## COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund at a Meeting Held in Room 16, City Hall, at 2.30 o'clock p. m., on Friday, February 5, 1904.

Present—George B. McClellan, Mayor; Edward M. Grout, Comptroller; Patrick Keenan, Chamberlain; Charles V. Fornes, President, Board of Aldermen, and John T. McCall, Chairman Finance Committee, Board of Aldermen.

The minutes of the meeting held January 20, 1904, were approved as printed.

The following communication was received from the Commissioner of Docks, relative to the vesting of title in all that portion of the Chelsea improvement now under condemnation proceedings, between the northerly side of Fifteenth street and the southerly side of Seventeenth street, the easterly side of the marginal street, wharf or place, and including all water rights in the Hudson river:

NEW YORK, January 21, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Commissioners of the Sinking Fund:

SIR—I beg to advise you that Commissioners of Estimate and Assessment have been appointed in proceedings for the acquisition by the City of property required for the improvement of the water front between Fifteenth and Eighteenth streets, North river.

In order that the work of improvement at that locality may not be hampered, it is the desire of this Department to secure immediate possession of that portion of the property lying between Fifteenth and Seventeenth streets, North river, and I would therefore respectfully request that, pursuant to section 823A of the Greater New York Charter, the Commissioners of the Sinking Fund by resolution direct that title to the property lying between the northerly line of West Fifteenth street and the southerly line of West Seventeenth street westerly of the proposed easterly line of the marginal street thereat, shall vest in The City of New York upon a date thirty days after the filing in the office of the Clerk of the Supreme Court in the First Judicial District, of the oaths of the Commissioners of Estimate and Assessment in said proceedings appointed.

I transmit herewith a map showing the premises referred to above. The properties desired by the Department are as follows:

1. The bulkhead rights extending from the northerly side of West Fifteenth street to the southerly side of West Sixteenth street.
2. The bulkhead rights extending from the northerly side of West Sixteenth street to the southerly side of West Seventeenth street.
3. The land bounded by the northerly side of West Fifteenth street, the easterly side of Eleventh avenue, the southerly side of West Sixteenth street and the easterly line of the marginal street, wharf or place.
4. The land bounded by the northerly side of West Sixteenth street, the easterly side of Eleventh avenue, the southerly side of West Seventeenth street and the easterly line of the marginal street, wharf or place.
5. The land bounded by the northerly side of West Sixteenth street, the easterly side of Thirteenth avenue, the southerly side of West Seventeenth street and the westerly side of Eleventh avenue.

Yours respectfully,

MAURICE FEATHERSON, Commissioner.

In connection therewith the Comptroller presented the following report of the Engineer of the Department of Finance:

February 1, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Commissioner of Docks, in communication dated January 21, 1904, requests the Commissioners of the Sinking Fund, pursuant to section 823a of the Charter,

to vest title in all that portion of the Chelsea Improvement now under condemnation proceedings, lying between the northerly side of Fifteenth street, the southerly side of Seventeenth street, the easterly side of the marginal street, wharf or place, and including all water rights in the Hudson river. This property is a part of that authorized to be condemned by resolution of the Board of Estimate and Apportionment, dated July 15, 1903.

Commissioners of Estimate and Appraisal have been appointed but have not as yet qualified and filed their oaths of office. In consequence the date when title will vest, upon a resolution of the Commissioners of the Sinking Fund, to wit, 30 days after the filing of the oaths, will not be before March 1, 1904.

The block between Fifteenth and Sixteenth streets, with the bulkhead, is used in part by the Central Railroad Company of New Jersey as a freight yard, and the block to the north by the Consolidated Gas Company.

Contracts have been let or Treasurer's orders are outstanding for the dredging of all property in this section, and I am informed at the Dock Department that the improvement can go forward as soon as title is vested.

The Consolidated Gas Company and the Central Railroad Company of New Jersey should be advised at once of the intention of the Commissioners of the Sinking Fund to vest title in order that they may have all the time possible to wind up their business at these points.

The assessed valuation (1904) of the several parcels is \$1,242,000, and the interest charge for carrying this property until confirmed will be about \$150,000 per annum.

All property required for the Chelsea improvement except the above and, (a) Block between Seventeenth and Eighteenth streets, with bulkhead occupied by Consolidated Gas Company.

(b) Block between Twenty-second and Twenty-third streets, Eleventh and Thirteenth avenues, vacant.

(c) East side of Eleventh avenue, between Twentieth and Twenty-first streets.

(d) East side of Eleventh avenue, between Twenty-first and Twenty-second streets, is now or will be in a day or so vested in the City.

Respectfully,

EUG. E. McLEAN, Engineer.

Mr. James W. Gerard, representing the estate of Bradish Johnson, appeared before the Board and requested that the date for the vesting of title be fixed for May 1, 1904. The Dock Commissioner, who was present, stated that he had no objection to this and recommended that it be so fixed. The Comptroller thereupon offered the following resolution:

Resolved, That the Commissioners of the Sinking Fund, deeming it for the public interest that the title to the following lands and premises and all interest therein shall be acquired by The City of New York at a fixed or specified time, do hereby direct that, provided the oaths of the Commissioners of Estimate and Appraisal appointed by the Supreme Court under the proceedings to acquire title to said lands and premises shall have been filed in the office of the County Clerk prior to May 1, 1904, the title to said lands and premises and all interest therein shall vest in The City of New York on such date, namely, May 1, 1904:

1. The bulkhead rights extending from the northerly side of West Fifteenth street to the southerly side of West Sixteenth street.
  2. The bulkhead rights extending from the northerly side of West Sixteenth street to the southerly side of West Seventeenth street.
  3. The land bounded by the northerly side of West Fifteenth street, the easterly side of Eleventh avenue, the southerly side of West Sixteenth street and the easterly line of the marginal street, wharf or place.
  4. The land bounded by the northerly side of West Sixteenth street, the easterly side of Eleventh avenue, the southerly side of West Seventeenth street and the easterly line of the marginal street, wharf or place.
  5. The land bounded by the northerly side of West Sixteenth street, the easterly side of Thirteenth avenue, the southerly side of West Seventeenth street and the westerly side of Eleventh avenue.
- Which was unanimously adopted.

The following communication was received from the Commissioner of Docks, relative to a lease of a portion of pier at Whitestone Landing, Borough of Queens, to Elmer E. Keeler:

NEW YORK, January 30, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Commissioners of the Sinking Fund:

SIR—I beg to recommend that the Commissioners of the Sinking Fund consent to and approve of the execution, by the Commissioner of Docks, of a lease to Elmer E. Keeler, of the entire westerly side with 120 feet at the outer end of the easterly side of the pier at Whitestone Landing, Borough of Queens, as it will exist when extended, the lease to be for a term of ten years at a rental of \$1,100 per annum; the lessee to have the privilege of erecting a shed on the outer 120 feet of said pier, this shed to revert to and become the property of The City of New York at the expiration or sooner termination of the lease. The remaining terms and conditions of the lease to be similar in every respect to those contained in leases of wharf property now in use by this Department.

The pier at Whitestone Landing is at present 30 feet long and 40 feet wide; it is proposed to extend the same 300 feet further outshore, making the pier 330 feet in length, and to lease the property above described to Elmer E. Keeler, of the Keeler Transportation Line. The rental is fixed upon the basis of 5½ per cent. of the estimated cost of the extension, and 5 cents per square foot for the area of land under water to be occupied; an additional \$155 per annum is added for the privilege of erecting a shed on the 120 feet, making the rental for the portion of the pier leased, with the privilege of erecting the shed thereon, \$1,100 per annum.

The total revenue received from this dock during the year 1901 amounted to \$84.50, and during the year 1902, to \$83.24.

Yours respectfully,

MAURICE FEATHERSON, Commissioner.

I see no objection for the approval of the above lease. When the pier is extended, the City will have available for general wharfage the 210 feet of the easterly side of the pier, furnishing a much greater accommodation for the public than at present.

EUG. E. McLEAN, Engineer, Department of Finance.

In connection therewith the Comptroller offered the following resolution:

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Docks, of a lease to Elmer E. Keeler of the entire westerly side, with 120 feet at the outer end of the easterly side, of the pier at Whitestone Landing, Borough of Queens, as it will exist when extended; the lease to be for a term of ten years at an annual rental of eleven hundred dollars (\$1,100) per annum; the lessee to have the privilege of erecting a shed on the outer 120 feet of said pier, this shed to revert to and become the property of

The City of New York at the expiration or sooner termination of the lease. The remaining terms and conditions of the lease to be similar in every respect to those contained in leases of wharf property now in use by the Department of Docks and Ferries, and as recommended by the Commissioner of Docks in communication dated January 30, 1904.

The premises are at present occupied under a permit by Willis A. Winne, at a rental of \$195 per month.

January 23, 1904.

In connection therewith the Comptroller offered the following resolution:

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Docks, of a lease to Edwin Huerstel of the following described wharf property, together with the privilege of erecting and maintaining an ice bridge, scales and tally house thereon, for a term of five years from a date thirty days after said lease shall have been approved by the Commissioners of the Sinking Fund, namely:

The following communication was received from the Commissioner of Docks, relative to a lease of the southerly half of the pier at the foot of Eighth street, East river, to Willard Hawes & Co.:

NEW YORK, January 21, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Commissioners of the Sinking Fund:

SIR—I beg to recommend that the Commissioners of the Sinking Fund consent to and approve of the execution of a lease by the Commissioner of Docks to Willard Hawes & Co. of the southerly half of the pier at the foot of Eighth street, East river, in the Borough of Manhattan, this lease to commence on a date thirty days after approval of same by the Commissioners of the Sinking Fund, and to terminate on June 1, 1912, that being the date of expiration of the lease of the northerly side of the pier; rental to be paid at the rate of \$1,500 per annum, payable quarterly in advance to this Department. It being understood that said Willard Hawes & Co. will make the necessary repairs to the southerly half of the pier to the satisfaction and under the supervision of the Engineer-in-Chief of this Department, in order to place the premises in suitable condition for use, and that they will hold the City harmless from any damages on account of any accidents that may occur on the said southerly half of the pier during their occupancy of the premises.

The remaining terms and conditions of the lease to be similar in every respect to those contained in leases of wharf property now in use by this Department.

Messrs. Willard Hawes & Co. are now in occupation of the premises under a permit at a rental of \$1,500 per annum.

The northerly half of this same pier is now leased to Messrs. Walsh & Tregarthen at a rental of \$1,200 per annum. The northerly half of the pier at the foot of Seventh street, East river, immediately south of this pier, is now leased to Messrs. Walsh & Tregarthen at a rental of \$1,500 per annum. Both of these leases were approved by the Commissioners of the Sinking Fund, the former in 1902 and the latter in 1903. It will be necessary for Messrs. Willard Hawes & Co., the proposed lessees of the southerly half of the East Eighth Street Pier, to expend a considerable amount of money in making the necessary repairs to place these premises in proper condition for use.

Yours respectfully,

MAURICE FEATHERSON, Commissioner.

I see no objection to the approval of this lease.

The Fire Department is erecting a new building for Engine Company 124, located on the westerly side of Hicks and Joralemon streets. It is not as yet completed, and will not be for a period of three months. The City has been occupying these premises for some time past, lease of which expired on December 31, 1903, and owing to the building in Hicks street not being finished, the then Commissioner of the Fire Department requested the owner of the premises, Mr. Squibb, to permit them to use the same for the month of January at a rental of \$75. This was agreed to by Mr. Squibb, and the Commissioners of the Sinking Fund adopted a resolution authorizing the use of the premises for a period of a month. Mr. Squibb has now increased the rental to \$100 per month for a further period of three months.

Inasmuch as this building is absolutely necessary to the Fire Department, I would respectfully recommend that the Commissioners of the Sinking Fund authorize the hiring of these premises for a period of three months at a monthly rental of \$100, and that the Comptroller be authorized to pay the rental without the necessity of executing a lease.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

Approved: N. TAYLOR PHILLIPS, Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to pay to Edward H. Squibb and Charles F. Squibb, the sum of one hundred dollars (\$100) per month, for a period of three months, commencing February 1, 1904, being the rent of premises occupied by the Fire Department at Nos. 153 and 155 Furman street, Borough of Brooklyn.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Law Department, relative to the hiring of Room No. 227 in the Stewart Building, No. 280 Broadway, Borough of Manhattan, to be occupied by the Bureau for the Collection of Arrears of Personal Taxes:

NEW YORK, February 2, 1904.

Hon. N. TAYLOR PHILLIPS, Secretary, Commissioners of the Sinking Fund of The City of New York:

SIR—Mr. Henry Steinert, Assistant Corporation Counsel in charge of the Bureau for the Collection of Arrears of Personal Taxes, has addressed the following communication to me:

"The space in the present offices of the Bureau for the Collection of Arrears of Personal Taxes (Rooms 225-226) is entirely inadequate for the proper filing of the records, and the present arrangement of offices does not supply sufficient space to accommodate the desks of the employees, nor does the present arrangement provide any space whatever for use as a waiting room. Adjoining these offices there is a room, No. 227, 28 feet by 15 feet and 5 inches, comprising 432 square feet. The addition of this space, I believe, will give enough room to remedy the crowded condition which I have referred to.

"I am informed by the Superintendent of this building that the rent of the office in question is \$450 per annum, and the same can be hired from month to month. I have discussed the matter with Mr. N. Taylor Phillips, Deputy Comptroller and Secretary of the Sinking Fund Commission of The City of New York, and he has advised me that, in view of the fact that the offices of this Bureau are shortly to be moved to the new Hall of Records Building, the rental from month to month will be preferable to hiring by lease.

"I would, therefore, request that application be made to the Commissioners of the Sinking Fund of The City of New York for authority to hire the room in question at the terms and under the conditions above referred to."

In view of the statements contained therein, I hereby make application to the Commissioners of the Sinking Fund of the City of New York for authority to hire Room No. 227, Stewart Building, No. 280 Broadway, New York City, from month to month, at an annual rental of \$450.

Respectfully,

JOHN J. DELANY, Corporation Counsel.

In connection therewith the Comptroller presented the following report and offered the following resolution:

February 3, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Hon. John J. Delany, Corporation Counsel of The City of New York, in a communication under date of February 2, 1904, requests the approval of the Commissioners of the Sinking Fund for a lease of Room No. 227 in the Stewart Building, No. 280 Broadway, Manhattan, containing about 432 square feet, as additional space for the proper conduct of the Bureau for the Collection of Arrears of Personal Taxes, which at present now occupies Rooms Nos. 225 and 226.

He requests that they be rented month to month at the rate of an annual rental of \$450, and, in view of the fact that the officers of the different departments of the City will shortly be moved to the new Hall of Records Building, I would respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing the hiring of Room No. 227 in the Stewart Building, No. 280 Broadway, in the Borough of Manhattan, for the use of the Corporation Counsel for the Collection of Arrears of Personal Taxes, at a monthly rental of \$37.50, said rate being reasonable and just; the lessor to furnish light, heat, janitor and elevator service, and that the Comptroller be authorized to pay the rent without the necessity of entering into a lease.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

Approved: N. TAYLOR PHILLIPS, Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to pay to Horace Russell and Edward D. Harris, executors, etc., the sum of thirty-seven dollars and fifty cents (\$37.50) per month, for a period commencing from the date of occupation to May 1, 1904, being the rental of Room No. 227 in the Stewart Building, No. 280 Broadway, Borough of Manhattan, to be occupied by the Bureau for the Collection of Arrears of Personal Taxes of the Law Department.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Board of Education, relative to a lease of premises at the corner of Potter and Steinway avenues, Long Island City (see page 14):

NEW YORK, January 29, 1904.

Hon. N. TAYLOR PHILLIPS, Secretary, Commissioners of Sinking Fund:

DEAR SIR—Referring to the preamble and resolution adopted by the Commissioners of the Sinking Fund on January 20, 1904, a certified copy of which was received from you on January 23, authorizing the lease of premises at Potter and Steinway avenues, Long Island City, "with the understanding that the ground floor of the building only shall be used for school purposes, and that any occupation of the building for school purposes other than the ground floor will be without authority," I am instructed by Hon. Richard H. Adams, Chairman of the Committee on Buildings, to inform you that the Board of Education has not requested, as stated in the above-mentioned preamble, that said lease be renewed with the understanding that the ground floor only be used for school purposes. Mr. Adams wishes me to inform you further that it is necessary for the Board of Education to have the use of the entire building, and that this Department has taken steps to erect a fire escape in order to comply with the requirements of the Department of Buildings.

Will you, therefore, take steps to have the resolution adopted on January 20 amended?

Respectfully,

A. EMERSON PALMER, Secretary, Board of Education.

In connection therewith the Comptroller presented the following report and offered the following resolution:

February 3, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Board of Education, in a communication under date of January 29, 1904, in the matter of the lease of premises at Potter and Steinway avenues, Long Island City, states "that it is necessary for the Board of Education to have the use of the entire building, and that this Department has taken steps to erect a fire escape, in order to comply with the requirements of the Department of Buildings.

The Board of Education at a meeting held on the 21st day of October, 1903, adopted a resolution requesting the Commissioners of the Sinking Fund to authorize a renewal of the lease to this property, which expires on the 15th day of February, 1904, for a term of one year, at an annual rental of \$2,000.

On examination of this property by the Department of Health and the Department of Buildings, it was discovered that the building was in such a condition as to make the use of the entire building for school purposes absolutely out of the question, and a full report was made thereon to the Commissioners of the Sinking Fund on November 11, 1903.

At a meeting of the Commissioners of the Sinking Fund January 20, 1904, a further report was made thereon, which appears in the minutes of said meeting, and at that meeting a resolution was adopted by the Commissioners of the Sinking Fund which permitted the use of the ground floor only of the premises, for the reason that it was absolutely dangerous to use the rest of the building without having fire escapes attached thereto, and in the minutes of that meeting there is a letter from Frank A. Collins, Deputy Superintendent of School Buildings in the Borough of Queens, and from it I quote in part as follows:

"Mr. Adams thinks it would be unwise for the Board of Education to expend \$1,500 for a fire escape, in view of the short time this building will be needed and the expected early completion of the new school."

The original lease of this building was authorized by the Commissioners of the Sinking Fund at a meeting held January 20, 1899, and seems to have been used for school purposes for a period prior to that time, and while there is nothing in the original lease or in the renewals thereunder stipulating that the Board of Education shall make outside repairs, it is fair to presume that, when nothing is stated, the owner, as in the case of ordinary leases, makes the repairs.

A violation was filed against this building by the Department of Buildings in the matter of the erection of a fire escape in November, 1902, and no action was taken by the Board of Education to compel the owner to erect fire escapes to safeguard the lives of the children in case of fire, and for the reason of that neglect by the Board of Education, the Building Department filed an additional complaint with this Bureau, on the inspection requested by this Department.

If the Board of Education chooses to erect a fire escape upon the building at the request of the Department of Buildings, in order that they may use the entire building for school purposes, I do not see what action the Commissioners of the Sinking Fund can take other than to comply with the request of the Board of Education for a renewal of the lease, and I would therefore respectfully recommend that the resolution of the Commissioners of the Sinking Fund adopted at the meeting held January 20, 1904, be rescinded, and that the Commissioners of the Sinking Fund adopt a resolution that, after the building has been put in a condition which will have the approval of the Department of Buildings and the Department of Health, the Board of Education be authorized to enter into a renewal of the lease of premises at Potter and Steinway avenues, Long Island City, Borough of Queens, for a term of one year from February 15, 1904, at an annual rental of \$2,000, payable quarterly, otherwise upon the same terms and conditions as are contained in the existing lease; Mrs. Mary A. Williamson Boyd, owner.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

Approved: N. TAYLOR PHILLIPS, Acting Comptroller.

Resolved, That the resolution adopted by this Board at meeting, held January 20, 1904, authorizing the renewal of the lease to the City of the Williamson building, at the corner of Potter and Steinway avenues, Long Island City, Borough of Queens, for use as an annex to Public School No. 8, by the Board of Education, be and the same is hereby rescinded.

Resolved, That after the building has been put in a condition which will have the approval of the Department of Buildings and the Department of Health, the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Board of Education, of a renewal of the lease to the City from Mrs. Mary A. Williamson Boyd, of the Williamson building, at the corner of Potter and Steinway avenues, Long Island City, Borough of Queens, to be used as an annex to Public School No. 8, for a term of one year from February 15, 1904, at an annual rental of two thousand dollars (\$2,000), payable quarterly; otherwise, upon the same terms and conditions as contained in the existing lease—the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolutions severally unanimously adopted.

The Comptroller presented the following report of the Appraiser of Real Estate of the Department of Finance, and offered the following resolution, relative to a renewal of the lease of offices in the First National Bank building, Borough of Richmond, for the Surrogate of Richmond County:

February 4, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Hon. Stephen D. Stephens, County Judge and Surrogate for the County of Richmond, in a communication under date of December 24, 1903, requests the Commissioners of the Sinking Fund to renew the lease of the premises occupied by the Surrogate's Office and Court for a term of three years, commencing January 1, 1904.

The premises which have been used for this Court consist of three rooms, Nos. 5, 6 and 7, on the second floor of the First National Bank Building at St. George, Staten Island, Borough of Richmond, and has been used by said Court for a number of years.

The Commissioners of the Sinking Fund, at a meeting held January 8, 1904, authorized the renewal of the lease which expired on December 31 last. I would respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of this lease upon the same terms and conditions as contained in the present existing lease.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

in the existing lease—the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Department of Public Charities, relative to a renewal of the lease of premises on Sea Breeze avenue, Coney Island, Borough of Brooklyn, used as an Emergency Hospital:

January 26, 1904.

Sinking Fund Commission, Hon. N. TAYLOR PHILLIPS, Secretary:

DEAR SIR—I am directed by the Commissioner to respectfully request that you renew the lease with Louis Stauch, of Coney Island, for the property used as an Emergency Hospital at Coney Island by this Department for a term of three years from May 1, 1904, with the privilege of renewing it for three years at the rental of \$2,300 per annum. This is the same rental that we have paid for the piece of property for the past three years. It is situated on Sea Breeze avenue. The Commissioner considers this rental a fair price.

Yours respectfully,

J. McKEE BORDEN, Secretary.

The Commissioners of the Sinking Fund, at a meeting held May 17, 1901 (see minutes, page 199), adopted a resolution authorizing this lease. The lease contained the privilege of renewal for three years upon the same terms and conditions.

I would respectfully recommend that the request of the Commissioner be granted, and that the Commissioners of the Sinking Fund authorize a renewal of this lease upon the same terms and conditions as contained in present existing lease.

Which was unanimously adopted.

The following communication was received from the Armory Board, relative to bills of cost taxed by a Justice of the Supreme Court for fees of Commissioners in the matter of acquiring title to land as a site for Troop C Armory:

NEW YORK, January 21, 1904.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—At a meeting of the Armory Board held January 21, 1904, the following was adopted:

"Resolved, That the Armory Board does hereby approve the bill and expense incurred by the Commissioners of Appraisal in the proceedings relative to acquiring an armory site on the easterly side of Bedford avenue, extending from President to Union streets, in the Borough of Brooklyn, for Troop 'C,' N. G. N. Y., as follows:

William McLaughlin.....	\$230 00
John Pyburn.....	230 00
Desmond Dunn.....	200 00

—which have been approved by the Corporation Counsel; and that the Commissioners of the Sinking Fund be requested to concur and the Comptroller authorized to pay the same."

The vouchers, bills and Corporation Counsel's communication are herewith transmitted.

Yours truly,

FRANK J. BELL, Acting Secretary.

NEW YORK, December 29, 1903.

HON. EDWARD M. GROUT, Comptroller:

SIR—Herewith I transmit bills of costs, as taxed by a Justice of the Supreme Court, pursuant to section 1447 of the Greater New York Charter, for fees of Commissioners in the matter of acquiring title to lands on Bedford avenue, Union and President streets, in the Borough of Brooklyn, as an armory site.

You will undoubtedly remember that after the Commissioners had made the award they subsequently raised the amount; thereupon the Board of Estimate passed a resolution discontinuing the proceeding. When the matter came up in court an order was entered appointing a referee to take proof of the expenses incurred by the owners and providing for the discontinuance of the proceeding upon payment of the amounts found due for actual disbursements made or expenses incurred.

While the reference was still pending the Board of Estimate purchased the property direct.

The proceeding has never been actually discontinued by the formal entry of an order, the proceeding having been kept open to afford some basis for the taxation of the Commissioners' fees, fees of expert witnesses, etc.

I have caused the minutes of the proceeding to be examined and find the Commissioners to be apparently entitled to the amounts taxed.

I therefore inclose the bills as taxed for audit and payment.

Respectfully yours,

G. L. RIVES, Corporation Counsel.

In connection therewith the Comptroller offered the following resolution:

Resolved, That the Commissioners of the Sinking Fund hereby concur in the following resolution, adopted by the Armory Board, at a meeting held January 21, 1904:

"Resolved, That the Armory Board does hereby approve the bill and expense incurred by the Commissioners of Appraisalment in the proceedings relative to acquiring an armory site on the easterly side of Bedford avenue, extending from President to Union streets, in the Borough of Brooklyn, for Troop C, N. G. N. Y., as follows:

William McLaughlin .....	\$230 00
John Pyburn .....	230 00
Desmond Dunn .....	200 00

—which have been approved by the Corporation Counsel; and that the Commissioners of the Sinking Fund be requested to concur and the Comptroller authorized to pay the same."

Which was unanimously adopted.

The Comptroller presented the following report of the Engineer of the Department of Finance, relative to bill of Messrs. Werner & Windolph, architects (see Minutes, 1903, page 1130, and Minutes, 1904, page ):

January 28, 1904.

HON. EDWARD M. GROUT, Comptroller:

SIR—In relation to bill for \$870.87 in favor of Werner & Windolph, architects, presented at the meeting of the Commissioners of the Sinking Fund held January 20, 1904, which was referred back to the Comptroller for further report.

I would report that I have very little to add to my former reports of November 23, 1903, and December 8, 1903.

I have carefully read the report of Frank J. Bell, Acting Secretary, dated December 30, 1903, and I would state that if an agreement either verbal or written has been made with Messrs. Werner & Windolph at 10 per cent. on the cost of the work, then the Board may properly approve the bill, but if the architects' services were performed without any agreement, I am still of the same opinion that the claim should be disallowed. A total fee of 5 per cent. on the cost of this work is in my opinion sufficient.

Respectfully,

EUG. E. McLEAN, Engineer.

Discussion followed.

The Commissioners of the Sinking Fund were unanimously of the opinion that the bill was excessive, and that 5 per cent. on the cost of the work was a fair and reasonable charge for the work.

The President of the Board of Aldermen offered the following resolution:

Resolved, That the Commissioners of the Sinking Fund hereby approve of the payment to Messrs. Werner & Windolph, architects, of the sum of four hundred and thirty-five dollars and forty-four cents (\$435.44), being 5 per cent. on the cost of the work, in full payment for services rendered in preparing plans and specifications and the necessary supervision in the alterations to the doors of the Ninth, Twelfth, Fourteenth, Twenty-second, Twenty-third, Sixty-ninth and Seventy-first Regiments and the Seventeenth Separate Company.

Which was unanimously adopted.

The following petition was received from Adolph I. Rudolph, Abraham Bernhard, Albert Halpern and Philip Margolin, for a release or quit claim of a portion of the old Hunterfly road, in the Borough of Brooklyn:

In the Matter  
of

The petition of Adolph I. Rudolph, Abraham Bernhard, Albert Halpern and Philip Margolin, for leave to purchase part of the old Hunterfly road from The City of New York.

To the Honorable EDWARD M. GROUT, Comptroller of The City of New York:

(b) Beginning at the corner formed by the intersection of the southerly side of Newport avenue and the westerly side of Osborn street; running thence southerly and along the westerly side of Osborn street four hundred (400) feet, more or less, to the easterly side of Hunterfly road; thence northerly and along the easterly side of Hunterfly road to the point of intersection of the easterly side of Hunterfly road and the southerly side of Newport avenue; thence easterly and along the southerly side of Newport avenue to the corner of the block, the point or place of beginning; being also marked in red ink on said map.

II. That these petitioners are informed and verily believe that all of the land comprised in said Hunterfly road adjoining and abutting the said lands of these petitioners is vested in The City of New York; that these petitioners are desirous to acquire title to all such portions of said Hunterfly road as the same may be granted to them by The City of New York, without prejudicing any adjoining and abutting owners, if any, of the land lying and adjoining said Hunterfly road and on the west thereof;

III. That for the purpose of acquiring title to said portions of the Hunterfly road, these petitioners are ready and willing to pay to The City of New York any sum or sums which may be required of them by a fair and reasonable valuation of same;

IV. That this petition is made in good faith and for the purpose of purchasing from The City of New York said portions of land herein stated.

Wherefore these petitioners pray that this matter be given immediate attention, and that his Honor Edward M. GROUT, Comptroller of The City of New York, cause all such steps and proceedings to be taken as may be necessary for the purposes of conveying said portions of the old Hunterfly road to these petitioners.

PHILIP MARGOLIN,  
ALBERT HALPERN,

ALBERT HALPERN,  
ABRAHAM BERNHARD,  
ADOLPH I. RUDOLPH.

Sworn to before me this 19th day of December, 1903.

HARRY WATON, Commissioner of Deeds, New York City.

In connection therewith, the Comptroller presented the following report of the Appraiser of Real Estate of the Department of Finance, with opinion of the Corporation Counsel, and offered the following resolution:

NEW YORK, January 18, 1904.

HON. EDWARD M. GROUT, Comptroller:

SIR—I have received your communication dated December 24, 1903, transmitting for my consideration an application made to the Commissioners of the Sinking Fund by Adolph I. Rudolph, Abraham Bernhard, Albert Halpern and Philip Margolin for a release of a small portion of the old Hunterfly road. You also transmit a report made to you upon the subject by the Bureau of Real Estate, and you ask that I advise you whether the interest of the City as to this parcel of land is material or merely nominal and a mere cloud upon the title of a private owner, and if the latter, you ask me to so certify, so that the matter may be presented to the Commissioners of the Sinking Fund, pursuant to section 205 of the amended Greater New York Charter.

The status of this old road in the Borough of Brooklyn has been the subject of several communications addressed to you by the Corporation Counsel. This matter was considered specifically in an opinion delivered to you on the 22d day of April, 1902, in the matter of the application of John H. Vanderveer Company, and more

recently in an opinion delivered to you on the 9th of December, 1903, in the matter of the application of William B. Davis. In the Vanderveer opinion it was said that:

"The Hunterfly road has long since been closed to public use as a highway, and is now entirely included within the boundaries of property under private ownership, except where it crosses opened streets. It has been subject to taxation upon the part of the City and to assessment for local improvements for a great number of years, being in this respect precisely similar to other portions of the territory of the Borough of Brooklyn which were formerly parts of old roads or highways.

"It was the invariable practice for the City of Brooklyn, through its Common Council and Mayor, to grant quit-claim deeds of portions of these old highways upon nominal considerations for the purpose of quieting the title of individual property owners."

In accordance with the views thus expressed I hereby certify that whatever interest the City may have in the property formerly forming a part of the old Hunterfly road in the former City of Brooklyn lying within the area of the block bounded by Thatford avenue, Newport avenue, Osborn street and Riverdale avenue, adjoining the property of the petitioners in said block, is a mere cloud upon the title of such owners. Said property is bounded and described as follows:

Beginning at a point on the northerly side of Newport avenue distant 100 feet westerly from the corner formed by the intersection of the northerly side of Newport avenue and the westerly side of Osborn street; running thence northerly and parallel with Osborn street 150 feet; thence westerly and parallel with Newport avenue 100 feet; thence southerly and along the easterly side of Thatford avenue to the easterly side of Hunterfly road; thence again southerly and along the easterly side of Hunterfly road to the northerly side of Newport avenue; thence easterly and along the northerly side of Newport avenue to the point or place of beginning.

I also certify that whatever interest the City may have in the property formerly forming the easterly half of the old Hunterfly road contained within the area of the block bounded by Thatford avenue, Osborn street, Newport avenue and Lot avenue, adjoining the property of the petitioners in said block, is a mere cloud upon the title of such owners. Said property is bounded and described as follows:

Beginning at the corner formed by the intersection of the southerly side of Newport avenue and the westerly side of Osborn street; running thence southerly and along the westerly side of Osborn street 400 feet more or less, to the easterly side of Hunterfly road; thence northerly and along the easterly side of Hunterfly road to the point of intersection of the easterly side of Hunterfly road and the southerly side of Newport avenue; thence easterly and along the southerly side of Newport avenue to the corner of the block, the point or place of beginning.

I transmit herewith, in accordance with your request, a proper deed or release, approved by me as to form, together with two copies of the same.

Respectfully yours,

JOHN J. DELANY, Corporation Counsel.

December 21, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Adolph I. Rudolph, Abraham Bernhard, Albert Halpern and Philip Margolin, in a verified petition under date of December 19, 1903, state that they are the owners in fee and tenants in common of two parcels of land lying in the Twenty-sixth Ward of the Borough of Brooklyn, County of Kings, City and State of New York, bounded and described as follows:

#### Parcel A.

Beginning at a point on the northerly side of Newport avenue distant 100 feet westerly from the corner formed by the intersection of the northerly side of Newport avenue and the westerly side of Osborn street; running thence northerly and parallel with Osborn street 150 feet; thence westerly and parallel with Newport avenue 100 feet; thence southerly and along the easterly side of Thatford avenue to the easterly side of Hunterfly road; thence again southerly and along the easterly side of Hunterfly road to the northerly side of Newport avenue; thence easterly and along the northerly side of Newport avenue to the point or place of beginning, being that portion on the map hereunto annexed and made part of this petition which is marked in red ink.

#### Parcel B.

Beginning at the corner formed by the intersection of the southerly side of Newport avenue and the westerly side of Osborn street; running thence southerly and along the westerly side of Osborn street 400 feet, more or less, to the easterly side of Hunterfly road; thence northerly and along the easterly side of Hunterfly road to the point of intersection of the easterly side of Hunterfly road and the southerly side of Newport avenue; thence easterly and along the southerly side of Newport avenue to the corner of the block, the point or place of beginning, being also marked in red ink on said map.

That the petitioners are informed and believe that all of the land comprised in said Hunterfly road adjoining and abutting the said lands of these petitioners is vested in The City of New York; that the petitioners are desirous of acquiring title to all such portions of said Hunterfly road as the same may be granted to them by The City of New York, without prejudice to any adjoining and abutting owners of the land lying and adjoining said Hunterfly road on the west thereof; that the petition is made in good faith and for the purpose of purchasing from The City of New York said portion of the Old Hunterfly road adjoining their property, and that they are willing to pay any sum or sums which may be required of them by a fair and reasonable valuation of the same.

It appears from an examination of the facts as set forth in said petition that this application is in all respects similar to many that were granted by the former City of Brooklyn under a resolution of the Common Council of said city, and since consolidation by The City of New York under a resolution of the Commissioners of the Sinking Fund, for a nominal consideration.

A release of the City's interest in a portion of the Old Hunterfly road was made to Gilbert S. Thatford (see minutes Commissioners of the Sinking Fund, July 17, 1901, page 311) and to John H. Vanderveer Company (see minutes Commissioners of the Sinking Fund, May 2, 1902, page 397).

I would therefore recommend that this application be sent to the Corporation Counsel for his opinion as to whether the City's interest in the premises is material or a mere cloud upon the title of a private owner. If he shall certify that the City's interest is not material, the Commissioners of the Sinking Fund, pursuant to section 205 of the amended Greater New York Charter, may properly authorize a release or quit-claim for a nominal consideration to the petitioners, Adolph I. Rudolph, Abraham Bernhard, Albert Halpern and Philip Margolin, of all the right, title and interest of The City of New York to that portion of the Old Hunterfly road lying within the area of the block bounded by Thatford avenue, Newport avenue, Osborn street and Riverdale avenue, adjoining Parcel A, shown on the diagram hereto annexed, and all the right, title and interest of The City of New York of, in and to the easterly half of the Old Hunterfly road within the area of the block bounded by Thatford avenue, Osborn street, Newport avenue and Lot avenue, adjoining the property on the west marked Parcel B on the diagram hereto annexed. That the petitioners shall produce evidence that all the taxes, assessments and water rates due and unpaid against the easterly half of the road herein described shall have been paid before receiving such release from the City.

I would also recommend that the interest of the City be appraised at the nominal sum of \$1 and that the expense of such release, examination, etc., be fixed at \$100, to be paid by said petitioners before the delivery of such release.

Respectfully submitted,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

Resolved, That pursuant to the provisions of section 205 of the Amended Greater New York Charter, the Commissions of the Sinking Fund, by unanimous vote, hereby authorize a release or quit claim to Adolph I. Rudolph, Abraham Bernhard, Albert Halpern and Philip Margolin, of all the right, title and interest of The

City of New York to that portion of the old Hunterfly road lying within the area of the block bounded by Thatford avenue, Newport avenue, Osborn street and Riverdale avenue, and all the right, title and interest of The City of New York of, in and to the easterly half of the old Hunterfly road, within the area of the block bounded by Thatford avenue, Osborn street, Newport avenue and Lot avenue, Borough of Brooklyn;

—the Corporation Counsel having certified to the Commissioners of the Sinking Fund, under date of January 18, 1904, that whatever interest the City may have in the property is a mere cloud upon the title of the owners;

Resolved, That the interest of The City of New York in and to the same be and is hereby appraised at the nominal sum of one dollar (\$1) and the expense of such release, examination, etc., be and is hereby fixed at one hundred dollars (\$100), to be paid by the petitioners, and evidence produced showing that all the taxes, assessments and water rates due and unpaid against the easterly half of the road herein described have been paid before the delivery of such release.

Which resolution was unanimously adopted.

The following petition was received from Mary U. Hoffman for a release or quit claim of premises Nos. 5 and 7 Chambers street, Borough of Manhattan:

In the Matter

of

The Application of Mary Ulshoeffer Hoffman with regard to Nos. 5 and 7 Chambers street.

To the Honorable the Commissioners of the Sinking Fund of The City of New York:

Your petitioner, Mary Ulshoeffer Hoffman, respectfully shows and alleges:

First—That your petitioner resides in The City of New York and is the owner in fee simple of the premises known as Nos. 5 and 7 Chambers street, in said City, and together bounded as follows: "Southerly in front by Chambers street; easterly by property now or late of William Alburtis; northerly by property now or late also of William Alburtis and westerly by property late of John Field. Containing together on Chambers street fifty-three (53) feet five and one-half (5½) inches; on the easterly side, sixty-five (65) feet three (3) inches; on the northerly side, seven (7) feet eight (8) inches, and on the westerly side, thirty-five (35) feet five (5) inches, be the said several dimensions more or less. Being the same premises which were conveyed to John David Wolfe by Philo T. Ruggles, Master-in-Chancery, by deed dated March 5, 1846, and recorded March 23, 1846, in the office of the Register of the County of New York in Liber 478 of Conveyances at page 7."

That said premises are also parts of Lots Nos. 3 and 8 on a map of the lands of the Corporation of New York, made by Stephen Ludlam, City Surveyor, and filed in the Comptroller's office.

Second—That the Mayor, Aldermen and Commonalty of The City of New York conveyed Lot No. 3 on said map, with a frontage on Chambers street of thirty-eight (38) feet eight (8) inches, all of which frontage is comprised within the above described premises belonging to your petitioner, to Elbert Anderson, Jr., by deed dated January 28, 1813, and recorded in the office of the Register of the County of New York, in Liber 105 of Conveyances, page 468, on May 5, 1814.

That said deed contained the following proviso or condition: "Provided always and these presents are upon this express condition, that whenever the said party of the second part, his heirs or assigns, shall erect any building upon the southerly end of the said lot of ground hereby granted, he or they shall erect and build such building upon the southerly extremity of the said lot and upon the line of Chambers street as the same street now runs; and further, that if the said party of the second part, his heirs or assigns, shall erect any building upon the said southerly end of the said lot contrary to this proviso or condition, that then and in such case these presents and the estate hereby granted shall cease, determine and be of no effect, and the said parties of the first part or their successors may thereupon enter upon the said premises hereby granted and have and possess the same again as of their first and former estate, anything herein contained to the contrary notwithstanding."

That Lot No. 8 on said map was subsequently conveyed to the same grantee, Elbert Anderson, Jr., by the same grantors, the Mayor, Aldermen and Commonalty of The City of New York, by deed dated September 7, 1818, and recorded in said Register's office in Liber 143 of Conveyances, page 289, on May 13, 1820, but containing no such proviso or condition as that contained in said last-mentioned deed of Lot No. 3 and above recited. That fourteen (14) feet nine and one-half (9½) inches of the frontage of your petitioner's property above described was comprised within the said Lot No. 8.

Third—Your petitioner further shows that on a recent proposed sale of said premises Nos. 5 and 7 Chambers street, belonging to your petitioner, the title of your petitioner was objected to and was claimed by the proposed purchaser to be unmarketable by reason of said proviso or condition above set forth. That whilst your petitioner is advised and believes to the contrary, namely, that said proviso or condition does not any longer so restrict or encumber the title as to render it unmarketable, to obtain an authoritative decision on that question from the Court of Appeals would necessitate a long and expensive litigation. That your petitioner is informed and believes that the buildings originally erected upon the southerly end of said premises were placed and still stand upon the southerly extremity thereof and upon the line of Chambers street, as it then ran and still runs, and your petitioner is advised and believes that said proviso or condition has therefore been fully complied with and observed and is now exhausted and of no further force or effect, but that if not, there remains in the City at most only the bare possibility of a reverter on the breach of a condition subsequent, which there is every reason to believe will never occur and from which, if it ever did occur, and the consequent forfeiture and divesting of your petitioner's estate, a court of equity would relieve your petitioner. That the City's interest in said premises and real estate, if any, is therefore only such as to be a mere cloud upon the title of your petitioner.

Wherefore your petitioner prays you, the Honorable the Commissioners of the Sinking Fund of The City of New York, to remove the said cloud upon your petitioner's title and to release unto her, your petitioner, her heirs and assigns, any interest remaining in the City by reason of said proviso or condition contained in said above recited deed, and all right, title and interest of the City in and to said premises in accordance with the provisions of section 205 of the Greater New York Charter and the powers thereby given.

And your petitioner will ever pray, etc.

MARY U. HOFFMAN.

STATE OF NEW YORK, COUNTY OF NEW YORK, ss.:

Mary Ulshoeffer Hoffman, the petitioner above named, being duly sworn, deposes and says that she has read the foregoing petition by her subscribed and knows the contents thereof, and that the same is true to her own knowledge, except as to the matters therein stated to be alleged on information and belief, and that as to those matters she believes it to be true.

MARY U. HOFFMAN.

Sworn to before me this 23th day of November, 1903.

SIR—I desire to bring to your notice the matter of rent for the second and third floors of premises No. 261 West One Hundred and Twenty-third street, which floors were leased by the Commissioners of the Sinking Fund to a Mr. Jackson to be used as a Hebrew Free School, the rent to be \$20 per month, payable in advance to May 1, 1904.

After continuous efforts we have been able to collect the stated amount to January 1, 1904, but the committee in charge of the school declares it is unable to continue paying this amount, and requests the Commissioners of the Sinking Fund to reduce the amount to \$10 per month from January 1, 1904, to the expiration of the lease, after which time they will be able to increase the amount.

The claim that \$300 was expended by them for repairs and alterations is probably correct. About \$100 of this amount was spent in the construction of a fire escape which the Building Department insisted upon being erected. The balance was used in altering the rooms.

No doubt some consideration might be given these people who appear to be poor, but sincere, more particularly as the object seems to be in the direction of charity, and if on May 1, 1904, it would appear that they are unable to continue the school with an increased rental, then the premises could be disposed of as the Commissioners deem fit.

Respectfully submitted,

W. T. GOUNDIE, Collector of City Revenue.

In connection therewith the Comptroller offered the following resolution:

Resolved, That the Commissioners of the Sinking Fund hereby authorize the Comptroller to sublet the second and third floors of the premises situated at No. 261 West One Hundred and Twenty-third street, Borough of Manhattan, City of New York, leased for the use of the Department of Street Cleaning, which said lease expires on May 1, 1904, to the Hebrew Free School of West Harlem—Chevra Talmud Thora, a corporation organized under the laws of the State of New York; for the months of January, February, March and April, 1904, at the rate of ten dollars (\$10) per month, payable monthly in advance; the sub-lessee to keep the premises in repair, with the exception of the roof and outside repairs, and to pay for the Croton water used on the premises.

Which resolution was unanimously adopted:

The following communication was received from the Comptroller, relative to Catharine Market, and turning same over to the Commissioners of the Sinking Fund:

February 2, 1904.

To the Commissioners of the Sinking Fund:

GENTLEMEN—At a meeting of the Board of Health held March 11, 1903, the following preamble and resolutions were adopted:

"Whereas, Various inspections have been made by the Department of Health of certain premises in the Borough of Manhattan, owned by The City of New York and known as Union Market, Catharine Market and Clinton Market; and

"Whereas, As a result of such inspection, said premises have been reported to this Department as being in an unsanitary condition in respect to cleanliness, ventilation and drainage, and the President of the Borough of Manhattan, whose duty it is to maintain and repair such market premises, and the Comptroller, under whose authority the said markets are managed, were duly notified thereof by direction of the Board of Health at a meeting held June 11, 1902; and

"Whereas, At a meeting of the Board of Health held October 15, 1902, a report from the Assistant Sanitary Superintendent of the Borough of Manhattan was submitted, showing that from an inspection of the said markets the unsanitary conditions remained unchanged, and a copy of said report was duly forwarded to the President of the Borough of Manhattan and to the Comptroller; and

"Whereas, It has been reported to this Board by the Assistant Sanitary Superintendent of the Department of Health in the Borough of Manhattan, under date of February 25, 1903, that the same premises still remain in an unsanitary condition; therefore be it

"Resolved, That, in the opinion of the Board of Health, the further use of Union Market, Catharine Market and Clinton Market, in their present condition, should be discontinued, and the Comptroller is hereby ordered to discontinue their use as such within thirty days of the date of this order; and it is further

"Resolved, That a copy of this resolution be sent to the Comptroller of The City of New York."

I was duly served with a copy of the resolutions and caused an examination to be made of the conditions at Catharine Market.

From the reports made to me it was evident that the market buildings were beyond repair, and as only six actual market stand holders are tenants in the two buildings, and an exceedingly large amount of space was devoted to restaurant purposes. I was of the opinion that the market, as such, had ceased to be of a character which the City should maintain.

The stand holders, however, made a strong protest that the building should not be removed until the end of their most profitable season—to wit, the summer months—and which would allow them sufficient time to make arrangements for other quarters.

I therefore decided that if the Board of Health made no objection the stand holders could remain until November 1, upon which date the market was officially closed.

The building being absolutely valueless to the City, and fearing that same would soon become a public nuisance, I gave orders to the Superintendent of Markets to have same removed, and this has been done.

The market having been abolished and my duty in connection therewith having ceased, I now desire to turn over to the Commissioners of the Sinking Fund the land for such disposition as they may see fit to make of the same.

During the previous administration I had some correspondence with the then Commissioners of Parks upon the advisability of the land being assigned to his Department for improvement, and it would seem to me desirable that this piece of ground should be in the jurisdiction of the Department of Parks.

Respectfully,

EDWARD M. GROUT, Comptroller.

The property was accepted, and the question of what disposition should be made of it laid over.

The Comptroller presented the following statement and offered the following resolution, relative to fines payable to the New York Society for the Prevention of Cruelty to Children, Brooklyn Society for the Prevention of Cruelty to Children, American Society for the Prevention of Cruelty to Animals, Medical Society of the County of New York, New York County Medical Association, Forest, Fish and Game Commission:

Hon. N. TAYLOR PHILLIPS, Secretary, Sinking Fund Commission, No. 280 Broadway, Manhattan:

SIR—The lease for the front room on the second floor of the building No. 85 Borden avenue, Long Island City, Borough of Queens, made with Conrad V. Dykeman, for the use of this Department, expires March 1st proximo.

Please arrange for its renewal on the same terms and at same rental—\$175 annually—for another year; rent is paid quarterly.

Respectfully,

GEO. E. BEST, Commissioner of Bridges.

Approved for renewal for a further period of one year upon the same terms and conditions as in present existing lease.

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

February 4, 1904.

In connection therewith the Comptroller offered the following resolution:

Resolved, That the Comptroller be and is hereby authorized and directed to execute the renewal of a lease to the City, from Conrad V. Dykeman, of the front room on the second floor of the building No. 85 Borden avenue, Long Island City, Borough of Queens, for the use of the Department of Bridges, for a term of one year from March 1, 1904, at an annual rental of one hundred and seventy-five dollars (\$175), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

Which was unanimously adopted.

The following communication was received from the Department of Street Cleaning, relative to a lease of premises at No. 316 East Thirty-third street and the renewal of leases of premises No. 200 West One Hundred and First street, and Nos. 111-113 East One Hundred and Thirtieth street, Borough of Manhattan:

NEW YORK, January 26, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Commissioners of the Sinking Fund:

SIR—I request the consent and approval of your Board, pursuant to section 541 of the Greater New York Charter, for leases for this Department, as follows:

Mrs. Rebecka Kortjohann (residing at No. 1136 Jackson avenue, in the Borough of The Bronx) of the store or ground floor and cellar beneath of the premises known as No. 316 East Thirty-third street, in the Borough of Manhattan, for a term of two (2) years, from date of occupancy, the owner to put and keep the premises in repair, the City to pay for the Croton water used on the premises; at an annual rental of \$264, payable monthly.

This is intended to take the place as a section station of the very unsuitable premises No. 345 East Thirty-third street, in the Borough of Manhattan, leased from Mathilda Fitzsimons, who some time ago sold the same to Mrs. Ella Gibson, Mrs. Gibson being now willing to cancel the said lease and request for authority for said cancellation being already before your Board.

Also a renewal of the lease from R. Townsend (residing at No. 200 West One Hundred and First street, in the Borough of Manhattan) of the one-story brick building known as No. 200 West One Hundred and First street, in the Borough of Manhattan, for another term of three (3) years from May 1, 1904, at an annual rental of \$480, payable monthly; otherwise upon the same terms and conditions as the existing lease.

Also a renewal of the lease from John Dobbins (residing at One Hundred and Thirty-eighth street and Madison avenue, in the Borough of Manhattan), of the plot of ground with the one-story brick building thereon, known as Nos. 111-113 East One Hundred and Thirtieth street, in the Borough of Manhattan, for another term of one (1) year from May 1, 1904, at an annual rental of \$900, payable quarterly; otherwise, upon the same terms and conditions as contained in the existing lease.

Respectfully,

JOHN MCGAW WOODBURY, Commissioner.

I would respectfully recommend that the request of the Commissioner for a renewal of the leases No. 200 West One Hundred and First street, and Nos. 111-113 East One Hundred and Thirtieth street, be approved upon the same terms and conditions as are in present existing leases. That as to premises No. 316 East Thirty-third street, for which the Commissioner requests a new lease for a term of two

year from date of occupation, at an annual rental of \$264, payable monthly, which premises are intended to take the place of the premises now occupied by the Commissioner at No. 345 East Thirty-third street, and which premises, upon the authorization of the new lease, the Commissioner intends to abandon, I desire to say that I have had an examination made and an interview with the owner, and she has agreed to accept the sum of \$20 per month, which price is reasonable and just, instead of \$22 per month, as the rental is quoted by her to Commissioner Woodbury.

I would recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing this lease for a term of two years from date of occupation, at an annual rental of \$240, payable monthly, the owner to put and keep the premises in repair, the City to pay for the Croton water used on the premises.

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

February 4, 1904.

Approved: N. TAYLOR PHILLIPS, Acting Comptroller.

In connection therewith the Comptroller offered the following resolutions:

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a lease to the City from Mrs. Rebecka Kortjohann, of the store or ground floor and cellar beneath of the premises known as No. 316 East Thirty-third street, in the Borough of Manhattan, for a term of two years from the date of occupation, at an annual rental of two hundred and forty dollars (\$240), payable monthly, the owner to put and keep premises in repair, the City to pay for the Croton water used on premises—the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Street Cleaning of renewals of leases to the City as follows:

1. Premises consisting of the one-story brick building known as No. 200 West One Hundred and First street, Borough of Manhattan, with the appurtenances, for a term of three years, from May 1, 1904, at an annual rental of four hundred and eighty dollars (\$480), payable monthly, the lessor to pay for Croton water used on the premises and on the same terms and conditions as contained in the existing lease; R. Townsend, lessor.

2. The Comptroller presented the following report and offered the following resolution, relative to a lease of premises No. 112 Fulton avenue, Long Island City, for the use of the Queens Borough Library:

January 19, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Walter L. Bogert, Secretary of the Queens Borough Library, in a communication under date of January 9, 1904, states that at a meeting of the Queens Borough Library held January 8, 1904, a resolution was adopted by the said Library Board requesting the Commissioners of the Sinking Fund to renew a lease of the premises No. 112 Fulton avenue, Long Island City, which expired December 31, 1903, at the same annual rental and on the same terms, except that the lease is to be terminated at any time during the term at the option of the Queens Borough Library.

The Commissioners of the Sinking Fund at a meeting held on January 7, 1903, adopted a resolution authorizing a lease of this property which covered a period of four years, dating back from January 1, 1900, three years of which is to be at an annual rental of \$240, and one year, from January 1, 1903, to January 1, 1904, at an annual rental of \$300, the owner, Patrick H. McKean, to make outside repairs, keep the plumbing in good order and pay water rents; the City to pay for light, heat and janitor service, and also to pay for reinsurance of plate-glass windows in case of breakage after January 1, 1903.

I had a telephone communication with a representative of the library people as to whether the owner of the premises would agree to and consent to the making of such a lease, and have been assured that he will execute such a lease when drawn. I would therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution requesting the Corporation Counsel to prepare a lease to the City, for the use of the Queens Borough Library, of the store floor of the three-story frame building No. 112 Fulton avenue, south side, between the Boulevard and Main street, Long Island City, Borough of Queens, for a period not exceeding one year, from January 1, 1904, at an annual rental of \$300, payable quarterly, from January 1, 1904; the owner, Patrick H. McKean, to make outside repairs, keep the plumbing in good order and pay the water rent; the City to pay for light, heat and janitor service, also to pay for reinsurance of the plate-glass windows in case of breakage after January 1, 1904; said lease to contain a clause that at any time during the term thereof the Commissioners of the Sinking Fund reserve to themselves the right to cancel the same upon notice from the Queens Borough Library Committee, by serving a notice upon the said lessor by depositing the said notice in a post-paid wrapper in the post office, addressed to the lessor at his last known place of residence.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

Approved: EDWARD M. GROUT, Comptroller.

In connection therewith the Comptroller offered the following resolution:

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from Patrick H. McKean, of the store floor of the three-story frame building No. 112 Fulton avenue, southerly side, between the Boulevard and Main street, Long Island City, Borough of Queens, for the use of the Queens Borough Library, for a period not exceeding one year, from January 1, 1904, at an annual rental of three hundred dollars (\$300), payable quarterly, from January 1, 1904, the owner to make outside repairs, keep the plumbing in good order and pay water rent; the City to pay for light, heat and janitor service, also to pay for reinsurance of the plate-glass windows in case of breakage after January 1, 1904; said lease to contain the clause that at any time during the term thereof the Comptroller may cancel the same upon a written request so to do from the Queens Borough Library Committee, by serving a notice of such cancellation upon the said lessor by depositing said notice in a post-paid wrapper in the post office, addressed to the lessor at his last known place of business; and the Commissioners of the Sinking Fund, deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to the hiring of Room No. 192 in the Stewart Building, No. 280 Broadway, Borough of Manhattan, for the use of the Commissioner designated by the Mayor to take charge of the details in connection with the exhibit of the City at the St. Louis Exposition:

January 19, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Hon. Thomas W. Hynes, who has charge of the "details in connection with the plans for the suitable exhibit of The City of New York at the Louisiana Purchase Exposition to be opened in St. Louis, Mo., on May 1, 1904," in a communication under date of January 16, 1904, addressed a communication to the Commissioners of the Sinking Fund requesting authorization from said Commissioners for a lease of a room, No. 192, in the Stewart Building, No. 280 Broadway, in the Borough of Manhattan, at a monthly rental of \$37.50, for the purpose of this Commission, and states that the office room will be required for a period of six months or less.

I have made an examination of the room in question, and find that it contains about 244 square feet. The rental asked would be at the rate of \$1.82 a square foot, which is a higher rate than this City is now paying for the use of rooms in this building, but I am informed by the Superintendent of the building, Mr. Harris, that these rooms have rented for that amount to the last occupants, and he has always obtained that price because the rooms are small and easily rented.

Inasmuch as this room is only required for a short period of time, I would respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a monthly lease of this room at a rental of \$37.50, and that the Comptroller be directed to pay the rental of the same without the necessity of executing a lease thereof.

The Board of Aldermen at a meeting held on the 17th day of November, 1903, adopted a resolution requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to the amount of \$25,000, the proceeds of which shall be applied to the perfection and the carrying out of plans for suitable exhibit of The City of New York at the Louisiana Purchase Exposition, which will be opened in St. Louis, Mo., on May 1, 1904, and further, that all assignments from this fund to the use of various departments shall be made by his Honor the Mayor, and that any expenditure therefrom may be made by contract without public letting. Further, that his Honor the Mayor be and he hereby is authorized to select some competent person to take charge of the details connected with this matter.

I would recommend that the payment of the rent for this room, No. 192, be taken from the proceeds of the sale of said issue of Special Revenue Bonds.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

Approved: EDWARD M. GROUT, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to pay to Horace Russell and Edward D. Harris, executors, etc., the sum of thirty-seven dollars and fifty cents (\$37.50) per month, for a period of not more than six months, being the rent of Room No. 192 in the Stewart Building, No. 280 Broadway, Borough of Manhattan, to be occupied by the Commissioner designated by the Mayor to take charge of the details in connection with the particulars for the suitable exhibit of The City of New York at the Louisiana Purchase Exposition to be opened in St. Louis, Mo., May 1, 1904.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to a lease of Rooms Nos. 1715, 1716 and 1717 in the Park Row Building, for the use of the Department of Water Supply, Gas and Electricity:

February 4, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Commissioner of the Department of Water Supply, Gas and Electricity, in a communication under date of January 14, requests the Commissioners of the Sinking Fund to authorize a lease of Rooms Nos. 1715, 1716 and 1717 in the Park Row Building, for a period from the date of occupation to April 1, 1904, and states that these rooms are necessary for the work of his Department.

The rooms requested to be leased by the Department of Water Supply were formerly leased by the City for said Department, and were afterwards given up by the Department and turned over to the Collector of City Revenue, and in a communication under date of February 18, 1903, the then Commissioner of Water Supply requested that the rooms be re-assigned for the use of the Commission on Additional Water Supply.

At a meeting held on the 27th day of July, 1903, the Commissioners of the Sinking Fund adopted a resolution at the request of the Commissioner of Water Supply, exchanging Rooms Nos. 1715 to 1717, both inclusive, and four other rooms, for seven rooms on the twenty-first floor, and the lease of the three rooms, Nos. 1715, 1716 and 1717, were, by the terms of the resolution, terminated and canceled.

Inasmuch as the Commissioner of the Department of Water Supply states that it is absolutely necessary for him to occupy these three rooms, I would respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of these three rooms, containing 632½ square feet, from the date of occupation to April 1, 1904, at an annual rental of \$1,011, the rent to be paid by the Department of Water Supply, Gas and Electricity out of funds appropriated for the Department and not used for other purposes, the lessors to furnish light, heat, janitor and elevator service.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

Approved: N. TAYLOR PHILLIPS, Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from the Park Row Construction Company, of Rooms Nos. 1715, 1716 and 1717, in the Park Row Building, for the use of the Department of Water Supply, Gas and Electricity, for a period from the date of occupation to April 1, 1904, at an annual rental of one thousand and eleven dollars (\$1,011), payable at the end of the term; lessors to furnish light, heat, janitor and elevator service; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

For replenishing the fund for street and park openings, payable November 1, 1953.....	3,500 00	100.60	The following communication was received, relative to an amendment to resolution adopted October 16, 1903, authorizing a lease of premises on Rockaway avenue, near Flatlands avenue, Borough of Brooklyn (see Minutes, 1903, page 950):			
Emma V. Duryee.....	For replenishing the fund for street and park openings, payable November 1, 1953.....	3,000 00	100.25	BOROUGH OF BROOKLYN, NEW YORK, January 11, 1904.			
Samuel Wilcox.....	For replenishing the fund for street and park openings, payable November 1, 1953.....	2,000 00	101.00	Hon. EDWARD M. GROUT, Comptroller, City of New York, No. 280 Broadway, New York City:			
Samuel Wilcox.....	For replenishing the fund for street and park openings, payable November 1, 1953.....	1,000 00	101.25	MY DEAR SIR—The within proposed renewal lease by Leonard Ruoff to The City of New York for premises east side of Rockaway avenue, near Flatlands avenue, Canarsie, Borough of Brooklyn, and now occupied by Engine Company 57, and prepared under resolution of the Board of Commissioners of the Sinking Fund of The City of New York adopted October 16, 1903, is hereby returned, for the following reasons:			
Henry Macdonald.....	For replenishing the fund for street and park openings, payable November 1, 1953.....	1,000 00	100.50	First—The owner objects to the covenant to make any repairs whatsoever to the interior of the building upon said premises, and will only agree to keep in repair the outside of said building, as provided in the former lease, which expired October 1, 1903.			
Henry Macdonald.....	For replenishing the fund for street and park openings, payable November 1, 1953.....	1,000 00	102.00	Second—He objects to the covenant which gives to the City the right to remove and carry away any and all improvements and alterations (if any) put up by it upon said premises, and insists that the lease shall contain the same exception as is provided in the above-mentioned expired lease, to wit, "except lath and plaster partitions and doors therein and flooring." I have prepared and inclosed herewith a draft copy lease, which conforms to the prior expired lease (except as to the rental), and which may be prepared or approved by the Corporation Counsel upon an amendment of the resolution of the Commissioners of the Sinking Fund with respect thereto.			
Harry Eisenstein.....	For replenishing the fund for street and park openings, payable November 1, 1953.....	2,000 00	100.68	An early reply is respectfully requested.			
Grand Lodge of the State of New York of the Bohemian-Slavonian Benevolent Society of the United States.....	For replenishing the fund for street and park openings, payable November 1, 1953.....	1,000 00	102.00	Yours very truly,

Supreme Lodge of the Bohemian-Slavonian Benevolent Society of the United States.....	For replenishing the fund for street and park openings, payable November 1, 1953.....	700 00	101.50	The objections raised by the owner of the building, through David Teese, are reasonable and just. The lease drafted by the Corporation Counsel does not contain the same clauses as was contained in the original lease, which was authorized by a resolution of the Commissioners of the Sinking Fund at a meeting held on the 9th day of October, 1899, and I would respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution amending their resolution adopted on the 16th day of October, 1903, authorizing a renewal of the lease which expired October 1, 1903, by omitting the words "and make all the necessary repairs required on the property."

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report of the Engineer of the Department of Finance, relative to the value of the City's interest in property (Negro Point), Ward's Island, proposed to be acquired by the United States, for the purpose of the erection of a lighthouse and fog-signal station (see Minutes, 1902, page 475):

February 4, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In compliance with your instructions to estimate the value of the City's interest in property (Negro Point) on Ward's Island, to be acquired, pursuant to chapter 386 of the Laws of 1902, as amended by chapter 639 of the Laws of 1903, by the United States, for the purpose of the erection of a lighthouse and a fog signal station, I would report:

On May 21, 1902, I reported that there was a discrepancy in the wording of the law; where the range to the Dutch Reformed Church is referred to and used, in the location of the point of beginning marked "A," should read Presbyterian Church, as stated on survey furnished by the Engineer, Third Lighthouse District. I would note that chapter 639 of the Laws of 1903 rectifies this discrepancy.

I have located the point of beginning, and by the bearings and distances plotted the premises in question on a survey of Ward's Island made by the Department of Docks in 1895.

I have also plotted the original line of high water, as shown on Bridges' map of 1807, and find that a portion of the premises is upland and a portion below said high-water mark. The upland portion is a part of Lot No. 28 on said map of William Bridges, which, with other lots, was conveyed to the City from the Commissioners of Emigration of the State of New York by deed dated November 1, 1871.

The part beyond original high-water line belongs to private parties, and is a portion of water Lot No. 22, which has never been conveyed to the City.

The area of the premises as noted on a survey dated November, 1901, made by the Major of Engineers, U. S. A., Engineer Third Lighthouse District, is 13,416 8-10 square feet, and from my scale drawing of the plot, original high water, etc., I have computed that there is 4,607 4-10 square feet in the upland portion, which is all that the City owns of the proposed lighthouse site on Ward's Island.

There has been no sale lately of lots on Ward's Island, but in Astoria lots on the river front are worth at least \$1,000 per lot, and, applying this rate to the Ward's Island lots, I would estimate the City's interest in the premises at the sum of \$1,850.

Respectfully,  
EUG. E. McLEAN, Engineer.

Mr. D. Frank Lord, of the United States District Attorney's office, appeared before the Board and was heard in connection with the proposed application. On motion of the Chamberlain the matter was referred to the Comptroller, for the purpose of conferring with the government authorities in regard to the matter.

The Comptroller offered the following resolution, relative to a transfer of \$272,500 from the Interest Fund to the Redemption Fund:

Whereas, During the month of December, 1903, it was found necessary to temporarily invest the sum of two hundred and seventy-two thousand five hundred dollars (\$272,500) of the moneys held by the "Sinking Fund for the Payment of the Interest on the City Debt" in Corporate Stock and Assessment Bonds of The City of New York, in order to meet pressing obligations of the City; and

Whereas, It is necessary that said Corporate Stock and Assessment Bonds be transferred to one of the investment funds; and

Whereas, There is now in the "Sinking Fund for the Redemption of the City Debt, No. 2," a sufficient amount of cash to purchase said Corporate Stock and Assessment Bonds; therefore

Resolved, That the Comptroller be and is hereby authorized to transfer said Corporate Stock and Assessment Bonds amounting to two hundred and seventy-two thousand five hundred dollars (\$272,500), from the "Sinking Fund for the Payment of the Interest on the City Debt" to the "Sinking Fund for the Redemption of the City Debt, No. 2," and to draw a warrant for the par value thereof and accrued interest thereon to the date of transfer upon the said "Sinking Fund for the Redemption of the City Debt, No. 2," in favor of the said "Sinking Fund for the Payment of the Interest on the City Debt," and to deposit said warrant, when executed, with the City Chamberlain to the credit of said "Sinking Fund for the Payment of the Interest on the City Debt."

Which was unanimously adopted.

The committee appointed by the Mayor to examine the securities held by the Commissioners of the Sinking Fund, submitted the following report:

The report was accepted and the Secretary directed to request the Corporation Counsel to make a report to the Commissioners of the Sinking Fund, informing them of the present status of the bonds and mortgages which are in his hands for foreclosure, as recommended by the Committee.

The Comptroller presented the following report of the Engineer of the Department of Finance and offered the following resolutions, relative to property at the corner of North Moore and Varick streets, Borough of Manhattan, assigned to the Fire Department and to the Department of Street Cleaning:

February 4, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Mr. Alfred M. Downes, Secretary, Fire Department, by direction of the Commissioner, forwards copy of a letter received from P. J. Ryan, contractor for erecting a building on the corner of North Moore and Varick streets for the use of Hook and Ladder Company 8. The contractor states: "I find by examining the building there will be only about 17 feet of the old building left on North Moore street by about 40 feet deep. There will be no stairway or doors to get into this upper part after the new building is put up. It will be of no use whatever; therefore, why not take it down at once with the other part? I will do this and clean up all dirt and rubbish and leave the yard level with the sidewalk, and when the new building is completed I will put up a new fence with door to the yard and paint the fence free of charge or any expense to the City. In the meantime it would give me a good place to store some of the building material for the new building."

I would report that, since the portion of the building proposed to be taken down by Contractor P. J. Ryan is upon that portion of the old school site assigned by the Commissioners of the Sinking Fund on October 16, 1903, to the Street Cleaning Department, I have consulted Hon. John McGaw Woodbury, Commissioner of Street Cleaning, in relation to the taking down of this portion of the building and making a yard of the site, and he informs me that he approves the suggestion, and advises that the proposition be accepted. The building in West Broadway being ample for offices, etc., while a yard on North Moore street would give the Street Cleaning Department place for storage for small apparatus which is needed in that neighborhood.

Financially the contractor may make a few hundred dollars by taking down the building, instead of closing up the openings and supporting the roof as approved by the Commissioners of the Sinking Fund at meeting of November 18, 1903 (Sinking Fund Minutes, 1903, page 1038), but the benefit to the contractor would be so small, and as the building is not needed for the Department of Street Cleaning and the space could be used as a yard for the Department to better advantage, I would advise that the proposition of P. J. Ryan, the contractor, for erecting a building on the corner of North Moore and Varick streets, for the use of Hook and Ladder Company 8, be accepted, with certain modifications. Therefore I would recommend that the Commissioners of the Sinking Fund rescind the resolution adopted on November 18, 1903, and amend a resolution adopted October 16, 1903, by omitting the following clause:

"With the understanding that the Fire Department in the removal of the building from the premises hereby assigned for their use, construct a wall and support the remaining building located on the North Moore street side,"

—and substitute the following:

With the understanding that the Fire Commissioner, in the removal of the building from the premises hereby assigned for its use, shall tear down the entire portion of the old school building on North Moore and Varick streets, grade yard to level of sidewalk, clean up all dirt and rubbish, and concrete entire yard with 4 inches of concrete on a cinder foundation of 6 inches, and place windows in openings in rear of the building on West Broadway, and put up a new wooden fence 10 feet high, with door to yard, and paint same with two coats of paint.

Respectfully,

EUG. E. McLEAN, Engineer.

Resolved, That the resolution adopted by this Board at meeting held October 16, 1903, and as amended November 18, 1903, assigning to the Fire Department for the purpose of erecting thereon an apparatus house, on premises located on the southeast corner of North Moore and Varick streets, Borough of Manhattan, being a part of what was formerly known as the old North Moore Street School, be and the same is hereby rescinded.

Resolved, That, pursuant to the provisions of section 205 of the amended Greater New York Charter, the Commissioners of the Sinking Fund hereby assign to the Fire Department for the purpose of erecting thereon an apparatus house, on premises located on southeast corner of North Moore and Varick streets, being a part of what was formerly known as the old North Moore Street School, bounded and described as follows:

"Beginning at a point where the southerly side of North Moore street intersects the easterly side of Varick street; running thence easterly along the southerly side of North Moore street 50 feet 1 inch; thence southerly at right angles to North Moore street 82 feet 8 inches; thence westerly 24 feet 4 5/8 inches; thence southerly 13 feet 10 inches; thence again westerly 25 feet 7 1/4 inches to the easterly side of Varick street; thence northerly along the easterly side of Varick street 87 feet 2 inches to the point or place of beginning; with the understanding that the Fire Department in the removal of the building from the premises hereby assigned for their use, construct a wall and support the remaining building located on the North Moore street side,"

—with the understanding that the Fire Commissioner in the removal of the building from the premises hereby assigned for its use, shall tear down the entire portion of the old school building on North Moore and Varick streets, grade yard to level of sidewalk, clean up all dirt and rubbish, and concrete entire yard with 4 inches of concrete on a cinder foundation of 6 inches, and place windows in openings in rear of the building on West Broadway, and put up a new wooden fence 10 feet high with door to yard, and paint same with two coats of paint.

Resolved, That, pursuant to the provisions of section 205 of the amended Greater New York Charter, the Commissioners of the Sinking Fund hereby assign to the Department of Street Cleaning all the rest of the building known as the old North Moore Street School, and not assigned to the Fire Department, being 25 feet 1 inch front on North Moore street by 58 feet 10 inches deep, with an L shape running through to West Broadway, and being 25 feet 2 inches front by 76 feet 1 inch in depth; such assignment to continue during the pleasure of the Commissioners of the Sinking Fund.

Which resolutions were severally unanimously adopted.

The following communication was received from the Commissioner of Docks, relative to the operation of a ferry between the Boroughs of Manhattan and Richmond, and submitting specifications and form of contract for the construction of five new ferryboats:

NEW YORK, February 4, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Commissioners of the Sinking Fund:

DEAR SIR—Your attention is called to the fact that under date of July 2, 1903, the Commissioners of the Sinking Fund passed certain resolutions directing the preparation of a report in regard to a lease of the Staten Island ferry; and also the preparation by the Dock Commissioner of plans and specifications for submission to the Sinking Fund for the building and equipment of five ferryboats.

The resolutions, not quoted herewith, in brief, practically provide for the operation of the municipal ferry between the boroughs of Manhattan and Richmond, and did, as above stated, also provide for the preparation of a form of lease.

In the report made by the former Commissioner of Docks on November last, and submitted in the early part of December, the former Commissioner of Docks reported as to the various and sundry plans which he had caused to be prepared for the terminals proposed to be built in the Borough of Richmond, namely:

One at St. George for passenger and freight service.

One at Stapleton for freight service principally, but which could be used for passenger service.

One on the northerly end of the island at Port Richmond, also to be designed in the main for freight service with passenger accommodations.

The report, in so far as the ferry between St. George and Whitehall is concerned, included a time schedule of proposed trips which had previously been considered by the Mayor and the members of the Sinking Fund Commission. This schedule provided for sixty-two round trips between Whitehall and St. George, with a running time of twenty minutes, and was so divided that night trips were to be made on a half-hourly basis, and during what might be called the commission hours in the morning and in the evening the schedule was arranged on a fifteen and twenty minute basis.

Since my incumbency in the office of Dock Commissioner I have been in receipt of communications from the Comptroller in which certain contracts made by the former Commissioner of Docks with the architects selected by him for the preparation of plans for the terminals at St. George, Stapleton and Port Richmond were not recognized as contracts and were returned to this Department with the Comptroller's communication stating that he would not register them. The matter therefore of the requisite changes in the St. George terminal and the establishment of new terminal structures at Stapleton and Port Richmond have been taken up anew.

In brief, the report of the former Commissioner of Docks provided for an expenditure at St. George estimated at.....\$1,250,000 00  
At Stapleton the estimated expenditure was (including freight terminal and Recreation Pier).....750,000 00  
At Port Richmond the expenditure was estimated at.....100,000 00

The former Dock Commissioner in the report referred to stated that he approved in its entirety the plans submitted by the architect, John M. Carrere, for the St. George terminal, but would amend the plan for the Port Richmond terminal to the extent of making the same cost about \$75,000. He also recommended the amendment of the Stapleton plan, as prepared by Granville T. Snelling, so as to bring the expenditure at this point down to about \$225,000.

No plans, however, were prepared showing exactly what amendments were proposed to be made, and it is therefore proper in my mind to consider the matter in the light of the plans which were prepared and submitted by the architects retained by the former Commissioner of Docks and which were forwarded to the Commissioners of the Sinking Fund. The report referred to in making the amendments only provided for a recommendation of a cut in cost as a temporary expedient, and did not recommend any absolute change in the architect's plans as submitted to the Sinking Fund.

The whole matter of terminals having been taken up by me anew, I beg to submit the following for the consideration of the Commissioners of the Sinking Fund, with the request that I be further directed, having particular reference as to the cost and the manner in which I am to proceed in regard to the municipalization of the ferry between the boroughs of Manhattan and Richmond. Having considered the matter carefully, I am of the opinion that with an expenditure of about \$600,000 for the St. George terminal, all the accommodation needed can be provided, and a sketch is herewith submitted showing in a general way the plan proposed, which, in brief, will accommodate all the possibilities of the use of this terminal for a considerable period of time.

The arrangement of tracks, as recommended by the Department and approved by the Board of Consulting Engineers, viz., Mr. Bryan, of the Interborough Railway Company; Mr. Wilgus, Vice-President and Chief Engineer of the New York Central and Hudson River Railroad Company, and Mr. Winters, the President of the Brooklyn Rapid Transit Railroad Company, has in no way been altered.

The plans for the terminal recommended being for a building to provide communication between the ferryboats and the railway systems and the entire rebuilding of the ferry slips, bridges, ferry houses, etc., including also a change in the grade of the approach for teams from the mainland to the ferryboats.

I consider that all that will be necessary at Stapleton would be to provide accommodation for the small number of passengers likely to use this point for a ferry and such accommodation as will be necessary to provide for team service, for which the ferry is to be built and run; the expenditure will not necessarily be more than \$100,000, and a ferry terminal could be provided for such a sum which would in every way be as efficient for such a purpose as any of the ferry terminals on Manhattan Island at the present time.

For the immediate present, and until such time as the City has the ferry at Stapleton and St. George in successful operation, I respectfully recommend the withholding of any improvement at Port Richmond, although if it is desired to build this ferry at the present time a like expenditure could provide all the accommodations necessary for the freight and passenger service at this locality.

In the above scheme it should be borne in mind that practically all of the passenger service to Staten Island could be taken care of by the frequent and quick trips between St. George and Whitehall. It is calculated that the boats of the Staten Island Rapid Transit Railroad Company, which, in all probability, will revert to the City at the expiration of the present ferry lease (June 1, 1904), may be used and that a freight service may be run on about an hourly schedule, with trips suspended during a portion of the night.

I am forwarding with this report a separate report recommending the building of five ferryboats as designed at present for the establishment of the ferry service between Whitehall and St. George. If these boats are built in accordance with the

specifications therewith attached they will be built to make the trip in the time called for in the schedule previously referred to herein, and will provide a means of communication with the Borough of Richmond unequaled by any ferry service from Manhattan Island. The boats, as called for, will be the fastest of their type in this harbor.

The expenditure necessary for the establishment of the municipal ferry on the lines which I have considered would be about as follows:

Five new ferryboats, estimated cost, about.....	\$1,850,000 00
Rebuilding St. George terminal, about.....	600,000 00
Building Stapleton terminal, about.....	100,000 00
Alterations and changes in Whitehall terminal, about.....	100,000 00

Making a total cost for construction purposes, about.....\$2,650,000 00

In addition to this it would be necessary for the City to expend for the acquisition of property at St. George and Stapleton about \$395,500, this figure being arrived at from the assessed valuation of the property on the books of the Tax Office.

I estimate that it will cost the City to operate the ferry as outlined about \$700,000 per annum, for wages, coal, repairs, etc. The receipts of the ferry as at present operated is about \$450,000, and there will be a large deficit as above noted, and it is for this reason that I recommend the curtailment of expenses with reference to the rebuilding and construction of the ferry's terminals.

I would further recommend that an expenditure be allowed this Department in the amount as herein stated, such moneys to be obtained from the sale of bonds, and should not be taken from the amount of funds appropriated for the uses and purposes of this Department in the construction and repair work, together with the purchase of private property required for the improvement of the City's waterfront.

As the move on the part of the City to run the municipal ferry is novel, and as may be noted from the figures given herein there will be a large deficit in the operation of the ferry. In my opinion it is proper to amend the previous report made by the former Commissioner of Docks relative to the expenditure for the terminals, etc., and I have endeavored to provide all which is necessary at the present time and for a considerable period to come for the quick, safe and speedy transportation of passengers between Richmond and Manhattan, but do not recommend the expenditure of any moneys other than for that purpose.

The saving between the expenditures as calculated by the former Commissioner of Docks in the outlay necessary for the establishment of the ferry and that which I recommend will be about \$1,300,000.

I respectfully request further directions from the Commissioners of the Sinking Fund in regard to the operation of the proposed municipal ferry, together with their authority to proceed with the construction and alteration of the terminals as provided for herein, and the advertising of proposals for the construction of the five new ferryboats, and further that I be authorized to secure the services of such professional experts as I may deem necessary to advise the Department in designing and executing the plans for the municipal ferry.

Very respectfully,  
MAURICE FEATHERSON, Commissioner.

NEW YORK, February 4, 1904.

Hon. GEORGE B. MCCLELLAN, Mayor, and Chairman of the Commissioners of the Sinking Fund:

DEAR SIR—I beg to submit herewith specifications and form of contract calling for the construction of five (5) steel screw-propelling ferryboats designed for the Staten Island ferry service, and respectfully recommend your approval of same, together with the necessary authority of advertising for proposals, in order that the contracts may be let as speedily as possible.

The estimated cost of these ferryboats is \$370,000 each, or a total of \$1,850,000.

The time fixed for the completion of said boats is three hundred (300) calendar days.

Very respectfully,  
MAURICE FEATHERSON, Commissioner.

On motion of the President of the Board of Aldermen, the matter was referred to the Comptroller for examination and report.

The President of the Board of Aldermen moved that the Staten Island Ferry matter be taken up for consideration at the next meeting. Carried.

The President of the Board of Aldermen moved that when the Board adjourns it adjourn to meet at 11 o'clock a. m., on Thursday, February 11, 1904. Carried. Adjourned.

N. TAYLOR PHILLIPS, Secretary.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done.
