ARTICLE X SPECIAL PURPOSE DISTRICTS

Chapter 7 Special South Richmond Development District

107-00 **GENERAL PURPOSES**

The "Special South Richmond Development District" established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following purposes:

- to guide future development in accordance with the Land Use (a) Plan for South Richmond and the Capital Improvement Plan for the Special District area;
- to promote balanced land use and development of future (b) and uses and housing in the Special District area, including private and public improvements such as schools, transportation, water, sewers, drainage, utilities, open space and recreational facilities, on a schedule consistent with the City's Capital Improvement Plan and thereby provide public services and facilities in the most efficient and economic manner, and to ensure the availability of essential public services and facilities for new development within the area;
- (c) to avoid destruction of irreplaceable natural and recreational resources such as lakes, ponds, watercourses, beaches and natural vegetation and to maintain the natural ecological balance of the area with minimum disruption of natural topography, trees, lakes and other natural features; and
- to promote water-dependent uses that provide a substantial environmental benefit-; and (d)
- <u>(e)</u> to promote the most desirable use of land in the South Richmond area and thus to conserve the value of land and buildings and thereby protect the City's tax revenues.

107-60 **AUTHORIZATIONS**

* * *

107-65

Authorization for Modifications of Natural Features

For any #development#, #enlargement#, or #site alteration# on #plan review sites# or within #designated open space#, the City Planning Commission may authorize modifications of the natural topography existing on November 2, 2023, beyond the amount specified in Section 107-31 (General Regulations for Natural Features), inclusive, or modification of tree regulations pursuant to Section 107312 (Regulations within plan review sites) ,in accordance with the provisions of either paragraph (a) or (b) of this Section.

- For all #zoning lots#, the The Commission may а. authorize modifications to natural features, provided that the Commission finds that:
- the modifications are the minimum necessary to (a)(1)facilitate the project;
- such modification of topography is necessary to (b)(2) accommodate any public amenities, as applicable, such as public pedestrian ways, the #waterfront esplanade# or active recreational facilities within a #designated open space# as required under the provisions of this Chapter;
- such modification will not cause unnecessary (c)(3) disturbance of the drainage pattern in the area;
- such modification will have minimal impact on the (d)(4)existing natural features of the surrounding area and will blend harmoniously with such area; and
- areas that contain natural features are preserved (e)(5) within a proposed #area of no disturbance#, especially those areas which are contiguous to #designated open space#, #wetland-adjacent areas#, or other area containing mostly natural features
- For #waterfront zoning lots# in #Manufacturing Districts# <u>(b)</u> that contain Water-Dependent (WD) #uses#, as set forth in Section 62-211, where the area allocated to such #uses# exceeds 75 percent of the land above water in the #upland lot#, the Commission may authorize modifications to natural features, provided that the Commission finds that:
 - the WD #use# requires unenclosed operations, not (1)limited to vehicle movement or storage, that would not be feasible without the modification of natural features:
 - such modification is the minimum necessary to (2)facilitate such #use# on the #zoning lot#;
 - <u>(3)</u> the WD #use# would provide a substantial environmental benefit: and
 - (4)such modification would not have an adverse effect on the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area. * * *

C 230228 MLR

IN THE MATTER OF an application submitted by Arthur Kill Terminal, LLC pursuant to Section 197-c of the New York City Charter for a landfill of approximately 367,327 square feet located in the Arthur Kill, in connection with the development of a wind turbine assembly facility on property generally bounded by the Outerbridge Crossing, Arthur Kill Road, Richmond Valley Road* and the US Bulkhead line (Block 7632, Lots 1, 6, 150, and 151, and Block 7983, Lots 100 and 110 and the demapped portions of Richmond Valley Road) in an M1-1 District.

* Richmond Valley Road is proposed to be eliminated, discontinued and closed in a related application (C 230231 MMR).

No. 4

C 230231 MMR

IN THE MATTER OF an application submitted by Arthur Kill Terminal, LLC pursuant to Sections 197-c and 199 of the New York City Charter and Section 5-430 *et seq.* of the New York City Administrative Code for an amendment to the City Map involving:

- the elimination, discontinuance, and closing of a portion of 1. Richmond Valley Road between Arthur Kill Road and the US Bulkhead Line; and
- $\mathbf{2}$. the adjustment of grades and block dimensions necessitated thereby:

including authorization for any acquisition or disposition of real property related thereto, in Community District 3, Borough of Staten Island, in accordance with Map No. 4275 dated February 5, 2024 and signed by the Borough President.

NOTICE

On Wednesday, May 1, 2024, a public hearing is being held by the City Planning Commission (CPC), accessible in-person and remotely, in conjunction with the above ULURP hearing to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning an application by Arthur Kill Terminal LLC. The area subject to the Proposed Actions encompasses Block 7620, Lot 1, and Block 7632, Lots 6, 50, 150, and 151 in the Richmond Valley neighborhood of Staten Island Community District 3. The Project Site is generally bounded by the Outerbridge Crossing to the north, commercial buildings and Arthur Kill Road to the east, the streetbed of the mapped but unbuilt Richmond Valley Road and the shoreline of Mill Creek to the south, and the Arthur Kill bulkhead to the west.

The Proposed Actions include a City Map amendment to eliminate, discontinue, and close the mapped but unbuilt segment of Richmond Valley Road west of Arthur Kill Road and the related disposition of City-owned land; a Zoning Text Amendment to Zoning Resolution (ZR) Section 107-00 to establish goals related to sustainability, resiliency, climate and clean energy objectives; and ZR Section 107-65 to modify tree removal and topography modification regulations; an Authorization pursuant to ZR Section 107-65, as modified, to allow the modification of natural features; an Authorization pursuant to ZR Section 107-68 to allow 124 accessory off-street parking spaces; a Special permit pursuant to ZR Section 107-73 to allow a structure with a height of greater than 50 feet; and a landfill action to add approximately 1,176,544 cubic feet (43,575 cubic yards) of fill to create a quay along the Arthur Kill. The Proposed Actions, along with approvals from the United States Army Corps of Engineers, the New York State Department of Environmental Conservation, the New York State Department of State, the New York State Office of General Services, and others, would facilitate the development of the Project Site as Arthur Kill Terminal, an approximately 32.5-acre state-of-the-art port for the staging, assembly, and pre-commissioning of wind turbine generators (WTGs) and other offshore wind (OSW) components (the "Proposed Project"). The Proposed Project would also include the dredging of an approximately 18-acre navigable Dredge Basin to allow cargo vessels to access the berths at the proposed facility. The Proposed Project would include the construction of a port facility with a 1,365 linearfoot quay, an approximately 28.5- acre laydown and storage area upland of the quay, as well as a two-story (48-foot-tall including mechanical bulkhead) tenant building located at the northeast corner of the Project Site containing warehouse space and accessory office space, totaling approximately 22,472 gross square feet (gsf), with 111 accessory parking spaces, and the adaptive reuse of an existing two-story (33-foot-tall) 4,212 gsf residential structure (the "Cole House") at the southeast corner of the site as a visitor center and owner office with 13 accessory parking spaces. The anticipated Build Year is 2026.

Written comments on the DEIS are requested and will be received and considered by the Lead Agency through 5pm on Monday, May 13, 2024.

For instructions on how to submit comments and participate, both in-person and remotely, please refer to the instructions at the beginning of this agenda.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 23DCP056R.

"Compete To Win" More Contracts!

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

• Win More Contracts, at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed,, to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR PREQUALIFICATION

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic HHS Accelerator Prequalification Application using the City's PASSPort system. The PASSPort system is a webbased system maintained by the City of New York for use by its Mayoral Agencies to manage procurement. Important business information collected in the Prequalification Application is required every three years. Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete. Prequalification applications will be reviewed to validate compliance with corporate filings and organizational capacity. Approved organizations will be eligible to compete and would submit electronic proposals through the PASSPort system. The PASSPort Public Portal, which lists all RFPs, including HHS RFPs that require HHS Accelerator Prequalification, may be viewed, at https://passport. cityofnewyork.us/page.aspx/en/rfp/request_browse_public

All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding. For additional information about HHS Accelerator Prequalification and PASSPort, including background materials, user guides and video tutorials, please visit https://www.nyc. gov/site/mocs/hhsa/hhs-accelerator-guides.page

VENDOR LIST

Goods and Services

PRE-QUALIFIED LIST (PQL) PROGRAM FOR VARIOUS TRADES

 $\ensuremath{\text{NYCHA}}$ is currently accepting applications for Pre-Qualified List (PQL) program for various trades.

A PQL is a tool that NYCHA will use to qualify vendors and contract goods or services for its developments, streamlining the process for both vendors and NYCHA. NYCHA will publish contracting opportunities, and the PQL will predominantly be used to procure goods or services for those contracts. Vendors who apply to those bids must pre-qualify according to specific criteria, and vendors who are admitted to the PQL can bid on contracts.

Currently NYCHA has established six (6) PQL lists for the Closed-Circuit Television (CCTV), Carpentry, Painting, Lead Based Paint (Assessment and Abatement, Inspection and Assessment & Lab Analysis), Plumbing and Electrical.

All vendors interested in NYCHA's PQLs must follow two (2) important steps:

First, vendors must prepare and submit applications to the PQL: To pre-qualify, vendors must meet the minimum requirements listed on the Request for Qualification of the select PQL. Applications will be evaluated by NYCHA on a rolling basis.

Second, vendors who are admitted to the PQL can then bid on solicitations for services on the PQL: Vendors must bid on each contract award, as these are not guaranteed.

For more information regarding PQL's and to obtain applications, please visit NYCHA's website at: https://www.nyc.gov/site/nycha/business/nycha-pql.page

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor prequalification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

SOI DISCRIMINATION TESTING & ENFORCEMENT -Negotiated Acquisition - Other - PIN# 80624N0003 - Due 5-27-24 at 2:00 P.M.

The New York City Department of Housing Preservation and Development (HPD) is executing this procurement to fund one or more entities capable of providing source of income discrimination testing and enforcement services across New York City.

According to the City's fair housing protections, landlords and brokers cannot deny housing based on a legal source of income, refuse to accept payments from a lawful source of income, or use ads that reject or discourage applicants who have housing vouchers or other legal sources of income from applying for housing. Lawful sources of income include subsidies or assistance from federal, state, or local public sources such as Section 8, Supplemental Security Income (SSI), HIV/AIDS Services Administration (HASA), CityFHEPS, and G.I. bill allowances.

To be effective, the City's source of income fair housing protections require active testing and enforcement, and related outreach activities that educate landlords and the public about existing regulations. The enforcement of NYC's source of income protections discourages illegal practices and allows housing voucher programs to function as intended.

This procurement budgets \$770,000 per year over three years, with M/WBE subcontracting goals. Based on market research, analysis and discussions with fair housing stakeholders, HPD expects that one to two vendors may be contracted. HPD has developed a request for proposal document to frame vendor responses and ensure that qualified vendors are selected. Respondents will be asked to provide ongoing reporting on their testing, enforcement and outreach activities, including program data, in order to inform future programs and procurements. Respondents will provide program plans and budget proposals, and winning vendor(s) will provide cost information as part of regular reporting.

The market research and analysis that HPD undertook for this procurement established that different models are in use by the few vendors currently involved in SOI discrimination testing and enforcement activities in New York City. The request for proposals approach allows responding vendors to describe programmatic approaches, including proposed resource allocation, that utilize their strengths and experience, while providing program reporting that allows HPD to develop cost models and best practices for future work.

HPD assessed vendors, program models and cost comparisons for source of income housing discrimination testing and investigation in

NYC and other metropolitan areas. Based on market research and stakeholder discussions, HPD has determined that there are very few vendors who are currently providing these services in NYC, in a manner that meets the requirements of this procurement. The method of a competitive negotiated acquisition reflects this assessment while providing as much competitive value for the City as is feasible under the assessed conditions. HPD will negotiate with qualified vendors that demonstrate the expected levels of experience with developing and executing testing, enforcement, and outreach pertaining to source of income housing discrimination in New York City. Selected vendors will need familiarity with the workings of local government, community groups and the real estate industry, and demonstrate a willingness and ability to collaborate with institutional partners and subcontractors on a multi-year project. Based on the market research phase as well as collaboration with partner agencies such as the New York City Commission on Human Rights, HPD developed a request for proposals document that includes the strategies and methods to be used for scoring vendor responses to the solicitation. All results of vendor evaluation and selection will be documented and stored, including scoring tools, criteria and results.

GOOD FOOD PURCHASING INITIATIVE - Renewal -PIN#06922N0046001R001 - AMT: \$120,000.00 - TO: Community Partners, 1000 N Alameda Street, Suite 240, Los Angeles, CA 90012.

The Mayor's Office of Food Policy seeks a renewal to a negotiated acquisition, in the amount of \$120,000, to cover a period of service from July 1, 2023, through June 30, 2024, for critical data collection, processing, and analysis for the City's Good Food Purchasing program. The Center for Good Food Purchasing collects the food purchasing data from our agencies and cleans and compiles it, on an annual basis, as mandated by Executive Order. The Center for Good Food Purchasing, via our relationship with Community Partners, is critical to the success of NYC's GFP program. Without their ongoing work, the City wouldn't be able to share our food spend data with the public and assess our GFP program progress across the value categories.

AGENCY RULES

BOARD OF STANDARDS AND APPEALS

■ NOTICE

NOTICE OF ADOPTION

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE BOARD OF STANDARDS AND APPEALS by Sections 666 and 1043 of the New York City Charter that the Board of Standards and Appeals has adopted Board rules pertaining to environmental review.

The proposed Rule was published in the City Record on January 5, 2024. A public hearing was held on February 14, 2024. The Board of Standards and Appeals now adopts the following Rule.

Statement of Basis and Purpose of Rule

New York City, like other municipalities, is facing a crippling housing crisis which has real and direct human consequences, including high rents, displacement pressure, segregation, gentrification, poor housing quality, tenant harassment, homelessness, and other effects of a market where residents have very limited options because of housing scarcity. Almost every hardship of the City housing market can be traced back to an acute shortage of housing. The housing shortage drives up prices for everyone.

Among the factors contributing to the City's housing crisis are the time and resources required to complete environmental reviews that are ultimately unnecessary because they consistently result in determinations that the proposed developments have no potential for significant adverse environmental impacts. Over the past ten years, an average of 350 housing, commercial and infrastructure projects per year were subject to review through the City Environmental Quality Review (CEQR) process, the City's procedures for implementing the New York State Environmental Quality Review Act (SEQRA).

All 350 went through the first step of CEQR — the production of an Environmental Assessment Statement (EAS). Of those, approximately twelve projects each year also required the more involved process of preparation of an Environmental Impact Statement (EIS). Most housing projects subject to land use approvals or public financing must conduct an EAS that typically takes six to eight months to complete and can cost hundreds of thousands of dollars. Yet, only a few of these smaller projects are found to have a potential for significant impacts on the environment.

To address this, the City agencies that develop or approve housing, including the Board of Standards and Appeals, are each adopting a new Type II rule under SEQRA and CEQR to exempt housing developments up to a certain size from further environmental review. Type II actions are agency actions that will not have a significant impact on the environment as determined by certain criteria established by SEQRA, and are therefore exempted from environmental review. 6 NYCRR § 627.5. Exempting these projects from review under SEQRA and CEQR will decrease their overall cost and shorten the time typically needed to complete the approval process, resulting in delivery of new homes faster to residents that need housing today.

This action is authorized under SEQRA, which requires state and local agencies to consider the potential environmental impacts of actions that the agency proposes to approve, fund, or undertake. NYS Environmental Conservation Law Article 8. New York State regulations implementing SEQRA divide state and local actions into three types: Type I, Type II and Unlisted Actions. The State regulations list 46 specific actions as Type II actions that are exempt from environmental review and do not require preparation of either an EAS or an EIS. The State regulations also authorize all state and local agencies to adopt their own lists of Type II actions to supplement the State list. 6 NYCRR § 617.5(b) and (c). To include an action on an agency Type II list, the agency must establish that the action will not have a significant adverse impact on the environment under the criteria established by the State regulations. 6 NYCRR § 617.5(b)(1)-(2). Every agency is authorized to adopt its own Type II list.

The City Planning Commission (the Commission) adopted a list of Type II actions, as authorized by the New York State SEQRA regulations, in 2014. See 62 RCNY § 5-05(c)-(d). BSA now adopts applicable actions from that list and adds new residential housing developments up to a certain size, as described below, to that list, exempting those developments from the requirements of SEQRA and CEQR.

The list of Type II actions as modified by this rulemaking will also be adopted by three other City agencies that approve, fund or undertake new residential development: the Office of the Mayor, acting through the Office of Environmental Coordination, the Department of Housing Preservation and Development, and the City Planning Commission.

To determine the appropriate size of housing developments to be exempted and the appropriate conditions those developments would need to satisfy in order to ensure that they will not have a significant impact on the environment, staff from multiple City agencies reviewed projects with completed applications between January 2013 and May 2023 before the four City agencies and offices that approve, fund or undertake new housing and that proposed to adopt this new Type II rule: BSA, as well as the three other above-mentioned City agencies. In total, the agencies reviewed more than 1,000 projects, including projects that had received negative declarations, conditional negative declarations, and positive declarations under CEQR. That universe was then narrowed to exclude projects that did not facilitate new housing and housing projects proposing greater than 1000 units, which would exceed the State threshold for Type I actions and therefore be ineligible for Type II listing.

Based on this analysis of past environmental reviews, BSA has concluded that housing developments of up to 250 new units in higher and medium density districts and up to 175 new units in lower density districts that meet certain other density-related and site-specific criteria do not result in significant adverse impacts. The densityrelated criteria include maximum sizes for accompanying nonresidential community facility or commercial uses to ensure no transportation impacts, maximum building heights to ensure no shadows impacts, and maximum construction durations to avoid construction impacts. The site-specific criteria include: excluding sites with archeological significance, relying on the City's existing (E) designation process to address any potential site-specific hazardous materials, air quality, or noise issues, excluding sites adjacent to arterial highways or in certain coastal flood areas, and avoiding developments becoming a source of air quality impacts by requiring that they forego use of fossil fuels.

BSA adopts applicable existing Type II actions, under 6 RCNY §§ 5-05 (c)-(d), and adds a new Type II category for projects proposing to facilitate new housing that meet the criteria in the new rule. This will exclude from environmental review qualifying projects that are seeking BSA approvals and for which BSA is acting as lead agency under SEQRA and CEQR. These rules will reduce the time and resources needed to obtain BSA approval for new housing projects.

The Board's authority for these rules is found in 6 NYCRR 617.5(b) and in sections 1043 and 666 the Charter.

<u>New material is underlined.</u> [Deleted material is in brackets.]

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. Section 1-08.2 of Title 2 of the rules of the city of New York is amended to read as follows:

(a) Applicants must complete the CEQR checklist provided by the Board. Pursuant to the checklist, if the application is for an action identified as a Type I or Unlisted Action, the application must be accompanied by an EAS. Applications accompanied by an EAS will receive a CEQR number that is different from the calendar number, and all CEQR submissions will refer to both numbers, where applicable. Applicants may request a pre-application conference with the Board to seek their assistance in determining what information is required and the potential scope of the environmental review of the proposed action, including whether a Type II submission may be appropriate.

(b) Actions that are not subject to review under City Environmental Quality Review, the State Environmental Quality Review Act (Environmental Conservation Law, Article 8) or the SEQRA Regulations are set forth in Appendix E of this title.

§ 2. Title 2 of the rules of the city of New York is amended by adding a new Appendix E to read as follows:

Appendix E - CEQR

a) Definitions: The following additional definitions shall apply to these rules unless otherwise noted:

Agency. "Agency" means any agency, administration, department, board, commission, council, governing body or other governmental entity of the city of New York, including but not limited to community boards, borough boards and the offices of the borough presidents, unless otherwise specifically referred to as a state or federal agency.

City Environmental Quality Review. "City Environmental Quality Review" (CEQR) means the environmental quality review procedure established by Executive Order 91 of 1977 as modified by the rules of the city planning commission.

Development Site. "Development site" means the zoning lot all or part of which the applicant proposes to develop through the action.

Developable Site. "Developable site" means a zoning lot. including the development site, within the area that is the subject of the action that the lead agency determines is likely to be developed as a result of the action.

Lead Agency. "Lead agency" means the agency principally responsible for environmental review pursuant to these rules.

Natural Resource. "Natural Resource" means surface water bodies; wetland resources; upland resources, such as beaches, shrublands, meadows, and forests; or other significant or sensitive resources.

SEQRA Regulations. "SEQRA Regulations" means Part 617 of Volume 6 of New York Codes, Rules and Regulations.

b) Type II List.

The following actions are not subject to review by the Board of Standards and Appeals under City Environmental Quality Review, the State Environmental Quality Review Act (Environmental Conservation Law, Article 8) or the SEQRA Regulations, subject to 2 RCNY Appendix E(B)(b):

1) Special permits for radio and television towers, pursuant to § 73-30 of the Zoning Resolution;

2) Special permits for ambulatory diagnostic or treatment health care facilities, pursuant to § 73-125 of the Zoning Resolution;

3) Special permits to allow a building or other structure to exceed the height regulations around airports, pursuant to § 73-66 of the Zoning Resolution;

4) Special permits for eating and drinking establishments of up to 2,500 gross square feet with accessory drive-through facilities, pursuant to § 73-243 of the Zoning Resolution;

5) An action listed in subdivision (d) of this Appendix, provided that such action also meets the requirements in subdivision (e) of this Appendix.

c) Type II Prerequisites.

(1) An action listed in 2 RCNY Appendix E(b), which is also classified as Type I pursuant to 6 NYCRR Part 617.4, shall remain Type I and subject to environmental review.

(2) An action listed in 2 RCNY Appendix E(b)(1) - (3) involving ground disturbance shall remain subject to environmental review, unless it is determined that any potentially significant hazardous materials impacts will be avoided.

(3) An action listed in 2 RCNY Appendix E(b)(1) or (2) involving excavation of an area that was not previously excavated shall remain subject to environmental review, unless it is determined that the project site is not archaeologically sensitive.

(4) An action listed in 2 RCNY Appendix E(b)(3) shall remain subject to environmental review, unless it is determined that any potentially significant noise impacts will be avoided.

(5) An action listed in 2 RCNY Appendix E(b)(1) or (2) involving the removal or alteration of significant natural resources shall remain subject to environmental review.

(6) An action listed in 2 RCNY Appendix E(b)(1), (3) or (4) shall remain subject to environmental review if the project site is:

(i) wholly or partially within any historic building, structure, facility, site or district that is calendared for consideration or eligible for designation as a New York City Landmark, Interior Landmark or Scenic Landmark;

(ii) substantially contiguous to any historic building, structure, facility, site or district that is designated, calendared for consideration or eligible for designation as a New York City Landmark, Interior Landmark or Scenic Landmark; or

(iii) wholly or partially within or substantially contiguous to any historic building, structure, facility, site or district, or archaeological or prehistoric site that is listed, proposed for listing or eligible for listing on the State Register of Historic Places or National Register of Historic Places

d) Residential Development Type II Actions. The following actions are not subject to review by the Board of Standards and Appeals under City Environmental Quality Review, the State Environmental Quality Review Act (Environmental Conservation Law, Article 8) or the SEQRA Regulations, subject to subdivision (e) of this Appendix:

(1) Actions that enable incremental development of at least 1 and no more than 250 new dwelling units or new income-restricted dwelling units, and no more than 35,000 gross square feet of space for non-residential uses, which includes no more than 25,000 gross square feet of space for commercial uses and no more than 25,000 gross square feet of community facility space, and which, at the time of the environmental determination, are:

(i) located wholly within an existing R5 through R10 Residence zoning district, provided that such action does not include the creation or enlargement of a Special Mixed Use zoning district or a stand-alone Commercial zoning district; or

(ii) located in an existing stand-alone Commercial zoning or Manufacturing zoning district and are being developed pursuant to a regulatory agreement or lease with a government agency to develop housing or a decision by the Board, authorizing residential development; or

(2) Actions that enable incremental development of at least 1 and no more than 175 new dwelling units or new income restricted dwelling units, and no more than 20,000 gross square feet of space for non-residential uses, which includes no more than 10,000 gross square feet of space for commercial uses, and no more than 10,000 gross square feet of community facility space, and which, at the time of the environmental determination, are located at least partially within an existing R1 through R4 Residence zoning district, provided that such action shall not include actions that include the creation or enlargement of a Special Mixed Use zoning district or a stand-alone Commercial zoning district

(e) *Type II Residential Development Prerequisites.* An action listed in subdivision (d) of this section must also comply with all of the following to be a Type II action, at or before the time environmental review is required to be completed:

(1) Any new building or any enlargement of an existing building on the development site shall not burn fossil fuels to supply heat or hot water;

(2) The applicant or development site owner shall have complied with the following site-specific requirements:

(i) for developable sites that include one or more tax lots that do not have an (E) designation for hazardous materials pursuant to section 11-15 of the New York City Zoning Resolution at the time of the environmental determination, completed a Phase I Environmental Site Assessment for the development site and either:

(A) obtained a written signoff from the lead agency that no further environmental investigation is required or that a plan to address any hazardous materials is acceptable; or

(B) consented to the establishment of an (E) designation for hazardous materials pursuant to section 11-15 of the New York City Zoning Resolution and 15 RCNY Chapter 24 on the developable sites, provided that where an (E) designation is not available and the development site will be developed pursuant to a regulatory agreement with a government agency, such government agency shall include protections and development oversight requirements equivalent to an (E) designation found in 15 RCNY Chapter 24 in such regulatory agreement; and

(ii) obtained a determination from the New York City Landmarks Preservation Commission (LPC) stating whether any developable site is within an archaeologically sensitive area, is designated, calendared for consideration or eligible for designation as a New York City Landmark or Historic District, is listed on, or formally determined to be eligible for inclusion on, the National Register of Historic Places or the New York State Register of Historic Places, or is substantially contiguous to a sunlight sensitive architectural resource, and

(A) if LPC determines a developable site is within an archaeologically sensitive area, completed an archaeological document study for the development site and obtained a writing from LPC that the development of such development site does not raise archaeological concerns; and

(B) if LPC determines a developable site is designated, calendared for consideration or eligible for designation as a New York City Landmark or Historic District or is listed on, or formally determined to be eligible for inclusion on, the National Register of Historic Places or the New York State Register of Historic Places, obtained a writing from LPC that the development of such development site does not raise historic preservation concerns;

(iii) agreed to prepare and implement a Construction Protection Plan consistent with the requirements of the New York City Department of Buildings Technical Policy and Procedure #10/88 for a development site located at least partially within 90 feet of a building or site formally determined to be eligible for listing on the National Register of Historic Places or the New York State Register of Historic Places or of a building or site that is eligible for designation as a New York City Landmark or Historic District;

(iv) for developable sites within 1000 feet of an air emissions source that operates under a permit issued pursuant to subpart 201-5 of title 6 of the New York Codes, Rules and Regulations (New York State facility permits) or subpart 201-6 of such title (Clean Air Act Title V permits) or either within 400 feet of any existing air emission source with an active or expired industrial permit issued by the New York City Department of Environmental Protection or within 400 feet of any unpermitted industrial source, confirmed to the lead agency based on the emission limits in the permit(s) or, for any unpermitted source, the estimated emission limits from similar source permit(s) provided by the lead agency that concentrations of any pollutant regulated by the permit(s) or identified by the lead agency for any unpermitted source will not exceed the corresponding National Ambient Air Quality Standards (including background concentrations) and Annual Guideline Concentration (AGC) and Short-term Guideline Concentration (SGC) in the New York State Department of Environmental Conservation Division of Air Resources Guidelines for Evaluation and Contral of Ambient Air Contaminents (DAR 1) of such and Control of Ambient Air Contaminants (DAR-1) at such developable site, as determined in accordance with the industrial source screen in subdivision (f) of this Appendix E (Industrial Air Quality Checklist).

(v) With respect to calculation of noise levels, either:

(A) provided to the lead agency representative peak hour outdoor noise sampling showing less than 70 A-weighted decibels (dBA) L10 ambient noise levels at all developable sites, and provided outdoor noise sampling for all developable site buildings within the line of sight of any railway or elevated subway showing less than 65 dBA Ldn ambient noise levels and confirmed that all developable sites are outside the 65 Day Night Average Sound Level contours established in the Noise Exposure Map (NEM) Report for John F. Kennedy Airport and LaGuardia Airport, or

(B) agreed to establishment of an (E) designation for noise pursuant to section 11-15 of the NYC Zoning Resolution on any developable sites that cannot meet the requirements of item (A) above, provided that where the development site will be developed pursuant to a regulatory agreement with a government agency, such government agency shall include protections equivalent to those imposed by an (E) designation for noise attenuation in such regulatory agreement.

(3) The projected duration of construction at each development site shall not be greater than 24 months and no consecutive projected construction period for all substantially contiguous developable sites shall be greater than 24 months.

(4) No portion of any developable site shall:

(i) be located adjacent to an arterial highway listed in Appendix H to the New York City Zoning Resolution or a vent structure for a tunnel;

(ii) <u>be located within in a Special Coastal Risk District</u> mapped pursuant to Article XIII, Chapter 7 of the New York City Zoning Resolution; or

(iii) contain a natural resource.

(5) The action shall not enable construction of a new building or other structure or enlargement of an existing building or structure with a maximum allowable height greater than 250 feet, including all rooftop bulkheads, mechanical equipment, parapets, and any other parts of the building, or with a maximum possible height greater than 50 feet if substantially contiguous to a public open space other than a street or sidewalk, natural resource or an architectural sunlight sensitive resource identified by LPC under subparagraph (ii) of paragraph (2) of this subdivision above, unless such open space, natural resource or sunlight sensitive resource is entirely within the area between -108° degrees from true north and +108 degrees from true north of the building or other structure or is an architectural resource that is located on a facade that faces directly away from a developable site.

f) Industrial Air Quality Checklist.

To determine the potential for exceedance of the New York State Department of Environmental Conservation (DEC) Division of Air Resources Guidelines for Evaluation and Control of Ambient Air Contaminants (DAR-1) guidelines at a developable site resulting from industrial emissions, emissions from industrial sources within 400 feet of the development site shall be determined from emission limits in permits issued by the New York City Department of Environmental Protection (DEP) or for unpermitted sources, from the estimated emission limits provided by the lead agency and for Title V or state facility-permitted sources within 1000 feet of the development site, from the emissions limits in the DEC Title V or state facility permits. For purposes of this subdivision, industrial sources means air emission sources (direct and fugitive emissions) that have or should have an existing or expired DEP Clean Air Tracking System industrial permit, concrete batching plants, or material handling facilities. The emissions from any existing industrial or state permitted source or emission assumptions for any unpermitted industrial source must first be converted into grams/second. This converted emission rate must then be multiplied by the value in the table below corresponding to the minimum distance between the industrial source and the building containing the new dwelling units to determine if the National Ambient Air Quality Standards (including background concentrations) and AGC/SGC values in the DAR-1 guidelines are exceeded. Values are provided for 1-hour and annual averages to enable the comparison of pollutant levels to SGCs (1- hour averaging period) or AGCs (annual averaging period).

MAYOR'S OFFICE OF OPERATIONS COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM NOTICE OF PROPOSED CDBG ALLOCATIONS FOR THE 2024 CONSOLIDATED PLAN NOTICE OF AVAILABILITY OF THE PROPOSED CITY FISCAL YEAR 2025 COMMUNITY DEVELOPMENT PROGRAM DESCRIPTIONS & BUDGET

TO ALL AGENCIES, COMMUNITY BOARDS, GROUPS, AND PERSONS:

<u>Modification to the Community Development Block Grant Program (CD)</u> The Community Development Block Grant (CD or CDBG) is one of four formula Entitlement grants the City of New York receives annually from the U.S. Department of Housing and Urban Development (HUD). Prior to receiving these funds, the City must release for public comment a plan that outlines how it will use the grant.

Pursuant to Section 91.105(c) of HUD's Consolidated Plan Regulations, the City is notifying the public of its proposed programs and budget allocations for the 2024 Consolidated Plan/Fiftieth Community Development Program Year (CD 50). The programs and budget allocations are identified in the "Proposed City Fiscal Year 2025 Community Development Program." This document contains the Proposed City Fiscal Year 2025 CDBG Entitlement budget, the Proposed Revised CD Year 50 budget (which will be incorporated into the Calendar Year 2024 Consolidated Plan), and the Proposed CD 51 / Calendar Year 2025 budget. This document is not related to Community Development Block Grant-Disaster Recovery funding.

Beginning Thursday, April 25, 2024, the "Proposed City Fiscal Year 2025 Community Development Program" document will be available for download through the Mayor's Office of Operations' website at www1.nyc.gov/site/operations/projects/consolidated-plan.page.

Please email any comments on the proposed changes to ConPlanNYC@ cityhall.nyc.gov by close of business May 28, 2024.

OFFICE OF THE MAYOR

■ NOTICE

EMERGENCY EXECUTIVE ORDER NO. 575 March 30, 2024

WHEREAS, on September 2, 2021, the federal monitor in the *Nunez* use-of-force class action stated steps must be taken immediately to address the conditions in the New York City jails; and

WHEREAS, on June 14, 2022, the federal court in *Nunez* approved the *Nunez* Action Plan, which "represents a way to move forward with concrete measures now to address the ongoing crisis at Rikers Island"; and

WHEREAS, while there has been improvement in excessive staff absenteeism, the Department of Correction's (DOC's) staffing levels continue to contribute to a rise in unrest and disorder and create a serious risk to the necessary maintenance and delivery of sanitary conditions; access to basic services including showers, meals, visitation, religious services, commissary, and recreation; and prompt processing at intake; and

WHEREAS, this Order is given to prioritize compliance with the Nunez Action Plan and to address the effects of DOC's staffing levels, the conditions at DOC facilities, and health operations; and WHEREAS, additional reasons for requiring the measures continued in this Order are set forth in Emergency Executive Order No. 140; and

WHEREAS, the state of emergency existing within DOC facilities, first declared in Emergency Executive Order No. 241, dated September 15, 2021, and extended by subsequent orders, remains in effect;

NOW, THEREFORE, pursuant to the powers vested in me by the laws of the State of New York and the City of New York, including but not limited to the New York Executive Law, the New York City Charter and the Administrative Code of the City of New York, and the common law authority to protect the public in the event of an emergency:

Section 1. I hereby direct that section 1 of Emergency Executive Order No. 573, dated March 25, 2024, is extended for five (5) days.

§ 2. This Emergency Executive Order shall take effect immediately and shall remain in effect for five (5) days unless it is terminated or modified at an earlier date.

Eric Adams Mayor

EMERGENCY EXECUTIVE ORDER NO. 576 March 30, 2024

WHEREAS, over the past several months, thousands of asylum seekers have been arriving in New York City, from the Southern border, without having any immediate plans for shelter; and

WHEREAS, the City now faces an unprecedented humanitarian crisis that requires it to take extraordinary measures to meet the immediate needs of the asylum seekers while continuing to serve the tens of thousands of people who are currently using the DHS Shelter System; and

WHEREAS, additional reasons for requiring the measures continued in this Order are set forth in Emergency Executive Order No. 224, dated October 7, 2022, and Emergency Executive Order No. 538, dated December 27, 2023; and

WHEREAS, the state of emergency based on the arrival of thousands of individuals and families seeking asylum, first declared in Emergency Executive Order No. 224, dated October 7, 2022, and extended by subsequent orders, remains in effect;

NOW, THEREFORE, pursuant to the powers vested in me by the laws of the State of New York and the City of New York, including but not limited to the New York Executive Law, the New York City Charter and the Administrative Code of the City of New York, and the common law authority to protect the public in the event of an emergency:

Section 1. I hereby order that section 1 of Emergency Executive Order No. 574, dated March 25, 2024, is extended for five (5) days.

 $\$ 2. This Emergency Executive Order shall take effect immediately and shall remain in effect for five (5) days unless it is terminated or modified at an earlier date.
