MESSAGES FROM THE MAYOR.

The Vice-Chairman laid before the Board the following communication from his Honor the Mayor:

No. 1981.

City of New York, Office of the Mayor, October 22, 1912.

To the Honorable the Board of Aldermen:

Gentlemen—I return herewith, disapproved, proposed resolution No. 1981, entitled,

"Resolution to permit the Women's Auxiliary of the Y. M. C. A. to distribute tags in The Bronx."

I have heretofore twice vetoed similar resolutions, namely, on June 28, 1910, and January 15, 1912. Such begging in the streets is of doubtful legality, to say the least, and of still more doubtful propriety. The people of the city should not be subjected to such an annoyance. If this ordinance were permitted to take effect I suppose I could not consistently have the police prevent the enthusiasts, men or women, of the different political parties from establishing a tag day to annoy everybody in the streets for political contributions. That would be insufferable.

Very truly yours,

W. J. GAYNOR, Mayor.

Resolved, That permission be given to the Women's Auxiliary of the Young Men's Christian Association of Williamsbridge to distribute tags (Tag Day) in that part of New York City, Borough of The Bronx, Williamsbridge and Wakefield, for the benefit of said association.

Which was laid over, ordered printed in the minutes and published in full in the City Record.

New York Coach Owners' Association, Grand Union Hotel, New York City, New York, October 24, 1912.

Honorable Board of Aldermen of The City of New York, City Hall, New York:

Dear Sirs—At a meeting of the New York Coach Owners' Association, held in Parlor A, Grand Union Hotel last evening, it was reported to us that the City contemplated the erection of a building on the Queensboro Bridge for the purpose of sheltering an elevator between Blackwells Island and the bridge. It was therefore resolved that the Secretary be directed to write to you and state that the association objected to the erection of any structure on said bridge that will take away any portion of the roadway. If there is to be a public hearing on this matter we wish to be advised in order that we may make the proper objection.

Thanking you for your courtesy in this matter, we remain, Very truly yours,

ERNEST H. MORITZ, Secretary.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

No. 2076.

The Vice-Chairman laid before the Board the following communication from the Board of Health.

City of New York, Department of Health, Office of the Secretary, October 24, 1912.

Hon. P. J. SCULLY, City Clerk:

Sir—Enclosed is a copy of a resolution adopted by the Board of Health October 22, 1912, requesting the Board of Aldermen to authorize, pursuant to the provisions of section 419 of the Greater New York Charter, the purchase in the open market, without public letting, of an automobile truck at a cost not exceeding \$2,000, to be used by the Department of Health for the transportation of oil and Laborers in the work of draining marshes and destroying mosquito-breeding places in the Borough of Richmond.

This request is made necessary by reason of the fact that it has not been possible to obtain this automobile truck by public letting. Bids have been advertised for on several occasions and they have either exceeded the amount appropriated or bidders have not responded to the request to submit estimates. The means for the transportation of the oil and Laborers engaged in the work of mosquito extermination in the Borough of Richmond are urgently needed, and I am directed to request that you will present the resolution of the Board of Health to the Board of Aldermen at the earliest opportunity. Very truly yours, EUGENE W. SCHEFFER, Secretary.

City of New York, Department of Health, Office of the Secretary, October 24, 1912.

Hon. P. J. SCULLY, City Clerk:

Sir—At a meeting of the Board of Health of the Department of Health held October 22, 1912, the following resolution was adopted:

Resolved, That the Board of Aldermen be and is hereby respectfully requested to authorize the Board of Health, pursuant to the provisions of section 419, chapter 466 of the Laws of 1901, to contract for and purchase at a price not exceeding \$2,000, in the open market, without public letting, an automobile truck to be used by the Department of Health for the transportation of oil and Laborers in the work of draining marshes and destroying mosquito breeding places in the Borough of Richmond.

The Vice-Chairman laid before the Board the following communication from the Sheriff of Queens County.

Office of the Sheriff, Queens County, County Court House, Long Island City, October 24, 1912.

Honorable Board of Aldermen, New York City, N. Y.:

Gentlemen—I respectfully request your honorable Board to recommend the issuance of special revenue bonds, to pay for the services of one Special Keeper in the Civil Jail, Queens County, N. Y., appointed by me from June 1 to October 4, 1912, inclusive, 126 days, at \$3 per day, making a total of \$378.

In support of this request, I might state that it was necessary for me to make the appointment of an additional Keeper on June 1, 1912, because the Civil Jail was not properly fitted up. The part of the administration building designated by the Sinking Fund Commission as a Civil Jail was not protected by bars.

By this appointment, each of the Keepers worked a period of eight hours a day.

Yours truly,

THOS. M. QUINN, Sheriff of Queens County.

Which was referred to the Committee on Finance.

No. 2078.

The Vice-Chairman laid before the Board the following communication from the Board of Health.

City of New York, Department of Health, Office of the Secretary, October 23, 1912.

HON. P. J. SCULLY, City Clerk:

Sir—I have to acknowledge receipt of the resolution adopted by the Board of Aldermen on August 15, 1912, in which the Board of Health is requested to prosecute with all the vigor at its command the enforcement of the requirements of section 189 of the Sanitary Code, relating to the use of the common drinking cup or receptacle for drinking water in public places or in any public institution.

The matter has been referred to the Sanitary Superintendent for enforcement. Very truly yours,
EUGENE W. SCHEFFER, Secretary.

JOSEPH HAAG, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, October 23, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—We transmit herewith our recommendations approving additional corporate stock authorizations for the Department of Water Supply, Gas and Electricity to provide for immediate requirements in three accounts of that Department.

The balance in two of the three accounts are practically exhausted, and in the third, C. D. W.-39, the limit has been reached of expenditure for the current year, leaving a \$30,000 balance which cannot now be used, and the authorizations recommended are for requirements of the existing force to the end of the year on the basis of payroll conditions in October. On July 15, 1912, part allowances were approved for the funds. The authorizations now recommended are as follows:

Code No.	Title of Account.	Additions to Existing Authorizations.
C. D. W.-36b—	For Payment of Salaries and Wages, Labor Construction Force, Boroughs of Manhattan and The Bronx..	\$17,400 00
C. D. W.-37q—	For Payment of Salaries and Wages, Labor Construction Force, Borough of Brooklyn.....	14,000 00
C. D. W.-39	For Payment of Salaries and Wages, Engineering Construction Force, all Boroughs.....	111,000 00
Total.....		\$142,400 00

The total requested in the departmental corporate stock estimate for these items is \$675,000.

We recommend the adoption of the attached resolution approving the authorizations as indicated above and rescinding \$30,000 appropriated on July 15, 1912, which is in excess of the \$2,000,000 permitted by law to be issued in any one year by action of the Board of Estimate and Apportionment without concurrence of the Board of Aldermen. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller; A. L. KLINE, Acting President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan; Corporate Stock Budget Committee.

No. 2082.

Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment on July 15, 1912, and by the Board of Aldermen on October 15, 1912, as follows:

"Resolved, That, pursuant to the provisions of section 178 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding forty-five thousand dollars (\$45,000), to provide means for furnishing and laying a 30-inch distribution main and appurtenances in Cypress ave., between Myrtle and Troutman aves., in the Borough of Queens, and furnishing and installing the necessary meters therefor, under the jurisdiction of the Department of Water Supply, Gas and Electricity, in connection with improving the water supply system of said Borough, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid."

—be amended to read as follows:

Resolved, That, pursuant to the provisions of section 178 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding forty-five thousand dollars (\$45,000), to provide means for furnishing and laying a 30-inch distribution main and appurtenances in Cypress ave., between Myrtle and Troutman aves., in the Boroughs of Queens and Brooklyn, and furnishing and installing the necessary meters therefor, under the jurisdiction of the Department of Water Supply, Gas and Electricity, in connection with improving the water supply system of said Boroughs, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

A true copy of resolution adopted by the Board of Estimate and Apportionment October 24, 1912.
JOSEPH HAAG, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, October 22, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On July 15, 1912, the Board of Estimate and Apportionment, and on October 15, 1912, the Board of Aldermen, adopted a resolution authorizing \$45,000 for furnishing and laying a thirty-inch distribution main and appurtenances in Cypress ave., between Myrtle and Troutman aves., in the Boroughs of Brooklyn and Queens, and furnishing and installing the necessary meters therefor, under the jurisdiction of the Department of Water Supply, Gas and Electricity. And it appearing that pursuant to said order, an alternative writ of mandamus was duly issued out of and under the seal of this Court directed to said defendant, Lawrence Gresser, as President of the Borough of Queens, commanding him "that immediately upon receipt of said writ, that he forthwith enter upon the performance of his duties as President of the Borough of Queens and remove from Hamilton st., certain railroad tracks, cars and engines which obstruct, encumber and encroach the said highway as hereinbefore stated, except from a strip of land across the said Hamilton st., sixty feet in width, used and occupied by the through tracks of the main line of said railroad, and that he keep the same free from such obstructions, encroachments and encumbrances, or that he show cause why the command of said writ should not be obeyed, and that he make return of said writ pursuant to the provisions of the Code of Civil Procedure, at the office of the Clerk of the Supreme Court, in and for the County of Queens at his office in the Town of Jamaica, Queens County, in The City of New York, within twenty days after the service upon him of said writ."

And it appearing that said alternative writ of mandamus, together with the copies of the order and of all papers upon which said alternative writ of mandamus was granted, was personally served upon him, the defendant, Lawrence Gresser, at the office of the Borough President in Long Island City, Borough of Queens, on the 15th day of March, 1909, and that the original writ with due proof of service together with the order therein, and all papers upon which said order and writ was granted, was duly filed in the office of the Clerk of the County of Queens, on the 16th day of March, 1909.

And it appearing that the said defendant Lawrence Gresser made and filed return thereto on the 20th day of May, 1909, and that the Long Island Railroad Company, by an order of Court entered on the 15th day of May, 1909, were allowed to intervene in the proceeding and serve and file return answer or demurrer to said alternative writ of mandamus, and that on the 20th day of May, 1909, the said Long Island Railroad Company served and filed its return thereto.

And it further appearing that the issues of fact raised by said returns to said alternative writ of mandamus, came on to be tried before the Court and a jury, at a trial term of the Supreme Court of New York, at the County Court House, at Long Island City, Queens County, New York, on the 21st and 22d days of December, 1910, and that the said jury on said last named day upon the direction of the Court found their verdict in favor of the relators, and against the said defendants, as follows:

First—That Hamilton st. or ave. is and has been for more than twenty years past, a public highway in the County of Queens.

Second—That the estate and interest of the public is that of a right to pass and repass thereon and use the avenue for all purposes consistent with the use of a public highway.

Third—That the Railroad Company has since the year 1904 constructed and maintained sixteen freight tracks in addition to the two regular tracks of its permanent right of way across this highway known as Hamilton ave.

Fourth—That these freight tracks lie to the south of the main tracks and immediately adjacent thereto, and the space covered by them is approximately 200 feet.

Fifth—That the defendant Railroad Company has for several years last past and still continues to obstruct the use of the highway and interrupt the passage of the public through and over it, by the storage thereon of freight and other cars upon the sixteen tracks, or some of them (which for the purpose of this action are denominated as freight tracks), and by the frequent drilling or shifting of trains back and forth over these tracks.

And it further appearing that on the 21st day of January, 1911, a motion for judgment upon said verdict of said jury was duly made, and argued at a Special Term of this Court, held in and for the County of Queens, and that on the 15th day of February, 1911, a decision upon said motion was duly rendered and filed granting said motion for judgment.

And it further appearing that on the 21st day of March, 1911, a judgment upon said verdict in favor of the said relators, and against the said Lawrence Gresser, as President of the Borough of Queens, and the said defendant the Long Island Railroad Company, was entered at a Special Term of said Supreme Court, sitting in and for the said County of Queens, and that in and by said judgment a peremptory writ of mandamus was directed to issue herein according to the prayer of the petition of the relators herein.

Now, Therefore, That justice may be done to said relators, we command you, that immediately upon the service upon you of this writ, you, the said Lawrence Gresser, do forthwith remove from said Hamilton st., as aforesaid, the sixteen railroad freight tracks, together with the cars and engines standing thereon, in this writ described, which obstruct and encumber the said highway hereinbefore stated, except from a strip of land across said Hamilton st., sixty feet in width, used and occupied by the through tracks of the main line of said railroad, and that you from henceforth keep the same free from such encroachments, obstructions and incumbrances, lest complaint shall again come to us by your default, and in what manner this our command shall be executed make to appear to our Supreme Court, at a Special Term thereof, on the 5th day of June, 1911, at the Court House in the County of Queens, then and there return this our writ.

Witness, the Honorable Garret J. Garretson, one of the Justices of the Supreme Court, at a Special Term thereof, held in and for the County of Queens, in the County Court House, this 21st day of March, 1911.

By order of the Court.

MARTIN MAGER, Clerk.

The within writ allowed this 15th day of March, 1911, on application of Henry B. Salisbury, attorney for George Sibley, Caroline O. Sibley, Margaret Primout, J. Elizabeth Caulkins, Abraham J. DeBevoise, Henry Heins and James C. Wheeler.

G. J. GARRETSON, J. S. C.

State of New York, County of Queens, ss.:

I, Martin Mager, Clerk of the County of Queens, and of the Courts of Record for said County, Do Hereby Certify: That I have compared the preceding with the original order, The People of the State of New York, ex rel., against Lawrence Gresser, as President of the Borough of Queens, et al., Defendants, filed on March 21, 1911, in the Clerk's office of said County, and that the same is a true and correct copy thereof, and the whole of such original.

In Witness Whereof, I have hereunto subscribed my hand and affixed the Seal of said Courts and County, the 24th day of October, 1912.

The Vice-Chairman laid before the Board the following communication from the Trustees of Bellevue and Allied Hospitals:

No. 2085.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Ave. and 26th St., New York, October 24, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, New York City:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request the Board of Aldermen to amend the resolution adopted on October 22, 1907, a copy of which is attached, by substituting the words and figures "four thousand five hundred dollars (\$4,500)" in place of the words and figures "three thousand six hundred dollars (\$3,600)." This request is made in order that fifteen payments of three hundred dollars (\$300) may be secured in one year instead of twelve (12) as now allowed by the resolution referred to. No additional funds will be necessary to meet this increase, as the appropriation for "Contingencies" is sufficient for the purpose.

Respectfully,

J. K. PAULDING, Secretary, Board of Trustees.

Copy of resolution adopted by the Board of Aldermen on October 22, 1907:

Resolved, That, for the purpose of defraying minor incidental expenses of the Board of Trustees of Bellevue and Allied Hospitals, the said Board may by requisition draw upon the Comptroller for a sum not exceeding three hundred dollars (\$300), and may in like manner renew the draft as often as the Board may deem necessary, but only to such extent as there may be available appropriations against which such expenses are properly chargeable, and in no event to exceed the sum of three thousand six hundred dollars (\$3,600) in any one year; and no such renewal shall be made until the money paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers, certified to by the Board, covering the expenditures thereon.

The Vice-President laid before the Board the following communication from the Commissioner of Correction:

No. 2086.

Department of Correction of The City of New York, Commissioner's Office, 148 E. 20th St., New York, October 26, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, New York City:

Dear Sir—On August 7, 1912, a request was forwarded to the Honorable the Board of Aldermen, asking that, pursuant to the provisions of section 188 of the Charter, the Board would request the Board of Estimate and Apportionment to authorize an issue of special revenue bonds to the amount of forty-three thousand six hundred dollars (\$43,600) for the use of the Department of Correction during the current year, as follows:

272 Supplies and Maintenance, General.....	\$40,000 00
282 Forage	3,600 00

At the meeting on October 22, 1912, the Board of Aldermen approved of a request for \$25,000 to cover the two items, as noted above.

While thankful for the consideration given my request, I am compelled by the demands on the resources of the Department to make application for an additional amount to cover the needs for the next two months.

I would, therefore, in accordance with section 188 of the City Charter, respectfully ask that your Honorable Board will request the Board of Estimate and Apportionment to authorize an issue of special revenue bonds to the amount of eighteen thousand dollars (\$18,000) for the use of the Department of Correction, in addition to the sum of \$25,000 already approved.

Trusting that the above request will receive the approval of the Board of Aldermen, I am, Very respectfully,

PATRICK A. WHITNEY, Commissioner.

The Vice-Chairman laid before the Board the following communication from the President of the Borough of Richmond:

No. 2087.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, October 26, 1912.

Board of Aldermen, City Hall, New York City:

Gentlemen—On May 7 last the Board of Aldermen of The City of New York adopted the following resolution:

"Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of six thousand dollars (\$6,000), the proceeds whereof to be used by the President of the Borough of Richmond for the purpose of repainting the interior of the Richmond Borough Hall, all obligations in connection herewith to be incurred prior to December 31, 1912."

In accordance with the request as contained in said resolution, the Board of Estimate and Apportionment, on July 11, 1912, by resolution 66A, authorized the issue of revenue bonds in the amount of \$6,000, for the purpose set forth in said resolution. I accordingly advertised for bids and let a contract to the lowest bidder for repainting the interior of the Richmond Borough Hall. This work is now in progress.

In view of the fact that we were fortunate in securing a bid lower than the original estimate, a balance of something like \$700 remains, which is more than sufficient to paint the outside window sashes, frames, iron work, doors, etc., of the Borough Hall; in fact, it is estimated that the sum of \$325 will be all that is necessary for this very much needed piece of work. There has been no exterior painting done on the Borough Hall since its completion six and a half years ago.

I accordingly ask that the original resolution be so amended as to permit of the use of the money appropriated for doing the necessary exterior painting as well as the interior. Respectfully yours,

GEORGE CROMWELL, President of the Borough.

The Committee on Finance, to which was referred on September 24, 1912 (Minutes, page 196), a request from the Board of Estimate and Apportionment for \$10,000 special revenue bonds for a test under direction of Committee on School Inquiry of two school buildings, respectfully

REPORTS:

That, having examined the subject, it believes the proposed appropriation to be unnecessary. If a demonstration of any particular make of grate or system of drafts is required, it seems to the Committee that under ordinary business conditions the vendor should bear the expense.

It, therefore, recommends that the said request be placed on file. Resolved, That copies of the report of Charles G. Armstrong be sent to the President, the Chairman of the Committee on Buildings and the Chairman of the Committee on Care of Buildings of the Board of Education, with the request that the Board of Education appoint a committee to consider with the Committee on School Inquiry of the Board of Estimate and Apportionment, plans for carrying the recommendations of this report into effect.

Resolved, That the Board of Aldermen be and is hereby requested to recommend to the Board of Estimate and Apportionment the authorization of an issue of special revenue bonds of The City of New York, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, in the sum of ten thousand dollars (\$10,000), to defray the expenses of a test to be made under the general direction of the Committee on School Inquiry of the Board of Estimate and Apportionment, in two public school buildings, of changes in plant installation and of the exclusive use

of buckwheat coal under a system of controlled drafts similar to that used in commercial plants.

The Committee on Finance, to which was referred on September 24, 1912 (Minutes, page 242), the annexed communication from the President of the Borough of Manhattan requesting approval of a site for 3d District Magistrates Court, 2d District Municipal Court and the Federal Jail, respectfully

REPORTS:

That, after a full consideration of this subject, it believes that this site meets the approval of everyone having business in these courts or officially or semi-officially connected with them. The only objections were from persons interested in another location.

Be it ordained, by the Board of Aldermen of The City of New York, as follows: Section 1. The Board of Aldermen hereby selects as a site for a Court House the property located at the southeast corner of 2d ave. and 2d st., in the Borough of Manhattan, being one hundred and three and one-half (103½) feet on 2d ave. and one hundred (100) feet on 2d st.

Sec. 2. The Corporation Counsel is hereby authorized and directed to institute condemnation proceedings for the acquisition of said property.

Sec. 3. This ordinance, however, shall not preclude the acquisition of the above described property by purchase from the owner, or the respective owners thereof, at a price authorized by the Board of Estimate and Apportionment.

The Committee on Finance, to which was referred on September 24, 1912 (Minutes, page 246), the annexed resolution in favor of an issue of \$7,500 special revenue bonds for highway repairs, Borough of Queens, respectfully

REPORTS:

That the letter of application is self-explanatory. The Committee believes this thoroughfare should be placed in good condition, and it therefore recommends that the said resolution be adopted.

Resolved, That, pursuant to subdivision 8, section 188 of the Charter of The City of New York, the Comptroller be and is hereby authorized to issue special revenue bonds to an amount not exceeding seven thousand five hundred dollars (\$7,500), the proceeds whereof to be used by the President of the Borough of Queens for the purpose of repairing sheet asphalt on Fulton st., Jamaica, 4th Ward, Borough of Queens, replenishing of Appropriation Fund, Repairs and Replacements by Contract or Open Market Order, Highways, Line 2033, Restoration of Asphalt Pavements, \$22,000, which fund is now exhausted.

All obligations contracted for hereunder to be incurred on or before December 31, 1912.

The City of New York, Office of the President of the Borough of Queens, Long Island City, September 20, 1912.

Hon. JOHN PURROY MITCHEL, President of the Board of Aldermen, City of New York:

Dear Sir—The funds for sheet asphalt repairs are fully contracted for as allowed in the Budget for 1912. The contractor is now making his second round, as provided for in his contract, and he has placed practically all on Fulton st., Jamaica, that we can afford out of this quantity. The condition of the old asphalt on this street is such that although the repairs were just completed a few weeks ago, and the street left in good condition, it is full of holes again and there is one continuous rut about five (5) feet from the railroad track through the entire length, from Grand st. to Metropolitan ave. The total area of sheet asphalt on this street, including the railroad area for which the City seems to be responsible, is 40,000 square

yards, and the repairs should be made this fall to the extent of at least 5,000 square yards.

Application is hereby made for an issue of special revenue bonds to an amount not exceeding seven thousand five hundred dollars (\$7,500) for the repair of sheet asphalt on Fulton st., Jamaica, between Van Wyck ave. and Grand st., and to replenish Line No. 2033, Bureau of Highways, Restoration of Asphalt Pavements, Repairs and Replacements by Contract or Open Market Order, \$22,000.

This matter is very important, and it is urgent that it be taken up at once and the funds obtained at the earliest time possible so that a contract can be let and the work carried out this fall, or else I fear that the condition of this street during the winter months and spring will be a cause of great inconvenience to the public and complaint.

Yours very truly,

DENIS O'LEARY, Acting President of the Borough of Queens.

The Committee on Finance, to which was referred on October 22, 1912 (Minutes, page 107), the annexed request from the President of the Borough of Manhattan for \$15,000 special revenue bonds to replenish appropriation entitled "Code No. 1832," respectfully

REPORTS:

That having examined the subject, it believes the proposed appropriation to be necessary. The letter of request gives the details of this application.

The Committee recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of fifteen thousand dollars (\$15,000), the proceeds whereof to be used by the President of the Borough of Manhattan for the purpose of replenishing the appropriation for "Repairs of Cuts in Pavements other than Stone, made by the Department of Water Supply, Gas and Electricity, No. 1832."

All obligations contracted for hereunder to be incurred on or before December 31, 1912.

HENRY H. CURRAN, ROBERT F. DOWNING, C. A. POST, THOS. J. MULLIGAN, FRANCIS P. KENNEY, JAMES HAMILTON, BRYANT WILLARD, Committee on Finance.

City of New York, Office of the President of the Borough of Manhattan, City Hall, October 17, 1912.

Honorable Board of Aldermen, City Hall, New York City:

Gentlemen—Request is hereby made for an issue of special revenue bonds in the amount of fifteen thousand dollars (\$15,000), to replenish the appropriation for "Repairs of Cuts in Pavements Other Than Stone, Made by the Department of Water Supply, Gas and Electricity, No. 1832," as it is now ascertained that the amount appropriated for this year is insufficient to do the work.

In making up the estimate of the Budgetary allowance for 1912 for this work the amount asked for was based upon the expenditure of the year previous, as estimated by the Department of Water Supply, Gas and Electricity, which we now find is totally inadequate to provide for the increased repairs which have become necessary through the many additional openings made by the Department of Water Supply, which were not anticipated when the estimate for the year was made.

The amount appropriated was \$30,000, from which \$4,000 was transferred to the President, Borough of The Bronx, to provide for a part of the work, leaving but \$24,000 for the work in this borough.

There are now about six hundred locations where openings have been made in sidewalks to reset and connect fire hydrants, which must be repaired at an estimated cost of \$5,400, and other openings to be repaired during the balance of this year approximated at \$1,500. It is estimated that the cost of repairs to asphalt and granite pavements under maintenance for openings that have been made and contemplated up to December 31 will be about \$7,000, so that the amount asked for (\$15,000) is a fair and reasonable estimate of the amount needed to perform the work for the balance of the year.

Very truly yours,

GEORGE McANENY, President, Borough of Manhattan.

The Committee on Finance, to which was referred on October 22, 1912 (Minutes, page 109), a request from the Corporation Counsel for \$6,000 special revenue bonds for furniture for Brooklyn branch office, respectfully

REPORTS:

That the Assistant Corporation Counsel has submitted a letter of explanation and also a schedule of the necessary furniture with estimated prices prepared by his Chief Clerk and the Superintendent of Buildings. The Committee believes this furniture to be needed, and the estimate reasonable, and it therefore recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of six thousand dollars (\$6,000), the proceeds whereof to be used by the Corporation Counsel for the purpose of supplying furniture and fittings in the new quarters assigned to the branch office of the Law Department of The City of New York in the Borough of Brooklyn, located in the Assembly, at No. 153 Pierrepont st., in said borough. All obligations contracted for hereunder to be incurred on or before December 31, 1912.

Law Department, City of New York, Office of the Corporation Counsel, Borough of Brooklyn, October 28, 1912.

Hon. HENRY H. CURRAN, Chairman of the Finance Committee, Board of Aldermen:

Dear Sir—I regret extremely that I am unable to appear before your Committee to urge a favorable report upon Communication No. 2016, which was presented at the last meeting of your Board, asking for the issuance of special revenue bonds in the amount of \$6,000, for the purpose of supplying furniture and fittings in the new quarters assigned to the branch office of the Law Department of The City of New York, in the Borough of Brooklyn, at No. 153 Pierrepont st., in said Borough.

The reason of my inability to attend is because of the session of the Appellate Division of the Supreme Court in this Department to hear election cases, which will open at one o'clock in the afternoon of this day at the Borough Hall in Brooklyn.

I have the appeal in the first case on the calendar. I have prepared the brief personally and have to argue that appeal in person. I have, however, sent the Chief Clerk of this office, Mr. Probasco, and Mr. Druhan, one of our Deputy Assistants, each of whom is thoroughly familiar with the situation and knows my views and will, therefore, be able to make any explanation which may be desired.

It may not be inappropriate to say, however, that this moving and the consequent expense to the City, both in rent and furnishings is not of the seeking of the Law Department. The quarters now occupied by it in this Borough have been so occupied for seventeen or eighteen years, and during all the existence of the Corporation Counsel's office, whether before or after consolidation, the office of the Corporation Counsel has been in the present building since its erection in 1848. The desire has been to retain the office in its present quarters until a new municipal building was erected. Owing to the cramped quarters of the Appellate Division and the urgency of the Judges thereof, the Sinking Fund Commission has assigned the building on Pierrepont st. to this Office as its new quarters.

The Law Department cannot refuse this assignment and it cannot make it effective without proper furniture. The fittings in use in our present quarters are for the most part of a kind that cannot be removed, and the modern steel cases and desks that are asked for in the new quarters will be available for use in the quarters to be assigned to the Law Department in the Municipal Building.

I have been informed that our new quarters are ready for the furniture. The Appellate Division Judges are anxious to make their change. As we have to move, I am anxious to have the matter over, as the moving of a law office with thousands of cases, and many of them on the calendar for trial, is an undertaking which no one would seek, but which cannot be avoided.

Again urging early and favorable action, I have the honor to remain, With very great respect,

J. D. BELL, Assistant Corporation Counsel in Charge.

CHAS. B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, October 11, 1912.

Hon. HENRY H. CURRAN, President, Finance Committee, Board of Aldermen:

Dear Sir—In reply to your communication, under date of October 10, in reference to my request for \$46.60 revenue bonds, for the payment of Veterans for whom no provision was made in the Budget for the year 1912, I beg to state that prior to making the request, I caused an examination of our unexpended balances to be made, and found that it was impossible to pay these men, except by a request for revenue bonds.

The appropriations made in the Budget for the mechanical force are based upon an allowance for so many days, at so much per day, and in none of these accounts is there an unexpended balance that could be used for the purpose.

As you will recall, the same procedure was taken last year for the payment of these Veterans. Respectfully yours,

CHARLES B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

That having examined the subject, it believes the proposed improvement to be necessary. The letter of request and supplemental letter hereto attached give the details fully.

It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of seven thousand dollars (\$7,000), the proceeds whereof to be used by the President of the Borough of The Bronx for the purpose of painting the Melrose ave. City of New York, President of the Borough of The Bronx, 3d Ave. and 177th St., Office of the President, October 2, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City of New York:

Dear Sir—I have to respectfully request that your Honorable Board adopt a resolution authorizing the Comptroller of the City of New York to issue special revenue bonds to the amount of seven thousand (\$7,000) dollars, the proceeds whereof to be used by me for the purpose of cleaning and painting all the steel and iron work of the Melrose Ave. Viaduct.

This viaduct extends over the tracks of the New York and Harlem Railroad, connecting Melrose ave. from E. 163d st. to the junction of Webster ave. and Brook ave., at E. 165th st., in this Borough, a distance of 550 feet, and was completed August 13, 1901. It has not been repainted since that time.

It is badly in need of painting at the present time and I urge the Board to grant authority for this issue of bonds, without delay so that the work can be completed before the winter sets in. Respectfully,

CYRUS C. MILLER, President of the Borough of The Bronx.

City of New York, President of the Borough of The Bronx, 3d ave. and 177th st., Office of the Commissioner of Public Works, October 14, 1912.

Hon. HENRY CURRAN, Chairman, Committee on Finance, Board of Aldermen, New York:

Dear Sir—Your letter to the President of the Borough relative to our application for special revenue bonds in the amount of seven thousand dollars (\$7,000), the proceeds of which to be used for the purpose of cleaning and painting the Melrose ave. Viaduct, has been referred to me. In reply you are advised that the request for this money was inadvertently omitted from the 1912 Budget and we find upon examination of the structure that it would not be advisable to postpone these repairs further. The condition of the railings became so dangerous that in the spring of the year we spent about one thousand dollars (\$1,000) in repairing the same. In making these repairs it became necessary to make certain openings in the superstructure of the bridge proper, and upon examination it was found that the main sections of the bridge were badly rusted and in a dangerous condition.

I am of the opinion that if the work of painting the bridge is left until next spring many parts of the bridge will be practically beyond repair.

I fully appreciate the limitations upon your special revenue bonds account, but believe that this matter is sufficiently urgent to receive the earnest consideration of the Board. Very truly yours,

THOMAS W. WHITTLE, Commissioner of Public Works.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the negative by the following vote, three-fourths of all the members failing to vote in favor thereof:

Affirmative—Aldermen Bedell, Bolles, Boschen, Bosse, Curran, Dotzler, Eichhorn, Gelbke, Hamilton, Kenneally, Kenney, Levine, Post, Reardon, Shipley, Stapleton, Stevenson, Velten, Weil, White, Willard, Wilmot; President Cromwell, President Miller, by Thomas W. Whittle, Commissioner of Public Works; President Steers; the Vice-Chairman—26.

On motion of Alderman Kenneally the above vote was reconsidered, and the paper restored to its place on the list of Special Orders.

The Committee on Finance, to which was referred on October 8, 1912 (Minutes, page 19), the annexed request from the Surrogates of New York County for \$939.61 special revenue bonds for replenishing certain accounts, respectfully

REPORTS:

That having examined the subject, it believes the proposed allowance to be necessary. The letter of request is very thorough in its explanation of this deficiency. The Committee recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of nine hundred and thirty nine dollars and sixty-one cents (\$939.61), the proceeds whereof to be used by the Surrogates, New York County, for the purpose of replenishing certain accounts.

All obligations contracted for hereunder to be incurred on or before December 31, 1912.

HENRY H. CURRAN, C. A. POST, HENRY F. GRIMM, JOHN DIEMER, ROBERT F. DOWNING, FRANCIS P. KENNEY, JAMES HAMILTON, THOS. J. MULLIGAN, Committee on Finance.

Chambers of the Surrogates' Court, County of New York, New York, October 1, 1912.

To the Honorable the Board of Aldermen, New York City:

Gentlemen—We desire to call your attention to the fact that two of the appropriations made by the Board of Estimate and Apportionment for Contingencies for the use of the Surrogates' Court and Office of New York County for the year 1912 are exhausted, and that we are now in receipt of bills requiring payment for which there are no funds, as well as in need of supplies which have not yet been ordered.

Our appropriation for Supplies and Materials for 1912 (Code No. 2178) was \$830. We had expended to the end of July, \$647.85 from this fund. There are invoices now standing against it for law books and for towel supply, \$80; besides towel supply ordered for September, \$20, and indispensable books for the Law Department Library, which must be ordered at once, amounting to \$104.50, as well as at least one new typewriter for the copying department, which will cost, in exchange, about \$65.50. These expenses carry us only to the end of September, and make a total of \$917.85 for the first nine months of the year. We have every reason to believe that we will be obliged to make expenditures at the same rate for the remainder of the year, which will add \$299.46 to this amount, making \$1,147.31 in all. Our original fund of \$830 is therefore short in the amount of \$317.31 of covering our necessary expenditures for the year, and we respectfully ask the Board of Aldermen to request the issuance of sufficient revenue bonds by the Board of Estimate and Apportionment to cover the deficiency.

Our appropriation for Furniture and Fittings for 1912 (Code No. 2182) is also entirely inadequate to meet the necessary demands made upon it. The amount appropriated was \$200, and we have been obliged to use it for making changes in office partitions, for the purchase of desks, etc., which formerly were paid for by the Department of the Superintendent of Buildings. We had expended from this fund at the end of July, \$174.95. An order has since been issued for two desk pads and some letter files, amounting to \$9. We owe \$17.50 for putting a steel compartment in the safe of the Clerk of the Court, and \$520.85 for moving and cutting down shelving cases and taking up and re-setting railings, which work was rendered necessary in making room on the fourth floor of this building for the office of the Commissioner of Records of the Surrogate's Court. This makes a total expenditure and debts owing, up to the end of September, of \$722.30, with no provision made for the remaining three months of the year. We do not anticipate, however, that the rate of payment from this fund will be kept up, and estimate that \$100 over and above the expenses now in sight will be sufficient. This would make our total expenses from this fund \$822.30, and as we have but \$200 appropriated for the purpose, we respectfully ask for the issuance of revenue bonds to the amount of \$622.30.

In conclusion, the total deficiency in the two funds (Code Nos. 2178 and 2182, 1912) amounts to \$939.61, which we respectfully request should be provided for at the earliest possible moment. A number of bills are now pressing for payment, and purchases not yet ordered are immediately required. The early attention of the Board to the matter will therefore be greatly appreciated. Yours respectfully,

ROBERT LUDLOW FOWLER, Surrogate.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bedell, Bolles, Boschen, Bosse, Brush, Carberry, Cole, Coleman, Cunningham, Curran, Delaney, Devine, Dixon, Downing, Drescher, Eagan, Eichhorn, Esterbrook, Fink, Folks, Gaynor, Gelbke, Gilmore, Hamilton, Hannon, Herbst, Kenneally, Kenney, Levine, Loos, McCann, McGarry, McGrath, Marks, Martyn, Meagher, Molen, Muhlbauer, Mulligan, Nicoll, Nugent, O'Neil, O'Rourke, Post, Reardon, Shipley, Stapleton, Stevenson, Velten, Walsh, Weil, Weston, White, Willard, Wilmot; President Cromwell, President Miller, by Thomas W. The Committee on Finance, to which was referred on October 15, 1912 (Minutes, page 68), the annexed request from the Commissioner of Water Supply, Gas and Electricity for \$65,000 special revenue bonds to replenish water supply account, Borough of Queens, respectfully

REPORTS:

That the letter of request covers the details of this proposed additional appropriation, and it is supplemented by the statements furnished by the Engineer hereto attached. The Committee believes that additional funds are necessary, but, owing to the almost exhausted condition of the special revenue bond account, it cannot see its way clear at this time to make the entire grant. It believes that \$32,500, one-half of the amount asked for, will suffice for the present at least and it, therefore, recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of thirty-two thousand five hundred dollars (\$32,500), the proceeds whereof to be used by the Commissioner of Water Supply, Gas and Electricity for the purpose of replenishing the Water Supply Account, Borough of Queens.

All obligations contracted for hereunder to be incurred on or before December 31, 1912.

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, New York, October 8, 1912.
Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—In the Department's estimate of 1912 provision was made for \$292,000 to be expended in the purchase of water and rental of hydrants from private companies operating in the Borough of Queens. In considering this item the Board of Estimate and Apportionment concluded that upon completion of certain works which it was believed the Department would undertake early in the year, the surplus supply from the Boroughs of Manhattan and The Bronx could be delivered to Queens, which would have operated in reducing the quantity purchased from the private companies in the latter borough. The Department was quite uncertain at that time as to the carrying out of these plans, as they were contingent upon the acceptance of conditions under which the East River Gas Company was to permit the City to install temporary water mains in the tunnel beneath the East River and Blackwells Island. The contract with the East River Gas Company has not yet been signed owing to delays outside of this Department and hence it is necessary to ask for the additional funds which we originally requested from the Board of Estimate and Apportionment, but which were not granted.

The amount already expended for the purchase of water and for hydrant rentals, up to and including the first eight months of this year, is \$1,002.98 more than was appropriated. Estimating the amount of water to be purchased for the remaining months, approximately \$65,000 will be required.

I attach hereto a summary of the water purchased monthly from two companies in the Borough of Queens, the consumption during the months of February, March, April and May being the basis upon which the Department calculates the amount required for the remainder of the year.

At stated periods the City is obliged to pay each of the private companies now supplying water in the Borough of Queens for the quantity delivered into our

The Committee on Laws and Legislation, to which was referred Introductory No. 2015, on October 22, 1912 (see page 107 of the minutes of that day), respectfully

REPORTS:

That it recommends the adoption of "Section 1" of the proposed ordinance amending section 131 of the Regulations of the Municipal Explosives Commission, which regulations became effective as City ordinances January 3, 1912, as amended by this Committee; that if said amendment is not adopted and effective before the 1st day of November, 1912, it will practically cause the cessation of the blasting and buildings operations in the City of New York, including important work on the aqueduct and the subway and that to permit this section to stand as originally enacted would practically prohibit the use of dynamite (a nitro-glycerine powder) from November 1 to March 15 in every year hereafter.

Regarding Section 2, the Committee has been requested by the Municipal Explosives Commission to return the same to them for further consideration, and recommends that this course be adopted. Respectfully submitted,

distribution mains, and to fulfill the obligations under these contracts I find it necessary to apply to the Board of Aldermen for special revenue bonds in the sum of \$65,000. The importance of the matter should be recognized and early consideration given this application. I, therefore, respectfully ask that this communication be presented at the next meeting of the Board of Aldermen. Yours truly,

HENRY S. THOMPSON, Commissioner.

Municipal Explosives Commission of The City of New York, 157 E. 67th st., October 21, 1912.

To the Honorable the Board of Aldermen of The City of New York, City Hall, New York City:

Gentlemen—We enclose herewith proposed amendments to sections 131 and 141 of the regulations of the Municipal Explosives Commission relative to explosives, which we desire your Honorable Body to adopt. The reasons for these amendments are as follows:

The amendment to section 131 is advisable in order to permit the use of two new high explosives known as "du Pont Gelatin" and "Forcite Special Gelatin," which have as a base nitro-glycerine, that have recently been thoroughly tested by this Commission and approved. They both have much the same properties as dynamite, which is also a glycerine explosive, but without the tendency to freeze at the high temperature of 46 degrees Fahrenheit above zero. These powders have been used in practice at a temperature of 20 degrees Fahrenheit, below zero, without freezing.

While we do not wish to draw a comparison as between these two powders and other non-freezing powders, we do believe that the market should not be closed to any kind of explosives meeting with the approval of this Commission and complying with the terms of this section.

The reason is therefore obvious why the simple elimination of the word "or" from section 131 will be sufficient amendment of this section to obviate this difficulty, and to throw open the field to all so-called non-freezing powders complying with this section.

It would also seem advisable at this time to eliminate from this section the words "provided, that this section shall become and be effective after the 1st day of November, 1912," as being surplusage. This section was originally drafted some 18 months ago and acted as a notice to the public and those interested in the use of explosives that on and after a certain date the provisions would become effective, and the date specified having arrived, it would seem useless to retain these words.

In regard to the amendment to section 141, this represents the conclusions arrived at by the Commission after an exhaustive investigation of the subject, during which expert testimony was largely drawn upon, and an electrically driven wagon for explosives actually constructed. Approved specifications for such wagons have now been prepared, which place the transportation of high explosives in this city in harmony with official action on the subject in England and Germany. Adopting this method of delivering explosives within the City would result in the withdrawal of 5 of the present horse-drawn vehicles used for that purpose, thus appreciably reducing the danger of premature explosions in our streets. The advantage of such a wagon over the old type of horse-drawn wagon is that the construction is much heavier, and it is always under the control of the driver, thus obviating the danger of a runaway.

The Commission respectfully calls the attention of the Board of Aldermen to the great necessity of having these two amendments go into effect before the 1st day of November next. If any further information is desired by your Honorable Body this Commission will be pleased to wait upon it upon notice thereof.

Very respectfully, MUNICIPAL EXPLOSIVES COMMISSION, by Russell W. Moon, Commissioner.

AN ORDINANCE to amend the regulations of the Municipal Explosives Commission, the same being a chapter of the Code of Ordinances, relating to the manufacture, transportation, storage and sales of explosives within The City of New York.

Be It Ordained by the Board of Aldermen of The City of New York as follows: Section 1. Section 131 of the regulations of the Municipal Explosives Commission is hereby amended to read as follows:

Sec. 131. It shall be unlawful for any person to transport, store or use within The City of New York, between the 1st day of November and the 15th

day of March any explosive containing nitroglycerine (or) which will freeze or deteriorate at a temperature higher than 10 degrees above zero, Fahrenheit (provided, that this section shall become and be effective after the 1st day of November, 1912.)

Section 2. Section 141 of the regulations of the Municipal Explosives Commission is hereby amended to read as follows:

Sec. 141. It shall be unlawful for any person to carry or transport explosives through the streets, avenues or highways of The City of New York except in a wagon, for which a permit shall have been issued by the Fire Commissioner. THE TERM WAGON AS USED IN THIS ARTICLE SHALL INCLUDE AN ELECTRICALLY OR GASOLENE PROPELLED VEHICLE WHEN CONSTRUCTED ACCORDING TO SPECIFICATIONS APPROVED BY THE MUNICIPAL EXPLOSIVES COMMISSION.

Section 3. This ordinance shall take effect immediately.

Explanation: Matter in Capitals is new; matters in parentheses () is to be omitted.

Which was laid over.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walls, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the premises shall be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a

certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-ends, etc., braced up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the material set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement, to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
