## THE BOARD OF ALDERMEN OF THE CITY OF NEW YORK.

### STATED MEETING.

Tuesday, March 3, 1908, 1.30 o'clock p. m.

The Board met in the Aldermanic Chamber, City Hall.

In the absence of the President, the Vice-Chairman took the chair.

Present:

Aldermen

Timothy P. Sullivan, Vice-Chairman;	O. Grant Esterbrook,	Thomas J. McAleer,
Thomas F. Baldwin,	James H. Finnigan,	John McCann,
Thomas F. Barton,	Joseph Flanagan,	John J. McDonald,
Francis P. Bent,	Patrick F. Flynn,	George A. Morrison,
Herman W. Beyer,	John Sylvester Gaynor,	Adolf Moskowitz,
B. W. B. Brown,	Bernhard Goldschmidt,	Otto Muhlbaier,
James W. Brown,	Henry F. Grimm,	John J. F. Mulcahy,
Michael J. Carter,	John D. Gunther,	John Mulvaney,
L. Barton Case,	Edward V. Handy,	Percival E. Nagle,
Charles P. Cole,	William J. Heffernan,	James J. Nugent,
Daniel R. Coleman,	John J. Hickey,	Thomas M. Quinn,
George A. Colgan,	James J. Hines,	John J. Reardon,
John J. Collins,	Frederick C. Hochdorffer,	James W. Redmond,
William P. Corbett,	John J. Hogan,	David S. Rendt,
Matthew J. Crowley,	Tristram B. Johnson,	William P. Sandiford,
Percy L. Davis,	Joseph D. Kavanagh,	Joseph Schloss,
Charles Delaney,	William P. Kenneally,	George J. Schneider,
John Diemer,	Francis P. Kenney,	James J. Smith,
Reginald S. Doull,	Max S. Levine,	Michael Stapleton,
Frank L. Downing,	Frederick Linde,	Alexander J. Stormont,
Robert F. Downing,	John Loos,	Jacob J. Veltin,
William Drescher,	James F. Martyn,	John F. Walsh,
George Emmer,	Samuel Marx,	William Wentz.

George Cromwell, President, Borough of Richmond.

Joseph Berniel, President, Borough of Queens.

John F. Ahearn, President, Borough of Manhattan.

The Clerk proceeded to read the minutes of the stated meeting of February 25, 1908.

On motion of Alderman Doull, further reading was dispensed with, and the minutes were approved as printed.

### MESSAGES FROM HIS HONOR THE MAYOR.

The Vice-Chairman laid before the Board the following message from his Honor the Mayor:

No. 244.

City of New York, Office of the Mayor, }  
March 2, 1908. }

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I return herewith, with my disapproval, resolution adopted by your Honorable Board on February 18, 1908, entitled "Resolution permitting the 'In Old Kentucky Theatrical Company' to parade in Brooklyn."

This resolution is defective, in that it fails to provide for the proper supervision by the Police Department, in accordance with the provisions of chapter 621 of the Laws of 1905.

Respectfully,

GEO. B. McCLELLAN, Mayor.

Resolved, That permission is hereby given to the "In Old Kentucky Theatrical Company" to hold public parade in the streets of the Borough of Brooklyn during the week ending Saturday, February 22, 1908.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The Vice-Chairman laid before the Board the following message from his Honor the Mayor:

No. 246.

City of New York, Office of the Mayor, }  
March 2, 1908. }

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I return herewith, with my disapproval, resolution adopted by your Honorable Board on February 18, 1908, entitled "Resolution permitting the Blaney Theatre Company to parade in Brooklyn."

This resolution is defective for two reasons. In the first place, it fails to provide for the proper supervision by the Police Department, in accordance with chapter 621 of the Laws of 1905, and in the second place, no period of time has been fixed for the exercise of this privilege. It has been the custom in the past to limit all licenses of this kind to a period of thirty days.

Respectfully,

GEO. B. McCLELLAN, Mayor.

Resolved, That permission be and the same is hereby given to Blaney Theatre Company to parade through the following streets:

Broadway, Flushing avenue, Grand street, Bedford avenue, Driggs avenue, Roeb-ling and Havemeyer streets, Kent and Washington avenues, Nostrand and Marcy avenues, Franklin and Graham avenues.

Twenty-five people, ten horses, one coach, a bugle caller and brass band.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

### PETITIONS AND COMMUNICATIONS.

No. 296.

Public Service Commission for the First District,  
Tribune Building, No. 154 Nassau Street,  
New York, February 26, 1908. }

Hon P. J. SCULLY, Clerk, Board of Aldermen, City Hall, New York City:

Dear Sir—In further acknowledgment of the resolution of the Board of Aldermen, adopted on February 18, 1908, calling the attention of this Commission to the matter of inadequate stairway facilities at the One Hundred and Thirty-seventh street station of the subway, and recommending that an additional stairway be installed, I have the honor to inform you that this Commission has already taken action towards the construction of an additional stairway at the One Hundred and Thirty-seventh street station and also at the station at One Hundred and Forty-fifth street, and that the company has already, by direction of this Commission, obtained bids for the work, and within a few days the Commission will authorize the letting of this work.

Very truly yours,

TRAVIS H. WHITNEY, Secretary.

Which was ordered on file.

No. 297.

Public Service Commission for the First District,  
Tribune Building, No. 154 Nassau Street,  
New York, February 25, 1908. }

P. J. SCULLY, Esq., City Clerk, City Hall, New York City:

Dear Sir—I beg to inform you that the Commission, at its meeting to-day, took action upon the resolutions adopted by the Board of Aldermen on February 18, with respect to unsanitary condition of cars on the Canal street horse car line, and escalators at the station at One Hundred and Twenty-fifth street and Eighth avenue, by issuing complaint orders No. 287 and No. 288, certified copies of which are annexed hereto.

Yours very truly,

TRAVIS H. WHITNEY, Secretary.

Which was ordered on file.

Alderman Dowling presented the following communication purporting to be a reply to a resolution of the Board, which had been given to the press, but had not been forwarded to this Board.

No. 298.

The following letter was received from F. W. Whitridge, Receiver of the Dry Dock, East Broadway and Battery Railroad Company:

"TRAVIS H. WHITNEY, Esq., Secretary, Public Service Commission, No. 154 Nassau Street, New York City:

"Dear Sir—I have yours of the 25th inclosing a complaint of the Honorable Board of Aldermen of this town. I have directed the manager of this property to give the matter immediate attention and hope that the conditions complained of will be remedied forthwith.

"I trust, however, that the Honorable Board of Aldermen will consider that 'the unclean, unhealthy and menacing' conditions of which they complain, are largely caused by the personal habits, sanitary condition and manners of the people who are carried in the cars, and I should be happy to co-operate with them in any device which they may suggest, including free baths on our routes, for remedying those conditions. I am even prepared to admit that the operation of the cars may be 'travesty on the transportation accommodations of the great City of New York,' although it is possible that the slowness complained of is because of our inability to purchase faster horses, and because also of the fact that the streets are not kept free for the sole use of these cars.

"I can quite understand also why the Honorable Board of Aldermen consider that these things display 'an indecent regard for the rights of the people,' but it would be, however, more accurate to say—an impecunious regard.

"In short, I hope to improve these conditions as fast as the money can be obtained therefor."

Alderman Dowling censured the writer of the letter for the flippant manner in which he answered the resolution of the Board, and moved that the letter be placed on file, which motion was adopted.

No. 299.

The American Society for the Prevention of Cruelty to Animals,  
Headquarters, Madison Avenue and Twenty-sixth Street,  
New York, March 2, 1908. }

Hon. P. J. SCULLY, City Clerk, City Hall, New York:

Dear Sir—Will you please have the following resolution introduced at the next meeting of the Board of Aldermen:

Resolved, That permission be and the same is hereby given to the American Society for the Prevention of Cruelty to Animals to erect and place public drinking fountains for man and beast at the locations hereinafter mentioned, the said drinking fountains to be paid for by the said American Society for the Prevention of Cruelty to Animals, and to be of a pattern and design approved by the Art Commission of The City of New York. The said drinking fountains are to be erected under the

supervision of the Commissioner of Water Supply, Gas and Electricity, and the water therefor shall be supplied by the Department of Water Supply, Gas and Electricity, without expense to the said society.

The fountains shall be placed as follows:

West side of Thompson street, between Broome and Watts streets.

In front of Nos. 418 and 420 Canal street, opposite Sullivan street.

On the front side of small park at Hudson and Duane streets, opposite No. 167 Duane street.

In front of No. 23 Lafayette street.

On Chatham square, between East Broadway and Bowery, in front of Salvation Army Hotel.

In front of No. 7 Old Slip, between Pearl and Water streets.

On east side of No. 527 Grand street, at junction of Henry street.

On south side of Market street, midway between Monroe and Hamilton streets.

In front of No. 211 Front street.

At westerly end of Grace Chapel settlement, East Fourteenth street, in front of drinking fountain for humans.

East side of Twelfth avenue, between Twenty-fourth and Twenty-fifth streets.

In front of No. 6 Sixth avenue.

In front of No. 3 Horatio street.

In front of No. 67 Hudson street.

On west side of new street, on East River front, between Twenty-second and Twenty-third streets.

First avenue, between Thirty-fifth and Thirty-sixth streets.

West side of Vanderbilt avenue, between Forty-fourth and Forty-fifth streets.

West side of Tenth avenue, between Seventeenth and Eighteenth streets.

One Hundred and Tenth street and Central Park West, northeast or southeast corner of circle.

North side of Fifteenth street, west of Fifth avenue, opposite easterly end New York Hospital Infirmary.

Southeast corner Gansevoort and West streets.

In centre of Catherine Slip, opposite the dividing line of Nos. 22 and 24 Catherine Slip.

Yours very truly,

ALFRED WAGSTAFF, President.

Which was referred to the Committee on Streets, Highways and Sewers.

#### COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the Board of Estimate and Apportionment:

No. 300.

Board of Estimate and Apportionment, City of New York,  
Office of the Secretary, No. 277 Broadway,  
February 29, 1908.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment February 28, 1908, approving of the issue of \$500,000 Corporate Stock to provide means for improvements and additions, and for the construction of additional stories to the Kings County Court House, Borough of Brooklyn, together with copies of communications from the President, Borough of Brooklyn, and from the Comptroller relative thereto.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

JOSEPH HAAG, Secretary.

The City of New York,  
Office of the President of the Borough of Brooklyn,  
Brooklyn, February 21, 1908.

Honorable Board of Estimate and Apportionment, Manhattan, N. Y.:

Gentlemen—The recent fire in the Kings County Court House has made it necessary to undertake extensive repairs in that building. The building has for a long time been too small for the business of the Courts, and the Justices of the Supreme Court of the Second Department are unanimous in their opinion that two stories should be added to it. I have had preliminary plans prepared which have been approved by the Justices as is indicated by a letter addressed to me on February 20, a copy of which I send you herewith.

The Engineers of this office and the Chief Engineer of the Department of Finance have gone over the matter together and they report that it will cost five hundred thousand dollars (\$500,000) to make the necessary construction and repairs, and one hundred and twenty-five thousand dollars (\$125,000) to equip and furnish the Court House as reconstructed. I think it wiser to leave the matter of the equipment and furnishing until work has progressed on the construction and repairs, and I, therefore, ask your Board to issue Corporate Stock to the amount of five hundred thousand dollars (\$500,000), the proceeds to be used by the President of the Borough for the construction of additional stories and improvements and additions to the present Kings County Court House, in the Borough of Brooklyn.

I am sending to the Secretary herewith memoranda relative to said improvements.

Yours very truly,

BIRD S. COLER, President, Borough of Brooklyn.

Supreme Court of the State of New York,  
Brooklyn, N. Y.,  
February 20, 1908.

Hon. BIRD S. COLER:

Dear Sir—After examining the preliminary plans for the repairs and improvements to the Court House, the Justices of the Supreme Court desire to express their approval thereof, and respectfully request you to instruct your Engineers to prepare contract, plans and specifications at the earliest possible date.

Yours, etc.,  
(Signed)

JOS. A. BURR,  
F. E. CRANE,  
JOSEPH ASPINALL,  
WILLIAM D. DICKEY,  
WILLIAM J. KELLY,  
S. T. MADDOX,  
WILLIAM J. CARR.

Memoranda Relating to Improvements and Additions to be Made to the Kings County Court House, Borough of Brooklyn, The City of New York.

In general, the work contemplated may be designated as follows:

Removal of present roof of entire structure for a distance of some 235 feet from the Livingston street facade of the building back towards the dome, down to the level of the present third floor, and building thereon two additional stories, each to be respectively 16 feet and 13 feet high, practically making a four-story structure of this portion of the building, on the third floor of which provision has been made for six additional court rooms, corresponding in size to those on the floor beneath them and differing only in height.

Four of these court rooms will have its individual jury room adjacent thereto, with private toilet; a public toilet and one or two additional rooms have also been provided.

On the fourth floor a new 'Judges' chamber has been provided, containing some fifteen small rooms, approximately 16 by 18 feet in area, with private toilet, closet for storage of stationery, and ample space for consultation purposes.

Adjacent to the foregoing, four jury rooms, each with its private toilet, have been provided.

On the north end of this floor, space has been reserved for the Law Library (at present on the second floor of the building), in which some 100,000 volumes can be taken care of; also four small Stenographers' rooms are provided, as well as a public toilet, Court Attendants' room, etc.

Among the general improvements contemplated may be mentioned that of removing one staircase in the central part of the building and substituting in place thereof four modern and up-to-date elevators for use of the general public, while in the rear of the building, near the Livingston street entrance, a private elevator for the Judges has been provided, leading directly to the chambers.

Where the central staircase has been removed it is proposed to erect a fire escape adjacent thereto, to take the place of same.

Mention may also be made of the removal of a partition in the westerly room at the rear end of the building, and fitting up same as a court room, which means that seven new rooms will be accessible.

All of this work will be fireproof construction, modern and up-to-date in all respects.

It will be necessary to remove the entire present system of lighting the building and to install a new, modern, up-to-date electric service, while the heating and ventilating apparatus of the entire structure will of necessity have to be rearranged to meet the new conditions.

February 25, 1908.

Hon. HERMAN A. METZ, Comptroller:

Sir—Hon. Bird S. Coler, President of the Borough of Brooklyn, in communication under date of February 21, 1908, requests the Board of Estimate and Apportionment to authorize the Comptroller to issue Corporate Stock to the amount of \$500,000 to be used by the President of the Borough for the construction of additional stories and improvements and additions to the present Kings County Court House, Borough of Brooklyn.

I would report that I have examined the preliminary plans as prepared by the Superintendent of Buildings, Borough of Brooklyn.

The layout as proposed, two additional stories south of the dome, will give six additional court rooms, accommodations for a law library, jury rooms, Justices' private rooms and other ante-rooms. The arrangement will provide suitable accommodations for court purposes for a number of years.

I consider the improvement necessary and urgent; therefore, if the financial conditions of the City warrant the expenditure, I think the Board of Estimate and Apportionment may properly authorize the Comptroller to issue Corporate Stock to the amount of \$500,000, to be used by the President of the Borough of Brooklyn for the construction of additional stories and improvements and additions to the present Kings County Court House, Borough of Brooklyn.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. Metz, Comptroller.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of five hundred thousand dollars (\$500,000), to provide means for improvements and additions, and for the construction of additional stories to the Kings County Court House, Borough of Brooklyn.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment February 28, 1908, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes specified therein.

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding five hundred thousand dollars (\$500,000), to provide means for improvements and additions, and for the construction of additional stories to the Kings County Court House, Borough of Brooklyn; and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding five hundred thousand dollars (\$500,000), the proceeds whereof to be applied to the purposes aforesaid."

Alderman Redmond moved the adoption of this ordinance.

The Vice-Chairman put the question whether the Board would agree with said ordinance.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Bent, Beyer, B. W. B. Brown, J. W. Brown, Carter, Case, Coleman, Colgan, Collins, Corbett, Crowley, Davis, Delaney, Diemer, Doull, Dowling, Downing, Drescher, Emener, Esterbrook, Finnigan, Flanagan, Flynn, Gaynor, Goldschmidt, Grimm, Gunther, Handy, Heffernan, Hickey, Hines, Hochdorffer, Hogan, Johnson, Kenneally, Kenney, Levine, Linde, Loos, Martyn, McAleer, McDonald, Morrison, Moskowitz, Mulcahy, Mulvaney, Nagle, Nugent, Reardon, Redmond, Rendt, Sandiford, Schloss, Schneider, Stapleton, Stormont, Velten, Walsh, Wentz and President Cromwell—61.

The President laid before the Board the following communication from the County Clerk of Queens County:

No. 301.

Office of the County Clerk of Queens County,  
Jamaica, Borough of Queens, New York City,  
February 28, 1908.

To the Honorable, the Board of Aldermen of The City of New York:

Gentlemen—Application is hereby made, pursuant to the provisions of subdivision 7 of section 188 of the Charter of The City of New York, for the issuance of Special Revenue Bonds to the amount of \$5,071.36 for the purpose of meeting a deficit in the appropriation for legal fees for the County of Queens for the year 1907.

The laws passed by the Legislature of 1907 compelling the Clerk to draw jurors for every week of the term of Court, the large number of cases tried, the addition of an extra part in the Supreme Court, and the increase in business in this office by reason of the several acts passed by the Legislature affecting this county, have caused the large increase in legal fees as against the appropriation for the year 1907. When the amount was estimated for that year it was not anticipated that the work would be increased in such a manner, and provision for it at that time was not made.

In view of all this I ask that you adopt the resolution inclosed herewith.

Respectfully yours,

JOHN NIEDERSTEIN, Clerk of Queens County.

Resolved, That, in pursuance of subdivision 7 of section 188 of the Charter of The City of New York, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds of The City of New York to the amount of five thousand and seventy-one dollars and thirty-six cents (\$5,071.36) for the purpose of paying the deficiency in the appropriation for legal fees for the County of Queens for the year 1907.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Police Commissioner:

No. 302.

Police Department,  
No. 300 Mulberry Street,  
February 25, 1908.

To the Honorable Board of Aldermen:

Gentlemen—I respectfully ask that this Department be authorized to purchase two gasoline touring five-passenger cars in the open market, in amount not to exceed \$8,000. This action is deemed necessary because of the fact that the touring cars desired are manufactured under patents and if competing bids were obtained the low price cars would not answer the requirements of this Department. It is therefore essential to secure the necessary cars without resorting to advertisement for competing bids.

Respectfully,

THEO. A. BINGHAM,  
Police Commissioner.

Which was referred to the Committee on Public Letting.

The President laid before the Board the following communication from the Commissioner of Parks, Manhattan and Richmond.

No. 303.

Department of Parks,  
Arsenal, Central Park,  
March 2, 1908.

To the Honorable, the Board of Aldermen, The City of New York:

Gentlemen—Referring to the following resolution adopted by your Honorable Board February 25, 1908, in relation to the use of the Harlem River Driveway (Speedway) for bob sleds, I beg to state that I would not approve of such a modification of the rules which apply to that roadway.

The Harlem River Driveway was designed and constructed solely for pleasure traffic and speeding of horses, and the use of bob sleds on that roadway would interfere with the primary use of the same.

Respectfully,

HENRY SMITH,  
Commissioner of Parks, Boroughs of Manhattan and Richmond.

Resolved, That the Commissioner of Parks for the Boroughs of Manhattan and Richmond be and he is hereby respectfully requested to modify the regulations affecting the use of the Speedway, from One Hundred and Fifty-fifth street to the level, during the continuance of snow, by permitting, during certain restricted hours, and governed by precautionary measures against accident, the use of the incline for bob sleds, a concession necessarily temporary in its nature, which would be greatly appreciated by all lovers of winter sports in the vicinity of the Speedway.

Which was ordered on file.

The President laid before the Board the following communication from the Commissioner of Public Charities:

No. 304.

Department of Public Charities,  
Foot of East Twenty-sixth Street,  
March 2, 1908.

To the Honorable the Board of Aldermen:

Gentlemen—The undersigned, Commissioner of Public Charities, desiring to employ only competent workmen and to pay the prevailing rates of wages, as recommended by the Special Committee in its report submitted to the Board of Estimate and Apportionment under date of October 4, 1907, as well as to meet an anticipated deficiency in the salaries and wages appropriation of the Department for the year 1908, very respectfully requests the issue of Special Revenue Bonds to the amount of \$89,502.81 for these purposes as follows:

(1) To employ competent workmen and to pay the prevailing rates of wages in the several institutions and on the boats of the Department. These rates have in each case been approved and the grades established for the Department by the Board of Estimate and Apportionment, with the approval of the Board of Aldermen, and the difference between the present compensation and the new rates and grades is desired in each case.

Engineers (Stationary).

The amount now paid is \$3 per day with maintenance, and \$3.50 per day without maintenance. The new rate approved by the Special Committee and graded by the Board of Estimate and Apportionment, with the approval of the Board of Aldermen, is \$4 per day with maintenance, and \$4.50 per day without maintenance.

It is therefore requested that the difference between these rates be added to the appropriations to the several institutions as follows, commencing February 11, 1908, as follows:

	Number.	Present Rate.	Desired Rate.	Total Increase.
City Hospital .....	3	\$3 50 per diem....	\$4 50 per diem....	\$975 00
City Home, Manhattan.....	1	3 00 per diem....	4 00 per diem....	325 00
City Home, Manhattan.....	1	3 50 per diem....	4 50 per diem....	325 00
Metropolitan Hospital .....	1	3 00 per diem....	4 00 per diem....	325 00
Metropolitan Hospital .....	1	3 50 per diem....	4 50 per diem....	325 00
Randalls Island .....	3	3 50 per diem....	4 50 per diem....	975 00
Randalls Island .....	1	2 00 per diem....	4 50 per diem....	812 50
Kings County Hospital.....	3	4 00 per diem....	4 50 per diem....	487 50
City Home, Brooklyn.....	3	4 00 per diem....	4 50 per diem....	487 50
Cumberland Street Hospital...	3	4 00 per diem....	4 50 per diem....	487 50
City Farm Colony.....	1	300 00 per annum..	4 00 per diem....	1,033 63
Municipal Lodging House.....	1	3 50 per diem....	4 50 per diem....	975 00
				Amount of deficiency = \$7,533 63

Firemen (Stokers).

The rate now paid is \$2 per day with maintenance, and \$2.50 per day without maintenance. The new rate is \$2.50 per day with maintenance, and \$3 per day without maintenance.

The difference in these two rates is requested to be added to the appropriations for the several institutions and the steamboats of the Department as follows:

	Number.	Present Rate.	Desired Rate.	Total Increase.
Central Office, Brooklyn.....	2	\$2 00 per diem....	\$3 00 per diem....	\$650 00
Steamboats, Manhattan .....	6	2 00 per diem....	3 00 per diem....	1,950 00
Steamboats, Manhattan .....	2	2 50 per diem....	3 00 per diem....	325 00
Steamboats, Manhattan .....	2	240 00 per annum..	3 00 per diem....	1,523 80
Steamboats, Manhattan .....	1	150 00 per annum..	3 00 per diem....	841 81
City Hospital .....	8	2 00 per diem....	3 00 per diem....	2,600 00
City Home, Manhattan.....	11	2 00 per diem....	3 00 per diem....	3,575 00
Metropolitan Hospital .....	6	2 00 per diem....	3 00 per diem....	1,950 00
Randalls Island .....	8	2 00 per diem....	3 00 per diem....	2,600 00

City Home, Brooklyn.....	3	2 00 per diem....	3 00 per diem....	975 00
Cumberland Street Hospital....	3	2 00 per diem....	3 00 per diem....	975 00
				Amount of deficiency = \$21,988 21

Oilers.

The present rate is \$2 per day with maintenance, and the new rate, \$3 per day with maintenance. It is requested that the difference be added to the appropriations, Salaries and Wages for the Steamboats, as follows:

	Number.	Present Rate.	Desired Rate.	Total Increase.
Steamboats, Manhattan .....	2	\$2 00 per diem....	\$3 00 per diem....	\$650 00
				Amount of deficiency = \$650 00

Electricians.

The present rate varies from \$360 per annum with maintenance, to \$3 per day with maintenance, as set forth in the following schedule. The new rate is \$3.50 per day with maintenance, and \$4 per day without maintenance.

The difference between the rates now paid and the new rates is requested to be added to the appropriations for the several institutions of the Department which employ Electricians, as follows:

	Number.	Present Rate.	Desired Rate.	Total Increase.
Metropolitan Hospital .....	1	\$1,050 00 per annum..	\$4 00 per diem....	\$367 64
Randalls Island .....	1	3 00 per diem....	3 50 per diem....	162 50
Kings County Hospital.....	1	1,050 00 per annum..	3 50 per diem....	205 14
Kings County Hospital.....	1	384 00 per annum..	3 50 per diem....	796 52
Kings County Hospital.....	1	360 00 per annum..	3 50 per diem....	817 83
				Amount of deficiency = \$2,349 63

Plumbers.

The rates at present paid range from \$300 per annum, with maintenance, to \$3.50 per day, with maintenance. The new rate is \$4.50 per day, with maintenance.

The difference is requested to be added to the salaries and wages appropriations of the several institutions of the Department employing plumbers, as follows:

	Number.	Present Rate.	Desired Rate.	Total Increase.
Metropolitan Hospital .....	1	\$300 00 per annum..	\$4 50 per diem....	\$1,196 13
Randall's Island .....	1	480 00 per annum..	4 50 per diem....	1,036 29
City Home, Brooklyn.....	2	3 50 per diem....	4 50 per diem....	650 00
				Amount of deficiency = \$2,882 42

Steam and Gas Fitters.

The rates now paid range from \$480 per annum, with maintenance, to \$2 per day, with maintenance. The new rate is \$4.50 per day, with maintenance, and the difference is requested to be added to the appropriation as follows:

	Number.	Present Rate.	Desired Rate.	Total Increase.
Metropolitan Hospital .....	1	\$480 00 per annum..	\$4 50 per diem....	\$1,036 42
Randalls Island .....	2	2 00 per diem....	4 50 per diem....	1,625 00
				Amount of deficiency = \$2,661 42

Carpenters.

The rates now paid in this Department to Carpenters range from \$120 per annum, and maintenance, to \$3.60 per day, and maintenance.

The new rate is \$4.50 per day, and maintenance. In view of the better class of help contemplated, it is proposed to reduce the number of Carpenters employed in the Department from twenty-six to twenty, commencing the new arrangement on April 1, if possible.

The difference in the amount should be added to the salaries and wages appropriations of the several institutions specified as follows:

	Number.	Present Rate.	Desired Rate.	Total Increase.
Storehouse, Manhattan .....	1	\$600 00 per annum..	\$4 50 per diem....	\$742 50
Storehouse, Manhattan .....	2	240 00 per annum..	4 50 per diem....	2,025 00
Storehouse, Manhattan .....	1	180 00 per annum..	4 50 per diem....	1,057 50
City Hospital .....	2	120 00 per annum..	4 50 per diem....	2,205 00
City Home, Manhattan.....	1	150 00 per annum..	4 50 per diem....	1,080 00

Randalls Island .....	1	900 00 per annum..	4 50 per diem....	517 50
Randalls Island .....	3	120 00 per annum..	4 50 per diem....	3,307 50
City Home, Brooklyn.....	2	720 00 per annum..	4 50 per diem....	1,305 00
City Home, Brooklyn.....	2	3 60 per diem....	4 50 per diem....	477 00
Cumberland Street Hospital....	1	144 00 per annum..	4 50 per diem....	1,084 50
New York City Farm Colony..	1	420 00 per annum..	4 50 per diem....	877 50
				Amount of deficiency = \$17,919 00

Painters.

The rates now paid range from \$60 per annum, with maintenance, to \$600 per annum, with maintenance.

The new rate is \$3.50 per day, with maintenance. The number of Painters now employed by the Department is twenty-six, and in view of the more competent help recommended to be employed, it is proposed to reduce the number to twenty, the same as in the case of the Carpenters, commencing the new arrangement on April 1, if

possible. The difference in the cost should be added to the appropriations to the several institutions as follows:

	Number.	Present Rate.	Desired Rate.	Total Increase.
Storehouse .....	2	\$150 00 per annum..	\$3 50 per diem....	\$1,630 00
City Hospital .....	1	240 00 per annum..	3 50 per diem....	747 50
City Hospital .....	1	144 00 per annum..	3 50 per diem....	819 50
City Hospital .....	2	120 00 per annum..	3 50 per diem....	1,675 00
City Home, Manhattan.....	1	120 00 per annum..	3 50 per diem....	837 50

Randalls Island .....	1	600 00 per annum..	3 50 per diem....	477 50
Randalls Island .....	3	120 00 per annum..	3 50 per diem....	2,512 50
Kings County Hospital.....	2	144 00 per annum..	3 50 per diem....	1,639 00
Cumberland Street Hospital....	1	120 00 per annum..	3 50 per diem....	837 50
City Farm Colony.....	1	150 00 per annum..	3 50 per diem....	815 00
Amount of deficiency =				\$16,088 50

(2) To meet increases in salaries required by established grades, in accordance with the opinion of the Corporation Counsel. No provision for these necessary increases was made in the Budget allowance for 1908, but they were allowed for the Superintendents of the Metropolitan and the City Hospitals in Manhattan, and for the Superintendent of the Cumberland Street Hospital in Brooklyn, through the issue of Special Revenue Bonds authorized by the Board of Aldermen December 2, 1907, and approved by the Board of Estimate and Apportionment on January 10, 1908.

Superintendents of Hospitals.

Metropolitan Hospital, Manhattan—			
Old rate, per annum, and maintenance.....		\$1,950 00	
New rate, per annum, and maintenance.....		3,000 00

Total amount of deficiency =				\$870 00

Deputy Superintendent of Training School.

	Number.	Per Annum.		Total Increase.
		Old Rate.	New Rate.	
Kings County Hospital and Training School.....	1	\$1,050 00	to \$1,200 00	\$150 00
Total amount of deficiency =				\$150 00

(3) To meet the expense of employing additional nurses and helpers required by the extraordinary increase in the number of patients and inmates of the several institutions of the Department hereinafter specified:

The Metropolitan Hospital Training School.

The census of this institution at the present time shows an increase of two hundred and fifty patients over the same period of last year. The greatest increase in the census of this institution is shown in the number of patients in the tuberculosis infirmary of the hospital, which has an increase of one hundred and seventy-nine patients over the same period of 1907.

To care for this increased number of patients it has been found necessary to open two additional pavilions and to increase the force of nurses and helpers as follows:

10 additional Nurses, at \$300, for eleven months.....	\$2,750 00
4 additional Orderlies, at \$150, for eleven months.....	550 00
3 additional Helpers, at \$150, for eleven months.....	412 50
1 additional Seamstress, at \$150, for eleven months.....	137 50

Total amount..... \$3,850 00

New York City Home for the Aged and Infirm, Manhattan.

The census of this institution at the present time shows an increase of one hundred and eighty-seven inmates over the same period of last year. To care for the increased number of inmates it has been found necessary to increase the force of Helpers as follows:

4 additional Helpers, at \$180, for ten months.....	\$600 00
---	----------

New York City Home for the Aged and Infirm, Brooklyn Division.

The census of this institution at the present time shows an increase of one hundred and seventy-four inmates over the same period of last year. To care for the increased number of inmates it has been found necessary to open two additional cottages and to increase the force of Nurses and Helpers as follows:

2 additional Helpers, at \$240, for ten months.....	\$400 00
3 additional Orderlies, at \$300, for ten months.....	750 00

Total amount..... \$1,150 00

(4) To meet in the steamboat service like rates to those paid in other City Departments for similar service.

Pilots.

The Pilots of the Department running the ferries from Fifty-second street to Blackwells Island, and from One Hundred and Twentieth street to Randalls Island, four in number, as well as two others, who are employed on other steamboats of the Department, receive \$1,200 a year and their meals.

This is considerably less than is paid to the Engineers on the tug boats, who are subject to the directions of the Pilots. This is the cause of considerable complaint, which is increased by the fact that the Pilots on the "Bronx," running on the ferry between Seventieth street and Blackwells Island, and taken over by this Department from the Department of Correction on January 1, receive \$1,400 per annum and their meals. To equalize these salaries it is recommended that \$1,400 a year be paid to these six Pilots, commencing April 1, next.

This will require the sum of \$900.

Deckhands.

In order to pay the Deckhands what may be properly regarded as the prevailing rates paid in like City Departments, the following appropriations are desired:

	Number.	Present Rate.	Desired Rate.	Total Increase.
Deckhands.....	4	\$150 00 per annum..	\$480 00 per annum..	\$1,320 00
Deckhands.....	3	240 00 per annum..	480 00 per annum..	720 00
Deckhands.....	14	360 00 per annum..	480 00 per annum..	1,680 00
Total increase =				\$3,720 00

To provide a crew for the new steamboat "The Lowell," which is expected to be ready for service on July 1, next:

1 Captain, at \$1,620 per annum.....	\$810 00
1 Engineer, at \$1,500 per annum.....	750 00
1 Mate, at \$900 per annum.....	450 00
2 Stokers, at \$2.50 per day.....	910 00
2 Deckhands, at \$40 per month.....	720 00

Total amount required..... \$3,640 00

Recapitulating the foregoing requests, the amounts desired to be added to the salaries and wages appropriations of the several institutions and the steamboats of the Department are as follows:

City Hospital.....	\$9,022 00
City Home, Manhattan.....	7,012 50
Metropolitan Hospital.....	13,707 69
Randalls Island.....	17,523 89
Kings County Hospital.....	5,070 99
City Home, Brooklyn.....	5,284 50
Cumberland Street Hospital.....	4,434 50
New York City Farm Colony.....	2,846 13
Municipal Lodging House.....	975 00
Central Office, Brooklyn.....	650 00
Steamboats .....	13,550 61
Storehouse .....	5,455 00
Metropolitan Hospital Training School.....	3,850 00
Grand total.....	\$89,502 81

Respectfully yours,

ROBT. W. HEBBERD, Commissioner.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Department of Docks and Ferries.

No. 305.

Department of Docks and Ferries,  
Pier "A," North River, New York,  
March 2, 1908.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Sir—I respectfully beg to request that a resolution be adopted by the Board of Aldermen authorizing and empowering this Department, without advertising for bids or contracting for the same, to do the following work by the force of this Department: Repairs to piers at West Fortieth street, East Twentieth street and East One Hundred and Tenth street; it being understood that all work of dredging shall be done and all material and supplies necessary for the prosecution of said work shall be purchased by contract, as provided in section 419 of the Greater New York Charter.

Yours very respectfully,

ALLEN N. SPOONER, Commissioner.

Which was referred to the Committee on Public Letting.

The President laid before the Board the eleventh annual report of the Disciplinary Training School for Boys, in Brooklyn.

Which was ordered on file.

At this point Alderman Dowling moved that the Special Committee on Celebration of Opening of Tunnel Under the Hudson River be discharged.

Which motion was adopted.

REPORTS OF STANDING COMMITTEES.

Reports of Committee on Finance—

No. 82 (G. O. No. 15).

The Committee on Finance, to which was referred, on January 14, 1908 (Minutes, page 575), the annexed resolution for Special Revenue Bonds, \$5,100, for extra Clerks in office of County Clerk, County of Kings, respectfully

REPORTS:

That the County Clerk and his counsel appeared before the Committee and stated that these Clerks were needed to handle the work which devolved upon the office through the operation of the new Marriage License Law.

The Committee recommends that the said resolution be adopted.

Resolved, That, in pursuance of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed fifty-one hundred dollars (\$5,100), the proceeds whereof to be applied to the payment of extra Clerks by the County Clerk of the County of Kings, for the purpose of carrying out the provisions of chapter 742 of the Laws of 1907, en-

titled "An Act to amend the Domestic Relations Law by providing for marriage licenses."

T. P. SULLIVAN, FRANK L. DOWLING, JOHN DIEMER, ARTHUR H. MURPHY, JOHN J. COLLINS, JOHN MULVANEY, JOHN J. HOGAN, JOHN D. GUNTHER, WM. P. KENNEALLY, R. S. DOULL, JAMES W. REDMOND, Committee on Finance.  
Which was laid over.

No. 129.

The Committee on Finance, to which was referred, on January 28, 1908 (Minutes, page 872), the annexed ordinance for \$25,000 Corporate Stock for fence in Zoological Gardens, Borough of The Bronx, respectfully

#### REPORTS:

That Chief Engineer Schenck, of the Park Department, appeared before the Committee and stated that this was for a fence of heavy electric wires to protect the forest lands on the easterly side of the park, and would obviate the great trouble now had in policing this territory. This fence is to be covered with vines.

The Committee recommends that the said ordinance be adopted.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of \$25,000, for the purpose of providing means for the erection of a wire fence (under the direction of the Commissioner of Parks, Borough of The Bronx) to enclose the forest lands immediately adjacent to the eastern boundary of that portion of the Bronx Park known as the Zoological Gardens, from Bronx-dale south to West Farms road.

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment January 24, 1908, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding twenty-five thousand dollars (\$25,000), for the purpose of providing means for the erection of a wire fence (under the direction of the Commissioner of Parks, Borough of The Bronx), to inclose the forest lands immediately adjacent to the eastern boundary of that portion of the Bronx Park known as the Zoological Gardens, from Bronx-dale south to West Farms road, and when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding twenty-five thousand dollars (\$25,000), the proceeds whereof to be applied to the purposes aforesaid."

T. P. SULLIVAN, FRANK L. DOWLING, JOHN DIEMER, ARTHUR H. MURPHY, JOHN J. COLLINS, JOHN MULVANEY, JOHN J. HOGAN, JOHN D. GUNTHER, WM. P. KENNEALLY, R. S. DOULL, JAMES W. REDMOND, Committee on Finance.

Under Rule 21, consideration of this report was deferred. Subsequently the Vice-Chairman moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Bent, Beyer, B. W. B. Brown, Carter, Colgan, Collins, Corbett, Delaney, Diemer, Doull, Dowling, Downing, Drescher, Emener, Finnigan, Gaynor, Goldschmidt, Gunther, Handy, Heffernan, Hickey, Hines, Hochdorffer, Hogan, Johnson, Kavanagh, Kenneally, Levine, Linde, Martyn, Marx, McAleer, McCann, McDonald, Moskowitz, Muhlbauey, Mulvaney, Nagle, Nugent, Redmond, Rendt, Sandiford, Schloss, Schneider, Stormont, Walsh, Wentz; President Cromwell and the Vice-Chairman—51.

No. 263.

The Committee on Finance, to which was referred, on February 25, 1908 (Minutes, page 1036), the annexed ordinance, authorizing lease of temporary chambers for Supreme Court Judges of Second District, respectfully

#### REPORTS:

That Alderman Downing appeared before the Committee and submitted the annexed opinion from the Acting Corporation Counsel. The Committee believes this matter should be adjusted to the satisfaction of the Judges, and recommends that the said ordinance be adopted.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

The Comptroller is hereby authorized and directed to enter into an agreement for the leasing of the second floor of the building known and designated as No. 391 Fulton street, in the Borough of Brooklyn, for the use as chambers of the Justices of the Supreme Court of the Second Judicial District, the chambers of said Justices in the County Court House having recently been destroyed by fire; said lease to run from month to month at a monthly rental of five hundred and fifty dollars (\$550), payable at the end of each month.

This ordinance is passed in pursuance of section 31 of the Code of Civil Procedure and of the Charter of The City of New York.

T. P. SULLIVAN, JOHN DIEMER, ARTHUR H. MURPHY, JOHN J. COLLINS, JOHN J. HOGAN, JOHN MULVANEY, JOHN D. GUNTHER, WM. P. KENNEALLY, R. S. DOULL, JAMES W. REDMOND, Committee on Finance.

City of New York—Law Department,  
Office of the Corporation Counsel,  
New York, February 29, 1908.

Hon. BIRD S. COLER, President, Borough of Brooklyn:

Sir—I am in receipt of your communication dated February 27, 1908, which reads as follows:

"The recent fire in the Kings County Court House made it necessary for the Judges of the Supreme Court, whose chambers were made untenable, to secure quarters temporarily elsewhere. Such quarters were secured by the Judges on the upper floors of the Williamsburg Trust Company building. Alderman Downing, at the request of Judge Burr, of the Supreme Court, introduced in the Board of Aldermen a resolution authorizing and directing the Comptroller to confirm the temporary lease from month to month secured by the Judges on these quarters until the Court House is restored to its former condition. This procedure is authorized by section 31 of the Code of Civil Procedure, which states that the Board of Supervisors or the Board of Aldermen has jurisdiction of this kind relating to the courts. The President of the Board of Aldermen ruled the resolution out of order, and held that the Sinking Fund Commission had to act in the matter and the resolution was referred to the Finance Committee of the Board. Will you kindly give me an opinion as to whether or not section 31 of the Code of Civil Procedure does not apply here and the power to take action in accordance with Alderman Downing's resolution is not vested thereby in the Board of Aldermen? I would consider it a great favor if you could reply to this communication before the meeting of the Finance Committee of the Board of Aldermen on Monday, March 2."

Section 27 of the Greater New York Charter provides:

"All applications to lease any real estate for the purposes of the city of New York, or any of the counties contained within its territorial limits \* \* \* must be presented to and passed upon by the commissioners of the sinking fund of said city."

This sweeping provision of law would seem to apply to the present situation were it not for section 31 of the Code of Civil Procedure, which provides:

"Except where other provision is made therefor by law, the board of supervisors of each county, and in the city of New York the municipal assembly thereof, must provide each court of record, appointed to be held therein, with proper and convenient rooms and furniture \* \* \*"

Section 31, as originally drawn, confers this duty upon the Board of Supervisors of each county, but a significant amendment was made in 1899 directing that in The City of New York the Municipal Assembly thereof should provide each court of record with proper and convenient rooms, and by section 42 of the Charter "all the powers and duties which on January first, nineteen hundred and two, are conferred or charged upon the municipal assembly of the city of New York shall be exercised and performed by the board of aldermen of the city of New York, as hereby constituted," and I am therefore of the opinion that the Board of Aldermen of The City of New

York is charged with the duty of taking action in the matter of furnishing the Judges of the Supreme Court in Kings County with proper and convenient rooms.

Respectfully yours,

G. L. STERLING, Acting Corporation Counsel.

Under Rule 21, consideration of this report was deferred. Subsequently the Vice-Chairman moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Barton, Bent, Beyer, J. W. Brown, Carter, Case, Cole, Coleman, Colgan, Collins, Corbett, Crowley, Davis, Delaney, Diemer, Doull, Downing, Drescher, Emener, Esterbrook, Finnigan, Flanagan, Flynn, Gaynor, Goldschmidt, Grimm, Gunther, Handy, Heffernan, Hickey, Hines, Hochdorffer, Hogan, Johnson, Kavanagh, Kenney, Levine, Linde, Loos, Martyn, Marx, McAleer, McCann, McDonald, Morrison, Moskowitz, Muhlbauey, Mulcahy, Mulvaney, Nagle, Nugent, Reardon, Redmond, Rendt, Sandiford, Schloss, Schneider, Smith, Stapleton, Stormont, Velten, Walsh, Wentz and President Cromwell—66.

No. 266.

The Committee on Finance, to which was referred on February 25, 1908 (Minutes, page 1039), the annexed resolution for \$10,000 Special Revenue Bonds to repair fire damages to Kings County Court House, respectfully

#### REPORTS:

That Superintendent Lawrence appeared before the Committee and stated that this sum was for emergent repairs to roof of Court House in order to make it habitable.

The Committee recommends that the annexed resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of ten thousand dollars (\$10,000), the proceeds whereof to be applied to the making of repairs and to pay for cleaning and renovating the rooms in the Kings County Court House, Borough of Brooklyn, made necessary by fire in said building.

T. P. SULLIVAN, FRANK L. DOWLING, JOHN DIEMER, ARTHUR H. MURPHY, JOHN J. COLLINS, JOHN MULVANEY, JOHN D. GUNTHER, JOHN J. HOGAN, WM. P. KENNEALLY, R. S. DOULL, JAMES W. REDMOND, Committee on Finance.

Under Rule 21, consideration of this report was deferred. Subsequently the Vice-Chairman moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Barton, Bent, Beyer, B. W. B. Brown, J. W. Brown, Carter, Cole, Coleman, Collins, Corbett, Crowley, Davis, Delaney, Diemer, Doull, Downing, Drescher, Emener, Esterbrook, Finnigan, Flanagan, Flynn, Gaynor, Goldschmidt, Grimm, Gunther, Handy, Heffernan, Hickey, Hines, Hochdorffer, Hogan, Johnson, Kavanagh, Kenneally, Kenney, Levine, Linde, Loos, Martyn, Marx, McAleer, McCann, McDonald, Morrison, Moskowitz, Muhlbauey, Mulcahy, Mulvaney, Nagle, Nugent, Quinn, Reardon, Redmond, Rendt, Smith, Stapleton, Stormont, Velten, Walsh, Wentz, President Cromwell and the Vice-Chairman—65.

Negative—Alderman Colgan—1.

No. 267.

The Committee on Finance, to which was referred on February 25, 1908 (Minutes, page 1039), the annexed resolution for \$1,700 Special Revenue Bonds, to rebuild sewer in Whitestone, Borough of Queens, respectfully

#### REPORTS:

That Engineer Johnson, of the Bureau of Sewers, appeared before the Committee and stated that this sewer was about eighteen years old, and was now broken in several places; that the maintenance fund of the Bureau would not cover this expenditure.

The Committee recommends that the said resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not exceeding seventeen hundred dollars (\$1,700), the proceeds whereof to be applied by the President of the Borough of Queens to rebuilding the sewer in Fourteenth avenue, between Twenty-seventh and Thirtieth streets, at Whitestone, in the Third Ward, Borough of Queens.

T. P. SULLIVAN, FRANK L. DOWLING, JOHN DIEMER, ARTHUR H. MURPHY, JOHN J. COLLINS, JOHN J. HOGAN, JOHN MULVANEY, JOHN D. GUNTHER, WM. P. KENNEALLY, R. S. DOULL, JAMES W. REDMOND, Committee on Finance.

Under Rule 21, consideration of this report was deferred. Subsequently the Vice-Chairman moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Barton, Bent, Beyer, J. W. Brown, Carter, Case, Cole, Coleman, Colgan, Collins, Crowley, Davis, Delaney, Diemer, Doull, Downing, Drescher, Emener, Esterbrook, Finnigan, Flanagan, Flynn, Gaynor, Goldschmidt, Grimm, Gunther, Handy, Heffernan, Hickey, Hines, Hochdorffer, Hogan, Kenneally, Kenney, Levine, Loos, Martyn, Marx, McAleer, McCann, McDonald, Morrison, Moskowitz, Muhlbauey, Mulvaney, Nagle, Nugent, Quinn, Reardon, Rendt, Sandiford, Smith, Stapleton, Stormont, Velten, Walsh, President Cromwell, President Bermel and the Vice-Chairman—61.

No. 268.

The Committee on Finance, to which was referred on February 25, 1908 (Minutes, page 1040), the annexed resolution for \$5,000 Special Revenue Bonds to repair sewer in Third Ward, Borough of Queens, respectfully

#### REPORTS:

That Engineer Johnson, of the Bureau of Sewers, appeared before the Committee and stated that this sewer had been long in use and was in urgent need of repairs. That the Maintenance Fund of the Bureau would not cover this expenditure.

The Committee recommends that the said resolution be adopted.

Resolved, That, in pursuance of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not exceeding five thousand dollars (\$5,000), the proceeds whereof to be applied by the President of the Borough of Queens to rebuilding the sewer in Myrtle avenue, from Flushing Creek to Parsons avenue, in the Third Ward of the Borough of Queens.

T. P. SULLIVAN, FRANK L. DOWLING, JOHN DIEMER, ARTHUR H. MURPHY, JOHN J. COLLINS, JOHN MULVANEY, JOHN D. GUNTHER, JOHN J. HOGAN, WM. P. KENNEALLY, R. S. DOULL, JAMES W. REDMOND, Committee on Finance.

Under Rule 21, consideration of this report was deferred. Subsequently the Vice-Chairman moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Barton, Bent, Beyer, J. W. Brown, Carter, Case, Cole, Coleman, Colgan, Collins, Crowley, Davis, Delaney, Diemer, Doull, Downing, Drescher, Emener, Esterbrook, Finnigan, Flanagan, Flynn, Gaynor, Goldschmidt, Grimm, Gunther, Handy, Heffernan, Hickey, Hines, Hochdorffer, Hogan, Kenneally, Kenney, Levine, Loos, Martyn, Marx, McAleer, McCann, McDonald, Morrison, Moskowitz, Muhlbauey, Mulvaney, Nagle, Nugent, Quinn, Reardon, Rendt, Sandiford, Smith, Stapleton, Stormont, Velten, Walsh, President Cromwell, President Bermel and the Vice-Chairman—61.

No. 270.

The Committee on Finance, to whom was referred on February 25, 1908 (Minutes, page 1041), the annexed resolution for \$2,500 Special Revenue Bonds for further

equipment of Bureau of Municipal Investigation and Statistics in office of Comptroller, respectfully

#### REPORTS:

That Mr. Hervey, Chief of this Bureau, appeared before the Committee and stated that this sum was needed for filing cases and a set of references for use in compiling a real estate record.

The Committee recommends that the said resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds of The City of New York to the amount of twenty-five hundred dollars (\$2,500), for the purpose of providing additional steel filing cases and other equipment for the Bureau of Municipal Investigation and Statistics of the Department of Finance.

T. P. SULLIVAN, FRANK L. DOWLING, JOHN DIEMER, ARTHUR H. MURPHY, JOHN J. COLLINS, JOHN J. HOGAN, JOHN MULVANEY, JOHN D. GUNTHER, WM. P. KENNEALLY, R. S. DOULL, JAMES W. REDMOND, Committee on Finance.

Under Rule 21, consideration of this report was deferred. Subsequently the Vice-Chairman moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Bent, Beyer, B. W. B. Brown, J. W. Brown, Carter, Case, Cole, Coleman, Colgan, Collins, Crowley, Davis, Delaney, Diemer, Doull, Dowling, Downing, Drescher, Emener, Finnigan, Flanagan, Flynn, Gaynor, Goldschmidt, Grimm, Gunther, Handy, Heffernan, Hickey, Hines, Hochdorffer, Hogan, Johnson, Kavanagh, Kenneally, Kenney, Levine, Linde, Loos, Martyn, Marx, McAleer, McCann, McDonald, Moskowitz, Muhlbauer, Mulcahy, Mulvaney, Nagle, Nugent, Reardon, Redmond, Rendt, Sandiford, Schneider, Stapleton, Velten, Wentz; President Cromwell and President Bermel—61.

#### No. 272.

The Committee on Finance, to whom was referred on February 25, 1908 (Minutes, page 1048), the annexed resolution in favor of authorizing the Board of Health to draw upon the Comptroller for incidental expenses of the Tuberculosis Sanatorium at Otisville, to an amount not to exceed \$500 at any one time, respectfully

#### REPORTS:

That Dr. Bensei appeared before the Committee and stated that this permission would be a convenience to the Health Department in the care of patients at this sanatorium.

The Committee recommends that the said resolution be adopted.

Resolved, That for the purpose of defraying any minor or incidental expenses in the Sanatorium for the Care and Treatment of Persons Living in The City of New York, suffering with tuberculosis, located at Otisville, Town of Mount Hope, Orange County, N. Y., contingent to the Department of Health, the Hospital Physician in charge of the said sanatorium may, by requisition, draw upon the Comptroller for a sum not exceeding five hundred dollars (\$500); the said Hospital Physician may, in like manner, renew the draft as often as the Board of Health may deem it necessary, to the extent of the appropriation set apart for contingencies of the Department of Health; but no such renewal shall be made until the money paid upon the preceding draft shall be accounted for to the Comptroller, by the transmittal of a voucher or vouchers, certified by the Commissioners of the Board of Health, covering the expenditures of money paid thereon.

T. P. SULLIVAN, JOHN DIEMER, ARTHUR H. MURPHY, JOHN J. COLLINS, JOHN MULVANEY, JOHN D. GUNTHER, JOHN J. HOGAN, WM. P. KENNEALLY, R. S. DOULL, JAMES W. REDMOND, Committee on Finance.

Under Rule 21, consideration of this report was deferred. Subsequently the Vice-Chairman moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Bent, Beyer, B. W. B. Brown, Case, Colgan, Crowley, Davis, Delaney, Doull, Dowling, Drescher, Esterbrook, Finnigan, Flynn, Gaynor, Goldschmidt, Grimm, Gunther, Handy, Hickey, Johnson, Kavanagh, Kenneally, Kenney, Levine, Linde, Loos, Marx, McAleer, McCann, McDonald, Moskowitz, Muhlbauer, Mulcahy, Mulvaney, Nagle, Nugent, Reardon, Redmond, Sandiford, Schloss, Schneider, Walsh, Wentz; President Cromwell and President Bermel—47.

#### Reports of Committee on Public Letting—

#### No. 265.

The Committee on Public Letting, to which was referred on February 25, 1908 (Minutes, page 1038), the annexed resolution in favor of permitting the Trustees of Normal College to purchase text books, etc., to an amount not to exceed \$10,000, without public letting, respectfully

#### REPORTS:

That Commissioner Barrett, Chairman of the Committee on Supplies, Board of Education, appeared before the Committee and stated that of the \$10,000 asked for \$5,000 was for text books in the Collegiate Department and \$5,000 for text books in the High School and Training School Departments, which correspond to the ordinary elementary schools, which are largely the same as are used in the City High Schools, and nothing would be gained by a special contract for Normal College, as the contractors are willing to give Normal College the benefit of the prices in existing contracts in the Board of Education. There are no text books in the public school system corresponding to those used in advanced study in the Normal College. The Commissioner stated that advertising for the purpose of securing competitive bidding on these text books was unknown, as most of them are published by but one house. To advertise for such books would cost between \$2,000 and \$3,000 including the drawing of specifications, etc. The average life of a text book is three years.

Alderman Walsh also appeared before the Committee and advocated the granting of this permission. He stated that if it was not granted the college would be unable to supply from 200 to 300 pupils with text books.

The Committee recommends the adoption of the resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Board of Trustees of the Normal College of The City of New York be and hereby are authorized, and empowered to procure such text books, stationery and other supplies as may be required during the year 1908 for the purposes of the Normal College, the High School Department and the Training Department, at an expense not to exceed ten thousand dollars (\$10,000), without entering into advertised contracts therefor.

FRANK L. DOWLING, G. A. COLGAN, JACOB J. VELTEN, JOHN DIEMER, FREDERICK C. HOCHDORFFER, ROBERT F. DOWNING, Committee on Public Letting.

Under Rule 21 consideration of this report was deferred. Subsequently Alderman Dowling moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Bent, Beyer, B. W. B. Brown, J. W. Brown, Carter, Case, Coleman, Colgan, Corbett, Crowley, Davis, Delaney, Diemer, Doull, Dowling, Downing, Drescher, Emener, Esterbrook, Finnigan, Flanagan, Flynn, Gaynor, Goldschmidt, Grimm, Gunther, Handy, Hickey, Hines, Hochdorffer, Hogan, Johnson, Kavanagh, Kenneally, Kenney, Levine, Linde, Loos, Martyn, Marx, McAleer, McCann, McDonald, Morrison, Moskowitz, Muhlbauer, Mulcahy, Mulvaney, Nagle, Nugent, Quinn, Redmond, Schloss, Schneider, Smith, Stapleton, Velten, Walsh, Wentz, President Cromwell, President Bermel, President Ahearn and the Vice-Chairman—63.

#### No. 273.

The Committee on Public Letting, to which was referred on February 25, 1908 (Minutes, page 1048), the annexed resolution in favor of permitting the Commissioner of Street Cleaning to expend \$3,500 for an automobile, without public letting, respectfully

#### REPORTS:

Deputy Commissioner Murphy appeared before the Committee and stated that this automobile is for the use of the Brooklyn office. When Mr. Bensei was Commissioner he purchased three automobiles by competitive bidding, one of which was

assigned to Brooklyn, but when he returned to the Health Department he secured the transfer of one of these machines to that Department and the machine assigned to Brooklyn was brought over to Manhattan. The territory which the Deputy Commissioner in Brooklyn is required to superintend covers a large area, and an automobile is an absolute necessity to give proper service to the Department. At present Mr. Murphy is hiring an automobile for this work, at a cost of \$35 per day. He states that he can purchase the same style and make of machine as that bought by Commissioner Bensei for about \$4,000 by contract, for the sum of \$3,500 without public letting.

The Committee recommends the adoption of the resolution.

Whereas, The Commissioner of Street Cleaning desires to purchase for the use of his Department, without public letting, an automobile at a cost not to exceed three thousand five hundred dollars;

Resolved, That the Board of Aldermen, under the authority of section 419 of the Greater New York Charter, hereby orders that the Commissioner of Street Cleaning may purchase for the use of the Department of Street Cleaning an automobile, without resort to public letting; provided that the cost of such automobile shall not exceed the sum or price of three thousand five hundred dollars (\$3,500).

FRANK L. DOWLING, G. A. COLGAN, JACOB J. VELTEN, JOHN DIEMER, FREDERICK C. HOCHDORFFER, ROBERT F. DOWNING, Committee on Public Letting.

Under Rule 21 consideration of this report was deferred. Subsequently Alderman Dowling moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Barton, Bent, Beyer, J. W. Brown, Carter, Case, Cole, Coleman, Colgan, Collins, Corbett, Crowley, Delaney, Diemer, Doull, Dowling, Downing, Drescher, Emener, Finnigan, Flanagan, Flynn, Gaynor, Goldschmidt, Grimm, Gunther, Heffernan, Hickey, Hines, Hochdorffer, Hogan, Kavanagh, Kenneally, Kenney, Levine, Linde, Loos, Martyn, Marx, McAleer, McCann, McDonald, Moskowitz, Muhlbauer, Mulcahy, Mulvaney, Nagle, Nugent, Reardon, Redmond, Rendt, Sandiford, Schloss, Schneider, Smith, Stapleton, Stormont, Velten, Walsh, Wentz, President Cromwell and the Vice-Chairman—63.

Excused—Alderman Esterbrook—1.

#### MOTIONS, ORDINANCES AND RESOLUTIONS.

Alderman Velten asked and obtained unanimous consent to introduce the following:

#### No. 307.

Whereas, This Board, under date of February 11, 1908, adopted a preamble and resolution directing attention to a system of common shows now being conducted throughout The City of New York, showing conditions which surround them and asking the attention of the Police Commissioner thereto with the view that the powers of his Department be exercised to the end that the morals of the immature children who patronize such common shows might not be impaired; and

Whereas, The Police Commissioner, under date of February 15, 1908, deigned to make answer evading the essence of this Board's resolution, his answer declaring that his Department had nothing to do with licenses for common shows, is something with which his Department was not charged; that his Department furnished the License Bureau with considerable data, which bears no relation to the question raised; that there is no lack of police supervision, when there is, for it is not only apparent, it is transparent, and that the existence of these shows cannot be blamed upon his Department, with which it was not blamed; and

Whereas, The general powers of the Police Department are such as to empower it to apprehend all transgressors in places of public amusement; therefore

Resolved, That the attention of the Police Commissioner is again respectfully directed to the common shows operated at large in The City of New York with the recommendation that he inspect the same in accordance with power given under section 315 of the Greater New York Charter and to apprehend any and all violators of the law.

Which was adopted.

#### GENERAL ORDERS.

Aldermen Baldwin called up General Order No. 5, being a report and resolution, as follows:

#### No. 200.

The Committee on Finance, to which was referred on February 11, 1908 (Minutes, page 994), the annexed resolution in favor of authorizing advances of annual contributions to the Grand Army of the Republic and kindred veteran organizations for observance of Memorial Day, respectfully

#### REPORTS:

That the amounts specified have been allowed in the Budget for 1908, and this resolution is merely for the purpose of facilitating the preparations made by these various bodies for the celebration on Memorial Day.

The Committee recommends that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment, with the concurrence of the Board of Aldermen, has provided in the Budget for 1908 certain sums of money for Memorial Day observances in the various Boroughs in accordance with the provisions of law; and

Whereas, It is deemed necessary that said sums of money be advanced to the memorial and executive committees of the Grand Army of the Republic and kindred organizations in the various Boroughs, for the purpose of defraying expenses as they may arise; therefore be it

Resolved, That the Comptroller be and he is hereby authorized to pay to each of the treasurers of the memorial and executive committees of the Grand Army of the Republic and kindred organizations in the various Boroughs, upon his requisition, countersigned by the chairman and secretary of each of the various committees, the sum of money provided in the said Budget, as follows:

Memorial Day observances, Borough of Manhattan.....	\$2,500 00
Memorial Day observances, Borough of Brooklyn.....	2,500 00
Memorial Day observances, Borough of The Bronx.....	300 00
Memorial Day observances, Borough of Queens.....	300 00
Memorial Day observances, Borough of Richmond.....	300 00
Memorial Committee of the Army and Navy Union.....	700 00
Veteran Associations, Decoration Day observances, Borough of Brooklyn..	900 00
Memorial Committee, United Spanish War Veterans.....	1,500 00

R. S. DOULL, JAMES W. REDMOND, JOHN DIEMER, ARTHUR H. MURPHY, JOHN D. GUNTHER, JOHN MULVANEY, JOHN J. COLLINS, WM. P. KENNEALLY, FRANK L. DOWLING, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Barton, Bent, Beyer, B. W. B. Brown, J. W. Brown, Carter, Case, Cole, Coleman, Colgan, Collins, Corbett, Crowley, Davis, Delaney, Diemer, Doull, Downing, Drescher, Emener, Esterbrook, Finnigan, Flanagan, Flynn, Gaynor, Goldschmidt, Grimm, Gunther, Handy, Heffernan, Hickey, Hines, Hochdorffer, Hogan, Johnson, Kavanagh, Kenneally, Kenney, Levine, Linde, Loos, Martyn, Marx, McAleer, McCann, McDonald, Morrison, Moskowitz, Muhlbauer, Mulcahy, Mulvaney, Nagle, Nugent, Quinn, Reardon, Redmond, Rendt, Schneider, Stapleton, Stormont, Velten, Walsh, Wentz, President Cromwell, President Bermel and the Vice-Chairman—68.

Alderman Baldwin called up General Order No. 1, being a report and resolution, as follows:

#### No. 137.

The Committee on Finance, to which was referred on January 28, 1908 (Minutes, page 901), the annexed resolution for \$3,500 Special Revenue Bonds for dedicatory ceremonies at the College of The City of New York, respectfully

#### REPORTS:

That the new buildings of this great institution, being now entirely finished, and it being the determination of the Trustees to dedicate them with appropriate cere-

monies, it seems to this Committee that the City, as owner of the property, should supply the requisite funds.

It therefore recommends that the said resolution be adopted.

Whereas, The new buildings of the College of The City of New York, on St. Nicholas terrace, are substantially completed; and

Whereas, It is the purpose of the Trustees of said college to dedicate the said college buildings by appropriate ceremonies; therefore

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment be and it hereby is requested to authorize the Comptroller to issue Special Revenue Bonds in an amount not exceeding three thousand five hundred dollars (\$3,500), the proceeds whereof to be applied to the purposes aforesaid.

R. S. DOULL, JAMES W. REDMOND, JOHN J. COLLINS, JOHN DIEMER, JOHN J. HOGAN, JOHN D. GUNTHER, FRANK L. DOWLING, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Barton, Bent, Beyer, J. W. Brown, Carter, Case, Cole, Coleman, Colgan, Collins, Corbett, Crowley, Davis, Delaney, Diemer, Doull, Dowling, Downing, Drescher, Emener, Esterbrook, Finnigan, Flynn, Gaynor, Goldschmidt, Grimm, Gunther, Handy, Heffernan, Hickey, Hines, Hochdorffer, Hogan, Kavanagh, Kenneally, Kenney, Levine, Loos, Martyn, Marx, McAleer, McCann, McDonald, Morrison, Muhlbauer, Mulcahy, Mulvaney, Nagle, Nugent, Quinn, Reardon, Redmond, Rendt, Sandiford, Schneider, Smith, Stapleton, Stormont, Velten, Walsh, Wentz, President Cromwell, President Bermel and the Vice-Chairman—65.

Alderman Bent called up General Order No. 3, being a report and resolution, as follows:

#### No. 195.

The Committee on Finance, to which was referred on February 11, 1908 (Minutes, page 968), the annexed resolution for \$54,000 Special Revenue Bonds to pay Inspectors of Regulating, Grading and Paving in the Borough of Brooklyn, respectfully

#### REPORTS:

That Chief Engineer Sheridan appeared before the Committee and explained that at present when the winter season commenced this class of work necessarily ceased, and most of these men had to be laid off; that this request was made in order to better the personnel and efficiency of the force by employing these Inspectors continuously. All such appointments are taken from the Civil Service list. The amount asked for would allow for a regular staff of forty Inspectors.

The Committee recommends that the annexed resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of fifty-four thousand dollars (\$54,000), the proceeds whereof to be used by the President of the Borough of Brooklyn for the purpose of paying Inspectors of Regulating, Grading and Paving, in the Bureau of Highways.

R. S. DOULL, JAMES W. REDMOND, JOHN DIEMER, ARTHUR H. MURPHY, JOHN D. GUNTHER, JOHN MULVANEY, JOHN J. COLLINS, WM. P. KENNEALLY, FRANK L. DOWLING, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Barton, Bent, Beyer, B. W. B. Brown, J. W. Brown, Carter, Case, Cole, Coleman, Colgan, Collins, Corbett, Crowley, Davis, Delaney, Diemer, Doull, Downing, Drescher, Emener, Esterbrook, Finnigan, Flanagan, Flynn, Gaynor, Goldschmidt, Grimm, Gunther, Handy, Heffernan, Hickey, Hines, Hochdorffer, Hogan, Johnson, Kavanagh, Kenneally, Levine, Linde, Loos, Martyn, Marx, McAleer, McDonald, Moskowitz, Muhlbauer, Mulvaney, Nagle, Nugent, Reardon, Redmond, Rendt, Sandiford, Smith, Stapleton, Stormont, Velten, Walsh, Wentz, President Cromwell, President Bermel and the Vice-Chairman—64.

Excused—Alderman Kenney—1.

#### MOTIONS, ORDINANCES AND RESOLUTIONS RESUMED.

#### No. 308.

By the President—

Resolved, That the following named persons be and they are hereby appointed Commissioners of Deeds:

By the President—

Belle Conro, No. 60 West One Hundred and Ninth street, Manhattan.  
Edith Friedlander, No. 144 West One Hundred and Eleventh street, Manhattan.  
Geo. S. Pettit, No. 1151 Dean street, Brooklyn.  
Rebecca Hilliker, No. 446 Manhattan avenue, Manhattan.  
Ida Primoff Dorfman, No. 257 South Second street, Brooklyn.  
Sadie Friedman, No. 35 Ridge street, Manhattan.  
F. K. Waters, No. 57a Bainbridge street, Brooklyn.  
Harold H. O'Connor, No. 19 West Tenth street, Manhattan.  
James Lavin, No. 239 West Twenty-sixth street, Manhattan.

By the Vice-Chairman—

Carmelo Sanfilippo, No. 261 Elizabeth street, Manhattan.

By Alderman Bent—

Catherine T. Drake, No. 1 Madison avenue, Manhattan.

By Alderman Barton—

Buel C. Haff, No. 154 Monitor street, Brooklyn.

By Alderman Collins—

William F. Murphy, No. 9 Madison avenue, Tottenville, Richmond.

By Alderman Corbett—

Henry Starck, No. 25 West Forty-second street, Manhattan.

A. H. Rombough, No. 731 Van Nest avenue, Bronx.

By Alderman Coleman—

Joseph Kalsch, No. 962 Willoughby avenue, Brooklyn.

By Alderman Carter—

Aldro B. Hitzel, No. 175 Shelton avenue, Jamaica, L. I.

Ernest J. Stranach, Jamaica, Queens.

By Alderman Doull—

Mabel Lovy, No. 350 Broadway, Manhattan.

By Alderman Diemer—

Martin Stoehr, No. 1080 Myrtle avenue, Brooklyn.

Adolph Hoffmann, No. 59 Manhattan avenue, Brooklyn.

By Alderman Downing—

By Alderman Wentz—

P. J. Young, No. 515 McDonough street, Brooklyn.

Ernest Cumming, No. 192 Montague street, Brooklyn.

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Bent, Beyer, B. W. B. Brown, J. W. Brown, Carter, Case, Cole, Colgan, Corbett, Crowley, Davis, Delaney, Doull, Downing, Down- ing, Drescher, Emener, Esterbrook, Finnigan, Flanagan, Flynn, Gaynor, Goldschmidt, Gunther, Heffernan, Hickey, Hines, Hochdorffer, Kavanagh, Kenneally, Kenney, Le- vine, Loos, Marx, McAleer, McCann, McDonald, Moskowitz, Muhlbauer, Mulvaney, Nagle, Nugent, Quinn, Reardon, Redmond, Rendt, Sandiford, Schneider, Smith, Staple- ton, Stormont, Velten, Walsh and President Cromwell—55.

#### No. 309.

By the President—

Resolved, That the Comptroller be and he is hereby authorized and requested to draw a warrant in favor of the Banks Law Publishing Company for the sum of fifteen dollars (\$15), said sum to be payment in full for furnishing to the office of the City Clerk the following publications: "Bishop on Marriage, Divorce and Separation," two volumes, eleven dollars (\$11), and "Keeser on Marriage and Divorce," one volume, four dollars (\$4); the said sum to be charged to and paid out of the appropriation entitled City Contingencies, 1908.

Which was referred to the Committee on Finance.

#### No. 310.

By Alderman J. W. Brown—

Resolved, That it is recommended to the Board of Estimate and Apportionment that the salary of the two Elevatormen in the employ of the Police Department be increased from eight hundred and forty dollars (\$840) to nine hundred dollars (\$900) per annum.

Which was referred to the Committee on Salaries and Offices.

#### No. 311.

By Alderman Colgan—

Whereas, McLaughlin Park, situated at Tillary, Jay and Bridge streets, in the Borough of Brooklyn, a goodly proportion of which is set aside for play and athletic grounds, will, if the riotous and unseemly conduct and the profane language of the boys in attendance is not checked, fail to serve the good purpose for which it is intended; therefore

Resolved, That the attention of the Commissioners of Parks for the Boroughs of Brooklyn and Queens be and hereby is directed to these conditions, with the request that he make effort to have this park better policed so that the present disorderly conduct of many now using it may be abated.

Which was adopted.

No. 312.

By the same—  
Resolved, That all Laborers employed by the Municipal Government of Greater New York be paid not less than \$2.50 per day.  
Which was referred to the Committee on Salaries and Offices.

No. 313.

Alderman Doull presented a letter from sundry chorus girls, complaining of annoyances at the stage doors of theatres.  
Which was referred to Alderman Doull.

No. 314.

By Alderman Dowling—  
Resolved, That, pursuant to the provisions of section 188 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of thirty thousand dollars (\$30,000), for the purpose of providing for the payment of the salaries of fifteen additional Inspectors of Elevators and ten Clerks, in the Bureau of Buildings, Borough of Manhattan.  
Which was referred to the Committee on Finance.

No. 315.

By Alderman Downing—  
Resolved, That Joseph C. O'Dea, of No. 313 Hicks street, in the Borough of Brooklyn, is hereby appointed a City Surveyor.  
Which was referred to the Committee on Salaries and Offices.

No. 316.

By Alderman Hickey—  
Whereas, The Department of Street Cleaning of The City of New York is complying with the law in paying the prevailing rate of wages to all mechanics employed therein, with the exception of Carpenters;  
Resolved, That the Commissioner of Street Cleaning be and is hereby requested by this Board to comply with the law in regard to the wages of the Carpenters.  
Which was adopted.

No. 317.

By Alderman Hogan—  
City and State of New York, County and Borough of Queens, ss.:  
John E. McCabe, being duly sworn, deposes and says that he is a resident of Flushing, in the Third Ward of the Borough of Queens, City of New York, and is the duly elected Foreman and now in charge of Murray Hill Hose Company No. 4, of Flushing, a volunteer hose company of the Fire Department in said Flushing aforesaid.  
That the persons named below were duly elected members of said Murray Hill Hose Company No. 4 at the regular meetings of said company, held on the respective dates set opposite the names of each person, viz.:  
John J. Herrick, on April 1, 1907.  
Henry R. Spang, on May 6, 1907.  
Frank Miller, on June 3, 1907.  
John H. A. Filan, on June 3, 1907.  
W. Cunningham, on November 11, 1907.  
That since the election each of said persons have been and are actually engaged in volunteer service of said Fire Department, and are bona fide residents of said former Village of Flushing, and the fire district operated in by the said company, and their respective residences are as follows:  
John J. Herrick, No. 244 Amity street, Flushing.  
Henry R. Spang, No. 175 Central avenue, Flushing.  
Frank Miller, No. 14 Wilson avenue, Flushing.  
John H. A. Filan, No. 326 Amity street, Flushing.  
W. Cunningham, No. 66 Elm street, Flushing.  
—all being within said fire district.

JOHN E. McCABE.

Sworn to before me this 12th day of November, 1907.

Wm. Rasquin, Jr., Justice, Municipal Court of The City of New York.

City and State of New York, County and Borough of Queens, ss.:

Wm. Rasquin, Jr., being duly sworn, says that he is the President of the Murray Hill Hose Company No. 4, Flushing, and has been said President for ten years last past.

Deponent further says that he has read the affidavit of John E. McCabe, the Foreman of said Murray Hill Hose Company No. 4, of Flushing, respecting the election of John J. Herrick, Henry R. Spang, Frank Miller, John H. A. Filan and W. Cunningham, hereto annexed, and that the statements contained in said affidavit are true to deponent's own knowledge.

That each of said persons are actually bona fide residents of Flushing, and are actually engaged in the service of the Volunteer Fire Department of Flushing. Deponent, on behalf of said company, requests that the election of said persons to membership in the said company be approved, ratified and confirmed.

WM. RASQUIN, JR.

Sworn to before me this 3d day of March, 1908.

Thos. B. Jones, Commissioner of Deeds, New York City.

Which was referred to the Committee on Fire.

The following paper was received from his Honor the Mayor in compliance with a resolution of recall adopted at the last meeting:

No. 248.

Resolved, That permission be and the same is hereby given to Brooks Brothers to erect a temporary awning or occasional rain protector, to be used only when required as a protection, in front of their premises, Nos. 936 and 938 Broadway, in the Borough of Manhattan, such awning to be erected in conformity with the ordinance in such case made and provided; such permission to continue only during the pleasure of the Board of Aldermen.

Alderman Johnson moved a reconsideration of the vote by which the above resolution was adopted.

Which motion was adopted.

The paper was then placed on file.

No. 318.

By Alderman McDonald—  
Resolved, That J. E. Brauner be and he is hereby appointed a City Surveyor.  
Which was referred to the Committee on Salaries and Offices.

No. 319.

By Alderman Muhlbauer—  
Resolved, That it is recommended to the Commissioners of Water Supply, Gas and Electricity that two lamp-posts be erected, street lamps placed thereon and lighted, one at the parish house and the other at the church entrance, in front of the Church of Our Lady of the Rosary of Pompeii, Nos. 225 to 231 Seigel street, in the Borough of Brooklyn.  
Which was adopted.

No. 320.

By Alderman Nagle—  
Resolved, That the President of the Borough of Manhattan be and he is hereby authorized and requested to number and renumber the buildings on Lexington avenue, between One Hundred and Twenty-first and One Hundred and Twenty-third streets, in such manner and to such extent as may be necessary.  
Which was referred to the Committee on Streets, Highways and Sewers.

No. 321.

By Alderman Schneider—

Resolved, That permission be and the same is hereby given to Edward F. Kealy to parade with an advertising hansom cab through the streets and thoroughfares of the Borough of Manhattan, under the direction of the Police Department, such permission to continue only for a period of thirty days from the date of receipt hereof from his Honor the Mayor.  
Which was adopted.

No. 322.

By Alderman Schloss—

Resolved, That the Public Service Commission be and hereby is urged to direct the erection of a new station on the elevated railroad at Ninety-ninth street and Columbus avenue, in the Borough of Manhattan, for the following reasons:

First—Since the operation of this road this section of the city has rapidly built up, and to-day is one of the most thickly populated along the line of this road.

Second—The nearest station on either side of this point is at Ninety-third street and One Hundred and Fourth street, respectively, an unreasonable distance to ask people to travel for transit accommodation.

Third—The people in this section, not alone on the avenue of travel, but in the various side streets, should not, either in inclement or other weather, be required to travel the unreasonable distances to the several existing stations.

Fourth—No other two stations on the line of this road with one-half the population are so far apart, and therefore of right the people demand a new station at the point named.

Which was adopted.

No. 323.

By Alderman Stormont—

Resolved, That it is recommended to the Commissioner of Water Supply, Gas and Electricity that two lamp-posts be erected, street lamps placed thereon and lighted, in front of St. Aloysius Church, No. 213 West One Hundred and Thirty-second street, Borough of Manhattan.  
Which was adopted.

No. 324.

By Alderman Velten—

Whereas, The abrupt turn of the Graham avenue line of cars at Flushing and Graham avenues, across Broadway, in the Borough of Brooklyn, a heavily congested section, makes travel there dangerous, and should be regulated; and

Whereas, It appears that a loss of life will soon occur unless a man is stationed there, preferably a number of men, or other means adopted whereby the cars are required to make additional stops in order to safeguard people using the several crossings; therefore

Resolved, That the Public Service Commission for the First District be and hereby is requested to investigate the conditions surrounding this traffic point, with a view to requiring the Brooklyn Rapid Transit Company to adopt some plan to relieve what is deemed a dangerous situation.

Which was adopted.

No. 325.

By the same—

Resolved, That it is recommended to the Commissioner of Water Supply, Gas and Electricity that two lamp-posts be erected, street lamps placed thereon and lighted in front of the Home of the Nuns of the Order of St. Dominick, on the west side of Graham avenue, between Johnson and Montrose avenues, in the Borough of Brooklyn.  
Which was adopted.

Alderman Doull moved that the Board do now adjourn.

The Vice-Chairman put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

And the Vice-Chairman declared that the Board stood adjourned until Tuesday, March 10, 1908, at 1.30 o'clock p. m.

P. J. SCULLY,

City Clerk and Clerk of the Board of Aldermen.

## BOROUGH OF THE BRONX.

Total..... 168

LOUIS F. HAFFEN, President, Borough of The Bronx.

BOARD OF WATER SUPPLY.

New York, February 11, 1908.

The Board met pursuant to adjournment.

Present—Commissioners John A. Bense (President), Charles N. Chadwick and Charles A. Shaw.

Agreement No. 37.

Pursuant to the request of this Board, Messrs. Charles A. Angell and F. L. Cranford appeared before the Board, representing the Cranford Company, and informally stated the position of said company in reference to this agreement for sinking test shafts on the shores of the Hudson River.

On motion, it was

Resolved, That the Chief Engineer is hereby directed to prepare and submit to this Board as soon as possible a form of contract, including specifications, bond and information to bidders, to be advertised and publicly let, for sinking shafts and core borings on the shores of the Hudson River on the Storm King crossing line, the depths of shafts to be determined by him and reported to the Board, said work to be a continuance of the work already commenced by the Cranford Company under Agreement No. 37.

On motion, the Board adjourned to 3 p. m.

The Board met pursuant to adjournment at 3 p. m.

Present—Commissioners John A. Bense (President), Charles N. Chadwick and Charles A. Shaw.

The minutes of February 4 and 6, 1908, were read and approved.

The following bills were approved and ordered forwarded to the Comptroller for payment:

CIVIL SERVICE MATTERS.

Appointments.

Pursuant to the recommendation of the Chief Engineer in his communication No. 2291, February 6, 1908, William J. Murphy, Jr., White Plains Park, White Plains, N. Y., was appointed Clerk (first grade), with salary at the rate of \$25 per month, pursuant to Civil Service Rule XII., paragraph 7, said appointment to take effect upon assignment to duty by the Chief Engineer.

Bernard J. McAllister, No. 79 East One Hundred and Twenty-fourth street, New York City, was appointed Confidential Secretary to Commissioner Bense, with salary at the rate of \$1,800 per annum, said appointment to take effect immediately.

The salaries of Confidential Secretaries to the Commissioners, Bernard J. McAllister, Addie Brown and Emily Brown, were fixed at the rate of \$1,800 each per annum, to take effect February 11, 1908.

Separations.

William Frost, Clerk, to take effect January 31, 1908; cause, resigned.  
Edward S. Jones, Clerk, to take effect February 1, 1908; cause, resigned.  
August E. Bohne, Laborer, to take effect immediately; cause, completion of work; Chief Engineer's number, 2292.  
James Brush, Laborer, to take effect immediately; cause, completion of work; Chief Engineer's number, 2292.

COMMUNICATIONS FROM THE CHIEF ENGINEER.

Weekly Report.

No. 126, February 3, 1908, was filed.

Real Estate, Fences.

No. 2293, February 8, 1908, was filed.

Telephone Service.

On motion, it was

Resolved, That, pursuant to the recommendation of the Chief Engineer in his communication No. 2294, February 11, 1908, the Board of Water Supply hereby approves agreement with the Hudson River Telephone Company for telephone service, including four (4) wall telephones and three (3) desk telephones at the main office of this Board at Browns Station, New York, one wall telephone at West Shokan, New York, one wall telephone at West Hurley, New York, one wall telephone at Hales Building, Browns Station, New York, and one wall telephone at the construction office near the Dam at Browns Station, connected by two trunk lines with company's Shokan exchange, said agreement to supersede existing agreement with said company for telephone service at Browns Station and vicinity and to run for five years from the date of termination of service under said existing agreement, said new service to be paid for at the rate of \$72.50 per month; and this Board hereby approves of agreement supplemental to said new agreement, providing for the furnishing and setting, for \$175, of the necessary pole lines and appurtenances, to connect switchboard and stations with company's line, including supervision and inspection, said \$175 to be paid upon completion of work.

COMMUNICATIONS FROM THE LAW DEPARTMENT.

Real Estate, Northern Aqueduct, Section 2, Parcels 72A, 72B, 73A and 73B.

No. 220, February 7, 1908, forwarded contents of a communication from Mr. H. T. Dykman, Special Counsel, dated February 5, 1908, advising that the approval of the maps of these parcels by the Board of Estimate and Apportionment was not necessary, and was filed.

Real Estate, Taxes.

No. 221, February 7, 1908, forwarded contents of communications from Hon. John J. Linson, Special Counsel, dated January 28 and February 1, 1908, advising against any legal proceedings to secure apportionment of certain school taxes in the towns of Olive, Hurley and Marbletown. Said opinion was filed.

Real Estate, Northern Aqueduct, Section 2, Parcels 54, 55, 56, 64, 65, 66A, 68, 69 and 70.

A communication from Mr. H. T. Dykman, Special Counsel, dated February 7, 1908, requested duplicate maps of these parcels and copy of resolution of this Board requesting the acquisition of the same in fee. On motion, this communication was referred to the Chief Engineer.

Real Estate, Expense of Acquisition.

The following bills were received, approved by the Corporation Counsel and taxed by the Supreme Court, and vouchers therefor were ordered to be prepared and forwarded to the Comptroller:

Northern Aqueduct, Section 5—	
Police Chronicle, advertising.....	\$1,934 80
Police Chronicle, advertising.....	274 00

Ashokan Reservoir, Section 2—	
Julian E. Ingle, Jr., printing .....	188 50
Hill View Reservoir, Section 2—	
George H. Lowerre, expert .....	700 00
Dudley F. Valentine, expert .....	180 00
Northern Aqueduct, Section 2—	
James E. Towner, expert .....	400 00
Kensico Reservoir, Section 6—	
Samuel M. Newman, Junior Clerk .....	50 00

OTHER MATTERS.

Real Estate, Highways.

Opinion 219, relative to bills of town officials for services in connection with changes of highways in the Town of Gardiner, which was laid over at the meeting of February 6, 1908, was taken up, and on motion the vouchers for the payment of the following bills were ordered to be prepared and forwarded to the Comptroller:

Albert Decker, Supervisor .....	\$6 00
William O. Miller, Town Clerk .....	6 00
Josiah P. LeFevre, Justice of the Peace .....	6 00
Lambert L. Jenkins, Member of Town Board.....	4 00
Cors Freer, Justice of the Peace .....	6 00
John Carlin, Commissioner of Highways .....	9 00

Leases.

In reference to the claim of Mrs. Mary E. McClelland Winchell for rent of her premises, Parcel 31, Section 1, Ashokan reservoir, for September to December, 1907, both inclusive, under lease with this Board, opinion 218, which was laid on the table at the meeting of this Board of February 4, 1908, was taken up, and on motion the Secretary was directed to notify Mrs. Winchell that this Board could not recognize her claim.

Real Estate, Assessments.

In reference to the bill of the City of Yonkers, for \$5,536.50, for regulating and macadamizing Midland avenue and McLean avenue, Commissioner Shaw, to whom this matter was referred on February 4, 1908, submitted copy of a letter which he had sent to the Finance Department, dated February 8, 1908, to the effect that this claim did not affect any property under the jurisdiction of this Board. On motion, this action of Commissioner Shaw was confirmed.

Contracts 3, 4, 5 and 6.

A communication was received from the Auditor, dated February 10, 1908, to the effect that \$454.10 net had been received for copies of specifications and drawings of these contracts and for the sale of photographs during 1907, and that said sum had been deposited with the City Chamberlain.

Real Estate, Northern Aqueduct, Section 2, Parcel 79.

Commissioner Chadwick submitted the following resolution, which was duly adopted:

Resolved, That the Board of Water Supply hereby grants to Elizabeth Dick, the claimant of Parcel 79, Section 2, Northern aqueduct, the right for and during the pleasure of the Board of Water Supply to lay and maintain a water pipe across said parcel, connecting a storage dam lying east of the aqueduct line with the power house lying west of said line, said pipe to be laid in the bed of Indian Brook or in a trench on one side of it.

Real Estate, Taxes.

In reference to the State, county and town taxes, Town of Phillipstown, for the year 1907, the Examiner of Real Estate and Damages, to whom the same was referred on January 29, 1908, submitted statement and bill of collector, for \$42.37 (5 per cent., \$2.12, to be added after February 5, 1908), being at the rate of 53 cents per \$100 on \$7,993.45, assessed valuation of 159.869 acres. On motion, this statement and bill were approved and a voucher for the payment of said taxes was ordered to be prepared and forwarded to the Comptroller.

Real Estate, Expense of Acquisition.

A communication was received from the Auditor, dated February 7, 1908, enclosing copy of communication from the Corporation Counsel to the Comptroller, dated December 16, 1907, and copy of communication from the Finance Department to the Corporation Counsel, and stating that hereafter the rates for advertising notices in condemnation proceedings in out of town papers would be 13 cents per line for non-pareil type and 10 cents per line for brevier type.

Leases.

The matter of securing additional space in the Barclay Building was, on motion, referred to Commissioner Shaw with power to enter into a lease in behalf of the Board for additional space, to expire on the same date as the present lease, subject to the approval of the Commissioners of the Sinking Fund.

Reports.

Commissioner Chadwick notified the Board that the annual report for 1906 was ready for printing, and on motion it was ordered that 2,000 copies of the same be printed.

On motion, the Board adjourned.

THOS. HASSETT, Secretary.

BOROUGH OF MANHATTAN.

BUREAU OF BUILDINGS.

Operations for the Week Ending February 29, 1908.

Plans filed for new buildings (estimated cost, \$102,100) .....	5

William H. Class, Chief Clerk.

EDW. S. MURPHY, Superintendent.

DEPARTMENT OF DOCKS AND FERRIES.

REPORT FOR THE QUARTER ENDING DECEMBER 31, 1907.

Department of Docks and Ferries of The City of New York }  
Pier "A," North River,  
New York, February 15, 1908. }

Hon. GEORGE B. McCLELLAN, Mayor of The City of New York:

Sir—In compliance with section 1544 of the Greater New York Charter, I have the honor to submit the following report of transactions of this Department for the quarter ending December 31, 1907:

Statement Showing the Revenues and Disbursements of the Department of Docks and Ferries for the Three Months Ending December 31, 1907.

Revenue.

Rental collected from leases and permits .....	\$837,376 84
Wharfage collected .....	60,913 62
Deposited to the credit of the Sinking Fund for the Redemption of the City Debt .....	\$898,290 46
Revenue from ferry rents and franchises .....	\$80,643 69
Municipal Ferry receipts .....	192,016 54
Municipal Ferry privileges .....	20,798 54

Deposited to the credit of the Sinking Fund for the Payment of the Interest on the City Debt .....	293,458 77
Repairs, etc., for lessees and others .....	\$18,230 99
Filling-in privileges .....	3,332 50
Sale of old material .....	1,679 85
Miscellaneous receipts .....	412 15

Deposited to the credit of the Dock Fund..... 23,655 49

Total amount deposited during the quarter to the account of the City Chamberlain ..... \$1,215,404 72

Disbursements.

Warrants drawn upon the Comptroller for audited bills and claims on Construction and Repairs and Maintenance Accounts, including Ferries .....	\$1,125,824 81
Labor payrolls .....	384,252 69
Salaries of Commissioner and Deputy .....	3,000 00
Salaries of Construction Force .....	65,121 38
Salaries of Maintenance Force .....	5,937 56
Salaries of Municipal Ferry Force .....	167,812 12
Bills and claims audited on Annual Expense Account, including salaries of Secretary, Clerks, Dockmasters, etc. ....	22,324 90
Payments on Acquired Property Account .....	14,665 57

Total disbursements ..... \$1,788,939 03

Statement of the Dock Fund.

Disbursements as above .....	\$1,788,939 03
Overdraft on Comptroller, October 1, 1907 .....	232,084 39
Corporate Stock sold by Comptroller .....	\$1,660,500 00
Premium on same .....	34,350 25
Deposited during quarter to credit of Dock Fund .....	23,852 09

1,718,702 34

Overdraft December 31, 1907..... \$302,321 08

I also submit herewith report of the Engineer-in-Chief showing the work done by the Department during the quarter.

Very respectfully, your obedient servant.

ALLEN N. SPOONER, Commissioner.

Office of the Engineer-in-Chief, }  
New York, February 4, 1908. }

To the Commissioner of Docks:

Sir—I have the honor to submit the following report of work done under my charge and supervision for the quarter ending December 31, 1907.

Battery Wall, North River.

The existing platforms at this locality and the steamboat landing have been maintained during the quarter.

Boat Landing, North River.

The boat landing at Pier "A," North River, has been repaired during the quarter and the float inside the landing has been maintained.

Rector Street Section, North River.

The work at this section is being done under authorization of the Commissioner of Docks of the 16th of December, 1903, and is at the cost and expense of the owners of the property to be improved. During the quarter the earth filling has been graded and levelled off.

Cedar Street Section, North River.

The wall at this section was built under authorization of the Commissioner of Docks, December 10, 1902. During the past quarter earth filling has been placed, the approach to Pier 10 removed and the filling levelled off for a runway.

Liberty Street Section, North River.

The authorization for this section is action of the Commissioner of Docks, December 10, 1902, Bureau Order No. 919. The work at this section is being done by the Central Railroad of New Jersey, which company is also building new bulkhead sheds and ferryhouse in the vicinity of Liberty street.

Pier (New) 19, North River.

The work of extending Pier (new) 19 out to the pierhead line has been in progress during the quarter, and rip-rap has been deposited over the site of the pier extension.

Between Chambers and Christopher Streets, North River.

Twenty-three hydrants have been placed along the easterly side of the marginal street at the above location by the Department of Water Supply, Gas and Electricity under permit from this Department.

Pier (New) 23, North River.

A shed has been erected on this pier by the New York Central and Hudson River Railroad Company under permit from this Department.

Pier (New) 45, North River.

An extension to the shed on this pier has been constructed by the Clyde Steamship Company under permit from this Department.

Between Charles and Perry Streets, North River.

An ice bridge, platform, scales and electric hoist have been erected on the bulkhead at the southerly side of Pier 48 at this locality by Daniel Norton, under permit from this Department.

Pier 56½, North River.

Cluster piles at this pier have been fitted up and fastened during the quarter, and the pier has been repaired.

Chelsea Section, North River.

On the 28th of December, 1900, the Board of Docks authorized the construction of a section of the bulkhead wall between Bloomfield and West Twenty-third streets, North River. Large property interests in this vicinity have in the past been acquired and extensive work done in the construction of the wall. The bulkhead wall proper is now practically completed for the entire length of the section. This section includes Piers 53, 54, 56, 57, 58, 59, 60, 61 and 62, all of which were completed during a prior quarter. During the past quarter contracts have been awarded for building freight sheds on Piers 54 and 56, between Little West Twelfth and Fourteenth streets, No. 1054, and on Piers 57, 58 and 59, between Fourteenth and Nineteenth streets, No. 1090, and on Piers 60, 61 and 62, between Nineteenth and Twenty-second streets, No. 1091. Work has been begun under Contract No. 1054, and it is expected that work will shortly be begun under the other two contracts.

Contracts have also been let for curbing, flagging and laying pavement with crosswalks within the area of the marginal street on the Chelsea Section, between Bloom-

field and West Fifteenth streets, Contract No. 1069, and between Nineteenth and Twenty-second streets under Contract No. 1074. Also for grading and constructing on the Chelsea Section pedestrian approaches to the ferries between Twenty-second and Twenty-third streets, and for granite pavement between Thirteenth and Fourteenth streets, Contract No. 1096. Work has been in progress under Contract No. 1028 for building foundations for the columns of the bulkhead shed in the rear of the bulkhead wall between about the southerly line of West Nineteenth and the northerly line of West Twenty-second streets, North River, and the shed column foundations on Pier (new) 62, near the foot of West Twenty-second street; also for preparing for and laying a concrete pavement over the above described bulkhead shed area and the deck of Pier (new) 62, North River, and work on this contract has been finished.

Along the easterly side of the marginal street the Consolidated Gas Company is laying a 12-inch gas main, and subsidiary duct has been laid within the area of the marginal street at the foot of West Fourteenth street by the New York Edison Company. Also subsidiary connections were laid to Piers 54, 56, 58, 60 and 61 by the New York Edison Company and the Empire City Subway Company. An outlet sewer has been constructed through the marginal street area between West Fourteenth and West Fifteenth streets by Joseph Moore, and a 12-inch water main laid along the marginal street area between West Thirteenth and West Twenty-third streets by the Department of Water Supply, Gas and Electricity. A strip two feet wide has been paved on either side of the tracks between West Fourteenth and West Twenty-second streets by the New York City Railway Company. All the above work was done under permit from this Department.

#### West Forty-second Street Section, North River.

By an order from the Engineer-in-Chief, dated November 14, 1905, the sections originally known as "West Forty-second street section," "West Forty-second street section extended" and "West Forty-third street section" were consolidated, and now known as "West Forty-second street section." The wall was practically completed, with the exception of the coping for all the portion except that extending across the foot of West Forty-second street during a prior quarter.

During the present quarter mud has been pumped from the foundation area, and an examination of the foundation of the bulkhead wall has been made, and work has been in progress over that portion of the bulkhead wall at the foot of West Forty-second street. The New York Central and Hudson River Railroad Company is constructing ferry terminal in this locality.

#### Fifty-second Street, North River.

The sheathing and decking of the pier at the foot of this street have been repaired by the force of the Department, under Bureau Order No. 5307.

#### Fifty-fifth Street, North River.

The work of extending the pier at the foot of this street out to the pierhead line has been in progress by the force of the Department.

#### Between Fifty-eighth and Fifty-ninth Streets, North River.

An ash conveyor tunnel has been built at the westerly end of the power house at this locality by the Interborough Rapid Transit Company under permit from this Department.

#### Claremont Section, North River.

The work at this section is being done under resolution of the Board of Docks, passed November 16, 1900. During the present quarter earth filling has been received and placed.

Pier at One Hundred and Twenty-ninth Street—The side chocks on this pier have been repaired.

Pier at One Hundred and Thirty-first Street—The sheathing on this pier has been repaired.

Pier at One Hundred and Thirty-second Street—Work on the inner end of this pier has been in progress during the quarter under contract and by the force of the Department.

#### Carmansville Section, North River.

The authorization for this section is action of the Commissioner of Docks of May 15, 1907, Bureau Order No. 5221. Rip-rap has been inspected and deposited on the bulkhead line. Test piles were driven and soundings taken.

#### Between Spuyten Duyvil and Mt. St. Vincent.

The New York Central and Hudson River Railroad Company is widening the present railroad embankment between these two points, and rip-rap is being deposited along the line of the widening under permit from this Department.

#### Marginal Street, North River.

A contract, No. 1,094, has been awarded for repairing the asphalt pavements on the North and East rivers, and work has been in progress under same. Repairs have also been made where necessary to the asphalt pavement already laid by the Uvalde Asphalt Paving Company, under their bonds to maintain the pavement in good condition.

#### Whitehall Terminal, East River.

The work at this location will be found described further on in the report under the heading "Ferries."

#### Old Slip Section, East River.

The Commissioner of Docks, on the 7th of December, 1904, issued the necessary authorization for the construction of the bulkhead wall, from the northerly side of Pier (new) 7, where it joins the Broad street section, to the northerly side of Burling slip, East River. This stretch of wall is divided into two sections, the Old slip section and the Maiden lane section.

The Old slip section extends from the northerly or upper end of the Broad street section, and runs along the established bulkhead line to a point opposite the southerly line of Wall street. The work on the bulkhead wall has practically been completed as far as the southerly side of Pier 12. During the present quarter earth filling has been placed in rear of the wall, and granite block pavement laid along a portion of the Marginal street, in rear of the bulkhead wall.

#### Maiden Lane Section, East River.

By authorization of the Commissioner of Docks, dated 7th of December, 1904, the construction of the bulkhead wall along this section of the waterfront was ordered. The work extends from the southerly line of Wall street, where it joins the Old slip section, to about the southerly line of Burling slip, East River. During the present quarter granite pavement has been laid between Piers 13 and 14, at Pier 14, and between Piers 14 and 15.

#### Fulton Section, East River.

This section of the bulkhead wall was authorized by the Board of Docks on the 26th of April, 1901. This resolution was amended by action of the Commissioner of Docks on the 7th of December, 1904. During the past quarter work on the bulkhead wall has been in progress, and 166.90 linear feet of new wharfage has been made by the work done on the wall.

#### James Slip Section, East River.

The authorization for this section is action of the Commissioner of Docks, dated April 30, 1907. This section extends from the easterly side of Oliver street pier, or Pier No. 25, East River, westerly along the bulkhead line, to the centre line of Pier (Old) 31, a distance of about 326 feet. Work has been in progress on the section during the quarter, and a contract, No. 1,085, has been awarded for building a new pier at the foot of James slip, and building a new bulkhead platform between James slip and Oliver street. The work, however, has not been commenced on this contract.

#### Oliver Street, East River.

In this vicinity high-pressure fire service system is being installed by the Department of Water Supply, Gas and Electricity under permit from this Department.

#### Catharine Section, East River.

The authorization for this section is resolution of the Board of Docks, passed February 24, 1899. During the present quarter granite block pavement has been relaid on the Marginal street, between Piers 27 and 28.

#### Market Section, East River.

The authorization for this section is the resolution of the Board of Docks, passed February 23, 1900. During the present quarter granite pavement has been laid between Piers 28 and 29, and the plank approach to Pier 28 has been removed to make way for paving.

#### Pier 33, East River.

A heavy fender system has been constructed at the outer corner of this pier by the force of the Department.

#### Rutgers Section, East River.

The authorization for this section is the resolution of the Board of Docks, passed February 3, 1899. During the present quarter granite pavement has been laid on the Marginal street, in rear of Pier 33.

#### At Stanton, and Between Fourth and Fifth Streets, East River.

Coal pockets, derricks, etc., were removed from the foot of Stanton street, to area in rear of bulkhead, between Fourth and Fifth streets, and pockets were erected for coal dust by Hencken & Willenbrock, under permit from this Department.

#### New Bellevue Section, East River.

The officials of the Bellevue and Allied Hospitals being desirous of extending the grounds of Bellevue Hospital, between Twenty-sixth and Twenty-eighth streets, East River, by reason of the extensive improvements proposed to the hospital buildings in that locality, the bulkhead wall is being built along the new bulkhead line as modified by the Secretary of War, September 16, 1903, with the further modification extending the bulkhead line across the foot of Twenty-ninth street, and back to the established line of 1890, at the northerly side of Twenty-ninth street. Work on this section of the bulkhead wall has been in progress during the quarter under bureau order 4,981, action of the Commissioner, February 6, 1907, which supersedes bureau order 1,859; 105.60 linear feet of new wharfage room has been made by that portion of the wall built during the quarter.

#### Fifty-third Street, East River.

Test piles have been driven in this vicinity to ascertain the nature of the river bottom preparatory to proposed improvements.

#### Yorkville Section, East River.

The authorization for this section is action of the Commissioner of Docks of October 10, 1904, bureau order 2,757. During the quarter no work has been done on the bulkhead wall proper. A contract, No. 1046, was awarded during a prior quarter for the excavation and removal of rock over the site of a proposed bulkhead wall and outshore from same, between East Sixty-fifth and East Seventy-fourth streets, East River, and work has been in progress during the quarter.

#### Blackwell Section, East River.

By action of the Commissioner of Docks of October 10, 1904, bureau order 2,756, the work of improving the waterfront, which was being done under resolution of the Board of Docks for the East Seventy-fourth, East Seventy-fifth and East Seventy-seventh street sections, was consolidated and a new section established as Blackwell section, beginning at the southerly line of East Seventy-fourth street and extending to the northerly line of East Eighty-first street, a distance of 1,958.03 feet. A portion of the section in the neighborhood of East Seventy-fourth street and East Seventy-fifth street was practically complete for quite a strip of wall during a previous quarter, and work was suspended until the work in the other sections make a joint with it. During the quarter work has been in progress on the bulkhead wall, between Seventy-seventh and Seventy-eighth streets, and the wall is practically completed from about the southerly side of East Seventy-fourth street to nearly the southerly side of East Seventy-eighth street. Coping has been set on a portion of the wall, earth filling has been placed in rear of the wall, and granite block pavement has been laid between Seventy-fifth and Seventy-sixth streets, and between Seventy-seventh and Seventy-eighth streets.

#### Between Eighty-ninth and Ninety-first Streets, East River.

The timber basin established at this locality for the care of old material removed from the East River sections of the work, has been maintained. The timber basin has been discontinued, and was finally removed during the latter part of the quarter.

#### One Hundred and Eleventh Street, Harlem River.

A temporary granite block pavement has been laid across the Marginal street to the bulkhead at this street by the Consolidated Gas Company, under permit from this Department.

#### One Hundred and Fourteenth Street, Harlem River.

The work of placing filling at the foot of this street by the Park Department has been in progress during the quarter under permit from this Department.

#### Harlem River.

Filling is being placed at this locality by Charles Hamilton under permit from this Department.

#### One Hundred and Seventy-third Street, Harlem River.

Repairs have been made to the dock at the High Bridge Pumping Station for the Department of Water Supply, Gas and Electricity.

#### Cabot Street, East River.

The Harlem and Port Chester Railroad Company has been erecting twelve steel transfer bridges in this locality under permit from this Department.

#### Between Dupont and Tiffany Streets, Long Island Sound.

The Oak Point Land and Dock Company is constructing bulkheads in this locality and filling in rear of same. Four piers, together with bulkheads, are being constructed in the vicinity of Cabot and Tiffany streets by the above company, all under permit from this Department.

#### Between Truxton and Cabot Streets, Long Island Sound.

Bulkhead has been extended, and a relieving platform constructed in this locality by the Oak Point Land and Dock Company under permit from this Department.

#### Classons Point, Long Island Sound.

A stone-filled crib is being constructed at this locality by Clinton Stephens under permit from this Department.

#### Eastern Boulevard, Westchester Creek.

A bulkhead platform and approach are being constructed at this locality by P. J. Heaney under permit from this Department.

#### Between Fourth and Fifth Streets, Unionport.

M. J. Leahy is constructing extension to platform in this locality under permit from this Department.

#### North Brother Island, East River.

The work of preparing for and building a concrete sea wall and platform on piles at the easterly side of North Brother Island, under Contract No. 1036, was begun January 23, 1907, and suspended March 27, 1907, in order to allow the rip-rap, upon which the concrete sea wall was to be built, to properly settle. The work has not yet been resumed, but it is expected that it will be recommenced in the early spring.

#### North of One Hundred and Fifty-ninth Street, Harlem River.

The waterfront in this locality is being improved by the Interborough Rapid Transit Company under permit from this Department. This work was begun on the 1st of September, 1905, and is in progress.

## Repairs to Unleased Piers and Bulkheads Owned by the City.

Repairs were made to unleased piers and bulkheads owned by the City on the North, East and Harlem rivers, as required from time to time.

## BOROUGH OF BROOKLYN.

## Whale Creek.

In that section of the Borough of Brooklyn adjacent to Newtown Creek, near Greenpoint avenue, proceedings have been instituted to acquire the necessary property to secure pier room which existed only on Whale Creek, an arm of Newtown Creek. Near the mouth of Whale Creek the property to be required will not only enable the City to build over 1,000 feet of bulkhead, but also two piers. Plans and specifications for this concrete sea wall and one pier, with an improved modern concrete reinforced deck, were prepared during a prior quarter, but as yet nothing has been done towards the improvement on this part of the waterfront.

Between Twenty-eighth and Sixty-fourth Streets, South Brooklyn.

A plan has been submitted and approved by the Commissioners of the Sinking Fund establishing new lines for bulkheads and piers, with marginal street, wharf or place, extending from Twenty-eighth to Sixty-fourth street, South Brooklyn. Plans and studies are in progress for the dock improvement of this waterfront in the future.

## Pier 3, Wallabout Basin.

A bulkhead platform with shed on same has been constructed at this location by the New York Central and Hudson River Railroad Company under permit from this Department. Work was begun January 10, 1907, and finished November 15, 1907.

## Pier 5, Erie Basin.

An extension to the storehouse and pile platform has been constructed at this location by the Estate of William Beard under permit from this Department. Work was begun August 23, 1907, and finished October 31, 1907.

## Between Forty-third and Fifty-first Streets.

Five piers and bulkheads are being built at this locality by the Bush Terminal Company under permit from this Department. Work was begun April 5, 1902, and is in progress.

## Sixty-fifth Street.

A pier and rack have been built at this locality by the Long Island Railroad Company under permit from this Department. Work was begun April 1, 1907, and finished October 1, 1907.

## Between Bay Forty-sixth and Bay Forty-seventh Streets, Gravesend Bay.

Two small piers and a pile bulkhead have been constructed at this locality by Eugene J. & Sidney Grant under permit from this Department. Work was begun August 1, 1906, and finished October 16, 1907.

## Neptune Avenue, Coney Island Creek.

A sheet pile bulkhead and lift bridge are being constructed and two gas mains and one water pipe laid at the bed of the creek at this locality by the Brooklyn Borough Gas Company under permit from this Department. Work was begun April 21, 1907, and is in progress.

## Manhattan Beach, Sheepshead Bay.

A pile bulkhead is being constructed, and filling placed in rear of same, and a marginal street built at this locality by the Manhattan Beach Surety Company under permit from this Department. Work was begun January 30, 1905, and is in progress.

## Rockaway Parkway at East One Hundred and First Street, Canarsie.

A sheet pile bulkhead has been built and filling placed behind same at this locality by the Brooklyn and Canarsie Realty Company under permit from this Department. Work was begun September 1, 1907, and finished October 15, 1907.

Other work done by private parties in the Borough of Brooklyn has been supervised and a general supervision of the waterfront made.

## BOROUGH OF QUEENS.

## Little Bayside, Long Island Sound.

A crib bulkhead is being constructed at this locality by Mary J. Doherty under permit from this Department. Work was begun October 23, 1907, and is in progress.

## Third Street, College Point.

A crib bulkhead has been constructed at this locality by the American Hard Rubber Company under permit from this Department. Work was begun September 16, 1907, and finished October 19, 1907.

## Lawrence Point.

Crib bulkheads, crib pier and slip are being constructed at this locality by the Astoria Light, Heat and Power Company, under permit from this Department. Work was begun October 1, 1903, and is in progress.

Other work done by private parties in the Borough of Queens has been supervised and a general supervision of the waterfront made.

A large number of permits have been granted to occupy land and to erect structures thereon at Jamaica Bay, Borough of Queens.

## BOROUGH OF RICHMOND.

A description of the work being done for the ferry terminals in this borough will be found later on in the report under the heading of "Ferries."

A number of pieces of work have been done in the Borough of Richmond by private parties and supervised by the Department of Docks and Ferries.

A five-story reinforced concrete building is being erected on the easterly side of Franklin avenue, on the Kill von Kull side, Borough of Richmond, by J. B. King & Co. A bulkhead has been constructed between Grandview and South avenues, Mariners Harbor, by Meylert M. Armstrong. A crib bulkhead is being built at the foot of Arlington avenue, Mariners Harbor, and a crib bulkhead is being built by the same party at the foot of South avenue, Mariners Harbor. A pier is being built at the foot of Mersereau avenue, Mariner's Harbor, by the Burlee Dry Dock Company. A crib bulkhead is being erected at New Brighton by J. B. King & Co. A small pier is being constructed on Arthur Kills, Tottenville, by the Southern Shipbuilding Company. A crib bulkhead is being constructed at the James D. Leary Long Dock at Stapleton, S. I., by Bernard Brady. A crib bulkhead and sheet pile bulkhead have been built between Elizabeth and Clinton streets, Stapleton, by Thomas Williams. Two piers and a slip are being built at the foot of Western avenue, Howlands Hook, by Procter & Gamble. The bridge across Bodine Creek has been replaced by the Baltimore and Ohio Railroad Company—all the above work being done under permit from this Department.

Other work done by private parties in the Borough of Richmond has been supervised and a general supervision of the waterfront made.

## Pavement on Marginal Street, North, East and Harlem Rivers.

The asphalt pavement has been repaired at various places along the North and East rivers where necessary to repair pavement already laid. The granite pavement along the North and East rivers has been repaired from time to time. The work under Contract No. 1094 for repairing the asphalt pavement along the North and East rivers has been in progress during the quarter.

## Pavement on East River.

Pavement has been repaired along the East River waterfront as required.

## Pile Basin, Shermans Creek.

The pile basin at Shermans Creek on the Harlem River has been maintained and cared for.

## Timber Basin, Seventy-fifth Street, North River.

At the timber basin timber has been received under Department orders and contracts, cared for and issued as required. The timber basin has been maintained and cared for.

## Department Yards at West Fifty-seventh and East Twenty-fourth Streets.

At the Department Yards the force of the Department has been engaged in the construction of concrete blocks, the handling and cutting of granite, the care of ma-

terials and the issue of supplies for various pieces of work. The yards have been maintained in good order and condition.

The work of building a new concrete boiler house at the West Fifty-seventh Street Yard by the force of the Department, under Bureau Order No. 5090, has been in progress during the quarter.

## Floating Property.

All the floating property of the Department has been cared for during the quarter and repaired where necessary.

## Dredging.

All the dredging has been supervised whether done by the Department or by private parties.

## Surveying Party.

All the necessary lines, levels, grades, soundings, surveys and examinations have been made and given. Work done by private parties has been supervised, automatic tide gauges have been attended to and the daily and weekly reports have been made. The records of the anemometer and weather vane, etc., have been compiled. An extensive survey of the waterfronts of Brooklyn, Queens and Richmond is in progress.

## Recreation Piers.

The recreation piers on the North and East rivers have been maintained during the quarter.

## Public Baths.

At the close of the season the public baths were removed and the locations restored to commercial use.

## FERRIES.

## New Staten Island Ferries.

## Whitehall Terminal.

The new Staten Island Ferry, operating between the foot of Whitehall street, Manhattan, and the foot of South street, Borough of Richmond, with the Whitehall terminal at the Manhattan end and the St. George terminal at the Staten Island end, was started in operation by the City on October 25, 1905.

During the quarter ending December 31, 1907, no work was done at the Whitehall terminal other than what was incidental to the quarterly examination of the ferry slips with the aid of a Diver, for the removal of obstructions that drifted into the slips by the peculiar action of the currents and tide in this section of the East River.

The platforms, piers, ferry racks, dolphins, ferry bridges, ferry bridge hoisting machinery, constituting what is ordinarily termed the ferry structures, had been previously completed under Contract No. 918, on December 13, 1906. A temporary waiting room had previously been erected under Contract No. 986, which waiting room has since been extended by Department labor. All of this work, however, was completed prior to the quarter ending December 31, 1907.

Plans and specifications for the permanent ferryhouse at the Whitehall terminal were completed by the architects and advertised under Contract No. 1099, but all bids were rejected.

## St. George Terminal.

At the St. George terminal work under Contract No. 896, comprising the piers, platforms, ferry racks, dolphins, ferry bridges, ferry bridge hoisting machinery, steam railroad and trolley platforms, etc., was completed during the quarter, on October 22, 1907, the work having been necessarily delayed by an enforced suspension pending the completion of the main ferryhouse, the latter with all its appurtenances having been completed on July 30, 1907, and having been in full and successful operation during the quarter. This terminal is protected by a high-pressure saltwater fire service, which had also been previously installed under Contract No. 1007.

During the quarter rip-rap has been deposited under the ferry platforms under Contract No. 1067, for the purpose of creating a barrier against the spread of fire that might arise locally. This work is substantially completed and will be formally finished within a week or two.

Work has proceeded during the quarter by Department labor in the matter of filling in the area underneath the steam and trolley terminals within this rip-rap embankment by depositing steam cinders and ashes taken from the ferryboats.

Necessary repairs have been made from time to time during the quarter by Department labor, the most notable of which was the reconstruction of the dolphin between Slips Nos. 2 and 3.

## Stapleton Terminal.

In the vicinity of the foot of Canal street, Stapleton, platforms, piers, ferry racks, ferry bridges, ferry bridge hoisting machinery and a temporary waiting room have been erected under Contract No. 1023, and completed during the quarter on December 11, 1907.

Plans and specifications have been prepared and a contract advertised for the erection of a machine shop, dumping board, coal pocket, coal handling machinery and the installation of a fire service on the pier at the foot of Canal street, Stapleton, adjoining the ferry structure, but the contract for the work has not been let.

Plans, specifications and form of contract have been prepared by the architects for the terminal ferryhouse, but the contract has not yet been advertised.

The work of filling in the area in the rear of the present ferry structures has progressed during the quarter.

## SOUTH BROOKLYN FERRY.

## Thirty-ninth Street Ferry Terminal, Manhattan.

On November 1, 1906, the City came into possession of the property of the New York and South Brooklyn Ferry and Steam Transportation Company, operating a ferry between Whitehall street, Manhattan, and Thirty-ninth street, South Brooklyn, and since that time the City has been operating the ferry as a municipal ferry.

Under Contract No. 1019 the work of building platforms, piers, ferry racks, dolphins, ferry bridges, ferry bridge hoisting machinery, etc., has been in progress for the construction of three ferry slips.

Under Contract No. 1053 the work of building foundations for the permanent ferryhouse has been in progress under plans prepared by the consulting architects.

## Thirty-ninth Street Terminal, South Brooklyn.

Under Contract No. 1022 the work of building platforms, piers, ferry racks, dolphins, ferry bridges and erecting ferry bridge hoisting machinery for two ferry slips has progressed practically to completion, and there only remains one or two minor items of work to complete the contract.

The work of filling in in the rear of the new ferry structures has progressed during the quarter.

## New Ferryboats for the New Thirty-ninth Street Ferry, South Brooklyn.

Under Contract No. 1003, awarded on August 27, 1906, the work of constructing three steel screw-propelling ferryboats with two 2-cylinder compound engines each, for use on the new Thirty-ninth Street Ferry, has been completed, and the three boats, the "Gowanus," "Bay Ridge" and "Nassau" have been placed in commission.

## Draughtsmen.

In the office of the Engineer-in-Chief the Draughtsmen have been engaged on plans and studies for contract work, plans for the improvement of the waterfront, plans and specifications for new piers and repairs, change of lines, examination of plans submitted by private parties, solar printing and general routine work.

The total new wharfage room made by the Department of Docks and Ferries for the quarter amounts to 6,072 linear feet. Wharfage room destroyed by the City in making way for new improvements amounted to 623 linear feet. The area of the City's piers has been increased by 151,669 square feet. New wharfage room made by private parties under permit from the Department of Docks and Ferries amounted to 16,664 linear feet, and the wharfage room destroyed by private parties amounted to 10,537 linear feet.

Very respectfully, your obedient servant,

CHAS. W. STANIFORD, Engineer-in-Chief.

DEPARTMENT OF WATER SUPPLY, GAS  
AND ELECTRICITY.

REPORT FOR THE QUARTER ENDING JUNE 30, 1907.

Department of Water Supply, Gas and Electricity, }  
Commissioner's Office, Nos. 13 to 21 Park Row, }  
City of New York, January 8, 1908.

Hon. GEORGE B. McCLELLAN, Mayor, New York:

Sir—As provided by section 1544 of the Revised Charter, I beg to submit report of the Department of Water Supply, Gas and Electricity, covering the second quarter ending June 30, 1907.  
Chief Engineer I. M. de Varona makes reference to the supply and condition of water affecting the Boroughs of Manhattan, Brooklyn and Queens.  
Acting Chief Engineer McKay refers to the work accomplished by him in charge of the Brooklyn system.  
Additional street lamps were placed, principally in the Borough of Brooklyn and Queens, and improved lighting service was given by changing from open-flame to Welsbach lamps.  
The rigid enforcement of the Department's regulations with respect to installation of electrical appliances, I believe, has resulted in keeping the City free from any serious conflagrations. Overhead electrical conductors, telegraph and telephone wires are gradually being removed from the pole lines and placed in subways, restoring to the several streets and avenues a safer and more pleasing appearance.  
The revenue from the sale of water shows an increase over the corresponding period.

Respectfully,  
JOHN H. O'BRIEN, Commissioner.

I.  
OFFICE OF CHIEF ENGINEER.

Department of Water Supply, Gas and Electricity, }  
Office of the Chief Engineer, Nos. 13 to 21 Park Row, }  
City of New York, July 15, 1907.

Hon. JOHN H. O'BRIEN, Commissioner:

Sir—I beg to submit herewith report showing the condition of the water supply in the Boroughs of Manhattan, The Bronx and Queens for the quarter ending June 30, 1907; the expenditures provided for under the Tax Levy Budget, as well as under the appropriations made by Bond issues, and balances remaining on July 1, 1907.

EXPENBITURES.

BOROUGHS OF MANHATTAN AND THE BRONX.

	322.5	316.5	322	320
Bronx and Byram.....	20	20	20	20
Total, Manhattan and The Bronx.....	342.5	336.5	342	340
For the Corresponding Quarter, 1906—				
Total, Manhattan and The Bronx.....	300	300	311	304

The Borough of The Bronx consumes all the supply from the Bronx and Byram Rivers and also some twenty million gallons daily of water from the Croton, which is delivered through the old aqueduct.

Rain fell on Croton Lake on thirty-four days during the quarter.

## Rainfall.

Croton Watershed.	April.	May.	June.	Total for Quarter.
Boyd's Corner.....	4.29	4.35	5.64	14.28
West Branch.....	4.02	4.77	4.77	13.56

During the quarter ending June 30, 1907, 830 million gallons wasted over Kensico dam.

Work Done on Watersheds and Aqueducts During the Quarter.  
Division No. 1.

The work on this division has been: Cleaning screens in new gatehouse during the month of April. It was necessary to raise and clean these screens every day. All tree tops, branches, bushes, etc., where the new telephone poles were cut in the woods near the new dam were cleared away; all driftwood, logs, etc., found floating in the lake removed and burned; the shores of lake were kept clean of driftwood; also cleaning the shores of lake of bushes, grass and weeds; this kind of work kept the men busy the greater part of the quarter. The fence along the road near the gatehouse was painted. Filling and grading on the road near gatehouse. A bulkhead was built and lowered in gatehouse No. 1, New Dam, to shut off surface water to Old Aqueduct, and the bulkhead of middle inlet raised. All the streams and brooks leading to lake duly inspected, and in a great many places where barnyards are close to the brooks, chloride of lime was used as a disinfectant. Patrolling shores of lakes; hauling and trimming telephone poles; collecting samples of water for the Mount Kisco Laboratory.

## Division No. 2.

The work on this division has been: Building and repairing fences; hauling, trimming and setting telephone poles; hauling lumber; repairing gutter; making fence posts out of old telephone poles; filling and grading on embankments; cleaning the vault at Spring street; cut out and filled in a crack in the brick wall on promenade; patrolling and cleaning up line of aqueduct.

## Division No. 3.

Repairing fences; setting new telephone poles and removing old ones; cleaning up the grounds at Shafts 8, 9 and 10 on the new aqueduct; cleaning up banks of the

old aqueduct; painting iron work in gatehouse on the old aqueduct; also in the head house of Shaft 11A, and Pocantico gatehouse on the new aqueduct.

Division No. 4.

The work on this division has been: Building and repairing fences; filling and grading near the Ardsley gatehouse on the new aqueduct; earth excavation for wall at the Hasbrouck place; hauling building stone for wall; hauling lumber; cleaning up line of aqueduct, culverts, drains and gutters.

Division No. 5.

The work on this division has been: Building fences; setting fence posts; building dry stone wall; filling and grading on aqueduct banks; spreading gravel; hauling fence posts and lumber; painting house at Dunwoodie; also iron work in gatehouses; cleaning out gutters, culverts and drains; cutting grass and cleaning up line of aqueduct.

Division No. 6.

The work on this division has been: Building, repairing and painting fences; building new drain; cleaning machinery at gatehouses and blowoff; cleaning out drains, gutters and ditches; cleaning up line of aqueduct and cutting grass.

Division No. 7.

The work on this division has been: Repairing and painting fences; relaying flagging; cutting out joints in west gatehouse, High Bridge, and repointing same; the iron railing on High Bridge (both sides) has been painted; hoisting and trimming coal; cleaning up line of aqueduct and approaches and steps to High Bridge and reservoir, and cutting grass.

Division No. 8.

The work on this division has been: Cleaning stop cocks at One Hundred and Thirty-fifth street gate house; cleaning blow-off chambers in One Hundred and Twenty-fifth street; filling and grading on bank east side of new reservoir; cleaning north and south gate houses, chambers and stop cocks, and repairing walk on new reservoir; cleaning stop cocks and chambers at Sixth and Seventh avenues; cutting grass, raking leaves and removing same; cleaning gate houses; keeping surface of water clean, and patrolling Central Park Reservoirs and pipe lines.

Boyd's Corners Reservoir.

The work at this reservoir has been: Building dry stone fence wall; stop cocks cleaned and oiled; vaults cleaned; driftwood collected and burned; brush and weeds cut and burned; patrolling reservoir and streams leading to reservoir by men detailed at Boyd's Corners Reservoir. Collecting samples of water for the laboratory.

West Branch Reservoir.

The work at this reservoir has been: Building, repairing and painting fences and fence gates; painted roofs of gate houses at the West Branch Reservoir and auxiliary dam; repairs to roads; paving repaired and road ditch cleaned and trimmed at the auxiliary dam; repairs to bridge at West Branch Reservoir; collecting and burning driftwood; collecting samples of water for the laboratory.

Middle Branch Reservoir.

The work at this reservoir has been: Building and painting fences; repairs to bridges, also repairs to bridge abutments; rebuilding stone fence wall; repairs to roads; cleaning culverts and collecting samples of water for the laboratory.

East Branch and Bog Brook Reservoirs.

The work on this division has been: Cutting and burning brush and weeds along the shores of the East Branch and Bog Brook Reservoirs and the East Branch of the Croton River; cleaning out culverts and gutters and repairing stone fence walls; cleaning up shores of the reservoirs and removing dead trees from City property; cleaning gate houses, stop cocks and vaults; cleaning and oiling gates and stop cocks; carting salt for the electrozone plant; carting lumber; collecting samples of water for the laboratory; patrolling lakes and streams and abating nuisances in and around Brewster Village.

Titicus Reservoir.

The work at this reservoir has been: Building and repairing fences; rebuilt stone fence wall; repairing culverts, iron railing scraped and painted; the iron bridge at the head of Titicus Reservoir scraped and painted; gate house cleaned and machinery oiled; placing flash boards on spillway; cutting grass; cleaning up highways and grounds; collecting samples of water for the laboratory.

Muscoot Reservoir.

The work at this reservoir has been: Building and repairing stone fence walls; setting fence posts; repairing fences; gates in the gate houses cleaned and greased; pipes in the fountain scraped and painted; placing flash boards on spillway; cutting grass; cleaning up grounds and highway; collecting samples of water for the laboratory.

Lake Gleneida.

The work on this division has been: Building fences; maintaining flumes and gates, etc., at the outlets of lakes in good order; patrolling lakes, reservoirs and streams; watching for nuisances; collecting samples of water for the laboratory.

Electrozone Plant.

The Electrozone Plant has been operated continuously during the quarter.

Sanitary Work.

Cleaned the highway ditch south end of Carmel Village and Fowler street; removed all offensive matter, garbage, etc.

Near Boyd's Corners Reservoir the channel of Roaring Brook was changed so as to take the stream away from buildings in order to abate a nuisance. Near Lake Gilead, removed privy; dug new vault; stoned up vault; reset building and cleaned up the old location.

Bronx River Division.

The work on this division has been: Cleaning the Byram Reservoir; building and repairing fences; cutting grass and brush around Kensico dam and reservoir; the streams, channels and reservoirs have been constantly patrolled.

DISTRIBUTION SYSTEM.

Average Analyses for the Quarter.

The average condition of the Manhattan water supply during the quarter is shown by the following figures:

Locality.	Turbidity.	Color.	Albuminoid Ammonia.	Free Ammonia.	Micro-Chlorine.	Organisms.	Bacteria.
One Hundred and Thirty-fifth street gatehouse....	4	19	0.124	0.045	2.0	1,489	378
Jerome Park Reservoir....	3	13	0.165	0.030	2.0	1,817	164
High Bridge Reservoir....	3	17	0.107	0.029	2.1	1,515	263
Central Park—New Reservoir.....	4	19	0.140	0.022	2.1	1,430	269
Old Reservoir: North Basin.....	4	18	0.142	0.023	2.0	1,727	270
South Basin.....	4	18	0.129	0.019	2.0	1,720	287
City Hall Tap.....	3	19	0.114	0.018	...	1,025	184

The average condition of The Bronx water supply during the quarter is shown by the following figures:

Locality.	Turbidity.	Color.	Albuminoid Ammonia.	Free Ammonia.	Chlorine.	Micro-Organisms.	Bacteria.
Williamsbridge Reservoir—							
Influx .....	5	15	0.138	0.028	2.6	1,341	225
Efflux .....	5	16	0.132	0.023	...	1,258	225

The figures for Manhattan show that throughout the quarter practically the same quality of water has been maintained as during the corresponding quarter for last year, except that there has been considerable increase in microscopic organisms.

The water throughout The Bronx Borough has been in its usual good condition.

BOROUGH OF MANHATTAN AND THE BRONX.

Laying Water Mains.

Contracts for laying water mains in the following streets and avenues have been completed during the quarter:

One Hundred and Eightieth street, between Webster and Tiebout avenues.

Tiebout avenue, between One Hundred and Eightieth and One Hundred and Eighty-first streets.

Montgomery avenue, between Popham avenue and One Hundred and Seventy-seventh street.

Linear Feet of Pipe Laid.

Double Nozzle Standard New York .....	230
---------------------------------------	-----

Repairing and Renewal of Stop Cocks, etc.

In addition to the regular repair companies, three gangs of men have been employed during the quarter repairing and replacing mains, gate valves, hydrants, etc. The amount of work done is as follows:

Linear feet new 20-inch pipe laid .....	12
Linear feet new 12-inch pipe laid .....	30
Linear feet new 6-inch pipe laid .....	1,062
New 12-inch gate valves set .....	8
New 6-inch gate valves set .....	40
New 4-inch gate valves set .....	10
Additional double nozzle standard New York hydrants set .....	71
Additional double nozzle New York case hydrants set .....	4
Additional double nozzle A hydrant set .....	1
Additional single nozzle No. 1 hydrant set .....	1
Double nozzle standard New York hydrant replaced .....	1
Double nozzle standard New York hydrants set in place of defective .....	7
Double nozzle New York standard hydrant set in place of double nozzle B hydrant .....	1
Double nozzle New York standard hydrants set in place of No. 1 hydrants .....	9
Double nozzle New York standard hydrants set in place of double nozzle New York case hydrants .....	7
Mains repaired .....	10
20-inch gate valves repaired .....	3
12-inch gate valves repaired .....	7
6-inch gate valves repaired .....	6
Hydrants repaired .....	4
30-inch gate valve cleaned and oiled .....	1
20-inch gate reset .....	1
Taps changed from 6-inch to 12-inch mains .....	7
Taps shut off .....	3
Connection made without shutting off the water .....	4

Work Done by Repair Companies.

New hydrants set in place of defective hydrants .....	290
Old hydrants repaired .....	4,403
New stop cocks set in place of defective stop cocks .....	8
Old stop cocks repaired .....	592
Croton mains repaired (leaking at joints or broken) .....	264
Taps shut off on mains (service defective or abandoned) .....	438
Hydrants found improperly closed (closed properly) .....	768
Linear feet of pipe used in repairs to Croton mains .....	439
Permits to Tap on Croton Main—	
Manhattan .....	335
The Bronx .....	615
City Horse Troughs Repaired—	
Manhattan .....	98
The Bronx .....	16
City horse troughs removed to other locations .....	114
City horse troughs removed permanently .....	3

No new horse troughs have been set during this quarter as there were none in stock. Permits to tap over 1-inch on Croton main as follows:

2-inch, taps .....	52
3-inch, taps .....	3
4-inch, taps .....	4

On the approach of warm weather all the covering of the gates which were in exposed positions were removed, the screws of the gates greased, stanchions, rods, bolts and nuts examined and repaired where necessary.

Hydrants and blow-offs at dead ends of mains along the North, East, Harlem and Bronx fronts have been opened and blown-off to remove the sediment and impurities which collect at these dead ends.

The pressure on both high and low service has been more uniform and satisfactory than formerly; very few complaints having been received regarding the pressure. Upon investigation of these complaints, it was generally found that they were caused by defective service pipes, waste from toilets on lower floors of apartment houses and clogged beds where filters are in use.

BOROUGH OF QUEENS.

The general condition of the distribution system is good, and wherever possible every effort is being made to improve the same.

Owing to the great changes to be made in the First Ward where the Pennsylvania Railroad has now under construction its Sunnyside Yard, which will require numerous changes in the street lines as well as the carrying of several streets over the yard by bridges, it will be necessary to relay a number of our water mains.

The railroad company have to date furnished no plans showing the proposed changes in the street lines, but have not yet completed the detail drawings showing the method proposed to carry our exposed mains over the bridges to be erected over the railroad yard.

John Y. Youngs' contract for laying mains in North Vernon street, Crosby avenue, etc., is complete and the final payment will be due in about 30 days.

D'Ambra & Tucillia contract is complete except for the repaving over the pipe trenches.

James P. Graham, Contract No. 1, has been delayed in starting owing to the inability of the contractor to obtain the necessary special castings.

James P. Graham, Contract No. 2, is now under way, about 2,100 feet of mains having been laid to date.

Plans and specifications for work aggregating \$170,000 in the Third Ward have been prepared, including a 20-inch force main from the Bayside pumping station to Cemetery lane. This 20-inch main is required to convey the increased supply obtainable when the filter bed and additional wells are installed at the pumping station.

Work Done by the Repair Gangs.

Kind of Work Done.	First Ward.	Second Ward.

Woodhaven Water Supply Company .....	737
Queens County Water Company .....	353
Jamaica Water Supply Company .....	1,003

BOROUGH OF MANHATTAN AND THE BRONX.

Ninety-eighth Street Pumping Station.

In addition to the regular maintenance of this station, the following work was done during the quarter:

That part of the main steam line leading to pumping engines Nos. 1 and 2 was taken down and replaced. New extra heavy steam piping, valves and fittings were used throughout and new hangers were used to support same. This line in the engine room is thereby put in a safe condition and the danger of a breakdown entirely removed.

The water end of the No. 2 pumping engine was completely overhauled, the valves, bushings and buffers being practically renewed. The check valve on the main delivery from this pump was overhauled and repaired, requiring the installation of new bolts, bushings, valves, faces, etc.

On No 3 pumping engine repairs were made to the metallic packing on the high pressure valve stems and piston rods. The jacket feed piping on cylinders was partially renewed, new return bends, valves and fittings being installed. New cast-iron flange was placed on distributing pipe on this engine.

In addition to the ordinary boiler repairs and renewals, on the Marine boilers the reducing valves were overhauled and on boilers Nos. 7 and 8 the nipples were renewed and new check valves were installed.

One Hundred and Seventy-ninth Street Pumping Station.

An injector to force boiler compound into No. 1 battery was fitted up with steam connections from 8-inch header on aqueduct boilers.

Water connections for ash sprinkling were made in the boiler room between boilers Nos. 1 and 2.

The stems were packed and new joints were made on bonnets and both flanges of stop valves on aqueduct boilers. The main feed line from the top of the four boilers was renewed, with new globe angle and check valves in each branch. On the blow-off valves a hole was drilled through the hub of hand-wheel and stem of valve, and a pin was fitted through both, so as to prevent the wrenching off of the end of the stem. The water column connections on each boiler were taken apart, the piping renewed on No. 2 and No. 3 boilers, and all thoroughly cleaned out and replaced.

On the Blake boilers water connections were made between No. 6 and No. 7 boilers to sprinkle ashes. New joints were made on stop valve bonnet and on both flanges on No. 7 boiler.

The tubes of No. 7 boiler were rolled and expanded and on April 2 the boiler was put in commission. When let down to clean nine tubes were found to be leaking. They were cut out and replaced with new tubes, which have given entire satisfaction since that time.

The head seams of No. 8 boiler were chipped and caulked. A leaky and defective safety valve was removed from No. 8 boiler, and an old valve formerly on aqueduct boilers was repaired, tested and put on boiler No. 8. Made new flange joints on main feed line and feed water heater to Blake boilers. Hangers were made and fitted to main and auxiliary feed line and jacket return to these boilers.

Water column connections were taken down and cleaned out and leaky plug cocks taken down from No. 5 and No. 6 boilers and replaced with new cocks on water column blow-off. Compressed air connection was made to blow-out tubes while boilers were under steam.

Took down the flange elbow on connection to main steam pipe on No. 11 marine boiler, which was continually leaking and chipped and filed the holes in flange to allow it to expand. Made new joints to both flanges. Joints were also made on stop valve bonnets of No. 9, No. 10 and No. 11 boilers. To facilitate cleaning out the boilers each day, ash pans were made and fitted to middle connections. The back connection doors, which were in a very unsatisfactory condition from buckling and were causing a great loss of heat, were taken off and straightened and had baffle plates fitted on each, which deflects the heat from the door proper. The water column connection pipes were taken apart and cleaned out.

In the boiler room the old filter was cleaned out and connections were made to feed pumps and the heater removed. A line of pipe was run to connect with the Westinghouse air compressors in the basement, and another line over all boilers, with drop connections between boilers to connect hose for blowing out flues and tubes while boilers are in operation.

A leaky valve was taken down from steam connection to feed pumps, and a new valve put in place, and a length of pipe made and fitted hangers to same. The bonnets of feed pumps were drilled, tapped and equipped with by-pass to blow out old packing from stuffing boxes.

On the Westinghouse air compressors rings on main valve stems on both compressors were fitted and scraped. The shoulders worn on valve bush had to be removed by scraping and grinding. The reversing valve stem was fitted and valve ground in. Broken bolts were drilled from cylinder head and joints made on both ends. Rings were fitted to air pistons of both compressors. There was installed a new and larger exhaust steam pipe, giving a straighter and free exhaust discharge from air compressor. New check and globe valves were put in from air compressor to balancing tanks and provision made for washing out air end.

The foundations of the accumulator pumps were torn down and rebuilt with proper foundation bolts and wall plates, so that broken bolts may be removed conveniently. The pumps were reset and new exhaust pipe put in. New joints were made on steam chest and new nipples and valves put on lubricator cups. Stem of throttle valve to No. 6 accumulator pump was stripped and new valve put in to replace it.

On Engine No. 1 new angle and check valves were put in on jacket return pipe to header in basement. Lost motion taken up on dash pot links and on the connecting rod brasses on the high, intermediate and low pressure valve gear. A new set of valves was put in attached air compressor.

On engine No. 2 rock shaft on H. P. taken apart and examined. One of the rocker arms and feather were found loose on the shaft. Arm was bored out to true up hole and new shaft made to suit. Both bearings were babbitted and rocker arm pin trued up. The dash pot links were keyed up and all lost motion taken out. Leads were taken off connecting rod brasses, crosshead and crank pin end and liners taken out on crank pin end, brasses scraped to a bearing and keyed up. The jacket piping was cleaned out and a new Curtis regulating valve put on intermediate and siphon pipe made for steam gauge.

On engine No. 3 new globe valve and swinging check valve placed on jacket return to boilers. The drip pans on guides and main bearing were piped up to return oil drips to filter in basement of engine room. Dash pot links were keyed up and brasses fitted. New crank arm was fitted to H. P. dash pot, rock shaft on bottom steam valve. A new set of springs was fitted to steam valve cam stems on L. P. steam valves.

On engine No. 4 the jacket piping was overhauled and cleaned out and a new Curtis regulator valve put on the intermediate cylinder. Drain pipe connections are being made from indicator cocks, high, intermediate and low pressure cylinders.

The dash pot links were keyed up and brasses fitted. A new set of springs was fitted to cams of the steam valve-stems on low pressure cylinder and a new steel toe fitted to the cam. Water end of pump was examined and all weak and broken springs were taken out and replaced. Bottom of water cylinders was cleaned out.

On engine No. 5 drain pipes from drip pans under compensating cylinders were installed. Accumulator and attached air compressor renewed and carried to sewer instead of discharging into basin on top of water cylinders. The air vent pipes and valves were renewed and carried higher up, so that top of water cylinders could be fitted in to prevent the accumulation of dirty water and oil. The 2-inch connections from main discharge pipe to feed water heater were taken out and renewed with extra heavy brass pipe and fittings, valves, etc.

On engine No. 6 main jacket pipe to H. P. cylinders was found leaking and new unions and nipple were put in and male flange faced off and new joint made. New joint was made on head of attached air compressor. Drain pipe to blow down water column on balancing tank was extended over and tapped into the air pump discharge. Drain pipes from drip pans under compensating cylinders, accumulator and attached air compressor were renewed and then extended to sewer instead of discharging into basin on top of water cylinders.

Coal Hoist—Frame and angle brace of coal digger broke off short at hinge and frame and braces had to be cut out and sent to shop, where new side and brace were welded on and frame fitted and rivetted in place again. The lower part of the coal chute, which was badly corroded and eaten away, required the cutting out of many plates. New plates were furnished and fitted in their place.

New joints were made on cylinder heads of hoisting engine. The flange on the valve stem nut in stop valve yoke broke off and the nut became loose. It was drilled, tapped and pinned and joint made in bonnet.

The conveyor chain was adjusted to proper length.

High Bridge Pumping Station.

In addition to the regular maintenance of this station, the following work was done:

Boilers Nos. 1 and 2 were thoroughly cleaned and inspected; new bridge wall built and all brick work was put in good condition.

A new set of grate bars was put in boiler No. 1.

In boiler No. 2 the grate bars were repaired and new shaking rods were installed.

On pumping engine No. 1, repairs were made to the valve on the suction line and a new key was placed in the crosshead in the water end side of the right-hand pump.

The bonnets on the small tower pumps were removed and the pumps were given a thorough going over and put in running condition.

The drainage from this station is now good and the station is in good sanitary condition.

Jerome Park Pumping Station.

In addition to the regular renewal and maintenance of machinery at this station during the quarter, the following work was done:

On the No. 2 engine the intermediate and low pressure cylinders were examined and tested, the condensers were overhauled and the tubes were cleaned out. A new joint was made on the intermediate cylinder head and also a new joint on the condenser heads, and the condensers were then tested.

The air pumps were overhauled and tested.

A check valve in the main discharge of this pump was examined. The iron pipe connections at this pump were replaced by new brass indicator pipe connections. The jacket piping was rearranged so as to permit of taking down the intermediate cylinder head without disturbing the piping.

In April trouble was found in operating the No. 2 engine and on dismantling and removing the low pressure cylinder head it was found that the low pressure piston was cracked. This was duly removed and a new one, with rings and springs complete was ordered made and installed and the engine put back in good running order.

On the No. 3 pump the air pump rocker shaft was overhauled and a new key fitted in the rocker arm. The iron pipe indicator connections in this pump were replaced by new brass connections. The water end of this pump was overhauled and examined and new valves and springs installed wherever found necessary. The jacket piping on this engine was repaired and renewed.

A new drain from the end of the main steam line in the engine room to the boilers was put in place and new joints were made on the main steam line.

BOROUGH OF QUEENS.	
First Ward.	
Pumping Station No. 1 is now in good working order and is pumping a normal yield.	
Pumping Station No. 2 is now in full operation and is still yielding over 750,000 gallons for twenty-four hours. The boilers have been regularly inspected at this station and the troubles due to scale formation are entirely disappearing. The station and equipment are in good working order.	
Pumping Station No. 3 is delivering over 700,000 gallons per day and the station and equipment are in first class condition.	
Third Ward.	
The Bayside Pumping Station is delivering its normal daily supply, which is slightly in excess of 1,000,000 gallons. The station building and equipment are in first class order. The ordinary small repairs at this station have been made and new repair parts have been ordered for the water end of the Blake pumping engine.	
The Flushing Pumping Station is pumping all the water available. In order to meet the pressure requirements and the demands at this particular season of the year, the station is run at its maximum during the day and slowed down at night when the pond is allowed to fill up, thereby keeping a slight reserve supply. It is recommended that provision be made at the earliest date for labor to enable this Bureau to remove all vegetable growth and otherwise clean out the pond at this station.	
In addition to the usual minor repairs and renewals during the quarter, repairs were made to the crank pin of the No. 2 Snow pump and the boilers were thoroughly overhauled, new tubes being installed and a new set of grates were put in place. The installation of these new grates shows a marked improvement in the economy of this station.	
The Whitestone Pumping Station is in good working order and is delivering its usual daily supply of water.	
In addition to the usual repairs and renewals, a new set of grates has been installed in the No. 2 boiler and the resulting economy from this installation is becoming evident. Repairs have been made to the well heads and valves on the artesian well line, thereby eliminating many air leaks and allowing the pump to partake of more steady running.

HIGH PRESSURE PUMPING STATIONS.

Oliver and South Streets.

The progress on this station has been most satisfactory during the past quarter. All of the concrete sidewalls have been finished up to the required elevation; the basement floor and sidewalls have been waterproofed; the heavy concrete floor has been practically finished, except from the finishing top coat; the bluestone flagging around the sidewalls have been set, anchored and grouted.

The brick walls for the boiler room and storeroom in the basement have been finished.

All columns and iron floor construction has been finished and painted, and the reinforced concrete floor for the engine-room is rapidly nearing completion. In the switch-board gallery the basement is ready for waterproofing and all iron beams on the first floor are set. All face and front brick for the building has been finished up to the level of the window sills and window frames are being set rapidly. All foundations for the pumps and motors have been finished up to the pump room floor, and conduits for electric wires installed therein.

Work on the conduits for power and lighting is progressing favorably. The machinery for this station is well under way and it is expected that shipments may begin as soon as the roof is placed on the building.

Gansevoort and West Streets.

The concrete walls have been completed up to the required elevation. The basement has been waterproofed and the concrete floor thereon is being rapidly finished.

Column and floor beams are on the ground and will be erected at once. The foundations for the pumps and motors have been finished up to the engine-room floor level and the necessary conduits installed therein.

The machinery for this station is also under way, so that shipments may probably be made as soon as the roof on the building is in place.

Salt Water Suction Mains, Gansevoort and West Streets.

The concrete suction chamber adjacent to the pumping station has been finished and the two thirty-six (36) inch suction mains have been finished for a distance of two hundred and thirty (230) feet.

Great difficulty has been experienced by the contractor for this work in making the excavation for the suction mains, as numerous old building foundations have been encountered and also by the fact that the tide water flows into the excavation at times in greater quantities than their present plant can handle, making it necessary to materially increase the pumping capacity of this plant. Under the conditions, good progress has been made.

Filtration Division.

The general routine work of this division has gone on during the quarter. The Experimental Station at Jerome Park reservoir has been in continuous operation during the quarter. Twelve separate runs have been made and much valuable data collected as to rates of filtration and bacterial efficiency at different rates, using both untreated and treated Croton water.

Owing to the continuance of labor troubles, the Blaisdell Company have been unable to install their sand washing apparatus, but expect to have it running in the near future.

The United Water Improvement Company discontinued, on June 1, their experiments on ozone, having failed to produce it in continuous quantities at a reasonable cost.

Considerable work has been done in connection with the surveys and taking of land at Oakland Lake, Borough of Queens, and a plan prepared showing lands to be taken at that place in connection with the proposed filter bed.

New plans and studies are being made in connection with the question of the sewerage and disposal of sewage at Mount Kisco.

Force and Office Room.

The offices of the Engineering Bureau are all located now on the ninth floor, thus avoiding the loss of time and inconvenience hitherto occasioned by the division of the force on separate floors. Some more space should have been secured, but it was not practicable to obtain it at present, owing to pending leases.

In compliance with a request from the Commissioner of Bridges who has charge of the preliminary arrangements of the proposed new Municipal Building, we furnished a schedule of the space required for this Department with as much detail as was possible, pending the preparation of a ground plan of said Municipal Building, on which the location of the various offices can be laid out in detail.

Respectfully submitted,  
I. M. DE VARONA, Chief Engineer.

II.  
OFFICE OF DEPUTY COMMISSIONER.

Department of Water Supply, Gas and Electricity,  
Office of Deputy Commissioner, Municipal Building, Room 28,  
Brooklyn, October 28, 1907.

Hon. JOHN H. O'BRIEN, Commissioner, Water Supply, Gas and Electricity:

Dear Sir—I beg to forward herewith report of the transactions of the various bureaus of the Department in this Borough for the quarter, ending June 30, 1907 with the exception of the report from the Bureau of Lamps and Lighting, which I believe has been submitted to you directly by Mr. C. F. Lacombe.

Yours truly,  
WM. C. COZIER,  
Deputy Commissioner, Borough of Brooklyn.

BUREAU OF WATER RATES.

City of New York, Borough of Brooklyn,  
Department of Water Supply, Gas and Electricity—Bureau of Water Rates,  
July 3, 1907.

Hon. WILLIAM C. COZIER, Deputy Commissioner:

Dear Sir—I have the honor to submit herewith a detailed statement of the receipts for water rents for the quarter ending June 30, 1907, and statement of the receipts for the corresponding term of 1906.

Condition of the Supply.

During the quarter we had no difficulty in meeting the demands of the consumers, except in some few instances, where upon investigating complaints of lack of adequate supply, it was generally found that the cause of the trouble was due to the plumbing in the premises either being too small or partially clogged, there being in all cases ample pressure on the service mains opposite the premises for an adequate supply.

Owing to the ample rainfall, which was slightly above the average for this quarter of the year, the yield from the supply ponds and the driven wells was sufficient to more than meet all demands of consumers, without our having to draw on the available storage. As a result, we were enabled to show a net gain in the Ridgewood basins of about 1,786,000 United States gallons by the end of the quarter, and a net gain of about 216,000,000 gallons in the Hempstead Storage Reservoir. We were also enabled to shut down the pumping stations on the new water sheds, the surface supply from there being sufficient to keep Millburn Pumping Station running to almost its full capacity.

To obviate the recurrence of the trouble experienced during the last quarter, in trying to generate sufficient steam for the operation of all the engines necessary to pump the full quantity of water that it is possible to deliver to the Ridgewood Pumping Stations, with the small size coal which was so difficult to procure during the winter months, a contract was entered into in the latter part of April for a year's supply of the larger sized coal, which can be obtained without difficulty and which can be readily burned on the existing grates of the various boilers. Since this coal has been used there has been no further trouble, nor is it anticipated that there will be any during the coming winter.

Although the rainfall during the quarter was slightly above the average, had it not been for the improvements made in the well systems at Rosedale, St. Albans and Oconee, we probably would have experienced difficulty in maintaining a normal supply throughout the Borough, since the yield of the eastern watershed and the storage at Hempstead, could not be delivered to Ridgewood, owing to the inadequate carrying capacity of the old conduit from Smith's Pond part way westerly.

By referring to the attached table, it will be noticed that 470,547,500 gallons of water ran to waste from the supply ponds during the quarter, while during the previous quarter, 155,532,800 gallons were similarly wasted, which waste should be stored and held in reserve for the demands of the increased consumption, during extremely hot and cold seasons, which storage would be of untold value to our water supply system. In order to collect the water that now goes to waste, through our inability to collect and store same, I would urgently recommend that an appropriation be obtained to properly repair the Millburn Reservoir, which has a storage capacity of 300,000,000 gallons; and also that moneys be obtained to build another reservoir within the City limits, an available spot being at Forest Park, where it is estimated that about 483,000,000 gallons could be stored in a reservoir built in land already transferred to this Department for that purpose. The repairing of the Millburn Reservoir and the building of an additional storage reservoir within the Borough limits, are, to my mind, of the most vital importance to the welfare of this Borough, as the time is not far off when all the water available will be needed to meet the demands of this rapidly growing section of Greater New York. Since it would take several years to build any large works, action towards getting the necessary funds and the authority to proceed cannot be taken too soon. If the Millburn Reservoir were water-tight, part of this waste, to the extent of about 300,000,000 gallons or more each year, could be stored in same. I would therefore again urge that the necessary funds be obtained to enable us at an early date to contract for properly repairing this reservoir and for constructing a storage reservoir within the City limits. The total estimated cost of repairing the Millburn Reservoir and constructing a storage reservoir within the City limits on the site of Forest Park would be about \$3,000,000.

The total waste from all ponds on the old and new watersheds during the quarter was as follows:

	April.	May.	June.	Total.
Baiseleys .....	54,701,400	40,610,500	8,526,800	103,838,700
Springfield .....	9,702,700	1,301,300	9,468,000	20,472,000
Conselyea's .....	6,873,200	13,693,600	9,781,600	30,348,400
Watts .....	61,379,800	3,801,500	8,955,600	74,136,900
Smith's .....	13,259,000	108,318,300	35,753,500	157,330,800
Millburn, East Meadow.....	3,861,500	1,862,600	625,000	6,349,100
Newbridge .....	1,207,500	3,672,700	5,094,500	9,974,700

	April.	May.	June.	Total.
Wantagh .....	1,184,700	3,108,800	.....	4,293,500
Massapequa .....	13,533,200	33,135,500	16,934,700	63,603,400
Total.....	164,518,300	207,580,700	98,248,500	470,347,500

The analysis made of the water supplied showed that its quality during the quarter was somewhat improved over that of the corresponding quarter of last year, especially as to turbidity. While the microscopic growths have occurred in increased numbers in Mt. Prospect Reservoir, they have been excluded from the supply, and the average tap samples have contained practically the same amount as for last year.

Distribution System.

The extension of the distribution system in the outlying sections of the Borough has been continued under the general contracts for extension as well as by the Department force for emergency work.

The work done during the quarter was as follows:

Contract for Hauling and Laying Water Mains. Isaac Harris Company, Contractors.

20-inch pipe laid, linear feet.....	6
16-inch pipe laid, linear feet.....	3,111
12-inch pipe laid, linear feet.....	2,931
8-inch pipe laid, linear feet.....	8,727
6-inch pipe laid, linear feet.....	53

Total..... 14,828

16-inch gates set.....	8
12-inch gates set.....	6
8-inch gates set.....	26
6-inch gates set.....	70

Total..... 110

Hydrants set ..... 70

The pipe laying under this contract has been completed by the contractors, but approximately 50 per cent. of the pavement over the pipe trenches has yet to be restored.

Contract for Hauling and Laying Water Mains. Charles Cranford Company, Contractors.

20-inch pipe laid, linear feet.....	869
16-inch pipe laid, linear feet.....	12
12-inch pipe laid, linear feet.....	4,810
8-inch pipe laid, linear feet.....	17,707
6-inch pipe laid, linear feet.....	1,827

Total..... 25,225

20-inch gates set.....	2
12-inch gates set.....	7
8-inch gates set.....	51
6-inch gates set.....	133

Total..... 193

Hydrants set ..... 157

This contract was assigned to Robert Carter & Co., June 17, 1907, and the work is being carried on satisfactorily by the latter company.

Emergency Work by Department Force.

8-inch pipe laid, linear feet.....	3,746
6-inch pipe laid, linear feet.....	112

Total..... 3,858

8-inch gates set.....	10
6-inch gates set.....	17

Total..... 27

Hydrants set ..... 17

During the quarter petitions for water mains in ninety-six streets and avenues were received and reported on, of which sixty-three were reported on favorably, recommending the laying of 26,893 linear feet of 8-inch pipe and 3,662 linear feet of 12-inch pipe.

The general work of repair to and care of the distribution mains, gates, hydrants, etc., has been carried on as usual by the repair yards.

The work done during the quarter was as follows:

Permits Issued.

	April.	May.	June.	Total.
Street opening permits.....	375	356	413	1,144
Extension permits.....	75	73	57	205
Old and new building permits.....	880	760	598	2,238

New gate boxes set.....	2
New gate box covers.....	7
New necks put on gates.....	2
New air-cocks (1-inch) put on gates.....	3
New screws put on gates.....	4
New disc put on gate.....	1
New bonnet put on gate.....	1
New gland put on gate.....	1
New gasket put on gate.....	1

Also tested 141 gates on boundary of Prospect Reservoir.  
Also tested blow-offs on Willoughby avenue and street, from Throop avenue to Borough Hall.

Special Work.

Fulton Street and Elm Place—Laid 10 feet of 12-inch pipe.  
Pierrepont and Hicks Streets—Laid 5 feet of 8-inch pipe.  
Fulton Street, Between Johnson and Tillary Streets—Laid 4 feet of 16-inch pipe.  
Connected Carroll street to Garfield place for contractor.  
Altered line of main on north side of Fulton street, east of McComas square.  
Used: Four 8-inch, 90 degree bends, one 8-inch sleeve, 3 feet 3 inches of 8-inch pipe.

Altered line of main on north side of Fulton street, west of Hudson avenue:  
Used one 8-inch 90-degree bend, 2 feet 8-inch pipe, one 8-inch sleeve.  
Altered line of main at Fulton and Bridge streets: Used four 8-inch 90-degree bends, 15 feet of 8-inch pipe, two 8-inch gates.  
Eastern parkway, opposite Underhill avenue, made 20-inch connection: Used 12 feet of 20-inch pipe, one 20-inch sleeve, filled line with water.  
Fifth and Prospect avenues, connected four-way branch: Used 8 feet of 6-inch pipe, two 6-inch sleeves.  
Utica avenue, from East New York to Church avenues, filled 24-inch main opened twenty-five gates, put fifteen hydrants in commission.  
Eastern parkway, opposite Underhill avenue, cut in 36 by 20 three-way branch: Used 36 by 20 three-way, one 36-inch sleeve, one 20-inch gate, 2 feet of 20-inch pipe, 350 pounds lead.  
Sixth avenue and Pacific street: 6 by 6 three-way branch, one 6-inch gate, one 6-inch sleeve, one 6-inch offset, 3 feet of 6-inch pipe, 75 pounds lead.  
Eighth avenue and Second street, 20 by 12 patent sleeve and gate.  
Eighth avenue and Sixth street, 20 by 16 patent sleeve and gate.  
Garfield place and Eighth avenue, 20 by 8 patent sleeve and gate.  
Prospect Place West and Union street, 20 by 16 patent sleeve and gate.  
Bridge street, between Fulton and Willoughby streets: 8 by 6 three-way branch, 8-inch sleeve, 6½ feet of 6-inch pipe, forty pounds lead; also moved hydrant.  
Lafayette avenue, south side, 78 feet east of Ashland place: 12 by 4 patent sleeve and gate, 100 pounds lead.  
Eastern parkway and Underhill avenue: 30 by 20 three-way branch, one 30-inch sleeve, one 30-inch gate, 2 feet of 30-inch pipe.  
Ashland place, east side, 64 feet south of Lafayette avenue, 6 by 4 patent sleeve and gate, thirty-five pounds lead.  
Thirty-eighth street, 160 feet west of Third avenue, 6 by 4 patent sleeve and gate, fifty pounds lead.  
Sixteenth street and Fourth avenue: 6 by 6 four-way branch, one 6-inch sleeve, four 6-inch 45-degree bends, 2 feet of 6-inch pipe, 100 pounds lead.  
Vanderbilt avenue, south of Atlantic avenue: 6 by 4 patent sleeve and gate, one small box, two ½-inch taps put in, two ¾-inch taps put in, four 1-inch taps put in, seventeen 1½-inch taps put in, nine 2-inch taps put in, four 6-inch connections capped, one 12-inch connection capped, tapped abandoned 20-inch main.

Miscellaneous.

Reflagging .....	17
Repavings .....	21
Patent sidewalks repaired.....	16
Districts shut down for plumbers.....	2
Districts shut down for contractors.....	15
Districts shut down for tapper.....	1
Pressures taken .....	130
Service pipes blown out.....	5
Five-eighths-inch Thomson meters removed.....	1
Second alarm fires answered.....	2
Third alarm fires answered .....	2

Lengthened, lowered and connected service pipes as follows:

Elton street, houses .....	66
Belmont avenue, houses .....	16
Linwood street, houses .....	3
Cleveland street, house .....	1

Also drew abandoned tap and put brass plug in main at Belmont avenue and Elton street.

Connected service pipe at Fifth avenue and Seventy-sixth street to 12-inch main, from 4-inch main: six houses.

Gang sent to Tottenville, Staten Island, June 26 and 27, digging for leaks.

Changed pressure recording gauge at No. 130 engine house.

Filled high pressure mains as follows:

Water street, from Fulton to Main street.  
Nassau street, from Washington to Pearl street.  
Tillary street, from Washington to Pearl street.  
Main street, from York to Plymouth street.  
Johnson street, from Washington to Jay street.  
Court street, from Fulton to State street.  
Fulton street, from Washington to Adams street.  
Willoughby street, from Fulton to Jay street.

(Not included in above classifications.)

Connected new 8-inch main on Dobbins street to 12-inch main on Nassau avenue: Water turned on.

Connected new 8-inch main on Dobbins street to Meserole avenue: Laid 33 feet of 8-inch pipe. Water turned on.

Connected new 8-inch main on Morgan avenue to 8-inch main on Lombardy street: Water turned on.

Connected blow-off to sewer on Bushwick avenue, south of Flushing avenue: Laid 41 feet of 6-inch pipe; used one 12 by 6 reducer, two 6-inch 45 degrees bends.

Connected new 8-inch main on Norman avenue to 8-inch main on Morgan avenue: Water turned on.

Connected 8-inch main on Grove street to 36-inch main on Bushwick avenue: Laid 17 feet of 8-inch pipe; used one 8 by 8 three-way branch; set one 8-inch gate, two large gate-boxes.

Connected new 8-inch main on Van Dam street to 12-inch main on Meeker avenue: Laid 30 feet of 8-inch pipe; used one 8-inch 45 degrees bend, one 8-inch bevel hub.

Connected new 8-inch main on Van Dam street to Nassau avenue: Put in one 8 by 4 three-way branch, one 8-inch cap, one 8-inch sleeve; laid 28 feet of 8-inch pipe. Water turned on.

Connected new 8-inch main on Jewell street to Calyer street: Laid 22 feet of 8-inch pipe; used one 8-inch sleeve. Water turned on.

Connected new 8-inch main on Jewell street to old 8-inch main on Jewell street: Laid 50 feet of 8-inch pipe; used one 8-inch sleeve. Water turned on.

Laid 633 feet of 8-inch pipe, 18 feet of 6-inch pipe; set one new 8-inch gate, three 6-inch gates, three Smith standard fire hydrants, one new large gate-box, three small gate-boxes; put in three 8 by 6 three-way branches. Water turned on. Humboldt street, between Norman and Meserole avenues.

## Special Work (not included in above classifications).

Elton street, between Pitkin and Blake avenues—Lowered 960 feet of 6-inch pipe, used five 6 by 6 three-ways, set three hydrants, two 6-inch gates and recalked eighty-four 6-inch joints.

Belmont avenue, between Elton and Essex streets—Lowered 444 feet of 6-inch pipe, put in two 6 by 6 three-ways, set two hydrants, one 6-inch gate and recalked forty-four 6-inch joints.

Belmont avenue, between Elton and Cleveland streets—Lowered 128 feet of 8-inch pipe, set one 8-inch gate and recalked thirteen 8-inch joints.

Jamaica avenue, opposite Georgia avenue—Connected blow-off on 48-inch main with sewer; material used, one length of 12-inch pipe, one 12-inch 90 degrees bend, one 12-inch 45 degrees bend.

New Lots Pumping Station—Excavated and cut out 60 feet of 20-inch pipe, used one 20 by 16 reducer and put one 16-inch cap on three-way.

Woodhaven Pumping Station—Laid 132 feet of 16-inch pipe, 252 feet of 12-inch pipe, 84 feet of 8-inch pipe, used two 16 by 16 three-ways, three 16 by 6 three-ways, seven 12 by 6 four-ways, four 8 by 6 four-ways, two 16 by 12 reducers, two 12 by 8 reducers, two 8-inch caps, set three 16-inch gates.

Forest Stream Pumping Station—Run and calked eight 8-inch joints.

Shetucket Pumping Station—Laid 12 feet of 20-inch pipe, 103 feet of 16-inch pipe, 351 feet of 12-inch pipe, 163 feet of 8-inch pipe, 20 feet of 6-inch pipe, set three 16-inch gates, two 12-inch gates, seven 6-inch gates, twelve 6-inch plugs, used two 16-inch 45 degrees bends, one 16 by 16 three-way, one 12 by 12 three-way, one 12 by 8 three-way, seven 16 by 6 three-ways, one 16 by 20 four-way, seven 12 by 6 four-ways, two 8 by 6 four-ways, two 16 by 12 reducers, one 12 by 16 increaser, two 20-inch caps, one 12-inch offset, one 12-inch sleeve, one 12 by 8 reducer.

Springfield Pumping Station—Excavated and cut 16 and 20-inch pipe, laid 36 feet of 16-inch pipe, used seven 16-inch 45 degrees bends, one 20-inch gate, one 16-inch gate, one 16-inch 90 degrees bend, one 16 by 16 three-way, one 16-inch sleeve, laid 12 feet of 20-inch pipe, used one 20-inch 22 1/2 degrees bend, lowered 12 feet of 20-inch pipe, used one 20-inch 22 1/2 degrees bend and one 20 by 16 three-way.

Operated gates marked closed on blue print between Mount Prospect and Ridge-wood service and Mount Prospect and New Lots service, in the East New York yard district, and put tin cans on top nuts of gates operated on.

Special Work.	
Laid 444 feet of 6-inch pipe on Eighty-third street, between Twenty-second and Twenty-third avenues.	
Laid 389 feet of 6-inch pipe on Eighty-fourth street, from Twenty-second to Twenty-third avenues.	
Laid 198 feet of 8-inch pipe on Bay Ridge avenue, west of Shore road.	
Cut out 24 feet of 6-inch pipe on Neptune avenue and West Twenty-third street, lowered it 18 inches below new sewer and reconnected same.	
Closed down 8-inch gate on Old Shore road, between East Fifteenth and Sixteenth streets for plumber to remove meter and set it back 100 feet.	
Cut out three lengths of 8-inch pipe on Eighty-sixth street and Fourteenth avenue, raised it 6 feet 6 inches to go over new sewer, and reconnected same.	
Cut out ten lengths of 6-inch pipe on East Sixteenth street and Avenue S that was in the contractor's way, capped same and put one length of 6-inch pipe to exhaust pipe of the Gravesend Pumping Station.	
Cut six lengths of 6-inch pipe on West Twenty-third street and Mermaid avenue and lowered it 18 inches under new sewer and reconnected same; also cut out one length of 8-inch pipe at same location and lowered it 18 inches and reconnected same under sewer.	
Water shut off to allow contractor to have services repaired on Fortieth street and New Utrecht avenue.	
Cut out three lengths of 12-inch pipe and raised it so as to go over tunnel on New Utrecht avenue and Sixty-second street, and reconnected same.	
Cleaned, oiled and marked all gates and blow-offs on boundary line of high pressure line.	
Abandoned 12-inch salt water line on Doyle's walk, south of Surf avenue; closed head gate on the walk south of Surf avenue; closed gates in front of three fire hydrants; disconnected three hydrants and brought them to repair yard.	
Raised eight lengths of 16-inch main on Eighty-sixth street, east and west of Bay Eleventh street, 22 inches, so as not to be in the way of new sewer.

Contract for 24-inch Delivery Main from the Canarsie Pumping Station. Hammond & Sloane, Inc., Contractors.	
The work of laying this main has been practically completed, except about 60 feet where it crosses the right of way of the Long Island Railroad Company at Remsen avenue. Permission from the railroad company to cross their right of way will be necessary before the pipe can be laid at that point. A request has already been sent to the railroad company for the necessary permit; as soon as it is received, the laying of the pipe will be completed. Work done during the quarter was as follows:	
24-inch pipe laid, linear feet.....	4,643
12-inch pipe laid, linear feet.....	7
8-inch pipe laid, linear feet.....	41
6-inch pipe laid, linear feet.....	105

24-inch gates set.....	12
6-inch gates set.....	24
Total .....	36
Hydrants set .....	24
Contract for New 24-inch Suction Main for the Mount Prospect Pumping Station. Hammond & Sloane, Inc., Contractors.	
Work on this contract was started on April 24, 1907. The pipe has been laid on Underhill avenue, from Atlantic avenue to the pumping station, connection to the latter being made on May 24. The contractors are now working at the crossing over the Long Island Railroad subway in Atlantic avenue. The work done during the quarter was as follows:	
30-inch pipe laid, linear feet.....	20
24-inch pipe laid, linear feet.....	1,750
6-inch pipe laid, linear feet.....	7
Total .....	1,777
30-inch gates set.....	1
24-inch gates set.....	9
16-inch gates set.....	1
6-inch gates set.....	1
Total .....	12
Contract for Replacing Mains in Flushing, Franklin, Marcy, Metropolitan Avenues, etc. Interurban Construction Company, Contractors.	
Work was started on this contract on May 29, 1907, at Roebling and South Fourth streets. The contractors have made very good progress. The 16-inch main on Roebling street has been laid from Broadway to Metropolitan avenue, and the 12-inch main on same street has been laid from North Seventh street to Union avenue. Work has also been started on the 16-inch main on Rodney street, from Division avenue to Metropolitan avenue.	

The work done on this contract during the quarter was as follows:

20-inch pipe laid, linear feet.....	13
16-inch pipe laid, linear feet.....	2,166
12-inch pipe laid, linear feet.....	233
8-inch pipe laid, linear feet.....	278
6-inch pipe laid, linear feet.....	271
Total .....	2,961
20-inch gates set.....	1
16-inch gates set.....	12
12-inch gates set.....	2
8-inch gates set.....	9
6-inch gates set.....	14
Total .....	38
Fire Hydrants set.....	14
6-inch pipe removed, linear feet.....	1,994
8-inch pipe removed, linear feet.....	87
12-inch pipe removed, linear feet.....	21
20-inch pipe removed, linear feet.....	13
Total .....	2,115
6-inch gates removed .....	5
Old hydrants removed.....	2

The plans for the second contract for replacing old mains in the Williamsburg and Greenpoint sections have been completed, and the form of contract and specifications forwarded for printing.

On May 29, 1907, bids were received for the contract for laying the new 16-inch main in Eighth, Eleventh, Coney Island avenues, etc., the lowest bidder being Mr. James L. Carey. As soon as the contract has been signed and enough material obtained, the work on this contract will be started.

Contract for Setting 1,000 New Hydrants on Distribution Mains. Isaac Harris Company, Contractors.

During the quarter there were set 80 new hydrants in the Williamsburg section, but owing to shortage of hydrants, the work was stopped.

Laying 48-inch Main in Fort Greene Park. Isaac Harris Company, Contractors.

Work was started on this contract during May, but work had to be stopped, owing to delay in shipments of pipe and castings from the foundry.

Two new general contracts for hauling and laying water mains in four districts in the outlying sections of the borough, covering the laying of 4,500 linear feet of 20-inch pipe, 4,000 linear feet of 16-inch pipe, 8,000 linear feet of 12-inch pipe, 90,000 linear feet of 8-inch pipe and 5,500 linear feet of 6-inch pipe have been prepared and forwarded for printing, but cannot be let until additional funds are provided.

The regular inspection of and investigation of complaints in distribution service has been continued during the quarter. The work done was as follows:

Complaints of poor pressure investigated.....	25
Complaints of muddy water investigated.....	12
Complaints of leaks or waste investigated.....	30

At present there are three Inspectors regularly detailed to examine unmetered premises for leaks or waste of water, the owners or occupants being notified in each case to remedy same wherever they are found, and as the results show a considerable saving of water, I would again advise the detailing, permanently on this work, of a much larger force of Inspectors, and also that meters be placed wherever possible under the law.

#### High Pressure Fire Service System.

##### Mains.

The following work was done on the contract for laying the high pressure fire service mains during the quarter:

12-inch pipe laid, linear feet.....	112
8-inch pipe laid, linear feet.....	1,400
Total .....	1,512

8-inch gates set.....	23
Hydrants set .....	231

There remains to be laid on this contract approximately 375 feet of 12-inch pipe, 25 feet of 20-inch pipe and 10 hydrants to set.

The pipe has yet to be laid across the Rapid Transit tunnel in Fulton street at Bond street, and across Flatbush avenue at Schermerhorn street. The delay in laying the main at Bond street is caused by the Edison Electric Illuminating Company having laid their ducts in the depression in the roof of the tunnel, which was originally provided to the high pressure mains. The company has taken steps to have these ducts removed.

The delay at Flatbush avenue and Schermerhorn street is caused by the fact that no provision was originally made by the Rapid Transit Commission for crossing the tunnel with the high pressure main. Such provision has now been made and the crossing will be completed in the coming month.

#### Pumping Stations.

Fair progress is being made in the construction of the reserve station at Willoughby and St. Edwards streets, the building being about 90 per cent. completed.

Progress in the construction of the main station at Furman and Joralemon streets has not been as satisfactory, the station being only about one-third completed.

#### Motors and Pumps.

The five motors for the main station at Furman and Joralemon streets have been completed, and the pumps are about 90 per cent. completed. The foundations for same have been started. The Venturi meters are nearly completed, and work on the valves and fittings has been started.

The three motors and the three pumps for the reserve station at Willoughby and St. Edwards streets are completed, as also are their foundations. The Venturi meters are nearly completed. Work on the valves and on the electrical work is progressing satisfactorily and work on the fittings has been started.

#### Extension of System.

As the appropriations for this work have not as yet been granted, nothing further has been done on the extension of the system into the Eastern District and Greenpoint and along the Gowanus Canal.

#### Driven Wells.

##### Work Done by Department Force.

At Oconee Pumping Station, old wells Nos. 2 and 4 were pulled up and redriven to a depth of 45 feet; both of these wells have 6-inch Johnson strainers. Old well No. 1 was also pulled up and redriven to a depth of 51 feet. These wells have been pumped clear and are now giving good results.

At Shetucket Station, 15 shallow wells were driven. These are giving excellent results, both in yield and in purity of water. One of the old deep wells was treated, but no good results were obtained, as these wells were poorly constructed in the first place.

At St. Albans Station one of the wells driven by Contractors Geo. Philip & Co. to a depth of 175 feet, where no good results were obtained, was driven by the Department force to a total depth of 337 feet. The strainer was lowered to a depth of 300 feet and the casing pulled back, a good well being obtained. This well has added about

800,000 gallons per day to the yield of this station. Well No. 9 was driven to a depth of 300 feet, where good gravel was found. This well is now ready to be connected up.

At Forest Stream Station, five (5) shallow wells were driven, two east and three west of the receiver. Their average depth is about 60 feet. Wells No. 1 to No. 10 were tested and found to yield from 300 to 350 gallons per minute.

At Massapequa Station, thirteen (13) shallow wells were driven, their average depth being 56 feet. Three (3) deep wells were also driven to an average depth of 170 feet. All these wells have 6-inch Johnson strainers, which are placed opposite good water bearing strata and it is expected that they will give very good results.

#### Work Done by Contract.

##### Section I.

No work was done at Aqueduct Station owing to the fact that the contractor could not get permission to use adjoining property to rotate his casing-pipe.

As no suitable water bearing material was found within the limits of the minimum and the maximum depths specified in the contract, further work at this station was ordered discontinued and the wells already sunk by the contractor will be extended down by our own well gangs to the depth (about 300 feet) at which a good material exists and where the strainers will be placed, thus utilizing the wells now down to the 175-foot limit.

At Rosedale Station, Well No. 10 was driven to the required depth and the strainer placed; this well has not proved satisfactory.

At Springfield Station six wells were driven, four being completed and ready to be connected up. The material found in these wells at the specified depth was coarse sand. These wells are very satisfactory.

Nine hundred and sixty-one feet have been driven during the quarter on this section of the contract.

##### Section II.

Between Wantagh and Massapequa, 26 of the required 30 wells have been driven to the depth specified by the contract, 175 feet. The material found in these wells was the same in all cases, fine white sand, very unsatisfactory. The total number of feet driven during the quarter on this section of the contract was 4,276.

##### Section III.

At Spring Creek Station the required five wells have all been started but none of them completed. Good material has been found at this station.

The test well at Clear Stream Station was continued to a depth of 320 feet, good water bearing gravel being found at a depth of 300 feet. It is the intention to extend the wells sunk here by the contractor to the depth of the gravel strata with our own force.

P. H. & J. Conlan, who were awarded the contract for sinking shallow wells, have two machines at Watts Pond and are now ready to begin work.

Grant Rohrer, to whom has been awarded the new contract for sinking deep wells, has commenced work at Springfield and has one well down to a depth of 121 feet.

#### Development of Deep Wells at Jameco Pumping Station.

The contractor for this work, Mr. Silas W. Titus, has continued pumping during the quarter from 15 deep wells, as follows:

Average daily delivery in April, gallons.....	7,065,018
Average daily delivery in May, gallons.....	6,896,518
Average daily delivery in June, gallons.....	6,060,433

Total .....

The remaining 6 wells have been ready to be connected up, but the contractor is waiting for permission to use the Davidson pump and the existing suction line; this can be granted if the 2-year extension to the contract is approved as forwarded. The draft of the contract for this extension has been revised to include the shallow wells, and the revised copy was forwarded for approval on June 19. An estimate for all water delivered into the conduit by Mr. Titus up to the end of May, in accordance to amendment to the contract, approved by the Corporation Counsel, has been rendered.

Draft of a contract for two pumping plans within the City limits to be installed by Silas W. Titus was forwarded on May 10. This contract provides for a minimum supply of 5,000,000 and a maximum of 10,000,000 gallons daily from each of two pumping plants within the City limits.

The Queens County Water Company have continued to deliver into the conduit the 3,000,000 gallons of water daily, called for in their contract, without interruption. The 20-inch Gem meter used to measure this delivery was tested on April 2.

#### PUMPING STATIONS.

##### Ridgewood Engine House, North Side.

Engine No. 1, Triple—Repaired main exhaust heater and condenser; put in several new tubes in condenser; partially packed remaining tubes. Only such other repairs were made as were necessary to keep the engine in operation. These repairs consisted of packing stuffing boxes and making pump examinations; the compensating cylinders and accumulator rams were packed frequently, the rams being badly worn.

Engine No. 2, Triple—The condenser on this engine gave considerable trouble; all tubes were repacked and several new ones replaced; the main exhaust heater was overhauled and repaired. The supporting bolts in the suction pipe broke and they were replaced with a new and heavier set. Other repairs, such as packing stuffing boxes and placing new pump valves when necessary, were made. The compensator and accumulator rams were also packed frequently, owing to the bad condition of the rams.

Engine No. 3, Triple—The high pressure cylinder head on No. 1 side was repaired and fitted with new stud bolts; drilled out leaky plugs in high pressure jacket head; enlarged holes and fitted special plugs. A new 3½-inch air pipe from air chamber to accumulator was connected. Only other repairs, such as packing stuffing boxes, placing new pump valves, etc., were made.

Engine No. 3, Beam—This engine was kept in constant operation during the quarter. A new crossrail has been furnished by H. R. Worthington Company. Patterns were made and castings made from same for special connections on 12-inch steam pipe line running from the four Donegan & Swift boilers in the South Side Station. These boilers, in connection with one Davidson boiler, will be used to operate this engine as soon as the steam line, which is being laid underground by Contractors Fuller & O'Connor, is completed. It is expected that this work will be completed and steam furnished to this engine from the South Side by the 15th of this month.

Davidson Pumps—The air pumps connected with these engines were fitted with new valves and springs twice during the quarter. Air pumps Nos. 3 and 4 were fitted with pump pistons.

No. 2 engine was fitted with new quadrant, cam and steadiment. Air pumps were examined and new valves, springs, etc., placed where necessary. Engines were packed as required. The feed pump was supplied with a new suction pipe from the pump to the hot well.

These engines were kept in constant operation during the quarter. All efforts to allow M. T. Davidson Company to begin the work of remodeling the steam ends have failed, but it is hoped that by early fall we will be able to notify them to proceed, so that we can have the engines in good condition by the time cold weather sets in. This work cannot be postponed further and preparations will be made at Mt. Prospect Pumping Station to supplement the deficiency in the supply to the high service during the time these engines are under repairs.

Morris Boilers—These boilers, as usual, have been a source of constant trouble. It is impossible to keep the tubes in the combustion chamber tight. The boiler makers have been kept busy repairing same.

No. 1 boiler was fitted with a set of New England roller grate bars. These bars were ordered with 3-16-inch air space last winter, when we were using buckwheat coal, and, owing to the failure of B. F. Hart & Co., contractors, to furnish bridgwall castings, they could not be placed until the latter part of June. These grates, so far, have given entire satisfaction; the time they have been in service, however, is too short to fully report on them. Mr. J. H. Hackett, contractor, who furnished them, agreeably changed the set originally furnished to a set with 5/8-inch air space; this change was made necessary by broken size coal now being used here.

No. 2 boiler was repaired and fourteen new tubes placed.

No. 4 boiler was fitted with a set of bridgwall castings of our own design and made by our own men. This design has been a decided improvement over the old castings furnished by B. F. Hart & Co., under their contract to repair these boilers. This boiler has also been fitted with grates of  $\frac{5}{8}$ -inch air space.

Boilers Nos. 10, 11 and 12 were also fitted with grates of  $\frac{5}{8}$ -inch air space.

The remaining boilers in this battery will be fitted with grates of  $\frac{5}{8}$ -inch air space as soon as the foundry can furnish same.

All the boilers were cleaned and washed, and valves on same packed frequently.

No. 1 feed pump was fitted with new piston rods; valves were refaced and pump repacked.

No. 2 feed pump was repaired by putting in place a number of new valves and valve seats.

The jacket tank pumps discharging into these boilers have been repaired and fitted with new regulating valves, and new piston rods and valves were refaced.

Elevator engine was fitted with new hoist rope.

West Side Boilers—Only such repairs were made on these boilers as were necessary to keep them in service, owing to the fact that they will be abandoned and removed by the middle of this month.

Davidson Boilers—During the quarter, it was found that one of the sheets of No. 17 boiler was badly scaled. This sheet was cut out and a large hard patch put on. Some of these boilers have been fitted with grates of  $\frac{5}{8}$ -inch air space of the Tupper type. All boilers were washed and cleaned regularly during the quarter.

#### South Side Pumping Station.

No. 1 Worthington Engine—During the quarter, the compensating cylinders and accumulators were packed several times; this was caused by the poor condition of the rams, they being badly worn. The joints in the distributing pipe to the accumulator were renewed; the accumulator pumps were fitted with new check valves. New steam piping was connected to the air pumps on this and the four other engines.

No. 2 Engine—This engine was fitted with a set of new compensator rams and one new compensator cylinder; the pumps were overhauled; a number of new valves and springs were placed; the compensator cylinder and accumulator were packed; the air pump was overhauled and repacked.

No. 3 Engine—The compensating cylinder was packed three times during the quarter. New joints were put in on the distributing pipes to the compensator. The main pump rods, air pumps, accumulator, piston rods, had all old packing removed and were repacked. The low pressure main steam valves on No. 1 side were removed and fitted with new valve stems.

No. 4 Engine—During the quarter, this engine was thoroughly overhauled; packings removed and replaced with new ones; new valves and springs were put in the water ends; valve stem on No. 1 side low pressure cylinder broke; this was replaced with a new valve stem; the accumulator pump was fitted with new check valve.

No. 5 Engine—This engine required very little attention during the quarter. Only such repairs were necessary as packing the piston rods, compensating and accumulating cylinders and air pump. The charging pipes on this engine were also renewed. New drains were run from all accumulators to draw well in cellar.

The pump used on the balance tank was moved to a more convenient place and connected with new piping. New movable platforms were made to operate the gates in the cellar; these platforms take the place of the unsightly staging that was built round the gates. As previously reported Engines 1, 2, 3 and 4 are in bad repair, and it is hoped that H. R. Worthington Company will have the materials (which has been ordered for some time) at the station by September 1, when I hope we will be able to let them have No. 4 engine to start work on.

New Engines—The steam connection made to this engine was completed about June 1, and the contractor notified to start same. After some delay their representative started to work and after working a few days succeeded in running the engine for a short time at about 190 revolutions per minute. During this short time it was discovered that a bad casting had been furnished for the low pressure cylinder head, one section of same being porous and full of blow holes. The contractor's representative left here to have a new head cast to replace the bad one. To date they have failed to furnish same, and the contractor now refuses to run the engine until we can furnish him superheated steam through a 7-inch steam pipe, as called for under the contract. This cannot be done until something definite is done about the steam pipe work that should have been completed long ago by Gerstle Company as part of their contract to furnish and install water tubular boilers in this station.

Strong Boilers—During the quarter the Coe grate bars installed under New York Grate Bar Company's contract, were removed from all the boilers and were replaced with bars from our own patterns, having  $\frac{5}{8}$ -inch air space. Each boiler was taken off in turn and thoroughly overhauled, scaled and cleaned. Boiler No. 27 had 18 tubes cut out and replaced with new ones. Boiler No. 30 had 52 tubes cut out and replaced with new ones. These boilers are now in first-class condition, with the exception of the flue which wants cleaning badly and which cannot be done without shutting down this battery, and it will take two or three days to do same.

West Side Locomotive Boilers—These boilers were kept in operation throughout the quarter, with the exception of the last week, when each boiler was taken off and examined; they were found to be in good condition, the only repairs being necessary were on the grate bars, a number of them having burned out; they were replaced with new ones. Preparations are now under way to connect these boilers with a 12-inch steam line under ground to operate the beam engine on the north side; they cannot, however, be taken from the service in this station until all the steam connections are made to the B. & W. boilers.

B. & W. Boilers—Contractors R. Gerstle & Co., having failed to do any work on the steam connections during the quarter, it became necessary for us, in order to keep all engines running, to make a temporary steam connection to the Worthington engines. A temporary 5-inch connection was also made to the new engine. After these steam connections were made the boilers were put in to service and the east and locomotive boilers, which were unfit and had given us considerable trouble, were taken out of service. Before satisfactory results can be obtained from these boilers, we will have to change the present grates, which have 5-16-inch air space, to grates of  $\frac{5}{8}$ -inch air space. Patterns have been made for same and as soon as the order for extra bar castings is placed they will be made and put in the furnaces.

It was found that owing to the bad condition of the east and locomotive boilers, the remaining two boilers of this battery will have to be connected up, and this work is now under way. All the steam piping and work for the connections were furnished from the Department Supplies and Force.

East Locomotive Boilers—These boilers are in a bad state of repair, two of them being entirely unfit for the work they have to do; the third boiler of this battery has been repaired and put in the best possible condition and shipped to and set up in the Seaford Pumping Station. Of the other two boilers, one will have to be furnished with a new tube sheet and set up in one of the temporary stations on the line; the other one can be sold for junk at the next sale.

The boiler feed pumps were connected up to the B. & W. boilers. No. 2 feed pump is in a bad state of repairs; new Tobin bronze plungers and rods were ordered from Olney & Warner six months ago. They made a delivery of composition plungers and rods which were not up to the requirements and they were rejected; they promised to make another set at once. These plungers and rods should be put in the pump before we start on the B. & W. boilers. A new duplex feed pump, size 12-inch by 7½-inch by 15-inch stroke, has been ordered for the boilers in this station.

#### Ridgewood Shops.

##### Machine Shop.

Repaired piston of Davidson engine of St. Albans Station; turned and drilled special flanges for Woodhaven Station discharge and suction pipes. Turned and drilled special flanges for Shetucket Pumping Station discharge and delivery pipes. Turned and drilled 20-inch flange; repaired boiler doors; repaired regulating valve for heater; repaired cam and steadiment for Davidson engine in the New Lots Pumping Station.

Refitted jacket pumps with new pistons, new rings, new connecting rods and pins; also 4-inch relief valve of Davidson engine, Millburn Pumping Station; made new shaft collars, bearings, etc., for centrifugal pump, Massapequa Pumping Station; made full set of large pump springs for Worthington engines, new set of steam valve rods for Davidson engines, new counter stand for Worthington engine, Jameco Pumping Station. Thoroughly overhauled air pumps and fitted same with new rods, pistons, valves and valve springs, rebored cylinders of the Baiseley's Pumping Station; also fitted large pump with counter connections and new piston rod.

Turned and finished 150 valve stem and guards for Worthington triple engines. The above beside a large quantity of small work was also accomplished.

##### Pipe Shop.

During the quarter three pipe fitters and helpers have been kept busy doing pipe work at the temporary stations and connecting new wells driven by contract and Department well gangs. Two pipe fitters and helpers were kept busy in the shop cutting and threading pipe to keep the above men going ahead with the work. Following is a list of the important pipe cut and threaded during the quarter:

For Rosedale Station—Six-inch pipe cut to assorted lengths and threaded for eight wells.

For Oconee—Three-inch pipe cut and threaded for blow offs; 6-inch pipe cut to assorted lengths and threaded for six wells; 4-inch pipe cut and threaded for suction and discharge connections on air pump running on wells.

New Lots No. 2—Five-inch steam pipe cut and threaded. Two-inch pipe for blow off and sewer connections.

Springfield—Four-inch pipe cut and threaded for two wells.

Forest Stream—Four-inch pipe cut and threaded for eight wells. Thirty-five pieces of pipe, 12 inches in diameter, cut and threaded for steam line from north to south side.

Massapequa—Six-inch pipe cut and threaded to assorted lengths for fifteen new wells driven by Department well gang.

Shetucket—Six-inch pipe cut to assorted lengths and threaded for fifteen new wells driven by Department well gang.

A large quantity of assorted size and lengths of nipples were also cut.

##### Blacksmith Shop.

The blacksmith and helpers were kept busy making fire tools and tools of shop yards and for new B. & W. boilers, shakers and wrenches.

##### Carpenter Shop.

One carpenter was kept busy making patterns for grate bars, this work was made necessary by the change from pea size to broken size coal.

Patterns were also made for shields to cover nuts on stay bolts in the Beggs and No. 2 New Lots boilers. Patterns were also made of our own design for bridge wall castings, and one set cast from same.

##### Remarks.

The work of moving the different shops is now under way; this will be a long and tedious job. The masons have completed the foundations for the machines in the new shops and the carpenters and machinists are at work putting the shafting in place. The laborers are moving the machines as fast as one can be spared. By this method of doing the work, we will be enabled to keep all our machines running; one being out of service only while the men are moving same to the new shop. The work of moving the tools should be completed about August 1. The work of moving supplies and materials from the old storehouse will begin as soon as the carpenters finish making bins, closets and racks in the new one. There will only be about one-half enough room in the new storehouse to store the supplies now on hand, and it is proposed to use the old office to make up for this lack of room.

##### New Lots No. 1.

During the past quarter, engine No. 1 was overhauled and a number of new valves, springs and plates, were put in the water ends, and all the old packings were removed and the engine was repacked; the water piston was also repacked.

Engine No. 2—Only such repairs as were necessary to keep the engine in operation were made. The vacuum pump of No. 2 engine was fitted with new pistons and valve rods.

Boilers Nos. 1, 2, 3 and 4 were taken off in turn, thoroughly scaled and cleaned, all valves were repacked, blowoff piping repaired and the damper regulator was fitted up with new steam and water piping. These boilers are in need of new grates and they will be furnished with same, having a  $\frac{5}{8}$ -inch air space when the order for grate bar castings is placed with the foundry. We have patterns under way for same.

The old wells at this station are in bad repair, several of them have given out during the quarter, and it is expected that when the contractor is ready to run the second pump and keep it running with the other engine in the new station, that these engines will be able to pump all the water to be had at this location.

##### New Lots No. 2.

During the quarter, engine No. 1 was kept in constant operation; it was shut down only long enough to pack water rods. The contractors have about completed No. 2 engine and in a few days it is expected that it will be put in operation. When this is done, engine No. 1 will be overhauled, steam ends lagged, engine painted and made ready for final duty test.

The old engines in the temporary plant were disconnected from the steam, suction and discharge lines, and it is proposed to use them at some of the temporary stations along the line.

Boilers—During the quarter, these boilers were taken off in turn and thoroughly scaled and cleaned. A quantity of repair work was done on these boilers; cast iron shield boxes were made to cover the nuts on the stay bolts in the combustion chambers. The main feed pipes inside the boilers were removed, this was done owing to the fact that the siphon connected with the circulating pipe was found to be plugged with a clayey substance. The connections were all thoroughly cleaned and put back in place. This condition was found to exist in each of the boilers, and it is proposed to put in a larger circulator the next time the boilers are cleaned. The flue connections were also cleaned out and the main damper was repaired. The damper regulator was connected up to same and these boilers are now working on this regulator and an improvement is noticed.

All the piping on the feed pumps and feed water heater were removed and connected up again; this was done to shorten and change the position of pipe in the fire room. Steam fitters made a connection from the steam header on the engine room wall to engine No. 2; they also removed and changed the location of the steam pipes connected to the radiators.

The laborers from Ridgewood dug a trench from a point near the toilet room to a sewer on Fountain avenue, and an 8-inch vitrified pipe was connected to the sewer. Owing to the slight fall in this sewer, it is necessary to keep water flowing through same all the time, and the discharge pipe from the sump pump was connected to same to keep it flushed out. The laborers also sunk a length of 48-inch pipe on end in front of the station and one back of the station; the discharge from the air pumps empty into this cesspool in front of the station, and the blowoff from the boilers and heaters into the one in the rear. The sump pump is connected with the one in the front and discharges as stated above.

The portable coal scales in use at this station were placed in a permanent location and a house built over the weighing beam.

##### Spring Creek.

During the quarter, Nos. 1 and 2 pumps and the vacuum pumps connected with same were overhauled and a number of valves, springs and plates were put in the water end. No. 2 was fitted with new valve stems. These pumps are now in good condition.

Boilers—The boilers were taken off in turn, thoroughly cleaned and scaled. Boiler No. 1 had the piping on the water column removed and connected up with all new piping and valves, the blowoff piping was also removed and fitted up with new piping and blowoff cock. The boilers were fitted with new grate bars of  $\frac{5}{8}$ -inch air space, same being furnished from our contract for grate bar castings. The masons relined the furnace in boiler No. 2.

##### Woodhaven.

The building of this station has been completed and the pump and boilers connected. The boiler has been tested by the Police Department.

It was expected to have this station in operation by this date, but owing to the failure of the contractor to begin the work of driving the wells, we have not been able to do so.

The Department steam fitters connected up the boiler and pump at this station.

#### Aqueduct.

During the quarter, engine No. 1 broke down, and it was found that the counter balance on the crank had worked loose and finally let go, breaking the engine base. A new counter balance and engine base were immediately ordered from H. R. Worthington Company with instructions for a quick delivery of same. The breaking down of the engine reduced the pumping here about one million gallons a day. No. 2 engine has been kept in constant operation, no repairs being needed.

Boilers—The boilers were taken off in turn, cleaned and scaled, and are now in first class condition.

#### Shetucket.

This station was completed in the last quarter. The Wallace Trucking Company finally got the pump placed on its foundation and the steam fitters of the Department have completed the work of connecting the boilers, pumps and heaters; the station is now ready to be put into commission.

The well gang has about completed its work of driving fifteen shallow wells. The steam fitters are now at work making the connections between the wells and the suction line. This work will be completed in about ten days, and if the enginemen and stokers asked for are appointed, it will be immediately put in commission. It is expected that this station will yield about 5,000,000 gallons daily.

#### Oconee.

Both engines at this station were fitted with new leathers on the plungers, the pumps overhauled and a number of new valves, springs and guards were placed. The air pump was connected by a stand pipe to the suction line and has given good satisfaction. The steam ends on the large pumps were covered with asbestos and Russia iron.

Boilers—The boilers were cleaned and scaled and are now in good condition.

The well gang drove twelve new wells and our steam fitters connected them to the suction line.

The suction line was thoroughly cleaned out and the station was again started in the early part of May. Driving of the new wells and the cleaning of the suction line has increased the yield to about 4,500,000 gallons.

The station is now in first-class condition and good results are expected for some time to come.

#### Morris Park.

The engine in this station was shut down and the pistons and pump rods were repacked. The engine was fitted with a counter. The boiler was taken off each month, cleaned and washed. Boiler makers were sent to re-roll tubes on each occasion of stoppage. The grate bars were raised about six inches in the furnace. The boiler makers also removed the saddles, plugged the holes in the sheet and caulked same.

The yield from the station has fallen off about 500,000 gallons daily.

#### Baiseleys.

The engines in this station were kept in constant operation during the quarter, only minor repairs being necessary. The air pump on No. 1 engine was disconnected and sent to Ridgewood Machine Shop, where it was thoroughly overhauled and fitted with new rods, valves and pistons.

Boilers—The boilers were cleaned and washed each month, only minor repairs were necessary.

The yield from the station is so small that it hardly pays to run it, and it is hoped that the contractor for driving the wells here will push his work so that we can have a larger return from the outlay for running it.

#### Jameco.

The Worthington engine in this station was shut down twice during the quarter long enough to repack the rods and to put in some new valves and springs. The Davidson engine was put in good condition by M. T. Davidson during the last quarter and needed very little attention in the way of repairs. The filter pump was shut down and overhauled; this engine should be fitted with new valves and piston rod. The dynamo engine was overhauled and new valve rods were ordered for it; the feed pump was overhauled and new suction discharge valves put in.

Boilers—As stated in my previous report, these boilers are worked to their utmost capacity; this is due to the fact of furnishing steam for Contractor Titus. We are compelled to keep a careful watch on them; each day the tubes have to be cleaned and the combustion chambers cleaned out each week. No. 2 boiler was furnished with a new set of door linings. Furnace of No. 3 boiler was relined. The coal shed is in bad repair; new timbers have been ordered and when received the carpenters will start the work of rebuilding.

#### Springfield.

The Davidson engine required very little attention in the way of repairs during the quarter.

The filter engine was fitted with a sheet iron cover on the eccentric; this prevents the oil from getting on the floor. The main steam pipes from the large pump to the boilers was repaired, all flange joints furnished with new gaskets. The steam pipe from boilers to feed pump was disconnected and connected up with new pipe and valves. It was also recovered with magnesia. The dynamo engine was fitted with a sheet iron cover over the eccentric and flywheel; this is also quite an improvement as it prevents the oil from getting on the floor. The boilers were cleaned and washed during the quarter. Blowoff piping was repaired on No. 2 boiler.

A number of the old well connections broke during the quarter; this was caused by the blocks under the main suction pipe rotting away. The pipe fitters have made new connections between the well connections that were broken.

#### St. Albans.

The Davidson engine was thoroughly overhauled and fitted with new piston and rods, new valves and springs in the suction and discharge chamber; all rods on water and steam ends were repacked and put in the best possible condition.

The Worthington engine has been kept in constant operation during the quarter and shut down only long enough to pack valve rods and pistons. This engine was also fitted with a new counter; a new discharge pipe connection was laid between this pump and the new 72-inch steel pipe line, and as soon as the pipe line is ready, this engine can be used pumping into same.

The boilers here were taken off each month, cleaned and washed; pipe connection on damper regulator and regulator were repaired.

The boiler feed pump was overhauled and furnished with new valves and springs; the feed pipe line from same was also repaired.

#### Rosedale.

The engines here required very little attention in the way of repairs. The boilers were cleaned and washed each month; they were also tested by the Police Department. The furnaces were furnished with new bearing bars.

During the month of March the caulkers from the East New York Repair Yard put nine Smith connections on the suction line for connections from the new wells. Contractor Rogers finished driving nine wells here and the yield from same is fair; the best that has been shown by any of the wells driven by this contractor.

The pipe fitters from Ridgewood have connected up all these wells, and the yield from this station has been increased over 1,000,000 gallons daily.

#### Forest Stream.

Engines Nos. 1 and 2 were overhauled and repaired during the quarter. A number of new valves, plates, guards and springs were put in the suction and discharge chambers; the piston and valve rods were packed.

The air pumps connected with these engines were repaired and furnished with new valves and springs. These pumps need new piston and valve rods, and the

linings need to be rebored. They will be sent to Ridgewood shop this coming quarter and put in good condition; the old discharge pipes on these air pumps were disconnected and new pipe fittings and valves fitted up in their place.

The boilers were each taken off and cleaned and washed; safety valves on both boilers were ground in. No. 1 boiler was fitted with new pipe connections on the water column, blowoff and discharge from the feed pumps. These boilers were tested by the Police Department and reported to be in good condition.

Our well gang is driving shallow wells here which from all appearances will add materially to the yield at this station. A number of these wells are now ready to be pumped out and when this is done they will be connected to the new suction line by our pipe fitters.

#### Clear Stream.

The engines in this station were shut down and overhauled, the main and crank pin brasses were scraped, the cross heads keyed up, valves and piston were repacked, the water ends were overhauled, and a number of valves, springs and guards were put in. No. 1 air pump was repaired, valves and seats were scraped. No. 2 air pump was sent to the Ridgewood Machine Shop to be repaired. It will be put in the best possible condition. No. 2 boiler had all old tubes removed; the shell was thoroughly scraped and cleaned and new tubes put back.

This work was done by the Department boiler makers.

New pipe was run from the 72-inch line to the feed and air pumps.

#### Watts Pond.

The Worthington pump was kept in operation during the quarter; a few short stops were made to pack valve and piston rods. One of the boiler feed pumps was sent to the Ridgewood Machine Shop to be repaired.

The boilers were cleaned and washed, and tested to 95 pounds to the square inch; under test they showed to be in fair condition, considering the time they have been in service. The boiler makers from Ridgewood rolled several tubes. As previously reported, the walls around these boilers are in very bad condition, and in a few days it is expected to start tearing them down, or as soon as the boiler which was ordered to be moved from Millburn is placed here. This work will be pushed as rapidly as possible as this boiler is to be removed to the New Lynbrook Station.

When the work is completed, this station will be painted and repaired and put in good condition.

#### Smiths Pond.

No. 1 pump was overhauled. Steam and water rods repacked, the suction and discharge chambers were fitted with 67 new springs, 30 valves and 6 new valve guards. No. 2 engine was overhauled, repacked all around, water ends fitted with 63 new springs, 29 valves and 9 valve guards. M. T. Davidson Company started work repairing steam end on this engine the latter part of May. Fourteen days was spent by machinist and helper repairing same. It was furnished with new steam chest cam and steadment, and quadrant, and was put in first class condition. The pumps were repaired and furnished with new suction and discharge piping.

The boilers were cleaned and washed during the quarter and are in fair condition, with the exception of the furnaces which want relining. This will be done at the first opportunity.

#### Millburn.

During the quarter M. T. Davidson Company began work on their contract for installing surface condensers in suction of the Davidson engines. Engines Nos. 2 and 5 were fitted with condensers and pumps, and put back into service. Up to this time they have not come up to the requirements of the contract, 22 inches of vacuum being about the best they could get on these condensers. They experienced some trouble trying to keep the condenser tubes tight, the glands apparently working loose; they are remedying the trouble and it is expected that the work on the five engines will be completed in about six weeks. When they are ready and if running favorably a test will be made as called for in the contract. No. 1 Worthington engine broke a plunger rod on No. 1 side; this was replaced with a new rod, which we had in stock. Other repairs, such as packing rod and valve stem, placing new valves, guards and springs in the water end were made; these repairs kept the engine out of service about one day.

No. 2 Worthington engine was kept in operation throughout the quarter, no repairs being necessary.

The steam ends on the five Davidson engines are in bad state of repair and at the first opportunity they will be shut down and a thorough examination made of same. The usual packings to the valves, piston and plunger rods were made; valves, springs and guards were placed in the water ends where necessary. The feed pumps were supplied with new suction piping to the well.

The jacket pumps were overhauled, new plungers and rods were fitted to same; the piping from these pumps to the engines was renewed.

Boilers—Early in May, the east battery of boilers were let out and the west battery put into service. The east battery is now undergoing repairs and considerable work will have to be done on same. A Potter Mesh Steam Separator was connected up to these boilers before starting. New bridgwell casting was fitted and set up in boiler No. 1. The mason is now at work on same.

#### Agawam.

This station shut down on April 6 and continued so during the quarter. Steam was kept on the boiler so as to be ready to start at short notice. The men were busy during April making repairs, of an ordinary nature, the boilers were cleaned, scaled and washed and put in good condition. The plant is now in the best possible condition and ready to start up at a moment's notice.

During the early part of May two Enginemen and two Stokers from this station were utilized in the western stations while men were on vacation.

#### Merrick.

This station was shut down on April 8 and continued so during the quarter. Engine and boilers were repaired, washed and cleaned and made ready to start; only minor work was necessary. During the quarter, the sidewalls of the engine room broke in; this was caused by the timber and siding rotting away. It has left conditions here very bad and shortly a concrete foundation up to the level of the ground under the building will be built; just as soon as the masons and carpenters can be spared this work will be started.

#### Matowa.

This station was also shut down on April 8 and continued so during the quarter. What needed repairs were required were attended to by the men during April, and some of the men were used doing vacation duty in the western stations.

The smokestack ordered last quarter was received and put in position on No. 2 boiler by the contractors. It was found that the damper in this stack was a little too high and the contractor lowered the same. The boiler makers from Ridgewood repaired some leaks in the back connections of No. 2 boiler and same was fitted with new blowoff and blowcock.

#### Wantagh and Massapequa.

These stations were also shut down on April 8. Engines were overhauled and put in good condition. Boilers were cleaned and washed. Some of the men here were utilized on vacation work after May 1. At Massapequa the well gang drove fifteen shallow wells, and the repair gang from Ridgewood connected them up to the suction line. The wells and suction line here will be in good condition by the time this station starts up, and from indications the yield from same should be close to 4,000,000 gallons daily.

#### Seaford.

During the quarter engine No. 1 broke long lever; a new one was ordered from H. R. Worthington. This engine is very old; pretty well worn out. It was shut down a number of times and packed; a number of new valves and springs were used in same. No. 2 engine was also shut down and repacked, and suction and discharge chambers fitted with new valves.

The locomotive boiler shipped here from Ridgewood was set on foundation built by department men, and the steamfitters from Ridgewood connected same up

to the engines. When the work was completed the boiler was tested up to 135 pounds to the square inch, and found to be in good condition. The old one, which is unsafe for use, has been abandoned.

Mount Prospect.

Engine No. 1 at this station has been placed in thorough working order and is now ready for service. Engine No. 2 has needed no repairs, being in good condition. Engines Nos. 3 and 4 are also in good condition. The cam shaft of engine No. 5 was lengthened, new steadiment placed and larger bolts put in bonnet of exhaust nozzle. A new bearing was installed outside the valve arm. The working of this engine is much improved. The turbine engine, No. 6, gave out in the evening of May 9. An examination of the engine was immediately made, and it was found that the turbine had broken at its periphery. The broken wheel was removed and a new one installed. A new piece of shaft was also placed on the steam side of the engine. Every working part was examined and several old journal boxes replaced by new ones. The governor valve was also overhauled and is now in perfect working order. The air pump and condenser were examined, new valves and springs were fitted and two leaky tubes in the condenser were packed. The engine was started again on May 22, and has run satisfactorily since that time. The boilers at this station are in good condition, almost free from scales. Their tubes have been cleaned every week, also the back connections.

Gravesend.

At this station the boilers and pumps are in good condition. During the quarter engine No. 1 has had the water ends thoroughly overhauled. At the new station the boilers are in place. The smoke flue and up-takes are being connected.

New Utrecht.

The feed water heater has been repaired, having been refitted with new brass tubes and tube sheets. The damper regulator was repaired and new piston rods were made for feed pumps of engine No. 3. On April 3, one of the lost motion links on the valve gear of engine No. 2 and the valve gear of air pump on engine No. 1 were broken. These parts are being repaired by H. R. Worthington Company, at their shops. The boilers at this station are in good condition.

New Work at Pumping Stations.

Ridgewood, North Side.

The contractors for the remodeling of this station, Messrs. Fuller & O'Connor, have been busy making the temporary steam connection between the locomotive boilers on the south side station and the old beam engine. They have also started to take down the trusses and columns of the old coal shed. They cannot make very rapid progress on this work until the new machine shop is completed and the old machine shop and storehouse removed from the site, which will probably be during the coming month.

Progress on the building of the new machine shop has not been as rapid as was expected, but this contract should be completed and the building in use within the next month.

The contract for the boilers was awarded during the last quarter to the Heine Safety Boiler Company, but up to the present writing nothing has been done by them except to submit the foundation plan. Davis & Farnum Manufacturing Company, the contractors for the new engines for this station, have submitted a large number of detailed plans of the engines and have started work on the pump ends at the shops at Waltham, Mass. Some work has also been done on the engines at the shop at Hamilton, Ohio. General progress on this contract is satisfactory.

Ridgewood, South Side.

The contractors for the new boilers at this station, the R. J. F. Gerstle Company, should have completed their contract on or about March 10, but they have done very little since that time, and for the last four months no work of any kind has been done by them on their contract. In order to relieve the conditions existing at this station, a temporary steam connection has been made by our own men with one battery of these boilers. It is expected to have the contract work completed either by the bondsmen for the Gerstle Company, or at their expense.

The contractors for the new chimneys have not been able to go ahead with the work on the west chimney owing to the delay of the contractors for the new boilers in completing their work. We cannot spare the old west chimney until the entire new battery of boilers is in service.

The contractors for the temporary pumping engine at this station have had the engine ready for steam for quite some time. It was expected to utilize the temporary steam connection mentioned above (until such time that the work contracted for is completed) to get this pump into service, but owing to a defective head on the high pressure cylinder, which has not as yet been replaced, the engine cannot be used. Owing to the remodeling of the north side station and the installation of new engines, the existing force mains at this station will have to be shifted and new force mains laid. Advantage will be taken to provide at the same time for a greater flexibility of connections between the different force mains. The contract and specifications for this work have been printed and the plans completed. Bids for same will be received on July 3, 1907.

New Lots.

The only work remaining to be done at the new station is the completion of the contract for the pumping engines. Both of the engines are now connected up and ready for duty test and service.

Gravesend.

The contractors for the new engine for this station have completed their work, but are waiting for the completion of the new boilers and steam fitting in order to place them into service. The contractors have both boilers on the ground and in place and will complete the erection of the breeching within a short time. The contractors for the new steam fitting at this station have made a protest, based on increased cost of labor and material, against being obliged to carry out their contract, which has been in force for nearly two years, they having been unable to do any work on their contract on account of the delay in the erection of the boilers. The contract for the concrete culvert, well trench and grading at this station was awarded to Walter S. Bristow. The culvert is now one-half completed and the paving is finished. The grading is progressing satisfactorily.

Canarsie.

Work on the building at this station is being carried on satisfactorily; the walls are up to the water table. The foundation for the new coal shed has been completed, but no excavation has as yet been done by the contractors for the grading. The contractors for the boilers have completed and delivered the three boilers, with all their fittings, on the ground. They will be unable to complete their work until the building is further advanced. Nothing has been done on the new steam fitting, and nothing can be done until the boilers and engines are in place. The contractors for the engines have one engine completed and erected at the shop, ready for shipment, but have done no work on the foundations.

Other Stations.

Contracts, specifications and plans have been prepared for additional pumping machinery at the Mount Prospect Pumping Station, the Springfield Pumping Station, the Jameco Pumping Station, and plans have been completed for three more temporary pumping stations to be installed along the conduit line.

Infiltration Galleries.

Massapequa.

The work done by the contractors at the Massapequa infiltration gallery during the quarter was as follows:

West leg, at Seaford—	
Pipe laid, linear feet.....	841.75
Lower sheeting left in trench, linear feet.....	841.75
Manholes completed.....	3
Trench backfilled, feet.....	841.75
West of pump well—	
Pipe laid, linear feet.....	1,413.70
Lower sheeting left in trench, linear feet.....	1,413.70
Manholes completed.....	5
Trench backfilled, feet.....	1,413.70
East leg, east of pump well—	
Pipe laid, linear feet.....	779.78
Lower sheeting left in trench, linear feet.....	779.78
Manholes completed.....	3
Trench backfilled, feet.....	779.78
At Station 166—	
Trench opened, feet.....	100
The water pumped into the conduit was as follows:	
From Station 10, gallons.....	336,552.447
From Main Station, gallons.....	1,115,857.500
Total, gallons.....	1,452,409.947

Wantagh.

No work was done by the contractor's for this gallery, it being practically completed. No water was pumped into the conduit from this gallery during the quarter.

Additional Steel Pipe Conduit.

The work on the contract for the 72-inch steel pipe line is practically completed, as far as the laying of the pipe is concerned. The work still to be done consists of the construction of several culverts and gate chambers, and the general completion of the grading, sodding and seeding.

Quite some work has been done in the field and on the plans and specifications for the extension of this pipe line, and a large portion of our force are at work day and night in the preparation and completion of the land maps for this important work.

Surveys.

The following surveys were made during the quarter: Survey of property to be acquired for the extension of the steel pipe line, and of adjoining property, Rockville Centre to Merrick. Location of pipe line, and north and south boundaries of property to be acquired for steel pipe line, Clear Stream to Rockville Centre. Cross sectioning for the steel pipe line, Clear Stream Pumping Station to Lynbrook.

Stadia surveys and cross sections of E. Snow property at Bellmore.  
Stadia surveys and cross sections of C. Hunt property at Bellmore.  
Stadia surveys and cross sections of M. Hunt property at Bellmore.  
Stadia surveys and cross sections of G. P. Bloomer property at Bellmore.  
Stadia surveys and cross sections of Petty Estate property at Bellmore.  
Stadia surveys and cross sections of G. Mont property at Rosedale.

Ponds, Conduits and Reservoirs.

The usual work of patrolling and cleaning the ponds and streams and protecting the surface supply from pollution has been carried on during the quarter.

The following schedule shows the work done on cleaning closets and cesspools to prevent pollution of the supply:

Near Foster's Meadow Stream.....	458
Near Springfield Stream.....	716
Near Valley Stream and Pine's Brook.....	300
Near Millburn Stream and Schodack Brook.....	214
Near Wantagh and East Meadow Streams.....	325
Near Hempstead.....	2,290
Along Conduit Line.....	974
The total cost of this work during the quarter was.....	\$1,322 88

Laboratory.

During the quarter there have been 1,546 samples of water from the Brooklyn supply analyzed. The number of examinations were as follows:

Total number of samples.....	1,525
Physical examinations.....	1,218
Chemical examinations (complete).....	97
Chemical examinations (partial).....	496
Microscopical examinations.....	270
Bacteriological examinations.....	1,393
Bacteriological examinations (coli tests).....	1,213

The following miscellaneous analyses were also made:

Bronze .....	93
Cement .....	41
Coal .....	22
Paint supplies.....	8
Oil .....	1
Special tests and experiments.....	10

The average condition of the water supply during the quarter was as follows:

Locality.	Turbidity.	Color.	Albuminoid Ammonia.	Free Ammonia.	Chlorine.	Micro-Organisms.	Bacteria.
Ridgewood Reservoir, average influxes .....	3	16	.040	.027	8.7	318	179
Basin No. 1, efflux.....	3	14	.045	.029	...	291	139
Basin No. 2, efflux.....	3	15	.049	.018	...	325	140
Basin No. 3, efflux.....	3	15	.052	.017	...	972	155
Mount Prospect Reservoir.....	4	12	.077	.010	9.3	1,798	77
Average taps.....	3	14	.050	.011	...	620	124

Contracts.

The following contracts were prepared and forwarded during the quarter:

April 12. For furnishing, delivering and laying water mains and removing existing water mains in Bedford, Clinton, Greenpoint, Harrison, Johnson avenues, etc., etc.  
April 12. For furnishing and delivering double-nozzle hydrants.  
April 12. For furnishing and delivering stop-cocks.  
April 12. For furnishing and delivering cast-iron stop-cock boxes and covers.

April 15. For furnishing, delivering and laying force mains and removing existing force mains at Ridgewood.

April 18. For hauling and laying water mains and appurtenances, Districts Nos. 1 and 2.

April 18. For hauling and laying water mains and appurtenances, Districts Nos. 3 and 4.

May 4. For furnishing, delivering and constructing piers for two bridges over the Wantagh Stream, and to do certain grading of Seaman's road, in the Town of Hempstead.

May 7. For furnishing, constructing and erecting new pumping stations.

May 7. For furnishing, delivering and erecting new pumping plants, complete.

May 10. For furnishing and delivering gasoline automobiles.

May 31. For furnishing, delivering, erecting and connecting one pumping engine, and all its appliances, foundations and appurtenances complete and in place, at the Mt. Prospect Pumping Station.

June 12—For improving and developing the water supply of the Borough of Brooklyn, at the Jameco Pumping Station.

The following are the contracts for which bids were received, together with the names of the lowest bidders and the total amount of their bids, on the basis of the Engineer's estimate of the work to be done:

April 10. For unloading, hauling, storing and trimming 10,400 tons of coal required for various pumping stations:

Section 2—John B. Reimer..... \$6,460 00

Section 3—Harry Blinn..... 2,635 00

April 10. For hauling and laying a 48-inch main and appurtenances in Fort Greene Park:

Isaac Harris Company..... \$3,213 55

April 10. For furnishing and driving or sinking deep and shallow wells:

Section 1—Grant Rorer..... \$41,147 00

Section 2—P. H. & J. Conlan..... 33,555 00

April 10. For sinking shallow wells and driving deep wells:

Section 1—Isaac Harris Company..... \$12,495 50

Section 2—Isaac Harris Company..... 8,879 40

Section 3—Isaac Harris Company..... 12,211 20

April 10. For furnishing, constructing and erecting a concrete culvert and doing all grading, sodding, etc., required at the new Gravesend Pumping Station:

Walter M. Bristow..... \$23,220 00

May 29. For furnishing, delivering and laying water mains and appurtenances in Eighth, Eleventh, Coney Island and Prospect avenues, etc.:

James L. Carey..... \$45,906 75

June 14, 1907. For furnishing and delivering double nozzle hydrants:

Kennedy Valve Manufacturing Company..... \$16,900 00

A great deal has been done by the field and office forces towards completing surveys, plans and specifications for the proposed extension of the Steel Pipe Line and other important improvements, but owing to the inadequacy of the force, as rapid progress has not been made as would be desired, and I would again call attention to the necessity of increasing the force of this Bureau, and also of getting better quarters for the Bureau.

Yours respectfully,

J. W. McKAY, Acting Chief Engineer.

### III.

#### BUREAU OF WATER REGISTER.

Department of Water Supply, Gas and Electricity,  
Bureau of Water Register, Nos. 13 to 21 Park Row,  
New York, August 6, 1907.

Hon. JOHN H. O'BRIEN, Commissioner of Water Supply, Gas and Electricity:

Sir—I herewith transmit statement of receipts for water rents, penalties, taps, permits, etc., in the Borough of Manhattan, for the quarter ending June 30, 1907:

#### Regular Rates.

	Penalties.	Principal.	Total.
April .....	\$1,126 60	\$10,394 90	\$11,521 50
May .....	1,018 19	378,626 85	379,645 04

THOMAS M. LYNCH,  
Water Register, Borough of The Bronx.

Approved:  
Michael Hecht, Deputy Commissioner,  
Water Supply, Gas and Electricity, Borough of The Bronx.

V.  
ELECTRICAL BUREAU.

Department of Water Supply, Gas and Electricity—Electrical Bureau, }  
Boroughs of Manhattan and The Bronx, }  
No. 21 Park Row, }  
New York, July 18, 1907. }

Hon. JOHN H. O'BRIEN, Commissioner:

Sir—I submit herewith a report of work done by the Electrical Bureau of this Department for the quarter ending June 30, 1907:

Applications received for inspection of interior wiring..... 10,324  
Applications closed..... 9,546

Balance open..... 4,232

Certificates issued for interior wiring..... 8,766  
Temporary certificates issued for interior wiring..... 300

Total certificates issued for interior wiring..... 9,066

Permits issued for signal wires..... 1,057  
Permits issued for electric lighting..... 1,861  
Permits issued for pole lines..... 118  
Permits issued for resetting poles..... 35  
Permits issued for City lamp-posts..... 83  
Permits issued for underground conductors..... 1,950  
Permits issued for subsidiary connections..... 1,486  
Permits issued for subways..... 414

Total permits issued for outside electrical work..... 7,004

Complaint notices issued..... 1,500  
Complaint notices attended to..... 1,438

Balance open..... 1,591

Number of incandescent lamps covered by certificates..... 233,763  
Number of arc lamps covered by certificates..... 2,291  
Number of motors covered by certificates..... 3,336  
Horse power capacity of motors covered by certificates..... 9,520  
Number of generators covered by certificates..... 51  
Kilowatt capacity of generators covered by certificates..... 5,066  
Total number of inspections made by twenty-three men..... 30,524  
Converters (1,035 kilowatts)..... 3  
Heaters..... 41  
Electric signs..... 282

The Inspectors have removed 80,500 feet, or 15.24 miles of overhead wires, without any additional expense to the City.

Respectfully submitted,  
FRANK E. BROWN, Electrical Engineer.

VI.  
BOROUGH OF QUEENS.

Department of Water Supply, Gas and Electricity, }  
Borough of Queens, }  
Long Island City, October 14, 1907. }

Hon. JOHN H. O'BRIEN, Commissioner, Nos. 13 to 21 Park Row, New York City:

Dear Sir—Enclosed please find report, in duplicate, of transactions in the Electrical Bureau, Borough of Queens, for the quarter ending June 30, 1907, also original exterior permits for the months of April, May and June.

Yours very respectfully,  
CHARLES C. WISSEL, Deputy Commissioner, Queens.

BOROUGH OF QUEENS.

		\$297,706 45	\$631,081 93
Appropriation, Lamps and Lighting—			
Lighting public buildings, 1907.....	\$402,420 00		
Expenditures during First Quarter.....	140,691 38		
Items Chargeable to Above During Second Quarter:		261,728 62	
Lighting Public Buildings—			
Electric (Schedule IV).....	\$45,132 64		
Gas (Schedule V).....	43,167 28		
	\$88,299 92		
Payroll of Inspectors and Lamplighters (Schedule VI).....	1,585 00		
Inspection, arc and incandescent lamps (Schedule VI).....	127 80		
		90,012 72	171,715 90
Appropriation, Lamps and Lighting—			
Bureau expenses, 1907.....	\$26,970 00		
Expenditures during First Quarter.....	5,488 27		
Items Chargeable to Above During Second Quarter:		21,481 73	
Bureau expenses (Schedule VII).....	\$7,338 89		
Bureau expenses, The Bronx.....	474 95		
		7,813 84	13,667 89
Appropriation, Salaries—			
Lamps and lighting, 1907.....	\$55,050 00		
Expenditures during First Quarter.....	13,761 69		
Items Chargeable to Above During Second Quarter:		41,288 31	
Salaries, Office Employees, Inspectors, etc. (Schedule VIII).....	\$13,567 10		
		13,567 10	27,721 21

Description.	Funds Available End of First Quarter.	Expenditures, Second Quarter.	Balance.
Appropriation, Salaries—			
Office of Chief Gas Examiner, 1907.....	\$13,800 00		
Expenditures during First Quarter.....	3,450 00	10,350 00	
Items Chargeable to Above During Second Quarter:			
Salaries, Chief Gas Examiner and Gas Examiners (Schedule IX).....	\$3,450 00		
		3,450 00	6,900 00
Appropriation, Heat and Power, City Departments—			
County buildings and offices, 1907.....	\$101,350 00		
Less transfer to Borough of Queens.....	20,000 00		
	\$81,350 00		
Expenditures during First Quarter.....	12,389 76	68,960 24	
Items Chargeable to Above During Second Quarter:			
Electric current for power to public buildings (Schedule X-Xa).....	\$4,221 64		
Steam heat furnished to public buildings (Schedule XI).....	2,905 13		
		7,126 77	61,833 47
Appropriation—			
Laboratory for testing electric meters, 1907.....	\$1,500 00		
Expenditures during First Quarter.....	375 00	1,125 00	
Items Chargeable to Above During Second Quarter:			
Meter tests, etc., as per contract with Columbia University (Schedule XII).....	\$375 00		
		375 00	750 00
Total.....	\$1,333,722 28	\$420,051 88	\$913,670 40
Appropriation, Office of Deputy Commissioner and Water Register, Borough of The Bronx, 1907—			
Salary of one General Inspector (The Bronx) chargeable to above (foot of Schedule VIII).....		\$375 00	

Description.	Funds Available End of First Quarter.	Expenditures, Second Quarter.	Balance.
On September 1, 1905, a Revenue Bond Fund was appropriated for the operation and maintenance of nine Photometric Stations and for salaries of Gas Examiners (amount).....	\$20,000 00		
Items chargeable to this fund at end of First Quarter of 1907.....	6,360 73		
Funds available at end of First Quarter of 1907.....	\$13,639 27		
Items Chargeable to this Fund During Second Quarter:			
Bills paid, Photometric Station expenses (Schedule XIII).....	\$307 77		
Liabilities, fitting up station at Morris Park (Schedule XIII).....	222 70		
		\$530 47	
Total estimated expenses of Bureau of Lamps and Gas in Manhattan and The Bronx during Second Quarter, 1907.....		\$420,503 70	\$13,108 80

BOROUGH OF BROOKLYN.

BOARD OF ESTIMATE AND APPORTIONMENT.

(FINANCIAL AND FRANCHISE MATTERS.)

MINUTES OF MEETING OF BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK,  
HELD IN ROOM 16, CITY HALL, FRIDAY, FEBRUARY 28, 1908.

The Board met in pursuance of an adjournment.

Present—George B. McClellan, Mayor; Herman A. Metz, Comptroller; Patrick F. McGowan, President, Board of Aldermen; John F. Ahearn, President, Borough of Manhattan; Bird S. Coler, President, Borough of Brooklyn; Louis F. Haffen, President, Borough of The Bronx; Joseph Bermel, President, Borough of Queens; George Cromwell, President, Borough of Richmond.

The Mayor, Hon. George B. McClellan, presided.

After disposing of the public improvements calendar, the following financial and franchise matters were considered:

FRANCHISE MATTERS.

RAPID TRANSIT RAILWAYS.

Modification of Lexington Avenue Route; Modification of Gerard Avenue Route; Canal Street Route.

At the meeting of February 14, 1908, consideration of the communication dated February 5, 1908, from the Public Service Commission for the First District, transmitting resolutions adopted by that body modifying the routes and general plans of the proposed rapid transit railways along Lexington avenue, Gerard avenue and other streets in the Boroughs of Manhattan and The Bronx, and transmitting resolutions adopting route and general plans for a proposed rapid transit railway under and along Canal street, in the Borough of Manhattan, and requesting the approval and consent of this Board to the construction of rapid transit railways in accordance therewith, was postponed until this day, and the matter referred to a Select Committee.

The following appeared in favor:

Commissioner John E. Eustis, of Public Service Commission for the First District.

Thomas J. Curtis and Samuel Prince, representing the Central Federated Union.

The Comptroller, as Chairman of the Select Committee, reported to the Board that such Committee would hold a public hearing on the matter Monday, March 2, at 2 p. m., in the old Council Chamber, Room 16, City Hall, Borough of Manhattan, when all persons interested could appear and be heard.

The President of the Borough of Brooklyn offered the following resolution:

Resolved, That the Corporation Counsel be and he is hereby requested to advise this Board and also obtain from former Justice John F. Dillon his opinion, as to whether contracts for subway construction cannot be so drawn that the amount to be charged against the debt limit will only be the amount required to be expended each year for such construction.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller moved that consideration be continued until March 13.

Which motion was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The President of the Borough of Brooklyn moved that this Board request the State Legislature to enact into law the pending concurrent resolutions amending the constitution of the State of New York so as to exempt dock and rapid transit bonds issued by The City of New York from the 10 per cent. debt limit of said City, as fixed and provided in the constitution.

Which motion was lost by the following vote:

Affirmative—President of the Borough of Brooklyn—2.

Negative—The Mayor—3.

Present and Not Voting—The Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond—11.

The following matter not on the calendar for this day was considered by unanimous consent:

UNITED DRESSED BEEF COMPANY OF NEW YORK.

The Secretary presented the following:

To the Honorable Board of Estimate and Apportionment, New York City:

The United Dressed Beef Company of New York hereby applies to have the resolution of the Board of Estimate and Apportionment, adopted on October 18, 1907, and approved by the Mayor on October 22, 1907, giving consent to the United Dressed Beef Company of New York to construct, maintain and use a covered bridge over and across East Forty-fourth street, between First avenue and the East River, Borough of Manhattan, to connect its buildings on either side of said street, amended so that the said bridge may be constructed 71 feet instead of "75 feet east of the easterly line of First avenue." The company finds that in constructing the said bridge 75 feet east of the easterly line of First avenue it will be necessary to tear down and remove a brick pillar and partition, one of the main supports for the top floors of the company's building on the southerly side of the street, whereas in constructing the said bridge 71 feet east of the easterly line of First avenue the removal of the brick pillar and partition will be obviated.

The United Dressed Beef Company of New York only discovered this obstruction on commencing construction of the said bridge. Inasmuch as the United Dressed Beef Company of New York has been delayed by the necessity of making this application to your Board, it further requests that your Board consent that the time for the construction and completion of said bridge be extended from April 1, 1908, to May 1, 1908. An extension under certain circumstances is provided for under section 12 of your resolution adopted October 18, 1907.

Wherefore, the United Dressed Beef Company of New York requests such amendment of your resolution adopted on October 18, 1907, and such extension.

New York, February 26, 1908.

UNITED DRESSED BEEF COMPANY OF NEW YORK.

By WALTER BLUMENTHAL, President.

BOARD OF ESTIMATE AND APPORTIONMENT,  
DIVISION OF FRANCHISES, ROOM 801, NO. 277 BROADWAY,  
February 27, 1908.

Mr. NELSON P. LEWIS, Chief Engineer:

SIR—The United Dressed Beef Company of New York has presented an application dated February 26, 1908, to the Board of Estimate and Apportionment requesting that the resolution adopted by the Board on October 18, 1907, and approved by the Mayor on October 22, 1907, granting permission to the applicant company to construct, maintain and use a covered bridge over and across East Forty-fourth street, between First avenue and the East River, in the Borough of Manhattan, connecting its buildings on opposite sides of said street, be amended so that the said bridge may be constructed 71 feet instead of 75 feet east of the easterly line of First avenue; and the application further requests an extension of time for the completion of said bridge for the period of one month.

The petition recites that the change in location is desired in order to obviate the necessity of moving one of the main supports of the building on the southerly side of East Forty-fourth street, and that the extension of time has been made necessary by the proposed change of location and the procedure incidental thereto.

All of the property between First avenue and the proposed bridge is occupied by the applicant company, and there appears to be no reason why the application should not be granted. I would therefore recommend that the resolution granting the consent be amended to provide for the construction of the bridge 71 feet east of the easterly line of First avenue instead of 75 feet east of said line, and for an extension of the time for the completion of said bridge from April 1, 1908, as required in the existing consent, to May 1, 1908.

I submit herewith a form of resolution in accordance with the above recommendation.

Respectfully,

HARRY P. NICHOLS, Engineer in Charge.

The following was offered:

Whereas, By resolution adopted by the Board of Estimate and Apportionment October 18, 1907, approved by the Mayor October 22, 1907, the United Dressed Beef Company of New York was granted permission to construct, maintain and use a covered bridge over and across East Forty-fourth street, between First avenue and the East River, Borough of Manhattan, to connect the buildings of the company on opposite sides of said street and to be used as a passageway and for the conveyance of beef between said buildings; and

Whereas, The aforesaid consent required the construction of the aforesaid bridge at a point 75 feet east of the easterly line of First avenue, in accordance with the plans filed by the grantee; and

Whereas, The United Dressed Beef Company of New York, in a petition dated February 26, 1908, states the construction of said bridge at said point would involve the razing and reconstruction of a brick pillar and partition wall, and requests that the plan be amended so as to provide for the construction of said bridge at a point 71 feet east of the easterly line of First avenue, instead of at a point 75 feet east of such line, and as the company has been delayed in prosecuting its work it requests an extension of time for the completion of construction of said bridge to May 1, 1908; now therefore be it

Resolved, That the plan entitled "Plan showing location of proposed viaduct to be constructed at East Forty-fourth street, Borough of Manhattan, to accompany application of United Dressed Beef Company of New York to the Board of Estimate and Apportionment of The City of New York, September 12, 1907. United Dressed Beef Company of New York, by Walter Blumenthal, President," which is annexed to and made a part of the resolution granting the consent, be and it is hereby amended so as to show said bridge at a point 71 feet east of the easterly line of First avenue, instead of 75 feet east of said street; and be it further

Resolved, That paragraph 12 of the consent be and it is hereby amended by striking therefrom the words "April 1, 1908," and inserting in lieu thereof the words "May 1, 1908"; and be it further

Resolved, That this consent shall not become operative until said grantee shall duly execute an instrument in writing wherein said grantee shall promise, covenant and

agree on its part to conform to, abide by and perform all the terms, conditions and requirements in the original consent fixed and contained, except as herein and hereby expressly modified, and file the same with the Board of Estimate and Apportionment of The City of New York within thirty (30) days after the approval of this consent by the Mayor.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following FINANCIAL MATTERS were considered by unanimous consent:

The Comptroller presented the following communication from the President, Borough of Brooklyn, requesting an issue of \$500,000 Corporate Stock for improvements and additions, and for the construction of additional stories to the Kings County Court House, Borough of Brooklyn, together with communication recommending the issue as requested.

Hon. Frederick E. Crane, Justice, Supreme Court, Second Department, appeared and urged favorable action thereon.

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,  
BROOKLYN, February 21, 1908.

Honorable Board of Estimate and Apportionment, Manhattan, N. Y.:

GENTLEMEN—The recent fire in the Kings County Court House has made it necessary to undertake extensive repairs in that building. The building has for a long time been too small for the business of the courts, and the Justices of the Supreme Court of the Second Department are unanimous in their opinion that two stories should be added to it. I have had preliminary plans prepared which have been approved by the Justices, as is indicated by a letter addressed to me on February 20, a copy of which I send you herewith.

The Engineers of this office and the Chief Engineer of the Department of Finance have gone over the matter together, and they report that it will cost five hundred thousand dollars (\$500,000) to make the necessary construction and repair, and one hundred and twenty-five thousand dollars (\$125,000) to equip and furnish the Court House as reconstructed. I think it wiser to leave the matter of the equipment and furnishing until work has progressed on the construction and repair, and I, therefore, ask your Board to issue Corporate Stock to the amount of five hundred thousand dollars (\$500,000), the proceeds to be used by the President of the Borough for the construction of additional stories and improvements and additions to the present Kings County Court House, in the Borough of Brooklyn.

I am sending to the Secretary herewith memoranda relative to said improvements.

Yours very truly,

BIRD S. COLER, President, Borough of Brooklyn.

SUPREME COURT OF THE STATE OF NEW YORK,  
BROOKLYN, N. Y., February 20, 1908.

Hon. BIRD S. COLER:

DEAR SIR—After examining the preliminary plans for the repairs and improvements to the Court House, the Justices of the Supreme Court desire to express their approval thereof, and respectfully request you to instruct your Engineers to prepare contract, plans and specifications at the earliest possible date.

Yours, etc.,

(Signed) JOS. A. BURR.  
F. E. CRANE.  
JOSEPH ASPINALL.  
WILLIAM D. DICKEY.  
WILLIAM J. KELLY.  
S. T. MADDOX.  
WILLIAM J. CARR.

Memoranda Relating to Improvements and Additions to be Made to the Kings County Court House, Borough of Brooklyn, The City of New York.

In general, the work contemplated may be designated as follows:

Removal of present roof of entire structure for a distance of some 235 feet from the Livingston street facade of the building back towards the dome, down to the level of the present third floor, and building thereon two additional stories, each to be respectively 16 feet and 13 feet high, practically making a four-story structure of this portion of the building; on the third floor of which provision has been made for six additional court rooms corresponding in size to those on the floor beneath them and differing only in height.

Four of these court rooms will have an individual jury room adjacent thereto, with private toilet; a public toilet and one or two additional rooms have also been provided.

On the fourth floor new Judges' chambers have been provided, containing some fifteen small rooms approximately 16 feet by 18 feet in area, with private toilet, closet for storage of stationery and ample space for consultation purposes.

Adjacent to the foregoing four jury rooms, each with its private toilet, have been provided.

On the north end of this floor space has been reserved for the law library (at present on the second floor of the building), in which some 110,000 volumes can be taken care of; also four small Stenographers' rooms are provided, as well as a public toilet, Court Attendants' room, etc.

Among the general improvements contemplated may be mentioned that of removing one staircase in the central part of the building and substituting in place thereof four modern and up-to-date elevators for use of the general public, while in the rear of the building, near the Livingston street entrance, a private elevator for the Judges has been provided, leading directly to the chambers.

Where the central staircase has been removed, it is proposed to erect a fire escape adjacent thereto to take the place of same.

Mention may also be made of the removal of a partition in the westerly room at the rear end of the building, and fitting up same as a court room, which means that seven new rooms will be accessible.

All of this work will be fireproof construction, modern and up to date in all respects.

It will be necessary to remove the entire present system of lighting the building and to install a new modern, up-to-date electric service, while the heating and ventilating apparatus of the entire structure will of necessity have to be rearranged to meet the new conditions.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
February 25, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Bird S. Coler, President of the Borough of Brooklyn, in communication under date of February 21, 1908, requests the Board of Estimate and Apportionment to authorize the Comptroller to issue Corporate Stock to the amount of \$500,000 to be used by the President of the Borough for the construction of additional stories and improvements and additions to the present Kings County Court House, Borough of Brooklyn.

I would report that I have examined the preliminary plans as prepared by the Superintendent of Buildings, Borough of Brooklyn.

The layout as proposed, two additional stories south of the dome, will give six additional court rooms, accommodations for a law library, jury rooms, Justices' private rooms and other ante-rooms. The arrangement will provide suitable accommodations for court purposes for a number of years.

I consider the improvement necessary and urgent; therefore, if the financial condition of the City warrants the expenditure, I think the Board of Estimate and Apportionment may properly authorize the Comptroller to issue Corporate Stock to the amount of \$500,000, to be used by the President of the Borough of Brooklyn for the

construction of additional stories and improvements and additions to the present Kings County Court House, Borough of Brooklyn.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding five hundred thousand dollars (\$500,000), to provide means for improvements and additions, and for the construction of additional stories to the Kings County Court House, Borough of Brooklyn; and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding five hundred thousand dollars (\$500,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—15.

The Comptroller moved that the plans for the work covered by the above resolution be referred to the Consulting Architect of this Board for examination and report. Which motion was adopted.

The President, Borough of Manhattan, presented two communications as follows: Requesting an issue of \$80,000 Corporate Stock for permanently bettering West Washington and Fulton markets.

Requesting authority (pursuant to resolution adopted by the Board of Estimate December 6, 1907) to proceed with the work of making necessary repairs, etc., to Jefferson Market, at an estimated cost of \$19,000 (for which funds have already been provided).

Which were referred to the Comptroller.

The President of the Board of Aldermen moved that consideration of the Financial Calendar be deferred one week.

Which motion was adopted.

The President, Board of Aldermen, moved that when the Board adjourn it adjourn to meet Friday, March 6, 1908, at 10.30 o'clock in the forenoon.

Which motion was adopted.

The Board adjourned to meet Friday, March 6, 1908, at 10.30 o'clock in the forenoon.

JOSEPH HAAG, Secretary.

## MUNICIPAL CIVIL SERVICE COMMISSION.

Minutes of Meeting of the Municipal Civil Service Commission of The City of New York, Held at the Commission's Offices, No. 299 Broadway, on Wednesday, January 29, 1908, at 10 a. m.

Present—Commissioners Arthur J. O'Keefe and R. Ross Appleton.

Commissioner O'Keefe presided.

A public hearing was had on the proposed amendment of the classification of exempt positions by including therein, under the heading "Bureau of Public Works in Each Borough," the following title:

"Cashier, Bureau of Sewers, Brooklyn."

Mr. Edwin G. Fort, Chief Engineer of the Bureau of Sewers, Brooklyn, representing the President of the Borough of Brooklyn, appeared in behalf of the application. Mr. Elliot H. Goodwin, Secretary of the Civil Service Reform Association, opposed the exemption of the position. The hearing then closed.

A public hearing was had on the proposed amendment of the classification of exempt positions by including therein, under the heading "The Municipal Court," the following:

"Deputy Clerks and Assistant Clerks to be assigned by the Board of Justices of the Municipal Court, under the provisions of chapter 603 of the Laws of 1907."

Hons. Joseph P. Fallon, Frederick De Witt Wells and Leon Sanders, Justices of the Municipal Court, and Messrs. James Cowden Meyers and Horace E. Parker appeared in behalf of the amendment. Mr. Elliot H. Goodwin, Secretary of the Civil Service Reform Association, and Mr. Henry W. Harden, representing the Law Committee of the Civil Service Reform Association, opposed the same. The hearing then closed.

After the Commission had gone into regular session, the minutes of the meeting held January 22 were approved.

On motion, it was

Resolved, That the application of the President of the Borough of Brooklyn for an amendment of the classification of exempt positions by including therein the position of "Cashier, Bureau of Sewers," in his Department, be continued on the calendar for the next meeting.

On motion, it was

Resolved, That the proposed amendment of the classification of exempt positions, under the heading "The Municipal Court," by adding thereto the following:

"Deputy Clerks and Assistant Clerks to be assigned by the Board of Justices of the Municipal Court, under the provisions of chapter 603 of the Laws of 1907,"—be and the same hereby is laid over for one week in order to permit the filing of briefs.

On the recommendation of the Committee on Transfers, the following transfers were approved:

684. George E. LaMont, Inspector of Regulating, Grading and Paving, from the office of the President of the Borough of Brooklyn to the office of the President of the Borough of Manhattan.

804. Edward J. Morrison, Clerk, second grade (\$1,050 per annum), from the Department of Water Supply, Gas and Electricity to the Department of Finance (office of the Deputy Receiver of Taxes, Brooklyn).

805. Andrew T. Brice, Mechanical Engineer, from the Department of Education to the office of the President of the Borough of Manhattan.

808. James J. Dunn, from the position of Financial Clerk, at a salary of \$80 per month, in the Department of Docks and Ferries, to that of Financial Clerk, at a salary of \$900 per annum, in the Department of Finance (Bureau for the Collection of Taxes, Brooklyn).

On the recommendation of the Committee on Transfers, the following transfer was disapproved:

809. Bernard Shane, Transitman and Computer, from the office of the President of the Borough of Richmond to the office of the President of the Borough of The Bronx, a promotion list for that position being in existence for the latter Department.

The Labor Clerk presented the following report on transfers, reinstatements, etc., in the Labor Class:

Transfers Approved.

John H. Hargett, from Driver to Scowman, Department of Street Cleaning.

Edward L. O'Brien, from Driver to Sweeper, Department of Street Cleaning.

Eugene C. Ross, from Assistant Foreman, office of the President of the Borough of The Bronx, to Driver, Department of Street Cleaning.  
 Henry W. Heldt, from Stableman to Driver, Department of Street Cleaning.  
 John McCormack, from Cleaner, Board of Education, to Laborer, office of the President of the Borough of Manhattan.  
 Thomas Murphy, from Driver, Bureau of Street Cleaning, to Hostler, office of the President of the Borough of Richmond.

#### Reinstatements Approved.

Cono Cirone, Sweeper, Department of Street Cleaning.  
 John H. McLaughlin, Sweeper, Department of Street Cleaning.  
 John Corbett, Sewer Cleaner, office of the President of the Borough of Brooklyn.

#### Reassignments Approved.

John Roche, No. 3, Dock Laborer, Department of Docks and Ferries.  
 John J. O'Neil, No. 1, Dock Laborer, Department of Docks and Ferries.  
 George Bird, Dock Laborer, Department of Docks and Ferries.  
 Martin Cooper, Sweeper, Department of Street Cleaning.  
 Andrew Polite, Sweeper, Department of Street Cleaning.  
 William Lyon, Driver, Department of Street Cleaning.  
 Frazzi Frangese, Driver, Department of Street Cleaning.  
 John J. Walsh, Stoker, Department of Water Supply, Gas and Electricity.  
 James K. Hyde, Laborer, office of the President of the Borough of The Bronx.  
 Louis E. Higbie, Laborer, office of the President of the Borough of Queens.

#### Application Granted.

Request of the Commissioner of Parks, Boroughs of Manhattan and Richmond, dated January 21, for approval of his action in rescinding the dismissal of Edward J. O'Connell, Park Laborer, on December 23, 1907.

#### Emergency Appointments Approved.

George Binnering, Rocco Dambra and Joe Wandes as Laborers in the College of The City of New York; five days, from January 15, 1908.  
 Michael De Simone, as Scowman in the Department of Street Cleaning; five days, from January 19, 1908.  
 James O'Brien, as Scowman in the Department of Street Cleaning; five days, from January 19, and five days, from January 24, 1908.

#### Applications Denied.

Request of the Commissioner of Parks, Boroughs of Manhattan and Richmond, dated January 24, for authority to reinstate Benjamin Eysler as Driver, there being a preferred eligible list for that position.

Request of the President of the Borough of Manhattan, dated January 21, for authority to reinstate Luigi Cerullo as Laborer.

The report was adopted.

The appeal of James E. Brennan, of No. 168 Wilson street, Brooklyn, that his name be restored to the eligible list of Laborer, Borough of Brooklyn, was granted on the recommendation of the Labor Clerk, it appearing that the candidate was ill at the time of receiving the notice from the President of the Borough of Brooklyn in October, 1907, and unable to respond.

A report was presented from the Chief Examiner, dated January 21, stating that the following applications had been rejected under Rule VII. of the Commission for the reason that the applicants had been dismissed from positions in the City service within two years:

Charles S. A. Robb, Patrolman on Aqueduct.

George W. Johnston, Patrolman on Aqueduct.

James E. McKeown, Patrolman on Aqueduct.

The action of the Chief Examiner was approved.

A letter was presented from the Chief Examiner, dated January 22, forwarding the request of Miss M. Agnes Colihan to be examined for the position of Monitor. The application was returned to the Chief Examiner to be placed on file until such time as there might be need for additional Monitors.

A communication was presented from the Chief Pay Roll Clerk, dated January 28, transmitting, with a request for instructions, vouchers of the President of the Borough of The Bronx in favor of Messrs. Mettler & Beans for services as Expert Analytical Chemists, and Dr. William Manz, for services as Veterinarian. It appeared that the said persons had been exempted from examination by the Commission, pursuant to the provisions of Rule XII., paragraph 6, and that the vouchers submitted were in excess of \$750, the limit of compensation fixed by that rule.

On motion, it was

Resolved, That, with the approval of the Mayor and the State Civil Service Commission, the limit of compensation fixed by Rule XII., clause 6, be and the same hereby is waived so far as it applies to the case of Messrs. Mettler & Beans, who were exempted from examination on September 11, 1907, to be employed as Expert Analytical Chemists in the office of the President of the Borough of The Bronx; and the total compensation for such services is hereby fixed at an amount not to exceed \$900.

On motion, it was

Resolved, That, with the approval of the Mayor and the State Civil Service Commission, the limit of compensation fixed by Rule XII., clause 6, be and the same hereby is waived so far as it applies to the case of Dr. William Manz, who was exempted from examination on May 8, 1907, to be employed as Veterinarian in the office of the President of the Borough of The Bronx; and the total compensation for such services is hereby fixed at an amount not to exceed \$900.

A letter was presented from the Certification Clerk, dated January 29, stating that upon the preferred list of Clerk appeared the names of James A. Bartley, Christopher G. Reardon and H. Boyle, who were appointed in the Board of Water Supply on March 18, 1906, and October 2, 1907, respectively, at a salary of \$600 per annum, from the list of Junior Clerk (old); that the first two employees took an examination for promotion to first grade Clerk (old) and were promoted on April 1, 1907, to salaries of \$895 per annum; and requesting instructions as to the maximum salary at which the three employees were eligible for certification from the preferred list. After due consideration of the matter, it appearing that at the time of their suspension Messrs. Bartley and Reardon were receiving a salary of \$895 per annum each, and Mr. Boyle a salary of \$600 per annum, the Secretary was directed to certify them for reappointment to any vacancy in the position of Clerk of the second grade.

On motion, it was

Resolved, That, the position of Deputy Assistant Corporation Counsel having been included in Part I. of the Competitive Class, and the Municipal Civil Service Commission having ordered an open competitive examination for Junior Assistant Corporation Counsel, the Chief Examiner is hereby directed to make such examination sufficiently broad in scope to permit the Commission to certify from the resulting eligible list for appointment to both positions.

A letter was presented from Hon. John F. Clarke, District Attorney of Kings County, dated January 25, acknowledging receipt of the Commission's letter of January 24 concerning the advertisement of one James D. O'Brien, of No. 15 Myrtle avenue, Brooklyn, regarding civil service appointments, and stating that he had placed the communication in the hands of the Police for investigation. The letter was ordered filed.

A letter was presented from the Commissioner of Street Cleaning, dated January 25, replying to the Commission's communication of January 22, stating that it could no longer attach its certificate to the payroll of Mr. Pasqual Bresha, Section Foreman, in view of a violation of the Civil Service Law in his assignment to perform the duties of a "Special Inspector." The letter stated that, in obedience to such action of the Commission, the Commissioner had assigned Section Foreman Bresha to Foreman's duty under the direction of the Snow Inspector. The Secretary was directed to certify the payroll of the employee when presented.

A letter was presented from the President of the Borough of Richmond, dated January 17, requesting that a special examination for promotion from Foreman of Laborers to Axeman be granted Mr. Edward A. Finley, he having been unable to qualify in the general promotion examination on account of illness. The request was denied for lack of power.

A letter was presented from the Clerk of the Court of Special Sessions, First Division, dated January 21, requesting approval of a leave of absence, without pay, for a period of three months, granted Mr. Samuel F. Spellman, Stenographer and Typewriter. The Secretary was directed to communicate with the Clerk of the Court

and request him to inform the Commission of the grounds on which the leave of absence was allowed.

A communication was presented from the Deputy Comptroller, dated January 22, stating that the leave of absence, without pay, granted Miss Cecelia V. Guise, Stenographer and Typewriter, on August 13, 1907, had been extended to February 1, 1908, on account of continued illness. The additional leave of absence was approved.

A letter was presented from the Secretary of the Board of Education, dated January 23, transmitting a certified copy of a resolution adopted by that Board at a meeting held on January 22, extending the leave of absence without pay granted Miss Grace Dahl, Clerk to the Local School Boards of Districts Nos. 37 and 38, from November 13, 1907, to February 12, 1908. The additional leave of absence was approved.

On motion, it was

Resolved, That Messrs. H. M. Conklin & Son, Dock Builders, be and they hereby are excepted from examination, pursuant to the provisions of Rule XII., clause 6, to be employed for a temporary period by the President of the Borough of Richmond to render expert service in the matter of extending the footbridge owned by the Staten Island Rapid Transit Railway Company, but, through agreement, maintained by the Borough President as a public highway, to the ferry terminal; provided, however, that the compensation for such services shall not exceed the sum of \$500.

A letter was presented from the President of the Borough of The Bronx, dated January 25, certifying that the following named Inspectors in his Department had been employed by the Department of Water Supply, Gas and Electricity during the periods indicated to connect fire hydrants with sewers, and stating that their names had been deducted from the regular payrolls of his Department for that time:

Henry Farley, No. 1057 East One Hundred and Seventy-sixth street, one and one-half days in November.

Henry J. McGough, No. 1083 Crotona Park North, one day in December.

The Secretary was directed to certify the said employees' names on the payroll of the Department of Water Supply, Gas and Electricity for the periods during which they had been employed in that Department.

A letter was presented from the President of the Borough of Manhattan, dated January 15, transmitting, for consideration by the Commission, and with a request for a ruling thereon, a communication which he had received from Mr. A. Lowenthal, representing a Committee of Veteran Foremen of the Bureau of Highways of his Department. It appeared from the letter of the Borough President that the force of the Bureau of Highways, with a few exceptions, was employed only on half time; that the situation was caused, first, by an insufficient appropriation, and, secondly, by the weather conditions; that the exceptions mentioned were men who were for the most part engaged at duties inappropriate to their titles, but who had been specially selected for the work by reason of their long experience and ability to properly perform it; that the Borough President desired to comply not only with the letter but with the spirit of the Civil Service Law, but that he believed he was justified in putting the working force upon half time on account of the large reduction in the appropriation for the Bureau of Highways. The Secretary was directed to communicate with President Ahearn and state that the Commission did not feel called upon to give him legal advice, but that in the decisions of the Courts in the matter of Chappelle vs. Lindenthal, and other cases, it had been clearly established that if he found it necessary to put the non-veterans of his laboring force upon half time, the veterans might be similarly treated.

A letter was presented from the Comptroller, dated January 25, renewing his request that the Commission authorize the employment of Mr. Abraham Postman as a Special Officer at the Delancey Street Market, pursuant to the provisions of Rule XII., paragraph 6. The request was again denied for lack of power.

On motion, it was

Resolved, That the following named persons be and they hereby are excepted from examination, pursuant to the provisions of Rule XII., paragraph 6, to be employed during the current year as Expert Searchers in the Bureau for the Collection of Assessments and Arrears of the Department of Finance; it appearing that the services are technical and of an occasional and exceptional character; provided, however, that their compensation shall not exceed the sum of \$750 each:

Charles C. Wehrum.

George Hill.

John F. Hartnett.

Bernard J. Loomam.

Fred Kautzman.

Thomas J. Scott.

Herman Rubin.

James A. Tierney.

Abraham Bailey.

William O'Shaughnessy.

Frank Schaefer.

The following emergency appointments were approved under the provisions of Rule XII., paragraph 4:

Process Server at Far Rockaway, Long Island, Bureau of Buildings, Brooklyn.

Process Server, Postmaster, Central Park, Long Island, Bureau of Buildings, Brooklyn.

Process Server, Postmaster, Washington, D. C., Bureau of Buildings, Brooklyn.

James C. Marriott, stenographic services, Board of Water Supply.

The reassignment to duty of Edward Cunningham, Pilot in the Department of Docks and Ferries, was approved, it appearing from the doctor's certificate furnished that his absence from December 20, 1907, to January 11, 1908, was due to illness.

The reassignment to duty of Mary Hinchey, an Attendant in the Department of Docks and Ferries, was approved, it appearing from the doctor's certificate furnished that her absence from October 29, 1907, was due to illness.

The reassignment to duty of Thomas Duffy, Stationary Engineer in the Department of Bridges, was approved, it appearing from the doctor's certificate furnished that his absence from December 28, 1907, was due to illness.

On motion, it was

Resolved, That, pursuant to the provisions of Rule XII., paragraph 6, the Expert Tabulating Copyist furnished by the Elliott-Fisher Typewriter Company to the Supervisor of the City Record be and she hereby is excepted from examination to be employed for a temporary period in that office; provided, however, that the total compensation for such services shall not exceed the sum of \$750.

The following reports of Departmental Boards of Examiners for positions in the non-competitive class were approved on the recommendation of the Chief Examiner:

Department of Public Charities, January 20, 27.

Bellevue and Allied Hospitals, January 20, 20, 25, 25.

Department of Correction, January 27.

President, Borough of Brooklyn, December 28.

The request of William F. Bowden, of No. 230 Stockton street, Brooklyn, that he be permitted to correct the date of birth set forth in his declaration sheet (February 11, 1878), to correspond with that in his application for Patrolman (February 11, 1879), was granted.

The request of George A. Boyd, of No. 29 West One Hundred and Twenty-ninth street, that his name be removed from the "black list" and that his application for the position of Lay Sanitary Inspector be accepted, was granted in view of a communication from Isaac A. Hopper, Esq., dated January 22, 1908, to the effect that had all the facts in the case been before him at the time of the candidate's dismissal from the Building Department he would not have ordered such dismissal.

The request of William Wayne, of No. 2380 Old Broadway, that he be permitted to correct the date of birth on his declaration sheet to correspond with that given in his application for Patrolman (December 9, 1877), was granted.

The request of John Coulter that he be permitted to correct the date of birth given in his declaration sheet (August 25, 1878), to correspond with that given in his application for Patrolman (August 15, 1877), was granted upon his affidavit that the latter was the correct date of birth. The candidate's request that he be permitted to correct the spelling of his name from "Colter" to "Coulter" was granted upon his affidavit that the latter spelling was correct.

The request of William R. Wittenberg, of No. 450 Grand street, for a physical re-examination for the position of Patrolman was granted, it appearing that the candidate had qualified in the mental examination on a conditional notice given him by the Commission, subject to his passing the physical test at a later date.

A communication was presented from Abraham Rauch, of No. 930 Constant avenue, Peekskill, N. Y., requesting that the date of his original appointment in the City service, namely, July 10, 1895, be taken into consideration in determining his standing on the preferred list of Clerk; also requesting that he be certified from that list for reappointment at not less than \$1,200 per annum, in view of the fact that the list from which he had been appointed—Senior Clerk, first to fourth grade (old)—covered ap-

pointment at that salary. The Secretary was directed to place the candidate's name on the preferred list of Clerk as of the date of his original appointment in the service, July 10, 1895, and with reference to his request that he be certified for reappointment at not less than \$1,200, the Secretary was directed to inform him that he was eligible only for certification at the salary he was receiving at the time of his suspension, \$1,050 per annum.

The following requests for restoration to the eligible lists indicated were granted:

Miss Elizabeth F. Burns, Seventh avenue and Fifty-seventh street, Brooklyn, Typewriting Copyist; statement of the Tenement House Department that she failed to reply to notice sent her in April, 1907, incorrect.

Michael J. Barron, No. 123 West One Hundred and Thirty-seventh street, Clerk, third grade; stated in affidavit that he did not receive notice sent him by the Tenement House Department on October 15, 1907, until January 8, owing to change of address.

Herbert H. Brown, No. 1847 Bathgate avenue, Axeman; stated that he was out of the City when certified to the Board of Water Supply and did not receive the notice sent him.

Henry J. Koehler, No. 1424 Franklin avenue, Inspector of Masonry Construction; stated that he received a notice from the Department of Bridges on August 6, but owing to the fact that he mislaid the same did not reply until the 18th, when he declined appointment for the reason that he was employed in the Borough of The Bronx.

James A. Wall, Boston avenue, Kingsbridge, Patrolman; stated that he was out of the City when notified to report for examination by the Police Surgeons on January 7.

William L. Schneider, Nos. 232 and 234 East Seventy-eighth street, Typewriting Copyist; stated in affidavit that he declined appointment in the Borough of Richmond on account of location; would now be willing to accept in any Borough.

Herbert A. Marsden, No. 11 Rochelle place, New Rochelle, N. Y., Topographical Draughtsman; stated that he accepted appointment in office of the President of the Borough of The Bronx, and subsequently decided not to accept the position and resigned.

An affidavit was presented from Miss Annie T. Herbert, of No. 232 East One Hundred and Fourteenth street, dated January 27, to the effect that she declined appointment to the position of Attendant in the Department of Parks, Boroughs of Brooklyn and Queens, in June, 1907, on the score of "location," and requesting that she be restored to eligibility for appointment in any Borough other than Brooklyn. The Secretary stated that at the time of the certification of Miss Herbert's name the Department reported that she had declined appointment for the reason that she was already employed, and that consequently her name had been removed from the list. The request was granted.

The Commission then adjourned to meet Wednesday, February 5, 1908, at 10 o'clock in the forenoon.

F. A. SPENCER, Secretary.

#### MUNICIPAL CIVIL SERVICE COMMISSION.

Minutes of Meeting of the Municipal Civil Service Commission of The City of New York, Held at the Offices of the Commission, No. 299 Broadway, on Wednesday, February 5, 1908, at 10 a. m.

Present—Commissioners Arthur J. O'Keeffe and R. Ross Appleton. Commissioner O'Keeffe presided.

A supplementary hearing was had on the proposed amendment of the classification of exempt positions, under the heading, "The Municipal Court," by adding thereto the following:

"Deputy Clerks and Assistant Clerks, to be assigned by the Board of Justices of the Municipal Court, under the provisions of chapter 603 of the Laws of 1907."

A Committee of the Justices of the Municipal Court appeared, and the Hon. Joseph P. Fallon, President of the Board of Municipal Justices, and the Hon. Frederick D. Wells, Justice of the Municipal Court, addressed the Commission in behalf of said Committee in favor of the proposed amendment. Albert F. Hagar, Esq., Attorney and Counsellor at Law, also addressed the Commission in favor of the proposed amendment. Henry W. Harden, Esq., representing the Law Committee of the Civil Service Reform Association, and Elliot H. Goodwin, Esq., Secretary of the Civil Service Reform Association, appeared in opposition. Hon. Joseph P. Fallon, President of the Board of Municipal Court Justices, Hons. Edward C. Dowling, William J. Bogenschutz, Edward A. Richards and Guy Fielder, Municipal Court Justices of the Borough of Brooklyn, and Albert F. Hagar, Esq., filed briefs. The hearing then closed.

After the Commission had gone into regular session the minutes of the meeting held January 29 were approved.

On motion, the matter of amending the classification of exempt positions, under the heading "Bureau of Public Works in each Borough," by adding thereto the title "Cashier, Bureau of Sewers—Brooklyn," which had been laid over from the meeting of January 29, was again considered and laid over.

On motion, the matter of amending the classification of exempt positions, under the heading "The Municipal Court," was laid over.

On the recommendation of the Committee on Transfers, the following transfers were approved:

806. John W. Murphy, from the position of Financial Clerk, at a salary of \$900 per annum, to that of Bookkeeper, at a salary of \$1,200 per annum, in the Department of Finance, he having the requisite standing on the eligible list for appointment to the latter position.

807. Louis L. Breiner, from the position of Financial Clerk, at a salary of \$900 per annum, to that of Bookkeeper, at a salary of \$1,200 per annum, in the Department of Finance, he having the requisite standing on the eligible list for appointment to the latter position.

824. Jeremiah F. Sullivan, from the position of Clerk, third grade (\$1,200 per annum), in the Bureau of Buildings, Borough of Brooklyn, to a similar position in the Law Department.

818. Harold Eyre, from the position of Court Stenographer, at a salary of \$2,000 per annum, in the Third District Municipal Court, Borough of Manhattan, to a similar position in the Sixth District Municipal Court, Borough of Manhattan.

822. Miss Anna E. Slyman, from the position of Stenographer and Typewriter, second grade (\$900 per annum), in the Tenement House Department, to a similar position in the Department of Finance.

815. Harry S. Sullivan, from the position of Clerk, third grade (\$1,500 per annum), in the Department of Health, to a similar position in the Department of Finance.

823. Joseph J. Magrath, from the position of Automobile Engineman, at a salary of \$1,200 per annum, in the Department of Bridges, to that of Automobile Engineman, at a salary of \$1,500 per annum, in the Department of Water Supply, Gas and Electricity.

820. James Gartland, from the position of Stationary Engineer in the Department of Docks and Ferries, to that of Janitor-Engineer, in the Department of Education.

816. John V. Gaffney, from the position of Inspector of Carpentry and Masonry in the Bureau of Buildings, Borough of Brooklyn, to a similar position in the Bureau of Buildings, Borough of The Bronx.

817. Patrick F. Dillon, from the position of Stationary Engineer, in the Department of Water Supply, Gas and Electricity, to a similar position in the office of the President of the Borough of Richmond.

821. Peter Carroll, from the position of Steam Roller Engineer to that of Stationary Engineer in the office of the President of the Borough of The Bronx, it appearing from the records that he was originally appointed a Steam Roller Engineer when the position was in the competitive class.

821a. Charles J. Johnson, from the position of Steam Roller Engineer to that of Stationary Engineer in the office of the President of the Borough of The Bronx, it appearing from the records that he was originally appointed from an eligible list for the latter position.

On the recommendation of the Committee on Transfers, the following transfer was disapproved:

821b. John J. Dietsch, from the position of Steam Roller Engineer to that of Stationary Engineer, in the office of the President of the Borough of The Bronx, the former position being in the non-competitive class.

On the recommendation of the Committee on Reinstatements, the following reinstatement was approved:

810. Louis Silverman, in the position of Keeper in the Department of Correction, he having resigned from a similar position on August 1, 1907.

On the recommendation of the Committee on Reinstatements the following reinstatement was disapproved:

811. Harry W. Peters, in the position of Axeman in the Department of Water Supply, Gas and Electricity, there being a preferred list for that position.

The Labor Clerk presented the following report on transfers, reinstatements, etc., in the labor class:

#### Transfers Approved.

Otto Markofski, from Carpenter, Department of Parks, Boroughs of Brooklyn and Queens, to Carpenter, Police Department.

#### Reinstatements Approved.

Isidore Spitzer, Driver, Department of Street Cleaning.

Michael Burns, Driver, Department of Street Cleaning.

William Linehan, Driver, Department of Street Cleaning.

Frank E. Farewell, Laborer, office of the President of the Borough of The Bronx.

#### Reassignments Approved.

John Donohue, Laborer, Department of Bridges.

William Hayes, Sweeper, Department of Street Cleaning.

Gaetano Scalese, Sweeper, Department of Street Cleaning.

Oliver B. Smith, Laborer, Department of Water Supply, Gas and Electricity.

Thomas J. Fleming, Laborer, Department of Water Supply, Gas and Electricity.

Patrick Murphy, Laborer, office of the President of the Borough of Manhattan.

#### Applications Granted.

Request of the Board of Water Supply, dated January 29, for approval of their action in rescinding the dismissal of Frank J. Wright, Laborer.

Request of the Commissioner of Water Supply, dated January 29, for approval of his action in rescinding the dismissal of Christian Merritt, Laborer.

Request of the Commissioner of Parks, Boroughs of Manhattan and Richmond, dated January 28, for approval of his action in rescinding the dismissal of Daniel Boland, Park Laborer, on January 17, 1908.

Request of the Commissioner of Parks, Boroughs of Manhattan and Richmond, dated January 31, requesting approval of his action in rescinding the dismissal of Charles Litterer, Housesmith.

Request of the President of the Borough of The Bronx, dated January 31, for approval of his action in rescinding the dismissal of Daniel Noonan, Laborer.

#### Emergency Appointments Approved.

##### Department of Bridges.

Two hundred and seventy-four Laborers on January 23, 24, 25 and 26. (Removal of snow.)

One hundred and nineteen Laborers, 6 Foremen of Laborers and Edward S. Kierman and Daniel J. Carroll (with double and single teams) on January 24, 25, 26 and 27. (Removal of snow.)

Fifty-one Laborers on January 2. (Removal of snow.)

One Hundred and Twenty-four Laborers on January 28. (Removal of snow.)

##### Department of Street Cleaning.

Thirty Laborers on January 24. (Removal of snow.)

Two hundred and twenty-one Laborers on January 25. (Removal of snow.)

Two hundred and twenty-two Laborers on January 26. (Removal of snow.)

One hundred and ninety-seven Laborers on January 27. (Removal of snow.)

One hundred and seventy Laborers on January 28. (Removal of snow.)

##### Office of the President of the Borough of Richmond.

Three hundred and twenty-three Laborers, 16 Foremen of Laborers, 31 teams and 37 carts for a period not to exceed five days. (Removal of snow.)

The report was adopted.

The appeals of the following named candidates for a rerating of their examination papers were denied on the recommendation of the Chief Examiner, no errors of marking or rating having been indicated:

William H. Pfeil, No. 339 Forty-eighth street, Brooklyn, Assistant Foreman.

John P. Duffy, No. 170 West Ninety-eighth street, Assistant Foreman.

Michael J. Callahan, No. 772 German place, The Bronx, Assistant Foreman.

Charles B. Martin, No. 321 East One Hundred and Forty-fourth street, Assistant Foreman.

Chas. J. McPartland, No. 355 Smith street, Brooklyn, Assistant Foreman.

Philip Zimmer, No. 521 Dean street, Brooklyn, Assistant Foreman.

Joseph B. Fitzgerald, No. 3 Jackson street, Assistant Foreman.

Thos. F. Hopkins, No. 32 Cortland street, Coney Island, Assistant Foreman.

Luke Henry, No. 441 East Fourteenth street, Assistant Foreman.

Henry J. Entriken, No. 2937 West Fifteenth street, Coney Island, Assistant Foreman.

John M. Mulrean, No. 1814 Avenue V, Brooklyn, Assistant Foreman.

George Read, No. 286 Washington avenue, Assistant Foreman.

Edw. J. McCarthy, No. 102 West Twenty-ninth street, Assistant Foreman.

James F. Finley, No. 56 Wolcott street, Brooklyn, Assistant Foreman.

A. S. Hyland, No. 526 West One Hundred and Seventy-fourth street, Assistant Foreman.

Charles A. Peterson, No. 571 Fifty-seventh street, Brooklyn, Assistant Foreman.

William Yates, No. 71 Barrow street, Assistant Foreman.

Thomas V. Croake, Spuyten Duyvil, N. Y., Assistant Foreman.

Francis J. Gallagher, No. 195 Seventeenth street, Brooklyn, Assistant Foreman.

John J. Nelson, Locust avenue near Coney Island avenue, Brooklyn, Assistant Foreman.

John F. Britt, No. 319 East Forty-third street, Assistant Foreman.

Patrick J. Tyrell, No. 104 Rapelyea street, Brooklyn, Assistant Foreman.

Chas. W. Rankin, No. 504 West Forty-third street, Assistant Foreman.

John J. Murphy, Engine Company 52, Riverdale avenue, near Spuyten Duyvil Parkway, Assistant Foreman.

Thomas J. Burke, No. 406 St. Marks avenue, Brooklyn, Assistant Foreman.

John Morris, No. 470 Seventy-second street, Brooklyn, Assistant Foreman.

James F. McKiernan, Inwood avenue, near One Hundred and Seventieth street, The Bronx, Assistant Foreman.

James J. Holland, No. 447 West Forty-eighth street, Assistant Foreman.

Charles Huber, No. 267 Central avenue, Brooklyn, Assistant Foreman.

Frederick J. Krauser, No. 71 Eldert street, Brooklyn, Assistant Foreman.

William J. Brazzell, No. 211 West Eightieth street, Assistant Foreman.

Patrick J. McDonough, No. 4158 Eighteenth avenue, Brooklyn, Assistant Foreman.

James H. Grady, No. 42 Great Jones street (Engine Company 33), Assistant Foreman.

George L. McCort, No. 205 Monroe street, Assistant Foreman.

John DeBell, No. 972 Bergen street, Brooklyn, Assistant Foreman.

Thomas Jordan, No. 2116 Walton avenue, The Bronx, Assistant Foreman.

John S. Roberts, No. 902 Avenue C West, Brooklyn, Assistant Foreman.

Dennis Donovan, Engine Company 57, Battery Park, Assistant Foreman.

Henry Reichert, No. 117 West Eighty-fourth street, Assistant Foreman.

James F. Brady, No. 528 Park place, Brooklyn, Assistant Foreman.

Gustave F. Bebmam, No. 313 East Forty-third street, Assistant Foreman.

Terence F. Carey, No. 219 Greenwood avenue, Brooklyn, Assistant Foreman.

William A. Frazee, No. 465 Jerome street, Brooklyn, Assistant Foreman.

John A. Smith, No. 198 Warren street, Brooklyn, Assistant Foreman.

Peter J. Keenan, No. 1469 Bergen street, Brooklyn, Assistant Foreman.

Joseph P. Calnan, No. 229 East Eighty-second street, Assistant Foreman.

William O'Keeffe, No. 326 West Forty-seventh street, Assistant Foreman.

John F. Browne, No. 768 Beck street, The Bronx, Assistant Foreman.  
Patrick F. Frawley, No. 627 Hudson street, Assistant Foreman.  
Charles A. Masterson, No. 220 West Thirty-seventh street, Assistant Foreman.  
Henry Weber, No. 630 Kosciusko street, Brooklyn, Assistant Foreman.  
Joseph I. Kearns, No. 767 Ninth avenue, Assistant Foreman.  
James J. Horan, No. 325 West Twenty-first street, Assistant Foreman.  
George S. Ahrens, No. 193 Stockholm street, Brooklyn, Assistant Foreman.  
Matthew P. Fitzpatrick, No. 821 Herkimer street, Brooklyn, Assistant Foreman.  
James G. Nugent, No. 1154 DeKalb avenue, Brooklyn, Assistant Foreman.  
Frederick J. Bissinger, No. 240 East Sixty-third street, Assistant Foreman.  
William F. Murphy, No. 409 Tenth street, Brooklyn, Oil Surveyor.  
Bernard Marcus, Topographical Bureau, The Bronx, Topographical Draughtsman.  
Samuel S. Cox, Jr., No. 1753 Bathgate avenue, promotion to Transitman.  
George S. Walker, No. 166 East Thirty-fourth street, Gymnasium Attendant.  
The appeal of James Howard Williams, No. 386 Fourth street, Brooklyn, for a special examination for promotion from Mechanical Draughtsman to Mechanical Engineer in the Board of Water Supply, was granted, it appearing that he was the only employee of the Department eligible for such promotion, and that the notice to appear for examination sent him by the Commission had failed to reach him.  
The appeal of Peter Morgan, No. 295 Broadway, that his name be restored to the eligible list of Laborer, Borough of Manhattan, was granted upon the recommendation of the Labor Clerk, it appearing that the notice of appointment sent him by the Department of Water Supply, Gas and Electricity on June 28, 1907, had failed to reach him.  
A communication was presented from the Chief Examiner, dated February 1, submitting the following statement of examinations held during the month of January:

Examinations.	Number of Candidates.
6. Promotion to Inspector of Street Cleaning, Borough of Richmond..	2

6. Mental, competitive .....	3,804
2. Mental, non-competitive .....	2
1. Mental, promotion .....	2
1. Physical, competitive .....	4
10 .....	3,812

The communication was ordered filed.  
A communication was presented from the Chief Examiner, dated January 25, forwarding the application of Clifford H. Keep for the position of Monitor, and stating that Mr. Keep had served acceptably in that capacity in the past. The Secretary was instructed to return the application to the Chief Examiner to be placed on file until such time as it might be necessary to add to the list of Monitor.  
A report was presented from the Assistant Chief Examiner, dated February 4, with reference to a communication from the Fire Commissioner, dated February 3, requesting that the records of the following named Firemen who were candidates in the examination for promotion to Assistant Foreman held in September, 1907, be re-rated by giving them credit for certain Class D meritorious acts performed by them in June, 1903, which had been recognized by the Roll of Merit Committee of the Fire Department under date of January 28, 1908, and subsequently approved by the Commissioner:

Harry Schoener.	Thomas F. Golden.
Toby Franks.	William Ross.
Thomas J. Cahill.	William J. Beck.
Daniel J. McCullough.	John W. Muchow.
James Creighton.	Joseph J. Butler.
James T. Ferris.	Patrick J. Golden.
George G. Lepre.	Thomas F. Cassidy.
John J. King.	James M. Redden.
Michael J. Foley.	William J. Tully.
Cornelius F. Bofim.	Hugh Bonner, Jr.
Robert A. Jackson.	James A. Switzer.
William Noble.	Gustav J. Dressler.
Richard T. J. O'Keeffe.	John F. Lenahan.
Robert Walker.	Peter E. Noone.

It appearing that the awards had been made by the Roll of Merit Committee subsequent to the promulgation of the eligible list for promotion to Assistant Foreman, on motion, the application of the Fire Commissioner was denied.  
A communication was presented from the Assistant Chief Examiner, dated February 4, stating that the examination for Physician, Class 3, held on April 19, 1907, had been completed on September 13, 1907.  
On motion, it was  
Resolved, That the eligible list for Physician, Class 3, resulting from the examination held April 19, 1907, be and the same hereby is officially promulgated as of September 13, 1907, the date on which the rating of the papers was completed.  
A report was presented from the Labor Clerk, dated January 30, in relation to the complaint of Eli J. Rodde, of No. 231 East Fourteenth street, that the man employed as a Painter in the Department of Bridges under the name of Robert Henderson was working under an assumed name, his real name being Rasmus Tonessen, etc. After consideration of the report the Secretary was instructed to communicate with Robert Henderson (or Rasmus Tonessen) and direct him to appear before the Commission on Thursday morning, February 13, at 10 o'clock.  
A report was presented from the Labor Clerk, dated January 31, in relation to the complaint of Mr. John C. O'Brien, President of the International Leather Workers on Horse Goods, No. 319 East One Hundred and Forty-fourth street, The Bronx, under date of January 18, to the effect that Edward Mathan and Archangelo Robertiello, whose names had been placed on the eligible list of Harness Maker, after their having passed an oral examination for that position, were engaged in the shoe and fruit business, respectively, and were unknown as harness makers. It appeared from the report that after a careful investigation of the matter the Labor Clerk was of the opinion that the complaint was unfounded, and that the request of Mr. O'Brien for the names of the

employers and "vouchers" of Mathan and Robertiello should be denied. The recommendation was adopted.  
A communication was presented from the Commissioner of Street Cleaning, dated January 29, requesting an amendment of the classification by including in Part 6 of the Competitive Class the following positions:  
Custodian of Yard (one incumbent for each yard);  
Section Station Keeper (one incumbent for each section station).  
The Secretary was directed to advertise a public hearing on the proposed amendment for Thursday, February 13, at 10 o'clock a. m.  
A communication was presented from the Commissioner of Correction, dated January 30, in reply to a letter of the Commission, under date of January 28, stating that, pending the receipt of an opinion from the Corporation Counsel as to the status of the former employees of the Department of the Sheriff of Kings County, no request for an examination of such employees to qualify them for transfer to the Department of Correction would be made. The communication was ordered filed.  
A communication was presented from the Commissioner of Parks, Boroughs of Manhattan and Richmond, dated January 30, stating that the appointment of Mr. Alexander Balgley, as Bookkeeper in that Department, with salary at the rate of \$1,200 per annum, could not be effected for the reason that that grade had never been established by the Board of Estimate and Apportionment and the Board of Aldermen, as required by section 56 of the Greater New York Charter, and that although Mr. Balgley had performed the duties of the position since January 2, 1908, the Comptroller had withheld approval of his payroll. After due consideration of the matter the Secretary was directed to communicate with the Park Commissioner and state that the Commission would approve Mr. Balgley's appointment under the title of Clerk (Bookkeeper), and to note the amended title on the records of the office.  
A communication was presented from the Deputy Commissioner of Water Supply, Gas and Electricity stating that vacancies would be likely to occur in the following positions in his Department at any time, and requesting that open competitive examinations be held for the purpose of establishing eligible lists:  
Inspector of Meters and Water Consumption;  
Inspector of Pipes and Castings;  
Inspector of Pipe Laying;  
Inspector of Hydrants, Stopcocks and Shop Work;  
Inspector of Light and Power.  
On motion, it was  
Resolved, That the Secretary be and he hereby is directed to proceed with open competitive examinations for the above-named positions.  
A letter was presented from the Commissioner of Water Supply, Gas and Electricity, requesting an amendment of the classification by including in the Exempt Class, for his Department, the position of Supervising Electrical Engineer. The Secretary was directed to advertise a public hearing on the proposed amendment for Thursday, February 13, at 10 a. m.  
A communication was presented from the Secretary of the Borough of Manhattan, dated January 29, requesting approval of the increase in salary of Mr. James E. Carragher, Clerk, from \$2,250 to \$2,400 per annum, without examination, in view of the fact that he had previously qualified in a promotion examination for a salary of \$2,500 per annum and that there were less than three persons employed in the office of the Commissioner of Public Works eligible and willing to compete for such promotion.  
On motion, it was  
Resolved, That the increase in salary of Mr. James E. Carragher, Clerk in the office of the Commissioner of Public Works, Borough of Manhattan, to \$2,400 per annum, be and the same hereby is approved under the provisions of clause 12 of Rule XV.  
A letter was presented from the Clerk of the Court of Special Sessions, First Division, dated February 3, replying to the letter of the Commission under date of January 30, stating that the three months' leave of absence, without pay, allowed Mr. Samuel F. Spellman, Stenographer and Typewriter, was required for professional purposes. The leave of absence was approved.  
On motion, it was  
Resolved, That the emergency appointment of Mr. H. L. Collier, of No. 2721 Bainbridge avenue, Borough of The Bronx, as Topographical Draughtsman in the office of the President of the Borough of The Bronx, with salary at the rate of \$1,350 per annum, for a period of fifteen days, be and the same hereby is approved in accordance with the provisions of Rule XII., paragraph 4.  
On motion, it was  
Resolved, That the Secretary be and he hereby is directed to summon Mr. H. L. Collier, of No. 2721 Bainbridge avenue, Borough of The Bronx, for a non-competitive examination to qualify him for a provisional appointment as Topographical Draughtsman in the office of the President of the Borough of The Bronx, with salary at the rate of \$1,350 per annum, pursuant to the provisions of Rule XII., paragraph 3.  
On motion, it was  
Resolved, That Miss Mae Hinkle, of No. 115 West Seventy-second street, be and she hereby is excepted from examination, pursuant to the provisions of Rule XII., paragraph 6, to be employed for a temporary period as an Expert Cataloguer in the College of The City of New York; provided, however, that her total compensation for the services rendered shall not exceed \$750.  
A letter was presented from the Comptroller, dated February 4, requesting permission to substitute the name of Mr. J. Frederick Calhoun, of No. 12 East Eighty-eighth street, Manhattan, for that of Mr. James Mitchell, who was excepted from examination by the Commission, pursuant to the provisions of Rule XII., clause 6, to be employed for a temporary period during the current year as an Expert Searcher in the Bureau for the Collection of Assessments and Arrears of the Department of Finance. The request was granted.  
On motion, it was  
Resolved, That Dr. J. Flanagan, of No. 153 East One Hundred and Sixteenth street, be and he hereby is excepted from examination, pursuant to the provisions of Rule XII., clause 6, to be employed for a temporary period in the Department of Parks, Boroughs of Manhattan and Richmond, in connection with the Central Park ambulance service; provided, however, that his total compensation for the service rendered shall not exceed \$750.  
On motion, it was  
Resolved, That, with the approval of the Mayor and the State Civil Service Commission, the limit of compensation fixed by Rule XII., clause 6 (\$750), be and the same hereby is waived so far as it applies to the case of Mr. Michael Tandlich, who was excepted from examination under that rule to be employed from time to time as Interpreter in the Court of Special Sessions, First Division, and his total compensation for services rendered during the year 1907 is hereby fixed at the sum of \$800.  
On motion, it was  
Resolved, That Mr. Michael Tandlich be and he hereby is excepted from examination, pursuant to the provisions of Rule XII., clause 6, to be employed from time to time during the current year in the Court of Special Sessions, First Division, as a Special Interpreter; provided, however, that his total compensation for the services rendered during that period shall not exceed \$750.  
The Secretary presented, with a request for instructions, a letter from Hon. Henry J. Furlong, City Magistrate, Second Division, stating that there was a vacancy in his court in the position of Interpreter in the Polish, Slavish and Lithuian languages, and requesting a certification of names from which to make an appointment. It appearing that there was no eligible list in existence for Interpreter with the combination of languages required by Justice Furlong, the Secretary was directed to request that a person be nominated for a non-competitive examination to qualify him for a provisional appointment as Interpreter in the Polish, Slavish and Lithuian languages in the City Magistrates' Court, Second Division, pursuant to the provisions of Rule XII., paragraph 3.

On motion, it was

Resolved, That the Secretary be and he hereby is directed to place upon the calendar for consideration at the next meeting of the Commission, the matter of either calling an open competitive examination for the position of Interpreter or exempting that position for the City Magistrates' and the Municipal Courts.

The action of the Secretary in authorizing the reassignment to duty of Joseph Mullaney, Watchman, in the Department of Docks and Ferries, whose name had not appeared upon the payroll since December 21, 1907, on account of continued illness, was approved.

The following emergency appointments were approved under the provisions of Rule XII., paragraph 4:

James D. Patterson, Special Interpreter, Court of Special Sessions, First Division.  
Miss Mary Stuart, Nurse, Bellevue and Allied Hospitals.  
Miss M. R. Pollock, Typewriting Copyist, Court of Special Sessions, First Division.  
Process Server (Postmaster at Fort Ann, N. Y.), Bureau of Buildings, Borough of Brooklyn.

Process Server (Postmaster, Allendale, N. J.), Bureau of Buildings, Borough of Brooklyn.

Telephone Switchboard Operator (supplied by the New York Telephone Company), Board of Education.

Miss Mary L. Rusk, Typewriting Copyist, office of the Commissioners of Accounts.

E. B. Close, Stenographer, Brooklyn Disciplinary Training School.

John J. Noone, Batteryman, Brooklyn Disciplinary Training School.

On motion, it was

Resolved, That Dr. Isaac Millsbaugh, Dr. Eugene J. Callahan and Dr. James L. Devlin be and they hereby are excepted from examination pursuant to the provisions of Rule XII., paragraph 6, to be employed from time to time during the current year in the Department of Public Charities as Examiners in Lunacy; it appearing that the services are professional, expert and of an occasional and exceptional character; provided, however, that their total compensation for the services rendered shall not exceed the sum of \$750 each.

On motion, it was

Resolved, That Dr. E. H. Berendsohn, dentist, be and he hereby is excepted from examination pursuant to the provisions of Rule XII., clause 6, to be employed from time to time during the current year in the Brooklyn Disciplinary Training School for Boys; provided, however, that his total compensation for services rendered shall not exceed \$250.

On motion, it was

Resolved, That Mr. John Clark, Pilot, be and he hereby is excepted from examination, pursuant to the provisions of Rule XII., paragraph 6, to be employed in the Department of Water Supply, Gas and Electricity, until such time as the position of Pilot in that Department shall have been classified by the State Civil Service Commission.

The Secretary stated that the following vouchers for payment of salary to persons not regularly employed by The City of New York, for special services rendered to the City during the periods indicated, had been certified as being exempt from the provisions of the Civil Service Rules:

June 1 to October 1, 1907—Edgar N. Finn, Real Estate Expert, Board of Assessors, \$1,000.

January 22 to 28, 1908—Clarence Bonyng, stenographic services in re investigation of Fire Department—Commissioners of Accounts, \$552.

The action of the Secretary was approved.

The Secretary stated that the following voucher for payment of salary to a person not regularly employed by The City of New York, for special services rendered on the date indicated, had been certified under the provisions of Rule XII., paragraph 6:

July 9, 1907—The Lederle Laboratories, Expert Analysts, \$25.

The action of the Secretary was approved.

A communication was presented from the Board of Assessors, dated January 29, requesting authority to employ Mr. Charles A. Berrian, Real Estate Expert, at a compensation of \$100. The request was granted and the Secretary was directed to attach Certificate No. 3 to the voucher for such services when presented.

A communication was presented from the Commissioner of Parks, Boroughs of Brooklyn and Queens, dated January 29, requesting authority to employ Mr. Noyes F. Palmer, Surveyor, at a compensation of \$470. The request was granted, and the Secretary was directed to attach Certificate No. 3 to the voucher when presented.

A communication was presented from the Commissioner of Public Charities, dated January 29, submitting a voucher in favor of Watson G. Clark, Esq., in the amount of \$384.05, for expert services in making test borings. The Secretary was directed to attach Certificate No. 3 to the voucher.

The following reports of Departmental Boards of Examiners for positions in the Non-Competitive Class were approved on the recommendation of the Chief Examiner:

Department of Health, January 31.

Department of Public Charities, February 3.

Department of Education, January 21.

Department of Correction, January 20, 20, 21, 28, 31, February 1, 5.

Brooklyn Disciplinary Training School for Boys, January 21, 28, 29.

Nautical Schoolship "St. Mary's," February 1.

A communication was presented from William Harrison Wall, No. 440 East One Hundred and Fifty-sixth street, New York City, stating that the correct date of his birth was November 21, 1878, and requesting permission to change the same in his application for Patrolman. The matter was referred to Examiner Rafferty for investigation.

The request of John T. Nolan, No. 210 West Twenty-second street, for permission to correct the date of birth given in his application for Fireman to December 14, 1886, to correspond with the birth certificate furnished by him, was granted.

A letter was presented from Douglas McLaughlin, No. 171 East Seventy-eighth street, Manhattan, requesting that his name be transferred from the preferred list of Inspector of Sewer Construction to the preferred list of Inspector of Masonry Construction, on the ground that he was originally appointed from the eligible list for the latter position. The request was denied.

A letter was presented from Mr. Howard Holbrook, Croton Falls, N. Y., dated January 12, stating that he had been appointed an Inspector of Regulating, Grading and Paving in the Board of Water Supply on June 19, 1907, from an eligible list prepared especially for that department, and that on December 31 he had been laid off for lack of work; and requesting to be informed whether he was eligible for re-employment in any City department, or whether he would be placed upon a preferred list for re-employment in the Board of Water Supply only. The Secretary was directed to communicate with the candidate and inform him that as the eligible list from which he had been appointed was prepared solely for the use of the Board of Water Supply, and for appointment outside the City limits, he would not be eligible for re-employment in any of the other City departments.

The request of Miss Carol Gee, No. 170 East Fifth street, Brooklyn, that her name be restored to the list of Stenographer and Typewriter, was granted upon her statement that she had replied to the notice sent her by the Department of Education in December, 1907, and declined appointment on account of illness.

The Secretary presented, with a request for instructions, the question as to whether the existing list of Axeman, Board of Water Supply, should continue in force after the promulgation of the new general list of Axeman, in view of the fact that in the absence of such a list, certification had been made from the list of Axeman, Board of Water Supply, for appointment to all City departments. After consideration of the matter, the Commission ruled that the list of Axeman, Board of Water Supply, having been prepared for the exclusive use of the Board of Water Supply, should be continued in force for that department for a period of four years, provided that it was not exhausted sooner.

The Commission then adjourned to meet Thursday, February 13, 1908, at 10 o'clock a. m.

F. A. SPENCER, Secretary.

## POLICE DEPARTMENT.

February 21, 1908.

## BOROUGH OF MANHATTAN.

"Tammany Times" (Harlem District), "Manhattan and Bronx Advocate" (Washington Heights, Morningside Heights and Harlem Districts), "New York Daily News."

Designated by Board of City Record June 19, 1906.  
Amended June 30, 1906; July 1, 1907; September 30, 1907; February 24, 1908.

## BOARD OF ASSESSORS.

**PUBLIC NOTICE IS HEREBY GIVEN TO** the owner or owners of all houses and lots, improved or unimproved lands affected thereby, that the following proposed assessments have been completed and are lodged in the office of the Board of Assessors for examination by all persons interested, viz.:

## Borough of Manhattan.

List 9546, No. 1. Sewer in West Two Hundred and Fourteenth street, between the Harlem River and Tenth avenue.

## Borough of Queens.

List 9511, No. 2. Grading, curbing, flagging and laying crosswalks in Thirteenth avenue, from Broadway to Jamaica avenue, First Ward.

List 9535, No. 3. Regulating, grading, curbing and paving with asphalt block pavement Ninth avenue, from Grand to Jamaica avenue.

## Borough of Richmond.

List 9401, No. 4. Regulating, grading, curbing, laying gutters in Nicholas avenue, from Richmond terrace to St. Marks place, First Ward; together with a list of awards for damages caused by a change of grade.

List 9499, No. 5. Temporary sanitary sewer in Avenue B, from Bennett street to Ann street; in Ann street, from Bennett street to Heberton avenue, Third Ward.

The limits within which it is proposed to lay the said assessments include all the several houses and lots of ground, vacant lots, pieces and parcels of land situated on—

No. 1. Both sides of Two Hundred and Fourteenth street, from the Harlem River to Tenth avenue; southeast and southwest corners of Two Hundred and Fifteenth street and Ninth avenue.

No. 2. Both sides of Thirteenth avenue, from Broadway to Jamaica avenue, and to the extent of half the block at the intersecting streets and avenues.

No. 3. Both sides of Ninth avenue, from Grand avenue to Jamaica avenue, and to the extent of half the block at the intersecting streets and avenues.

No. 4. Both sides of Nichols avenue, from Richmond terrace to St. Marks place, and to the extent of half the block at the intersecting streets and avenues.

No. 5. Both sides of Ann street, from Heberton avenue to Avenue B, and both sides of Avenue B, from Bennett street to Ann street; north side of Bennett street, from Heberton avenue to Avenue B.

All persons whose interests are affected by the above-named proposed assessments, and who are opposed to the same, or either of them, are requested to present their objections, in writing, to the Secretary of the Board of Assessors, No. 320 Broadway, New York, on or before April 7, 1908, at 11 a. m., at which time and place the said objections will be heard and testimony received in reference thereto.

ANTONIO ZUCCA,  
PAUL WEIMANN,  
JAMES H. KENNEDY,  
Board of Assessors.

WILLIAM H. JASPER,

Secretary.

City of New York, Borough of Manhattan,  
March 5, 1908.

## DEPARTMENT OF STREET CLEANING.

## PUBLIC NOTICE.

**SALE OF UNUSED PROPERTY, BOROUGH OF MANHATTAN AND THE BRONX.**

**NOTICE IS HEREBY GIVEN THAT,** Pursuant to section 541 of the Charter, I will, on

**WEDNESDAY, MARCH 18, 1908,**

at 10 o'clock a. m., at Stable A of the Department of Street Cleaning, Seventeenth street and Avenue A, Borough of Manhattan, sell at public auction the following unused property of the Department of Street Cleaning:

40 horses, more or less.  
1 lot old harness, consisting of 3 sets double truck harness, 4 sets single truck harness and 1 set light horse harness, all more or less.

1 lot old harness, consisting of 6 sets light driving harness, 13 light driving saddles and 3 light Dutch collars, all more or less.

1 lot old harness, consisting of 226 cart bridles, 181 cart saddles, 243 cart breechings and 241 cart hames, all more or less.

553 old horse collars, more or less.

1 lot, consisting of 350 canvas cart covers, 337 canvas quarter blankets and 372 canvas feed bags, all more or less.

1 lot, consisting of 89 second-hand burlap bags, 1,384 ticking saddle pads, 13 rubber horse covers and 7 rubber storm aprons, all more or less.

2 old hansom wheels, more or less.

1 old horse clipping machine, more or less.

10 old bicycles, more or less.

1 old buggy, more or less.

1 lot, consisting of 165 old bicycle tires, 24 old auto shoes and 24 old auto inner tubes, all more or less.

300 pounds, more or less, horse hair (manes and tails only).

10 empty barrels (oil, turpentine, etc.), more or less.

4 old gas radiators, more or less.

2 old walnut roll top desks, more or less.

1 lot, consisting of old wire stall guards, doors and window screens.

30,000 pounds, more or less, old tire, scrap and malleable iron, including 50, more or less, old steel cart bodies.

1 old bath tub.

## TERMS OF SALE.

The horses are to be paid for in full at the time of the sale and are to be removed before 3 p. m. of the day of the sale. On all the rest of the property a deposit of 75 per cent. of the purchase price will be required on the day of sale. All the articles sold, except horses, are to be removed within ten days, or, in default thereof, the said deposits shall be forfeited to the City of New York as liquidated damages.

FOSTER CROWELL,

Commissioner of Street Cleaning.

m5,18

**MAIN OFFICE OF THE DEPARTMENT OF STREET CLEANING, ROOM 1403, NOS. 13 TO 21 PARK ROW, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.**

**SEALED BIDS OR ESTIMATES WILL BE** received by the Commissioner of Street Cleaning at the above office until 12 o'clock m., on

**WEDNESDAY, MARCH 11, 1908.**

## Borough of Brooklyn.

**CONTRACT FOR FURNISHING AND DELIVERING 125 DRAFT HORSES.**

The time for the delivery of the articles, materials and supplies and the performance of the contract is ninety days.

The amount of security required is fifty per cent. (50%) of the amount of the bid or estimate.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per horse, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total and awards made to the lowest bidder.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained at the office of the Department of Street Cleaning, the Borough of Manhattan, Nos. 13 to 21 Park row.

FOSTER CROWELL,

Commissioner of Street Cleaning.

Dated February 26, 1908.

f28,m11

**See General Instructions to Bidders on the last page, last column, of the "City Record."**

## ASHES, ETC., FOR FILLING IN LANDS.

**PERSONS HAVING LANDS OR PLACES** in the vicinity of New York Bay to fill in can procure material for that purpose—ashes, street sweepings, etc., collected by the Department of Street Cleaning—free of charge by applying to the Commissioner of Street Cleaning, Nos. 13 to 21 Park row, Borough of Manhattan.

FOSTER CROWELL,

Commissioner of Street Cleaning.

## DEPARTMENT OF DOCKS AND FERRIES.

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," NORTH RIVER, NEW YORK, March 31, 1904.

THE COMMISSIONER HAS FIXED THE amounts of bonds required on contracts awarded by this Department, as follows:

On all contracts for supplies, 40 per cent. of the estimated cost;

On all contracts, other than contracts for supplies, where the estimated cost is not over \$200,000, 40 per cent. of the estimated cost;

On all contracts, other than contracts for supplies, where the estimated cost is over \$200,000, but not over \$1,000,000, 25 per cent. of the estimated cost;

On all contracts, other than contracts for supplies, where the estimated cost is over \$1,000,000, 20 per cent. of the estimated cost.

JOSEPH W. SAVAGE,  
Secretary.

## DEPARTMENT OF FINANCE.

### NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF QUEENS:

#### FIRST WARD.

SEVENTH STREET—REGULATING, GRADING, CURBING AND PAVING, from Jackson Avenue to East Avenue. Area of assessment: Both sides of Seventh street, from Jackson Avenue to East Avenue, and to the extent of half the block at the intersecting streets and avenues.

NOTT AVENUE—REGULATING, GRADING, CURBING, RECURBING AND PAVING, from Van Alst Avenue to Vernon Avenue. Area of assessment: Both sides of Nott Avenue, from Van Alst Avenue to Vernon Avenue.

That the same were confirmed by the Board of Assessors on March 3, 1908, and entered on March 3, 1908, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau

for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson Avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before May 2, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

HERMAN A. METZ,  
Comptroller.

City of New York, Department of Finance, Comptroller's Office, March 3, 1908.

m5,18

## NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears of the assessments for OPENING AND ACQUIRING TITLE to the following named street and place in the BOROUGH OF THE BRONX:

#### TWENTY-THIRD WARD, SECTION 10.

BARRY STREET—OPENING, from Leggett Avenue to Longwood Avenue. Confirmed February 19, 1908; entered March 3, 1908. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the westerly prolongation of a line parallel to and distant one hundred (100) feet south of the southerly line of the Eastern boulevard and a line parallel to and distant one hundred (100) feet west of the westerly line of Cabot street, running thence northerly along said parallel line to Cabot street and its northerly prolongation to its intersection with the southwesterly prolongation of the southeasterly line of Garrison Avenue; thence northeasterly along said last mentioned prolongation and southeasterly line, to its intersection with a line parallel to and distant one hundred (100) feet northeasterly of the northeasterly line of Longwood Avenue; thence southeasterly along said parallel line to its intersection with a line parallel to and distant one hundred (100) feet northwesterly of the northwesterly line of Barry street; thence northeasterly along said last mentioned parallel line to its intersection with the southerly line of Lafayette Avenue; thence easterly along said southerly line to its intersection with the westerly line of Tiffany street; thence southerly along said last mentioned westerly line to its intersection with a line parallel to and distant one hundred (100) feet southeasterly of the southeasterly line of Barry street; thence southwesterly along said parallel line to its intersection with the northeasterly prolongation of the northwesterly line of Truxton street; thence southwesterly along said northeasterly prolongation and northwesterly line and its southwesterly prolongation to its intersection with a line parallel to and distant one hundred (100) feet southwesterly of the southwesterly line of Leggett Avenue; thence northwesterly along said parallel line to its intersection with a line parallel to and distant one hundred (100) feet east of the easterly line of Dupont street; thence southerly along said parallel line to its intersection with a line parallel to and distant one hundred (100) feet south of the southerly line of the Eastern boulevard; thence westerly along said last mentioned parallel line to the point or place of beginning.

#### TWENTY-FOURTH WARD, SECTION 12.

SUMMIT PLACE—OPENING, from Heath Avenue to Boston Avenue. Confirmed January 25, 1908; entered March 3, 1908. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the northwesterly prolongation of a line parallel to the southwesterly line of Summit place, at a point on the southeasterly line of Heath Avenue, midway between Boston Avenue and Summit place and a line parallel to and distant one hundred (100) feet northwesterly of the northwesterly line of Heath Avenue; running thence northeasterly along said last mentioned parallel line to its intersection with the northwesterly prolongation of a line parallel to the northwesterly line of Summit place at a point on the northwesterly line of Boston Avenue midway between Summit place and Heath Avenue; thence southeasterly along said northwesterly prolongation and parallel line and its southeasterly prolongation to its intersection with a line parallel to and distant one hundred (100) feet southeasterly of the southeasterly line of Boston Avenue; thence southwesterly along said parallel line to its intersection with the southeasterly prolongation of a line parallel to the southwesterly line of Summit place at a point on the southeasterly line of Heath Avenue, midway between Boston Avenue and Summit place; thence northwesterly along said last mentioned southeasterly prolongation and parallel line and its northwesterly prolongation to the point or place of beginning.

The above entitled assessments were entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third Avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before May 2, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate

of seven per centum per annum from the date when above assessments became liens to the date of payment.

HERMAN A. METZ,  
Comptroller.

City of New York, Department of Finance,  
Comptroller's Office, March 3, 1908.

**NOTICE TO PROPERTY OWNERS.**

**IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter,** the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for **LOCAL IMPROVEMENTS** in the **BOROUGH OF THE BRONX:**

**TWENTY-THIRD WARD, SECTION 9.**

**ONE HUNDRED AND FORTY-NINTH STREET AND WALTON AVENUE—RECEIVING BASINS AND APPURTENANCES.** at the northeast, southeast, southwest and northwest corners. Area of assessment: Both sides of Walton avenue, from One Hundred and Forty-sixth to One Hundred and Fiftieth street; west side of Mott avenue, between One Hundred and Forty-sixth street and One Hundred and Fiftieth street.

—That the same was confirmed by the Board of Assessors on February 25, 1908, and entered on February 25, 1908, in the Record of Titles of Assessments kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of the Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before April 25, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien to the date of payment.

HERMAN A. METZ,  
Comptroller.

City of New York, Department of Finance,  
Comptroller's Office, February 25, 1908.

**NOTICE TO PROPERTY OWNERS.**

**IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter,** the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for **LOCAL IMPROVEMENTS** in the **BOROUGH OF QUEENS:**

**FIRST WARD.**

**DITMAS AVENUE AND ELEVENTH AVENUE—CONSTRUCTING CATCH BASINS** on the southeast corner. Area of assessment: South side of Eleventh avenue, from Potter avenue to Ditmas avenue, and east side of Potter avenue, between Sound street and Eleventh avenue.

—That the same was confirmed by the Board of Assessors on February 25, 1908, and entered on February 25, 1908, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before April 25, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

**NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.**

**IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter,** the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears of the assessment for **OPENING AND ACQUIRING TITLE** to the following named avenue in the **BOROUGH OF THE BRONX:**

**TWENTY-THIRD AND TWENTY-FOURTH WARDS, SECTIONS 9 AND 11.**

**COLLEGE AVENUE—OPENING.** from East One Hundred and Sixty-fourth street to East One Hundred and Seventy-second street and Teller avenue. Confirmed January 25, 1908; entered February 21, 1908. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of a line parallel to and distant one hundred feet easterly from the easterly line of Teller avenue with a line parallel to and distant one hundred feet southerly from the southerly line of East One Hundred and Sixty-fourth street; running thence westerly along said last mentioned parallel line to its intersection with the middle line of the blocks between Grant avenue and Sherman avenue; thence northerly along said middle line and its northerly prolongation to its intersection with the easterly line of Sheridan avenue; thence still northerly along the easterly line of Sheridan avenue and its northerly prolongation to its intersection with a line parallel to and one hundred feet northerly from the northerly line of Belmont street; thence easterly along said parallel line to its intersection with a line parallel to and distant two hundred feet easterly from the easterly line of Teller avenue; thence southerly along said parallel line to its intersection with the northerly line of East One Hundred and Seventieth street; thence southerly to the point of intersection of the southerly line of East One Hundred and Seventieth street, with a line parallel to and distant one hundred feet easterly from the easterly line of Teller avenue; thence still southerly along said last mentioned parallel line to the point or place of beginning.

The above entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m.; and all payments made thereon on or before April 21, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

**NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.**

**IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter,** the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears of Assessments for **OPENING AND ACQUIRING TITLE** to the following named street in the **BOROUGH OF QUEENS:**

**FIRST WARD.**

**PURDY STREET—OPENING.** from Flushing avenue to Riker avenue. Confirmed April 30, 1907; entered February 21, 1908. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the northerly line of Flushing avenue with the middle line of the blocks between Fifteenth (Lyster street) avenue and Purdy street; running thence northerly along said middle line to its intersection with the southerly line of Riker avenue; thence westerly along the southerly line of Riker avenue to its intersection with the middle line of the blocks between Purdy street and Theodore street; thence southerly along the last-mentioned middle line of the blocks to its intersection with the northerly line of Flushing avenue; thence easterly along said northerly line of Flushing avenue to the point or place of beginning.

The above entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of

**Taxes and Assessments and of Water Rents.** Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1016 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before April 21, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

Comptroller.

City of New York, Department of Finance,  
Comptroller's Office, February 20, 1908. f24,m7

#### NOTICE TO PROPERTY OWNERS.

**IN PURSUANCE OF SECTION 1018 OF THE** Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF BROOKLYN:

##### TWENTY-NINTH WARD, SECTION 16, AND THIRTY-FIRST WARD, SECTION 20.

**CONVEY ISLAND AVENUE—REGULATING, GRADING, CURBING AND LAYING SIDEWALKS,** from 170 feet south of plaza at Fort Hamilton avenue to Kings highway. Area of assessment: Both sides of Convey Island avenue, from 170 feet south of plaza at Fort Hamilton avenue to Kings highway, and to the extent of half the block at the intersecting streets and avenues.

##### THIRTIETH WARD, SECTION 18.

**SEVENTY-FOURTH STREET—REGULATING, GRADING, CURBING, GUTTERING AND LAYING CEMENT SIDEWALKS,** between Second and Seventh avenues. Area of assessment: Both sides of Seventy-fourth street, from Second to Seventh avenue, and to the extent of half the block at the intersecting streets and avenues.

—that the same were confirmed by the Board of Revision of Assessments February 20, 1908, and entered February 20, 1908, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Mechanics' Bank Building, Court and Montague streets, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before April 20, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessments became liens to the date of payment.

HERMAN A. METZ,  
Comptroller.

City of New York, February 20, 1908. f24,m7

#### NOTICE TO PROPERTY OWNERS.

**IN PURSUANCE OF SECTION 1018 OF THE** Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF QUEENS:

##### FIRST WARD.

**DUTCH KILLS STREET—SEWER,** between Jackson avenue and the tracks of the Long Island Railroad Company. Area of assessment: Both sides of Dutch Kills street, from Jackson avenue to the property of the Long Island Railroad Company.

—that the same was confirmed by the Board of Assessors on February 18, 1908, and entered on February 18, 1908, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between

the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before April 18, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

#### CORPORATION SALE OF REAL ESTATE.

**PUBLIC NOTICE IS HEREBY GIVEN** that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

##### FRIDAY, MARCH 6, 1908,

at 12 o'clock m., at the Comptroller's Office, No. 280 Broadway, Borough of Manhattan, City of New York, all the right, title and interest of The City of New York in and to the following-described property, which it has by virtue of a lease from Cornelius Furguson, Supervisor of the Town of New Utrecht, to the City of Brooklyn, which lease is recorded in the Register's Office of the County of Kings, in Liber 1715 of Conveyances, page 143, in and to all that certain lot mentioned and described as follows:

All that certain lot known as and by the number 6, in Block 1154, Ward 30, in the former City of Brooklyn, which was sold December 6, 1886, for 100 years to the Town of New Utrecht for the assessments for the opening of Ninety-second street, for the sum of thirty-one dollars and fifty cents (\$31.50).

The minimum or upset price at which the interest of the City in and to the said premises to be sold is appraised and fixed by the Commissioners of the Sinking Fund at seventy-one dollars and sixty-nine cents (\$71.69).

The purchaser, in addition thereto, to pay the auctioneer's fee on such sale, and also to pay the further sum of one hundred dollars (\$100) for the expense of examination, advertising, etc. The sale of the said premises is to be made on the following

##### TERMS AND CONDITIONS.

The highest bidder will be required to pay the full amount of his bid or purchase money, and the further sum of \$100 on such parcel as above provided for, and also the auctioneer's fee at the time of sale. The quit-claim deed for the above-described premises to be delivered within thirty days from the date of sale.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of the sale, and the person failing to comply therewith will be held liable for any deficiency which may result from such resale.

The right to reject any bid is reserved. By order of the Commissioners of the Sinking Fund, under resolution adopted at a meeting of the Board held February 5, 1908.

N. TAYLOR PHILLIPS,  
Acting Comptroller.

City of New York, Department of Finance,  
Comptroller's Office, February 14, 1908. f15,m6

#### DEPARTMENT OF FINANCE, CITY OF NEW YORK, December 14, 1906.

**UNTIL FURTHER NOTICE AND UNLESS** otherwise directed in any special case surety companies will be accepted as sufficient upon the following contracts to the amounts named:

**Supplies of Any Description, including Gas and Electricity—**

One company on a bond up to \$50,000.  
Two companies on a bond up to \$125,000.  
Three companies on a bond up to \$200,000.

**Asphalt, Asphalt Block and Wood Block Pavements—**

Two companies on a bond up to \$50,000.  
Three companies on a bond up to \$125,000.

**Regulating, Grading, Paving, Sewers, Water Mains, Dredging, Construction of Parks, Parkways, Etc.—**

One company on a bond up to \$25,000.  
Two companies on a bond up to \$75,000.  
Three companies on a bond up to \$150,000.  
Four companies on a bond up to \$250,000.

**New Docks, Buildings, Bridges, Aqueducts, Tunnels, Etc.—**

One company on a bond up to \$25,000.  
Two companies on a bond up to \$75,000.  
Three companies on a bond up to \$150,000.  
Four companies on a bond up to \$250,000.

**Repairs, Ventilating, Heating, Plumbing, Etc.—**

One company on a bond up to \$25,000.  
Two companies on a bond up to \$75,000.  
Three companies on a bond up to \$150,000.  
Four companies on a bond up to \$250,000.

On bonds regarded as hazardous risks additional surety will be required as the Comptroller sees fit in each instance.

All bonds exceeding \$250,000 will by that fact alone be considered hazardous risks, no matter what the nature of the work.

H. A. METZ,  
Comptroller.

#### BOARD OF ESTIMATE AND APPORTIONMENT.

**NOTICE IS HEREBY GIVEN THAT AT** a meeting of the Board of Estimate and Apportionment of The City of New York, held February 7, 1908, in Room 16, City Hall, Borough of Manhattan, a communication was received from the Public Service Commission for the First District, transmitting resolutions as to routes and general plan of rapid transit railways, as follows:

(a) Modification of Lexington avenue route;  
(b) Modification of Gerard avenue route;  
(c) Canal street route;

and requesting the approval of the Board of Estimate and Apportionment.

Whereupon the following resolutions were adopted: Resolved, That the communication be received, and, in pursuance of law, this Board hereby appoints Friday, the 14th day of February, 1908, at 10.30 o'clock in the forenoon, as the time, and Room 16 in the City Hall, Borough of Manhattan, as the place, when and where such plans and conclusions will be considered; and be it further

Resolved, That the Secretary be and he hereby is directed to cause notice of such consideration to be published in the CITY RECORD.

At the meeting of February 14, 1908, the consideration was continued until the meeting of February 28, 1908, at the same time and place.

At the meeting of February 28, 1908, the consideration was continued until the meeting of March 13, 1908, at the same time and place.

Dated New York, February 28, 1908.

JOSEPH HAAG,  
Secretary.

m2,13

**NOTICE IS HEREBY GIVEN THAT THE** Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to close and discontinue Johnson's lane, from East Twelfth street and Avenue S to East Fifteenth street, Borough of Brooklyn, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on March 13, 1908, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on February 14, 1908, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by closing and discontinuing Johnson's lane, from East Twelfth street and Avenue S to East Fifteenth street, in the Borough of Brooklyn, City of New York, more particularly described as follows:

##### Parcel A.

The northern line of Johnson's lane as herewith closed begins at a point on the southern line of Avenue S, distant 10.03 feet easterly from the intersection of the eastern line of East Twelfth street with the southerly line of Avenue S, as the same are laid out on the map of the City;

1. Thence easterly deflecting from the southern line of Avenue S 44 degrees 56 minutes 29 seconds to the right 63.2 feet;

2. Thence easterly 137.64 feet to a point on the southern line of Avenue S, distant 154.74 feet westerly from the intersection of the southern line of Avenue S with the western line of East Thirteenth street.

The southern line of Johnson's lane as herewith closed is 16.49 feet from and parallel with the above described line.

##### Parcel B.

The southern line of Johnson's lane as herewith closed begins at a point on the northern line of Avenue S, distant 130.60 feet westerly from the intersection of the northern line of Avenue S with the western line of East Fourteenth street, as the same are laid out on the map of the City;

Thence easterly 138.06 feet to a point on the western line of East Fourteenth street, distant 44.78 feet northerly from the intersection of the western line of East Fourteenth street with the northern line of Avenue S.

The northern line of Johnson's lane as herewith closed is 16.49 feet from and parallel with the above described line.

##### Parcel C.

The southern line of Johnson's lane as herewith closed begins at a point on the eastern line of East Fourteenth street, distant 65.35 feet northerly from the intersection of the northern line of Avenue S with the eastern line of East Fourteenth street, as the same are laid out on the map of the City;

Thence easterly 211.43 feet to a point on the western line of East Fifteenth street, distant 133.93 feet northerly from the intersection of the northern line of Avenue S with the western line of East Fifteenth street.

The northern line of Johnson's lane as herewith closed is 16.49 feet from and parallel with the above described line.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 13th day of March, 1908, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 13th day of March, 1908.

Dated February 29, 1908.

**NOTICE IS HEREBY GIVEN THAT THE** Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to widen Terrace place, between Seventeenth street and Prospect avenue; extend Terrace place, from Prospect avenue to Coney Island avenue; change the lines of Sherman street, between Seely street and Terrace place; discontinue Sherman street, between Reeve place and Terrace place; discontinue Sherman street, between the old City line and Terrace place; change the grades of Terrace place, from Eighteenth street to Prospect avenue; establish grades in Terrace place, between Prospect avenue and Coney Island avenue; establish grades in Sherman street, between Seely street and Terrace place, and change the grades of Seventeenth street, between Eleventh avenue and Terrace place, Borough of Brooklyn, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on March 13, 1908, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on February 14, 1908, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442, of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by widening Terrace place, between Seventeenth street and Prospect avenue; extending Terrace place, from Prospect avenue to Coney Island avenue; changing the lines of Sherman street, between Seely street and Terrace place; discontinuing Sherman street, between Reeve place and Terrace place; changing the grades of Terrace place, from Eighteenth street to Prospect avenue; establishing grades in Terrace place, between Prospect avenue and Coney Island avenue; establishing grades in Sherman street, between Seely street and Terrace place, and changing the grades of Seventeenth street, from Eleventh avenue to Terrace place, in the Borough of Brooklyn, City of New York, more particularly described as follows:

thence southwardly along the said centre line of Louisiana avenue to the intersection with the prolongation of a line midway between Vienna avenue and Stanley avenue, as laid out between East Ninety-eighth street and Stone avenue; thence westwardly along the said line midway between Vienna avenue and Stanley avenue and the prolongation of the same to the easterly line of East Ninety-eighth street; thence westwardly at right angles to East Ninety-eighth street a distance of 180 feet; thence northwardly and parallel with East Ninety-eighth street to the intersection with a line at right angles to East Ninety-eighth street and passing through the point described as the point of beginning; thence eastwardly along the said line at right angles to East Ninety-eighth street to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board, to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 13th day of March, 1908, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD and the corporation newspapers for ten days prior to the 13th day of March, 1908.

Dated February 29, 1908.

Telephone, 2280 Worth.

f29,m11

**NOTICE IS HEREBY GIVEN THAT AT** the meeting of the Board of Estimate and Apportionment held on February 14, 1908, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Lefferts avenue, from New York avenue to East New York avenue, in the Borough of Brooklyn, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the line midway between Midwood street and Rutland road distant 100 feet westward from the westerly line of New York avenue, and running thence eastwardly along the said line midway between Midwood street and Rutland road and the prolongation thereof to the intersection with a line which is midway between Utica avenue and East Fifty-first street; thence northwardly along the said line midway between Utica avenue and East Fifty-first street to the intersection with a line which bisects the angle formed by the prolongation of the southerly line of East New York avenue and the northerly line of Rutland road as the said streets are laid out east of Remsen avenue; thence northeastwardly along the said bisecting line to the intersection with a line which is midway between East Ninety-second street and East Ninety-third street; thence northwardly and along the said line midway between East Ninety-second and East Ninety-third streets, and the prolongation thereof, to the intersection with a line which is midway between Crown street and Montgomery street; thence westwardly and along the said line midway between Crown street and Montgomery street to the intersection with a line which is midway between Kingston avenue and Albany avenue; thence southwardly and along the said line midway between Kingston avenue and Albany avenue to a point distant 100 feet northerly from the northerly line of Malbone street; thence westwardly and always parallel with the northerly line of Malbone street and distant 100 feet therefrom to the intersection with a line passing through the point of beginning and parallel with New York avenue as laid out south of Malbone street; thence southwardly in a straight line to the point of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board, to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 13th day of March, 1908, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD and the corporation newspapers for ten days prior to the 13th day of March, 1908.

Dated February 29, 1908.

f29,m11

**NOTICE IS HEREBY GIVEN THAT AT** the meeting of the Board of Estimate and Apportionment held on February 14, 1908, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Wakeman place, from First avenue to Third avenue, where not already acquired by the City for parkway purposes, and Sixty-seventh street, from First to Third avenue, in the Borough of Brooklyn, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at the intersection of a line distant 100 feet northerly from and parallel with the northerly line of Sixty-seventh street, the said distance being measured at right angles to the line of Sixty-seventh street with a line distant 100 feet southeasterly from the southeasterly line of Third avenue, the said distance being measured at right angles to the line of Third avenue, and running thence westwardly and parallel with Sixty-seventh street to the intersection with the centre line of Third avenue; thence northeastwardly along the centre line of Third avenue to the intersection with the prolongation of a line midway between Sixty-sixth street and Wakeman place; thence northwestwardly along the line midway between Sixty-sixth street and Wakeman place to the intersection with the centre line of Second avenue; thence southwestwardly along the centre line of Second avenue to the intersec-

tion with the centre line of Wakeman place; thence northwestwardly along the centre line of Wakeman place to a point distant 100 feet northwardly from the northwesterly line of First avenue; thence southwestwardly and always parallel with and distant 100 feet from First avenue to the intersection with the prolongation of a line midway between Sixty-seventh street and Senator street; thence eastwardly and always midway between Sixty-seventh street and Senator street, to a point distant 100 feet easterly from the easterly side of Third avenue, the said distance being measured at right angles to the line of Third avenue; thence northeastwardly and always parallel with Third avenue to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board, to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 13th day of March, 1908, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD and the corporation newspapers for ten days prior to the 13th day of March, 1908.

Dated February 29, 1908.

**NOTICE IS HEREBY GIVEN THAT AT** the meeting of the Board of Estimate and Apportionment held on February 14, 1908, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Garrison avenue, from Leggett avenue to Longwood avenue, in the Borough of The Bronx, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the prolongation of a line midway between the Southern boulevard and Whitlock avenue, as laid out between East One Hundred and Fifty-sixth street and Longwood avenue, distant 100 feet southwesterly from its intersection with the southwesterly line of Leggett avenue, and running thence northeastwardly along the said line midway between the Southern boulevard and Whitlock avenue and the prolongations of the said line, to a point distant 100 feet northerly from the northerly line of Lafayette avenue, the said distance being measured at right angles to the line of Lafayette avenue; thence eastwardly and parallel with Lafayette avenue to the intersection with a line which bisects the angle formed by the intersection of the centre lines of Garrison avenue and Tiffany street; thence southwardly along the said bisecting line to a point distant 100 feet northeastwardly from the northeasterly line of Longwood avenue, the said distance being measured at right angles to the line of Longwood avenue; thence southwardly and parallel with Longwood avenue to the intersection with a line which is the bisector of the angle formed by the intersection of the prolongations of the southeasterly line of Barry street and the northwesterly line of Truxton street as laid out between Leggett avenue and Longwood avenue; thence southwestwardly along the said bisecting line to the intersection with a line which bisects the angle formed by the intersection of the prolongations of the centre lines of the Eastern boulevard and Leggett avenue as laid out west of Truxton street; thence westwardly along the said bisecting line to the westerly line of Cabot street; thence northwestwardly in a straight line to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board, to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 13th day of March, 1908, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 13th day of March, 1908.

Dated February 29, 1908.

**NOTICE IS HEREBY GIVEN THAT AT** the meeting of the Board of Estimate and Apportionment held on February 14, 1908, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of East One Hundred and Forty-first street, from Park avenue to Rider avenue, in the Borough of The Bronx, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the northwesterly property line of the New York and Harlem Railroad where it is intersected by the prolongation of a line midway between East One Hundred and Forty-first street and East One Hundred and Forty-second street, as laid out between Park avenue and Canal place, and running thence northeastwardly along the northwesterly property line of the New York and Harlem Railroad to the intersection with a line which bisects the angle formed by the intersection of the prolongations of the southerly line of East One Hundred and Forty-fourth street and the northerly line of East One Hundred and Forty-first street, as laid out between Park avenue and Canal place; thence eastwardly along the said bisecting line to the northwesterly line of Rider avenue; thence southwardly in a straight line to a point on the southeasterly line of Rider avenue midway between East One Hundred and Forty-first street and East One Hundred and Forty-second street; thence southwardly and par-

allel with East One Hundred and Forty-first street to a point distant 100 feet southeasterly from the southeasterly line of Rider avenue, the said distance being measured at right angles to the line of Rider avenue; thence southwestwardly and parallel with Rider avenue to the intersection with the prolongation of a line midway between East One Hundred and Forty-first street and East One Hundred and Fortieth street, as the said streets are laid out between Park avenue and Canal place; thence northwestwardly along the said line midway between East One Hundred and Forty-first street and East One Hundred and Fortieth street and the prolongation of the said line to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board, to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 13th day of March, 1908, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 13th day of March, 1908.

**NOTICE IS HEREBY GIVEN THAT AT** the meeting of the Board of Estimate and Apportionment held on February 14, 1908, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Two Hundred and Fifth street (Adee avenue), from White Plains road to Boston Post road, in the Borough of The Bronx, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Bounded on the north by a line midway between Adee avenue and Burke avenue; on the east by a line parallel with and always distant 100 feet easterly from the easterly line of Boston Post road, the said distance being measured at right angles to the line of Boston Post road; on the south by a line midway between Adee avenue and Arnov avenue, and on the west by a line distant 100 feet westerly from and parallel with the westerly line of White Plains road.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board, to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 13th day of March, 1908, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 13th day of March, 1908.

**NOTICE IS HEREBY GIVEN THAT THE** Board of Estimate and Apportionment of

The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out a tentative street plan and fix street grades for the proposed street system within a territory located in portions of the First, Second, Third and Fourth wards, Borough of Queens, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on March 13, 1908, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on February 14, 1908, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out a tentative street plan and fixing grades for the proposed street system within a territory located in portions of the First, Second, Third and Fourth wards, in the Borough of Queens, City of New York, more particularly described as follows:

A tentative street system is to be laid out within the territory bounded by Bowery Bay, Flushing Bay, Flushing River, Riverside avenue, Union turnpike, Forest Park, Myrtle avenue, Olmstead place, Central avenue, Proctor street, Cook street, Morton avenue, Metropolitan avenue, Van Dusen street, Satterlee avenue, Thew avenue, Penelope avenue, Florence avenue, Corinth street, Locust avenue, Brown place, Mueller street, Jay avenue, Carroll place, Garfield street, Columbia avenue, main line of the Long Island Railroad, Grout avenue, Sixth street, Polk avenue, New street, Woodside avenue, Newtown road, Nineteenth avenue, Grand avenue and Seventeenth avenue, and grades are to be established therefor. The lines and grades to be fixed are shown upon a map prepared by the President of the Borough of Queens, bearing date of June 1, 1907.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 13th day of March, 1908, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 13th day of March, 1908.

Dated February 29, 1908.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN, ROOM NO. 2, BOROUGH HALL, BOROUGH OF BROOKLYN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Brooklyn at the above office until 11 o'clock a. m. on

WEDNESDAY, MARCH 11, 1908.

Borough of Brooklyn.

No. 2. FOR FENCING VACANT LOTS WITH WOODEN RAIL FENCES, SIX FEET HIGH, ON THE SOUTH SIDE OF POPLAR STREET, BETWEEN HICKS STREET AND HENRY STREET, AND ON VARIOUS OTHER STREETS IN THE BOROUGH OF BROOKLYN.

The Engineer's estimate of the quantity is as follows:

2,990 linear feet of fence.

Time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Five Hundred Dollars (\$500).

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per ton, linear foot or other unit of measure, by which the bids will be tested. The bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained and the plans and drawings may be seen

at the office of the Department of Highways, the Borough of Brooklyn, Room 14, Municipal Building.

BIRD S. COLER,  
President.

Dated February 24, 1908.

f14,m13

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, NEW YORK, February 10, 1908.

PUBLIC NOTICE IS HEREBY GIVEN that applications will be received from MONDAY, FEBRUARY 10, 1908, UNTIL 4 P. M., MONDAY, FEBRUARY 24, 1908,

for the position of

COURT STENOGRAPHER, FOURTH AND FIFTH GRADES.

The examination will be held on

WEDNESDAY, MARCH 11, 1908,

at 10 a. m.

The subjects and weights of the examination are as follows:

General dictation .....	6
-------------------------	---

(Rating to be based on accuracy of transcription from notes taken at a given speed.)

Special dictation .....

(Rating to be based on speed and on ability to read back notes at once.)

The percentage required is 70.

The salary is \$1,800 to \$3,000 per annum.

One vacancy exists in the Municipal Court, Brooklyn, at a salary of \$2,000 per annum.

The general dictation will be given at two rates of speed, viz.: 150 and 175 words a minute, the lower rate for the fourth grade, the higher for the fifth.

The second branch of the examination is taking notes of testimony, question and answer being read by different examiners and taken at such rate of speed as the candidate desires, providing that it is at a rate of not less than 150 words per minute, and then read back, no transcript of this part of the examination being called for.

Candidates who wish to transcribe their notes on the typewriter should bring their own machines.

The minimum age is 21 years.

F. A. SPENCER,  
Secretary.

f10,m11

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, CITY OF NEW YORK.

PUBLIC NOTICE WILL BE GIVEN OF all competitive examinations two weeks in advance of the date upon which the receipt of applications for any scheduled examination will close. Applications will be received for only such examinations as are scheduled.

When an examination is advertised, a person desiring to compete in the same may obtain an application blank upon request made in writing or by personal application at the office of the Commission.

All notices of examinations will be posted in the office of the Commission, City Hall, Municipal Building, Brooklyn, and advertised in the City Record for two weeks in advance of the date upon which the receipt of applications will close for any stated position.

Public notice will also be given by advertisement in most of the City papers.

Wherever an examination is of a technical character, due notice is given by advertisement in the technical journals appertaining to the particular profession for which the examination is called.

Such notices will be sent to the daily papers as matters of news, and to the General Post-office and stations thereof. The scope of the examination will be stated, but for more general information application should be made at the office of the Commission.

Unless otherwise specifically stated, the minimum age requirement for all positions is 21.

FRANK L. POLK,  
President;

R. ROSS APPLETON,  
ARTHUR J. O'KEEFE,

Commissioners.

FRANK A. SPENCER,  
Secretary.

## DEPARTMENT OF TAXES AND ASSESSMENTS.

THE CITY OF NEW YORK, DEPARTMENT OF TAXES AND ASSESSMENTS, MAIN OFFICE, BOROUGH OF MANHATTAN, HALL OF RECORDS, JANUARY 10, 1908.

NOTICE IS HEREBY GIVEN, AS REQUIRED by the Greater New York Charter, that the books called "The Annual Record of the Assessed Valuation of Real and Personal Estate

of the Boroughs of Manhattan, The Bronx, Brooklyn, Queens and Richmond," comprising The City of New York, will be open for public inspection, examination and correction on the second Monday of January, and will remain open up to and including the 31st day of March, 1908.

During the time that the books are open for public inspection, application may be made by any person or corporation claiming to be aggrieved by the assessed valuation of real or personal estate to have the same corrected.

In the Borough of Manhattan, at the main office of the Department of Taxes and Assessments, Hall of Records, No. 31 Chambers street.

In the Borough of The Bronx, at the office of the Department, Municipal Building, One Hundred and Seventy-seventh street and Third Avenue.

In the Borough of Brooklyn, at the office of the Department, Municipal Building.

In the Borough of Queens, at the office of the Department, Hackett Building, Jackson Avenue and Fifth street, Long Island City.

In the Borough of Richmond, at the office of the Department, Borough Hall, New Brighton, Staten Island.

Corporations in all the boroughs must make application only at the main office in the Borough of Manhattan.

Applications in relation to the assessed valuation of personal estate must be made by the person assessed at the office of the Department in the borough where such person resides, and in case of a non-resident carrying on business in The City of New York at the office of the Department of the borough where such place of business is located, between the hours of 10 a. m. and 2 p. m., except on Saturday, when all applications must be made between 10 a. m. and 12 noon.

LAWSON PURDY,  
President;

FRANK RAYMOND,  
JAMES H. TULLY,

NICHOLAS MULLER,  
CHAS. PUTZEL,

THOS. L. HAMILTON,  
HUGH HASTINGS,

Commissioners of Taxes and Assessments.

## BOROUGH OF THE BRONX.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX, MUNICIPAL BUILDING, CROTONA PARK, ONE HUNDRED AND SEVENTY-SEVENTH STREET AND THIRD AVENUE.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of The Bronx at the above office until 11 o'clock a. m. on

THURSDAY, MARCH 5, 1908.

The amount of security required will be Two Thousand Dollars (\$2,000).

No. 7. FOR PAVING THE ROADWAY OF EAST ONE HUNDRED AND FIFTY-EIGHTH STREET (CEDAR PLACE), FROM CAULDWELL AVENUE TO JACKSON AVENUE, AND FROM FOREST AVENUE TO UNION AVENUE, WITH ASPHALT BLOCKS ON A CONCRETE FOUNDATION, AND FROM JACKSON AVENUE TO FOREST AVENUE WITH GRANITE BLOCKS ON A CONCRETE FOUNDATION, AND SETTING CURB WHERE NECESSARY.

The Engineer's estimate is as follows:  
Item 1—2,580 square yards of completed asphalt block pavement, and keeping the same in repair for five years from date of acceptance.

Item 2—525 cubic yards of concrete, including mortar bed.

Item 3—900 linear feet of new curbstone, furnished and set in concrete.

Item 4—1,430 linear feet of old curbstone, re-jointed, recut on top and reset in concrete.

Item 5—495 square yards of new granite block pavement on a concrete foundation, laid with paving cement joints, and keeping the same in repair for one year from date of acceptance.

The time allowed for the completion of the work will be forty (40) consecutive working days.

The amount of security required will be Three Thousand Five Hundred Dollars (\$3,500).

No. 8. FOR PAVING WITH ASPHALT BLOCKS ON A CONCRETE FOUNDATION THE ROADWAY OF ST. MARYS STREET, FROM ST. ANNS AVENUE TO ROBBINS AVENUE, AND SETTING CURB WHERE NECESSARY.

The Engineer's estimate is as follows:  
Item 1—4,710 square yards of completed asphalt block pavement, and keeping the same in repair for five years from date of acceptance.

Item 2—763 cubic yards of concrete, including mortar bed.

Item 3—800 linear feet of new curbstone, furnished and set in concrete.

Item 4—1,900 linear feet of old curbstone, re-jointed, recut on top and reset in concrete.

The time allowed for the completion of the work will be forty (40) consecutive working days.

The security required will be Five Thousand Dollars (\$5,000).

No. 9. FOR PAVING WITH ASPHALT BLOCKS ON A CONCRETE FOUNDATION THE ROADWAY OF EAST ONE HUNDRED AND FORTIETH STREET, FROM ST. ANNS AVENUE TO CYPRESS AVENUE, AND SETTING CURB WHERE NECESSARY.

The Engineer's estimate is as follows:  
Item 1—2,810 square yards of completed asphalt block pavement, and keeping the same in repair for five years from date of acceptance.

Item 2—455 cubic yards of concrete, including mortar bed.

Item 3—700 linear feet of new curbstone, furnished and set in concrete.

Item 4—1,000 linear feet of old curbstone, re-jointed, recut on top and reset in concrete.

The time allowed for the completion of the work will be thirty (30) consecutive working days.

The amount of security required will be Three Thousand Dollars (\$3,000).

No. 10. FOR REGULATING, GRADING, SETTING CURBSTONES, FLAGGING THE SIDEWALKS, LAYING CROSSWALKS, BUILDING APPROACHES AND PLACING FENCES IN BRIGGS AVENUE (GUN HILL ROAD), FROM WHITE PLAINS ROAD TO BAYCHESTER AVENUE, AT OR NEAR PELHAM BAY PARK.

The Engineer's estimate is as follows:  
Item 1—52,000 cubic yards of earth excavation.

Item 2—31,000 cubic yards of rock excavation.

Item 3—275,000 cubic yards of filling, exclusive of all material sinking below the surface of the marsh, as indicated on the plan.

Item 3a—A lump sum bid for all material sinking below the surface of the marsh, as indicated on the plan.

Item 4—21,450 linear feet of new curbstone, furnished and set.

Item 5—76,200 square feet of new flagging, furnished and laid.

Item 6—23,500 square feet of new bridgestone for crosswalks, furnished and laid.

Item 7—1,500 cubic yards of dry rubble masonry in retaining walls, culverts and gutters.

Item 8—200 cubic yards of rubble masonry in mortar.

Item 9—10 cubic yards of brick masonry.

Item 10—400 cubic yards of concrete.

Item 11—2,700 linear feet of vitrified stoneware pipe, 12 inches in diameter.

Item 12—1,900 linear feet of vitrified stoneware pipe, 18 inches in diameter.

Item 13—500 linear feet of vitrified stoneware pipe, 20 inches in diameter.

Item 14—1,150 linear feet of vitrified stoneware pipe, 24 inches in diameter.

Item 15—10,000 feet (B. M.) of lumber, furnished and laid.

Item 16—30 drainage inlets, type "A."

Item 17—50 drainage inlets, type "B."

Item 18—3,000 linear feet of piles, driven and cut off.

Item 19—3,000 pounds of steel rods in place.

Item 20—3,000 pounds of cast iron in inlet frames and covers, in place.

Item 21—1 tidegate, complete.

Item 22—140 linear feet of reinforced concrete, 10 feet by 6 feet.

Item 23—840 linear feet of reinforced concrete, 6 feet by 5 feet.

Item 24—13,500 linear feet of guard rails.

The time allowed for the completion of the work will be five hundred (500) working days.

The amount of security required will be One Hundred Thousand Dollars (\$100,000).

No. 11. FOR REGULATING AND REGRADING, GRADING AND REGRADING, SETTING CURBSTONES, FLAGGING AND REFLAGGING THE SIDEWALKS AND LAYING AND RELAYING CROSSWALKS IN EAST ONE HUNDRED AND SEVENTY-SIXTH STREET, FROM WEST FARMS ROAD TO BOSTON ROAD, AND PAVING THE ROADWAY THEREOF WITH GRANITE BLOCKS ON A SAND FOUNDATION.

The Engineer's estimate is as follows:  
Item 1—1,940 cubic yards of earth excavation.

Item 2—1,160 cubic yards of rock excavation.

Item 3—460 cubic yards of filling.

Item 4—850 linear feet of new curbstone, furnished and set.

Item 5—600 linear feet of old curbstone, re-jointed and set.

Item 6—3,460 square feet of new flagging, furnished and laid.

Item 7—2,550 square feet of old flagging, re-jointed and relaid.

Item 8—50 square feet of new bridgestone for crosswalks, furnished and laid.

Item 9—1,300 square feet of old bridgestone, re-jointed and relaid.

Item 10—10 cubic yards of dry rubble masonry in retaining walls, culverts and gutters.

Item 11—20 linear feet of vitrified stoneware pipe, 12 inches in diameter.

Item 12—3,170 square yards of new granite block pavement on a sand foundation, laid with sand joints, and keeping the pavement in repair for one year from date of acceptance.

The time allowed for the completion of the work will be seventy-five (75) working days.

The amount of security required will be Thirty-six Hundred Dollars (\$3,600).

No. 12. FOR REGULATING, GRADING, SETTING CURBSTONES, FLAGGING THE SIDEWALKS, LAYING CROSSWALKS, BUILDING APPROACHES AND PLACING FENCES IN EXTERIOR STREET, FROM EAST ONE HUNDRED AND FORTY-NINTH STREET TO JEROME AVENUE.

The Engineer's estimate is as follows:  
Item 1—1,450 cubic yards of excavation of all kinds.

Item 2—57,600 cubic yards of filling, exclusive of all material sinking below the surface of the marsh, as indicated on the plan.

Item 3—6,670 linear feet of new curbstone, furnished and set.

Item 4—26,340 square feet of new flagging, furnished and laid.

Item 5—1,850 square feet of new bridgestone for crosswalks, furnished and laid.

Item 6—220 cubic yards of dry rubble masonry, in retaining walls, culverts and gutters.

Item 7—100 linear feet of vitrified stoneware pipe, 12 inches in diameter.

Item 8—1,000 feet (B. M.) of lumber, furnished and laid.

Item 9—3,000 linear feet of new guard rail in place.

Item 10—A lump sum bid for all material sinking below the surface of the marsh, as indicated on the plan.

The time allowed for the completion of the work will be three hundred (300) days.

The amount of security required will be Eighteen Thousand Dollars (\$18,000).

No. 13. FOR REGULATING, GRADING, SETTING CURBSTONES, FLAGGING THE SIDEWALKS, LAYING CROSSWALKS, BUILDING APPROACHES AND PLACING FENCES IN CITY ISLAND AVENUE (MAIN STREET), FROM THE APPROACH TO THE BRIDGE, 300 FEET NORTH OF ELIZABETH STREET TO THE LONG ISLAND SOUND AT THE SOUTHERLY END OF CITY ISLAND.

The Engineer's estimate is as follows:  
Item 1—6,200 cubic yards of earth excavation.

## DEPARTMENT OF CORRECTION.

DEPARTMENT OF CORRECTION, No. 148 EAST TWENTIETH STREET, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Correction at the above office until 11 o'clock a. m. on

TUESDAY, MARCH 17, 1908.

Borough of Manhattan.

FOR FURNISHING AND DELIVERING MEDICAL AND SURGICAL SUPPLIES.

The time for the delivery of the articles, materials and supplies and the performance of the contract is during the year 1908.

The amount of security required is fifty per cent. (50%) of the amount of the bid or estimate.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per pound, ton, dozen, gallon, yard or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the totals and awards made to the lowest bidder on each item.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained at the office of the Department of Correction, the Borough of Manhattan, No. 148 East Twentieth street.

JOHN V. COGGEY,  
Commissioner.

Dated March 3, 1908.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF QUEENS, THIRD FLOOR OF THE BOROUGH HALL, FIFTH STREET AND JACKSON AVENUE, LONG ISLAND CITY, BOROUGH OF QUEENS, CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Queens at the above office until 11 o'clock a. m. on

THURSDAY, MARCH 5, 1908.

No. 1. FOR REBUILDING THE INTERIOR OF THE QUEENS COUNTY COURT HOUSE AT LONG ISLAND CITY, TOGETHER WITH ALL THE WORK INCIDENTAL THERETO, EXCEPTING ALL THAT PROVIDED FOR IN THE PREVIOUS CONTRACT.

The time allowed for doing and completing the above work will be one hundred and eighty (180) working days.

The amount of security required will be One Hundred Thousand Dollars (\$100,000).

No. 2. FOR BUILDING AN INTERIOR PUBLIC BATH IN THE BOROUGH OF QUEENS, TOGETHER WITH ALL THE WORK INCIDENTAL THERETO.

The time allowed for doing and completing the above work will be ninety (90) working days.

The amount of security required will be Six Thousand Dollars (\$6,000).

The bidder will state the price of each item or article contained in the specifications or schedule herein contained or hereafter annexed, per square yard, linear foot or other unit of measure, by which the bids will be tested.

The extensions must be made and footed up, as the bids will be read from a total.

Bids will be compared and the contract awarded at a lump or aggregate sum.

Blank forms may be obtained and the plans and drawings may be seen at the office of the President of the Borough of Queens.

Dated Long Island City, February 27, 1908.

JOSEPH BERMEI,  
President of the Borough of Queens.

See General Instructions to Bidders on the last page, last column, of the "City Record."

**DEPARTMENT OF EDUCATION.**

DEPARTMENT OF EDUCATION, CORNER OF PARK AVENUE AND FIFTY-NINTH STREET, BOROUGH OF MANHATTAN, CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Superintendent of School Buildings at the above office of the Department of Education, until 3.30 p. m., on

MONDAY, MARCH 9, 1908.

Borough of Brooklyn.

FOR PUPILS' DESKS AND SEATS FOR VARIOUS HIGH SCHOOL ANNEXES IN THE BOROUGH OF BROOKLYN.

The time allowed to complete the whole work will be fifteen working days as provided in the contract.

The amount of security required is Eight Hundred Dollars.

The proposal to be submitted must include the entire work and award will be made thereon.

The bids will be compared and the contract awarded in a lump sum to the lowest bidder.

Blank forms and specifications may be obtained or seen at the office of the Superintendent at Estimating Room, ninth floor, Hall of the Board of Education, Park avenue and Fifty-ninth street, Borough of Manhattan.

C. B. J. SNYDER,  
Superintendent of School Buildings.

Designated by the Board of City Record, January 22, 1906. Amended March 1, 1906, November 20, 1906, and February 20, 1907.

**SUPREME COURT—FIRST DEPARTMENT.**

**FIRST DEPARTMENT.**

In the matter of acquiring title by The City of New York to certain lands and premises situated on the WESTERLY SIDE OF AVENUE A, or Sutton place, and the NORTHERLY SIDE OF FIFTY-NINTH STREET and the SOUTHERLY SIDE OF SIXTIETH STREET, between Avenue A, or Sutton place, and First avenue, in the Borough of Manhattan, in The City of New York, duly selected with other property as a site for the Blackwells Island Bridge.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Appraisal in the above-entitled proceeding, do hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties or persons respectively entitled to or interested in the lands and premises affected by this proceeding, or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Estimate and Apportionment of The City of New York, Room 1406, No. 277 Broadway, in the Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern.

Second—That all parties or persons whose rights may be affected by the said estimate, or

who may object to the same, or any part thereof, may, within ten days after the first publication of this notice, Thursday, March 5, 1908, file their objections, in writing, with us, at our office, Room 401, No. 258 Broadway, in the Borough of Manhattan, in The City of New York; and we, the said Commissioners, will hear parties so objecting, at our said office, on the 18th day of March, 1908, at 3.30 o'clock in the afternoon of that day, and upon such subsequent days as may be found necessary.

Dated New York, March 4, 1908.

JOEL B. ERHARDT,  
E. W. BLOOMINGDALE,  
WILLIAM M. WRIGHT,  
Commissioners.

JOSEPH M. SCHENCK,  
Clerk.

**FIRST DEPARTMENT.**

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of GLEBE AVENUE, from Westchester avenue to Overing avenue; LYON AVENUE, from Zerega avenue to Castle Hill avenue; FRISBY AVENUE, from Zerega avenue to West Farms road; TRATMAN AVENUE, from Zerega avenue to Benson avenue, all of which are in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT BY orders of the Supreme Court, bearing date the 20th day of October, 1907, and the 5th day of February, 1908, and duly entered in the office of the Clerk of the County of New York at his office, in the Borough of Manhattan, in The City of New York, on the 16th day of December, 1907, and the 6th day of February, 1908, a copy of the order bearing date the 29th day of October, 1907, was duly filed in the office of the Register of the County of New York, we, Robert H. Bergman, Timothy F. Driscoll and George Burchell, were appointed Commissioners of Estimate, for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above-mentioned streets or avenues, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 16th day of December, 1907, and the said Robert H. Bergman was appointed Commissioner of Assessment for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said streets or avenues so to be opened and extended to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached filed herein in the office of the Clerk of the County of New York on the 16th day of December, 1907, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4, of the Greater New York Charter as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said streets or avenues and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 16th day of March, 1908, at 11 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, March 3, 1908.

ROBT. H. BERGMAN,  
T. F. DRISCOLL,  
GEO. BURCHELL,  
Commissioners.

JOHN P. DUNN,  
Clerk.

**FIRST DEPARTMENT.**

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of the strip of land on the east side of BOULEVARD LAFAYETTE, at or near Durando's lane, as laid out for use as a public park, in the Twelfth Ward, Borough of Manhattan, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate for damage and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 23d day of March, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 24th day of March, 1908, at 2 o'clock p. m.

Second—That the abstract of our said estimate for damage, together with our damage maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 28th day of March, 1908.

Third—That, provided there be no objections filed to said abstract, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 14th day of May, 1908, at the opening of the Court on that day.

Fourth—In case, however, objections are filed to said abstract of estimate for damage, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have heretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, February 24, 1908.

DANIEL P. HAY,  
Chairman;  
ALEXANDER SCHLESINGER,  
Commissioners.

JOHN P. DUNN,  
Clerk.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of CHURCH AVENUE, from Flatbush avenue to East Eleventh street, in the Twenty-ninth Ward, Borough of Brooklyn, City of New York.

**WE, THE UNDERSIGNED COMMISSIONERS** of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 18th day of March, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 19th day of March, 1908, at 2.30 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 28th day of March, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the westerly side of Flatbush avenue where the same is intersected by a line drawn parallel with Church avenue and distant two hundred feet northerly of the northerly side of Church avenue; running thence westerly and parallel with Church avenue to the easterly side of East Eleventh street or Stratford road; running thence southerly and along the easterly side of East Eleventh street or Stratford road to where a line drawn parallel with the southerly side of Church avenue and distant two hundred feet southerly therefrom would intersect the easterly side of said Stratford road; running thence easterly and parallel with Church avenue to the westerly side of Flatbush avenue; running thence northerly along the westerly side of Flatbush avenue to the point or place of beginning.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 12th day of May, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD and in the corporation newspapers, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Brooklyn, New York, February 28, 1908.

JOHN M. ZURN,  
GEO. W. PALMER,  
Commissioners.

JAMES F. QUIGLEY,  
Clerk.

f28,m16

## SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title to NEW-ELL STREET, from Meserole avenue to Greenpoint avenue, in the Seventeenth Ward, in the Borough of Brooklyn, The City of New York.

**NOTICE IS HEREBY GIVEN THAT WE,** the undersigned, were appointed by an order of the Supreme Court, made and entered herein on the 12th day of November, 1907, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 7th day of December, 1907, and indexed in the Index of Conveyances in Section 9, Blocks 2577, 2578, 2600, 2601, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss and damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening the said street or avenue, as particularly described in the petition of The City of New York, filed with said order in the office of the Clerk of Kings County, and for the purpose of making a just and equitable assessment of the benefit of said street or avenue so to be opened to the respective owners, parties and persons respectively entitled to or interested in the lands and premises, and not required for the purpose of opening said street or avenue, but benefited thereby, and of ascertaining and defining the district benefited by said assessment, and the extent and boundaries of the respective tracts and parcels of land participating in said benefit, and of performing the trusts and duties required of us by title 4 of chapter 17 of the Charter of The City of New York, and the Acts or parts of Acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of opening said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office in the Bureau of Street Openings of the Law Department, No. 166 Montague street, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 16th day of March, 1908, at 11 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine proofs of such claimant or claimants, or such additional proofs

and allegations as may then be offered by such owner, or on behalf of The City of New York. Dated Borough of Brooklyn, City of New York, February 19, 1908.

OTTO G. FOELKER,  
ELISHA T. EVERETT,  
AARON SHERK,  
Commissioners.

JAMES F. QUIGLEY,  
Clerk.

f19,m13

## SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of BAY RIDGE PARKWAY, between Sixty-sixth street and Sixty-seventh street, and extending from a few feet east of Ninth avenue for a distance of 434 feet to a point about midway between Eighth and Ninth avenues, in the Thirtieth Ward, Borough of Brooklyn, City of New York.

**WE, THE UNDERSIGNED COMMISSIONERS** of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 9th day of March, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 11th day of March, 1908, at 3 o'clock p. m.

Second—That the abstracts of our said estimate of damage, together with our damage maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 17th day of March, 1908.

Third—That, provided there be no objections filed to said abstract, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 20th day of April, 1908, at the opening of the Court on that day.

Fourth—In case, however, objections are filed to said abstract of estimate of damage, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD and in the corporation newspapers, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Brooklyn, New York, February 18, 1908.

J. EDW. SWANSTROM,  
Chairman;  
ROBERT STEWART,  
ARCHIBALD J. QUAIL,  
Commissioners.

JAMES F. QUIGLEY,  
Clerk.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of FORTY-SEVENTH STREET, from Eighteenth avenue to Gravesend avenue, in the Thirtieth Ward, Borough of Brooklyn, City of New York.

**WE, THE UNDERSIGNED COMMISSIONERS** of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 9th day of March, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 10th day of March, 1908, at 2 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 17th day of March, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the westerly line of Gravesend avenue and southerly line of Eighteenth avenue, and running thence southerly along said westerly line of Gravesend avenue to its intersection with the northerly line of Avenue I; thence westerly along said northerly line of Avenue I to its intersection with the easterly line of West street, and thence northerly along said easterly line of West street to its intersection with the northerly line of Forty-eighth street; thence northwesterly along said prolongation and northerly line of Forty-eighth street to its intersection with the southerly side of Nineteenth avenue; thence northerly to a point formed by the intersection of the northerly line of Nineteenth avenue with the centre line of the blocks between Forty-seventh and Forty-eighth streets; thence northerly along said centre line to its intersection with the southerly line of Eighteenth avenue; thence northwesterly and easterly along said southerly line of Eighteenth avenue to the point or place of beginning, as such area is shown on the benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 20th day of April, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD and in the corporation newspapers, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Brooklyn, February 18, 1908.

THEODORE B. GATES,  
Chairman;  
R. H. ABERCROMBIE,  
ARTHUR R. SEWARD,  
Commissioners.

JAMES F. QUIGLEY,  
Clerk.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of FIFTIETH STREET, from the old City line to New Utrecht avenue, in the Thirtieth Ward, Borough of Brooklyn, City of New York.

**WE, THE UNDERSIGNED COMMISSIONERS** of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 9th day of March, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 10th day of March, 1908, at 11 o'clock a. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates and proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 17th day of March, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the westerly line of New Utrecht avenue and a line drawn parallel to and distant one hundred (100) feet southerly from the southerly line of Fifth street, and running thence northwesterly along said parallel line to its intersection with the old City line; thence northeasterly along said old City line to its intersection with a line drawn parallel to and distant one hundred (100) feet northerly from the northerly line of Fifth street; thence southeasterly along said last mentioned parallel line to its intersection with the westerly line of New Utrecht avenue; thence southerly along said last mentioned line to the point or place of beginning, as such area is shown upon our benefit maps, deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 20th day of April, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD and in the corporation newspapers, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Brooklyn, New York, February 18, 1908.

A. I. NOVA,  
GEO. E. GLENDENNING,  
OTTO WETZEL,  
Commissioners.

JAMES F. QUIGLEY,  
Clerk.

## SUPREME COURT—NINTH JUDICIAL DISTRICT.

NINTH JUDICIAL DISTRICT, WESTCHESTER COUNTY.

HILL VIEW RESERVOIR.

Section No. 1.

In the matter of the application and petition of J. Edward Simmons, Charles N. Chadwick and Charles A. Shaw, constituting the Board of Water Supply of The City of New York, to acquire real estate for and on behalf of The City of New York, under chapter 724 of the Laws of 1905 and the acts amendatory thereof, in the City of Yonkers, Westchester County, N. Y., for the purpose of providing an additional supply of pure and wholesome water for the use of The City of New York.

**PUBLIC NOTICE IS HEREBY GIVEN** that the first separate report of George N. Rigby, Bernard F. Martin and James P. Appar, Commissioners of Appraisal herein, appointed on May 4, 1907, was filed in the office of the County Clerk of Westchester County on January 17, 1908.

Said report covers and includes the parcels of land designated on the map filed in the office of the Register of Westchester County on February 18, 1907, as Map No. 1700, designated thereon by the numbers 16, 18, 24, 47, 48 and 49.

Notice is further given that an application will be made at a Special Term of the Supreme Court, in and for the Ninth Judicial District, to be held at the Court House at White Plains, N. Y., on the 7th day of March, 1908, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard, for an order confirming said report, and for such other and further relief as to the Court shall seem just and proper.

Dated February 6, 1908.

FRANCIS KEY PENDLETON,  
Corporation Counsel.  
Hall of Records, Corner Chambers and Centre Streets, New York City.

## NINTH JUDICIAL DISTRICT, WESTCHESTER COUNTY.

CATSKILL AQUEDUCT.

Section No. 1.

Yorktown and Cortlandt, Westchester County.

In the matter of the application and petition of J. Edward Simmons, Charles A. Shaw and Charles N. Chadwick, constituting the Board of Water Supply of The City of New York, to acquire real estate for and on behalf of The City of New York, under chapter 724 of the Laws of 1905 and the acts amendatory thereof, in the Towns of Yorktown and Cortlandt, Westchester County, N. Y., for the purpose of providing an additional supply of pure and wholesome water for the use of The City of New York.

**PUBLIC NOTICE IS HEREBY GIVEN** that the fourth separate report of Edward G. Whitaker, William C. Kellogg and Arthur W. Lawrence, Commissioners of Appraisal in the above entitled proceeding, appointed by an order of the Supreme Court, dated January 19, 1907, was filed in the office of the County Clerk of Westchester County, February 6, 1908.

Said report includes parcels of land shown on the map in this proceeding, filed in the office of the Register of Westchester County on October 17, 1906, as Map No. 1665, designated thereon as Parcels 7, 11, 16, 22, 29, 37, 38, 39, 41, 43 and 50.

Notice is further given that an application will be made at a Special Term of the Supreme Court, held in and for the Ninth Judicial District, at the Court House, in White Plains, N. Y., on the 7th day of March, 1908, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard, for an order confirming said report, and for such other and further relief as to the Court may seem just and proper.

Dated February 6, 1908.

FRANCIS KEY PENDLETON,  
Corporation Counsel.  
Office and Post-office Address, Hall of Records, Corner Chambers and Centre Streets, New York City.

## PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

## NOTICE TO CONTRACTORS.

## GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
