LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, May 26, 1882.

WILLIAM M. IVINS, Esq., Secretary of the Mayor.

SIR—I am in receipt of your letter of the 23d instant, in which you state that the city is the owner of certain lots on West street, opposite Gansevoort Market, between Gansevoort and Bogert streets, and that owing to the narrowness of Gansevoort Market, with the great pressure of business at this point, and pending the proceedings for the acquisition of the property for the extension of Gansevoort and Bogert streets, the proposition has been made that these lands be cleared of encumbrances, and paved over their entire surface, for the purpose of affording standing room to the market wagons which congregate at this point. You also state that it is understood there are unexpended balances which might be drawn upon for the purpose of defraying the expense of the work in question, and you request my opinion whether such balances can be transferred by the Board of Estimate and Apportionment to such purpose, and, in such event, by whom the work of improvement should be done.

You also request to know what is the present status of the proceedings for the widening of Washington street, inasmuch as serious complaint is made by residents on the street of the delays which have occurred in such proceedings.

By chapter 191, of the laws of 1880, the lots belonging to the city, referred to in your letter, as well as other adjoining property, were declared to be a public market place, and authority was given by said act, to the Commissioner of Public Works, to prepare the same, and also the adjoining lots belonging to private individuals, when title thereto was acquired, for occupancy as a public market, and to purchase and erect thereon the necessary appurtenances and structures for such purpose. The Comptroller was also authorized and directed to issue revenue bonds, not exceeding \$200,000, in such amounts and at such times as should be necessary to carry out the provisions of the act.

I am of the opinion that the Comptroller can issue revenue bonds to raise money to make the improvement suggested in your letter upon the lots belonging to the city; and that the Commissioner of Public Works can proceed at once, to clear such lots of encumbrances, and pave the same, without waiting for the termination of the legal proceedings which have been commenced to acquire title to the adjoining property.

With regard to the proceedings relating to the extension of Washington street, I enclose herewith a copy of a letter recently sent by me to the Messrs. Burnham, in which are set forth the difficulties which have embarrassed and delayed the prosecution of the proceedings. It is impossible, at this time, to state with absolute certainty, when the proceedings will be finally concluded. The Commission is at present engaged in laying the assessment, and, as I am informed, their report will probably be filed for inspection in about a month, and, if no unforeseen obstacle arises, will be presented to the Court in about three months from the present time. The confirmation of such report may be delayed, if it is opposed, and, even if confirmed, an appeal if taken from the order of confirmation, would still further delay the final termination of the proceedings.

I am, sir, yours respectfully,

W. C. WHITNEY, Counsel to the Corporation.

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, April 5, 1882.

Messrs. E. L. & B. T. BURNHAM, 16 Eighth Avenue:

GENTLEMEN—Your communication of the 30th ultimo, in relation to the extension of Washington street, has been duly received.

The various departments within whose jurisdiction this proceeding comes, and the Commissioners of Estimate and Assessment appointed by the Court to make awards for property taken and to assess the property benefited by said improvement, have been met, from the very outset, with many difficulties.

By Section 105 of chapter 335 of the Laws of 1873 (the Charter), the Board of Street Opening, composed of the Mayor, Comptroller, Commissioner of Public Works, the President of the Department of Public Parks, and the President of the Board of Aldermen, is vested with authority to lay out, open, extend, etc., all streets south of Fifty-ninth street.

In pursuance of this power the said Board laid out and extended Washington street from Little West Twelfth street to Fourteenth street, and on the sixteenth day of October, 1880, I presented their petition to the Court for the appointment of Commissioners. The Court appointed Commissioners, who, on the twenty-seventh day of October, 1880, met at this office for the purpose of organization. Here the first difficulty presented itself. Chapter 579 of the Laws of 1880 provides that no costs shall be allowed in any street opening proceeding, except the fees of the Commissioners which, in this case, as there is a large area of assessment, will be thirty cents per lineal foot, amounting to \$41, for each Commissioner; room rent actually paid, and the sum of \$100 for printing, posting and publishing notices required by law, and for all incidental expenses, which would include clerk hire, etc.

A proceeding as large as the present one would require the services of a clerk for months at a time, extending over a period of at least a year or more, and the necessary incidental expenses in printing and posting notices, etc., would amount to nearly one hundred dollars, so that no competent man could be obtained for clerk at the rates allowed by the Act of 1880. To meet this difficulty, being anxious to have the opening proceed as expeditiously as possible, I had one of the clerks in my Department, who was familiar with such proceedings, appointed as clerk to the Commissioners.

The Commissioners then proceeded to view the premises to be affected by the improvement, held eight or ten sessions during the months of January and February, 1881, heard the various parties affected thereby, and determined upon the area of the assessment for benefit and what the preliminary or estimated awards should be. The next difficulty arose in regard to Commissioners' maps. It was necessary for them to have maps to proceed with their work. As the area of their proposed assessment was very large, the work of preparing the maps was one of considerable magnitude. The Act of 1880 provides that the Department or Board having charge of the opening should furnish the maps, which should be made by a surveyor in the stated employ of said Department, and that the expense for the same should not be included in the assessment in such proceeding. The Board of Street Opening was the Board having charge of the opening of this street, and it was its duty therefore to furnish the Commissioners with maps, but it had no surveyor in its employ, and no money with which to pay one. The Commissioner of Public Works, however, consented to have the same made by the surveyors in his Department, in pursuance of a request made by the Commissioners of Estimate and Assessment herein on March 1, 1881. This work occupied some five months, and in July, 1881, one copy of the completed maps was furnished to the Commissioners. Since that time the work of making the awards and of laying the assessments, etc., has progressed as rapidly as possible, consistent with the other duties of this office which the clerk of the Commission has been called upon to perform. The area of proposed assessment includes nearly two thousand city lots of all sizes and shapes, and affected by different principles of assessment on account of their position in regard to the proposed improvement.

I have gone quite fully into this matter so that you may clearly understand the situation of the proceeding at the present time, and why it has not progressed as rapidly as you and the other parties you represent have desired.

Yours, respectfully,

W. C. WHITNEY, Counsel to the Corporation.

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, May 26, 1882.

WILLIAM M. IVINS, Esq., Secretary of the Mayor:

SIR—I am in receipt of your letter of the 24th instant, calling my attention to the report of the Commissioners of Accounts, dated May 16, 1882, published in the CITY RECORD of May 23, 1882, relative to the affairs of the Board of Excise, and requesting my advice as to where the bonds taken by the Board of Excise should be filed.

Section 23, of chapter 628, of the Laws of 1857, provides that every bond taken pursuant to the provisions of that act, shall, within ten days after the execution of the same, be filed in the office of the Clerk of the town or village in which the license shall be granted, and, in cities, in the City Clerk's office. It is stated in the report of the Commissioners of Accounts referred to by you, that this provision is not complied with, the bonds all remaining in the office of the Board of Excise. The Commissioner of Accounts also states that he is informed by the Commissioners of Excise that the bonds have been offered by them for filing to the County Clerk and the Clerk of the Common Council, and have been refused by both of those officers.

I am of the opinion that the bonds taken under said Act of 1857 should be filed in the office of the Clerk of the City and County of New York, and my reasons for such opinion are as follows:

Section 29, of the Montgomerie Charter, authorized the appointment, by the Governor, of a Common Clerk of the City of New York, who was to be the Clerk of the Mayor's Court, Clerk of the Peace and of the Sessions of the Peace.

Chancellor Kent, in his note upon said Section 29 of the Montgomerie Charter, says:

"This single office of Clerk of the City was subsequently broken up into fragments, and a large share of its complicated duties distributed among other clerical departments." He then refers to the various provisions of the statutes, and of the Constitution of 1821 (which was in force when he wrote, in 1836), by which many of the powers and duties of such Common Clerk of the City had been devolved upon other officers, and concludes his note as follows:

"As the law stands, the Common Clerk of the Charter is stripped of the office of Clerk to the Common Council, and of Clerk of the Courts of Oyer and Terminer, and General Sessions of the Peace, and of Clerk of the Peace, and as Register of Deeds and Mortgages. He is reduced, so far as courts are concerned, to the single office of Clerk of the Court of Common Pleas; but he is still the Clerk of the City and County, and, as such, is charged with many incidental duties belonging to such office; such as his duties relative to elections, and to the Board of Supervisors, and to the registry of names in times of pestilence, and relative to a variety of other matters appropriate to the office of County and City Clerks." (Kent's Notes on the Charter of the City of New York, pp. 275-277).

Under the present Constitution, Clerks of counties, and the Clerk of the City and County of New York, are to be elected for three years, and are *ex officio* clerks of the Supreme Court, but the Clerk of the City and County of New York, as appears, both by his title and also, to some extent, from the nature of his duties, is, so to speak, the lineal successor of the Common Clerk of the City, and I am of the opinion that the words "City Clerk's office," used in said Section 23 of the Act of 1857, must be regarded, so far as relates to this City, as referring to the office of the Clerk of the City and County of New York.

I am, sir, yours respectfully,

W. C. WHITNEY,

Counsel to the Corporation.

ESTIMATES FOR REPAIRING PIER 15 AND ITS BULKHEAD AND RETURN, near the foot of Wall street, East river, will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, Nos. 117 and 119 Duane street, in the City of New York, until 12 o'clock M., of FRIDAY, JUNE 23, 1882.

15. Labor of removing the pier and a portion of the bulkhead near the foot of Wall street, East river, and of removing all the old material from the premises.

N. B.—As the above-mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, and the entire work is to be fully completed on or before the 1st day of October, 1882, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, Sundays and holidays not to be excepted, are, by a clause in the contract, fixed and liquidated at fifty dollars per day.

All the old material taken from the pier and bulkhead, to be removed, will be relinquished to the contractor, and bidders must estimate the value of such material when considering the price for which they will do the work under the contract.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract, and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work. The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and re-let, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York and to A. Newbold Morris, Trustee, and to the owners of the southerly half of said pier, one-half to each, any difference between the sum to which said person would be entitled on its completion, and that which said Corporation and said owners may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the said required by law. The adequacy and sufficiency of the security offered, will be subject to the approval of the Comptroller of the City of New York, and A. Newbold Morris, Trustee, and others, owners of the southerly half of said pier, represented by John F. Doyle, as agent, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the

same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York, or of A. Newbold Morris, Trustee, and others, represented by John F. Doyle, as agent, owners of the southerly half of said pier.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

Bidders will state in their estimates a price per cubic yard for doing such dredging in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder.

DEPARTMENT OF DOCKS,
Nos. 117 and 119 DUANE STREET,
NEW YORK, April 22, 1882.

RULES AND REGULATIONS ESTABLISHED for the government and proper care of piers, bulkheads, slips, and other wharf property, under the provisions of subdivision 7 of section 6 of chapter 574 of the Laws of 1871, by the Board of the Department of Docks, and published, to take effect on and after

MAY 1, 1882.

The said subdivision 7, among other things, provides as follows:

"The violation of or disobedience to any rule, regulation, or order of said Board shall be a misdemeanor, punishable by a fine not exceeding five hundred dollars, or by imprisonment not exceeding thirty days, or by both such fine and imprisonment, on complaint of said Board."

And every person guilty of a violation of or disobedience to any of the following rules or regulations, in addition to the penalties thereby fixed and imposed, to be recovered in civil actions, is liable to be prosecuted for a misdemeanor and to be punished by such fine and imprisonment, or by both.

No. 1.—No piles shall be driven, nor shall any platform be erected, nor shall any filling-in of any kind be made on any part of the water-front of the city, without a written permit therefor being first had and obtained from the Board, under a penalty of two hundred and fifty dollars, for every such offense, to be recovered from the owner, lessee, or occupant of any pier or bulkhead, or of any water-front property or right, who shall cause or permit any such work to be done upon his premises before such permit therefor has been obtained, and under the further penalty of fifty dollars for each and every day which shall elapse before any piles so driven, or platform so erected, or material so filled-in, without such permit being first obtained, shall be removed, after the expiration of the time which may be allowed for such removal, by a notice served upon such owner, lessee, or occupant, by the Corporation Wharfinger for the district, to be also recovered from such owner, lessee, or occupant.

No. 2.—No shed, building, office, tally-house, or other structure shall be erected, nor shall any derrick, hoisting-mast, coal-hopper, sign, or advertising device, or other erection or obstruction of any kind be placed or maintained upon any pier, bulkhead, or other wharf structure, nor upon any reclaimed land, without a written permit therefor being first had and obtained from the Board; and if the owner, lessee, or occupant of any such premises, or the owner, lessee, or agent, of any such structure, erections, or obstructions, shall fail to comply with a notice served by the Corporation Wharfinger for the district to remove any such structure, erection, or obstruction, after the expiration of the time allowed by such notice for the removal, such owner, lessee, occupant or agent, shall forfeit and pay a penalty of twenty-five dollars per day for each and every day, which shall elapse before any such structure, erection or obstruction, shall be removed, after the expiration of the time for the removal thereof specified in said notice.

No. 3.—No cargo shall be discharged from any vessel upon any bulkhead or wharf structure, at which such unloading is being unladen, after service by the Corporation Wharfinger for the district, upon the owner, consignee, master, or other officer, or stevedore, of such vessel, of a notice that such bulkhead or structure will be endangered by the placing of additional cargo thereon, under a penalty of two hundred and fifty dollars for every such offense, and a further penalty equal in amount to the damages of every description which shall be caused by the further discharging of cargo upon such bulkhead or wharf structure, after the service of the said notice, both of such penalties to be recovered from such owner, consignee, master or other officer or stevedore, severally and respectively.

No. 4.—All goods, merchandise, and materials of every kind, landed or placed on any pier, bulkhead, or other wharf structure, or upon reclaimed land, must be removed therefrom without unnecessary delay, and within twenty-four hours after the Corporation Wharfinger for the district shall have served upon the owner, shipper, or consignee, of such cargo, a notice to remove the same, under a penalty of fifty dollars per day for each and every day, during which any part of said cargo shall remain upon such pier, bulkhead, structure, or land, after the expiration of the said twenty-four hours, to be recovered from such owner, shipper, or consignee, severally and respectively.

No. 5.—All goods, merchandise and materials of every kind encumbering any pier, bulkhead or other wharf structure, or reclaimed land, after the time designated for the removal thereof shall have expired, will be liable to be removed by the Board to any warehouse or yard, at the sole risk and expense of the owner of any such property, and all expense incurred for such removal and storage or otherwise, shall be and become a lien thereon, and such goods, merchandise and materials will not be delivered to the owner until the expense of such removal and storage has been paid.

No. 6.—No person shall construct or maintain any engine-house, tally-house, or other small structure, under a permit of the Board, on any unshedded pier, or other wharf structure, unless the same be placed on wheels so as to admit of easy removal thereupon when required, and to prevent the accumulation of dirt or refuse thereunder, under a penalty of twenty-five dollars per day for each and every day which may elapse before the discontinuance of such offense.

No. 7.—No vessel of any kind shall be loaded or discharged by horse power, nor shall stones or similar cargo be discharged from any vessel, upon any pier, bulkhead or other wharf structure, unless proper planking be provided to protect the surface of such pier, bulkhead or other wharf structure from injury consequent upon the travel of the horse, or the throwing of the stones or similar cargo thereupon, under a penalty of five dollars a day for each horse so employed, and of twenty-five dollars for each offense of discharging such stones or like cargo, upon such pier, bulkhead, or other wharf structure, to be recovered from the owner, consignee, master or stevedore of any such vessel, severally and respectively; and if such penalty be recovered for using horses, or discharging stones or similar cargo, upon wharf property belonging to the Corporation, under lease, it shall be paid to the lessee thereof, but if such penalty be recovered for using horses, or discharging stones or similar cargo, upon wharf property not owned by the Corporation, it shall be paid to the owner thereof.

JURORS.

NOTICE

IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,
NEW COUNTY COURT-HOUSE,
NEW YORK, Sept. 15, 1881.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed of interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

Commissioner of Jurors,

The apportionment of the regular rents upon dwelling houses are on the basis that but one family is to occupy the same, and for each additional family the sum of one dollar per year shall be charged.

Each flat or suit of rooms for one family shall be charged ten dollars per year where they have hot and cold water, stationary wash-tubs, bath, and water-closet, with the privilege of using meter.

METERS will be placed on all houses where waste of water is found, and they will be charged at rates fixed by the Department for all the water passing through them.

The rent of all tenements which shall exceed in width fifty feet shall be the subject of special contract with the Commissioner of Public Works.

The extra and miscellaneous rates shall be as follows, to wit:

BAKERIES—For the average daily use of flour, for each barrel, the sum of three dollars per annum.

BATHING TUBS in private houses, beyond one, at three dollars per annum each, and five dollars per annum each in public houses, boarding houses, bathing establishments, and barber shops.

BOARDING SCHOOLS shall be charged at the rate of from fifteen to fifty dollars each; and school houses at the rate of from ten to twenty dollars each per annum.

BUILDING PURPOSES—For each one thousand bricks laid, or for stone-work—to be measured as brick—ten cents per thousand. For plastering, forty cents per hundred yards.

COW STABLES—For each and every cow, the sum of seventy-five cents per annum.

FOUNTAINS or jets are prohibited.

For all stables not metered, the rates shall be as follows:

HORSES, PRIVATE—For two horses there shall be charged the sum of six dollars per annum; and for each additional horse, the sum of two dollars.

HORSES, LIVERY—For each horse up to and not exceeding thirty in number, the sum of one dollar and fifty cents each per annum; and for each additional horse, the sum of one dollar.

HORSES, OMNIBUS AND CART—For each horse, the sum of one dollar per annum.

HORSE TROUGHS—For each trough on sidewalks, the sum of twenty dollars per annum; each trough is to be fitted with a proper ball-cock to prevent waste, this must be kept in order.

HOELS and BOARDING HOUSES shall, in addition to the regular rate for private families, be charged for each lodging room at the discretion of the Commissioner of Public Works.

PORTER HOUSES, TAVERNS and GROCERIES shall be charged an extra rate of either ten to twenty-five dollars, in the discretion of the Commissioner of Public Works. LAGER BEER SALOONS, with no water fixtures in the saloon, five dollars per annum.

PRINTING OFFICES and REFECTORIES shall be charged at such rates as may be determined by the Commissioner of Public Works.

SLAUGHTER HOUSES shall be charged at the rate of five cents for every bullock slaughtered.

STEAM ENGINES shall be charged by the horse-power as follows: for each horse-power up to and not exceeding ten, the sum of ten dollars per annum; each exceeding ten, and not over fifteen, the sum of seven dollars and fifty cents each; and for each horse-power over fifteen, the sum of five dollars.

The use of hose for washing sidewalks, stoops, areas, house-fronts, and about stables, is prohibited, because it is absolutely necessary to save water for more necessary purposes. Where premises are provided with wells, special permits will be issued for the use of hose, in order that the Police or Inspectors may understand that the permission is not for the use of Croton water.

WATER-CLOSETS and URINALS—To each building on a lot one water-closet having sewer connection is allowed without charge, each additional water-closet or urinal will be charged as hereinafter stated. All closets or urinals in which the Croton water from any service pipe or hydrant connecting with a privy vault or man-hole shall be charged two dollars for each seat per annum, whether in a building or on any other portion of the premises.

WATER-CLOSET RATES—For hoppers, of any form when water is supplied direct from the Croton supply, through any form of the so-called single or double valves, hopper-cocks, stop-cocks, self-closing cocks, or any valve or cock of any description attached to the closet, each per year twenty dollars. For any pan-closet, or any of the forms of valve, plunger, or other water-closet not before mentioned, supplied with water as above described, per year, ten dollars.

For any form of hopper or water-closet, supplied from the ordinary style of cistern filled with ball-cock and overflow pipe that communicates with the pipe to the water-closet, so that overflow will run into the hopper or water-closet, when ball-cock is defective, or from which an unlimited amount of water can be drawn by holding up the handle, per year, each, five dollars.

For any form of hopper or water-closet, supplied from any of the forms of waste-preventing cisterns, that are approved by the Engineer of the Croton Aqueduct, which are so constructed that not more than three gallons of water can be drawn at each lift of the handle or depression of the seat, if such cisterns are provided with an overflow pipe, such overflow pipe must not connect with the water-closet, but be carried like a safe waste, as provided by the Board of Health Regulations, per year, two dollars.

Cistern answering this description can be seen at this Department.

METERS.

Under the provisions of section 73, chapter 335, Laws of 1873 (City Charter), water meters, of the pattern approved in accordance with said section 73 of the Charter, shall be hereafter placed on the pipes supplying all stores, workshops, hotels, manufactories, public edifices, at wharves, ferry-houses, stables, and in all places where water is furnished for business consumption, except private dwellings.

It is provided by section 73, chapter 335, Laws of 1873, that "all expenses of meters, their connections and setting, water rates, and other lawful charges for the supply

of Croton water, shall be a lien upon the premises where such water is supplied, as now provided by law."

All manufacturing and other business requiring a large supply of water will be fitted with a meter.

Water measured by meter, ten cents per one hundred cubic feet for all manufacturing or other purposes.

NEW YORK, May 10, 1882.

SIR—From your letter of this date, in reference to certain rates included in the scale of water rents established by me on the 1st instant, it appears that there is a misapprehension in regard to their application. These water-closet rates are to go into general effect May 1, 1883.

Respectfully,
HUBERT O. THOMPSON,

1,500 bags Fine Feed, 60 pounds to the bag.

—will be received by the Board of Commissioners at the
head of the Fire Department, at the office of said Depart-
ment, Nos. 155 and 157 Mercer street, in the City of New
York, until 10 o'clock A. M., Wednesday, 14th instant
at which time and place they will be publicly opened by
the head of said Department and read.

The award of the contract will be made as soon prac-
ticable after the opening of the bids.

Any person making an estimate for the articles shall
present the same in a sealed envelope, to said Board, at
said office, on or before the day and hour above named,
which envelope shall be indorsed with the name or names
of the person or persons presenting the same, the date of
its presentation, and a statement of the articles to which it
relates.

Proposals must include all of the items, specifying the
price per cwt. for hay and straw, and per bag for oats
and feed.

All of the articles are to be delivered at the various
houses of the Department in such quantities and at such
times as may be directed.

The Fire Department reserves the right to decline any
and all bids or estimates if deemed to be for the public
interest. No bid or estimate will be accepted from, or
contract awarded to, any person who is in arrears to the
Corporation upon debt or contract, or who is a defaulter,
as surety or otherwise, upon any obligation to the Cor-
poration.

Each bid or estimate shall contain and state the name
and place of residence of each of the persons making the
same; and the names of all persons interested with him or them
therein; and if no other person be so interested, it shall
distinctly state that fact; that it is made without any connec-
tion with any other person making an estimate for the same
purpose, and is in all respects fair and without collusion or
fraud; and that no Member of the Common Council, Head
of a Department, Chief of a Bureau, Deputy thereof or
Clerk therein, or other officer of the Corporation is directly
or indirectly interested therein, or in the supplies
or work to which it relates, or in any portion of the profits
thereof. The bid or estimate must be verified by
the oath, in writing, of the party or parties making the
estimate, that the several matters stated therein are in all

respects true. Where more than one person is interested,
it is requisite that the verification be made and subscribed
by all the parties interested.

Each bid or estimate shall be accompanied by the con-
sent, in writing, of two householders or freeholders of the
City of New York, with their respective places of business
or residence, to the effect, that if the contract be awarded
to the person making the estimate, they will, on its being so
awarded, become bound as his sureties for its faithful per-
formance in a sum not less than one-half the amount of the
estimate; and that if he shall omit or refuse to execute the
same, they will pay to the Corporation any difference be-
tween the sum to which he would be entitled on its comple-
tion and that which the Corporation may be obliged to pay
to the person or persons to whom the contract may be
awarded at any subsequent letting; the amount in each
case to be calculated upon the estimated amount of the work
by which the bids are tested. The consent above men-
tioned shall be accompanied by the oath or affirmation,
in writing, of each of the persons signing the same, that he
is a householder or freeholder in the City of New York, and
is worth the amount of the security required for the comple-
tion of this contract, over and above all his debts of every
nature, and over and above his liabilities as bail, surety,
or otherwise; and that he has offered himself as a surety
in good faith and with the intention to execute the bond
required by law. The adequacy and sufficiency of the
security offered is to be approved by the Comptroller of
the City of New York before the award is made and prior
to the signing of the contract.

No estimate will be received or considered after the
hour named.

No estimate will be considered unless accompanied
by either a certified check upon one of the national
banks of the City of New York, drawn to the order of the
Comptroller, or money, to the amount of five per centum
of the amount of the security required for the faithful
performance of the contract. Such check or money
must not be included in the sealed envelope containing
the estimate, but must be handed to the officer or clerk
of the Department who has charge of the Estimate-box,
and no estimate can be deposited in said box until such
check or money has been examined by said officer or
clerk and found to be correct. All such deposits, except
that of the successful bidder, will be returned to the per-
sons making the same within three days after the contract
is awarded. If the successful bidder shall refuse or
neglect, within five days after notice that the contract has
been awarded to him, to execute the same, the amount of
the deposit made by him shall be forfeited to and retained
by the City of New York, as liquidated damages for such
neglect or refusal; but, if he shall execute the contract
within the time aforesaid, the amount of his deposit will
be returned to him.

Should the person or persons to whom the contract
may be awarded neglect or refuse to accept the contract
within five days after written notice that the same has
been awarded to his or their bid or proposal, or if he or
they accept but do not execute the contract and give the
proper security, he or they shall be considered as having
abandoned it and as in default to the Corporation, and
the contract will be re-advertised and let as provided
by law.

Bidders will write out the amount of their estimate in
addition to inserting the same in figures.

The form of the agreement and specifications, and
showing the manner of payment for the work, may be
seen and forms of proposals may be obtained at the
office of the Department.
