Hon. BIRD S. COLER, Comptroller :

SIR—Hon. James D. Bell, Commissioner and Secretary, New East River Bridge Commission, in communication of November 24, 1899, to the Board of Estimate and Apportionment, inclosed a copy of the resolution adopted by the Board at a meeting held November 2, 1899, together with copies in quadruplicate of a contract for the property on the southeast corner of South Fifth street and Wythe avenue, in the Borough of Brooklyn, for the approval of the Board of Estimate and Apportionment. I think the price agreed upon is reasonable and just, and that the Board of Estimate and Apportionment may properly approve the same.

EUG. E. MCLEAN, Engineer.

And offered the following :

Resolved, That, pursuant to the provisions of chapter 652 of the Laws of 1899, the Board of Estimate and Apportionment hereby approves of the purchase by the New East River Bridge Commission of the property on the southeast corner of South Fifth street and Wythe avenue, in the Borough of Brooklyn, from Julia Allers, for the sum of seventy-five hundred (\$7,500) dollars.

The Comptroller presented the following :

CITY OF NEW YORK—COMMISSION OF NEW EAST RIVER BRIDGE,  
NO. 49 AND 51 CHAMBERS STREET,  
December 8, 1899.

To the Board of Estimate and Apportionment, CHARLES V. ADEE, Esq., Secretary, City of New York :

DEAR SIR—In compliance with the inclosed copy of a resolution of the Board, adopted at a meeting held on November 16, 1899, I transmit herewith, for your approval, copies of a contract prepared in quadruplicate for the property of the Evangelical Lutheran Emanuel Church, Borough of Brooklyn, City of New York, to be acquired for the purposes of the New East River Bridge, with the request that you will act on the matter at an early day.

At a meeting of the Commissioners of the New East River Bridge at their office No. 51 Chambers street in the Borough of Manhattan, in The City of New York, on the 16th day of November, 1899, a quorum being present, the following resolution was unanimously adopted :

Resolved, That the Commission of the New East River Bridge determine that the premises owned and occupied by the Evangelical Lutheran Emanuel Church, consisting of grounds 100 feet by 100 feet, church edifice, extension to church and parsonage, located on the southeast corner of Driggs avenue and South Fifth street, Borough of Brooklyn, are necessary for the use of said bridge, and that the same be purchased for the sum of seventy-two thousand dollars (\$72,000), subject to the approval of the Board of Estimate and Apportionment of The City of New York; that it be referred to the Corporation Counsel to prepare a contract in quadruplicate for the conveyance of said property by the proper owner or owners to The City of New York, and that said contract be submitted to the Board of Estimate and Apportionment for approval.

CITY OF NEW YORK—FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE,  
December 29, 1899.

Hon. BIRD S. COLER, Comptroller :

SIR—Hon. James D. Bell, Commissioner and Secretary, New East River Bridge Commission, in communication December 8, 1899, to the Board of Estimate and Apportionment, incloses copy of resolution adopted by the Board at a meeting held November 16, 1899, together with copies of a contract prepared in quadruplicate for the property of the Evangelical Lutheran Emanuel Church, Borough of Brooklyn, for the approval of the Board of Estimate and Apportionment.

The resolution is as follows :

Resolved, That the Commission of the New East River Bridge determine that the premises owned and occupied by the Evangelical Lutheran Emanuel Church, consisting of grounds one hundred feet by one hundred feet, church edifice, extension to church and parsonage, located on the southeast corner of Driggs avenue and South Fifth street, Borough of Brooklyn, are necessary for the use of said bridge and that the same be purchased for the sum of seventy-two thousand dollars (\$72,000), subject to the approval of the Board of Estimate and Apportionment of The City of New York; that it be referred to the Corporation Counsel to prepare a contract in quadruplicate for the conveyance of said property by the proper owner or owners to The City of New York, and that said contract be submitted to the Board of Estimate and Apportionment for approval.

I have examined the premises, which consist of a church about 53 feet by 75 feet, with a three-story brick extension in the rear of 12 feet 6 inches, also a three-story brick parsonage about 36 feet by 23 feet, all on a lot at the corner of South Fifth street and Driggs avenue.

In my opinion, the price named in the resolution—\$72,000—is considerably more than the property is worth, and I cannot recommend it for the approval of the Board of Estimate and Apportionment.

The law allows the acquisition of the lands necessary for the bridge, either by purchase or by condemnation proceedings. In my view, where there is doubt as to the value of such property, such condemnation proceedings should be resorted to, only acquiring by purchase where there does not exist such doubt.

Respectfully,  
EUG. E. McLEAN, Engineer.

In my opinion the above property is not worth more than \$66,000.

Respectfully,  
EUG. E. McLEAN, Engineer.

The Mayor moved that it be referred back to the Comptroller.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel, President of the Council and President of the Department of Taxes and Assessments—5.

The Comptroller presented the following:

CITY OF NEW YORK—COMMISSION OF NEW EAST RIVER BRIDGE,

DEAR SIR—In compliance with the inclosed copy of a preamble and resolution of the Board, adopted at a meeting held on the 26th day of October, 1899, I transmit herewith for your approval copies of a contract prepared in quadruplicate for the property of the Central Methodist Episcopal Church, near the corner of South Fifth street and Driggs avenue, Borough of Brooklyn, City of New York, to be acquired for the purposes of the new East River Bridge, with the request that you will act on the matter at an early date.

Respectfully,  
JAMES D. BELL, Commissioner and Secretary.

At a meeting of the Commissioners of the New East River Bridge, held at their office, No. 51 Chambers street, in the Borough of Manhattan, in The City of New York, on the 26th day of October, 1899, a quorum being present, the following preamble and resolution was adopted:

Church, South Fifth street and Driggs avenue, Borough of Brooklyn, accepting the offer of the Commission of the New East River Bridge to purchase said church for the sum of \$42,000, and the parsonage connected therewith, for the sum of \$8,000, which was read and ordered on file, and, on motion, the following resolution was unanimously adopted:

"Resolved, That the Commission of the New East River Bridge determine that the premises near the corner of South Fifth street and Driggs avenue, Borough of Brooklyn, owned and occupied by the Central M. E. Hon. BIRD S. COLER, Comptroller:

SIR—Hon James D. Bell, Commissioner and Secretary, New East River Bridge Commission, in communication November 24, 1899, to the Board of Estimate and Apportionment, incloses copy of resolution adopted by the Board at a meeting held October 26, 1899, together with copies of a contract prepared in quadruplicate for the property of the Methodist Episcopal Church, near the corner of the South Fifth street and Driggs avenue, Borough of Brooklyn, for the approval of the Board of Estimate and Apportionment. I have examined the premises, which consist of a brick church 56 feet by 75 feet 7 inches fronting on South Fifth street, and a three-story brick parsonage, located on an L-shaped plot, fronting on South Fifth street 71 feet 2 inches, running back 100 feet, thence to Driggs avenue 106 feet 2 inches, thence 22 feet on Driggs avenue. The plot contains a little over three city lots, 25 by 100.

In my opinion the price named in the resolution, \$50,000, is considerably more than the property is worth, and I cannot recommend it for the approval of the Board of Estimate and Apportionment.

The law allows the acquisition of the lands necessary for the bridge, either by purchase or by condemnation proceedings. In my view, where there is doubt as to the value of such property, such condemnation proceedings should be resorted to, only acquiring by purchase where there does not exist such doubt.

In my opinion the above property is not worth more than \$45,000.

EUG. E. McLEAN, Engineer.

The Mayor moved that it be referred back to the Comptroller.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel, President of the Council and President of the Department of Taxes and Assessments—5.

The Comptroller presented a claim of Michael Mullady for work in cutting up and removing trees from the streets of the Borough of Brooklyn.

The Mayor moved that it be referred to the Corporation Counsel.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel, President of the Council and President of the Department of Taxes and Assessments—5.

The Comptroller offered the following:

Resolved, That the sum of one thousand two hundred and eighty-four dollars and sixty-four cents (\$1,284.64) be and hereby is transferred from the appropriation made for the year 1898, entitled "Institution for the Improved Instruction of Deaf Mutes," the same being in excess of the amount required for the purposes thereof, to the following appropriations made for the year 1898, and as follows:

|  |            |
|--|------------|
| "Matteawan State Hospital".....                              | \$1,104 64 |
| "Syracuse State Institution for Feeble-minded Children"..... | 180 00     |
| Total.....   | \$1,284 64 |

—the amount of said appropriations being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel, President of the Council and President of the Department of Taxes and Assessments—5.

The Comptroller presented the following:

DEPARTMENT OF STREET CLEANING,  
NEW YORK, December 28, 1899.

Hon. ROBERT A. VAN WYCK, Chairman, Board of Estimate and Apportionment:

SIR—I transmit to you herewith, for the approval by your Board of the terms and conditions thereof, pursuant to section 544 of the Charter, two forms of contract.

The first is for the privilege of loading and trimming deck scows in this Department in the boroughs of Manhattan and The Bronx, and is substantially the same as the existing contract approved by your Board last year and which will expire next month.

The other is a contract for the privilege of picking over refuse in the yard of this department in Eighteenth street, between Avenues B and C, Borough of Manhattan, for the term beginning with the date of execution and ending with the 11th day of August, 1900. The reason for mak-

ing this contract terminate at that time is that the yard is held under a lease from the Consolidated Gas Company, which expires on the 15th day of August, 1900. This proposed contract for the picking over of refuse in the Eighteenth street yard covers a work that for several years has been done by informal agreements.

In the case of both of these contracts the payments are made to the City and not by the City. I desire to advertise these two contracts and receive proposals for them at the same time, and as an existing contract with Andrew Barbieri for the loading and trimming of deck scows expires within four weeks from now, and as the execution of any contract cannot take place until after first being approved by your Board, advertised for ten days and then the award again being approved by your Board, I request as early action as possible.

Respectfully,  
JAMES McCARTNEY, Commissioner.

CITY OF NEW YORK—FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE,  
January 3, 1900.

Hon. BIRD S. COLER, Comptroller:

SIR—Hon. James McCartney, Commissioner, Department of Street Cleaning, in communication of December 26, 1899, to the Board of Estimate and Apportionment, transmits for its approval of the terms and conditions, pursuant to section 544 of the Charter, two forms of contract.

FIRST:

For the privilege of loading and trimming deck scows in the boroughs of Manhattan and The Bronx, being substantially the same as the existing contract which expires this month.

The terms and conditions of the contract are—

1st. That the payments shall be made weekly, and the failure to pay shall, at the option of the Commissioner, be "deemed to be an abandonment of the contract."

2d. The contractor to furnish "all the labor, instruments and material" and to perform the work deemed necessary by the Commissioner, properly to load and trim all the deck scows and dumpers of the Department of Street Cleaning in the boroughs of Manhattan and The Bronx, at the dumps, which are specified in the contract—work minutely specified.

3d. Minute specifications as to the removal and final disposition of refuse material by the contractor; material not to be allowed to accumulate, but to be removed daily.

4th. The contract to continue for one year, beginning with the date of the first payment.

The form of contract appears to me very full and specific, and the terms and conditions may properly receive the approval of the Board of Estimate and Apportionment.

SECOND:

For the privilege of picking over and assorting the refuse in the yard of the Department of Street Cleaning, situated between Seventeenth and Eighteenth streets and Avenues B and C, in the Borough of Manhattan, delivered at said yard by vehicles of the Department of Street Cleaning, under section 544 of the Charter.

1st. The contract is to continue from the time of execution to August 11, 1900, but may be terminated by the Commissioner on ten days' notice to contractor.

2d. Payments by the contractor to be made weekly.

3d. The bids on this contract are to be made on the number of cart loads per week which shall be delivered by the Department, at the plant, viz.:

If less than 100 per week.

If more than 100 and less than 150 per week.

If 150 or more and less than 200 per week.

If 200 or more and less than 250 per week.

If 250 or more and less than 300 per week.

If 300 or more and less than 350 per week.

If 350 or more, price to be in proportion and at last rate.

Failure to make any one of the payments shall, at the option of the Commissioner, "be deemed to be an abandonment of the contract."

4th. The contractor is to furnish all labor, instruments and implements, except as provided as to the plant belonging to the Department, and to perform the work required by the Commissioner, or by him deemed necessary to pick over and assort the refuse in the yard of the Department.

5th. The specifications fully describe what is to be done by contractor.

It appears to me that the "terms and conditions" of the contract may properly be approved by the Board of Estimate and Apportionment.

As the Commissioner states in his communication, the first contract is similar to the existing contract, which will expire this month.

The second contract is for work that, for several years, has been done by informal agreements.

Respectfully,  
EUG. E. McLEAN, Engineer.

DEPARTMENT OF FINANCE—CITY OF NEW YORK, }  
January 11, 1900.

Hon. BIRD S. COLER, Comptroller :

SIR—The Board of Education, by resolution adopted December 27, 1899, appropriated the sum of \$12,456, subject to the approval of the Board of Estimate and Apportionment, from the proceeds of Corporate Stock of The City of New York, to be issued by the Comptroller, pursuant to section 48 of the Greater New York Charter, said sum to be applied in payment of the contract to be entered into by the Committee on Buildings, for and on behalf of the Board of Education, with Charles Wille, for alterations in and erecting addition to Public School 67, Borough of Queens.

The original resolution was drawn appropriating \$741,931, which included the contract awarded to John Langley for erecting new Public School 5, Long Island City, Borough of Queens, but, as will be seen by the minutes submitted with the resolution, the consideration of this contract, amounting to \$129,475, was "laid over for further consideration," and "so much of the resolution attached to the report of the Committee on Finance as relates to the award of contract for alterations in and erecting addition to Public School 67, Borough of Queens, to Charles Wille, for \$12,456," was adopted.

Proposals were invited for this work, on carefully prepared plans and specifications, by advertisement in the CITY RECORD, and six bids were received, varying from \$12,456 to \$15,781.

The award was made to the lowest bidder, Charles Wille, at his bid of \$12,456.

There appears no reason why the appropriation should not be approved by the Board of Estimate and Apportionment.

The addition to be erected is to be a two-story and basement frame building, complete in all its parts, except heating and furnishing. It is to contain six class-rooms.

Respectfully,

EUG. E. MCLEAN, Engineer.

SIR—The Board of Education, by resolution adopted December 27, 1899, appropriated, subject to the approval of the Board of Estimate and Apportionment, the sum of \$2,098 from the proceeds of Corporate Stock of The City of New York, to be issued by the Comptroller, pursuant to section 48 of the Greater New York Charter ; said sum to be applied in payment of the contract to be entered into by the Committee on Buildings, for and on behalf of the Board of Education, with Tolmie & Kerr, contractors, for improving lot adjoining Public School 62, Borough of The Bronx.

There is no reason why the appropriation should not be approved by the Board of Estimate and Apportionment.

The work consists in removing foundations, etc., of old buildings, grading the ground, building fence walls, concreting yard and putting in drains, etc.

Beginning at a point on the southerly side of Osgood avenue distant one hundred and fifteen (115) feet from a point formed by the intersection of the easterly side of Richmond road with the southerly side of Osgood avenue, running thence easterly along the southerly side of Osgood avenue one hundred and thirteen (113) feet; thence southerly at right angles to Osgood avenue one hundred and twenty-five (125) feet; thence westerly and parallel with Osgood avenue fifty (50) feet; thence southerly and again at right angles with Osgood avenue ninety (90) feet and two (2) inches to the northerly side of Waverly place; thence westerly along the northerly side of Waverly place sixty-five (65) feet; thence northerly and parallel to the Richmond road one hundred and ninety-six (196) feet and two (2) inches to the point or place of beginning.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
January 11, 1900.

Hon. BIRD S. COLER, Comptroller:

SIR—The Board of Education, by resolution adopted December 27, 1899, subject to the approval of the Board of Estimate and Apportionment, appropriated the sum of \$6,240 from the proceeds of Corporate Stock of The City of New York, to be issued by the Comptroller pursuant to section 48 of The Greater New York Charter, application for the issue of which is made, said amount being estimated to be sufficient to pay the awards, costs, charges and expenses and expert witnesses' fees, in the proceedings to acquire title to the following property by condemnation.

"All that certain parcel of land situated on Osgood avenue, near Richmond road, at Stapleton, in the Second Ward of the Borough of Richmond, bounded and described as follows:

Beginning at a point on the southerly side of Osgood avenue distant one hundred and fifteen (115) feet from a point formed by the intersection of the easterly side of Richmond road with the southerly side of Osgood avenue, running thence easterly along the southerly side of Osgood avenue one hundred and thirteen (113) feet; thence southerly at right angles to Osgood avenue one hundred and twenty-five (125) feet; thence westerly and parallel with Osgood avenue fifty (50) feet; thence southerly and again at right angles with Osgood avenue ninety (90) feet and two (2) inches to the northerly side of Waverly place; thence westerly along the northerly side of Waverly place sixty-five (65) feet; thence northerly and parallel to the Richmond road one hundred and ninety-six (196) feet and two (2) inches to the point or place of beginning."

This action by the Board of Education is taken in accordance with an ordinance of the Municipal Assembly approved by the Mayor, March 7, 1899, wherein it appears that in all subsequent proceedings initiated by the Board of Education, through the Corporation Counsel, for the condemnation of school sites, the estimated amount of the cost of the proceedings, including taxed bills of costs, expert witness fees, etc., should be first set aside, from the proceeds of bonds sold pursuant to the ordinance, by the Board of Estimate and apportionment upon requisition of the Board of Education.

I am informed by Mr. A. Emerson Palmer, Secretary, that the Committee on Sites of the Board of Education employed a real estate expert to appraise this property, and after consultation with the Corporation Counsel, added an amount, which in their opinion would be sufficient to cover the necessary expenses attendant.

In this manner the estimated amounts appropriated as above were formed, and it would appear to me that the estimates were satisfactorily made up.

As the Court finally confirms all awards and taxed costs, I consider that the appropriation made may be properly approved by the Board of Estimate and Apportionment.

Respectfully,

EUG. E. McLEAN, Engineer.

DEPARTMENT OF EDUCATION,  
January 8, 1900.

Hon. BIRD S. COLER, Comptroller:

SIR—The Board of Education, by resolution adopted September 27, 1899, requests the Board of Estimate and Apportionment and the Municipal Assembly to authorize the issue of bonds to the amount of \$1,500,000 for the construction of new school buildings and the furnishing thereof, as follows, viz.:

1. New Public School 184, One Hundred and Sixteenth and One Hundred and Seventeenth streets, between Fifth and Lenox avenues, Manhattan.

2. Public School 182, between Eighth and Ninth streets, Unionport, The Bronx.

3. New Public School 178, One Hundred and Sixty-third street, between Grant and Morris avenues, The Bronx.

4. New Public School 186, One Hundred and Forty-fifth and One Hundred and Forty-sixth streets and Amsterdam avenue, Manhattan.

5. New Public School 183, Sixty-sixth and Sixty-seventh streets, east of First avenue, Manhattan.

6. Public School 22, addition, Nos. 112 to 116 Sheriff street, Manhattan.

7. Public School 70, addition, Nos. 206 to 214 East Seventy-sixth street, Manhattan.

8. Public School 51, addition, No. 523 West Forty-fourth street (in rear), Manhattan.

9. Public School 91, addition, Ogden avenue, Highbridge, The Bronx.

10. Public School 155, Anthony and Tremont avenues, The Bronx (erecting southerly half of building as originally planned and thereby completing it).

11. Public School 132, Wadsworth avenue and One Hundred and Eighty-second street, Manhattan (rock excavation).

I would report as follows:

1. Public School 184, One Hundred and Sixteenth and One Hundred and Seventeenth streets, between Fifth and Lenox avenues, Manhattan.

It is proposed to erect a five-story building, containing 48 class-rooms; fifth floor to be fitted up for the use of the Harlem Evening High School, to contain chemical laboratory and lecture-room, gymnasium, etc. Estimated cost for the erection of building, not including steam or furnishing thereof, \$300,000.

The proposed school is in a neighborhood not now supplied with schools. The nearest schools are at One Hundred and Seventeenth street and St. Nicholas avenue and One Hundred

and Nineteenth street and Madison avenue. Both of these schools have pupils which are taught in part time classes.

2. Public School 182, Avenue C., between Eighth and Ninth streets, Unionport, The Bronx. Building to be five stories high, containing eighteen class-rooms, gymnasium and manual training. Estimated cost, \$125,000.

In the neighborhood of the proposed school is a small school building with only two class-rooms; the nearest large school is Public School 97, at Westchester, a distance of about one and one-half miles, to which children are carried by stage furnished by the Board of Education.

3. Public School 178, One Hundred and Sixty-third street, between Grant and Morris avenues, The Bronx.

The proposed building is to be five stories high, eighteen class-rooms, gymnasium and manual training. Estimated cost, \$125,000.

This site is within nine blocks of Public School 62, at One Hundred and Fifty-seventh street and Courtlandt avenue, which school is not now full, hence the children in the neighborhood of the proposed new school can be accommodated at the old school for the present.

4. Public School 186, One Hundred and Forty-fifth and One Hundred and Forty-sixth streets, near Amsterdam avenue.

The building is to be five stories high, containing forty-eight class-rooms, gymnasium, manual training, etc. Estimated cost, \$300,000.

There is no public school on the line of Amsterdam avenue between One Hundred and Twenty-ninth and One Hundred and Fifty-sixth streets, a distance of over one and one-third miles. The classes in both of these schools are unduly large.

5. New Public School 183, Sixty-sixth and Sixty-seventh streets, east of First avenue.

The proposed building is to be five stories high, 48 class-rooms, gymnasium, manual training, etc. Estimated cost, \$300,000.

This school is needed to relieve Public School 82, at Seventieth street and First avenue, where there are upwards of 650 children receiving part time instruction.

6. Public School 22, addition, Nos. 112 to 116 Sheriff street, Manhattan.

It is the intention to build an addition to Public School 22, five stories high, with accommodation for 15 class-rooms and make certain alterations in the old building. Estimated cost, \$110,000.

In the school for which this addition is proposed there are at present nearly 500 children taught in part time classes.

7. Public School 70, addition, Nos. 206 to 214 East Seventy-sixth street, Manhattan.

The addition is to be a four-story and mansard building, containing 18 class-rooms, gymnasium and manual training; also alterations are proposed for the old school building. Estimated cost, \$110,000.

In the immediate neighborhood (No. 170 East Seventy-seventh street) it has been found necessary to lease a large building for school purposes, which has been fitted up by the Board of Education at a considerable expense, the lease of which runs to 1927; hence an addition to Public School 70 is not urgent.

8. Public School 51, addition, West Forty-fourth street (in rear), Manhattan.

It is proposed to make alterations to old building and build an annex on West Forty-fifth street, four stories, with mansard, containing 18 class-rooms. Estimated cost, \$110,000.

This addition is proposed and needed to accommodate the children which attend Public School 51, as upward of 150 pupils are now taught in part time classes.

9. Public School 91, addition, Ogden avenue, Highbridge, The Bronx. Addition to be four stories high, containing 12 classrooms, library, physical and manual training; it is also the intention to make certain alterations to the old building. Total estimated cost \$125,000.

The rooms of the present building are all in use, but it is not a growing neighborhood, and in my judgment an addition to this school is not urgent.

10. Public School 155, Anthony and Tremont avenues, The Bronx. It is proposed to complete the school building as originally designed, by the erection of the southerly half, consisting of 24 class-rooms, gymnasium and manual training. Estimated cost, \$150,000.

The school attendance in the neighborhood has increased since the erection of the first part of this building, which has been completed about three years. But as the school is not crowded, in my judgment this addition is not urgent at present.

11. Public School 132, Wadsworth avenue and One Hundred and Eighty-second street, Manhattan (rock excavation). It is proposed to excavate the rock preparatory to erection of building. Estimated cost, \$15,000.

I do not think it necessary to remove the rock until it is proposed to build a school.

In my report the estimates given are for the erection of the buildings only; this total estimate I make \$1,770,000, or \$270,000 more than is asked for by the Board of Education, and this does not include steam, electric work and furniture.

I submit the following table giving an estimate of what it will cost to furnish each of the respective buildings and additions:

|   | BUILDINGS AND ADDITIONS. | HEATING AND VENTILATING. | FURNITURE.  | TOTAL.         |
|---|--------------------------|--------------------------|-------------|----------------|

The Comptroller offered the following:

To the Board of Education:

The Committee on Finance, to which was referred the following communication from the Corporation Counsel:

"NEW YORK, January 5, 1900.

"The action commenced by Louis Ettlinger for rent of the eleventh and twelfth floors of the building known as Nos. 585 and 587 Broadway, occupied by your Board for the two quarters beginning February 1, 1899, and ending on the 1st of August, 1899, was recently brought to trial before Mr. Justice McAdam, and after the proofs had been adduced, he decided that, in view of the notice given to your Board prior to the expiration of the original lease that the rent would be increased to \$8,000, coupled with the circumstance that you had continued in possession after the expiration of such term, you became tenant for another year at the increased rent.

"This has been the law in this State for a decade and a verdict was therefore rendered against the plaintiff and judgment thereon entered up on the 26th of December, 1899, for \$4,227.54, which includes the two first quarters' rent with interest and costs.

"I have this day certified the judgment to the Comptroller and added that provision should be made by the Board of Education for payment.

"This latter statement is based upon the supposition that the Board of Estimate and Apportionment appropriated to your Board a sum of money sufficient to pay this rent, at least for six months, that being the period of time for which the lease was authorized to be made by the Sinking Fund Commissioners. I also stated in my letter to the Comptroller that the last two quarters' rent would have to be provided for; that there was no defense to the claim, and that provision had better be immediately made so as to avoid expense to the City.

"I do not know whether the last two quarters are capable of being paid out of your fund, or whether they will have to be paid out of the judgment fund, or in some other way.

"This letter is designed to be a notice to you to make provision for the payment of the last two quarters in some appropriate way, and thus avoid expense."

—respectfully reports that in order to comply with the advice of the Corporation Counsel it will be necessary that a transfer of funds be requested through the Board of Estimate and Apportionment.

The following resolution is submitted for adoption:

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to transfer the sum of four thousand dollars (\$4,000) from the appropriation contained in the Special School Fund for 1899, entitled "Board of Education, Biennial School Census," which fund is in excess of its requirements, to the fund for the same year, also contained in the Special School Fund, entitled "Board of Education—Rents, and for the Erection of Temporary School Premises," which appropriation is insufficient for the purposes thereof.

## NEW PUBLIC SCHOOL 5, ACADEMY AND LOCKWOOD STREETS, BOROUGH OF QUEENS.

This building is designed to replace old Public School 5, a non-fireproof, dilapidated school building, now occupying a portion of the site.

The new structure will be three stories and basement in height, the basement being designed to receive the heating and ventilating apparatus and afford indoor recreation space for the children. The first and second stories have ten class-rooms each and the third story six class-rooms and a large assembly room. Ample wardrobe space, toilet accommodations and teachers' retiring rooms are also furnished on each floor.

The floor systems will be constructed with iron columns, girders and beams carrying terra-cotta partitions, while the floor joists will be of wood and the stairways, passageways, etc., will be fireproof.

The exterior of the building will be of brick, with limestone and terra-cotta trimmings, the roof to be covered with slate.

Inasmuch as the old school building occupies a portion of the site, it will be necessary to erect the easterly half of the new building and complete the same ready for occupancy, so that the children can be transferred thereto while the old building is torn down and the new structure fully completed, and thus afforded the necessary school accommodations during building operations.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,  
January 13, 1900.

Hon. BIRD S. COLER, Comptroller:

SIR—Mr. A. Emerson Palmer, Secretary, Board of Education, in communication to the Comptroller, January 11, 1900, transmits copy of report and resolution presented at the meeting of the Board of Education held on December 13, 1899, appropriating \$141,931 Corporate Stock, for alterations in and erecting addition to Public School 67 and erecting new Public School 5, Borough of Queens. He also transmits certified copy of extract from the minutes of the meeting of the Board of Education, held on January 10, 1900, showing that so much of the resolution mentioned above as related to Public School 5 was adopted. The portion of the resolution relating to alterations in and erecting addition to Public School 67 was adopted on December 27, 1899.

In my report, January 11, 1900, I considered only the \$12,456 for Public School 67, as therein explained.

In this report I consider only the erection of new Public School 5, Long Island City, Borough of Queens, and that part of the resolution referring to it appropriating \$129,475 for the purpose.

Proposals were invited for this work, on carefully-prepared plans and specifications, by advertisement in the CITY RECORD, and four bids were received, ranging from \$129,475 to \$143,450.

The contract was awarded to the lowest bidder, John Langley, at his bid of \$129,475.

There is no reason why the appropriation should not receive the approval of the Board of Estimate and Apportionment.

The building to be erected is to be of brick, with terra-cotta and limestone trimmings; three stories and basement in height, with slate roof.

The building will be, in dimensions, 163 feet by 72 feet, on a plot 200 feet 2½ inches by 100 feet.

The basement will be appropriated to play-rooms for the boys and girls, boiler-room and lavatories.

On the first story there will be 10 class-rooms.

On the second story there will be 10 class-rooms.

On the third story there will be 6 class-rooms and assembly room, not subdivided.

The wardrobes are outside of the class-rooms. The building is not of fireproof construction.

The columns are of cast-iron and the girders of steel, but the floor beams and floors are of wood, and the halls asphalted.

The staircases, of which there are four tiers, are fireproof, being constructed of iron and stone. The basement is concreted.

Respectfully,

EUG. E. McLEAN, Engineer.

P. S.—I inclose an additional description of the building furnished by the Superintendent of School Buildings.

And offered the following:

Resolved, That the Board of Estimate and Apportionment hereby approves of the requisition of the Board of Education by resolution adopted January 10, 1900, for the appropriation of one hundred and twenty-nine thousand four hundred and seventy-five dollars (\$129,475) from the proceeds of Corporate Stock of The City of New York, to be sold pursuant to the provisions of section 48 of the Greater New York Charter and the ordinance of the Municipal Assembly approved by the Mayor March 7, 1899, for the purpose of providing means for the payment of contract to be entered into by the Committee on Buildings for and on behalf of the Board of Education of The City of New York, with John Langley, contractor, for erecting new Public School 5, Long Island City, Borough of Queens.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel, President of the Council and President of the Department of Taxes and Assessments—5.

The Comptroller presented the following:

To the Board of Education:

The Committee on Finance respectfully reports that the Committee on Buildings has requested, in order to compensate the architects on the new Hall of the Board of Education for their services in connection with the preparation of specifications and supervision of the work represented by the supplementary contract made by the Board with Thomas Cockerill & Son, for \$153,302.50, that a sum equal to five per cent. of the amount thereof be set aside to meet the liability incurred.

The following resolution is submitted for adoption:

Resolved, That, subject to the approval of the Board of Estimate and Apportionment, the sum of seven thousand six hundred and sixty-five dollars and thirteen cents (\$7,665.13) be and the same is hereby appropriated from premiums derived from the sale of School-house Bonds (School-house Fund), said sum to be applied in payment for the services of N. LeBrun & Son, in connection with the preparation of plans and specifications and supervision of the work of completing the new Hall of the Board of Education, which work is represented by the supplementary contract made by this Board with Thomas Cockerill & Son, for one hundred and fifty-three thousand three hundred and two dollars and fifty cents (\$153,302.50), said sum representing the usual remuneration of five per cent. paid to architects on the amount of the before-mentioned contract; requisition for said sum being hereby made upon the Comptroller.

Hon. BIRD S. COLER, Comptroller:

SIR—The Board of Education, by resolution adopted January 10, 1900, appropriated, subject to the approval of the Board of Estimate and Apportionment, the sum of \$7,665.13 from premiums derived from the sale of School-house Bonds (School-house Fund), said sum to be applied in payment of the services of N. LeBrun & Son in connection with the preparation of plans and specifications and supervision of the work of completing the new Hall of the Board of Education, which work is represented by the supplementary contract made by the Board with Thomas Cockerill & Son for \$153,302.50, said sum representing the usual remuneration of five per cent. paid to architects, on the amount of the before mentioned contract.

I can see no reason why this appropriation should not be approved by the Board of Estimate and Apportionment, the rate of five per cent. on the cost of the work being the usual compensation for the service of architects.

Respectfully,

EUG. E. McLEAN, Engineer.

A true copy of resolution adopted by the Board of Education on January 10, 1900.

A. EMERSON PALMER, Secretary, Board of Education.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
January 15, 1900.

Hon. BIRD S. COLER, Comptroller:

SIR—The Board of Education, by resolution adopted January 10, 1900, subject to the approval of the Board of Estimate and Apportionment, appropriated the sum of \$92,690 from the proceeds of Corporate Stock of The City of New York, to be issued by the Comptroller, pursuant to section 48 of the Greater New York Charter, application for the issue of which is made, said amount being estimated to be sufficient to pay the awards, costs, charges and expenses and expert witness fees, in the proceedings to acquire title to the following property in the Borough of Queens, by condemnation:

1. Jamaica and Hopkins avenues, Long Island City, Borough of Queens, about 9 city lots.
2. Graham avenue, Vernon avenue and Hamilton street, Long Island City, Borough of Queens, about 12 city lots.
3. Vernon avenue, Fourth and Fifth streets, Long Island City, Borough of Queens, about 10 city lots.

This action by the Board of Education is taken in accordance with an ordinance of the Municipal Assembly, approved by the Mayor March 7, 1899, wherein it appears that in all subsequent proceedings initiated by the Board of Education, through the Corporation Counsel, for the condemnation of school sites, the estimated amount of the cost of the proceedings, including taxed bills of costs, expert witness fees, etc., should be first set aside from the proceeds of bonds sold pursuant to the ordinance by the Board of Estimate and Apportionment upon requisition of the Board of Education.

I am informed by Mr. A. Emerson Palmer, Secretary, that the Committee on Sites of the Board of Education employed a real estate expert to appraise each and every parcel enumerated above, and after consultation with the Corporation Counsel, added in each case an amount which in their opinion would be sufficient to cover the necessary expenses attendant.

In this manner the estimated amounts appropriated as above were formed, and it would appear to me that the estimates were satisfactorily made up.

As the Court finally confirms all awards and taxed costs, I consider that the appropriation made may be properly approved by the Board of Estimate and Apportionment.

Respectfully,

EUG. E. McLEAN, Engineer.

And offered the following:

Resolved, That the Board of Estimate and Apportionment hereby approves of the requisition of the Board of Education by resolution adopted January 10, 1900, for the appropriation of ninety-two thousand six hundred and ninety dollars (\$92,690), from the proceeds of Corporate Stock of the City of New York, to be sold pursuant to the provisions of section 48 of the Greater New York Charter, and the ordinance of the Municipal Assembly approved by the Mayor, March 7, 1899, for the purpose of providing means for the payment of awards, costs, charges and expenses and expert witnesses' fees in the proceedings to acquire title to the following named property by condemnation, viz.:

1. Jamaica and Hopkins avenues, Long Island City, Borough of Queens, about 9 city lots.
2. Graham avenue, Vernon avenue and Hamilton street, Long Island City, Borough of Queens, about 12 city lots.
3. Vernon avenue, Fourth and Fifth streets, Long Island City, Borough of Queens, about 10 city lots.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel, President of the Council and President of the Department of Taxes and Assessments—5.

The Comptroller presented the following:

THE CITY OF NEW YORK,  
OFFICE OF THE CITY CLERK—CITY HALL,  
NEW YORK, January 12, 1900.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—I hereby respectfully request your Honorable Body to transfer the sum of eight hundred dollars (\$800) from the balance left of the appropriation for Salaries, the Municipal Assembly and City Clerk, 1899, to the appropriation for City Contingencies, 1899, for the reason that the balance left of the latter appropriation is not sufficient to cover the expenditure authorized by the Municipal Assembly.

Yours respectfully,

P. J. SCULLY, City Clerk.

And offered the following:

Resolved, That the sum of eight hundred dollars (\$800) be and hereby is transferred from the appropriation made to the Municipal Assembly and City Clerk for the year 1899, entitled "Salaries of Officers, Clerks and Employees of the Municipal Assembly and in the Office of the City Clerk," the same being in excess of the amount required for the purposes thereof, to the appropriation made to the said office, for 1899, entitled "City Contingencies," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel, President of the Council and President of the Department of Taxes and Assessments—5.

The Comptroller presented the following:

NEW YORK, February 2, 1900.

#### TO CONTRACTORS.

**BIDS OR ESTIMATES, INCLOSED IN A** sealed envelope, with the title of the work and the name of the bidder indorsed thereon, will be received at this office until

**WEDNESDAY, FEBRUARY 28, 1900,** at 12 o'clock M., at which hour they will be publicly opened by the head of the Department and read.

For the following work in the  
**Borough of Brooklyn.**  
**SEWERS IN FORT HAMILTON AVENUE**, from Sixty-second street to Sixtieth street, in SIXTIETH STREET, from Fort Hamilton avenue to Fourteenth avenue, and in FOURTEENTH AVENUE, from Sixtieth street to Forty-first street.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or in the work to which it relates or in any portion of the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall refuse or neglect to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion

of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in a sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of the deposit will be returned to him.

**THE COMMISSIONER OF SEWERS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED, IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.**

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or in the work to which it relates, or in any portion of the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall refuse or neglect to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in a sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of the deposit will be returned to him.

No estimate will be accepted from, or a contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law in the sum of Ten Thousand Dollars.

Each estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof.

The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of The City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract for all or any part of said supplies may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Portico to entrance of New City Prison," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the Commissioner, or his duly authorized agent, of said Department and read.

THE COMMISSIONER OF THE DEPARTMENT OF CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED BY SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two subsequent sureties, each in the penal amount of FIVE THOUSAND (\$5,000) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, trust, bond or security companies in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of Two Hundred and Fifty (\$250) Dollars, being five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The work and materials must conform in every respect to the printed specifications and plans. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

The form of the contract, including specifications and plans, and showing the manner of payment, will be furnished at the office of the Department, No. 148 East Twentieth street, and Withers & Dickson, architects, 50 Bible House, Borough of Manhattan, New York City, and bidders are cautioned to examine each and all its provisions carefully, as the Commissioner of the Department of Correction will insist upon its absolute enforcement in every particular.

**PROPOSALS FOR THE CONTRACT FOR THE** above privilege inclosed in sealed envelopes and indorsed with the title of the work, and with the name and address of the person or persons making the same, and the date of presentation of the same, will be received at the Main Office of the Department of Street Cleaning, Nos. 13 to 21 Park row, in the Borough of Manhattan, in the City of New York, until 12 M. of

**MONDAY, THE 5TH DAY OF FEBRUARY, 1900,**

at which time and place the said proposals will be publicly opened and read.

The work under the contract for which these proposals are to be received is to be begun on the Monday following the date of execution of said contract.

The said contract is to be for the term beginning with the date of execution and ending with the 15th day of August, 1900, with the provision, however, that it may at any time be terminated by the Commissioner of Street Cleaning on ten (10) days' notice to the contractor.

The person or persons to whom the contract may be awarded will be required to execute the said contract within five (5) days of the receipt of a notice to that effect, and in case of failure or neglect so to do, he or they will be considered as having abandoned said contract and as in default to the Corporation, whereupon the Commissioner of Street Cleaning may readvertise and relet the privilege, and so on until the contract be accepted and executed.

Bidders are required to state under oath or affirmation in their proposals their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested, they shall distinctly state that fact; also that the proposal is made without any connection with any other person making a proposal for the same work; that it is in all respects fair and without collusion or fraud; and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, is directly or indirectly interested therein, or in any portion of the profits thereof. The above prices must be written out and must also be given in figures.

Permission will not be given for the withdrawal of any proposal, and the right is expressly reserved by the Commissioner of Street Cleaning to reject all the proposals should he deem it best for the interest of the City so to do. The said Commissioner also reserves the right to select from the proposals received that proposal the acceptance of which will, in his judgment, best secure the efficient performance of the work. No proposal will be accepted from nor will the contract be awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each proposal must be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, or of two guaranty or surety companies, duly authorized by law to act as sureties, incorporated under the laws of the State of New York, as shall be satisfactory to the Comptroller, to the effect that if the contract be awarded to the person or persons making the proposal, they will, on its being so awarded, become bound as his or their sureties for its faithful performance in the amount of One Thousand Dollars (\$1,000), and that if he or they shall omit or refuse to execute the same, they will pay to The City of New York any difference between the sum which he or they would have paid for four (4) weeks' privilege under the contract, and that which The City of New York may be obliged to accept from the person or persons to whom the contract may be subsequently awarded for the same period of four (4) weeks. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract over and above his liabilities as bail, surety and otherwise; that he has offered himself as a surety in good faith with the intention to execute the bond required by law, and a like affidavit as to sufficiency shall be required of an officer of a corporation so signing. The adequacy and sufficiency of the sureties offered shall be approved by the Comptroller.

Each proposal must be accompanied by a certified check on one of the State or National Banks of The City of New York, payable to the order of the Comptroller of said City, for five per centum of the amount for which the bidder proposes to perform the work for one year, or by money to that amount. On the acceptance of any proposal or the rejection of all the proposals, the check or money of the unaccepted bidders will be returned to them, and upon the execution of the contract, the check or money of the accepted bidder will be returned to him.

This public notice or advertisement is to be deemed a part of the contract.

All bidders must satisfy themselves beforehand of the value of the privilege, and all proposals must be made with reference to the form of agreement and the requirements thereof on file in the Main Office of the Department of Street Cleaning, or bids not so made will be rejected. The person or persons to whom the said contract may be awarded will be required to execute said contract within five (5) days of a receipt of a notice to that effect, and in case of neglect or failure so to do, he or they will be considered as having abandoned said contract, and as in default to the Corporation, whereupon the Commissioner of Street Cleaning may readvertise and relet the privilege, and so on until the contract be accepted or executed. N.B.—Bidders are notified that bones, fat or other refuse of an organic nature cannot be assorted or be removed from the said dumps, as such material belongs to another party under contract with the City.

All proposals must be made with reference to the form of agreement and the requirements thereof on file in the Main Office of the Department of Street Cleaning, or, if not so made, will be rejected. The form of agreement (with specifications) may be seen and the blank forms of the proposals required to be used may be obtained at the Main Office of the Department.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and the amount of the security offered to be approved by the Comptroller of the City of New York, if the contract shall be awarded to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety; the adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.*
