- An amendment of the Zoning Map changing from an M3-1 District to a C6-2 District property bounded by North Third Street, River Street, North First Street, a line 200 feet northwesterly of River Street, a northeasterly boundary line of Grand Ferry Park, and the USPL, and changing from an M3-1 District to an M1-4 District property bounded by North Third Street, Kent Avenue, North First Street, and River Street, and subject to the conditions of CEQR Declaration E-636.  - ZR Section 74-743(a)(2):
 - To modify the height and setback, floor area distribution, maximum residential tower size, and maximum width of building walls facing a shoreline per requirements of ZR Section 62-341 (Developments on land and platforms)
 - Section 74-743(a)(13):
 - To allow existing land projecting seaward of the bulkhead line to be replaced or reconstructed with new platforms and such platform be included as part of the upland lot

- An application for the grant of a special permit pursuant to Section 74-533 of the ZR to reduce the number of required accessory off-street parking spaces from 40 percent to 20 percent, for dwelling units in a development within a Transit Zone, which includes at least 20 percent of all dwelling units as income-restricted housing units, in connection with a proposed mixed-use development, within a LSGD, on property generally bounded by

North Third Street, River Street, North First Street, a line 200 feet northwesterly of River Street, Grand Ferry Park, and the USPL (Block 2355, Lots 1 and 20; Block 2361, Lots 1, 20 and 21; Block 2376, Lot 50, and the intended to be demapped portions of Metropolitan Avenue and North First Street), in a C6-2 District

In total the proposed development is intended to be approximately 1,158,800 sq. ft. (6.17 FAR), with approximately 1,050 dwelling units, a 30,000 sq. ft. community center, 79,000 sq. ft. of commercial space, including office space and local retail, approximately 250 accessory attended parking spaces for at least 20 percent of market-rate dwelling units, 538 required bicycle parking spaces, and approximately 2.9 acres of new public open space comprised of approximately 2.32 acres of accessible in-river space and 0.86 acres of intertidal area. Approximately 263 units (25 percent of residential floor area) would be affordable to households earning an average 60 percent of AMI. Local retail uses on the ground floor of both buildings would activate street frontages along North First and Third streets, and River Street, as well as along the adjacent publicly-accessible open space. No loading docks are required, and none will be provided. A landfill action would add approximately 6,319 sq. ft. of landfill as part of the waterfront public open space plan.

Chapter 12: Rules for the Processing of Applications for FRESH Certifications, pursuant to Section 63-30 of the Zoning Resolution of the City of New York

§ 12-01 Scope

This chapter governs the queuing of applications for the Food Retail Expansion to Support Health Program ("FRESH"), pursuant to section 63-00 et seq. of the Zoning Resolution as well as the effect such queuing has on closed projects, terminated applications, and lapsed certifications related to such program.

§ 12-02 Definitions

For the purposes of this chapter:

Application. The term "Application" means materials filed with the Department, pursuant to section 10-09 of these rules to obtain a Certification in connection with a project.

Certification. The term "Certification" means a Certification by the Chair of the Commission, pursuant to section 63-30 of the Zoning Resolution for a FRESH food store.

Commission. The term "Commission" means the City Planning Commission.

Department. The term "Department" means the Department of City Planning.

FRESH. The term "FRESH" means the Food Retail Expansion to Support Health Program, pursuant to section 63-00 et seq. of the Zoning Resolution.

FRESH Application Statement ("FAS"). The term "FRESH Application Statement" or "FAS" means a PAS in accordance with section 10-04 of this title or, if the Department determines that such statement is not necessary, a draft land use application in accordance with section 10-07 of this title, both of which are submitted in connection with a prospective Application.

FRESH Food Store. The term "Fresh Food Store" shall have the same meaning as that term is defined in section 63-01 of the Zoning Resolution.

FRESH Residential Floor Area. The term "FRESH Residential Floor Area" means the additional residential floor area permitted in accordance with this chapter and section 63-21 of the Zoning Resolution as a result of the provision of "FRESH Food Store Floor Area," as that term is defined in section 63-01 of the Zoning Resolution.

Pre-Application Statement ("PAS"). The term "Pre-Application Statement" or "PAS" means the Pre-Application Statement described in section 10-04 of this title.

Queue. The term "Queue" means a list of projects ranked relative to each other in the order in which the Department received the FAS for each such project, subject, to the provisions of this chapter.

Radius. The term "Radius" means a half-mile radius measured from zoning lots of the proposed FRESH Food Store where the total FRESH Residential Floor Area for all FRESH Food Stores within such radius may not exceed more than 40,000 sq ft. A FRESH Food Store with FRESH Residential Floor Area will be deemed to be included in such radius if any portion of such store's zoning lot is located within such radius.

§ 12-03 Review and Queuing of Applications

(a) The Department shall queue all projects in the order that their respective FAS was received by the Department, provided that, with respect to an FAS that is a PAS, such PAS has been determined by the Department to be complete in accordance with section 10-04(b) of this title.

(b) When two or more projects, including the proposed project, are located within a Radius and the total of FRESH Residential Floor Area among them exceeds 40,000 sq ft, the project for which an FAS was first received and is deemed in compliance with this title shall have priority to obtain all of its requested FRESH Residential Floor Area. The project that is next in the Queue shall then have priority to obtain all the remaining FRESH Residential Floor Area within such Radius which has not been claimed by a project earlier in the Queue. The use of remaining FRESH Residential Floor Area unclaimed by projects earlier in the Queue shall continue in this manner for subsequent projects until there is no additional unclaimed FRESH Residential Floor Area within the Radius.

(c) After a project has been added, to the Queue, if there is no response from the project sponsor within two (2) months after the interdivisional meeting, held in accordance with section 10-05 of this title, or the last communication of instructions from the Department, whichever is later, the Department will notify the project sponsor that its project will be placed on hold if it does not respond within a specified period of time from such notice. If the project sponsor responds within the specified timeframe but does not provide the requested materials, if any, within thirty (30) days of such response, the project will be placed on hold. If a project is on hold for twelve (12) months, the project record will be closed or the corresponding Application terminated, whichever is applicable, and the project will be removed from the Queue. The previously claimed FRESH Residential Floor Area corresponding, to the removed project will now be available to projects remaining in the Queue. For terminated Applications, if the Department permits the applicant to proceed directly to filing a new Application, the Department shall place such Application in the Queue in accordance with subdivision (a) of this section as if such Application were a new FAS.

§ 12-04 Effect of Lapse of Certification

If a Certification lapses, pursuant to section 63-30 of the Zoning Resolution, the amount of FRESH Residential Floor Area permitted by such Certification shall become available for other projects within the same Radius as the project with the lapsed building permit. The project sponsor may reapply for FRESH Residential Floor Area but must submit a new FAS Queued in accordance with section 12-03 of this chapter.

NOTICE

On September 22, 2021 a remote public hearing is being held by the City Planning Commission (CPC), in conjunction with the above ULURP hearing to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning an application by RXR SL Owner LLC and Terminal Fee Owner LP (the Applicants). The Applicants are seeking a zoning map amendment and zoning text amendment (the Proposed Actions) affecting the two blocks bounded by West 28th Street to the north, Eleventh Avenue to the east, West 26th Street to the south, and Twelfth Avenue/Route 9A to the west (Block 672, Lot 1 and Block 673, Lot 1); these blocks contain the Starrett-Lehigh Building and the Terminal Warehouse (the project area), located in the West Chelsea neighborhood of Manhattan, Community District 4. The zoning map amendment would extend the Special West Chelsea District (WCh) over the project area and change the underlying zoning district from M2-3 to M2-4. The proposed zoning text amendments would create new subarea (Subarea K) in WCh and, within such subarea, modify certain use, signage, sidewalk café, and loading requirements. The Proposed Actions would allow the Applicants to lease space in the Starrett-Lehigh Building and Terminal Warehouse to a more diverse range of tenant types, allowing for flexibility needed to respond to changes in the economy over the long term.

Written comments on the DEIS are requested and will be received and considered by the Lead Agency through Monday, October 4, 2021.

For instructions on how to submit comments and participate remotely, please refer, to the instructions, at the beginning of this agenda.

This hearing is being held, pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 21DCP103M.

CONFERENCING SERVICES - Negotiated Acquisition - Other - PIN# 82021N0001 - Due 10-6-21 at 2:00 P.M.

The Office of Administrative Trials and Hearings (OATH), is the City's central, independent administrative law court. Hearings are conducted on summonses that are issued by twenty-five (25) different enforcement agencies for alleged violations of law or City rules.

OATH conducts approximately 300,000 fair and impartial hearings each year. Respondents, their attorneys, the petitioning agencies and inspectors attend the hearings. As a result of the COVID-19 pandemic, OATH's offices have been closed to in-person hearings, and OATH has contracted CourtCall, LLC, to provide emergency remote appearance platform for hearings by telephone conferencing for the notices of violations and summonses received by respondents. CourtCall, LLC's remote court appearance emergency contract will end on December 31, 2021.

The remote court platform is a unique technology which allows hearing officers to operate and maintain control of the teleconferencing hearings. The system records the proceedings which the administrative courts can download and save. It includes a robust set of tools and web conferencing features, high system reliability and technical redundancy to ensure uninterrupted service at reasonable cost. The remote court appearance platform will remain a long term part of the City's administrative law court. Responses to this RfX should be submitted via PASSPort and are due on 9/30/21. Statement of Basis and Purpose of Proposed Rule

The Office of Citywide Events Coordination and Management (OCECM), Street Activity Permit Office (SAPO) administers New York City’s permit system for street activities, block parties and fairs.

Each year prior to 2020, the first year of the COVID emergency, SAPO has issued permits to over 200 street fairs and over 5,000 other events, most of which include the use of multiple blocks over several days, the erection of structures, the vending of food, apparel and other goods and the use of amplified sound and the performance of music. Events like these require additional police officers which increases overtime costs to the City. These events also divert police officers from core crime fighting, public safety and counter terrorism duties.

To more effectively deploy police resources and control overtime costs, the New York City Police Department has recommended that SAPO exercise its discretion to deny permit applications for new events in calendar year 2022. The proposed rules will authorize SAPO to deny permit applications for street fairs if the street fair was not held in the calendar year 2019. Events that received permits in calendar year 2019 will be eligible to receive permits again in calendar year 2022.

In addition, Local Law No. 8 of 2021 directed the Mayor’s Office of Citywide Events Coordination and Management (OCECM) to establish an Open Culture program, pursuant to which an eligible art and cultural institution or cultural venue may utilize an open space for an artistic or cultural event. The law mandated that the program was to remain in effect until October 31, 2021, or until such later date as the office shall determine; provided, however, that the program could not remain in effect after March 31, 2022.

This proposed rule will enable the Open Culture program to continue after October 31, 2021, until March 31, 2022, and allow the Street Activity Permit Office (SAPO) within OCECM to issue street activity permits for this program in accordance with Local Law No. 8 of 2021.

OCECM authority for these rules is found in section 1043 of the New York City Charter, Local Law 8 of 2021, and Executive Order Nos. 100 and 105 of 2007.

New material is underlined.

[Deleted material is in brackets.]

“Shall” and “must” denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

§ 1. Subdivision (i) of Section 1-03 of Chapter 1 of Title 50 of the Rules of the City of New York is amended to read as follows:

- (i) For Open Culture Events, the Director of SAPO may establish guidelines that restrict certain event elements, as well as activities that would require additional agency permits. Unless otherwise provided by law, the Open Culture program shall remain in effect until March 31, 2022, and the final application deadline for any Open Culture event shall be March 16, 2022.

§ 2. Subdivision (d) of Section 1-05 of Chapter 1 of Title 50 of the Rules of the City of New York is amended to read as follows:

- (d) For the calendar year [2021] 2022, the Director shall deny applications for street activity permits for street fairs not held in the calendar year 2019.

Notice of Adoption of Rule

Pursuant to the authority vested in the New York City Department of Small Business Services (DSBS) in accordance with Sections 1043 and 1301 of the New York City Charter, DSBS is adopting the addition of a new Chapter 17 to Title 66 of the Rules of the City of New York to implement DSBS' COVID-19 grant program.

DSBS published a proposed version of this rule in the City Record on July 30, 2021. DSBS held a public hearing for such proposed rule on September 1, 2021. DSBS received one comment concerning this rule.

Statement of Basis and Purpose

DSBS is implementing a grant program that will utilize federal funds to assist small businesses in New York City ("NYC" or "the City") that were especially hard-hit by the pandemic. The federal American Rescue Plan Act of 2021 makes funds available to state and local governments to address the continued impact of the COVID-19 pandemic.¹ The American Rescue Plan Act Interim Final Rule specifically cites tourism, travel, and hospitality as sectors that would be appropriate targets for loans and grants.² In addition, studies have demonstrated that the Leisure and Hospitality sectors were among the hardest hit sectors in NYC and experienced a dramatic drop in revenue of more than 90% at the start of the pandemic.³ According to a survey by the NYC Hospitality Alliance, 75% of foodservice businesses saw more than a 50% decline in sales in 2020 compared to 2019.⁴ Furthermore, half of the respondents saw more than a 90% decline in their average weekly sales in January 2021 compared to January 2020.⁵ Pandemic restrictions that made travel, dining out, and many forms of recreation difficult or impossible to undertake for over a year were bound to have a significant financial impact on businesses in these sectors. Therefore, there is a significant need for the City to provide direct financial assistance quickly, in the form of grants, to these businesses.

While the COVID-19 pandemic has affected businesses and entrepreneurs across the City, some segments of the economy have been disproportionately impacted – especially small businesses. Low to moderate income areas are dominated by small businesses, which are the predominant form of entrepreneurship in these communities.⁶ However, small businesses located in low to moderate income ("LMI") areas received a significantly lower proportion of the federal pandemic emergency relief funds via the Paycheck Protection Program ("PPP") than small businesses in non-LMI income areas.⁷ Only 29% of the

NYC businesses approved for PPP loans were located in LMI areas.⁸ Therefore, we have prioritized small businesses in LMI areas for this grant program, to ensure that the City's most vulnerable communities are not left out of the City's post-pandemic economic recovery.

This grant program is designed to reach businesses disproportionately affected by the COVID-19 pandemic -- namely those in the Leisure and Hospitality sectors,⁹ and those located in LMI areas. In order to reach a large number of businesses, the grants are set at \$10,000 each. The grants are available to these NYC small businesses that can also demonstrate at least a 25% decrease in revenue or gross receipts due to the pandemic. Grants will not be available to businesses that have already received a grant from the Shuttered Venues Operators Grant Program or the Restaurant Revitalization Fund. The purpose of the grant is to offset operational expenses in order to mitigate economic hardships as outlined above; examples of appropriate uses for a grant include supporting payroll and benefits costs, costs to retain employees, mortgage, rent, or utilities costs, and other operating costs.¹⁰

DSBS amended the proposed rule by making the following changes:

- (1) Section 17-03(g) and 17-04(a): removed the New York State COVID-19 Pandemic Small Business Recovery Grant from the list of grants that receipt of which make a business ineligible for this grant. The reason for this is to expand the number of businesses eligible for this grant.
- (2) Section 17-04(a): expanded the types of documents DSBS will consider when evaluating whether a business is eligible for the grant. The reason for this is to account for businesses who may be eligible for the grant but may not possess each specific document listed in this section.
- (3) Section 17-06: added a requirement that grant recipients retain documents evidencing compliance with the requirement of subdivision (i) of section 17-03 and present such documents to DSBS upon request. The reason for this additional requirement is to ensure compliance and the ability of the City to verify expenditures, if necessary.

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. Title 66 of the Rules of the City of New York is amended by adding a new chapter 17 to read as follows:

FINDING OF SUBSTANTIAL NEED FOR EARLIER IMPLEMENTATION

I hereby find and represent to the Mayor that there is a substantial need for the implementation, immediately upon its final publication in the City Record, of the New York City Department of Small Business Services (“SBS”) rule creating a grant program to assist small businesses in New York City that were especially hard-hit by the COVID-19 pandemic.

These rules will implement a grant program designed to reach businesses disproportionately affected by the COVID-19 pandemic -- namely those in the Leisure and Hospitality sectors, and those located

in low to moderate income areas. In order to reach a large number of businesses, the grants will be set at \$10,000 each. The grants will be available to these aforementioned NYC small businesses that can also demonstrate at least a 25% decrease in revenue or gross receipts due to the pandemic. The purpose of the grant is to offset operational expenses in order to mitigate economic hardships caused by the COVID-19 pandemic; examples of appropriate uses for a grant include supporting payroll and benefits costs, costs to retain employees, mortgage, rent, or utilities costs, and other operating costs. Grants will not be available to businesses that have already received a grant from the Shuttered Venues Operators Grant Program, the Restaurant Revitalization Fund, or the New York State COVID-19 Pandemic Small Business Recovery Grant Program.

There is a substantial need for the early implementation of these rules because of the dire financial situation of these businesses. The businesses eligible for this grant program have already experienced at least a 25% decline in revenue. Lack of financial assistance may result in the closure of some of these businesses. Such closures would in turn lead to layoffs and have a negative impact on the City's economy. Hence, there is a significant need for the City to provide direct financial assistance to these businesses as quickly as possible.

Therefore, I find pursuant to section 1043(f)(1)(c) of the New York City Charter that there is a substantial need for its earlier implementation.

Statement of Basis and Purpose of Proposed Rule

The Commissioner of the New York City Department of Transportation (DOT) is authorized to promulgate rule provisions regarding parking and traffic operations in the City pursuant to Section 2903(a) of the New York City Charter. The rule provisions that DOT is seeking to amend are contained within Chapter 4 and Chapter 8 of Title 34 of the Rules of the City of New York.

The proposed amendments would be as follows:

- Section 4-04(b)(1) would be amended to require operators of vehicles and operators of bicycles to stop for pedestrians in crosswalks when traffic controls are not in place or not in operation, rather than yield, in order to enhance pedestrian safety. This rule amendment would further clarify that this provision applies to vehicles and operators of bicycles in any lane of travel, and that such vehicles and bicycles must stop and remain stopped for a pedestrian in crosswalk until such pedestrian crosses a roadway.
- Section 4-08(j)(2) would be amended to include an exception to the prohibition on obstructions of a license plate to authorize the placing a receiver-transmitter on a license plate in order to conform to the New York State Vehicle and Traffic Law.
- Section 4-12(p)(7) would be added to prohibit persons, their agents or their employees from leaving any bicycle unattended, whether or not owned by such person, in any City-owned bike-rack within the jurisdiction of DOT in excess of seven consecutive days in order to keep bicycle racks available to all users. This provision would also clarify that a bicycle left unattended in any City-owned bike-rack within the jurisdiction of DOT in excess of seven consecutive days following the date on which notice of removal was affixed to such bicycle will be removed by DOT, the Police Department, or any other agency delegated by DOT. This provision would not limit the city's ability to immediately remove any bicycle or take any other agency action if the presence of the bicycle creates a dangerous condition by restricting traffic.
- This rule would repeal Chapter 8 of Title 34 of the City's rules, relating to the employee commute options program. The State rules outlining the operation of the program were repealed. Those State rules were previously codified in Part 38 of Title 17 of the New York Codes, Rules and Regulations.

New material is underlined.

[Deleted material is in brackets.]

Section 1. Paragraph (1) of Subdivision (b) of Section 4-04 of Chapter 4 of Title 34 of the Rules of the City of New York is amended to read as follows:

(1) *Operators to [yield to] stop for pedestrians in crosswalk.* When traffic control signals or pedestrian control signals are not in place or not in operation, [the] any operator of a vehicle [shall yield the right of way to] or operator of a bicycle must stop for a pedestrian crossing a

roadway within a crosswalk [when the pedestrian is in the path of the vehicle or is approaching so closely thereto as to be in danger]. Such operators of vehicles and operators of bicycles in any lane of travel must stop and remain stopped for a pedestrian in crosswalk until such pedestrian crosses a roadway.

§ 2. Paragraph (2) of Subdivision (j) of Section 4-08 of Chapter 4 of Title 34 of the Rules of the City of New York is amended to read as follows:

(2) Valid plates must be properly displayed. No person shall stand or park a vehicle required to bear a license plate unless [it] such vehicle properly displays the current plate or plates issued to it. For the purposes of this paragraph (j)(2), New York plates shall not be deemed properly displayed unless they are conspicuously displayed, one on the front and one on the rear of the vehicle, each securely fastened so as to prevent the same from swinging and placed, whenever reasonably possible, not higher than 48 inches and not lower than 12 inches from the ground, and they are kept clean and in a condition so as to be readable and shall not be covered by glass or any plastic material, and the view thereof shall not be obstructed by any part of the vehicle or by anything carried thereon, except for a receiver-transmitter issued by a publicly owned tolling facility in connection with electronic toll collection when such receiver-transmitter is affixed to the exterior of a vehicle in accordance with mounting instructions provided by the tolling facility. New York dealer or transporter plates issued pursuant to § 415 of the Vehicle and Traffic Law shall be deemed properly displayed if the one plate issued is placed on the rear of the vehicle as described above. New York motorcycle plates and plates from other states shall be deemed properly displayed if at least one plate is fastened on the rear of the vehicle.

§ 3. Subdivision (p) of Section 4-12 of Chapter 4 of Title 34 of the Rules of the City of New York is amended by adding a new paragraph (7) to read as follows:

(7) No person or such person's agent or employee shall leave unattended, or permit to be left unattended, any bicycle, whether or not owned by such person, in any city owned bike-rack within the jurisdiction of the department of transportation in excess of seven consecutive days. A notice may be affixed to any unattended bicycle advising that the bicycle must be removed within seven days from the date of the notice. This notice shall also state that the failure to remove the unattended bicycle within the designated time period will result in the removal of the unattended bicycle by the department of transportation, the police department, or any other agency delegated by the department of transportation. Nothing in this section shall preclude the immediate removal of any bicycle or the taking of any other action by any agency if the presence of such bicycle creates a dangerous condition by restricting vehicular or pedestrian traffic.

§ 4. Chapter 8 of Title 34 of the Rules of the City of New York, relating to the Employee Commute Options Program, is REPEALED.
