HHS ACCELERATOR PREQUALIFICATION

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic HHS Accelerator Prequalification Application using the City’s PASSPort system. The PASSPort system is a web-based system maintained by the City of New York for use by its Mayoral Agencies to manage procurement. Important business information collected in the Prequalification Application is required every three years. Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete. Prequalification applications will be reviewed to validate compliance with corporate filings and organizational capacity. Approved organizations will be eligible to compete and would submit electronic proposals through the PASSPort system. The PASSPort Public Portal, which lists all RFPs, including HHS RFPs that require HHS Accelerator Prequalification, may be viewed, at https://passport.cityofnewyork.us/page.aspx/en/rfp/request_browse_public

All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding. For additional information about HHS Accelerator Prequalification and PASSPort, including background materials, user guides and video tutorials, please visit <https://www.nyc.gov/site/mocs/hhsa/hhs-accelerator-guides.page>

CHAPERONE SERVICES - Negotiated Acquisition - Other - PIN# 06825N0004 - Due 8-26-24 at 4:00 P.M.

Pursuant to Procurement Policy Board rules (PPB) Section 3-04(b)(2)(i) (D) & 3-04(b)(2)(ii), the New York City Administration for Children’s Services (ACS) intends to utilize the negotiated acquisition procurement method to enter into contract negotiations with TemPositions Health Care Inc. for the provision of chaperone services for youth at ACS’ Nicholas Scoppetta Children’s Center. TemPositions Health Care is located at 622 Third Avenue, 39th Floor, New York, NY 10017. The proposed contract term of this program will be August 1, 2024, through June 30, 2024. The EPIN for this proposed award is 06825N0004001. The proposed total contract authority is \$2,893,276.75.

Any information concerning the provider’s performance, as well as any other factors relevant to the proposed contract may be expressed by contacting Peter Pabon at peter.pabon@acs.nyc.gov by no later than August 26, 2024.

This notice is for informational purposes only. Organizations interested in solicitations for these services are invited to do so by registering with the NYC Mayor’s Office of Contract Services (MOCS) PASSPort system. To register with PASSPort, please go to www.nyc.gov/PASSPort. There you will find additional guides to assist you with the registration process.

ACS selected the negotiated acquisition procurement method pursuant to the Procurement Policy Board Rules, Section 3-04(b)(2)(i)(D) & Section 3-04(b)(2)(ii) because due to increase in demand and unexpected staffing shortages, ACS is in urgent need of supplemental staff in addition to those provided by our current vendor, Gotham Per Diem, to provide chaperone services for children and youth residing at the NSCC in time for the FALL 2024 school year. ACS reached out to interested parties who proposed for these services in past solicitations and found that TemPositions Health Care was the only experienced provider who has both the organizational capability and capacity to meet this need in a very short timeframe.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

REQUEST FOR QUALIFICATIONS AND EXPRESSION OF INTEREST (“RFQEI”): CSI 50 CONVERSION, PLA FEASIBILITY, MASTER PLANNING SERVICES, DESIGN BUILD REQUIREMENTS CONSULTANT (OWNER’S REPRESENTATIVE) - Request for Information - PIN# 24-0924 - Due 8-28-24 at 5:00 P.M.

Description:

This Request for Qualifications and Expression of Interest (“RFQEI”) is being issued by the New York City School Construction Authority (“SCA”) to solicit industry feedback and to evaluate vendor interest and qualifications in connection with certain Scopes of Services.

The SCA is responsible for the project delivery of new and major renovations of public school facilities throughout the five (5) boroughs of New York City. The SCA oversees all capital planning, contracting, design, and construction management of all projects in the five-year Capital Plan. To learn more about the SCA’s Capital Plan visit <https://www.nycsca.org/Community/Capital-Plan-Reports-Data#Capital-Plan-67>.

One or more Consultants will be identified, via a Request for Proposal process, to perform Services in one or more of the following areas:

- (1) Transitioning the SCA from the MasterFormat Construction Specifications Institute (CSI) 16 Divisions to the current industry 50 Divisions, and training SCA users thereon;
- (2) Conduct a Project Labor Agreement (“PLA”) Feasibility study for Design Build efforts related to both Capacity (new school) and Capital Improvement Program (“CIP” renovation/rehabilitation) projects.
- (3) Master Planning Services; and
- (4) Design Build Requirements Consulting (also known as “Criteria Consultant” or “Owner’s Rep”) Services.

Scopes of Services

- (1) “CSI 50 Implementation”: The SCA develops and maintains design standards for public school designs that in-house and consultant architects reference to develop construction documents. The SCA performance specifications, which are based on the Construction Specifications Institute (CSI) 16 divisions MasterFormat breakdown, are used for all SCA project types. The selected Consultant will be responsible for SCA-wide conversion from the 5-digit code specifications standards that have been modified over the years to the industry’s latest 50 division MasterFormat with an 8-digit code.
- (2) “PLA Study”: Section 1, § 4 of the via Assembly Bill A7636B (<https://www.nysenate.gov/legislation/bills/2019/A7636>), the New York City Public Works Investment Act (“Act”), requires that all Design Build efforts be accomplished pursuant to a Project Labor Agreement. A Project Labor Agreement (PLA) is a pre-hire collective bargaining agreement with one or more labor organizations that establishes the terms and conditions of employment and project delivery for specific construction projects. The SCA has a current PLA with the Building & Construction Trades Council of Greater New York (BCTC) covering specified rehabilitation and renovation work. In order to implement a PLA that would govern the SCA’s Design Build projects, the SCA must, pursuant to Labor Law Section 222, Section 2.a.2 (New York Labor Law Section 222), determine that the PLA would further the SCA’s “interest in obtaining the best work at the lowest possible price, preventing favoritism, fraud and corruption, and

other considerations such as the impact of delay, the possibility of cost savings advantages, and any local history of labor unrest”. The selected Consultant will be tasked with undertaking, or supporting an SCA-led, “Feasibility Study” specific to a Design Build Project Labor Agreement.

- (3) “Master Planning Services”: In response to this RFQEI we are also asking interested firms to demonstrate their ability to perform Master Planning Services with the goal of updating the SCA’s Design Standards for its large portfolio of school buildings. Interested firms should respond with prior examples of their master planning experience relating to standards. Associated disciplines/areas of expertise required for this Master Plan service effort shall include, but not be limited to Architectural, Structural, Civil, Geotechnical, Electrical, Lighting, Heating Ventilation and Air-Conditioning, Fire Protection, Plumbing and Drainage, Interior Design, Sustainability, Landscaping, Cost Estimating, Acoustical, Elevator, Signage and Wayfinding, Waste Management, Kitchen, Traffic Engineering, ADA Accessibility, Forensic Architect, Educators, Graphic Design, Security Consultant, Historical Preservation and Energy Modeling Services. It is expected that the components of the study will include Engagement, Data Gathering and Educational & Building Standards. The required services include but are not limited to:
 - a. Submission of reports in InDesign, PDF, PowerPoint and other electronic format for all documents as required by the SCA.
 - b. Detailed review and assessment of all existing NYCSCA Design Standards.
 - c. Engagement In-person and virtual engagement with stakeholders at the SCA, New York City Department of Education, New York City School Construction Authority, Communities (targeted outreach), SCA Design Consultants, and other parties via workshops (visioning) to ensure that collection of comprehensive data to support the update and creation of additional Design Standards. Listening sessions, workshops and surveys shall be included as means of collecting data for this Master Plan.
 - d. In-person and virtual community engagement to identify highest needs, a vision for teaching and learning in the form of educational specification standards and building and architectural design standards.
 - e. Preparation of recommendations based on data collected from stakeholders, best pedagogical practice and associated cost estimates for the recommendations. Cost estimates will be instrumental in the decision-making process as it will impact the SCA’s 2025-2029 Capital Plan.
 - f. Updating and adding to the SCA’s current suite of standards.
- (4) “Design Build Requirements Consultant”: The SCA is authorized, via the Act, to award Design Build contracts for certain public works within the City. The Act requires that the SCA utilize a two-step procurement process for Design Build contracts: a request for qualifications and then a request for proposals to short-listed vendors. The Act also requires that the SCA select the Design Build proposal that provides the best value to the City, taking into consideration the qualifications of the Design Builder, the quality of the proposal, and the proposed cost. Design Build contracts awarded pursuant to the Act may be for a lump sum, guaranteed maximum price (“GMP”), or other price format. Firms reviewing this RFQEI should be familiar with the Act, and with the Design Build model, and are being asked to respond to certain SCA-specific nuances in connection therewith. The selected Consultant will be tasked with Program and Project Development, including, but not limited to, development of Design Build strategies, creation of internal program materials, risk assessments, development of project specific performance-based specifications, pre- and post-award support, and project management/administration services, for SCA Design Build projects. Ultimately, guided by primers and best practices promulgated by the Design Build Institute of America (“DBIA”), the SCA intends to seek Requirements Consulting Phase 2 services from proposers with strong leadership, technical, and facilitative skills that have extensive experience developing and managing Design Build projects. Services required by the SCA include, without limitation, the following:

CONSUMER AND WORKER PROTECTION

■ NOTICE

Notice of Adoption

Notice of Adoption to amend rules relating to debt collectors.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN the Commissioner of the Department of Consumer and Worker Protection ("DCWP" or "Department") by sections 1043 and 2203(f) of the New York City Charter, sections 20-104, 20-493(a), and 20-702 of the New York City Administrative Code, and in accordance with the requirements of section 1043 of the New York City Charter, that the Department amends Title 6 of the Rules of the City of New York.

This rule was proposed and published on September 29, 2023. A public hearing was held on November 29, 2023. DCWP received 23 comments.

Statement of Basis and Purpose of Rule

In June 2020, the Department added new rules requiring debt collectors to inform consumers about whether certain language access services are available and to retain records relating to language access services. After these rule changes took effect, the industry provided additional questions and feedback to the Department. In response, the Department is adopting these amendments.

The Department is also amending its debt collection rules in response to changes in federal regulations. In late 2020, the Consumer Financial Protection Bureau ("CFPB") promulgated new debt collection rules updating the Fair Debt Collection Practices Act of 1977. The CFPB's new debt collection rules address current industry collection practices, the changing forms of communication, unfair practices, and debt collection problems facing consumers today at a national level.

On November 4, 2022, the Department proposed amendments to adopt similar protections as those provided to consumers at the federal and state levels, and included provisions based on the Department's insight from its regulation of the debt industry for decades as it pertains to NYC consumers. In response to its Notice of Proposed Rulemaking, the Department received comments from national and local industry associations, debt collection agencies, debt buying companies, debt collection law firms, national consumer advocacy groups, and local legal services organizations. A public hearing was held on December 19, 2022. After a review of all the comments, the Department re-noticed the proposed amendments on September 29, 2023 to further address trade practices and consumer protection concerns as they pertain to debt collection from New York City consumers.

Specifically, the re-noticed proposed amendments included the following:

- Section 2-191 requires debt collection agencies to give consumers certain disclosures when collecting on time-barred debt. This section is repealed in its entirety, but obligations concerning time-barred debt remain in section 5-77. (Section 1)
- Section 2-193(c) requires a debt collection agency to maintain, in a language other than English, an annual report identifying, by language, certain actions taken by the agency. Because the report is organized by language, the contents of the report need not be limited to actions taken in a language other than English. The Department proposed to amend the subdivision so that it applies to actions taken in any language. (Section 2)
- Section 2-193 also requires debt collection agencies to maintain other records. The proposed amendments would extend the requirements to cover all records showing compliance with relevant laws and rules as well as monthly logs documenting certain consumer interactions. (Section 2)
- The Department proposed to add various definitions to section 5-76 of its rules. These amendments would provide guidance and clarity to the industry on new requirements in section 5-77 concerning communications with consumers in connection with debt collection. (Sections 3 and 4)
- The Department proposed more substantive edits to section 5-77. These proposed amendments
 - clarified what information debt collectors must provide consumers at the outset of debt collection communications;
 - placed limits on the frequency of debt collection communications;
 - required debt collectors to disclose the existence of a debt to consumers before reporting information about the debt to a consumer reporting agency;
 - clarified the disclosures that debt collectors must give consumers when collecting on time-barred debt;
 - clarified the requirements that debt collectors are obligated to comply with when collecting on medical debt; and
 - clarified how debt collectors may employ modern communication technologies in compliance with the law, including voicemails, email, text messages, and social media. (Section 5)

On November 29, 2023, a public hearing was held on the September 29, 2023 re-noticed proposed rule, and the Department received comments from local, state, and national industry trade associations for credit and collection professionals, debt collectors, as well as from national and local consumer advocacy groups and legal services organizations who work closely with community groups and consumers across New York City and State. After reviewing and considering all the comprehensive and thoughtful comments, the Department made revisions to its proposed amendments to the rule to address certain provisions as detailed below:

- Revisions to section 2-193 include specifying that a debt collection agency is obligated to retain records only on those consumer complaints that were sent to such debt collection agency. Additionally, the Department is revising the audio-retention requirements to require debt collection agencies to retain records of oral communications with the consumer. (Section 2)
- Revisions to definitions in section 5-76 clarify the meaning of the terms “debt collector” and “itemization reference date”; and add the term “pre-charge-off period”. Notably, the Department’s definition of “debt collector” is revised to include organizations, as well as natural persons, in order to clarify that debt collectors remain liable for the violations of section 5-77 committed by their employees. (Sections 3 and 4)
- Revisions to the proposed amendments in section 5-77 include clarifications on communications, required disclosures to the consumer at the onset of collection practices, dispute and verification practices, obligations by debt collectors to transfer certain information with an account, and practices required when collecting on expired debt and medical debt. Specifically, changes include specifying that
 - the frequency of total communications allowed across all media are to be applied per consumer and not per account, unless the debt collector is collecting on multiple debts from a single consumer for separate creditors;
 - debt collectors are permitted to send an initial electronic message to a consumer solely to obtain permission to communicate electronically with such consumer;

- debt collectors are permitted to communicate with a consumer at the place of the consumer’s employment with prior consent of the consumer given directly to the debt collector;
- the itemization of the debt as proposed is simplified, except if any amount is added to the debt by the debt collector;
- collection activity must cease upon receipt of a dispute or request for verification and cannot resume unless and until the consumer is provided a timely verification of the debt;
- any disputed amount on the original itemization of the debt requires the debt collector to provide a second expanded itemization, and treat such dispute in accordance with the verification of debt provision;
- for expired debt, the initial written notice is the validation notice with the required expired debt disclosure, which can be combined with the state’s disclosure, and such a validation notice must be provided to the consumer before contact by any other means;
- for medical debt, information about the debt cannot be reported to a consumer reporting agency, and this information must be disclosed to the consumer in the validation notice. Further, when a consumer disputes or requests verification of one medical debt account, any related accounts must be noted as disputed. However, the debt collector must only provide verification of the debt on the specific account requested by the consumer; and
- all provisions of the revised rule apply prospectively. (Section 5)

The effective date of the amendments is December 1, 2024.

Sections 1043 and 2203(f) of the New York City Charter, and Sections 20-104(b), 20-493(a), and 20-702 of the New York City Administrative Code authorize the Department to make these amendments.

- (4) A call-back telephone number that is answered by a natural person.

Original creditor and originating creditor. The terms “original creditor” or “originating creditor” means any person, firm, corporation, or organization who originated the debt, including by extending credit and creating the debt.

Pre-charge-off period. The term “pre-charge-off period” means the period of time commencing with either (a) the date of the last periodic statement, written account statement, or invoice, which was provided to the consumer by a creditor before the institution of debt collection procedures, or (b) the date the last payment was applied to the debt, and ending with the date the debt was charged off.

Section 4. The definitions of “Communication” and “Debt collector” set forth in section 5-76 of part 6 of subchapter A of chapter 5 of Title 6 of the Rules of the City of New York are amended to read as follows:

Communication. The term “communication” means the conveying of information regarding a debt directly or indirectly to any person through any medium, including by electronic means. The term communication excludes a limited-content message.

Debt collector. The term “debt collector” means [an individual who, as part of his or her job, regularly collects or seeks to collect a debt owed or due or alleged to be owed or due] any person, including any natural person or organization, including a debt collection agency, engaged in any business the principal purpose of which is the collection of any debts or who regularly collects, or attempts to collect, directly or indirectly, debts owed or due or asserted to be owed or due to another

person. Notwithstanding the exceptions contained in this section, debt collector includes a buyer of debts who seeks to collect on such debts either directly or indirectly, as well as any creditor that, in collecting its own debts, uses any name other than its own that would suggest or indicate that someone other than such creditor is collecting or attempting to collect such debts. The term does not include:

- (1) any officer or employee of the United States, any State or any political subdivision of any State to the extent that collecting or attempting to collect any debt owed is in the performance of [his or her] their official duties;
- (2) any person while engaged in performing an action required by law or regulation, or required by law or regulation in order to institute or pursue a legal remedy;
- (3) any individual employed by a nonprofit organization which, at the request of consumers, performs bona fide consumer credit counseling and assists consumers in the liquidation of their debts by receiving payments from such consumers and distributing such amounts to creditors; [or]
- (4) any individual employed by a utility regulated under the provisions of the Public Service Law, to the extent that New York Public Service Law or any regulation promulgated thereunder is inconsistent with this part; or
- (5) any person performing the activity of serving or attempting to serve legal process on any other person in connection with the judicial enforcement of any debt, or serving, filing or conveying formal legal pleadings, discovery requests, judgments, or other documents pursuant to the applicable rules of civil procedure, where such person is not a party, or providing legal representation to a party, to the action.

Where a provision of this part limits the number of times an action may be taken by the debt collector, or establishes as a prerequisite to taking an action that the debt collector has received or done something, or prohibits an action if the debt collector has knowledge of or reason to know something, the term “debt collector” includes any debt collector employed by the same employer.

Section 5. Section 5-77 of part 6 of subchapter A of chapter 5 of Title 6 of the Rules of the City of New York is amended to read as follows:

§ 5-77. Unconscionable and Deceptive Trade Practices.

It is an unconscionable and deceptive trade practice for a debt collector to attempt to collect a debt owed, due, or asserted to be owed or due except in accordance with the following rules:

(a) **Acquisition of location information.** Any debt collector communicating with any person other than the New York City consumer for the purpose of acquiring location information about the consumer in order to collect a debt[, after the institution of debt collection procedures shall] must:

(1) identify [himself or herself] themselves, state that [he or she is] they are confirming or correcting location information about the consumer and identify [his or her employer] the debt collector on whose behalf they are communicating when that identification connotes debt collection only if expressly requested;

(2) not state or imply that such consumer owes any debt;

(3) not communicate more than once, unless requested to do so by such person or unless the debt collector reasonably believes that the earlier response of such person is erroneous or incomplete and that such person now has correct or complete location information, in which case the debt collector may communicate one additional time; for the purposes of this paragraph (3), the debt collector need not count as a communication returned unopened mail, an undelivered email message, or a message left with a party other than the person the debt collector is attempting to reach in order to acquire location information about the consumer, as long as the message is limited to a telephone number, the name of the debt collector and a request that the person sought telephone the debt collector;

(4) not use any language or symbol on any envelope or in the contents of any communication effected by the mail or a delivery service that indicates that the debt collector is in the debt collection business or that the communication relates to the collection of a debt; provided that a debt collector may use [his or her] their business name or the name of a department within [his or her] their organization as long as any name used does not connote debt collection; and

(5) if the debt collector knows the consumer is represented by an attorney with regard to the subject debt and if the debt collector has knowledge of the attorney’s name and address or can readily ascertain such attorney’s name and address, not communicate with any person other than that attorney for the purpose of acquiring location information about the consumer unless the attorney fails to provide the

consumer's location within a reasonable period of time after a request for the consumer's location from the debt collector and:

- (i) informs the debt collector that [he or she] the attorney is not authorized to accept process for the consumer; or
- (ii) fails to respond to the debt collector's inquiry about the attorney's authority to accept process within a reasonable period of time after the inquiry.

[The employer of a debt collector may not be held liable in any action brought under § 5-77(a)(3) or (5) if the employer shows by a preponderance of the evidence that the violation was not intentional and resulted despite the maintenance of procedures reasonably adapted to avoid any such violation.]

(b) Communication in connection with debt collection. [A] Unless state or federal law prohibits compliance with this section, a debt collector, in connection with the collection of a debt, [shall] must not:

(1) [After institution of debt collection procedures, without] Without the prior written consent of the New York City consumer, given directly to the debt collector [after the institution of debt collection procedures], or permission of a court of competent jurisdiction, [communicate with the consumer in connection with the collection of any debt;] engage in any of the following conduct:

- (i) communicate or attempt to communicate with the consumer at any unusual time or place known, or which should be known, to be inconvenient to the consumer. In the absence of knowledge of circumstances to the contrary, a debt collector shall assume that the convenient time for communicating or attempting to communicate with a consumer is after 8 a.m. [o'clock ante meridian] and before 9 p.m. [o'clock post meridian time at the consumer's location] Eastern Standard Time;
- (ii) except for any communication that is required by law, communicate or attempt to communicate directly with the consumer if the debt collector knows the consumer is represented by an attorney with respect to such debt and if the debt collector has knowledge of the attorney's name and address or can readily ascertain such attorney's name and address, unless the attorney fails to respond within a reasonable period of time to a communication from the debt collector or unless the attorney consents to direct communication with the consumer[, except any communication which is required by law or chosen from among alternatives of which one is required by law is not hereby prohibited]; or
- (iii) [at the consumer's place of employment if the debt collector knows or has reason to know that the consumer's employer or supervisor prohibits the consumer from receiving such a communication; or
- (iv) with excessive frequency. In the absence of knowledge of circumstances to the contrary, a debt collector shall assume that more than twice during a seven-calendar-day period is excessively frequent. In making its calculation, the debt collector need not include any communication between a consumer and the debt collector which is in response to an oral or written communication from the consumer, or returned unopened mail, or a message left with a party other than one who is responsible for the debt as long as the message is limited to a telephone number, the name of the debt collector and a request that one who is responsible for the debt telephone the debt collector; or any communication which is required by law or chosen from among alternatives of which one is required by law] communicate or attempt to communicate, including by leaving limited-content messages, with the consumer with excessive frequency.

(A) Excessive frequency means any communication or attempted communication made by the debt collector to a consumer by any medium of communication, in connection with the collection of debt within a seven-consecutive-calendar-day period, either 1) more than three times in total during such period per consumer or 2) any time after the consumer responded to a prior communication within such period.

(B) Where a debt collector is attempting to collect on multiple debts for the same consumer for separate creditors, excessive frequency shall be calculated separately for each non-affiliated creditor.

(C) The date of the first conversation or attempted communication is the first day of such a seven-consecutive-calendar-day period. Communication or attempted communication between a consumer and the debt collector that is initiated by or at the request of a consumer; in response to a communication from the consumer in the same email thread or live chat; not connected to the dialed number,

returned mail, or a bounced email; or required by law shall not be included in the calculation of excessively frequent communications.

(D) Any communication or attempted communication made by a person pursuant to the rules of civil procedure, such as serving, filing, or conveying formal legal pleadings, discovery requests, depositions, court conferences, communications with the consumer's attorney on a pending legal matter, or ordered by the New York State Unified Court System, shall not be included in the calculation of excessively frequent communications. Traditional debt collection activities, such as sending a consumer a collection letter or placing a call, or using any other means, to contact the consumer to collect on debt, count toward the calculation of excessively frequent communications in section 5-77 (b)(1)(iv)(A).

[The employer of a debt collector may not be held liable in any action brought under 6 RCNY § 5-77(b)(1)(ii)-(iv) if the employer shows by a preponderance of the evidence that the violation was not intentional and resulted despite maintenance of procedures reasonably adapted to avoid any such violation]

For the purpose of paragraph (b)(1) of this section, the term "consumer" includes the consumer's parent (if the consumer is a minor), guardian, executor, administrator, or spouse (unless the debt collector knows or should know that the consumer is legally separated from or no longer living with their spouse).

(2) [In order to collect a debt, and except as provided by 6 RCNY § 5-77(a)] Except if otherwise permitted by law, communicate about a debt with any person other than the consumer who is obligated or allegedly obligated to pay the debt, [his or her] the consumer's attorney, a consumer reporting agency [if otherwise permitted by law], the creditor, the attorney of the creditor, a debt collector to whom [or to whose employer] the debt has been assigned for collection[, a creditor who assigned the debt for collection,] or the attorney of that debt collector[, or the attorney for that debt collector's employer,] without the prior written consent of the consumer or their attorney given directly to the debt collector [after the institution of debt collection procedures, or without the prior written consent of the consumer's attorney], or without the express permission of a court of competent jurisdiction, or as reasonably necessary to effectuate a [postjudgment] post-judgment judicial remedy.

(3) Communicate with any person other than [the consumer's attorney, a consumer reporting agency if otherwise permitted by law, the creditor, the attorney of the creditor, a debt collector to whom or to whose employer the debt has been assigned for collection, a creditor who assigned the debt for collection, or the attorney of that debt collector or the attorney for that debt collector's employer] those persons enumerated in paragraph (2) of this subdivision in a manner which would violate any provision of [this part] paragraph (1) of this subdivision if such person were a consumer.

(4) [After institution of debt collection procedures, communicate] Communicate or attempt to communicate with a consumer with respect to a debt if the consumer has notified the debt collector [in writing] that the consumer wishes the debt collector to cease further communication with the consumer with respect to that debt, except [that] for any communication which is required by law [or chosen from among alternatives of which one is required by law is not hereby prohibited]. The debt collector shall have a reasonable period of time following receipt by the debt collector of the notification to comply with a consumer's request[, except that any debt collector who knows or has reason to know of the consumer's notification and who causes further communication shall have violated this provision]. The debt collector may, however:

(i) communicate with the consumer once in writing including by electronic means:

(A) to advise the consumer that the debt collector's further efforts are being terminated; or;]

(B) [to notify the consumer that the debt collector or creditor may invoke specified remedies which are ordinarily invoked by such debt collector or;

(C) where applicable] to the extent such notice was not previously provided, to notify the consumer that the debt collector or creditor intends to invoke a specific remedy, if it[that] is a remedy [he is]they are legally entitled to invoke and [if he they actually intends] intend to invoke it; and

(ii) respond to each subsequent [oral or written] communication from the consumer.

(5) [For the purpose of 6 RCNY § 5-77(b)(1)-(4), the term "consumer" includes the consumer's parent (if the consumer is a minor), guardian, executor, administrator, spouse (unless the debt collector knows or has reason to know that the consumer is legally

separated from or no longer living with his or her spouse), or an individual authorized by the consumer to make purchases against the account which is the subject of the collection efforts. A request that the debt collector cease further communication, provided for under 6 RCNY § 5-77(b)(4), if made by the consumer's spouse or an individual authorized by the consumer to make purchases against the account, only affects the debt collector's ability to communicate further with the person making the request. Contact a New York City consumer by electronic communication to collect or attempt to collect debt unless the debt collector satisfies the following requirements:

(i) A debt collector may only use a specific email address, text message number, social media account, or specific electronic medium of communication if such electronic communication is private and direct to the consumer and either:

(A) the debt collector obtains revocable consent from the consumer in writing, given directly to the debt collector, to use such email address, text message number, social media account, or another electronic medium of communication to communicate about the specific debt, and the consumer has not since revoked the consent, provided that a debt collector may correspond with a consumer through electronic communications after receiving oral consent from the consumer solely to satisfy the requirements of this paragraph and to obtain written consent, but the debt collector may not collect or attempt to collect debt by electronic communications until the requirements in this paragraph are satisfied; or

(B) the consumer used such email address, text message number, social media account, or another electronic medium of communication to communicate with the debt collector about a debt within the past 60 days and the consumer has not since opted out of communications to that email address, text message number, social media account or other electronic medium of communication or opted out of all electronic communications generally.

(ii) A person's electronic signature constitutes written consent under this section, provided it complies with all relevant state and federal laws and rules, including article three of the New York Technology Law (New York Electronic Signatures and Records Act) and chapter 96 of title 15 of the United States Code (Electronic Signatures in Global and National Commerce Act).

(iii) The written consent is retained by the debt collector until the debt is discharged, sold, or transferred.

(iv) A debt collector who sends any disclosures required by this subchapter electronically must do so in a manner that is reasonably expected to provide actual notice, and in a form that the consumer may keep and access later.

(v) The debt collector must include in every electronic communication to the consumer a clear and conspicuous written disclosure that the person may revoke consent to receive electronic communications at any time, and a reasonable and simple method by which the consumer can opt-out of further electronic communications or attempts to communicate by replying "stop"; provided that, the debt collector must also accept any other word(s) sent in a response by a consumer that reasonably indicates the consumer wishes to opt-out. The disclosure to the consumer must be in the same language as the rest of the communication and the debt collector must accept the consumer's opt-out request in the same language as in the initial electronic communication that prompted the response from the consumer or in any language used by the debt collector to collect debt.

(vi) The debt collector may not require, directly or indirectly, that the consumer pay any fee to opt-out or provide any information other than the consumer's opt-out preferences and the email address or text message number subject to the opt-out request.

(6) Communicate or attempt to communicate with a consumer at the consumer's place of employment, including by sending an electronic message to an email address or a text message number that the debt collector knows or should know is provided to the consumer by the consumer's employer. Notwithstanding the foregoing, such communication is permissible where the consumer provided consent to the debt collector to use a direct number at the consumer's place of employment as the consumer's preferred method of contact for the debt and the consumer has not otherwise revoked such consent and such communication does not violate any other provision of state or federal law.

(7) Communicate or attempt to communicate with a consumer on a social media platform, unless the debt collector obtains consent from the consumer to communicate about the debt on the specific social media platform and the communication is not viewable by anyone

else other than the consumer, including but not limited to the general public or the consumer's social media contacts.

(8) Communicate or attempt to communicate with a consumer through a medium that the consumer has requested that the debt collector not use to communicate with the consumer.

(9) Communicate or attempt to communicate with a consumer to collect a debt for which the debt collector knows or should know that the consumer was issued a Notice of Unverified Debt pursuant to paragraph (f)(8) of this section, unless a subsequent debt collector verifies the debt prior to such communication in accordance with paragraph (f)(7) of this section, but no sooner than 30 days from the date the consumer receives verification of the debt.

(c) **Harassment or abuse.** A debt collector, in connection with the collection of a debt, shall not engage in conduct the natural consequence of which is to harass, oppress or abuse any person in connection with a debt. Such conduct includes:

(1) the use or threat of use of violence or other criminal means to harm the physical person, reputation, or property of any person;

(2) the use of obscene or profane language or language the natural consequence of which is to abuse the hearer or reader;

(6) except [as provided by 6 RCNY § 5-77(a), the placement of telephone calls without meaningful disclosure of the caller's identity] where expressly permitted by federal, state, or local law, communicating with a consumer without disclosing the debt collector's identity.

(d) **False or misleading representations.** A debt collector, in connection with the collection of a debt, shall not make any false, deceptive, or misleading representation. Such representations include:

(1) the false representation or implication that the debt collector is vouched for, bonded by, or affiliated with the United States or any State, including the use of any badge, uniform, or identification [facsimile] thereof;

(2) the false representation or implication that any individual is an attorney or is employed by a law office or a legal department or unit, or any communication is from an attorney, a law office or a legal department or unit, or that an attorney conducted a meaningful review of the consumer's debt account;

(3) the representation or implication that nonpayment of any debt will result in the arrest or imprisonment of any person or the seizure, garnishment, attachment, or sale of any property or wages of any person unless such action is lawful and the debt collector or creditor intends to pursue such action;

(4) the threat to take any action that cannot legally be taken or that is not intended to be taken;

(5) the false representation or implication that a sale, referral, or other transfer of any interest in a debt shall cause the consumer to:

(i) lose any claim or defense to payment of the debt; or

(ii) become subject to any practice prohibited by this part;

(6) the false representation [of] or implication made in order to disgrace the consumer that the consumer committed any crime or other conduct;

(9) the false representation or implication that documents are not legal process forms or do not require action by the consumer;

(10) the false representation or implication that a debt collector operates or is employed by a consumer reporting agency as defined by 15 U.S.C. § 1681a(f);

(11) the use or distribution of any written communication which simulates or is falsely represented to be a document authorized, issued,

or approved by any court, official, or agency of the United States or any State, or which creates a false impression as to its source, authorization, or approval;

(12) the use of any false representation or deceptive means to collect or attempt to collect any debt or to obtain information concerning a consumer;

(13) the use of any business, company, or organization name other than the true name of the debt collector's business, company, or organization, unless the general public knows the debt collector's business, company or organization by another name and to use the true name would be confusing;

(14) [after institution of debt collection procedures,] the false representation of the character, amount or legal status of any debt, or any services rendered or compensation which may be lawfully received by any debt collector for the collection of a debt[, except that the employer of a debt collector may not be held liable in any action brought under this provision if the employer shows by a preponderance of the evidence that the violation was not intentional and occurred despite the maintenance of procedures reasonably adapted to avoid any such violation];

(15) except [as otherwise provided under 6 RCNY § 5-77(a) and except for any communication which is required by law or chosen from among alternatives of which one is required by law] for limited-content messages and where otherwise expressly permitted by federal, state, or local law, the failure to disclose clearly and conspicuously in all communications, in the same language used by the debt collector to collect [a] the debt, [or to obtain information about a consumer,] that the debt collector is attempting to collect a debt and that any information obtained will be used for that purpose;

(16) the use of any [name that is not the debt collector's actual name; provided that a debt collector may use a name other than his actual name if he or she uses only that name in communications with respect to a debt and if the debt collector's employer has the name on file so that the true identity of the debt collector can be ascertained] assumed name; provided that an individual debt collector may use an assumed name when communicating or attempting to communicate with a consumer about a debt if that collector uses the assumed name consistently and is the only person using that assumed name, and the assumed name is on file so that the true identity of the collector can be ascertained;

(17) any conduct proscribed by New York General Business Law §§ 601(1), (3), (5), (7), (8), or (9);

(18) the false, inaccurate, or partial translation of any communication [when the debt collector provides translation services]; [or]

(19) after the institution of debt collection procedures, the false representation or omission of a consumer's language preference when returning, selling or referring for debt collection litigation any consumer account, where the debt collector [is aware] knows or should know of such preference;

(20) except where expressly permitted by federal, state, or local law, the failure to clearly and conspicuously disclose, before any attempt to collect a debt, that the communication is being recorded and the recording may be used in connection with the collection of the debt; or

(21) after the institution of debt collection procedures, the false representation that the consumer cannot dispute the debt or request verification of the debt from the debt collector by oral communication or by any medium of communication used by the debt collector to collect debt.

(e) **Unfair and unconscionable practices.** A debt collector may not use any unfair or unconscionable means to collect or attempt to collect a debt. Such conduct includes:

(1) the collection of any amount (including any interest, fee, charge, or expense incidental to the principal obligation) unless such amount is expressly authorized by the agreement creating the debt or permitted by law;

(2) the solicitation or use by a debt collector of any postdated check or other postdated payment instrument for the purpose of threatening or instituting criminal prosecution;

(6) after institution of debt collection procedures, [communicating with a consumer regarding a debt without identifying himself or herself and his or her employer or communicating in writing with a consumer regarding a debt without identifying himself or herself by name and address and in accordance with 6 RCNY § 5-77(e) (5)] except where expressly permitted by federal, state, or local law, communicating with a New York City consumer without disclosing the debt collector's name; [or]

During the waiting period, the debt collector must permit receipt of, and monitor for, notifications of undeliverability from communications providers. If the debt collector receives such notification during the waiting period, the debt collector must not furnish information about the debt to a consumer reporting agency until the debt collector satisfies this paragraph.

This paragraph (e)(10) does not apply to a debt collector's furnishing of information about a debt to a nationwide specialty credit reporting agency that compiles and maintains information on a consumer's check writing history, as described in section 603(x)(3) of the Fair Credit Reporting Act (15 U.S.C. § 1681a(x)(3));

(13) selling, transferring, returning to the debt's owner or creditor, or placing for collection or with an attorney or law firm to sue a New York City consumer to recover any debt for which the debt collector was unable to provide written verification of the debt, despite having received a first dispute or first request for verification of the debt from the consumer, without including a clear and conspicuous notice to the recipient of the debt that the debt was not verified despite receiving a first dispute or first request for verification from the consumer, and a copy of the "Notice of Unverified Debt" sent to the consumer pursuant to paragraph (f)(8) of this section.

(f) **Validation of debts.**

(1) [Upon acceleration of the unpaid balance of the debt or demand for the full balance due, the following validation procedures shall be followed by debt collectors who are creditors or who are employed by creditors as defined by 15 U.S.C. § 1602(f) (Truth in Lending Act) but who are not required to comply with 15 U.S.C. § 1637(a)(8) (Fair Credit Billing Act) and who do not provide consumers with an opportunity to dispute the debt which is substantially the same as that outlined in 15 U.S.C. § 1637(a)(8) and regulations promulgated thereunder: Within five days of any further attempt by the creditor itself to collect the debt, it shall send the customer a written notice containing:

(i) the amount of the debt;

(ii) a statement that unless the consumer, within thirty days after receipt of the notice, disputes the validity of the debt, or any portion thereof, the debt will be assumed valid by the debt collector;

(iii) a statement that, if the consumer notifies the debt collector in writing within the thirty-day period at the address designated by the debt collector in the notice, that the debt, or any portion thereof is disputed, the debt collector shall either:

(A) make appropriate corrections in the account and transmit to the consumer notification of such corrections and an explanation of any change and, if the consumer so requests, copies of documentary evidence of the consumer's indebtedness; or

(B) send a written explanation or clarification to the consumer, after having conducted an investigation, setting forth to the extent applicable the reason why the creditor believes the account of the consumer was correctly shown in the written notice required by 6 RCNY § 5-77(f)(1) and, upon the consumer's request, provide copies of documentary evidence of the consumer's indebtedness. In the case of a billing error where the consumer alleges that the creditor's billing statement reflects goods not delivered in accordance with the agreement made at the time of the transaction, a creditor may not construe such amount to be correctly shown unless it determines that such goods were actually delivered, mailed, or otherwise sent to the consumer and provides the consumer with a statement of such determination.

(iv) if the debt collector is not the original creditor, a statement that, upon the consumer's written request within the thirty-day period, sent to the address designated by the debt collector in the notice, the debt collector will provide the consumer with the name and address of the original creditor;

(v) an address to which the consumer should send any writing which disputes the validity of the debt or any portion thereof or any writing requesting the name and address of the original creditor.

(2) **Validation notice.** Within five days after the initial communication with a New York City consumer in connection with the collection of any debt, a debt collector [who is not a creditor and not employed by a creditor shall, unless the following information is contained in an initial written communication, or the consumer paid the debt, send the consumer a written notice containing] must send the consumer a written notice containing any and all information required by federal and state law, as well as the following information in a clear and conspicuous manner, unless the consumer paid the debt or such information was contained, clearly and conspicuously, in an initial written communication sent by U.S. mail or delivery service, or if the initial communication with the consumer occurred before December 1, 2024 and a validation notice was already sent to such consumer:

(i) [the amount of the debt

(ii) the name of the creditor to whom the debt is owed] the New York City Department of Consumer and Worker Protection license number assigned to the debt collection agency, if applicable;

[(iii) a statement that unless the consumer, within thirty days after receipt of the notice, disputes the validity of the debt, or any portion thereof, the debt will be assumed to be valid by the debt collector] (ii) the name of the natural person for the consumer to contact;

Be sure to keep a copy of all letters.
- **Inform the debt collector if any charges arise from medical debt.** If you have a low or limited income, you may be eligible to apply for help under the "Financial Assistance Policy." Medical debt cannot be reported on your credit report.

[(vi) an address to which the consumer should send any writing which disputes the validity of the debt or any portion thereof or any writing requesting the name and address of the original creditor;

The information required under subdivisions (i) through (vi) may be included on the reverse side of a written validation notice only if the debt collector includes them together under a heading entitled, "Important Additional Consumer Rights Under New York City Law" and includes a clear and conspicuous statement on the front of the validation notice referring to the disclosures on the reverse side. If included on the reverse side of the validation notice, the information must be positioned in a manner so it is readily noticeable and legible to consumers even after a consumer tears off any response portion of the notice.

(vii) The date of the validation notice.

(viii) Itemization of the debt. Together with the items required under federal or New York State law, a debt collector must provide the following information in the itemization of the debt to New York City consumers:

(A) A numerical value for all fields as of the itemization reference date, even if no additional amounts have accrued.

(B) If the amount asserted to be owed by the consumer changed during the pre-charge-off period, the debt collector must add a line for the amount of the debt as of the date of the last written notification sent to the consumer on or before the institution of debt collection procedures, except if this information is not available to the debt collector at the time of the itemization.

(C) If any amount has been assessed or applied by the debt collector to the amount of the debt after the institution of debt collection procedures or after a judgment, the debt collector must include fields listing the basis of the consumer's obligation to pay any interest (including rates applied), cost or fee, and if such amount was added by the debt collector based on the consumer's agreement with the creditor or as allowed by law.

In general. Debt collection agencies that must comply with section 20-493.2(a) of the Administrative Code and section 2-190(b) of subchapter S shall be deemed to satisfy the requirement of furnishing an itemization of the debt under the licensing law by complying in accordance with section 5-77(f)(1)(viii).

(2) *Delivery of validation notice.* A debt collector must deliver written disclosures under paragraph (f)(1) of this section in the following manner:

(i) By U.S. mail or delivery service. If a debt collector only delivers a validation notice electronically or orally, it does not satisfy the requirement under this paragraph and paragraph (f)(1) of this section.

(ii) As a duplicate copy of the validation notice and itemization of the debt by any other means, including electronic mail, provided it is in accordance with other sections or laws, such as section 101(c) of the Electronic Signatures in Global and National Commerce Act (E-SIGN Act) (15 U.S.C. § 7001(c)) or their successor provisions.

(iii) As a duplicate copy electronically, if it is in accordance with section 5-77(b)(5) and the notice must include the debt collector's website, email address, and information on how the consumer can dispute the debt, seek verification of the debt, or request originating-creditor information electronically.

(3) *Notices in languages other than English.* A debt collector must do the following regarding collecting or attempting to collect debt from New York City consumers in a language other than English:

(i) If a debt collector offers consumers validation notices in a language other than English, and a consumer request a notice in such language, the debt collector must mail a written notice to the consumer completely and accurately in the language requested within 30 days of receiving such a request. As required by section 1006.34(e)(2) of title 12 of the Code of Federal Regulations, a debt collector who receives a request from the consumer for a Spanish-language validation notice must provide the consumer with a validation notice completely and accurately translated into Spanish.

(ii) In addition to the requirements in paragraph (f)(1) of this section, a debt collector may not contact a consumer in a language other than English to collect debt without providing the consumer, by U.S. mail or delivery service, a validation notice written accurately in the language used by the debt collector during the exchange with the consumer, within five days of the first contact by the debt collector in the language other than English. A debt collector is not required to mail the validation notice in a language other than English to the consumer more than once during the period that the debt collector owns or has the right to collect the debt.

(iii) If the debt collector sends a validation notice in a language other than English, it must also accept and respond to disputes, complaints, requests for verification of the debt, requests to cease further communication, and other communications by the consumer completely and accurately in the same language as the validation notice.

(3) [4] [If, pursuant to 6 RCNY §§ 5-77(f)(1) or 5-77(f)(2) of this Regulation the consumer notifies the debt collector in writing within the thirty-day period that the debt, or any portion thereof, is disputed, or that the consumer requests the name and address of the original creditor, the debt collector shall not attempt to collect the amount in dispute until the debt collector obtains and mails to the consumer verification of the debt or a copy of the judgment or the name and address of the original creditor. The debt collector shall maintain for one year from the date the notice was mailed, records containing documentation of the date such notice was mailed, the date the response, if any, was received and any action taken following such response] *Validation Period.* The validation period extends for at least

30 consecutive days from the date a consumer receives or is assumed to receive a validation notice. For purposes of determining the validation period, the debt collector may assume that a consumer received the validation notice five business days (excluding Saturdays, Sundays, and legal public holidays identified in 5 U.S.C. § 6103(a)) after the debt collector sent it.

(4) [5] [The failure of a consumer to dispute the validity of a debt under 6 RCNY § 5-77(f) shall not be construed by any court as an admission of liability by the consumer] *Overshadowing of rights to dispute or request original-creditor information.* During the validation period, a debt collector must not engage in any collection activities or communications that overshadow or are inconsistent with the disclosure of the consumer's rights to dispute the debt and request the name and address of the original creditor.

(6) *Disputes and requests for verification of debt.* A New York City consumer may dispute or request a verification of the debt orally, in writing, or electronically (if the debt collector uses electronic communications to collect debt) at any time during the period in which the debt collector owns or has the right to collect the debt. The debt collector must cease collection on such debt after receiving the first dispute or the first request for verification by a consumer, unless and until the consumer receives timely verification of the debt in accordance with paragraph (f)(7) of this section. If a debt collector provides consumers the ability to submit disputes or requests for verification electronically through a website, such website must automatically generate a copy of each written dispute or request for verification that a consumer can print, save, or have emailed to them. A consumer shall not be required to waive any rights to make use of such an online submission option.

(7) *Verification of debt.* A debt collector must provide a written response to a New York City consumer's first dispute or first request for verification of the debt as outlined in paragraph (f)(6) of this section, except for accounts purchased before December 1, 2024. To comply with this paragraph, a debt collector must:

(i) Provide the consumer with a written verification of the debt within a 45-day period after receiving the first dispute or first request for verification of the debt made by the consumer. A debt collector is not required to verify a debt pursuant to this paragraph more than once during the period that the debt collector owns or has the right to collect the debt; provided, however, that the debt collector must send a copy of any such verification documents, previously sent to the consumer, one additional time upon request by the consumer. To resume collection activity after receiving the first dispute or the first request for verification of the debt made by a consumer, a debt collector must provide timely verification of the debt to the consumer in writing, by U.S. mail or delivery service, unless the consumer has consented to receive electronic communications in compliance with section 5-77(b)(5);

(ii) Cease collection activity within such 45-day period unless and until the consumer is deemed to have received the written verification information. The debt collector may assume that a consumer received the verification information five business days (excluding Saturdays, Sundays, and legal public holidays identified in 5 U.S.C. § 6103(a)) after the debt collector sent it. If the debt collector does not provide the consumer with verification of the debt within such 45-day period, it cannot resume collection activity on the debt and must mail a notice of unverified debt to the consumer in accordance with paragraph (f)(8) of this section;

(iii) Verification of debt must include:

(A) a copy of the debt document issued by the originating creditor or an original written confirmation evidencing the transaction resulting in the indebtedness to the originating creditor, including the signed contract or signed application that created the debt or, if no signed contract or application exists, a copy of a document provided to the alleged debtor while the account was active, demonstrating that the debt was incurred by the consumer. For a revolving credit account, the charge-off account statement, the most recent monthly statement recording a purchase transaction, payment, or balance transfer shall be deemed sufficient to satisfy this requirement. Documents created or generated after the time of charge-off of the debt or institution of debt collection procedures shall not qualify as such confirmation;

(B) records reflecting the amount and date of any prior settlement agreement reached in connection with the debt;

(C) the final account statement or charge-off statement, or other such document that reflects the total outstanding balance alleged to be owed, mailed to the consumer on or before the charge-off date and prior to the institution of debt collection procedures; and

(iv) In matters involving a judgment obtained after adjudication on the merits of the case, there will be a rebuttable presumption that the debt collector complied with subparagraph iii of this paragraph if it mails the consumer, by U.S. mail or delivery service, a copy of the judgment and any evidence of indebtedness that is part of the record of the lawsuit. Notwithstanding the foregoing, a copy of a judgment obtained by default does not provide the consumer verification of the alleged debt.

(8) *Notice of unverified debt.* A debt collector must do the following when sending a Notice of Unverified Debt:

(i) include a statement in such notice that despite having received a dispute or request for verification of the debt from the consumer, the debt collector is unable to verify the debt within the time allowed by New York City law;

(ii) disclose that it will cease any further collection on the debt, and note this information, clearly and conspicuously, in the consumer's account records;

(iii) if applicable, disclose that the debt collector previously furnished information about the debt to a consumer reporting agency and that it will provide the disputed debt information to such agency to the extent not already provided, and upon request, provide a copy of the Notice of Unverified Debt to such agency;

(iv) include a statement that the consumer should retain a copy of the Notice of Unverified Debt and that the consumer may provide such notice to any other debt collector that attempts to collect on such debt;

(v) include a statement that under the laws of the City of New York, any other debt collector with the information on the Notice of Unverified Debt cannot resume collection activity in New York City unless and until the verification of the disputed debt is provided to the consumer;

(vi) clearly and conspicuously provide that such information and the Notice of Unverified Debt will transfer if the account is sold, assigned, placed with an attorney to sue on the debt or is part of any litigation to recover on the debt by the debt collector, or if it is returned to a creditor, debt owner, or the entity that placed the account with the debt collector; and

(vii) deliver a timely written Notice of Unverified Debt to the consumer by U.S. mail or delivery service in English and any other language used by the debt collector to communicate with the consumer in accordance with paragraph (f)(3) of this section.

(9) *Originating creditor.* A debt collector must provide the consumer the address of the originating creditor of a debt within 45 days of receiving a request from the consumer for such address. The consumer may make such request orally or in writing, or electronically if the debt collector uses electronic communications to collect debt, at any time during the period in which the debt collector owns or has the right to collect the debt. After receiving such a request, the debt collector must cease collection of the debt unless and until such address has been provided to the consumer. A debt collector is not required to provide this information more than once during the period that the debt collector owns or has the right to collect the debt.

(10) *Electronic communications.* If a debt collector delivers a duplicate copy of the validation notice to a consumer electronically, the debt collector must do so in accordance with § 5-77(b)(5) and the notice must include the debt collector's website, email address, and information on how the consumer can dispute the debt, seek verification of the debt, or request original-creditor information electronically.

(11) *Disputes, verification, and reporting of medical debt. In general.* The term "medical debt" means an alleged obligation of a consumer to pay any amount whatsoever related to the receipt of health care services, products, or devices provided to a person by a hospital, a health care professional or an ambulance service licensed, authorized, or certified under New York State law. Medical debt does not include debt charged to a credit card unless the credit card is issued under an open-ended or closed-end plan offered specifically for the payment of health care services, products, or devices provided to a person.

(i) In connection with the collection of alleged medical debt from a New York City consumer, a debt collector is prohibited from:

(A) Entering into any contract for the collection of debt or any purchase agreement to buy such debt that includes reporting of information on medical debt to a consumer reporting agency.

(B) Furnishing any information on any portion of a medical debt to a consumer reporting agency.

(ii) If, at any time the debt collector has a right to collect on such medical debt and the consumer indicates that a public or private

insurance plan, a third-party payer, or a financial assistance policy should have covered some or all of the charges on the amount asserted to be owed by the consumer on the medical debt, or that the debt is as a result of lack of price transparency at the time the services were rendered in violation of federal, state or local law, or that there is an open or ongoing appeal for financial assistance or insurance coverage on the debt, or that the collection is a violation of federal, state or local law, the debt collector must treat such communication by the consumer as a first dispute and a request for verification by the consumer on such medical debt; provided, that such dispute was received by the debt collector by any medium of communication or language used by the debt collector to collect debt, and such information has not already been provided to the consumer by the debt collector.

(iii) A debt collector must conduct a reasonable investigation and respond to a consumer's first dispute of the medical debt or first request for verification by providing verification of the debt in accordance with paragraph (f)(7) of this section, and by clearly and conspicuously providing the consumer any information in its possession, available to the debt collector or required to be disclosed by the debt collector to the consumer on such medical debt under federal, state or local law, or under the financial assistance policy of the hospital that originated the debt, even if a consumer does not specifically request the financial assistance policy. If the debt collector cannot meet the requirements herein, the debt collector must deliver to the consumer a notice of unverified debt within a 45-day period in accordance with paragraph (f)(8) of this section.

(iv) If a debt collector receives a dispute or request for verification of a medical debt by a New York City consumer, the debt collector must also do the following:

(A) treat all unverified accounts related to charges from one discrete hospitalization, or related treatments of one general health condition, from affiliated medical providers for medical services rendered within a six-month period, as also disputed by the consumer;

(B) unless the consumer has acknowledged owing the amount claimed to be owed on an account, or the consumer indicates in writing that the consumer does not wish to dispute such related account, note in all such related unverified accounts, in a manner that is easily identifiable and searchable in each of the consumer's related unverified accounts, that the debt is unverified or disputed; and

(C) offer to furnish, upon request by the consumer, written verification in accordance with paragraph (f)(7) of this section for each related unverified medical debt account.

(12) *Expanded itemization of the debt.* If the debt collector receives a dispute from a consumer, by any medium of communication or language used by the debt collector to collect debt, on the accuracy of any item of information contained in the itemization mailed to the consumer in accordance with paragraph (f)(1)(viii) of this section, the debt collector must provide a detailed breakdown of any disputed amount on the itemization, specifying the consumer's obligation to pay each individual charge, interest (listing the rates applied), costs or fees, and whether such amount was added to the debt based on the consumer's agreement with the creditor or otherwise as allowed by law. The expanded itemization of the debt must be treated by the debt collector as an obligation to provide verification of the debt in accordance with paragraph (f)(7) of this section.

(g) *Liability.* The employer of a debt collector is liable for the debt collector's violation of 6 RCNY § 5-77. A debt collector who is employed by another to collect or attempt to collect debts shall not be held liable for violation of 6 RCNY § 5-77) Reserved.

(h) *Public websites.* Any debt collector that utilizes, maintains, or refers New York City consumers to a website accessible to the public that relates to debts for which debt collection procedures have been instituted must clearly and conspicuously disclose, on the homepage of such website or on a page directly accessible from a hyperlink on the homepage labeled "NYC Rules on Language Services and Rights", the following disclosures:

(1) a statement informing the consumer of any language access services available[, including whether the consumer may obtain from the debt collector a translation of any communication into a language other than English]; and

(2) a statement that a [translation and description of commonly-used debt collection terms is]Glossary of Common Debt Collection Terms and other resources are available in [multiple]different languages at[on the Department's website, www.nyc.gov/dca www.]www.nyc.gov/dcwp.

(i) **Time-barred debts.** In connection with the collection of a debt, the following requirements must be met:

(1) A debt collector must maintain reasonable procedures for determining the statute of limitations applicable to a debt it is collecting and whether such statute of limitations has expired.

(2) **Initial written validation notice.** If a debt collector, including a debt collection agency that must provide information to a New York City consumer pursuant to section 20-493.2(b) of the Administrative Code, seeks to collect on a debt for which the debt collector has determined, including pursuant to paragraph (i)(1) of this section, or otherwise knows or has reason to know, that the statute of limitations for a debt has or may have expired, the debt collector must initially deliver to the consumer a written validation notice pursuant to section 5-77(f)(1), by U.S. mail or delivery service, that clearly and conspicuously discloses to the consumer substantially the same time-barred-debt disclosure below, before contacting a consumer about the expired debt by any other means:

- **The statute of limitations on this debt expired. This means you can't be sued to collect it. A court will not enforce collection.**

IF YOU ARE SUED:

- o It is a violation of federal law (the Fair Debt Collection Practices Act).
- o You may be able to stop the lawsuit by telling the court that the statute of limitations on this debt expired.
- o You are not required to admit that you owe this debt, promise to pay this debt, or waive the statute of limitations on this debt.
- o Consult an attorney or a legal aid organization to learn more about your legal rights and options.

(3) **Waiting Period.** The debt collector must wait at least 14 consecutive days after mailing to the consumer the validation notice with the time-barred debt disclosure pursuant to this subdivision to receive a notice of undeliverability. During such waiting period, the debt collector must permit receipt of, and monitor for, notifications of undeliverability from communications providers. If the debt collector receives such notification during such waiting period, the debt collector must not contact the consumer, by any other means of communication, to collect the expired debt until the debt collector otherwise satisfies section 5-77(i)(2).

(4) **Subsequent Communications.** Unless otherwise permitted by law, the debt collector may not, without the prior written and revocable consent of the consumer given directly to the debt collector, contact such consumer in connection with the collection of an expired debt exclusively by telephone or by other means of oral or electronic communication. During any oral communications with the consumer, the time-barred disclosure must be given to the consumer to reasonably inform the consumer of the expired debt, in a language the consumer understands, before the debt collector conducts any collection activity including discussing the amount of the debt. After mailing the validation notice with the time-barred debt disclosure required in paragraph (i)(2) of this section, the debt collector must redeliver such time-barred debt disclosure to the consumer by U.S. mail or delivery service within 5 days after each oral communication with the consumer unless the debt collector has already mailed such time-barred debt disclosure notice within 30 days. Any subsequent notice sent to the consumer electronically must be in accordance with other sections or laws, such as section 101(c) of the Electronic Signatures in Global and National Commerce Act (E-SIGN Act)(15 U.S.C. 7001(c)) or their successor provisions. A debt collector may not enter into a settlement agreement or receive payment on an expired debt account from a New York City consumer, if the debt collector has not satisfied paragraph (i)(2) of the section.

(5) When such information is delivered in writing, the time-barred debt notice must be included for each debt that is beyond the applicable statute of limitations, in at least 12 point type that is set off in a sharply contrasting color from all other types on the communication, and placed on the first page adjacent to the identifying information about the amount claimed to be due or owed on such debt. A debt collector may include additional language to the time-barred-debt disclosure as may be required by the State of New York to send the consumer one disclosure notice.

(j) **Medical debt from a covered medical entity.** In general, In connection with the collection of medical debt, as defined in paragraph (f)(11) of this section, from a New York City consumer arising from charges from a covered medical entity, a debt collector is:

- (1) prohibited from collecting or attempting to collect on such medical debt if the debt collector knows or should know that:

(i) To do so violates federal, state, or local law, or the financial assistance policy of the covered medical entity.

(ii) The person has an open application for financial assistance with the covered medical entity.

(iii) The financial assistance policy should have provided financial assistance to the person to cover all, or a portion, of the medical debt.

(iv) A misrepresentation was made to the person about the financial assistance policy or payment options regarding the medical debt, including, but not limited to:

(A) The person was wrongly denied, or not given proper and timely notice of, available financial assistance;

(B) The person was discouraged from applying for financial assistance;

(C) The person was induced to agree to pay for all or part of the medical debt with misinformation about payment options or the financial assistance policy; or

(D) The person was only presented with options to pay or to agree to pay for all or part of the medical debt regardless of income level.

(2) required to conduct reasonable corrective measures upon obtaining information that the financial assistance policy was not disclosed to the consumer as required by law, or that there may be a violation of federal, state, or local law. A consumer may provide such information to the debt collector, by any means of communication or in any language used by the debt collector to collect debt, without the debt collector requiring the consumer to submit any supporting documentation to the debt collector. Corrective measures must be taken as follows:

(i) Inform the entity that placed the account with the debt collector within one business day that the debt may be subject to the covered entity's financial assistance policy.

(ii) Provide and record in plain language the following statement: "A FINANCIAL ASSISTANCE POLICY MAY APPLY TO THIS MEDICAL DEBT," in a manner readily noticeable and searchable, in the following records:

(A) all of the consumer's accounts arising from medical debt from the covered medical entity, from one discrete hospitalization, or related treatments of one general health condition within a six-month period;

(B) a written notification that must be sent by U.S. mail or delivery service to the consumer along with the verification of the debt in accordance with sections 5-77(f)(7) and (11); and

(C) a written notification that must be sent to any receiving party upon transferring any of the consumer's accounts with medical debt from the same covered medical entity.

(iii) Provide any disclosure to the consumer regarding the financial assistance policy, by U.S. mail or delivery service, clearly and conspicuously on the first page of any written communication from the debt collector to the consumer, and such disclosure must not be placed on the reverse side of the page or the second page. Any written notification to a consumer regarding the financial assistance policy may not be delivered exclusively by the debt collector through electronic means.

(iv) Maintain a monthly log or record of all consumer accounts in which the debt collector took corrective measures as required in section 5-77(j) and such measures must be easily identifiable and searchable in each consumer account.

(k) **Record retention.** A debt collector must retain the following records to document its collection activities with New York City consumers:

(1) Records that are evidence of compliance or noncompliance with part 6 of subchapter A of chapter 5 of title 6 of the Rules of the City of New York starting on the date that the debt collector begins collection activity on the debt until three years after the debt collector's last collection activity on the debt.

(2) Monthly logs or a record of the following:

(i) all complaints filed by New York City consumers against the debt collector and sent to the debt collector, including those filed with the agency directly or with any not-for-profit entity or governmental agency, identifying for each complaint the date, the consumer's name, and account information, the source of the complaint, a summary of the consumer's complaint, the debt collector's response to the complaint, if any, and the current status of the complaint;

(ii) all disputes or requests for verification of the debt made by New York City consumers, identifying each consumer's name and account information, the date of the dispute or request for verification, and the date and type of response, if any, sent by the debt collector; and

(iii) all requests to cease further communication made by New York City consumers, identifying the consumer's name and account information, the date of the request, and the date and purpose of any further contacts by the debt collector after receipt of the request from the consumer.

To comply with this subdivision, debt collectors may combine all the monthly logs or records into one document or record or use a template: "Report for Consumer Activity" as made available on the Department's website at www.nyc.gov/dcwv.

NOTICE OF ADOPTION OF EMERGENCY RULES RELATING TO NON-RESIDENT APPLICANTS FOR CARRY LICENSES AND TO PURCHASE AND REGISTRATION AUTHORIZATIONS

The New York City Police Department ("NYPD"), pursuant to the authority granted by New York City Charter sections 435 and 1043(i), hereby adopts the following emergency rule, effective immediately, relating to non-New York resident applicants for a concealed carry handgun license and to handgun purchase and registration authorizations for all applicants.

Statement of Basis and Purpose of Emergency Rule

On June 23, 2022, the United States Supreme Court ruled in N.Y. State Rifle & Pistol Ass'n v. Bruen, 142 S. Ct. 2111 (2022), that the State of New York's "proper cause" requirement for obtaining a concealed carry firearm license was an unconstitutional restriction on an individual's Second Amendment right to bear arms for self-defense. Since the issuance of that decision, New York City has revised its licensing regulations to remain consistent with current case law pertaining to handgun licensing and continues to do so in response to evolving Second Amendment jurisprudence, including the Supreme Court's decision in United States v. Rahimi, 602 U.S. __ (2024).

Current NYPD rules do not contain formal procedures for applicants who do not reside in New York State, are not principally employed within New York City, and do not have their principal place of business in New York City. A process by which non-State residents can apply for a carry license will ensure that the City is able to properly regulate handgun ownership within NYC while also complying with the Bruen decision. This emergency rule sets forth standards to submit and evaluate applications for carry licenses made by these individuals, hereinafter called "non-resident" applicants. This emergency rule also amends and clarifies the process of purchasing and adding firearms to an individual's New York City firearms license.

In order to maintain a clear and publicly accessible policy, New York City must immediately implement an operative concealed carry licensing process for non-resident applicants. This emergency rule addresses an imminent threat to safety and property, as it allows New York City to maintain a licensing scheme that preserves public safety within the City while ensuring that gun license applications are evaluated in a manner consistent with the Supreme Court's ruling in Bruen.

Delaying implementation of these additional rules would severely impede New York City's ability to effectively and legally regulate handgun ownership within its jurisdiction.

The following rules govern the NYPD's ability to administer handgun licenses and are issued on an emergency basis pursuant to Section 1043(i) of Chapter 45 of the New York City Charter.

(2) [Social Media. The applicant must submit all of their current and former social media accounts from the past three years. (3) [Training Certification. The applicant must submit a certification of completion of the training required by § 400.00(1)(o)(iii) of the New York State Penal Law. The applicant must complete such training and receive such certificate no more than six (6) months prior to submission of their application. Applicants whose renewal applications are not subject to such training requirement shall nevertheless, within six months of each renewal, submit a certification of completion of two hours of a live-fire range training course that meets the requirements of § 400.00(19)(b) of the Penal Law.

(b) A person who resides outside of New York State and is not principally employed within New York City may apply for a carry handgun license pursuant to this section, provided that such applicant meets the following requirements:

1) The requirements of section 5-02, except that the requirement to demonstrate a residence or principal place of business within the confines of New York City under subdivision (g) of such section shall not apply to an application submitted pursuant to this subdivision;

3) The requirements of section 5-05;

4) The submission of a form, to be provided by the department, that reflects the results of a background investigation undertaken for the purposes of obtaining a firearm license or firearm. The applicant shall provide such form to the local law enforcement agency in each jurisdiction in which the applicant has been a resident in the five (5) years preceding the date of the applicant's application for a license pursuant to this subdivision and shall submit such completed form to the License Division.

5) If the applicant holds a firearms license or permit in any other jurisdiction, such applicant must submit a form, to be provided by the department, indicating the current and past status of any firearms licenses held by the applicant, including whether such other license is currently in good standing, and whether the applicant has any previous suspensions, revocations, or periods where the license was not in good standing.

§ 2. Section 5-25 of Title 38 of the Rules of the City of New York, relating to handgun acquisition requirements is REPEALED, and a new section 5-25 is added to read as follows:

§ 5-25 Handgun Acquisition Requirements.

In addition to any applicable federal or state requirements, the following procedures apply to all licensees seeking to acquire and register a handgun to one or more of their licenses.

(a) No person shall acquire a firearm if such person has acquired a firearm within the previous ninety (90) days. Licensees who acquire and attempt to register more than one (1) firearm in a ninety (90) day period, shall not be granted an authorization form to take possession of an additional firearm until the ninety (90) day period has elapsed.

(b) Any licensee who obtains a handgun must purchase or obtain a safety locking device at the time of acquisition of such handgun, in accordance with section 10-311 of the Administrative Code, to be used for the safeguarding of the handgun when not in use. The following types of safety locking devices will be deemed to comply with the requirement to obtain a safety locking device:

(1) a trigger lock, which prevents the pulling of the trigger without the use of a key;

(2) a combination handle, which prevents the use of the weapon without the alignment of the combination tumblers; or

(3) a detachable or non-detachable locking device that is composed primarily of steel or other metal of significant gauge to inhibit breaking, and renders the weapon inoperable until the locking device is removed with a metal key or combination lock.

(c) A licensee may not take possession of a handgun without prior written authorization from the Division Head, License Division. For new and existing licensees, the License Division will provide a handgun purchase authorization form, which is valid for thirty (30) calendar days from the issuance date and must be provided to the firearms dealer at the time of purchase of such handgun.

(d) A licensee may not take possession of a handgun before it has been inspected by License Division personnel and entered on the license. A licensee must contact the License Division within 72 hours of purchase of such handgun to request inspection of the handgun and safety locking device. Requests for inspection must include the following:

- (1) A completed authorization form issued by the License Division, in accordance with subdivision (c) of this section, with the background check number filled out by the firearms dealer from whom the handgun was purchased.
- (2) The Bill of Sale/Receipt for the handgun which shall include the following information:
 - (i) make, model, calibre, and serial number of handgun sold;
 - (ii) Seller's name, address, and license number if applicable;
 - (iii) Buyer's name, address, and license number, date of sale.

If the handgun is acquired from an individual, rather than a dealer, the sale must comply with the requirements set forth in section 898 of the General Business Law and the Bill of Sale shall be signed and notarized by the transferor.

- (3) A color photograph depicting the entirety of the handgun purchased with accurate color representation,
- (4) A color photograph that legibly captures the handgun's serial number,
- (5) A color photograph depicting the safety locking device for the purchased handgun.
- (6) Proof of ownership of safe storage, which consists of:
 - (i) A Bill of Sale; and
 - (ii) Two (2) color photos of the safe or other locked container, one with the door open and one with the door closed. Photos may not be stock images and must depict the entirety of the safe, not merely a portion thereof.

The Division Head, License Division may reject the type of safe proposed for safeguarding the handgun, where it is determined that the safety features are insufficient to safeguard such handgun.

- (7) Where the licensee has acquired a handgun from the estate of a deceased immediate family member, the licensee shall also provide:
 - (i) A copy of the voucher for the handgun(s).
 - (ii) The decedent's license, if not previously surrendered, showing registration of the handgun(s) in question.
 - (iii) A copy of the death certificate.
 - (iv) A notarized Bill of Sale from the Executor or Administrator of the decedent's estate, indicating the weapon, make, model, caliber and serial number, and stating that they are being sold to: the licensee's name, address and license number.
 - (v) If there is a Will: a short certificate of Letters Testamentary that gives the Executor the authority to dispose of the property.
 - (vi) If there is no Will: a short certificate of Letters of Administration that gives the administrator the authority to dispose of the property.

(e) For new licensees, the completed authorization form and license card with the registered handgun printed on such card shall be mailed to the licensee's address of record. The licensee shall use these documents to take possession of the registered handgun purchased from the seller. Following a completed transaction, or within ten (10) calendar days of its expiration date, the completed authorization form shall be returned to the License Division.

(f) The License Division may waive specific requirements identified in subdivision (d) of this section for extenuating circumstances, including, but not limited to, where a licensee lawfully acquired a handgun in another jurisdiction and has not maintained the Bill of Sale. The

licensee shall contact the License Division via email at DG_LIC-Purchaseorders@NYPD.org with a detailed explanation of such extenuating circumstances so that the License Division may provide individualized guidance on lawfully registering their firearm(s). The License Division may require the submission of additional information in such circumstances.

(g) Number of handguns allowed on a handgun license. The number of handguns allowed under each type of handgun license is listed below:

- (1) Premises Residence – One handgun, except that additional handguns shall be approved upon request after the licensee shows evidence of appropriate safeguarding and establishes compliance with the mandatory waiting periods pursuant to subdivision (b) of § 10-302.1 of the Administrative Code and § 400.20 of the Penal Law.
- (2) Premises Business – One handgun.
- (3) Carry and Special Carry – Two handguns, provided that requests for additional handguns shall be evaluated in accordance with the standards set forth for a premise residence license in paragraph (1) of this subdivision. Carry and Special Carry licensees may only carry one (1) handgun at a time. Additional handguns must remain safeguarded.
- (4) Carry Guard and Special Carry Guard – One handgun. Requests for additional handguns shall be reviewed on an individual basis.
- (5) Gun Custodian – Number of handguns shall be determined by the Division Head, License Division, consistent with the demonstrated needs of the applicant.

(h) Requests for amendments to "Special Carry" and "Special Carry Guard" licenses – Holders of "Special Carry" licenses shall comply with the purchase authorization request guidelines of the county in which they hold their Carry handgun license. Once the addition has been made to a county handgun license, a request to amend a licensee's New York City Special Carry license may be made to the License Division, in writing, via email to: DG_LIC-Purchaseorders@NYPD.org. The following documents shall accompany the request:

- (1) The licensee's current County Carry license;
- (2) A copy of the county Handgun Purchase Authorization form; and
- (3) A copy of the Bill of Sale.

Required Finding Pursuant to New York City Charter Section 1043(i)(1)

IT IS HEREBY CERTIFIED that the immediate effectiveness of this emergency rule, which establishes additional rules, regulations, and procedures for obtaining a concealed carry handgun license by a non-resident applicant, is required to adequately regulate handgun use and ownership by non-residents.

Current NYPD rules do not contain formal procedures for applicants who do not reside in New York State, are not principally employed within New York City, and do not have their principal place of business in New York City. A process by which non-State residents can apply for a carry license will ensure that the City is able to properly regulate handgun ownership within the NYC while also complying with the Bruen decision.

In order to maintain a clear and publicly accessible policy, New York City must immediately implement an operative concealed carry licensing process for non-resident applicants to address an imminent threat to safety and property. This emergency rule ensures that all applications are evaluated consistent with the Supreme Court's decisions in *N.Y. State Rifle & Pistol Ass'n v. Bruen*, 142 S. Ct. 2111 (2022), and *United States v. Rahimi*, 602 U.S. ___ (2024), while also maintaining a licensing scheme that preserves public safety within the City. Delaying implementation of the additional rules would severely impede New York City's ability to effectively and legally regulate handgun ownership within its jurisdiction.

Additional amendments to the NYPD rules contained in this emergency rulemaking will ensure that the Police Department can continue to comply with the standards articulated in the Bruen and Rahimi decisions in a timely and appropriate fashion. Delaying implementation would severely impede New York City's ability to effectively and legally regulate handgun use and ownership within its boundaries.

Pursuant to section 1043(i)(2) of New York City Charter, the emergency rule will remain in effect for 60 days while the NYPD prepares a permanent rule.

IT IS HEREBY CERTIFIED that the immediate effectiveness of a rule authorizing the NYPD to regulate concealed carry handguns within in New York City is necessary in order to maintain the public's safety.

Notice of Concept Paper

The New York City Health Department intends to issue an RFP for the *Assuring STI Services Among Uninsured New Yorkers* program.

In order to address recent increases in reported sexually transmitted infections (STI) cases in NYC and the slow resumption of STI care-seeking practices following the COVID-19 pandemic, the New York City Health Department is assuring that New Yorkers have equitable access to STI services, including STI screening and treatment. To address unmet needs for STI services, we are seeking up to three contractors to provide STI services among uninsured (inclusive of those electing to self-pay) New Yorkers residing in neighborhoods with the highest chlamydia, gonorrhea, and syphilis case rates. The purpose of this RFP is to ensure that these individuals have equitable access to STI services.

Within the NYC Health Department, the Bureau of Hepatitis, HIV, and Sexually Transmitted Infections (BHHS)'s STI Program is dedicated to improving the sexual health of all New Yorkers. Assuring comprehensive and timely screening and treatment for STIs, including chlamydia, gonorrhea, and syphilis, is critical for preventing negative sequelae—

including infertility, increased susceptibility to HIV, and congenital syphilis—as well as preventing onward spread to sex partners.

The Concept Paper will be posted on the New York City Health Department website, www.nyc.gov/health, from August 19, 2024 through October 3, 2024. The Concept Paper will also be made available through PASSPort during the same time frame and can be found on the PASSPort procurement navigator website, https://passport.cityofnewyork.us/page.aspx/en/rfp/request_browse_public. Comments in response to the Concept Paper may be submitted, in writing, to RFP@health.nyc.gov by October 3, 2024. Please include “STI Services CP Comments” in the subject line. The New York City Health Department will also hold a meeting with interested providers to obtain feedback and input from the provider community. Please see the Concept Paper for date, time, and RSVP details.
