## TENEMENT HOUSE DEPARTMENT.

### REPORT FOR THE QUARTER ENDING SEPTEMBER 30, 1906.

Tenement House Department,  
No. 44 East Twenty-third Street,  
New York, November 5, 1906.

Hon. GEORGE B. McCLELLAN, Mayor of The City of New York:

Sir—I beg to submit the following summary report of the work of the Tenement House Department for the third quarter of 1906, July 1 to September 30, 1906, inclusive.

The following is a tabulation of all violations filed, dismissed, canceled and pending for the City as a whole and the separate boroughs:

Violations Filed, Dismissed and Canceled, July 1 to September 30, 1906, Inclusive.

	Manhattan.	The Bronx.	Brooklyn.	Queens.	Richmond.	New York City.

Pending September 30, 1906..	43,799	4,841	18,737	1,428	489	69,294

This table shows a slight decrease in the number of violations filed, from the preceding quarter. The number of violations filed about equals the number of dismissals and cancellations, showing that the Department is now able to secure prompt compliance with orders issued.

The nature of the orders issued was as follows:

	Manhattan.	The Bronx.	Queens, Brooklyn, Richmond.	New York City.
Ventilation (windows cut in interior rooms, scuttles, etc.) .....	973	89	253	1,315

Providing Janitor .....	9	....	....	9
Other orders .....	1,382	1,036	129	2,547

Compared with the preceding quarter the present quarter shows a relative increase of structural orders, such as placing new skylights, scuttles, providing glass panels in hall doors, cutting windows in dark interior rooms, providing water closets, removing school sinks, etc. Of the latter class of orders, 660 were issued during the present quarter as compared with 160 during the preceding quarter.

The work actually accomplished as shown by the following tabulation of separate items in dismissed violations, presents a similar increase over the preceding quarter in structural orders. Nearly 11,000 fire escapes were provided or repaired, as against 8,861 in the preceding quarter; 1,889 windows were cut into dark interior rooms as against 959 the preceding quarter, 648 school sinks were removed as compared with 272, and 4,240 new water closets were provided, as compared with 2,163.

Water supply maintained or provided.....	499	29	175	703
Woodwork cleaned .....	481	9	30	520

During the quarter, 13,133 citizens' complaints were received, of which 3,005 were signed and 10,128 anonymous. This is an increase of 887 over the preceding quarter.

The nature of the complaints made was as follows:

	Manhattan.	The Bronx.	Queens, Brooklyn, Richmond.	Total.
Chimneys, defective .....	109	5	27	141
Cleanliness, lack of.....	5,235	174	1,208	6,617
Dampness .....	337	19	119	475
Drainage .....	340	12	57	409
Fire, danger from.....	494	56	199	749
Garbage and ashes, improper disposal of.....	134	4	37	175
Hall lighting (day).....	36	2	14	52
Hall lighting (night).....	274	21	164	459
Plumbing, defective .....	991	24	351	1,366
Repairs .....	578	13	35	626
Unlawful use .....	414	47	136	597
Ventilation .....	32	4	29	65
Water-closets, defective or foul.....	1,935	46	586	2,567
Water supply, defective.....	1,405	18	118	1,541
Miscellaneous .....	1,243	78	118	1,439

This tabulation shows an increase of complaints with reference to uncleanly conditions, dampness, drainage, improper disposition of garbage and ashes, defective plumbing, defective or foul water closets, and an especially great increase in complaints as to water supply, over the preceding quarter. These increases are presumably due to the season of the year, as the period covers the summer months.

On the other hand, a decrease in complaints about chimneys, danger from fire, and lighting and ventilation of halls, is shown.

During the quarter 185 buildings were reported for vacation as against 241 in the preceding quarter.

Plans for new buildings were filed between July 1 and September 30 and in force the latter date as follows:

	Houses.	Estimated Cost.
Manhattan .....	160	\$9,949,000 00
The Bronx .....	103	3,415,500 00
Brooklyn .....	762	8,843,550 00
Queens .....	109	819,000 00
Richmond .....	2	13,500 00
New York City.....	1,136	\$23,040,550 00

The average cost per building of the above was as follows:

Manhattan .....	\$62,138 00
The Bronx .....	33,160 00
Brooklyn .....	11,606 00
Queens .....	7,514 00
Richmond .....	6,750 00

Alterations plans for the quarter were filed as follows:

	Houses.	Estimated Cost.
Manhattan .....	753	\$1,218,255 00
The Bronx .....	40	18,211 00
Brooklyn .....	488	182,614 50
Queens .....	16	7,428 00
Richmond .....	.....	.....
New York City .....	1,297	\$1,426,508 50

This shows a decrease from the preceding quarter of 472 buildings to be altered, with a decreased total cost of \$723,646.50.

Respectfully submitted,

EDMOND J. BUTLER, Commissioner.

Sanitary Bureau.

The following communications were received from the Sanitary Superintendent:

First—Weekly reports of the Sanitary Superintendent. Ordered on file.

Second—Weekly reports from the Willard Parker, Reception, Riverside and Kingston Avenue Hospitals. Ordered on file.

Third—Certificates in respect to the vacation of premises at No. 476 Ninth avenue (front), No. 57 West Tenth street, Borough of Manhattan; north side of Two Hundred and Tenth street, second house west of Elliott avenue; north side of Two Hundred and Tenth street, third house west of Elliott avenue; north side of Two Hundred and Tenth street, fourth house west of Elliott avenue, Borough of The Bronx; Belmont place and Vine street, First Ward, Borough of Richmond.

On motion, the following preamble and resolutions were adopted:

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot No. 476 Ninth avenue (front), in the Borough of Manhattan, has become dangerous to life and is unfit for human habitation because of defects in the drainage thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants,

Ordered, That all persons in said building situated on lot No. 476 Ninth avenue (front), in the Borough of Manhattan, be required to vacate said building on or before September 25, 1906, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the drainage thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot No. 57 West Tenth street, in the Borough of Manhattan, has become dangerous to life and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants,

Ordered, That all persons in said building situated on lot No. 57 West Tenth street, in the Borough of Manhattan, be required to vacate said building on or before September 25, 1906, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot north side of Two Hundred and Tenth street, second house west of Elliott avenue, in the Borough of the Bronx, has become dangerous to life and is unfit for human habitation because of defects in the drainage thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants,

Ordered, That all persons in said building situated on lot north side of Two Hundred and Tenth street, second house west of Elliott avenue, in the Borough of The Bronx, be required to vacate said building on or before September 25, 1906, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the drainage thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot north side of Two Hundred and Tenth street, third house west of Elliott avenue, in the Borough of The Bronx, has become dangerous to life and is unfit for human habitation because of defects in the drainage thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants,

A copy of a resolution adopted by the Commissioners of the Sinking Fund, September 13, 1906, authorizing the renewal of the lease of the premises Nos. 54 and 56 Water street, Stapleton, S. I., in the Borough of Richmond, for the use of the Department of Health, was received and ordered on file.

The proposed amendment to sections 68 and 69 of the Sanitary Code, was taken from the table, and on recommendation of the President, the following resolution was adopted:

Resolved, That sections 68 and 69 of the Sanitary Code of the Department of Health, be and they are, hereby amended so as to read as follows:

Section 68. No person shall have, sell or offer for sale in The City of New York, any food which is adulterated or misbranded. The term food as herein used shall include every article of food and every beverage used by man, and all confectionery.

Food as herein defined shall be deemed adulterated:

(a) If any substance or substances has or have been mixed and packed with it so as to reduce or lower or injuriously affect its quality or strength.

(b) If any inferior or cheaper substances have been substituted wholly or in part for the article.

(c) If any valuable constituent of the article has been wholly or in part abstracted.

(d) If it consists wholly or in part of diseased or decomposed or putrid or rotten animal or vegetable substance, or any portion of any animal unfit for food, whether manufactured or not, or if it is a product of a diseased animal, or one that has died otherwise than by slaughter.

(e) If it be colored or coated or polished or powdered, whereby damage is concealed, or it is made to appear better than it really is.

(f) If it contains any added poisonous ingredient, or any ingredient which may render such article injurious to health; or if it contains any antiseptic or preservative not evident and not known to the purchaser or consumer.

(g) If in the case of confectionery, it contains terra alba, barytes, talc, chrome yellow, or other mineral substance or poisonous color or flavor, or other ingredient deleterious or detrimental to health; or any vinous, malt or spirituous liquor or compound or narcotic drug.

(h) If in the case of spirituous, fermented and malt liquors, they contain any substance or ingredient not normal or healthful to exist in such liquors, or which may be deleterious or detrimental to health when such liquors are used as beverages.

Food shall be deemed misbranded:

(a) If it be an imitation or offered for sale under the distinctive name of another article.

(b) If it be labeled or branded so as to deceive or mislead the purchaser, or purport to be a foreign product when not so; or if the contents of the package as originally put up shall have been removed in whole or in part and other contents shall have been placed in such package; or if it fails to bear a statement on the label of the quantity or proportion of any morphine, opium, cocaine, heroin, chloroform, cannabis indica, chloral hydrate or acetanilid, or any derivative or preparation of any such substances contained therein.

(c) If in package form and the contents are stated in terms of weight or measure, they are not plainly and correctly stated on the outside of the package.

(d) If the package or its label shall bear any statement, design or device regarding the ingredients or the substances contained therein, which statement, design or device shall be false or misleading in any particular; provided, that an article of food which does not contain any added poisonous or deleterious ingredients shall not be deemed to be adulterated or misbranded in the following cases:

First—In the case of mixtures or compounds which may be now or from time to time hereafter known as articles of food, under their own distinctive names, and not an imitation of or offered for sale under the distinctive name of another article, if the name be accompanied on the same label or brand with a statement of the place where said article has been manufactured or produced.

Second—In the case of articles labeled, branded, or tagged so as to plainly indicate that they are compounds, imitations, or blends, and the word "compound," "imitation," or "blend," as the case may be, is plainly stated on the package in which it is offered for sale. Provided, That the term blend as herein used shall be construed to mean a mixture of like substances, not excluding harmless coloring or flavoring ingredients used for the purpose of coloring and flavoring only: And provided further, That nothing in this section shall be construed as requiring or compelling proprietors or manufacturers of proprietary foods which contain no unwholesome added ingredient to disclose their trade formulas, except in so far as the provisions of this section may require to secure freedom from adulteration or misbranding.

Section 60. No person shall manufacture or produce or have, sell, or offer for sale in The City of New York any drug which is adulterated or misbranded. The term drug as herein used shall include all medicines for external or internal use, or both.

Drugs as herein defined shall be deemed adulterated:

(a) If when sold by or under a name recognized in the United States pharmacopoeia or National formulary, it differs from the standard of strength, quality or purity as determined by the test laid down in the United States pharmacopoeia or National formulary official at the time of investigation: Provided, That no drug defined in the United States pharmacopoeia or National formulary shall be deemed to be adulterated under this provision if the standard of strength, quality, or purity be plainly stated upon the bottle, box, or other container thereof, although the standard may differ from that determined by the test laid down in the United States pharmacopoeia or National formulary.

(b) If its strength or purity falls below the professed standard under which it is sold.

A drug shall be deemed misbranded:

(a) If it be an imitation or offered for sale under the distinctive name of another article.

(b) If the contents of the package as originally put up shall have been removed, in whole or in part, and other contents shall have been placed in such package, or if the package fails to bear a statement on the label of the quantity or proportion of any alcohol, morphine, opium, cocaine, heroin, chloroform, cannabis indica, chloral hydrate, or acetanilid, or any derivative or preparation of any such substances contained therein.

## Sanitary Bureau.

The following communications were received from the Sanitary Superintendent:

First—Weekly reports of the Sanitary Superintendent. Ordered on file.

Second—Weekly reports from the Willard Parker, Reception, Riverside and Kingston Avenue hospitals. Ordered on file.

Third—Certificates in respect to the vacation of premises at Nos. 570 to 576 West Broadway, No. 9 Rutgers street, No. 55 West Third street, No. 359 West Fifty-fifth street, Borough of Manhattan.

On motion, the following preambles and resolution were adopted:

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot Nos. 570 to 576 West Broadway, in the Borough of Manhattan, has become dangerous to life and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants,

Ordered, That all persons in said building situated on lot Nos. 570 to 576 West Broadway, in the Borough of Manhattan, be required to vacate said building on or before October 9, 1906, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot No. 9 Rutgers street, in the Borough of Manhattan, has become dangerous to life and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants,

Ordered, That all persons in said building situated on lot No. 9 Rutgers street, in the Borough of Manhattan, be required to vacate said building on or before October 9, 1906, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot No. 55 West Third street, in the Borough of Manhattan, has become dangerous to life and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants,

Ordered, That all persons in said building situated on lot No. 55 West Third street, in the Borough of Manhattan, be required to vacate said building on or before October 9, 1906, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot No. 359 West Fifty-fifth street, in the Borough of Manhattan, has become dangerous to life and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants,

Ordered, That all persons in said building situated on lot No. 359 West Fifty-fifth street, in the Borough of Manhattan, be required to vacate said building on or before October 9, 1906, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Fourth—Report on compliance with certain orders to vacate premises, etc.

On motion, it was

Resolved, That the following orders be and are hereby rescinded, for the reason that the causes for the same have been removed:

## BOROUGH OF QUEENS.

37. East side of Webster avenue, about 650 feet north of Cooper avenue, Glendale.

Fifth—Certificates declaring premises at Nos. 51 to 55 West Ninety-third street, Borough of Manhattan; No. 12 Grattan street, Borough of Brooklyn; Court street, opposite Prospect avenue, Newtown, Old Brook School road, near Debevoise avenue, Laurel Hill, southwest corner Old Brook School road and Debevoise avenue, Laurel Hill, Woodside, near Kelly avenue, Woodside, Borough of Queens, public nuisances.

On motion, the following orders were entered:

Whereas, the premises Nos. 51 to 55 West Ninety-third street, Borough of Manhattan, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the nuisance caused by the intense lights from the arc in front of premises be abated.

Whereas, The premises No. 12 Grattan street, Borough of Brooklyn, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the manufacture of ice cream, under present conditions, be discontinued forthwith.

Whereas, The premises, Court street, opposite Prospect avenue, Newtown, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth saturated soil be removed and replaced with fresh earth, and the floor so graded that all liquid matter shall be freely discharged therefrom; that sufficient windows and suitable roof ventilators be provided; that the walls and ceilings of the stable be sheathed with matched boards and painted; that a watertight manure box, with tight fitting cover, be constructed at least three feet from the stable; that the milking be done in a proper and cleanly manner; that

600 cubic feet of air space be provided for each cow; that a properly lighted and ventilated milk house be provided a suitable distance from the stable.

Whereas, The premises, old Brook School road, near Debevoise avenue, Laurel Hill, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth saturated soil be removed and replaced with fresh earth, and the floor so graded that all liquid matter shall be freely discharged therefrom; that sufficient windows and suitable roof ventilators be provided; that the walls and ceilings of the stable be sheathed with matched boards and painted; that a watertight manure box, with tight fitting cover, be constructed at least three feet from the stable; that the cows be cleaned daily and the milking be done in a proper and cleanly manner; that 600 cubic feet of air space be provided for each cow; that a properly lighted and ventilated milk house be provided a suitable distance from the stable.

Whereas, The premises southwest corner of old Brook School road and Debevoise avenue, Laurel Hill, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth saturated soil be removed and replaced with fresh earth, and the floor so graded that all liquid matter shall be freely discharged therefrom; that sufficient windows and suitable roof ventilators be provided; that the walls and ceilings of the stable be sheathed with matched boards and painted; that a watertight manure box, with tight fitting cover, be constructed at least three feet from the stable; that the cows be cleaned daily and the milking be done in a proper and cleanly manner; that 600 cubic feet of air space be provided for each cow; that a properly lighted and ventilated milk house be provided a suitable distance from the stable.

Whereas, The premises, Woodside, near Kelly avenue, Woodside, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth saturated soil be removed and replaced with fresh earth, and the floor so graded that all liquid matter shall be freely discharged therefrom; that sufficient windows and suitable roof ventilators be provided; that the walls and ceilings of the stable be sheathed with matched boards and painted; that a watertight manure box, with tight fitting cover, be constructed at least three feet from the stable; that the cows be cleaned daily and the milking be done in a proper and cleanly manner; that 600 cubic feet of air space be provided for each cow; that a properly lighted and ventilated milk house be provided a suitable distance from the stable.

Considering William Lynch, Cleaner in the Recreation Pier School, Borough of Manhattan, who has absented himself from duty without leave for more than five days, as having resigned, in accordance with subdivision 2 of Rule XIII. of the rules of the Municipal Civil Service Commission, which provides that absence without leave for a period of five days shall be construed as a resignation.

Preambles and resolutions were adopted as follows:

Whereas, By inadvertence the date of the increase in the salary attached to the position of Janitor of Public School 26, Borough of Brooklyn, was stated as March 1, 1906, instead of September 1, 1905;

Resolved, That the increased rate of compensation for the position of Janitor of Public School 26, Borough of Brooklyn, as specified in the resolution adopted October 10, 1906 (see Journal, page 1704), be considered as in effect from and after September 1, 1905.

Whereas, The oaths of the Commissioners of Estimate and Appraisal in the condemnation proceeding for the acquisition of title to certain lands and premises on East One Hundred and Eleventh and East One Hundred and Twelfth streets, west of Lexington avenue, Borough of Manhattan, as a site for school purposes, were filed in the office of the Clerk of the County of New York on September 12, 1906; and

Whereas, The said lands and premises are urgently required for school purposes, and title thereto should be acquired at as early a date as possible; therefore be it

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to adopt a resolution, in accordance with the provisions of section 1,439 of the Revised Charter, as amended, directing that title to said lands and premises and all interest therein, vest in The City of New York ten days after the passage of such resolution.

Whereas, The property on Orchard and Munson streets and East river, Long Island City, which has been acquired as a site for an athletic field, includes the premises occupied by the Hell Gate Light Station; and

Whereas, The Light-House Establishment desires to lease the same from The City of New York; and

Whereas, The matter of such a lease is within the jurisdiction of the Commissioners of the Sinking Fund; therefore be it

Resolved, That the Board of Education hereby turns over to the Commissioners of the Sinking Fund that portion of the above-mentioned premises acquired for the purposes of an athletic field for the Department of Education, which is occupied by the Hell Gate Light Station, for such disposition as said Commissioners may deem advisable.

On motion, all absent members were excused for non-attendance at this meeting.

On motion, the Board adjourned at 6 o'clock p. m.

## BOARD OF ESTIMATE AND APPORTIONMENT.

### EXTRACT FROM

MINUTES, BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, NOVEMBER 16, 1906.

### RAPID TRANSIT RAILWAY.

#### Brooklyn Bridge and Fulton Street Connection (Borough of Brooklyn).

The Secretary presented the following communication from the Board of Rapid Transit Railroad Commissioners for The City of New York, transmitting resolutions as to route and general plans of a rapid transit railway along Washington, Tillary and other streets, in the Borough of Brooklyn, and known as "Brooklyn Bridge and Fulton Street Connection (Borough of Brooklyn)," and requesting the approval of the Board of Estimate and Apportionment:

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS, }  
No. 320 BROADWAY, NEW YORK.

To the Board of Estimate and Apportionment of The City of New York:

The Board of Rapid Transit Railroad Commissioners for The City of New York was heretofore duly organized pursuant to chapter 4 of the Laws of 1891, as amended, and since such organization it has conducted the inquests and investigations necessary to determine whether it is for the interest of the public and of the City that a rapid transit railway or railways for the conveyance of persons and property should be established therein; and after such inquests and investigations has duly determined by resolutions adopted the 18th day of October, 1906, by the concurrent vote of six of its members that a certain rapid transit railway hereinafter described, in addition to any already existing, authorized or proposed, is necessary for the interest of the public and the City, and has duly determined and established the route thereof and the general plans of construction, and it herewith transmits to your honorable body certified copies of the route and general plans so determined and established.

The rapid transit railway herein referred to consists of a short connection between the bridge tracks upon the Brooklyn Bridge and the subways which will be constructed or which are now constructing in Fulton street, Brooklyn. These subways are designed to reach the Borough of Manhattan by a series of tunnels under the East river. The railway now proposed is intended to enable these subways to make physical connection with the bridge tracks.

The railway now proposed is only about eighteen hundred feet in length, of which about one-half is within the storage yard of the Brooklyn Bridge and one-half in Washington street. It will begin at a suitable point near the southwesterly corner of Washington street and Nassau street within the storage yard, at which a connection can conveniently be made with the bridge tracks. From thence the proposed railway will run southerly, descending through the bridge storage yard parallel with Washington street, and will then pass under Tillary street and private property into Washington street and through Washington street to Fulton street. Where it crosses Concord street, the railway tracks will be approximately at the street level, and it will therefore be necessary to close Concord street, between Washington and Liberty streets for a distance of 50 feet or less.

If the railway now proposed shall meet with the approval of your Board and the Mayor, it will enable the City to contract for the construction of a subway system in the boroughs of Brooklyn and Manhattan, which shall utilize all the bridges, as well as the proposed tunnels under the East river.

For these reasons, the consent and approval of your Board to the route and general plans herewith transmitted is respectfully requested.

In witness whereof, the Board of Rapid Transit Railroad Commissioners has caused its seal to be hereto affixed, and these presents to be witnessed by its President and Secretary this seventh day of November, 1906.

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS  
FOR THE CITY OF NEW YORK.

By A. E. ORR, President.

[SEAL OF THE BOARD.]

BION L. BURROWS, Secretary.

BROOKLYN BRIDGE AND FULTON STREET CONNECTION (BOROUGH OF BROOKLYN).

Whereas, The Board of Rapid Transit Railroad Commissioners for The City of New York has determined that a rapid transit railway or railways for the conveyance and transportation of persons and property in addition to those already existing authorized or proposed are necessary for the interest of the public and of The City of New York, and should be established therein as hereinafter provided; and

Whereas, This Board has duly made the inquest and investigation necessary or proper in the premises and all such inquests and investigations as are necessary or proper for such determination:

Now, therefore, This Board by the concurrent votes of at least six members does hereby adopt the following route or routes for an additional rapid transit railway or railways in The City of New York, and does hereby determine and establish the said additional route or routes thereof as follows, and does hereby adopt a general plan of construction of the said railway or railways, the route or routes of which are herein provided, and does in such general plan hereby adopted show the general mode of operation and such details as to manner of construction as may be necessary to show the extent to which any street, avenue or other public place is to be encroached upon and the property abutting thereon affected.

### Route.

A route lying wholly within the Borough of Brooklyn, the centre line of which shall begin at a suitable point near the southwesterly corner of Washington street and Nassau street within the storage yard of the Brooklyn Bridge at which a connection can conveniently be made with the railroad tracks leading from the said yard to and across the said bridge; running thence southerly through the said bridge storage yard parallel with Washington street or nearly so and descending from the level of the said bridge tracks to a point in the northerly side of Tillary street westerly from and near its intersection with the westerly side of Washington street; thence passing under and across Tillary street to a point at or near the intersection of the southerly side of Tillary street with the westerly side of Washington street; thence running southerly under private property to Washington street and under Washington street to a point or points in Fulton street southerly and easterly from its intersection with Myrtle avenue at which a suitable connection or suitable connections can be made either with the subway now under construction which passes through Joralemon street and Fulton street, or else with a subway to be hereafter constructed pursuant to the route and general plans adopted by this Board on May 25, 1905, which provide for a rapid transit railway running through Willoughby street, Fulton street and other streets in the Borough of Brooklyn.

### Plan of Construction.

The general plan of construction hereby adopted is as follows:

For the whole of the route above described there shall be two tracks.

The above mentioned tracks shall be substantially parallel with each other and on substantially the same level except that near the intersection of Washington street with Willoughby street and Fulton street the tracks shall be at such levels and on such alignments as to permit of proper connections with the other subways above mentioned; and except also that wherever else required by special necessities of surface or subsurface structures or other special or local necessities, or for the purpose of avoiding grade crossings, any one or more of the tracks may be elevated above or depressed below the other track or tracks so far as may be necessary.

The tracks shall be placed in tunnels or subways, except that from the point of junction with the bridge railroad tracks to the point where the said tracks pass into and under Washington street, the tracks hereby authorized to be laid shall be upon a descending grade passing through and under the bridge storage yards partly through an open cut below the said storage yard and partly upon a viaduct or elevated structure. Where the said tracks cross the centre line of Concord street they will be approximately at the present level of the said street and in order to avoid a grade crossing it will be necessary to close Concord street between the westerly side or line of Washington street and a point not exceeding fifty feet westerly therefrom and between Washington and Liberty streets.

The tracks shall be placed in general under the central part of the longitudinal streets forming a portion of the route above described so far as may be practicable and convenient; but wherever required by special or local necessities or for curves the tracks or any one or more of them may be diverted as far as necessary to one side or the other of such streets or any of them, and any part of the said streets may be occupied so far as the purposes of this general plan require.

Wherever necessary for the proper support of the surface of a street the roof of the tunnels shall be of iron or steel, with brick or concrete arches, supported, when necessary, by iron or steel or masonry columns and resting upon masonry walls; or the roof shall be a masonry structure, or the whole of the lining may be of metal.

The roof of the tunnels when under a street shall be as near the surface as street conditions and grades will conveniently permit.

The tunnels shall in no case be less than thirteen feet in height in the clear.

There shall be a width in the tunnels not exceeding fifteen feet for each track in addition to the thickness of the supporting walls, except that at stations, switches, turnouts, curves and crossovers the width may be increased.

The tracks shall be of standard gauge, that is to say, of the width of four feet and eight and a half inches between the rails.

Adjacent tracks shall be connected by necessary and suitable switches and connections, and an additional track for siding accommodations may be constructed not to exceed in length one-quarter of a mile for each mile of roadway.

The tracks, wherever constructed below the surface, may at any point of the route be placed in the same tunnel; or there may be separate tunnels for one or more tracks, as shall be most convenient.

If any station is built on the route herein described, such station and the necessary station approaches shall, in general, be at the intersections of streets and shall be built under, or, if the position of the tracks so require, over the streets and immediately adjoining private abutting property, or through private property to be acquired for the purpose, or both under or over streets and through private property as aforesaid. The streets under which stations or station approaches shall be built may include cross streets, but no part of any cross street shall be used for a station approach at a distance greater than seventy-five feet from the exterior line or side of the longitudinal street of the route.

Wherever along any part of the routes above described it shall be necessary for the proper maintenance or accommodation of pipes, wires, sewers or other subsurface structures the removal, construction or reconstruction of which shall be rendered necessary by the construction of the railway, the width of any tunnel or subway may be enlarged on either or both sides by an additional width on each side of the route, not to exceed fifteen feet on either side, provided always that the limits hereinbefore provided as to the longitudinal streets of the route shall be observed. All or any pipes, wires, sewers or other subsurface structures may be placed in suitable galleries to be constructed within the additional widths hereinbefore permitted. At each cross street where accommodation for pipes, wires, sewers and other subsurface structures shall be those provided within the tunnels or subways, such tunnels or subways, in order to provide convenient access to the same, may have, within the limit of the sides or exterior lines of such cross streets or such lines produced, an additional width on each side of the routes not to exceed fifteen feet.

Pipes, wires, sewers, street railway tracks, poles for electric wires and other surface and subsurface structures at any part of the said routes shall be removed or disturbed only when necessary for the construction and operation of the railway above referred to, and if removed or disturbed shall be placed over, upon or under the several streets in such manner and in such location that the use and service thereof shall not be impaired. All pipes, wires, sewers and other subsurface structures shall be left or shall be so arranged as to give free access for their repair or alteration, or for the placing with them, so far as there may be space, of new pipes, wires, sewers and other like structures, and for making connections between the same and abutting buildings at any time.

The manner of construction shall be by tunnelling or open excavation.

### Mode of Operation.

The general mode of operation of the route or routes above described shall be by electricity or some other power not requiring combustion within the tunnels, and the motors shall be capable of moving trains at a speed of not less than forty miles per hour for long distances, exclusive of stops.

### Definitions.

The word "street" wherever used herein shall include an avenue or public place.

The words "Rapid Transit Act" wherever used herein shall be taken and held to mean chapter 4 of the Laws of 1891, entitled "An Act to provide for Rapid Transit railroads in cities of over one million inhabitants," as amended by chapter 752 of the Laws of 1894 and other acts of the Legislature.

## Maps and Drawings.

It is further Resolved, That the map and profile entitled "Board of Rapid Transit Railroad Commissioners of The City of New York—Routes and General Plan, Brooklyn No. 5, sheet No. 1," be and it is hereby adopted as showing the foregoing route and general plan, for convenience merely, and that said map and profile is not to be deemed a part of the description of the route or a part of the general plan, for any purpose whatever.

I certify that the above are true copies of resolutions adopted by the Board of Rapid Transit Railroad Commissioners at its meeting held on the first day of November, 1906, six Commissioners being present and all voting in favor thereof.

In witness whereof I have hereunto set my hand and the seal of the Board this eighth day of November, 1906.

BION L. BURROWS, Secretary.

[SEAL OF THE BOARD.]

The following was offered:

Resolved, That the communication be received, and in pursuance of law this Board hereby appoints Friday, the 23d day of November, at 10.30 o'clock in the forenoon, as the time, and room 16 in the City Hall, Borough of Manhattan, as the place, when and where such plans and conclusions will be considered; and be it further

Resolved, That the Secretary be directed to cause notice of such consideration to be published in the CITY RECORD.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

The full minutes of the meeting of this day will appear in the CITY RECORD at a later date.

JOSEPH HAAG, Secretary.

## DEPARTMENT OF DOCKS AND FERRIES.

New York, September 19, 1906.

The following communications were received, action being taken thereon as noted, to wit:

From the Municipal Civil Service Commission (69346)—Submitting the name of August Brand as being eligible for appointment to the position of Dock Laborer. Brand appointed, with compensation at the rate of 34¼ cents per hour while employed.

From the President of the Borough of Brooklyn (69308)—Transmitting communication from Charles A. Webber, President of the Sixth, Tenth and Twelfth Wards Board of Trade of Brooklyn, requesting to be advised as to the prospects of securing a recreation pier at Hamilton Ferry, Brooklyn. Advised that the Department has in contemplation such a large amount of commercial improvements it is not likely that the acquisition of the necessary private property at Hamilton avenue will be undertaken for some time, but that negotiations are under way for the placing of a recreation structure around the Brooklyn Bridge towers, which it is hoped will be carried into effect within a short time.

From Jacob Solomon (69212)—Demanding to know why an annual rental of \$450 should be extorted from him for his bathing house privilege between One Hundred and Fifty-seventh and One Hundred and Fifty-eighth streets, North river, covering an area of water front not one-third that which is occupied by the Washington Heights Baths, for which a rental of but \$300 per annum is charged; complaining that the Department of Health closed his baths for the better part of the season for alleged impurities of the water; and demanding a remittance of the rental for the period during which it was closed; and threatening, in the event of a denial of his demands, to start an investigation. Notified that questions concerning the Department of Health should be taken up with that Department; that the rental in question has been paid by Solomon for a number of years; that the comparison of his privileges with those of the Washington Heights Baths is not one justifiable by the facts, and that the implied threat renders a further consideration of his communication impossible.

From the A. S. Cameron Steam Pump Works (69255)—Asking whether the Department can make arrangements to have its pump included in the specifications for the ferryboats for the Thirty-ninth Street, Brooklyn, Ferry. Advised that it is impossible for the City to specifically prefer the "Cameron" pump, and that detail matters of this kind are entirely in the hands of the architect and engineer retained by the City for the designing of the boats, to whom the firm is referred.

From the New York Association for Improving the Condition of the Poor (69208)—Asking whether the Department can make arrangements on behalf of the association to keep a census of the babies, children, adult women and adult men, on different days of the week during the summer, visiting the recreation piers. Advised that it is impossible to keep an accurate record of the number of people entering and leaving the recreation piers each day and that as such a record would be of little practical value, it would not warrant special effort or expense on the part of the Department.

From Jacob J. Velten (69377)—Stating he has received a notice from the Department requesting payment of \$30 rental for premises occupied by him at Jamaica Bay, Borough of Queens, and requesting that as there is still a debit to his account with the Department, he be advised as to the exact amount he is required to remit. Notified that the total amount due is \$35.

From the Pennsylvania Railroad Company (69353)—Requesting a lease of the ferry franchise by The City of New York to the Associates of the Jersey Company between Cortlandt street, New York City, and Jersey City, to commence May 1, 1908, and to continue for a term of ten years with the privilege of further renewals. Filed.

From the Seamen's Church Institute of New York (67431)—Requesting a lease of about fifty feet of bulkhead as near as possible to the north corner of Coenties slip and South street, East river, for the purpose of mooring its floating church thereat, immediately north of the pier occupied by the Erie Railroad Company. Filed; Institute requested to renew its application about the first of next year.

From the Engineer-in-Chief (69331)—Submitting report of work done under his charge and supervision for the week ending September 8, 1906. Filed.

The Bellevue and Allied Hospitals were requested to advise whether they had any objections to the removal of the landing used by them from the foot of East Fifty-fourth street to Fifty-second street, East river.

J. W. SAVAGE, Secretary.

New York, September 20, 1906.

The Municipal Civil Service Commission was requested to consent to the transfer of William J. Bennett from the position of Blacksmith in the Fire Department to a similar position in this Department.

The resignation of Arthur Avery (69069) from the position of Chainman and Rodman was accepted, to take effect August 31, 1906, and his appointment as Topographical Draughtsman on August 24, 1906, was rescinded.

The Corporation Counsel was requested to furnish to this Department a copy of the map showing location plan of grant of land under water applied for by James H. Benedict in Westchester creek, Borough of The Bronx.

The Commission on Salaries and Offices of the Board of Aldermen were requested to recommend to the Board of Estimate and Apportionment the classification of the position of Telephone Operator for this Department, with compensation at the rate of \$1,500 per annum.

The Department of Taxes and Assessments was requested to furnish this Department with the assessed valuation of property, as follows:

Parcel No. 1.

Beginning at a point on the northwesterly side of the boulevard, formerly Sunswick terrace, distant about 104 feet northeasterly from the northerly side prolonged of Jamaica avenue, Borough of Queens; running thence southwesterly and along said northwesterly side of the boulevard about 104 feet to the northerly side prolonged of Jamaica avenue; thence westerly and along said northerly side of Jamaica avenue about 52 feet to the line of low water, to which line Jamaica avenue was legally opened; thence southwesterly and along line of low water about 82 feet to the southerly side of Jamaica avenue; thence easterly and along said southerly line of Jamaica avenue about 53 feet to the northwesterly side of the boulevard; thence southwesterly and along said northwesterly side of boulevard about 95 feet to the northerly line of property belonging to John W. Scott; thence northwesterly and along said property belonging to John W. Scott 164 feet 7½ inches to the pier and bulkhead line of 1857; thence northeasterly and along said bulkhead line of 1857, 261 feet and 8 inches; thence southeasterly 163 feet 11 inches to the point or place of beginning.

Area, about 39,208 square feet.

Parcel No. 2.

Beginning at a point in the northwesterly line of the boulevard where a line 300 feet from and parallel to the northerly side of Jamaica avenue would intersect same; running thence southwesterly and along said northwesterly side of boulevard about 87 feet to the southerly side of property belonging to the estate of J. P. Stagg; thence northwesterly and along said property line 152 feet 10 inches to the pier and bulkhead line as established in 1857; thence northeasterly and along said pier and bulkhead line of 1857 about 100 feet to a line 300 feet from and parallel to the northerly side of Jamaica avenue; thence southeasterly and along said 300-foot line about 145 feet to the point or place of beginning.

Area, about 13,865 square feet.

Parcel No. 3 (Bulkhead Rights Between Parcels Nos. 1 and 2).

Beginning at a point on the northwesterly side of the boulevard, formerly Sunswick terrace, distant about 104 feet northeasterly from the northerly side prolonged of Jamaica avenue; running thence northeasterly and along said northwesterly side of the boulevard, formerly Sunswick terrace, about 105 feet to a point, in the above said northwesterly side of the boulevard, where a line 300 feet from and parallel to the northerly side of Jamaica avenue intersects same.

The following Department order was issued.

No.	Issued To and For	Price.
23047.	Croton Water Company, services of tugboats, for testing boilers of ferryboats .....	\$345 00

J. W. SAVAGE, Secretary.

New York, September 21, 1906.

The following communications were received, action being taken thereon as noted, to wit:

From E. Bittorf, (69098)—Requesting permission to occupy plot of ground near Broad Channel Station, Jamaica Bay, Borough of Queens. Privilege granted to occupy Lot No. 1, Block 20, an area of 2,750 square feet, to continue during the pleasure of the Commissioner until April 30, 1907, compensation to be at the rate of \$35 per annum, payable in advance to the Cashier.

From the United States Wood Preserving Company (69391)—Expressing thanks for permission to retain use of Pier 3, East river, for material for paving until such time as the Department needs the space. Filed.

Joseph Dougherty, Laborer, and George Smith, Dock Laborer, appeared before the Commissioner in relation to the charges preferred against them on September 18, 1906, and were ordered reassigned to work.

The following Department orders were issued:

No.	Issued To and For	Price.
23048.	Kolesch & Co., repairs to transits, etc. ....	\$151 00
23049.	B. F. Sturtevant Company, repairs to generators of ferryboats. ....	180 00

Lawrence Hanlon, Assistant Superintendent of Ferries, appeared before the Commissioner in reference to the charges preferred against him, and he was directed to produce proof of his claim that he is an exempt volunteer fireman.

J. W. SAVAGE, Secretary.

New York, September 22, 1906.

The following communication was received, action being taken thereon as noted, to wit:

From the Brown & Fleming Contracting Company (69398)—Requesting permission to dredge at the dumping board operated by them at the foot of Canal street, North river. Permit granted, the work to be done under the supervision of the Engineer-in-Chief.

The Auditor reported that the following were audited and forwarded to the Finance Department for payment:

1. Payroll of the Municipal Ferry force for the week ending September 21, 1906, amounting to \$1,454.21.
2. Payroll for Construction and Repairs force for the week ending September 21, 1906, amounting to \$28,288.65.
3. Claims for the week ending September 22, 1906, amounting to \$67,154.54.

The Cashier reported that moneys were received and deposited for the week ending September 22, 1906, amounting to \$21,218.98.

The following Department orders were issued:

No.	Issued To and For	Price.
23050.	Thomas B. Stillman, chemical analyses. ....	\$50 00
23051.	William H. Campbell, wharfage tickets, per book. ....	30

William Cole, Captain in the Municipal Ferry service, was reprimanded for having falsely submitted in his daily time report the name of William F. Ryan as having been on duty from 4 p. m. to 12 p. m. on September 6, 1906. The Superintendent of Ferries was directed to see that no further repetition of the offence occurred.

J. W. SAVAGE, Secretary.

New York, September 24, 1906.

The following communications were received, action being taken thereon as noted, to wit:

From the Commissioners of the Sinking Fund (69344)—Transmitting certified copies of resolutions adopted by the Commissioners of the Sinking Fund September 13, 1906, as follows:

(a) Authorizing the establishment of a ferry from and to Barren Island and from and to various points on Rockaway Beach, Jamaica Bay, Borough of Queens.

(b) Approving of a lease of the above-mentioned ferry to the Riparian Land and Improvement Company.

(c) Directing that the title to property between Twenty-second and Twenty-third streets, Eleventh and Thirteenth avenues, in the Borough of Manhattan, required for the Chelsea Improvement shall vest in the City on November 1, 1906.

Ferry established and Corporation Counsel requested to draw lease to the Riparian Land and Improvement Company. Engineer-in-Chief notified of the vesting of the title in the City of the property between Twenty-second and Twenty-third streets, Eleventh and Thirteenth avenues.

From the Board of Estimate and Apportionment (69379)—Transmitting certified copy of resolution adopted September 14, 1906, authorizing the institution of condemnation proceedings for the acquisition of title on behalf of the Corporation of The City of New York to all the wharfage rights, easements, emoluments and privileges appurtenant to the bulkhead, dock or wharf property situated as follows:

All right, title and interest in Pier (old) 32, East river, near the foot of James slip, not now owned by The City of New York.

All right, title and interest in Pier (old) 33, East river, near the foot of James slip, not now owned by The City of New York.

Bulkhead extending along the southerly side of South street, beginning at the easterly side of Pier (old) 32, and extending easterly therefrom to the westerly side of Pier (old) 33, East river.

Corporation Counsel requested to institute condemnation proceedings for the acquisition of the property.

From the Comptroller—  
1 (69246). Stating that the Watson-Stillman Company are desirous of purchasing some turret lathes which they state are stored in the Dock Department Yard foot of West Fifty-seventh street, and asking whether the Department contemplates selling same. Advised that the lathes not now in use at the West Fifty-seventh Street Yard will be used by the Department at Stapleton, Borough of Richmond, and it is therefore considered inadvisable to offer same for sale.

2 (69383). Requesting that the Finance Department be placed on the list of departments having free transportation across the Municipal Ferry to Staten Island. Free transportation granted over the ferry while engaged on official business upon showing badge.

From the Municipal Civil Service Commission—  
1 (69275). Stating, in response to communication from this Department, that the title of William F. Brendlin was never officially changed by the Commission to "Draughtsman," and as his present title, Mechanical Draughtsman, now conforms to the classification, there is no reason for changing the same. Filed.

2 (69310). Submitting list of persons eligible for appointment to the position of Stoker and also to the position of Dock Laborer. Filed.

3 (69345). Stating that John J. Kiernan and Daniel A. Crowley successfully passed the promotion examination to Chainman and Rodman. Kiernan and Crowley promoted from Marine Sounder to Chainman and Rodman, with compensation at the rate of \$1,080 per annum, to take effect immediately.

4 (69360). Approving the reassignment of Bernard Ward as Laborer. Filed.

5 (69374). Approving the transfer of William S. Lee from the position of Attendant in this Department to a similar position in the office of the President of the Borough of Brooklyn. Consent granted for the transfer.

6 (69378). Approving the reassignment of Patrick J. Walsh, Watchman. Filed.

7 (69385). Submitting list of persons who have been off the payroll of this Department for more than thirty days and requesting to be advised as to the reasons therefor. Information furnished.

From the Fire Department—  
1 (69302). Requesting permission to use the basin at Pier "A," North river, to dock the Department's launch thereat. Permit granted, the use of the basin not to interfere with the ingress and egress to boat float.

2 (69334). Submitting, for the Department's consideration, plans for a new building and hose rack to be located on the bulkhead at the foot of Ninety-ninth street, East river. Plans approved.

From the President of the Borough of Manhattan—  
1 (69342). Stating that the transfer of John E. Owens, Attendant, to his Department, has become effective. Owens dropped from the rolls.

2 (69384). Requesting consent to the transfer to his office of Michael Rafferty, Attendant. Consent granted.

From the President of the Borough of Brooklyn—  
1 (69374). Stating that the transfer of William S. Lee, Attendant, to his office will become effective October 1, 1906. Filed.

2 (69399). Requesting consent to the transfer to his office of John F. McGowan, Attendant. Consent granted.

From the Department of Parks (69262)—Stating, in response to communication from this Department under date of September 11, 1906, that the Park Department has not been officially notified of the taking of the water front property at Corlears Hook Park for park purposes, but has been advised by private parties that the title to the property was vested in the City on August 15, 1906. Filed.

From the Bellevue and Allied Hospitals (69408)—Stating in response to communication from this Department, that they do not use either the East Fifty-fourth street or the East Fifty-second street landings and therefore cannot consent to the removal of either. Filed.

From the Police Department (69355)—Calling attention to a dangerous hole in the deck of the pier at the foot of Fifth street, East river. Filed, repairs having been made.

From the Department of Street Cleaning (69287)—Calling attention to two loose piles under the dumping board on the pier at the foot of Thirtieth street, North river. Engineer-in-Chief of this Department directed to make repairs, where necessary, to the dumping board.

From the Health Department (69305)—Calling attention to the broken sewer at the foot of Canal street, Stapleton, Borough of Richmond, stating that same is discharging its contents over the beach, and requesting that the nuisance be abated. Notified that a pier is now being constructed at the foot of the street in which provision has been made for the continuation of the sewer to tide water and that the

contractor for the construction of the Stapleton Ferry terminal will be requested to proceed at once with that portion of the work providing for the outfall of the sewers.

From the Department of Water Supply, Gas and Electricity (69290)—Stating, in response to communication from this Department that it has no available funds at the present time for the laying of water mains along the marginal street between Little West Twelfth and Twenty-third streets, North river, but that a plan and estimate of the cost of installing a new water main in this street is being prepared and an application will be made in the near future for an issue of bonds to cover the expense; stating further that it is not the custom for the Department to put in branches from street mains to points opposite the entrances to each pier. Notified that the Department is about to proceed with the regulating, grading and paving of the street area in question, and as it is considered advisable that the water mains, etc., be laid prior to the commencement of this Department's work it is recommended that the application for the issue of bonds be made immediately.

From the Secretary of State, New York (69156)—Notifying the Department that an application has been filed by James H. Benedict for a grant of land under water in Westchester creek, Borough of The Bronx. Secretary of State advised that no plan has been filed with this Department showing the area sought, and requested to withhold action on the application until this Department has had an opportunity to examine the plan.

From the Henry DuBois Sons Company (69335)—Requesting permission to dredge a scow load of material at the northerly side of the pier at the foot of Bay Ridge avenue, Brooklyn, capsized from their scow 16D. Permit granted, the work to be done under the supervision of the Engineer-in-Chief.

From the Brooklyn Improvement Company (69338)—Requesting permission to make repairs to the bulkhead at the Fourth street basin, Gowanus Canal, Brooklyn. Permit granted, the work to be done under the supervision of the Engineer-in-Chief and to be kept within existing lines.

From T. & A. Walsh, contractors for Nassau Ferry Company (69339)—Requesting permission to replace about fifty piles in the ferry racks located at the foot of Houston street, Borough of Manhattan, and at the foot of Grand street, Brooklyn, East river. Permit granted, the work to be done under the supervision of the Engineer-in-Chief and to be kept within existing lines.

From Conron Brothers (69311)—Requesting permission to drive foundation piles upon the marginal street area between Thirteenth and Fourteenth streets, North river, for the purpose of supporting their salt water suction pipe at this locality. Permit granted, the work to be done in accordance with location plan submitted, and upon the condition that the tops of the piles will be at least 5 feet below the surface of the finished street, in order that they shall not interfere with any of the structures proposed along the marginal street area.

From the New York Edison Company—

1 (69350). Requesting permission to open the asphalt pavement of West street, North river, opposite Bank, Bethune, Jane and Horatio streets; also midway between Bank and Bethune streets, for the purpose of placing City lighting posts thereat. Permit granted upon the usual terms, the work to be done under the supervision of the Engineer in Chief of this Department.

2 (69414). Requesting permission to open pavement at the foot of West Twenty-second street, North river, for the purpose of removing defective wooden post and installing tubular shaft iron post thereat. Denied, the proposed post occupying an area upon which a bulkhead shed will be built.

From P. L. Arnold (69387)—Requesting permission to replace some of the worn and broken piles in the breakwater located between Fifty-seventh and Fifty-eighth streets, Brooklyn. Permit granted, the work to be done under the supervision of the Engineer in Chief and to be kept within existing lines.

From Oscar Geissler (69416)—Requesting permission to occupy a plot of ground at Broad channel, Jamaica Bay, Borough of Queens. Privilege granted to occupy Lot No. 6, Block 109, an area of 2,275 square feet, to continue during the pleasure of the Commissioner and to expire by limitation of time April 30, 1907, compensation to be at the rate of \$27.50 per annum, payable in advance to the Cashier of this Department.

From Charles Antony (69417)—Requesting permission to occupy a plot of ground at Broad Channel Station, Jamaica Bay, Borough of Queens. Privilege granted to occupy Lot No. 5, Block 109, an area of 2,275 square feet, to continue during the pleasure of the Commissioner and to expire by limitation of time on April 30, 1907, compensation to be at the rate of \$27.50 per annum, payable in advance to the Cashier of this Department.

From Allen M. Beebe (69132)—Requesting permission to land and berth the fishing steamer "Mount Desert" at the East Twentieth Street Pier, East river. Denied.

From the United Electric Light and Power Company (69170)—Requesting to be advised in relation to their bills for lighting under contract with this Department, and stating that the Finance Department has not as yet received any of said bills for payment. Filed, the bills having been audited and forwarded for payment.

From the Pennsylvania Railroad Company (69224)—Requesting repairs to the asphalt pavement in front of the ferry at the foot of Twenty-third street, North river. Filed, repairs having been made.

From the New York Contracting and Trucking Company (69268)—Complaining that several floats lying directly south of the pier leased by the company at Seventy-ninth street, North river, are being used as a rendezvous by undesirable characters, and requesting that the floats be removed. Advised that the floats complained of have been removed.

From Thomas Whitty (69273)—Complaining of damages sustained to his daughters' dresses while on a trip from New York to Staten Island on the Municipal Ferry, August 29, 1906, and stating that he estimates the loss at \$20. Advised that it is an impossibility for the grease to be knocked from the ferry rack to the decks of the boats, as alleged, and that the Captain and members of the crew of the ferryboat "Bronx," on which the accident is said to have occurred, know nothing of the incident.

From Adam Straub (69279)—Requesting permission to occupy space at the Raunt, Jamaica Bay, Borough of Queens, known as Lot No. 180, formerly held by Frederick Brink under a co-operative society lease. Brink notified that unless he advises this Department within five days from date that he desires the privilege of occupying the lot the permit will be granted to another applicant.

From the Iron Steamboat Company (69296)—Advising that it will discontinue the use of the pier foot of West Twenty-second street, North river, on September 17, 1906. Permit revoked, to take effect as of September 17, 1906.

From the New York Central and Hudson River Railroad Company—

1 (69298). Requesting to be advised as to the cost of repairing pile broken on the north side of Pier "A," North river, by Tugboat No. 9 and Car Float No. 17, on August 17, 1906. Notified that the cost of repairs, if made by this Department, will be about \$75.

2 (69386). Advising that they have been running their West Shore ferryboats to and from the Desbrosses Street Station of the Pennsylvania Railroad since September 8, 1906, pending repairs to the ferry rack on the south side of Franklin Street Pier 23, North river, and that it may be possible for them to negotiate with the Pennsylvania Railroad Company for the use of the Desbrosses Street Ferry Station until such time as the latter company rebuilds its Cortlandt Street Ferry Station, at which time the New York Central and Hudson River Railroad Company will run its downtown ferries between Weehawken and Cortlandt street. Notified that the operation of a ferry from Desbrosses street, North river, to Weehawken, N. J., is irregular, as the boats should be run between the points for which the franchise has been granted, and that if the company desires to operate the ferry between Desbrosses street, North river, and Weehawken, or between Cortlandt street, North river, and Weehawken, it will be necessary, in accordance with the law, for the company to make an application for the establishment of such a ferry and the granting of a lease of the franchise to operate the same.

From the Ravenswood Paper Mill Company (69358)—Requesting increased wharfage facilities in the vicinity of Long Island City, Borough of Queens, the public docks at Harris and Webster avenues being too small to accommodate a barge or boat carrying raw material or coal. Notified that the Department is now taking steps for the acquisition of property at Whale and Newtown creeks, and in the vicinity of Jamaica avenue, Astoria, which it is believed will relieve the situation.

From the Superintendent of Ferries, Superintendent of Docks, Engineer-in-Chief and John J. Herrick, Mechanical Engineer (69389)—Reporting absences of employees under their charge for the month of August, 1906. Filed.

From the Engineer-in-Chief—

1 (69419). Recommending, in accordance with request of the Fire Department, that the Department of Water Supply, Gas and Electricity be requested to remove the hydrant now located on Pier (old) 56½, North river, to a location about 50 feet

easterly on the southerly side of the pier. Department of Water Supply, Gas and Electricity requested to remove the hydrant as recommended.

2 (69420). Recommending the issuance of an order for the making of repairs to the pier foot of Fifth street, East river, by the force of the Department, and recommending that the Hazelwood Ice Company, lessees of 130 feet of the northerly side of the pier, be advised of the purpose of the Department to repair the pier, and that the area leased to them will be repaired by the Department if they will agree to pay the cost thereof. Order issued to Engineer-in-Chief of this Department to repair the unleased portion of the pier. Hazelwood Ice Company notified that the Department will repair the portion leased to them if they agree to pay the cost thereof.

3 (69421). Reporting damage to the pier foot of Noble street, Brooklyn, on September 8, 1906, by tug No. 8, while berthing the barge "Hudson," and recommending that the New York Central and Hudson River Railroad Company, owner of the tug, be notified of the damage and an opportunity given it to make a survey of same preparatory to making repairs, either by the Department or the company, as may be elected. Company notified as recommended.

4 (69422). Reporting that James V. Fanning, Dock Builder, died on September 18, 1906. Name dropped from the list of employees.

5 (69423). Reporting that Walter T. Wood, Dock Laborer, has been absent from duty without being excused since July 26, 1906, and recommending his discharge. Wood discharged.

6 (69424). Reporting that the work of furnishing and delivering 10,000 barrels of Portland cement under Contract No. 999 by the John P. Kane Company, contractor, was commenced September 18, 1906. Comptroller notified.

7 (69438). Reporting that P. G. Taylor is in occupation of an area of about 5,650 square feet at Broad Channel, Jamaica Bay, Borough of Queens, instead of the space for which permit was granted, viz., 2,500 square feet, Lot No. 2, Block 7, and recommending that permit be issued Taylor charging rental for the enlarged area. Amended privilege granted covering same lot and block, the area being 5,650 square feet, rental to be at the rate of \$65 per annum, to begin as of May 1, 1906, he having been in occupation of the premises.

8 (B. O. 4206). Submitting supplementary report in relation to repairs made by the Department to the backing log on the bulkhead between One Hundred and Eighth and One Hundred and Ninth streets, Harlem river, where damaged by the steamer "Four" of the Rockland-Rockport Lime Company, and stating that the cost of repairs amounted to \$11.61. Filed.

9 (B. O. 4496). Reporting that the cost of repairs to Pile Driver No. 14, damaged by the tug "Rochester" of the Erie-Railroad Company, amounted to \$43.89. Amount ordered collected from the company.

From the Superintendent of Docks—

1 (69413). Recommending that the permit issued to Edward A. Hall to moor swimming bath at the Battery wall during the season of 1906 be revoked to take effect September 15, 1906. Permit revoked as recommended.

2 (69415). Reporting that the Department of Street Cleaning scow "Margaret," loaded with ashes, sunk on the north side outer end of the East Twenty-ninth street pier and is a danger to navigation. Filed.

From the Superintendent of Ferries (69352)—Reporting discontinuance of the use of the easterly ferry slip, Whitehall Terminal, Staten Island Ferry, on September 19, 1906, by the Thirty-ninth Street (Brooklyn) Ferry Company. Company advised that a charge of \$10 per day will be made for the time during which the company made use of the easterly ferry slip at the Whitehall Terminal.

From the Auditor (69434)—Stating that the Brooklyn Alcatraz Asphalt Company claim that they own the bulkhead foot of Thirteenth street, on the easterly side of Gowanus canal, Borough of Brooklyn, and refuse to pay any more rent under the permit granted them for the use of the bulkhead, May 3, 1905, which permit was renewed May 28, 1906; the Auditor further states that there is now due six months' rent, from May 1, 1906, amounting to \$165. Renewal permit revoked and Dock Master directed to collect wharfage at the bulkhead. Corporation Counsel requested to collect \$165 rental due from May 1, 1906.

The Engineer-in-Chief reported the following work superintended under Bureau orders:

No. 4433. Dredging at bulkhead between Eighteenth and Nineteenth streets, East river, under Contract No. 1000, by the R. G. Packard Company.

No. 4501. Dredging at Department of Street Cleaning dumping boards foot of Thirtieth street, North river, by Henry DuBois' Sons Company, under Contract No. 880.

No. 4525. Repairs to coal pockets on bulkhead immediately south of Fortieth street, North river, by Curtis & Blaisdell.

No. 3998. Construction of a pier foot of India street, Brooklyn, by the Estate of Henry Steers.

No. 4506. Repairs to bulkhead at Seventh street and Gowanus canal, Brooklyn, by the Tartar Chemical Company.

No. 4395. Repairs to building on pier foot of Twenty-fourth street, Brooklyn, by Andrew Peterson.

No. 4508. Erection of traveling crane trestle westerly of Vernon avenue, Long Island City, Borough of Queens, by John and Jeannette R. Gillies.

No. 4359. Construction of shed and erection of runways between Noble and Worth streets, Ravenswood, Borough of Queens, by William Bradley & Sons.

The Engineer-in-Chief reported the following work done under Bureau orders:

No. 2639. Repairs, as required, to City piers along the North river, north of West Forty-fourth street, by the force of the Department.

Charles H. Caldwell, Watchman (69318), appeared before the Commissioner in relation to charges preferred against him and offered his resignation, which resignation was accepted.

Patrick F. Cooney, Watchman, appeared before the Commissioner for a hearing on the charges preferred against him on September 18, 1906, and was discharged.

A communication was forwarded to the Department of Public Charities to the effect that the permit granted them July 24, 1906, for the placing of a float stage at the bulkhead south of East One Hundred and Sixteenth street, East river, was issued under the impression that said Department had arranged with the Manhattan State Hospital, lessees of the bulkhead, for the placing of the float stage thereat.

J. W. SAVAGE, Secretary.

**CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.**

WILLIAM H. SMITH, AUCTIONEER.

**PUBLIC NOTICE IS HEREBY GIVEN** that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired for street opening purposes, under the jurisdiction of the Commissioner of the Department of Parks, said buildings being situated in the Borough of Brooklyn and erected upon property described as follows:

Being the two buildings located on Bay Ridge parkway at Fifth avenue, between Sixty-sixth and Sixty-seventh streets, in the Borough of Brooklyn.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance.

The sale will take place on

**FRIDAY, NOVEMBER 30, 1906**

at 1 p. m., on the premises, and will be sold for the highest marketable price on the following

**TERMS AND CONDITIONS.**

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against them or any of them, and against any and from all damages and costs to which, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

**CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.**

WILLIAM H. SMITH, Auctioneer.

**PUBLIC NOTICE IS HEREBY GIVEN** that the Commissioners of the Sinking Fund by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired for street opening purposes, under the jurisdiction of the President of the Borough of Brooklyn, said buildings being situated in the Borough of Brooklyn and erected upon property described as follows:

All the right, title and interest of The City of New York in and to the buildings remaining within the area of the property acquired for the proposed opening and extending of Grand street, from Hooper street to Havemeyer and South Fourth streets, which are more particularly described on a map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan. The sale will take place on

**WEDNESDAY, NOVEMBER 28, 1906**

at 1 p. m., on the premises, and will be sold for the highest marketable price on the following

**TERMS AND CONDITIONS.**

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within said

period, will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against any and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of the City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

Beginning at a point formed by the intersection of the northwesterly prolongation of the middle line of the blocks between West One Hundred and Eighty-ninth street and West One Hundred and Ninetieth street with a line drawn parallel to the northwesterly line of Wadsworth avenue and distant 100 feet northwesterly therefrom; running thence northeasterly along said parallel line to its intersection with the northwesterly prolongation of the middle line of the blocks between West One Hundred and Ninety-second street and West One Hundred and Ninety-third street; thence southeasterly along said prolongation and middle line to an intersection with a line drawn parallel to the southeasterly line of Audubon avenue and distant 100 feet southeasterly therefrom; thence southwesterly along said parallel line to the middle line of the blocks between West One Hundred and Ninetieth street and West One Hundred and Eighty-ninth street; thence northwesterly along said middle line and its northwesterly prolongation to the point or place of beginning.

WEST ONE HUNDRED AND NINETY-SECOND STREET—OPENING, from Audubon avenue to Wadsworth avenue. Confirmed April 12, 1906; entered November 7, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the easterly prolongation of the middle line of the blocks between West One Hundred and Ninetieth street and West One Hundred and Ninety-first street with the middle line of the block between Audubon avenue and Amsterdam avenue; running thence northerly and northwesterly along said last-mentioned middle line to the easterly line of Fort George avenue; thence northwesterly on a line radial to the line of Fort George avenue to its intersection with the line parallel to and one hundred feet westerly from the westerly line of Eleventh avenue; thence southerly along said parallel line to its intersection with the middle line of the block between Fairview avenue and Wadsworth avenue; thence southwesterly along said middle line to its intersection with the westerly prolongation of the middle line of the blocks between West One Hundred and Ninetieth street and West One Hundred and Ninety-first street; thence easterly along said prolongation and middle line and its easterly prolongation to the point or place of beginning.

The above-entitled assessments were entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before January 7, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

#### CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

WILLIAM H. SMITH, Auctioneer.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by

law, will offer for sale at public auction the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired for the use of the Park Department, said buildings being situated in the

##### Borough of Brooklyn

and erected upon property bounded and described as follows:

Beginning at a point on the northerly line of Sunnyside avenue distant 42.54 feet westerly from the westerly line of Warwick street; thence easterly along the northerly line of Sunnyside avenue 2,031.54 feet, more or less, to the westerly boundary line of the National Cemetery; thence southerly along the westerly boundary line of the National Cemetery 285 feet, more or less, to the northerly line of Jamaica avenue; thence westerly along the northerly line of Jamaica avenue 2,067 feet, more or less, to a point 400 feet easterly from the easterly line of Barbey street; thence northerly at right angles to Jamaica avenue 115 feet, more or less; thence easterly parallel with Jamaica avenue 7.21 feet, more or less, to a point in the southerly side of Sunnyside avenue distant 57.69 feet westerly from the westerly line of Warwick street; thence northerly 62 feet, more or less, to the point of beginning.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance. The sale will take place on

##### WEDNESDAY, NOVEMBER 28, 1906

at 11 a. m., on the premises, and will be sold for the highest marketable price on the following

##### TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as saw and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against any and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of the City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

## BOARD OF ESTIMATE AND APPORTIONMENT.

### PUBLIC NOTICE.

**NOTICE IS HEREBY GIVEN THAT AT** a meeting of the Board of Estimate and Apportionment of the City of New York, held in Room 16, City Hall, Borough of Manhattan, November 16, 1906, a communication was received from the Board of Rapid Transit Railroad Commissioners for the City of New York, transmitting resolutions as to route and general plans of a Rapid Transit Railway along Washington, Tillary and other streets in the Borough of Brooklyn, and known as "Brooklyn Bridge and Fulton Street Connection (Borough of Brooklyn)," and requesting the approval of the Board of Estimate and Apportionment.

Whereupon the following resolutions were adopted:

Resolved, That the communication be received, and in pursuance of law this Board hereby appoints Friday, the 23d day of November, at 10.30 o'clock in the forenoon as the time, and Room 16 in the City Hall, Borough of Manhattan, as the place, when and where such plans and conclusions will be considered; and be it further

Resolved, That the Secretary be directed to cause notice of such consideration to be published in the CITY RECORD.

Dated New York, November 16, 1906.

CITY OF NEW YORK—BOARD OF ESTIMATE AND APPORTIONMENT.

**PUBLIC NOTICE IS HEREBY GIVEN** that at a meeting of the Board of Estimate and Apportionment, held October 26, 1906, the following petition was received:

To the Honorable Board of Estimate and Apportionment of The City of New York:

The petition of the Nassau Electric Railroad Company respectfully shows:

1. Your petitioner is a street surface railroad corporation duly organized and existing under the Laws of the State of New York, and has duly made and filed, pursuant to section 90 of the Railroad Law, a statement of the names and description of the streets, roads, avenues, highways and private property in or upon which it is proposed to construct, maintain and operate extensions or branches of its railroad as herein set forth.

2. Your petitioner desires to obtain from The City of New York and hereby respectfully applies for its consent to a grant of the franchise or

right to use certain streets, roads, avenues, highways or public grounds within or belonging to The City of New York for the construction and operation in and upon the surface thereof of extensions or branches of its street surface railroad to consist of a double or single track surface railroad (including necessary connections, switches, sidings, turnouts, crossovers and suitable stands or other structures necessary for the accommodation and operation of said railroad by the overhead or other system of electricity or other motive power which may be lawfully used upon the same), for public use and conveyance of persons and property for compensation.

3. The following is a description of the said certain streets, roads, avenues, highways, drive-ways or public ground within or belonging to The City of New York, in, through, upon and along which your petitioner desires to extend its railroad, to wit:

#### Route A.

Beginning at the intersection of Atlantic avenue and Alabama avenue and extending thence southerly on Alabama avenue to Livonia avenue; and on Livonia avenue, from Vesta avenue to New Lots road. From the intersection of Livonia avenue with New Lots road, it is proposed to construct a double track street surface railroad on New Lots road, from Livonia avenue to Berriman street; on Berriman street, from New Lots road to Sutter avenue, and on Sutter avenue easterly to the old Brooklyn City line, at or near Forbell avenue, under and pursuant to franchise granted by the City of Brooklyn to your petitioner by resolution of the Common Council adopted June 19, 1893.

#### Route B.

Beginning at the intersection of Liberty avenue and Forbell avenue, in the Borough of Brooklyn, and thence extending southerly on Forbell avenue to Spring creek.

#### Route C.

Beginning at the intersection of Thirty-ninth street and Eighth avenue, in the Borough of Brooklyn, and thence extending southwesterly on Eighth avenue to Seventh avenue; thence southerly on Seventh avenue to Seventy-ninth street, and thence southeasterly on Seventy-ninth street to Stillwell avenue, connecting at Stillwell avenue with tracks to be constructed thereon by the Coney Island and Gravesend Railway Company, under franchise granted to the said Coney Island and Gravesend Railway Company by the Commissioners of Highways of the Town of Gravesend on August 29, 1893, and by the Town Board of the Town of Gravesend on August 31, 1893.

#### Route D.

Beginning at the intersection of Thirteenth avenue with Thirty-ninth street, in the Borough of Brooklyn, and extending thence southwesterly on Thirteenth avenue to Bay Ridge avenue.

Your petitioner respectfully represents that additional transportation facilities are greatly needed in those sections of the City and upon the streets and avenues hereinabove described, and this application is made at the request of large numbers of persons residing in those localities. The said routes are extensions of existing routes of transportation and their construction and operation as a part of the railroad system of your petitioner will enable residents of the localities to reach nearly all parts of the Borough of Brooklyn for a single fare of five cents.

Your petitioner has received and caused to be recorded as required by law the consents of abutting property owners owning more than half in assessed value of all the property abutting on said Alabama avenue, between Atlantic avenue and Livonia avenue; on Livonia avenue, between Vesta avenue and New Lots road, and on Eighth and Seventh avenues, between Thirty-ninth and Seventy-ninth streets (exclusive of property on said avenues owned by The City of New York), and upon the other streets and avenues mentioned, your petitioner has received consents of large numbers of property owners and assurances of consents more than sufficient to comply with all legal requirements.

4. Your petitioner proposes to operate the railroad to be constructed upon said streets and avenues by the overhead trolley system or by any other motive power other than steam locomotive power which may be approved by the State Board of Railroad Commissioners and consented to by the owners of property bounded upon said routes as provided by law.

Wherefore your petitioner prays that public notice herein of the time and place when and where this application will be first considered be given, as required by the provisions of section 92 of the Railroad Law and of all other laws applicable thereto, and that the desired consent or grant be embodied in the form of a contract with all the terms and conditions as to compensation and otherwise in accordance with the provisions of the Greater New York Charter and the Laws of the State.

Dated at the Borough of Brooklyn, City of New York, October 11, 1906.

**THE NASSAU ELECTRIC RAILROAD COMPANY.**

By E. W. WINTER, President.

C. D. MENNELY, Secretary.

City and State of New York, County of Kings, ss.: Edwin W. Winter, being duly sworn, deposes and says that he is the president of the Nassau Electric Railroad Company, the petitioner named in the foregoing petition; that he has read the foregoing petition and knows the contents thereof; that the same is true of his own knowledge except as to the matters therein stated to be alleged upon information and belief, and that as to those matters he believes it to be true; that the reason why this verification is not made by the petitioner is that it is a corporation; that the deponent is an officer of the said corporation, to wit, its president; and that the grounds of his information in regard to the matters stated in the foregoing petition, so far as the same are not within his personal knowledge, are statements made by officers or agents of the corporation to him as president thereof.

E. W. WINTER.

Sworn to before me this 10th day of October, 1906.

D. F. URQUHART, JR.,

Notary Public, Kings County.

On this 10th day of October, in the year one thousand nine hundred and six, before me personally came Edwin W. Winter, to me known, who, being by me duly sworn, did depose and say that he resided in The City of New York, New York; that he is president of the Nassau Electric Railroad Company, the corporation described in and which executed the foregoing instrument; that he knew the seal of said corporation; that the seal affixed to said instrument was such corporate seal; that it was so affixed by order of the Board of Directors of said corporation, and that he signed his name thereto by like order.

D. F. URQUHART, JR.,

Notary Public, Kings County.

—and the following resolutions were thereupon adopted: Whereas, The foregoing petition from the Nassau Electric Railroad Company, dated October 11, 1906, was presented to the Board of Estimate and Apportionment at a meeting held October 26, 1906.

Resolved, That in pursuance of law this Board sets Friday, the 23d day of November, 1906, at

10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least fourteen (14) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

## FIRST DEPARTMENT.

In the matter of the application of the Counsel to the Corporation for and on behalf of the Mayor, Aldermen and Commonalty of The City of New York, relative to the estimate of the loss and damage and to the assessment of the benefit and advantage resulting from the closing of the KINGSBRIDGE ROAD, between One Hundred and Thirty-seventh street and One Hundred and Forty-ninth street (except where said road has been retained or title thereto has been legally acquired for street purposes), in the Twelfth Ward of The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to

all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate as to Damage Parcel No. 1 and assessments for benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 20th day of November, 1906, and that we, the said Commissioners, will thereafter reconsider our said estimates, or the part or parts thereof so objected to, and in case the same shall appear to us to require correction, but not otherwise, we shall and may correct the same accordingly.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the office of the Clerk of the County of New York, in the County Court House, in the Borough of Manhattan, in The City of New York, there to remain until the 26th day of November, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

On the north by West One Hundred and Fifty-fifth street, on the south by West One Hundred and Twenty-fifth street, on the east by Eighth avenue and on the west by Amsterdam avenue, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 8th day of January, 1907, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to any of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

## PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

## NOTICE TO CONTRACTORS.

## GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
