The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Dry Goods, Groceries, Tin, etc.," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the head of said Department and read.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest, and to accept any bid or estimate as a whole, or for any one or more articles included therein. No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids. Delivery will be required to be made from time to time, at such times and in such quantities as may be directed by the said Department; but the entire quantity will be required to be delivered on or before thirty (30) days after the date of the contract.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect, that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons sign-

ing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept to contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be re-advertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same respectively, at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued on the completion of the contract, or from time to time as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest, and to accept any bid or estimate as a whole, or for any one or more articles included therein. No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.

JURORS.

NOTICE IN RELATION TO JURORS FOR STATE COURTS

OFFICE OF THE COMMISSIONER OF JURORS,  
NEW COUNTY COURT-HOUSE,  
NEW YORK, July 1, 1880.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, received from those who, for business or other reasons, are unable to serve at the time selected, pay the expenses of this office, and if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

The above materials are to be furnished in accordance with specifications, and are to be delivered as called for by orders from the Engineer-in-Chief.

The small cobble and rip-rap stone for the Bulkhead or River Wall is to be delivered and properly deposited around and between the piles, and in front and rear of the work, at such points on the North river, south of Thirty-fourth street, as may be designated by the Engineer. The small cobble only is to be placed between the piles, and the rip-rap is to be placed in front and rear of the foundation, and is to be properly mixed with small cobble.

The broken stone and sand are to be unloaded and delivered by the Contractor upon the scows of the Department, or upon piers or bulkheads, at such point or points along the North river water-front, south of Thirty-fourth street, as shall be designated, from time to time, by the Engineer.

The spruce and white oak timber are to be delivered upon piers or bulkheads, or in rafts in the water, at such points along the North river water-front, south of Thirty-fourth street, as shall be designated, from time to time, by the Engineer, but it is expected that about one-fifth of the whole quantity of the spruce and white oak will be ordered to be delivered at or near the foot of Laight street, North river, and about four-fifths at or near the foot of West Twenty-fifth street, North river.

The wrought-iron spikes and the rope will be delivered at the Department Store-house, near the foot of Bloomfield street, North river, in such quantities and at such times as shall be ordered by the Engineer.

All materials in Classes 1, 2, and 3, will be measured in bulk, on board the vessels of the Contractor, at the place of delivery.

All the spruce and white oak timber will be measured at the time and place of delivery.

All the wrought-iron spikes and rope will be weighed at the Department Store-house, near the foot of Bloomfield street, North river, at the time of delivery.

N. B.—As the above mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1st. Bidders must satisfy themselves as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of their estimate, dispute or complain of such Engineer's estimate or statement, nor assert that there was any misunderstanding in regard to the nature or amount of the materials to be furnished.

2d. Bidders will be required to complete the contract to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor per cubic yard, per 1,000 feet board measure, or per pound, to be specified by the lowest bidder, shall be due or payable for the entire work.

The bidder to whom an award is made shall give security for the faithful performance of his contract, in the manner prescribed and required by ordinance, in the sum of seven thousand dollars for Class 1, in the sum of fifteen hundred dollars for Class 2, in the sum of three hundred dollars for Class 3, in the sum of eight hundred dollars for Class 4, in the sum of three hundred dollars for Class 5, and in the sum of two hundred dollars for Class 6, and, in case the contract for more than one of the above named classes is awarded to him, in the sum of the aggregate amount required for the several classes awarded to him.

The contractor is to be prepared to commence the delivery of the materials to be delivered under this contract, as follows:

For the small cobble, rip-rap and broken stone, sand, wrought-iron spikes, and rope, on the 1st day of April, 1881.

For the spruce and white oak timber, on the 1st day of May, 1881.

The spruce and white oak timber, wrought-iron spikes, and rope, are to be wholly delivered and the contract or contracts therefor fully completed, on or before the 15th day of June, 1881, and the small cobble, rip-rap and broken stone and sand are to be wholly delivered and the contract or contracts therefor fully completed, on or before the 30th day of June, 1881.

The damages to be paid by the contractor for each day that the contract or any part thereof may be unfulfilled after the time fixed for the fulfillment thereof has expired, and for each day that the delivery of any part of the materials to be delivered under the contract has been delayed, through neglect to furnish the same within ten days after the delivery of the order therefor from the Engineer, Sundays and holidays not to be excepted, are, in all cases, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates the price per cubic yard, per 1,000 feet board measure, or per pound, as the case may be, for either or all of the above six classes of materials respectively, by which the bids will be tested. The price is to cover the expenses of freight, loading and unloading, towing, cartage, tools, run-ways, and all other expenses of furnishing all the necessary materials and labor, and the performance of all the work set forth in the approved form of contract and the specifications therein contained, including any claim that may arise through delay, from any cause, in the receiving of the material by the Department of Docks.

Bidders will distinctly write out in their bids, both in figures and in words, the amount of their estimates for furnishing this material.

Should the lowest bidder or bidders neglect or refuse to accept to contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid or estimate, or if, after acceptance, he or they should refuse or neglect to execute the contract and give the proper security for forty-eight (48) hours after notice that the contract is ready for execution, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and re-let, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if a contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation any difference between the sum to which said person or persons would be entitled on its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the material by which the bids are tested; the consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the materials to be furnished, can be obtained upon application therefor at the office of the Department.

WEDNESDAY, MARCH 9, 1881.

at which time and place the bids will be publicly opened by the head of said Department and read. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Twenty-five Hundred Dollars.

The cement required under the contract must be "Portland" cement, fully up to the standard of the best brands imported, and average at least 400 pounds gross weight to the barrel.

The quantity to be delivered under the contract is 4,000 barrels, and the delivery is to be made in such a manner as shall be necessary to furnish at least 500 barrels on or before the 10th day of April, 1881, and at least 500 barrels within every ten days thereafter, until the whole quantity shall have been delivered. The contract is to be fully completed and to terminate on the 1st day of July, 1881.

The damages to be paid by the Contractor for each day that the contract, or any part thereof, may be unfulfilled, after the respective times specified for the fulfillment thereof may have expired, Sundays and holidays not to be excepted, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

The empty barrels will be relinquished to the Con-

tractor, as provided for in the specifications, and bidders must estimate the value of the empty barrels, when considering the price for which they will furnish the Cement under the contract.

Bidders will state in their estimates the price for each barrel of Cement to be furnished in conformity with the annexed specifications. By this price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the delivery, including any claim that may arise through delay, from any cause, in the receiving of the material by the Department.

Bidders will distinctly write out, both in figures and in words, the amount of their estimates for furnishing this material.

Should the lowest bidder or bidders neglect or refuse to accept to contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid or estimate, or if, after acceptance, he or they should refuse or neglect to execute the contract and give the proper security for forty-eight (48) hours after notice that the contract is ready for execution, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and re-let, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state that fact; also that the estimate is made without any connection with any other person making an estimate for the same purpose, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if a contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation any difference between the sum to which said person or persons would be entitled on its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested; the consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation.

The form of the agreement, including specifications, and showing the manner of payment for the material, is annexed.

At any time after the passage of this act, and before the first day of October, eighteen hundred and eighty, any person may pay to the Comptroller of the City of New York the amount of any tax upon real property belonging to such person, heretofore laid or imposed and now remaining unpaid, together with interest thereon at the rate of seven per centum per annum, to be calculated from the time that such tax was imposed to the time of such payment, provided, also, that the time when such payment may be made on the amount of any such tax laid or imposed in the years eighteen hundred and seventy-seven, eighteen hundred and seventy-eight, and eighteen hundred and seventy-nine shall extend to the first day of April, eighteen hundred and eighty-one. Sec. 2. Any revenue bond heretofore issued in anticipation of the taxes in the first section specified which may fall due and become payable before said taxes are collected, may be reissued by the comptroller of said city, in whole or in part, for such period as he may determine, not exceeding one year.

At a meeting of the Board of Docks, held February 9, 1881.

Present—The full Board.

On motion Commissioner Dimock took the chair.

The minutes of the meeting held the 2d instant were read and approved.

The following communications were received, read, and,

On motion, laid on the table to await action, as stated, to wit:

From Department of Public Charities and Corrections—To have repairs made to the Coal Dock at Randall's Island, East river. Commissioners to visit the premises.

From Engineer-in-Chief—Report as to cost of making repairs to Coal Dock at Randall's Island, East river.

The following communications were received, read, and,

On motion, placed on file, action being taken where necessary, as stated, to wit:

From A. M. Pontz & Co.—In reference to the dumping of dirt, mixed with snow and ice, into the river at West Eleventh street; and

From Board of Commissioners of Pilots—In reference to refuse, mixed with snow and ice, dumped into the East river, at the foot of Market and Wall streets. Secretary directed to forward copies of said communications to the Police Department, and to state that in consequence of such practice the depth of water in the slips on the water front is materially lessened, and great expense is subsequently incurred by dredging, in order to secure a sufficient depth of water for the vessels berthed therein, and that in the present complaints the charge is distinctly made that the dumping of said refuse, etc., is principally done by the Street Cleaning Bureau of the Police Department, which is in violation of law, and that this Department desires to enter its protest against the practice complained of, and presumes that the knowledge of the facts as stated will cause such action to be taken by the Police Department as will prevent a recurrence of such illegal dumping in the future.

From Engineer-in-Chief—Report as to works performed during the week ending February 5, 1881.

From Department of Public Works—Requesting that it be furnished with the number of cubic feet of gas consumed in the offices of the Dock Department during the year 1880. Secretary directed to forward a statement as desired.

From John J. Moran—Applying for position as Roundsman in the Department of Docks.

The Auditing Committee presented an audit of thirty audited bills or claims, amounting to the sum of \$6,580.83, and being read, was,

On motion, accepted and adopted, and the Secretary directed to forward the said bills, together with proper requisitions for the amount, to the Finance Department for payment.

The Committee of the full Board, appointed on January 5th last, to consider the proposition of John E. Walsh to construct a section of the bulkhead wall by means of his coffer dam, recommended that said proposition cannot be accepted, as, in their judgment, whenever this Department ceases to construct the bulkhead wall itself, a contract should be regularly advertised and let to the lowest bidder.

On motion, the report of the committee was accepted and adopted.

A communication was received from the Engineer-in-Chief, as to change of lines of Pier, new 25, North river, and, being read,

On motion, the following preamble and resolution was adopted:

Whereas, This Board deem it advisable to make, and have decided upon an alteration and change in the dimensions and location of the proposed new Pier 25, North river, from the lines therefor as laid down upon the plans adopted by the Department April 13, 1871; therefore,

Resolved, That the Commissioners of the Sinking Fund be and hereby are respectfully requested, in pursuance of the provisions of chapter 738, Laws of 1872, to consent to and approve of the width, length, and location of the said proposed Pier, new 25, North river, being so altered and changed from the lines therefor, as laid down on the plans adopted by this Department and approved by the said Commissioners of the Sinking Fund on April 27, 1871, as to establish the northerly line of said pier 54 feet northwardly of the northerly line theretofore, as now established, on the established bulkhead line, and on the established exterior pier line 66 feet northwardly of the point now established therefor; and to make the width of said Pier, new 25, 75 feet, instead of 80 feet; and its length 558 feet, instead of 560 feet; the said northerly line hereby adopted, on the established bulkhead line, being 156 feet 8 inches southwardly of the southerly line established for Pier, new 26, North river, by the said Commissioners of the Sinking Fund, on June 3, 1879.

On motion, the Board adjourned.

EUGENE T. LYNCH, Secretary.

To be covered with Russia iron, properly banded with brass bands, nickel-plated. To have safety-valves made of composition, nickel-plated, and to be surmounted with domes of brass, bottom mouldings nickel-plated. They are to be hung on half elliptic springs, similar to those on engines numbers 7 and 33 of this Department, and are to be in all respects, as to form and construction, exactly similar to the boilers now on those engines, being M. R. Clapp's Circulating Tubular Boiler, patent of 1878.

Also, to have a fresh-water tank to connect with feed-pumps, with suitable fresh-water connections.

The hydrant connection of each engine is to have two (2) female couplings, one 4 1/2 inches diameter, and one 2 1/2 inches diameter, and to have same thread as suction on large coupling, and regulation thread on the 2 1/2-inch.

The engines are to be drawn by horses, and are to be fitted up with poles and whiffletrees, with suitable seats, for drivers, on forward parts, and fitted with cushions and whip-sockets.

The wheels are to be made of selected timber, prepared in the best manner, and are to be painted with English vermilion and striped with gold leaf; the tires to be 2 1/2 inches wide.

The coal-bunkers are to be made of strong iron, and to have a step and are to be painted same as the wheels.

The axles, frames, braces, etc., are to be of Bessemer steel.

The safety-valves, throttle-valves, feed-pumps, eccentric-straps, connecting-rod bearings and pipe-holders are to be of composition.

All parts of the engines are to be painted with English vermilion and striped with gold leaf, except air-chambers, boilers, domes, steam-cylinders, bed-plates, and working parts of machinery.

One automatic controlling valve.

The first engine is to be delivered at the Repair Shops of the Fire Department within sixty days after the execution of the contract, and one in each month thereafter, in complete working order, with a guarantee that the material and workmanship are of the best character, and to replace, at the expense of the contractor, such parts, if any, as may fail, if such failure is properly attributable to defective material or inferior workmanship. Said engines shall have a full and complete trial of their working powers at New York, under the superintendence of a competent engineer.

No proposals will be received after the hour named, or

considered if not made in strict compliance with the terms of this advertisement.

—or any part thereof, will be received at the office of the Department of Public Charities and Correction, in the City of New York, until 9:30 o'clock A. M., of Friday, the 18th day of March, 1881. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Dry Goods, Groceries, Tin, etc.," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the head of said Department and read.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest, and to accept any bid or estimate as a whole, or for any one or more articles included therein. No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, at such times and in such quantities as may be directed by the said Department; but the entire quantity will be required to be delivered on or before thirty (30) days after the date of the contract.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect, that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any

difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept to contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same respectively, at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued on the completion of the contract, or from time to time as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest, and to accept any bid or estimate as a whole, or for any one or more articles included therein. No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.

**JURORS.**

**NOTICE IN RELATION TO JURORS FOR STATE COURTS**

OFFICE OF THE COMMISSIONER OF JURORS,  
NEW COUNTY COURT-HOUSE,  
NEW YORK, July 1, 1880.

**APPLICATIONS FOR EXEMPTIONS WILL BE** heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, received from those who, for business or other reasons, are unable to serve at the time selected, pay the expenses of this office, and if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

Estimates may be made for one or more of the above six classes.

The above materials are to be furnished in accordance with specifications, and are to be delivered as called for by orders from the Engineer-in-Chief.

The small cobble and rip-rap stone for the Bulkhead or River Wall is to be delivered and properly deposited around and between the piles, and in front and rear of the work, at such points on the North river, south of Thirty-fourth street, as may be designated by the Engineer. The small cobble only is to be placed between the piles, and the rip-rap is to be placed in front and rear of the foundation, and is to be properly mixed with small cobble.

The broken stone and sand are to be unloaded and delivered by the Contractor upon the piers of the Department, or upon piers or bulkheads, at such point or points along the North river water-front, south of Thirty-fourth street, as shall be designated, from time to time, by the Engineer.

The spruce and white oak timber are to be delivered upon piers or bulkheads, or in rafts in the water, at such points along the North river water-front, south of Thirty-fourth street, as shall be designated, from time to time, by the Engineer, but it is expected that about one-fifth of the whole quantity of the spruce and white oak will be ordered to be delivered at or near the foot of Light street, North river, and about four-fifths at or near the foot of West Twenty-fifth street, North river.

The wrought-iron spikes and the rope will be delivered at the Department Store-house, near the foot of Bloomfield street, North river, in such quantities and at such times as shall be ordered by the Engineer.

All materials in Classes 1, 2, and 3, will be measured in bulk, on board the vessels of the Contractor, at the place of delivery.

All the spruce and white oak timber will be measured at the time and place of delivery.

All the wrought-iron spikes and rope will be weighed at the Department Store-house, near the foot of Bloomfield street, North river, at the time of delivery.

N. B.—As the above mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1st. Bidders must satisfy themselves as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of their estimate, dispute or complain of such Engineer's estimate or statement, nor assert that there was any misunderstanding in regard to the nature or amount of the materials to be furnished.

2d. Bidders will be required to complete the contract to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor per cubic yard, per 1,000 feet board measure, or per pound, to be specified by the lowest bidder, shall be due or payable for the entire work.

The bidder to whom an award is made shall give security for the faithful performance of his contract, in the manner prescribed and required by ordinance, in the sum of Seven thousand dollars for Class 1, in the sum of Three hundred dollars for Class 2, in the sum of Three hundred dollars for Class 3, in the sum of Eight hundred dollars for Class 4, in the sum of Three hundred dollars for Class 5, and in the sum of Two hundred dollars for Class 6, and in case the contract for more than one of the above named classes is awarded to him, in the sum of the aggregate amount required for the several classes awarded to him.

The contractor is to be prepared to commence the delivery of the materials to be delivered under this contract, as follows:

For the small cobble, rip-rap and broken stone, sand, wrought-iron spikes, and rope, on the 1st day of April, 1881.

For the spruce and white oak timber, on the 1st day of May, 1881.

The spruce and white oak timber, wrought-iron spikes, and rope, are to be wholly delivered and the contract or contracts therefor fully completed, on or before the 15th day of June, 1881, and the small cobble, rip-rap and broken stone and sand are to be wholly delivered and the contract or contracts therefor fully completed, on or before the 30th day of June, 1881.

The damages to be paid by the contractor for each day that the contract or any part thereof may be unfulfilled after the time fixed for the fulfillment thereof has expired, and for each day that the delivery of any part of the materials to be delivered under the contract has been delayed, through neglect to furnish the same within ten days after the delivery of the order therefor from the Engineer, Sundays and holidays not to be excepted, are, in all cases, by a clause in the contract, fixed and liquidated at Fifty dollars per day.

Bidders will state in their estimates the price per cubic yard, per 1,000 feet board measure, or per pound, as the case may be, for either or all of the above six classes of materials respectively, by which the bids will be tested. The price is to cover the expenses of freight, loading and unloading, towing, cartage, tools, run-ways, and all other expenses of furnishing all the necessary materials and labor, and the performance of all the work set forth in the approved form of contract and the specifications therein contained, including any claim that may arise through delay, from any cause, in the receiving of the material by the Department of Docks.

Bidders will distinctly write out in their bids, both in figures and in words, the amount of their estimates for furnishing this material.

Should the lowest bidder or bidders neglect or refuse to accept to contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid or estimate, or if, after acceptance, he or they should refuse or neglect to execute the contract and give the proper security for forty-eight (48) hours after notice that the contract is ready for execution, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and re-let, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if a contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation any difference between the sum to which said person or persons would be entitled on its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the material by which the bids are tested; the consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the materials to be furnished, can be obtained upon application therefor at the office of the Department.

ESTIMATES FOR FURNISHING THIS MATERIAL will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, Nos. 117 and 119 Duane street, in the City of New York, until 12 o'clock M. of

WEDNESDAY, MARCH 9, 1881.

at which time and place the bids will be publicly opened by the head of said Department and read. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Twenty-five Hundred Dollars.

The cement required under the contract must be "Portland" cement, fully up to the standard of the best brands imported, and average at least 400 pounds gross weight to the barrel.

The quantity to be delivered under the contract is 4,000 barrels, and the delivery is to be made in such a manner as shall be necessary to furnish at least 500 barrels on or before the 10th day of April, 1881, and at least 500 barrels within every ten days thereafter, until the whole quantity shall have been delivered. The contract is to be fully completed and to terminate on the 1st day of July, 1881.

The damages to be paid by the Contractor for each day that the contract, or any part thereof, may be unfulfilled after the respective times specified for the fulfillment thereof may have expired, Sundays and holidays not to be excepted, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

The empty barrels will be relinquished to the Contractor, as provided for in the specifications, and bidders must estimate the value of the empty barrels, when considering the price for which they will furnish the Cement under the contract.

Bidders will state in their estimates the price for each barrel of Cement to be furnished in conformity with the annexed specifications. By this price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the delivery, including any claim that may arise through delay, from any cause, in the receiving of the material by the Department.

Bidders will distinctly write out, both in figures and in words, the amount of their estimates for furnishing this material.

Should the lowest bidder or bidders neglect or refuse to accept to contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid or estimate, or if, after acceptance, he or they should refuse or neglect to execute the contract and give the proper security for forty-eight (48) hours after notice that the contract is ready for execution, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and re-let, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if a contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation any difference between the sum to which said person or persons would be entitled on its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the material by which the bids are tested; the consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.
