HOUSING PRESERVATION AND DEVELOPMENT

■ PUBLIC HEARINGS

PLEASE TAKE NOTICE that a public hearing will be held on June 9, 2021, at 10:00 A.M. The Public Hearing will be held via Conference Call. Call-in #: 1-646-992-2010, Access Code 717-876-299.

Pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter, the Department of Housing Preservation and Development ("HPD") of the City of New York ("City") has proposed an amendment to the terms of sale of the following City-Owned property (collectively, "Disposition Land") in the Borough of Brooklyn:

| Blocks | Lots |
|--------|--|
| 2472 | 3 and p/o Lot 21 (f/k/a old Lot 21, and f/k/a as p/o old Lot 32) |
| 2494 | 6 |

on the Tax Map of the City ("Disposition Land"), and certain development rights owned by the City associated with Block 2472, Lots 3, 20, p/o 21, 25, 35, and p/o 75 (f/k/a Lot 32) located in the Borough of Brooklyn ("Development Rights") (the Disposition Land and Development Rights are known collectively as the "Disposition Area"), and also known as Greenpoint Landing, to Greenpoint Landing Associates, LLC ("Sponsor").

This submission is a proposed amendment ("Amended Project") to a project previously approved by the Council on December 10, 2013 (Resolution No. 2068), and by the Mayor on June 11, 2014 (Cal. No. 7) ("Original Project").

Under the Original Project, the City anticipated conveying and selling the Disposition Land and conveying and transferring the Development Rights to Greenpoint Landing Associates, LLC ("Sponsor") in three separate phases. Simultaneous with the conveyances, an affiliate of the Sponsor was anticipated to close on financing of affordable housing projects with loans from private institutional lenders and from public sources including HPD, the New York City Housing Development Corporation, the State of New York, the federal government, and from the syndication of low-income housing tax credits.

The City conveyed a portion of the Disposition Land comprised of what is now known as Block 2472, Lots 3 and p/o 21 (formerly known as Lot 21) and transferred a portion of the Development Rights in December 2014 ("Phase 1"). Simultaneous with the Phase 1 transactions, an affiliate of Sponsor closed on financing for an affordable housing project located on Block 2494, Lot 1 containing approximately 98 affordable rental units ("Phase 1 Affordable Housing Project"). The disposition price for Phase 1 was \$1.00. In addition, Sponsor delivered an enforcement note and mortgage to the City ("Phase 1 Land Debt") in an amount equal to the appraised value of the Disposition Area associated with Phase 1, less \$1.00, and secured by the Phase 1 Affordable Housing Project. For a period of thirty (30) years following completion of the Phase 1 Affordable Housing Project, the Phase 1 Land Debt will be repayable out of resale or refinancing profits. The remaining balance, if any, may be forgiven in the 30th year. The Amended Project does not change any of the terms or documents associated with Phase 1.

Under the Original Project, the second phase was anticipated to consist of the transfer of a portion of the remaining Development Rights. The third phase was anticipated to consist of the conveyance of the balance of the Disposition Land, Block 2494, Lot 6, together with a transfer of the balance of the Development Rights. The disposition prices for the second and third phases were to be calculated as the greater of (i) the appraised value of the Disposition Area associated with each phase, collectively not less than \$30,308,000 (assuming approximately 224,500 square feet of Development Rights to be acquired across the two phases for a minimum of \$135 per square foot) less a credit for certain infrastructure and other necessary work in the vicinity of the Disposition Area, and (ii) the cost of completing such work not yet incurred by Sponsor. Sponsor would pay the disposition prices by delivering purchase money notes and mortgages for each phase in the amount of work costs not yet incurred, and pay cash for the difference, if any, between the disposition price and such future work costs.

Simultaneous with the second and third phase transactions, affiliates of Sponsor were anticipated to close on financing for two affordable housing projects to be located on portions of what is now known as Block 2472, Lot 70 (formerly known as portions of Lot 100) containing approximately 167 and 167 rental units, respectively, for a total of approximately 334 affordable housing units including one superintendent's unit.

Under the Amended Project, the City will convey the remaining portion of the Disposition Land (Block 2494, Lot 6) and transfer the remaining Development Rights in one, consolidated phase ("Amended Phase 2") instead of in two, separate phases. In addition, simultaneous with the Amended Phase 2 transactions, an affiliate of Sponsor will close on financing for an affordable housing project to be located on Block 2472, Lot 70 that will contain approximately 334 rental dwelling units to be rented to households earning from approximately 30% to 110% of the area median income (AMI) and affordable to households earning from approximately 30% to 90% of AMI, in addition to approximately 40 affordable housing units required under the Inclusionary Housing Program ("Amended Phase 2 Affordable Housing Project").

Under the Amended Project, the following definitions shall apply:

"Incurred Supplemental Work Costs" shall mean the cost of Supplemental Work in connection with Amended Phase 2 that has been completed by Sponsor at the time of Amended Phase 2.

"Future Supplemental Work" shall mean the Supplemental Work associated with Amended Phase 2 to the extent not completed prior to the closing of Amended Phase 2.

"Future Supplemental Work Costs" shall mean the cost for Future Supplemental Work in connection with Amended Phase 2.

"Appraised Value" shall mean approximately \$28,634,715 (assuming approximately 212,109 square feet of Development Rights to be acquired for a minimum of \$135 per square foot).

"Credits" shall mean the Incurred Supplemental Work Costs, if any.

"Supplemental Work" shall mean certain infrastructure and other necessary work in the vicinity of the Disposition Area.

The disposition price for Amended Phase 2 shall be the greater of (i) the Appraised Value less the Credits, and (ii) the Future Supplemental Work Costs ("Amended Phase 2 Disposition Price"). Sponsor shall pay the Amended Phase 2 Disposition Price by delivering a purchase money note and mortgage in the amount of the Future Supplemental Work Costs, securing the completion of such work, and paying cash for the difference, if any, between the Amended Phase 2 Disposition Price and the Future Supplemental Work Costs. The purchase money note and mortgage will be deemed paid down as Future Supplemental Work is completed, with the balance, if any, due and payable on December 28, 2027.

The appraisal and the proposed Land Disposition Agreement and Project Summary are available for public examination by emailing Margaret Carey, at careym@hpd.nyc.gov on business days during business hours.

The hearing location is accessible to individuals using wheelchairs or other mobility devices. For further information on accessibility or to make a request for accommodation, such as sign language interpretation services, please contact the Mayor's Office of Contract Services ("MOCS") via email, at disabilityaffairs@mocs.nyc.gov, or via phone at (212) 298-0734. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed, at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children’s Services (ACS)
Department for the Aging (DFTA)
Department of Consumer Affairs (DCA)
Department of Corrections (DOC)
Department of Health and Mental Hygiene (DOHMH)
Department of Homeless Services (DHS)
Department of Probation (DOP)
Department of Small Business Services (SBS)
Department of Youth and Community Development (DYCD)
Housing and Preservation Department (HPD)
Human Resources Administration (HRA)
Office of the Criminal Justice Coordinator (CJC)

82021N0002-INSTALLATION OF SECURITY SERVER & CONSOLIDATION - Negotiated Acquisition - Other - PIN#82021N0002 - Due 5-7-21 at 2:00 P.M.

OATH has a current contract with SecureWatch24, Inc., covering all the five (5) borough office locations for the installation of security equipment, integration and centralization of independent security systems, as well as the maintenance of the entire Genetec security infrastructure. The security system is standardized on Genetec security equipment. The servers of the unified Genetec security infrastructure, at the Long Island City office location had reached their end of life and support since last January 2020. They need to be immediately replaced with two Genetec servers capable of handling the band width of the unified system. The replacement work for the two servers needs to be procured from SecureWatch24, Inc because they are the current maintenance contractor and is an authorized dealer of Genetec servers who installed the current unified security system, at OATH. Continuity of maintenance services for this critical system is essential to OATH and the City’s operations.

(a) this is a time sensitive situation where a supplier must be retained quickly; (b) there is compelling reason to retain the current maintenance contract vendor for the replacement work for the two servers. SecureWatch24, Inc is an authorized dealer of Genetec servers and installed the current unified security system. They have the source code and the exclusive right, to provide upgrades and preventive maintenance, to the existing security system, and, (c) this is more of an additional work, to the maintenance contract but which is not practical and advantageous to award by change order or modification of, to the original contract.

BWT-1553-RIK - Competitive Sealed Proposals - Other - PIN#82621P0019 - Due 5-28-21 at 2:00 A.M.

WRRF's Consolidation Feasibility Study - Rikers Island. This Request for Proposal ("RFx") is being released through PASSPort, New York City's online procurement portal. Responses to this RFx should be submitted via PASSPort. To access the solicitation, vendors should visit the PASSPort Public Portal, at <https://www1.nyc.gov/site/mocs/systems/about-go-to-passport.page> and click on the "Search Funding Opportunities in PASSPort" blue box. This will take you to the Public Portal of all procurements in the PASSPort system. To quickly locate the RFx, insert the EPIN 82621P0019 into the Keywords search field. If you need assistance submitting a response, please contact help@mocs.nyc.gov. Description: Proposed NYC legislation will turn over Rikers Island ownership to DEP, and require DEP to conduct a study to determine the feasibility of constructing a new Wastewater Resource Recovery Facility (WRRF) on Rikers Island. Due to aging infrastructure, four existing WRRFs located near Rikers Island (Wards Island, Tallman Island, Hunts Point, and Bowery Bay) will need to be updated in the next ten years, on the order of \$5 Billion. Furthermore, requirements under the CSO order in the drainage area would require additional upgrades for CSO treatment and storage on the order of \$1.5 Billion, plus additional operations and maintenance costs not yet fully realized, such as anticipated additional nitrogen removal and disinfection requirements, which would not be achievable without material footprint expansion. This study is essential to prioritizing and redefining near term projects in the associated drainage area, by assessing whether these four existing WRRFs can be replaced by a new WRRF on Rikers Island. If enacted, DEP's non-compliance in conducting this "Rikers Island Feasibility Study" will result in fines, likely equal to or greater than the study contract itself. The feasibility study will provide guidance to DEP, other NYC Agencies and various communities in NYC as to the viability of consolidating up to four WRRFs on Rikers Island over the next several decades. The project will follow a set of guiding principles to inform a decision-making framework, define and evaluate alternative scenarios, and identify considerations, recommendations and planning principles to inform future decision making and implementation. The project is envisioned as a comprehensive and detailed assessment that considers all relevant aspects needed to establish the feasibility of developing potential consolidation scenarios on Rikers Island, including technical, environmental and financial analyses.?

Statement of Basis and Purpose of Proposed Rule

Gas piping systems are required to be inspected periodically and certificates of inspection are required to be submitted to the owner and DOB in accordance with section 103-10 of Title 1 of the Rules of the City of New York.

Local Law 12 of 2021 was passed by the City Council on December 17, 2020 and became law after it was returned unsigned by the Mayor. In relevant part, this local law was deemed to have been in force and effect as of January 1, 2020. Local Law 12 extended the deadlines for inspection and correction of building gas piping systems in community districts 1, 3 and 10 in all boroughs from December 31, 2020 to June 30, 2021. Section 103-10 of DOB's rules is being amended to reflect that change.

This rule is also being amended to provide that any buildings that received a temporary, interim or final certificate of occupancy on or after the effective date of Local Law 152 of 2016 have ten years to perform the initial inspection. This language more accurately reflects the purpose of the local law.

In addition, the proposed amendment deletes language that could cause confusion regarding the timing of filing a certificate of inspection because the current language would limit inspections to being performed only between 60 and 120 days before the inspection due date.

Local Law 12 also extended to June 30, 2021 the deadline for submission of certifications of inspection for building gas piping systems in community districts 1, 3 and 10 in all boroughs that are inspected on or between September 1, 2020 and December 31, 2020. Section 103-10 of DOB's rules is being amended to reflect that change.

The Department of Buildings' authority for these rules is found in sections 643 and 1043 of the New York City Charter, Article 318 of Chapter 3 of Title 28 of the New York City Administrative Code, and Local Law 12 of 2021.

[Deleted material is in brackets.]

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. Subparagraph (i) of paragraph (2) of subdivision (a) of section 103-10 of Subchapter C of Chapter 100 of Title 1 of the Rules of the City of New York is amended to read as follows:

- (i) [December 31, 2020, and] June 30, 2021, as extended by local law 12 for the year 2021, no later than December 31 [within] in calendar year 2024, and every fourth calendar year thereafter, for buildings in community districts 1, 3, and 10 in all boroughs.

§ 2. Subparagraphs (i), (ii), (iii) and (iv) of paragraph (3) of subdivision (a) of section 103-10 of Subchapter C of Chapter 100 of Title 1 of the Rules of the City of New York is amended to read as follows:

- (i) Between January 1, 2020 and [December 31, 2020] June 30, 2021 (inclusive), [and within] as extended by local law 12 for the year 2021, no later than December 31 in calendar year 2024, and every fourth calendar year thereafter, building gas piping systems shall be inspected in community districts 1, 3, and 10 in all boroughs.
- (ii) [Between January 1, 2021 and December 31, 2021 (inclusive)] In calendar year 2021, and within every fourth calendar year thereafter, building gas piping systems shall be inspected in community districts 2, 5, 7, 13, and 18 in all boroughs.

- (iii) [Between January 1, 2022 and December 31, 2022 (inclusive)] In calendar year 2022, and within every fourth calendar year thereafter, building gas piping systems shall be inspected in community districts 4, 6, 8, 9, and 16 in all boroughs.
- (iv) [Between January 1, 2023 and December 31, 2023 (inclusive)] In calendar year 2023, and within every fourth calendar year thereafter, building gas piping systems shall be inspected in community districts 11, 12, 14, 15, and 17 and in any community district not specified in this paragraph (3) in all boroughs.

§ 3. Paragraph (4) of subdivision (a) of section 103-10 of Subchapter C of Chapter 100 of Title 1 of the Rules of the City of New York is amended to read as follows:

- (4) The initial inspection for a new building with a gas piping system shall be performed during the tenth year after the Department has issued a certificate of occupancy for such building. Following such initial inspection, a new building's subsequent periodic inspection must be conducted in accordance with the periodic inspection schedule set forth in paragraph (3) of this subdivision. For the purposes of this section, the term "new building" means a building, or any portion thereof, [approved] for which the Department has issued a temporary, interim or final certificate of occupancy [by the Department] on or after December [31, 2019] 6, 2016.

§ 4. Paragraphs (2), (3) and (4) of subdivision (d) of section 103-10 of Subchapter C of Chapter 100 of Title 1 of the Rules of the City of New York are amended to read as follows:

- (2) No later than sixty (60) days following a building's inspection date, [and no more than sixty (60) days prior to such building's inspection due date,] the building owner must submit to the Department, in a form and manner determined by the commissioner, a certification of inspection as described in paragraph (1) of this subdivision, along with a filing fee as specified in the rules of the Department. Such certification must indicate the date the inspection was performed and whether there are conditions requiring correction. Certifications of inspections submitted more than sixty (60) days after a building's inspection date will not satisfy the requirement of this paragraph. Failure to file a certification of inspection within sixty (60) days of the building's inspection date will require a new inspection.
- (3) No later than one hundred twenty (120) days following the building's inspection date, the building owner must submit to the Department, in a form and manner determined by the commissioner, along with a filing fee as specified in the rules of the Department, a certification from a licensed master plumber stating that all conditions identified in the inspection report described in paragraph (1) of this subdivision have been corrected. Such certification may indicate that correction of one (1) or more conditions will take additional time. If such certification of inspection pursuant to paragraph (2) of this subdivision indicates that no conditions requiring correction were identified in the inspection report, then no certification pursuant to this paragraph shall be required. Notwithstanding the foregoing provisions of this paragraph, for building gas piping systems in community districts 1, 3 and 10 in each borough that are inspected between September 1, 2020 and December 31, 2020 (inclusive), such building owners may submit such certification and fee to the department on or before June 30, 2021.
- (4) If additional time to correct the condition(s) was indicated in the certification submitted pursuant to paragraph (3) of this subdivision, the building owner must submit to the Department, no later than one hundred eighty (180) days following the building's inspection date, in a form and manner determined by the commissioner, a certification from a licensed master plumber that all conditions identified in the building's inspection report have been corrected, along with a filing fee as specified in the rules of the Department. Notwithstanding the foregoing provisions of this paragraph, for building gas piping systems in community districts 1, 3 and 10 in each borough that are inspected between September 1, 2020 and December 31, 2020 (inclusive), such building owners may submit such certification and fee to the department on or before June 30, 2021.

LATE NOTICE

HOUSING PRESERVATION AND DEVELOPMENT

■ PUBLIC HEARINGS

Corrected Notice

PLEASE TAKE NOTICE that a public hearing will be held on June 9, 2021, at 10:00 A.M. The Public Hearing will be held via Conference Call. Call-in #: 1-646-992-2010, Access Code 717-876-299.

Pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter, the Department of Housing Preservation and Development ("HPD") of the City of New York ("City") has proposed the sale of the following City-owned property (collectively, "Disposition Area") in the Borough of Queens:

| Address | Block/Lots |
|------------------------|--------------|
| 1-99 Beach 41st Street | 15874/p/o 8 |
| 1-59 Beach 41st Street | 15874/p/o 41 |
| 175 Beach 42nd Street | 15875/p/o 1 |
| 181 Beach 43rd Street | 15876/p/o 1 |

Part of demapped Beach 42nd Street
Part of demapped Beach 43rd Street
(Tentative Block 15876, Lots 1 and 2)

Under the proposed project, the City will sell the Disposition Area to Arverne East – MPB Owner LLC ("Sponsor") for the negotiated price of one dollar per tax lot. The Sponsor will also deliver an enforcement note and mortgage for the remainder of the appraised value ("Land Debt"). The Sponsor will then construct a community facility building on the Disposition Area that will be associated with a nature preserve that the Sponsor will simultaneously construct on adjacent City-owned property. The community facility building will contain approximately 2,400 square feet of community facility space and accessory parking. The Sponsor will also develop approximately 2 acres of the Disposition Area as open space, for uses such as an urban farm.

The Land Debt will be repayable out of resale or refinancing profits for a period of at least thirty (30) years following completion of construction. The remaining balance, if any, may be forgiven at the end of the term.

The appraisal and the proposed Land Disposition Agreement and Project Summary are available for public examination by emailing Margaret Carey, at careym@hpd.nyc.gov on business days during business hours.

The hearing location is accessible to individuals using wheelchairs or other mobility devices. For further information on accessibility or to make a request for accommodation, such as sign language interpretation services, please contact the Mayor's Office of Contract Services ("MOCS") via email, at disabilityaffairs@mocs.nyc.gov or via phone at (212) 298-0734. TDD users should call Verizon relay services. Any person requiring reasonable accommodation for the public hearing should contact MOCS at least three (3) business days in advance of the hearing to ensure availability.
