hundred and Fifteenth street, near Lenox avenue; fire-engine house, One Hundred and Thirty-seventh street, near Seventh avenue; fire-engine house, One Hundred and Twenty-sixth street and Park avenue; fire-engine house, Twenty-eighth street, between Second and Third avenues; George Ringler's Brewery, Ninety second street, between Second and Third avenues; P. Doelger's Brewery, Fifty-fifth street, between First avenue and Avenue A; foundation for Havemeyer Building; foundation for Hotel Netherland, Fifty-ninth street and Fifth avenue; Curtiss Building in Stone street; James Everard's Brewery, One Hundred and Thirty-third and One Hundred and Thirty-fifth street and Madison avenue, Storage Building, Hudson and Lighthouse streets, and many others.

Yours, respectfully,
JAMES D. MURPHY.

The Architects for the building were present and gave their verbal indorsement of the granite, and Colonel Seward offered the following:

Resolved, That the sample of granite, as this day submitted by the contractor, be and the same is hereby approved, said granite to be used in the construction of the armory building on Fourteenth street, west of Sixth avenue.

Which was adopted by the following vote:

Ayes—The Mayor, the President of the Department of Taxes and Assessments, the Commissioner of Public Works, Brigadier-General Louis Fitzgerald and Colonel William Seward.

The President of the Department of Taxes and Assessments presented a communication from Colonel Appleton, of the Seventh Regiment, submitting an amended form of specification for the proposed alteration of the rifle range in the Seventh Regiment Armory, as well as a communication from Clinton & Russell, Architects, stating that the change made in the specification would materially improve the work, will not increase the cost and will not interfere with the plans as passed by the Department of Buildings, and recommending that the specification as amended be printed and advertised accordingly.

Which was adopted by the following vote:

Ayes—The Mayor, the President of the Department of Taxes and Assessments, the Commissioner of Public Works, Brigadier-General Louis Fitzgerald and Colonel William Seward.

The Architects, being present, submitted a design for the corner-stone for the Ninth Regiment Armory. Colonel Seward moved that the design as submitted be approved.

Which was adopted by the following vote:

Ayes—The Mayor, the President of the Department of Taxes and Assessments, the Commissioner of Public Works, Brigadier-General Louis Fitzgerald and Colonel William Seward.

The following communications were received and ordered filed:

NEW YORK, October 20, 1894.

DEAR SIR—I beg to call the attention of your Board to the bill of Grissler & Son for balance due upon contract for carpenter work, etc., furnished at the Seventy-first Regiment Armory.

There was a dispute as to whether the locks were in compliance with the contract, and out of it arose a circumstance most disagreeable to me, and to which it is now needless to refer, except to say that it was without just basis. As to the locks, I am told they are not in strict compliance with the contract, and have reason to believe my information correct. I am, therefore, willing to accept such a reduction from the amount of the bill as may be deemed proper by your Board.

Very respectfully, yours,
GRISSLER & SON.

To the Armory Commission of the City of New York.

HEADQUARTERS SEVENTY-FIRST REGIMENT,
NATIONAL GUARD, S. N. Y.,
NEW YORK, October 26, 1894.

Hon. E. P. BARKER, Secretary, Armory Board, No. 280 Broadway, New York:

SIR—I respectfully protest, on behalf of the Seventy-first Regiment, against the acceptance of the locks which have been placed on the lockers of the Seventy-first Regiment Armory, for the

reason that the same are not in accordance with the contract, but are much inferior to those required by contract. The contract calls for double cylinder locks, whereas single cylinder locks have been used. The master key for one company will unlock all the lockers in all the other companies. In fact one master key will unlock every lock in the armory. The metal of which the keys are made appears to be very inferior, and a great number of keys have already been broken. It is also found that in several of the companies the key of one locker will unlock several other lockers.

I respectfully protest against the acceptance of these locks on any compromise as to price, and request that the Armory Board will require new locks to be supplied strictly in accordance with the terms of the contract.

Very respectfully,
F. V. GREENE, Colonel.

Mr. Grissler appeared and stated that he was willing to submit to a deduction on the cost of the locks, notwithstanding the same had been approved and accepted by the Clerk of the Works. The Mayor stated that, inasmuch as the Colonel of the Regiment had protested against the acceptance of the locks, the Board would take no further action on the subject at this time.

The President of the Department of Taxes and Assessments presented a bill from Messrs. Wyckoff, Seamans & Benedict, for typewriter and cabinet furnished to Armory Board, and offered the following:

Resolved, That the Comptroller be authorized to pay Messrs. Wyckoff, Seamans & Benedict the sum of one hundred and fourteen dollars and seventy-five cents (\$114.75), as per accompanying voucher, for bill for typewriter and cabinet.

Which was adopted by the following vote:

Ayes—The Mayor, the President of the Department of Taxes and Assessments, the Commissioner of Public Works, Brigadier-General Louis Fitzgerald and Colonel William Seward.

A bill was received from Messrs. Cable & Sargent, for professional services in designing the new Ninth Regiment Armory, which was laid over.

On motion, adjourned.

E. P. BARKER, Secretary.

Whereupon the Mayor offered the following:

Resolved, That the Commissioner of Public Works be and hereby is authorized to enter into a supplementary agreement with Walter F. Barnes, as provided by section 5, chapter 371, Laws of 1887, for the furnishings not included in the specifications of his contract, which are called for by the Presiding Justice of the Court of Oyer and Terminer, for the use of said court, in the New Criminal Court Building, and approved by the Commissioner of Public Works, as specified in his communication under date of October 22, 1894, at a cost not to exceed eight hundred and fourteen dollars and fifty cents, to be paid from the proceeds of "Criminal Court-house Bonds," issued under authority of section 8 of chapter 371, Laws of 1887.

Which was adopted by the concurrent vote of the Commissioners of the Sinking Fund, subject, however, to the advice and approval of the Counsel to the Corporation, as to the power of the Board to authorize such supplementary agreement.

The Mayor presented the following communication from Mr. James W. Wilson, Architect of the work—New Criminal Court Building:

NEW YORK, October 1, 1894.

Hon. MICHAEL T. DALY, Commissioner of Public Works:

DEAR SIR—In reply to your letter of September 14, instant, authorizing and requesting me to report to you such additional and reasonable demands from the courts and other offices in the New Criminal Court Building, such as changes and furnishings, with itemized estimate of the cost thereof, I would respectfully state that I have personally interviewed the heads of the several Departments, and herewith submit an itemized list, with an approximate estimate of the costs, for your consideration.

Respectfully, yours,

JAMES W. WILSON,

Of THOM, WILSON & SCHAARSCHMIDT, Associate Architects, New Criminal Court Building.

Which was referred to the Comptroller.

The following communication was received from the Commissioner of Street Cleaning for lease of stable at Nos. 44 and 46 Hamilton street:

DEPARTMENT OF STREET CLEANING—CITY OF NEW YORK,
NEW CRIMINAL COURT BUILDING,
NEW YORK, October 13, 1894.

Hon. THOMAS F. GILROY, Mayor, Chairman, Board of Commissioners of the Sinking Fund:

SIR—I ask the consent and approval of the Board of Sinking Fund Commissioners to lease for a term of ten years, at an annual rental of \$6,000, a stable, to be built for the use of the Department of Street Cleaning, at Nos. 44 and 46 Hamilton street.

I ask the consent and approval of the Board of Sinking Fund Commissioners for the cancellation of the lease now existing for the stable used by this Department at the above-named place (Nos. 44 and 46 Hamilton street), and known as Stable "G." That lease was made on May 1, 1893, for a term of five years, at an annual rental of \$5,500.

The present stable is inadequate, and, in my opinion, unfit for the use of this Department. A large number of horses are required to be kept in a cellar without drainage, and, during the past summer, it was necessary to remove them from that place and put them in the yard. The stable is composed of a jumble of buildings, the greater part of which are of wood. It is a fire-trap, the existence of which endangers all property in that vicinity, and from which it would be impossible to rescue the horses in case of fire.

For the reasons stated I had determined to take every possible means to relieve this Department from the necessity of continuing to use these premises for stable purposes. Such intention having come to the knowledge of Mr. Philip Collins, the owner and lessor of the property, he has made an offer to build a suitable stable, fitted with all modern appliances, and constructed in the best manner upon plans to be approved by the Commissioner of Street Cleaning; the building to be 173 feet deep by 40 feet wide, with a yard 35 feet by 96 feet, containing a blacksmith's shop

and to rent the same to the City upon completion for ten years at an annual rental of \$6,000. If that is done, the department will be in possession of a stable, suitable and adequate, in a part of the city where it will be very difficult to procure any other location for a stable of such dimensions, and it will be relieved from the continuance of the obligation now existing to occupy premises wholly unfit for the purpose.

It is upon the foregoing statement that I base the request as stated in the first paragraph of this communication.

Very respectfully,

W. S. ANDREWS, Commissioner of Street Cleaning.

Which was referred to the Comptroller.

The following communication was received from the E. Howard Watch and Clock Company submitting proposals for a time system for the New Criminal Court Building:

OFFICE OF THE E. HOWARD WATCH AND CLOCK COMPANY,
NEW YORK, October 12, 1894.

Hon. A. P. FITCH, Comptroller, City of New York:

DEAR SIR—Referring to our recent conversations in regard to a time system for the New Criminal Court Building, we respectfully submit the following proposals as substitutes for our proposal of July 25, 1894.

In these proposals the master clock mentioned will consist of our No. 89 Regulator, with special triple electric contact for controlling the electric dials, which will be actuated by means of power from battery or dynamo current, as may be decided upon later.

We guarantee this regulator to run within 30 seconds per month, and the auxiliary dials to show time corresponding to that of the master clock.

The master clock will handle as many dials as the building will require.

Waiting your pleasure, we remain,

Yours, very respectfully,

THE E. HOWARD WATCH AND CLOCK COMPANY,
E. V. CLERGUE, Agent.

Whereupon the Comptroller offered the following:

Whereas, An application has been made to this Board by the E. Howard Watch and Clock Company for the furnishing of an electric clock or time system in the New Criminal Court Building; and

Whereas, After due investigation the Comptroller reports favorably upon the application of said company;

Resolved, That the Commissioners of the Sinking Fund hereby approve of an electric clock or time system for the New Criminal Court Building.

Resolved, That the Commissioner of Public Works be and hereby is directed to prepare, with the approval of the Counsel to the Corporation, forms of contract and specifications therefor, and to submit them to the Commissioners of the Sinking Fund for approval, as required by section 5 of chapter 371 of the Laws of 1887.

Which were unanimously adopted.

The Comptroller called up the communication received October 12, 1894, from the Commissioner of Street Cleaning, for leases of various premises for Section Stations, as follows:

DEPARTMENT OF STREET CLEANING,
NEW CRIMINAL COURT BUILDING,
NEW YORK, October 4, 1894.

Hon. THOMAS F. GILROY, Chairman, Board of Commissioners of the Sinking Fund:

SIR—I desire the consent and approval of the Board of Commissioners of the Sinking Fund to lease, for the use of this Department as Section Stations, the following named premises, for the terms mentioned:

The first floor and front cellar of No. 2731 Eighth avenue, for a term of three years, at six hundred dollars per annum.

The store No. 238 Broome street for three years, with a renewal of three years, at six hundred dollars per annum.

The store on the corner of Gouverneur street and East Broadway for three years, with a renewal of three years, at six hundred dollars per annum.

The store No. 150 Elizabeth street from October 15, 1894, up to and inclusive of May 1, 1896, at the rate of five hundred and forty dollars per annum, with a renewal of three years at the same rental.

The store No. 28½ Little Twelfth street for three years, at six hundred dollars per annum.

Respectfully,

W. S. ANDREWS, Commissioner of Street Cleaning.

On motion, the Board consented to and approved of the hiring of the said premises, provided the yearly rents therefor were satisfactory to the Comptroller.

The application of the Twenty-eighth and Twenty-ninth Streets Railroad Company, by Messrs. Hoadly, Lauterbach & Johnson, attorneys, to be released from the obligation of certain bonds heretofore given to the Mayor, Aldermen and Commonalty of the City of New York, to secure the commencement and completion of its road, was received.

Which was referred to the Comptroller and the Counsel to the Corporation.

Petition of William McCormick, for a release of quit rent on premises known as No. 144 Goerck street.

Which was referred to the Comptroller.

Adjourned.

RICHARD A. STORRS, Secretary.

The Supervisor explained that the requisition from the District Attorney's Office was for as much carbon paper for the remainder of the year as the office had used during 1892, 1893, and the first nine months of 1894. The Mayor said that the paper should be supplied as needed and no large

stock should be laid in, as the paper becomes brittle. On his motion, and by a concurrent vote of the three officers, the Supervisor was directed to supply three hundred sheets of carbon paper on the requisition.

On motion of the Mayor, the requisition from the Bureau of Lamps and Gas in the Department of Public Works was amended so as to call for 1,000 blanks instead of 100, as the cost of composition and ruling on them would be almost as great for 100 as for 1,000, and the additional cost of paper and presswork would be but slightly increased.

By a concurrent vote of the three officers, the Supervisor was instructed to procure, by direct order—that is, without contract let after advertisement—the articles called for by the requisitions allowed, that course being deemed to be for the best interests of the city.

The Supervisor reported that requisitions for the books needed during 1895, which should have been received prior to October 1, had not yet come from the Armory Board, Finance Department, Counsel to the Corporation, Public Administrator, Corporation Attorney, Attorney to Commissioner of Street Improvements, Bureau of Street Opening, Health Department, and the First, Second, Ninth and Tenth District Courts. On motion of the Mayor, the Supervisor was directed to inform the heads of the several departments and bureaus mentioned that if requisitions were not received from them by October 17 it would be assumed that they needed no books for the year 1895. The Supervisor was instructed by a concurrent vote of the three officers to prepare the contract specifications for books and have them printed.

On motion of the Mayor, the Supervisor of the City Record was, by a concurrent vote of the three officers, directed to make an agreement with the printer of the CITY RECORD for the compilation of the registry lists.

Bills were approved as follows: M. B. Brown, \$1,619.15 (Voucher 278); \$1,281.87 (Voucher 279); and \$5,393.67 (Voucher 284); the New York Law Journal Publishing Company, \$333.33 (Voucher 271); M. HEALTH DEPARTMENT.

HEALTH DEPARTMENT—CITY OF NEW YORK, CRIMINAL COURT BUILDING, CENTRE, WHITE, ELM AND FRANKLIN STREETS, NEW YORK, October 29, 1894.

PROPOSALS FOR ESTIMATES FOR LABOR AND MATERIALS FOR ALTERATIONS TO BE MADE IN THE BOILER-HOUSE OF THE RECEPTION HOSPITAL, NEAR THE FOOT OF EAST SIXTEENTH STREET, IN THE CITY AND COUNTY OF NEW YORK, FOR THE HEALTH DEPARTMENT OF THE CITY OF NEW YORK, AND OF THE FURNISHING AND ERECTION OF A STEAM LAUNDRY PLANT ON SAID PREMISES FOR THE USE OF THE WILLARD PARKER AND RECEPTION HOSPITALS.

PROPOSALS FOR ESTIMATES FOR LABOR AND Materials for Alterations to be made in the Boiler-house of the Reception Hospital, near the foot of

East Sixteenth street, in the City and County of New York, for the Health Department of the City of New York, and of the furnishing and erection of a Steam Laundry Plant on said premises for the use of the Willard Parker and Reception Hospitals, will be received by the Commissioners of the Health Department, at their office, Criminal Court Building, Centre, White, Elm and Franklin streets, until 1.30 o'clock P. M. of the 14th day of November, 1894, at which time and place they will be publicly opened and read by said Commissioners.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the head of said Health Department, indorsed "Estimate for a Steam Laundry Plant for the use of the Willard Parker and Reception Hospitals, near the foot of East Sixteenth street, City and County of New York," and also with the name of the person or persons presenting the same and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal sum of \$1,500.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Health Department and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office, with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on, until it be accepted and executed.

Bidders are required to state in their estimates their names and place of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion and that which said Corporation or the Health Department may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any persons who is in arrears to the Corporation on debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

TO CONTRACTORS.**PROPOSALS FOR ESTIMATES.**

SEALED ESTIMATES FOR SUPPLYING THE Police Department with Twelve Patrol Wagons will be received at the Central Office of the Department of Police, in the City of New York, until 1 o'clock P. M. of Tuesday, the 13th day of November, 1894.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimates for Furnishing Patrol Wagons," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read, and the award of the contract made to the lowest bidder, with adequate security, as soon thereafter as practicable.

For particulars as to the kind of wagons required, reference must be made to the specifications, blank forms of which may be obtained at the office of the Chief Clerk in the Central Department.

Bidders will state a price for the work and material furnished, in accordance with the specifications. The price must be written in the bid and stated in figures. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject any or all bids which may be deemed prejudicial to the public interests.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Three of the wagons are to be completed and delivered within sixty days after the execution and delivery of the contract, three additional wagons are to be completed and delivered within seventy-five days after the execution and delivery of the contract, and the six additional wagons called for in the contract are to be completed and delivered within one hundred and fifty days after the execution and delivery of such contract. The deliveries to be made at such places as shall be directed by the Board of Police.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law, in the sum of FIVE THOUSAND DOLLARS.

Each estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The Board of Police reserves the right to reject all the bids received if deemed for the best interests of the city so to do, and to readvertise until satisfactory bids or proposals shall be received.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets shall be in need of repairs, pavement or repavement the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereupon liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thereupon be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

Commissioner of Public Works

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and, also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer

or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The work to be done under the contract is to be commenced within five days after the date of the execution of the contract, or within five days from the receipt of a notification from the Engineer-in-Chief of the Department of Docks that the work, or any part of it, may

be begun, and all the work to be done under this contract is to be fully completed on or before the 8th day of January, 1895, or within as many days thereafter as may have elapsed between the date of execution of this agreement and the receipt of a notification from the said Engineer-in-Chief that the work, or any part of it, may be proceeded with, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, fixed and liquidated at fifty dollars per day.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making any estimate for the same work; and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

TO CONTRACTORS.

MATERIALS AND WORK REQUIRED FOR PLUMBING IN TOWERS OF BELLEVUE HOSPITAL.

SEALED BIDS OR ESTIMATES FOR THE aforesaid work and materials, in accordance with the specifications and plans, will be received at the office of the Department of Public Charities and Correction, No. 66 Third Avenue, in the City of New York, until Wednesday, November 14, 1894, until 10 o'clock A. M. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Plumbing in Bellevue Hospital Towers," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of ONE THOUSAND (1,000) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must NOT be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

The forms of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the Department, and bidders are cautioned to examine each and all of their provisions carefully, as the Board of Public Charities and Correction will insist upon their absolute enforcement in every particular.
