P. J. SCULLY, Esq., Clerk of the Board of Aldermen, City Hall, New York City:

Dear Sir—The Commission at its meeting to-day took action on the resolution that the Board of Aldermen adopted February 25, with respect to the failure of the Brooklyn Heights Railroad Company to run cars upon its Nassau avenue line between midnight and 5 a. m., and issued an order, a certified copy of which I inclose, calling

upon said company to satisfy the matters complained of, or answer them within ten days.

Board of Aldermen,

Complainant,

against

Interborough Rapid Transit Company,

Defendant.

Escalator at Station, One Hundred and Twenty-fifth street and Eighth avenue.

Interborough Rapid Transit Company, answering the complaint in the above entitled proceeding, respectfully shows to the Commission as follows:

First—Defendant alleges that for some time past it has been negotiating to acquire the necessary legal rights and consents to erect an escalator leading to the station at One Hundred and Twenty-fifth street and Eighth avenue of said defendant, but that certain abutting property owners have refused to give to the defendant the necessary consents to erect said escalator at that point.

Second—Defendant further alleges that it is anxious to erect an escalator at said station, but that it is impossible for it to do so until it has acquired the necessary easements, and that defendant is proceeding with all diligence to acquire the consents of the abutting property owners.

Wherefore, defendant asks that action in the premises be postponed until the necessary legal consents can be obtained.

Dear Sir—In acknowledging receipt of the resolution of the Board of Aldermen adopted March 5, 1908, urging this Commission to take up the erection of a new elevated station at Ninety-ninth street and Columbus avenue, I desire to state that this Commission on February 11 adopted an order directed to the Interborough Rapid Transit Company as to why it should not erect such station with elevators or escalators, and hearings are now proceeding under this order.

At the first hearing property owners indicated their willingness to co-operate with the company in securing property owners' consents.

P. J. SCULLY, Esq., Clerk of the Board of Aldermen, City Hall, New York City:

Dear Sir—On February 18, 1908, the Board of Aldermen adopted a resolution which was duly transmitted to this Commission, calling its attention to the condition of the cars on Canal street, both as to their sanitary condition and the service rendered by them. The Commission according to the provisions of the Public Service Commissions Law, adopted an order transmitting said resolution to the company operating such cars, and has received a reply thereto from Frederick W. Whitridge, Receiver of the Dry Dock, East Broadway and Battery Railroad Company, a copy of which is sent herewith by direction of the Commission.

The attention of the Board of Aldermen is called to the fact that the condition of these cars has already had the attention of this Commission. Through its Electrical Engineer, it made a careful inspection of these cars, and by an order directed the company to overhaul completely all of its cars and to put them in perfect condition. This order is now being complied with by the Receiver of the said company.

Very respectfully,

W. R. WILLCOX, Chairman.

No. 330.

George Mann, Attorney and Counselor at Law,
No. 116 Nassau Street,
New York, March 6, 1908.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—On behalf of the storekeepers, residents and taxpayers of the block bounded by East Eighth and Ninth streets and Avenues B and C, I beg leave to submit the inclosed petition relative to the annoyance caused in this block by hucksters, push-cart men and peddlers.

It is understood to be the custom of your Honorable Board to grant special privileges to these hucksters, push-cart men and peddlers during the coming holidays in April, in this vicinity, by which they are allowed to place their stand wherever they please, and as long as they please, on the street, in front of the storekeepers and residents of the neighborhood. We respectfully ask that such special privileges be disallowed them in future, for the reason that they already congregate on the sidewalks and streets to such an extent that they have become an intolerable nuisance there. Their business in this place at all times is most objectionable to the storekeepers, as the streets and sidewalks opposite their stores are constantly obstructed, and are always kept in a filthy and unpleasant condition, with decayed vegetable, fruit and other refuse that are thrown on the streets and sidewalks there. These storekeepers are all under large rents and other expenses, and it is a great hardship on them to have these men opposite their doors all the time selling the same wares and merchandise that the storekeeper has in his store for sale. Of course, we appreciate the fact that these poor people are making an honest living, and for that reason, for a long time we hesitated to bring this matter of our objection to your attention, but as a matter of self preservation, we are really forced to do so.

The storekeepers and residents could appear before your Honorable Board, if it is so desired, and state their case more in detail.

Trusting that your Honorable Board will give this matter earnest attention, and apologizing for thus troubling you, I remain

Yours very respectfully,

GEORGE MANN.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—We, the undersigned, being citizens, storekeepers and taxpayers, doing business and residing in the block bounded by East Eighth and Ninth streets and Avenues B and C, in The City of New York, Borough of Manhattan, respectfully petition you for aid and assistance in abating the push-cart nuisance in our immediate neighborhood, which is not only a nuisance there, but is also a menace to health and a serious detriment to our business.

We understand it to be the custom of your Honorable Board to grant special privileges to these hucksters, push-cart men and peddlers during the coming holidays in April, by which they are allowed to place their stand wherever they please and as long as they please, on the street, in front of the storekeepers and residents of the neighborhood. We respectfully ask that such special privileges be disallowed them in future.

Every morning these people congregate in great numbers opposite our doors, not only making the streets impassable, but obstructing as well the entrances to our stores and dwellings, and as a result business has fallen off greatly, the streets are in a filthy condition, and we are caused much annoyance and inconvenience. We are under heavy rents and other expenses, as storekeepers.

We respectfully ask that you give us relief from this unlawful and intolerable nuisance, by disallowing any special privileges to these hucksters, push-cart men and peddlers during the coming holidays in April, and in future. The specific neighborhood from which we beg to petition you to bar them in future, is as follows:

Avenue C, from East Eighth street to East Ninth street; East Eighth street, between Avenues B and C; Avenue B, from East Eighth street to East Ninth street, and East Ninth street, from Avenues B to C.

The Vice-Chairman laid before the Board the following communication from the Department of Water Supply, Gas and Electricity, transmitting resolutions:

No. 334.

Department of Water Supply, Gas and Electricity,
Commissioner's Office, Nos. 13 to 21 Park Row,
City of New York, March 4, 1908.

Hon. PATRICK F. McGOWAN, President of the Board of Aldermen:

Sir—On February 4 your Honorable Board passed an ordinance approving of and concurring in a resolution adopted by the Board of Estimate and Apportionment on July 8, 1907, for the issue of Corporate Stock in the sum of two hundred and twenty-five thousand dollars (\$225,000), to provide means for the improvement and development of the water supply system at or near Bayside pumping station, in the Third Ward, Borough of Queens.

The plan of development prepared by this Department and submitted to your Honorable Board for examination, comprises:

The cleaning, repairing or remodeling of the existing wells at the Bayside station. Driving additional wells north of Broadway, to increase the supply.

In order to drive these wells to the best advantage and, in fact, in order to determine whether they should be driven at all, it is necessary to ascertain the formation of the underlying soil and the location of the water bearing strata at various depths. For this purpose one or more test wells must be driven to various depths, perhaps reaching 500 feet, which cannot be determined beforehand, depending on the character of the ground and location of the water strata. Furthermore, during the progress of the work tests will have to be made, from time to time, by different methods of pumping, to determine the yield to be expected from the proposed driven wells, and the proper design and spacing of the latter. It is apparent that it would not be practicable to do this work by contract, as the conditions, mode of procedure and extent of the work have to be determined on the ground from day to day.

I therefore respectfully request your Honorable Board to grant to the Commissioner of this Department, the privilege of expending a sum not to exceed five thousand dollars (\$5,000) for these preliminary tests; permission having been obtained to make the same from the owners of the land on which it is proposed to locate the additional wells if the result of this preliminary test is satisfactory. If it be found that the ground is not favorable for that mode of development, the land will not be purchased and we shall be under no obligation to the owners for the use of the same, as above stated.

The cleaning, repairing, and, in certain cases perhaps, remodeling of wells at the existing station, is also a work, the exact nature and extent of which cannot readily be determined, for the same reasons given in regard to the establishment of a new driven well station. Examinations of the individual wells have to be made and the proper method of cleaning, repairing or remodeling in each case determined as the work progresses; so that it is impracticable to prepare a contract and specifications for that work.

I, therefore, respectfully request that your honorable body authorize the Commissioner of this Department to expend the sum of two thousand five hundred dollars (\$2,500), without advertising for competitive bids for the purpose of cleaning, repairing or remodeling the existing wells at the Bayside station, as already stated.

I append hereto form of resolution which I request you to submit for adoption.

Yours respectfully,

JOHN H. O'BRIEN, Commissioner.

Resolved, In accordance with the provisions of section 419 of the Charter, that the Commissioner of Water Supply, Gas and Electricity be and he is hereby authorized and empowered to expend, without the formality of advertising for competitive bids or proposals, the sum of five thousand dollars (\$5,000), to be used for driving test wells at or near the Bayside Pumping Station, in the Third Ward, Borough of Queens, in order to ascertain the formation of the soil and of the underground water supply.

No. 335.

Resolved, In accordance with the provisions of section 419 of the Charter, that the Commissioner of Water Supply, Gas and Electricity be and he is hereby authorized and empowered to expend, without the formality of advertising for competitive bids or proposals, the sum of two thousand five hundred dollars (\$2,500), for the purpose of cleaning, repairing or remodeling the existing wells at the Bayside Pumping Station, in the Third Ward, Borough of Queens.

Which were severally referred to the Committee on Public Letting.

No. 336.

Board of Estimate and Apportionment,
Office of the Secretary, No. 277 Broadway,
March 9, 1908.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment March 6, 1908, recommending to the Board of Aldermen the establishment of additional positions in the office of the County Clerk, Kings County, in order to carry out the requirements of chapter 742, Laws of 1907 (Marriage License Law), together with copy of a report of the Select Committee, consisting of the Comptroller and President of the Board of Aldermen, relative thereto.

I also enclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,

JOSEPH HAAG, Secretary.

February 27, 1908.

To the Honorable, the Board of Estimate and Apportionment:

Gentlemen—Transmitted herewith is a report of the Bureau of Municipal Investigation and Statistics, Department of Finance, dated February 24, 1908, relative to the request of the County Clerk of Kings County for the establishment of the following positions:

One Clerk, Chief of Marriage License Bureau, who is to index records and supervise work of this Bureau, under direction of County Clerk..	\$1,500 00
Three Clerks, posting in record books from applications and licenses and to make duplicate copies for State Department of Health, at \$1,200 each	3,600 00

—for the purpose of carrying into effect the provisions of chapter 742, of the Laws of 1907, which matter was referred to a Select Committee, consisting of the Comptroller and the President of the Board of Aldermen, for consideration and report.

In view of the facts contained in said report, the adoption of the attached resolution is recommended.

Yours respectfully,

H. A. METZ,

Comptroller,

P. F. McGOWAN,

President, Board of Aldermen,

Select Committee.

February 24, 1908.

Hon. HERMAN A. METZ, Comptroller:

Sir—In the matter of a request of the Hon. Frank Ehlers, County Clerk of Kings, for the establishment of additional positions in his office, which was referred by the Board of Estimate and Apportionment to a Select Committee, consisting of the Comptroller and the President of the Board of Aldermen, for consideration, and by you to the Bureau of Municipal Investigation and Statistics for examination, I beg to report as follows:

Chapter 742, Laws of 1907, which went into effect on January 1, 1908, provides that marriages can only be performed after a license has been issued by a City or Town Clerk. These licenses and the certificates of marriage are returned to the Clerk by whom the license was issued, entered upon his records, and the original applications, affidavits, licenses and marriage certificates are filed monthly in the

office of the Clerk of the county in which is located the office of the Clerk granting the license.

To meet the expense incurred by the provisions of section 15 of this act, the County Clerk asks for the establishment of the following positions:

One Clerk, Chief of Marriage License Bureau, who is to index records and supervise work of this Bureau, under direction of County Clerk..	\$1,200 00
Three Clerks, posting in record books from applications and licenses, and to make duplicate copies for State Department of Health, at \$1,200 each	3,600 00
Total	\$4,800 00

The number of licenses issued in the Brooklyn office of the City Clerk up to February 20, was 1,785, indicating a possible total of 15,000 for the year. The entering upon the records in the office of the County Clerk, County of Kings, of this considerable number of licenses, together with the other data required under the law, and the furnishing of copies of same to the State Department of Health, will materially increase the work of the County Clerk, whose present office force is not sufficient to meet the increased work due to enforced compliance with the provisions of law called for by chapter 742, Laws of 1907.

I would respectfully recommend that the request of the County Clerk for the establishment of additional employees in his office be granted, as per resolution attached.

Yours respectfully,
(Signed) CHAS. S. HERVEY,
Supervising Statistician and Examiner.

Resolved, That for the purpose of complying with the provisions of chapter 742, Laws of 1907, the Board of Estimate and Apportionment hereby approves of the establishment of the following additional positions in the County Clerk's office, County of Kings, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of said additional positions be fixed as follows:

One Clerk, Chief of Marriage License Bureau, who is to index records and supervise work of this Bureau, under direction of County Clerk..	Per Annum. \$1,200 00
Three Clerks, posting in record books from applications and licenses and to make duplicate copies for State Department of Health.....	1,200 00

Whereas, The Board of Estimate and Apportionment, at a meeting held March 6, 1908, adopted the following resolution:

Resolved, That for the purpose of complying with the requirements of chapter 742, Laws of 1907, the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the following additional positions in the County Clerk's office, County of Kings:

One Clerk, Chief of Marriage License Bureau, to index records and supervise work of Bureau, under the direction of the County Clerk...	Per Annum \$1,200 00
Three Clerks, to post in record books from applications and licenses and to make duplicate copies for State Department of Health, \$1,200 each..	3,600 00

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution, and fixes the salaries of said positions as set forth therein.
Which was referred to the Committee on Salaries and Offices.

The Vice-Chairman laid before the Board the following communication from the President, Borough of The Bronx:

No. 337.
Office of the President of the Borough of The Bronx,
Municipal Building, Crotona Park,
March 6, 1908.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I enclose you herewith copy of a letter from Mrs. F. W. Fairchild, No. 232 West One Hundred and Eighty-fourth street, University Heights, Bronx Borough, relative to having West One Hundred and Eighty-fourth street changed so as to be known hereafter as University place, for the consideration of the Board of Aldermen.

Yours truly,
LOUIS F. HAFFEN,

President of the Borough of The Bronx.
No. 232 West One Hundred and Eighty-fourth Street,
University Heights, New York City,
February 15, 1908.

Hon. LOUIS F. HAFFEN, President, Bronx Borough:

My Dear Sir—Your kindness to the people of this Borough emboldens me to ask a favor of you. I live at No. 232 West One Hundred and Eighty-fourth street, just above the University Heights depot, which street, I believe, has just been turned over to the City by the contractors. On February 1, during the storm, something broke under the pavement in the street and the water and mud rushed out with such force as to burst in our cellar and flood it with tons of mud and water. I reported to the agent and to the contractors, also an officer, but nothing has been done about it.

Feeling that you will help us in this, I appeal to you to do so, for it has been a menace to our health, and most of my family have been ill since then. To make matters worse, it broke in again on last Friday, and did almost as much damage. It seems to cool off the whole house, and now the baby is sick, and I am sure that is what caused him to take cold.

Another favor is: Could we not have some name for this street, say University place, for no one finds it as One Hundred and Eighty-fourth street. A great deal of annoyance is caused our friends and trades people who tramp all over looking for the street, as there is no number or name on lamps, and many go away without finding us. I know you will do all you can for us, and that you will try to hurry matters up. I will thank you in advance, and hope it will not inconvenience you any to attend to this.
I am, respectfully,

Mrs. F. W. FAIRCHILD.

New York, February 27, 1908.

Mr. WILLIAM M. LAWRENCE, Assistant Secretary, Board of Estimate and Apportionment:

Dear Sir—I beg to advise you that at a meeting of the Committee on High Schools and Training Schools held February 24, 1908, the resolution from the Board of Aldermen,

requesting the Board of Estimate and Apportionment to authorize the use of property located at the northeast corner of Avenue A and Ninetieth street, now owned by the City, for the purpose of erecting thereon a public high school, was considered, and I was instructed to inform you that the Committee regrets that it does not deem it advisable to approve of this proposition, for the reason that high school accommodations in the Borough of Manhattan, at the present time, are far in excess of the demand.

Very respectfully,
CORNELIUS J. SULLIVAN,

Chairman, Committee on High Schools and Training Schools.
Which was ordered on file.

MOTIONS, ORDINANCES AND RESOLUTIONS.

Alderman Dowling asked and obtained unanimous consent to introduce the following:

No. 339.

Whereas, The recent disastrous fire in a public school building in the City of Collinwood, Ohio, in which the lives of many children were sacrificed, and the fires of minor importance in the schools of The City of New York, unattended by danger because of the splendid fire drills in practice and the presence of mind of Principals and teachers, have directed attention to the serious need of further means of protection; and

Whereas, It appears that under the provisions of section 762 of the Greater New York Charter the Fire Commissioner may detail at certain enumerated places, including public schools, members of the uniformed force, or direct the installation of devices and also provide other means of preventing and extinguishing fires in said certain enumerated places; therefore

Resolved, That the Fire Commissioner be and he is hereby requested to employ every possible means for which he may be empowered under the provisions of section 762 of the Greater New York Charter, either by the detail of a member of the uniformed force at each public school throughout the City or the installation of such other precautions against the dangers of fire as in his judgment may be meet and proper.

Alderman B. W. B. Brown moved that this resolution be referred to the Committee on Fire.

Which motion was lost.
The resolution was then adopted.

REPORTS OF SPECIAL COMMITTEES.

Alderman Doull offered the following report:

No. 313.

Alderman Doull, to whom was referred a communication (see Minutes of March 3, 1908, page 1119) from certain ladies, complaining of annoyance to which they are subjected at the stage entrance to Wallack's Theatre, and requesting the passage of an ordinance preventing same, does respectfully report that after a careful perusal of the laws and ordinances of the City, he finds that there is full and ample authority vested by law in the Police Commissioner to prevent annoyance such as is alleged. Therefore he recommends that the communication be placed on file.

New York, March 3, 1908.

Hon. R. S. DOULL, Board of Aldermen, New York, N. Y.:

Dear Sir—We would respectfully request that you pass an ordinance or something to protect us from men who want to get acquainted with us and wait around the stage door to do so. We think it would be good if you punished any man who was found loitering within say twenty feet of the stage entrance of Wallack's Theatre. Every night when we are going in or coming out there is a crowd of men around, young ones and old ones, and it is very annoying, and ought to be stopped. We do all we can to discourage them, but they keep coming, and when we send them away they come back again. To avoid them, we have been going away from the theatre through the front door. But Mr. Burnham, the manager of the theatre, stopped us from leaving the theatre by the front way. Now the only way we can get out or get in is through the stage door, and always there are the men waiting, going and coming. It won't do any good to tell us if we speak rough to the men they will go away, because we have spoken rough, and still they stay, and even when we threaten to get some one to punish them, they only laugh. It is so bad sometimes we have to leave the theatre in sixes and sevens, and even then, when we get on the car some of the men get on, too, and when we tell the conductors they only laugh, and think it is funny, and it is not funny to us. We think if you passed a law and made it a misdemeanor, or something like that, to speak to an actress near the stage door, unless the speaker knows her or has some real business with her, we would not be troubled so much. We think the law would work all right, because when some of us had our brothers or our cousins waiting to take us home we could give him a card saying it was all right for him to wait. We hope this request won't be treated as if it did not merit attention, for it does, and if the Aldermen were chorus girls themselves and had to come and go to their business every night and be spoken to by a lot of loitering young and old women they didn't know, they would know how it feels and would do something for us.

Respectfully,
(Signed) MAUD ALLEN, Secretary.

Reports of Committee on Finance—

No. 271.

The Committee on Finance, to which was referred on February 25, 1908 (Minutes, page 1042), the annexed resolution for \$50,000 Special Revenue Bonds for water meter inspection, respectfully

No. 314.

The Committee on Finance, to which was referred on March 3, 1908 (Minutes, page 1119), the annexed resolution for \$30,000 Special Revenue Bonds to pay Inspectors of Elevators and Clerks in Bureau of Buildings, Borough of Manhattan, respectfully

REPORTS:

That Superintendent Murphy appeared before the Committee and stated that there had been no increase in the force of this branch of his Bureau in the past four years, and in that time the number of elevators in this Borough has doubled. A statement in writing attached hereto explains the necessity for this additional force in detail.

The Committee recommends that the said resolution be adopted.

Resolved, That pursuant to the provisions of section 188 of the Greater New York Charter as amended, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of thirty thousand dollars (\$30,000), for the purpose of providing for the payment of the salaries of fifteen additional Inspectors of Elevators and ten Clerks, in the Bureau of Buildings, Borough of Manhattan.

The Bureau of Buildings for the Borough of Manhattan,
No. 220 Fourth Avenue,
New York City, February 27, 1908.

Hon. JOHN F. AHEARN, President of the Borough of Manhattan:

Dear Sir—I desire to call your attention to the fact that nightly inspections should be made of passenger elevators, to see that the same are in safe working order and ready for use in case of emergency, in compliance with section 102 of the Building Code of The City of New York.

In conjunction with the above, the ever increasing number of elevators in use in the various buildings in the Borough of Manhattan (which now number about five thousand), makes it absolutely impossible for the small force of Inspectors to examine same at frequent intervals; a period of three months or more sometimes elapses before we are able to visit an elevator once inspected.

It is essential that these elevators be brought under closer scrutiny by the Inspectors of this Bureau, and to accomplish this effectively I will require at least fifteen (15) additional Inspectors of Elevators; also four (4) Clerks to keep records of such inspections.

On account of the controversy that has arisen with reference to bills for emergency work which is done at the direction of this Bureau, it is very necessary that the time of the different workmen employed and a record of the material used be kept in all unsafe building emergency cases. For this purpose I will require at least six (6) Clerks.

The appropriation made to this Bureau for the current year is inadequate for this purpose, and I would respectfully request that you ask the Board of Aldermen to pass a resolution directing the Board of Estimate and Apportionment to issue Special Revenue Bonds to the amount of thirty thousand dollars (\$30,000), for the purpose of carrying out these important requirements.

Respectfully,

EDW. S. MURPHY, Superintendent.

The Bureau of Buildings for the Borough of Manhattan,
No. 220 Fourth Avenue,
New York City, March 10, 1908.

Passenger Elevators.

Section 101 of the Building Code requires the Superintendent of Buildings to "cause an inspection of elevators carrying passengers or employees to be made at least once every three months." This inspection includes the following:

1. Name of operator.
2. Carrying capacity.
3. Power operated by.
4. Power—how transmitted.
5. Condition of running gear.
6. Condition of cables.
7. What safety attachments are on the cars.
8. Condition of safety attachments.
9. Rate of speed.
10. Manufactured by.
11. General condition.

Such an inspection requires considerable time and care, and the same is supposed to be made of every passenger elevator in the City.

Section 102 of the Building Code requires that in all buildings exceeding 150 feet in height there shall be "at least one passenger elevator which shall be kept in readiness for immediate use by the Fire Department, during all hours of the night and day, including holidays and Sundays."

I have but twelve (12) Inspectors of Elevators, and with this force it is impossible to comply with the foregoing requirements. There are now 6,700 passenger elevators in the City and the number is constantly increasing, and my force should be large enough to make inspections of all day elevators at least once a month, and an inspection of the night elevators every night. It is estimated that at least 2,000,000 persons ride in these elevators daily, which shows the great responsibility resting upon me as Superintendent of Buildings.

With my present force I was enabled to make but 11,010 inspections last year, as a result of which 440 elevators were found to be defective. It will be seen that 11,010 inspections of the 6,700 elevators is at the rate of less than two inspections yearly of each elevator.

With the additional force of Inspectors which I need, as per my statement attached, it is essential that I employ at least four (4) Clerks to transact the business which would naturally ensue from the large number of inspections that would be made.

The six (6) additional Clerks are to be made Timekeepers in the matter of unsafe building cases where emergency work is done through this Bureau, to keep a record of the time, labor and materials used.

Under Rule 21, consideration of this report was deferred. Subsequently the Vice-Chairman moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Bent, Beyer, B. W. B. Brown, J. W. Brown, Coleman, Colgan, Collins, Corbett, Davis, Delaney, Diemer, Doull, Downing, Downing, Drescher, Emener, Esterbrook, Finnigan, Flanagan, Gaynor, Goldschmidt, Grimm, Gunther, Heffernan, Hickey, Hines, Hochdorffer, Hogan, Johnson, Kavanagh, Kenneally, Kenney, Levine, Marx, McAleer, McCann, McDonald, Morrison, Moskowitz, Muhlbauser, Mulcahy, Mulligan, Mulvaney, Murphy, Nagle, Nugent, O'Reilly, Potter, Quinn, Reardon, Rendt, Sandiford, Schloss, Smith, Stapleton, Stormont, Velten, Walsh, President Cromwell and the Vice-Chairman—61.

Report of Committee on Public Letting—

No. 305.

The Committee on Public Letting, to which was referred on March 3, 1908 (Minutes, page 1099), a communication requesting this Board to authorize the Department of Docks and Ferries to repair certain piers without public letting, respectfully

REPORTS:

That Secretary Farley, of the Department of Docks and Ferries, appeared before the Committee and submitted the annexed memorandum as to the necessity for asking the Board of Aldermen for this authorization. The Committee accepts the explanation of Commissioner Spooner, and recommends that the attached resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Docks be and he is hereby authorized and empowered to do the following enumerated work by the force of the Department of Docks and Ferries, without advertising for bids or contracting for the same at public letting, at the respective estimated costs noted:

Repairs to pier at West Fortieth street, Manhattan.....	\$45,000 00
Repairs to pier at East Twentieth street, Manhattan.....	30,000 00
Repairs to pier at East One Hundred and Tenth street, Manhattan.....	22,000 00

FRANK L. DOWLING, G. A. COLGAN, JACOB J. VELTEN, JOSEPH FLANAGAN, ROBERT F. DOWNING, FREDERICK C. HOCHDORFFER, Committee on Public Letting.

DEPARTMENT OF DOCKS AND FERRIES.

Memorandum.

In relation to communication to the Board of Aldermen, requesting that a resolution be adopted authorizing and empowering the Commissioner of Docks, without advertising for bids or contracting for same, to do the following work: Repairs to piers at West Fortieth street, East Twentieth and East One Hundred and Tenth streets, it being understood that all work of dredging shall be done and all material and supplies necessary to do such work shall be purchased by contract, as provided under section 419 of the Greater New York Charter.

Section 821 of the Greater New York Charter, as at present constituted, permits the Department of Docks and Ferries to construct wharves, piers and bulkheads, etc., in accordance with what is known as the new plan for the improvement of the waterfront of The City of New York, the work to be done by the force of the Department, and otherwise than by contract.

Prior to January 1, 1902, the Department was also authorized to make repairs to wharf property under its jurisdiction by the force of the Department, but this was subsequently amended so that at present the Department is only permitted to make repairs to the extent of \$1,000. This limitation of \$1,000 has been found to be entirely inadequate, as the amount of repairs which can be made within this limit is of no use to the Department, and entirely too small to be of any service.

In case of fire, collision or for any other reason, the pier is damaged to any extent, it is necessary at the present time to perform the work of repair or rebuilding by contract under the provisions of section 419 of the Charter, which necessitates a loss of at least sixty days, which time is consumed in the preparation of plans and specifications, the printing of the contract, the approval of the contract as to form by the Corporation Counsel, the advertising for bids, the approval of the sureties, and the certification by the Comptroller that there is money available for the purpose.

In the meantime the pier is practically out of commission, entailing in many cases extreme hardship in busy sections of the City upon owners, shippers and consignees of vessels doing business in that vicinity, to say nothing of the loss of revenue to the City.

If a resolution is passed by the Board of Aldermen, as requested, there will be no interference with that portion of section 821 of the Charter, which provides that no dredging shall be contracted for and no material or supplies for work shall be purchased, except as provided in section 419 of the Charter, namely: Under contract, and the only authorization that the Department seeks to receive will be for the labor used in work of repairs by the employees of the Department.

The work of keeping the piers in repairs has always been the duty of the Department since its organization, and up to the time of the adoption of the amended Charter in 1901, practically all the work of repairs of the Department was done by day's work by the force of the Department.

In cases where efforts have been made to do the work by contract, it has been found to be impracticable to secure what might be called fair bids, owing to the fact that the contract must be so elastic as to permit of additional or less work to be done; in fact it is impossible to tell how much repairs are required to the pier or to make specifications for its rebuilding unless it is entirely taken apart and the substructure exposed.

Yours respectfully,

A. N. SPOONER, Commissioner.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Dowling moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

REPORT OF AUDITING COMMITTEE OF THE NEW YORK FIRE DEPARTMENT RELIEF FUND FOR THE YEAR 1907.

New York, March 2, 1908.

Hon. GEORGE B. McCLELLAN, Mayor of The City of New York:

Sir—The undersigned having been appointed an Auditing Committee by your Honor, in accordance with the provisions of paragraph 8, section 789, title 5, chapter 15, of chapter 466 of the Laws of 1901 (the Greater New York Charter), to examine the condition of the New York Fire Department Relief Fund and to audit the account of Hon. Francis J. Lantry, former Fire Commissioner and Trustee of said fund, beg leave to submit the following report, viz.:

We have examined the books, papers, vouchers, checks, receipts, accounts and all other data relating to the receipts and disbursements of all moneys of said fund for the year 1907, and have carefully tabulated same, and find that the accounts of receipts, disbursements and balance on hand, as set forth by the said Trustee in his annual report of the New York Fire Department Relief Fund for the year 1907, is substantially true and correct, and in conformity with the receipts, disbursements and balance on hand as set forth and shown by the books and accounts of said fund in the possession of said Trustee in the headquarters of the Fire Department of The City of New York, and examined by your Committee.

We have examined and find the bonds and corporate stock, as set forth and described in Schedule "A" of the report of the Trustee, to be correct and on deposit in the safe deposit vaults of the Garfield Safe Deposit Company, northeast corner of Twenty-third street and Sixth avenue, Borough of Manhattan.

We have examined and find the real estate bonds and mortgages, as set forth and described in Schedule "B" of the report of the Trustee, to be correct, in the possession of the Trustee and in the safe of the Fire Department, in the headquarters of that Department.

We further find on examination that the cash on hand as set forth in the report of the Trustee in the Garfield National Bank, Nineteenth Ward Bank, Fidelity Bank, Bank of Washington Heights and Windsor Trust Company, is true and correct, and that the amounts so set forth were the balances on deposit in said banks to the credit of the Relief Fund on December 31, 1907.
