BOROUGH PRESIDENT - BROOKLYN

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN that, pursuant to Section 201 of the New York City Charter, the Brooklyn borough president will hold a public hearing on the following matters, in the Courtroom of Brooklyn Borough Hall, 209 Joralemon Street, Brooklyn, NY 11201, commencing at 6:00 P.M., on February 20, 2018.

Calendar Item 1 — 142-150 South Portland Avenue Rezoning (180096 ZMK, 180097 ZRK)

Applications submitted by South Portland LLC and Randolph Haig Day Care Center, Inc., pursuant to Section 197-c of the New York City Charter, seeking zoning map and text amendments to change the northern portion of a block on Hanson Place, between South Portland Avenue and South Elliott Place, from an R7A to an R8A zoning district; establish a C2-4 commercial overlay to a depth of 100 feet along Hanson Place; extend the current Special Downtown Brooklyn District (SDBD) coterminous with the area proposed for the R8A zoning district; amend the SDBD regulations to impose a 95-foot height limitation within 25 feet of an R7A district for developments fronting South Portland Avenue within an R8A district, and establish a Mandatory Inclusionary Housing (MIH) area, pursuant to Options 1 and 2, within the proposed R8A district.

Such actions are intended to facilitate the redevelopment of the property at 142-150 South Portland Avenue, with a mixed-use, residential, and community facility building with a height of 13 stories containing 100 dwelling units, all designated as affordable housing. According to MIH Option 1, 25 percent of the residential floor area would be affordable to households at an average 60 percent of Area Median Income (AMI), while 30 percent of the residential floor area would be affordable to households at an average of 80 percent AMI, pursuant to Option 2. The development will provide 22,000 square feet of community facility floor area, with church activities on the ground floor and medical offices in the cellar.

PROCUREMENT

"Compete To Win" More Contracts!

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and women-owned businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- Win More Contracts at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator

may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)
 Department for the Aging (DFTA)
 Department of Consumer Affairs (DCA)
 Department of Corrections (DOC)
 Department of Health and Mental Hygiene (DOHMH)
 Department of Homeless Services (DHS)
 Department of Probation (DOP)
 Department of Small Business Services (SBS)
 Department of Youth and Community Development (DYCD)
 Housing and Preservation Department (HPD)
 Human Resources Administration (HRA)
 Office of the Criminal Justice Coordinator (CJC)

To sign up for training on the new system, and for additional information about HHS Accelerator, including background materials, user guides and video tutorials, please visit www.nyc.gov/hhsaccelerator

VENDOR LIST

Construction Related Services

PREQUALIFIED VENDOR LIST: GENERAL CONSTRUCTION, NON-COMPLEX GENERAL CONSTRUCTION SITE WORK ASSOCIATED WITH NEW YORK CITY DEPARTMENT OF PARKS AND RECREATION ("DPR" AND/OR "PARKS") PARKS AND PLAYGROUNDS CONSTRUCTION AND RECONSTRUCTION PROJECTS.

DPR is seeking to evaluate and pre-qualify a list of general contractors (a "PQL") exclusively to conduct non-complex general construction site work involving the construction and reconstruction of DPR parks and playgrounds projects not exceeding \$3 million per contract ("General Construction").

By establishing contractor's qualification and experience in advance, DPR will have a pool of competent contractors from which it can draw to promptly and effectively reconstruct and construct its parks, playgrounds, beaches, gardens and green-streets. DPR will select contractors from the General Construction PQL for non-complex general construction site work of up to \$3,000,000.00 per contract, through the use of a Competitive Sealed Bid solicited from the PQL generated from this RFQ.

The vendors selected for inclusion in the General Construction PQL will be invited to participate in the NYC Construction Mentorship. NYC Construction Mentorship focuses on increasing the use of small NYC contracts, and winning larger contracts with larger values. Firms participating in NYC Construction Mentorship will have the opportunity to take management classes and receive on-the-job training provided by a construction management firm.

DPR will only consider applications for this General Construction PQL from contractors who meet any one of the following criteria:

- 1) The submitting entity must be a Certified Minority/Woman Business enterprise (M/WBE)*;
- 2) The submitting entity must be a registered joint venture or have a valid legal agreement as a joint venture, with at least one of the entities in the joint venture being a certified M/WBE*;
- 3) The submitting entity must indicate a commitment to sub-contract no less than 50 percent of any awarded job to a certified M/WBE for every work order awarded.

* Firms that are in the process of becoming a New York City-Certified M/WBE, may submit a PQL application and submit a M/WBE Acknowledgement Letter, which states the Department of Small Business Services has begun the Certification process.

Application documents may also be obtained online at: <http://a856-internet.nyc.gov/nycvendonline/home.asap>; or <http://www.nycgovparks.org/opportunities/business>.

AGENCY RULES

SANITATION

■ NOTICE

NOTICE OF ADOPTION OF FINAL RULE RELATING TO THE EXPANSION OF ORGANIC WASTE SOURCE SEPARATION REQUIREMENTS FOR VARIOUS COMMERCIAL ENTITIES

NOTICE IS HEREBY GIVEN in accordance with the requirements of Sections 1043 of the New York City Charter and pursuant to the authority vested in the Commissioner of the Department of Sanitation by Sections 753 and 1043(a) of the New York City Charter and Section 16-306.1 of the New York City Administrative Code that the Department adopts the following rule that would expand organic waste source separation requirements for large commercial food retailers and food service establishments. This rule was not included in DSNY's regulatory agenda for this Fiscal Year because it was not contemplated when DSNY published the agenda. The Department published a Notice of Opportunity to Comment on the proposed rule in the *City Record* on September 29, 2017. On October 31, 2017, the Department held a public hearing on the proposed rule.

Statement of Basis and Purpose

Food scraps and other organic waste make up more than one-third of all commercial waste in New York City. Diverting this material from landfills to use for soil-enhancing compost, or as an energy source in aerobic and anaerobic digesters, is a key component of the City's goal of sending zero waste to landfills by the year 2030.

Under Local Law 146 of 2013, codified in §16-306.1 of the New York City Administrative Code, the Sanitation Commissioner must evaluate, at least annually, whether there exists sufficient regional organics waste processing capacity to require that certain food-generating businesses in the City, or a subset of them, must engage in alternative methods for handling organic waste separated by the businesses.

DSNY determined that there is currently sufficient organics processing capacity available to allow for an increase in food waste diversion, and will expand the existing requirement to additional large food-generating businesses in the City. These businesses will be required to separate their organic waste for collection and handling by their private carters, transport organic waste themselves, or manage it on-site using in-vessel composting or aerobic or anaerobic digestion systems (subject to compliance with the City's sewer discharge regulations). A designated covered establishment may also donate food that would otherwise be thrown away to a third party, such as a charity, sell or donate the food to a farmer for feedstock, or sell or donate meat by-products to a rendering company, which converts animal fats into lard. Food disposed of through such donations or sales is not within the meaning of "organic waste" under this rule.

DSNY carefully considered all comments received. As a result, this rule provides that the following types of establishments will be "designated covered establishments" and must comply with the source separation, storage, labelling and set out requirements for organic waste set forth under Section 1-11 of Title 16 of the Rules of the City of New York:

- 1) a food service establishment that has a floor area space of at least fifteen thousand square feet;
- 2) a food service establishment that is part of a chain of one hundred or more locations in the City of New York and that (i) operate under common ownership or control; (ii) are individually franchised outlets of a parent business; or (iii) do business under the same corporate name; and
- 3) a retail food store that has a floor area space of at least twenty-five thousand square feet.

The rule allows for waivers from the requirements under certain circumstances.

The rule also clarifies the term "floor area" of an establishment to have the same meaning as defined by the New York City Department of City Planning under Section 12-10 of Chapter 2 of Article 1 of the Zoning Resolution, which is the sum of the gross areas of the several floors of a building or buildings, measured from the exterior faces of exterior walls or from the center lines of walls separating two buildings.

The rule also amends the registration requirements for designated covered establishments that provide for a beneficial organic waste use on-site at their premises for some or all of the organic waste they generate. Such designated covered establishments would now have to renew annually their registration of any on-site organic waste processing equipment.

Additionally, the term "sign", as used in the rule, is clarified to include a decal provided to a designated covered establishment by the private carter that collects organic waste from such covered establishment, or a decal issued by the Department of Sanitation when the designated covered establishment manages organic waste on site at its premises. The area where employees undertake food preparation is also amended to read "employee work area", but this area does not include break rooms or other areas where employees do not prepare food to be offered for sale by the establishment.

DSNY's authority for this rule is found in Sections 753 and 1043 of the New York City Charter, and Sections 16-306.1 of the New York City Administrative Code.

New material is underlined.

[Deleted material is in brackets.]

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. Section 1-11 of Chapter 1 of Title 16 of the Rules of the City of New York is amended relating to the handling of organic waste generated by certain commercial establishments, to read as follows:

§1-11 Organic Waste Generated by Commercial Establishments.

(a) **Designated covered establishments.** Pursuant to §16-306.1(b) of the New York City Administrative Code, the following commercial establishments are "designated covered establishments" for purposes of this section and shall comply with the requirements set forth in this section:

(1) an arena or stadium having a seating capacity of at least fifteen thousand persons;

(2) a food service establishment that (i) is located within a hotel having at least one hundred fifty sleeping rooms (ii) operates under common ownership or control of such hotel, and (iii) receives waste collection from the same private carter as such hotel;

(3) a food manufacturer that has a floor area of at least twenty-five thousand square feet; [and]

(4) a food wholesaler that has a floor area of at least twenty thousand square feet[.];

(5) a food service establishment that has a floor area of at least fifteen thousand square feet;

(6) (i) a food service establishment that is part of a chain of one hundred or more locations in the City of New York and that (i) operate under common ownership or control; (ii) are individually franchised outlets of a parent business; or (iii) do business under the same corporate name.

(ii) Any person who owns or operates two or fewer food service establishments may request a waiver from the sanitation commissioner of the requirements of this section if no single food service establishment has a floor area of at least seven thousand square feet, the food service establishment or establishments are individually franchised outlets of a parent business covered by this subparagraph, and the owner or operator establishes that the food service establishment or establishments do not receive private carting services through a general carting agreement between a parent business and private carter; and

(7) a retail food store that has a floor area of at least twenty-five thousand square feet.

For purposes of this section, the "floor area" of an establishment has the same meaning as defined under Section 12-10 of Chapter 2 of Article 1 of the Zoning Resolution.

(b) Source separation requirements for designated covered establishments.

(1) A designated covered establishment shall source separate organic waste generated at its premises and either:

(i) arrange with a private carter for the separate collection of such organic waste directly from its premises for the purpose of a beneficial organic waste use;

(ii) transport its own organic waste directly to:

A) an organic waste processing facility; or

B) to a transfer station authorized by the New York state department of environmental conservation to receive source separated organic waste that will be removed to another location for beneficial organic waste use, provided that the designated covered establishment first registers with the business integrity commission pursuant to Subdivision b of Section 16-505 of the administrative code of the City of New York; or

(iii) provide for a beneficial organic waste use on-site at its premises, provided that any on-site composting must be in-vessel, and that it arranges for the collection or transport of the remainder of

such organic waste, if any, in accordance with clause (i) or (ii) of this subparagraph.

(2) A designated covered establishment that registers with the business integrity commission pursuant to Subdivision b of Section 16-505 of the administrative code of the City of New York and transports its own organic waste shall enter into a written agreement with an organic waste processing facility that provides for a beneficial organic waste use. A copy of such written agreement shall be submitted by the covered establishment to the Department upon request within five business days of such request either by postal mail or electronic mail to the Department.

(3) A designated covered establishment that provides for a beneficial organic waste use on-site at its premises for some or all of the organic waste it generates shall:

(i) to the extent practicable, weigh and measure by volume the amount of organic waste disposed of by any such method on-site. A designated covered establishment shall maintain records of such weights and measurements for a period of three years, and the records shall be submitted by the covered establishment to the Department upon request within five business days of such request either by postal mail or electronic mail to the Department;

(ii) provide equipment on site that is properly sized to handle and process organic waste generated at the premises in a safe and sanitary manner, together with a contingency plan for handling the organic waste in the event such system becomes inoperable. The designated covered establishment shall ensure that no organic waste or other solid waste storage problem or public nuisance or condition hazardous to public health or safety is created during scheduled or unscheduled equipment maintenance, or equipment breakdown;

(iii) ensure that any such organic waste processing system is installed in accordance with the health code, including but not limited to the provisions of Article 143, the New York City building code, including but not limited to Subchapters twelve and thirteen of Chapter one of Title twenty-seven of the Administrative Code, if applicable, and all applicable laws and rules governing the discharge of waste and waste water, including Section 19-11 of Title 15 of the rules of the City of New York governing the discharge of grease into the City sewer system, and any other applicable regulations enforced by the department of environmental protection or the New York State department of environmental conservation. In accordance with Section 413.1 of the New York city plumbing code, a commercial food waste grinder unit cannot be used as an organic waste processing system for purposes of this paragraph; and

(iv) within thirty days of the installation of any on-site organic waste processing equipment, report to the Department the manufacturer, model number, size and the minimum and maximum processing capacity of the equipment and the date of installation of such equipment on a registration form [to be] prescribed by the Department, which shall be renewed annually.

(c) Storage and set-out requirements for containers.

(1) A designated covered establishment shall provide separate containers for the disposal of organic waste in any employee work area where such organic waste is generated by employees during the preparation of food. Containers for the disposal of organic waste to be used by employees shall be labeled to indicate only organic waste may be properly placed therein. For purposes of this paragraph, "label" means a display of words, which may also include graphics, that is affixed to or placed upon a container.

(2) A designated covered establishment that arranges for the collection of organic waste by a private carter shall ensure that it properly stores and maintains its source separated organic waste separately from all other materials generated at the premises, and shall not allow organic waste that is stored and maintained to be commingled with designated or nondesignated recyclable material or solid waste. All such organic waste shall be stored in a manner that does not create a public nuisance.

(3) A designated covered establishment that arranges for the collection of organic waste by a private carter shall separately set out such organic waste in one or more containers that:

(i) have a lid and a latch, lock, or other fastening or sealing mechanism or cord that keeps the lid closed and is resistant to tampering by rodents or other wildlife;

(ii) have the capacity that meets the disposal needs of the designated covered establishment and its private carter;

(iii) are compatible with the private carters hauling collection practices; and

(iv) are closed and latched at the time any such containers are placed out for collection by the carter and are labeled to indicate organic waste is placed inside.

(d) [Sign] Decal and [notice] instruction requirements.

(1) (i) A designated covered establishment shall post a [sign] decal that states clearly and legibly either:

(A) the trade or business name, address, telephone number of, and the day and time of pickup by the private carter that collects the designated covered establishment's organic waste;

(B) the designated covered establishment transports its organic waste to an entity that provides for beneficial organic waste reuse; or

(C) the designated covered establishment provides for on-site

processing of organic waste generated at its premises.

(ii) A designated covered establishment shall prominently display such [sign] decal by affixing it to a window near the principal entrance to the designated covered establishment so as to be easily visible from outside the building or, if this is not possible, shall prominently display such [sign] decal inside the designated covered establishment near the principal entrance. If posting a [sign] decal near the designated covered establishment's entrance is not practicable, the owner of such designated covered establishment shall retain a copy of such [sign] decal on its premises and shall furnish a copy to the Department upon request.

(2) A designated covered establishment shall post instructions on the separation requirements for organic waste in an area where such instructions will be visible to employees who are disposing of organic waste. Such instructions shall state that organic waste is required to be source separated and shall explain how to source separate such material.

(e) Enforcement and compliance.

(1) The commissioner, together with the commissioner of the department of mental health and hygiene, and the commissioner of the department of consumer affairs, reserves the right to conduct lawful inspections during business hours to ensure compliance with this section. Such inspections may include, but need not be limited to:

(i) inspections of organic waste set out by a designated covered establishment for collection by his or her private carter to determine whether such material has been set out in accordance with Paragraph 2 of Subdivision c of this section; and

(ii) inspections of putrescible solid waste transfer stations that are authorized to accept source separated organics by the New York state department of environmental conservation.

(2) Any person that violates any provision of this section shall be liable for civil penalties as provided for under Paragraphs one, two and three of Subdivision e of Section 16-324 of the New York City Administrative Code.

§2. This rule shall take effect six months after it is published in the City Record.

Authority: SRO, Administrative Code §27-2093

Before the Department of Buildings can issue a permit for the alteration or demolition of a single room occupancy multiple dwelling, the owner must obtain a "Certification of No Harassment" from the Department of Housing Preservation and Development ("HPD") stating that there has not been harassment of the building's lawful occupants during a specified time period. Harassment is conduct by an owner that is intended to cause, or does cause, residents to leave or otherwise surrender any of their legal occupancy rights. It can include, but is not limited to, failure to provide essential services (such as heat, water, gas, or electricity), illegally locking out building residents, starting frivolous lawsuits, and using threats or physical force.

The owner of the building identified above has applied for a Certification of No Harassment. If you have any comments or evidence of harassment at this building, please notify HPD at CONH Unit, 100 Gold Street, 6th Floor, New York, NY 10038, by letter postmarked not later than 30 days from the date of this notice or by an in-person statement made within the same period. To schedule an appointment for an in-person statement, please call (212) 863-5277 or (212) 863-8211.
