BOARD OF ESTIMATE AND APPORTIONMENT.

MINUTES BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, COUNCIL CHAMBER, CITY HALL, FRIDAY, MAY 29, 1903.

The Board met pursuant to an adjournment.

Present—Seth Low, Mayor; Edward M. Grout, Comptroller; Charles V. Fornes, President Board of Aldermen; Jacob A. Cantor, President Borough of Manhattan; J. Edward Swannstrom, President Borough of Brooklyn; Louis F. Haffen, President Borough of The Bronx; George Cromwell, President Borough of Richmond.

Hon. Seth Low, Mayor, presiding.

The reading of the minutes of the meetings held May 1, 8 and 22 was dispensed with.

Before the consideration of matters relating to public improvements, the Secretary presented the following report of the Engineer of the Department of Finance, under date of April 1, 1903; communication from the Corporation Counsel, under date of April 24, 1903, and a further communication from the Engineer of the Department of Finance, under date of May 13, 1903, all relative to the application of the Erie Railroad for a grant or franchise to construct, maintain and operate double tracks upon and across Thirteenth avenue, Borough of Manhattan, between Twenty-eighth and Twenty-ninth streets, in order to reach the bulkhead on the easterly side of Thirteenth avenue:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
April 1, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—At a meeting of the Board of Aldermen, held March 3, 1903, a resolution was adopted referring to the Board of Estimate and Apportionment, for the purpose of fixing the money value thereof, a proposed franchise granting to the Erie Railroad Company the right to lay, construct, maintain and operate a double-track railway upon and across Thirteenth avenue and the marginal street, between Twenty-eighth and Twenty-ninth streets, in the Borough of Manhattan, in order to make a connection between the bulkhead and the yards of the company on the easterly side of Thirteenth avenue. The term of the franchise is to be 25 years.

A privilege similar to the above was given to the Baltimore and Ohio Railroad Company, by resolution of the Board of Aldermen adopted October 19, 1897, and approved by the Mayor the same day, under which the railroad company was given the privilege of laying tracks across Thirteenth avenue, from the float at the bulkhead between Twenty-fifth and Twenty-sixth streets to the property on the easterly side of Thirteenth avenue, between said streets, in accordance with a drawing submitted.

The conditions of the grant were as follows:

- Cars to be propelled by dummy engines only.
- Number of cars to be drawn at any one time limited to ten (10).
- Cars not to exceed six (6) miles per hour.
- No car or engine to be permitted to remain stationary on Thirteenth avenue.
- Railroad company to lay tracks at its own expense.
- To relay and maintain pavement between tracks and two feet on either side of outer rails.
- Rail to be of a pattern which, when laid, would be flush with the surface of the street and to be approved by the Commissioner of Public Works.
- Railroad to pay an annual license fee of \$50 for each "dummy" engine used.
- Such permission to last only during the pleasure of the Common Council.

Application was made by the Erie Railroad Company to the Board of Aldermen on September 14, 1902, for a like privilege at the location named, and on October 14, 1902, the Railroad Committee of the Board brought in a favorable report, which, after discussion, was referred to the Corporation Counsel to advise the Board as to its rights, etc.

The Corporation Counsel, in an opinion dated December 1, 1902 (minutes of Board, December 4, 1902), advised that the right to use Thirteenth avenue as proposed could only be granted upon compliance with sections 73 and 74 of the Charter; in other words, that a franchise in due form must be given.

I have been furnished by the Erie Railroad Company with a blue print marked:

"Erie Railroad Company,

"New York, N. Y.

"Proposed yard between Twenty-eighth and

"Twenty-ninth streets, North river.

"Scale 1 foot 50 inches. January, 1903."

—which I am informed shows the plan of laying the double tracks with a switch from the freight yard on the easterly side of Thirteenth avenue to the bulkhead at a point just north of the northerly side of Pier No. 57. The total length of each track is 260 feet, and the switch connecting the two is 70 feet in length, making a total of 590 feet of track to be laid.

The compensation paid by the Baltimore and Ohio Railroad Company under its grant at the rate of \$50 per annum for each "dummy" used, and which has never amounted to more than \$50 in any one year, is to my mind entirely inadequate, and especially so when the grant is to be for a fixed term.

The use of the street for such a purpose as is proposed should, in my opinion, be paid for in the way of rental upon the value of the property used.

I would therefore propose to you that an annual charge be made, based upon a one-third occupation of so much of the street as lies between the outer rails of the tracks, and that 12 per cent. of the assessed valuation be taken as full rental value.

Land to be occupied by company's tracks, square feet.....	4,680
Assessed valuation of abutting land, per square foot.....	\$3 50
Assessed value of land to be occupied.....	16,380 00
Twelve per cent as rental.....	1,965 60
One-third rental to be paid by company.....	653 20

This rate should be used for the first term of five years of the franchise, and for each succeeding term of five years an additional 5 per cent. should be added, which will produce for:

Second term of five years, per annum.....	\$685 86
Third term of five years, per annum.....	720 15
Fourth term of five years, per annum.....	755 16
Fifth term of five years per annum.....	792 92

As will be seen, the rate per foot of track used will be \$1.10 per annum for the first term of five years, and rising to \$1.34 per annum for the last five years of the franchise, which to my mind appears to be a reasonable and just charge for the privilege of maintaining and using tracks upon the surface of the street.

Provisions should be inserted in the franchise similar to those enumerated in the grant by the Board of Aldermen to the Baltimore and Ohio Railroad Company, and also the franchise should be limited to freight traffic, conferring no rights for a street surface railway for passenger surface; the grantee should not be allowed to assign or sublet to any other corporation, and should be obliged to deposit \$1,500 in cash or securities to cover the annual charge, repairs, and any penalties provided for the non-fulfillment of the conditions of the grant.

I have no form of ordinance or franchise with which the one proposed could be drawn from as a model, and I would therefore advise you that the Law Department should be requested to draw up a proper form in which shall be incorporated the terms and conditions hereby proposed. The proposed grant should be approved by the Commissioner of Docks and ratified by the Commissioners of the Sinking Fund before formal action is taken by the Board of Estimate and Apportionment.

Respectfully,

EUG. E. McLEAN, Engineer.

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, April 24, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—I have received your letter of April 1, 1903, in which was inclosed the report of E. E. McLean of your office, and a blue print of a map or survey, all of which documents referred to a proposed grant to the Erie Railroad Company of the right or franchise of using Thirteenth avenue and the marginal wharf or way between Thirteenth avenue and the Hudson river, between Twenty-eighth and Twenty-ninth streets, for the construction and maintenance of a railroad for the transportation of freight from the bulkhead to the lands and premises of the Railroad Company on the easterly side of Thirteenth avenue at this place. Your letter requests me to prepare a form of resolution, which shall include the form of the proposed ordinance relating to the matter, for presentation to the Board of Estimate and Apportionment for its action.

I enclose you a document prepared as requested.

The compensation to be paid by the grantee for the franchise I have stated in even amounts rather than in the amounts recommended in Mr. McLean's report. The variance, however, is not important.

As to the marginal wharf or way, I have endeavored to carefully preserve the jurisdiction of the Commissioner of Docks and to provide for the annulment of the franchise in case it shall hereafter seem best to the Commissioner of Docks and the Board of Estimate and Apportionment, acting jointly, to cancel it. The proposed ordinance requires the formal act of the Commissioner of Docks ratifying it before it can become operative. The administrative control by the Commissioner of Docks of the marginal wharf or way is left unimpaired.

I suggest that before final action is taken upon the resolution or proposed ordinance that a copy be sent to the Commissioner of Docks for his consideration and that he be requested to attend the meeting of the Board of Estimate and Apportionment, at which final action on the matter is to be taken.

Respectfully yours,

G. L. RIVES, Corporation Counsel.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
May 13, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—At a meeting of the Board of Estimate and Apportionment, held May 8, 1903, the application of the Erie Railroad for a franchise to lay and operate railway tracks between its property on the easterly side of Thirteenth avenue, from Twenty-eight to Twenty-ninth streets, across Thirteenth avenue and the marginal wharf or place, to the bulkhead line of the North river, was considered.

A proposed form of ordinance was presented by the Comptroller and an informal vote was taken upon the basis of compensation contained therein, which was tentatively agreed to.

A representative of the Erie Railroad was present and stated that since the original application the company had decided to change the location of its tracks and requested that the new location be considered in fixing the value of the franchise, in view of the fact that the ground occupied by the tracks was to be taken into consideration in fixing such valuation.

A different plan of the layout of the tracks has been submitted and likewise a blue print of the details of the track, which latter print bears the following title:

"ERIE RAILROAD.

"General plan of transfer tracks on Thirteenth avenue and marginal way, in connection with Twenty-eighth street yard, New York, N. Y. Scale 20 feet, 1 inch. April 30, 1903. Chief Engineer's office."

From these altered plans I have made a calculation upon the same basis as in my report of April 1, 1903, and I would therefore propose that the annual charge to be inserted in the form of franchise, be as follows:

For the first term of five years.....	\$675 00
For the second term of five years.....	700 00
For the third term of five years.....	725 00
For the fourth term of five years.....	750 00
For the fifth term of five years.....	800 00

It will be noted that these figures are the same as before proposed, and although the line is shortened, still the detail construction shows that the railway company will occupy two feet more in width than was allowed in my original calculation; that is, it is 20 feet between the outer edge of the rails of the double track instead of 18 feet, which was the figure I formerly used.

I would therefore recommend that the form of ordinance, as presented at the last meeting, be adopted as it stands.

Respectfully,

EUG. E. McLEAN, Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, having received from the Board of Aldermen, pursuant to a resolution of such Board adopted March 3, 1903, a proposed ordinance, granting the franchise or right to use Thirteenth avenue and the marginal wharf or place extending from the westerly side of Thirteenth avenue to the waters of the Hudson river between Twenty-seventh and Twenty-ninth streets, for the purpose of constructing and operating thereon a double railroad track from the bulkhead to the lands of the Erie Railroad Company adjoining the easterly side of Thirteenth avenue and between Twenty-eighth and Twenty-ninth streets aforesaid, and having duly inquired into and considered the matter does hereby, pursuant to the Greater New York Charter, fix the terms and conditions of the proposed grant and the money value of such franchise or rights proposed to be granted as follows:

I. The Erie Railroad Company, its successors or assigns shall pay into the Treasury of The City of New York for this franchise the following sums of money:

- During the first term of five years the annual sum of \$675.
- During the second term of five years the annual sum of \$700.
- During the third term of five years the annual sum of \$725.
- During the fourth term of five years the annual sum of \$750.
- During the fifth term of five years the annual sum of \$800.

The amounts hereafter to be fixed for any renewal term of such franchise shall not in any event be less than the minimum amount fixed as the sum to be paid annually during the last five years of the original franchise, and no renewal of such franchise shall provide for a further renewal.

II. Upon the termination of such franchise, right or privilege, whether original or by way of renewal, the plant and property with its appurtenances of the Erie Railroad Company, its successors or assigns, in the street and upon the marginal wharf or way aforesaid, shall be forthwith removed by the grantee, its successors or assigns, and the surface of the said street or marginal wharf or way upon which such railroad was laid shall be restored to a condition equal to that of the surrounding surface and pavement of such street and wharf. In default of the performance of this condition by the grantee, its successors or assigns, the proper local authorities may cause such property and plant to be removed from the street and wharf aforesaid and the surface thereof to be restored in the manner above described at the expense of the grantee, its successors or assigns, and such expense shall be recovered by The City of New York by action or otherwise.

III. The ordinance granting such franchise or right should be in substance, as to the terms and conditions of such grant, in the words and figures following:

An ordinance granting to the Erie Railroad Company the right or franchise to construct and operate a railroad in and upon Thirteenth avenue and the marginal wharf or way lying between Thirteenth avenue and the waters of the Hudson river, between Twenty-seventh and Twenty-ninth streets, in the Borough of Manhattan, City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen of The City of New York hereby grants to the Erie Railroad Company, subject to the conditions and provisions hereinafter set forth, the franchise, right and privilege to construct and operate a double-track surface railroad, with a single switch connecting the two tracks, to be operated by steam locomotives or other motive power which may be lawfully employed, except horses or the overhead system of electricity, across Thirteenth avenue and the marginal wharf or way extending from the westerly side of Thirteenth avenue to the waters of the Hudson river, between Twenty-seventh and Twenty-ninth streets, in the Borough of Manhattan, City, County and State of New York.

Sec. 2. The grant of this franchise is subject to the following conditions:

First—This ordinance as to the marginal wharf which extends from the westerly line of Thirteenth avenue to the waters of the Hudson river shall not be operative and no rights thereunder shall vest in the grantee, its successors or assigns, until the Commissioner of Docks, under the provisions of section 819 of the Charter of The City of New York, shall approve by resolution, license or otherwise, the use of such marginal wharf by the grantee in the manner herein provided, or in such other manner as he may prescribe, not inconsistent with the terms of this ordinance.

Second—The said right, privilege and franchise to construct and operate such railroad shall be held and enjoyed by the grantee, its successors or assigns for the term of twenty-five years from the date when this ordinance is signed by the Mayor, unless sooner terminated as hereinafter provided, with the privilege of renewal of the grant for a further period of twenty-five years, upon a fair revaluation of said right, privilege and franchise, but such renewal shall not provide for any further renewal. Such revaluation shall be of the right, privilege and franchise to maintain and operate said railroad by itself, and is not to include any valuation derived from the ownership, operation or control of any other railroad by the grantee, its successors or assigns. It shall be made in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment or its successor in authority; one disinterested freeholder shall be chosen by the railroad company; these two shall choose a third disinterested freeholder; and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the grant, and their report shall be filed with the Comptroller or his successor in authority within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the railroad company. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last five years of the original franchise.

Provided, however, and this grant is upon the express condition that the right, privilege and franchise conferred by this ordinance may be canceled and annulled upon six months' notice in writing to the grantee, its successors and assigns, by the joint act of the Commissioner of Docks of The City of New York and of the Board of Estimate and Apportionment, or their respective successors in authority, and thereupon all the rights of the grantee, its successors or assigns, in and upon the street and marginal wharf or way aforesaid shall cease and the railroad and its structures thereon shall be forthwith removed and the pavement of the street or wharf restored under the same conditions and covenants as are contained in the following paragraph of this section designated third:

Third—Upon the termination of such franchise, right or privilege, whether original or by way of renewal, the plant and property, with its appurtenances, of the Erie Railroad Company, its successors or assigns, in the street and upon the marginal wharf or way aforesaid, shall be forthwith removed by the grantee, its successors or assigns, and the surface of the said street or marginal wharf or way upon which such railroad was laid shall be restored to a condition equal to that of the surrounding surface and pavement of such street and wharf. In default of the performance of this condition by the grantee, its successors or assigns, the proper local authorities may cause such property and plant to be removed from the street and wharf aforesaid and the surface thereof to be restored in the manner above described at the expense of the grantee, its successors or assigns, and such expense shall be recovered by The City of New York by action or otherwise.

Fourth—The grantee, its successors or assigns shall pay for this franchise to The City of New York the following sums of money:

- During the first term of five years the annual sum of \$675.
- During the second term of five years the annual sum of \$700.
- During the third term of five years the annual sum of \$725.
- During the fourth term of five years the annual sum of \$750.
- During the fifth term of five years the annual sum of \$800.

Such sums shall be paid into the Treasury of The City of New York on November 1 in each year.

Fifth—The rights and franchises granted hereby shall not be assigned either in whole or in part, or leased, or sublet in any manner, or shall title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Erie Railroad Company, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successors in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—The said railroad may be operated by locomotive steam power or by any other motive power which may be approved by the Board of Railroad Commissioners in accordance with the provisions of the Railroad Law, excepting overhead electrical power and horse power, provided, however, that the locomotive steam engines used shall be housed or boxed so as to conform to the type commonly known as the dummy engine.

The number of cars to be included in any train operated upon the railroad shall be limited to ten, and the speed of the engines and cars shall never exceed six miles per hour. No car or engine shall be permitted to remain stationary within the limits of Thirteenth avenue or upon the marginal wharf or street at any time.

Seventh—The railroad constructed under this ordinance shall be maintained and operated solely for the purpose of the transportation of goods, wares and merchandise and for no other purpose, and especially for no purpose in connection with the passenger traffic as commonly understood.

Eighth—Such railroad shall be constructed and operated in the latest improved manner of street railroad construction and operation, and solely upon the terms and according to the lines and surveys and of the character of the rails and other parts of the construction approved by the Commission of Docks of The City of New York and the President of the Borough of Manhattan. Such railroad of the grantee, its successors or assigns shall be maintained in good condition throughout the term of this grant.

Ninth—Said railroad shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York who have jurisdiction in such matters under the Charter of The City of New York, and especially shall in all respects be subject to the power and authority of the Commis-

sioner of Docks to regulate and control the uses of the marginal wharf or way above described and the transportation of property thereon.

Tenth—The grantee, its successors or assigns shall at all times keep the street between the tracks and for a distance of two feet beyond the rails on either side thereof free and clear from ice and snow.

Such revaluation shall be of the right, privilege and franchise to maintain and operate said railroad by itself, and is not to include any valuation derived from the ownership, operation or control of any other railroad by the grantee, its successors or assigns. It shall be made in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment or its successor in authority; one disinterested freeholder shall be chosen by the railroad company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the grant, and their report shall be filed with the Comptroller or his successor in authority within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the railroad company. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last five years of the original franchise.

Provided, however, and this grant is upon the express condition that the right, privilege and franchise conferred by this ordinance may be cancelled and annulled upon one year's notice in writing to the grantee, its successors and assigns, by the joint act of the Commissioner of Docks of the City of New York and of the Board of Estimate and Apportionment, or their respective successors in authority, and thereupon all the rights of the grantee, its successors or assigns in and upon the street and marginal wharf or way aforesaid shall cease, and the railroad and its structures thereon shall be forthwith removed and the pavement of the street or wharf restored under the same conditions and covenants as are contained in the following paragraph of this section, designated third:

Third—Upon the termination of such franchise, right or privilege, whether original or by way of renewal, the plant and property, with its appurtenances, of the Erie Railroad Company, its successors or assigns, in the street and upon the marginal wharf or way aforesaid, shall be forthwith removed by the grantee, its successors or assigns, and the surface of the said street or marginal wharf or way upon which such railroad was laid shall be restored to a condition equal to that of the surrounding surface and pavement

of such street and wharf. In default of the performance of this condition by the grantee, its successors or assigns, the proper legal authorities may cause such property and plant to be removed from the street and wharf aforesaid and the surface thereof to be restored in the manner above described at the expense of the grantee, its successors or assigns, and such expense shall be recovered by The City of New York by action or otherwise.

Fourth—The grantee, its successors or assigns shall pay for this franchise to The City of New York the following sums of money:

During the first term of five years the annual sum of \$675.

During the second term of five years the annual sum of \$700.

During the third term of five years the annual sum of \$725.

During the fourth term of five years the annual sum of \$750.

During the fifth term of five years the annual sum of \$800.

Such sums shall be paid into the Treasury of The City of New York on November 1 in each year.

Fifth—The rights and franchises granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Erie Railroad Company, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successors in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—The said railroad may be operated by locomotive steam power or by any other motive power which may be approved by the Board of Railroad Commissioners in accordance with the provisions of the Railroad Law, excepting overhead electrical power and horse power, provided, however, that the locomotive steam engines used shall be housed or boxed so as to conform to the type commonly known as the dummy engine.

The number of cars to be included in any train operated upon the railroad shall be limited to ten, and the speed of the engines and cars shall never exceed six miles per hour. No car or engine shall be permitted to remain stationary within the limits of Thirteenth avenue, or upon the marginal wharf or street at any time.

Seventh—The railroad constructed under this ordinance shall be maintained and operated solely for the purpose of the transportation of goods, wares and merchandise and for no other purpose, and especially for no purpose in connection with the passenger traffic as commonly understood.

Eighth—Such railroad shall be constructed and operated in the latest improved manner of street railroad construction and operation, and solely upon the terms and according to the lines and other parts of the construction approved by the Commissioner of Docks of The City of New York and the President of the Borough of Manhattan. Such railroad of the grantee, its successors or assigns shall be maintained in good condition throughout the term of this grant.

Ninth—Said railroad shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York who have jurisdiction in such matters under the Charter of The City of New York, and especially shall in all respects be subject to the power and authority of the Commissioner of Docks to regulate and control the uses of the marginal wharf or way above described, and the transportation of property thereon.

Tenth—The grantee, its successors or assigns, shall at all times keep the street between the tracks, and for a distance of two feet beyond the rails on either side thereof, free and clear from ice and snow.

Eleventh—The grantee, its successors or assigns, shall keep in permanent repair the portion of the surface of the street and of the marginal wharf or way between its tracks, the rails of its tracks and two feet in width outside of its tracks, under the supervision of the proper local authorities, and whenever required by them to do so, and in such manner as they may prescribe. And The City of New York shall have the right to change the material or character of the pavement of the street and marginal wharf or way, and in that event the grantee, its successors or assigns shall be bound to replace such pavement in the manner directed by the proper City officer at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Twelfth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this grant may be forfeited and annulled by The City of New York by an action brought by the Corporation Counsel on ten days' notice to the grantee, its successors or assigns.

Sec. 3. This grant is upon the further and express condition that the provisions of the Railroad Law applicable thereto, and all laws or ordinances now in force or which may be adopted relating to surface railroads operating in The City of New York shall be strictly complied with.

Sec. 4. The grantee, its successors or assigns shall commence the construction of the railroad under this franchise and complete the same within six months from the date when it has obtained the necessary permits and resolutions of the City officials and Departments, and on or before January 1, 1904, otherwise this grant shall be forfeited forthwith and without any proceedings either at law or otherwise for that purpose, provided, however, that such time may be extended under and for causes specified in section 99 of the Railroad Law, by the Board of Estimate and Apportionment, for a period not exceeding six months.

Sec. 5. This grant is upon the express condition that the grantee, within thirty days after it has been duly authorized to construct or operate its railroad hereunder, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of The City of New York the sum of \$1,500, either in money or in securities, to be approved by him, which shall be security for the performance of the terms and conditions of this grant, especially those which relate to the payment of the annual charge for the franchise, the repairs of the street and pavement and the removal of snow and ice, and the quality of construction of the railroad. In case of default in the performance by said company of such terms and conditions, The City of New York shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings, or after default in the payment of the annual charges, shall collect the same with interest from such fund after ten days' notice in writing to the said company.

In case of any drafts so made upon this security fund, the said company shall, upon thirty days' notice in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of fifteen hundred dollars, and in default thereof the grant hereby made may be cancelled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said

City. No action or proceeding or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

Sec. 6. This grant shall not become operative until said railroad company shall duly execute, under its corporate seal, an instrument in writing wherein said company shall promise, covenant and agree on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this ordinance fixed and contained, and file the same in the office of the Comptroller of The City of New York within thirty days after the signing of this ordinance by the Mayor.

Sec. 7. This ordinance shall take effect immediately.
