## PUBLIC ADMINISTRATOR.

### REPORT OF THE PUBLIC ADMINISTRATOR FOR THE QUARTER ENDING DECEMBER 31, 1907.

Bureau of Public Administrator of the County of New York,  
No. 119 Nassau Street, Borough of Manhattan,  
New York City, December 31, 1907.

To the Hon. GEORGE B. McCLELLAN, Mayor:

Sir—Pursuant to section 27, chapter 230 of the Laws of 1898, I beg to submit the following report of the proceedings of my Bureau for the three months ending December 31, 1907:

Number of estates reported to and investigated by the Bureau	146
Number of estates upon which letters of administration were granted to the Public Administrator upon the application of creditors or next of kin	10
Number of estates upon which letters were granted upon the application of the Public Administrator	74
Total number of estates upon which letters of administration have been granted	84

Three hundred and seventy-three estates are at present under administration. The accounts of proceedings of the Public Administrator have been judicially settled and allowed by the Surrogate in thirty-two estates, and the estates distributed pursuant to the decree of the Surrogate.

Four hundred and eighty-six estates of little value were received from the Coroner's office of the Borough of Manhattan, Bellevue and Allied Hospitals and the Commissioner of Public Charities.

Four hundred and fifty-one estates heretofore received from the Coroner's office of the Borough of Manhattan, from Bellevue and Allied Hospitals, from the House of Relief, the Commissioner of Charities and the Commissioner of Correction have been paid directly into the City Treasury.

In ten cases citations were served on the Public Administrator to attend the probate of a last will and testament, and his appearance noted.

All reports and returns to the Comptroller, Board of Aldermen, and to the Supervisor of the City Record have been rendered.

Balance on hand October 1, 1907..... \$352,603 40  
Cash received during the last three months..... 87,311 96

\$439,915 36

Cash disbursements during the last three months..... 90,601 75

Balance on hand January 1, 1908..... \$349,313 61

Deposited as follows:

National Park Bank..... \$21,070 40  
United States Trust Company..... 67,828 33  
Bankers' Trust Company..... 52,901 35  
Phenix National Bank..... 111,511 33  
Empire Trust Company..... 55,443 41  
Fourteenth Street Bank..... 40,549 79

Total amount paid into the City Treasury during the last three months for commissions..... \$3,553 32

Total amount paid into the City Treasury during the last three months to account of intestate estates..... \$17,222 09

My monthly reports for the last three months, filed with the Board of Aldermen, pursuant to law, give the business of my Bureau in greater detail.

Dated New York, January 2, 1908.

Respectfully,

WILLIAM M. HOES, Public Administrator.

## FIRE DEPARTMENT.

TRANSACTIONS FROM SEPTEMBER 23 TO 29, 1907, BOTH DAYS INCLUSIVE.

New York, September 23, 1907.

Opening of Proposals.

In the presence of the Fire Commissioner and a representative of the Comptroller.

Affidavit as to due publication in the CITY RECORD of advertisement, inviting proposals was read and filed, and approved forms of contracts were submitted.

Proposals were received as follows:

BOROUGH OF MANHATTAN.

For furnishing and delivering five hundred tons of anthracite coal for companies located south of Fifty-ninth street:

1. George F. Sinram, No. 910 East Fifth street, \$5.13 per ton..... \$2,565 00  
2. Burns Brothers, No. 26 Cortlandt street, \$5.74 per ton..... 2,870 00  
3. Wm. Farrell & Son, No. 144 Barrow street, \$5.21 per ton..... 2,605 00

The award of contract was deferred.

Ordered that the security deposits be forwarded to the Comptroller.

Communications received were disposed of as follows:

Filed.

From Department of Finance—

1. Receipt for security deposits accompanying proposals opened at public letting on September 23, 1907.

2. Stating that Comptroller's certificate has been endorsed upon contracts of the Insulated Wire and Cable Company, Peter Guthy, Calumet Construction Company and Joseph Katzenstein, Jr., and they are now valid contracts.

From Corporation Counsel—Approving form contract for delivering supplies for the fire alarm telegraph bureau, boroughs of Brooklyn and Queens.

From Board of Aldermen—Resolution relative to fireworks to be exploded on August 20, 1907. Copy forwarded to Inspector of Combustibles.

From Municipal Civil Service Commission—Approving the emergency appointments of Richard J. Malone and William G. Shand as oil surveyors.

From Tenement House Department—Acknowledging receipt of complaints against various premises, which will receive prompt attention.

From Claremont Heights Property Owners' Association—Relative to erecting a fire house in that vicinity.

From Atlantic Mercantile Agency—Relative to indebtedness of a member of the uniformed force. Reply communicated and fireman notified to make payment.

From the College of The City of New York—Regarding transfer of Charles J. Shurheck to College of The City of New York, in the position of machinist, to take effect Monday, September 23, 1907.

From Deputy Commissioner, boroughs of Brooklyn and Queens—Calling attention to premises occupied by engine company 154, and suggesting that the Commissioners of the Sinking Fund be requested to turn over a plot of land on Gravesend avenue to the fire department for the purpose of building thereon a new building for engine company 154 and for a new hook and ladder company. Approved and application made to Commissioners of the Sinking Fund.

From Chief of Department—

1. Recommending the purchase of property at One Hundred and Seventy-fourth street and Eastburn avenue for the purpose of locating a company there. Recommendation approved and application made to the Department of Finance.

2. Returning communication from the Superintendent of Buildings relative to condition of quarters of hook and ladder company 102, borough of Richmond, recommending that alterations and repairs be made at once to place this building in a proper and healthful condition. Approved. Superintendent of Buildings and Chief of Department so notified.

From Superintendent of Buildings—

1. Forwarding estimate of F. T. Nesbit & Co., in triplicate, for the erection of a shed in alley on west side of department headquarters. Estimate approved. Copy forwarded to Department of Finance and contractor, and one copy kept on file at department headquarters.

2. Recommending that F. T. Nesbit & Co be directed to commence work at once on the erection of an extension of headquarters building, southerly side of Sixty-eighth street, west of Third avenue. Approved and contractor notified.

From Fire Alarm Telegraph Bureau—

1. Recommending that Safety Insulated Wire and Cable Company be notified to commence work on contract of September 23, 1907. Approved and contractor notified.

2. Returning communication from the Automatic Fire Alarm Company with report that boxes mentioned were pulled for test and found to be in good working order. Certificate signed and returned to company.

From Acting Cashier—Returning communication from the Deputy Commissioner, boroughs of Brooklyn and Queens, relative to the matter of requisition for supplies, with report thereon. Copy forwarded to Board of Aldermen.

Referred.

From Department of Finance—

1. Asking information relative to claim No. 53863, filed by Fannie Clarke, as administratrix of the estate of James V. Clarke, deceased, in the sum of \$25,000 damages, death resulting from negligent blasting by New York Contracting Company at Thirty-second street and Ninth avenue on June 17, 1907; and for information relative to claim No. 53758, filed by Abraham Marks and others for \$465.72, alleged to be due for damages sustained by reason of negligent blasting by Patrick Maher, under permit from the fire department. To Inspector of Combustibles for report.

2. Stating that voucher in favor of Smith & Mabley in the sum of \$8.35 for automobile supplies and repairs has been audited and paid in the sum of \$7.35. To Bookkeeper.

3. Relative to claim of Clark & Wilkins for \$30 for wood furnished fireboat (engine company 23). To Acting Cashier.

From Bureau for Recovery of Penalties, boroughs of Brooklyn and Queens—Requesting addresses of certain members of the uniformed force.

From President, borough of Richmond—Concerning the telephone service in Richmond Borough Hall. To Fire Alarm Telegraph Bureau.

From Police Department—Requesting inspection of premises located at Nos. 705 and 707 Courtlandt avenue, and known as "Arion Garden." To Bureau of Violations and Auxiliary Fire Appliances.

From Bureau of Licenses—Requesting inspection of premises located at No. 326 Knickerbocker avenue, Brooklyn. To Bureau of Violations and Auxiliary Fire Appliances.

From National District Telegraph Company—Requesting inspection of their fire alarm equipment installed in premises Nos. 12 and 14 West Twenty-first street, and designation of box numbers for premises No. 258 Navy street and No. 78 Rockwell place, Brooklyn, and premises of Feltman Brothers, Coney Island. To Fire Alarm Telegraph Bureau.

From B. Wagel—Concerning conditions existing at premises No. 928 First avenue. To Inspector of Combustibles.

From Safety Insulated Wire and Cable Company—Requesting an extension of time until November 15, 1907, for the completion of their contract dated August 5, for furnishing supplies to the fire alarm telegraph bureau, boroughs of Brooklyn and Queens. To Fire Alarm Telegraph Bureau.

From A. Burnton—Complaining of conditions existing at premises No. 48 Bank street. To Police Department. Copy forwarded to Fire Marshal.

From New York Fire Insurance Exchange—Relative to automatic sprinklers in basement and sub-basement of premises No. 52 White street. To Bureau of Violations and Auxiliary Fire Appliances.

From Minimax Company—Requesting permission to place their fire extinguishers on trial in this department. To Chief of Department.

From Mrs. J. Kelly—Complaining of kerosene lamps in halls of premises No. 398 Bleeker street. To Tenement House Department. Fire Marshal also notified.

From Anonymous—Complaining of obstructed fire escapes, premises No. 114 East Forty-first street. To Tenement House Department.

From Deputy Commissioner, boroughs of Brooklyn and Queens—Transmitting requisition for \$250 for the purchase of two fire alarm boxes. Approved. To Acting Cashier.

From Commanding Officer of Engine Company 7—Reporting relative to violations of the Building Code, premises No. 55 Ann street. To Bureau of Buildings.

From Superintendent of Buildings—Stating that passenger elevator at headquarters building should be examined by an expert in electrical appliances. To Acting Cashier.

From Fire Alarm Telegraph Bureau—Transmitting bills of the Commercial Construction Company for final payment on contract for fire alarm telegraph in the borough of Queens. To Bookkeeper.

Thirty-three notices to provide fire appliances were signed by the Fire Commissioner and returned for service to the Bureau of Violations and Auxiliary Fire Appliances.

Requisition for the recertification of the name of Peter Souter, Jr., for appointment to the position of fireman was forwarded to the Municipal Civil Service Commission.

New York, September 24, 1907.

Communications received were disposed of as follows:

Filed.

From Tenement House Department—Regarding the keeping of gasoline at No. 315 Avenue A.

From Police Department—Acknowledging receipt of letter relative to false alarm of fire. Copy forwarded to Chief of Department.

From American Surety Company—Asking whether contract has been entered into with Western Electric Company. Reply communicated.

From Fire Underwriters Electrical Bureau—Asking that his letter of June 14, 1907, referred to the fire alarm telegraph bureau, be answered. Reply communicated.

From Joseph Walker—Declining appointment as fireman. Copy of letter forwarded to Municipal Civil Service Commission.

From William Falkner—Stating that a member of the uniformed force has paid something on account of his indebtedness. Copy forwarded to Chief of Department.

From John T. Murphy—Relative to his reinstatement as a foreman in the fire department.

From M. J. Lally—Requests dates of appointment and retirement of chiefs of the fire department.

From Chief of Department—Transmitting report of malicious false alarms of fire. Copy forwarded to Police Department.

From Foreman of Engine Company 84—Requesting the placing of double fire hydrants on Riverside drive, between One Hundred and Sixty-fifth and One Hundred and Seventy-seventh streets. Copy forwarded to Department of Water Supply, Gas and Electricity.

From Foreman of Hook and Ladder Company 6—Returning communication of Messrs. Sel & Co., No. 61 Orchard street, relative to hydrant in front of their premises, with report thereon. Copy forwarded to Department of Water Supply, Gas and Electricity, and to Board of Fire Underwriters.

From Theatre Detail—Reporting that special building box at Wallack's Theatre is out of order and cannot be used. Special Fire Alarm Electrical Signal Company notified.

From Bureau of Violations and Auxiliary Fire Appliances—

1. Returning communication from the Title Insurance Company of New York, with report that there are no violations against premises mentioned on file at this time. Reply communicated.

2. Returning slip from the Bureau for the Recovery of Penalties, with report thereon. Slip returned to Bureau for the Recovery of Penalties.

3. Returning communication from William H. Newell, relative to printed requirements for apartments, with report thereon. Reply communicated to Mr. Newell.

4. Reporting that on reinspection it was found that requirements in premises No. 34 Barclay street, Nos. 552 to 564 West Broadway and No. 10 Barclay street have been complied with. Corporation Counsel and owners notified.

From Superintendent of Buildings—Requesting that Department of Water Supply, Gas and Electricity be asked to remove water main leading to hydrant in yard at rear of fire department headquarters building. Request made.

From Fire Alarm Telegraph Bureau—

1. Recommending that application be made to Department of Water Supply, Gas and Electricity for permission to set a new style lamp-post at northwest corner of Twenty-fifth street and Ninth avenue. Recommendation approved and application made.

2. Returning communication from Chief Engineer and Superintendent of United States Public Buildings, relative to fire alarm signal box in the general post office building, with report thereon. Reply communicated.

From Acting Cashier—Returning communication from Department of Finance, relative to claim of Clark & Wilkins for furnishing wood to fireboat, with report that he has taken note of the recommendation made.

## Referred.

From Office of Mayor—Transmitting letter from Samuel Hoffman and others relative to need of additional fire apparatus in the vicinity of Claremont Heights, borough of The Bronx. To Chief of Department.

From Department of Water Supply, Gas and Electricity—Relative to dangerous condition of electrical equipment at quarters of engine companies 72 and 30. To Superintendent of Buildings.

From New York and New Jersey Land and Improvement Company—Complaining of conditions detrimental to health at premises northeast corner of De Peyster and Front streets. To Department of Health.

From E. J. Winterroth—Relative to storage of gasoline motor in premises of Robertson & Son, No. 5 West Fourteenth street. To Bureau of Violations and Auxiliary Fire Appliances.

From E. L. Garvin—Concerning recent fire in the Arlington apartment house, Montague street, Brooklyn, and the matter of equipment for fire protection of similar structures. To Deputy Commissioner, boroughs of Brooklyn and Queens.

## Bills Audited.

Marine engine oil and kerosene oil for fireboat "New Yorker". 42 00

Repairing typewriter, Bureau of Combustibles. 7 50

Chains, etc., for department automobile in use by Commissioner. 35 36

Buttons for uniformed force. 180 00

Gasoline for automobile in use by Commissioner. 35 00

Miscellaneous hardware for Bureau of Buildings. 75 00

BOROUGH OF BROOKLYN AND QUEENS.

Five hundred fire alarm box keys. \$110 00

Supplies for Hospital and Training Stables. 200 00

Clocks for new companies. 135 00

Two tons canal coal for Fifty-first Battalion. 27 50

Two fire alarm signal boxes. 250 00

Fireman first grade, Francis P. Creighton, was promoted to the rank of assistant foreman, with compensation at the rate of \$1,800 per annum, to take effect from October 5, 1907, and assigned to engine company 102.

Request for authority to reinstate Robert Laird, in the capacity of third grade fireman, was forwarded to the Municipal Civil Service Commission.

New York, October 5, 1907.

Communications received were disposed of as follows:

Filed.

From Department of Finance—Returning proposal of Clark & Wilkins with approval of the sureties thereon.

From Municipal Civil Service Commission—Calling attention to resolution relative to the grading of positions in the clerical service.

From G. W. Pfeiffer—Making further reference to obstruction of hose in front of quarters of hook and ladder company 10, Fulton street, causing him to fall.

From Chief of Department—

1. Transmitting list of transfers taking effect October 1, 1907. Copies forwarded to the Mayor, Municipal Civil Service Commission and CITY RECORD.

2. Returning communication from the Board of Estimate and Apportionment, relative to request of United Dressed Beef Company for permission to erect and maintain a covered bridge connecting its two buildings, with report thereon. Reply communicated to Board of Estimate and Apportionment.

From Assistant Foreman of Engine Company 28—Reporting street in front of company quarters in bad condition. Copy forwarded to the President, borough of Manhattan.

From Bureau of Violations and Auxiliary Fire Appliances—Reporting that on reinspection of premises Nos. 83 and 85 Duane street, it was found that requirements have been complied with. Owner notified.

From Superintendent of Buildings—Forwarding specifications for steam boilers at various companies, and for alterations at quarters of engine companies 14, 18, 42 and hook and ladder company 7, and recommending that these specifications be printed so that the work may be advertised. Approved and ordered.

From Fire Alarm Telegraph Bureau—Recommending that Lineman William F. Hutchinson be dropped from the rolls as he is not qualified to perform the duties of his position. Approved and ordered.

Referred.

From Department of Finance—Relative to claim No. 53911 filed by Americus Volunteer Hook and Ladder Company 1 for \$651.23, alleged to be due for forage. To Bookkeeper.

From Bureau of Licenses—Requesting inspection of premises No. 207 Woodward avenue, borough of Queens. To Bureau of Violations and Auxiliary Fire Appliances.

From Bureau for Recovery of Penalties—Requesting reinspection of premises Nos. 59 and 61 Broadway, No. 3750 Broadway, No. 41 West Nineteenth street and No. 206 West Forty-first street. To Bureau of Violations and Auxiliary Fire Appliances.

From Woman's Municipal League—Relative to lack of proper fire protection at Hotel Martha Washington. To Bureau of Violations and Auxiliary Fire Appliances.

From Stroock & Stroock—Requesting search for violations against premises No. 424 Commonwealth avenue. To Bureau of Violations and Auxiliary Fire Appliances and to Fire Marshal.

From William Clancey—Requesting reinstatement as a fourth grade fireman. To Chief of Department for report.

From D. and W. Lankenau—Transmitting bill for damages alleged to have been caused by apparatus of engine company 8. To Chief of Department for report.

From New York Telephone Company—Relative to pole line on St. Nicholas avenue, between One Hundred and Fifty-fifth and One Hundred and Fifty-sixth streets. To Fire Alarm Telegraph Bureau.

From Manhattan Fire Alarm Company—Requesting permission to connect premises No. 251 East Thirty-third street with fire alarm box 448, also premises of Morgan Steam Laundry, Eleventh avenue and Thirty-eighth street, with fire alarm box 471. To Chief of Department.

From Anonymous—

1. Complaining relative to dangerous conditions existing at premises No. 247 East One Hundred and Fifteenth street, and Nos. 19 and 21 East Eighty-ninth street. Copy forwarded to Tenement House Department and to Fire Marshal.

2. Complaining relative to dangerous conditions existing at premises No. 600 Tenth avenue. To Fire Marshal. Copy forwarded to Bureau of Combustibles.

From Foreman of Engine Company 11—Reporting that premises Nos. 123 to 135 Mangin street are not properly equipped with iron shutters. To Bureau of Buildings.

From Assistant Foreman of Engine Company 40—Reporting defective flue, premises No. 208 West Sixty-seventh street. To Fire Marshal.

From Foreman of Hook and Ladder Company 14—Reporting storage of lumber, etc., in cellar of premises No. 305 East One Hundred and Twenty-fifth street. To Bureau of Combustibles.

Lineman, William F. Hutchinson, having been found to be incompetent to perform the duties of his position his name was dropped from the rolls, to take effect from 8 o'clock a. m., October 7, 1907.

#### BOROUGH OF BROOKLYN AND QUEENS.

Communications received were disposed of as follows:

Filed.

From Department of Water Supply, Gas and Electricity—Relative to poles erected, removed, etc., during months of July, August and September, 1907.

From Police Department—Relative to application of William Figundio for concert license for Alena Hall, No. 24 Garfield place, Brooklyn.

From Gus H. Fertsch—Request for fire box key. Reply communicated.

From LeBaron B. Johnson—Relative to number for fire alarm box at Public School 85, Astoria, borough of Queens.

From Springfield Portable Construction Company—Relative to garage regulations. Reply communicated.

From Goulds Manufacturing Company—Relative to requirements of department in connection with fire pumps.

From National District Telegraph Company—Requesting number for fire alarm box at Stauch's Newark House, Coney Island. Reply communicated.

From Frank Weibert—Relative to indebtedness of member of uniformed force.

From Commanding Officer of Engine Company 145—Requesting permission, on behalf of officers and members of said company, to present fire helmet and rubber outfit to Assistant Foreman John B. Sterling. Approved by Deputy Commissioner.

From Acting Assistant Inspector of Combustibles—Report of Bureau of Combustibles for week ending September 28, 1907.

Referred.

From Department of Water Supply, Gas and Electricity—Relative to installing fire alarm telegraph system equipment at Reserve High Pressure Fire Service Station. To Fire Alarm Telegraph Bureau.

From R. Whittier—Relative to penalty for chimney fire at No. 915 Gates avenue, Brooklyn. To Bureau of Combustibles.

From A. N. Vanderhoof—In re defective chimney at No. 93 Sumpter street, Brooklyn. To the Fire Marshal.

From Anonymous—Relative to obstructed halls at No. 401 Williams avenue, Brooklyn.

From Deputy Chief of Department in charge of boroughs of Brooklyn and Queens—Relative to violations of Building Code at Nos. 344 and 346 Blake avenue, borough of Brooklyn. To Bureau of Buildings.

From Commanding Officer of Engine Company 116—Reporting violations of section 771, chapter 378, Laws of 1897, at premises No. 76 Johnson avenue, Brooklyn.

From T. S. Mahoney, in charge of Fire Alarm Telegraph Bureau, boroughs of Brooklyn and Queens—Relative to false alarm from fire box 441.

From Commanding Officer of Hook and Ladder Company 54—Chimney fire at Nos. 141 to 151 Roebeling street. To Bureau of Combustibles.

ALFRED M. DOWNES, Secretary.

#### BOROUGH OF MANHATTAN.

##### COMMISSIONER OF PUBLIC WORKS.

In accordance with the provisions of section 1546, chapter 466 of the Laws of 1901, I transmit the following report of the transactions of the Office of the Commissioner of Public Works, President of the Borough of Manhattan, for the week ending December 24, 1907:

##### Public Moneys Received During the Week.

For Restoring and Repaving Pavement—General account.....	\$3,123 50
For redemption of obstructions seized.....	5 50
For vault permits.....	5,319 47

For shed permits.....	20 00
For bay window permits.....	36 60
Total.....	\$8,505 07

##### Permits Issued.

Permits to open streets, to make sewer connections.....	54
Permits to place building material on streets.....	29
Permits to construct street vaults.....	8
Permits, special.....	2
Permits to construct sheds.....	4
Permit to cross sidewalks.....	1
Permits for subways, steam mains and various connections.....	155
Permits for railway construction and repairs.....	8
Permits to repair sidewalks.....	44
Permits for sewer connections.....	4
Permits for sewer repairs.....	17
Permits for bay windows.....	9
Total.....	335

##### Obstructions Removed.

Obstructions removed from various streets and avenues.....	6
--	---

##### Repairs to Pavement.

Square yards of pavement repaired.....	2,844
--	-------

##### Repairs to Sewers.

Linear feet of sewer built.....	486
Linear feet of sewer cleaned.....	19,390
Linear feet of sewer examined.....	7,675
Basins cleaned.....	243
Basins examined.....	5
Requisitions drawn on Comptroller.....	\$105,686 39

##### Statement of Laboring Force Employed During the Week Ending December 21, 1907.

###### Repaving and Renewal of Pavements—

Mechanics.....	240
Laborers.....	205
Teams.....	4
Carts.....	119

###### Boulevards, Roads and Avenues (Maintenance of)—

Mechanics.....	8
Laborers.....	66
Teams.....	29
Carts.....	18

###### Roads, Streets and Avenues—

Laborers.....	23
Teams.....	10
Carts.....	5

###### Sewers, Maintenance, Cleaning, etc.—

Mechanics.....	95
Laborers.....	138
Teams.....	11
Carts.....	49
Cleaners.....	1

###### Cleaning Public Buildings, Baths, etc.—

Mechanics.....	183
Laborers.....	110
Carts.....	31
Bath Attendants.....	195
Cleaners.....	252

##### Changes in Working Force for Week Ending December 21, 1907.

###### Bureau of Highways—

Truckman, deceased.....	1
Laborer, deceased.....	1

###### Bureau Public Buildings and Offices—

Cleaner, reinstated.....	1
Stoker, appointed.....	1

##### Changes for Week Ending December 28, 1907.

###### Bureau of Highways—

Inspector of Paving, deceased.....	1
Foreman, deceased.....	1

###### Bureau Public Buildings and Offices—

Stoker, appointed.....	1

H. S. THOMPSON, Commissioner of Public Works.

#### PROCEEDINGS OF THE PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT.

##### PROCEEDINGS OF THE

##### PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,

MONDAY, SEPTEMBER 23, 1907.

AT TRIBUNE BUILDING, 154 NASSAU STREET,  
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

There were present—Commissioner William McCarroll, Acting Chairman; Commissioners Edward M. Bassett, Milo R. Maltbie, John E. Eustis, Secretary Travis H. Whitney. Chief Engineer George S. Rice was also present.

The Secretary presented a communication from the Secretary of the Board of Estimate stating that September 27, at 10.30 a. m., had been fixed as the time for a hearing in the matter of the additional construction at Ninety-sixth street and Broadway, in the subway.

On motion, duly seconded, the matter was referred to the Counsel.

The Secretary presented a communication from the Coney Island and Brooklyn Railroad Company as follows:

BROOKLYN, N. Y., September 20, 1907.

Public Service Commission, First District, No. 154 Nassau Street, New York City:

GENTLEMEN—The Coney Island and Brooklyn Railroad Company acknowledges the receipt of a certified copy of an order adopted by the Public Service Commission for the First District, dated on 13th day of September, 1907, made by the Public Service Commission for the First District in the matter of an order for a hearing issued to Coney Island and Brooklyn Railroad Company regarding improvements and additional equipments and appliances.

The Coney Island and Brooklyn Railroad Company further notifies the Commission that the terms of the order are accepted and will be obeyed except paragraph 1, as follows:

"That the said Coney Island and Brooklyn Railroad Company provide ten new combination cars, each with 50-horse power equipment for use on its Smith street line, on or before January 1, 1908."

The Company will provide ten new cars with adequate horse power equipment equal to or greater than that specified in the order. The company is advised that the car that will best accommodate the traveling public on this line is not the so-called "combination car," and cannot be obtained by January 1, 1908.

The company respectfully requests a rehearing upon this paragraph of the order to the end that it may be modified in respect to the kind of car to be ordered and in respect to the time limit.

Very respectfully yours,  
CONEY ISLAND AND BROOKLYN RAILROAD COMPANY,  
(Signed) By JOHN L. HEINS, President.

State of New York, County of Kings, ss.:

On this 20th day of September, 1907, before me personally came John L. Heins, to me known and known to me to be the President of the Coney Island and Brooklyn Railroad Company, and he duly acknowledged to me that he accepted the service of the foregoing notification of the Public Service Commission of the First District, and that he was duly authorized by the Coney Island and Brooklyn Railroad Company to admit such service.

FREDERICK A. DELATOUR,  
Notary Public, Kings County,  
Certificate filed in New York County.

Commissioner Bassett—"I should like to make a statement on that, and propose a resolution. After this order was issued, and evidence having been taken, the Coney Island and Brooklyn Railroad Company began to look about for more cars than they had, in order to purchase these new cars to go on the Smith street line. They found, in order to buy ten cars, they would have to buy some of one make and some of another. They have brought in an expert designer, particularly to prepare, not only these, but for cars to be put on the Smith street line and other lines. They want to have a uniform pattern. I have talked it over with them and they request that we should change this item of the order so that it would apply to a new sort of car and to give somewhat further time in order that they might be obtained all of a uniform pattern. I showed them our order must stand and was not subject to amendment and must be carried out, or else it must be opened and any change made upon evidence properly introduced. It would hardly seem to be right to compel this railroad to get cars of a different design. They want them alike and seem to be seeking to secure additional equipment for the Smith street line. They assured me there would not be the loss of a day in going on with their plans and making arrangements with manufacturers, if we would take testimony on this one item. I therefore move that this order be reopened, touching the one item of the ten new cars and that the Coney Island Railroad Company be permitted to introduce new testimony, touching their new designs of cars, and that a Committee of One be given full charge of such a hearing as to its being reopened."

Ayes—Commissioners McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

The Chairman designated Commissioner Bassett as such Committee.

The Secretary presented the following communication from Chief Engineer Rice, which, on motion, duly seconded, was referred to the Committee of the Whole:

2092  
New York, September 20, 1907.

Hon. WILLIAM R. WILLCOX, Chairman of the Public Service Commission for the First District:

DEAR SIR—Shortly after the organization of the Public Service Commission for the First District, and prior to the appointment of Counsel by the Commission, the Degnon Contracting Company, contractors for section 9-0-2 of the Brooklyn loop lines, applied to me as Chief Engineer for permission to enter on the property adjacent to the subway in order to do the necessary shoring preparatory to underpinning such property, an application for such permission being based upon that clause in the contract contained on pages 164 to 165, contract 9-0-2. As such a permit had never been issued on the general contracts 1 and 2, I did not feel at liberty to issue such permit.

In order to enable the contractor to proceed with his work, it was arranged after a conference between myself and the contractor and his counsel, that where buildings required underpinning, an order for such underpinning would be issued by me in accordance with the power given me under clause on page 156 of the contract. Upon the receipt of such an order the contractor forwarded a notice to the owner of the property with the request that he be afforded permission to enter upon the property and shore the same it being assumed that the subsequent procedure would be in accordance with or follow the rule provided for in section 22 of the Building Code.

I am now informed by the contractor that necessary access to the building, Nos. 174 and 176 Canal street, has not been afforded him. I enclose herewith copy of the contractor's letter relative to this matter.

As there appears to be some doubt as to the limits of the jurisdiction of the Public Service Commission for the First District and the Building Department of the City of New York, it is desirable that the authority of the Commission be definitely determined. The contractor is now being delayed at the point above mentioned, and it is important that some action be immediately taken to enable him to proceed forthwith.

Very truly yours,  
(Signed) GEORGE S. RICE, Chief Engineer.

The Secretary presented the following communication from Chief Engineer Rice, will regard to the alleged unsafe building at Nos. 188 and 190 Canal street, and on motion, duly seconded, the communication was referred to the Counsel:

2093  
September 20, 1907.

The Hon. WM. R. WILLCOX, Chairman, Public Service Commission for the First District:

DEAR SIR—The Degnon Contracting Company, who are the contractors for the subway loop section known as 9-0-2, have made an examination, in connection with the engineering department, of the building at Nos. 188 and 190 Canal street, and it is believed that the condition of this building is such that any attempt to underpin it or disturb the front walls would be dangerous, and that, therefore, the building should be condemned to enable the Contractors to proceed with their work.

The condition of this building raises a question of jurisdiction, which in my opinion should be submitted to the Counsel of the Commission. In former times the question as to the jurisdiction of the Rapid Transit Board as against the jurisdiction and authority of the Borough President or other City Departments, has arisen during the construction of Contracts Nos. 1 and 2, and it has been definitely settled by successive Corporation Counsels that the old Rapid Transit Board had sole jurisdiction of the streets where subways were being built. The Rapid Transit Board was also advised by its Counsel that it had sole jurisdiction in the matter of underpinning buildings adjacent to the structure being built. Reference to pages 4077 and 4226 of Volume VII of the Minutes of the Rapid Transit Board confirms the above statement. In the case to which I call your attention, where it appears that the condition of the building is unsafe and should possibly be condemned, the question arises as to the authority for carrying on such condemnation proceedings, if same should be necessary. Considerable difficulty and delay were experienced during the summer and fall of 1904 in obtaining definite action by the Building Department in regard to the building at No. 157 Grand street, adjacent to the Grand Street Ventilating Chamber.

To avoid delay in the construction of section 9-0-2, and with the corresponding loss to the City therefrom, it is imperative that the question as to whether the authority of the Public Service Commission is broad enough to cover the matter of condemnation of defective buildings along the line of the work, or whether such condemnation should be carried on by the Building Department of Manhattan, should be settled. If the Building Department has jurisdiction in this matter, it is important that action

by said Department be taken at once to avoid delay in constructing the subway adjacent to Nos. 188 and 190 Canal street.

Respectfully yours,  
(Signed) GEORGE S. RICE, Chief Engineer.

The Secretary presented the following communication from Chief Engineer Rice, as to the underpinning of buildings, and on motion, duly seconded, it was referred to the Counsel:

2094  
September 20, 1907.

The Hon. WM. R. WILLCOX, Chairman, Public Service Commission for the First District:

DEAR SIR—At the time of letting the contract known as section 9-0-4, Brooklyn loop lines, the property on the east side of Mott street, to the north as well as to the south of Delancey street extension, was unimproved. During the current work excavation has been begun on the property located on the northeast corner of Mott street and Delancey street extension, for the purpose of erecting a building, and I am informed that another building is to be erected on the vacant lot now located at the southeast corner of Mott street and Delancey street extension.

The contract known as 9-0-4 provides on pages 15, 16 and 17, under the description of 'Work to be done,' that the contractor shall 'protect and support, during construction, all buildings and other structures \* \* \* to as useful and good a condition as existed before construction shall have been begun.' The erection of new buildings along the line of this contract will raise the question as to the responsibility of the contractor building the subway for the support and underpinning of buildings subsequent to the signing of this contract. As this question is very likely to come up at other points on this section, it seems desirable that a ruling of the Commission should be obtained—

First—As to whether the Bradley Contracting Company is required under their contract to provide underpinning for these new buildings, (a) as part of and for the price of their lump sum contract, or (b) as extra work, or

Second—Whether the owner erecting new buildings along the line of the subway should himself provide such a foundation for his building as would obviate the necessity of its being underpinned by reason of the excavation adjacent thereto to be made in order to construct the Rapid Transit subway.

Very truly yours,  
(Signed) GEORGE S. RICE, Chief Engineer.

The Secretary presented the following communication from the Chief Engineer as to the maintenance of water mains, which on motion, duly seconded, was referred to the Committee of the Whole:

1688

September 20, 1907.

The Honorable WILLIAM R. WILLCOX, Chairman, Public Service Commission for the First District:

DEAR SIR—When the contract for building the subway loop through Centre and Delancey streets was made, provision had not been made for laying the high-pressure water mains by the City and the contractors naturally have called attention to the fact that extra payment will be required for this work.

In my opinion there is no question but that the subway contractor is entitled to an allowance for the maintenance or moving of these mains, in view of the fact that they were laid subsequent to his signing the contract with the City. Should it be decided that the maintenance or moving of the high-pressure mains is to be allowed, the method as to determining the allowance to be made should be settled upon. The allowance for this extra work could be based either upon a rate per linear foot, to be agreed upon with the contractor, or upon force account, and a reasonable percentage for profit. In either case, however, under the terms of the contract an agreement would have to be entered into between the contractor and the Commission, and I should like to be advised as to how this work is to be paid for so that I can make the necessary provisions for having it looked after.

Respectfully yours,  
(Signed) GEORGE S. RICE, Chief Engineer.

The Secretary presented the following communication from Chief Engineer Rice with reference to statements from George W. Simpson in regard to grating openings, and, on motion, duly seconded, the communication was referred to Commissioner Eustis:

1765

September 20, 1907.

Hon. WM. R. WILLCOX, Chairman, Public Service Commission for the First District:

DEAR SIR—Mr. George W. Simpson, attorney for the Automobile Supply Company at Nos. 1733-37 Broadway, has represented to me that the women customers using his client's place have complained of the gratings which have been constructed along the edge of the sidewalk over the ventilating chamber at this point. He desired to have a portion of the grating closed up permanently. I pointed out to him that it was necessary that the full effective opening through the gratings be obtained for the proper ventilation of the subway, particularly during the night hours, and, therefore, no portion of the gratings could be closed permanently.

After several conferences, I suggested to Mr. Simpson that there would be no material objection to his clients covering a portion of the grating about six feet long longitudinally with a rubber matting which could be placed in position during the business hours of the day and removed at night. I further pointed out that the permission to use such a mat would be revocable at the pleasure of the Commissioner.

I respectfully recommend, therefore, that a permit be issued to the Automobile Supply Company to cover a portion of the grating six feet long temporarily in front of their entrance, with a rubber mat during the business hours of the day, from 9 a. m. to 7 p. m., it being understood that such company assume all responsibility for placing and removing such a mat and maintaining the same in a safe condition.

For your further information, herewith is a blue print of plan No. 1650 with the outline of the grating designated in red and indicating an assumed location for the proposed mat.

Respectfully yours,  
(Signed) GEORGE S. RICE, Chief Engineer.

The Secretary presented the following communication from the Chief Engineer, which, on motion, was ordered filed:

1851

September 20, 1907.

Mr. TRAVIS H. WHITNEY, Secretary, Public Service Commission:

DEAR SIR—I beg to report, for record, that William H. Bressler and Walter W. Miller, who were employed as temporary Rodmen in this department, terminated their services on September 1, the period of their temporary employment prescribed by the Municipal Civil Service Commission having expired then.

Please inform the State Civil Service Commission accordingly.

Yours very truly,  
(Signed) GEORGE S. RICE, Chief Engineer.

The Secretary presented the following communications from the Comptroller's office, which, on motion, were ordered filed:

2094

September 19, 1907.

TRAVIS H. WHITNEY, Esq., Secretary, Public Service Commission, No. 154 Nassau Street, New York:

SIR—Please note that the Comptroller's certificate has been indorsed upon Bradley Contracting Company, contract of June 27, 1907, for Brooklyn loop lines, Centre street to Bowery, this date, and it is now a valid contract.

By order of the Comptroller,

(Signed) N. TAYLOR PHILLIPS, Deputy Comptroller.

September 19, 1907.

TRAVIS H. WHITNEY, Esq., *Secretary, Public Service Commission*, No. 154 Nassau Street, New York:

SIR—Please note that the Comptroller's certificate has been indorsed upon Bradley Contracting Company, contract of June 27, 1907, for Brooklyn loop lines, Pearl street to Park row, this date, and it is now a valid contract.

By order of the Comptroller,

(Signed) N. TAYLOR PHILLIPS, Deputy Comptroller.

September 19, 1907.

TRAVIS H. WHITNEY, Esq., *Secretary, Public Service Commission*, No. 154 Nassau Street, New York:

SIR—Please note that the Comptroller's certificate has been indorsed upon Bradley Contracting Company, contract of June 27, 1907, for Brooklyn loop lines, Delancey street, this date, and it is now a valid contract.

By order of the Comptroller,

(Signed) N. TAYLOR PHILLIPS, Deputy Comptroller.

The Secretary presented the following communication from the Twenty-eighth Ward Board of Trade of Brooklyn, which, on motion, duly seconded, was referred to the Committee of the Whole:

2139

NEW YORK, September 20, 1907.

To the Public Service Commission, First Division, New York, N. Y.:

GENTLEMEN—Referring to the matter of proposed additional subways which it is understood your Honorable Body now has under consideration, I beg leave to address you on behalf of the Twenty-eighth Ward Board of Trade and to petition that the Commission grant a public hearing in order that the people of the eastern section of Brooklyn may submit to you their reasons for believing that the first subway to be built by the City should be the Lafayette-Broadway loop, and that contracts should be promptly prepared for the construction of the same.

The members of this organization regard the loop now far advanced in Manhattan and the Lafayette-Broadway loop as essentially the same line, and we feel that every effort should be made to have the Brooklyn portion of the route completed simultaneously with the Manhattan end.

Attention is invited to the fact that there is no other proposition in the way of subways before the Commission which gives so much promise as an investment as the one we advocate, and no other which will do so much to facilitate travel between the homes of Brooklyn people and the offices, stores and factories in Manhattan.

Very respectfully,

(Signed) JOSEPH SCHREIBER, Chairman, Committee on Transit.

The Secretary presented the following communication from W. W. Carner, which, on motion, duly seconded, was referred to the Committee on Fourth Avenue:

2132

*Resolutions Adopted at the Last Meeting of the Borough Park and Martense Subway Association.*

Whereas, Since the approval by this association some two years ago of the proposed Fourth avenue and Coney Island subway, the upbuilding of this entire section has been so rapid that the importance and necessity of the immediate construction of such a subway has been greatly emphasized; and

Whereas, At the earnest solicitation of this and many other civic associations, the Rapid Transit Commission gave its assurance that the first subway to be constructed in Brooklyn would be the Fourth avenue; therefore be it

Resolved, That the Borough Park and Martense Subway Association again record their unqualified endorsement of the Fourth avenue subway as planned, and most urgently request the Public Service Commission to take every action necessary to the end that bids for construction may be advertised for with the least possible delay.

Resolved, That we also record our well-founded belief that an enormous traffic now awaits the completion of this subway, and that if the construction were commenced at once it would be, when completed, two to four years hence, totally inadequate for transportation demands we will then have; and that it be further

Resolved, That a copy of these resolutions be forwarded to the Public Service Commission.

(Signed) WILLIAM W. CARNER, President.

Attest:

GEORGE H. MILLER, Secretary.

Brooklyn, New York City, September 17, 1907.

2132

The Secretary presented a communication dated September 21, 1907, from Albert Firmin, Secretary of the Allied Boards of Trade and Taxpayers' Association, transmitting a resolution to the effect that in view of the misrepresentation of public sentiment which had appeared among the people of Brooklyn, the association desired to go on record as stating that such public opinion was entirely and completely with the Commission, as well as the sentiment in the Borough as a whole.

On motion, duly seconded, the communication was ordered referred to the Committee of the Whole.

The Secretary presented a communication from John Lindsay, chairman of a committee in Queens County, asking that a hearing be fixed for the North Side (Queens County) subway. On motion, duly seconded, it was referred to the Committee of the Whole.

1033

Commissioner Bassett presented the following resolution:

Whereas, By chapter 109 of the Laws of 1906, the Board of Rapid Transit Commissioners was directed to prepare a plan for the removal of the tracks of railways operated by steam locomotive power in the public streets and places in The City of New York, Borough of Manhattan, at grade, and to terminate the operation thereon of any railway by steam locomotive power, and to that end to make an agreement with any railroad company for the construction by said railroad company, at its own cost, of a subway under the roadbed of the present tracks or under other streets or places to which by agreement such tracks should be removed, all under the conditions provided in the said law; and

Whereas, The New York Central and Hudson River Railroad Company is now operating by steam locomotive power a railroad over tracks laid in the public streets of the Borough of Manhattan, City of New York, at grade; and

Whereas, The Board of Rapid Transit Commissioners were unable within twelve months after said Act took effect, to wit: before the 26th day of March, 1907, to agree as therein provided with such railroad company, and the said railroad company is still operating its railroad by steam locomotive power in such streets, and

Whereas, The said Act requires the Board of Rapid Transit Commissioners, if unable to so agree, to condemn any and all rights, privileges and franchises of any such railway company or companies to operate by locomotive using steam or other power, cars or trains for carrying freight and passengers at grade on, across, through or along streets, avenues, public parks or places of The City of New York, Borough of Manhattan, and cause the tracks of such railroad or railroads to be removed therefrom; and

Whereas, This Commission has given this matter careful consideration and caused preliminary surveys and maps to be made showing the trackage operated at grade by the New York Central and Hudson River Railroad Company, and also prepared copies of acts, ordinances and leases relative thereto; now be it

Resolved, That three similar maps or plans be prepared showing the streets, avenues, public parks and places on which such railroad company now operates or has any franchise or right to operate such steam railway at grade, in said City and Borough, and showing the location thereon of the tracks, if any, of such railway, whose tracks or appurtenances or whose rights to conduct such railway are to be condemned, as by the said Act provided, and that said maps and plans when prepared be presented to the Commission for its approval.

Commissioner Bassett—"Mr. Chairman, those maps are now substantially completed, and the work has gone on since before this Commission was appointed, and

in proposing this resolution, and carrying it, we are acting strictly according to the mandatory provisions of the so-called Saxe Law, and the power remains under that law in this Commission any time before the final report to stop the proceedings of the condemnation. But it seems right, after careful investigation of this matter and the holding of several hearings, that we should not delay to carry out the mandatory provisions of the Saxe Law."

It was moved, and duly seconded, that the resolution be adopted.

Ayes—Commissioners McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

On motion, duly seconded, the meeting resolved itself into the Committee of the Whole.

TRAVIS H. WHITNEY, SECRETARY.

# PROCEEDINGS OF THE PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, TUESDAY, SEPTEMBER 24, 1907.

AT TRIBUNE BUILDING, 154 NASSAU STREET,  
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

There were present—Chairman William R. Willcox, Commissioners William McCarroll, Edward M. Bassett, Milo R. Maltbie, John E. Eustis, Secretary Travis H. Whitney.

1665

Commissioner Bassett presented the following report, which, on motion, duly seconded, was adopted:

On the occasion of the presentation of the bill of Mortimer K. Flagg for \$100 for the month of July, 1907, for services as Clerk to the Condemnation Commission appointed to appraise easements taken for rapid transit work along Southern boulevard and Boston road, The Bronx, the entire subject of condemnation under the Rapid Transit Act was referred to me, as a Committee of One, for investigation and report. Since that time I have conferred with a large number of officials, some in our office, some in the Corporation Counsel's office and some in the office of the Comptroller.

Condemnations initiated by the Public Service Commission, as successors to the Board of Rapid Transit Railroad Commissioners, are governed by paragraph 40 of the Rapid Transit Act and subsequent sections. This Board is directed to prepare maps and certify them to the Corporation Counsel, whereupon the Corporation Counsel applies to the Supreme Court for the appointment of a commission, usually suggesting one name.

The law provides that the Commissioners shall receive as compensation the sum of \$10 per day for each day actually employed, and they may employ the necessary Clerks, Stenographers and Surveyors. The Charter provisions governing condemnation of streets, parks and sites for public buildings do not apply in any degree to rapid transit condemnations.

A custom has grown up whereby commissions to condemn property under the Rapid Transit Law take advantage of the latter provision to appoint a Clerk to the Commission at \$100 per month. While it is possible that in large and intricate proceedings this may be desirable, it still remains the fact that in ordinary cases the amount of work does not demand any such expenditure. It is customary for the Commissioners to pass a resolution employing a certain Clerk and fixing his salary at \$100 per month. It should be noticed that the law gives the Commissioners no power to fix the salary; but a later provision states that all such expense must be taxed by the Court after notice to the Corporation Counsel and paid by the Rapid Transit Board. Therefore, when the bills of such condemnation commissions are taxed by the Court, whether for this or any other lawful purpose, it becomes obligatory upon the Public Service Commission to pay them. Our only method of bringing the matter up would be to request the Corporation Counsel to oppose such items.

There are two condemnations now proceeding wherein such Clerks are employed; one which has been working about three years on the easements along Joralemon and other streets, in the Borough of Brooklyn (in this proceeding George N. Young has been, and is, acting as Clerk at \$100 per month); the other is the proceeding in The Bronx, wherein Mr. Flagg is Clerk. Both of these proceedings are intricate and involve a very large number of parcels, and would justify the employment of Clerks if such employment were ever justifiable.

In some months there are numerous meetings and considerable work for the Clerk to do between meetings; in others, and during the summer months, there is practically no work, but the pay continues. It should be remembered, however, that a single Clerk should cover the entire proceeding, and that it would be difficult to put his pay on a per diem basis.

The Finance Department, in order to save expense on such condemnations other than street openings, which are in a large bureau under J. P. Dunn, organized a distinct bureau, called the Commissioners of Estimate and Appraisal, having offices at No. 257 Broadway, Manhattan, and occupying a position, to some extent, intermediate between the Comptroller and Corporation Counsel. This Bureau, now under the charge of Joseph M. Schenck, attends to the clerical work for the various commissions appointed on school sites, docks, etc. Several minor condemnation proceedings under the Rapid Transit Act have also been attended to by this Bureau without outside assistance. This Bureau makes a pro rata charge against the various Boards for which it works, but thus far has made the expense materially less than if each Commission had continued to employ its own clerical assistants.

It is clearly in the interest of economy to use this newly organized Bureau wherever possible, although the absolute power of the condemnation commissions appointed under the Rapid Transit Act to select their own clerical help must be recognized. To this end I have had a conference with Joel Squier, Esq., Assistant Corporation Counsel in charge of rapid transit condemnations, and he has agreed that so far as he is able he will see that no more special Clerks are appointed, and that in general the new Bureau shall be used to the utmost possible advantage. I think that, with the co-operation of the Corporation Counsel and our Counsel, and an oral interview with the various Commissioners as soon as appointed by the Court, this can be accomplished. It does not seem advisable to me that we should formally request the Corporation Counsel to protest against the bills of Messrs. Young and Flagg.

The duty of favoring or protesting against these and other similar bills rests with the Corporation Counsel, and while it would certainly be our privilege to protest against any flagrant charges, I do not consider that it would be wise to make these specific items the subject of protest at this time. I believe that we can accomplish more by co-operation with the Corporation Counsel along this line.

The Brooklyn commission referred to has now been sitting more than three years, and, although it should be recognized that this work has been enormous, it would seem entirely proper that we should communicate with the Corporation Counsel urging that this work shall be completed and final report filed at the earliest possible date. To this end I recommend the passage of the annexed resolution.

The City Charter has recently been substantially amended with a view of hastening street and park condemnations and lessening expense. Provision has been made that \$5 instead of \$10 shall be the compensation for each Commissioner in sessions lasting less than half an hour; a limit of time has been placed upon proceedings, and the power of the commissions to select Clerks has been taken away. The provisions of the Rapid Transit Act giving unnecessary powers to the Commissioners, such as employing Clerks and Surveyors, etc., is now unique, and, as far as I know, does not apply to other condemnations in this City. It will be well, in my opinion, to see that an amendment to the Rapid Transit Act in this respect is submitted at the next session of the Legislature.

Dated, September 24, 1907.

E. M. BASSETT.

2091

Commissioner Eustis reported upon the matter of the report of George S. Rice, Chief Engineer, as to the complaint of the Bradley Contracting Company regarding failure to obtain possession of certain property on section 9-0-1, and it was moved and carried that the Secretary write the Comptroller, requesting that such acquisition of property be hastened as much as possible.

TRAVIS H. WHITNEY, SECRETARY.

PROCEEDINGS OF THE  
PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,

WEDNESDAY, SEPTEMBER 25, 1907,  
AT TRIBUNE BUILDING, 154 NASSAU STREET,  
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

There were present—Chairman William R. Willcox, Commissioners Edward M. Bassett, Milo R. Maltbie, John E. Eustis, Secretary Travis H. Whitney.  
The Secretary presented the following communication from Charles Frederick Adams, Secretary of the Borough of Brooklyn, which, on motion, duly seconded, was referred to the Committee of the Whole:

1878  
BROOKLYN, September 20, 1907.

Mr. TRAVIS H. WHITNEY, Secretary of the Public Service Commission, No. 320 Broadway, Manhattan:

DEAR SIR—Herewith I beg to transmit copy of a report of the Acting Chief Engineer and Acting Superintendent of the Bureau of Highways in this Borough, made in connection with a petition for grading, curbing, etc., Sixty-fifth street, between Fourth and Fifth avenues, which will explain itself. This matter is brought to your attention in accordance with a suggestion of Mr. Sheridan that a hearing be given to the railroad companies and others interested, to decide upon proper grades for streets and tracks.

Very truly yours,  
(Signed) CHARLES FREDERICK ADAMS, Secretary.

"August 14, 1907.

Hon. DESMOND DUNNE, Commissioner of Public Works:

Grading and Paving Report No. 229.

DEAR SIR—I return herewith petition for the regulating, grading and curbing where necessary, and the construction of a bridge on Sixty-fifth street, between Fourth and Fifth avenues, with the following report:

Sixty-fifth street, between Fourth and Fifth avenues, is not a legally opened street, nor is it physically opened. About 85 per cent of the land within the lines of Sixty-fifth street, between Fourth and Fifth avenues, is occupied by the Long Island Railroad and the New York and Sea Beach Railroad Company, whose property lies diagonally across the street in deep cuts, and the question of bridging these roads should properly be brought before the Public Service Commission, in order that a hearing might be given to the railroad companies and others interested in the matter of deciding at what grade the street and tracks should be put to.

Until this street has been legally opened, and the matter of grade crossing settled, I do not deem it advisable to take up the matter of grading the small triangular portions of land in this street not occupied by the railroad companies.

Respectfully,  
(Signed) JOHN C. SHERIDAN,  
Acting Chief Engineer and  
Acting Superintendent."

On motion, duly seconded, it was referred to the Committee of the Whole.

Commissioner Willcox here left the meeting, appointing Commissioner Maltbie to take the Chair.

The Secretary presented a proposed order as to the Forty-second street, Manhattanville and St. Nicholas Avenue Railway Company, as follows:

2007  
ORDER No. 25.

In the Matter  
of

The hearing on the motion of the Commission on the question of the adequacy of the service and equipment of the Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company, in the respects hereinbelow mentioned.

It is hereby

Ordered, That a hearing be had on the 7th day of October, 1907, at 2 o'clock in the afternoon, and at any time or times to which the same may be adjourned, at the rooms of the Commission, No. 154 Nassau street, Borough of Manhattan, City and State of New York, to inquire whether the service or equipment of the Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company in respect to the transportation of persons in the First District, is unjust, unreasonable, improper or inadequate, and if so found to be to determine whether the following increase in the service and change in the equipment would be just, reasonable, adequate and proper to be put in force, observed and used in the transportation of persons in the said First District, namely:

(1) To increase the service upon the boulevard and Broadway lines and the lines run in connection therewith and in continuation thereof, in the Borough of Manhattan, City of New York, and to determine the reasonable extent of such increase and the distribution of the increased service over said lines.

(2) To increase the service on Broadway, between Houston street and Murray street, by requiring twenty-five per cent. (25 per cent.) of the cars whose run now terminates at Houston street to be sent through to Murray street.

(3) To require that destination signs showing the route and all points of destination of the cars should be provided and conspicuously displayed upon each car run over any of the said lines.

All to the end that the Commission may make such order or orders in the premises as shall be just and reasonable; and further

Ordered, That the Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company be given at least ten days' notice of such hearing, by service upon it, either personally or by mail, of a certified copy of this order, and that at such hearing the said street railroad corporation be afforded all reasonable opportunity of presenting evidence and examining and cross-examining witnesses as to the matters hereinabove set forth.

It was moved and duly seconded that the order be adopted.

Ayes—Commissioners Bassett, Maltbie, Eustis.

Nays—None.

Carried.

2015  
The Secretary presented a communication from the Down-Town Taxpayers' Association, transmitting resolution opposing the construction of an elevated railroad on the Flatbush Avenue Extension.

On motion, duly seconded, it was referred to the Committee of the Whole.

2132  
The Secretary announced receipt of a communication from the Allied Boards of Trade and Taxpayers' Association of Brooklyn, transmitting resolutions unanimously adopted by the association.

On motion, duly seconded, it was referred to the Committee on Fourth Avenue Subway.

The Secretary presented the following communication from the Secretary of the Chamber of Commerce of Staten Island, which, on motion, duly seconded, was referred to Commissioner McCarroll, with power to fix a date for a hearing in the matter:

2100  
NEW BRIGHTON, N. Y., September 24, 1907.

To the Public Service Commission for the First District, No. 154 Nassau Street, New York City:

SIRS—I have the honor to enclose you herewith the complaints against the railroad companies on Staten Island adopted by the Staten Island Chamber of Commerce, at a meeting held at the First National Bank Building, New Brighton, on Thursday, September 19, 1907, relating to the transit facilities of the Borough of Richmond, and request that the Public Service Commission grant the citizens of the Borough of

Richmond a public hearing, to be held at the Hearing Room in the Tribune Building, on Thursday October 3, at 2.30 p. m.

I am,

Very respectfully yours,  
(Signed) CORNELIUS G. KOLFF,  
Secretary of the Chamber of Commerce.

Public Service Commission for the First District, No. 154 Nassau Street, New York City:

SIRS—We, the undersigned, beg leave to respectfully submit the subjoined complaints against the present condition of transit and other matters believed to be within your jurisdiction, in the Borough of Richmond, as follows:

The transportation facilities afforded by the two trolley roads (the Staten Island Midland Railway Company and the Richmond Light and Railroad Company), and by the steam road (the Staten Island Rapid Transit Railway Company) are utterly inadequate to meet the demands at present made upon them; and the roads give no evidence of any intention to provide for the greatly increased demand of the immediate and inevitable future. Our complaints in detailed form, both as to sins of omission and commission, are embodied in the following demand for relief and recommendations, to wit:

First—We respectfully demand that transfers be given by the Staten Island Midland Railway Company to all points on the Richmond Light and Railroad Company and vice versa. Both lines are owned or controlled by the same interests, and their tracks and cars are used interchangeably; but they do not exchange transfers. The result is that in many instances a double fare must be paid for a short ride.

Second—We respectfully demand that the Richmond Light and Railroad Company be required to double-track its line upon Richmond turnpike, between Broome street and Clove road, and its line on Castleton avenue from Brook street to Columbia street. The turnpike is the great artery of the northern part of the island running east and west, and was formerly part of the stage route between New York and Philadelphia. This lack of double tracks results in congestion and delay, frequent and exasperating, and affecting the entire line.

Third—We respectfully demand that the Midland Railway Company be directed to extend its road by single track along Richmond turnpike from the present turn at Jewett avenue to Bull's Head, there connecting with the line to Port Richmond. In this territory within the past fifteen months, thousands of lots have been sold, and preparations been made for a great population. Many new houses have been erected, others are building, and more are planned awaiting only transportation.

Fourth—We respectfully demand that the Staten Island Rapid Transit Railway Company be directed to complete the double tracking of its Perth Amboy Division from Annadale to Pleasant Plains.

Fifth—We recommend that both the rapid transit and the trolley road be directed to so arrange their schedule that all boats shall have train connections, both arriving and departing, on all divisions, so far as is possible, and to make every effort to maintain such connections.

Sixth—We recommend that the Richmond Light and Railroad Company be directed to run more cars from the Elizabethport Ferry to St. George, between the hours of 4.30 and 6 p. m. At present the cars going to St. George between these hours are so crowded after passing Milliken Bros' Steel Plant, that it is usually impossible to get a seat or even find standing room.

Seventh—We recommend that all passenger trains on the Arlington division of the Rapid Transit Railroad be run to the end of the road, namely, to Western avenue. The train schedule on this division as at present arranged shows but seven trains daily to Western avenue—the rest running only to Arlington and returning to St. George; with no train service of any kind at Western avenue on Sunday.

Eighth—We recommend the Rapid Transit Company be directed to add at least one car to all its trains during rush hours; and to furnish more light at night upon its platform.

Ninth—We recommend that the Rapid Transit Company be directed to reduce its regular fares to the southern part of the Borough. At present the development of that portion of the Borough is retarded owing to the high rates fixed by the railway company; as for instance the fare to Annadale (14.9 miles) is 35 cents and 55 cents excursion, and to Tottenville (19.4 miles) the fare is 35 cents and 60 cents excursion.

Tenth—We recommend that both the Rapid Transit and the Baltimore and Ohio roads be directed to cease using anything but hard coal in their engines.

Eleventh—We recommend that all grade crossings along the line of the Rapid Transit Road be eliminated, especially at Clifton and Port Richmond, as well as at Waters and Canal streets, Stapleton.

Twelfth—We recommend that the Baltimore and Ohio Railroad be directed to so arrange its schedule of freight trains or otherwise provide as not to interfere with the passenger service on the North Shore division of the Rapid Transit.

Thirteenth—We recommend that the trolley roads be extended more generally over the island. There are many locations thickly populated where there is now no trolley service whatever. The whole southern half of the borough is in this position.

Fourteenth—We recommend that the Municipal Ferry to Stapleton and Port Richmond be opened for service as soon as possible and arrangements made for cars to run directly thereto instead of waiting until the ferry house is completed.

Fifteenth—We respectfully draw the attention of the Commission to the fact that the Richmond Light and Railroad Company is the owner of trolley franchises on Richmond avenue, from Bull's Head to New Springville, and on the Richmond turnpike, from Bull's Head to Linoleumville, and your committee respectfully recommends that these roads be built as promised by the company or the franchises cancelled.

Respectfully submitted,  
(Signed) CHARLES B. BLAIR,  
Chairman, Committee on Subway and Transit.

The Secretary presented the following communication from R. P. Bolton, Secretary of the Washington Heights Taxpayers' Association, which, on motion, duly seconded, was referred to the Committee of the Whole:

1392  
NEW YORK, September 16, 1907.

Public Service Commission, Tribune Building, New York City, Mr. TRAVIS H. WHITNEY, Secretary:

DEAR SIR—I desire to thank you for your courtesy in informing us of the nature of the purpose for which the excavation of the park plot on Broadway at One Hundred and Fifty-seventh street is being made.

In reply, I would say that our association will, I am sure, be both surprised by and adverse to the construction of a vent opening at this point, for which we have not asked, and for which, further, no good reason can be assigned.

Our association has recorded with the Rapid Transit Commission a demand for additional stairway accommodation at One Hundred and Thirty-seventh street, One Hundred and Forty-fifth street and One Hundred and Fifty-seventh street stations, in all of which, the request was based, not only upon the need for stairway space on the up-town side, but on the desirability of reducing the draught from the tunnel up the existing single stairway on each side. This feature is unpleasantly prominent at One Hundred and Fifty-seventh street station, but it is not of such a character and extent as should require the spending of public money on a ventilating opening useless for any other purpose, the cost of which could be expended with much greater public advantage in stairway openings, which will serve the double purpose of accommodating the public and reducing the force of the draught.

Our association and the residents of the locality will certainly strenuously oppose the mutilation of the park plot in question, which occupies a position of peculiar prominence and importance, and is, we hope, to be the site of a public drinking fountain or other public monument.

We were not made aware that any such project was in contemplation, and had we been informed of the project, we should certainly have petitioned your Commission for a hearing upon the subject. We do not understand that this work has been authorized by your Honorable Body, and trust that this is not the case. Even if it should be so, we would earnestly request the opportunity of a hearing before your Board prior to any further progress being made upon this useless piece of work.

I beg to remain,

Yours very faithfully,  
REGINALD PELHAM BOLTON, Secretary.

The Secretary presented the following communication from President Winter, of the Brooklyn Union Railroad Company, which, on motion, duly seconded, was referred to Commissioner McCarroll:

Mr. TRAVIS H. WHITNEY, Secretary, Public Service Commission, No. 154 Nassau Street, New York City:

DEAR SIR—Some weeks ago in conversation with Commissioners Eustis, Bassett and McCarroll, the question of establishing a new elevated station on Fulton street, opposite City Hall, and abolishing the Boerum place and Court street stations, was discussed, and we were requested to send the Commission a plan showing the proposed substitute for the two stations referred to. This I enclose herewith.

Yours truly,  
(Signed) E. D. WINTER.

The Secretary presented the following communication from Borden D. Whiting, one of the State Railroad Commissioners of New Jersey, which, on motion, duly seconded, was referred to the Committee of the Whole:

TRENTON, September 24, 1907.

Mr. WILLIAM R. WILLCOX, Chairman, Public Service Commission, First District, New York City:

DEAR SIR—I have the honor to inform you that I have been delegated to appear before the Public Service Commission for the State of New York to explain the desire of the Board of Railroad Commissioners of the State of New Jersey to establish closer relationships between the New Jersey Commission and the Commission acting for the States of New York and Pennsylvania, with a view to securing harmonious action on the part of said respective Commissions so far as the same may be deemed possible and expedient.

It is recognized that a number of the important trunk lines traversing said three States extend from tidewater to the city of Buffalo, and that there are subjects of railway regulation which should be considered by the separate State Commissions, having in mind the obligations, responsibilities, requirements and physical characteristics of these roads viewed as entire systems rather than as independent units.

At such convenient time and place as your Board shall designate I shall be very glad to appear and state the views of the New Jersey Board more in detail in the event of this suggestion meeting with your approval.

Kindly address your reply to my home address at No. 200 Center street, Orange, New Jersey.

Very respectfully yours,  
(Signed) BORDEN D. WHITING, Commissioner.

The Secretary presented the following communications, which, on motion, duly seconded, were ordered placed on file:

METROPOLITAN SECURITIES COMPANY,  
No. 621 BROADWAY,  
NEW YORK, September 23, 1907.

Public Service Commission of the First District, State of New York:

GENTLEMEN—Replying to your order of September 4, 1907, in which you direct and require the Metropolitan Securities Company to afford to Marvyn Scudder access to the books of original entry, ledgers, balance sheets, and any and all other books of the company, showing, or purporting to show, the assets and liabilities of the corporation, I have the honor to state that, as President of the company, I was this day authorized by the Board of Directors to comply with the order, and to submit to the Commission, or its authorized representatives, all such accounts, records and memoranda for the purposes of the investigation now being conducted by your Honorable Body.

Yours truly,  
(Signed) H. H. VREELAND, President.

INTERBOROUGH-METROPOLITAN COMPANY,  
No. 23 NASSAU STREET,  
NEW YORK, September 23, 1907.

Public Service Commission of the First District, State of New York:

GENTLEMEN—Replying to your order of August 29, 1907, in which you direct and require the Interborough-Metropolitan Company to afford to Marvyn Scudder access to the books of original entry, ledgers, balance sheets and any and all other books of the company, showing, or purporting to show, the assets and liabilities of the corporation, I have the honor to state that, as Chairman of the Board of Directors, I was this day authorized by the Board to comply with the order, and to submit to the Commission, or its authorized representative, all such accounts, records and memoranda for the purposes of the investigation now being conducted by your Honorable Body.

With great respect,

Your obedient servant,  
(Signed) AUGUST BELMONT,  
Chairman, Board of Directors.

The Secretary stated that a summary of the reports of accidents for the period from August 5, when the order of the Commission became effective requiring reports of accidents, to August 31, showed the following for all companies in the four counties over which the Commission has jurisdiction:

Persons injured in car collisions.....	145
Persons injured in collisions with vehicles.....	405
Persons struck by cars.....	405
Persons injured boarding cars.....	641
Persons injured alighting from cars.....	1,263
Employees injured.....	641
Derailments.....	33
Injuries on stairways.....	26
Other accidents.....	1,881
Total.....	5,500

Of the serious accidents they were further classified as follows:

Persons killed.....	42
Fractured skulls.....	10
Amputated limbs.....	10
Broken limbs.....	44
Other serious injuries.....	83
Total.....	189

Commissioner Bassett presented the following resolution:

Resolved, That the Corporation Counsel be respectfully requested to make an inquiry as to the length of time that the Commission of Appraisal appointed under the Rapid Transit Act to condemn easements along Joralemon and other streets, in the Borough of Brooklyn, has been in existence, and the amount of work yet to be done by it, and the length of time that it will probably take before the filing of the final report, all to the end that this important condemnation proceeding may be brought to a close as soon as possible.

It was moved, and duly seconded, that the resolution as read be adopted.

Ayes—Commissioners Bassett, Maltbie, Eustis.

Nays—None.

Carried.

Commissioner Maltbie, as Committee on the Testing of Gas Meters, presented the following final report, which was approved and ordered on file:

NEW YORK, September 20, 1907.

To the Public Service Commission for the First District:

SIRS—Your Committee to whom was referred the question of the testing of gas meters, begs to submit the following report:

The Public Service Commissions Law of 1907 transferred the powers and duties of the State Inspector of Gas Meters within the area of Greater New York to this Commission. It became incumbent upon the Commission, therefore, to provide a system for the inspection, testing and sealing of gas meters, and a Committee was accordingly appointed.

Your Committee first ascertained the methods which had been used by the State Inspector, hoping to be able to recommend their continuance, so that the work might proceed without any interruption or delay. It was found, however, that meters had been stamped by the State Inspector that had not been tested, i. e., that a few sample meters were selected from a large number of new meters and the entire consignment approved upon the basis of a test of a few meters. It was also found that the brass tag affixed to the meters by the State Inspector was so attached that a meter might be changed, repaired or completely overhauled without destroying or affecting the tag in any way. The system of computing the percentage of inaccuracy was also found to be wrong.

These facts made it quite apparent to your Committee that, in order to comply with the purpose and letter of the statute, which required that every meter be "inspected, approved and sealed," an entirely new system should be devised which would provide for thorough and accurate inspection, impartial testing and a method of sealing which would not permit the meter to be opened without breaking the seal.

Your Committee recommended that Mr. A. E. Forstall, a consulting gas engineer, be employed by the Commission to prepare and submit such a scheme, and this recommendation was adopted by you. Mr. Forstall's report, with the exception of certain blank forms and instructions to testers, is submitted herewith. The instructions and forms are on file in the office of this Commission.

With Mr. Forstall's report as a basis, a method of proving and sealing meters was formulated, a staff of Meter Testers organized and actual work begun, with the approval of the Commission. This system has now been in operation over two months and has proved to be satisfactory except in a few minor details, which will need to be altered when sufficient experience has been had to demonstrate the precise way in which improvements may be made. The essential features of the scheme are as follows:

1. That every meter shall be inspected, approved and sealed before being put into use.
2. That the "sealing" shall be of such a nature that the meter cannot be opened, altered or changed in any way without the breaking of this seal, thereby making it necessary to reinspect, reapprove and reseat before the meter may again be put into use.
3. That at present the testing of meters be limited to the accuracy of registration, ordinarily called the "check" test. This seems to be the best practice and is generally adopted, with a few exceptions. This matter is discussed in Mr. Forstall's report.
4. That any meter regarding which complaint shall be made shall be tested by an employee of the Commission.
5. That the fee to be paid by the applicant if the meter is slow or correct within the limits allowed by the law, or by the company if the meter is fast beyond the percentage fixed in the statutes, shall be as small as may be reasonable.
6. That a notice be sent to the complainant and to the company of the results of such inspection.
7. That an adequate number of Meter Testers be employed, so that there will be no delay, either to the consumer or to the company in the testing of meters.

In pursuance of this plan eleven testing stations have been established already; two are at the factories of two meter companies, and nine at the shops of seven gas companies. At the present moment, sixteen Testers are at work, and the number will be increased as rapidly as competent men can be secured. The Civil Service list was exhausted some time ago and difficulty has been encountered in securing a sufficient number of men to proceed with the work as rapidly as desired, but a new list has just been submitted. The number of testing stations will be increased as soon as the companies equip them and the apparatus approved by the Inspector of the Commission.

The wages paid Meter Testers have been fixed by the Commission temporarily at \$3 per day for eight hours work.

The staff of the Commission will probably include one Chief Inspector, one Complaint Inspector, and from fifteen to twenty Testers at work in the testing stations. Already marked improvement in the work of the Testers has been manifest, and the number of meters tested per day per employee is about double the number tested under the State Inspector prior to July 1, 1907.

So far as the work of the Commission is concerned, there are four classes of meters:

1. New meters; those not having been used previously.
2. Repaired meters; those having been used, removed from the consumers' premises, but not on complaint, and repaired by the companies.
3. Complaint meters; those whose accuracy has been questioned in a complaint to the Commission.
4. Removed meters; those that have been in use, removed from the consumers' premises, but not on complaint, and not repaired.

The testing of these meters is now being performed under the following instructions:

#### WORK OF RECORD CLERK.

##### (A) Complaint Meters.

(1) When the application is made in person, the clerk may fill out application blank, form G1 or G2, and have it signed, one blank being used for each meter. If the fee is paid, a receipt (form G3) shall be given, the stub being detached and retained until the complaint is settled. The companies are to be billed monthly for the amounts due. When the application is made by letter, form G1 or G2 shall be filled out by the clerk so far as possible from the data given in the letter. When the application is made by a company, the clerk shall fill out and send to the company form G17.

(2) The Clerk shall then take two cards (form G4), one white and one yellow, which cards shall be exact duplicates, numbered serially with the application number and used in order of these numbers, and enter upon them the date, the name and full address of the person making the application, the name of the gas company supplying the premises, the amount of the fee, and if the size of the meter is known, and if the fee is paid indicate it by entering the date in the proper space. If not, all of the data called for on forms G1 or G2 are given, the Clerk shall send the forms G1 or G2, to the Complaint Inspector, to be filled out and returned. When form G1 or G2 has been returned by the Inspector, the missing data shall be inserted on form G4, and the application shall be placed on file in alphabetical order according to the name of the applicant. When the white sheet of form G5 has been returned, the Clerk shall send this white sheet to the proper gas company to constitute the removal order for the meter, shall enter upon form G4 the date upon which this order has been sent, and shall then send the yellow card of form G4 to the proper Tester at the testing station as a notification that the meter described on the card is to be received and tested.

(3) When the card has been returned from the testing station after the test has been recorded, the Record Clerk shall send notice of the result of the test to the gas company, using for this purpose form G7, and shall also send notice of the result of the test to the consumer, using form G8, except when the application for the test was made by the gas company; then he shall use form G18. After filling out these notices, he shall enter upon form G4 (white and yellow) the dates on which they were sent. If the meter is fast beyond the limits allowed by law, the fee deposited for the test shall be returned to the consumer, as provided in forms G8 and G9, and the Record Clerk shall enter upon form G4 (white and yellow) and the stub of G3 the date upon which this fee was returned. He shall also enter upon form G4 the date upon which the fee for a fast meter is paid by the gas company. In the case of a meter which is correct or slow, the last two entries are not to be made.

(4) When forms G4 (white and yellow) have been entirely filled out, the white card shall be filed in the proper place alphabetically by the name of the consumer, and the duplicate (yellow) shall be filed in the numerical order of the application.

(5) The Record Clerk shall keep all fees until the test has been made and the record completed. He shall then deposit them monthly with the City Treasurer, and take a receipt therefor, to be deposited with the Secretary of the Commission.

## (B) All Meters.

(6) The Record Clerk shall file and have charge of the daily reports made by the Meter Testers. The yellow sheets shall be kept as records until the books for which they are duplicates shall have been filled and returned by the Testers, and then these duplicates shall be destroyed.

(7) He shall also make up monthly summaries of tests not later than the fifteenth of the month for the month preceding. For this work he shall use forms G13 to G16, and these forms shall be kept by him on file.

## WORK OF CHIEF INSPECTOR.

(8) All apparatus for the testing of meters shall be examined, approved and stamped by the Chief Inspector before being used, and he shall also oversee the proving and sealing of all meters.

## WORK OF COMPLAINT INSPECTOR.

## (A) Complaint Meters.

(9) The Complaint Inspector to whom an application is assigned shall take the forms sent him, prepare and send out notices when he will call (form G10), and proceed to the premises designated. On arrival there he shall obtain and enter the missing data for the completion of the forms, shall locate the meter, enter its description on the forms and collect the fee, if it has not been paid, entering on the forms the payment of this fee with date and giving the proper receipt for it (form G3) to the consumer. He shall then fill out form G5, detach the white original sheet from the tag and attach the tag to the meter, entering in the proper place on form G4 the date as an indication that the meter has been tagged. At the end of the day he shall send to the Record Clerk all the copies of form G and all the white sheets of form G5 for the meters to which he has attended, and the receipt stubs (form G3) which he has used. At least once each week he shall account to the Clerk for all fees received by him.

## WORK OF THE METER TESTERS.

## (A) Complaint Meters.

(10) Upon receiving form G4 at the testing station, the Tester shall look out for the arrival of the meter described on this form, and when it is received, shall enter in the proper place his name and the date of its receipt. He shall then test the meter, after allowing it to remain in the station not less than five hours in order that the temperature may be equalized, within twenty-four hours after its receipt unless the consumer desires to be present at the test and it cannot be arranged to secure his presence within this time limit.

(11) Complaint meters should always be given two tests, and if these two do not agree with each other a third test should be made. If the two tests agree, or if the three tests are made, the average of all the tests shall be taken as representing the condition of the meter. After the test has been made, the Tester shall enter the record in the Meter Test Record Book, writing "complaint meter" in the "remarks" column and shall also enter upon form G4 the cubic feet passed by the meter and by the prover and the percentage fast or slow shown by the test. He shall also fill out form G6 and paste it upon the meter, and shall seal the meter in the manner hereinafter prescribed, provided the meter is accurate within the limits allowed by statute. At the end of each day he shall send to the Record Clerk all the copies of form G4 upon which he has recorded the results of tests during the day.

## (B) All Meters.

(12) Before beginning work each morning the Tester should see that the temperature of the water in the prover is the same as that of the air in the room, the temperature of the water being adjusted if these temperatures are not the same. For the purpose of observing these temperatures two thermometers must be provided, one being placed in the water and the other hung up in the air, and these two thermometers should be checked against each other to see that when exposed to the same conditions their readings are the same. The Tester must also be satisfied that the meters which he has to test have been in the immediate vicinity of the provers for a sufficient length of time to have acquired the temperature of the air surrounding the provers. While testing, no direct sunlight should be allowed to strike either the provers or the meters to be tested and the observations of the temperature of the water and of the air shall be made at least every fifteen minutes.

(13) Meters are to be given the check test only, but while making this test the size of the dial is to be observed, and it is to be noted whether this dial is of the proper size for the size of the meter.

(14) After the meter has been connected to the prover, a test for the tightness of the connections must be made by closing the meter outlet with the hand and throwing the prover cock wide open, so that full pressure is thrown on all the connections and the meter, and then shutting the prover cock and watching the pressure gauge to see that the pressure holds. If the pressure does not hold, the connections must be gone over and another test for tightness made before the test of the meter is begun.

(15) From 1 cubic foot to 1½ cubic feet of air must be passed through the meter before beginning the test. The object of this is to make certain that the meter is working freely before the test begins.

(16) The proving hand on the dial must be brought to, and stopped at, one of the divisions on the up stroke of this dial and the test started with the hand at such a division and concluded when the hand again reaches this division after making a complete revolution.

(17) Meters showing on the first test a proof of either 99 or 101, or one between these limits, are to be passed on this single test.

(18) Meters showing on the first test a proof between 98½ and 99, or between 101 and 101½, or exactly 98½ or 101½, are to be given a second test, the average of the prover readings and of the percentages of errors for the two tests being recorded and the meter being passed, provided the average proof is more than 98 and not more than 102.

(19) Meters showing on the first test a proof between 98 and 98½, or between 101½ and 102, or exactly 102, are to be given a second test, passing 4 cubic feet through three and five-light meters on this second test, and are to be passed if the average proof shown by the two tests is above 98 and not more than 102, the average of the prover readings reduced to the normal 2 feet basis for three and five-light meters, and the average of the percentages of error for the two tests being recorded. If necessary, a third test may be made with such meters, but only when there is some doubt as to the accuracy of the first two tests. If the third test is made the average of all three tests is to be taken as being correct, and the meter is to be passed or rejected on this average.

(20) Meters showing a proof of 98, or less than 98, or more than 102 on the first test, or as an average of either two or three tests, as specified above, are to be rejected and returned for readjustment by the company presenting them for test. Form G6 shall be filled out and attached to each meter rejected. After such readjustment the meters are to be again tested.

(21) The bell of the meter prover should be drawn to its full height and the scales wiped the last thing at the end of each day's work and left up during the night. The object of this is to prevent discoloration of the body of the bell and of the scales. Care should be taken that the cocks are shut off tight so that the bell will remain up all night, and by taking the reading on the scale at the time of stopping work and again when work is begun the next morning a test is obtained of the tightness of the prover and the connections up to the prover cock and of this cock itself. In case these readings show that the prover is not tight the leak should be found and remedied before making any tests.

(22) The record of every meter tested shall be recorded in full in the Meter Test Record Book, and in the "remarks" column a note shall be made to show whether the meter is a new, repaired, complaint or removed meter, wherever possible.

(23) Every meter ascertained to be correct within the limits allowed by law shall be sealed, and no meter shall be sealed which has been found to be incorrect according to the preceding instructions. The Tester should see that the ring is properly placed upon the meter, so that the ring will overlap the seam on the cover. In no case shall a meter be sealed unless the ring is properly placed. Sufficient wax should be poured into the ring so as to permit the making of a clear impression of the seal, and the impression should be clear and easily legible.

A table showing the percentages of errors under varying conditions appears as an appendix to this report.

Respectfully submitted,  
(Signed) MILO R. MALTBY,  
Commissioner.

TABLES SHOWING PERCENTAGE OF ERRORS IN METERS WHOSE REGISTRATION DIFFERS FROM THE INDICATIONS OF THE TEST GAS HOLDERS.

## MR. FORSTALL'S REPORT.

ALFRED E. FORSTALL, CONSULTING ENGINEER,  
No. 58 WILLIAM STREET,  
NEW YORK, July 27, 1907.

Public Service Commission, First District, State of New York, No. 320 Broadway,  
New York City:

GENTLEMEN—I beg to submit the following report upon the manner in which new and repaired gas meters should be tested and sealed, and also upon the procedure to be followed with regard to applications from gas consumers for an official test of their meters:

## TESTS TO BE MADE.

The official testing of gas meters has, in every case with which I am acquainted except two, been confined to testing for accuracy of registration in passing gas at a normal rate. The two exceptions are those of Great Britain, where the Sales of Gas Act, 1859, which governs this testing, provides for a test for "soundness or leakage" to determine whether or not the meter registers a small consumption; and of Minneapolis, where both a test for registration under small consumption and one for

regularity of delivery under a large consumption are provided for in addition to the test for accuracy of registration when passing gas at a normal rate.

In my opinion these exceptions to the general rule cover matters that are entirely without the sphere of an official test of gas meters. The only object of such a test is to give the gas consumer an assurance that the instrument employed for measuring the amount of gas that he consumes gives correct measure, and this is fully covered by the test for accuracy of registration when the meter is passing gas at a normal rate. A meter that will not register under a small consumption will register slow under normal conditions, and if the fault is sufficiently serious it will cause the meter to be rejected when tested for accuracy of registration. Irregularity of delivery under a large consumption does not affect the accuracy of registration, and if the gas which is being measured is to be used for fuel purposes it does not even affect the quality of the service unless the irregularity is very pronounced. It therefore is not a matter with which the official testing of the accuracy of the meter as a measure has to do.

I would therefore advise that the only test of a gas meter made by you be that for accuracy of registration when the meter is passing gas at the rate of 6 cubic feet per hour for each "light" of its size.

## METHOD OF MAKING TEST.

This test, which is known technically as the "check" test, is made by connecting the meter, with its outlet capped by a check, in which is a circular orifice of such a size that when the pressure on the meter is adjusted to 15-10 inch of water air will pass through this orifice, and consequently through the meter, at the rate named above, to a "meter prover" and passing from the prover through the meter the amount of air required to cause the proving hand on the meter dial to make one complete revolution. This revolution corresponds to the registration on the meter dial of a definite quantity of gas, which varies with the size of the meter. The "meter prover," which consists of a holder, that is, an inverted sheet metal bell, guided so as to be capable of moving freely up and down in a sheet metal tank which is filled with water to seal the otherwise open bottom of the holder, carries on the side of the holder a scale graduated in feet and tenths of a foot over its whole length and in hundredths of a foot over a certain portion of its length. The difference between the readings of this scale at the beginning and end of the test shows the volume of air that has actually passed out of the holder and through the meter. If this volume corresponds exactly to that registered by one complete revolution of the proving hand of the meter the latter is correct, while if it is larger the meter is slow, and if it is smaller the meter is fast, the percentage of error in either case being found by dividing the difference between the prover reading and the meter reading by the prover reading. Thus if the prover reading is 2.02 cubic feet, while that of the meter is 2 cubic feet, the meter is  $\frac{2}{2.02} = 0.99$  per cent. slow, while if the prover reading is 1.98 cubic feet, while that of the meter is 2 cubic feet, the meter is  $\frac{2}{1.98} = 1.01$  per cent. fast.

The accuracy of the graduation of the scale on the meter prover holder is assured by having the graduations marked in the first instance as the result of a careful calibration of the holder by means of a cubic foot bottle certified by the National Bureau of Standards at Washington and by periodical testing by means of such a cubic foot bottle in order to provide against any error arising through deformation of the holder. The prover holders are made with working capacities varying from 2 cubic feet up to 10 cubic feet, and sometimes are made even larger, for use with different sized meters, the 5-cubic-foot size being the most common.

Before making a test it is necessary to have the temperature of the water in the tank of the prover the same as that of the air in the room and that of the meter to be tested. To insure the latter condition the meter must be allowed to stand in the testing room at least five hours before being tested and care must be taken to keep both the prover and the meters to be tested out of the direct rays of the sun.

These and other precautions that should be taken to insure the accuracy of the test are covered in the Instructions for Meter Testers appended to this report.

## METHOD OF SEALING.

Meters that have been tested and found to be correct within the limits provided by law should be sealed in such a way that it will be impossible to open the portion of the meter containing the registering mechanism and adjust this mechanism without defacing the seal. In my opinion this requirement can only be met by a sealing wax seal so placed as to partly cover the seam between the top plate and the body of the meter, since the registering mechanism can be gotten at only by removing this top plate. Seals for this purpose have been designed and made under the approval of Commissioner Maltbie and are now in use. Each seal bears a different number, and as a record is kept of the number of the seal used by each Tester it is a simple matter to find out at any time by whom any meter was sealed.

From what precedes it will be seen that it will be necessary to seal not only all new meters but also all meters which have been given repairs that necessitate the removal of the top plate and the adjusting of the registering mechanism, even though these meters had been tested and sealed previous to such repairs.

In addition to the sealing wax seal the Massachusetts Commission of Gas and Electricity use a brass badge bearing a serial number which is attached to each meter when it is sealed for the first time. The object of this badge is to enable the record of the test of any meter to be easily found in the Record of Test books, something that would be difficult to do in the absence of such a badge. It seems probable, however, that the necessity for looking up such records would so seldom arise that the affixing of the serially numbered badges may be an unnecessary requirement. I would advise that these badges be not used until further investigation is made as to their practical value. In the meantime the Meter Test Record Book form has been drawn up to contain a column for these numbers, so that in case this system is adopted there will be a place in the records for entering the numbers.

## PROBABLE NUMBER OF METERS TO BE HANDLED PER YEAR.

From information received from the gas companies doing business in the First District, I estimate that you will be called upon to test and seal each year about 66,000 new meters and 177,000 repaired meters, apart from the meters tested on applications from individual consumers. It is difficult to tell how many tests will have to be made on such applications since the number has varied very widely from year to year, but it is not probable that the maximum of about 6,000, reached in 1905, will be exceeded. Indeed, the number of meters tested on complaint in the thirteen months ending December 31, 1906, was only about 5,000, and it is probable that as soon as the gas consumers understand that the seal of the Commission on a meter stands for an actual and careful test of its accuracy the number of applications for the official testing of individual meters will fall much below even the smaller amount. As bearing on this probability the Massachusetts figures are of interest and show that in 1902, out of a total of 42,688 meters tested 996 were tested on consumers' complaints, while in 1906, although the total had increased to 61,034 the number of tests on complaint had dropped to 424. It is therefore probable that for the first year or two the number of meters to be tested and sealed will not be over 250,000 per year, or an average of 833 per day, counting 300 working days in the year. There will, however, be times during the months from September to March when meters will have to be handled at a rate of possibly 1,200 per day, and correspondingly there will be times during the rest of the year when the rate may fall as low as 500 per day.

## NUMBER OF METERS WHICH A MAN SHOULD TEST AND SEAL PER DAY OF EIGHT HOURS.

Working at a bench equipped with two provers, a good, active man should be able to test and seal 9 three-light meters, or 12 five-light meters per hour, it being possible to do more of the five-light than of the three-light, because in both cases 2 cubic feet of air has to be passed through the meter, and in the five-light it is passed at a rate of 30 cubic feet, while in the three-light it is passed at a rate of only 18 cubic feet per hour. These figures are based upon giving each meter only one test, but when, on repaired meters especially, the first test comes out close to the limit of error allowed, a second test should be made to make it certain that the meter is inside of these limits, and on account of these second tests the number that can be counted upon per hour will not run over 7 three-lights or 10 five-lights. As these two sizes will make up over two-thirds of the meters tested, it can be taken that the average number of meters tested and sealed per day will be about 75. On this basis it will be necessary to employ an average of from ten to eleven Testers, and this number would have to be increased to sixteen at the time of greatest activity in the selling and repairing of meters.

This is the number of men that will be required for testing only, and in addition it will be necessary to provide for visiting the premises of the consumers making com-

plaints for the purpose of obtaining the descriptions of the meters and tagging them for removal. The number of meters that can be located and tagged per man per day will depend so greatly upon the extent to which the individual locations are scattered over the territory that it is practically impossible to make any estimate of the number of men required for this work in advance of actual experience. If the applications for tests were to continue to come in at the rate which prevailed during 1906, of about 384 per month, of fifteen per working day, it would seem as if at least two men would be required for this work.

The men assigned to this part of the work should be of a higher grade of intelligence and education than it is necessary to have in men who are to do nothing but test meters.

#### PLACE OF TESTING.

I would advise that all new meters purchased by gas companies in the district from meter companies whose factories are also located in the district be tested at these factories. It will be more economical to do this than to wait until the meters reach the companies and test them at their shops, because in the case of the small companies located on the outskirts of the district the meters will be purchased in comparatively small lots, and the time occupied by a Tester in going to and coming from the companies' shops will be a very large proportion of the total time occupied in actually testing the meters. On the other hand, the meter factories are located in the centre of the district and the Testers can be expected to reach these factories in their own time, and in addition will be able to test the meters in larger batches and so be able to average more for a given length of working time than if they are tested at the companies' shops. There should be no difficulty in identifying the meters which are to be used in the district, and therefore no danger of testing and sealing meters which are not going to be used in the territory covered by you. As far as I am able to learn the only meter factories in the district are as follows:

#### METER FACTORIES IN DISTRICT AND PROBABLE REQUIREMENTS AT EACH FACTORY.

American Meter Company, Eleventh avenue and Forty-seventh street.

New York Improved Meter Company, No. 306 East Forty-seventh street.

United States Meter Company, No. 229 Chestnut street, Brooklyn.

I have not found that the last named factory is selling any meters in the district.

The largest factory is that of the American Meter Company, and its manager tells me that at the busy time of the year they will sell to companies in the district at the rate of 8,000 meters per month, although it is not probable that they will sell altogether more than from 50,000 to 55,000 new meters per year to companies in the district, or an average of about 170 to 185 per day.

The manager of the New York Improved Meter Company was not very definite as to the number of meters that they put out in the district but put his lowest sales as being about 5,000 per year. As the company's estimates show only about 66,000 new meters purchased per year, it is not probable that this factory will run over 10,000 to 15,000 meters per year, or an average of between 30 to 50 per day.

On the basis of the figures given above it will, therefore, probably be necessary to keep two Testers at the factory of the American Meter Company all the time and increase this number up to four at the time of greatest activity, while it will not be necessary to have a man stationed at the New York Improved Meter Company's factory all the time, although at times it may be necessary to place two men there.

#### TESTING OF REPAIRED METERS.

The meters which have been repaired to such an extent as to require retesting and resealing can be best tested at the shops of those companies who do their own repairing, or who have repairing done outside of the district, and at the factories when the companies who do not do their own repairing have it done by the factories in the district.

The companies who do their own repairing are as follows:

Consolidated Gas Company, which has one large shop at the corner of First avenue and Twenty-first street, where repairs are made not only to its own meters but also to those of the New York Mutual Gas Light Company. According to the information furnished by the superintendent of shops of the Consolidated Gas Company there are repaired at this shop, to an extent requiring retesting and resealing, meters to the number of 100,000 per year, or an average of about 330 per day.

Standard Gas Light Company, the meter shop of which is on Ninety-first street east of First avenue. The number of meters repaired at this shop and which it would be necessary to retest and reseal, was stated to be about 12,500 per year, or an average of about 41 per day.

New Amsterdam Gas Company, the shop of which is on Forty-second street east of First avenue. At this shop it was stated that the number of meters repaired and which would require retesting and resealing was about 13,000 per year, or an average of about 44 per day.

Central Union Gas Company, the shop of which is at the corner of Alexander avenue and One Hundred and Forty-second street, Borough of The Bronx. This company repairs not only its own meters but also those of the Northern Union Gas Company, and of the Westchester Lighting Company, only part of the territory supplied by the latter company being in the First district. The company informed me that the number of meters belonging in the First district which were repaired at this shop and would require retesting and resealing would be about 13,000 per year, or an average of about 44 per day.

The Brooklyn Union Gas Company, which has two meter repair shops, one being on Atlantic avenue and the other at the corner of Bedford avenue and South Second street, both in Brooklyn. The total number of meters repaired by the company during a year was stated to be about 35,000, or about 117 per day, of which two-thirds are handled at the Atlantic avenue shop and the remaining one-third at the Bedford avenue shop. The Brooklyn Union Company also repairs the meters belonging to its subsidiary companies, viz., the Flatbush Gas Company, the Jamaica Gas Light Company, the Newtown Gas Light Company and the Richmond Hill and Queens Gas Company, and the meters of these companies are included in the total given above.

Kings County Lighting Company, which has its meter repair shop at its works at Fifty-fifth street and First avenue, Brooklyn, and which repairs, in such a way as to require retesting and resealing, 600 meters per year, or an average of only 2 per day.

The Brooklyn Borough Gas Company, which has a repair shop at its works on Sheepshead Bay, Coney Island, and which repairs, in such a way as to require retesting and resealing, about 500 meters per year, or less than 2 per day.

Queens Borough Gas and Electric Company at Far Rockaway, which repairs at its own shop an average of 4 meters a day, and has, in addition to this, about 100 meters per year repaired at the meter factories.

The New York and Richmond Gas Company, which has its office at Stapleton, and its works at Clifton, Staten Island, and which repairs at its own works about 700 meters and has repaired at the meter factories within the District about 600 meters per year.

The companies which at present do not repair their own meters, but have them repaired at the meter factories within the First District, are—

The Bronx Gas and Electric Company, Westchester, and the New York and Queens Gas Company, at Flushing.

From the figures given for the companies which repair their own meters it will be seen that it will be necessary to keep an average of between four and five men at the shop of the Consolidated Gas Company, and that almost the full time of two men will be required by the Brooklyn Union Company, while the Standard New Amsterdam and Central Union companies will, between them, come close to requiring the services of two more. The number of meters repaired per day by the other companies are so small that their requirements during the course of a year will not amount altogether to more than about forty days for one man.

#### TESTING OF COMPLAINT METERS.

The complaint meters, that is, those which are tested because of doubt in the mind of the consumers in regard to their accuracy, will, in every case, have to be tested at the shop of the company to which the meter belongs. The present custom with the Brooklyn Union Company is to have all these complaint meters tested at the office of the branch in the territory to which the consumer belongs, and it is possible that this method may prove as convenient as that of having all the complaint meters sent to one or the other of the two meter repair shops, but this is a question which will have to be decided as a matter of experience.

It may also be found, after further experience, that it will be more convenient both for the companies and the Commission, to have the complaint meters from the small companies operating in the more distant parts of the district sent to a central

testing place, such as that at the factory of the American Meter Company, or that at the shop of the Consolidated Gas Company. In case this method of handling complaint meters for the small companies is adopted the consumer should be made to pay the cost of sending the meter to this central testing place and of returning it to the shop of the company in addition to the regular fee charged for the State inspection. This is done in Massachusetts, where practically all of the complaint meters from different parts of the State are sent to Boston to be tested.

#### METHOD OF HANDLING APPLICATIONS FROM CONSUMERS FOR METER TESTS.

I would advise that applications for the testing of meters by consumers be handled as follows: When the application is made in person the clerk shall fill out the application blank, form "A" (copy of all the forms mentioned is appended to this report), and have it signed. When the application is made by letter the application blank need not be filled out, the letter serving as the written application required by law.

The application having been properly signed, or having been received by letter, the clerk shall take a card (form "B"), which cards shall be numbered serially with the application number and used in order of these numbers, and enter upon it the date, the name and address of the person making the application, and the name of the gas company supplying the premises and the amount of the fee, if the size of the meter is known, and if the fee is paid indicate it by entering the date in the proper space and give the proper receipt for it. When these data have been entered the clerk shall turn the card over to the Chief Inspector.

The Chief Inspector will assign the application to one of his subordinates, entering the name of the person to whom this assignment is made in the proper place.

After the assignment to the proper Inspector has been entered, the clerk shall separate the two parts of form "B," file the duplicate in the proper place in order of the application number and turn the original over to the Chief Inspector.

If the application is in writing the clerk shall also fill out and mail to the consumer form "L" as a notification that the application will be attended to.

All the applications assigned to any one Inspector shall be turned over to him at the end of each day.

The Inspector to whom an application is assigned shall take form "B" and proceed to the premises designated on this form. On arrival there he shall collect the fee, if it has not been paid, entering on form "B" the payment of this fee and giving the proper receipt for it, and shall locate the meter and enter upon form "B" its description. He shall then fill out form "C," detach the white original sheet from the tag and attach the tag to the meter, entering the date in the proper place on form "B" as an indication that the meter has been tagged. At the end of the day he shall send in to the office all the copies of form "B" and all the white sheets of form "C" for the meters that he has attended to.

When they reach the office the clerk shall send the white sheets of form "C" to the proper gas companies to constitute the removal orders for the meters, shall enter upon the cards, form "B," in the proper place, the date upon which these orders have been sent, and shall then send the cards to the proper testing stations as a notification that the meters described on them are to be received and tested.

Upon receiving form "B" at the testing station the Tester shall look out for the arrival of the meter described on this form, and, when it is received, shall enter in the proper place the date of its receipt. He shall then test the meter, after allowing it to remain in the station not less than five (5) hours in order that the temperatures may be equalized, within twenty-four hours after its receipt, unless the consumer desires to be present at the test and it cannot be arranged to secure his presence within this time limit. After the test has been made the Tester shall enter upon form "B" the cubic feet passed by the meter and by the prover, and the percentage, fast or slow, shown by the test. He shall also fill out form "D" and paste it upon the meter. At the end of each day he shall send into the office all the copies of form "B" upon which he has recorded the results of tests during the day.

When the card is returned from the testing station the Record Clerk shall send formal notice of the result of the test to the gas company, using for this purpose form "E," and shall also send formal notice of the result of the test to the consumer, using form "F" if the meter is correct or slow, and form "G" if the meter is fast. After filling out these notices he shall enter upon form "B" the date on which they are sent.

If the meter is fast and the fee deposited for the test is returned to the consumer the Record Clerk shall enter upon form "B" the date on which this fee was returned.

He shall also enter upon form "B" the date upon which the fee for a fast meter is paid by the gas company. In the case of a meter which is correct, or slow, the two last entries do not have to be made.

When form "B" has been entirely filled out it shall be filed in the proper place alphabetically by the name of the consumer, and the duplicate which has been held up to this time as a check upon the completion of the work shall be destroyed, or, if the original shall have become too soiled, the information on the original may be transferred to the duplicate and the latter filed, while the original is destroyed.

#### METHOD OF HANDLING APPLICATIONS FROM GAS COMPANIES FOR METER TESTS.

In many cases an agreement to have a meter tested officially is made between the gas company and the consumer affected, and the securing of the test is left to the gas company. In such cases the application for the test should be made upon form "J" and a description of the meter given upon this application. There is no reason why the meters covered by these applications should be tagged by a State Inspector, since, if there is any suspicion that the proper meter is not produced for test, this suspicion can be easily proved or disproved by an examination of the company's records, which will always contain a description of the meter set on the premises of each consumer. In fact, the Gas and Electric Commission of Massachusetts does not tag any of the meters which it tests on complaint, not even those located in Boston, which form by far the largest number of complaint meters tested by them, but depend entirely upon the ability to check the identity of the meter from the records of the company in case any suspicion arises.

A card, form "B," should, however, be filled out and all the entries except those in regard to payment of fee, assignment to inspector, and date of tagging, made as in the case of an application by a consumer before the duplicate is sent to the testing place. In addition, the fact that the application has been made by the company should be noted on the back of the card, as this fact will govern the notices to be sent out after the test. The original shall be kept in the office as a check upon the making of the test, as in the case of an application made by a consumer.

After the test has been made notices shall be sent to the consumer and to the gas company, but these notices, from the nature of the case, will differ slightly from those sent when the test has been made upon application of the consumer, and will be as per forms "M" and "N."

The gas companies shall be billed monthly for the fees for all the meters tested upon their applications, and also for those tested upon consumers' applications which have proved to be fast and the fee for which has, therefore, been returned to the consumer.

#### RECORD OF ALL METER TESTS.

Each meter tester shall be provided with a Gas Meter Test Record Book, ruled and printed according to the form which has already been handed in. In this book he shall enter in the proper columns the description of each meter tested and the record of the test, including the state of the index, the number of cubic feet of gas passed by the meter and by the prover, the percentage of error of the meter and whether fast or slow, the temperature of the water in the prover and the air in the testing room, and the pressure at which the test is made. He shall also enter any remarks that are called for by the test. These entries in the Test Record Book shall be made for complaint meters in addition to the similar entries on form "B." Each page of this book shall be signed by the meter tester making the tests recorded on it.

These books have been made up so that all of these entries will be made both on an original and on a duplicate sheet, and the duplicates are to be detached from the book and sent to the office of the Bureau of Gas and Electricity daily. At this office they will be filed in any suitable form of binder, the tests made by each man being kept all together.

#### RECORD OF WORK DONE BY EACH GAS METER TESTER.

From the gas meter test record sheets the number of meters of each size tested by each Meter Tester shall be made up for each day and entered upon a card 5" x 8," which shall be headed:

## RECORD OF WORK DONE BY GAS METER TESTERS.

Month of ..... 19  
Name .....

and ruled so as to have a separate vertical column for the date and for each of the standard sizes of gas meters up to 300 lights. This card will have spaces for the entry of the work done on twenty-seven different days each month with a space at the bottom for the total for the month. A properly ruled form for this card is handed in with this report.

By means of these cards a complete record of the amount of work done by each Meter Tester will be available and it will be very easy to see from them just which of the men, if any, are not doing a full day's work.

## SUMMARY OF GAS METER TESTS.

For the purpose of keeping a summary of the meter tests so as to make it possible to know just how much work has been done at the end of each month, there should be made up books so ruled as to show a summary of all the gas meter tests made on each day. There will be two of these books, one of which will contain on each double page the record for a month of all the new meters and all the repaired meters tested during that month, these meters being divided by sizes into two classes, "O. K." and "Needing Adjusting," the latter being the meters that have been found to be in error to a greater extent than the limits allowed by law and which have therefore been turned back to either the maker or the gas company for adjustment and retest. A form of ruling for this book is handed in with this report.

The second book will be so ruled as to show on each double page the summary of the complaint meters tested in any one month, the meters being separated by sizes and there being given under each size the number found to be correct, fast and slow, and the total percentage fast and slow. There are also columns giving the total number O. K., fast and slow and the grand total percentage fast and slow, and in addition columns in which are to be entered the number and sizes of the meters which do not register or do not pass gas, the number fast or slow between definite percentage limits and the maximum percentage of error fast and slow shown in any test during the month, with the size of the meter showing these errors.

These summary books, which will be kept in the office of the Bureau of Gas and Electricity, the proper figures being prepared from the reports sent in by the different Meter Testers, and entered daily, will provide at any time all the information in regard to the results of the meter testing that experience shows it is advisable to have.

In my opinion the various forms and books which have been described above are all that will be required for the handling of complaint gas meter tests and the recording of the tests of such meters as well as those made of new and repaired meters.

In addition to the "Instructions for Meter Testers" and the copies of the various forms and books which have been mentioned above there are also appended to this report "Instructions for the Handling of Applications for Tests by Consumers," divided into instructions as to the work done by each person through whose hands the application, or the meter covered by it, has to pass.

Respectfully submitted,

(Signed) ALFRED E. FORSTALL.

The Secretary presented the following communication from the State Civil Service Commission, which, on motion, was ordered filed:

ALBANY, September 24, 1907.

TRAVIS H. WHITNEY, Esq., Secretary, Public Service Commission, First District, No. 154 Nassau Street, New York City:

DEAR SIR—Referring to your communication of September 19, and your appearance before the State Civil Service Commission at its meeting on the 20th inst., I have to inform you that the following resolution adopted by the Commission was approved by the Governor yesterday:

Resolved, That, subject to the approval of the Governor, the classification of positions in the exempt class in the office of the Public Service Commission of the First District, be and hereby is amended by adding thereto the following: The Confidential Stenographer to each Commissioner; Third Assistant Secretary to the Commission, for the reason that competitive or non-competitive examination is hereby found to be impracticable for filling said positions.

The Commission also adopted the following resolution:

Resolved, That the application of the Public Service Commission, First District, for the classification in the exempt class of the position of Confidential Stenographer to the Secretary of the Commission be and hereby is denied.

Yours very respectfully,  
(Signed) JOHN C. BIRDSEYE, Secretary.

The following was moved, and duly seconded:

Resolved, That the salary of Confidential Stenographers to the Commissioners be fixed at \$90 per month.

Ayes—Commissioners Bassett, Maltbie, Eustis.

Nays—None.

Carried.

The following was moved, and duly seconded:

Resolved, That the following be appointed as provisional Transit Inspectors, to take effect on the dates indicated:

Leonard Burnham, September 30.

Robert E. Anthony, September 26.

Chester A. Heitman, September 26.

Burton Wylie, September 26.

Edward D. Hutchison, September 26.

Charles E. Wetmore, September 26.

Ayes—Commissioners Bassett, Maltbie, Eustis.

Nays—None.

Carried.

The Secretary presented the matter of stenographic reporting of hearings, and it was moved, and carried that the Secretary be authorized to enter into an agreement with the Law Reporting Company for copies of the transcript of hearings of the Commission.

TRAVIS H. WHITNEY, SECRETARY.

PROCEEDINGS OF THE  
PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,

FRIDAY, SEPTEMBER 27, 1907,

AT TRIBUNE BUILDING, 154 NASSAU STREET,  
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

There were present—Chairman William R. Willcox; Commissioners William McCarroll, Edward M. Bassett, Milo R. Maltbie, John E. Eustis, Secretary Travis H. Whitney.

The Secretary presented for adoption by the Commission the following order in the matter of the report of the Inspectors, with regard to the accident which occurred in Richmond, just opposite Fort Hamilton:

ORDER NO. 26.

In the Matter of the hearing on the motion of the Commission on the question of the adequacy and safety of the service and equipment of the Richmond Light and Railroad Company in the respects hereinbelow mentioned.

It is hereby

Ordered, That a hearing be had on the 10th day of October, 1907, at 2 o'clock in the afternoon, or at any time or times to which the same may be adjourned, at the rooms of the Commission at No. 154 Nassau street, Borough of Manhattan, City and State of New York, to inquire whether the tracks, equipment, appliances and service of the said Richmond Light and Railroad Company, in respect to the transportation of persons at and near Richmond and New York avenues, in Richmond County, in the First District, are unjust, unreasonable, unsafe, improper or inadequate, and whether changes in any tracks used at such place in connection with such transportation ought reasonably to be made by said company in order to promote the security

and convenience of the public and employees, and if so found to be, then to determine whether a change in the said tracks or service, in the particulars following, at the place aforesaid, would be just, reasonable, safe, adequate and proper to be put in force, observed and used in the transportation of persons at said place in the First District, namely:

First—Whether service on the tracks at said place as now laid should be directed to cease.

Second—Whether the northbound track should be deflected to the south a sufficient distance or space to enable cars going in opposite directions to pass each other on the curve.

Third—Whether tracks on and near the said curve should be taken up and re-laid, so as to approach the circular curves on transition curves from the tangents.

Fourth—Whether any of the tracks should be super-elevated on or near said curves.

Fifth—Whether the speed of cars approaching and rounding said curves, as the tracks are now laid, should be required to be limited to a speed not exceeding four miles per hour.

Sixth—Whether an inspector should be directed to be placed and maintained there to see that the running speed is reduced by each and every car to not exceeding four miles per hour in approaching said curve and rounding same.

And if such changes in tracks or service be found to be just, reasonable, safe, adequate and proper, then to determine the time within which such changes should be provided.

All to the end that the Commission may make such order or orders in the premises as shall be just and reasonable; and further

Ordered, That the Richmond Light and Railroad Company aforesaid, be given at least ten days' notice of such hearing by service upon it, either personally or by mail, of a certified copy of this order, and that at such hearing the said Richmond Light and Railroad Company be afforded all reasonable opportunity to present evidence and to examine and cross-examine witnesses as to the matters hereinabove set forth.

It was moved and duly seconded that the order be adopted.

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

The Secretary presented an opinion from the Counsel, referring to the letter of Mr. Marks, complaining of the noisy night construction work under Mr. Marks' premises, and it was moved, and duly seconded, that a copy of Mr. Marks' letter be sent to the tunnel company for answer to the complaint.

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

1651  
September 19, 1907.

TRAVIS H. WHITNEY, Esq., Secretary, Public Service Commission, for the First District:

DEAR SIR—Referring to the letter of S. Marks, dated September 6, 1907, which I return herewith, complaining of the noisy night construction work on that portion of the tunnel now being built by the Hudson and Manhattan Railroad Company, which is under Mr. Marks' premises, No. 419 Sixth avenue, in the Borough of Manhattan, transmitted to me with the letter of the Secretary to the Commission of the 10th inst., asking my opinion as to the extent of the Commission's jurisdiction over such tunnel, I desire to advise you that, in my opinion, such tunnel and the method of doing the work therein is within the jurisdiction of the Commission.

Without reference to section 48 of the Public Service Commissions Law, which, I think, is of itself sufficient to vest the Commission with jurisdiction, the contract between the tunnel company and the City as embodied in the certificate of the Board of Rapid Transit Railroad Commissioners to the tunnel company of February 2, 1905, provides, paragraph V:

"All plans for, and the method of doing, the work, including all plans for stations and station arrangements, shall, from time to time, be subject to the approval of the Board.

And further, paragraph XIII:

"The City, the Board and all duly authorized representatives of the City, shall have the right at all reasonable times to inspect the railroad and any part thereof, as well during construction as afterwards, and to enter thereon when necessary for the examination, supervision or care of any property of the City or of abutting property owners, or for any proper purpose. Nothing in this franchise shall be deemed to diminish or affect the sanitary or police jurisdiction which the public authorities shall lawfully have over property in the City."

It would also appear that by the terms of the contract under which the construction work is being done by and on behalf of the Hudson and Manhattan Railroad Company, of which contract form a copy is on file with the Commission, that the contract is subject to the provisions of the franchise and of the certificate of the Board of Rapid Transit Railroad Commissioners granting the same, and that the provisions thereof are superior to and supersede any conflicting provisions of the contract, and that the contractor shall in the execution of the works, and notwithstanding anything in the contract contained in all respects conform to the requirements of the franchise and certificate. The contract also provides that the methods of doing the work under the contract shall be subject to the approval of the Board; that the contractor shall in all matters relating to the works conform to all valid regulations and requirements of law or of any State, municipal or other governmental or public authority; that the blasting shall be carried out with great care, so as not to disturb any adjacent properties or improvements, either public or private, and that the contractor shall indemnify and save harmless the Hudson and Manhattan Railroad Company against and from all loss and damage arising from the failure of the contractor or of those acting under him to conform to the requirements of the said franchise, and the provisions of the certificate granting such franchise, or to conform to the valid regulations and requirements of law or of any State, municipal or other governmental or public authority.

The Commission in the light of the above provisions can either itself investigate the complaint or call the matter to the attention of the tunnel company in accordance with the provisions of section 48 of the Public Service Commissions Act.

Yours very truly,  
(Signed) A. E. BLACKMAR,  
Counsel to the Commission.

The Secretary presented the following communications: One from the Broadway Board of Trade of Brooklyn by the President, one from the Taxpayers' Association of the Borough of Brooklyn, and one from Mr. Frank A. Hutson, with resolution adopted at a mass meeting in Brooklyn, all referring to the Fourth avenue subway, and all of which, on motion, duly seconded, were referred to the Committee on Fourth avenue subway.

The Secretary presented the following communication from Louis Heaton Pink, with regard to the electrification of the horse car lines, on the East Side, and, on motion, it was ordered filed:

1234  
September 23, 1907.

MR. TRAVIS H. WHITNEY, Secretary, of the Public Service Commission, Tribune Building, New York City:

DEAR SIR—In behalf of the East Side organizations interested in the abolition of crosstown car lines, I would suggest that the time has come to issue an order to the New York City Railway Company, to show cause why the horse car lines, complained of, should not be electrified.

The State Board of Railroad Commissioners ordered the electrification of these lines March 28, 1906. In a letter to the Board of Railroad Commissioners, dated January 10, 1907, H. H. Vreeland, speaking for the company, said:

"I am now pleased to advise you that at a meeting of the Board of Directors of the New York City Railway Company, held this afternoon, a resolution was adopted by said Board authorizing the officers of the company to proceed with the electrification of the remaining horse car lines, and further authorizing them to make the necessary contracts for material and commence construction immediately upon the delivery of the structural fixtures."

March 21, 1907, the Board of Railroad Commissioners granted permission to the New York City Railway Company to issue \$65,000,000 in bonds. Of this sum \$11,000,000 was to be used to electrify the remaining horse car lines. The \$11,000,000 in bonds to be devoted to the electrification of the horse car lines has been used, but dilapidated cars still plod along our streets. Under the circumstances it would seem that electrification could be compelled if strong pressure were brought to bear.

Very truly yours,  
(Signed) LOUIS HEATON PINK.

The Secretary presented the following communication from the Chief Engineer, George S. Rice, which, on motion, duly seconded, was ordered accepted and approved:

1383  
TRAVIS H. WHITNEY, Esq., Secretary, Public Service Commission, for the First District:

DEAR SIR—I have a request from Commissioner Charles A. Shaw, sent to me within a letter of September 25, for the transfer of Bertram H. Wait and John H. C. Gregg, Assistant Engineers to the Board of Water Supply.

These requests I have approved and they may now be rendered to Commissioner Shaw for transmission by him to the Municipal Civil Service Commission, for its approval.

(Signed) GEORGE S. RICE, Chief Engineer.

The Secretary presented the following communication from the Chief Engineer, which, on motion, duly seconded, was ordered accepted and approved:

1784  
September 23, 1907.

TRAVIS H. WHITNEY, Esq., Secretary, Public Service Commission, for the First District:

DEAR SIR—Charles F. Rhode and Thomas R. Tetley, Jr., Assistant Engineers, having tendered their resignations, to take effect September 23 and 24, respectively, and Alfred Brady, Rodman, to take effect on September 24, I recommend that the same be accepted by the Public Service Commission and the State Civil Service Commission be duly notified.

(Signed) GEORGE S. RICE, Chief Engineer.

The Secretary presented the following communication from the Counsel:

1339  
September 25, 1907.

Public Service Commission for the First District:

GENTLEMEN—Pursuant to the authority vested in me by section 6 of the Public Service Commissions Law, I hereby appoint Edward B. Whitney, Esq., counselor-at-law, to assist me in the performance of my duties relative to the action brought by the Consolidated Gas Company against the Commission of Gas and Electricity, to declare unconstitutional the law of the State of New York, fixing the price of gas at eighty cents, and the order of the Commission of Gas and Electricity to that effect.

This appointment is made subject to your approval, and the compensation of Mr. Whitney is to be determined by you.

Yours very truly,  
(Signed) ABEL E. BLACKMAR,  
Counsel to the Commission.

The following was moved, and duly seconded:

Resolved, That the appointment of Edward B. Whitney, Esq., as such special counsel be approved.

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

The following was moved, and duly seconded:

Resolved, That Arthur McKinney, of No. 47 West One Hundred and Twentieth street, Manhattan, be elected as Third Assistant Secretary to the Commission, and that his salary be fixed at fifteen hundred dollars (\$1,500) per annum.

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

On motion, duly seconded, it was

Resolved, That the following appointments be made at the salary and to take effect upon the dates given below:

Name and Position.	Appointment.	Salary.
Mary E. Gaston, Provisional Stenographer.....	Sept. 14, 1907	\$90 00 month
Winifred Reidy, Provisional Stenographer.....	Aug. 28, 1907	18 00 week
Caroline A. Wischer, Provisional Stenographer.....	Aug. 29, 1907	18 00 week
May A. Hulbert, Provisional Stenographer.....	Sept. 3, 1907	18 00 week
Lillian F. Conway, Provisional Stenographer.....	Sept. 4, 1907	90 00 month
M. A. Solomon, Provisional Stenographer.....	Sept. 4, 1907	18 00 week
Mary L. Lenihan, Provisional Stenographer.....	Sept. 13, 1907	90 00 month
May Culyer, Provisional Stenographer.....	Sept. 9, 1907	18 00 week
Katharine A. Lucas, Provisional Stenographer.....	Sept. 3, 1907	18 00 week
Rose Polasky, Provisional Stenographer.....	Sept. 9, 1907	18 00 week
Mary C. Maguire, Provisional Stenographer.....	Sept. 17, 1907	18 00 week
Emma Topfer, Provisional Stenographer.....	Sept. 17, 1907	18 00 week
C. Irene Stephens, Provisional Stenographer.....	Sept. 17, 1907	18 00 week
Rose Reich, Provisional Stenographer.....	Sept. 19, 1907	18 00 week
May Kluberdanz, Provisional Stenographer.....	Sept. 19, 1907	15 00 week
V. H. McKea, Provisional Stenographer.....	Aug. 29, 1907	2 00 day
Wm. H. Elliott, Transit Inspector.....	Sept. 7, 1907	100 00 month

Sidney W. Gay, Transit Inspector.....	Sept. 12, 1907	100 00 month
Archibald M. Gilbert, Transit Inspector.....	Sept. 18, 1907	100 00 month
Frank Bennett, Transit Inspector.....	Sept. 9, 1907	100 00 month
Alex. K. Gorski, Gas Meter Tester.....	Sept. 25, 1907	3 00 day

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

TRAVIS H. WHITNEY, SECRETARY.

PROCEEDINGS OF THE  
PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,  
MONDAY, SEPTEMBER 30, 1907,  
AT THE TRIBUNE BUILDING, 154 NASSAU STREET,  
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

There were present—Chairman William R. Willcox, Commissioners Edward M. Bassett, Milo R. Maltbie, John E. Eustis, Secretary Travis H. Whitney.

The Secretary presented the following communication from Ira A. Place, Vice-President of the New York Central Railroad:

2046  
NEW YORK, September 27, 1907.

The Civic League of The Bronx,  
Complainant.

vs.

New York Central Railroad Company,  
New York and Putnam Railroad Company,  
and the  
New York and Harlem Railroad Company,  
Defendants.

Mr. TRAVIS H. WHITNEY, Secretary, Public Service Commission, First District, No. 154 Nassau street, New York City:

DEAR SIR—Will the Commission please give the railroad companies above named ten days' additional time in which to answer the complaint?

I am having the information which I need to prepare answer gotten together, but under the order our time to answer would expire on Monday next, and it will be very difficult to prepare and serve an answer within that time.

I shall be much obliged for a little more time.

Yours respectfully,

(Signed) IRA A. PLACE, Vice-President.

On motion, duly seconded, the time of the said company to answer was extended ten days.

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

The Secretary presented the following communication from Judson G. Wall, which, on motion, was referred to the Committee on Brooklyn Bridge:

1021

THE PROSPECT HEIGHTS ASSOCIATION OF BROOKLYN,  
BROOKLYN, N. Y., September 17, 1907.

The Honorable the Public Service Commission, New York City:

GENTLEMEN—Referring to the advocacy of the moving platform by the Prospect Heights Citizens' Association as a solution of the Brooklyn bridge problem, permit me to express the hope that your honorable board will decide to secure the opinion of disinterested experts on the general subject; such expert opinion to be derived either from public testimony under oath of the most prominent experts available or as a report of an expert commission upon whom the public can rely.

In any event, I respectfully ask that the facts be made public.

It cannot be said that the moving platform has been fairly considered until and unless its advocates have an opportunity to publicly and officially prove the advantages it offers over all other plans.

It is the only system that can be carried west of Broadway, and thereby distribute the traffic. All other plans only add to the congestion at Park Row and Centre street.

Very respectfully,

(Signed) JUDSON G. WALL.

The Secretary presented the following communication from A. B. Gritman, of the Brooklyn Board of Real Estate Brokers, which, on motion, was referred to the Committee of the Whole:

1029

BROOKLYN, N. Y., September 27, 1907.

Public Service Commission, 154 Nassau street, New York City:

GENTLEMEN—At a recent meeting of the Brooklyn Board of Real Estate Brokers the following suggestion was made: "That a line of the Metropolitan Street Railway, running from the Post Office over the Williamsburg bridge, would help relieve the bridge crush to a great extent."

Very truly yours,

(Signed) A. B. GRITMAN, Special Railroad Commissioner.

The Secretary presented the following communication from Fred H. Cozzens, which, on motion, duly seconded, was referred to the Committee of the Whole:

1041

RICHMOND VALLEY, NEW YORK CITY, September 28, 1907.

Honorable Public Service Commission, Tribune Building, New York City:

GENTLEMEN—I desire to call your attention to the following facts in regard to the service furnished the southern portion of the Borough of Richmond (Staten Island) by the Staten Island Railway Company, and to appeal to you for some relief from the present situation which is tremendously retarding the development of that section of The City of New York.

First and most important is the question of fare. The present rate of fare from St. George to Tottenville and nearby stations is thirty cents, round trip fifty cents, commutation rate to Manhattan \$6.75 per month, or about twenty-two cents per round trip; family tickets, fifty rides \$12, or about forty-eight cents per round trip; school and working men's tickets, special.

As a result of this abnormally excessive fare it is next to impossible to interest capital in the development of any section of Staten Island off the trolley lines, which, crude as they are, at least furnish cheap transportation.

I suggest as a fair and reasonable change that the round trip from Manhattan to Tottenville be fixed at twenty-five cents, or fifteen cents to or from St. George, and that all special tickets, except school and working men's tickets, be dispensed with, with a local five-cent fare from either terminal to, say Oakwood and Whitlock, and a straight ten-cent fare between terminals.

This would bring the commuters' monthly expense about what it now is and would open up a vast section of the Borough for early development.

Second, the train service, while reasonably good during the rush hours, is very bad at other times; for example, there is no train leaving Tottenville for the Battery between 8.13 and 9.02 a. m., and no train leaving the Battery for Tottenville between 7.40 and 9 o'clock p. m., and none between 6.30 and 7.40 p. m.

It would seem as though the Staten Island Railway division should be required to furnish a train for every boat, as is now done on the Staten Island Rapid Transit division, but in any event several additional trains are badly needed.

Under the existing schedule, if a resident of the Fifth Ward of the Borough of Richmond desires to attend some entertainment in Manhattan he must leave home by the 5.43 train from Tottenville, as the 6.45 train is almost invariably late and misses its boat connection at St. George. There is no train arriving and departing from Stapleton at an hour suitable for theatre goers there.

The time from Tottenville to Manhattan is too long, being one hour and nine minutes for most of the trains, with a return schedule from the Battery to Tottenville of one hour and five minutes, with the exception of two trains—one, No. 26, being scheduled to make the time in one hour, and No. 28 being scheduled to make the time in fifty-three minutes, although, as a matter of fact, these trains are almost invariably late, as are the slower trains in many cases.

I think the company should be required to adopt a semi-express service during the rush hours, consisting of two trains leaving the terminals immediately following each other—one running express to a suitable point about half way down the line, and making all local stops from there to the terminal—the other making all local stops to this particular point, and thence running express to destination.

This would cut out one-half the stops for both trains and should decrease the running time from ten to fifteen minutes.

The company should also be required to immediately double track its lines between Annadale and Pleasant Plains, and to relay and resurface its track in such places as are now not suitable for high speed.

Seats and shelter, especially the latter, should be provided at stations not now so equipped. At present one is obliged to disembark in the open and as a result many times during a sudden storm passengers are thoroughly soaked after the train leaves before they can get to shelter.

The company should also be required to equip its coaches with air brakes instead of the vacuum brakes now used.

As a result of this out-of-date equipment, time is lost at every station stop and the danger to passengers is much greater than if equipped with air, as the latter brake is very much more effective for emergency stops.

Some provision should also be made so that passengers can have their baggage checked to the Battery, for at present the only way to get baggage in is to pay a heavy express charge to the United States Express Company, and the service rendered by this company in the transportation of baggage to and from other railway terminals is hopelessly inadequate.

If these suggestions can be put into effect it will mean an immediate building up of that section of New York where the cheapest, most beautiful and most healthful home sites are still available. It would also result in an immense increase in taxes to the City, and the increase in traffic which would certainly follow would more than compensate the company for the temporary loss occasioned while the development was being brought about.

As it seems unlikely that the Borough of Richmond will be favored with any immediate relief from the City's Rapid Transit plans, it seems only just that we should be allowed a substantial improvement in the existing facilities.

Very truly yours,  
(Signed) FRED H. COZZENS,  
No. 50 Broadway, Manhattan.

The Secretary presented the following resolution:

Whereas, The Public Service Commission for the First District on August 20, 1907, adopted a resolution requiring the gas and electric companies in this district to furnish within thirty days from August 23, 1907, various papers and documents as therein enumerated.

Resolved, That the time for the filing of such papers and documents be extended to and including October 16, 1907.

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

Commissioner Maltbie presented the following:

2200

September 25, 1907.

Public Service Commission for the First District:

SIRS—Your Committee appointed to draft a plan for the testing of gas meters, has submitted a report which has been approved by you. In order that the scheme suggested may be fully executed it is necessary to supplement the instructions given to the employees of the Commission by the adoption of a number of rules to be followed by the various gas companies under the jurisdiction of this Commission. Your Committee submits, therefore, the appended order for your consideration and adoption.

Respectfully submitted,

(Signed) MILO R. MALTBIE, Commissioner.

Resolved, That the following be adopted and that it is to be served upon the various gas corporations in this district:

#### ORDER NO. 27.

1. Each gas corporation shall provide and keep in or upon its premises, to be proved and stamped or marked by the Commission for testing and proving the accuracy of gas meters, two provers for each meter tester assigned to such premises, and each prover shall be equipped with thermometers, washers, connections, hose and such other appliances as may be necessary to make each prover complete in every respect and ready for use. Each gas corporation shall further provide suitable benches on which meters may be placed when being tested and sealed, and also suitable benches for placing the record book used by the tester.

2. Each gas corporation shall provide and attach to each meter to be tested a suitable ring so placed that when filled with wax and sealed by a tester it will be impossible to open the meter without destroying the seal.

3. No prover or other apparatus shall be used until it shall have been inspected, approved, and stamped or marked by the Commission, and notice posted to this effect upon premises. All apparatus shall be inspected and approved at least once every year.

4. Any meter removed from a consumer's premises shall not be reinstalled there or installed on the premises of any other consumer until proved and sealed by this Commission. When removed such meter shall be replaced only with a meter bearing the seal of the Commission, and no meter shall be put in use which does not bear the seal of the Commission.

5. When a consumer submits a written request to the Commission to test the meter through which gas is supplied to him, the Commission must serve written notice upon the gas corporation to remove the meter complained of to a testing station, where it will be tested by an Inspector of the Commission. Said corporation shall remove such meter to the testing station within five days after the receipt of said notice. The gas corporation, at the time of such removal, shall place a meter sealed by the Commission in the stead of the meter removed.

6. If upon a test a meter shall be found to be incorrect the gas corporation shall cause such meter to register correctly before the same shall be sealed by an Inspector of the Commission.

7. When a gas corporation submits a written request to the Commission according to the forms prescribed by it, to test the meter, the Commission will authorize its removal to a testing station, and will then prove it, providing a tag or label be attached or affixed to such meter giving the name and address of the person from whose premises it was removed.

After reading the resolution Commissioner Maltbie moved its adoption.

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

Commissioner Eustis presented the following:

Resolved, That the following bills as properly audited be approved and ordered forwarded for payment:

Empire City Savings Bank—Rent of No. 231 West One Hundred and Twenty-fifth street, June, July, August and September.....	\$333 32
Empire Square Realty Company—Rent of No. 1947 Broadway, July, August and September.....	300 00
George N. Young—Clerk of Condemnation Commission, July and August.....	200 00
G. Scott Forington—For lettering on doors.....	18 38

It was moved that the resolution as read be approved.

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

The following was moved and duly seconded:

Resolved, That John W. Cavanagh, No. 412 West One Hundred and Fifteenth street, Manhattan, be appointed as Provisional Transit Inspector.

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

The following was moved and duly seconded:

Resolved, That the matter of purchase of land on the Brooklyn loop lines be referred to a Commissioner.

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

The Chairman appointed Commissioner Eustis as such Commissioner.

TRAVIS H. WHITNEY, SECRETARY.

John Boseling, for John H. Shultz Company, No. 77 Harrison avenue, Brooklyn.

THEO. A. BINGHAM, Police Commissioner.

**POLICE DEPARTMENT.**

December 28, 1907.

The following proceedings were this day directed by the Police Commissioner:

It appearing that on December 20, 1907, James Doherty, Lineman, Bureau of Electrical Service of the Police Department of The City of New York, was charged with neglect of duty and absence from duty, and that on Friday, December 27, 1907, the said James Doherty was given an opportunity to make explanation, and that said explanation was not satisfactory to the Police Commissioner;

Ordered, That James Doherty, Lineman, Bureau of Electrical Service of the Police Department of The City of New York, be and is hereby dismissed from such employment, to take effect at noon, this day.

Ordered, That the Municipal Civil Service Commission be and is hereby respectfully requested to permit the Police Commissioner to change the title of Thomas McCabe, at present a Laborer in the employ of this Department, from Laborer to Cleaner, and to employ him as such at an annual salary of \$600.

Special Order No. 302, issued this day, is hereby made part of the proceedings of the Police Commissioner.

Special Order No. 302.

The following member of the force is hereby relieved and dismissed from the police force and service and placed on the roll of the Police Pension Fund, and is awarded the following pension:

To take effect 12 midnight, December 27, 1907:

JOHN P. CORRIGAN,  
Chief of Bureau of Licenses.

## CHANGES IN DEPARTMENTS, ETC.

## DEPARTMENT OF DOCKS AND FERRIES.

January 6—The transfer of John Egan, Marine Engineer, to the Department of Public Charities took effect January 1, 1908, and Egan has therefore been dropped from the list of employees of this department by direction of the Commissioner.

## FIRE DEPARTMENT.

Appointed.

Boroughs of Manhattan, The Bronx and Richmond.

January 6—Charles E. Trainor as Rubber Tire Repairer, Repair Shops, with compensation at the rate of \$3 per diem, to take effect January 6, 1908.

Promoted.

Inspector of Fire Alarm Boxes Andrew P. Martin to be Chief Inspector in Fire Alarm Telegraph Bureau of this department, with salary of \$1,800 per annum, to take effect January 1, 1908.

## COURT OF GENERAL SESSIONS, COUNTY OF NEW YORK.

January 6—Henry Zang, of No. 353 Bowery, City of New York, Borough of Manhattan, has been appointed to the position of Attendant to the Hon. Joseph J. Mulqueen, Judge of the Court of General Sessions, such appointment taking effect January 1, 1908.

January 3—Frederick C. Humphreys, of No. 383 East One Hundred and Thirty-seventh street, City of New York, Borough of The Bronx, has been appointed to the position of Attendant to the Hon. James F. Malone, Judge of the Court of General Sessions, such appointment taking effect January 1, 1908.

## MUNICIPAL COURT, EIGHTH DISTRICT.

January 1—Appointed Harold E. Nagle, residing at No. 3 East One Hundred and Twenty-ninth street, in the Borough of Manhattan, City of New York, and Daniel H. Sullivan, residing at No. 164 East One Hundred and Eleventh street, in the Borough of Manhattan, City of New York, Assistant Clerks of the Municipal Court of The City of New York, Borough of Manhattan, Eighth District, for the term of six years, the appointment to commence on the 1st day of January, 1908, and to expire on the 31st day of December, 1913, at the salary of \$3,000 per annum.

Also appointed Joseph A. Anekstein, residing at No. 1772 Madison avenue, Borough of Manhattan, New York City, as Stenographer for the Municipal Court of The City of New York, Borough of Manhattan, Eighth District, for the term of two years, said appointment to commence on the 1st day of January, 1908, and to expire on the 31st day of December, 1909, at a salary of \$2,000 per annum.

## DEPARTMENT OF DOCKS AND FERRIES.

### FILLING PRIVILEGE.

OFFICE OF THE DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery place, in the City of New York, until 12 o'clock noon on

MONDAY, JANUARY 13, 1908.

FOR THE RIGHT TO DUMP AND FILL IN BEHIND THE BULKHEAD WALL RECENTLY BUILT OR TO BE BUILT ON THE NORTHERLY PART OF THE NEW BELLEVUE SECTION ON THE EAST RIVER, BOROUGH OF MANHATTAN.

### TERMS AND CONDITIONS OF SALE.

The work to be done is to fill in with suitable material, as hereinafter described, the area behind the new bulkhead wall extending from the present line of the filling, which is about the southerly side of East Twenty-eighth street, northerly a distance of about 241 feet to a line which is about 17 feet southerly from the southerly side of West Twenty-ninth street, at which point, or as near thereto as possible, it is the intention to build a temporary bulkhead, and extending from the rear of the bulkhead wall, when it is completed, inshore a distance of from about 170 feet to 265 feet to an old crib bulkhead.

The exact limits of the basin to be filled under this agreement may be seen on a map at Pier "A," together with the soundings and other data used, the said map being a part of this agreement.

The filling will be brought to a grade level with the top of the coping of the bulkhead wall, and will extend inshore on a regular grade to the level of the filling or crib bulkhead adjacent. It is estimated that the area outlining the above-described limits will create a basin to be filled in, under this agreement, whose cubical contents in net void space is equal to about 43,200 cubic yards.

Bidders will state in writing a lump sum price which they agree to pay for the privilege of filling in the void space behind the bulkhead wall, built or to be built on the northerly part of the New Bellevue section, as described above, and as appears in detail on the map at Pier "A," and which becomes a part of the contract or agreement.

In the estimated amount given, the amount in cubic yards is arrived at without placing any allowance for shrinkage, settlement, swelling of the material or penetration into the mud.

The Department is not bound in any way by such estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above-described area by examination of the premises or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall within the above-described limits, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore until the bank of same has been carried out at the finished grade for a distance of about 30 feet from the face of the bulkhead wall, at which time, if so directed by the Engineer, the filling shall be started at the bank and carried outshore toward the bulkhead wall.

All material must be dumped and filled in only in such manner, at such points and in such order of procedure and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed by the Engineer. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

All directions must be given by the Engineer, and wherever the word Engineer is used in these specifications it refers to and designates the Engineer-in-Chief of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Rip rap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

At any section of the bulkhead wall the filling shall be brought up level with the under side of the backing log of the bulkhead wall at such section, and no higher, unless otherwise directed.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun. The Department reserves the right of ordering the contractor to deposit not less than 100 cubic yards per day, as directed by the Engineer, and the whole amount of the filling called for to bring the above-described basin up to grade, shall be completed within four hundred and thirty-two

calendar days from the date of the receipt of said notification. At the expiration of this time this agreement shall be considered closed unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling, the time for completing said filling shall be extended as much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against the principal and his surety.

The purchaser shall, during the work of filling in, and at all times until the completion thereof, take all necessary precautions and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or guarding the same, to which the surety is also bound.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

A surety or guarantee company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required to enter into a bond or obligation jointly and severally with the purchaser, in the sum of double the amount of the purchase price as security for the satisfactory performance of said work, in accordance with the terms and conditions hereof.

J. A. BENSEL,

Commissioner of Docks.

Dated The City of New York, January 2, 1908.

j4,13

See General Instructions to Bidders on the last page, last column, of the "City Record."

OFFICE OF THE DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS WILL BE RECEIVED BY the Commissioner of Docks at Pier "A," foot of Battery place, in the City of New York, until 12 o'clock noon on

WEDNESDAY, JANUARY 15, 1908.

FOR A LEASE FOR A TERM OF FIVE YEARS, BEGINNING ON A DATE TEN DAYS AFTER SAID LEASE SHALL BE APPROVED BY THE COMMISSIONERS OF THE SINKING FUND, OF THE RIGHT TO USE AND OCCUPY THE INSHORE OR MOST EASTERLY DUMP ON THE NORTHERLY SIDE OF THE PIER AT THE FOOT OF WEST THIRTIETH STREET, NORTH RIVER, BOROUGH OF MANHATTAN, TOGETHER WITH THE RIGHT TO USE THE RAMP OR APPROACH THERETO.

It being understood that the lessee shall not in any way interfere with the operation of the Department of Street Cleaning dumps on the northerly side of said pier.

The lessee shall make all repairs to the dumping board above described.

All repairs to that portion of the ramp or approach extending from the easterly end thereof to the westerly end of the inshore dumping board shall be made by the Department of Street Cleaning, but one-half of the cost thereof, as shown by the books and accounts of the Department of Street Cleaning shall be borne by the lessee.

The lessee shall covenant and agree that he will at all times do such dredging from time to time during the term of said lease as may be considered necessary or proper by the Commissioner of Docks to a depth of at least 20 feet at mean low water, in the basin or slips or water adjacent at the northerly side of said pier, commencing at the bulkhead line and extending outshore to the westerly end of the inshore or most easterly dumping board.

The Commissioner of Docks expressly reserves the right to reject any and all bids; should a bid, however, be accepted, the said Commissioner will prepare a form of lease and transmit same to the Commissioners of the Sinking Fund, with a recommendation that said lease be approved by said Commissioners. The said form of lease shall contain the usual terms, conditions and covenants at present embodied in leases of wharf property now used by this Department.

No bid will be considered unless accompanied by a certified check payable to order of Department of Docks and Ferries, or cash in the sum of \$500 as security for the execution of the lease, which \$500 will be applied to the payment of the rent first accruing under the lease, when executed, or will be forfeited to the Department if the purchaser neglects or refuses to execute the lease, and the successful bidder will be required to agree that he will, upon three days' notice so to do, execute a lease, the form of which may be seen and examined upon application to the Secretary, at the office of the Department, Pier "A," Battery place; and also to furnish a bond or obligation in the sum of double the annual rent for the faithful performance of all the covenants and conditions of the lease, the sureties on bond to be approved by the Commissioner of Docks.

J. A. BENSEL,

Commissioner of Docks.

Dated December 31, 1907.

j3,15

See General Instructions to Bidders on the last page, last column, of the "City Record."

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," NORTH RIVER, NEW YORK, March 31, 1904.

THE COMMISSIONER HAS FIXED THE amounts of bonds required on contracts awarded by this Department, as follows:

On all contracts for supplies, 40 per cent. of the estimated cost;

On all contracts, other than contracts for supplies, where the estimated cost is not over \$200,000, 40 per cent. of the estimated cost;

On all contracts, other than contracts for supplies, where the estimated cost is over \$200,000, but not over \$1,000,000, 25 per cent. of the estimated cost;

On all contracts, other than contracts for supplies, where the estimated cost is over \$1,000,000, 20 per cent. of the estimated cost.

JOSEPH W. SAVAGE,

Secretary.

WEDNESDAY, JANUARY 15, 1908,

Borough of Brooklyn.

NO. 1. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON EAST THIRTY-FOURTH STREET, FROM CLARENDON ROAD TO NEWKIRK AVENUE.

The Engineer's estimate of the quantities is as follows:

100 linear feet of old curbstone to be reset in concrete.  
2,090 cubic yards of earth excavation.  
950 cubic yards of earth filling, not to be bid for.

2,220 linear feet of concrete curb.  
11,010 square feet of cement sidewalk.  
Time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is One Thousand Five Hundred Dollars.

NO. 2. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON FIFTY-SIXTH STREET, FROM FOURTEENTH AVENUE TO FIFTEENTH AVENUE.

The Engineer's estimate of the quantities is as follows:

10 linear feet of old curbstone to be reset in concrete.  
1,610 cubic yards of earth excavation.  
40 cubic yards of earth filling, not to be bid for.

1,470 linear feet of concrete curb.  
5,210 square feet of cement sidewalk.  
Time for the completion of the work and the full performance of the contract is twenty-five (25) working days.

The amount of security required is Nine Hundred Dollars.

NO. 3. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON GRANT AVENUE, FROM LIBERTY AVENUE TO PITKIN AVENUE.

The Engineer's estimate of the quantities is as follows:

1,700 linear feet of new curbstone to be set in concrete.  
20 linear feet of old curbstone to be reset in concrete.  
1,650 cubic yards of earth excavation.  
170 cubic yards of earth filling, not to be bid for.

95 cubic yards of concrete, not to be bid for.  
6,830 square feet of cement sidewalk.  
Time for the completion of the work and the full performance of the contract is twenty-five (25) working days.

The amount of security required is One Thousand Three Hundred Dollars.

NO. 4. FOR REGULATING AND GRADING NEW YORK AVENUE, FROM PRESIDENT STREET TO MALBONE STREET, AND

CURBING FROM PRESIDENT STREET TO MONTGOMERY STREET.

The Engineer's estimate of the quantities is as follows:

1,880 linear feet of new curbstone to be set in concrete.  
10 linear feet of old curbstone to be reset in concrete.  
6,950 cubic yards of earth excavation.  
5,760 cubic yards of earth filling, not to be bid for.

100 cubic yards of concrete, not to be bid for.  
Time for the completion of the work and the full performance of the contract is fifty (50) working days.

The amount of security required is Two Thousand Dollars.

NO. 5. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON RIVERDALE AVENUE, FROM ROCKAWAY AVENUE TO OSBORN STREET.

The Engineer's estimate of the quantities is as follows:

900 linear feet of new curbstone to be set in concrete.  
20 linear feet of old curbstone to be reset in concrete.  
110 cubic yards of earth excavation.  
330 cubic yards of earth filling, to be furnished.

50 cubic yards of concrete, not to be bid for.  
4,470 square feet of cement sidewalk.  
Time for the completion of the work and the full performance of the contract is fifteen (15) working days.

The amount of security required is One Thousand Dollars.

NO. 6. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON CATON AVENUE, FROM PARADE PLACE TO CONY ISLAND AVENUE.

The Engineer's estimate of the quantities is as follows:

55 cubic yards of earth excavation.  
1,537 cubic yards of earth filling, to be furnished.  
720 linear feet of concrete curb.  
2,150 square feet of cement sidewalk.

Time for the completion of the work and the full performance of the contract is twenty-five (25) working days.

The amount of security required is Five Hundred Dollars.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed per cubic yard, square yard, linear foot, or other unit of measure, by which the bids will be tested. The bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Blank forms and further information may be obtained, and the plans and drawings may be seen at the office of the Bureau of Highways, Borough of Brooklyn, Room No. 14, Municipal Building.

BIRD S. COLER,  
President.

## BOARD OF ESTIMATE AND APPORTIONMENT.

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment, held on December 20, 1907, the following resolutions were adopted:

Whereas, the Board of Estimate and Apportionment of the City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Grandview avenue, between Metropolitan avenue and Stanhope street, and between Linden street and Forest avenue, in the Borough of Queens, City of New York; and

Whereas, the Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the southerly line of Metropolitan avenue where it is intersected by the prolongation of a line midway between Amory street and Grandview avenue, as laid out between Metropolitan avenue and Amory court, and running thence southeasterly along the said line midway between Grandview avenue and Amory street and the prolongation of the said line to the center line of Stanhope street; thence southwesterly along the center line of Stanhope street to the intersection with the prolongation of a line midway between Grandview avenue and Amory street as laid out between Stanhope street and Ralph street; thence southeasterly along the said line midway between Grandview avenue and Amory street and the prolongation of the said line to the intersection with a line which is the bisector of the angle formed by the intersection of the westerly line of Forest avenue and the northeasterly line of Grandview avenue; thence southeasterly along the said bisecting line to a point distant 100 feet northeasterly from the northeasterly line of Grandview avenue, the said distance being measured at right angles to the line of Grandview avenue; thence southeasterly and parallel with Grandview avenue to the easterly line of Forest avenue; thence easterly at right angles to the line of Forest avenue a distance of 100 feet; thence southeasterly and parallel with Forest avenue to a point distant 100 feet southerly from the southerly line of Palmetto street; thence westwardly and southwesterly and always distant 100 feet from Palmetto street to the intersection with the prolongation of a line midway between Grandview avenue and Fairview avenue; thence northwesterly along the said line midway between Grandview avenue and Fairview avenue and the prolongations of the said line to the intersection with a line at right angles to Metropolitan avenue and passing through a point on the southerly line of Metropolitan avenue midway between Grandview avenue and Starr street; thence northwardly along the said line at right angles to Metropolitan avenue to a point distant 100 feet northerly from the northerly line of Metropolitan avenue; thence easterly and parallel with Metropolitan avenue to the intersection with a line at right angles to Metropolitan avenue, and passing through the point described as the point of beginning; thence southwardly along the said line at right angles to Metropolitan avenue to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in the City of New York, Borough of Manhattan, in the City Hall, on the 17th day of January, 1908, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 17th day of January, 1908.

Dated December 31, 1907.

NOTICE IS HEREBY GIVEN THAT THE

Board of Estimate and Apportionment of the City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to widen East One Hundred and Sixty-first street on its northerly side, between Elton avenue and Third avenue, and to change the outlines of the block bounded by Third avenue, Brook avenue and East One Hundred and Sixty-first street, Borough of The Bronx, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on January 17, 1908, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board, all of which is more particularly set forth and described in the following resolutions adopted by the Board on December 20, 1907, notice of the adoption of which is hereby given, viz:

Resolved, That the Board of Estimate and Apportionment of the City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by widening East One Hundred and Sixty-first street, on its northerly side, between Elton avenue and Third avenue, and changing the outlines of the block bounded by Third avenue, Brook avenue and East One Hundred and Sixty-first street, in the Borough of The Bronx, City of New York, more particularly described as follows:

1. East One Hundred and Sixty-first street is to be widened on its northerly side between Elton avenue and Brook avenue, and the location of the north line of the street is to be readjusted between Brook avenue and Third avenue.

2. The lines of the block bounded by East One Hundred and Sixty-first street, Brook avenue and Third avenue are also to be changed.

The above changes are intended to be made as shown upon a map prepared by the President of the Borough of The Bronx, bearing date of December 18, 1907.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 17th day of January, 1908, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 17th day of January, 1908.

Dated December 31, 1907.

d31,j15

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment, held on December 20, 1907, the following resolutions were adopted:

Whereas, the Board of Estimate and Apportionment of the City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Cruger avenue, from Williamsbridge road to South Oak drive; Cruger avenue, from South Oak drive to Gun Hill road; Holland avenue, from Williamsbridge road to South Oak drive, and Maple street, from Gun Hill road to East Two Hundred and Fiftieth street, in the Borough of The Bronx, City of New York; and

Whereas, the Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the northeasterly line of Williamsbridge road distant 100 feet westerly from the westerly line of Cruger avenue, the said distance being measured at right angles to the line of Cruger avenue and running thence

northwardly along a line parallel with Cruger avenue and the prolongation thereof to the center line of Post street; thence westwardly along the center line of Post street to the intersection with the prolongation of a line distant 100 feet westerly from and parallel with the westerly line of Cruger avenue as laid out between Post and Bartholdi streets, the said distance being measured at right angles to the line of Cruger avenue; thence northwardly along the said line parallel with Cruger avenue and the prolongation of the said line to the intersection with a line distant 100 feet westerly from and parallel with the westerly line of Cruger avenue as laid out between Bartholdi street and Gun Hill road, the said distance being measured at right angles to the line of Cruger avenue; thence northwardly along the said line parallel with Cruger avenue to the southerly line of Gun Hill road; thence northwardly at right angles to Gun Hill road a distance of 200 feet; thence eastwardly and parallel with Gun Hill road to the intersection with a line which bisects the angle formed by the intersection of the prolongations of the easterly line of White Plains road as laid out between Gun Hill road and East Two Hundred and Fiftieth street, and the westerly line of Maple street; thence northwardly along the said bisecting line to a point distant 100 feet northerly from the northerly line of East Two Hundred and Fiftieth street, the said distance being measured at right angles to the line of East Two Hundred and Fiftieth street; thence eastwardly and parallel with East Two Hundred and Fiftieth street to the intersection with a line which bisects the angle formed by the intersection of the prolongations of the easterly line of Maple street and the westerly line of Barnes avenue as laid out between East Two Hundred and Fiftieth street and East Two Hundred and Fourteenth street; thence southwardly along the said bisecting line to the intersection with a line which bisects the angle formed by the intersection of the prolongations of the easterly line of Maple street and the westerly line of Barnes avenue as laid out between Tilden street and East Two Hundred and Fourteenth street; thence southwardly along the said bisecting line to the intersection with a line parallel with Tilden street and passing through a point on the easterly line of Holland avenue distant 100 feet southerly from the southerly line of Gun Hill road, the said distance being measured at right angles to the line of Gun Hill road; thence westwardly along the said line parallel with Tilden street to the easterly line of Holland avenue; thence westwardly and parallel with Gun Hill road to the intersection with a line midway between Cruger and Holland avenues as laid out north of North Oak drive; thence southwardly along the said line midway between Cruger and Holland avenues, and the prolongation thereof, to a point distant 100 feet northerly from the northerly line of South Oak drive, the said distance being measured on a radial line; thence southeasterly along a line parallel with and always distant 100 feet from South Oak drive to the intersection with the prolongation of a line midway between Holland and Wallace avenues as laid out south of South Oak drive; thence southwardly along the said line midway between Holland and Wallace avenues and the prolongation thereof, to the northerly line of Williamsbridge road; thence northwesterly along the northeasterly line of Williamsbridge road to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 17th day of January, 1908, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 17th day of January, 1908.

Dated December 31, 1907.

d31,j15

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment, held on December 20, 1907, the following resolutions were adopted:

Whereas, the Board of Estimate and Apportionment of the City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Hunter's Point avenue, between Van Dam street and Borden avenue, in the Borough of Queens, City of New York; and

Whereas, the Board of Estimate and Apportionment is authorized and required, at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the line which bisects the angle formed by the intersection of the prolongations of the northeasterly line of Hunter's Point avenue, as laid out southeasterly from Van Dam street, and the southerly line of Anable avenue, distant 100 feet westerly from the westerly line of Van Dam street, the said distance being measured at right angles to the line of Van Dam street, and running thence eastwardly along the said bisecting line to a point distant 100 feet easterly from the easterly line of Van Pelt street; thence southwardly and parallel with Van Pelt street to the intersection with a line which bisects the angle formed by the intersection of the prolongation of the southerly line of Covert avenue and the northeasterly line of Hunter's Point avenue; thence easterly along the said bisecting line to a point distant 100 feet easterly from the easterly line of Bragaw street, the said distance being measured at right angles to the line of Bragaw street; thence southwardly and parallel with Bragaw street and the prolongation thereof to a point distant 100 feet southerly from the southerly line of Borden avenue, the said distance being measured at right angles to the line of Borden avenue; thence westwardly and parallel with Borden avenue to the intersection with a line at right angles to Borden avenue at a point on its northerly line distant 100 feet southwesterly from the southwesterly line of Hunter's Point avenue, the said distance being measured at right angles to the line of Hunter's Point avenue; thence northwardly along the said line at right angles to Borden avenue to the northerly line of Borden avenue; thence northwesterly and parallel with Hunter's Point avenue to the intersection with a line which bisects the angle formed by the intersection of the southwesterly line of Hunter's Point avenue and the northerly line of Borden avenue; thence northwesterly along the said bisecting line to a point distant 100 feet westerly from the westerly line of Van Dam street, the said distance being measured at right angles to the line of Van Dam

street; thence northwardly and parallel with Van Dam street, to the point of place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board, to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 17th day of January, 1908, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 17th day of January, 1908.

**NOTICE IS HEREBY GIVEN THAT AT** the meeting of the Board of Estimate and Apportionment, held on December 20, 1907, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Fox street, from Leggett avenue to Longwood avenue, in the Borough of The Bronx, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at the intersection of a line distant 100 feet westerly from and parallel with the westerly line of Leggett avenue, the said distance being measured at right angles to the line of Leggett avenue, with a line midway between Fox street and Beck street, and running thence eastwardly along the said line midway between Beck street and Fox street as the said streets are laid out west of Leggett avenue, and along the prolongation of the said course to the intersection with a line midway between Fox street and Beck street as the said streets are laid out northeast of Leggett avenue; thence northeastwardly and along the said line midway between Beck street and Fox street as laid out northeast of Leggett avenue, to the intersection with a line distant 100 feet northeasterly from and parallel with the northeasterly line of Longwood avenue, the said distance being measured at right angles to the line of Longwood avenue; thence southwardly and parallel with Longwood avenue to the intersection with a line midway between Fox street and the Southern boulevard; thence southwestwardly and along the said line midway between Fox street and the Southern boulevard as the said streets are laid out north of East One Hundred and Fifty-sixth street, and along the prolongation of the said course to the intersection with a line midway between Fox street and the Southern boulevard as the said streets are laid out at and east of Avenue St. John; thence westwardly and along the said line midway between Fox street and the Southern boulevard as the said streets are laid out at and east of Avenue St. John to the intersection with a line distant 100 feet westerly from and parallel with the westerly line of Leggett avenue, the said distance being measured at right angles to the line of Leggett avenue; thence northwardly and parallel with the westerly line of Leggett avenue to the point of place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 17th day of January, 1908, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 17th day of January, 1908.

**NOTICE IS HEREBY GIVEN THAT AT** the meeting of the Board of Estimate and Apportionment, held on December 20, 1907, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of East One Hundred and Eighty-second street, from Tiebout avenue to Folin street, and for the widening of Tiebout avenue, from Ford street to East One Hundred and Eighty-third street, in the Borough of The Bronx, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Bounded on the west by a line parallel with and always distant 100 feet westerly from the westerly line of Grand Boulevard and Concourse, the said distance being measured at right angles to the line of Grand Boulevard and Concourse; on the north by a line distant 400 feet northerly from and parallel with the northerly line of East One Hundred and Eighty-third street as laid out between the Grand Boulevard and Concourse and Tiebout avenue, the said distance being measured at right angles to the line of East One Hundred and Eighty-third street and by the prolongation of the said line; on the east by the westerly line of Park avenue, and on the south by a line distant 200 feet southerly from and parallel with the southerly line of East One Hundred and Eighty-second street, as laid out between the Grand Boulevard and Concourse and Tiebout avenue, the said distance being measured at right angles to the line of East One Hundred and Eighty-second street and by the prolongation of the said line.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 17th day of January, 1908, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City

Record for ten days prior to the 17th day of January, 1908.

**NOTICE IS HEREBY GIVEN THAT THE** Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out an extension to Mermaid avenue, from West Thirty-sixth street to West Thirty-seventh street, in the Borough of Brooklyn, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on January 17, 1908, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on December 20, 1907, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by laying out an extension to Mermaid avenue, from West Thirty-sixth street to West Thirty-seventh street, in the Borough of Brooklyn, City of New York, more particularly described as follows:

The northern line of Mermaid avenue, as herewith laid out, from West Thirty-sixth street to West Thirty-seventh street, is a straight prolongation westerly of the northern line of Mermaid avenue, as now laid out on the map of the City east of West Thirty-sixth street.

The southern line of Mermaid avenue is 80 feet from and parallel with the above-described line.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 17th day of January, 1908, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 17th day of January, 1908.

Dated December 31, 1907.

**NOTICE IS HEREBY GIVEN THAT AT** the meeting of the Board of Estimate and Apportionment, held on December 20, 1907, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Sigourney street, between Otsego and Hicks streets, in the Borough of Brooklyn, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Bounded on the northeast by a line always midway between Sigourney street and Bay street and the prolongations of the said line; on the southeast by a line distant 100 feet southeasterly from and parallel with the southeasterly line of Hicks street, the said distance being measured at right angles to the line of Hicks street; on the southwest by a line always midway between Sigourney street and Halleck street and the prolongations of the said line, and on the north-west by a line distant 100 feet northwesterly from and parallel with the northwesterly line of Otsego street, the said distance being measured at right angles to the line of Otsego street.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in the City of New York, Borough of Manhattan, in the City Hall, on the 17th day of January, 1908, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record and the corporation newspapers for ten days prior to the 17th day of January, 1908.

Dated December 31, 1907.  
JOSEPH HAAG,  
Secretary,  
No. 277 Broadway, Room 1406.  
Telephone 2280 Worth. d31,j15

**NOTICE IS HEREBY GIVEN THAT AT** the meeting of the Board of Estimate and Apportionment, held on December 20, 1907, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the land and premises required for the opening and extending of Rosewood street, between Bronx boulevard and White Plains road, and between White Plains road and Cruger avenue, in the Borough of The Bronx, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the prolongation of a line midway between Rosewood street and Burke avenue, as laid out between Bronx boulevard and White Plains road, distant 100 feet westerly from the westerly line of Bronx boulevard, and running thence northwardly and parallel with Bronx boulevard to the intersection with a line midway between Rosewood street and Magenta street; thence eastwardly along the said line midway between Rosewood street and Magenta street to a point distant 100 feet westerly from the westerly line of White Plains road; thence northwardly and parallel with White Plains road to the intersection with the prolongation of a line distant 100 feet northerly from and parallel with the northerly line of Bartholdi street, the said dis-

tance being measured at right angles to the line of Bartholdi street; thence eastwardly along the said line parallel with Bartholdi street and the prolongation thereof to a point distant 100 feet easterly from the easterly line of Cruger avenue; thence southwardly and parallel with Cruger avenue and the prolongation thereof to the southerly line of North Oak drive; thence southwardly in a straight line to a point on the northerly line of South Oak drive, where it is intersected by the prolongation of a line distant 100 feet easterly from and parallel with the easterly line of Cruger avenue, as laid out south of South Oak drive; thence southwardly along the said line parallel with Cruger avenue to the intersection with a line which is the bisector of the angle formed by the intersection of the northerly line of Burke avenue and the prolongation of the southerly line of South Oak drive, as laid out immediately east of Cruger avenue; thence westwardly along the said bisecting line to the intersection with the prolongation of a line midway between Rosewood street and Burke avenue, as laid out between Bronx boulevard and White Plains road; thence westwardly along the said line midway between Rosewood street and Burke avenue and the prolongations thereof, to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board, to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 17th day of January, 1908, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 17th day of January, 1908.

Dated December 31, 1907.  
JOSEPH HAAG,  
Secretary,  
No. 277 Broadway, Room 1406.  
Telephone, 2280 Worth. d31,j15

**NOTICE IS HEREBY GIVEN THAT THE** Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out an unnamed street extending from the northerly terminus of Gray street to Gordon street, and establishing grades therefor, in the Borough of Richmond, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on January 17, 1908, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on December 20, 1907, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out an unnamed street, extending from the northerly terminus of Gray street to Gordon street, and establishing grades therefor, in the Borough of Richmond, City of New York, more particularly described as follows:

**Lay Out.**  
Beginning at a point on the easterly line of Gordon street, 439.67 feet northerly from the intersection of the easterly line of Gordon street and the northerly line of Hudson street;  
1. Thence easterly at right angles to Gordon street 100.10 feet to the northerly terminus of Gray street;  
2. Thence northerly along said northerly terminus of Gray street 60 feet;  
3. Thence westerly parallel to the first course 100.10 feet to the easterly line of Gordon street;  
4. Thence southerly along the easterly line of Gordon street 60 feet to the point of beginning.

**Grades.**  
Beginning at the present northerly terminus of Gray street, the elevation on both curbs to be 23.2 feet, substantially as heretofore;  
Thence westerly to the easterly curb line of Gordon street, the elevation on the north curb to be 27.0 feet, and on the south curb to be 26.7 feet, substantially as heretofore.  
Elevations are referred to Richmond high water datum.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 17th day of January, 1908, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 17th day of January, 1908.

Dated December 31, 1907.

Secretary,  
No. 277 Broadway, Room 1406.  
Telephone 2280 Worth. d31,j15

**NOTICE IS HEREBY GIVEN THAT AT** the meeting of the Board of Estimate and Apportionment, held on December 20, 1907, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Kent street, from Oakland street to Provost street; Meserole avenue, from Jewell street to North Henry street; Diamond street, from Greenpoint avenue to Meserole avenue; Moultrie street, from Greenpoint avenue to Humboldt street, and Humboldt street, from Greenpoint avenue to Norman avenue, in the Borough of Brooklyn, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the line midway between Meserole avenue and Norman avenue, distant 100 feet easterly from the easterly line of North Henry street, and running thence westwardly along the said line midway between Meserole and Norman avenues to the intersection with a line midway between Humboldt street and Russell street; thence southwardly along the said line midway between Humboldt street and Russell street to a point distant 100 feet southerly from the southerly line of Norman avenue; thence westwardly parallel with and always distant 100 feet from the southerly line of Norman

avenue to the intersection with the prolongation of a line midway between Jewell and Moultrie streets as laid out north of Norman avenue; thence northwardly along the said line midway between Jewell street and Moultrie street and the prolongation thereof to the intersection with a line midway between Meserole avenue and Norman avenue; thence westwardly along the said line midway between Meserole avenue and Norman avenue to a point distant 100 feet westerly from the westerly line of Jewell street; thence northwardly and parallel with Jewell street to a point distant 100 feet southerly from the southerly line of Meserole avenue; thence westwardly and parallel with Meserole avenue to the intersection with a line midway between Jewell street and Diamond street; thence northwardly along the said line midway between Jewell street and Diamond street and the prolongation thereof to the intersection with a line midway between Greenpoint avenue and Kent street; thence westwardly along the said line midway between Greenpoint avenue and Kent street to a point distant 100 feet westerly from the westerly line of Oakland street; thence northwardly and parallel with Oakland street to the intersection with a line midway between Kent street and Java street; thence eastwardly along the said line midway between Kent street and Java street to a point distant 100 feet easterly from the easterly line of Provost street; thence southwardly and parallel with Provost street to the intersection with a line midway between Greenpoint avenue and Kent street; thence westwardly along the said line midway between Greenpoint avenue and Kent street to the intersection with the prolongation of a line midway between Diamond street and Jewell street; thence southwardly along the said line midway between Diamond street and Jewell street and the prolongation thereof to the intersection with a line midway between Calyer street and Meserole avenue; thence eastwardly along the said line midway between Calyer street and Meserole avenue to the intersection with a line midway between Jewell street and Moultrie street; thence northwardly along the said line midway between Jewell street and Moultrie street and the prolongation thereof to the intersection with a line distant 100 feet northerly from and parallel with the northerly line of Greenpoint avenue as laid out east of the angle point of Greenpoint avenue, the said distance being measured at right angles to the line of Greenpoint avenue; thence eastwardly along the said line parallel with Greenpoint avenue to the intersection with the prolongation of a line midway between Humboldt street and Russell street; thence southwardly along the said line midway between Humboldt street and Russell street and the prolongation thereof to the intersection with a line midway between Calyer street and Meserole avenue; thence eastwardly along the said line midway between Calyer street and Meserole avenue to a point distant 100 feet easterly from the easterly line of North Henry street; thence southwardly and parallel with North Henry street to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board, to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 17th day of January, 1908, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record and the corporation newspapers for ten days prior to the 17th day of January, 1908.

**NOTICE IS HEREBY GIVEN THAT THE** Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to change the grade of Greenpoint avenue, from First to Fourth street; Skillman avenue, from Cleveland avenue to Sixth street; Cleveland avenue, from Grout avenue to Skillman avenue; Third street, from Grout avenue to Woodside avenue; Fourth street, from Grout avenue to Woodside avenue, and Fifth street, from Grout avenue to Woodside avenue, in the Borough of Queens, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on January 17, 1908, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions, adopted by the Board on December 20, 1907, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the grade of Greenpoint avenue, from First to Fourth street; Skillman avenue, from Cleveland avenue to Sixth street; Cleveland avenue, from Grout avenue to Skillman avenue; Third street, from Grout avenue to Woodside avenue; Fourth street, from Grout avenue to Woodside avenue, and Fifth street, from Grout avenue to Woodside avenue, in the Borough of Queens, City of New York, more particularly described as follows:

**Greenpoint Avenue.**  
1. The elevation at First street to be 103.5 feet, as heretofore established.  
2. The elevation at Cleveland avenue to be 100 feet.  
3. The elevation at Third street to be 86 feet.  
4. The elevation at Fourth street, as Fourth street is laid out south of Greenpoint avenue, to be 71 feet.

**Skillman Avenue.**  
1. The elevation at Cleveland avenue to be 93 feet, as heretofore established.  
2. The elevation at Third street, as Third street is laid out north of Skillman avenue, to be 83 feet.  
3. The elevation of Fourth street, as Fourth street is laid out north of Skillman avenue, to be 70 feet.  
4. The elevation at Fifth street to be 60 feet.  
5. The elevation at Sixth street to be 56.75 feet, as heretofore established.

**Cleveland Avenue.**  
1. The elevation at Grout avenue to be 106 feet, as heretofore established.  
2. The elevation at Greenpoint avenue to be 100 feet.  
3. The elevation at Skillman avenue to be 93 feet, as heretofore established.

**Third Street.**  
1. The elevation at Grout avenue to be 91 feet, as heretofore established.  
2. The elevation at Greenpoint avenue to be 86 feet.  
3. The elevation at Skillman avenue to be 83 feet.

4. The elevation at Woodside avenue to be 70 feet, as heretofore established.

#### Fourth Street.

1. The elevation at Grout avenue to be 76 feet.
2. The elevation at Greenpoint avenue to be 71 feet.
3. The elevation at Skillman avenue to be 70 feet.
4. The elevation at Woodside avenue to be 62 feet, as heretofore established.

#### Fifth Street.

1. The elevation at Grout avenue to be 59 feet.
2. The elevation at a point 250 feet southerly from the southerly line of Skillman avenue to be 61.5 feet.
3. The elevation at Skillman avenue to be 60 feet.
4. The elevation at Woodside avenue to be as heretofore established.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 17th day of January, 1908, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 17th day of January, 1908.

**NOTICE IS HEREBY GIVEN THAT THE** Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to change the line and grade of Decatur street, from Forest avenue to Myrtle avenue, and change the grade of Myrtle avenue, from Fresh Pond road to Buchanan avenue, in the Borough of Queens, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on January 17, 1908, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions, adopted by the Board on December 20, 1907, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the line and grade of Decatur street, from Forest avenue to Myrtle avenue, and changing the grade of Myrtle avenue, from Fresh Pond road to Buchanan avenue, in the Borough of Queens, City of New York, more particularly described as follows:

#### Change of Line of Decatur Street.

1. The westerly line of Decatur street is to extend between a point on the northwesterly line of Decatur street as at present laid out, distant 524.10 feet northeasterly from the intersection with the northeasterly line of Forest avenue and a point on the southerly line of Myrtle avenue distant 135.35 feet easterly from the intersection with the southeasterly line of Summerfield street.
2. The easterly line of Decatur street is to be 60.05 feet from and parallel with the westerly line, as hereinbefore described.
3. That portion of Decatur street as at present laid out lying between the easterly line of Decatur street, as hereinbefore described, and the southerly line of Myrtle avenue is to be discontinued and closed.

#### GRADES.

##### Decatur Street.

1. The elevation at Forest avenue is to be 80 feet, as heretofore established.
2. The elevation at a point distant 125.0 feet northeasterly from the northeasterly line of Forest avenue is to be 80.75 feet.
3. The elevation at the angle point northeasterly from Forest avenue is to be 78.5 feet.
4. The elevation at Myrtle avenue is to be 77.25 feet.

##### Myrtle Avenue.

1. The elevation at Fresh Pond road is to be 75.50 feet, as heretofore established.
2. The elevation at Decatur street, laid out as hereinbefore described, is to be 77.25 feet.
3. The elevation at Buchanan avenue is to be 77.75 feet, as heretofore established.

All elevations refer to mean high water datum as established for the Borough of Queens.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 17th day of January, 1908, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 17th day of January, 1908.

**NOTICE IS HEREBY GIVEN THAT THE** Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to change the grade of East Fourth street, from Avenue C to Beverly road, in the Borough of Brooklyn, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on January 17, 1908, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board, all of which is more particularly set forth and described in the following resolutions, adopted by the Board on December 20, 1907, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the grade of East Fourth street, from Avenue C to Beverly road, in the Borough of Brooklyn, City of New York, more particularly described as follows:

Beginning at the intersection of Avenue C and East Fourth street, the elevation to be 50.79 feet, as heretofore;

Thence northerly to a summit distant 340 feet north of the northerly building line of Avenue C, the elevation to be 51.94 feet;

Thence northerly to the intersection of Beverly road and East Fourth street, the elevation to be 49.43 feet, as heretofore.

Note—All elevations refer to mean high-water datum, as determined by the Bureau of Highways, Borough of Brooklyn.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 17th day of January, 1908, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 17th day of January, 1908.

Dated December 31, 1907.

**NOTICE IS HEREBY GIVEN THAT THE** Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to close and discontinue Cowenhoven lane, between Twelfth avenue and Fifty-fifth street, in the Borough of Brooklyn, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on January 17, 1908, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on December 20, 1907, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by closing and discontinuing Cowenhoven lane, between Twelfth avenue and Fifty-fifth street, in the Borough of Brooklyn, City of New York, more particularly described as follows:

The northern line of Cowenhoven lane as heretofore closed begins at a point on the eastern line of Twelfth avenue distant 134.34 feet southerly from the intersection of the eastern line of Twelfth avenue with the southern line of Fifty-fifth street, as the same are laid out on the map of the City;

Thence easterly in a straight line to a point on the southern line of Fifty-fifth street distant 329.20 feet easterly from the intersection of the

eastern line of Twelfth avenue with the southern line of Fifty-fifth street.

The southern line of Cowenhoven lane as heretofore closed is 33 feet from and parallel with the above-described line.

Note—These dimensions are approximate.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 17th day of January, 1908, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 17th day of January, 1908.

**NOTICE IS HEREBY GIVEN THAT THE** Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out public places at Cedar avenue and West One Hundred and Seventy-seventh street, in the Borough of The Bronx, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on January 10, 1908, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on December 6, 1907, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out public places at Cedar avenue and West One Hundred and Seventy-seventh street, in the Borough of The Bronx, City of New York, more particularly described as follows:

#### Parcel A.

Bounded on the north by West One Hundred and Seventy-seventh street; on the east by Cedar avenue; on the south by a line 90 feet southerly from and parallel with the southerly line of West One Hundred and Seventy-seventh street, the said distance being measured at right angles, and on the west by the easterly property line of the New York and Putnam Railway Company.

#### Parcel B.

Bounded on the south by West One Hundred and Seventy-seventh street; on the east by Cedar avenue; on the north by a line 100 feet northerly from and parallel with Cedar avenue, the said distance being measured at right angles, and on the west by the easterly property line of the New York and Putnam Railway Company.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 10th day of January, 1908, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 10th day of January, 1908.

**NOTICE IS HEREBY GIVEN THAT THE** Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to change the grades of Johnson avenue, between Kappock street and West Two Hundred and Thirty-first street; Spuyten Duyvil road, between the New York Central and Hudson River Railroad and West Two Hundred and Thirty-first street, and of the grades of the intersecting streets, in the Borough of The Bronx, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on January 10, 1908, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on December 6, 1907, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the grades of Johnson avenue, between Kappock street and West Two Hundred and Thirty-first street; Spuyten Duyvil road, between the New York Central and Hudson River Railroad and West Two Hundred and Thirty-first street, and of the grades of the intersecting streets, in the Borough of The Bronx, City of New York, more particularly described as follows:

#### I. Johnson Avenue.

1. The grade at the point of tangency easterly from Kappock street to be 117 feet, as heretofore;
2. The grade at the westerly intersection of Spuyten Duyvil road to be 55 feet;
3. The grade at the point of compound curve northerly from the easterly intersection of Spuyten Duyvil road to be 46 feet;
4. The grade at the point of reverse curve easterly of West Two Hundred and Thirty-first street to be 118.91 feet, as heretofore.

#### II. Spuyten Duyvil Road.

1. The grade at the bridge across the Spuyten Duyvil and Port Morris Branch of the New York Central and Hudson River Railroad to be 25 feet, as heretofore;
2. The grade at the westerly intersection with Johnson avenue to be 55 feet;
3. The grade at the point of tangency easterly from the easterly intersection of Johnson avenue to be 45 feet;
4. The grade at West Two Hundred and Thirty-first street to be 17 feet;
5. The grade at the point of tangency east of West Two Hundred and Thirty-first street to be 23 feet, as heretofore.

#### III. West Two Hundred and Twenty-seventh Street.

1. The grade at the intersection with Johnson avenue to be as heretofore fixed;
2. The grade at Netherland avenue to be 182 feet, as heretofore.

## IV. West Two Hundred and Thirtieth Street.

1. The grade at the intersection of Tibbett avenue to be 11 feet, as heretofore;
2. The grade at the easterly intersection of Spuyten Duyvil road to be 17 feet;
3. The grade at the westerly intersection of Spuyten Duyvil road to be as heretofore fixed;
4. The grade at Johnson avenue to be as heretofore fixed;
5. The grade at the intersection with Netherland avenue to be 165 feet, as heretofore.

## V. West Two Hundred and Thirty-first Street.

1. The grade at the point of reverse curve easterly from Spuyten Duyvil road to be 24 feet, as heretofore;
2. The grade at the intersection with Spuyten Duyvil road to be as heretofore fixed;
3. The grade at the intersection with Johnson avenue to be as heretofore fixed;
4. The grade at the intersection with Netherland avenue to be 162 feet, as heretofore.

All grades refer to mean high-water datum as established in the Borough of The Bronx.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 10th day of January, 1908, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 10th day of January, 1908.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to close and discontinue portions of William street, between Wilbur avenue and Henry street, and to change grades in the territory bounded by Ely avenue, Wilbur avenue, Skillman avenue, Jackson avenue and Henry street, in the Borough of Queens, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on January 10, 1908, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board, all of which is more particularly set forth and described in the following resolutions adopted by the Board on December 6, 1907, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by closing and discontinuing portions of William street, between Wilbur avenue and Henry street, and by changing grades in the territory bounded by Ely avenue, Wilbur avenue, Skillman avenue, Jackson avenue and Henry street, in the Borough of Queens, City of New York, more particularly described as follows:

## Closing William Street.

1. That portion of William street bounded on the northeast by a line extending between a point on the northwest line of William street distant 575.14 feet southwesterly from the intersection with the southwesterly line of Wilbur avenue and a point on the southeasterly line of William street distant 569.63 feet southwesterly from the intersection with the southwesterly line of Wilbur avenue, and bounded on the southwest by a line extending between a point on the northwesterly line of William street distant 284.74 feet north-

easterly from the intersection with the north-easterly line of Henry street, and a point on the southeasterly line of William street distant 290.25 feet northeasterly from the intersection with the north-easterly line of Henry street, is to be discontinued and closed.

## CHANGE OF GRADE IN

## Ely Avenue.

1. The elevation on the centre line at a point distant 285 feet southwesterly from the southwesterly line of Wilbur avenue to be 16.50 feet, as heretofore fixed.

2. The elevation on the centre line at a point distant 275.5 feet southwesterly from the point last described to be 15 feet.

3. The elevation on the centre line at a point distant 110.5 feet southwesterly from the point last described to be 15.51 feet.

4. The elevation on the centre line at a point distant 110.5 feet southwesterly from the point last described to be 15 feet.

5. The elevation at Henry street to be 13.25 feet, as heretofore established.

## William Street.

1. The elevation at Henry street to be 14.6 feet, as heretofore established.

2. The elevation on the centre line at a point distant 252.3 feet northeasterly from the north-easterly line of Henry street to be 21.27 feet.

3. The elevation on the centre line at a point distant 221 feet northeasterly from the point last described, to be 21.77 feet, as heretofore fixed.

## Crescent Street.

1. The elevation on the centre line at a point distant 300 feet southwesterly from the southwesterly line of Wilbur avenue, to be 24.94 feet, as heretofore fixed.

2. The elevation on the centre line at a point distant 213.3 feet southwesterly from the point last described, to be 22.64 feet.

3. The elevation on the centre line at a point distant 110.5 feet southwesterly from the point last described, to be 23.44 feet.

4. The elevation on the centre line at a point distant 110.5 feet southwesterly from the point last described, to be 22.64 feet.

5. The elevation at Henry street to be 15.46 feet, as heretofore established.

## Prospect Street.

1. The elevation on the centre line at a point distant 489.4 feet southwesterly from the southwesterly line of Wilbur avenue, to be 20.1 feet, as heretofore fixed.

2. The elevation on the centre line at a point distant 110.5 feet southwesterly from the point last described, to be 20.6 feet.

3. The elevation on the centre line at a point distant 110.5 feet southwesterly from the point last described, to be 20.1 feet.

4. The elevation on the centre line at a point distant 192.5 feet northeasterly from the north-easterly line of Henry street, to be 19.38 feet, as heretofore established.

## Radde Street.

1. The elevation on the centre line at a point distant 465.4 feet southwesterly from the southwesterly line of Wilbur avenue, to be 22.64 feet, as heretofore established.

2. The elevation on the centre line at a point distant 110.5 feet southwesterly from the point last described, to be 23.0 feet.

3. The elevation on the centre line at a point distant 110.5 feet southwesterly from the point last described, to be 22.64 feet.

4. The elevation at Henry street to be 16.8 feet, as heretofore established.

## Academy Street.

1. The elevation on the centre line at a point distant 441.5 feet southwesterly from the southwesterly line of Wilbur avenue, to be 24.74 feet, as heretofore fixed.

2. The elevation on the centre line at a point distant 110.5 feet southwesterly from the point last described, to be 23.8 feet.

3. The elevation on the centre line at a point distant 48.4 feet southwesterly from the point last described, to be 23.3 feet.

## Hunter Avenue.

1. The elevation at Henry street to be 16.92 feet, as heretofore established.

2. The elevation on the centre line at a point distant 395.3 feet northeasterly from the north-easterly line of Henry street, as laid out south-easterly from Hunter avenue, to be 23.0 feet.

3. The elevation on the centre line at a point distant 59.5 feet northeasterly from the point last described, to be 23.3 feet.

4. The elevation on the centre line at a point distant 209.1 feet northeasterly from the point last described, to be 25.72 feet, as heretofore fixed.

## Jane Street.

1. The elevation at Jackson avenue to be 19.14 feet, as heretofore established.

2. The elevation on the centre line at a point distant 145.0 feet northerly from the northerly line of Jackson avenue, to be 22.04 feet.

3. The elevation on the centre line at the intersection with the centre line of Hunter avenue to be 23.3 feet.

All elevations refer to mean high water datum as established for the Borough of Queens.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 10th day of January, 1908, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 10th day of January, 1908.

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment, held on December 6, 1907, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Seaman avenue, from Two Hundred and Fifteenth street to Two Hundred and Eighteenth street, in the Borough of Manhattan, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the prolongation of a line midway between Hegeman avenue and Lott avenue distant 100 feet westerly from the westerly line of East Ninety-eighth street, the said distance being measured at right angles to the line of East Ninety-eighth street, and running thence northwesterly and parallel with East Ninety-eighth street to the intersection with the prolongation of a line midway between Livonia avenue and Dumont avenue; thence easterly along the said line midway between Livonia avenue and Dumont avenue to a point distant 100 feet easterly from the easterly line of Hopkinson avenue; thence southwesterly and parallel with Hopkinson avenue to the intersection with a line midway between Livonia avenue and Riverdale avenue; thence westwardly along the said line midway between Livonia avenue and Riverdale avenue to a point 100 feet easterly from the easterly line of Amboy street; thence southwesterly and parallel with Amboy street to the intersection with a line midway between Riverdale avenue and Newport avenue; thence easterly along the said line midway between Riverdale avenue and Newport avenue to the intersection with a line midway between Thatford avenue and Osborn street; thence northwesterly along the said line midway between Thatford avenue and Osborn street to the intersection with a line midway between Riverdale avenue and Livonia avenue; thence easterly along the said line midway between Riverdale avenue and Livonia avenue to the intersection with a line midway between Hinsdale street and Williams avenue; thence southwesterly along the said line midway between Hinsdale street and Williams avenue to the intersection with a line midway between Riverdale avenue and Newport avenue; thence easterly along the said line midway between Riverdale avenue and Newport avenue to the intersection with a line midway between Alabama avenue and Georgia avenue; thence northwesterly along the said line midway between Alabama avenue and Georgia avenue to the intersection with a line midway between Livonia avenue and Riverdale avenue; thence easterly along the said line midway between Livonia avenue and Riverdale avenue to the intersection with a line midway between Miller avenue and Van Siclen avenue; thence northwesterly along the said line midway between Van Siclen avenue and Miller avenue to the intersection with a line midway between Livonia avenue and Dumont avenue; thence easterly along the said line midway between Livonia avenue and Dumont avenue to the intersection with a line midway between Warwick street and Jerome street; thence northwesterly along the said line midway between Warwick street and Jerome street to the intersection with a line midway between Dumont avenue and Blake avenue; thence easterly along the said line midway between Dumont avenue and Blake avenue to a point 100 feet easterly from the easterly line of Montauk avenue; thence southwesterly and parallel with Montauk avenue to the intersection with a line distant 100 feet easterly from and parallel with the easterly line of Montauk avenue as laid out south of New Lots avenue, the said distance being measured at

Beginning at the intersection of a line midway between Seaman avenue and Isham street with a line distant 100 feet southerly from and parallel with the southerly line of West Two Hundred and Fifteenth street, the said distance being measured at right angles to the line of West Two Hundred and Fifteenth street, and running thence northwesterly along the said line midway between Seaman avenue and Isham street to the northerly line of West Two Hundred and Eighteenth street; thence northwesterly at right angles to the northerly line of West Two Hundred and Eighteenth street a distance of 100 feet; thence easterly along a line parallel with West Two Hundred and Eighteenth street to its intersection with a line at right angles to the southerly line of West Two Hundred and Eighteenth street, and passing through a point on the said northerly line of West Two Hundred and Eighteenth street where it is intersected by the prolongation of a line distant 165 feet easterly from the easterly line of Park Terrace West, the said distance being measured at right angles to the line of Park Terrace West; thence southwesterly at right angles to the line of West Two Hundred and Eighteenth street to the aforesaid point on the northerly line of the said West Two Hundred and Eighteenth street; thence southwesterly along a line distant 165 feet easterly from and parallel with the easterly line of Park Terrace West, to the intersection with a line distant 100 feet south of and parallel with the southerly line of West Two Hundred and Fifteenth street, the said distance being measured at right angles to the line of West Two Hundred and Fifteenth street; thence westwardly and parallel with the southerly line of West Two Hundred and Fifteenth street to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 10th day of January, 1908, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 10th day of January, 1908.

Dated December 28, 1907.

**NOTICE IS HEREBY GIVEN THAT AT** the meeting of the Board of Estimate and Apportionment held on December 6, 1907, the following resolutions were adopted:

Whereas, the Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Bronxwood avenue from Burke avenue to Gun Hill road; Barnes avenue from Williamsbridge road to Tilden street; Wallace avenue from Williamsbridge road to Gun Hill road, in the Borough of The Bronx, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at the point where the southerly line of Tilden street intersects the prolongation of a line midway between Barnes avenue and Bronxwood avenue, as these streets are laid out between Gun Hill road and East Two Hundred and Eleventh street, and running thence southwardly along the said line midway between Barnes avenue and Bronxwood avenue and the prolongation thereof to a point distant 100 feet northerly from the northerly line of Gun Hill road; thence eastwardly and parallel with Gun Hill road to the intersection with a line at right angles to Gun Hill road, and passing through a point on the southerly line of Gun Hill road midway between Paulding avenue and Hone avenue; thence southwardly along the said line at right angles to Gun Hill road to the intersection with a line parallel with and distant 100 feet westerly from the westerly line of Hone avenue, the said distance being measured at right angles to the line of Hone avenue; thence southwardly along the said line parallel with Hone avenue to a point distant 100 feet southerly from the southerly line of Burke avenue; thence westwardly and parallel with Burke avenue to the intersection with a line midway between Barnes avenue and Matthews avenue; thence southwardly along the said line midway between Barnes avenue and Matthews avenue to the northerly line of Williamsbridge road; thence westwardly along the northerly line of Williamsbridge road to the intersection with a line midway between Holland avenue and Wallace avenue as these streets are laid out south of South Oak drive; thence northwardly along the said line midway between Holland avenue and Wallace avenue as laid out south of South Oak drive and along the prolongation of the said line to the intersection with the prolongation of a line midway between Holland avenue and Wallace avenue as these streets are laid out north of Bartholdi street; thence northwardly along the said line midway between Holland avenue and Wallace avenue as the said streets are laid out north of Bartholdi street and along the prolongation thereof to the southerly line of Tilden street; thence northwardly at right angles to Tilden street, 150 feet; thence eastwardly and parallel with Tilden street to the intersection with a line at right angles to Tilden street, and passing through the point described as the point or place of beginning; thence southwardly along the said line at right angles to Tilden street to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 10th day of January, 1908, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 10th day of January, 1908.

#### DEPARTMENT OF TAXES AND ASSESSMENTS.

THE CITY OF NEW YORK, DEPARTMENT OF TAXES AND ASSESSMENTS, MAIN OFFICE, BOROUGH OF MANHATTAN, HALL OF RECORDS, JANUARY 10, 1908.

**NOTICE IS HEREBY GIVEN, AS REQUIRED** by the Greater New York Charter, that the books called "The Annual Record of the Assessed Valuation of Real and Personal Estate of the Boroughs of Manhattan, The Bronx, Brooklyn, Queens and Richmond," comprising The City of New York, will be open for public inspection, examination and correction on the second Monday of January, and will remain open up to and including the 31st day of March, 1908.

During the time that the books are open for public inspection, application may be made by any person or corporation claiming to be aggrieved by the assessed valuation of real or personal estate to have the same corrected.

In the Borough of Manhattan, at the main office of the Department of Taxes and Assessments, Hall of Records, No. 31 Chambers street.

In the Borough of The Bronx, at the office of the Department, Municipal Building, One Hundred and Seventy-seventh street and Third avenue.

In the Borough of Brooklyn, at the office of the Department, Municipal Building.

In the Borough of Queens, at the office of the Department, Hackett Building, Jackson avenue and Fifth street, Long Island City.

In the Borough of Richmond, at the office of the Department, Borough Hall, New Brighton, Staten Island.

Corporations in all the boroughs must make application only at the main office in the Borough of Manhattan.

Applications in relation to the assessed valuation of personal estate must be made by the person assessed at the office of the Department in the borough where such person resides, and in case of a non-resident carrying on business in The City of New York at the office of the Department of the borough where such place of business is located, between the hours of 10 a. m. and 2 p. m., except on Saturday, when all applications must be made between 10 a. m. and 12 noon.

**See General Instructions to Bidders on the last page, last column, of the "City Record."**

#### DEPARTMENT OF FINANCE.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

**AT THE REQUEST OF THE PARK COMMISSIONER**, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction all the buildings, parts of buildings, etc., now standing upon property owned by The City of New York acquired for park purposes in the

Borough of Manhattan.

Being all those buildings, parts of buildings, etc., on West One Hundred and Forty-fifth street and Edgecombe avenue, more particularly known as Nos. 335, 337, 339, 341 and 343 West One Hundred and Forty-fifth street and No. 245 Edgecombe avenue, and which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held October 23, 1907, the sale of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

MONDAY, JANUARY 20, 1908,

at 10 a. m. on the premises, upon the following

TERMS AND CONDITIONS.

It being understood that the purchasers at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages

at so much per day for each and every day the removal of the buildings, etc., remains incomplete after the expiration of sixty days from the day of sale. A copy of the contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and contract. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars the sum of fifty dollars shall be the amount of the security deposited. This security must be deposited within forty-eight hours after the sale, and may at any time after the expiration of the contract period be applied by the City to the cost of completing any work required under the contract but unfinished at the expiration of the contract period.

All the buildings, structures and parts thereof, their fixtures and foundations, of every class and description, within the described area are to be torn down to the existing curb level, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studs, flooring, ceiling, roofing, boards and wood-work of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value shall be gathered together by the contractor and burned or carried away.

The purchaser at the sale shall also shut off and cap all water pipes at the main pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings or appurtenances, or any portion thereof, within sixty days from the day of sale will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expenses thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they, or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids.

J. H. MCCOOEY,

Deputy and Acting Comptroller.

City of New York, Department of Finance,

Comptroller's Office, January 3, 1908.

The Board of Assessors has levied and assessed the foregoing assessments in twenty equal annual installments.

The "Fifth Installment" in each case is now due and payable, and hereafter for fifteen years an amount equal to one of the aforesaid annual installments with interest shall be assessed upon the lots or parcels of land benefited by said improvements. These assessments were confirmed by the Board of Revision of Assessments on December 29, 1903, and the "Fifth Installment," entered on December 29, 1907, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents.

Unless the amount of the fifth installment in each case shall be paid within sixty days after said date of entry, interest shall be charged, collected and received thereon as provided in section 159 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 12 m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before February 27, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

#### NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears of the assessment for OPENING AND ACQUIRING TITLE to the following named place in the BOROUGH OF THE BRONX:

TWENTY-FOURTH WARD, SECTION 11.

OAK TREE PLACE—OPENING, from Lafontaine avenue to Hughes avenue. Confirmed December 9, 1907; entered December 23, 1907. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point formed by the intersection of the northwesterly line of Adams place with a line parallel to and 100 feet northeasterly from the northeasterly line of East One Hundred and Eighty-second street; running thence southeasterly along said parallel line to its intersection with the northeasterly prolongation of a line parallel to and 100 feet southeasterly from the southeasterly line of that portion of Hughes avenue lying southwest from East One Hundred and Eighty-second street; thence southeasterly along said last-mentioned prolongation and parallel line to its intersection with a line parallel to and 100 feet southeasterly from the southeasterly line of East One Hundred and Eighty-first street; thence northwesterly along said last-mentioned parallel line and its prolongation to its intersection with a line parallel to and 100 feet northwesterly from the northwesterly line of Monterey avenue; thence northeasterly along said last-mentioned parallel line and its prolongation to its intersection with a line parallel to and 100 feet northwesterly from the northwesterly line of Quarry road; thence northeasterly along said last-mentioned parallel line to its intersection with a line drawn at right angles to Adams place from the point of beginning; thence southeasterly along said right-angled line to the point or place of beginning.

The above entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents.

Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 12 m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before February 27, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

#### NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

SIXTEENTH WARD, SECTION 3.

RESTORING ASPHALT PAVEMENT in front of premises Nos. 120-122 West Eighteenth street, known as Lot No. 51, in Block 793, Borough of Manhattan.

The above assessment was certified to the Collector of Assessments and Arrears, under the provisions of section 391 of the Greater New York Charter.

—that the same were entered on December 24, 1907, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room H, No. 280 Broadway, Borough of Manhattan, New York City, August 10, 1907.

UNDER THE DIRECTION OF HERMAN A. Metz, Comptroller of The City of New York, the undersigned hereby gives public notice pursuant to the provisions of section 1027 of the Greater New York Charter:

That the respective owners of the lands and tenements within that part of The City of New York now known as the Borough of Richmond, on which taxes have been laid and confirmed according to law by The City of New York for the years 1899, 1900, 1901, 1902 and 1903, including taxes on the real estate of corporations for the said years and taxes on the special franchises of corporations for the years 1900, 1901, 1902 and 1903, and which now remain due and unpaid;

And also the respective owners of all lands and tenements in The City of New York, situated in the borough aforesaid, on which the assessments have been laid according to law by the said City of New York for the years 1899, 1900, 1901, 1902, 1903 and 1904, and which now remain due and unpaid, are required to pay the amount of the said taxes and assessments so remaining due and unpaid, with the interest thereon at the rate of seven (7) per centum per annum, from the time when the same became due to the time of payment, together with the charges of this notice and advertisement, to the Collector of Assess-

ments within that part of The City of New York now known as the Borough of Richmond, on which taxes have been laid and confirmed according to law by The City of New York for the years 1899, 1900, 1901, 1902 and 1903, including taxes on the real estate of corporations for the said years and taxes on the special franchises of corporations for the years 1900, 1901, 1902 and 1903, and which now remain due and unpaid;

And also the respective owners of all lands and tenements in The City of New York, situated in the borough aforesaid, on which the assessments have been laid according to law by the said City of New York for the years 1899, 1900, 1901, 1902, 1903 and 1904, and which now remain due and unpaid, are required to pay the amount of the said taxes and assessments so remaining due and unpaid, with the interest thereon at the rate of seven (7) per centum per annum, from the time when the same became due to the time of payment, together with the charges of this notice and advertisement, to the Collector of Assess-

ments within that part of The City of New York now known as the Borough of Richmond, on which taxes have been laid and confirmed according to law by The City of New York for the years 1899, 1900, 1901, 1902 and 1903, including taxes on the real estate of corporations for the said years and taxes on the special franchises of corporations for the years 1900, 1901, 1902 and 1903, and which now remain due and unpaid;

And also the respective owners of all lands and tenements in The City of New York, situated in the borough aforesaid, on which the assessments have been laid according to law by the said City of New York for the years 1899, 1900, 1901, 1902, 1903 and 1904, and which now remain due and unpaid, are required to pay the amount of the said taxes and assessments so remaining due and unpaid, with the interest thereon at the rate of seven (7) per centum per annum, from the time when the same became due to the time of payment, together with the charges of this notice and advertisement, to the Collector of Assess-

ments within that part of The City of New York now known as the Borough of Richmond, on which taxes have been laid and confirmed according to law by The City of New York for the years 1899, 1900, 1901, 1902 and 1903, including taxes on the real estate of corporations for the said years and taxes on the special franchises of corporations for the years 1900, 1901, 1902 and 1903, and which now remain due and unpaid;

And also the respective owners of all lands and tenements in The City of New York, situated in the borough aforesaid, on which the assessments have been laid according to law by the said City of New York for the years 1899, 1900, 1901, 1902, 1903 and 1904, and which now remain due and unpaid, are required to pay the amount of the said taxes and assessments so remaining due and unpaid, with the interest thereon at the rate of seven (7) per centum per annum, from the time when the same became due to the time of payment, together with the charges of this notice and advertisement, to the Collector of Assess-

ments within that part of The City of New York now known as the Borough of Richmond, on which taxes have been laid and confirmed according to law by The City of New York for the years 1899, 1900, 1901, 1902 and 1903, including taxes on the real estate of corporations for the said years and taxes on the special franchises of corporations for the years 1900, 1901, 1902 and 1903, and which now remain due and unpaid;

And also the respective owners of all lands and tenements in The City of New York, situated in the borough aforesaid, on which the assessments have been laid according to law by the said City of New York for the years 1899, 1900, 1901, 1902, 1903 and 1904, and which now remain due and unpaid, are required to pay the amount of the said taxes and assessments so remaining due and unpaid, with the interest thereon at the rate of seven (7) per centum per annum, from the time when the same became due to the time of payment, together with the charges of this notice and advertisement, to the Collector of Assess-

ments within that part of The City of New York now known as the Borough of Richmond, on which taxes have been laid and confirmed according to law by The City of New York for the years 1899, 1900, 1901, 1902 and 1903, including taxes on the real estate of corporations for the said years and taxes on the special franchises of corporations for the years 1900, 1901, 1902 and 1903, and which now remain due and unpaid;

And also the respective owners of all lands and tenements in The City of New York, situated in the borough aforesaid, on which the assessments have been laid according to law by the said City of New York for the years 1899, 1900, 1901, 1902, 1903 and 1904, and which now remain due and unpaid, are required to pay the amount of the said taxes and assessments so remaining due and unpaid, with the interest thereon at the rate of seven (7) per centum per annum, from the time when the same became due to the time of payment, together with the charges of this notice and advertisement, to the Collector of Assess-

ments within that part of The City of New York now known as the Borough of Richmond, on which taxes have been laid and confirmed according to law by The City of New York for the years 1899, 1900, 1901, 1902 and 1903, including taxes on the real estate of corporations for the said years and taxes on the special franchises of corporations for the years 1900, 1901, 1902 and 1903, and which now remain due and unpaid;

And also the respective owners of all lands and tenements in The City of New York, situated in the borough aforesaid, on which the assessments have been laid according to law by the said City of New York for the years 1899, 1900, 1901, 1902, 1903 and 1904, and which now remain due and unpaid, are required to pay the amount of the said taxes and assessments so remaining due and unpaid, with the interest thereon at the rate of seven (7) per centum per annum, from the time when the same became due to the time of payment, together with the charges of this notice and advertisement, to the Collector of Assess-

ments within that part of The City of New York now known as the Borough of Richmond, on which taxes have been laid and confirmed according to law by The City of New York for the years 1899, 1900, 1901, 1902 and 1903, including taxes on the real estate of corporations for the said years and taxes on the special franchises of corporations for the years 1900, 1901, 1902 and 1903, and which now remain due and unpaid;

ments and Arrears, at his office in the Borough Hall, New Brighton, in the Borough of Richmond, in The City of New York.

And that, if default shall be made in such payment, such lands and tenements will be sold at public auction, in Room 129, Borough Hall, New Brighton, in the Borough of Richmond, in The City of New York, on

**WEDNESDAY, NOVEMBER 20, 1907,** at 10 o'clock in the forenoon of that day, for the lowest term of years at which any person shall offer to take the same, in consideration of advancing the said taxes or assessments, as the case may be, and the interest thereon as aforesaid, to the time of sale, together with the charges of this notice and advertisement, and all other costs and charges accrued thereon; and that such sale will be continued from time to time until all the lands and tenements so advertised for sale shall be sold.

Notice is hereby further given that a detailed statement of such taxes and assessments and the ownership of the property taxed and on which such taxes and assessments remain unpaid, is published in a pamphlet and that copies of the said pamphlet are deposited in the offices of the Collector of Assessments and Arrears in the Boroughs of Manhattan and Richmond, and will be delivered to any person applying for the same.

DANIEL MOYNAHAN,  
Collector of Assessments and Arrears  
of The City of New York.

**WEDNESDAY, JANUARY 8, 1908,**  
at 10 o'clock a. m.

FRANK A. SPENCER,  
Secretary.  
j6,8

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, NEW YORK, JANUARY 6, 1908.

**PUBLIC NOTICE IS HEREBY GIVEN** that applications will be received from MONDAY, JANUARY 6, until 12 noon on SATURDAY, JANUARY 18, 1908, for the position of

**PATROLMAN ON AQUEDUCT.**

The subjects and weights of the examination are as follows:

Physical ..... 5  
Experience ..... 2  
Mental ..... 3

The subjects and weights of the mental examination are as follows:

Duties ..... 8  
Arithmetic ..... 2

Seventy per cent. is required on the physical examination and 70 per cent. on the mental, and 70 per cent. on all.

Candidates must be resident citizens of the State of New York, and not less than 21 nor more than 35 years old, and not less than 5 feet 7 inches in height.

The work will be wholly outside The City of New York.

A number of appointments will be made immediately by the Board of Water Supply.

The salary is \$75 a month.

Notice will be given later of the dates of the physical and mental examinations.

The attention of candidates is called to the following:

The provisions of the law governing appointments to this position are in part as follows:

"It shall be the duty of the Board of Water Supply of The City of New York to provide proper police protection to the inhabitants of the localities in which any work may be constructed under the authority of this act, and during the period of construction, against the acts or omissions of persons employed on such works or found in the neighborhood thereof."

"It shall be the special duty of the persons so appointed to prevent breaches of the peace and unlawful depredations and to arrest and bring before the proper magistrates persons employed on the City works or found in the neighborhood thereof who are guilty of offenses against the law."

"The sheriff of a county wherein a certificate of appointment of any such person as a peace officer is filed may cancel such certificate for cause."

F. A. SPENCER,  
Secretary.  
j6,j18

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, NEW YORK, DECEMBER 16, 1907.

d10,j14

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, NEW YORK, NOVEMBER 1, 1907.

**PUBLIC NOTICE IS HEREBY GIVEN** that applications will be received from FRIDAY, NOVEMBER 1, UNTIL 4 P. M. MONDAY, DECEMBER 30, 1907, for the position of

**GARDENER.**

The examination will be held on

**WEDNESDAY, JANUARY 22, 1908,**  
at 10 a. m.

The subjects and weights of the examination are as follows:

Special ..... 6  
Experience ..... 4

The percentage required is 70.  
There are five vacancies in the Department of Parks, Boroughs of Manhattan and Richmond.

The salary is \$2 to \$3 per day.

The minimum age is 21 years.

The provision of clause 12 of Rule VII., to the effect that "no person who has entered any examination for appointment to a competitive position and failed therein or who has withdrawn therefrom, shall be admitted within nine months from the date of such examination to a new examination for the same position," is waived so far as it applies to this examination.

FRANK A. SPENCER,  
Secretary.  
n1,j22

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, CITY OF NEW YORK.

**PUBLIC NOTICE WILL BE GIVEN OF** all competitive examinations two weeks in advance of the date upon which the receipt of applications for any scheduled examination will close. Applications will be received for only such examinations as are scheduled.

When an examination is advertised, a person desiring to compete in the same may obtain an application blank upon request made in writing or by personal application at the office of the Commission.

All notices of examinations will be posted in the office of the Commission, City Hall, Municipal Building, Brooklyn, and advertised in the City Record for two weeks in advance of the date upon which the receipt of applications will close for any stated position.

Public notice will also be given by advertisement in most of the City papers.

Wherever an examination is of a technical character, due notice is given by advertisement in the technical journals appertaining to the particular profession for which the examination is called.

Such notices will be sent to the daily papers as matters of news, and to the General Post-office and stations thereof. The scope of the examination will be stated, but for more general information application should be made at the office of the Commission.

Unless otherwise specifically stated, the minimum age requirement for all positions is 21.

WILLIAM F. BAKER,  
President;  
R. ROSS APPLETON,  
FRANK L. POLK,  
Commissioners.

FRANK A. SPENCER,  
Secretary.

d27,j15

## DEPARTMENT OF STREET CLEANING.

MAIN OFFICE OF THE DEPARTMENT OF STREET CLEANING, ROOM 1403, NOS. 13 TO 21 PARK ROW, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

**SEALED BIDS OR ESTIMATES WILL BE** received by the Commissioner of Street Cleaning at the above office until 12 o'clock m. on

**FRIDAY, JANUARY 10, 1908.**

**Boroughs of Manhattan, The Bronx and Brooklyn.**

**CONTRACT FOR FURNISHING AND DELIVERING:**

- No. 1. IRON AND STEEL.
- No. 2. HARNESS-MAKERS' SUPPLIES.
- No. 3. MISCELLANEOUS SUPPLIES.
- No. 4. PLUMBING SUPPLIES.
- No. 5. MALLEABLE IRON CASTINGS.
- No. 6. SCRAPER STEEL.
- No. 7. HARDWARE.
- No. 8. CARRIAGE BOLTS AND NUTS.
- No. 9. MACHINE BOLTS AND NUTS.
- No. 10. LEATHER.
- No. 11. LUMBER.

The times for the delivery of the supplies and the completion of the contracts will be as follows: Harness-makers' Supplies, Scraper Steel, Hardware, Carriage Bolts and Nuts, Machine Bolts and Nuts, sixty (60) days; for Iron and Steel, Miscellaneous Supplies, Malleable Iron Castings, ninety (90) days, and for Leather and for Lumber, the year 1908, as required.

The amount of security is fifty per cent. (50%) of the amount of the bid or estimate.

For the purpose of proper inspection of the supplies to be furnished under each of the above contracts, a Special Inspector will be appointed by the Commissioner of Street Cleaning, and the compensation of this Inspector is to be paid by the contractor under each contract at the rate of 2½ per cent. of the total amount of each contract.

In making a bid for any one of the above contracts, this amount of 2½ per cent. for compensation of the Special Inspector should be taken into account, but must not be distributed among the prices of the several items. It must be added by the bidder at the foot of his bid, as a separate and distinct item, thus: "Compensation of Special Inspector at 2½ per cent."—then ex-

tending this amount as 2½ per cent. of the total of his extended prices.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per pound, per hundred pounds, ton, dozen, gallon, yard or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total for each class and awards made to the lowest bidder on each class.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained at the office of the Department of Street Cleaning, the Borough of Manhattan, Nos. 13 to 21 Park row.

FOSTER CROWELL,

Commissioner of Street Cleaning.

Dated December 27, 1907.

d28,j10

**See General Instructions to Bidders on the last page, last column, of the "City Record."**

MAIN OFFICE OF THE DEPARTMENT OF STREET CLEANING, ROOM 1403, NOS. 13 TO 21 PARK ROW, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

**SEALED BIDS OR ESTIMATES WILL BE** received by the Commissioner of Street Cleaning at the above office until 12 o'clock m. on

**THURSDAY, JANUARY 9, 1908,**

**Borough of The Bronx.**

**CONTRACT FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR LOADING AND TRIMMING DECK SCOWS AND OTHER VESSELS OF THE DEPARTMENT, AND FOR THE PRIVILEGE OF SORTING AND PICKING OVER AND APPROPRIATING CERTAIN REFUSE.**

The time for the completion of the work and the full performance of the contract is by or before one year.

The amount of security required is Three Thousand Dollars.

The period of this contract will be one (1) year of fifty-two (52) weeks, beginning on the Monday following the date of the contract.

Bidders will write out the price in their bids or estimates, in addition to inserting the same in figures, and this price will be the compensation to be paid to The City of New York by the contractor per week in advance for the privilege and work at all the dumps and at dumps to be provided and maintained by the contractor at his own cost and expense.

Each bid or estimate must be accompanied by a certified check on a solvent banking corporation in The City of New York, payable to the order of the Comptroller of the City of New York, for five per centum (5%) of the amount for which the bidder proposes to perform the work for one year.

From the bids or estimates so received the Commissioner may select the bid, the acceptance of which will, in his judgment, best secure the efficient performance of the work, or he may reject any or all of said bids.

Blank forms and further information may be obtained at the office of the Department of Street Cleaning, the Borough of Manhattan, Nos. 13 to 21 Park row.

FOSTER CROWELL,

Commissioner of Street Cleaning.

Dated December 26, 1907.

d27,j9

**See General Instructions to Bidders on the last page, last column, of the "City Record."**

German—"Staats-Zeitung."

Designated by the Board of City Record, January 22, 1906. Amended March 1, 1906, November 20, 1906, and February 20, 1907.

## SUPREME COURT—FIRST DEPARTMENT.

## FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the extending of HIGH BRIDGE PARK, as shown on a map filed in the office of the Register of the County of New York, December 21, 1903, in accordance with the plan adopted by the Board of Estimate and Apportionment December 11, 1903, and approved by the Mayor on December 18, 1903, in the Twelfth Ward, Borough of Manhattan, City of New York.

**WE, THE UNDERSIGNED COMMISSIONERS** of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our first partial and separate estimate of damage and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 27th day of January, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 28th day of January, 1908, at 1 o'clock p. m.

Second—That the abstract of our said first partial and separate estimate of damage, together with our damage maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 6th day of February, 1908.

Third—That, provided there be no objections filed to said abstract, our final first partial and separate report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 14th day of February, 1908, at the opening of the Court on that day.

Fourth—In case, however, objections are filed to said first partial and separate abstract of estimate of damage the notice of motion to confirm our final first partial and separate report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, January 7, 1908.

WM. E. STILLINGS,

Chairman;

JAMES J. McCORMICK,

SIDNEY J. COWEN,

Commissioners.

## FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of WEST ONE HUNDRED AND TWENTY-NINTH STREET, from Convent avenue to Amsterdam avenue (although not yet named by proper authority), in the Twelfth Ward, Borough of Manhattan, The City of New York.

**NOTICE IS HEREBY GIVEN THAT THE** bill of costs, charges and expenses incurred by reason of the proceedings in the above-entitled matter will be presented for taxation to one of the Justices of the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I, to be held at the County Court House, in the Borough of Manhattan, in The City of New York, on the 20th day of January, 1908, at 10.30 o'clock in forenoon of that day, or as soon thereafter as counsel can be heard thereon, and that the said bill of costs, charges and expenses has been deposited in the office of the Clerk of the County of New York, there to remain for and during the space of ten days, as required by the provisions of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, January 4, 1908.

HAROLD E. NAGLE,

ALBERT P. MASSEY,

WILLIAM H. F. WOOD,

Commissioners of Estimate.

ALBERT P. MASSEY,

Commissioner of Assessment.

JOHN P. DUNN,

Clerk.

j7,18

## FIRST JUDICIAL DEPARTMENT.

In the matter of the application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title to and possession of certain uplands and lands, wharf property, wharfage rights, terms, easements, emoluments and privileges necessary to be taken for the improvement of the water front of The City of New York, on the NORTH RIVER, BETWEEN WEST FIFTEENTH AND WEST EIGHTEENTH STREETS, and the easterly side of the marginal street, wharf or place adopted by the Board of Docks and approved by the Commissioners of the Sinking Fund, and the North river, pursuant to the plan heretofore adopted by the Board of Docks and approved by the Commissioners of the Sinking Fund.

**NOTICE IS HEREBY GIVEN THAT BY** an order of the Supreme Court of the State of New York, bearing date the 18th day of December, 1907, and filed and entered in the office of the Clerk of the County of New York on the 19th day of December, 1907, Messrs. Charles N. Morgan, Adam Wiener and James Shelton Meng were appointed Commissioners of Estimate and Assessment in the above-entitled proceeding.

Notice is further given, pursuant to the statutes in such case made and provided, that the said Charles N. Morgan, Adam Wiener and James Shelton Meng will attend at a Special Term, Part II, of the Supreme Court, to be held at the County Court House in the Borough of Manhattan, in The City of New York, on the 15th day of January, 1908, at 11 o'clock in the forenoon of that day, for the purpose of being examined under oath by the Corporation Counsel of The City of New York, or by any person having an interest in said proceeding, as to their qualifications to act as such Commissioners of Estimate and Assessment in said proceeding.

Dated New York, December 31, 1907.

FRANCIS K. PENDLETON,

Corporation Counsel.

Hall of Records, Borough of Manhattan, City of New York.

## FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of EAST TWO HUNDRED AND THIRTY-THIRD STREET (although not yet named by proper authority), from Bronx river to Hutchinson river; also the PUBLIC PLACE at the intersection of East Two Hundred and Thirty-third street with Morris Park avenue, and the PUBLIC PLACE at the eastern terminus of East Two Hundred and Thirty-third street and Hutchinson river, in the Twenty-fourth Ward, Borough of The Bronx, The City of New York, as amended by an order entered herein discontinuing the above-entitled proceeding, so far as the same affects that part of East Two Hundred and Thirty-third street lying between the westerly side of Baychester avenue and Hutchinson river.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 10th day of January, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 13th day of January, 1908, at 2 o'clock p. m.

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 30th day of January, 1908.

been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 20th day of January, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises, situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of a line parallel to and distant 1,500 feet southerly from the southerly line of East Two Hundred and Thirty-third street with the centre line of the Bronx river; running thence northerly along the centre line of the Bronx river to its intersection with a line parallel to and distant 1,500 feet northerly from the northerly line of East Two Hundred and Thirty-third street; thence easterly along said parallel line to its intersection with a line parallel to and distant 500 feet easterly from the easterly line of Baychester avenue; thence southerly along said last-mentioned parallel line to its intersection with the easterly prolongation of a line parallel to and distant 1,500 feet southerly from the southerly line of East Two Hundred and Thirty-third street; thence westerly along said prolongation and parallel line to the point or place of beginning; as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 27th day of February, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, December 6, 1907.  
T. ELLETT HODGSKIN,  
Chairman;  
DANIEL M. CORCORAN,  
JOHN W. WARD,  
Commissioners.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of AVENUE D, from Flatbush avenue to Rogers avenue, in the Twentieth Ward, Borough of Brooklyn, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our amended and supplemental estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 20th day of January, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 23rd day of January, 1908, at 2 o'clock p. m.

Second—That the abstracts of our said amended and supplemental estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 30th day of January, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the northerly line of Newkirk avenue and the westerly line of Rogers avenue and running thence westerly along said northerly line of Newkirk avenue and its westerly prolongation to its intersection with a line parallel to and distant two hundred and fifty (250) feet south-

westerly from the southwesterly line of Flatbush avenue, thence northwesterly along said parallel line to its intersection with the westerly prolongation of the centre line of the blocks between Clarendon road (Avenue C) and Avenue D, thence easterly along said westerly prolongation and centre line to its intersection with the westerly line of Rogers avenue, thence southerly along said westerly line to the point or place of beginning, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 23rd day of March, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD and in the corporation newspapers, pursuant to sections 981 and 984 of The Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated, Borough of Brooklyn, New York, December 30, 1907.

JOHN R. FARRAR,  
Chairman;  
ARTHUR BECKWITH,  
JOSEPH A. GUIDER,  
Commissioners.  
JAMES F. QUIGLEY,  
Clerk.

## KINGS COUNTY.

In the matter of acquiring title by The City of New York to certain lands and premises situated in the block bounded by Marcy avenue, Rodney and Keap streets, in the Borough of Brooklyn, duly selected as a site for school purposes according to law.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate in the above-entitled matter, appointed pursuant to the provisions of the statute relating thereto, hereby give notice to the owner or owners, lessee or lessees, parties or persons, respectively, entitled to or interested in the lands, tenements, hereditaments and premises title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties and persons interested in the lands or premises affected by this proceeding or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Education of The City of New York at Park avenue and Fifty-ninth street, Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern.

Second—That all parties or persons whose rights may be affected by the said estimate and who may object to the same or any part thereof, may, within ten days after the first publication of this notice, December 28, 1907, file their objections to such estimate, in writing, with us at our office, Room 92, Franklin Trust Company Building, No. 166 Montague street, in the Borough of Brooklyn, in said City, as provided by statute, and that we, the said Commissioners, will hear parties so objecting, at our office, on the 14th day of January, 1908, at 2 o'clock in the afternoon, and upon such subsequent days as may be found necessary.

Dated, Borough of Brooklyn, City of New York, December 28, 1907.

FRANKLIN TAYLOR,  
CHARLES MERWIN TURNER,  
ARCHIBALD J. QUAIL,  
Commissioners.  
GEORGE T. RIGGS,  
Clerk.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of WILLIAM STREET (although not yet named by proper authority), from Graham avenue to Thirteenth street, in the First Ward, Borough of Queens, in The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, No. 252 Jackson avenue, in the Borough of Queens, in The City of New York, on or before the 18th day of January, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 22d day of January, 1908, at 12 o'clock m.

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 252 Jackson avenue, in the Borough of Queens, in said City, there to remain until the 28th day of January, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the southwesterly prolongation of the middle line of the blocks between the Crescent and William street with a line parallel to and 100 feet southwesterly from the southwesterly line of Thirteenth street; running thence northwesterly along said parallel line to its intersection with a line parallel to and 100 feet southeasterly from the southeasterly line of Ely avenue; thence northeasterly along said last-mentioned parallel line to its inter-

section with the middle line of the blocks between William street and Ely avenue and continuing northeasterly along said middle line and its prolongation to its intersection with a line parallel to and 100 feet northeasterly from the northeasterly line of Graham avenue; thence southeasterly along said parallel line to its intersection with the northeasterly prolongation of the middle line of the blocks between the Crescent and William street; thence northwesterly along said prolongation and middle line to the point or place of beginning, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the ninth day of April, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD and in the corporation newspapers, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, December 20, 1907.

THOMAS B. SEAMAN,  
Chairman;  
OWEN FITZPATRICK,  
Commissioners.

JOHN P. DUNN,  
Clerk.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of WILBUR AVENUE (although not yet named by proper authority), from Academy street to Van Alst avenue, in the First Ward, Borough of Queens, in The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 252 Jackson avenue, in the Borough of Queens, in The City of New York, on or before the 18th day of January, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 22d day of January, 1908, at 11 o'clock a. m.

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 252 Jackson avenue, in the Borough of Queens, in said City, there to remain until the 28th day of January, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at the point of intersection of the northwesterly line of Academy street with the middle line of the blocks between Jane street and Wilbur avenue; running thence northwesterly along said middle line of the blocks to its intersection with the southeasterly line of Van Alst avenue; thence northwesterly along the southeasterly line of Van Alst avenue to its intersection with the middle line of the blocks between Paynter avenue and Wilbur avenue; thence southeasterly along the last-mentioned middle line of the blocks to its intersection with the northwesterly line of Academy street; thence southwesterly along the northwesterly line of Academy street to the point or place of beginning, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 9th day of April, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD and in the corporation newspapers, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, December 20, 1907.

ATHELSTON VAUGHAN,  
Chairman;  
JOHN PILNACEK,  
FRANK DEVINE,  
Commissioners.

JOHN P. DUNN,  
Clerk.

## PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

## NOTICE TO CONTRACTORS.

## GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
