The time allowed for doing and completing the above work will be three hundred and forty (340) calendar days.

The security required will be Twenty-five Thousand Dollars (\$25,000).

Bidders must deliver a sample four-nozzle hydrant at the Pipe Yard, East Twenty-fourth street, Borough of Manhattan, before the time set for the submission of their bid, and each bid must be accompanied by a receipt for such sample hydrant, signed by the foreman in charge at the Pipe Yard. No bid will be received unless accompanied by such receipt. Where bidders have already delivered a sample hydrant under the advertisement of February 1, 1905, for high pressure fire hydrants for the Borough of Brooklyn, they will not be required to furnish an additional sample hydrant, but may, if they so desire, furnish new parts for the hydrants already delivered, these parts to be delivered to the foreman in charge of the Pipe Yard, and be placed in the hydrant, after the hydrant has been delivered to the Pipe Yard in the Borough of Manhattan. The Department will deliver all sample hydrants at present in the Borough of Brooklyn, to the Yard in the Borough of Manhattan, at its

own cost and expense, if bids are submitted for the Borough of Manhattan. If there is any difference, except in the nozzles, between the four-nozzle hydrant and the two-nozzle fire-boat connection hydrant, a sample of each hydrant must be furnished. This hydrant will be considered a standard of workmanship and design, and the hydrants furnished under this contract must be in accordance with the sample submitted.

The sample hydrant or hydrants furnished by the successful bidder will be retained and paid for at the price specified under this contract (unless this hydrant is retained and paid for on the contract for the Borough of Brooklyn), and all other hydrants will be returned after the award of the contract. These hydrants will be returned to the unsuccessful bidders at their own cost and expense.

Bidders will write out the total amount of their bids or estimates in addition to inserting the same in figures. All bids or estimates will be considered as informal which do not contain bids or estimates for all items for which bids or estimates are called.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per hydrant or other unit of measure, by which the bids will be tested.

Bids will be compared and the contract awarded at a lump or aggregate sum.
