The Board met in pursuance of an adjournment.

Present—Frank L. Dowling, Acting Mayor; William A. Prendergast, Comptroller; Albert E. Hadlock, Deputy and Acting Comptroller; Robert L. Moran, Acting President, Board of Aldermen; Marcus M. Marks, President, Borough of Manhattan; Lewis H. Pounds, President, Borough of Brooklyn; Douglas Mathewson, President, Borough of The Bronx; Maurice E. Connolly, President, Borough of Queens, and Calvin D. Van Name, President, Borough of Richmond.

The Acting Mayor, Frank L. Dowling, presided.

PUBLIC HEARINGS.

On Areas of Assessment for Benefit in Condemnation Proceedings.

Borough of Brooklyn.

Hearing on the Proposed Area of Assessment and Apportionment of Cost of Acquiring Title to the Public Park and Playground in the Block Bounded by Lorimer Street, Johnson Avenue, Leonard Street and Boerum Street, Borough of Brooklyn (Cal. No. 1).

(On February 9, 1917 (Cal. No. 2), the above matter was referred to the Committee on Assessments.)

(The hearing in this matter was fixed for September 21, 1917, by resolution adopted on July 19, 1917 (Cal. No. 174), and the report of the Chief Engineer is printed in the minutes of said meeting. On September 21, 1917 (Cal. No. 15), the hearing was continued to this meeting.)

(After a public hearing on September 21, 1917 (Cal. No. 6), the Board adopted a resolution laying out the public park and playground. His Honor the Mayor thereupon signed the resolution, and the map change is now in effect. The report of the Committee on Assessments is printed in the minutes of said meeting.)

The Secretary presented affidavits of publication showing that the matter had been duly advertised.

The Secretary also presented a communication dated September 24, 1917, from the Secretary of the Committee on Recreation submitting facts in support of this playground and meeting the arguments of those who oppose the local assessment; and a communication dated September 30, 1917, from Howard and Mary Donohue, of 307 Humboldt street, in opposition to the proposed park.

Eugene Ruoff, representing the 13th Assembly District Taxpayers' Association; George W. Schaefer, First Vice-President, Bushwick Savings Bank; Hon. Alexander Bassett, William Irvine, J. P. Conselyea and J. J. McConville, appeared in opposition to the proposed area of assessment.

Hon. Raymond V. Ingersoll, Commissioner of Parks, Borough of Brooklyn; Nathaniel J. Ferber, Hon. Jacob S. Strahl, Chairman of the Citizens Committee, and Hon. Harry Heyman appeared in favor thereof.

No one else appearing, the hearing was closed.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, as amended, deems it for the public interest that the title for the uses and to the extent thereof as herein mentioned to the real property required for the opening and extending of the Public Playground and Park comprising the block bounded by Lorimer Street, Johnson Avenue, Leonard Street and Boerum Street, as laid out by the Board on September 21, 1917, in the Borough of Brooklyn, City of New York, should be acquired by The City of New York.

Resolved, That the title to be so acquired is hereby determined to be a title in fee simple absolute in such premises.

Resolved, That the compensation to be made to the owners of the real property to be acquired shall be ascertained and determined by the Supreme Court without a jury.

Resolved, That the Board of Estimate and Apportionment hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court to have the compensation which should justly be made to the respective owners of the real property proposed to be taken, ascertained and determined by the Supreme Court without a jury, and to have the said Court assess the cost and expense of the proceedings upon the real property in the proportions hereinafter determined, and to take the necessary proceedings, in the name of The City of New York, to acquire title as herein determined, wherever the same has not heretofore been acquired, for the use of the public for the same purpose, to the real property that shall or may be required for the purpose of opening and extending said Public Playground and Park comprising the block bounded by Lorimer Street, Johnson Avenue, Leonard Street and Boerum Street, Borough of Brooklyn, upon the receipt by him of a rule map and damage map certified as having been approved by this Board; and

Whereas, It appears from the affidavits of the Supervisor of the City Record and the publishers of the corporation newspapers that due notice was given therein that at the time of the adoption of the resolution directing the institution of proceedings herein to acquire title to the real property required for this improvement that the Board of Estimate and Apportionment would consider proposed areas of assessment and apportionment of cost as therein described and would give a public hearing thereon upon the 21st day of September, 1917; and

Whereas, At the aforesaid time a public hearing was given to all persons interested in said proposed apportionment of cost and areas of assessment who appeared, and the same were duly considered by this Board;

Resolved, That 1.1 per cent. of the entire cost and expense of the proceedings herein authorized, incurred by reason of the provisions of title 4, chapter XVII, of the Greater New York Charter, as amended, including the expense of the Bureau of Street Openings, the cost and expense incurred by the President of the Borough of Brooklyn in the preparation of rule, damage and benefit maps, for use in the proceedings, and of all other expenses and disbursements authorized by section 977 of said Title, as amended, shall be assessed upon the property deemed to be benefited thereby, and included in the following assessment area designated as "Zone A":

Bounded on the north by a line midway between Johnson Avenue and Montrose Avenue; on the east by a line always distant 100 feet easterly from and parallel with the easterly line of Leonard Street; on the south by a line midway between Boerum Street and McKibbin Street; and on the west by a line distant 100 feet westerly from and parallel with the westerly line of Lorimer Street.

Resolved, That 10.2 per cent. of the entire cost and expense of the proceedings herein authorized shall be assessed upon the property included in the following assessment area designated as "Zone B":

Beginning at a point on a line midway between Stagg Street and Scholes Street, distant 100 feet westerly from the westerly line of Lorimer Street, and running thence eastwardly along the said line midway between Stagg Street and Scholes Street to a point distant 100 feet easterly from the easterly line of Lorimer Street; thence southwardly and parallel with Lorimer Street to the intersection with a line midway between Scholes Street and Meserole Street; thence eastwardly along the said line midway between Scholes Street and Meserole Street to a point distant 100 feet westerly from the westerly line of Leonard Street; thence northwardly and parallel with Leonard Street to the intersection with a line midway between Stagg Street and Scholes Street; thence eastwardly along the said line midway between Stagg Street and Scholes Street to a point distant 100 feet easterly from the easterly line of Leonard Street; thence southwardly and parallel with Leonard Street to a line midway between Scholes Street and Meserole Street; thence eastwardly along the said line midway between Scholes Street and Meserole Street to a point distant 100 feet westerly from the westerly line of Manhattan Avenue; thence southwardly and parallel with Manhattan Avenue to the intersection with a line midway between Meserole Street and Montrose Avenue; thence eastwardly along the said line midway between Meserole Street and Montrose Avenue to a point distant 100 feet easterly from the easterly line of Manhattan Avenue; thence southwardly and parallel with Manhattan Avenue to the intersection with a line midway between Montrose Avenue and Johnson Avenue; thence eastwardly along the said line midway between Montrose Avenue and Johnson Avenue to a point distant 100 feet westerly from the westerly line of Graham Avenue; thence southwardly and parallel with Graham Avenue to the intersection with a line midway between Boerum Street and McKibbin Street; thence westwardly along the said line midway between Boerum Street and McKibbin Street to a point 100 feet easterly from the easterly line of Manhattan Avenue; thence southwardly and parallel with Manhattan Avenue to the intersection with a line midway between McKibbin Street and Seigel Street; thence westwardly along the said line midway between McKibbin Street and Seigel Street to a point distant 100 feet westerly from the westerly line of Manhattan Avenue; thence southwardly and parallel with Manhattan Avenue to the intersection with a line midway between Seigel Street and Moore Street; thence westwardly along the said line midway between Seigel Street and Moore Street to a point distant 100 feet easterly from the easterly line of Leonard Street; thence southwardly and parallel with Leonard Street to the intersection with a line midway between Moore Street and Varet Street; thence westwardly along said line midway between Moore Street and Varet Street and the prolongation thereof to the intersection with the

Resolved, That 20 per cent. of the entire cost and expense of the proceedings herein authorized shall be borne and paid by The City of New York, such 20 per cent. to include any part of the damage to buildings which may be placed upon the City by the Court, and not to be in addition thereto; and that 40 per cent. of such cost and expense shall be placed upon the Borough of Brooklyn; the amount so placed upon the Borough of Brooklyn to be levied and collected with the taxes upon the real property of said Borough becoming due and payable in the year in which such cost and expense shall have been fixed and determined, provided that such cost and expense be ascertained in time to be included with the taxes on the real property of said Borough in the same year; and if not determined in time, the same shall be levied and collected with the taxes of the succeeding year.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Miscellaneous Hearings.

Hearings on Proposed Amendments to Paragraph "a" of Section 24 of Building Zone Resolution (Cal. No. 2).

Amendment No. 1.

To extend for one year the time allowed for the completion of the ground story

framework of buildings, permits for the erection of which were issued under the resolution.

Amendment No. 2.

To authorize the Board of Appeals to extend time for six months in cases coming within condition outlined in the report of the Committee on City Plan.

(On May 18 (Cal. No. 80), May 25 (Cal. No. 149), June 1 (Cal. No. 100), June 22 (Cal. Nos. 131 and 179), and June 27, 1917 (Cal. No. 21), communications in favor of and in opposition to the proposed amendment (No. 1) to section 24 of the Building Zone Resolution were referred to the Committee on the City Plan.)

(On May 25, 1917 (Cal. No. 107), a resolution presented by the President of the Board of Aldermen to amend the Zoning Resolution was referred to the Committee on the City Plan (Amendment No. 1).)

(On June 29, 1917 (Cal. No. 33), the report of the Committee on the City Plan was presented and the matter was laid over until July 3, 1917, and on the latter date (Cal. No. 57), a resolution was adopted fixing July 19, 1917, as the date for a public hearing on the resolution recommended by the Committee (Amendment No. 2). The report of the Committee on the City Plan is printed in minutes of said meeting. After a public hearing (Cal. No. 4, July 19), the resolution failed of adoption, and the hearing was continued to September 21, 1917, which was also fixed as the date for a hearing on the resolution offered by the President of the Board of Aldermen (Amendment No. 1.)

(On September 21, 1917 (Cal. No. 28), the hearings on these two proposed changes were continued to this meeting.)

The Secretary presented affidavits of publication showing that the matters had been duly advertised.

The Secretary presented communications from the City Club of New York, dated June 25, 1917; the Fifth Avenue Association, Inc., dated June 27, 1917; the Zoning Committee, dated June 22, 1917; the Tenement House Committee of the Charity Organization Society, dated June 23, 1917; the Save New York Committee, dated June 27, 1917; the Citizen's Union of the City of New York, dated July 6, 1917, and from the Real Estate Board of New York, dated July 18, 1917, all in opposition to Amendment No. 1.

And a communication from Messrs. Elbers & Abberley, dated June 20, 1917, transmitting a petition, dated June 18, 1917, signed by various contractors and builders in the Borough of Manhattan, a communication from Joseph P. Day, dated May 1, 1917, and a petition of the Tremont-Webster Building Company and others, dated May 17, 1917, in favor of Amendment No. 1.

The Secretary also presented a communication, dated September 18, 1917, from Frederick B. Pratt, chairman of the Zoning Committee, and a communication, dated September 24, 1917, from the President of the City Club of New York in opposition to the first of these proposed amendments and in favor of the second.

F. W. Hottenroth, Edward M. Bassett, W. B. Heydecker, representing the City Club; B. Marquette, representing the Tenement House Committee of the Charity Organization Society, and E. P. Doyle, representing the Real Estate Board, appeared in opposition to Amendment No. 1.

H. B. Chambers, Hugo S. Mack, A. J. Schwarzer and Frederick C. Zobel, appeared in opposition to Amendment No. 2.

No one else desiring to be heard, the hearing was closed.

The following resolution was offered:

Resolved, By the Board of Estimate and Apportionment, that subdivision (a) of section 24 of "A resolution regulating and limiting the height and bulk of buildings hereafter erected and regulating and determining the area of yards, courts and other open spaces, and regulating and restricting the location of trades and industries and the location of buildings designed for specified uses and establishing the boundaries of districts for the said purposes," be and is hereby amended to read as follows:

Section 24. Completion and Restoration of Existing Buildings. (a) Nothing herein contained shall require any change in the plans, construction or designated use of a building for which a building permit has been heretofore issued, or plans for which are on file with the Building Superintendent or with the Tenement House Department at the time of the passage of this resolution, and a permit for the erection of which is issued within three months of the passage of this resolution and the construction of which, in either case, shall have been diligently prosecuted within two years of the date of such permit, and the ground story framework of which, including the second tier of beams, shall have been completed within such two years, and which entire building shall be completed according to such plans as filed within five years from the date of the passage of this resolution; provided, however, that any plan, other than a plan for a garage for more than five motor vehicles, filed with the Building Superintendent or with the tenement house department on July 26 or July 27, 1916, and a permit for the erection of which is issued prior to December 25, 1916, shall be deemed to have been filed at the time of the passage of this resolution.

Which failed of adoption, receiving the following vote:

Affirmative—The Acting Mayor and the President of the Borough of Queens—4.
Negative—The Deputy and Acting Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx—8.

The following resolution was offered:

Resolved, By the Board of Estimate and Apportionment, that paragraph (a) of section 24 of the resolution adopted by said Board July 25, 1916, entitled, "A resolution regulating and limiting the height and bulk of buildings hereafter erected and regulating and determining the area of yards, courts and other open spaces, and regulating and restricting the location of trades and industries and the location of buildings designed for specified uses and establishing the boundaries of districts for the said purposes," be and is hereby amended by adding at the end thereof the following:

Provided, also, that the Board of Appeals may, after public notice and hearing, extend for not to exceed six months the time within which such ground-story framework, including the second tier of beams, shall be completed in any case where, in the judgment of said Board, actual construction or fabrication was begun early enough to allow under the then existing conditions adequate time for completion as above specified, and where such construction or fabrication was diligently prosecuted and where such completion has been prevented by conditions impossible to foresee and beyond the control of the owner and builder.

Which failed of adoption, receiving the following vote:

Affirmative—The Deputy and Acting Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx—8.
Negative—The Acting Mayor and the President of the Borough of Queens—4.

The President of the Borough of Queens moved that the foregoing vote be reconsidered, which motion was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The hearing on this proposed amendment was then continued to October 19, 1917.

The Acting Mayor offered the following resolution:

Resolved, That the Board of Estimate and Apportionment hereby fixes Friday, October 19, 1917, at 10:30 o'clock a. m., and Room 16, City Hall, Borough of Manhattan, as the time and place for a Public Hearing on a proposed amendment of Section 24 (a) of the Building Zone Resolution, so as to read as follows:

Sec. 24. Completion and Restoration of Existing Buildings. (a) Nothing herein contained shall require any change in the plans, construction or designated use of a building for which a building permit has been heretofore issued, or plans for which are on file with the building superintendent or with the tenement house department at the time of the passage of this resolution, and a permit for the erection of which is issued within three months of the passage of this resolution and the construction of which, in either case, shall have been diligently prosecuted within a year and six months of the date of such permit, and the ground-story framework of which, including the second tier of beams, shall have been completed within such year and six months, and which entire building shall be completed according to such plans as filed within five years from the date of the passage of this resolution. Provided, however, that any plan, other than a plan for a garage for more than five motor vehicles, filed with the building superintendent or with the tenement house department on July 26 or July 27, 1916, and

a permit for the erection of which is issued prior to December 25, 1916, shall be deemed to have been filed at the time of the passage of this resolution.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The President of the Borough of Manhattan offered the following resolution: Resolved, That the Board of Estimate and Apportionment of The City of New York hereby fixes Friday, October 19, 1917, at 10:30 o'clock a. m., and Room 16, City Hall, Borough of Manhattan, City of New York, as the time and place for a public hearing on a proposed amendment to Paragraph (a) of Section 24 of the Building Zone Resolution, by adding at the end thereof the following:

Provided, also, that the Board of Appeals may, after public notice and hearing, extend for not to exceed one year the time within which such ground-story framework, including the second tier of beams, shall be completed in any case where, in the judgment of said Board, actual construction or fabrication was begun early enough to allow, under the then existing conditions, adequate time for completion as above specified, and where such construction or fabrication was diligently prosecuted and where such completion has been prevented by conditions impossible to foresee and beyond the control of the owner and builder.

Which failed of adoption, receiving the following vote:

Affirmative—The Deputy and Acting Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Richmond—9.
Negative—The Acting Mayor—3.

Present and not Voting—The President of the Borough of Queens.

Section 226 of the Charter requires 12 affirmative votes for the adoption of a resolution of this character upon its original presentation.

The matter was then laid over one week (October 5, 1917).

REPORTS.

From Standing Committees.

Committee on Salaries and Grades.

Fund for Salary and Wage Accruals; Court of Special Sessions, Children's Court—Transfer of Appropriation and Modification of Schedule (Cal. No. 3).

The Secretary presented a communication dated August 28, 1917, from the Presiding Justice of the Children's Court, requesting an appropriation to provide for employment of five Probation Officers, involving transfer from Fund for Salary and Wage Accruals and modification of schedule; and the following report of the Committee on Salaries and Grades recommending approval thereof:

September 11, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On August 28, 1917, the Children's Court requested an issue of special revenue bonds pursuant to the provisions of section 114, chapter 531, Laws of 1915. The Bureau of Personal Service reports thereon as follows:

"Purpose—To provide an issue of \$1,500 special revenue bonds.

"Reason—To provide for the employment of 5 Probation Officers at \$1,200 each per annum from October 1, 1917.

"Finding—In the 1917 budget the Children's Court requested that additional allowance be made for the employment of 20 additional probation officers. The Tax Budget Committee, however, allowed 10, which allowance the Presiding Justice agreed to, with the understanding that the Court would strive diligently to make this additional number suffice at least through the present calendar year. The Court, however, has found that this number is insufficient, and that they are still confronted by the condition which necessitates that the Court shall either discharge, parole or commit certain children, who instead ought to be placed under the supervision and guidance of probation officers. At the present time approximately eighty families (a family usually represents more than one child) are assigned to each probation officer. The Presiding Justice has given his personal assurance that the necessity is urgent, and further states that if this request is granted he will not press for favorable action by the Tax Budget Committee his request for ten additional Probation Officers requested by him in the 1918 budget. The very strong hold that this work has upon the public has been indicated during the last month by the lengthy and complimentary statements in the press occasioned by the recent publication of the Courts' annual report."

Recommendation—In view of the above report the Committee recommends the granting of the request by the transfer of \$1,500 from the Salary and Wages Accrual Fund, instead of by an issue of special revenue bonds, as requested. Respectfully,
ALBERT E. HADLOCK, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York, hereby approves of the transfer of funds appropriated for the year 1917, as follows:

3039 City Fund for Salary and Wage Accruals from Schedule-Supported Appropriations to Be Expended as Provided in the Budget Resolutions Herewith	\$1,500.00
--	------------

TO
COURT OF SPECIAL SESSIONS, CHILDREN'S COURT.

-----------------------------------	------------

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the Children's Court for the year 1917, effective as of October 1, 1917, as follows:

COURT OF SPECIAL SESSIONS, CHILDREN'S COURT.
Personal Service.

2896 Salaries Temporary Employees—	
Special Interpreter, at \$5 per day (30 days)	\$150 00
Court Stenographer, at \$2,100 (2 months)	350 00
Probation Officer, 5 at \$1,200 (3 months each)	1,500 00

Schedule total	\$2,000.00
----------------	------------

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Ninth Coast Defense Command, National Guard, New York—Modification of Schedule (Cal. No. 4).

The Secretary presented a communication dated June 16, 1917, from the Commanding Officer, Ninth Coast Defense Command, National Guard, New York, containing notification of the appointment of an Armorer, a Janitor and a Laborer; and the following report of the Committee on Salaries and Grades relative thereto:

September 13, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On June 16, 1917, the COMMANDING OFFICER of the NINTH COAST DEFENSE COMMAND, N. G., N. Y., requested an issue of special revenue bonds, pursuant to the provisions of sub-division 7, section 188 of the Greater New York Charter. The Bureau of Personal Service reports thereon as follows:

"Purpose—To provide funds for the wages of the following employees from July 16, 1917 to the end of the year:

"Raymond Arnot, Armorer at \$4 per day; William W. Marks, Janitor at \$4 per day; and one Laborer at \$3 per day from June 15, 1917, all of whom are not enlisted men.

"These men are to be employed for the proper care of the Imperial Hotel, N. E. corner of James and Cornaga avenues, Far Rockaway, Queens County, which building has been leased by the City for the purpose of providing an armory for the 24th Company, 9th Coast Defense Command.

"Reason—On May 9, 1917, the Adjutant General designated this property as the armory of the aforesaid military unit and certified as to the necessity for these employees, pursuant to sections 187 and 188 of the Military Law, as amended.

"Finding—Compliance with the request is mandatory.

Recommendation—In view of the above report the Committee recommends that the request be granted by the adoption of the attached resolution. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the following schedule for the National Guard and Naval Militia, Queens County, for the year 1917, to be effective as of June 15, 1917, for one Laborer, and as of July 16, 1917, for the other employees, and recommends the issue of special revenue bonds to the amount of \$1,952, pursuant to subdivision 7, section 188 of the Greater New York Charter, to provide funds for the payment of the wages of said employees for the time actually and necessarily employed at the armory:

Personal Service, Wages, Regular Employees.

3572½ Twenty-fourth Company, Ninth Coast Defense Command—
Armorer, 1 at \$4 per day (365 days) \$1,460 00
Janitor, 1 at \$4 per day (365 days) 1,460 00
Laborer, 1 at \$3 per day (365 days) 1,095 00

Schedule Total \$4,015 00

Rate of Special Revenue Bond Allowance \$4,015 00

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

First Battalion, 15th Regiment Infantry, National Guard, New York—Modification of Schedule (Cal. No. 5).

The Secretary presented a communication dated June 22, 1917, from the Commanding Officer, First Battalion, 15th Regiment Infantry, National Guard, requesting an issue of special revenue bonds to provide wages of additional Armorer, etc.; and the following report of the Committee on Salaries and Grades relative thereto:

September 13, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On June 22, 1917, the COMMANDING OFFICER OF THE FIRST BATTALION, FIFTEENTH REGIMENT, INFANTRY, NATIONAL GUARD AND NAVAL MILITIA, NEW YORK COUNTY, requested an issue of special revenue bonds, pursuant to the provisions of subdivision 7, section 188 of the Greater New York Charter. The Bureau of Personal Service reports thereon as follows:

"Purpose—To provide funds for the payment of wages for the following employees:

"William L. Gee, Armorer, at \$4 per day (14 days); DeForest Johnson, Armorer, at \$4 per day (17 days); Robert L. Banks, Janitor, at \$4 per day (31 days); Joseph H. Trent, Engineer, at \$4 per day (14 days); Clarence E. Williams, Engineer, at \$4 per day (17 days); William L. Cookson, Laborer, at \$3 per day (31 days).

"Reason—On July 5, 1917, the Major General, pursuant to sections 187 and 188 of the Military Law, as amended, certified to the necessity of providing for the above employees for the auxiliary armory of the First Battalion, Fifteenth Regiment, Infantry, located at Harlem River Casino, 126th Street and 2nd Avenue, which building was leased by the City for a period of 5 weeks beginning May 26, 1917.

"Finding—Compliance with the request is mandatory."

Recommendation—In view of the above report the Committee recommends that the request be granted by the adoption of the attached resolution.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the following schedule for the National Guard and Naval Militia, New York County, for the year 1917, and recommends the issue of special revenue bonds in the amount of four hundred and sixty-five dollars (\$465) to provide for the temporary positions thereunder, pursuant to subdivision 7, section 188 of the Greater New York Charter:

Personal Service, Wages, Temporary Employees.

3148½ First Battalion, Fifteenth Regiment, Infantry—
Armorer, at \$4 per day (31 days) \$124 00
Janitor, at \$4 per day (31 days) 124 00

Laborer, at \$3 per day (31 days) 93 00

Schedule Total \$465 00

Special Revenue Bond Allowance 465 00

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Surrogates, New York County—Modification of Schedule (Cal. No. 6).

The Secretary presented a communication dated September 4, 1917, from the Surrogates, New York County, requesting an issue of special revenue bonds to pay the salary of the Fourth Law Assistant from September 1 to December 31, 1917, and the following report of the Committee on Salaries and Grades recommending approval thereof:

September 18, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On September 4, 1917, the SURROGATES' COURT, NEW YORK COUNTY, requested an issue of \$1,500 special revenue bonds, pursuant to the provisions of subdivision 7, section 188 of the Greater New York Charter. The Bureau of Personal Service reports thereon as follows:

"Purpose—To provide for an issue of \$1,500 special revenue bonds.

"Reason—To pay the salary of Fourth Law Assistant from September 1 to December 31, 1917, at the rate of \$4,500 per annum.

"Finding—Chapter 775 of the Laws of 1911 empowers the Surrogate to appoint and remove all employees of the Court. The statute further provides that the compensation of each person so appointed shall be fixed by the Surrogates and the same shall be a county charge."

Recommendation—In view of the mandatory provisions of law, the Committee recommends adoption of the attached resolution modifying the schedules as requested.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the Surrogates' Court, New York County, for the year 1917, to be effective September 1, 1917, and recommends the issue of Special Revenue Bonds in the amount of \$1,500.00, to provide for the addition thereunder, pursuant to subdivision 7, section 188, of the Greater New York Charter.

Fund for Salary and Wage Accruals; County Court, Bronx County—Transfer of Appropriation and Modification of Schedule (Cal. No. 7).

The Secretary presented a communication dated August 20, 1917, from the Secretary, County Court, Bronx County, requesting a transfer of appropriation; and the following report of the Committee on Salaries and Grades recommending approval thereof and modification of schedule:

September 18, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On August 20, 1917, the COUNTY COURT, BRONX COUNTY, requested transfer of funds for the year 1917. The Bureau of Personal Service reports thereon as follows:

"Purpose—To provide for a transfer of \$130 from Code No. 3354, Salary and Wage Accrual Fund, Bronx County, to Code No. 3340, Salaries, Temporary Employees, County Court, Bronx County.

"Reason—To provide for compensation at \$10 per day for Visiting Judges up to September 30, 1917.

"Finding—The request is proper and necessary. There now remains unpaid up to August 31, 3 days compensation for visiting Judge. In addition, funds must be provided for the compensation of the visiting Judge for the month of September, which is ten days at \$10 per day, making a total of \$130."

Recommendation—In view of the above report, the Committee recommends adoption of the attached resolutions granting the request. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves of the transfer of funds appropriated for the year 1917, as follows:

FROM
3354 Bronx County Fund for Salary and Wage Accruals from Schedule, Supported Appropriations to be Expended as Provided in the Budget Resolutions Herewith \$130 00

TO
COUNTY COURT, BRONX COUNTY.

3340 Salaries Temporary Employees \$130 00

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the County Court, Bronx County, for the year 1917, as follows:

Compensation of Visiting Judge at \$10 per day (113 days) \$1,130 00

Interpreter at \$5 per day (40 days) 200 00

Temporary Court Stenographer at \$10 per day (100 days) 1,000 00

Schedule Total \$2,330 00

Which was adopted by the following vote:
Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Various City Departments—Compensation of Pattern Makers (Cal. No. 8).

The Secretary presented a communication dated August 18, 1917, from the Pattern Makers' Association, requesting an increase in rate from \$5 to \$6 per diem for Pattern Makers in the Fire Department; and the following report of the Committee on Salaries and Grades recommending denial thereof:

September 12, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On August 18, 1917, the PATTERN MAKERS' ASSOCIATION requested an increase in rate for Pattern Makers from \$5 to \$6 per diem. The Bureau of Personal Service reports thereon as follows:

"This Board approved of an increase in rate for Pattern Makers from \$4.50 to \$5 per diem, effective as of January 1, 1917.

"The Secretary of the National Metal Trades Association stated that the average rate paid Pattern Makers in regular shops, where they are employed with other mechanics, is 60 cents an hour.

"In many establishments where men are permanently employed, owing to war emergency there is considerable overtime, which increases the weekly earnings of Pattern Makers receiving 50 to 60 cents an hour. Under the Labor Law, overtime is not permitted in a City department. An employer of a jobbing shop stated as follows:

"A regular position in a large shop is preferable to work as a jobber. Many Pattern Makers are satisfied with 60 or 65 cents an hour, instead of 75 cents, because of permanency of work. The work is necessarily easier in a shop where a variety of mechanics are employed than in a jobbing shop, where work is rushed, and in many cases where the men are only temporarily employed. Often when a job is finished the men have to seek work elsewhere.

"The representative of the Pattern Makers asks for an increase in wages from \$5 to \$6 a day for the Pattern Maker in the Fire Department, and submits a list of 18 firms that pay 75 cents an hour, or \$6 a day of eight hours. Representatives of sixteen of the seventeen firms in Greater New York stated as follows:

"D. W. Connell & Son, Park avenue, Manhattan—

"We pay Pattern Makers 75 cents an hour, and now have five men. This is a jobbing shop, where men work a week or two or more on a job, and then go elsewhere in search of work.

"Gardner Pattern and Model Works, Second avenue, Brooklyn—

"We employ 10 or 15 men on the average, and pay Pattern Makers \$6 a day.

"Pitz & Weber, Scholes street, Brooklyn—

"We pay Pattern Makers \$6 a day, and employ eight men on the average.

"Long Island Pattern and Model Works, Adams street, Brooklyn—

"We employ 15 Pattern Makers. We pay them \$6 a day.

"Empire Machine Works, Berry street, Brooklyn—

"We pay Pattern Makers \$6 a day, and employ five or six men on the average.

"H. Tolbert, Maujer street, Brooklyn—

"I employ six or seven men on the average, and pay them \$6 a day.

"Edgar L. Scillito, Frankfort street, Manhattan—

"I pay Pattern Makers \$6 a day, and employ about four men on the average.

"H. C. Griffin & Co., Varick street, Manhattan—

"We employ 16 Pattern Makers. We pay the men \$6 a day.

"General Pattern Model Company, Centre street, Manhattan—

"We pay Pattern Makers \$6 a day, and employ four men on the average.

"George E. Fritz, Howard street, Manhattan—

"I employ 10 or 12 Pattern Makers. I pay them \$6 a day.

"Hudson Pattern Works, Hudson street, Manhattan—

"We pay Pattern Makers \$6 a day, and employ seven or eight men on the average.

"Thomas F. O'Gorman, Centre street, Manhattan—

"I employ six or seven Pattern Makers. I pay the men \$6 a day.

"A. E. Pelham, West Twenty-sixth street, Manhattan—

"I pay Pattern Makers \$6 a day, and employ six men on the average.

"Harlem Pattern Works, Park avenue, Manhattan—

"We employ seven or eight Pattern Makers. We pay the men 75 cents an hour.

"Peerless Pattern Works, Gold street, Manhattan—

"We pay Pattern Makers \$6, \$6.25 and \$6.50 a day, and employ about five men on the average.

"Blair Tool and Machinery Works, Greenwich Street, Manhattan—

"We employ six Pattern Makers, and pay the men \$6 a day.

"Other employers of Pattern Makers who were interrogated stated as follows:

"R. Hoe & Co., Grand Street, Manhattan—

"We pay Pattern Makers 55 cents an hour and employ 16 men. We expect a demand will be made by the men for an increase in rate. Our workmen are permanently employed.

"Central Pattern and Model Works, Lafayette Street, Manhattan—

"We employ one or two Pattern Makers and pay them \$5 a day.

"De La Vergne Machine Company, East 138th Street, The Bronx—

"We employ 12 to 15 Pattern Makers, and pay them \$4.50 to \$5 per diem.

"Acme Foundry Company, North Henry Street, Brooklyn—

"We do not now employ Pattern Makers. We sublet pattern work to jobbing shops.

"Bronx Pattern and Model Company, East 126th Street—

"We pay Pattern Makers 75 cents an hour, and employ eight men.

"P. H. Gill & Sons, Lorraine Street, Brooklyn—

"We employ ten Pattern Makers on the average, and pay the men 75 cents an hour. Ours may be classed as a jobbing shop.

"Heller & Granlund, Hudson Street, Manhattan—

"We run a jobbing shop. We employ seven men on the average, and pay the men 75 cents an hour.

"Lidgerwood Manufacturing Company, foot of Dikeman Street, Brooklyn—

"We employ 35 Pattern Makers. We now pay them 57 cents an hour. The men work 48 hours a week, with Saturday afternoon off, the extra time divided between the other five days. Eighty per cent. of our men have been with us for years. Of course they get extra pay for overtime.

"E. W. Bliss Company, foot of Fifty-third Street, Brooklyn—

"We pay Pattern Makers 48 to 55 cents an hour, according to their ability. We employ 15 to 18 men. We pay time and a half for overtime up to 9 p. m.; after that hour and for Sundays and holidays double time. We run an open shop, and pay no attention to union demands.

"National Pattern Company, Dunham Place, Brooklyn—

"We employ two Pattern Makers. We pay \$5 a day, and have refused to meet the demand for \$6 a day.

"George S. Simons, West Street, Manhattan—

"This is a jobbing shop, and I employ three or four men on the average. I pay Pattern Makers \$5 a day, and refused the demand for an increase to \$6.

"T. D. Horton, Courtlandt Street, Manhattan—

"I employ one or two men, and pay Pattern Makers 62½ cents an hour.

"L. Nitzman, West Twenty-eighth Street, Manhattan—

"This is a jobbing shop. I pay Pattern Makers 75 cents an hour, and employ three men on the average.

"P. H. O'Day & Son, South street, Manhattan—

"We pay one man who has been with us for years \$5 a day. We feel that he could get more than \$5 on the outside.

"M. O'Gorman, West Twenty-third street, Manhattan—

"I pay five Pattern Makers \$5 a day for eight hours' work. This is an open shop, and we do jobbing.

"John Kunst, Murray street, Manhattan—

"I employ five Pattern Makers. I pay the men 65 cents an hour for nine hours' work. This is an open shop. I work at the bench myself, and things are harmonious here.

"W. K. Sandstrom, Pearl street, Manhattan—

"I pay Pattern Makers 75 cents an hour and employ two men. This is a jobbing shop.

"Pioneer Iron Works, Pioneer street, Brooklyn—

"We employ two or three Pattern Makers on the average, and pay them \$5 a day.

"F. L. Schmidt Company, Eleventh avenue, Manhattan—

"We pay Pattern Makers \$5 to \$6 a day, according to their ability. We employ eight men.

"Morse Dry Dock and Repair Company, foot of 56th street, Brooklyn—

"We pay Pattern Makers an average of \$4.56 per diem. We employ 16 men.

"Robins Dry Dock & Repair Company, Beard street, Brooklyn—

"We employ 14 Pattern Makers, and pay them \$4.56 a day.

"Adriance Machine Company, Van Brunt street, Brooklyn—

"The rates to Pattern Makers vary, with an average of 59½ cents an hour. We employ four men.

"M. T. Davidson, Keap street, Brooklyn—

"We pay 60 cents an hour to Pattern Makers, and employ six men.

"Garvin Machine Company, Spring street, Manhattan—

"We employ 15 to 20 Pattern Makers and pay them 45 cents an hour.

"Krajewski-Besant Corporation, Beard street, Brooklyn—

"We pay an average of 63½ cents an hour to Pattern Makers. We employ 8 or 10 men.

"Rider-Ericsson Engine Company, Warren street, Manhattan—

"We employ three or four men and pay Pattern Makers 46 cents an hour.

"Staten Island Shipbuilding Company, Port Richmond—

"We pay Pattern Makers 60 cents an hour. We employ 18 to 20 men.

"Other employers of large machine works stated that they did not employ Pattern Makers. They sublet the work to jobbing shops in which Pattern Makers are employed.

"In the above 43 shops Pattern Makers are employed at rates, as follows:

	Number of Men.
At 75 cents an hour	162
At 65 cents an hour	5
At 63½ cents an hour	10
At 62½ cents an hour	2
At 60 cents an hour	26
At 59½ cents an hour	4
At 57 cents an hour	35
At 55 cents an hour	16
At 48 to 55 cents an hour	18
At 46 cents an hour	4
At 45 cents an hour	20
At \$5 to \$6 a day	8
At \$5 a day	17
At \$4.50 to \$5 a day	15
At \$4.56 a day	30
	372

"Approximately 372 Pattern Makers are employed in the 43 shops, of which about 206 are paid less than the \$6 rate requested. In arriving at a conclusion consideration should be given to the fact that in jobbing shops, in which the 75 cents an hour rate has been enforced, many of the men are employed only temporarily."

In view of the foregoing facts, we recommend that the request for an increase from \$5 to \$6 per diem for Pattern Makers be denied by the adoption of the attached resolution. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller; JOHN PURROY MITCHELL, Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

John J. Munholland appeared in support of the request.

The matter was referred to the Committee on Tax Budget.

Various City Departments—Establishment of Grades of Positions; Increase in Compensation of Steamfitters and Pipefitters (Cal. No. 9).

(On August 22, 1917 (Cal. No. 56), the petition in this matter was referred to the Committee on Salaries and Grades.)

The Secretary presented a communication dated August 1, 1917, from the Enterprise Association of Steam, Hot Water, Hydraulic Sprinkler, Pneumatic Tube, Compressed Air, Ice Machine and General Pipe Fitters of New York and Vicinity, requesting an increase in wages for Steamfitters and Pipefitters from \$5.50 to \$6.00 per diem; and the following report of the Committee on Salaries and Grades recommending approval thereof:

September 15, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On August 1, 1917, the ENTERPRISE ASSOCIATION OF STEAM, HOT WATER, HYDRAULIC, SPRINKLER, PNEUMATIC TUBE, COMPRESSED AIR, ICE MACHINE AND GENERAL PIPE FITTERS OF NEW YORK AND VICINITY requested an increase in wages for Steamfitters and Pipefitters in City departments from \$5.50 to \$6 per diem. The Bureau of Personal Service reports thereon as follows:

The annual cost for increase in rate from \$5.50 to \$6 per diem for Steamfitters and Pipefitters in City departments would be as follows:	
Borough President, Manhattan	\$150 00
Borough President, Brooklyn	138 50
Borough President, Queens	138 50
College of the City of New York	138 50
Docks and Ferries	973 50
Education	554 00
Fire	415 50
Parks, Manhattan and Richmond	69 50
Public Charities	554 00
Water Supply, Gas and Electricity	187 50

\$3,319 50

"The Secretary of the Enterprise Association submits a list of 137 employers in Greater New York now paying the \$6 rate to Steamfitters and Pipefitters, distributed as follows: In Manhattan, 96; Brooklyn, 25; The Bronx, 14; Flushing, 1; Corona, 1. Of the 137 employers 40 are in the Master Steamfitters' Association. The members of this association include contractors engaged in large construction work, and they employ a large percentage of the steamfitters in the Greater New York.

"The Secretary of the Building Trades Employers' Association stated as follows:

"A joint committee of the Master Steamfitters' Association and the Enterprise Association of Steamfitters agreed upon the \$6 rate, to be paid to steamfitters by all members of the Masters' Association on and after July 1, 1917.

"The Enterprise Association has sent to the Masters' Association a list of 1,400 members of the union, from which the employers may be supplied with men as needed. About 1,000 of these men are employed by members of the Masters' Association.

"Probably 90 per cent. of qualified journeymen Steamfitters in Greater New York are now paid \$6 a day. The other 10 per cent. are employed by small jobbers. The same rate is paid on repair work as new construction work. Members of the Master Steamfitters' Association who do work for the City of course have to pay their men \$6 a day.

"Outside the City Steamfitters are members of the United Association of Plumbers and Steamfitters. In New York they maintain a separate organization from the Plumbers, and are so strongly united that employers consent to the fixing of rates mutually at stipulated periods.

"While the estimate of the Secretary of the Employers' Association that only 10 per cent. of the Steamfitters are paid less than \$6 a day may be overstated, it is evident that a large majority of qualified Steamfitters in private employ in Greater New York now receive \$6 per diem."

In view of the above facts we recommend that the attached resolutions, approv-

ing the \$6 per diem rate for Steamfitters and Pipefitters, and requesting the heads of City departments to provide for the increase, be adopted.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in City departments of the grades of positions, in addition to those heretofore established, as follows:

	Rate Per Diem.	Number of Incumbents.
Steamfitter	\$6 00	Unlimited
Pipefitter	6 00	Unlimited

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby requests the heads of City departments in which Steamfitters and Pipefitters are employed to provide for the compensation of such workmen, beginning July 1, 1917, at the rate of six dollars per diem, by the transfer of funds or by application for an authorization of special revenue bonds in the necessary amount or by the reorganization of the work, reducing the number of days of employment.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Education—Acquisition of Site for School Purposes (Cal. No. 10).

(On July 3, 1917 (Cal. No. 86B), the resolution of the Board of Education, selecting this site, was referred to the Comptroller and Chief Engineer of the Board, and on July 19th (Cal. No. 83) the report of the Chief Engineer was presented and ordered printed in the Minutes and filed.)

The Secretary presented resolution adopted June 27, 1917, by the Board of Education, requesting the acquisition of property for school purposes on Pacific Street, between Hopkinson and Saratoga Avenues, in the rear of property of Public School 178, Brooklyn; and the following report of the Deputy and Acting Comptroller recommending approval thereof:

September 23, 1917.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—At a meeting of the Board of Education held on June 27, 1917, a resolution was adopted selecting as a site for school purposes to be used for additional playground space to Public School 178, certain property, 340 feet by 107 feet 2½ inches, in the rear of Public School 178, located on Pacific Street, between Hopkinson Avenue and Saratoga Avenue, Borough of Brooklyn.

This resolution was presented to the Board of Estimate and Apportionment at a meeting held July 3, 1917, and referred to the Comptroller and the Chief Engineer of the Board.

The Chief Engineer of the Board of Estimate and Apportionment reported to your Board at the meeting held July 19, 1917, that title to all of the streets affected has been established in conformity with the map lines, and that no changes are contemplated therein.

The property in question is in four different ownerships, and, after negotiations by the Comptroller, the owners have agreed to sell to the City their property at the rate of \$2,000 per lot, 20 feet by 107 feet 2½ inches, which, to my mind, is the fair and reasonable value thereof, and the same rate per lot that the City paid in 1912 for the property in the rear, fronting on Dean Street.

I, therefore, respectfully recommend that your Board approve of the selection of the following described premises for use of the Department of Education:

All that certain lots, pieces or parcels of land, with the buildings and improvements thereon erected, situate, lying and being in the Borough of Brooklyn, City and State of New York, bounded and described as follows:

Beginning at a point on the southerly line of Pacific Street, distant 220 feet westward from the corner formed by the intersection of the southerly line of Pacific Street and the westerly line of Hopkinson Avenue, running thence westerly along the southerly line of Pacific Street 340 feet, thence southerly and parallel or nearly so with the westerly line of Hopkinson Avenue 107 feet 2½ inches to the northerly line of the lands of Public School 178, thence easterly and parallel with the southerly line of Pacific Street 340 feet, thence northerly and parallel or nearly so with the westerly line of Hopkinson Avenue 107 feet 2½ inches to the point or place of beginning, said premises being designated on the present Tax Maps of the Borough of Brooklyn as Lots Nos. 15, 19, 23 and 25, Block 1440, Section 5.

—and authorize the Comptroller to enter into a contract for the acquisition of the premises more particularly described as follows:

All that certain lot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the Borough of Brooklyn, City and State of New York, bounded and described as follows:

Beginning at a point in the southerly side of Pacific Street, distant one hundred and forty (140) feet easterly from the southeasterly corner of Saratoga Avenue and Pacific Street and running thence southerly parallel with Saratoga Avenue one hundred and seven (107) feet two and one-half (2½) inches; thence easterly parallel with Pacific Street eighty (80) feet; thence northerly again parallel with Saratoga Avenue one hundred and seven (107) feet two and one-half (2½) inches to the southerly side of Pacific Street; and thence westerly along said southerly side of Pacific Street eighty (80) feet to the point or place of beginning; together with all the right, title and interest, if any, of the owner of, in and to the streets in front thereof to the center thereof.

—at private sale, at a price not exceeding \$8,000, said contract to be submitted to the Corporation Counsel for his approval as to form.

And authorize the Comptroller to enter into a contract for the acquisition of the premises more particularly described as follows:

All that certain lot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the Borough of Brooklyn, City and State of New York, bounded and described as follows:

Beginning at a point on the southerly side of Pacific Street, distant two hundred and twenty (220) feet easterly from the southeasterly corner of Saratoga Avenue and Pacific Street and running thence southerly parallel with Saratoga Avenue one hundred and seven (107) feet two and one-half (2½) inches; thence easterly parallel with Pacific Street eighty (80) feet; thence northerly again parallel with Saratoga Avenue one hundred and seven (107) feet two and one-half (2½) inches to the southerly side of Pacific Street; and thence westerly along said southerly side of Pacific Street eighty (80) feet to the point or place of beginning; together with all the right, title and interest, if any, of the owner of, in and to the streets in front thereof to the center thereof.

—at private sale, at a price not exceeding \$8,000, said contract to be submitted to the Corporation Counsel for his approval as to form.

And authorize the Comptroller to enter into a contract for the acquisition of the premises more particularly described as follows:

All that certain lot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the Borough of Brooklyn, City and State of New York, bounded and described as follows:

Beginning at a point on the southerly side of Pacific Street, distant three hundred feet easterly from the corner formed by the intersection of the southerly side of Pacific Street with the easterly side of Saratoga Avenue; running thence southerly, parallel with Saratoga Avenue, one hundred and seven feet two and one-half inches; thence easterly, parallel with Pacific Street, forty feet; thence northerly, parallel with Saratoga Avenue, one hundred and seven feet two and one-half inches to the southerly side of Pacific Street, and thence westerly, along

the southerly side of Pacific Street forty feet to the point or place of beginning; together with all the right, title and interest, if any, of the owner, of, in and to the streets in front thereof to the center thereof.

—at private sale, at a price not exceeding \$4,000, said contract to be submitted to the Corporation Counsel for his approval as to form;

And authorize the Comptroller to enter into a contract for the acquisition of the premises more particularly described as follows:

All that certain lot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the Borough of Brooklyn, City and State of New York, bounded and described as follows:

Beginning at a point on the southerly side of Pacific Street distant three hundred and forty (340) feet easterly from the southeasterly corner of Saratoga Avenue and Pacific Street and running thence southerly parallel with Saratoga Avenue one hundred and seven (107) feet two and one-half (2½) inches; thence easterly parallel with Pacific Street one hundred and forty (140) feet; thence northerly again parallel with Saratoga Avenue one hundred and seven (107) feet two and one-half (2½) inches to the southerly side of Pacific Street; and thence westerly along said southerly side of Pacific Street one hundred and forty (140) feet to the point or place of beginning; together with all the right, title and interest, if any, of the owner, of, in and to the streets in front thereof to the center thereof.

—at private sale, at a price not exceeding \$14,000, said contract to be submitted to the Corporation Counsel for his approval as to form.

The cost of the acquisition of the above described property to be paid from the special account S. 109-L.

Respectfully,

E. D. FISHER, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the selection by the Board of Education of the following property, as a site for school purposes, located in the rear of Public School No. 178, on Pacific Street, between Hopkinson and Saratoga Avenues, Borough of Brooklyn, and authorizes the Comptroller to enter into contracts, to be approved as to form by the Corporation Counsel, for the acquisition at private sale of the said property, which is bounded and described as follows:

Parcel No. 1.

—at a price not exceeding fourteen thousand dollars (\$14,000).

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Parks, Borough of Queens—Modification of Schedule (Cal. No. 11).

The Secretary presented a communication dated August 14, 1917, from the Commissioner of Parks, Borough of Queens, requesting modification of schedule for 1917; and the following report of the Deputy and Acting Comptroller recommending approval thereof:

September 20, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On August 15, 1917, the Commissioner of Parks, Borough of Queens, requested a modification of a corporate stock schedule approved by your Board on June 22, 1917, for the construction of paths in Forest Park, Borough of Queens, by departmental forces so as to provide for a decrease in the amount of team hire and an increase in the amount of steam shovel hire.

The Bureau of Contract Supervision, to which this request was referred on August 16, 1917, reports thereon as follows:

"The Commissioner has found, in doing the work for which this schedule was established, that the number of team days provided in the schedule is more than sufficient, whereas the number of days for which a steam shovel is provided is insufficient.

"It is proposed to decrease the number of team days at \$6 per day from 500 to 420 and to increase the number of days for the hire of steam-shovel and operator at \$40 per day from 10 to 22 days.

"The request is proper and work proposed can be done to better advantage by steam shovel than in any other manner."

I recommend the adoption of the attached resolution approving the schedule as revised. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the corporate stock schedule, as revised, for the Department of Parks, Borough of Queens, as follows:

Armory Board—Transfer of Appropriation (Cal. No. 12).

The Secretary presented a communication dated September 17, 1917, from the Secretary, Armory Board, requesting transfer of funds within appropriations for 1917; and the following report of the Deputy and Acting Comptroller recommending approval thereof:

September 22, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On September 17, 1917, the Secretary of the Armory Board requested a transfer of \$14,388 within appropriations to said Board for the year 1917.

The Bureau of Contract Supervision, to which this request was referred on September 18, 1917, reports thereon as follows:

"This request is made in order to adjust budget line items of appropriations to the various military organizations throughout the City to meet actual expenditures.

"The recent mobilization of the troops of this City has created conditions in the various armories which were unforeseen at the time of the preparation of the 1917 budget.

"In order to meet the new conditions it is necessary to make the proposed adjustments."

I recommend the adoption of the attached resolution granting the request.

Respectfully, E. D. FISHER, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the Armory Board for the year 1917, as follows:

Board of Inebriety; Department of Public Charities—Transfer of Appropriation (Cal. No. 13).

The Secretary presented a communication dated August 17, 1917, from the Executive Secretary, Board of Inebriety, requesting the transfer of funds from the Board of Inebriety, to the Department of Public Charities, for 1917; and the following report of the Deputy and Acting Comptroller recommending approval thereof:

September 21, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On August 17, 1917, the Executive Secretary of the Board of Inebriety requested the transfer of \$100 from appropriations to his board to appropriations to the Department of Public Charities.

The Bureau of Contract Supervision reports thereon as follows:

"In order that the Board of Inebriety can take advantage of the favorable prices obtained by the Department of Public Charities in the purchase of drugs and other medical supplies it is proposed to transfer the sum of \$100 to Code 1966, Medical and Surgical Supplies, from a similar appropriation made to the Board of Inebriety. The value of the supplies delivered and to be delivered approximates \$100.

"There is a sufficient balance in the account to be debited to permit of the transfer."

I recommend the adoption of the attached resolution granting the request.

Respectfully, E. D. FISHER, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated for the year 1917, as follows:

Public Service Commission for the First District—Approval of Agreement Modifying Contract with the United States Realty & Improvement Company for Construction of Section No. 2, Routes Nos. 4 and 36, Broadway-Fourth Avenue Rapid Transit Railroad, Borough of Manhattan (Cal. No. 14).

The Secretary presented the following communication, resolution and agreement of the Public Service Commission for the First District, and report of the Deputy and Acting Comptroller relative thereto:

State of New York, Public Service Commission for the First District, 120 Broadway, New York, September 24, 1917.

To the Board of Estimate and Apportionment of The City of New York:

Pursuant to the directions contained herein, I transmit herewith a certified copy of a resolution adopted by the Commission on September 24, 1917, requesting your Honorable Board to consent to a proposed agreement herewith transmitted between The City of New York, acting by this Commission, and United States Realty and Improvement Company, providing for certain modifications of the contract for the construction of Section No. 2 of Routes Nos. 4 and 36 of the Broadway-Fourth Avenue Rapid Transit Railroad.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, By JAMES B. WALKER, Secretary.
(Seal.)

Resolved, That this Commission do and hereby does approve the proposed agreement now submitted to this Commission modifying the contract between The City of New York, acting by this Commission, and the United States Realty & Improvement Company for the construction of Section No. 2 of Routes Nos. 4 and 36, being part of the Broadway-Fourth Avenue Rapid Transit Railroad, so as to provide for the return to the contractor of the sum of two hundred and ten thousand dollars (\$210,000), par value, corporate stock of The City of New York as a portion of the moneys reserved and retained from partial payments made under the provisions of said contract; for payment to the City by the contractor of two thousand dollars (\$2,000) as a consideration for said agreement on the part of the City and the limiting of any and all claims the contractor may have against the City to the sum of nine hundred seventy-five thousand eight hundred fifty-two and eighty-eight hundredths dollars (\$975,852.88) over and above the amount certified by the Chief Engineer of this Commission to be due the contractor as provided in the contract.

Further resolved, that the Secretary of this Commission be and hereby is authorized and directed to transmit said proposed agreement to the Board of Estimate and Apportionment for the consent of that Board and that the Chairman and Secretary of this Commission be and hereby are authorized and directed to execute and deliver said proposed contract in such form when so consented to.

State of New York, County of New York, ss.:

I, James B. Walker, Secretary of the Public Service Commission for the First District, do hereby certify that I have compared the above with the original adopted by said Commission on September 24, 1917, and that it is a correct transcript therefrom and of the whole of the original.

In testimony whereof, I have hereunto subscribed my hand and affixed the seal of the Commission this 24th day of September, 1917.

(Seal.)

JAMES B. WALKER, Secretary.

Agreement entered into this day of , 1917, between The City of New York (hereinafter referred to as the "City"), acting by the Public Service Commission for the First District (hereinafter referred to as the "Commission"), party of the first part, and United States Realty & Improvement Company, a corporation organized and existing under the laws of the State of New Jersey (hereinafter referred to as the "Contractor"), party of the second part.

Whereas, heretofore and on or about the 23rd day of July, 1914, the City, acting by the Commission, entered into a contract with the Contractor for the construction of a part of the Broadway-Fourth Avenue Rapid Transit Railroad (Routes Nos. 4 and 36, Section No. 2), which contract as heretofore duly modified is hereinafter referred to as the "Contract"; and

Whereas, as security for the faithful performance of the Contract on its part the Contractor deposited a bond in the sum of Two hundred twenty-five thousand dollars (\$225,000), upon which bond there are now sureties as follows: Casualty Company of America, New England Equitable Insurance Company, United States Guarantee Company and International Fidelity Insurance Company; and

Whereas, the Contract provides that the City shall pay to the Contractor from time to time as the work progresses eighty-five per centum (85%) or ninety per centum (90%) of the value of the work done and materials furnished, as estimated by the Chief Engineer or Acting Chief Engineer for the time being of the Commission (hereinafter referred to as the "Engineer"), and shall reserve and retain the remaining fifteen per centum (15%) or ten per centum (10%) thereof; and

Whereas, the amount so reserved and retained by the City from said partial payments heretofore made to the Contractor under the Contract up to and including the 31st day of August, 1917, is Three hundred twenty-five thousand twenty-nine dollars and twenty-three cents (\$325,029.23); and

Whereas, it is provided in the Contract that such moneys so reserved and retained, or so much thereof as shall not be retained for the purposes therein specified, shall be returned to the Contractor at the time of making the final payment to the Contractor under the Contract; and

Whereas, under the provisions of Article XXXIII of the Contract the Contractor has deposited with the Comptroller of the City corporate stock of the City of the par value of Three hundred six thousand dollars (\$306,000), in lieu of an equal amount of moneys so reserved and retained under the Contract as aforesaid; and

Whereas, the Contractor has requested the City to pay to it a portion of the moneys so reserved and retained under the Contract to the amount of Two hundred ten thousand dollars (\$210,000); and

Whereas, the Board of Estimate and Apportionment of the City has consented to this agreement;

Now, therefore, in consideration of the mutual stipulations and agreements herein-after contained the parties hereto do hereby agree that the Contract be and hereby is modified as follows:

First: The City shall return to the Contractor on or before the expiration of ten (10) days after the date of the delivery of this agreement Two hundred ten thousand dollars (\$210,000) on account of and as a portion of the moneys reserved and retained by the City from partial payments made to the Contractor, pursuant to the terms of the Contract, provided, however, that in case any lien shall be filed for work done or materials furnished toward the performance or completion of the work under the Contract prior to the said payment, the Contractor shall, as a condition precedent of receiving said payment, cause said lien or liens to be discharged. Such payment by the City shall be made to the Contractor as follows: By returning to the Contractor corporate stock of the City bearing interest at the rate of Four and one-quarter per cent (4 1/4%) of the par value of Two hundred four thousand dollars (\$204,000) and by returning to the Contractor corporate stock of the City bearing interest at the rate of Four per cent (4%) of the par value of Six thousand dollars (\$6,000).

Second: The Contractor for and in consideration of the agreements of the City herein contained covenants and agrees to pay to the City on or before the expiration of ten (10) days after the date of the delivery of this agreement and as a condition precedent to the payment by the City as provided in Article First hereof the sum of Two thousand dollars (\$2,000), either in cash or a certified check to the order of the Comptroller of the City.

Third: The Contractor for itself and its successors and assigns in consideration of said agreement on the part of the City does hereby limit any and all claims of every kind and character it may have against the City under the Contract or on account of work covered by the Contractor or on account of any act, neglect, delay, fault or default of the City or the Commission or their agents to the sum of Nine hundred seventy-five thousand eight hundred fifty-two dollars and eighty-eight cents (\$975,852.88) over and above the amount certified by the Engineer of the Commission to be due to the Contractor, as provided in the Contract, and the Contractor does hereby covenant and agree not to make any claim or claims against the City under the Contract or on account of work covered by the Contract or on account of any act, neglect, delay, fault or default of the City or the Commission or their agents which in the total will exceed the sum of Nine hundred seventy-five thousand eight hundred fifty-two dollars and eighty-eight cents (\$975,852.88), and it does hereby waive any and all claim or portions of claims which may exceed the said sum of Nine hundred seventy-five thousand eight hundred fifty-two dollars and eighty-eight cents (\$975,852.88). The reservation of the claims of the Contractor hereunder, to the said amount of Nine hundred seventy-five thousand eight hundred fifty-two dollars and eighty-eight cents (\$975,852.88), shall not in any way be construed as an admission on the part of the City

of any merit, either equitable or otherwise, in any claim within said limitation of Nine hundred seventy-five thousand eight hundred fifty-two dollars and eighty-eight cents (\$975,852.88), and the parties hereto do hereby covenant and agree that this agreement shall not be submitted by either party hereto as evidence in any proceeding of an admission on the part of the City of any merit in any claim within said limitation of Nine hundred seventy-five thousand eight hundred fifty-two dollars and eighty-eight cents (\$975,852.88).

Except as herein expressly provided the Contract and all the provisions hereof shall remain in all respects unchanged and in full force and effect as though this agreement had not been made.

No member of the Commission shall be liable personally under or by reason of this agreement or any of its articles or provisions.

This agreement shall bind the parties hereto and their respective successors and assigns.

Provided however that this agreement shall not take effect unless and until it shall be consented to in writing by the New England Equitable Insurance Company, United States Guarantee Company and International Fidelity Insurance Company in the form subjoined.

In witness whereof the Commission has caused its official seal to be hereto affixed and attested by its Secretary and these presents to be signed by its Chairman and the Contractor has caused its corporate seal to be hereto affixed and attested by its Secretary and these presents to be signed by its President all the day and year first above written.

10-15-14—Walter H. Gracie	No amount
3-12-15—Margaret T. Blake	\$50.00
9-10-15—Oscar M. Ostroff	50,000.00
1-12-17—Marlboro Hotel	No amount
3-29-17—Rose L. Phillips	50,000.00

It is estimated that the value of the work yet to be performed is about three hundred and fifty thousand dollars (\$350,000). If this agreement is carried out the City will have the following security for the completion of the contract:

Corporate stock	\$304,000.00
Released by this agreement	210,000.00
	\$94,000.00

Cash:	
Retained percentage	\$319,525.14
Cash given to contractor in lieu of total deposit of corporate stock of the par value of \$304,000	306,000.00
	13,525.14

Bonds:	
Original bond	225,000.00
Additional bond given September 22, 1915, on account of accident on 7th Avenue and Broadway	20,000.00

In view of the cash payment of two thousand dollars (\$2,000), to be made by the contractor and the surety retained, which I consider ample and sufficient for the

faithful completion of the contract, I recommend the adoption of the attached resolution approving the request. Respectfully

E. D. FISHER, Deputy and Acting Comptroller.

The following was offered:

Whereas, On September 24, 1917, the Public Service Commission for the First District transmitted for approval and consent by the Board of Estimate and Apportionment a proposed agreement modifying the contract dated on or about the 23d day of July, 1914, of the United States Realty and Improvement Company for the construction of a part of the Broadway-Fourth Avenue Rapid Transit Railroad (Routes Nos. 4 and 36, Section No. 2), in the Borough of Manhattan; said agreement providing in substance as follows:

First—The City shall return to the Contractor on or before the expiration of ten (10) days after the date of the delivery of this agreement two hundred and ten thousand dollars (\$210,000) on account of and as a portion of the moneys reserved and retained by the City from partial payments, provided, however, that in case any lien shall be filed for work done or materials furnished toward the performance of the work under the contract prior to the said payment, the Contractor shall as a condition precedent of receiving said payment cause said lien or liens to be discharged. Such payment by the City shall be made as follows:

By returning to the Contractor corporate stock of the City bearing interest at the rate of four and one-quarter per cent. (4¼%) of the par value of two hundred and four thousand dollars (\$204,000) and by returning to the Contractor corporate stock of the City bearing interest at the rate of four per cent. (4%) of the par value of six thousand dollars (\$6,000).

Second—The Contractor for and in consideration of the agreements, agrees to pay to the City on or before the expiration of ten (10) days after the date of the delivery of this agreement and as a condition precedent to the payment by the City as provided in Article First hereof, the sum of two thousand dollars (\$2,000), either in cash or a certified check to the order of the Comptroller.

Third—The Contractor in consideration of said agreement, does hereby limit any and all claims of every kind and character it may have against the City under the contract, or on account of any act, neglect, delay, fault or default of the City or the Commission or their agents, to the sum of nine hundred and seventy-five thousand eight hundred and fifty-two dollars and eighty-eight cents (\$975,852.88), over and above the amount certified by the Chief Engineer of the Commission, and the Contractor further agrees not to make any claim or claims against the City under the contract, or on account of any act, neglect, delay, fault or default of the City which in the total will exceed the sum of nine hundred and seventy-five thousand eight hundred and fifty-two dollars and eighty-eight cents (\$975,852.88). The reservation of the claims of the Contractor hereunder to the said amount of nine hundred and seventy-five thousand eight hundred and fifty-two dollars and eighty-eight cents (\$975,852.88) shall not in any way be construed as an admission on the part of the City of any merit, either equitable or otherwise, in any claim within said limitation of nine hundred and seventy-five thousand eight hundred and fifty-two dollars and eighty-eight cents (\$975,852.88), and the parties hereto do hereby covenant and agree that this agreement shall not be submitted by either party hereto as evidence in any proceeding of an admission on the part of the City of any merit in any claim within said limitation of nine hundred and seventy-five thousand eight hundred and fifty-two dollars and eighty-eight cents (\$975,852.88).

Fourth—This agreement shall not take effect unless and until it shall be consented to in writing by the New England Equitable Insurance Company, United States Guarantee Company and International Fidelity Insurance Company, the original surety companies for the faithful performance of the contract.

Except as expressly provided in the proposed agreement, the contract and all the provisions hereof shall remain in all respects unchanged and in full force and effects as though this agreement had not been made; therefore be it

Resolved, That the Board of Estimate and Apportionment hereby approves of and consents to the proposed agreement as approved by the Public Service Commission for the First District on September 24, 1917, modifying the contract dated on or about the 23d day of July, 1914, of the United States Realty and Improvement Company for the construction of a part of the Broadway-Fourth Avenue Rapid Transit Railroad (Routes Nos. 4 and 36, Section No. 2), in the Borough of Manhattan, as generally set forth in the preamble of this resolution and more specifically in the certified copy of the agreement on file in the office of the Secretary of the Board of Estimate and Apportionment.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—15.

Negative—President of the Borough of The Bronx—1.

Public Service Commission for the First District—Approval of Contract with the Interborough Rapid Transit Company for Making Track Connections Between the Existing Subway and the New Lexington Avenue Line, Borough of Manhattan (Cal. No. 15).

The Secretary presented the following communication from the Public Service Commission for the First District and report of the Comptroller relative thereto:

State of New York, Public Service Commission for the First District, 120 Broadway, New York, September 10, 1917.

To the Board of Estimate and Apportionment of The City of New York:

The Public Service Commission for the First District under date of April 2, 1917, on behalf of the City of New York, with the consent of your Honorable Board, entered into an agreement with Interborough Rapid Transit Company, known as Agreement No. 4 modifying Contract No. 3, so as to provide that the Interborough Company might perform such items of construction as might from time to time be determined upon by the Commission and the Interborough Company and pay for such work out of its contribution under Contract No. 3, provided, however, that no single order involving the work of making physical connections between the new railroads and the existing Manhattan-Bronx Rapid Transit Railroad should be performed under the provisions of the agreement which, on a fair and reasonable estimate, would cost in excess of \$10,000, without the prior consent of your board. It is now necessary, in order to prepare for operation between the present subway in Park avenue and the new subway along Lexington avenue, Manhattan, to connect the tracks of the new subway with the tracks of the present subway. This will involve making a track connection between the northbound local tracks at about Forty-first street, and making track connections between the southbound local tracks and between the express tracks at about Thirty-eighth and Thirty-ninth streets. The cost of the work at Forty-first street is estimated to amount to about \$5,204 and the cost of the work at Thirty-eighth and Thirty-ninth streets is estimated to amount to about \$6,296.

It will be necessary for the Interborough Company to do this work as it must be performed under operating conditions and it is desirable that the work be performed as promptly as possible in order to remove all possible difficulties in the way of early operation.

The Commission accordingly believes that the Interborough Company should be required to do this work under the terms of said Modifying Agreement No. 4, Contract No. 3.

It is the opinion of the Commission that the work of making such track connections falls naturally into two parts, each part costing less than \$10,000—the first part consisting of the work at Forty-first street and the other part consisting of the work at Thirty-eighth and Thirty-ninth streets. If the work be treated as two separate jobs, as the Commission believes it would not be unreasonable to treat it, it would not be necessary under the terms of said Modifying Agreement No. 4 for the Commission to secure the consent of your Board before ordering the Interborough Company to do the work under the terms of that agreement.

The Commission felt, however, that under the circumstances, in order to avoid any possible question as to its good faith in exercising the power given to it by the said Modifying Agreement No. 4 the matter should be submitted to your Board for consent, and the Commission accordingly requests your Board to consent that said work be done under Modifying Agreement No. 4.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, By JAMES B. WALKER, Secretary.

(Seal.)

September 18, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On September 10, 1917, the Public Service Commission for the First

District formally addressed a communication to the Board of Estimate and Apportionment, requesting the consent of the Board so that certain work, more particularly set forth hereafter, be done under Agreement No. 4, modifying Contract No. 3, entered into between the City of New York, acting by the Commission, and the Interborough Rapid Transit Company under date of April 2, 1917, and which modifying agreement was consented to by the Board of Estimate and Apportionment.

The agreement provides, in part:

"that the Interborough Company might perform such items of construction as might from time to time be determined upon by the Commission and the Interborough Company and pay for such work out of its contribution under Contract No. 3, provided, however, that no single order involving the work of making physical connections between the new railroads and the existing Manhattan-Bronx Rapid Transit Railroad should be performed under the provisions of the agreement which, on a fair and reasonable estimate, would cost in excess of \$10,000, without the prior consent of the Board."

The Director of the Bureau of Contract Supervision in his report to me anent the work to be done by the Interborough Company, to which the consent of the Board has been requested by the Public Service Commission, says, in part, as follows:

"On September 10, 1917, the Public Service Commission for the First District addressed a communication to the Board of Estimate and Apportionment requesting approval by the Board of a proposed agreement between the City of New York, acting by the Commission, and the Interborough Rapid Transit Company to a proposed contract with the Interborough Company for making track connections between the northbound local tracks in the existing subway at about 41st street, track connections between the southbound local tracks of the existing subway and the new Lexington avenue line; also track connections between the express tracks of the existing subway and the new Lexington Avenue Subway at about 38th and 39th street, all in Park avenue, Borough of Manhattan.

"The Commission has estimated the cost of this work separately—that near 41st street at about \$5,204 and that at 38th and 39th streets at about \$6,296.

"The work consists of the installation of a crossover between the existing northbound local and express tracks south of 41st street. This crossover is to provide for the movement of local trains upon the northbound express tracks in emergencies, and for the particular purpose of freeing the northbound local track during the time necessary to make a connection between that track and the northbound local track in Lexington avenue. The new northbound local has a considerable grade northward from the proposed connection with the existing local track, and it will be necessary to remove considerable timbering and supports of the existing tracks in order to lower and adjust for service the connection between the existing and the new.

"The track connections between the existing and the new express tracks will be made by means of special work located about 40th street and connecting the existing express tracks with the respective new northbound and southbound express tracks which lie between the existing tracks, and which cross under the existing tracks further north. The special work to be installed consists principally of switches and frogs, which are necessary in order to provide for the transfer of trains from the existing tracks to the new ones.

"The connection between the existing southbound local tracks will be made south of 39th street by the installation of a simple crossover connection.

"All the special work necessary for the above changes will be furnished by the City, together with the ballast, ties and rails.

"The work of changing will be done under operating conditions, and without the interruption of train service except in the case of the northbound local track as above outlined. That connection will probably take some five or six hours to complete.

"All this work is to be done on a cost-plus-percentage basis, the time being checked by the representatives of the Public Service Commission.

"I am of the opinion that the Board may properly consent to the proposed agreement."

It is the opinion of the Public Service Commission that it will be necessary for the Interborough Company to do this work as it must be performed under operating conditions and it is desirable that the work be performed as promptly as possible in order to remove all possible difficulties in the way of early operation.

In view of the fact, however, that these two separate pieces of construction work together would exceed \$10,000—although it is the opinion of the Commission that the work of making the track connections falls naturally into two parts and would be so advertised for competitive bidding, it has been deemed advisable to request the Board to consent that such work be done under Modifying Agreement No. 4.

In view of the situation as outlined in the foregoing, I recommend the adoption of the resolution herewith submitted consenting to the request of the Public Service Commission, that the work as described be done by the Interborough Company under the provisions of Agreement No. 4 modifying Contract No. 3.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the request of the Public Service Commission for the First District, duly made by said Commission on September 10, 1917, the Board of Estimate and Apportionment hereby consents to a proposed contract to be entered into between the City of New York, acting by the Commission, and the Interborough Rapid Transit Company, for making track connections between the northbound local tracks in the existing subway at about 41st Street, track connections between the southbound local tracks of the existing subway and the new Lexington Avenue Line, at an estimated cost of Five Thousand Two Hundred and Four (\$5,204) Dollars, and track connections between the express tracks of the existing subway and the new Lexington Avenue Line at about 38th and 39th Streets, at an estimated cost of six thousand two hundred and ninety-six (\$6,296) Dollars; the cost of such work to be a charge against and to be paid for out of the contribution of the Interborough Rapid Transit Company towards the cost of construction under the terms of Contract No. 3.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Police Department—Transfer of Funds (Cal. No. 16).

The Secretary presented the following report of the Deputy and Acting Comptroller:

September 21, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On September 6, 1917, the Deputy Comptroller requested transfer of funds from "Code CFM—24, Moneys Available for Permanent Improvements for Which Corporate Stock May Lawfully Be Issued" to an appropriation made to the Police Department. The Bureau of Contract Supervision reports thereon as follows:

"On February 10, 1912, the Police Commissioner entered into a contract with Francis L. V. Hoppin for architect's services in connection with the construction of a new station house and prison, located in West 20th street, for the 18th Precinct, Manhattan. In order to make the final payment on this contract, it will be necessary to provide \$21 in the fund entitled "CPD—12, Acquisition of Land and Erection of Building for the 18th Precinct, Manhattan," to which this bill is properly chargeable. On March 2, 1917, there was transferred from this fund the cash balance then remaining. It is now proposed to refund \$21 of this amount to the original fund to meet the payment."

I recommend the adoption of the attached resolution granting the request.

Respectfully, E. D. FISHER, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, as amended by chapter 36 of the Laws of 1913, hereby applies twenty-one dollars (\$21) from the fund entitled "CFM—24, Moneys Available for Permanent Improvements for Which Corporate Stock May Lawfully Be Issued," to provide for the payment of a claim of Francis L. V. Hoppin on account of architect's services in connection with the construction of a new station house and prison for the 18th Precinct, Manhattan, and for this purpose hereby approves the transfer of said amount from said fund to the fund appropriated to the Police Department, entitled "CPD—12, Police Department, Acquisition of Land and Erection of Buildings for the 18th Precinct, Manhattan."

Which was adopted by the following vote:
Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Finance—Statement Showing Transfers of Appropriations; Issues of Special Revenue Bonds and Corporate Stock and Annuities Granted (Cal. No. 17).

The Secretary presented the following report of the Deputy and Acting Comptroller, which was ordered printed in the minutes and filed:

September 22, 1917.

To the Board of Estimate and Apportionment, The City of New York:
Gentlemen—Pursuant to a resolution adopted by your Board on May 28, 1915, I have had prepared and herewith submit for your information, statements showing the following:

(1) Transfers between Departments of 1915 and prior years' appropriation accounts from April 1, 1917, to June 30, 1917.

(1A) Transfers between Departments of 1916 appropriation accounts from April 1, 1917, to June 30, 1917.

(1B) Transfers between Departments of 1917 appropriation accounts from April 1, 1917 to June 30, 1917.

(1C) Transfers from Salary and Wage Accrual Funds to appropriation accounts of various departments from April 1, 1917, to June 30, 1917.

(2) Amount of special revenue bonds allotted to each department from April 1, 1917, to June 30, 1917.

(3) Amount of corporate stock allotted to each department from April 1, 1917, to June 30, 1917.

(4) Annuities granted by the Board of Estimate and Apportionment, pursuant to section 165 of the Charter to retired employees of the City from April 1, 1917, to June 30, 1917.

(5) Annuities granted by the Board of Estimate and Apportionment, pursuant to section 165 of the Charter, to retired employees of the City, and effective June 30, 1917.

Respectfully,
E. D. FISHER, Deputy and Acting Comptroller.

Bureau of Contract Supervision.

Department of Parks, Borough of The Bronx—Approval of Contract, Plans, Specifications, Etc. (Cal. No. 18).

The Secretary presented a communication, dated September 22, 1917, from the Assistant Engineer, Department of Parks, Borough of The Bronx, transmitting form of contract, plans and specifications for repaving the main roadway of Bronx and Pelham Parkway between Southern Boulevard and Butler Street, and the southerly roadway of Bronx and Pelham Parkway, between Butler Street and Boston Road, Borough of The Bronx; and the following report of the Bureau of Contract Supervision recommending approval thereof:

September 24, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On September 25, 1917, you referred to the Bureau of Contract Supervision a communication from the Commissioner of Parks, Borough of The Bronx, dated September 24, 1917, requesting approval of contract form, plans and specifications for furnishing all labor and materials necessary or required for repaving with sheet asphalt on concrete foundation the main roadway of Bronx and Pelham Parkway, between Southern Boulevard and Butler Street, and the southerly roadway of Bronx and Pelham Parkway, between Butler Street and Boston Road, in the Borough of The Bronx, in the City of New York, together with all work incidental thereto, at an estimated cost of \$61,600, the cost to be charged to the corporate stock fund entitled "C. D. P.—312W, Repaving Portions of Bronx and Pelham Parkway," for which the sum of \$62,000 was authorized on May 18, 1917, and which sum is still intact.

The proposed work consists in replacing an old bituminous macadam pavement

with a heavy traffic sheet asphalt pavement on a cement concrete foundation six inches in thickness. The estimated quantities consist of 20,520 square yards of asphalt top, consisting of a binder course one inch in thickness, and a surfacing of heavy traffic mixture two inches in thickness; 3,400 cubic yards of Portland cement concrete pavement foundation; 4,200 cubic yards excavation of old surface materials; 350 linear feet new bluestone curb and 4,350 linear feet of old bluestone curb redressed and reset in concrete.

The form of contract and plans are satisfactory. The specifications have been amended by the department at suggestion of this bureau and are now satisfactory, and the estimate of cost is reasonable.

I recommend the adoption of the attached resolution granting the request.

Respectfully, TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the resolution adopted July 11, 1912, hereby approves the form of contract, plans and specification at an estimated cost of sixty-one thousand six hundred dollars (\$61,600) for furnishing all labor and materials necessary or required for repaving with sheet asphalt on a concrete foundation the main roadway of Bronx and Pelham Parkway, between Southern Boulevard and Butler Street, and the southerly roadway of Bronx and Pelham Parkway, between Butler Street and Boston Road, in the Borough of The Bronx, in the City of New York, together with all work incidental thereto; the work to be done under the jurisdiction of the Commissioner of Parks, Borough of The Bronx, and the cost to be charged to the corporate stock fund entitled "C. D. P.—312W, Repaving Portions of Bronx and Pelham Parkway," provided, that if no bids are received for said work within the estimated cost the amount of such estimated cost upon the bids so received may be reconsidered in its discretion by the Board of Estimate and Apportionment, or any official designated by the Board, provided that any of the bids is within the amount authorized and available for said work.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

President, Borough of Richmond—Approval of Increased Estimate of Cost (Cal. No. 19).

(On July 31, 1917, the Comptroller approved the estimate of cost for this work at \$6,200.)

The Secretary presented a communication, dated September 6, 1917, requesting approval of new estimate of cost (\$8,950) for furnishing and installing an electric elevator and appurtenances in the new County Court House, Borough of Richmond; and the following report of the Bureau of Contract Supervision recommending approval thereof:

September 22, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On September 6, 1917, the President of the Borough of Richmond requested approval of \$8,950 as a new estimate of cost for furnishing and installing an electric elevator and appurtenances in the new County Court House, Borough of Richmond.

On July 31, 1917, the Comptroller acting for the Board, approved the form of contract, plans and specifications for the work at an estimate of cost in the sum of \$6,200.

On September 6, 1917, after duly advertising for bids only one bid was received for the work amounting to \$8,950, and it does not appear that readvertising the contract will result in obtaining a lower bid.

The cost of the work is to be charged to the corporate stock fund entitled "C. P. R.—12, Acquisition of Site and Construction of New County Court House, at New Brighton, Borough of Richmond," the latest appropriation for which was approved in the sum of \$130,000 by the Board of Estimate and Apportionment on October 27, 1916. On September 11, 1917, an unencumbered balance of \$52,825.82 remained in the fund.

I recommend the adoption of the attached resolution granting the request.

Respectfully, TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, hereby approves the form of contract, plans, specifications and increased estimate of cost in the sum of eight thousand nine hundred and fifty dollars (\$8,950) for the installation of an electric elevator and appurtenances in the new county court house, Borough of Richmond, under the jurisdiction of the President of the Borough of Richmond, the cost of the work to be charged to the corporate stock fund entitled "C. P. R.—12, Acquisition of Site and Construction of New County Court House at New Brighton, Borough of Richmond."

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

College of The City of New York—Alterations to Stadium (Cal. No. 20).

The Secretary presented a communication dated September 20, 1917, from the Curator, College of The City of New York, enclosing copy of contract, specifications and plans for alterations to the stadium of said college; and the following report of the Bureau of Contract Supervision relative thereto:

September 20, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On September 21, 1917, you referred to the Bureau of Contract Supervision a communication from the Curator of the College of The City of New York, requesting approval of the contract, specifications and plans for alterations to the Stadium of the College of The City of New York, the cost of the alterations, \$11,950, to be paid by Mr. Adolph Lewisohn.

As the sum to be expended is not public funds, it is questionable whether the approval of your Board is necessary, but the College officials prefer to have the matter given formal sanction.

The work proposed consists of excavating under the seats at both the north and south ends of the Stadium, adjoining the pavilions, to provide a boiler room, coal storage and locker rooms. The two boilers now in shower rooms of the pavilion will be reinstalled in the new boiler rooms, and will heat the present toilets, locker rooms, ticket offices and provide hot water for the showers.

It was recently decided to use the stadium in winter, which is contrary to the original intention.

The plans and specifications cover the entire work of excavating, masonry, heating, plumbing and electric work, and will be a completed job, if done as specified.

I recommend the adoption of the attached resolution, which will sanction the proposed work. Respectfully, TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby sanctions the proposed alterations to the Stadium of the College of The City of New York, under the jurisdiction of the Board of Trustees of the College of The City of New York, the cost to be paid by private subscription.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Parks, Borough of Queens—Approval of Contract for Architects' Services (Cal. No. 21).

The Secretary presented a communication dated September 3, 1917, from the Commissioner of Parks, Borough of Queens, requesting approval of contract for final services of Messrs. Erdmann & Hahn, architects, for construction of comfort station in Forest Park; and the following report of the Bureau of Contract Supervision recommending said approval:

September 19, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On September 6, 1917, your Board referred to the Bureau of Contract Supervision a communication from the Commissioner of Parks, Borough of Queens, dated September 3, 1917, requesting approval of a final contract with Erdmann & Hahn, architects, of 101 Park Avenue, New York City, for architectural services in

furnishing complete plans and specifications and the supervision of the construction of a proposed comfort station in Forest Park, Borough of Queens, at a cost of \$387.45; the cost to be charged to the corporate stock fund entitled "C. D. P.—407C, Construction of Comfort Station, Forest Park," in which account there is sufficient unencumbered balance to meet the expenditure.

The contracts for the construction work have already been let at an aggregate cost of \$9,749 and the proposed final contract calls for payment at the flat rate of five per cent. on this amount or \$487.45 as total compensation to the architects for all of the necessary architectural work in connection with construction and completion of this building, less \$100, which has already been allowed them under a preliminary contract approved by your Board on March 30, 1917.

The contract form is satisfactory and the rate of compensation proper.
I recommend the adoption of the attached resolution granting the request.
Respectfully,
TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, hereby approves the form of final contract for the services of Erdmann & Hahn, 101 Park Avenue, New York City, as architects, for the preparation of complete plans and specifications and the supervision of the construction of a comfort station in Forest Park, Borough of Queens, under the jurisdiction of the Department of Parks, Borough of Queens, at a total cost of four hundred and eighty-seven dollars and forty-five cents (\$487.45) less the sum of one hundred dollars (\$100) already provided for under a preliminary contract, the cost to be charged to the corporate stock fund entitled "C. D. P. 407C, Construction of Comfort Station, Forest Park."

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Fire Department—Approval of Increased Estimates of Cost (Cal. No. 22).

(On August 24, 1917, the Deputy and Acting Comptroller approved the estimate of cost for this work at \$5,900 for fourteen items.)

The Secretary presented a communication dated September 24, 1917, from the Fire Commissioner, requesting approval of increased estimates of cost for making repairs to plumbing and steam heating plants in 35 fire engine companies at an aggregate of \$5,730 for seven separate items; and the following report of the Bureau of Contract Supervision recommending approval thereof:

September 26, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On September 24, 1917, you referred to the Bureau of Contract Supervision a communication from the Fire Commissioner, requesting approval of increased estimates of cost for making repairs to plumbing and to steam heating plants in 35 fire companies at an aggregate of \$5,730 for seven separate items.

On August 24, 1917, the Deputy and Acting Comptroller on behalf of your Board approved the form of contract, specifications and estimates of cost in the sum of \$5,900 for making repairs to the plumbing and to steam heating plants in 60 fire houses separated into 14 items.

On September 21, 1917, the aggregate amount of the lowest bids received for all items was \$10,783.

As the funds remaining in the appropriation for Repairs and Replacements are insufficient to meet the cost of all of the work, the Commissioner is desirous of awarding only a certain portion of the original work which is included in the request and which he deems most necessary.

Considering the marked increase in the cost of materials during the past year, the increased estimates of cost are reasonable.

I recommend the adoption of the attached resolution granting the request.
Respectfully,
TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1917, and subject to the provisions of section 419 of the Greater New York Charter, hereby approves the increased estimate of cost in the sum of five thousand seven hundred and thirty dollars (\$5,730), said amount being the aggregate of seven separate items for repairing the plumbing and the steam-heating plants in thirty-five fire houses, under the jurisdiction of the Fire Department; this action being amendatory of the approval by the Acting Comptroller dated August 24, 1917, of a cost of five thousand nine hundred dollars (\$5,900) for fourteen items, including the above.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Parks, Boroughs of Manhattan and Richmond—Approval of Contract, Specifications, Etc. (Cal. No. 23).

The Secretary presented a communication dated September 8, 1917, from the Acting Commissioner of Parks, Boroughs of Manhattan and Richmond, transmitting form of contract and specifications for paving and repaving the walks of Central and other parks, at an estimated cost of \$4,465; and the following report of the Bureau of Contract Supervision recommending approval thereof:

September 25, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On September 10, 1917, you referred to the Bureau of Contract Supervision a communication from the Acting Commissioner of Parks, Boroughs of Manhattan and Richmond, dated September 8, 1917, requesting approval of contract form and specifications for furnishing all labor and materials necessary or required for paving and repaving with asphaltic mastic, where directed, the walks of Central and other parks, at an estimated cost of \$4,465, the cost to be charged to Code 1148, Repairs and Replacements, Walks, of the 1917 budgetary appropriations, in which account there is sufficient unencumbered balance to admit of the expenditure.

The work proposed consists of repairing and replacing portions of the base of the present old asphalt walks with cement concrete and mortar and covering this base with a layer of asphalt mastic one inch in thickness. The prices proposed are fourteen cents per square foot for the one-inch top and \$7.50 per cubic yard for cement concrete and mortar used in repairing and replacing the old base.

The specifications provide for the use, at the option of the contractor, of a mastic composed of either a mixture of rock asphalt, refined asphalt and clean grit, or a mixture composed of twelve per cent. of ordinary paving asphalt, screenings and sand.

The cost of laying the first mixture is considerably greater than the second and the second mixture will therefore undoubtedly be laid. The price of fourteen cents per square foot is high for this mixture, but the work is exceedingly urgent and as a portion of the work is so located that the mixture will have to be made locally from kettles and widely distributed in small patches and will have to be floated and rubbed instead of rolled, it is probably as low as can be secured under present conditions in the local asphalt paving industry.

The form of contract and specifications are satisfactory under the above conditions.

I recommend the adoption of the attached resolution granting the request.
Respectfully,
TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, hereby approves the contract form and specifications for furnishing all labor and materials necessary and required for repaving with an asphaltic mixture, where directed, the walks of Central and other parks in the Borough of Manhattan, under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, at an estimated cost of four thousand four hundred and sixty-five dollars (\$4,465), chargeable to the 1917 budgetary appropriations, Code 1148—Repairs and Replacements—Walks, provided that if no bids are received for said work within the estimated cost the amount of such estimated cost upon the bids so received may be reconsidered in its discretion by the Board of Estimate and Apportionment, or any official designated by the Board, provided that any of the bids is within the amount authorized and available for said work.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting

President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Water Supply, Gas and Electricity—Expenditure of Corporate Stock Funds (Cal. No. 24).

The Secretary presented a communication dated September 12, 1917, from the Commissioner of Water Supply, Gas and Electricity, requesting permission to expend \$950 for extra work in laying a water main in 7th Avenue, between 32d and 33d Streets, Borough of Manhattan; and the following report of the Bureau of Contract Supervision recommending approval thereof:

September 24, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On September 13, 1917, the Comptroller referred to the Bureau of Contract Supervision a communication from the Commissioner of Water Supply, Gas and Electricity, dated September 12, 1917, requesting permission to make an expenditure of \$950 for doing extra work in connection with laying a 24-inch high pressure water main in 7th Avenue, between 32d and 33d Streets, Borough of Manhattan, the cost to be charged against corporate stock fund "C. D. W.—3," in which there is sufficient balance.

The proposed work was originally included in a large contract which was let to the Degnon Contracting Company and completed in 1914.

Owing to the subway work then in progress the pipe between 32d and 33d Streets could not be laid without excessive delay to the contractor and in order to obtain final payment the Degnon Contracting Company entered into a bond of \$3,000 to finish laying this pipe at the convenience of the department for a price of \$903, which was the estimated cost at the unit prices of the larger contract.

Owing to the unbalanced bids on the original contract this cost was very low and a bond of \$3,000 was requested because the latter amount was a fair estimate of cost for the work.

The Public Service Commission has since made a number of changes from the original plans and the additional allowance of \$950 is for extra work over that provided in the original contract.

The estimate of cost is low and on the understanding that the work is an extension of the original contract, the proposed order is proper.

I recommend the adoption of the attached resolution approving the request.
Respectfully,
TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, and subject to the provisions of section 419 of the Greater New York Charter, hereby grants permission to the Commissioner of Water Supply, Gas and Electricity to make an expenditure of nine hundred and fifty dollars (\$950) for doing extra work in connection with laying a new 24-inch high pressure water main in Seventh Avenue, between 32d and 33d Streets, Manhattan, the cost to be charged against the corporate stock fund "C. D. W.—3, Construction and Establishment of a High Pressure Water System for Fire and Other Purposes, Borough of Manhattan."

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Water Supply, Gas and Electricity—Approval of Increased Estimates of Cost (Cal. No. 25).

(On July 25, 1917, the Comptroller approved the estimate of cost for this work at \$6,000.)

The Secretary presented a communication dated September 20, 1917, from the Commissioner of Water Supply, Gas and Electricity, requesting approval of increased estimate of cost (\$6,655) for chlorine machines, appurtenances, etc., at Mt. Kisco, Westchester County, New York; and the following report of the Bureau of Contract Supervision recommending approval thereof:

September 24, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On September 20, 1917, the Commissioner of Water Supply, Gas and Electricity requested approval of an increased estimate of cost in an amount of \$6,655 for furnishing, delivering and installing liquid chlorine machines and appurtenances in existing chlorinating plant at Mt. Kisco, Westchester County, New York, and for making improvements to the existing building.

The cost is to be charged to the special revenue bond account "R. D. W. 44 V—Department of Water Supply, Gas and Electricity, Deficiency in Budget Item 2244TW, 1917" in which there is sufficient balance for the expenditure.

On July 25, 1917, the Comptroller approved this contract. The approved estimates of cost and the lowest bids received on September 7, 1917, are as follows:

	Approved.	Low Bid.
Section 1—Furnishing, delivering and installing chlorinating machines	\$4,500 00	\$5,220 00
Section 2—Making improvements to building	1,000 00	790 00
Section 3—Furnishing and installing hot water heating plant	500 00	645 00
	\$6,000 00	\$6,655 00

These bids are reasonable and I recommend the adoption of the attached resolution approving them as increased estimates of cost. Respectfully,

TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, hereby approves new estimates of cost for work to be done under the jurisdiction of the Commissioner of Water Supply, Gas and Electricity as follows:

Item 1—Furnishing, delivering and installing chlorine machines, scales and appurtenances, at an estimated cost of five thousand two hundred and twenty dollars (\$5,220).

Item 2—Furnishing and delivering materials and making improvements to the existing buildings, at an estimated cost of seven hundred and ninety dollars (\$790).

Item 3—Furnishing and installing hot water heating plant within the existing building at an estimated cost of six hundred and forty-five dollars (\$645).

—the cost of all the work to be charged against the special revenue bond account, "R. D. W., 44V—Department of Water Supply, Gas and Electricity, Deficiency in Budget Items 2244 TW—1917."

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Bureau of Franchises.

Operation of Street Surface Railways Across Williamsburg Bridge (Cal. No. 26).

Authorization to Commissioner of Plant and Structures to issue a temporary permit to certain street surface railways to continue operation across the Williamsburg Bridge for the period from September 30 to November 30, 1917.

The Secretary presented the following:

Bureau of Franchises, September 24, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—The permit issued by the Commissioner of Plant and Structures under which the several railway companies are now operating across the Williamsburg Bridge expires on September 30, 1917. This permit was issued for the period from June 30, 1917, to and including September 30, 1917, in accordance with the recommendation of the Board.

The negotiations with respect to an agreement for the operation of surface cars on the bridge have continued during the existence of this permit, but are not yet completed. It is therefore suggested that the Commissioner of Plant and Structures be requested to issue another permit upon the same terms and conditions as the one under

which the companies are now operating for the period between September 30, 1917, and November 30, 1917.

A resolution to be adopted is submitted herewith. Respectfully,
HARRY P. NICHOLS, Engineer, Chief of Bureau.

The following resolution was offered:

Resolved, That the Commissioner of Plant and Structures be requested to issue to the New York Railways Company, successor to the Metropolitan Street Railway Company, the Coney Island and Brooklyn Railroad Company, the Brooklyn Heights Railroad Company, the Nassau Electric Railroad Company and the Bridge Operating Company, a temporary permit to continue operation over the Williamsburg Bridge for the period from September 30, 1917, to and including November 30, 1917, upon the same terms and conditions as the permit under which the companies are now operating.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

From Citizens and Public Bodies.

The Mayorality—Issue of Special Revenue Bonds; Subauthorization for Expenditures for War Purposes (Cal. No. 27).

(On April 27, 1917 (Cal. No. 138), the Board adopted a resolution authorizing \$250,000 Special Revenue Bonds, to be placed at the disposal of his Honor the Mayor to be used by him in such manner as in his judgment would promote the safety and protect the lives and property of the people of The City of New York, and the property of The City of New York during the War.)

(The Board authorized previous segregations from the above amount as follows: May 7 (Cal. No. 2), \$10,000; May 18 (Cal. No. 127), \$10,000; June 8 (Cal. No. 167), \$5,000; June 29 (Cal. No. 233), to read \$3,011.49; and September 21, 1917 (Cal. No. 279), \$50,000.)

The Secretary presented the following communication from the Director, Mayor's Committee on National Defense:

Mayor's Committee on National Defense, Stewart Building, 280 Broadway, New York, September 20, 1917.

Hon. JOHN PURROY MITCHEL, Mayor of the City of New York, City Hall, New York City:

Dear Mr. Mayor—Mr. Lewis L. Clarke informs me that the balance to the credit of the Mayor's Committee on National Defense is getting rather low and if this committee is to continue the good work which it has been doing in connection with the war, it will be necessary within the next few weeks to secure additional funds.

We have on hand at the present time receipted vouchers totaling \$31,077.34, covering expenditures of the various committees of the Mayor's Committee on National Defense. Approximately \$17,000 was expended in connection with the National Army and the National Guard parades. This committee acted as host in these two instances for the City of New York and I do not think it is necessary that I go into particulars respecting these two parades as I believe you are fully aware of the success with which they were carried out and the approval with which they met from the citizens of this city.

The presentation of this matter to you is for the purpose of having this committee reimbursed from the authorization of \$250,000 of special revenue bonds passed by the Board of Estimate on April 27, and I believe they are a proper charge against the aforesaid fund.

If this request meets with your approval, may I ask that you take the proper steps to reimburse this committee? Respectfully,
P. J. MCCOOK, Director.

Schedule.

Expenditures of the Mayor's Committee on National Defense and its sub-committees to September 22, 1917, exclusive of office salaries:

Which were referred to the Committee on Salaries and Grades.

President, Borough of Brooklyn—Construction of Bathing Pavilions at Coney Island (Cal. No. 39).

The Secretary presented a resolution adopted September 18, 1917, by the Board of Aldermen, requesting that immediate steps be taken towards the construction of two municipal bathing pavilions on City-owned property at Coney Island.

Which was referred to the President of the Borough of Brooklyn.

Board of Child Welfare: Fund for Salary and Wage Accruals; President, Borough of Richmond—Transfer of Appropriations (Cal. No. 40).

(On June 29, 1917, the Secretary transmitted the request in this matter to the Bureau of Contract Supervision for report to the Comptroller.)

The Secretary presented a communication, dated September 24, 1917, from the Acting President, Borough of Richmond, renewing request for transfer of \$4,293.62 to the appropriation made to the Bureau of Street Cleaning, Borough of Richmond, for 1917; and the following report of the Deputy and Acting Comptroller:

September 28, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On September 24, 1917, the Acting President, Borough of Richmond, requested transfer of available funds to the appropriation made to his department for forage and veterinary supplies. The Bureau of Contract Supervision reports thereon as follows:

"Of the amount provided for forage and veterinary supplies in the 1917 budget there is at present a balance of \$1,070.40. To permit the President of the Borough to enter into a contract for forage to meet all requirements for the balance of the year and to provide a small sum for veterinary supplies it will be necessary to provide an additional \$2,700.

"When the President of the Borough requested the transfer of \$4,293.62 his estimate was based on prices obtained in his last contract. On September 25, 1917, bids were received at prices more favorable than anticipated. The lowest

bid received was \$3,716.30. As the present stock will meet requirements until about October 3, 1917, the department desires to enter into this contract without delay.

"The shortage in this appropriation is due to higher price paid for oats and hay over the prices prevailing when the budget was prepared.

"There does not appear to be at this time any surplus balances in the other appropriations made to the President, Borough of Richmond. The Comptroller has been advised under date of September 19, 1917, by Mr. Harry L. Hopkins, Executive Secretary to the Board of Child Welfare, that said Board, by resolution adopted September 18, 1917, agreed to the transfer of \$75,000 from its appropriation for fixed charges and contributions."

In view of the foregoing I recommend the adoption of the attached resolution recommending the transfer of \$1,598.30 from the Board of Child Welfare, which is the balance of the \$75,000 referred to the above which has not been transferred, and also the sum of \$1,101.70 from the salary and wage accrual fund, a total of \$2,700. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves of the transfer of funds appropriated for the year 1917, as follows:

FROM	
BOARD OF CHILD WELFARE.	
1999 Fixed Charges and Contributions.....	\$1,598 30
MISCELLANEOUS.	
3039 City Fund for Salary and Wage Accruals from Schedule Supported Appropriations to Be Expended as Provided in the Budget Resolutions Herewith	1,101 70
	<hr/> \$2,700 00

TO
PRESIDENT, BOROUGH OF RICHMOND.

774 Forage and Veterinary Supplies..... \$2,700 00

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

MATTERS LAID OVER FROM PREVIOUS MEETINGS.

Kew Gardens Road from Union Turnpike to Iris Place, Borough of Queens—Petitions for Relief from Assessment in Proceeding for Acquiring Title (Cal. No. 41).

The Secretary presented three petitions of property owners, dated April 25 and May 8, 1917, requesting relief from assessment in the proceeding for acquiring title to Kew Gardens road, from Union Turnpike to Iris place, Borough of Queens; and a report of the Committee on Assessments recommending denial thereof.

(On May 11, 1917 (Cal. No. 236), the petitions in this matter were referred to the Committee on Assessments.)

(On September 21, 1917 (Cal. No. 45) the report of the Committee on Assessments was presented and the matter laid over until this meeting.)

The matter was laid over three weeks (October 19, 1917).

Department of Water Supply, Gas and Electricity—Issue of Corporate Stock (Cal. No. 42).

(On September 21, 1917 (Cal. No. 48), the matter was laid over until this meeting, under Rule 19.)

The Secretary presented two communications dated August 24 and September 6, 1917, from the Commissioner of Water Supply, Gas and Electricity requesting an issue of \$42,000 Corporate Stock for necessary improvements to the water supply system in the Boroughs of Manhattan and The Bronx; and the following report of the Committee on Corporate Stock Budget recommending approval thereof:

September 11, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On August 24 and on September 6, 1917, the Commissioner of Water Supply, Gas and Electricity requested authorizations of corporate stock, as follows: \$30,000 to replenish the general water fund for anticipated necessary extensions for the balance of the year.

\$12,000 for new submarine water mains across Westchester Creek and connections with existing mains at Tremont avenue, Borough of The Bronx.

The Bureau of Contract Supervision, to which the requests were referred on August 27 and on September 7, 1917, respectively, reports thereon as follows:

"Requests for \$30,000.
"The only corporate stock fund available for general water supply purposes in Manhattan and The Bronx is 'CDW-13, Water Fund, Boroughs of Manhattan and The Bronx.'

"This fund was replenished on May 11, 1917, by an authorization of \$125,000, which was supported by a list of streets in which new extensions were contemplated.

"About \$35,000 has been spent or encumbered by contracts now pending for work not included in the original estimate, much of it being due to extensions and changes in the distribution system to furnish Catskill water in the lower Manhattan district.

"With these encumbrances the balance in the fund 'CDW-13' is practically exhausted and the department requests \$30,000 for necessary extensions during the balance of the year.

"Requests for \$12,000.

"The proposed work at Westchester Creek is necessary to give a second feed and provide fire protection to the district east of Westchester Creek, which is now dependent on a single small line. This section pays extra fire insurance rates on account of inadequate hydrant pressures.

"The requests are reasonable and should be granted. One appropriation for both purposes is suggested."

We recommend the adoption of the attached resolution granting the requests.

Respectfully,

EDMUND D. FISHER, Deputy and Acting Comptroller; FRANK L. DOWLING, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx, Corporate Stock Budget Committee.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 178 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding forty-two thousand dollars (\$42,000) to provide means for necessary improvements and extensions to the water supply distribution system of Manhattan and The Bronx, under the jurisdiction of the Department of Water Supply, Gas and Electricity, and that the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purpose aforesaid; provided, however, that no part of the proceeds of the corporate stock herein authorized shall be available for any work which cost exceeds two hundred dollars (\$200) until after the Board of Estimate and Apportionment has approved forms of contract plans and specifications and estimates of cost pertaining to the same.

Which was adopted by the following vote:

Affirmatives—The Acting Mayor, the Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

President of the Borough of Brooklyn—Appropriation for Repaving (Cal. No. 43).
(On September 21, 1917 (Cal. No. 47), the matter was laid over until this meeting under Rule 19.)

The Secretary presented a communication dated September 6, 1917, from the President, Borough of Brooklyn, requesting an appropriation of \$140,000 for the repaving portions of Atlantic Avenue, in the Borough of Brooklyn, as follows:

Centre of Atlantic Avenue, between 5th and Bedford Avenues; Intersection of Atlantic Avenue and Washington Avenue; Intersection of Atlantic Avenue and Ralph Avenue; Thirty-three intersections of Atlantic Avenue, between Bedford and Shepard Avenues; and South side of Atlantic Avenue, between Snediker Avenue and Georgia Avenue, and the following report of the Committee on Corporate Stock Budget recommending approval thereof:

September 21, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On September 6, 1917, the President of the Borough of Brooklyn addressed a communication to the Board of Estimate and Apportionment requesting an appropriation of corporate stock in the amount of \$140,000 for the purpose of repaving portions of Atlantic Avenue, Borough of Brooklyn.

This request was referred on September 8, 1917, to the Bureau of Contract Supervision, which reports thereon as follows:

It is proposed to repave the center of Atlantic Avenue between Fifth and Bedford avenues with improved granite block. The possession of this area has been a matter of controversy between the City and the Long Island Railroad Company, and the Court of Appeals has decided that control of the same rests in the City and not in the Railroad Company. Within the limits mentioned there are two lines of street car track nearly continuous, and over which the Long Island Railroad Company has neither ownership or control. If paved, as suggested, it will provide additional street and traffic facilities in a portion of Brooklyn where the street traffic is rapidly increasing.

The Borough President also proposes to repave the south side of Atlantic Avenue between Snediker and Georgia avenues where the street car tracks are to be removed. This paving will also materially improve traffic conditions within the area.

It is also proposed to repave 33 intersections of Atlantic Avenue between Bedford and Shepard avenues, with asphalt in order to provide a continuous passage for the avenues intersecting Atlantic Avenue with a smooth pavement instead of the worn granite blocks with which the intersections are now paved.

In view of the very considerable traffic facilities to be secured by the proposed improvements, the Borough President should be provided with funds to carry out all the work outlined above.

We recommend the adoption of the attached resolution which will grant the appropriation as requested. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller; FRANK L. DOWLING, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; Committee on Corporate Stock Budget.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 169 of the Greater New York Charter, hereby appropriates the sum of one hundred and forty thousand dollars (\$140,000) for the repaving of portions of Atlantic Avenue, in the Borough of Brooklyn, as follows:

Center of Atlantic Avenue, between 5th and Bedford Avenues; intersection of Atlantic Avenue and Washington Avenue; intersection of Atlantic Avenue and Ralph Avenue; 33 intersections of Atlantic Avenue, between Bedford and Shepard Avenues; south side of Atlantic Avenue, between Snediker Avenue and Georgia Avenue;

—under the jurisdiction of the President, Borough of Brooklyn, and that the Comptroller be and hereby is authorized to issue, pursuant to section 169 of the Greater New York Charter, serial bonds of The City of New York to the amount of thirty-five thousand dollars (\$35,000), being one-quarter of such total authorization, and that the remaining three-quarters thereof, viz., one hundred and five thousand dollars (\$105,000), shall be included in annual tax levies in the manner provided by section 189 of the Greater New York Charter.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Parks, Borough of Queens—Appropriation for Service Building in Forest Park (Cal. No. 44).

(On September 21, 1917 (Cal. No. 49), the matter was laid over until this meeting, under Rule 19.)

The Secretary presented a communication, dated August 10, 1917, from the Commissioner of Parks, Borough of Queens, requesting a corporate stock authorization of \$1,262.22 for the construction of a service building in Forest Park; and the following report of the Committee on Corporate Stock Budget relative thereto:

August 17, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On August 10, 1917, the Commissioner of Parks, Borough of Queens, requested an authorization of corporate stock to the amount of \$1,262.22 in addition to the amount already appropriated for the purpose of the construction of a service building in Forest Park.

The Bureau of Contract Supervision to which this request was referred on August 11, 1917, reports thereon as follows:

"On May 18, 1917, the Board of Estimate and Apportionment appropriated \$32,500 for the construction of this building, including architect's fees. On August 9, 1917, bids were received for the work which aggregated \$32,154.22.

"The requested additional appropriation is necessary in order to provide funds to pay for architectural services."

We recommend the adoption of the attached resolution which will grant an additional appropriation of \$1,300 for the purpose. Respectfully,

WM. A. PRENDERGAST, Comptroller; FRANK L. DOWLING, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; JOHN G. BORGSTEDE, Acting President, Borough of The Bronx; Corporate Stock Budget Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 169 of the Greater New York Charter, hereby appropriates the sum of one thousand three hundred dollars (\$1,300) in addition to funds heretofore authorized, for the purpose of constructing a service building in Forest Park, Borough of Queens, including architect's fees, under the jurisdiction of the Commissioner of Parks, Borough of Queens, and the Comptroller be and is hereby authorized to issue, pursuant to section 169 of the Greater New York Charter, serial bonds of The City of New York to the amount of three hundred and twenty-five dollars (\$325), redeemable in fifteen equal annual installments, being one-quarter of such total authorization, and that the remaining three-quarters thereof, viz., nine hundred and seventy-five dollars (\$975) shall be included in annual tax levies in the manner provided by section 189 of the Greater New York Charter; provided, however, that no encumbrance or expenditure by contract shall be made against said sums nor shall bids upon such contracts be advertised for until after approval of the Board of Estimate and Apportionment of the plans, specifications, estimates of cost and forms of such contracts which shall be submitted to said Board by the Commissioner of Parks, Borough of Queens, nor shall any architect, engineer, expert or departmental employee be engaged or employed as a charge against such sums, except after approval by said Board of such employment and of the fee or wage to be paid by preliminary and final contract, voucher or budget schedule, which are to be similarly submitted, unless in the case of departmental employees, such employment is in accordance with schedules approved by said Board.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Education—Appropriation for Alterations to and Equipment of Public School No. 34, Borough of The Bronx (Cal. No. 45).

(On September 21, 1917 (Cal. No. 85), the matter was laid over until this meeting, under Rule 19.)

The Secretary presented a resolution, adopted June 27, 1917, by the Board of Education, requesting an appropriation of \$17,500 to provide means for alterations to and equipment of Public School No. 34, Borough of The Bronx; and the following report of the Committees on Education and Corporate Stock Budget recommending approval thereof:

July 2, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On June 27, 1917, the Board of Education requested an appropriation of \$17,500 corporate stock to provide for the alteration and equipment of Public School 34, The Bronx, in order to adapt it to the duplicate school plan. In connection therewith the Committee on Education and the Committee on Corporate Stock Budget report jointly as follows:

On May 23, 1917, the Board of Education requested the Board of Aldermen to request an issue of \$1,200 special revenue bonds for the purpose of removing portable buildings from Public School 12 and Public School 36, The Bronx, and re-erecting them in the yard of Public School 34, The Bronx, and for the purpose of building a new exit from the yard of Public School 34, The Bronx. The removal of these portable buildings was to bring temporary relief to Public School 34 because of the abandonment of the eight room leased annex at Morris Park Avenue and Lincoln Street, for which the lease expired on July 1, 1917, which lease the owners refused to renew. The request for revenue bonds has been filed by the Board of Aldermen.

Conditions in Public School 34, Bronx, as of March 31, 1917, are shown in the following statistics:

	Register.	Number of Classes.	Average Register Per Class.	Number of Rooms.	Capacity Under Duplicate School Plan.
Public School 34.....	1,481	38	39	35	48
Portable buildings	73	2	36.5	2	..
Rented annex	304	8	38	8	..
	1,858	48	38.7	45	48

The Local School Board of District 26, The Bronx, on June 15, unanimously resolved that in view of the fact that even with the two portable buildings which it is proposed to transfer to Public School 34, the school would have to go on part time well up through the second year, it would be more satisfactory to include Public School 34, The Bronx, in the pending appropriation for duplication of schools and to make provision to put this school upon the duplicate programme. By this means part time can be avoided and the building utilized to its full capacity while the course of study can at the same time be enriched by the introduction of additional shop work, organized play and auditorium activities for the children. Without the four portable buildings part time would be extended through the 4B or 5A grade.

In view of the above facts permanent relief by reorganization on the duplicate plan should be provided for Public School 34, as requested by the local school board and the Board of Education. The cost of the reorganization is estimated at \$17,500 or \$500 per room in a building in which an auditorium must be constructed.

The adoption of the attached resolution will grant the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, Mayor;

President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Education and Corporate Stock Budget.

The Secretary also presented a communication, dated September 27, 1917, from H. A. Knox urging the appropriation.

The following resolution was offered:

Resolved, By the Board of Estimate and Apportionment, that, pursuant to the provisions of section 169 of the Greater New York Charter, the sum of seventeen thousand five hundred dollars (\$17,500) is hereby appropriated to provide means for the alterations and equipment of Public School 34, Borough of The Bronx, under the jurisdiction of the Department of Education, and that the Comptroller be and hereby is authorized to issue, pursuant to section 169 of the Greater New York Charter, serial bonds of The City of New York to the amount of four thousand three hundred and seventy-five dollars (\$4,375), redeemable in fifteen equal annual instalments, being one-quarter of such total authorization, and that the remaining three-quarters thereof, viz., thirteen thousand one hundred and twenty-five dollars (\$13,125) shall be included in annual tax levies in the manner provided by section 189 of the Greater New York Charter; provided, however, that no encumbrance or expenditure by contract shall be made against this authorization, nor shall bids upon such contracts be advertised for, until after approval by the Board of Estimate and Apportionment of the plans, specifications, estimates of cost and forms of such contracts which shall be submitted to said Board by the Department of Education, nor shall any architect, engineer, expert or departmental employee be engaged or employed as a charge against such authorization except after approval by said Board of such employment and of the fee or wage to be paid by preliminary and final contract, voucher, or budget schedule, which are to be similarly submitted, unless in the case of departmental employees, such employment is in accordance with schedules approved by said Board.

Police Department—Authority to Fix Salaries (Cal. No. 46).

(On September 21, 1917 (Cal. No. 60), the matter was laid over until this meeting and referred to the Committee on Tax Budget for report.)

The Secretary presented a communication, dated July 16, 1917, from the Police Commissioner, requesting authority to fix the salaries of 13 Lieutenants at \$2,500 each per annum; and the following report of the Committee on Salaries and Grades; which was ordered filed:

August 8, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On July 16, 1917, the POLICE COMMISSIONER addressed a communication to your Board relative to 13 positions of Lieutenants at \$2,500 per annum, provided in the budget schedule of the Police Department. The Bureau of Personal Service reports thereon as follows:

"The 1916 budget originally provided for nine Lieutenants at \$2,500 for those in charge of the nine branch detective bureaus. On January 5, 1916, the Commissioner made application to the Board for four more positions at \$2,500. His request was granted on February 4, 1916. These additional four were for men in charge of special squads securing evidence against disorderly and gambling houses, excise violations, malpractices, graft, illegal sale and use of narcotics, etc., in other words, for men in charge of Special Squads known as Nos. 1, 2, 3 and 4. These 13 positions were again included in the 1917 Budget.

"Recently the Commissioner requested authority to fill a vacancy in one of the four latter positions caused by the promotion to a captaincy of Lieutenant Costigan, a special squad man, who, despite his promotion still kept his squad assignment. The Lieutenant, whom it was proposed to promote to \$2,500, was in charge of a squad, but not in command of one considered as one of the four. This Bureau refused to certify to the filling of the vacancy as it was contrary to the intent of the Budget Committee when the appropriation was made.

"The Commissioner contends that the designation of the men who are to receive the extra pay should be discretionary with him, so that the extra compensation can be granted to those men who are doing the most important and the most responsible work from the police standpoint, whether it is work on vice or in connection with crime. In order that the matter may be definitely settled, he requests the Board of Estimate and Apportionment to take such action as is necessary to authorize the above."

The foregoing report is transmitted without recommendation for such action as your Board may deem proper. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

Department of Street Cleaning—Transfer of Appropriation and Modification of Schedule (Cal. No. 47).

The Secretary presented a report of the Committee on Salaries and Grades, recommending the modification of Code No. 2324, Department of Street Cleaning, for

the year 1917, so as to provide for an additional District Superintendent at \$1,920 per annum, the minimum rate, from July 1 to December 31, 1917, involving a transfer of \$640.

(On September 21, 1917 (Cal. No. 70), the matter was laid over until this meeting.)

Hon. John T. Fetherston, Commissioner of Street Cleaning, appeared in favor. The matter was laid over one week (October 5, 1917).

District Attorney, Bronx County—Issue of Special Revenue Bonds and Modification of Schedule (Cal. No. 48).

(On September 21, 1917 (Cal. No. 82), the matter was laid over until this meeting, under Rule 19.)

The Secretary presented a communication dated July 30, 1917, from the District Attorney, Bronx County, requesting an issue of \$2,500 Special Revenue Bonds to provide for employment of Official Stenographers; and the following report of the Committee on Salaries and Grades recommending approval thereof and modification of schedule:

August 20, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On July 30, 1917, the DISTRICT ATTORNEY of BRONX COUNTY requested an issue of special revenue bonds, pursuant to the provisions of section 1542 of the Greater New York Charter. The Bureau of Personal Service reports thereon as follows:

"Purpose—To provide \$2,500 for the employment of official Stenographers.
"Reason—Section 1542 of the Charter says in part: 'It shall be lawful, however, for the Board of Estimate and Apportionment, in its discretion and upon the certificate of the District Attorney of any such county that the public interests demand for the proper conduct of a criminal action of exceptional difficulty that an additional appropriation be made for that purpose, to make such appropriation, and to authorize the Comptroller to issue special revenue bonds to provide the necessary means therefor.'

"Finding—Provision was made in the 1917 budget in the sum of \$2,500 for this purpose. Of this amount \$325 remained unexpended. The District Attorney has under indictment and is preparing for trial five cases of murder, all of which he has certified are of exceptional difficulty."

Recommendation—In view of the above report, the Committee recommends the granting of the above request by an issue of special revenue bonds in the amount of \$2,500, and by approval of the attached schedule. Respectfully,

EDMUND D. FISHER, Deputy and Acting Comptroller; FRANK L. DOWLING, Acting Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:
Resolved, That the Board of Estimate and Apportionment hereby approves of the issue of special revenue bonds to provide for the employment of official Stenographers for the District Attorney of Bronx County and that for this purpose the Comptroller be and is hereby authorized, pursuant to the provisions of section 1542 of the Greater New York Charter, to issue special revenue bonds of The City of New York to an amount not exceeding two thousand five hundred dollars (\$2,500), redeemable from the tax levy of the year next succeeding the year of their issue.

Which was adopted by the following vote:
Affirmative—The Acting Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:
Resolved, That the Board of Estimate and Apportionment hereby approves of the schedules, as revised, for the office of the District Attorney of Bronx County for the year 1917, as follows:

Personal Service.

Schedule Total	\$9,000 00
Tax Levy Allowance	\$4,000 00
Special Revenue Bond Allowance	5,000 00
Total Allowance	\$9,000 00

Which was adopted by the following vote:
Affirmative—The Acting Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

General Fund for Reduction of Taxation; President, Borough of Queens—Transfer of Funds (Cal. No. 49).

The Secretary presented a report of the Comptroller, recommending the transfer of \$4,844.10 from the General Fund for the Reduction of Taxation to Budget accounts of the President, Borough of Queens, for the years 1905 and 1906, entitled "Labor, Maintenance and Supplies," to provide for certain charges of the Interstate Paving Co. against contract No. 13563, which were paid through the Street Improvement Fund, and which should be transferred to the accounts properly chargeable, thus reimbursing the Street Improvement Fund for the money so advanced.

(On September 21, 1917 (Cal. No. 103), the matter was laid over until this meeting.)

The matter was laid over one week (October 5, 1917).

Various City Departments and County Offices; Funds for Salary and Wage Accruals—Transfers of Appropriations (Cal. No. 50).

(On September 21, 1917 (Cal. No. 113), the matter was laid over until this meeting.)

The Secretary presented the following report of the Deputy and Acting Comptroller:

September 8, 1917.

To the Board of Estimate and Apportionment, The City of New York:
Gentlemen—When the Tax Levy Budget for 1917 was adopted, the following resolution was approved by your Board:

"Second (f). There shall be credited to the 'Funds for Salary and Wage Accruals from Schedule-Supported Appropriations to be Expended as Provided in the Budget Resolutions Herewith,' established in this Budget for The City of New York and for each of the five counties therein, as soon as practicable after the expiration of each salary or wage period, the accruals during such period of 'Salaries Regular Employees,' and 'Wages Regular Employees,' but these credits shall be made only upon the submission of reports thereon by the Comptroller to the Board of Estimate and Apportionment, pursuant to section 237 of the Greater New York Charter."

In accordance therewith a list of apparent accruals in appropriations for salaries and wages, regular employees, for July, 1917, has been prepared and the various departments affected informed by letter of the intention of the Comptroller to recommend the transfer of these accruals, as provided in the above resolution, unless the departments dissent therefrom.

The resolutions herewith give the details of the proposed transfers to the respective accrual accounts enumerated below:

3039 City Fund for Salary and Wage Accruals.....	\$52,439 94
3222 New York County Fund for Salary and Wage Accruals.....	5,175 39
3354 Bronx County Fund for Salary and Wage Accruals.....	988 19
3509 Kings County Fund for Salary and Wage Accruals.....	2,503 89
3639 Queens County Fund for Salary and Wage Accruals.....	1,039 92
3729 Richmond County Fund for Salary and Wage Accruals.....	25 89

Total.....\$62,174 22
The adoption of the attached resolutions approving these transfers is recommended. Very respectfully, E. D. FISHER, Deputy and Acting Comptroller.

The following resolution was offered:
Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the various departments, commissions, boards, etc., of The City of New York for personal service, salaries or wages of regular employees, for the year 1917, as follows:

Public Service Commission for the First District—Approval of Contract with William G. Cooper, Inc., for Construction of Railroad Duct Line for Part of the Eastern Parkway Rapid Transit Railroad (Livonia Avenue and East 98th Street) and Issue of Corporate Stock Therefor (Cal. No. 51).

The Secretary presented a report of the Comptroller recommending that the Board consent to the proposed contract to be entered into between the City, acting by the Public Service Commission, and William G. Cooper, Inc., for the construction of a railroad duct line for part of the Eastern Parkway Rapid Transit Railroad (Livonia Avenue and East 98th Street), at an estimated cost of \$38,697, also recommending the authorization of corporate stock in said amount to meet the requirements of the contract.

(On September 21, 1917 (Cal. No. 114), the matter was laid over until this meeting, under Rule 19.)

William H. Fullen, representing the Public Service Commission for the First District, appeared in favor.

The matter was laid over one week (October 5, 1917) and referred to the Bureau of Contract Supervision for report.

Joseph di Benedetto—Claim of (Cal. No. 52).
(On July 3, 1917 (Cal. No. 30); July 19, 1917 (Cal. No. 188), and September 21, 1917 (Cal. No. 263), the matter was laid over; on the latter date until this meeting.)
The Secretary presented the following certificate of the Deputy and Acting Comptroller:

June 29, 1917.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—Under and pursuant to the provisions of section 246 of the Greater New York Charter, being chapter 601 of the Laws of 1907, as amended, I hereby certify that a claim has been presented against The City of New York by Joseph Di Benedetto for the payment of \$693.62 for furnishing labor and materials at the new laundry building, City Hospital, Blackwells Island, for disconnecting piping, tanks, etc., in the elevator pit and installing the same in the storage room, in accordance with instructions alleged to have been received from the architect for and on behalf of the Department of Public Charities; that the same were furnished in good faith and actually received and used in the said laundry building, and that no action has been instituted on the claim upon which his application is based; that the said labor and materials appear to have been furnished by claimant pursuant to the directions of the architect in charge of the erection of the new laundry building as aforesaid, but no written orders were issued therefor and no certificate showing the necessity thereof was on file with the head of the department, and, therefore, this claim is illegal and invalid as against The City of New York, but, notwithstanding, in my judgment, it is equitable and proper for the City to pay his claim in the sum of four hundred sixty-five and 31-100 dollars (\$465.31), the actual cost price to applicant for the labor and materials furnished, inasmuch as the City has received a benefit and derived an advantage which, in money value, is equal to said sum, and that four hundred sixty-five and 31-100 dollars (\$465.31), without interest, is the amount which should be paid in full satisfaction of said claim, of which \$226.47 should be paid from the account entitled "Erecting and equipping laundry building, City Hospital, C. C. H.—32A," and \$238.84 from the account entitled "Revenue Bond Fund for Claims, Miscellaneous, R. C. L.—11," which said sum should be paid to said Joseph Di Benedetto upon his executing a full release in favor of The City of New York, in such form as shall be approved by the Corporation Counsel, and upon the further condition that the Benedetto & Egan Construction Company by a proper instrument authorizes the City to make said payment to Joseph Di Benedetto and releases said City from all liability by reason thereof. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The following resolution was offered:
Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of the section 246 of the Greater New York Charter, being chapter 601 of the Laws of 1907, as amended, hereby determines that the City has received a benefit from and is justly and equitably obligated to pay to Joseph Di Benedetto the sum of four hundred and sixty-five dollars and thirty-one cents (\$465.31), without interest, for labor and materials furnished the Department of Public Charities in connection with the erection of the new laundry building, City Hospital, Blackwells Island; that the said sum shall be paid in full satisfaction of the claim which has been presented by Joseph Di Benedetto; that the interests of the City will be best subserved by the adjustment of said claim in said sum; that payment shall only be made upon the execution by said Joseph Di Benedetto of a full release in favor of The City of New York in such form as may be approved by the Corporation Counsel, and upon the further condition that the Benedetto & Egan Construction Company by a proper instrument authorizes the City to make said payment to Joseph Di Benedetto and releases the City from all liability by reason thereof; and the Comptroller is hereby authorized to pay said sum, of which two hundred and twenty-six dollars and forty-seven cents (\$226.47) shall be paid from the account entitled "Erecting and Equipping Laundry Building, City Hospital, C. C. H. 32-A," and the balance, two hundred and thirty-eight dollars and eighty-four cents (\$238.84), from the account entitled "Revenue Bond Fund for Claims, Miscellaneous, R. C. L. 11."

Affirmative—The Acting Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, Queens and Richmond—13.
Negative—The President of the Borough of The Bronx—1.
Present and Not Voting—The President of the Borough of Manhattan.

Section 246 of the Charter requires the unanimous vote of the Board for the adoption of a resolution of this character.

Degnon Contracting Company—Claim of (Cal. No. 53).

The Secretary presented a report of the Deputy and Acting Comptroller, certifying for payment, pursuant to section 246 of the Charter, claim of the Degnon Contracting Company in the sum of \$679, without interest, for the furnishing and installa-

tion of a pump in connection with its contract for the construction of Section 2, Route 5, of the Lexington Avenue Rapid Transit Railroad.

(On November 24, 1916 (Cal. No. 115), this claim was referred to the Comptroller.)

(On July 19 (Cal. No. 71) and September 21, 1917 (Cal. No. 264), the matter was laid over; on the latter date until this meeting.)

The matter was laid over one week (October 5, 1917).

Balcom Avenue, Appleton Avenue, Morris Park Avenue, Mayflower Avenue and Latting Street, Borough of The Bronx—Preliminary Authorization for Construction of Sewers (Cal. No. 54).

(On September 21, 1917 (Cal. No. 148), the matter was laid over until this meeting.)

The Secretary presented a resolution adopted September 12, 1916, by the Local Board of the Chester District, initiating proceedings for this improvement; and the following report of the Chief Engineer:

Report No. 17029. September 14, 1917.
Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Chester District, Borough of The Bronx, adopted on September 12, 1916, initiating proceedings for constructing sewers in the following streets:

Balcom Avenue, from Latting Street to Appleton Avenue; Appleton Avenue, from Balcom Avenue to Morris Park Avenue; Morris Park Avenue, from Appleton Avenue to Mayflower Avenue; Mayflower Avenue, from Morris Park Avenue to Wilkinson Avenue; together with a storm water overflow in Latting Street, from Westchester Creek to Balcom Avenue.

This resolution affects lengths varying from two blocks of Latting Street, to nine blocks of Appleton Avenue, with an aggregate length of a little more than one mile. Title to Appleton Avenue from Fort Schuyler Road to Westchester Avenue has been legally acquired, and the Corporation Counsel has advised that Balcom Avenue, as well as Appleton Avenue between Balcom Avenue and Fort Schuyler Road, are dedicated to public use.

A proceeding for acquiring title to Latting Street from Fort Schuyler Road to Westchester Creek was instituted under the provisions of a resolution adopted by the Board of Estimate and Apportionment on November 24, 1916. The court order granting the City's application to condemn was entered on March 21, 1917, and title to the land can be vested in the City at any time.

A proceeding for acquiring title to Appleton Avenue from Westchester Avenue to Wilkinson Avenue; to Morris Park Avenue from Appleton Avenue to Westchester Avenue, and to Mayflower Avenue from Westchester Avenue to Wilkinson Avenue, was instituted under the provisions of a resolution adopted by the Board on July 1, 1915, and amended on November 24, 1916, and again on June 29, 1917. The rule and damage maps in this proceeding were approved on the date last named, and I am advised at the office of the Bureau of Street Openings that the City's application to the court is about to be made. It is therefore evident that a short time must elapse before title to the land needed for these streets can be vested in the City, but because of the magnitude of the project it would appear probable that title could be so transferred prior to the time when the Borough President is prepared to request final authorization if the preliminary authorization is now granted, and in a recent communication the Borough authorities have requested that such a course be followed.

Under date of September 12, 1917, the Borough President advises that numerous requests have been made for the construction of these sewers, which are needed to remove the combined flow from an area of more than 270 acres in which a decided stimulus in building activity is anticipated following the completion of the Westchester Avenue Rapid Transit Extension. The sewer constitutes the main trunk for this territory and will also serve to remove the sanitary flow from approximately three hundred acres located north of the Bronx and Pelham Parkway when the drainage system is provided. The property abutting upon these sewers is assessed as having a value, excluding buildings, ranging from \$12 to \$60, and in the remaining tributary area from which the combined flow will be removed the taxed land value ranges from \$3 to \$72 per lineal foot. In the area of secondary benefit which will contribute sanitary flow only, the taxed land value ranges from \$1 to \$80 per lineal foot.

The work is estimated to cost about \$178,100, and although no information is presented to show why it is proposed to carry out the project under a single contract involving an expenditure of more than \$100,000, it seems probable that this treatment is made to conform with the general practice of the Borough where large public improvements are involved under the assumption that a comprehensive contract will result in the best quality of workmanship at a minimum price. On the basis of the preliminary estimate it is estimated by the Borough authorities that the assessment against the direct frontage will amount to about \$9 per front foot, and in the remaining area contributing its combined flow, to about \$1 per front foot, while in the secondary area north of the Parkway, from which the sanitary flow only will be removed, an assessment of about \$0.10 per front foot will result. It will be noted that the minimum value in the area directly affected is too small to permit of collecting the entire cost through an assessment against the frontage, but the zone of least values is so limited in extent that I do not believe that this should be construed as an objection to the carrying out of the project, the average land value approximating \$28 per front foot. The assessed valuation of all of the property to be benefited is reported to be \$6,470,000.

An inspection of the ground shows that excepting Latting Street and Morris Park Avenue in the easterly block the streets are in use, and that they serve as frontage for about forty-five buildings. In the area of indirect benefit there are approximately five hundred houses, and in my judgment the position of the Borough authorities is well taken in assuming that the provision of drainage facilities should not be longer deferred. The sewer will be given a temporary outlet into Westchester Creek through the storm water overflow in Latting Street, but ultimately house drainage will be intercepted and carried through a long series of continuing trunks to a permanent point of discharge at Old Ferry Point.

In my judgment this improvement might properly be construed as of an urgent character, but I am unable to recommend favorable action at this time partly for the reason that no formal statement has been presented to establish the impracticability of subdividing the work in such a way as to make it the subject of contracts in an amount of less than \$100,000 each as prescribed in the resolution of July 30, 1914, and partly for the reason that the consent of the Court has not yet been obtained in the matter of acquiring title to a portion of Appleton Avenue, and to Morris Park Avenue and Mayflower Avenue. In case the Board is prepared to waive these formalities, preliminary authorization might properly be given.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

The following was offered:
Whereas, The President of the Borough of The Bronx has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Chester District, duly adopted by said Board on the 12th day of September, 1916, and approved by the President of the Borough of The Bronx on the 25th day of September, 1916, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For construction of sewers and appurtenances in Balcom Avenue, between Latting Street and Appleton Avenue, and in Appleton Avenue, between Balcom Avenue and Morris Park Avenue; and in Morris Park Avenue, between Appleton Avenue and Mayflower Avenue; and in Mayflower Avenue, between Morris Park Avenue and Wilkinson Avenue, together with a storm water overflow in Latting Street, between Westchester Creek and Balcom Avenue, together with all work incidental thereto, in the Borough of The Bronx, City of New York";

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of The Bronx to prepare plans, specifications and an estimate of cost, based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President

of the Borough of The Bronx has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report to be accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Board of Estimate and Apportionment; Bureau of Contract Supervision—Approval of Standard Specification and Methods of Tests for Portland Cement (Cal. No. 55).

The Secretary presented a report of the Bureau of Contract Supervision submitting for approval standard specification and methods of tests for Portland cement (On September 21, 1917 (Cal No 131), the matter was laid over until this meeting)

The matter was referred to the Consulting Engineers, Chemists and Chief Engineers of the Bureau of Highways in the various boroughs of the city and to the Central Testing Laboratory.

New York Railways Company (Cal. No. 56).

In the matter of the application of the New York Railways Company for a franchise to construct, maintain and operate a street surface railway on West 86th Street from Central Park West to Broadway, Borough of Manhattan.

At the meeting of July 19, 1917 (Cal. No. 180), a report and form of contract were received from the Bureau of Franchises, in accordance with the recommendations in the report of the Committee on Franchises, which was adopted by the Board at the meeting of June 29, 1917 (Cal. No. 32), and the matter was laid over until this day.

The Secretary presented the following:

Bureau of Franchises, September 25, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—At the meeting of the Board held June 29, 1917, the Franchise Committee presented a report in relation to the petition of the New York Railways Company for a street surface railway extension on West 86th Street, from Central Park West to Broadway, Borough of Manhattan, and the recommendations contained in said report were adopted, as follows:

First—That the franchise be granted as applied for.

Second—That legislation be passed at the special session of the Legislature to be held during the summer, permitting the recovery of any monetary damage to abutting property in a duly constituted tribunal, the amount of such damage to be paid from sums raised in such manner as the Board of Estimate and Apportionment may direct, in a way analogous to the cost of public improvements.

Third—That the Corporation Counsel be directed to draft a bill for submission to the Legislature and to communicate on behalf of the Board with the Governor, requesting that such legislation be included in any call for the special session.

Fourth—That the Bureau of Franchises be directed to prepare a form of contract to govern the grant.

At the meeting of July 19, 1917, a report was received from the Bureau of Franchises, transmitting a proposed form of contract, and stating that the same had been submitted to the Corporation Counsel for his approval as to form, together with a communication from the counsel to the Company, acknowledging receipt of a copy of the contract and stating that, as there was not time to have the matter considered by the officers and directors of the Company prior to July 19, he was unable to say whether the proposed contract would be acceptable or not.

Representatives of Property Owners' Associations appeared before the Board and requested that action be deferred pending the enactment of special legislation to reimburse property owners, and the matter was laid over until September 28, 1917.

In a communication dated August 20, 1917, the Corporation Counsel writes that, in compliance with the direction of the Board, he requested the Governor to favorably consider the recommendations of the Franchise Committee relative to special legislation and that, under date of August 16, he had been advised by counsel to the Governor as follows:

"By direction of the Governor, I write to acknowledge receipt of your letter of August 6th and to state that he feels that he should not lay any local matters of a controversial nature before the special session of the Legislature. He, therefore, does not feel disposed, at this time, to recommend the passage of legislation in regard to the proposed surface railway extension on West 86th Street."

The Company, not having communicated further with the Bureau relative to the acceptance of the contract, the matter is submitted to the Board for such action as it deems advisable. Respectfully,

HARRY P. NICHOLS, Engineer, Chief of Bureau.

The following appeared in opposition: Eugene Blumenthal, representing the West End Association, and Colonel H. A. Ginsburg, Secretary and Treasurer of said Association. Henry de Forest Baldwin, representing property owners on West 86th Street; A. J. Amend, in opposition to alternate route through West 83d Street. The following appeared in favor: Henry Bloch, Mrs. George A. Wheelock and Walter G. Elliott.

The following resolution was offered:

Whereas, The New York Railways Company has, under date of September 21, 1915, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a double track street surface railway extension to its existing system upon and along West 86th Street from Eighth Avenue or Central Park West to Broadway, Borough of Manhattan; and

Whereas, Section 172 of the Railroad Law, and Sections 72, 73 and 74 of the Greater New York Charter, as amended by Chapters 629 and 630 of the Laws of 1905, and Chapter 467 of the Laws of 1914, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on October 8, 1915, fixing the date for a public hearing thereon as November 5, 1915, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "New York Tribune" and "Evening Sun," newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the New York Railways Company, and the adequacy of the compensation to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the New York Railways Company, containing the form of the proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the New York Railways Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York do and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made and executed in duplicate this day of 1917, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York Railways Company, a domestic corporation (hereinafter called the Company), party of the second part, witnesseth: In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double track street surface railway as an extension to its existing railway with the necessary wires and equipment, for the purpose of conveying passengers only in the Borough of Manhattan, in The City of New York, upon the following route, to wit:

Beginning at and connecting with the existing double track street surface railway in Transverse Road No. 3, through Central Park at or near the easterly side of Central Park West or Eighth Avenue; thence westerly in, upon and along West 86th Street to the easterly side of Broadway, to be operated as a continuous route in connection with the route now operated by the Company from the 92d Street Ferry to 86th Street and Central Park West (Eighth Avenue).

And to cross such other streets and avenues, named and unnamed, as may be encountered in said route.

The said route with turnouts, switches and crossovers hereby authorized is shown upon a map entitled:

"Map showing Proposed Extension of Tracks of New York Railways Company in West 86th Street between Central Park West and Broadway, to accompany petition to the Board of Estimate and Apportionment dated September 20th, 1915, asking for a Franchise in West 86th St."

—and signed by Frank Hedley, Vice President and General Manager, and George H. Pegram, Chief Engineer, a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description, and the other provisions of this contract may be permitted by resolution of the Board.

Section 2. The grant of this right and privilege is subject to the following conditions:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of the railway hereby authorized shall be obtained by the Company within three (3) months from the signing of this contract by the Mayor, and copies of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall within said three (3) months or within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right and privilege to construct, maintain and operate the railway hereby authorized shall be held and enjoyed by the Company for the term of ten (10) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of fifteen (15) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board, at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The time within which such application for renewal must be made is of the essence of this contract, and a failure of the Company to present its application within the time fixed shall be considered as an election on the part of the Company not to take advantage of the renewal privilege, and as a relinquishment of its right to such renewal, in which event the franchise shall terminate on the last day of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day nine (9) months before the expiration of the original term of this contract, then the parties hereby agree that the annual rate for the renewal term shall be determined by three disinterested persons selected in the following manner:

One disinterested person shall be chosen by the Board; one disinterested person shall be chosen by the Company; these two shall choose a third disinterested person, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of the original term of this contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained and agreed to by any two of such appraisers shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The entire expense of such appraisal shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company shall pay to the City for this right and privilege during the original term of this contract the following sums of money:

(a) The sum of two thousand five hundred dollars (\$2,500) in cash within one (1) month after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the right and privilege hereby granted.

(b) During the first term of five (5) years, an annual sum which shall be equal to three (3) per cent of its gross annual receipts, but which sum shall not be less than two thousand three hundred and fifty dollars (\$2,350).

During the remaining term of five (5) years, an annual sum which shall be equal to five (5) per cent of its gross annual receipts, but which sum shall not be less than four thousand three hundred dollars (\$4,300).

The gross annual receipts mentioned above shall be that portion of the gross receipts of the Company from whatever source derived, either directly or indirectly, in any manner, out of or in connection with the operation of its railway, as shall bear the same proportion to its whole gross receipts as the length of the extension hereby authorized shall bear to the entire length of the railway of the Company in operation.

The annual charges shall commence on the date upon which the Company obtains the permission and approval of the Public Service Commission, as required by section 53 of the Public Service Commissions Law. The Company hereby agrees to file its application with the Public Service Commission for such permission and approval within ten (10) days from the date upon which this contract is signed by the Mayor.

The annual charges, as above, shall be paid into the Treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which the Company obtains the permission and approval of the Public Service Commission, as above, and September 30 following shall bear to the whole of one year.

The annual charges herein provided for the original term and those which may be hereafter fixed for the renewal term of this contract are intended to include the percentages of gross receipts now required to be paid by railway companies to the City, pursuant to the Railroad Law, as amended.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City or resolution of the Board, or any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of this contract, notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payments for similar rights or franchises at a different rate.

Fifth—The rights and privileges hereby granted shall not be assigned or transferred, either in whole or in part, whether by consolidation, merger, reorganization or otherwise, or leased or sublet in any manner, either in whole or in part, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents, nor shall the title thereto, or

right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation, merger or reorganization of corporations or otherwise, unless, in addition to the above consent of the Board, the proposed successor in title to the rights of the Company shall file with the Board an instrument under seal, agreeing to assume and be bound by each and all of the terms and conditions of this contract and agreeing to waive any more favorable conditions created by its charter or any statute relating to the consolidation, merger or reorganization of corporations or otherwise. The filing of such agreement shall constitute a condition precedent to the passing to or vesting in such proposed successor in title to the rights of the Company of the rights and privileges hereby granted, or of any portion thereof, or of any right, interest or property therein. In case of the failure of such proposed successor in title to the rights of the Company to file such agreement within sixty (60) days after the date on which such succession in title is to take effect, the right and privilege hereby granted may be forfeited, or the consent of the City provided for herein may be revoked by resolution of the Board.

Sixth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any other corporation or to any individual a similar right and privilege upon the same or other terms and conditions over the route hereinbefore described, and the Company shall not at any time oppose, but shall consent to the construction and operation of any street surface railway by any such other corporation or individual which may receive a grant therefor from the City, and which may necessitate the use of any portion of the railway which shall be constructed or operated by the Company pursuant to this contract, provided, however, that nothing in this clause contained shall estop the Company from appearing before the Board and being heard on any application for rights upon or along said route.

Should the City at any time during the terms of this contract grant to any other corporation or to any individual the right or privilege to operate a railway upon the tracks of the Company on the route herein described, or any portion thereof, then the City shall, within thirty (30) days thereafter, give notice to the Company that such right has been granted and of the name of the corporation or individual to which such right has been granted.

At the expiration of ninety (90) days after the giving of such notice, such individual or corporation shall have the right to begin the operation of cars upon the tracks of the Company upon the route, or any portion thereof, over which such corporation or individual may receive a grant, and to use therefor the tracks, equipment, power and all other property of the Company which shall be necessary in the operation of the cars of such individual or corporation upon the tracks of the Company, and shall have the right to continue such operation and use of such property during the term of this contract, or until the right to use such property under the terms of the right and privilege granted said corporation or individual by the City shall expire, provided such expiration is prior to the expiration of this contract or any renewal thereof; but such corporation or individual shall, before beginning such operation, give a good and sufficient bond to the Company guaranteeing the payment of any sum or sums which such corporation or individual may be required to pay to the Company for the use of its property. Provided, however, that the Board shall be the judge as to whether the bond is good and sufficient, in case there is a dispute with respect thereto between the Company and such corporation or individual. Such corporation or individual shall pay to the Company for the right to use such tracks, equipment, power and other property above described, such sum or sums as may be agreed upon in writing by such corporation or individual and the Company within said ninety (90) days, or in the event that such agreement cannot be reached within said ninety (90) days, such sum or sums as shall be determined in the manner hereinafter provided for.

If the Company and such corporation or individual cannot, prior to the expiration of said ninety (90) days, agree upon the compensation for the use of such tracks, then such compensation shall be fixed by three arbitrators selected in the following manner:

One disinterested person shall be chosen by the Company; one disinterested person shall be chosen by such corporation or individual, and the two so chosen shall choose a third disinterested person. The decision under oath of any two of said persons who shall be so selected shall be final and conclusive, but the amount or amounts determined by said arbitrators shall not be less with due regard to the extent and duration of use than shall be sufficient to cover the proportionate cost of the tracks, wires and other equipment or structures used, including paving and additions and betterments thereto and of the proportionate current expenses of maintenance, depreciation and renewal, of regulation of traffic, of removal of snow and ice, of the sprinkling of streets, of the use of power and of the performance of such other duties and obligations as are imposed upon the Company in respect to the said railway, other than the payments to the City pursuant to this contract.

The compensation and expenses of the persons selected as arbitrators in the determination of such sum or sums shall be borne by the individual or corporation to which such right may be granted.

Within thirty (30) days after an agreement shall have been reached between said parties, or in case said agreement cannot be reached before the time specified herein, then within thirty (30) days after the determination of the arbitrators as herein provided, should two of such arbitrators agree, the said parties shall file a duplicate copy of a written agreement with the Board, which shall specify the sum or sums which shall have been agreed to by the said parties or determined by said arbitrators as the sum or sums which such corporation or individual shall pay to the Company for said privilege. If the Company fails to file the same with the Board within said thirty (30) days, then the right herein granted shall cease and determine.

If either party fails to appoint an arbitrator as herein provided or should the first two arbitrators fail to agree on the selection of a third arbitrator within thirty (30) days after the expiration of said ninety (90) days, or if no two of said arbitrators so selected agree upon the sum or sums to be paid by such individual or corporation within sixty (60) days after they shall have been so selected, then such sum or sums shall be fixed by the Appellate Division of the Supreme Court. First Department, upon the application of either party, and the decision of that court shall be final. In the event that said Appellate Division of the Supreme Court, First Department, should decline to assume jurisdiction in the matter, then and in such event such sum or sums shall be fixed by the Board, and such fixation by the Board shall be final and conclusive.

Seventh—Upon the termination of the original term of this contract, or if the contract be renewed, then at the termination of the said renewal term, or upon the termination or forfeiture of the right and privilege hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and other property of the Company constructed or existing pursuant to this contract, within the streets and avenues, shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at any time preceding the date upon which this contract shall terminate the Board shall so order by resolution and give notice to the Company, the Company shall, upon the termination of this contract, remove any and all of its tracks and other property constructed or existing pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Eighth—The Company shall commence construction of the railway hereby authorized within three (3) months from the date upon which the copies of the consents of the property owners are filed with the Board, or from the date of the order of the Appellate Division of the Supreme Court made pursuant to Section 174 of the Railroad Law, confirming the determination of the Commissioners appointed thereunder, that such railway ought to be constructed, and shall complete the construction and place the same in full operation within six (6) months from the date of filing the copies of such consents or the date of such order; otherwise this right and privilege shall cease and determine, and all sums which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City as liquidated damages for failure of the Company to comply with the terms of this contract; provided that the period for commencement and the period for completion and placing the railway in full operation may be extended by the Board, but the total extension of time for either of such periods shall not exceed in the aggregate six (6) months; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of

the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Ninth—The railway hereby authorized shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time as such additions and improvements are necessary in the opinion of the Board.

Tenth—The railway hereby authorized shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures in the streets and avenues and for the proper restoration of such streets and avenues over which such officials have jurisdiction and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway hereby authorized, whether such electrical equipment be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Eleventh—The railway hereby authorized shall be operated by underground electric power substantially similar to the system now used by street surface railways in the Borough of Manhattan, provided that such motive power may be changed at any time during the term of this contract to any other motive power, except cable, locomotive, steam or horse power, upon the approval of the Board and in accordance with the provisions of law.

Twelfth—No wires for the transmission of power shall be permitted unless they be placed in conduits underneath or along the side of the railway. When such conduits are constructed the Company shall provide two (2) ducts not less than three (3) inches in diameter each for the exclusive use of the City. Such conduits shall be used only by the Company for the operation of its railway and by the City, as above.

Thirteenth—The rate of fare for any passenger upon the railway hereby authorized shall not exceed five (5) cents and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on its road or on any road, line or branch operated by it or under its control to any other point thereof, or any connecting branch thereof, within the limits of the City.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City when such employees are in full uniform.

Fourteenth—No cars shall be operated upon the railway hereby authorized other than passenger cars and cars necessary for the construction, repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

Fifteenth—All cars operated upon the railway hereby authorized shall be equipped with proper fenders or wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Sixteenth—All cars operated upon the railway hereby authorized shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Seventeenth—All cars operated upon the railway hereby authorized shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Eighteenth—Cars on the railway hereby authorized shall be operated each day during the term of this contract at intervals of not more than thirty (30) minutes, both day and night, and as much oftener as reasonable convenience of the public may require, or as may be required by resolution of the Board.

Nineteenth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall, when and as often as directed so to do by the President of the Borough, sprinkle the pavement or space between its tracks, the rails of its tracks, and for a distance of two (2) feet beyond the rails on either side thereof.

Twentieth—The Company shall at all times keep the streets and avenues upon which the railway hereby authorized is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twenty-first—The Company shall pave and keep in permanent repair during the entire term of this contract that portion of the surface of the streets and avenues in which the railway hereby authorized is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. In case of the neglect of the Company to make pavement or repairs after the expiration of twenty (20) days' notice to do so from the President of the Borough, said President may make the same at the expense of the Company. The City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City official, at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-second—Any alteration to the sewerage or drainage systems, or to any other subsurface or to any surface structures in the streets, required on account of the construction, maintenance or operation of the railway hereby authorized, shall be made at the sole cost of the Company. During any work of construction, reconstruction or repairs of the said railway, the Company shall also, at its own cost and expense, protect any and all existing structures belonging to the City. All work to be done by the Company, pursuant to this provision, shall be done in the manner prescribed by the proper City officials.

Twenty-third—The right and privilege hereby granted to operate the railway hereby authorized shall not be in preference or in hindrance to the right of the City to perform or carry on any public works and should the said railway in any way interfere with the construction or maintenance of such public works, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move its tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public works.

Twenty-fourth—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time after the railway has been constructed and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets and avenues the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Twenty-fifth—Upon one (1) year's notice from the Board the Company shall, if the Board shall so determine by resolution, cease the operation of the stub-end terminal at 86th Street and Broadway and shall within sixty (60) days from the date of such notice make application to the Board for the right to construct, maintain and operate a loop terminal upon streets to be designated by the Board, and shall on or before the expiration of said one (1) year enter into a contract for such loop terminal in substitution for the stub-end terminal hereby authorized.

Twenty-sixth—The Company shall submit to the Board a verified report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
 2. The amount paid in as by last report.
 3. The total amount of capital stock paid in.
 4. The funded debt by last report.
 5. The total amount of funded debt.
 6. The floating debt as by last report.
 7. The total amount of floating debt.
 8. The total amount of funded and floating debt.
 9. The average rate per annum of interest on funded debt.
 10. Statement of dividends paid during the year.
 11. The total amount expended for same.
 12. The names of the directors elected at the last meeting of the corporation held for such purpose.
 13. Location, value and amount paid for real estate owned by the Company as by last report.
 14. Location, value and amount paid for real estate now owned by the Company.
 15. Number of passengers carried during the year.
 16. Total receipts of Company for each class of business.
 17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
 18. Total expenses for operation, including salaries.
- and such other information in regard to the business of the Company as may be required by the Board.

Twenty-seventh—The Company shall at all times keep accurate books of account of its gross annual receipts, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding in such form as he may prescribe. Such report shall contain a statement of such gross annual receipts, the total miles in operation, and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books and records of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers and employees under oath.

Twenty-eighth—In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board or any official of the City acting under the powers herein reserved, the right and privilege hereby granted may be forfeited by resolution of the Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring this right and privilege forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Any false entry in the books of the Company or false statement in the reports to the Comptroller as to a material fact, knowingly made by the Company, shall constitute such a violation or breach or failure to comply with the provisions herein contained as to warrant the forfeiture of the right and privilege hereby granted. Nothing herein contained shall affect in any way the right of the Company to apply to a court of competent jurisdiction for a review of any action of the Board forfeiting the right and privilege hereby granted.

Twenty-ninth—The Company shall assume all liability for damages to persons or property occasioned by reason of the construction, maintenance and operation of the railway hereby authorized, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company shall repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirtieth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the right and privilege hereby granted, shall deposit with the Comptroller of the City the sum of ten thousand dollars (\$10,000), either in money or securities to be approved by the Comptroller, which fund shall be security for the performance by the Company of all the terms and conditions of this contract and for its compliance with all the orders of the Board and of the officials of the City, acting under the powers herein reserved. From the said fund deductions may be made as hereinafter provided.

(a) Should the Company, within such time after notice as may be herein prescribed, or, where no time is prescribed, within such time as the Board or the proper official of the City may hereafter prescribe, fail to comply with the provisions of this contract or with the orders of the Board or of the officials of the City herein named or referred to, relating to

- Watering of the streets,
- Removing of snow and ice.
- Paving and repairing of the streets,
- Protecting the City's structures during the construction, reconstruction or repair of the railway hereby authorized,
- Moving and protecting the Company's tracks, appurtenances or other structures during the performance of any public work or as may be required on account of the changing of the lines or grades of the streets,
- Or with any other provision of this contract which may affect the repair, protection and maintenance of the streets or of the City's structures within the streets,

the City shall have the right to cause the work to be done or the defect remedied and to reimburse itself for the cost of such work, by deducting such cost, with interest, from the security fund hereinabove provided for. Such deductions shall be made by the Comptroller upon the direction of the Board.

(b) Should the Company, within ten (10) days after demand has been made upon it, fail to pay to the City the cost of any alterations to the sewerage or drainage systems occasioned by the construction, maintenance or operation of the railway hereby authorized, or fail to repay to the City any damages caused to persons or property which the City shall be compelled to pay by reason of the construction, maintenance or operation of the said railway, or by reason of any acts or defaults of the Company in connection therewith, the City shall have the right to collect such costs or damages, with interest, by deducting the amount of the same, from the security fund hereinabove provided for. Such deduction shall be made by the Comptroller, upon the direction of the Board.

(c) Should the Company fail to pay to the City the annual charges required to be paid by this contract, within the time fixed for the payment thereof, the City shall have the right to collect the amount of such charges, with interest, by deducting the same from the security fund hereinabove provided for. Such deduction shall be made by the Comptroller without further or other direction.

(d) Should the Company fail to comply with the provisions of this contract, or with the orders of the Board or of the officials of the City herein named or referred to, then the Company may be required to pay to the City, as liquidated damages for each breach or violation, the following sums:

For failure to maintain the headway as herein prescribed, or to properly heat or light its cars, or equip its cars with proper fenders or wheelguards, the sum of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car which shall not be operated, heated, lighted or equipped in compliance with this contract, or with the orders of the Board or of the officials of the City having jurisdiction.

For failure to give efficient public service at rates not exceeding those herein fixed, or to maintain its structures and equipment in good condition throughout the whole term of this contract, the sum of two hundred and fifty dollars (\$250) for each day during which the default or defect remains.

For failure to comply with any other provision of this contract as to which liquidated damages are not fixed herein, the sum of fifty dollars (\$50) per day for each day during which such failure or default shall continue.

All of such sums may be collected by deducting the same from the security fund hereinabove provided for.

The procedure for the collection of such liquidated damages shall be as follows:

Whenever the Board shall have knowledge of any such breach or violation on the part of the Company, the Board shall give notice to the Company, specifying the nature of such breach or violation and the amount of liquidated damages which it is proposed to collect therefor, and directing its President or other officer to appear

before the Board on a certain day, not less than ten (10) days after the service of such notice, to show cause why the Company should not be required to pay such liquidated damages in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board to be in fault, the Board shall forthwith direct the Comptroller to collect such liquidated damages by deducting the amount of the same from the security fund hereinabove provided for.

(e) In case of any deductions from the security fund, pursuant to this contract, either for the reimbursement of the City for work done by it or amounts expended by it on behalf of the Company, or amounts paid by it to any person by reason of any act or default of the Company, or for the collection by the City of the annual charges, herein provided, or of liquidated damages, the Company shall, upon ten (10) days' notice by the Comptroller, deposit with the Comptroller a sum, either in money or securities, sufficient to restore such security fund to its original amount of ten thousand dollars (\$10,000), and in default thereof, the right and privilege hereby granted may be forfeited by the City.

(f) Should the right and privilege hereby granted be forfeited, pursuant to the provisions of this contract, or should such right and privilege be terminated upon the dissolution of the Company, as herein provided, the security fund hereinabove provided for shall be forfeited to the City as liquidated damages for failure of the Company to perform this contract, pursuant to the terms hereof.

(g) Should the security fund hereinabove provided for be also used or made to stand as security for the performance of any other rights and privileges hereafter granted to the Company, and should said fund, or any portion thereof, be forfeited, or should deductions be made therefrom, pursuant to the provisions of such later granted rights and privileges, the Company shall, upon ten (10) days' notice by the Comptroller, deposit with the Comptroller a sum, either in money or securities, sufficient to restore or replace the said fund to or at its original amount of ten thousand dollars (\$10,000). Failure on the part of the Company to deposit such additional sum shall be considered a breach or violation of this contract, for which the right and privilege hereby granted may be forfeited by the City.

(h) No action or proceeding or right under the provisions of this subdivision shall affect any other legal rights, remedies or causes of action belonging to the City.

The provisions for the reimbursement of the City for work done by it or amounts expended by it on behalf of the Company, or amounts paid by it to any person by reason of any act or default of the Company, or for the collection by it of the annual charges, or of liquidated damages, are and shall be in addition to the City's right, as herein reserved, to forfeit the right and privilege hereby granted.

Thirty-first—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-second—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement, encountered in the route hereinabove described, and upon or in which authority is hereby given to the Company to construct a railway.

Thirty-third—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Section 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Section 4. This grant is also upon the further and express condition that the provisions of Article 5 and the other provisions of the Railroad Law pertinent thereto shall be strictly complied with by the Company.

Section 5. The Company promises, covenants and agrees on its part and behalf during the entire term of this contract, whether original or renewal, to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed, and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK, By, Mayor.

(Corporate Seal.)

Attest:, City Clerk.

NEW YORK RAILWAYS COMPANY, by, President.

(Seal.)

Attest:, Secretary.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provisions as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the New York Railways Company, and the said form of a proposed contract for the grant of such franchise or right, containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least fifteen (15) days immediately prior to Friday, October 26, 1917, in the City Record, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the New York Railways Company and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolutions authorizing such contract, will, at a meeting of said Board, to be held in Room 16, City Hall, Borough of Manhattan, City of New York, on Friday, October 26, 1917, at 10:30 o'clock a. m., hold a public hearing thereon at which citizens shall be entitled to appear and be heard.

Resolved, That a notice of such hearing, stating that copies of the proposed contract and resolution of consent thereto may be obtained by all those interested therein at the Bureau of Franchises, Room 1307, Municipal Building, Centre and Chambers Streets, Borough of Manhattan, shall be published at least twice, at the expense of the proposed grantee, during the ten (10) days immediately prior to Friday, October 26, 1917, in the "New York Tribune" and the "Evening Sun," the two daily newspapers in which the petition and notice of hearing thereon have been published.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond—13.

Fund for Salary and Wage Accruals; President, Borough of Manhattan—Transfer of Appropriation (Cal. No. 57).

(On September 21, 1917 (Cal. No. 281), the request in this matter was referred to the Bureau of Contract Supervision for report at this meeting.)

The Secretary presented the following communication from the President, Borough of Manhattan:

September 21, 1917.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, Municipal Building, New York:

Dear Sir—Under date of July 10, 1917, I made application to the Board of Aldermen for an issue of special revenue bonds in the amount of \$25,000 to repair street pavements over openings made by the Department of Water Supply, Gas and Electricity.

I am now informally advised that there is little prospect of favorable action upon

this request, and in the meantime unprecedented conditions have arisen in the destruction of street pavements due to water mains bursting on account of increased pressure of the new Catskill water supply, and in consequence the limited amount allowed in the Budget for such purposes was exhausted some time ago, and has been replenished by a redistribution of balances in other accounts.

All of the funds of this office have now, through transfer, become practically exhausted, and it is necessary to meet this emergency, from which immediate funds must be provided. I would request, therefore, that a transfer of \$10,000 be made from the City Fund for Salary and Wage Accruals, or from some other appropriation surplus that may be available. Yours very truly,

MARCUS M. MARKS, President, Borough of Manhattan.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds within appropriations for the year 1917, as follows:

FROM
MISCELLANEOUS, CITY OF NEW YORK.
3039 City Fund for Salary and Wage Accruals \$10,000 00
TO
PRESIDENT, BOROUGH OF MANHATTAN.
Contract or Open Order Service.

424TS General Repairs \$10,000 00
Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

President, Borough of Manhattan—Size and Location of Clock Dial in Reconstruction of City Hall Cupola (Cal. No. 58).

(On September 21, 1917 (Cal. No. 282), the President of the Board of Aldermen offered a resolution recommending that the proposed reduction in the diameter of the dial of the town clock from seven feet to five feet be not carried out, and that the Board further recommend that the clock dial be constructed at the same general height as the clock recently destroyed and not in a position eleven feet lower than the old clock, as contemplated in the plans for the cupola restoration. The matter was laid over until this meeting and the Secretary directed to request the Art Commission and the Architect to advise the Board on or before this meeting what provision for this clock is made in the plans for the work.)

The Secretary presented a communication, dated September 25, 1917, from the Assistant Secretary to the Art Commission, in response to this request, advising that in the original plan of the cupola designed by John McComb, architect of the building, which it had been proposed to follow, there was no place for a clock, but the Art Commission, following in this respect what it believes to be a general public opinion, has provided for the insertion of a clock, the diameter of which will be five feet six inches, and will be only seven feet lower than the former clock. This plan was prepared by Mr. Grosvenor Atterbury, architect, and upon submission by the Borough President, was carefully examined by a special committee and approved by the Art Commission on the recommendation of this committee; also a communication, dated September 28, 1917, from Grosvenor Atterbury, stating that the restoration of the cupola to its original size and design as contemplated by the architect of the City Hall at the time of its erection makes it necessary to reduce the size of the clock dial if any clock is to be retained in the structure; and transmitting a copy of the "American Architect" of Wednesday, September 12, 1917, containing an article on "New Cupola of the New York City Hall."

Mr. Grosvenor Atterbury appeared in favor of the plan approved by the Art Commission.

The matter was referred to a Committee, consisting of the President of the Borough of Manhattan, the Comptroller and the President of the Borough of The Bronx.

Department of Street Cleaning—Expenditure of Funds (Cal. No. 59).

(On June 22, 1917 (Cal. No. 43), the Board authorized the Commissioner of Street Cleaning to spend an additional amount of money to continue the present emergency increased rates of the uniformed force of the department for a three months' period terminating October 1, 1917.)

(On September 21, 1917 (Cal. No. 236), the request in this matter was laid over until this meeting.)

The Secretary presented the following communication and schedule of proposed increases in wage rates from the Commissioner of Street Cleaning:

Department of Street Cleaning, September 18, 1917.

Hon. JOHN PURROY MITCHEL, Mayor and Chairman of the Board of Estimate and Apportionment, City Hall, New York:

Dear Sir—Three times during the past year your honorable board has authorized the adoption of temporary schedules calculated to meet the emergency caused by the unusual conditions prevailing in the labor market. The last authorization covering the period July 1, to September 30, 1917, was passed on June 22, 1917.

While these expedients have enabled the department to perform its work during the Summer period, we now face the approaching Winter with its increased demands for service, due to the large increase in the quantities of ashes to be removed. That the department now faces a more serious situation than it has heretofore faced is made apparent by the following facts:

(1) There are 201 more vacancies than existed on June 1, 1917, or 553 more vacancies than existed December 2, 1916, at which time there were over 500 vacancies. This means that at the present time the department lacks over a thousand men to fill its normal quota.

(2) The separations due to resignations, dismissals, deaths and retirements from the service have continued at a high rate, as is indicated by the following table:

October 15 to December 31, 1916.....	355
January 1 to March 15, 1917.....	266
March 15 to May 29, 1917.....	319
May 29 to September 10, 1917.....	301

(3) The Civil Service Commission has been unable to furnish sufficient employees to meet department requirements for more than a year.

(4) A large number of employees have already gone into the military service and many more are subject to call and will undoubtedly leave before the end of the year.

(5) The cost of food and the necessities of life have risen so much that it seems certain that employees in the labor class are now unable to live decently at the present rates of pay.

(6) Private employers are now paying for similar and less arduous work higher wages than the Street Cleaning Department is able to offer.

In view of the above facts, and in line with the suggestion made in my previous communication to the Board of Estimate and Apportionment on this matter, dated June 8, 1917, I now believe that it is highly important for the City to provide additional funds to meet the emergency which is now upon us and to meet the additional demands which the abnormal labor conditions place upon this department.

I, therefore, respectfully request that your honorable board authorize the temporary rates given on the accompanying schedule for the three months' period October 1 to December 31, 1917, and provide the necessary funds for meeting the additional expenditures, a portion of which has already been authorized.

The present request contemplates a minimum rate for extra sweepers of \$2.75 a day and a minimum rate for extra drivers of \$3 per day, which is even now below the wages offered by private employers.

Inasmuch as the authority of this department to pay the increased rates already authorized expires September 30, 1917, your immediate consideration of this emergency request is necessary, in order that there may be no interruption in the service.

Yours respectfully,
J. T. FETHERSTON, Commissioner.
Department of Street Cleaning—Schedule of Proposed Increases in Wage Rates for Period October 1 to December 31, 1917.

10. To increase all extra hostlers whose regular rate of pay now is \$2.40 per day to a temporary minimum of \$2.85 per day.

11. To increase all extra boardmen whose regular rate of pay is \$2.40 per day to a temporary minimum of \$2.90 per day.

12. To increase all extra drivers, or extra loaders, whose regular rate of pay now is \$2.40 per day to a temporary minimum rate of \$3.00 per day.

13. To increase all extra drivers (tractor) and extra crane men whose regular rate of pay now is \$2.40 per day to a temporary minimum of \$3.20 per day.

14. To increase all section station keepers whose regular rate of pay now is \$780 to a temporary minimum rate of \$864 per annum, the total number of incumbents at \$864 at no time to exceed 95.

15. To increase all custodians of incumbrance yards whose regular rate of pay now is \$780 to a temporary rate of \$888 per annum; the total number of incumbents at \$888 at no time to exceed 10.

16. To increase all crane men whose regular rate of pay now is \$900 to a temporary rate of \$1,020 per annum; the total number of incumbents at \$1,020 at no time to exceed four.

17. To increase all sweepers whose regular rates of pay now are \$744, \$768, \$780 and \$792 to a temporary rate of \$888; the total number of incumbents at \$888 at no time to exceed 755.

18. To increase all sweepers whose regular rate of pay now is \$816 to a temporary rate of \$912; the total number of incumbents at \$912 at no time to exceed 1,702.

19. To increase all drivers whose regular rates of pay now are \$792, \$800, \$816 and \$840 to a temporary rate of \$960; the total number of incumbents at \$960 per annum at no time to exceed 1,055.

20. To increase all drivers whose regular rates of pay now are \$864 and \$888 per annum to a temporary rate of \$984; the total number of incumbents at \$984 at no time to exceed 203.

21. To increase all hostlers whose regular rates of pay now are \$800 and \$816 to a temporary rate of \$936 per annum; the total number of incumbents at \$936 at no time to exceed 83.

22. To increase all hostlers whose regular rate of pay now is \$840 to a temporary rate of \$960 per annum; the total number of incumbents at \$960 per annum at no time to exceed 98.

23. To increase all stablemen whose regular rates of pay now are \$760, \$768, \$792 and \$816 to a temporary rate of \$888 per annum; the total number of incumbents at \$888 at no time to exceed 170.

24. To increase all stablemen whose regular rate of pay now is \$840 to a temporary rate of \$912; the total number of incumbents at \$912 at no time to exceed 1.

25. To increase all loaders whose regular rate of pay now is \$840 per annum to a temporary rate of \$960; the total number of incumbents at \$960 at no time to exceed 4.

26. To increase all loaders whose regular rate of pay now is \$864 per annum to a temporary rate of \$984; the total number of incumbents at \$984 at no time to exceed 7.

27. To increase all tractor drivers whose regular rate of pay now is \$924 to a temporary rate of \$1,020 per annum; the number of incumbents at \$1,020 at no time to exceed 24.

28. To increase boardmen whose regular rates of pay now are \$800 and \$816 to a temporary rate of \$936; the total number of incumbents at \$936 at no time to exceed 20.

29. To increase all boardmen whose regular rate of pay now is \$840 to a temporary rate of \$960 per annum; the total number of incumbents at \$960 at no time to exceed 13.

It is understood that the increases granted under all items involving increases over the minimum rate are allowed only to incumbents eligible as of the date September 30, 1917, and that upon the occurrence of vacancies in the positions at these higher rates they are to be filled at the new temporary minimum rates fixed in the schedule.

Hon. John T. Fetherston, Commissioner of Street Cleaning, appeared in favor.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby authorizes the extension of time from October 1 to October 15, 1917, to the Commissioner of Street Cleaning for the expenditure of an additional amount not exceeding \$97,134.87 for employees provided in Codes 2334, 2335, 2336, 2337, 2338, 2339, 2340, 2341, 2342, 2343, 2344, 2346, and 2347, in accordance with resolution adopted by this Board on June 22, 1917.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

MATTERS CONSIDERED BY UNANIMOUS CONSENT.

The following matters, not on the Calendar for this day, were considered by unanimous consent:

Fifth Avenue Coach Company (Cal. No. 60).

Operation by the Fifth Avenue Coach Company of stages or omnibuses around the Pennsylvania Station, Borough of Manhattan.

By resolution adopted June 22, 1917 (Cal. No. 169), the Company was authorized to temporarily operate stages or omnibuses on certain streets and avenues in the vicinity of the Pennsylvania Station, Borough of Manhattan, until September 30, 1917.

Richard M. Page, of counsel for the Company, appeared and requested that the temporary operation be authorized to continue until October 15, 1917.

The following resolution was offered:

Whereas, By resolution adopted by the Board of Estimate and Apportionment June 22, 1917, the Fifth Avenue Coach Company was granted consent to temporarily operate, until September 30, 1917, stages or omnibuses, for public use in the conveyance of persons, upon 31st Street from Fifth Avenue to Eighth Avenue, upon Eighth Avenue from 31st Street to 33rd Street, upon 33rd Street from Eighth Avenue to Seventh Avenue and upon Seventh Avenue from 33rd Street to 32nd Street; said 31st Street to be used for westbound operation only; said Eighth Avenue to be used for northbound operation only; said 33rd Street to be used for eastbound operation only; said Seventh Avenue to be used for southbound operation only; subject to certain terms, conditions and obligations as specified in said resolution; now, therefore, be it

Resolved, That the Fifth Avenue Coach Company be and it is hereby granted an extension of time up to and including October 15, 1917, in which to temporarily operate stages or omnibuses, for the conveyance of persons, upon and along the aforesaid streets and avenues, upon and subject to the terms, conditions and obligations as specified in said resolution adopted by this Board June 22, 1917.

The commencement of operation by the Company under this resolution shall be deemed an acceptance thereof and of all the terms, conditions and obligations of the resolution adopted by this Board June 22, 1917.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

College of the City of New York—Approval of Increased Estimate of Cost (Cal. No. 61).

(On August 28, 1917, the Comptroller approved the estimate of cost for this work at \$6,000.)

The Secretary presented a communication dated September 27, 1917, from the Secretary, Board of Trustees, College of The City of New York, requesting approval of increased estimate of cost (\$6,125) for repairing and waterproofing the stadium of said College; and the following report of the Bureau of Contract Supervision recommending approval thereof:

September 27, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On September 27, 1917, you referred to the Bureau of Contract Supervision a communication from the College of The City of New York, dated September 27, 1917, requesting approval of an increased estimate of cost in the sum of \$6,125 for repairs to and waterproofing of the Stadium of the College of The City of New York.

On August 28, 1917, the Comptroller approved the form of contract, specifications and estimate of cost, \$6,000, for this work.

On September 26, 1917, four bids were received, the lowest of which, \$6,125, is reasonable.

I recommend the adoption of the attached resolution granting the request.

Respectfully,

TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby approves the estimate of cost, six thousand one hundred and twenty-five dollars (\$6,125) for repairs to and waterproofing of the Stadium of the College of the City of New York, Borough of Manhattan, under the jurisdiction of the Board of Trustees, College of The City of New York, this action being amendatory to the approval of the Comptroller dated August 28, 1917.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Public Charities—Approval of Increased Estimate of Cost (Cal. No. 62).

(On September 6, 1917 (Cal. No. 9), the Board approved the estimate of cost for this work at \$88,446.)

The Secretary presented the following communication from the Commissioner of Public Charities:

City of New York, Department of Public Charities, September 26, 1917.

To the Honorable the Board of Estimate and Apportionment, Municipal Building, New York City:

Gentlemen—On September 5th, bids were received by the Department of Public Charities for the construction of the New Cumberland Street Hospital, Borough of Brooklyn.

The lowest bids received exceeded the estimates of cost originally approved by your Honorable Board on July 31, 1917, and on September 7th, upon the request of this Department, a resolution was adopted by the Board of Estimate and Apportionment, approving an amended estimate of cost, as follows:

General Construction	\$557,000 00
Plumbing	88,446 00
Heating	118,000 00

The bid for plumbing work called for alternate bids, the first using nickelplated brass and the second using Benedict nickel for exposed metal work.

The low bidder for the plumbing work bid only on the first item, stating, in a letter attached to his bid, that it was not possible to get a price on Benedict nickel from the manufacturers in time to incorporate it in the bid. He later, in writing, offered for the additional sum of \$2,500 to use Benedict nickel where called for in the specifications.

We greatly prefer to have the Benedict nickel used in this work, and would, therefore, request that your Honorable Board amend the resolution of September 7th by increasing the estimated cost of the plumbing work from \$88,446 to \$90,946.

Respectfully yours,

JOHN A. KINGSBURY, Commissioner.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on September 6, 1917, which approved increased estimates of cost for the construction and equipment of Cumberland Street Hospital, under the jurisdiction of the Department of Public Charities, be and is hereby amended by increasing the estimate of cost for plumbing from "\$88,446" to \$90,946.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Various City Departments—Modification of Salary Schedules to Conform to Payroll Conditions (Cal. No. 63).

The Secretary presented the following report of the Committee on Salaries and Grades:

September 28, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On August 31, 1917, the Board of Estimate and Apportionment modified a number of schedules for various City departments under section 4, subdivision "A" of the terms and conditions governing the 1917 Budget. In the modification of those for the Department of Water Supply, Gas and Electricity four schedules based on payroll conditions subsequent to August 15 had been modified by your Board prior to the passage of the general modification of August 31. As a result, the general modification is not correct in the case of the four schedules previously adopted.

The adoption of the attached resolution will modify the schedules so as to reflect true conditions. The total amount of each schedule is not affected nor is any change made not previously passed by your Board. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedules, as revised, for the Department of Water Supply, Gas and Electricity for the year 1917, effective as of August 15, 1917, as follows:

Public Service Commission for the First District—Approval of Completion of Abandoned Contract with Flick-Manuell Construction Company for Section 2, Routes Nos. 19 and 22 of Seventh Avenue-Lexington Avenue Rapid Transit Railroad (Cal. No. 64).

The Secretary presented the following communication and resolution of the Public Service Commission for the First District and report of the Deputy and Acting Comptroller relative thereto:

State of New York, Public Service Commission for the First District, 120 Broadway, New York, September 24, 1917.

To the Board of Estimate and Apportionment of the City of New York:

Your Honorable Board has from time to time since the declaration by the Commission of default with respect to the contract for the construction of that part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad, known as Section No. 2 of Routes Nos. 19 and 22, approved resolutions adopted by this Commission authorizing its Chief Engineer to proceed with the work of completing certain details of construction from expenditures to be made by the Interborough Rapid Transit Company from the unexpended balance of its contribution of \$412,775.50 toward the cost of carrying out said contract.

The Commission is advised by its Chief Engineer that in order to continue the work previously outlined to your Honorable Board it will be necessary to expend the total unexpended balance of \$332,509.82 additional on this work. The Commission therefore, in order to obviate the cessation of the prosecution of such work pending your determination in the matter is by resolution adopted to-day directing the Chief Engineer of the Commission to continue with the work of completing the construction of Section No. 2 of Routes Nos. 19 and 22 and to employ such labor and to purchase such plant and tools as may be necessary at an expense not to exceed \$10,000, and further directing the Interborough Rapid Transit Company to make payments therefor up to the total of said additional sum of \$10,000 out of the unexpended balance of the sums set aside to pay said company's part of the cost of constructing said section, being a part of its contribution toward the cost of construction under the provisions of Contract No. 3.

The Commission accordingly requests that your Honorable Board will approve such action of the Commission and authorize the Commission to employ such persons and purchase and hire such plant, tools, machinery, supplies and material as may be necessary to perform and complete said work in connection with the construction of said Section No. 2 of Routes Nos. 19 and 22, and that your Honorable Board consent that Interborough Rapid Transit Company may apply the said sum of \$332,509.82 from its contribution under Contract No. 3 for said purposes.

The work on said section is being carried on by John J. Haggerty as director of construction, which appointment was made by the Commission under date of July 23, 1917. Mr. Haggerty is a contractor of the highest standing in his line and has been continuously engaged on construction work in and about New York for some twenty-two years. He has been a member of the firm of Rodgers & Haggerty for fifteen years and during that time has been intimately connected with the construction of three sections of the present subway system and of several sections now in course of construction. He is eminently fit to furnish the Commission the service which is needed in connection with the construction of the Westchester Avenue Elevated Railroad Company. Mr. Haggerty's appointment has been approved by the State Civil Service Commission at the meeting of that Commission held on the 17th instant. In carrying out this work Mr. Haggerty is exercising the same direction and control as he would in the case of work let to him under contract and exercises similar direction and control over the labor force engaged, subject, of course, to the necessary official action upon the part of the Commission, being directly responsible to the Commission. All bills for labor and material are paid by the Commission.

The attention of your Honorable Board is respectfully called to the fact that the \$10,000, the extent to which the Commission is directing the Chief Engineer to proceed with the work, will probably only be sufficient to cover the current week's payrolls and early action by your Honorable Board on the matter of applying the full unexpended balance is earnestly requested.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, by JAMES B. WALKER, Secretary.

(Seal.)
Resolved, That in order to continue the existing work the Chief Engineer of this Commission be and hereby is authorized and directed to proceed with the work of completing the excavation and concreting the pits already opened for column foundations and advance such work on foundations from Whitlock Avenue abutment north on Section No. 2 of Routes Nos. 19 and 22, a part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad, and such work incidental thereto as may be necessary, and to that end there shall be employed such labor and such plant and tools shall be purchased as may be necessary, provided, however, that until further ordered by this Commission, the amount of any payments hereunder shall not exceed the total sum of \$10,000.

Resolved, That the Interborough Rapid Transit Company be and hereby is authorized and directed to make such payments up to but not exceeding the total of \$10,000 upon payrolls signed by the Chairman or Acting Chairman of this Commission, and for other than payroll expenditures upon certificates signed by the Chief Engineer of this Commission or his duly authorized representative, and that the Interborough Rapid Transit Company shall pay the same out of the unexpended balance of the sum set aside by it to pay Interborough Rapid Transit Company's part of the cost of constructing the said Section No. 2 of Routes Nos. 19 and 22 and that the amounts so paid by Interborough Rapid Transit Company be and be deemed to be a part of the Interborough Rapid Transit Company's contribution toward the cost of construction under the provisions of Contract No. 3, and this Commission does hereby approve such payments as constituting a part of the Interborough Rapid Transit Company's contribution toward the cost of construction under the provisions of said Contract No. 3; and further

Resolved, That the Chief Engineer of this Commission for the purpose of this authorization of \$10,000 shall report to this Commission once a month all orders for supplies or materials for this work placed by his department, accompanied by a schedule giving a description of the article, the quantity required and the date upon which it was ordered, and that upon the submission of said report a voucher shall be prepared to conform to the procedure of this Commission; further

Resolved, That the Secretary of this Commission be and hereby is authorized and directed to request the Board of Estimate and Apportionment to consent that Interborough Rapid Transit Company may apply the said full sum of \$332,509.82, being the unexpended balance of the sum set aside by Interborough Rapid Transit Company as its contribution under Contract No. 3 toward the construction of said Section No. 2 of Routes Nos. 19 and 22.

State of New York, County of New York, ss.:

I, James B. Walker, Secretary of the Public Service Commission for the First District, do hereby certify that I have compared the above with the original adopted by said Commission on September 24, 1917, and that it is a correct transcript therefrom and of the whole of the original.

In testimony whereof, I have hereunto subscribed my hand and affixed the seal of the Commission this 24th day of September, 1917.

(Seal)

JAMES B. WALKER, Secretary.
September 28, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—The Public Service Commission for the First District under date of September 24th adopted a resolution and addressed a communication predicated thereon to the Board of Estimate and Apportionment, requesting consent to the set-

ting aside of \$10,000 of the unexpended balance of the contribution by the Interborough Rapid Transit Company towards the cost of construction of Section No. 2 of Routes Nos. 19 and 22 of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad, such amount to be expended under the direction of the Commission for labor and purchase of plant and tools in the conduct of the work defaulted under the Flick-Manuell contract.

The Commission further requested the Board of Estimate and Apportionment to consent that the entire unexpended balance, viz., \$332,509.82, of the Interborough's contribution towards the construction of said Section No. 2 be reserved and made applicable for expenditure by the Commission in the work being conducted by it in the construction of said section. The Board has already consented to the setting aside of two amounts of \$10,000 and \$25,000 respectively for this work in response to requisitions of the Public Service Commission, viz., \$10,000 on April 1, 1917, and \$25,000 on June 29, 1917.

The Director of the Bureau of Contract Supervision in a report submitted this morning says in part:

"At the present time there are 377 men, 15 teams, and 4 auto trucks employed by the Commission upon the work, completing the excavation and concreting the pits already opened for column foundations and foundation work, north of the Whitlock Avenue abutment on Section No. 2 of Routes Nos. 19 and 22.

"In view of the very considerable payroll of the men upon this work it is recommended that consent be given to the setting aside of \$30,000 to meet the costs incurred by the Commission upon this work in lieu of the \$10,000 requested.

"It is further recommended that no action be taken upon the request for consent to set aside the entire unexpended balance contributed by the Interborough Company, viz., \$332,509.82, until such time as it is possible to make a complete study of the situation and prepare a report which shall embody all the facts in connection with the proposition.

"I am informed that this course will meet with the approval of the Chief Engineer of the Commission."

In view of the foregoing I herewith submit a resolution, the adoption of which will authorize the setting aside of an additional \$30,000 to be applied by the Commission under its Chief Engineer in proceeding with the necessary work of the construction of said Section No. 2 of Routes Nos. 19 and 22, which amount would appear to be sufficient for the present needs and until such time as a further and complete report in the matter may be made. Yours truly,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

William H. Fullen, representing the Public Service Commission for the First District, appeared in favor.

The following was offered:

Whereas, On February 18, 1916, the Board of Estimate and Apportionment consented to a contract award between the City of New York, acting by the Public Service Commission for the First District, the Interborough Rapid Transit Company and Lawrence C. Manuell, for the construction of that part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad known as Section No. 2 of Routes Nos. 19 and 22, at an estimated cost to the City of one million six hundred and fifty-one thousand and one hundred and two dollars (\$1,651,102), being eighty (80) per cent. of the total estimated contract cost of two million and sixty-three thousand eight hundred and seventy-seven and 50-100 dollars (\$2,063,877.50), the liability of the Interborough Rapid Transit Company being limited to an amount equal to twenty (20) per cent. of said total contract cost, but not to exceed the sum of four hundred and twelve thousand seven hundred and seventy-five and 50-100 dollars (\$412,775.50); and

Whereas, Said contract was thereafter assigned by the said Lawrence C. Manuell, with the consent of the Commission and of the sureties upon the bond, to Flick-Manuell Construction Company; and

Whereas, Under date of April 30, 1917, the Chief Engineer of the Commission certified to the Commission that the contractor had committed and was committing certain acts of default, and accordingly the Commission, on May 14, 1917, held a meeting at which the contractor and the sureties upon the bond were afforded opportunity to appear and be heard, to determine whether it would proceed under the remedies provided by the default clauses of the contract; and

Whereas, Said hearing was adjourned at the request of the sureties until May 23, 1917, at which time it was concluded, and the Commission thereupon adopted a resolution declaring Flick-Manuell Construction Company to be in default, and directing the Secretary of the Commission to notify said Flick-Manuell Construction Company to discontinue all work, pursuant to Article XLIII. of said contract with Flick-Manuell Construction Company; and

Whereas, The Public Service Commission for the First District transmitted to this Board a certified copy of its resolution of May 23, 1917, and a copy of the notice served upon said Flick-Manuell Construction Company; and

Whereas, It therefore became necessary for the City to complete the work covered by the contract for Section No. 2 of Routes Nos. 19 and 22 of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad, with the exception of the work of furnishing and delivering the structural steel, which is to be performed by the American Bridge Company, Inc.; and

Whereas, Under the terms of the contract the City may complete the work by entering into a new contract or contracts for its completion, or by having the Commission complete the work with its own forces, or by both such methods; and

Whereas, Chapter 625 of the Laws of 1917 gives the Public Service Commission, with the approval of the Board of Estimate and Apportionment, power to complete a contract in cases similar to the case under review; and

Whereas, On May 24, 1917, the Public Service Commission formally adopted a resolution directing its Chief Engineer that, in order to safeguard the existing work, he was thereby authorized and directed to proceed with the work of completing the excavation and concreting of pits already opened for column foundations on Section No. 2 of Routes Nos. 19 and 22, and such work incidental thereto as may be necessary, and to that end to employ such labor and purchase such plant and tools as may be necessary, provided, however, that until further ordered by the Commission the amount of any payments thereunder was not to exceed a sum total of ten thousand dollars (\$10,000); and further, that the Interborough Rapid Transit Company be authorized and directed to make such payments upon certificates signed by the Secretary of the Commission out of the unexpended balance of the amount determined as Interborough Rapid Transit Company's part of the cost of construction of the said section; and

Whereas, This procedure was consented to and approved of by the Board of Estimate and Apportionment by resolution duly adopted June 1, 1917; and

Whereas, The Public Service Commission transmitted another communication under date of June 27, 1917, to the Board of Estimate and Apportionment, wherein it stated that it (the Commission) had been advised by its Chief Engineer that in order to continue during the summer months the necessary work of completing the excavating and concreting of pits already opened for column foundations on Section No. 2 of Routes Nos. 19 and 22, and to advance such work on foundations from the Whitlock Avenue abutments north, an authorization to expend an additional twenty-five thousand dollars (\$25,000) on this work was necessary. The Commission, therefore, in view of this advice, adopted at its meeting on June 27, 1917, a resolution, a certified copy of which was transmitted for the approval of this Board, directing the Chief Engineer to continue the work of completing the construction of said section and to employ such labor and purchase such plant and tools as may be necessary at an expense not to exceed an additional amount of twenty-five thousand dollars (\$25,000), and further directing, as in the case of the ten thousand dollars (\$10,000) previously authorized, the Interborough Rapid Transit Company to make payments therefor up to the total of said additional sum of twenty-five thousand dollars (\$25,000) out of the unexpended balance of the four hundred and twelve thousand seven hundred and seventy-five and 50-100 dollars (\$412,775.50), which is the Company's part of the cost of constructing said Section No. 2 of Routes 19 and 22; and

Whereas, This procedure was consented to and approved by the Board of Estimate and Apportionment by resolution duly adopted on June 29, 1917; and

Whereas, The Public Service Commission has transmitted another communication, under date of September 24, 1917, to the Board of Estimate and Apportionment, wherein it states that it (the Commission) has been advised by its Chief Engineer that, in order to continue the necessary work of completing the excavation and concreting of pits already opened for column foundations and advance such work on foundations from Whitlock Avenue abutment north on Section No. 2 of Routes Nos. 19 and 22, and such work incidental thereto as may be necessary, an authorization to expend an additional ten thousand (\$10,000) dollars on this work is necessary; the

Commission, therefore, in view of this advice, adopted at its meeting on September 24, 1917, a resolution, a certified copy of which is transmitted for the approval of this Board, directing the Chief Engineer to continue the work of completing the construction of said section and to employ such labor and purchase such plant and tools as may be necessary at an expense not to exceed an additional amount of ten thousand (\$10,000) dollars; and further directing, as in the case of the ten thousand (\$10,000) dollars and the twenty-five thousand (\$25,000) dollars previously authorized, the Interborough Rapid Transit Company to make payments therefor up to the total of said additional sum of ten thousand (\$10,000) dollars out of the unexpended balance of the four hundred and twelve thousand seven hundred and seventy-five and 50-100 (\$412,775.50) dollars, which is the Company's part of the cost of constructing said Section No. 2, Routes Nos. 19 and 22; and

Whereas, The Commission at its meeting on September 24, 1917, adopted a further resolution, directing that the Secretary of the Commission be

"* * * authorized and directed to request the Board of Estimate and Apportionment to consent that Interborough Rapid Transit Company may apply the said full sum of \$332,509.82, being the unexpended balance of the sum set aside by Interborough Rapid Transit Company as its contribution under Contract No. 3 toward the construction of said Section No. 2 of Routes Nos. 19 and 22."

—and
Whereas, The Director of the Bureau of Contract Supervision reports that, considering the condition of the work at the present time, an additional sum of thirty thousand (\$30,000) dollars from the unexpended balance of the Interborough Rapid Transit Company's contribution towards the construction of this section of the Seventh Avenue-Lexington Avenue line would be sufficient to authorize and request the expenditure of, under the conditions requested by the Public Service Commission in its communication to the Board of Estimate and Apportionment, dated September 24, 1917, and that said sum of thirty thousand (\$30,000) dollars be thus authorized, in lieu of the ten thousand (\$10,000) dollars requested by the Commission, and in lieu of the further request of the Commission, that the Board consent that the full sum of the unexpended balance of the Interborough Rapid Transit Company's contribution, viz., three hundred and thirty-two thousand five hundred and nine and 82-100 (\$332,509.82) dollars, be applied towards the construction of said Section No. 2 of Routes Nos. 19 and 22; therefore, be it

Resolved, That, because of the default of the Flick-Manuell Construction Company in the performance of the work entailed upon it under the contract authorized by this Board on February 18, 1916, and of the imminent need of the Public Service Commission fully safeguarding the existing work, as explained in their communications to the Board of Estimate and Apportionment, dated May 24, 1917, June 27, 1917, and September 24, 1917, respectively, the Board hereby approves the resolution of the Public Service Commission, dated September 24, 1917, directing its Chief Engineer to proceed with the necessary work of completing the excavation and concreting of the pits already opened for column foundations, and to advance such work on foundations from the Whitlock Avenue abutments north on said Section No. 2 of Routes Nos. 19 and 22, and such work incidental thereto as may be necessary to safeguard the existing work, together with the purchase of such plant and tools as may be necessary, provided, however, that the expenditure for such work, tools and plant shall not exceed an additional sum total of thirty thousand (\$30,000) dollars, which moneys are to be provided and paid by the Interborough Rapid Transit Company from its contribution of four hundred and twelve thousand seven hundred and seventy-five and 50-100 (\$412,775.50) dollars towards the cost of the contract with the Flick-Manuell Construction Company.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

President, Borough of Queens—Additional Appropriation for Repaving Jamaica Avenue (Cal. No. 65).

(On September 13, 1917 (Cal. No. 1), the Board authorized an appropriation of \$88,000 for this work.)

The President of the Borough of Queens offered the following resolution:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on September 13, 1917, appropriating the sum of *eighty-eight thousand dollars* (\$88,000) for the repaving of Jamaica Avenue, from the Brooklyn Borough line to Van Wyck Avenue, Borough of Queens, under the jurisdiction of the President, Borough of Queens, be and the same is hereby amended to read as follows:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 169 of the Greater New York Charter, hereby appropriates the sum of *ninety-eight thousand dollars* (\$98,000) for the repaving of Jamaica Avenue, from the Brooklyn Borough line to Van Wyck Avenue, Borough of Queens, under the jurisdiction of the President, Borough of Queens, and that the Comptroller be and hereby is authorized to issue, pursuant to section 169 of the Greater New York Charter, serial bonds of The City of New York to the amount of *twenty-four thousand five hundred dollars* (\$24,500), being one-quarter of such total authorization, and that the remaining three-quarters thereof, viz., *seventy-three thousand five hundred dollars* (\$73,500), shall be included in annual tax levies in the manner provided by section 189 of the Greater New York Charter.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Deputy and Acting Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, Queens and Richmond—13.

Negative—The President of the Borough of The Bronx—1.

President, Borough of Brooklyn—Amendment to Departmental Estimate for 1918 (Cal. No. 66).

The Secretary presented a communication, dated September 26, 1917, from the President, Borough of Brooklyn, submitting amendment to the departmental estimate of his office for the year 1918, by fixing the salary of Charles C. Schriever, a Rodman in the Topographical Bureau, at \$1,320 per annum.

Which was referred to the Committee on Tax Budget.

Hunter College and College of the City of New York—Appropriation for Free Evening Classes for Women (Cal. No. 67).

DEPARTMENT OF FINANCE.

**Corporation Sale of Buildings and Appurte-
nances Thereon on City Real Estate by
Sealed Bids.**

AT THE REQUEST OF THE PRESIDENT OF
the Borough of The Bronx, public notice is
hereby given that the Commissioners of the Sink-
ing Fund, by virtue of the powers vested in them
by law, will offer for sale by sealed bids certain
encroachments standing upon property owned by
The City of New York, acquired by it for street
opening purposes in the

Borough of The Bronx.
BEING the buildings, parts of buildings, etc.,
standing within the lines of Damage Parcel No.
349 of the Watson ave. proceeding, in the Bor-
ough of The Bronx, which are more particularly
described on a certain map on file in the office
of the Collector of City Revenue, Department
of Finance, Room 368, Municipal Building, Man-
hattan.

PURSUANT to a resolution of the Commis-
sioners of the Sinking Fund, adopted at a meet-
ing held Oct. 4, 1917, the sale by sealed bids, at
the upset or minimum prices named in the de-
scription of each parcel of the above buildings
and appurtenances thereto, will be held by direc-
tion of the Comptroller on

TUESDAY, OCTOBER 30, 1917,
at 11 a. m., in lots and parcels, and in manner
and form, and at upset prices as follows:

Parcel No. 349—Part of three-story frame
building on the northwest corner of Watson ave.
and Castle Hill ave. Cut 3.9 feet on front and
rear. Upset price, \$100.

The purchaser of the above parcel will be re-
quired to fill in the cellars and excavations re-
maining within the lines of the street after the
removal of the parts of the building, with good
clear material to the existing surface of the street
adjoining.

Sealed bids (blank forms of which may be
obtained upon application) will be received by
the Comptroller at the office of the Collector of
City Revenue, Room 368, Municipal Building,
Manhattan, until 11 a. m. on the 30th day of
October, 1917, and then publicly opened for
the sale for removal of the above described build-
ings and appurtenances thereto, and the award
will be made to the highest bidder within twenty-
four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and
will be sold in its entirety, as described in above
advertisement.

Each and every bid must be accompanied by
a deposit of cash or certified check in a sum
equal to 25 per cent. of the amount of the bid,
except that a minimum deposit of \$50 will be
required with all bids, and that a deposit of
\$500 will be sufficient to entitle bidders to bid
on any or all of the buildings.

Deposits of unsuccessful bidders will be re-
turned within twenty-four hours after successful
bidders have paid purchase price in full and
given security, and those of successful bidders
may be declared forfeited to The City of New
York by the Comptroller upon the failure of the
successful bidder to further comply with the
requirements of the terms and conditions of the
sale as set forth hereinafter.

Successful bidders will be required to pay the
purchase money and deposit the required security
within twenty-four hours of the receipt of noti-
fication of the acceptance of the bid.

The Comptroller reserves the right to reject
any and all bids and to waive any defects or in-
formalities in any bid should it be deemed in
the interest of The City of New York to do so.

All bids must state clearly (1) the number or
description of the building or buildings bid for,
(2) the amount of the bid, (3) the full name
and address of the bidder.

All bids must be inclosed in properly sealed
envelopes, marked "Proposals to be opened Oct.
30, 1917," and must be delivered, or mailed in
time for their delivery, prior to 11 a. m. of that
date to the "Collector of City Revenue, Room
368, Municipal Building, New York City," from
whom any further particulars regarding the
buildings to be disposed of may be obtained.

**THE BUILDINGS WILL BE SOLD FOR
IMMEDIATE REMOVAL ONLY, SUBJECT
TO THE TERMS AND CONDITIONS
PRINTED ON THE LAST PAGE OF THIS
ISSUE OF THE "CITY RECORD."**

BOARD OF ESTIMATE AND APPOINTMENT.

Notices of Public Hearings.

FRANCHISE MATTER.

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment held this day, the following resolutions were adopted:

Whereas, The Seaboard Refrigeration Company has, by a petition presented April 20, 1917, made application to this Board for an extension of time of three (3) years from May 1, 1917, within which to complete the construction of a conduit system under and along Surf avenue, Neptune avenue, West 8th, 12th and 21st streets, Borough of Brooklyn, for the distribution of refrigeration to consumers, authorized by contract dated June 22, 1906, as amended by contracts dated December 20, 1907, October 21, 1913, and December 28, 1915; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by Chapters 629 and 630 of the Laws of 1905, and Chapter 467 of the Laws of 1914, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on May 18, 1917, fixing the date for public hearing thereon as June 15, 1917, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "Brooklyn Daily Eagle" and "Brooklyn Times," newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the proposed modification and amendment of said contract of June 22, 1906, as amended by said contracts of December 20, 1907, October 21, 1913, and December 28, 1915; now, therefore, it is

Resolved, That the following form of the resolution for the consent or right applied for by the Seaboard Refrigeration Company, containing the form of proposed contract for the grant of such right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

PROPOSED FORM OF CONTRACT.
THIS CONTRACT, made and executed in duplicate this _____ day of _____, 1917, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City, and the SEABOARD REFRIGERATION COMPANY (hereinafter called the Company), party of the second part, witnesseth:

WHEREAS, Pursuant to resolution adopted by the Board June 15, 1906, approved by the Mayor June 22, 1906, the City, under date of June 22, 1906, entered into a contract with the Company, granting it the franchise, right and privilege of constructing, maintaining and operating a conduit line, with the necessary branches and connections therefrom, under and along certain streets in the Borough of Brooklyn, for the sole purpose of supplying refrigeration to consumers upon certain terms and conditions therein fully set forth; and

WHEREAS, By resolution adopted by the Board September 14, 1906, approved by the Mayor September 19, 1906, by resolution adopted by the Board November 9, 1906, approved by the Mayor November 13, 1906, by resolution adopted by the Board April 26, 1907, approved by the Mayor May 1, 1907; and by resolution adopted by the Board May 10, 1907, approved by the Mayor May 14, 1907, the said contract of June 22, 1906, was amended by extending the time within which the Company might make the initial payment and security deposit, as required by section 2, Third and Twenty-second, of said contract; and

WHEREAS, Pursuant to a resolution adopted by the Board December 13, 1907, approved by the Mayor December 18, 1907, the City, under date of December 20, 1907, entered into a contract with the Company, further amending the said contract of June 22, 1906, by extending the term of grant as specified in section 2, First, reducing the initial and annual payments named in section 2, Third, reducing the security deposit named in section 2, Twenty-second, and extending the time for the completion of the conduit system as specified in section 2, Seventh, of said contract; and

WHEREAS, By resolution adopted by the Board January 31, 1908, approved by the Mayor February 3, 1908, the said contract of June 22, 1906, was again amended by further extending the time within which the Company might make the initial payment and security deposit, as required by section 2, Third and Twenty-second, of said contract; and

WHEREAS, By resolution adopted by the Board May 1, 1908, approved by the Mayor May 8, 1908, said contract of June 22, 1906, was again amended by further extending the time within which the Company might make the security

deposit as required by section 2, Twenty-second, of said contract; and

WHEREAS, Pursuant to resolution adopted by the Board September 25, 1917, approved by the Mayor September 30, 1917, the City, under date of October 21, 1917, entered into a contract with the Company, again modifying the said contract of June 22, 1906, by further extending the time for the completion of the conduit system, as specified by section 2, Seventh, of said contract; and

WHEREAS, Pursuant to resolution adopted by the Board November 19, 1915, approved by the Mayor December 1, 1915, the City, under date of December 28, 1915, entered into a contract with the Company again modifying the said contract of June 22, 1906, by extending the time for completion of the conduit system from May 1, 1917, to May 1, 1920.

Now, THEREFORE, in consideration of the sum of fifty dollars (\$50), to be paid by the company to the City on or before December 1, 1917, and of the mutual covenants herein contained, the parties hereto do hereby covenant and agree as follows:

SECTION 1. Section 2, subdivisions Seventh and Seventeenth of said contract, as heretofore amended, are hereby amended to read as follows:

"Seventh—If the Company has in position a conduit or pipe line in streets or avenues other than those herein described, then the Company shall remove such conduit or pipe line at its own expense on or before May 1, 1920. If the Company owns a conduit or pipe line in the streets or avenues herein described, such conduit or pipe line shall be deemed to be a conduit line herein authorized, but no right is hereby given to lay or construct a conduit line in addition to that which the Company already has in such streets or avenues."

"Seventeenth—If the Company has in position a conduit or pipe line in streets or avenues other than those herein described, then the Company shall remove such conduit or pipe line at its own expense on or before May 1, 1920. If the Company owns a conduit or pipe line in the streets or avenues herein described, such conduit or pipe line shall be deemed to be a conduit line herein authorized, but no right is hereby given to lay or construct a conduit line in addition to that which the Company already has in such streets or avenues."

SECTION 2. It is mutually understood and agreed that, except as expressly provided herein, nothing in this contract contained shall be deemed to affect in any manner the provisions of the contract entered into between the City and the Company and dated June 22, 1906, as amended by said resolutions adopted September 14, 1906; November 9, 1906; April 26, 1907; May 10, 1907; January 31, 1908; May 1, 1908, and by said contracts dated December 20, 1907, October 21, 1913, and December 28, 1915, and the Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in said contract of June 22, 1906, as modified by said resolutions and said contracts, and as further amended or altered by the provisions of this instrument.

IN WITNESS WHEREOF, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed, and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed the day and year first above written.

Resolved, That the results of the inquiry made by this Board as to the money value of the proposed franchise and the adequacy of the compensation proposed to be paid therefor and of the terms and conditions are as specified and fully set forth in the said contract dated June 22, 1906, as amended by said contracts dated December 20, 1907, October 21, 1913, and December 28, 1915, as further amended by the foregoing form of proposed contract for the consent to such modifications and alterations:

Resolved, That these preambles and resolutions, including the said resolution for the consent of The City of New York to the modifications and alterations as applied for by the Seaboard Refrigeration Company, and the said form of a proposed contract for the grant of such franchise or right, containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published in the City Record, together with the following notice, to wit:

NOTICE IS HEREBY GIVEN THAT the Board of Estimate and Apportionment, before authorizing any contract for the consent of the City to certain modifications and amendments in and to the terms and conditions of the said contract of June 22, 1906, as amended by said contracts dated December 20, 1907, October 21, 1913, and December 28, 1915, such modifications and amendments being fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing such contract, will, at a meeting of said Board to be held in Room 16, City Hall, Borough of Manhattan, City of New York, on Friday, October 19, 1917, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

Resolved, That a notice of such hearing, stating that copies of the proposed contract and resolution of consent thereto may be obtained by all those interested therein at the Bureau of Franchises, Room 1307, Municipal Building, Centre Chambers Street, Borough of Manhattan, shall be published at least twice, at the expense of the proposed grantee, during the ten (10) days immediately prior to Friday, October 19, 1917, in the "Brooklyn Daily Eagle" and "Brooklyn Times," the two daily newspapers in which the petition and notice of hearing thereon have been published.

JAMES D. MCGANN, Assistant Secretary, Room 1307 Municipal Building, Telephone, 4560 Worth.

Dated, New York, Sept. 21, 1917. ol,19

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The Staten Island Rapid Transit Railway Company has, under date of April 25, 1917, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate five standard gauge railroad tracks over and across Western Avenue, in the Third Ward, Borough of Richmond; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by Chapter 629 and 630 of the Laws of 1905, and Chapter 467 of the Laws of 1914, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on June 1, 1917, fixing the date for public hearing thereon as June 29, 1917, at which citizens were entitled to appear, be heard and publication was had for at least two (2) days in the "Brooklyn Times" and the "Evening World," newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to The Staten Island Rapid Transit Railway Company, and the adequacy of the compensation proposed to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by The Staten Island Rapid Transit Railway Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to The Staten Island Rapid Transit Railway Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of the City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made and executed in duplicate this day of 1917, by and between THE CITY OF NEW YORK (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and THE STATEN ISLAND RAPID TRANSIT RAILWAY COMPANY (hereinafter called the Company), party of the second part, WITNESSETH:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

SECTION 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate five (5) standard gauge railroad tracks over and across Western Avenue, in the Third Ward, Borough of Richmond, the center line of the northern four of said five tracks to be right of way line, and the center line of the southern one of said five tracks to be right of way line, and the Company, located on either side of Western Avenue.

All as shown on a map entitled: "Map showing proposed tracks across Western Ave., Third Ward, Borough of Richmond, City of New York, to accompany the petition of April 25th, 1917—The Staten Island Rapid Transit Ry. Co. to the Board of Estimate and Apportionment."

—signed by W. H. Averell, General Manager, and Wm. B. Redgrave, District Engineer; which map is attached to and made a part of this contract.

SECTION 2. The grant of this right and privilege is subject to the following conditions, which shall be complied with by the Company.

First—The said right and privilege to construct, maintain and operate said railroad tracks shall be held and enjoyed by the Company from the date on which this contract is signed by the Mayor to and until October 28, 1934, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall desire to exercise its privilege of renewal it shall make application to the Board at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The time within which such application for renewal must be made is of the essence of this contract, and a failure of the Company to present its application within the time fixed shall be considered as an election on the part of the Company not to take advantage of the renewal privilege and as a relinquishment of its right to such renewal, in which event the franchise shall terminate on the last day of the original term of this contract.

The determination of the revaluation shall be sufficient right to write to the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement within the day prior to the expiration of the original term of this contract, then the parties hereby agree that the annual rate for the renewal term shall be determined by three disinterested persons selected in the following manner:

One disinterested person shall be chosen by the Board, one disinterested person shall be chosen by the Company, and the two shall choose a third disinterested person, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of the original term of this contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigation, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained and agreed to by any two of such appraisers shall be conclusive upon both parties, but no annual sum shall, in any event be less than the sum required to be paid for the last year of the original term of this contract.

If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The entire expense of such appraisal shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for this right and privilege during the original term of this contract expiring October 28, 1934, the following sums of money:

(a) The sum of one thousand dollars (\$1,000) in cash within three (3) months after the date on which this contract is signed by the Mayor

and before anything is done in exercise of the privilege hereby granted.

(b) From the date when the annual charges commence as hereinafter provided until October 28, 1924, the annual sum of five hundred dollars (\$500).

During the succeeding term of five (5) years, the annual sum of seven hundred and fifty dollars (\$750).

During the last term of five (5) years the annual sum of one thousand dollars (\$1,000).

The annual charges shall commence on the date upon which the Company obtains the permission and approval of the Public Service Commission, as required by Section 53 of the Public Service Commission Law. The Company hereby agrees to file its application with the Public Service Commission for such permission and approval within ten (10) days from the date upon which this contract is signed by the Mayor.

The annual charges as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding; provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date when the annual charges commence as hereinabove provided and September 30 following shall bear to the whole of one year.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments herein provided for shall continue throughout the whole term of this contract, notwithstanding any clause in any statute or in the charter of any railroad or railway company providing for payment for railroad or railway rights or franchises at a different rate.

Fourth—The rights and privileges hereby granted shall not be assigned or transferred, either in whole or in part, whether by consolidation, merger, reorganization or otherwise, or leased or sublet in any manner, either in whole or in part, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the grant, giving, or conveying of any one or more of such consents shall not render unnecessary any subsequent consent or consents, nor shall the title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation, merger or reorganization of corporations or otherwise, unless, in addition to obtaining the above consent of the Board, the proposed successor in title to the rights of the Company shall file with the Board an instrument under seal, agreeing to assume and be bound by each and all of the terms and conditions of this contract and agreeing to waive any more favorable conditions created by its charter or any statute relating to the consolidation, merger, or reorganization of corporations or otherwise.

The filing of such agreement shall constitute a condition precedent to the passing to or vesting in such proposed successor in title to the rights of the Company of the rights and privileges hereby granted, or of any portion thereof, or of any right, interest or property therein. In case of the failure of such proposed successor in title to the rights of the Company to file such agreement within sixty (60) days after the date on which such succession in title is to take effect, the right and privilege hereby granted may be forfeited, or the consent of the City provided for herein may be revoked by resolution of the Board.

Fifth—Upon the termination of the original term of this contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination or forfeiture of the right and privilege hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and other property of the Company constructed or existing pursuant to this contract within the streets shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at any time preceding the date upon which this contract shall terminate, the Board shall so order by resolution and give notice to the Company, the Company shall, upon the termination of this contract, remove any and all of its tracks and other property constructed or existing pursuant to this contract and the said streets shall be restored to their original condition at the sole cost and expense of the Company.

Sixth—The Company shall commence and complete the construction of the tracks and appurtenances herein authorized within three (3) years from the date upon which this contract is signed by the Mayor, otherwise this right and privilege shall cease and determine.

Seventh—The tracks hereby authorized shall be constructed and maintained across Western Avenue upon bridge or viaduct. The Company shall pay the entire cost of the construction and maintenance of such tracks and bridge or viaduct and in addition shall pay the following:

(a) The cost of the protection of all surface and subsurface structures which shall be in any way disturbed by the construction, reconstruction, repair or removal of such tracks, and the bridge or viaduct.

(b) All changes in sewer or other subsurface structures made necessary by the construction, reconstruction, repair or removal of the said tracks and the bridge or viaduct including the laying or relaying of pipes, conduits, sewers or other structures.

(c) The replacing or restoring the pavement in said street which may be disturbed during the construction, reconstruction, repair or removal of the tracks, and the bridge or viaduct.

(d) The inspection of all work during the construction, reconstruction, repair or removal of the tracks, and the bridge or viaduct, as herein provided, which may be required by the President of the Borough of Richmond and the Commissioner of Water Supply, Gas and Electricity.

Eighth—Before the work of construction, reconstruction, repair or removal shall be begun the Company shall obtain permits to do the work from the President of the Borough of Richmond and from the Commissioner of Water Supply, Gas and Electricity. The Company shall perform all the duties which may be imposed upon it by these officials, as conditions of such permits, provided such conditions are not inconsistent with the provisions of this contract.

Ninth—The bridge or viaduct to be constructed under this contract shall, subject to the approval of the President of the Borough of Richmond, be constructed in a single span from house-line to house-line, and there shall not be any supporting columns erected in the street. Such bridge or viaduct shall have a vertical clearance of not less than sixteen (16) feet above the sur-

face of said street at the center line thereof and shall have drip pans placed under the same for the entire width of the street. The said tracks and bridge or viaduct shall be constructed, maintained and operated at the expense of the Company, subject to the supervision, control and inspection of the proper authorities of the City who have jurisdiction over such matters under the Charter of the City or under this contract.

Tenth—Should the grade or lines of Western Avenue be changed at any time during the term of this contract, whether original or renewal, the Company shall, at its own cost and expense, change or reconstruct the said bridge or viaduct under the supervision of the proper authorities of the City so that there shall be at all times a vertical clearance of not less than sixteen (16) feet above the surface of the street at the center line thereof, and that no portion of the piers or abutments of said bridge or viaduct shall encroach within the lines of said street as changed.

Should Western Avenue be widened, the Company shall make no claim for, nor shall it be entitled, as against the City, to any compensation or damages by reason of the taking of any portion of the piers or abutments of the bridge or viaduct in condemnation proceedings.

Eleventh—Free and uninterrupted access to and passage over Western Avenue shall be maintained at all times, both during construction and thereafter, unless otherwise directed by the President of the Borough of Richmond, and no cars shall be allowed to stand upon said railroad tracks within the limits of said street.

Twelfth—This right and privilege is granted on the further and express condition that all laws or ordinances now in force, or which may hereafter be adopted, shall be strictly complied with.

Thirteenth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights and privileges hereby granted, shall deposit with the Comptroller of the City the sum of two thousand dollars (\$2,000), either in money or securities to be approved by the Comptroller, which fund shall be security for the performance by the Company of all the terms and conditions of this contract and for its compliance with all the orders of the Board and of the officials of the City acting under the powers herein reserved. From the said fund deductions may be made as hereinafter provided.

(a) Should the Company, within such time after notice as may be herein prescribed, or where no time is prescribed, within such time as the Board or the proper official of the City may hereafter prescribe, fail to comply with the provisions of this contract or with the orders of the Board or of the officials of the City herein named or referred to, relating to:

Protecting the City's structures during the construction, reconstruction, repair or removal of the tracks and bridge or viaduct hereby authorized.

Protecting the Company's tracks, appurtenances or other structures during the performance of any public work or as may be required on account of the changing of the lines or grades of the streets.

Or with any other provision of this contract which may affect the repair, protection and maintenance of the streets or of the City's structures within the streets.

The City shall have the right to cause the work to be done or the defect remedied and to reimburse itself for the cost of such work by deducting such cost, with interest, from the security fund hereinabove provided for. Such deduction shall be made by the Comptroller upon the direction of the Board.

(b) Should the Company, within ten (10) days after the demand has been made upon it, fail to pay to the City the cost of any alterations to the sewerage or drainage systems occasioned by the construction, maintenance or operation of the tracks and bridge or viaduct hereby authorized, fail to repay to the City any damages caused to persons or property which the City shall be compelled to pay by reason of the construction, maintenance or operation of the said tracks and bridge or viaduct, or by reason of any acts or defaults of the Company in connection therewith, the City shall have the right to collect such costs or damages, with interest, by deducting the amount of the same, with interest, from the security fund hereinabove provided for. Such deduction shall be made by the Comptroller upon the direction of the Board.

(c) Should the Company fail to pay to the City the annual charges required to be paid by this contract, within the time fixed for the payment thereof, the City shall have the right to collect the amount of such charges, with interest, by deducting the same from the security fund hereinabove provided for. Such deduction shall be made by the Comptroller upon further or other direction.

(d) Should the Company fail to comply with the provisions of this contract, or with the orders of the Board or of the officials of the City herein named or referred to, then the Company may be required to pay to the City, as liquidated damages for each breach or violation, the following sums:

For failure to maintain the tracks and bridge or viaduct in good condition throughout the whole term of this contract, the sum of two hundred and fifty dollars (\$250) for each day during which the default or defect remains.

For failure to comply with any other provision of this contract as to which liquidated damages are not fixed herein, the sum of fifty dollars (\$50) per day for each day during which such failure or default shall continue.

All of such sums may be collected by deducting the same from the security fund hereinabove provided for.

The procedure for the collection of such liquidated damages shall be as follows:

Whenever the Board shall have knowledge of any such breach or violation on the part of the Company, the Board shall give notice to the Company, specifying the nature of such breach or violation and the amount of liquidated damages which it is proposed to collect therefor, and directing its President or other officer to appear before the Board on a certain day, not less than ten (10) days after the service of such notice, to show cause why the Company should not be required to pay such liquidated damages in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board to be in fault, the Board shall forthwith direct the Comptroller to collect such liquidated damages by deducting the amount of the same from the security fund hereinabove provided for.

(e) In case of any deductions from the security fund pursuant to this contract, either for the reimbursement of the City for work done by it or amounts expended by it on behalf of the Company, or amounts paid by it to any person by reason of any act or default of the Company, or for the collection by the City of the annual charges herein provided, or of liquidated damages, the Company shall, upon ten (10) days' notice by the Comptroller, deposit with the Comptroller a sum, either in money or securities, sufficient to restore such security fund to its original amount of two thousand dollars (\$2,000), and in default thereof, the right and privilege hereby granted may be forfeited by the City.

(f) Should the right and privilege hereby granted be forfeited pursuant to the provisions

of this contract, or should such right and privilege be terminated upon the dissolution of the Company as herein provided, the security fund hereinabove provided for shall be forfeited to the City as liquidated damages for failure of the Company to perform this contract pursuant to the terms hereof.

(g) No action or proceeding or right under the provisions of this subdivision shall affect any other legal rights, remedies or causes of action belonging to the City.

The provisions for the reimbursement of the City for work done by it or amounts expended by it on behalf of the Company, or amounts paid by it to any person by reason of any act or default of the Company or for the collection by it of the annual charges, or of liquidated damages, are and shall be in addition to the City's right as herein reserved to forfeit the right and privilege hereby granted.

Fourteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board or any official of the City acting under the powers herein reserved, the right and privilege hereby granted may be forfeited by resolution of the Board, which said resolution may contain a provision to the effect that the tracks and bridge or viaduct constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring this right and privilege forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Nothing herein contained shall affect in any way the right of the Company to apply to a court of competent jurisdiction for a review of any action of the Board forfeiting the right and privilege hereby granted.

Fifteenth—The Company shall assume all liability for damages to persons or property occasioned by reason of the construction, maintenance and operation of the tracks and bridge or viaduct hereby authorized, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company shall repay to the City any damage which the City shall be compelled to pay by reason of any act or default of the Company.

Sixteenth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Section 3. Nothing in this contract contained shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Section 4. Nothing in this contract contained shall be deemed to limit in any way the police power now vested in or hereafter to be delegated or granted to the City by the State of New York.

Section 5. The Company promises, covenants and agrees to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, hereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, hereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed the day and year first above written.

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provisions as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by The Staten Island Rapid Transit Railway Company, and the said form of a proposed contract for the grant of such franchise or right, containing said results of such inquiry, after the same shall be entered in the minutes of this Board shall be published for at least fifteen (15) days immediately prior to Friday, October 19, 1917, in the "City Record," together with the following notice, to wit:

NOTICE IS HEREBY GIVEN that the Board of Estimate and Apportionment before authorizing any contract for the grant of the franchise or right applied for by The Staten Island Rapid Transit Railway Company, and fully set forth and described in the following form of proposed contract for the grant of such franchise or right, and before adopting any resolutions authorizing such contract, will, at a meeting of said Board, to be held in Room 16, City Hall, Borough of Manhattan, City of New York, on Friday, October 19, 1917, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

Resolved, That a notice of such hearing, stating that copies of the proposed contract and resolution of consent thereto may be obtained by all those interested therein at the Bureau of Franchises, Room 1307, Municipal Building, Centre and Chambers streets, Borough of Manhattan, shall be published at least twice at the expense of the proposed grantee, during the ten (10) days immediately prior to Friday, October 19, 1917, in the "Brooklyn Times" and "Evening World," the two daily newspapers in which the petition and notice of hearing thereon have been published.

JAMES D. MCGANN, Assistant Secretary, Room 1307, Municipal Building. Telephone, 4560 Worth.

Dated, New York, September 21, 1917. 61.19

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The Merchants Refrigerating Company has, by a petition dated April 16, 1917, made application to this Board for certain modifications in and to the contract dated October 21, 1910, as amended by contract dated May 15,

1913, authorizing said Company to construct, maintain and operate conduits for refrigeration purposes within limited districts in the Borough of Manhattan; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by Chapters 629 and 630 of the Laws of 1905, and Chapter 467 of the Laws of 1914, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on April 20, 1917, fixing the date for public hearing thereon as May 18, 1917, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "Journal of Commerce" and "Evening World," newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the proposed modification and amendment of said contract of October 21, 1910, as amended by said contract of May 15, 1913; now, therefore, it is Resolved, That the following form of the resolution for the consent or right applied for by the Merchants Refrigerating Company, containing the form of proposed contract for the grant of such right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby consents to certain modifications in the terms and conditions of the said contract of October 21, 1910, as amended by said contract of May 15, 1913, such modified terms and conditions being fully set forth and described in the following form of proposed contract for the grant thereof, embodying such terms and conditions as modify or alter said contract of October 21, 1910, as amended by said contract of May 15, 1913, which said contract of October 21, 1910, as amended, otherwise remains unchanged as to all the other terms and conditions expressed therein, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made and executed in duplicate, this day of 1917, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City, and the MERCHANTS REFRIGERATING COMPANY (hereinafter called the Company), party of the second part, WITNESSETH:

WHEREAS, By contract dated October 21, 1910, the City granted to the Company the right and privilege to construct, maintain and operate conduits of maximum outside diameter of twelve (12) inches and under the surface of the streets in certain districts in the Borough of Manhattan, City of New York, for the purpose of supplying refrigeration to consumers, upon certain conditions therein fully set forth; and

WHEREAS, By resolution adopted April 24, 1913, approved by the Mayor April 28, 1913, and by contract dated May 15, 1913, said contract of October 21, 1910, was amended and modified by extending District No. 2, named and described in Section 1 thereof, and by increasing the annual payments and security deposit specified in Section 2, Subdivisions Second and Twenty-third thereof; and

WHEREAS, By a petition dated April 16, 1917, the Company has applied to the Board for further modification of said contract of October 21, 1910,

By increasing the maximum outside dimensions of the conduits which may be constructed thereunder from 12 inches in diameter to 35 x 20 inches.

Now, therefore, in consideration of the increased annual payments here provided for and of the mutual covenants here contained, the parties hereto do hereby covenant and agree as follows:

Section 1. Section 1 of said contract of October 21, 1910, as heretofore amended, is hereby amended by changing and modifying the first paragraph of said section to read as follows:

Section 1. The City set forth and grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate certain conduits with the necessary branches and extensions therefrom, leading directly into private property, for the sole purpose of supplying refrigeration to consumers, provided that except as hereinafter specified, the conduits, no conduit be of a greater outside diameter than twelve (12) inches, including insulation and other covering; the same to be constructed and operated only beneath the surface of such of the streets, avenues and highways situate within the Borough of Manhattan, City of New York, as are included within the districts bounded and described as follows:

Section 1 of said contract is further amended by adding to said section, at the end thereof, the following new paragraph:

In the following locations the Company shall have the right to construct, maintain and operate a conduit of an outside diameter, including insulation and other covering not to exceed 35 x 20 inches:

In North Moore street from a point about 138 feet 6 inches east of the easterly line of Hudson street, westerly along North Moore street to Hudson street; thence southerly along Hudson street to Harrison street; thence westerly along Harrison street to the southwesterly corner of Staple street and Hudson street, with a branch from the Hudson street line westerly along Franklin street to a point about 187 feet west of the westerly line of Hudson street.

In Staple street from a point about 87 feet north of the northerly line of Duane street, southerly along Staple street and across Duane street and the triangle known as Duane Park to the southerly line of Duane street at a point about 125 feet west of westerly line of Hudson street.

In the following locations the Company shall have the right to construct and maintain a conduit of an outside diameter, including insulation and other covering not exceeding 20 x 14 inches:

In Staple street from a point about 85 feet north of the northerly line of Duane street to a point about 85 feet north of the northerly line of Jay street, with two connections to abutting buildings between Duane and Jay streets.

In Jay street from the center line of Staple street to a point about 92 feet west of the westerly line of Staple street with one connection to an abutting building.

In Franklin street from a point about 197 feet east of the easterly line of Greenwich street to the center line of Washington street, with four connections to abutting buildings.

In Washington street from the center line of Franklin street to a point about 20 feet south of the southerly line of North Moore street, with two connections to abutting buildings.

Section 2, Subdivision Second, Clause (b) is amended to read as follows:

(b) From October 21, 1910, to May 15, 1913, an annual sum which shall be equal to two (2) per cent. of its gross annual receipts, but which sum shall not be less than eight hundred dollars (\$800).

From May 15, 1913, to October 21, 1915, an

annual sum which shall be equal to two (2) per cent. of its gross annual receipts, but which sum shall not be less than one thousand six hundred dollars (\$1,600).

From October 21, 1915, to October 21, 1917, an annual sum which shall be equal to three (3) per cent. of its gross annual receipts, but which sum shall not be less than two thousand four hundred dollars (\$2,400).

From October 21, 1917, to October 21, 1920, an annual sum which shall be equal to four (4) per cent. of its gross annual receipts, but which sum shall not be less than three thousand dollars (\$3,000).

From October 21, 1920, to October 21, 1925, an annual sum which shall be equal to four (4) per cent. of its gross annual receipts, but which sum shall not be less than three thousand five hundred dollars (\$3,500).

The gross receipts mentioned above shall be the total receipts of the Company and of any subsidiary of the company and of any purchaser of refrigeration from the Company for purposes of resale from all business of furnishing refrigeration to consumers.

Section 2, Subdivision Second, Clause (c), first and second paragraphs, are hereby amended to read as follows:

(c) An annual payment for each linear foot of conduit constructed within the limits of the streets (excepting, however, such conduits as are constructed within the vault space or vault spaces of any building or buildings used or occupied exclusively by the Company for the purpose of its business), as follows:

For conduits of outside dimensions, including insulation and other covering, not exceeding 12 inches in diameter, twenty-five cents (25 cents).

For conduits of outside dimensions, including insulation and other covering, exceeding 12 inches in diameter, but not exceeding 20 x 14 inches, thirty cents (30 cents).

An annual payment of two dollars (\$2) for each manhole constructed within the limits of any street, avenue or highway.

Section 2. It is mutually understood and agreed that except as expressly provided herein nothing in this contract contained shall be deemed to affect in any manner the provisions of the contract entered into between the City and the Company, dated October 21, 1910, as amended by said resolution adopted April 24, 1913, approved by the Mayor April 28, 1913, and by said contract dated May 15, 1913; and the Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in such contract of October 21, 1910, as modified by said resolution and by said contract as further modified by the provisions of this instrument.

Section 3. This contract shall take effect on the date of the execution thereof by the Mayor. In witness whereof, the Mayor of the first part, by its Mayor, hereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed, and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers hereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed the day and year first above written.

THE CITY OF NEW YORK,
By *Mayor.*

(Corporate Seal.) *City Clerk.*
Attest: *THE MERCHANTS REFRIGERATING CO.,*
(Seal.) *President.*

Attest: *Secretary.*
(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the proposed franchise and the adequacy of the compensation proposed to be paid therefor and of the terms and conditions are as specified and fully set forth in the said contract dated October 21, 1910, as amended by said contract dated May 15, 1913, as further amended by the foregoing form of proposed contract for the consent to such modifications and alterations;

Resolved, That these preambles and resolutions, including the said resolution for the consent of the City of New York to the modifications and alterations as applied for by the Merchants Refrigerating Company and the said form of a proposed contract for the grant of such franchise or right, containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published in full for at least fifteen (15) days immediately prior to Friday, October 19, 1917, in the City Record, together with the following notice, to wit:

NOTICE IS HEREBY GIVEN that the Board of Estimate and Apportionment before authorizing any contract for the consent of the City to certain modifications and amendments in and to the terms and conditions of the said contract of October 21, 1910, as amended by said contract of May 15, 1913, such modifications and amendments being fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing such contract, will, at a meeting of said Board, to be held in Room 16, City Hall, Borough of Manhattan, City of New York, on Friday, October 19, 1917, at 10.30 a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

Resolved, That a notice of such hearing, stating that copies of the proposed contract and resolution of consent thereto may be obtained by all those interested therein at the Bureau of Franchises, Room 1307, Municipal Building, Centre and Chambers streets, Borough of Manhattan, shall be published at least twice at the expense of the proposed grantee, during the ten (10) days immediately prior to Friday, October 19, 1917, in the "Journal of Commerce" and "Evening World," the two daily newspapers in which the petition and notice of hearing thereon have been published.

SUPREME COURT—SECOND DEPARTMENT.

Filing Tentative Decree—Notice to File Objections.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the extending of LINCOLN TERRACE PARK as laid out upon the map or plan of The City of

New York under a resolution adopted by the said Board on February 11, 1916, and to the unacquired portion of PRESIDENT STREET, from Buffalo avenue to Rochester avenue, Borough of Brooklyn, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PARTIES INTERESTED IN THE ABOVE ENTITLED PROCEEDING, AS FOLLOWS:

First: That the above named Court, after considering the testimony and proofs submitted on the trial of the above entitled proceeding, has completed its estimate of the compensation which should be made by the City of New York to the respective owners of the real property to be acquired in this proceeding, and has made an assessment of the value of the benefit and advantage of the improvement to the respective owners of the real property within the area fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 3rd day of March, 1916, and that the tentative decree of said Court as to awards for damages and as to assessments for benefit was signed on the 15th day of October, 1917, by Honorable Isaac M. Kapper, Justice of the Supreme Court, presiding at the trial of the above entitled proceeding, and was filed with the Clerk of the County of Kings on the 18th day of October, 1917, for the inspection of whomsoever it may concern.

Second: That the said Court has assessed all the real property within the area of assessment fixed and described as the area of assessment for benefit by the Board of Estimate and Apportionment on the 3rd day of March, 1916, and that the said area of assessment includes the parcels of real property situate and being in the Borough of Brooklyn, in the City of New York, which, taken together, are bounded and described as follows:

BEGINNING at a point on a line midway between Sterling place and St. Johns place, distant 100 feet westerly from the westerly line of Kingston avenue, the said distance being measured at right angles to Kingston avenue, and running thence eastwardly along the said line midway between Sterling place and St. Johns place to the intersection with a line midway between Kingston avenue and Albany avenue; Filing Preliminary Abstracts.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of AVENUE Q, from Stillwell avenue to Gravesend avenue, and from Ocean Parkway to the westerly line of East 12th street, excepting the right of way of the New York and Sea Beach Railroad; WEST 7TH STREET, from Avenue Q to Kings Highway; WEST 8TH STREET, from Avenue Q to Kings Highway; WEST 9TH STREET, from Avenue Q to Kings Highway, in the 30th and 31st Wards, Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS INTERESTED IN THE ABOVE ENTITLED PROCEEDING, AND TO THE OWNER OR OWNERS, OCCUPANT OR OCCUPANTS, OF ALL HOUSES AND LOTS AND IMPROVED AND UNIMPROVED LANDS AFFECTED THEREBY, AND TO ALL OTHERS WHOM IT MAY CONCERN, TO WIT:

First:—That the undersigned, Commissioners of Estimate, have completed their amended and supplemental estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, No. 166 Montague street, in the Borough of Brooklyn, in the City of New York, on or before the 26th day of October, 1917, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 29th day of October, 1917, at 3.30 o'clock p. m.

Second:—That the undersigned, Commissioner of Assessment, has completed his amended and supplemental estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, No. 166 Montague street, in the Borough of Brooklyn, in the City of New York, on or before the 26th day of October, 1917, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 30th day of October, 1917, at 3.30 o'clock p. m.

Third:—That the Commissioner of Assessments has assessed any or all of such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 29th day of November, 1911, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in the City of New York, which, taken together, are bounded and described as follows, viz:

1. Bounded on the north by a line midway between Avenue P and Avenue Q; and by the prolongation of the said line; on the east by a line midway between East 2d street and East 3d street; on the south by a line midway between Avenue O and Avenue R; and by the prolongations of the said line; and on the west by a line distant 100 feet westerly from

and parallel with the westerly line of Stillwell avenue, the said distance being measured at right angles to Stillwell avenue.

2. Bounded on the north by a line midway between Avenue P and Avenue Q; on the east by a line always distant 100 feet easterly from and parallel with the easterly line of East 12th street, the said distance being measured at right angles to East 12th street; on the south by a line midway between Avenue Q and Avenue R as these streets are laid out between Ocean parkway and East 7th street and by the prolongations of the said line; and on the west by a line midway between East 5th street and Ocean parkway.

Fourth:—That the abstracts of said amended and supplemental estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of the City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 14th day of November, 1917.

Fifth:—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit hereto will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof to be held in the Garfield Building, No. 26 Court street, in the Borough of Brooklyn, in the City of New York, on the 28th day of November, 1917, at the opening of the Court on that day.

Sixth:—That, if, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended.

Dated, New York, October 15, 1917.

NEW YORK SUPREME COURT, SCHOHARIE, DELAWARE AND GREENE COUNTIES.

Application for Appointment of Commissioners.

SCHOHARIE RESERVOIR, SCHOHARIE SECTION 3 AND SUPPLEMENTARY SHEET SECTION 3.

In the Matter of the Application and Petition of the Board of Water Supply of the City of New York for the appointment of a commission under Chapter 724 of the Laws of 1905, as amended, PUEBIC NOTICE IS HEREBY GIVEN THAT it is the intention of the Corporation Counsel of the City of New York to make application to the Supreme Court for the appointment of Commissioners under Chapter 724 of the Laws of 1905 as amended.

Such application is to be made at a Special Term of the said Court to be held at the Court House in the City of Troy, Rensselaer County, New York, on the 20th day of October, 1917, at 10 o'clock in the forenoon of that day or as soon thereafter as counsel can be heard.

The object of this application is to obtain an order of the Court for the appointment of three disinterested and competent freeholders, at least one of whom shall reside in the County of New York, and at least one of whom shall reside in one of the Counties of Schoharie, Delaware or Greene, as Commissioners of Appraisal to ascertain and appraise the compensation to be made to the owners and all persons interested in the real estate laid down on a certain map entitled:

"Board of Water Supply of the City of New York. Map of real estate situated in the Towns of Gilboa & Conesville, County of Schoharie, Roxbury, County of Delaware, and Prattville, County of Greene and State of New York, to be acquired by the City of New York under the provision of Chapter 724 of the Laws of 1905 as amended for the construction of Schoharie Reservoir and appurtenances in the vicinity of Gilboa and Prattville."

—and which map was filed as follows:

In the County Clerk's office, County of Schoharie, at Schoharie, N. Y., on the 29th day of May, 1917.

In the County Clerk's office, County of Delaware, at Delhi, N. Y., on the 28th day of May, 1917.

In the County Clerk's office, County of Greene, at Catskill, N. Y., on the 26th day of May, 1917; and also in the real estate laid down on a certain supplementary map entitled:

"Board of Water Supply of the City of New York. Map of real estate situated in the Town of Gilboa, County of Schoharie and State of New York, to be acquired by the City of New York under the provisions of Chapter 724 of the Laws of 1905 as amended for the construction of Schoharie Reservoir and appurtenances in the vicinity of Gilboa."

—and which map was filed in the County Clerk's office, County of Schoharie, at Schoharie, N. Y., on the 30th day of July, 1917; and that said Commissioners of Appraisal shall also ascertain and determine and state separately the items of damage, if any, to which the owner or any person interested in the said real estate laid down on said map filed at Schoharie, May 29, and July 30, 1917, Delhi, May 28, and Catskill, May 26, 1917, may be entitled by reason of Section 42, Chapter 724 of the Laws of 1905, as amended by Section 9, Chapter 314 of the Laws of 1906, and Section 2, Chapter 527, of the Laws of 1916, provided that an agreement cannot be had with the Board of Water Supply, and further that said damages arise by reason of acts of the City of New York, or its Board of Water Supply after May 14th, 1916.

Except that the Corporation Counsel of the

City of New York will make application to the Supreme Court that all parcels of real estate laid down on said above recited maps wholly or in part in the fire district of Gilboa, and all parcels of real estate laid down on said maps above recited where the claimants allege an enhancement by reason of water power thereon, including any claim the Gilboa Water Co. may have, shall be assigned by the Court to the present Schoharie Reservoir and Shandaken Tunnel Commission which is now appraising real estate in said fire district and has jurisdiction over certain claims for water powers in connection therewith.

Further, to prevent any conflict of jurisdiction between the Commission herein applied for and the Schoharie Reservoir and Shandaken Tunnel Commission already appointed, and to obviate, so far as possible, disproportionate awards and, in harmonious decisions, the Court will be asked to assign to the Commission herein applied for, all the telephone and telegraph companies' claims, whether for loss of business or for rights of way or easements, leaving to the Commission heretofore appointed the determination of nothing in connection with the telephone and telegraph claims except the value of the Pierce and Peaslee telephone building in Gilboa.

Also at the same time and place the Corporation Counsel of the City of New York will make application to the Supreme Court to approve the substitution for all rights of way and highways existing within the lines of the maps filed in the County Clerk's Office at Schoharie, on the 31st day of January, 1917, the 19th day of March, 1917, the 29th day of May, 1917, and the 30th day of July, 1917, in the County Clerk's Office, County of Greene, on the 26th day of January, 1917, the 26th day of May, 1917, in the County Clerk's Office of Delaware, the 31st day of January, 1917, and the 28th day of May, 1917, and the County Clerk's Office in the County of Ulster on the 26th day of January, 1917, of the highways as prepared and laid down on the map prepared by the Board of Water Supply of the City of New York pursuant to chapter 724 of the Laws of 1905 as amended. All of which substituted highways are on real estate embraced in the above recited maps. For said substituted highways no real estate is required in addition to the use of certain real estate laid down on said aforesaid maps for highway purposes.

And for such other and further relief as may be just and proper.

The real estate laid down on said maps is situated in the Towns of Gilboa & Conesville, County of Schoharie, Roxbury, County of Delaware, and Prattsville, County of Greene, State of New York.

The following is a description of the real estate proposed to be taken or affected for the purpose indicated in chapter 724 of the Laws of 1905, as amended, as laid down on said maps, filed at Schoharie on the 29th day of May and 30th day of July, 1917, at Delhi on the 28th day of May, 1917, and at Catskill on the 26th day of May, 1917.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of the City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale.

The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatever nature, their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days

from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam braced and shored up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be re-located or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be re-located or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS ON WORK TO BE DONE FOR, OR SUPPLIES TO BE FURNISHED TO THE CITY OF NEW YORK.

The person or persons making a bid for any service, work, materials or supplies for The City of New York, or for any of its departments, bureaus or officers, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the bids will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid shall contain the name and place of residence of the person making the same, and the names of all persons interested with him therein, and, if no other person be interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making a bid for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer or employee of The City of New York is, shall be, or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid must be verified by the oath, in writing, of the party or parties making the bid that the several matters stated therein are in all respects true.

No bid will be considered unless as a condition precedent to the reception or consideration of such bid, it be accompanied by a certified check upon one of the State or National banks or trust companies of The City of New York, or a duly authorized officer thereof, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

All bids for supplies must be submitted in duplicate.

The certified check or money should not be inclosed in the envelope containing the bid, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid.

For particulars as to the quantity or quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation of the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids, in addition to inserting the same in figures. Bidders are requested to make their bids upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, can be obtained upon application therefor at the office of the Department for which the work is to be done or the supplies are to be furnished. Plans and drawings of construction work may be seen there.
