MESSAGES FROM THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

No. 1387.

City of New York—Office of The Mayor, }
January 17, 1905. }

To the City Clerk, City of New York:

Sir—The Mayor directs me to transmit, for consideration by the Board of Aldermen, the inclosed communication received from Mr. John J. Moore, No. 66 Broadway, and dated the 14th inst., relative to the matter of public lighting.

Respectfully,

THOS. HASSETT, Assistant Secretary.

To the Honorable the Mayor, the Board of Aldermen and Board of Estimate and Apportionment of The City of New York:

The undersigned hereby respectfully petitions you for permission to construct, maintain and operate buildings, boilers, engines, machinery and apparatus for producing light, heat and power, and for permission and the right to construct, erect, maintain and operate apparatus, conduits, conductors, poles, fixtures and appliances necessary and appertaining to and for the distribution and sale of light, heat and power in, on, under and over all the streets, avenues, parks, docks and public places, and between same, in The City of New York, said rights to be subject to all existing ordinances and rules for regulating and governing the maintenance and operation of business of this nature. The rights hereinbefore asked for to be granted for two successive terms of twenty-five years each, and at the expiration of said terms the entire plant involved is to become the property of The City of New York at a fair valuation, and all to be subject to and for consideration of the following conditions: That I, my successors, heirs or assigns, or whoever may exercise the rights granted, shall furnish to The City of New York for lighting the streets, avenues, parks, docks and public places arc lights of power equal to the lights now in use for said purpose at a price not to exceed one hundred and fifteen dollars per light per year, and shall furnish light and power for all the public buildings owned by The City of New York in use for the City's business at a rate not to exceed seventy-five per centum (75%) of the prices now charged for said service, and that all plant necessary to perform said service shall be first class of its kind and construction, and service shall be made with all reasonable dispatch usual in operations of this kind.

Respectfully,

JOHN J. MOORE,

Which was referred to the Committee on Water Supply, Gas and Electricity.

PETITIONS AND COMMUNICATIONS.

No. 1388.

In the Matter

of

The petition of "Holy Cross Cemetery," in the Twenty-ninth Ward of the Borough of Brooklyn, New York City, for leave and consent of the Board of Aldermen of The City of New York, to extend the said "Holy Cross Cemetery" by adding to the present Cemetery the property on the north and east, comprising about 34 acres, more particularly described in the notice bearing on this proceeding, dated November 28, 1904.

To the Board of Aldermen of The City of New York:

Gentlemen—The undersigned property-owners and taxpayers, owning property in the immediate vicinity of the proposed extension, request you to refuse your consent to the extension of "Holy Cross Cemetery," situated in the Borough of Brooklyn, City of New York, for the following reasons:

I. The establishment and extension of cemeteries in The City of New York should not be allowed.

II. The establishment and extension of cemeteries in the City will result in great financial loss and damages to the persons owning property in the vicinity of such cemeteries, and to the City in loss of taxes.

III. The existence of cemeteries in a thickly populated city jeopardizes and injures the health of the citizens in many ways.

IV. All laws authorizing the establishment and extension of cemeteries without providing for the payment of damages sustained by surrounding property-owners are unconstitutional and void.

V. Under no circumstances should such permission be given, until after the passage of an act providing for the payment of damages sustained by the surrounding property-holders, which procedure was initiated in the matter of the Flatbush Hospital.

Dated January 19, 1905.

MICHAEL MACDONALD, U. S. S. "Maine."
F. M. BLANKEY, No. 775 Union Street.

No. 1389.

Brooklyn, N. Y., January 14, 1905.

To the Board of Aldermen of The City of New York:

Gentlemen—As I live and own property within a little over 100 feet of the proposed extension of "Holy Cross Cemetery," I feel that I have a right to strongly object to the extension of said cemetery for the following reasons:

First—My family and I enjoy our home as it is at present, but we object to having even a well kept cemetery so near us. It would be very unpleasant to be compelled to observe a funeral company and hear the moans and wails of the bereaved nearly every day, or in other words, to be almost constantly in the company of mourners and of the dead. We prefer the company of the living to the company of the dead.

Second—Some portions of "Holy Cross Cemetery" are not kept in good condition, and it is therefore a serious menace to health. Crosses and other markers are in a falling condition, heaps of rubbish are left lying about, and portions of decayed coffins, together with human bones, are reported to have been found at different intervals. Any cemetery is bad enough as far as appearances and health are concerned, but these conditions in close proximity would certainly contaminate both body and mind, especially of a child.

Third—It would cause my property and the property of others to depreciate in value. The first two objections might, to a certain extent, be overcome by selling out and finding a more desirable place, were it not for the fact that property could not be sold for anything like its present value; and that is a very serious objection to a person who is still working and saving to complete the payment for his home.

Fourth—The extension of the cemetery would eventually result in the loss of thousands of dollars annually to the City in taxes. The thirty-four acres would make in the neighborhood of 600 building lots. After buildings are on these lots the average tax would not be less than \$25 per lot, making a total of not less than \$15,000 annually lost to the City in taxes on the proposed extension itself, besides the loss by the depreciation in the value of property near the extension.

I, therefore, ask you not to grant your permission for the extension of "Holy Cross Cemetery," because of the loss of comfort, the financial loss of property and the bad influence on the health of bodies and minds of near-by property-owners, and because of the loss of taxes to the City itself.

Respectfully yours,

JAMES BRISBANE,

East Forty-eighth street, near Grant street.

The Brooklyn League,
Temple Bar, No. 44 Court Street,
Brooklyn, N. Y., January 19, 1905.

Hon. CHARLES V. FORNES, President Board of Aldermen, City Hall, Manhattan:
Dear Sir—I beg to submit the following resolution adopted by the Brooklyn League, January 18, 1905:

Resolved, That the Brooklyn League favors and respectfully urges the granting of a license, which shall, however, be revocable by the City at any time, for laying track on Tillary street in the Borough of Brooklyn, connecting the tracks on Fulton street and Washington street; that this connection is greatly needed in the public interest, and will tend to relieve congestion and delay caused by the present system of running the Court street bridge cars around by way of Atlantic avenue, Boerum place and Fulton street to reach Washington street.

Resolved, further, That a copy of this resolution be forwarded to the Board of Aldermen.

Yours respectfully,
JOHN B. CREIGHTON, Secretary.

No. 1391.

Broadway Board of Trade,
Hart's Hall, No. 1028 Gates Avenue,
Borough of Brooklyn, New York City,
Brooklyn, New York, January 19, 1905.

The Honorable Board of Aldermen, Borough Hall, Manhattan, New York:

Gentlemen—I beg to submit herewith resolutions unanimously adopted by the Broadway Board of Trade at their regular January meeting.

We most sincerely hope that your Honorable Board will give the matter careful investigation and consideration. You can readily realize the danger of these posts when you know that the motormen's and conductors' orders are not to pass between the given points until the passengers standing on the running board of an open trolley car get inside of the car. This cannot always be done, as the cars are so crowded at times it is utterly impossible to enforce the rule. They take a chance, and it is then that the accidents happen, not to those who live in the neighborhood, for they know too well the danger of these posts, but to strangers who are entirely unconscious of the danger.

By passing the ordinance introduced by Alderman Frank Bennett you will save hundreds of people from unnecessary injury, and obviate the danger which now threatens everyone riding on the trolley cars between the given points.

I have the honor of being,

Yours most respectfully,
GEORGE M. TREIBER, Secretary.

Whereas, The pillars, supporting the elevated structure on Broadway, between Stone and Alabama avenues, situated in the Twenty-eighth Ward, Borough of Brooklyn, are in such close proximity to the trolley cars running under the structure as to make it extremely dangerous, and a menace to the lives and limbs of passengers and conductors who are obliged to stand on the steps or running board of the trolley cars while passing between the given points; and

Whereas, As these pillars have already injured and maimed a score of people each year, some of them permanently, therefore be it

Resolved, That we, the Broadway Board of Trade, do most earnestly entreat the Board of Aldermen to give the ordinance, introduced by Alderman Frank Bennett, requiring the Brooklyn Rapid Transit Company to relocate the pillars of the elevated structure on Broadway, between Stone and Alabama avenues, their full and unbiased support.

Respectfully submitted,
GEORGE C. MILLER, Chairman of Street Committee.

Board of Aldermen, City Hall, Borough of Manhattan:

Gentlemen—At our last meeting, held Wednesday, January 18, a resolution was passed of which I enclose a copy, and hope your Board will act favorably on same.

Kindly inform me what action you will take.

Thanking you in advance, I remain,

Yours, truly,

J. A. ESTRUP,

Secretary Twenty-eighth Ward Taxpayers' Protective Association.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the Police Commissioner:

No. 1393.

Police Department, City of New York,
No. 300 Mulberry Street,
New York, January 18, 1905.

The Honorable Board of Aldermen:

Gentlemen—The following proceedings were this day directed by Police Commissioner William McAdoo:

Whereas, Pursuant to advertisement, the following proposals were received by the Police Commissioner for furnishing all the labor and materials necessary in furnishing and installing new boilers, propeller shafts, steering gear, etc., and general repairs to the steamboat "Patrol":

Morse Dry Dock and Repair Company.....	\$22,416 24
Burlee Dry Dock Company.....	17,790 00
John E. Consalus.....	24,725 00
The James Reilly Repair and Supply Company.....	17,995 00
Columbia Engineering Works.....	19,700 00
John W. Sullivan.....	15,900 00
John F. Walsh, Jr.....	17,780 00
Motley, Green & Co.....	17,500 00
Alexander Miller & Bro.....	18,490 00

And, Whereas, The appropriation made to the Police Department for the year 1905 is insufficient to enable the Police Commissioner to award the contract to the lowest bidder, for the sum of \$15,900, and to make further repairs, if required, during the year 1905 to the said steamboat "Patrol":

Ordered, That the Board of Aldermen be and are hereby respectfully requested to authorize the Comptroller to issue Special Revenue Bonds in the amount of \$20,000 to provide for payment for furnishing all the labor and materials necessary in furnishing and installing new boilers, propeller shafts, steering gear, etc., and general repairs to the steamboat "Patrol";

Ordered, That whenever the Board of Aldermen have authorized the issue of Special Revenue Bonds to the amount of \$20,000 to provide for payment for furnish-

ing all the labor and materials necessary in furnishing and installing new boilers, propeller shafts, steering gear, etc., and general repairs to the steamboat "Patrol," the Board of Estimate and Apportionment be and are hereby respectfully requested to authorize the Comptroller to issue Special Revenue Bonds for such purpose.

Very respectfully,

WM. H. KIPP, Chief Clerk.

The President laid before the Board the following communication from the Department of Health:

No. 1394.
Department of Health, City of New York,
Southwest Corner Fifty-fifth Street and Sixth Avenue,
Borough of Manhattan,
New York, January 20, 1905.

At a meeting of the Board of Health of the Department of Health, held January 18, 1905, the following resolution was adopted:

Resolved, That, owing to the immediate necessity of obtaining furniture and fixtures necessary for furnishing the recently completed Nurses' Home and the Scarlet Fever Pavilion at the Kingston Avenue Hospital, in the Borough of Brooklyn, and the difficulty of obtaining such furniture and fixtures from the New York State Commission of Prisons, the Board of Aldermen be and is hereby respectfully requested to authorize the Board of Health, pursuant to the provisions of section 419 of chapter 466 of the Laws of 1901, to contract for and purchase at the lowest price obtainable in the open market, without public letting, at an amount not exceeding \$8,500, such furniture and fixtures as are necessary or required to be used in completely furnishing the Nurses' Home and the Scarlet Fever Pavilion belonging to the Department of Health, at the Kingston Avenue Hospital, in the Borough of Brooklyn.

A true copy.

EUGENE W. SCHEFFER, Secretary.

Department of Health, City of New York,
Southwest Corner Fifty-fifth Street and Sixth Avenue,
Borough of Manhattan,
New York, January 20, 1905.

Hon. P. J. SCULLY, City Clerk, New York City:

Dear Sir—Inclosed herewith you will find a copy of a resolution adopted by the Board of Health at its meeting held January 18, 1905, requesting the Board of Aldermen to authorize the Board of Health, pursuant to the provisions of section 419 of chapter 466 of the Laws of 1901, to contract for and purchase at the lowest price obtainable in the open market, without public letting, at an amount not exceeding \$8,500, such furniture and fixtures as are necessary or required to be used in completely furnishing the Nurses' Home and the Scarlet Fever Pavilion belonging to the Department of Health, at the Kingston Avenue Hospital in the Borough of Brooklyn.

The Department has great difficulty in obtaining such furniture and fixtures from the New York State Commission of Prisons, and as there is immediate necessity for obtaining same for the purpose of furnishing the Nurses' Home and the Scarlet Fever Pavilion, which have recently been completed, you are respectfully requested to submit the matter to the Board of Aldermen for consideration at the earliest possible moment.

Respectfully,

EUGENE W. SCHEFFER, Secretary.

The President laid before the Board the following communication from the Board of Estimate and Apportionment transmitting resolution:

No. 1395.

Board of Estimate and Apportionment—The City of New York,
New York, January 23, 1905.

To the Honorable the Board of Aldermen of The City of New York:

Sirs—In accordance with the action taken by this Board on the 20th inst., I inclose herewith, for the action of your Honorable Body, a form of resolution determining to make application, on behalf of The City of New York, to the State Board of Railroad Commissioners to abolish the present grade crossings over the tracks of the Long Island Railroad Company at Fresh Pond road and Metropolitan avenue, in the Borough of Queens.

The abolishment of these grade crossings was recommended by the Local Board of the Newtown District, Borough of Queens, by resolution adopted March 16, 1904 (copy of which is also inclosed), and on April 22, 1904, this Board adopted a resolution to that effect, of which I inclose certified copy. Under the terms of the "Railroad Law," however, it is necessary for the petition to be made by the Mayor and the Board of Aldermen.

Respectfully,

JOHN H. MOONEY, Assistant Secretary.

Whereas, The Board of Estimate and Apportionment of The City of New York, on the 22d day of April, 1904, adopted a resolution to make application to the State Board of Railroad Commissioners for the abolition of the grade crossings over the tracks of the Long Island Railroad Company at Metropolitan avenue and Fresh Pond road, in the Borough of Queens;

Resolved, by the Board of Aldermen of The City of New York, That the Mayor and the Board of Aldermen make application to the said State Board of Railroad Commissioners, on behalf of The City of New York, to have the said grade crossings abolished by depressing the tracks of the railroad company, and raising the street grades; and that the City Clerk be and he hereby is authorized to sign the necessary petition for the Board of Aldermen, and affix thereto the seal of the City; and be it further

Resolved, That the Corporation Counsel be requested to represent the City before the State Board of Railroad Commissioners.

In the Local Board of the Newtown District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Queens; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Newtown District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To abolish the present grade crossing at the intersection of Metropolitan avenue and Fresh Pond road with the Southern Division of the Long Island Railroad, in the Second Ward of the Borough of Queens.

And it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Newtown District on the 16th day of March, 1904.

Alderman Koch and Alderman McCarthy and Joseph Cassidy, President of the Borough of Queens, voting in favor thereof.

Attest:

Geo. S. Jervis, Secretary.

Approved this 16th day of March, 1904.

JOSEPH CASSIDY,
President of the Borough of Queens.

Whereas, It appears that the present crossings of the Long Island Railroad at Metropolitan avenue and Fresh Pond road, in the Borough of Queens, which are at grade, are extremely dangerous.

Resolved, That application be made to the State Board of Railroad Commissioners to have the said grade crossings abolished by depressing the tracks of the railroad company and raising the street grades.

Resolved, That the Corporation Counsel be requested to represent the City before the State Board of Railroad Commissioners.

I hereby certify that the foregoing is a true copy of a resolution adopted by the Board of Estimate and Apportionment at the meeting of said Board, held on the 22d day of April, 1904.

J. H. MOONEY, Assistant Secretary.

Which was referred to the Committee on Railroads.

The President laid before the Board the following communication from the Board of Estimate and Apportionment transmitting ordinance:

No. 1396.

Department of Finance—City of New York, }
January 23, 1905.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment January 20, 1905, authorizing the issue of Corporate Stock to the amount of \$25,000 to provide means for the payment of expenses in connection with the construction of a Municipal Electric Lighting Plant, for the lighting by the City of public buildings, parks, parkways and streets, including the cost of the preparation of plans, specifications and estimates for the construction of said plant, and copies of communications from the Engineer of the Board of Estimate and Apportionment and Cary T. Hutchinson in relation thereto.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,

J. W. STEVENSON, Deputy Comptroller.

Board of Estimate and Apportionment—City of New York, }
January 18, 1905.

Honorable GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Assuming that favorable action will be taken on the communication of Dr. Hutchinson addressed to you on this date, the Commission appointed to investigate and report upon a municipal electric lighting plant for The City of New York has organized, with Dr. Hutchinson as Chairman and the undersigned as Secretary.

The Commission estimates that the sum of \$25,000 will be required to meet the expense of this work, and requests that \$10,000 be now appropriated for its use, this sum to be made available at the earliest possible date.

Respectfully,

NELSON P. LEWIS,

Chief Engineer, Secretary of the Municipal Electric Lighting Commission.

Cary T. Hutchinson, Consulting Engineer, }
New York, January 18, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Estimate and Apportionment, New York City:

Sir—I have received a notification of my appointment to a Commission to report on a plant and system for lighting the City by electricity.

With the notice of appointment, copies of two resolutions were sent to me, one calling for "general plans, specifications and estimates for the lighting by the City of the public buildings, parks, parkways and streets of the City, as a whole, and the City by boroughs"; the other resolution calling for "general plans and estimates of the cost of furnishing lighting to individual consumers."

The preparation of even very general plans and specifications for the latter purpose—that is, doing the electric lighting work for the entire City, both private and public—is a work of great magnitude, and would require probably a year for its completion, and would cost at least \$100,000.

The work called for by the first resolution, that is, the preparation of general plans, specifications and estimates for doing all the public lighting in New York City, by electricity, to the entire exclusion of all gas lighting, in streets, parks, public buildings, etc., will require considerable time, this period being practically determined by the time required to collect the necessary data on which to base such plans, specifications and estimates. These data will have to be collected by assistants and inspectors at first hand, as it does not now exist. I estimate that the expenditures required for this work will be at least \$25,000, not including fees to be paid to the members of the Commission. As a member of such Commission, I should charge you a fee of \$5,000 for my services and will accept the appointment on these terms.

Respectfully,

(Signed) CARY T. HUTCHINSON.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of twenty-five thousand dollars (\$25,000), to provide means for the payment of expenses in connection with the construction of a Municipal Electric Lighting Plant, for the lighting by the City of public buildings, parks and parkways and streets of the City, including the cost of preparation of plans, specifications and estimates for the construction of said plant.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment January 20, 1905, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Board of Estimate and Apportionment, by unanimous vote, hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding twenty-five thousand dollars (\$25,000), to provide the necessary means for the payment of expenses in connection with the construction of a Municipal Electric Lighting Plant, for the lighting by the City of public buildings, parks and parkways, and streets of the City, including the cost of preparation of plans, specifications and estimates, for the construction of said plant, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding twenty-five thousand dollars (\$25,000), the proceeds whereof to be applied to the purposes aforesaid."

Which was referred to the Committee on Finance.

To the Board of Estimate and Apportionment:

Gentlemen—Pursuant to the provisions of section 56 of the Greater New York Charter, request is hereby made that additional salaries for the position of Examiner in the Department of Finance be established at the following grades—\$2,550, \$2,700 and \$2,850 per annum.

No grades at these salaries have been established in this Department, and I accordingly desire to have such grades created.

Respectfully,

(Signed) EDWARD M. GROUT, Comptroller.

Whereas, The Board of Estimate and Apportionment, at a meeting held January 20, 1905, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of the following positions in the Department of Finance be fixed as follows:

	Per Annum.
"Examiner	\$2,850 00
"Examiner	2,700 00
"Examiner	2,550 00"

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the above position as set forth therein.

Which was referred to the Committee on Salaries and Offices.

The President laid before the Board the following communication from the Commissioner of Bridges:

No. 1398.

Department of Bridges—City of New York, }
January 23, 1905.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I beg to acknowledge receipt of notice from your Clerk, Hon. P. J. Scully, of the rejection by your Honorable Board of a resolution adopted by the Board of Estimate and Apportionment, on December 16, 1904, which your Honorable Board seems to have understood as an application "for an additional issue of Corporate Stock of The City of New York, to an amount not exceeding \$125,000, for the construction of bridges over Gowanus canal at Hamilton avenue, Union street, Third street and Ninth street, in the Borough of Brooklyn."

The resolution above referred to was not a request for an issue of Corporate Stock, but an amendment to a resolution adopted by your Honorable Board on November 15, 1904, requesting a change in the wording of same, so that the proceeds of the Corporate Stock referred to be placed to the credit of the fund already established for that purpose.

I therefore beg to return herewith to your Honorable Board the resolution, with the request that you kindly reconsider and approve of same so that there may be no delay in the completion of the construction of the bridges for which this issue of \$125,000 was authorized.

Respectfully,

GEO. E. BEST, Commissioner of Bridges.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment December 16, 1904:

"Resolved, That the resolution adopted by the Board of Estimate and Apportionment October 7, 1904, and which reads as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding one hundred and twenty-five thousand dollars (\$125,000) in addition to the amount heretofore authorized, to provide means for the construction of bridges over the Gowanus canal, in the Borough of Brooklyn, as follows:

"Hamilton Avenue Bridge.....	\$70,000 00
"Union Street Bridge, Third Avenue Bridge, Ninth Street Bridge.....	55,000 00
	<u>\$125,000 00</u>

—and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding one hundred and twenty-five thousand dollars (\$125,000), in addition to the amount heretofore authorized, the proceeds whereof to be applied to the purposes aforesaid,"

—be amended by striking out that portion which specifies separate amounts for the bridges in question, and inserting in place thereof the following:

"For the construction of bridges over Gowanus canal at Hamilton avenue, Union street, Third street and Ninth street, in the Borough of Brooklyn."

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the President of the Borough of Brooklyn:

No. 1399.

The City of New York,
Office of the President of the Borough of Brooklyn, }
Brooklyn, January 23, 1905.

Hon. P. J. SCULLY, City Clerk New York City:

Dear Sir—I beg to inclose herewith resolution of the Local Board of the Bay Ridge District, adopted on the 28th day of December, 1904, providing for the reduction in width of the roadway of Eightieth street, between Second and Fifth avenues, from 32 feet to 30 feet, for the action of the Board of Aldermen.

Very truly yours,

DENIS A. JUDGE, Secretary.

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 28th day of December, 1904, deeming it for the public interest so to do, hereby recommends to the Board of Aldermen a reduction in the width of the roadway of Eightieth (80th) street, between Second avenue and Fifth avenue, in the Borough of Brooklyn, from 32 feet to 30 feet.

Resolved, That this resolution be forwarded to the Board of Aldermen for approval.

Adopted by the Local Board of the Bay Ridge District on the 28th day of December, 1904, Commissioner Brackenridge and Aldermen Malone and Lundy voting in favor thereof.

Attest:

JOHN A. HEFFERNAN, Secretary.

Approved this 19th day of January, 1905.

Martin W. Littleton, President, Borough of Brooklyn.

Which was referred to the Committee on Streets, Highways and Sewers.

The President laid before the Board the following communication from the Police Department:

No. 1400.

Police Department of The City of New York, }
No. 300 Mulberry street,
New York, January 23, 1905.

To the Honorable Board of Aldermen:

Gentlemen—The Police Commissioner this day, Ordered, That, in pursuance of the provisions of section 351, chapter 466 of the Laws of 1901 (Greater New York Charter), the report in detail of the condition of the Police Pension Fund and the items of receipts and disbursements on account of the same, for the year ending December 31, 1904, be respectfully forwarded to the Board of Aldermen, and a copy thereof to his Honor the Mayor.

Very respectfully,

WM. H. KIPP, Chief Clerk.

POLICE DEPARTMENT, CITY OF NEW YORK—TREASURER'S OFFICE—ANNUAL REPORT OF THE POLICE PENSION FUND, 1904.

Honorable Board of Aldermen:

Gentlemen—In pursuance of the provisions of section 351, chapter 466 of the Laws of 1901 (Charter), I have the honor to submit herewith report of proceedings as

Trustee of the Police Pension Fund, containing a statement of the receipts and disbursements on account of said fund, together with the names and residences of each beneficiary for or on account of said fund for the year ending December 31, 1904.

Very respectfully,

WILLIAM McADOO,

Trustee and Treasurer of the Police Pension Fund.

REPORTS OF STANDING COMMITTEES.

Reports of Committee on Finance—

No. 1089.

The Committee on Finance, to whom was referred on October 25, 1904 (Minutes, page 129), the annexed resolution in favor of an issue of Corporate Stock, \$3,000, for construction of a sewer in D street, Wallabout Market, Borough of Brooklyn, respectfully

REPORT:

That, having examined the subject, they believe the proposed issue to be necessary. They therefore recommend that the said resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment October 21, 1904:

"Resolved, That the resolution adopted by the Board of Estimate and Apportionment, at meeting held June 24, 1904, and which reads as follows:

"Resolved, That, pursuant to the provisions of section 176 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock to an amount not exceeding three thousand dollars (\$3,000), for the purpose of providing means for the construction of a sewer in D street, in Wallabout Market, and for the work to be done by the Bureau of Highways in providing gutters of sufficient depth for drainage purposes, in the Borough of Brooklyn, and authorizes the Comptroller to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding three thousand dollars (\$3,000), the proceeds whereof to be applied to the purposes aforesaid."

—be amended so as to read as follows:

"Resolved, That, pursuant to the provisions of section 176 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock, to an amount not exceeding three thousand dollars (\$3,000), for the purpose of providing means for the construction of a sewer in D street, in Wallabout Market, and for the work to be done by the Bureau of Highways of the Borough of Brooklyn, in providing gutters of sufficient depth for drainage purposes, in the Wallabout Market, in the Borough of Brooklyn; and also for sewer-basins in C street, in Wallabout Market, in the Borough of Brooklyn, and authorizes the Comptroller to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding three thousand dollars (\$3,000), the proceeds whereof to be applied to the purposes aforesaid."

JOHN T. McCALL, PHILIP HARNISCHFEGGER, WILLIAM WENTZ, FERDINAND HAENLEIN, JOHN DIEMER, JOHN H. DONOHUE, JAMES W. REDMOND, OWEN J. MURPHY, Committee on Finance.

Alderman McCall asked and obtained immediate consideration for this report. The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Bennett, Boerner, Bridges, Callahan, Collins, Cullin, Donohue, Dowling, Downing, Doyle, Gass, Gillies, Goodman, Grifenhagen, Grimm, Haenlein, Harburger, Harnischfeger, Higgins, Jones, Keely, Kline, Lundy, McCall, McCarthy, Malone, Marks, Arthur H. The Committee on Finance, to whom was referred on January 17, 1905 (Minutes, page 464), the annexed resolution in favor of providing for contingent expenses of the Law Department, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Whereas, The following resolution was passed by the Board of Aldermen on the 20th day of June, 1899, adopted by the Council June 27, 1899, and approved by the Mayor July 7, 1899, viz.:

That, for the purpose of defraying any minor or incidental expenses contingent to the Law Department, office of the Corporation Counsel, the Corporation Counsel may, by a requisition, draw upon the Comptroller for a sum not exceeding five hundred dollars. The Corporation Counsel may, in like manner, renew the draft as often as

may by him be deemed necessary, to the extent of the appropriation set apart for the contingencies of the Law Department, office of the Corporation Counsel; but no such renewal shall be made until the money paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers, certified by the Corporation Counsel, covering the expenditure of moneys paid thereon.

And Whereas, It has been found that between the time the paid vouchers and requisition for a further draft are sent to the Finance Department a week or more elapses before a further draft is received, and in consequence the Chief Clerk of the Law Department is required to advance large sums from his own personal resources; therefore

Resolved, That the aforesaid resolution be amended as follows:

That, for the purpose of defraying any minor or incidental expenses contingent to the Law Department, office of the Corporation Counsel, the Corporation Counsel may, by requisition, draw upon the Comptroller for a sum not exceeding one thousand dollars. The Corporation Counsel may, in like manner, renew the draft as often as may by him be deemed necessary, to the extent of the appropriation set apart for the supplies and contingencies of the Law Department, office of the Corporation Counsel, but no such renewal shall be made until the money paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers, certified by the Corporation Counsel, covering the expenditure of money paid thereon.

Provided, however, that upon the receipt of vouchers showing the payment of moneys upon the said draft, to the extent of five hundred dollars, the Comptroller may draw his warrant to the order of the Corporation Counsel for the sum of five hundred dollars in part disbursement of the advance of one thousand dollars.

Report of Committee on Water Supply, Gas and Electricity—

No. 1281.

The Committee on Water Supply, Gas and Electricity, to whom was referred on December 20, 1904 (Minutes, page 949), the annexed resolution and ordinance in favor of granting a franchise to the Manhattan and Bronx Electric Company to lay, erect and construct suitable wires, etc., in the Borough of Manhattan, respectfully

REPORT:

That, having examined the subject, they believe that inasmuch as the City is at present taking proper steps toward municipal ownership of electric lighting, the granting of additional electric lighting franchises would be detrimental to the best interests of the City.

They therefore recommend that the said application and ordinance be placed on file.

Resolved, That the foregoing ordinance, granting to the Manhattan and Bronx Electric Company a franchise or right to lay, erect and construct suitable wires or other conductors, with the necessary poles, pipes or other fixtures in, on, over and under the streets, avenues, public parks and places in the Borough of Manhattan (presented herewith in duplicate) be and the same is hereby referred, as follows: One copy to the Committee on Water Supply, Gas and Electricity and one copy to the Board of Estimate and Apportionment, for the purpose of fixing the rate of compensation, as required by section 74 of the Greater New York Charter.

AN ORDINANCE granting a franchise to the Manhattan and Bronx Electric Company to lay, erect and construct suitable wires or other conductors, with the necessary poles, pipes or other fixtures, in, on, over and under the streets, avenues, public parks and places in the Borough of Manhattan of The City of New York, for conducting and distributing electricity.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. That consent, permission and authority are hereby given and granted to Manhattan and Bronx Electric Company, a corporation duly organized under the laws of the State of New York, to lay, erect and construct suitable wires or other conductors, with the necessary poles, pipes or other fixtures, in, on, over and under the streets, avenues, public parks and places in the Borough of Manhattan, of The City of New York, for conducting and distributing electricity, subject, however, to the laws of the State of New York and all ordinances and regulations of The City of New York.

Until the further action of this Board, the electrical wires, cables and conductors of the said company shall, except as hereinafter specified, be laid, erected and constructed in and through subways or ducts constructed or supplied by the Consolidated Telegraph and Electrical Subway Company, and space therein shall be leased to said Manhattan and Bronx Electric Company by Consolidated Telegraph and Electrical Subway Company; or, if sufficient facilities therefor are not promptly furnished to said Manhattan and Bronx Electric Company by said Consolidated Telegraph and Electrical Subway Company, then said wires, cables and conductors shall be laid, erected and constructed in such other subways or ducts as may be designated by the Commissioner of Water Supply, Gas and Electricity or his successor or successors.

If adequate facilities are not provided as aforesaid for the wires, cables and conductors of said Manhattan and Bronx Electric Company, it may lay and construct subways or ducts therefor in the streets, avenues, public parks and places in the Borough of Manhattan of The City of New York, subject, however, to the same rules, regulations and procedure as is or may be by law, ordinance or regulation provided in the case of subways or ducts laid or constructed by the said Consolidated Telegraph and Electrical Subway Company, and said Manhattan and Bronx Electric Company may place its wires, cables and conductors in the subways or ducts so laid and constructed.

The franchise, consent and authority hereby granted shall exist for the term of twenty-five years from the passage of this ordinance, and the right to a further renewal of twenty-five years, on a fair revaluation, is hereby given to the grantee.

Such revaluation shall be made as follows: One year before the expiration of the first twenty-five years the Board of Estimate and Apportionment of The City of New York, or its successor or successors, shall appoint one appraiser, Manhattan and Bronx Electric Company shall appoint one appraiser, and the two so appointed shall appoint a third appraiser, and the revaluation made by a majority of said three appraisers shall be conclusive on both the City and the said company, and shall be the revaluation for the purposes of such renewal.

Efficient service shall be furnished at reasonable rates and the property of the said company shall be maintained in good condition throughout the full term of the grant and any renewal thereof, and, if any question shall arise under this provision, it shall, upon the request of the Commissioner of Water Supply, Gas and Electricity, or his successor or successors, be determined by the majority of three arbitrators selected, one by the Board of Estimate and Apportionment, or its successor or successors, one by Manhattan and Bronx Electric Company, and the third by the two so selected. The findings of such majority shall be conclusive upon the City and the said company, and, if the said company fails to, with due diligence, comply therewith, the franchise hereby granted shall be forfeited.

Said Manhattan and Bronx Electric Company shall, within thirty days after the first days of January and July in each year, file with the Comptroller of The City of New York, or his successor or successors, a statement of the gross earnings from its business arising from supplying electricity for light, heat or power for the six months next preceding said first days of January and July, which statement shall be sworn to by the President or Treasurer of said company, and, as a tax on the rights, privileges and franchises hereby granted, said company shall, at the times of filing the aforesaid statements of its gross earnings, pay to The City of New York, for the exclusive use of said City, an amount equal to three (3) per cent. of the gross earnings reported at that time.

Sec. 2. This ordinance shall take effect immediately.

No. 1403.

By Alderman Tolk—

Whereas, The telephone rates in Greater New York are exorbitant and are higher and far in excess of those in any other city in the United States; and

Whereas, It has been proven that service can be supplied at lower rates at a good profit to the telephone company outside of New York; therefore be it

Resolved, That the President of the Board of Aldermen is hereby respectfully requested to appoint a committee of five (5) members of the Board of Aldermen to investigate and find a way to get cheaper telephone rates for the residents of Greater New York; and be it further

Resolved, That the Committee appointed shall have full power to summons witnesses and to compel same to attend investigations, etc.

Alderman Meyers raised the point of order that the resolution was out of order, inasmuch as the Board of Aldermen has no jurisdiction over the fixing of telephone rates. The President ruled that the point of order was not well taken.

The resolution was then adopted.

Subsequently Alderman Robinson moved a reconsideration of the above vote.

Which was adopted.

Alderman Richter moved that the matter be referred to the Committee on Bridges and Tunnels.

Alderman Kevin moved as an amendment that the whole matter be laid on the table.

The President put the question whether the Board would agree with said motion.

Which was decided in the negative by the following vote:

Affirmative—Aldermen Bennett, Donohue, Dougherty, Kevin, Meyers and Ware—6.

Negative—Aldermen Baldwin, Culkin, Davies, Diemer, Dowling, Downing, Doyle, Gillen, Grifenhagen, Grimm, Gunther, Haggerty, Hann, Higgins, Jones, Lochner, McCall, Morris, Poole, Redmond, Richter, Robinson, Schloss, Tolk, Twomey, Wafer, Wentz—27.

On motion of Alderman Wentz the paper was then referred to the Committee on Water Supply, Gas and Electricity.

Which was adopted.

No. 1415.

By Alderman Grifenhagen—

Whereas, The Interborough Railroad Company, operating both the subway and elevated systems of rapid transit in The City of New York, can, if it will, afford such facilities to the traveling public as will be of more than ordinary benefit, and save to many persons at least from ten to fifteen minutes' time in going to points north and south; and

Whereas, Practical experience has demonstrated that if a system of transfers is adopted by said Interborough Company by which persons traveling to work, business or shopping may be enabled to change from the subway to the elevated railroad, and vice versa, at Sixty-sixth street and Broadway, the only point at which these two railroads cross each other, there will prove such transit facilities as are not now enjoyed, and which will be of public benefit to thousands of people from all parts of the City; therefore

Resolved, That the said Interborough Railroad Company be and it is hereby respectfully requested to take under advisement the idea set forth in the preamble hereof, with a view to putting the same in operation on said two systems of railroads.

Which was referred to the Committee on Railroads, with instructions to hold a public hearing.

Nays—None.

Carried.

Communication of the President of the Interborough Rapid Transit Company as to advertising signs in the subway was read, as follows, and the Secretary was directed to inform that company, in acknowledging receipt of said communication, that the Board had not as yet expressed its approval or disapproval of the report of its Chief Engineer on this subject, dated the 15th inst., copy of which had been sent to the Interborough Company for its views thereon:

INTERBOROUGH RAPID TRANSIT COMPANY,
NO. 23 NASSAU STREET,
NEW YORK, December 22, 1904.

Hon. ALEXANDER E. ORR, President, Board of Rapid Transit Railroad Commissioners,
No. 320 Broadway, New York City:

DEAR SIR—We have carefully examined the report of your Chief Engineer, dated December 15, 1904, on the subject of the placing of advertising signs in the subway, in view of your request to be advised whether or not the company is prepared to accept and agree to be bound by the regulations therein suggested. These regulations would restrict the use of the station walls and platforms to a considerable degree beyond the space which, as we are advised by counsel, we are authorized to use, under the provisions of the contract; nevertheless, we are disposed to accept them. But, as we have previously advised you, before any suggestion was made of limiting in any manner the advertising privileges contained in the contract, we entered into an agreement with Messrs. Ward & Gow, granting them for a term of years the exclusive privilege of exercising substantially all the right to advertising in the subway, conferred upon us under our contract with the City, and, of course, we cannot, without Messrs. Ward & Gow's consent, voluntarily agree to any limitations upon those contract rights without exposing ourselves to a claim for damages at their hands.

Owing to the engagements of Messrs. Ward & Gow's counsel, we have been unable to reach a definite understanding with them in time to give your Board a definite answer to your inquiry at this meeting. We shall, however, urge upon Messrs. Ward & Gow the acceptance of these regulations, and we hope to communicate finally with your Board on the subject at its next meeting.

Very respectfully yours,
(Signed) AUGUST BELMONT, President.

Communications, as follows, from the Local Boards of Morrisania and Chester were presented, and referred to the Committee on Plans:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
December 14, 1904.

Hon. ALEXANDER E. ORR, President, Rapid Transit Railroad Commission:

DEAR SIR—Inclosed herewith I transmit copy of resolutions adopted by the Local Boards of Morrisania and Chester, Twenty-fourth and Twenty-fifth Districts, recommending the extension of the rapid transit lines in the Borough of The Bronx.

Yours truly,
(Signed) HENRY A. GUMBLETON, Secretary.

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK.

Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.

Resolved, That the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, City of New York, does hereby recommend to the Rapid Transit Commission the extension of the Interborough Railroad from its present terminus at Bedford Park to and along Webster avenue to the northerly line of the City.

Resolved, That the Local Board of Morrisania, Twenty-fourth District, recommend to the said Board of Rapid Transit Commissioners the extension of the rapid transit system up Jerome avenue to the northern line of the City.

Resolved, That the Local Board of Morrisania, Twenty-fourth District, recommend to the said Board of Rapid Transit Commissioners the extension of the west side Rapid Transit Railroad along Broadway to the northerly line of the City.

Adopted December 8, 1904.

Report, as follows, of the Chief Engineer as to bulkhead construction at One Hundred and Forty-fifth street and Harlem river, was read:

THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS,
CHIEF ENGINEER'S OFFICE, No. 320 BROADWAY,
NEW YORK, December 19, 1904.

BION L. BURROWS, Esq., Secretary, Rapid Transit Board:

DEAR SIR—In reply to your letter accompanied by a communication from the Commissioner of Bridges, the latter dated December 12, in regard to a bulkhead on the easterly side of the Harlem river, I have written a letter to the contractors, directing them to replace the same.

Very truly yours,
(Signed) WM. BARCLAY PARSONS, Chief Engineer.

Letter, as follows, of A. I. Namm, as to connection between his premises and the station at Fulton and Hoyt streets, Brooklyn, was presented, and action deferred:

A. I. NAMM,
FULTON STREET, ELM PLACE AND HOYT STREET,
BROOKLYN, NEW YORK, December 7, 1904.

Board of Rapid Transit Railroad Commissioners, No. 320 Broadway, New York City:
GENTLEMEN—I hereby take the liberty of making application, as well as submitting plans, for excavating a vault in front of your station on the Brooklyn subway in front of my property, corner of Fulton and Hoyt streets.

Upon the suggestion of one of your Engineers, I have taken the liberty of showing an excavation in back of your platform, taking a portion of the sidewalk west of us for the purpose of an entrance from the basement, but should you find such course impracticable, you may eliminate that part and let the wall of said adjoining property go to your building line, and have simply an exit from your platform to our basement, with a turnstile running one way.

The cause for this timely application is due to the fact that should your body consider this application favorable it will be necessary to make such changes in the construction as may be required to answer the purpose.

Trusting you may give this matter due consideration at your convenience, and awaiting your reply, I remain

Very respectfully yours,
(Signed) A. I. NAMM.

Communication of George W. Wickersham to Counsel as to the entrance to the Trinity Building from the station at that point in lower Broadway, was presented, and the matter referred to Counsel for a further report as to form of agreement, etc.:

STRONG & CADWALADER,
No. 40 WALL STREET, NEW YORK,
December 17, 1904.

Hon. GEORGE L. RIVES, No. 32 Nassau Street, New York:

DEAR MR. RIVES—On September 15, 1904, the form of a proposed agreement for the connection between the new Trinity Building and the Rector street platform of the Rapid Transit Railroad was submitted to the Board (Minutes, page 2839). No action seems to have been taken with respect to it. Will you not kindly have it called up for action at the next meeting, and if in the meantime you could examine the form of the agreement as printed in the minutes, and advise me whether or not it is satisfactory, and will be approved by you, I should feel greatly obliged.

Very truly yours,

(Signed) GEO. W. WICKERSHAM.

Communication and petition of the West End Association, protesting against the station entrance at Seventy-second street, was presented.

Letter of the President of the Rapid Transit Subway Construction Company as to projecting show window in the Evening Post Building, Fulton street and Broadway, was presented as follows, and the matter referred to Counsel and Chief Engineer for report:

NEW YORK, December 21, 1904.

Hon. ALEXANDER E. ORR, President, Board of Rapid Transit Railroad Commissioners,
No. 320 Broadway, New York City:

DEAR SIR—At the corner of Fulton street and Broadway, in the Borough of Manhattan, there is a projecting show window, appurtenant to the Evening Post Building, which projects some two feet beyond the building line and into the street. The station wall at this point is required to be constructed immediately against the building wall, and the projecting show window must be removed to make room for the stairway into the station, in accordance with the plans furnished us by your Chief Engineer, pursuant to the provisions of the contract.

The removal of this window will require a remodeling of the face of the building, and will probably involve considerable expense, which this Company is advised is not within its undertaking, and pursuant to the provision in the contract whereby the City undertakes to secure the unobstructed right to the Contractor to build the railroad according to the contract and plans, free from any interference, etc., I beg to request that your Board will take appropriate steps to secure the removal of this bay window without expense to the Contractor.

I remain,

Yours very truly,
(Signed) AUGUST BELMONT, President.

The following resolution was moved by President Orr:

Resolved, That this Board hereby accepts the resignation of William Barclay Parsons, Chief Engineer, to take effect 31st of December, 1904;

Resolved, That William Barclay Parsons be and he hereby is appointed Consulting Engineer of this Board at a salary of \$10,000 per annum, to take effect 1st of January, 1905, it being understood that such salary shall not be paid during the absences of Mr. Parsons from the country;

Resolved, That George S. Rice be and he hereby is appointed Acting Chief Engineer, at a salary of \$10,000 per annum, to take effect 1st of January, 1905.

Ayes—The President, Vice-President, Mayor, Comptroller, Commissioners Langdon, Smith, Jesup and Claffin.

Nays—None.

Carried.

Counsel presented form of certificate to the New York and Jersey Railroad Company for proposed extensions to Thirty-third street and Sixth avenue and Ninth street to Second avenue.

The Board heard addresses on this subject by Mr. Vieller, Secretary of the City Club; Mr. Mead, Secretary, Merchants' Association, and Calvin Tompkins, representing the Municipal Art Society, all of whom urged the Board to eliminate the clause granting the Company rights in perpetuity for its extension from Christopher and West Tenth streets to Sixth avenue. It was pointed out by the Committee that this short piece of road was merely a terminal facility for the Company and could be of no possible value to the City as a separate line, and that the City was thoroughly safeguarded by a clause in the certificate whereby the City could purchase either the Ninth street extension or the Sixth avenue extension at any time after twenty-five years for the actual cost of construction.

Commissioner Jesup moved the following resolution, which was seconded by Commissioner Smith:

Resolved, That the President and Secretary of this Board be and they hereby are authorized and directed forthwith to execute, under the seal and in the name of the Board, and deliver to the New York and Jersey Railroad Company, in four identical originals, a certificate, or franchise, substantially as follows (the same being hereby adopted by the vote of at least six members of this Board), to wit:

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS FOR THE CITY OF NEW YORK TO NEW YORK AND JERSEY RAILROAD COMPANY—CERTIFICATE FOR EXTENSIONS—
DECEMBER 22, 1904.

The Board of Rapid Transit Railroad Commissioners for The City of New York does hereby certify as follows:

Whereas, The New York and Jersey Railroad Company (which is hereinafter called the Tunnel Company) is a railroad corporation which has been duly incorporated under the laws of the State of New York for the purpose, so declared in its articles of association, of owning and operating the tunnel and railroad in part within the limits of The City of New York formerly of the Hudson Tunnel Railway Company, and of constructing and operating a tunnel railroad in The City of New York (which city is hereinafter called the City) to be connected with a railroad or railroads within the State of New Jersey and thereby forming a continuous line for the carriage of passengers and property between a point or points within, and a point or points without the City, and more particularly a tunnel railroad having its eastern terminus in the block bounded by Christopher, West Tenth, Greenwich and Hudson Streets, in the Borough of Manhattan, in The City of New York, and thence extending westwardly and to be connected with a railroad or railroads in the State of New Jersey, and thus form a continuous line for the carriage of passengers and property between such terminus of the railroad of the Tunnel Company within the City and a point or points upon the lines of such railroads in the State of New Jersey, and other States; and

Whereas, The Tunnel Company has been duly authorized by the Board of Rapid Transit Railroad Commissioners for The City of New York, by certificate dated July 10, 1902, with the consent and approval of the Board of Aldermen, the Mayor, the Commissioner of Docks and the Commissioners of the Sinking Fund, to lay down, construct and operate said tunnel and railroad to its proposed terminus in the said block bounded by Christopher, West Tenth, Greenwich and Hudson Streets, in the Borough of Manhattan; and

Whereas, The said Tunnel Company desires to extend its said tunnel and railroad along the route hereinafter mentioned to a point at the intersection of Christopher Street and Sixth Avenue, and thence with one branch to a terminal at or near the intersection of Sixth Avenue and Thirty-third Street, and with another branch to a terminal station at or near the intersection of Fourth Avenue and Ninth Street, in the said Borough, as shown upon the plan hereto attached, and pursuant to Section 32 of Chapter 4 of the Laws of 1891, as amended by Chapter 584 of the Laws of 1902 (which entire statute as amended by various acts and as now in force is hereinafter called the Rapid Transit Act), has made application to the Board of Rapid Transit Railroad Commissioners for The City of New York (which is hereinafter called the Board), for authority to establish, construct and extend its railroad tracks along a certain route from its present terminus at the corner of Greenwich and Christopher Streets, in said City, to its proposed terminals at or near the intersection of Sixth Avenue and Thirty-third Street, and at or near the intersection of Fourth Avenue and Ninth Street, and to have and maintain at said terminals terminal stations and such terminal and other facilities as may be necessary for the accommodation of the traveling public, and to construct and operate its railroad along the said route under lands, streets, avenues, highways and public places in the City, with necessary sidings, platforms, stations, facilities for access to the surface and other appurtenances, all as hereinafter particularly set forth, and to transport over the said railroad passengers or freight, or both; and

Whereas, The Board by a concurrent vote of at least six of its members has fixed and determined the locations and plans of construction of such extension of the railroad of the Tunnel Company upon such route and of such tracks and facilities, the times within which they shall be respectively constructed, and the compensation to be paid therefor to the City by the Tunnel Company; and

Whereas, The Board, by such concurrent vote, has prescribed such terms, conditions and requirements as to the Board appear to be just and proper for the grant hereby made to the Tunnel Company, including the terms, conditions and requirements provided by the Rapid Transit Act, and has included among them a provision that the Tunnel Company shall from the time of the commencement of the operation of such railroad under such a determination, annually pay for such extension to the City a sum or rental for certain periods of years hereinafter mentioned, beginning with the operation of any part of the said extensions of the railroad of the Tunnel Company, and also providing for a readjustment of the amount of such sum or rental at the expiration of such period, and at intervals thereafter of twenty-five years,—

Now, therefore, the Board has authorized and does hereby authorize, but subject, however, to the terms, conditions and requirements hereinafter set forth, the Tunnel Company—

1. To lay down, construct and operate a railway, including two tracks, on a route beginning at the terminus of the railway of the Tunnel Company, as at present authorized, at the intersection of Greenwich and West Tenth and Christopher Streets, in the Borough of Manhattan, and thence running easterly under Christopher Street to Sixth Avenue; thence with one branch under Sixth Avenue to a terminal station at or near the intersection of Sixth Avenue and Thirty-third Street, in said Borough, and with another branch crossing diagonally under Sixth Avenue to Ninth Street, and thence easterly under Ninth Street to a terminal station at or near the intersection of Fourth Avenue and Ninth Street, in said Borough.

2. To lay down, construct and operate in connection with its terminal station at or near the intersection of Sixth Avenue and Thirty-third Street two additional tracks for the convenient operation of its Railroad; and also in connection with the said terminal station, but not more than two hundred and fifty feet southerly therefrom, and also in connection with the terminal station at or near the intersection of Fourth Avenue and Ninth Street, but not more than two hundred and fifty feet westerly therefrom, and also (in case the City shall exercise the option hereinafter reserved to it to purchase certain portions of the said tunnel and railroad) in connection with the station at or near the intersection of Christopher Street and Sixth Avenue, but not more than two hundred and fifty feet westerly therefrom, to lay under Sixth Avenue and under Ninth Street, and under Christopher Street, as many tracks, sidings and connections as may be found convenient for the operation of the railroad, with the right to use therefor said avenue and said streets to the entire width thereof.

3. To build, maintain and operate subway stations, and the necessary track connections therewith, contiguous to the said tunnel and railroad under Christopher Street between the East line of Greenwich Street and the East line of Hudson Street; at or near the intersection of Christopher Street and Sixth Avenue; under Sixth Avenue at or near its intersections with Fourteenth Street, Eighteenth Street, Twenty-third Street and Twenty-eighth Street; and also the said terminal station at or near the intersection of Sixth Avenue and Thirty-third Street; and also the said terminal station under Ninth Street, between Broadway and Fourth Avenue; together with stairways leading from such subway stations to the surface of the streets and avenues, and also together with a subway leading from said terminal station at Ninth Street and Fourth Avenue to the station of the Rapid Transit Subway at Fourth Avenue and Eighth Street.

4. To transport upon the said railways and through the said tunnel persons and property, and to use therefor and in connection therewith all suitable appliances.

5. To maintain and operate under the streets of the routes aforesaid and along the lines of the said railways composing the railroad, telegraph wires and wires, cables, conduits and ways for the distribution of power, heat and light and other appurtenances for the use of the railroad and for no other purpose.

6. To acquire and use for stations or station extensions, power plants, pumping stations, shafts for access to the surface and other necessary purposes of the railroad, private property as the same may be lawfully acquired within the scope of the corporate rights and powers of the Tunnel Company.

7. The Board may, by written notice to be given to the Tunnel Company at any time before the construction of its railroad to the said terminal station at or near the intersection of Fourth Avenue and Ninth Street is completed, require the Tunnel Company to lay down, construct and operate a railway including two tracks extending from said station easterly under Ninth Street to a terminal station at or near the intersection of Ninth Street and the westerly side of Second Avenue; and the Board does hereby authorize the Tunnel Company to lay down, construct and operate such extension of its railway in case it shall give such notice as hereinbefore provided.

The rights hereinbefore granted to maintain and operate the railroad or necessary or convenient for that purpose shall be held by the Tunnel Company in perpetuity, except as may be herein otherwise expressly provided.

Provided, however, and it is expressly agreed that this authorization and the rights and privileges hereby granted are subject to certain terms, conditions and requirements which appear to the Board to be just and proper, and, as so subject, are hereinafter called the franchise hereby granted. The said terms, conditions and requirements are hereby prescribed as follows, to wit:

I.

This certificate will be executed by the Board in four identical originals, so proved as to be entitled to be recorded in the office of the Register of the County of New York and to be filed in the office of the Secretary of State of the State of New York, all of which will be delivered by the Board to the president, vice-president, secretary or treasurer of the Tunnel Company. The franchise hereby granted shall be inoperative and this certificate shall be void unless within sixty days after such delivery, or such further period as shall be prescribed in writing by the Board, the Tunnel Company shall have procured three of the said identical originals to be returned to the Board, each of them having an acceptance of the franchise and all the terms, conditions and requirements thereof subscribed at the foot thereof by the Tunnel Company, such acceptance being so proved as to entitle it to be recorded and filed as aforesaid.

II.

The franchise hereby granted shall, if the Board shall so determine, become void unless within six calendar months after the time of the delivery to the Board of the acceptance of this certificate by the Tunnel Company, that Company shall, in due and lawful form, obtain or receive the consent of the Board of Aldermen of the City, being the local authority having the control of the portions of the streets and highways upon or under which it is proposed to construct the Railroad, together with the approval of the Mayor of the City.

The franchise hereby granted shall, if the Board shall so determine, become void unless within one year after the time of the acceptance of its certificate by the Tunnel Company, that Company shall further and in due and lawful form obtain the consent of the owners of one-half in value of the property bounded on each portion of the streets under or through which the Railroad or any part of the route thereof runs, to the construction and operation of the Railroad, or such part thereof, or in case the consent of such property owners cannot be obtained, then the determination of commissioners to be appointed pursuant to law by the Appellate Division of the Supreme Court in the First Department that such portion of the Railroad ought to be constructed and operated, the said determination of such commissioners when confirmed by the Appellate Division which shall have appointed such commissioners to be taken in lieu of such consent of property owners. Provided, however, and it is expressly stipulated, that the Board shall have power, upon reasonable cause shown, to extend by written certificate either of the periods hereinbefore in this article prescribed.

If the Tunnel Company shall be diligent in prosecuting applications for the consents aforesaid, and shall not have secured the same within the period of one year after its acceptance as aforesaid of this franchise, then and in such case the Tunnel Company shall, after a written notice of three months to the Board, be released from its obligations hereunder, unless within such three months such consent shall have been given.

III.

The Tunnel Company shall begin the construction of the said extensions of the railroad hereby authorized (but not including the said extensions from Fourth Avenue to Second Avenue unless the Board shall so determine and notify the Tunnel Company as hereinbefore provided), within six months after it shall have obtained the consents aforesaid and, within five years after such construction shall be begun, shall complete the construction of the said extensions.

In case the Tunnel Company, within the period of six months after it shall have obtained the consents necessary as aforesaid, shall not have begun the actual construction of the aforesaid extensions of its railroad, or if, after having begun such construction, it shall suspend the same prior to the completion thereof for a period exceeding three months, or if it shall not complete such construction and begin the operation of the railroad to said terminal stations within the said period of five years, then and in either of such cases the Board, upon a written notice to be delivered to the Tunnel Company not less than three months before the action of the Board, may annul the franchise hereby granted as to the railroad from the intersection of Christopher Street and Sixth Avenue to said terminal stations, and if the Tunnel Company shall not complete the construction and begin the operation of the railroad from the terminus of the railway of the Tunnel Company as at present authorized at the intersection of Greenwich and Christopher Streets to Sixth Avenue, within the said period of five years, then the Board, upon the like written notice, may annul the franchise hereby granted as to such portion of said railroad.

The Board shall have the power, upon reasonable cause shown, to extend by written order any of the periods in this article prescribed. Additional time shall be allowed by way of extension of any period for such commencement of construction, or for the completion thereof, or for the commencement of operation of the Railroad equal to the total period of delay caused by injunction or by necessary proceedings for condemnation of real estate, easements or other property, so far as such proceedings shall necessarily prevent the Tunnel Company from prosecuting such construction, but no delay to be so allowed for unless, during the same, such proceedings shall be diligently prosecuted by or for the Tunnel Company; and provided, further, that in no case shall such delay be deemed to begin until the Tunnel Company shall have given written notice to the Board of the injunction or other occasion of delay and delivered to the Board copies of the injunction or other orders and of the papers upon which the same shall have been granted, and unless, upon the request of the Board, the Tunnel Company shall in writing consent that the Board, either in its own name as a party or in the name of The City of New York as a party, may intervene in any such injunction proceedings, or other suit or proceeding; and provided, further, that in case of annulment of any part of the franchise the Tunnel Company shall have no right to any return of payments which it shall have made to the City by way of rental or otherwise.

IV.

The Tunnel Company shall pay to the City for the rights, franchises and licenses in and under streets hereinbefore granted from Greenwich Street to the intersection of Christopher Street and Sixth Avenue, and thence to its terminal stations at or near the intersection of Sixth Avenue and Thirty-third Street, and also near the intersection of Fourth Avenue and Ninth Street, together with such extension to Second Avenue in case the Board shall determine to require the building and operation of such extension as hereinbefore provided, and also for the right to build and maintain the subway stations hereinbefore mentioned, so far as said stations shall be constructed under said streets or avenues, the following sums of money, to wit:

1. The Tunnel Company shall pay to the City annually the sum of fifty cents per annum for each linear foot of single track of such railway track and of such subway station platforms which shall then be constructed or which the Tunnel Company shall be bound to have then constructed under any such streets or parts of streets within The City of New York during the period beginning on the day when the Tunnel Company shall first commence actual operation of the said extensions (but not later than the last day on which the Tunnel Company shall be bound to begin such operation) and ending on the day ten years after the day when any part of the said extensions of the Tunnel Company are in actual operation; and the sum of one dollar per annum for each linear foot of such tracks and of such subway station platforms during the period beginning on the last day of such period of ten years and ending on the day when the rentals payable under the above-mentioned franchise of July 10, 1902, shall next thereafter become subject to readjustment under the terms of said franchise. In case additional stations shall hereafter be constructed, additional rental for such station platforms shall be paid, to be computed at the rates above specified.

2. The Tunnel Company shall pay to the City annually, as rental for any vault space occupied by it (as the phrase vault space is hereinafter defined), such a sum as shall be equal to four per cent. upon the valuation of the horizontal area occupied by such vault space, said valuation to be at the same rate per square foot as the valuation of the land, exclusive of buildings, contained in the abutting property, fixed for purposes of taxation for the year 1904.

3. The Tunnel Company shall pay to the City for the rights under streets of the City hereinbefore granted, the further sum of nine thousand dollars (\$9,000) per annum (the same being three per cent. per annum on the gross earnings of said extensions of its railroad, said gross earnings being estimated and fixed for the purposes of this grant at three hundred thousand dollars per annum) for each year, beginning on the date on which the Tunnel Company shall first commence the actual operation of any part of the said extensions (but such date not to be later than the last day on which the Tunnel Company shall be bound to begin such operation) and ending on the day ten years next thereafter.

After the expiration of the said ten years the Tunnel Company, instead of the said sum of nine thousand dollars (\$9,000) per annum, shall pay to the City for the routes under the streets of the City hereinbefore granted, such a sum as shall be equal to five

per cent. per annum on the estimated annual gross earnings of said extensions of its railroad for the period of years between the date of expiration of the said ten years and the date when the rentals payable under the above-mentioned franchise of July 10, 1902, shall next thereafter become subject to readjustment under the terms of said franchise. The estimated amount of the said gross earnings may be determined by an agreement in writing by the Tunnel Company and the Board. If the Tunnel Company and the Board shall not reach such agreement on or before the day one year before the expiration of such first ten year period, then and in that event the estimated amount of such gross earnings shall forthwith be determined by arbitration in the manner provided in Clause XI. of this certificate. If, at the expiration of the first ten year period, the annual rate thereafter payable shall not have been fixed, the Tunnel Company shall pay the nine thousand dollars (\$9,000) a year as above provided, until the new rate shall be determined, and shall make up to the City the amount of any excess of the annual rate then determined over the said nine thousand dollars (\$9,000).

All payments herein provided for shall be made to the Comptroller of the City in equal payments at the end of each quarter year on the first days of January, April, July and October in each year.

The annual amounts to be paid by the Tunnel Company as aforesaid shall be readjusted at the end of the last mentioned period of years, and shall thereafter be readjusted at intervals of twenty-five years, so as to make such readjustment co-temporaneous with the readjustments to be made under the said franchise of July 10, 1902. The annual amounts to be paid by the Tunnel Company for each and every period of twenty-five years after such first period shall be determined as follows, to wit: Each such determination shall be had upon the application of either the Tunnel Company or the Board or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the preceding period of twenty-five years. The determination shall be sufficient if agreed to in writing by the Tunnel Company and the Board or such other authority in its place. If the Tunnel Company and the Board or such other authority in its place for the City shall not reach such agreement on or before the day one year before the expiration of such preceding twenty-five years' period, then the annual rate of compensation for such succeeding twenty-five years' period shall be reasonable; and either the City (by the Board or such other authority in its place) or the Tunnel Company shall be bound, upon request of the other, to enter into a written agreement with such other authority fixing the rate of such compensation at such amount as shall be reasonable; and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by the Supreme Court of the State of New York; and either party may in such case apply to the said Court to fix such rate. If, in any case, the annual rate shall not be fixed prior to the commencement of such succeeding twenty-five years' period, then the Tunnel Company shall pay the annual rate theretofore prevailing until the new rate shall be determined and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate.

But in no case shall any amount so readjusted be less than the greatest corresponding amount in force at any time during the preceding period of years.

V.

The railways forming part of the railroad where the same shall occupy parts of streets, shall be in tunnel or tunnels or subways under the streets, and the Tunnel Company may construct the railways under Christopher Street and under Sixth Avenue, and under Ninth Street, hereinbefore mentioned in tunnels or subways containing one or more tracks as it may find most advantageous.

No part of the structure of the railroad except its terminal and other stations shall approach within five feet of the exterior line of any street, except streets which it shall cross, unless the abutting property shall be owned by the Tunnel Company or unless the owner or owners of the property so abutting shall consent. The tunnel or tunnels, except as hereinbefore limited, may be placed in such places under the streets as may be found most convenient.

The uppermost part of said tunnel shall not approach nearer than twenty feet to the surface of Christopher Street, nor nearer than three feet to the surface of Sixth Avenue, but in Sixth Avenue the roof of the tunnel shall be as near the surface of the street as street conditions and grades will permit; provided, however, that the Board may by written notice be given to the Tunnel Company within one year after the date hereof, require the Tunnel Company to build any portion of its line in Sixth Avenue, north of Twenty-third Street, at such greater depth below the surface of the avenue, as the Board may fix by such notice. The uppermost part of said tunnel, where it crosses Fifth Avenue, shall not be at a higher elevation than five and one-quarter (5.25) feet above the level of mean high water; the uppermost part of said tunnel, where it crosses Broadway, shall not be at a higher elevation than sixteen and three-fourths (16.75) feet above the level of mean high water; the uppermost part of said tunnel, if it crosses Fourth Avenue, shall not be at a higher elevation at that point than nineteen (19) feet above the level of mean high water; and the uppermost part of said tunnel, if it crosses Third Avenue, shall not be at a higher elevation at that point than seventeen and one-fourth (17.25) feet above the level of mean high water.

Except as hereinafter provided, stations and station approaches may be built under streets or through private property to be acquired by the Tunnel Company for the purpose, or both under streets and through private property as aforesaid. The streets under which stations or station approaches are built may include, besides the streets of the route, portions of Hudson Street, Greenwich Avenue, Sixth Avenue, Fourteenth Street, Eighteenth Street, Twenty-third Street, Twenty-eighth Street, Thirty-second Street, Thirty-third Street, Broadway and Fourth Avenue; but no part of any of said last mentioned streets or avenues shall be used for a station or station approach at a distance greater than seventy-five feet from the exterior line or side of the street or avenue of the route.

In case any part of the said stations or station approaches shall be within the streets or avenues, and above a horizontal plane ten feet below the street surface, such space shall be deemed to be vault space within the meaning of this certificate.

The Tunnel Company may locate, construct and operate any one or more of such stations and station approaches at any other point or points along said route in lieu of or in addition to those hereinbefore authorized, provided that the consent and approval of the Board to any such new or changed location shall first have been obtained.

The Tunnel Company shall in the course of construction at its own expense maintain the care of all underground structures; and any necessary interference with underground structures shall be subject to reasonable regulation by the department of the government of the City in control or charge thereof.

No exit from the tunnel at the surface shall be constructed except through private property, unless the Board, by resolution, shall specially approve of an exit or exits situated within one or more of the streets or avenues above mentioned.

The Tunnel Company shall, at all times, by suitable bridging or other supports, maintain and support in an entirely safe condition for their usual service and to the reasonable satisfaction of the owners, all elevated railroad structures, street tramways of whatever character, water and gas mains, steam pipes, pneumatic tubes, electric subways, sewers, drains and all other surface or subsurface structures encountered during the progress of the work. The sidewalks, curbs, areas and stoops along the line of the work must also be protected from any injury; but should any injury occur to any sidewalk, curb, area or stoop, the Tunnel Company shall fully restore the same to as good a condition as existed before the injury was done. Notice is to be given by the Tunnel Company to all companies or persons and the proper city officials owning or having charge of surface or subsurface structures along any part of the work, of its intention to commence operations along such part of the route, at least one (1) week in advance, and the Tunnel Company shall file with the Board at the same time a copy of said notice; and it shall co-operate with the proper officers or officials or other persons lawfully in charge of such structures and shall furnish them with all reasonable facilities to inspect the methods of caring for their property. Whenever it becomes necessary to cut, move, change, or reconstruct any such surface or subsurface structures, or connections therewith, such work shall be done according to the reasonable satisfaction of the owners of such pipes or other structures, or such persons lawfully in charge thereof, and, should they so desire, by the owners themselves, but at the expense of the Tunnel Company—such expense not to exceed the actual cost of labor and materials used, together with a reasonable allowance for the use of plant and tools not exceeding seven and a half (7½) per cent. All such work of reconstruction or alteration of surface or subsurface structures if performed by the City or owners or persons lawfully in charge thereof, shall be done with reasonable dispatch, and facilities are to be provided so that said work shall interfere as little as possible with the practical working

and use of the railroad of the Tunnel Company. The failure of the City or other such owners or persons lawfully in charge of such structure to make such alterations within what the Board shall determine to be a reasonable time may be considered by the Tunnel Company as a waiver on the part of the City or other such owners or persons of the priority of right to do said work. In the event of the City or other such owners or persons being required to make any alteration to their surface or subsurface structures as above provided, or in case the City or such owners or persons shall consider it necessary or desirable to make any further alterations in, or do any work to or in connection with surface or subsurface structures owned by or lawfully in charge of them, or any of them, at the time the work of the Tunnel Company shall be in progress, the Tunnel Company shall give said City or other owners or persons all reasonable opportunity to make such alterations or perform such work.

The Tunnel Company shall make good to the City all damage which shall be done to the property of the City by the construction or operation of the railroad, and shall make good to every owner of property abutting upon the railroad, or which shall be injured by the work of construction or by operation thereof, all physical damage which shall be done to such abutting or injured property through any act or omission of the Tunnel Company or successor thereof, or of any contractor, subcontractor or other person in the course of any employment upon the construction or operation of the railroad or any part thereof.

The method of construction shall be generally as follows: The tunnels under streets shall be constructed in whole or in part of masonry or of steel or of iron or any two or more thereof combined. Excavations necessary in the course of construction by the Tunnel Company shall be made without disturbing the surface of the streets, provided, however, that the Board may, by resolution, wherever local conditions make excavations from the surface necessary for efficient construction, grant the right to make such excavations from the surface, subject to such conditions and regulations as the Board may prescribe.

The tracks shall be constructed of the most approved plan so as to avoid noise or tremor.

All plans for, and the method of doing, the work, including all plans for stations and station arrangements, shall from time to time be subject to the approval of the Board.

The Tunnel Company, before beginning the construction of any part of the extensions of its railroad hereby authorized, shall file with the Comptroller of the City of New York a bond in the penal sum of two hundred thousand dollars (\$200,000), in such form and with such sureties as shall be approved by the Board, conditioned for the faithful performance by the Tunnel Company of all the conditions and requirements of this certificate, so far as the same shall relate to the construction of the said extensions, or in lieu of such bond shall deposit with the Comptroller securities satisfactory to the Board, to the amount of two hundred thousand dollars.

VI.

The power to be used shall be electricity or such other power (not involving combustion in the tunnel) as may be approved by the Board.

VII.

The plan and profile of the railroad herewith attached are to be deemed a part of this franchise and to be construed with the text hereof. The same shall be substantially followed, but deviations therefrom not inconsistent with the other provisions hereof may be permitted by the Board.

VIII.

The railroad shall be diligently and skillfully operated with due regard to the convenience of the traveling public, so long as the franchise hereby granted shall remain in force.

In case at any time in the opinion of the Board, the Tunnel Company shall fail to carry out the foregoing provision, the burden of proof in any proceedings which may be instituted by any proper authority to compel a compliance therewith, shall be upon the Tunnel Company to show that it is discharging the duties and obligations imposed by this section.

IX.

The City shall have a lien upon the franchise and upon the real property of the Tunnel Company under the said streets to secure the payment of such compensation and rental.

In case of any failure to make such payment as herein prescribed, the lien aforesaid may be enforced by the Board either by entry, foreclosure or other proper proceeding and by sale of such franchise and real property.

The Board may, in its own name, or in the name and behalf of the City, bring action for specific performance, or may apply by mandamus or injunction or otherwise, to compel the performance by the Tunnel Company of the duties and obligations hereby imposed upon the said company, or any of them. And the Board may, in behalf or in the name of the City, bring any action or proceedings to recover possession of any part of the property of the City to be used by the Tunnel Company as aforesaid, or to enforce the said lien of the City, or to enforce any part of this contract in the manner provided by section 9 of the Rapid Transit Act or any other proper action or proceeding.

In case the City or the Board shall at any time or times hereafter determine that the portion of the tunnel and railroad hereby authorized under Sixth Avenue, between the north line of Ninth Street and the south line of Thirty-third Street, or the portion under Ninth Street east of Sixth Avenue, or either of them, is necessary or desirable for use as a part of some municipal system of rapid transit to be owned by The City, The City shall have, and the Tunnel Company, by the acceptance of this instrument, hereby grants to The City the right and option to purchase and take the said portion of the tunnel and railroad hereby authorized under Sixth Avenue, between the north line of Ninth Street and the south line of Thirty-third Street, or the said portion under Ninth Street east of Sixth Avenue, or either of them, at any time or times after the expiration of twenty-five years from the date when the operation of such portions shall actually begin. In case The City or the Board determines to exercise said option and acquire said portions of the tunnel and railroad hereby authorized, or either of them, The City or the Board shall give the Tunnel Company at least two years' notice in writing; and upon the day fixed by said notice for such acquisition, The City shall pay or tender to the Tunnel Company the value of such portion of the said tunnel and railroad (but not including the franchise hereby granted) as determined by agreement or by appraisal in the manner provided in Clause XI. of this certificate; such value, however, not to exceed the actual cost in money of the construction of the said portion of said tunnel and railroad, including cost of stations, real estate, and any and all easements, structures and property connected therewith, as the same exist at the time when the said option shall be exercised.

In order that the Board may be fully advised as to the character of the construction of the portions of said railroad under Sixth Avenue and under Ninth Street and the cost of construction of the same, the Board shall not only have the right to inspect the said portions of said railroad during construction, but shall also have the right to inspect and approve of all materials used therein during the process of construction and otherwise; and the Board shall also have the right from time to time to examine the books, contracts and papers of the Tunnel Company relating to said portions of said railroad for the purpose of ascertaining the actual cost of construction thereof. As soon as said tunnel and railroad is completed under Sixth Avenue from Ninth Street to Thirty-third Street, and under Ninth Street east of Sixth Avenue, the Tunnel Company shall present to the Board a statement in writing, showing the cost of construction of the said tunnel and railroad. In case the said statement is approved by the Board, both parties shall be estopped from raising any question that the same is the actual cost of construction of the said tunnel and railroad, so far as the same is completed at the date of the said statement. In case the Tunnel Company, after the date of any such statement, shall acquire or construct any other tunnel, railroad, tracks or stations on Sixth Avenue, between Ninth Street and Thirty-third Street, or under Ninth Street east of Sixth Avenue, or shall acquire or construct any additions or improvements therein, the same shall in every case be constructed with the approval and under the inspection of the Board and with the same right as hereinbefore provided to examine the books, contracts and papers of the Tunnel Company relating thereto, and a statement of the cost thereof shall be furnished to the Board by the Tunnel Company for the same purpose and with the same effect as the statement to be furnished upon the completion of the original construction of the road. In case the Board shall not approve any statement of cost of construction furnished by the Tunnel Company, the actual cost of construction of the work described or referred to in any such statement, shall be determined as soon as possible by arbitration in the manner provided by Clause XI. of this certificate.

The value of the said tunnel and railroad under Sixth Avenue, between Ninth Street and Thirty-third Street, and under Ninth Street east of Sixth Avenue, or either of them, may be fixed and determined by an agreement in writing between the Tunnel Company

and the Board. If the Tunnel Company and the Board shall not have reached such an agreement on or before the day one year before the date fixed for the purchase of the said tunnel and railroad by notice as aforesaid, then and in that event the value of the said tunnel and railroad shall forthwith be determined by arbitration in the manner provided in Clause XI. of this certificate.

The right and option hereinbefore mentioned to purchase the said portions of the said railroad is hereby expressly reserved by and for The City, and may be exercised on its behalf by the Board, or by such other authority representing The City as is now or may hereafter be vested with the power to purchase said portions of the said railroad, or either of them. Upon the exercise of such option in the manner hereinbefore provided, the title to the said portion of the said tunnel and railroad so purchased, with all additions thereto and improvements thereon, shall forthwith revert to and vest in The City, free of and from all liens, mortgages or other incumbrances of what nature soever, and all right, title and interest of the Tunnel Company, or its successors or assigns, in such portion of the said tunnel and railroad shall at once cease and determine.

And the Tunnel Company, by the acceptance of this instrument, covenants and agrees that it will not hereafter question the right, power or authority of The City to exercise the said option or to acquire or hold such portions of the said tunnel or railroad, or either of them, whether any such right, power or authority be now possessed by The City or shall be hereafter acquired by it by virtue of future legislation or otherwise.

The option hereinbefore granted and the aforesaid covenant of the Tunnel Company is one of the principal moving considerations of The City in making the grant of the franchise hereby granted; and the Tunnel Company, by the acceptance of this instrument, is estopped from questioning the authority of The City to insert the said option as one of the terms and conditions of this grant or to exercise the said option or to acquire or hold said portions of said railroad. And the Tunnel Company, by the acceptance of this instrument, covenants for itself, its successors and assigns, that it will make any and all such further grants, conveyances or other instruments of assurance in order to carry out the purposes of this agreement, as may be demanded by The City or the Board.

In case The City shall purchase and acquire such portions of the railroad in Sixth Avenue and Ninth Street, or either of them, under the option herein granted, all payments, by way of rental or otherwise, applicable to the portions so acquired herein required to be made by the Tunnel Company shall, upon the date of consummation of such purchase, cease and terminate, and, upon payment in full of all rentals due in respect to the portion of the railroad so purchased up to the date of such purchase, the Tunnel Company shall be relieved from any further payment of rentals or otherwise in respect thereto. The proportion of rentals and other payments hereinbefore provided for, properly applicable to the portion of the railroad so purchased, shall be determined by agreement between the Tunnel Company and the Board, and, if they are unable to agree, by arbitration in the manner provided in Clause XI. of this certificate.

XI.

In case it should be necessary to submit to arbitration any question arising under the provisions of Clause IV. or Clause X. of this agreement, such arbitration shall be conducted as follows: Either The City or the Tunnel Company may give notice to the other that it requires the matter arising under one or the other of said clauses, as the case may be, to be submitted to arbitration, and shall at the same time name an arbitrator, and accompany the notice by a written acceptance by the arbitrator of the appointment. Within ten days after the receipt of such notice the party receiving the same shall name an arbitrator and give written notice of such nomination to the other party, the notice to be accompanied by a written acceptance by the arbitrator of the appointment. If the party to whom notice of arbitration is given shall not so nominate an arbitrator, who shall so accept, then the arbitrator named by the party giving the first notice shall be the sole arbitrator. Any vacancy in the office of an arbitrator so appointed shall be filled by the party which shall have appointed the last incumbent thereof, and within five days after notice of the vacancy; during which five days the running of other periods of time prescribed for or in course of the arbitration shall be suspended. If not so filled, or if notice of the appointment be not given within such five days, the remaining arbitrator shall be the only arbitrator. The two arbitrators thus appointed shall select a third arbitrator; but if they fail to agree upon such third arbitrator within fifteen days after the date of the appointment of the second arbitrator appointed, the third arbitrator shall be nominated by the Executive Committee for the time being of the Chamber of Commerce of the State of New York; or if within thirty days after being requested by either of the parties to make such nomination the said Committee shall decline or fail to make a nomination, then an arbitrator shall be named by the Executive Committee for the time being of the Association of the Bar of the City of New York. The arbitrators shall hear the parties and their counsel or any statements or evidence which the parties, or either of them, desire to submit, and may resort to any other sources of information in reference to the question submitted for determination. Within thirty days after the appointment of the third arbitrator the arbitrators shall make their determination in writing, in duplicate, one to be delivered to the Board and the other to the Tunnel Company. Any determination by a majority of the arbitrators shall be final and conclusive. All fees and expenses of arbitrators shall be borne and paid equally by the Board and the Tunnel Company, by both of whom every such arbitrator shall be deemed to be employed. Every such arbitrator shall, before proceeding to consider the matter, be sworn as nearly as may be in the same manner as referees in actions at law are required to be sworn.

XII.

The Tunnel Company will not at any future time oppose, but shall at any time, upon the request of the Board, consent to, the construction of any rapid transit or street railroad over, along or under any portion of any of the said streets to be occupied by the Railroad of the Tunnel Company aforesaid, where the same shall not actually interfere with the structure of the Tunnel Company as herein authorized.

XIII.

The City, the Board and all duly authorized representatives of the City shall have the right at all reasonable times to inspect the Railroad, and any part thereof, as well during construction as afterwards, and to enter thereon when necessary for the examination, supervision or care of any property of the City, or of abutting property owners, or for any proper purpose. Nothing in this franchise shall be deemed to diminish or affect the sanitary or police jurisdiction which the public authorities shall lawfully have over property in the City.

XIV.

The Tunnel Company shall, from time to time, at its own expense, maintain and strengthen all parts of the Railroad which shall be under any street or avenue, so that the same shall safely support any structure superimposed or which shall be superimposed thereon by the City or under its authority or under any other public authority.

XV.

The Tunnel Company shall have the right to grant, convey, mortgage, assign or transfer the franchise hereby granted, provided, however, that every grantee, assignee or transferee thereof, not including, however, a mortgagee or mere lienor, but including any purchaser upon foreclosure of or under or by virtue of any provision of any mortgage or lien, shall be a corporation subject to the laws of the State of New York, and shall, upon accepting the grant, assignment or transfer, and before such grant, assignment or transfer shall be valid, assume and agree to perform all of the obligations which by the provisions hereof are assumed by the Tunnel Company, and that no such grant, conveyance, assignment or transfer shall relieve the Tunnel Company of its obligations hereunder.

And provided, further, that in case the Tunnel Company, or any successor or future owner of the franchise, shall be consolidated with or merged into any other corporation the obligations of the Tunnel Company, or such successor or future owner, hereunder shall remain unaffected, and this franchise shall pass to such new corporation only if the agreement or act of consolidation or merger shall effectively provide that the new consolidated or merging corporation shall assume all such obligations, or if such act or agreement shall not so provide, then if and when such new consolidated or merging corporation shall, in writing, expressly assume such obligations—it being the express intention of this franchise that no change in the incorporation of the Tunnel Company, or of any such successor or future owner, or in the ownership or control of the franchise hereby granted, or of any part thereof, shall diminish or affect the obligations of the holder of the same.

XVI.

If, at any time, the powers of the Board shall be transferred by law to any other board, officer or officers, then and in such case such other board, officers or officer shall have all the powers, rights and duties herein reserved to or prescribed for the Board.

XVII.

Inasmuch as it is provided in Article V. of said certificate of this Board, dated July 10, 1902, that the uppermost part of the tunnel in Greenwich Street north of the north line of Barrow Street, and in Christopher Street and West Tenth Street, opposite the terminal station of the Tunnel Company, may come within not less than thirty inches of the surface of the roadway or sidewalk, and in consideration thereof it was provided in Article IV. that the Tunnel Company should pay for such underground portions of Greenwich, Christopher and West Tenth Streets, contiguous to its terminal station aforesaid, \$3,224 per annum for the first ten years and \$6,448 per annum for the next fifteen years, such compensation being for street or vault rights in Greenwich, Christopher and West Tenth Streets aforesaid, at eleven cents per square foot per annum for the first ten years and twenty-two cents per square foot per annum for the next fifteen years; and, furthermore, it was provided in Article V. of said certificate that the Tunnel Company should keep paved with smooth pavement those portions of Christopher and West Tenth Streets contiguous to its terminal station and that portion of Greenwich Street between the north line of Barrow Street and the south line of West Tenth Street; and, inasmuch as the extensions of the tunnel and railroad of the Tunnel Company herein authorized and provided for will make it necessary to locate said tunnel and railroad under Greenwich, West Tenth and Christopher Streets at such depth below the surface as not to require any encroachment upon or interference with vault space under Greenwich, Christopher and West Tenth Streets, as provided for in said certificate of this Board, dated July 10, 1902; said certificate is hereby amended by striking out the fourth paragraph of Article IV. thereof, which requires the payment by the Tunnel Company to the City for such underground portions of Greenwich, Christopher and West Tenth Streets of the sum of \$3,224 per annum for the first ten years and \$6,448 per annum for the next fifteen years, and also by striking out and omitting the fourth paragraph of Article V. of said certificate, which requires the Tunnel Company to keep paved with smooth pavement those portions of Christopher and West Tenth Streets contiguous to its terminal station and that portion of Greenwich Street between the north line of Barrow Street and the south line of West Tenth Street and by substituting in place thereof the following provision, that is to say: The Tunnel Company shall pay to the City for the rights, franchises and licenses in and under Greenwich Street from the north line of Barrow Street to the intersection of Greenwich and West Tenth Streets the sum of fifty cents per annum for each linear foot of single railway track which shall be then constructed or which the Tunnel Company shall be bound to have then constructed under such street within the City of New York during the period beginning on the day when the Tunnel Company shall first commence actual operation of the railroad (but not later than the last day on which the Tunnel Company shall be bound to begin such operation) and ending on the day ten years next thereafter, and the sum of one dollar per annum for each linear foot of such tracks constructed beginning on the last day of such period of ten years and ending on the day fifteen years next thereafter.

IN WITNESS WHEREOF, this certificate has been prepared by the Board of Rapid Transit Railroad Commissioners for The City of New York, by and upon the concurrent vote of at least six of the members of the said Board, and is now attested by its seal and by the signature of its President, who is its presiding officer, and by the signature of its Secretary, this 22d day of December, 1904.

Letter as follows of the Vice-President of the Title Guarantee and Trust Company as to kiosks on Fulton street, Brooklyn, was read:

TITLE GUARANTEE AND TRUST COMPANY,
No. 175 REMSEN STREET,
BROOKLYN, December 20, 1904.

MR. ALEXANDER E. ORR, President, Rapid Transit Commission, No. 320 Broadway, New York City:

DEAR SIR—Some time since I addressed the Rapid Transit Commission on the subject of kiosks on Fulton street, setting forth in that communication the extreme disadvantages to this great thoroughfare, which will, on the completion of the underground road, be unique in that it has three kinds of transportation going above, on and under it. In that communication I appealed to your Commission to relieve the street from the erection of any kiosks or approaches, especially at Hoyt street.

May I ask what the conclusion of your Commission is with reference to the erection of those kiosks, and whether it is your intention to erect them according to the original

plans. I have been advised that the iron work has been ordered on the basis of continuing the present location of the kiosks, hence I take the liberty of again calling the matter to the attention of your Commission.

Respectfully submitted,
(Signed) FRANK BAILEY, Vice-President.

The Chief Engineer submitted the following letter as to a connection with one of the proposed stations on Fulton street:

No. 189 MONTAGUE STREET, BROOKLYN, N. Y.,
December 21, 1904.

Board of Rapid Transit Commissioners, City of New York:

GENTLEMEN—We are the owners of the property at the northwest corner of Bridge and Fulton streets, where the Rapid Transit Commission proposes to construct a station. At the expiration of the present lease of this building, namely, May 1, 1906, we propose to tear down the present building and erect a new one for business purposes. In order to secure an entrance to the station that will be convenient to our building we beg leave to submit herewith certain plans showing an entrance to the subway station. A portion of this entrance will be in the area space of the building on Bridge street, and a part for the width of 4 feet, more or less, on our property.

If the Rapid Transit Commission will construct an entrance to the station substantially as shown, we will be willing to give to the City an easement for such portion of the entrance as is on our property, to continue so long as the City maintains and operates the railway, provided the work of building this entrance shall be done simultaneously with the erection of our new building, and be completed on or before October 1, 1906, at which time our new building must be completed; and that the stairways, their cover and the columns supporting the sidewalk on Fulton street shall be put in by the Rapid Transit Commission, and that the Commission should pay for such extra expense involved in the building of the said wall of the new building on Bridge street as would be involved by the necessary stairway construction. In addition the right to be given to maintain show windows along the wall line of the station and against the stairway and passage, at the expense of the owners of the building. In addition the right to be given to have an entrance from the building to the station at either or both of the points marked "A."

Yours respectfully,
(Signed) STRAUSS & CHARIG,
No. 189 Montague Street.

The following resolution was moved:

Resolved, That this Board hereby approves the proposed plan for a connection with subway station on Fulton street, Brooklyn, as outlined in the foregoing communication, and requests the Counsel and Chief Engineer to draft a resolution covering the matter, to be presented for the action of the Board at a subsequent meeting.

Ayes—The President, Vice-President, Comptroller, Commissioners Langdon, Smith, Jesup and Clafin.

Communication, as follows, of the President of the Rapid Transit Subway Construction Company was read:

RAPID TRANSIT SUBWAY CONSTRUCTION COMPANY,
OFFICE No. 23 NASSAU STREET, NEW YORK CITY,
NEW YORK, December 21, 1904.

Hon. ALEXANDER E. ORR, Esq., President, Board of Rapid Transit Railroad Commissioners, No. 320 Broadway, New York City:

DEAR SIR—This company deposited with the Comptroller securities of the market value of \$1,024,360 (exclusive of accrued interest) in lieu of the Continuing Bond required by the contract for the construction and operation of the line of railroad from Manhattan to Brooklyn, dated July 21, 1902.

Some time since we made application to your Board for leave to substitute for these securities a Continuing Bond, executed by surety companies satisfactory to your Board, and we now renew this application, and offer to furnish bonds with the following-named corporations as sureties, each one of them undertaking a liability to the amount set opposite its name, respectively, viz.:

United States Fidelity and Guaranty Company.....	\$250,000 00
Fidelity and Deposit Company, of Maryland.....	250,000 00
National Surety Company	250,000 00
The Aetna Indemnity Company	100,000 00
The Empire State Surety Company.....	150,000 00

I should be greatly obliged if your Board would take the necessary action to authorize and approve the acceptance of a Continuing Bond with these sureties and the surrender of the securities above referred to upon delivery of the bond.

I remain,

Yours very truly,
(Signed) AUGUST BELMONT, President.

The following resolution was moved:

Resolved, That the President and Secretary of this Board be and they hereby are authorized to execute in the name and under the seal of the Board agreement in form substantially as follows:

Agreement made this day of December in the year Nineteen hundred and four, between The City of New York (hereinafter called the City), acting by the Board of Rapid Transit Railroad Commissioners for The City of New York (hereinafter called the Board), party of the first part, and Rapid Transit Subway Construction Company (hereinafter called the Contractor), party of the second part, Witnesseth:

Whereas, Heretofore and on or about the 21st day of July, 1902, the City, acting by the Board, entered into a contract with the Contractor for the construction and operation of the Rapid Transit Railroad in The City of New York and otherwise, as therein mentioned, the said contract being hereinafter styled the Contract for Construction and Operation; and

Whereas, Upon entering into said Contract for Construction and Operation, the Contractor deposited with the City the sum of One million dollars (\$1,000,000) in cash as security for Construction and Operation, and also deposited with the City certain securities of the value of more than One million dollars (\$1,000,000) as a continuing deposit to secure the payment of rent under the lease part of said Contract, and also for the faithful performance by the Contractor of all the covenants, conditions and requirements specified and provided for in said Contract; and

Whereas, The Contractor desires to substitute a continuing bond with sureties for the said continuing deposit of securities, and the Board approves of such substitution:

Now, therefore, in consideration of the premises, it is agreed that the said Contract for Construction and Operation, be, and the same hereby is, modified so as to provide that upon the receipt by the City, acting by the Board, from the Contractor of the bond as hereinafter mentioned, it may consent to the surrender to the Contractor of the securities amounting in value to at least One million dollars (\$1,000,000), deposited as a continuing deposit aforesaid,—Provided, however, and it is expressly agreed that this agreement shall take effect when, and only when, the Contractor shall give to the City in lieu of the said securities amounting in value to at least One million dollars (\$1,000,000) so to be surrendered a bond in amount at least One million dollars (\$1,000,000), upon which the said Contractor shall be principal, with sureties approved by the Board. Said bond shall be a continuing security and shall provide for the prompt payment by the said Contractor of the amount of the annual rental specified in the Contract for Construction and Operation and also for the faithful performance by the Contractor of all the conditions, covenants and requirements specified and provided for in said contract. The said bond shall, except as to names of the sureties, be substantially in the form hereto annexed, entitled "Form of Bond."

And it is further agreed, that the said Contract for Construction and Operation be and the same hereby is modified so as to provide that the Board may, in case any of the sureties upon the said bond so to be given or upon any bond to be given in lieu thereof as hereinafter provided shall become insolvent or unable, in the opinion of the Board, promptly to pay the amount of such bond to the extent of which such surety might be liable, then the Contractor, within thirty days after notice by the Board to the Contractor, shall, by supplemental bond or otherwise, substitute another and sufficient surety in place of the surety so insolvent or unable. If the Contractor shall fail within such thirty days or such further time as the Board may grant to so substitute another and sufficient surety, then the Contractor shall be deemed, for all the purposes of the Contract for Construction and Operation and its modifications, to be in default in the performance of his or its obligations thereunder, and the Board may terminate the said Contract, or may bring any proper suit or proceeding against the Contractor or any of

the sureties or either of them, or may require to be deducted from any moneys then in or thereafter coming into the hands of the City and due to the Contractor the amount for which the surety insolvent or unable as aforesaid shall have justified on said bond; and the moneys so deducted shall be held by the Comptroller as collateral security for the performance of the conditions of the said bond.

And it is further agreed, that the said Contract for Construction and Operation and the said Agreement for Modification of Contract be and they hereby are modified so as to provide that the Board may, at the request of the Contractor, and as allowed by law, substitute for any continuing bond or deposit given or made by the Contractor another bond or deposit to be approved by the Board, which said bond or deposit shall continue in lieu of said former bond or deposit.

In witness whereof, This contract has been executed for The City of New York by its Board of Rapid Transit Railroad Commissioners, under and by resolution duly adopted by said Board, concurred in by more than six of its members, and the seal of the said Board has been hereto affixed and these presents signed by the President and Secretary of the said Board, and the said Rapid Transit Subway Construction Company has caused its corporate seal to be hereto affixed and attested by its Secretary and these presents to be signed by its President, on the day and year first above written.

State of New York, County of New York, ss.:

On this day of , 1904, before me personally appeared August Belmont, to me known, who, being by me first duly sworn, did depose and say that he resided in the County of Nassau, in the State of New York; that he is President of Rapid Transit Subway Construction Company, the corporation described in and which executed the foregoing contract; that he knew the corporate seal of said Company; that one of the seals affixed to said contract was such corporate seal; that it was affixed thereto by order of the Board of Directors of said Company, and that he signed his name thereto by like authority.

[SEAL] , Notary Public, New York County.

Form of Bond.

Know all Men by these Presents, That Rapid Transit Subway Construction Company (hereinafter called the Principal) and the Fidelity and Deposit Company of Maryland and United States Fidelity and Guaranty Company, both corporations of the State of Maryland, carrying on business in the State of New York, and having their respective offices and usual places of business at No. 35 Wall Street and 66 Liberty Street, in the City of New York, the National Surety Company, a corporation of the State of New York, having its principal office at 346 Broadway, in the City of New York, The Aetna Indemnity Company, a corporation of the State of Connecticut, carrying on business in the State of New York and having its office and usual place of business at No. 68 William Street, in the City of New York, and the Empire State Surety Company, a corporation of the State of New York, having its principal office at No. 156 Broadway, in the City of New York [hereinafter called the Sureties], are held and firmly bound unto the City of New York [hereinafter called the City] in the penal sum of One million dollars (\$1,000,000), lawful money of the United States of America, to be paid to the City, for which payment well and truly to be made the said Principal and the said Sureties bind themselves, their successors and assigns, jointly and severally, firmly by these presents, as follows:

The said Principal to be so held and bound in the full amount of the said One million dollars (\$1,000,000) and each of the said Sureties to be so held and bound and bound only, as follows, that is to say: The said Fidelity and Deposit Company of Maryland, in the sum of Two hundred and fifty thousand dollars (\$250,000), the United States Fidelity and Guaranty Company in the sum of Two hundred and fifty thousand dollars (\$250,000); the National Surety Company in the sum of Two hundred and fifty thousand dollars (\$250,000); the Aetna Indemnity Company in the sum of One hundred thousand dollars (\$100,000), and the Empire State Surety Company in the sum of One hundred and fifty thousand dollars.

In Witness Whereof, the Principal and the Sureties have caused these presents to be duly executed by their respective officers thereunto duly authorized and their respective corporate seals to be hereunto affixed this day of , in the year of our Lord one thousand nine hundred and

Whereas, the City, by its Board of Rapid Transit Railroad Commissioners (hereinafter called the Board) heretofore entered into a contract with the Principal, bearing date the 21st day of July, 1902, for the construction and equipment, and after such construction and equipment shall be complete, then for the lease and operation of the Rapid Transit Railroad in the City of New York, particularly described in said contract; and

Whereas, upon entering into such contract the said Principal deposited with the City as a continuing deposit certain securities of the value of more than one million dollars (\$1,000,000); and

Whereas, the said contract, by agreement between the City acting by the Board and the said Rapid Transit Subway Construction Company, dated the day of December, 1904, has been modified so as to provide that the City, by the Board, may surrender to the Contractor the securities, amounting in value to at least One million dollars (\$1,000,000), deposited as aforesaid and to accept this bond in lieu of such original bond and of such securities; and

Whereas, The City, by the Board, has accordingly consented to so surrender the said securities, amounting in value to at least One million dollars (\$1,000,000) deposited as aforesaid, and to accept this bond, in lieu of said securities; and

Whereas, Such consent has been given, and such surrender of securities will be made upon and only upon the faith and security of this bond;

Now, therefore, the condition of this obligation is such that if the above-bounden principal shall promptly pay the amount of the annual rental specified in said contract and shall also faithfully perform all the conditions, covenants and requirements therein and in any modifications thereof, specified and provided, and in case of default on the part of the principal, as provided in Section 34 of the Rapid Transit Act, the principal shall pay the amount of the deficiency therein mentioned, then this obligation shall be null and void, but else it shall remain in full force and virtue.

It is expressly agreed between the City and the Sureties, and it is upon such agreement that the City accepts this bond, that the Sureties will and do waive any and every notice of default on the part of the principal; that they will and do permit the City to extend the time of the principal to make any payment or do any act; that no omission on the part of the City to give any notice or extension of time granted by or on behalf of the City shall be availed of by the Sureties as a defense upon this bond; that the

Sureties shall not set up or have any defense upon this bond by reason of any alteration of the said contract heretofore made; that the Sureties shall not set up or have any defense upon this bond by reason of any alteration of the said contract hereafter made, unless such alteration shall be represented by formal written instrument, duly executed, between the City and the principal, which shall have been duly authorized by a vote of the Board; and that in case of any such future alterations, however made, the same shall be a defense to the Sureties only to the extent of the actual injury or damage caused to the Sureties by said alteration.

It is expressly agreed between the City and the Sureties that the Sureties hereby assume all the obligations prescribed for sureties upon bonds like this by Chapter 4 of the Laws of 1891 and the various acts amendatory thereof (all such acts together being known as the "Rapid Transit Act").

This bond shall be a continuing security to The City of New York for the entire term of thirty-five (35) years after the complete construction and equipment of the Rapid Transit Railroad, as prescribed in the said contract and the several modifications thereof, and the declaration of the Board that the said Railroad and its equipment are so complete.

And Whereas, The principal also deposited with the City, besides the securities above mentioned, the sum of One million dollars (\$1,000,000) in cash as security for the performance by the said principal of some of the acts and things the performance of which is secured hereby.

Now, therefore, it is further expressly agreed between the City and the Sureties that the City shall be at liberty, in case of any default by the principal, against which this bond is given as security, to collect the loss or damage to the City caused thereby either from the Sureties on this bond or the sureties on such other bond or bonds, or out of the said deposit, or out of all such securities as the City may elect.

Hon. GEORGE L. RIVES, No. 32 Nassau Street, New York City:

DEAR MR. RIVES—Referring to our conversation of this morning relative to the offers made by Messrs. A. C. & F. W. Hottenroth, on behalf of certain owners of property along the Southern Boulevard to convey the easements necessary to the construction, maintenance and operation of a rapid transit railroad in front of their property upon the payment of ten dollars per front foot, I beg to say that, in my opinion, the acceptance of this offer by the Rapid Transit Railroad Commissioners will effect a considerable saving to the City, as I am convinced that Commissioners would award a sum certainly not below that amount per running foot.

I think, however, that an acceptance of the offer might be conditional upon the furnishing by the owners of certificates from any one of the title companies that they are the owners of the property, the easements of which are to be conveyed, together with memorandum showing all outstanding mortgages upon said property owned by them.

As the owners of the property have undoubtedly had their titles examined, and in many cases policies of insurance have been issued, the company could, at a very small cost to the owners, furnish the certificates desired.

Respectfully yours,
(Signed) CHARLES N. HARRIS,
Assistant Corporation Counsel.

Communication of the Deputy Chief Engineer was read as follows:

THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS,
CHIEF ENGINEER'S OFFICE, No. 320 BROADWAY,
NEW YORK, December 22, 1904.

Hon. A. E. ORR, President, Rapid Transit Board:

MY DEAR SIR—The work of the East River Tunnel on Joralemon street has so far progressed that it now becomes necessary, on account of the heavy air pressure in which the employees of the Commission have to work, to secure convenient and suitable quarters near Furman street. We have been in communication with Messrs. W. A. & A. M. White, who are the owners of the Riverside Apartments on Joralemon street, and we can rent one of the apartments for \$70 per month, which will include stoves, hot water boiler, metal lockers and other necessary fittings. At the end of the first year the rent will be reduced to the ordinary amount, so if these rooms are required for two years the rent will amount to about \$500 per year. The rent of the first year will be \$840 on account of the necessary fitting up of the rooms for compressed air work.

I recommend that a lease be made under the conditions as stated above.

Very truly yours,
(Signed) GEORGE S. RICE, Deputy Chief Engineer.

The following resolution was moved:

Resolved, That the President be and he hereby is authorized to execute lease for offices in the Riverside Apartment, Borough of Brooklyn, on the terms outlined in the Deputy Chief Engineer's letter printed above.

Ayes—The President, Vice-President, Comptroller and Commissioners Langdon, Smith, Jesup and Claflin.

Nays—None.

Carried.

President Orr moved the following resolution:
Resolved, That the salary of H. A. D. Hollmann, Auditor, be and the same hereby is increased to \$3,000 per annum, to take effect 1st of January, 1905.
Ayes—The President, Vice-President, Comptroller and Commissioners Langdon, Jesup and Claffin.
Nays—None.
Carried.

The Board then went into executive session.
Counsel presented drafts of proposed bills to amend the Rapid Transit Act and it was agreed that the same should be reprinted in the form of two bills for presentation at the next meeting of the Board.

The Secretary reported that the President had executed certificate for extension of time to the New York Connecting Railroad Company, as authorized at the last meeting as follows:

Whereas, The Board of Rapid Transit Railroad Commissioners for The City of New York, did, by certificate dated the 23d day of June, 1904, authorize the New York Connecting Railroad Company to construct and operate a certain connecting railroad or railroads in the said City in manner and subject to the terms and conditions prescribed in the said certificate; and

Whereas, The said certificate, duly executed by the Board, was delivered by the Board to the New York Connecting Railroad Company, which company, on the 29th day of June, 1904, duly accepted the franchise and all the terms, conditions and requirements thereof by an instrument in writing; and

Whereas, Reasonable cause has been shown by said New York Connecting Railroad Company to the said Board why the consents provided for in said certificate have not been obtained within the periods therein prescribed, and this Board, pursuant to the terms of the said certificate, has power to extend the said periods;

Now, therefore, the Board of Rapid Transit Railroad Commissioners for The City of New York does hereby

Certify that the time of the New York Connecting Railroad Company to obtain or receive the consent of the local authorities required by the certificate or franchise of this Board to said Railroad Company, dated June 22, 1904, be and the same hereby is extended to the 29th day of March, 1905, and that the time to obtain the consent of the necessary property-owners, or in lieu thereof the determination of the Appellate Division as required in said certificate be and the same hereby is extended to the 29th day of September, 1905.

In Witness Whereof, this certificate has been prepared by the Board of Rapid Transit Railroad Commissioners for The City of New York, by and upon a concurrent vote of at least six members of the said Board, and is now attested by the signature of its President, who is its presiding officer, and by the signature of its Secretary, this 15th day of December, 1904.

THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS
FOR THE CITY OF NEW YORK,

By A. E. ORR, President.

Attest:

BION L. BURROWS, Secretary.

State of New York, County of New York, ss.:

On this 15th day of December, 1904, in The City of New York, in said county, before me personally appeared Alexander E. Orr and Bion L. Burrows, each to me known and known to me to be the said Alexander E. Orr, the President, and Bion L. Burrows, the Secretary, of the Board of Rapid Transit Railroad Commissioners for The City of New York; and the said Alexander E. Orr and Bion L. Burrows, being by me duly sworn, did depose and say, each for himself and not one for the other, the said Alexander E. Orr that he resided in the Borough of Brooklyn, in the said City, and that he was the President of the said Board; that he subscribed his name to the foregoing certificate by authority thereof, and the said Bion L. Burrows that he resided in the Borough of Brooklyn, in the said City, and that he was the Secretary of the said Board, and that he subscribed his name by like authority; and both the said Alexander E. Orr and Bion L. Burrows that they knew the seal of the said Board, and the same was affixed to the foregoing certificate by the authority of the said Board and of a resolution duly adopted by the same.

H. A. D. HOLLMAN,
Notary Public for Kings County, New York.
Certificate filed in New York County.

[SEAL.]

The Board then adjourned.

BION L. BURROWS, Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION.

New York, December 22, 1904.

A meeting of the Municipal Civil Service Commission was held at the Commission's offices, No. 61 Elm street, on Thursday, December 22, 1904, at 4.30 p. m. All the Commissioners were present.

A letter was presented from the Secretary to the Board of Trustees of the Queens Borough Library, dated November 10, requesting the Commission to re-establish the apprentice class in the Queens Borough Library, and stating that a representative of the Library would like to appear before the Commission and explain the desirability of taking such action. The Secretary was instructed to communicate with the Board of Trustees and state that the Commission will be pleased to hear any statements it may wish to make on Friday afternoon, the 30th inst., at 4 o'clock.

A letter was presented from the Fire Commissioner, transmitting a letter from Chief Croker requesting the Commission to grant a special examination to Messrs. Thomas L. Odom and Everett L. Tarlton for the position of Automobile Engine-man. The Chief stated that these persons were examined non-competitively for temporary appointment to the position of Automobile Engineman in the Fire Department, but that when the open competitive examination was advertised they failed to enter the same, not knowing it would be necessary to take a second examination. The Secretary was instructed to communicate with the Fire Commissioner, and state that the Commission is without power to grant a special examination to any candidate, except in a case where failure to appear for or to complete an examination was due to an error or mistake for which the Commission is responsible.

A letter was presented from the Commissioner of the Fire Department, transmitting the certificate of a physician and requesting that the Commission approve a leave of absence, for three months and fourteen days, from August 11, 1904, granted Lineman Michael J. Cosgrove on account of illness. The leave of absence was approved.

A letter was presented from the Department of Correction, requesting the Commission to hold an examination for promotion of Michael J. Burke from the position of Mate to that of Keeper. The request was denied.

A letter was presented from the Department of Health, requesting approval of leave of absence, without pay, from December 1 to 31, granted Havens B. Bayles, M. D., Medical Inspector, on account of illness, and transmitting a doctor's certificate in substantiation of the same. The leave of absence was approved.

A letter was presented from the Secretary of the Board of City Magistrates, First Division, requesting that the Commission "place in the Exempt Class the following-named persons appointed Probation Officers in and for the City Magistrates' Courts of the First Division of The City of New York: Alice C. Smith, Carrie McCauley and Anna Doyle." The Secretary was instructed to communicate with the Board of City Magistrates and call their attention to the fact that under chapter 357 of the Laws of 1903 the number of Probation Officers for the City Magistrates' Courts was limited to one.

A letter was presented from the President of the Borough of Richmond, requesting the Commission to extend the six months' leave of absence granted F. P. Peirce, Topographical Draughtsman, on account of illness. The Secretary was instructed to communicate with the President of the Borough of Richmond and request that he furnish the Commission with a more detailed statement of the facts in the case, and also present a doctor's certificate showing that it is impossible for Mr. Peirce to return to duty at this time.

A letter was presented from the President of the Borough of Richmond, requesting approval of the temporary appointment of Warren G. Pierce as Machinist (Automobile Repairist) for various five-day periods from the following dates: October 25, October 30, November 4, November 9, November 14, November 19, November 24 and November 29. The appointments were approved under Rule XIX., paragraph 11. Letters were presented from the Department of Street Cleaning, requesting approval of the temporary appointment of the following-named persons as Machinists (Automobile Repairists):

Henry Read, November 30 to December 5.
Frank Schwarz, December 1 to December 6.
C. R. Stedman, December 3 to December 8.

The appointments were approved under the provisions of Rule XIX., paragraph 11.

A letter was presented from the Department of Street Cleaning, requesting an examination for promotion from fifth to sixth grade Clerk. The request was granted, and the Secretary was instructed to arrange an examination at the earliest possible date.

A letter was presented from the State Civil Service Commission, advising this Department that at a meeting of that body, held on the 16th inst., the following resolutions of this Commission had been disapproved:

1. Classifying in the Exempt Class, Department of Parks, Deputy Superintendent of Parks, The Bronx; two Division Superintendents of Parks, The Bronx; Stenographer to the Commissioner, Department of Parks, The Bronx;
2. Classifying in the Exempt Class, Department of Parks, Assistant Superintendent of Parks, Brooklyn;
3. Classifying in the Exempt Class, Department of Parks, General Inspector;
4. Classifying in the Exempt Class, Department of Bridges, Stenographer to the Commissioner;
5. Classifying in the Exempt Class the following positions: In the office of the Commissioner of Licenses, Secretary to the Commissioner, Chief Inspector and Assistant Chief Inspector;
6. Amending the classification of positions in the Competitive Class, Part I., by including therein the title "Inspector of Licenses";

—and that the following resolution had been approved:
Classifying in the Exempt Class, Tenement House Department, Secretary to the First Deputy Commissioner.

The Secretary was instructed to communicate with the various departments affected and notify them of the action of the State Commission.

On the recommendation of the Chief Examiner, the following reports of Non-competitive Examining Board were approved:

School Ship "St. Mary's"—December 2, December 2 and December 5;
Board of Education—November 1, November 18, November 22, November 23 and November 26;
Department of Correction—November 30.

A letter was presented from W. F. McGowan, No. 630 Classon avenue, Brooklyn, protesting against the recent examination for the position of Riveter. The letter was ordered filed.

A letter was presented from William F. Boyd, candidate in the recent examination for Clerk, making affidavit to the fact that he completed his examination and handed in all his papers, including the dictation paper which is now missing. The Secretary was instructed to direct the Chief Examiner to have a complete search made for the missing paper and, if the same cannot be found, to summon the candidate for a special examination in dictation.

On motion, the resignation of Francis A. Siebert, Park Ridge, New Jersey, from the position of Monitor in this Commission was accepted.

Letters were presented from Edward J. St. Leger and James Cox, requesting that the examination which they took for promotion from Orderly to Junior Clerk be changed to "Orderly to Clerk." The matter was referred to the Chief Examiner for a report thereon.

A letter was presented from Joseph V. Flynn, No. 3119 Avenue F, Brooklyn, requesting that his name be restored to the eligible list for Temporary Clerk, and stating that he personally called on the Commissioner of Water Supply, Gas and Electricity, Brooklyn, and notified him that he was unable to accept employment for the reason that he was attending college. The request was denied.

A letter was presented from James Riley, Assistant Foreman, Engine Company 140, Fire Department, of The City of New York, requesting a suspension of physical examination, in so far as it applies to the eyesight, in the next examination for promotion to the position of Foreman.

On motion, the request was denied.

Letters were presented from William J. Cantwell and John A. Cahill, employees in the office of the President of the Borough of Brooklyn, requesting that the examination taken by them in June, 1902, for promotion from Junior Clerk to first grade Clerk, be construed to have qualified them for promotion to fourth grade Clerk.

On motion, the request was granted.

A letter was presented from James Mack, requesting that the Commission reconsider its action in declining to restore his name to the preferred list for the position of Rodman, and stating that, owing to the fact that he had changed his address, his notice of appointment was not received by him until too late to respond within the required time. It appearing that Mr. Mack had never notified this Commission of his change of address, and that therefore his failure to receive the notice of appointment was in nowise the fault of the Commission, the request was denied.

A letter was presented from James C. Summers, requesting that his name be transferred from the eligible list of Court Attendant, Borough of Manhattan, to that of Court Attendant, Borough of Brooklyn, for the reason that he has changed his address to the latter borough. The Secretary was instructed to communicate with Mr. Summers and state that upon presentation by him of an affidavit setting forth his change of address, his request would be granted.

A letter was presented from John H. Hall, No. 343 West Forty-third street, requesting that the Commission restore him to eligibility for certification for the position of Janitor at any salary offered. It appearing that Mr. Hall had already declined appointment in the Board of Education at a salary of \$1,478.40, the Secretary was instructed to notify him that he will not be again certified at a salary lower than that declined by him.

A letter was presented from John O. Moran, No. 227 Bridge street, Brooklyn, requesting that the Commission reconsider its action in rejecting his application for the position of Janitor on the recommendation of the Chief Examiner. The matter was referred to the President for further consideration.

On motion, the resignation of William J. Rooney, No. 355 Sixth avenue, Brooklyn, from the position of Monitor in this Commission was accepted.

A letter was presented from Mr. Jess P. Larimer, Business Agent of the United House-Smiths and Bridgemen, requesting that Thomas Beattie, the Expert who was appointed to conduct the examination for Riveter, be himself given special examination for that position. The Secretary was instructed to communicate with Mr. Larimer, and to state that, under the Civil Service Rules, no special examination can be granted him, but that Mr. Beattie's application may remain on file for the next examination.

A letter was presented from Charles J. Tobin, Esq., Albany, New York, requesting that the Commission authorize him to furnish it with copies of all bills passed during the session of 1905 relating to the Civil Service of this City. The matter was referred to Commissioner Appleton.

A letter was presented from Edward J. Sullivan, requesting that his name be restored to the eligible list for Temporary Clerk. In view of the statements contained in the doctor's certificate transmitted by him to the effect that he was ill with typhoid-malarial fever when offered appointment in the Department of Finance, and was therefore unable to accept the same, the request was granted.

A letter was presented from William J. Nolan, No. 478 Jerome street, Brooklyn, requesting that he be restored to eligibility for appointment to the position of Stationary Engineman in the Borough of Manhattan. It appearing that Mr. Nolan has already declined appointment in the Department of Charities, Borough of Manhattan, on account of location, the request was denied.

A letter was presented from Martin Gollubier, No. 1045 Freeman street, New York City, requesting that he be permitted to change one of the vouchers on his application for the position of Inspector of Tenements, for the reason that the voucher in question, when written to by the Commission, answered that he did not know enough about the candidate to vouchsafe an opinion. The request was granted.

A letter was presented from Matthew F. Quinn, requesting that his name be restored to the eligible list for Leveler, and stating that he declined appointment in the Aqueduct Commission on account of insufficiency of the compensation offered. The request was granted.

A letter was presented from E. C. Cuyler, Esq., Albany, New York, requesting that he be permitted to furnish the Commission with copies of bills introduced in the Legislature during the session of 1905, affecting the Civil Service of this City. The matter was referred to Commissioner Appleton.

A letter was presented from the Eccentric Association of Engineers, protesting against the inclusion of the position of Engineman in the hospitals for contagious diseases, Department of Health, in the Non-Competitive Class. The letter was ordered filed.

A letter was presented from John H. Kelley, Junior Clerk in the office of the Fire Marshal, Brooklyn, requesting that the examination taken by him for promotion to first grade Clerk be construed to have qualified him for promotion to fourth grade Clerk. The matter was referred to the President.

On motion, the application of Irving Hawkins for the position of Leveler was rejected for the reason that the applicant is a resident of South Orange, New Jersey.

The Secretary presented the applications of the following-named persons which were rejected by the Chief Examiner for the reason that they stated "No" in answer to the question "Did you ever file an application for any position in the service of The City of New York?" when the records of this office show that the answer is not true:

James E. Fitzsimmons, Inspector of Regulating, Grading and Paving.
Joseph Campbell, Inspector of Regulating, Grading and Paving.
Thomas Campbell, Inspector of Regulating, Grading and Paving.
James J. Murphy, Inspector of Regulating, Grading and Paving.
Edward S. Gold, Inspector of Lamps and Gas.
John Tallon, Inspector of Lamps and Gas.
Edward Joseph Kelly, Assistant Secretary.
Samuel G. Weisman, Topographical Draughtsman.
William Rush, Axeman.
George V. Hall, Axeman.
Joseph S. Jaffa, Axeman.
Archie B. Ritchie, Axeman.
Andrew F. Kelly, Clerk, Taxes and Assessments.
Edward J. Kelly, Gardener.
Joseph William Smith, Inspector of Tenements.
James E. Walsh, Inspector of Tenements.
The action of the Chief Examiner was approved.

The Secretary presented the applications of the following-named persons, stating that the same had been rejected by the Chief Examiner for unsatisfactory character: Sidney H. Saloman, Assistant Secretary, dismissed from the Department of Correction in March, 1904, for absence without leave.

Charles J. Brogan, Axeman, dismissed from the Fire Department for absence without leave.

John T. Bleekman, Watchman, discharged from the Brooklyn Rapid Transit on charges.

Thomas C. Roche, Inspector of Tenements, dismissed from the Custom House upon the charge of intoxication on July 24, 1903.

Charles Roggenkamp, Watchman, dismissed from the Post Office on December 31, 1902, for continued absence from duty without leave.

James P. Bracken, Inspector of Lamps and Gas, dismissed from the position of Inspector of Water Meters on February 27, 1903, on charges of improper conduct and disobedience of orders.

The action of the Chief Examiner was approved.

On motion, it was

Resolved, That, with the approval of the Mayor and the State Civil Service Commission, the 12th paragraph of Rule VII., providing that "No person who has entered any examination for appointment to a competitive position and failed therein, or who has withdrawn therefrom, shall be admitted within nine months from the date of such examination to a new examination for the same position," be waived so far as it applies to the next examination for the position of Topographical Draughtsman.

A letter was presented from the Aqueduct Commission, requesting the Commission to attach its certificate to the pay-rolls of a number of Transitmen and Axemen, employed temporarily in that department, whose services had exceeded the sixty days allowed by Rule XII. It appearing that when the sixty days had expired this Commission was unable to certify for permanent appointment, the eligible lists for Transitmen and Axemen not being ready for announcement, and that it was therefore necessary to continue the services of the persons serving temporarily, the Secretary was directed to attach a special certificate to the pay-rolls, setting forth the facts in the case, and to forward the same to the Finance Department for audit.

A letter was presented from W. J. Burke, No. 787 Cauldwell avenue, New York City, requesting that he be permitted to enter the coming examination for Topographical Draughtsman, although but twenty years of age. It appearing that the minimum age limit for that examination had been fixed by the Commission at twenty-one years, the request was denied.

On motion, it was

Resolved, That the salary of Frank A. Spencer, Esq., Labor Clerk, be and the same is hereby fixed at the sum of \$3,500 per annum, to take effect from January 1, 1905.

The Commission then adjourned for the day.

Chief Clerk to Answer.

J. P. Stephon, relative to his application to be appointed as Special Patrolman.

Ordered, That leave of absence be granted, pursuant to conditions named, to be taken before December 31, 1905, as follows:

To Sergeants and Detective Sergeants, fifteen days with pay.

To Roundsmen, twelve days with pay or twenty days with half pay.

To Patrolmen, Doormen and Matrons ten days with pay, or eighteen days with half pay, except members of the Force detailed at Central Office, whose vacations shall be the same as Clerks.

All leaves of absence of the Force under this order to be entered on the morning returns. The Chief Inspector is empowered to grant leaves of absence for vacations to Sergeants, Roundsmen, Patrolmen, Doormen and Matrons for the time above stated, whenever the exigencies of the service will permit. Vacations of other members of the Force will be granted on application to the Commissioner.

Leave will be granted to Telegraph Employees of two weeks, under the direction of the Superintendent of Telegraph; Cleaners, Laborers and employees at Central Department of five days, under the direction of the Janitor; Hostlers of five days, to be taken when the exigencies of the service will permit, under the direction of the commanding officers of the precinct where Hostlers are employed; Clerks, Stenographers and members of the Force detailed to the Chief Clerk of two weeks, under the direction of the Chief Clerk.

Leaves of absence for vacation to members of the Sanitary Company (Health Department and Tenement House Department) shall be taken at such times as in the judgment of the Commissioners of those Departments the exigencies of the service will permit.

Provided, That leave of absence, with full pay granted, shall in no case exceed twenty days in any year to any member of the Force.

The above shall not apply to persons appointed after January 1 in the current year.

On reading and filing report of John S. Higgins and William J. BOARD OF ESTIMATE AND APPORTIONMENT.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out a suitable approach to the Williamsburg Bridge, in the Borough of Brooklyn, by

A Extending Grand street, from Hooper street to Havemeyer and South Fourth streets;

B Widening Roebling street on the westerly side, from the Bridge plaza at South Fourth street to Union avenue, 40 feet;

C Widening Roebling street on the westerly side, from the Bridge plaza at South Fourth street to Union avenue, 20 feet;

D Widening and extending Roebling street, from Broadway to Lee avenue, at a width of 80 feet;

E Extending Bedford avenue, from Heyward street to the southeast corner of Williamsburg Bridge plaza;

F Extending Montrose avenue, from Union avenue to Broadway, —and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on February 3, 1905, at 10.30 A. M., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on January 6, 1905, notice of the adoption of which is hereby given, viz:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by extending Grand street, from Hooper street to Havemeyer and South Fourth streets, in the Borough of Brooklyn, City of New York, as shown on a sketch submitted by the Chief Engineer of the Board of Estimate and Apportionment, dated January 3, 1905.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 3d day of February, 1905, at 10.30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 3d day of February, 1905.

JOHN H. MOONEY,
Assistant Secretary,
No. 277 Broadway, Room 805,
Telephone, 3454 Franklin.

The proposed extension of Grand street is more particularly described as follows:

A street to be laid out 100 feet in width, from the intersection of Grand street and Hooper street to the intersection of Havemeyer street and South Fourth street, the centre line of which is described as follows:

Beginning at the intersection of the centre line of Hooper street with the centre line of Grand street, as now laid out east of Hooper street;

Thence westerly to the intersection of the centre lines of Havemeyer street and South Fourth street. The said lines to be 50 feet distant from and parallel to said centre line, the northerly line extending to South Fourth street and the southerly line to Havemeyer street.

B. Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to

change the map or plan of The City of New York by widening Roebling street, on the westerly side, from the Bridge Plaza at South Fourth street to Union avenue, 40 feet, in the Borough of Brooklyn, City of New York, more particularly described as follows:

1. Roebling street, from South Fourth street to Metropolitan avenue, to be widened by taking a strip 40 feet in width from the property along the westerly side thereof, so that the westerly side line shall be 100 feet from and parallel to the present easterly side line.

2. All that portion of Block 2353, in section 8, of the land map of Kings County, known as Lot No. 17, to be acquired; described as follows:

Beginning at a point on the northerly side of Metropolitan avenue distant 126 feet westerly from the northwest corner of Metropolitan avenue and Roebling street;

Thence northerly at right angles with Metropolitan avenue 17.67 feet;

Thence northeasterly 53.33 feet to a point in the southerly line of North Fourth street distant 125 feet westerly from the southwest corner of North Fourth street and Roebling street;

Thence southeasterly along the southerly line of North Fourth street 125 feet to its intersection with the westerly line of Roebling street;

Thence southwesterly along the last-mentioned line 26.94 feet to its intersection with the northerly line of Metropolitan avenue;

Thence westerly along the last-mentioned line 126 feet to the point of beginning.

3. Roebling street, from North Fourth street to Union avenue, to be widened by taking a strip 40 feet in width from the property along the westerly side thereof, so that the westerly side line shall be 100 feet from and parallel to the present easterly side line.

4. Block 2293, in section 8, of the land map of Kings County, which block is bounded by Roebling street, Union avenue and North Eleventh street, to be added to the street.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 3d day of February, 1905, at 10.30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 3d day of February, 1905.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to locate and lay out Newkirk avenue, between Flatbush and Coney Island avenues, at a width of 70 feet, in the Borough of Brooklyn, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on February 3, 1905, at 10.30 o'clock A. M., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on January 6, 1905, notice of the adoption of which is hereby given, viz:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by locating and laying out Newkirk avenue, between Flatbush and Coney Island avenues, at a width of 70 feet, in the Borough of Brooklyn, City of New York, more particularly described as follows:

The centre line of Newkirk avenue to begin at a point in the western line of Flatbush avenue about 446 feet northerly of the intersection of the western line of Flatbush avenue with the northern line of Foster avenue, as the same are laid down on the map of the City.

1. Thence to extend southwesterly in a straight line to a point in the eastern line of East Eleventh street about 482 feet northerly of the intersection of the eastern line of East Eleventh street with the northern line of Foster avenue.

The centre line of Newkirk avenue to begin again at a point in the western line of Coney Island avenue distant about 506 feet northerly of the intersection of the western line of Coney Island avenue with a straight prolongation, easterly of the northern line of Foster avenue, as the same are laid down on the map of the City;

1. Thence to extend southwesterly in a straight line to a point in the eastern line of Ocean park-

way, distant about 521 feet northerly of the intersection of the eastern line of Ocean parkway with the northern line of Foster avenue.

The northern and southern lines of Newkirk avenue to be respectively 35 feet northerly and 35 feet southerly of the above-described centre line, making Newkirk avenue a street 70 feet in width.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 3d day of February, 1905, at 10.30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 3d day of February, 1905.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to change the lines and grades of Clay avenue, from East One Hundred and Seventy-first street to the northerly intersection of Clay and Webster avenues, Borough of The Bronx, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on February 3, 1905, at 10.30 o'clock A. M., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on January 6, 1905, notice of the adoption of which is hereby given, viz:

I.—Change of Lines. It is proposed to alter the eastern boundary of Claremont Park, which is now the western line of Clay avenue, between East One Hundred and Seventy-first street and the intersection of Clay avenue with Webster avenue, north of Wendover avenue, by adopting a compound curve which is tangent to the curve opposite East One Hundred and Seventy-first street and tangent to the western line of Clay avenue, between Webster avenue and Belmont street, and which will be distant 140 feet from the eastern line of Webster avenue at a point about 90 feet northerly of Wendover avenue.

II.—Grades. 1. The grade of Clay avenue at the intersection with the southern line of East One Hundred and Seventy-first street to be 53.09 feet above mean high-water datum, as heretofore; 2. The grade at a point 400 feet northerly of East One Hundred and Seventy-first street, measured along the eastern curb line, to be 36 feet above mean high-water datum; 3. The grade at the intersection of the western curb line of Clay avenue with the prolongation of the southern curb line of Wendover avenue to be 35 feet above mean high-water datum; 4. The grade at the intersection of the western curb line of Clay avenue with the prolongation of the northern curb line of Wendover avenue to be 35 feet above mean high-water datum; 5. The grade at Clay avenue, where it intersects Webster avenue northerly of Wendover avenue, to be 32.0 feet above mean high-water datum, as heretofore.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 3d day of February, 1905, at 10.30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously,

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-FOURTH WARD, SECTION 12.

RECEIVING BASIN and appurtenances on the northwest corner of TWO HUNDREDTH STREET (SOUTHERN BOULEVARD) AND DECATUR AVENUE. Area of assessment: East side of Two Hundredth street (Southern Boulevard), from Marion avenue to Decatur avenue, on Block 3285, Lot Nos. 1 and 66.

—that the same was confirmed by the Board of Assessors January 24, 1905, and entered on January 24, 1905, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 A. M. to 12 M., and on Saturdays from 9 A. M. to 12 M., and all payments made thereon on or before March 25, 1905, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien to the date of payment.

The above-entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 A. M. and 2 P. M., and on Saturdays from 9 A. M. to 12 M., and all payments made thereon on or before March 20, 1905, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

EDWARD M. GROUT, Comptroller.

BOARD OF ALDERMEN.

AN ORDINANCE granting to the Bush Terminal Railroad Company the right or franchise to construct and operate a street surface railway in, upon and along certain streets, avenues and highways of The City of New York.

BE IT ORDAINED BY THE BOARD OF Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen of The City of New York hereby grants to the Bush Terminal Railroad Company, subject to the conditions and provisions hereinafter set forth, the franchise, right and privilege to construct and operate a double-track surface railway, with all connections, turnouts, crossovers and suitable stands necessary for the accommodation and operation of said railway, by the overhead system of electricity, or any other motive power which may be lawfully employed upon the same, excepting locomotive steam power or horse power, in, upon and along the following-named streets, avenues and highways, all situated in the Borough of Brooklyn, City and State of New York, namely:

Commencing at a point where the centre line of Twenty-eighth street, if extended, would meet the centre line of Second avenue, if extended; running thence southerly upon and along Second avenue, if extended, to the former tide-water line just north of Thirty-eighth street; thence southerly upon and along Second avenue to Forty-first street; thence westerly upon and along Forty-first street to First avenue, and thence southerly upon and along First avenue to the southerly side of Sixty-fifth street.

Together with the necessary connections, switches, sidings, turn-tables, turnouts, crossovers and suitable stands for the convenient operation of said surface railway, and for the accommodation of the cars of the said Bush Terminal Railroad Company, which may be run over said railway tracks by the said Bush Terminal Railroad Company, its successor or assigns, as may be subsequently permitted by the Board of Estimate and Apportionment or its successor in authority.

The said route with switches, turnouts and spurs is illustratively shown upon the plan and profile herewith attached, entitled "Map showing plan of tracks of Bush Terminal Railroad Company on application for franchise from City of New York." Dated July, 1904, and signed by Irving T. Bush, President, and E. P. Goodrich, Engineer, which plan and profile are to be deemed a part of this franchise and to be construed with the text hereof, and are to be substantially followed: Provided that deviations therefrom and additional switches, crossovers and spurs which are consistent with the foregoing description and the other provisions of this franchise, may be permitted by resolution of the Board of Estimate and Apportionment.

Sec. 2. The grant of this franchise is subject to the following conditions:

First—The consent in writing of the owners of half in value of the property bounded on said streets, avenues and highways to the construction and operation of said railway shall be obtained by the grantee, or in the event that such consent cannot be obtained the grantee shall obtain the favorable determination, confirmed by the Court, of three Commissioners, appointed by the Appellate Division of the Supreme Court, in the manner provided by the Railroad Law, before said railway is built or operated.

Second—The said right, privilege and franchise to construct and operate said railway shall be held and enjoyed by said railroad company, its lessee or successors, for the term of twenty-five years from the date when this ordinance is signed by the Mayor, with the privilege of renewal of said grant for a further period of twenty-five years upon a fair revaluation of said right, privilege and franchise, but such renewal shall not provide for any further renewal. Such revaluation shall be of the right, privilege and franchise to maintain and operate said railway by itself, and not to include any valuation derived from the ownership, operation or control of any other railway by the grantee, its successor or assigns. It shall be in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment, or its successor in authority; one disinterested freeholder shall be chosen by the railroad company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least one year prior to the expiration of the grant, and their report shall be filed with the Comptroller or his successor in authority, within three months after they are chosen. They shall act as appraisers, and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the railroad company. The valuations as ascertained, fixed and determined, shall be conclusive upon both parties, but shall not in any event be less than the minimum amounts fixed as the sum to be paid annually for the last five years of the original franchise.

Third—Upon the termination of the said franchise, right or privilege hereby granted, whether original or renewal, if the Board of Estimate and Apportionment of The City of New York, or its successors in authority shall so desire, there shall be a fair valuation of the plant and property of the grantee necessary for traction purposes upon the streets, avenues and highways, including power-house, equipment, tracks and appurtenances, which plant and property shall be and become the property of The City of New York, at the option of the said Board of Estimate and Apportionment, or its successor in authority, on the termination of this grant and the payment to the grantee of such valuation. Such payment shall be at a fair valuation of the said plant as property, excluding any value derived from the franchise, and such value shall be determined by the Board of Estimate and Apportionment, or its successor in authority.

Fourth—The Bush Terminal Railroad Company, its successor or assigns, shall pay for this franchise to The City of New York the following sums of money: During the first term of five years an annual sum which shall in no case be less than \$250, and which shall be equal to three per cent. of its gross annual receipts, derived from all sources in any way connected with the passenger service; if such percentage shall exceed the sum of \$250; during the remaining twenty years of the term, an annual sum which shall not be less than \$500, and which shall be equal to five

per cent. of its gross annual receipts as above, if such percentage shall exceed the sum of \$500.

In computing the amount of the gross receipts derived from passenger traffic and above referred to, the route hereinbefore mentioned shall be considered, and the persons who are upon the cars of the company at any point upon such route shall be deemed to have paid the fare provided to be paid by the ordinance granting the franchise aforesaid, whether they enter or leave the car upon such route or upon any other route upon which the grantee, its successor or assigns, operate its cars.

From the date of commencement of the operation of any portion of the railway until the end of the first ten years of this grant, an additional sum of fifteen (15) cents per annum for each linear foot of single track, including switches, crossovers and spurs laid in any street, avenue or highway; and for the succeeding fifteen years an additional sum of thirty (30) cents per linear foot per annum, in lieu of said sum of fifteen (15) cents; provided that if The City of New York shall at any time during the term of this franchise, acquire or otherwise come into possession of any of the streets or avenues shown on the map attached, upon which the Bush Terminal Railroad Company now proposes to construct and operate a railroad, and which streets or avenues are not now legally opened, no compensation shall be awarded in any proceeding instituted to acquire title to the said streets, and the grantee shall, when such streets are required, pay to The City of New York the same rates per linear foot of single track provided for above.

Such sums shall be paid into the Treasury of The City of New York on November 1 in each year, provided, however, that the first payments shall only be for that proportion of the above sums as the time of the signing of this ordinance by the Mayor to September 30 next preceding said date of payment, shall bear to the whole of the year.

The fiscal year shall end on September 30 next preceding said date of payment, and the provisions of the Railroad Law as it now exists, or as it may hereafter be amended, relating to the manner of payments and statements of percentages of gross receipts of street railway companies shall be strictly followed. The intention of this paragraph is to fix an annual charge to be paid by the grantee, its successor or assigns, to The City of New York for the rights and franchise hereby granted, and it shall not be construed as providing for the payment by the grantee, its successor or assigns, of a percentage of gross receipts within the meaning of any general or special statute.

Fifth—The said annual charge or payments shall continue throughout the whole term of the franchise hereby granted, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railway company providing for payments for street railway rights or franchises at a different rate, and no assignment, lease or sub-lease of the rights or franchise hereby granted, whether original or renewal, or of any part thereof, or any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sub-lease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this grant.

Sixth—The rights and franchises granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Bush Terminal Railroad Company, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

No passenger cars of any railway company other than the Bush Terminal Railroad Company shall be permitted to operate upon the route hereby granted, without the consent of the Board of Estimate and Apportionment, and under such terms as it may prescribe.

Seventh—That said railway company may be operated by overhead electrical power, substantially similar to the system of overhead electrical traction now in use by the Brooklyn Rapid Transit Company, or by any other motive power, except locomotive steam power or horse power, which may be approved by the Board of Railroad Commissioners and consented to by the owners of property in accordance with the provisions of the Railroad Law; and provided further that the Board of Estimate and Apportionment, or its successor in authority, upon giving the grantee, its successor or assigns, one year's notice in writing, may require it or them to operate its railroad upon the whole or upon any portion of its route, by underground electrical power substantially similar to that now in use by the Metropolitan Street Railway Company in the Borough of Manhattan, and thereupon to discontinue the use of the overhead trolley system, and to remove its poles, wires and other structures used by it for that purpose, from the streets, avenues and highways in the Borough of Brooklyn, City of New York. Such change in system shall be made wholly at the cost and expense of the grantee.

Eighth—The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York, who have jurisdiction in such matters under the Charter of the City.

Ninth—The said railway company shall be constructed and operated in the latest improved manner of street railway construction and operation, and solely upon the terms and according to the lines and surveys and of the character of the rails and other parts of the construction approved by the President of the Borough of Brooklyn. Such railway of the railroad company, its successor or assigns, shall be maintained in good condition throughout the term of this grant.

Tenth—The rate of fare for any passenger upon said railway for a continuous ride from any point on said route shall not exceed two (2) cents.

Provided, however, that, if by a traffic arrangement with any other transportation company, free transfers are given enabling a passenger paying one fare on the route hereby granted to reach the Borough of Manhattan or the Brooklyn Borough Hall, when traveling in a northerly direction, and Coney Island when traveling in a southerly direction; then the rate of fare shall not exceed five (5) cents.

The rates for the carrying of property upon the cars of the grantee shall in all cases be reasonable in amount, and shall be subject to the control of the Board of Estimate and Apportionment, or its successor in authority, and may be fixed by such Board, after notice and hearing

to the grantee, and when so fixed such rate shall be binding upon said grantee, its successors or assigns, and no greater sums shall be charged for such services than provided for by it.

Eleventh—The passenger cars on the said route as aforesaid shall run at intervals of not more than thirty minutes, both day and night, and as much oftener as the reasonable convenience of the public may require, or as may be directed by the City ordinances, or by the Board of Estimate and Apportionment; provided, however, that said railroad company during the first five years of this franchise shall not be required to operate its cars on any part of the aforesaid between the hours of 11 o'clock P. M. and 5 o'clock A. M. each day, unless the Board of Estimate and Apportionment of said City shall determine after a hearing had thereon that public convenience requires the operation of its cars during said hours.

Twelfth—The said railroad company shall apply to each passenger and motor car run over said railway a proper fender and wheelguard in conformity to such laws and ordinances as are now in force or may hereafter be enacted or adopted by the State or City authorities.

Thirteenth—All passenger cars on said railway shall be heated through the cold weather in conformity to such laws and ordinances as are now in force, or may hereafter be enacted or adopted by the State or City authorities, and any failure to keep the temperature of any of the passenger cars of the company above fifty degrees Fahrenheit shall make the company liable for a penalty of fifty (50) dollars per car per day for each offense. Each car shall be well lighted either by Pintsch gas system or by electricity, or by some system of lighting equally efficient.

Fourteenth—The number of freight cars in any train operated upon the railway shall be limited to seven (7), including the motor car, and the speed of such motors or trains shall not exceed six (6) miles per hour. No motors or cars shall be permitted to remain stationary within the lines of any street, avenue or highway, whether on the main track or any spur, and no freight shall be loaded upon or unloaded from such cars while within the lines of any such street. Failure to comply with any of the above provisions shall make the company liable for a penalty of fifty dollars (\$50) for each offense.

Fifteenth—The said railroad company, its successor or assigns, shall cause to be laid between its tracks, the rails of its tracks and two feet in width outside of its tracks, under the supervision of the municipal authorities having jurisdiction in such matters, upon and along the streets, avenues and highways covered by the route as aforesaid, and now unpaved, a granite block pavement upon a concrete foundation, with tar and gravel joints.

The grantee shall pay the entire cost thereof, together with the cost of inspection, and no cars shall be operated under this franchise over any part of the route hereby granted until the said pavement is fully and completely laid.

Sixteenth—The said railroad company, as long as it shall continue to use any of the tracks upon said streets, avenues and highways, shall have and keep in permanent repair that portion of the surface of said streets, avenues and highways between its tracks, the rails of its tracks and two feet in width outside of its tracks, under the supervision of the proper local authorities, and whenever required by them to do so, and in such manner as they may prescribe. And The City of New York shall have the right to change the material or character of the pavement of any street, avenue and highway, and in that event the grantee, its successor or assigns, shall be bound to replace such pavements in the manner directed by the proper City officer, at its own expense, and the provision as to repairs herein contained shall apply to such renewal or altered pavement.

Seventeenth—The said railroad company, so long as it shall continue to use any of the tracks upon said streets, avenues and highways, shall cause to be watered the entire roadway of each of the above streets, avenues and highways at least three times in every twenty-four hours; the thermometer is above 35 degrees Fahrenheit, and shall provide for such purpose at least one tank car, to be propelled by electricity, the capacity of which shall warrant the watering of the streets in a satisfactory manner.

Eighteenth—The said railroad company shall at all times keep the streets between its tracks, the rails of its tracks, and for a distance of two feet in width outside of its tracks, free and clear from ice and snow; provided, however, the grantee shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Nineteenth—The said railroad company shall, when so required by the Board of Estimate and Apportionment, station flagmen at so many street crossings and during such hours as the said Board may deem necessary for the proper protection of the public, and shall also erect and maintain gates and gatesmen at such crossings where, in the opinion of the said Board the protection afforded by a flagman alone is insufficient. For failure to comply with the requirements of the Board of Estimate and Apportionment in stationing flagmen or erecting and maintaining gates, the company shall be liable for a penalty of fifty dollars (\$50) per day for each offense.

Twentieth—The said railroad company shall carry free within the limits of The City of New York during the existence of this grant or its renewal all letter carriers of the United States Government and members of the Police and Fire Departments of The City of New York, when such employees are in full uniform.

Twenty-first—In case of any violation or breach or failure to comply with any of the provisions herein contained, this grant may be forfeited and avoided by a suit brought by the Corporation Counsel on notice of ten days to the said railroad company.

Twenty-second—If any of the streets, avenues and highways above referred to or described shall not now be open or in use as public highways, no right or franchise shall vest in the grantee of virtue of this ordinance until after such streets, avenues and highways shall be legally opened as a public highway. Nothing in this ordinance contained shall be construed as an obligation on The City of New York in respect to the opening of such streets, avenues and highways.

Twenty-third—This grant is on the express condition and covenant that the railroad company will not object to the opening by The City of New York of any street, avenue or highway laid out or which may be hereafter laid out, upon, along, crossing or intersecting the route herein before described.

Sec. 3. This grant is also upon the further and express condition that the provisions of article 4 of the Railroad Law applicable thereto, and all laws or ordinances now in force or which may be adopted affecting the surface railways operating in The City of New York shall be strictly complied with.

Sec. 4. The grant of this privilege shall not affect in any way the right of The City of New York to grant a similar privilege upon the same or other terms and conditions to any other person or corporation, and is subject to whatever right, title or interest the owners of the abutting property may have in and to the streets, avenues and highways on the route hereinbefore described.

Sec. 5. Said railroad company shall commence construction within six months from the date of the passage of this ordinance, and shall complete

the construction of at least one and one-half miles of double-track railway on or before July 1, 1907, otherwise this grant shall be forfeited. If upon the route above described, or upon any portion thereof, there shall not be constructed and in actual operation by July 1, 1907, a railway properly equipped and operated as provided by this ordinance, the said route or portion thereof shall be conclusively taken to have been abandoned by the company, and so much of the rights and franchises hereby granted as pertain to such route or portion thereof, not then constructed from and after July 1, 1907, shall be thereupon forthwith and immediately forfeited, without judicial or other proceedings. Provided that such time may be extended under and for causes specified in section 90 of the Railroad Law, and the Board of Estimate and Apportionment may extend such time for a period or periods not exceeding one year if, in their discretion, it seems best so to do, and that the City officials or departments who or which shall at the time of such construction have authority over the said streets, avenues and highways, may extend such time for a period or periods not exceeding one year further, if reasonable, in their judgment, by reason of requirements as to the manner of construction imposed by the City officials.

Sec. 6. The grantee shall assume all liability by reason of the construction and operation of the railway, and the City shall assume no liability whatsoever to either persons or property by reason of its construction or operation.

As a condition of this grant, the grantee, its successor or assigns, hereby agrees to repair to the City any damages which the City shall be compelled to pay by reason of any acts or defaults of the railroad company, its successor or assigns.

Sec. 7. If for any reason the right or franchise of the grantee in any of the streets, avenues and highways above described shall cease, or if for a period of six successive months the railway tracks upon any of such streets, avenues and highways shall not be operated by the grantee, the Comptroller of The City of New York may require the grantee, its successor or assigns, to remove its tracks and other structures upon such streets, avenues and highways within thirty days after notice, and in default of their removal pursuant to such notice, the proper local authorities having jurisdiction may cause them to be removed and The City of New York may recover the cost and expense of such removal, either by deducting them from the fund deposited as hereinafter provided for or by action; and the rights and franchises of the grantee, its successor or assigns, in such portions of the streets, avenues and highways in case any such exist, shall forthwith and immediately cease upon the removal of such tracks or structures and without judicial or other proceedings.

Sec. 8. Any alterations may be required to the sewerage or drainage system, or to any subsurface structures, pipes, etc., laid in the streets, on account of the construction or operation of the railway, shall be made at the sole cost of the railroad company, and in such manner as the proper City officials may prescribe.

Sec. 9. The work of construction of the railway shall be done in such manner as shall not substantially interfere with the ordinary use of any streets as a public highway.

Sec. 10. Said railroad company shall file with the Comptroller of The City of New York on November 1 following the commencement of operation of any portion of the railway, a map or maps showing the number of tracks, including switches, crossovers and spurs and the number of linear feet of single track so laid in any street, avenue or highway up to September 30 next preceding.

All distances to be accurately determined from actual measurements made upon the ground, and the map or maps to be verified by an official of the company. On each succeeding November 1 a map shall be filed with the Comptroller showing all additional tracks laid during the year.

Sec. 11. This grant is upon the express condition that the Bush Terminal Railroad Company, within thirty days after the said Company has been duly authorized to operate its railway, and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of five thousand dollars either in money or in securities to be approved by him, which fund shall be security for the performance by such company of the terms and conditions of this grant, especially those which relate to the payment of the annual charge for the franchise, the repairs of the street pavement and the removal of snow and ice, and the quality of construction of the railway, and in case of default in the performance by said company of such terms and conditions, The City of New York shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges shall collect the same with interest from such fund after ten days' notice in writing to the said company. Or in case of failure to keep the said terms and conditions of this grant relating to the headway of cars, fender and wheel guards and the heating of the cars and the watering of the street pavement, the said company shall pay a penalty of \$50 a day for each day of violation, and the further sum of \$10 a day for each car which shall not properly be heated or supplied with fenders and wheel guards in case of the violation of the provisions relating to these matters. In case of any drafts so made upon the security fund, the said company shall, upon thirty days' notice in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of five thousand dollars, and in default thereof the grant hereby made may be cancelled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

Sec. 12. This grant shall not become operative until said railroad company shall duly execute, under its corporate seal, an instrument in writing wherein said company shall promise, covenant and agree on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this ordinance fixed and contained, and file the same in the office of the Comptroller of The City of New York within thirty days after the adoption of this ordinance.

Sec. 13. This ordinance shall take effect immediately.

SUPREME COURT.

FIRST JUDICIAL DISTRICT.

In the matter of the application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title to and possession of the wharfage rights, terms, easements, emoluments and privileges appurtenant to the dock or wharf property, known as GOUVERNEUR SLIP, PIER WEST, formerly known as Pier, old No. 51, East river, in the Borough of Manhattan, City of New York, not now owned by The City of New York, and all right, title and interest in and to said pier, or any portion thereof, not now owned by The City of New York, for the improvement of the water-front of The City of New York on the East river, pursuant to the plan heretofore adopted by the Board of Docks, and approved by the Commissioners of the Sinking Fund.

PURSUANT TO THE STATUTES IN SUCH case made and provided, notice is hereby given that an application will be made to a Special Term of the Supreme Court of the State of New York, in and for the First Judicial District, to be held in Part III. thereof, at the County Court-house, in The City of New York, Borough of Manhattan, on the 7th day of February, 1905, at the opening of the court on that day, or as soon thereafter as Counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition, in the name of and for the benefit of The City of New York, for the execution of a certain plan for the improvement of the water-front of The City of New York, pursuant to the statutes in such case made and provided and determined upon by the Board of Docks on the 13th day of April, 1871, and approved by the Commissioners of the Sinking Fund on the 27th day of April, 1871, and which said plan is on file in the office of the Department of Docks and Ferries, of all the wharfage rights, terms, easements, emoluments and privileges not now owned by The City of New York, and appurtenant to the dock or wharf property described as follows, to wit:

All the interest in the pier known as Gouverneur Slip, Pier West, formerly known as Pier, old No. 51, East river, in the Borough of Manhattan, City of New York, not now owned by The City of New York, said interest being an undivided half interest. Said pier is bounded and described as follows, to wit:

Beginning at a point in the present bulkhead in the vicinity of the southerly side of South street where the westerly side of said Pier Gouverneur Slip, Pier West, formerly known as Pier, old No. 51, intersects the same, the northerly prolongation of the westerly side of said pier intersecting the northerly side of South street about 13.5 feet westerly from the northwesterly corner of Gouverneur Slip and South street, and running thence from said point of intersection between the present bulkhead and the westerly side of said pier easterly and along the inner or northerly end of said pier 40.9 feet to the easterly side of said pier; thence southerly and along the easterly side of said pier 202.86 feet; thence westerly and along the outer or southerly end of said pier 45.8 feet to the westerly side of said pier; thence northerly and along the westerly side

of said pier 204.09 feet to the point or place of beginning.

In the matter of the application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title to and possession of the wharfage rights, terms, easements, emoluments and privileges appurtenant to PIER, OLD NO. 36, OR MARKET SLIP PIER, WEST, EAST RIVER, in the Borough of Manhattan, City of New York, not now owned by The City of New York, and all right, title and interest in and to said pier, or any portion thereof, not now owned by The City of New York, and all wharfage rights, terms, easements, emoluments and privileges appurtenant to certain bulkheads, dock or wharf property on or near the southerly line of South street, in said Borough and City, lying on both the easterly and westerly sides of said Pier, old No. 36, or Market Slip Pier, West, not now owned by The City of New York, for the improvement of the water-front of The City of New York on the East river, pursuant to the plan heretofore adopted by the Board of Docks and approved by the Commissioners of the Sinking Fund.

PURSUANT TO THE STATUTES IN SUCH case made and provided, notice is hereby given that an application will be made to a Special Term of the Supreme Court of the State of New York, in and for the First Judicial District, to be held in Part III. thereof, at the County Court-house, in The City of New York, Borough of Manhattan, on the 7th day of February, 1905, at the opening of the Court on that day, or as soon thereafter as Counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter.

The nature and extent of the improvement hereby intended is the acquisition in the name of and for the benefit of The City of New York, for the execution of a certain plan for the improvement of the water-front of The City of New York, pursuant to the statutes in such case made and provided, and determined upon by the Board of Docks on the 13th day of April, 1871, and approved by the Commissioner of the Sinking Fund on the 27th day of April, 1871, as altered and amended by the Board of Docks on the 30th day of December, 1898, which alteration and amendment was approved by the Commissioners of the Sinking Fund on the 3d day of February, 1899, and which said plan and alteration and amendment thereof are on file in the office of the Department of Docks and Ferries, of all the wharfage rights, terms, easements, emoluments and privileges not now owned by The City of New York and appurtenant to the following-described pier and bulkheads situated on the East river, in the Borough of Manhattan, City of New York, viz:

Parcel "A."

Pier, old No. 36, or Market Slip, West, bounded and described as follows:

Beginning at a point in the southerly line of South street distant 174 feet westerly from a point where the southerly prolongation of the westerly line of Market Slip intersects the same, and running thence southerly and along the easterly side of Pier, old No. 36, 300 feet; thence westerly and along the outer end of said pier 42 feet to the westerly side of said pier; thence northerly and along the westerly side of said pier 300 feet to the southerly line of South street; thence easterly and along the southerly line of South street 42 feet to the point or place of beginning; together with all right, title and interest in and to said pier, or any portion thereof, not now owned by The City of New York.

Parcel "B."

The bulkhead, dock or wharf property lying on the westerly side of Pier, old No. 36, or Market Slip Pier, West, East river, bounded and described as follows:

Beginning at a point in the present bulkhead in the vicinity of the southerly line of South street distant 281 feet westerly from a point in the southerly line of South street where the southerly prolongation of the westerly line of Market Slip intersects the same, and running thence easterly along said bulkhead 65 feet to the westerly side of Pier, old No. 36, or Market Slip Pier, West.

Parcel "C."

The bulkhead, dock or wharf property lying on the easterly side of said Pier, old No. 36, or Market Slip Pier, West, bounded and described as follows:

Beginning at a point in the present bulkhead in the vicinity of the southerly line of South street distant 100 feet westerly from a point in the southerly line of South street where the southerly prolongation of the westerly line of Market Slip intersects the same, and running thence westerly along said bulkhead 65 feet to the easterly side of Pier, old No. 36, or Market Slip Pier, West.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments, required for the opening and extending of TELLER AVENUE (although not yet named by proper authority), from East One Hundred and Sixty-fourth street to East One Hundred and Seventieth street, in the Twenty-third Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto do present their said objections in writing, duly verified, to us, at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 14th day of February, 1905, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 16th day of February, 1905, at 3 o'clock P. M.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings, in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 25th day of February, 1905.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point formed by the intersection of a line parallel to and distant one hundred (100) feet southerly from the southerly line of East One Hundred and Sixty-third street and a line parallel to and distant one hundred (100) feet westerly from the westerly line of Morris avenue; running thence northerly along said line parallel to Morris avenue to its intersection with a line parallel to and distant one hundred (100) feet northerly from the northerly line of East One Hundred and Seventy-second street; thence easterly along said parallel line to its intersection with the westerly line of Claremont Park; thence easterly to the point of intersection of the easterly line of Claremont Park and the westerly prolongation of a line parallel to and distant one hundred (100) feet northerly from the northerly line of East One Hundred and Seventy-first street; thence again easterly along said parallel line to East One Hundred and Seventy-first street to its intersection with a line parallel to and distant one hundred (100) feet easterly from the easterly line of Webster avenue; thence southerly along said last-mentioned parallel line and a line parallel to and distant one hundred (100) feet easterly from the easterly line of Melrose avenue to its intersection with the easterly prolongation of a line parallel to and distant one hundred (100) feet southerly from the southerly line of East One Hundred and Sixty-third street; thence westerly along the said last-mentioned prolongation and parallel line to the point or place of beginning; as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

SUPREME COURT, APPELLATE DIVISION, CORNER TWENTY-FIFTH STREET AND MADISON AVENUE, NEW YORK CITY.

SEALED BIDS OR ESTIMATES WILL BE received by the Presiding Justice of the Appellate Division of the Supreme Court in the First Department, at the Court-house, Madison square, on

THURSDAY, FEBRUARY 9, 1905.

until 11 o'clock A. M.
FOR FURNISHING AND DELIVERING TO THE APPELLATE DIVISION OF THE

SUPREME COURT IN THE FIRST DEPARTMENT AND THE SUPREME COURT IN THE FIRST JUDICIAL DISTRICT, BOOKS, STATIONERY AND OTHER ARTICLES REQUIRED FOR THE SAID APPELLATE DIVISION OF THE SUPREME COURT IN THE FIRST DEPARTMENT AND THE SUPREME COURT IN THE FIRST JUDICIAL DISTRICT, FOR THE YEAR 1905.

The time for the delivery of the books, stationery and other articles, as ordered by the Presiding Justice of the Appellate Division of the Supreme Court, is on or before December 31, 1905.

The amount of security required is fifty per cent. (50%) of the amount of the bid or estimate.

The bidder will state the price of each article specified in the specification or schedule contained in the said contract, the total sum to be paid for each separate class to be extended, so that the total amount paid under the contract can be ascertained, upon which total amount the award of the contract will be made. The right is reserved to reject any and all bids if, in the opinion of the Presiding Justice of the Appellate Division of the Supreme Court in the First Department, the same shall be for the benefit of the City.

The delivery of the books, stationery and other articles will be required to be made at the time and in the manner and in such quantities as may be directed by the Presiding Justice of the Supreme Court in the First Department.

Blank forms of the contract and specifications herein contained may be obtained at the office of the Clerk of the Appellate Division of the Supreme Court, at the Court-house, Madison square, City and County of New York.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed with the title given above, of the supplies for which the estimate is made, and his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the date and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Samples will be on exhibition at the office of the Clerk of the Appellate Division of the Supreme Court, at the Court-house, Madison square, City and County of New York, until the bids are opened.

New York, January 23, 1905.

CHARLES H. VAN BRUNT,
Presiding Justice, Appellate Division,
First Department.

See General Instructions to Bidders on the last page, last column, of the "City Record."

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the construction of a NEW BRIDGE over Flushing creek, between Jackson avenue, in the former Town of Newtown, and Broadway, in the former Town of Flushing, in the Borough of Queens, City of New York.

NOTICE IS HEREBY GIVEN THAT BY AN order of the Supreme Court of the State of New York, bearing date the 16th day of January, 1905, and filed in the office of the Clerk of the County of Queens on the 21st day of January, 1905, George Wallace, W. W. Gillen and Luke Otten were appointed Commissioners of Estimate and Appraisal in the above entitled proceeding.

Notice is further given, pursuant to the statute in such case made and provided, that the said George Wallace, W. W. Gillen and Luke Otten will attend at a Special Term of said Court, to be held in the County Court-house, in the Village of White Plains, County of Westchester, State of New York, on the 4th day of February, 1905, at the opening of the Court on that day, for the purpose of being examined under oath by the Corporation Counsel of The City of New York, or by any person having interest in said proceeding, as to their qualifications to act as Commissioners of Estimate and Appraisal in this proceeding.

Dated JANUARY 23, 1905.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening, extending and widening of ST. NICHOLAS AVENUE (although not yet named by proper authority), at its intersection with Nagle avenue and Dyckman street, as shown upon a map or plan adopted by the Board of Estimate and Apportionment on May 20, 1904, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, bearing date the 23d day of November, 1904, and duly entered in the office of the Clerk of the County of New York, at his office in the Borough of Manhattan, in The City of New York, on the 25th day of November, 1904, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, Block No. 2149, section 8, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening, extending and widening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 25th day of November, 1904; and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken, and of performing the trusts and duties required of us by chapter 17, title 4, of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening, extending and widening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, twelfth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 17th day of February, 1905, at 11 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

In the matter of the application of the Mayor, Aldermen and Commonalty of The City of New York, by the Counsel to the Corporation, relative to acquiring title wherever the same has not been heretofore acquired, to all the lands, tenements, hereditaments, property, rights, terms, easements and privileges not owned by the Mayor, Aldermen and Commonalty of The City of New York, or any rights, title and interest therein, not extinguishable by public authority, embraced within the lines of the GRAND BOULEVARD AND CONCOURSE AND NINE TRANSVERSE ROADS, from a point on East One Hundred and Sixty-first street, in said City, at the intersection of said streets and Mott avenue northerly to Moshulu parkway, as laid out and established by the Commissioner of Street Improvement of the Twenty-third and Twenty-fourth Wards of The City of New York, pursuant to the provisions of chapter 130 of the Laws of 1895.

Notice of Filing the Supplemental and Amended Report and Notice of Motion to Confirm the Supplemental and Amended Report of the Commissioners of Estimate and Assessment Herein With Respect to Damage Parcels Nos. 608 and 609 Contained in Section V.

WE, HUGH R. GARDEN, JOHN H. KNOEPEL and William Endemann, the undersigned Commissioners of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

Whereas, The undersigned were heretofore duly appointed Commissioners of Estimate and Assessment herein, pursuant to the provisions of chapter 130 of the Laws of 1895, and amended by chapter 89 of the Laws of 1896, and thereafter duly qualified as such Commissioners and thereafter made our several reports of awards for damage by reason of this proceeding; and

Whereas, We have heretofore made our report of section 5 in this proceeding, dated June 14, 1899, which said report was confirmed by order of this Court, dated June 26, 1899, and filed in the office of the Clerk of the County of New York, on June 28, 1899, wherein there was an award for land for Damage Parcels Nos. 608 and 609 for the sum of thirty-six dollars and five cents; and

Whereas, On application made in this proceeding by Regie Weil, an order was made herein, dated October 21, 1904, and duly filed in the office of the Clerk of the County of New York, on October 21, 1904, which said order amended an order heretofore made herein, dated March 6, 1901, and which ordered and directed the Commissioners of Estimate and Assessment herein in addition to the proofs heretofore taken by them, to take further proof and ascertain, fix and determine any and all loss and damage to the premises known in these proceedings as Parcels Nos. 608 and 609 of section 5, and owned by Regie Weil, the claimant, so that she may receive the full value of her land taken and a fair, adequate and proper compensation and recompense for the injury to the residue sustained or to be sustained by reason of the laying out, establishing, opening, regulating and grading of the Grand Boulevard and Concourse and wherein it is further ordered that the sums or awards of compensation and recompense for such loss and damage when made by the said Commissioners be reported by them to this Court without unnecessary delay.

Now, therefore, having taken proofs thereunder, we report:

First—That we have completed our supplemental and amended estimate of damage relating to the Damage Parcels Nos. 608 and 609 in section 5 as aforesaid, and that all persons interested in this proceeding or in any of the lands affected thereby, and having objections thereto present their objections in writing to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 31st day of January, 1905; and that we, the said Commissioners, will hear parties so objecting within the ten week days next after the said 31st day of January, 1905, and for that purpose will be in attendance at our said office on each of said ten days at 3 o'clock P. M.

Second—That the abstract of said supplemental and amended estimate, together with our damage maps, and also all the evidence, estimates and other documents used by us in making our said estimate, have been deposited in the Bureau of Street Openings, in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, Borough of Manhattan, in the said City, there to remain until the 15th day of February, 1905.

Third—That, pursuant to the provisions of chapter 330 of the Laws of 1895, as amended by chapter 89 of the Laws of 1896, we propose to assess for benefit which assessment will appear in our last partial and separate abstract of estimate and assessment, all those lots, pieces or parcels of land situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Northerly by the line separating The City of New York from the City of Yonkers; easterly by the Bronx river and the East river; southerly by the Harlem river, the Bronx kills and the East river, and westerly by the Hudson river and the Harlem river, all of which land, taken together, is known as the Twenty-third Ward and part of the Twenty-fourth Ward, as such territory was annexed to The City of New York, by an act of the Legislature designated as chapter 613 of the Laws of 1873, and acts amendatory thereof.

Fourth—That our said supplemental and amended report herein will be presented to the Supreme Court of the State of New York, First Department, at a Special Term, to be held in Part III. thereof, in the County Court-house, in the Borough of Manhattan, in The City of New York, on the 28th day of February, 1905, at the opening of the Court on that day.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits, thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there
