NEW YORK, MONDAY, JANUARY 9, 1893.

### BOARD OF ESTIMATE AND APPORTIONMENT.

BOARD OF ESTIMATE AND APPORTIONMENT—CITY OF NEW YORK,  
MAYOR'S OFFICE, CITY HALL,  
FRIDAY, December 30, 1892, 11 o'clock A. M.

The Board met in pursuance of an adjournment.  
Present—Hugh J. Grant, the Mayor; Theodore W. Myers, the Comptroller; Edward P. Barker, the President of the Department of Taxes and Assessments.  
Absent—John H. V. Arnold, the President of the Board of Aldermen.

The minutes of the meeting held December 28, 1892, were read and approved.

A writ of mandamus issued by the Supreme Court in the matter of Jacob Lorillard et al., as Commissioners under chapters 487 of the Laws of 1885, 573 of the Laws of 1888, and 249 of the Laws of 1890, against the Board of Estimate and Apportionment, was received and referred to the Comptroller.

Orders of the Supreme Court in the matters of the Forty-second Street and Grand Street Ferry Railroad Company, Third Avenue Railroad Company, Christopher and Tenth Street Railroad Company, and Central Cross-town Railroad Company against the Commissioners of Taxes and Assessments, were received and referred to the Comptroller.

On motion, the Board proceeded to the consideration of the Final Estimate for the year 1893.

William Lummis, Commissioner of Education, appeared and requested that an increased amount be allowed in the Final Estimate for 1893, for salaries of Janitors in the public schools.  
Laid over.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE,  
December 30, 1892.

To the Board of Estimate and Apportionment:

In the matter of the proposed sanitary work by the Board of Education in the public schools specified in the list referred to me for examination, I am well satisfied that the changes and repairs should be made and the work done without unnecessary delay.

The Engineer of the Finance Department has visited these schools and examined carefully their present sanitary condition. He reports that the sanitary arrangements in all of them are defective and are poorly adapted for the purpose. It is clear from the examination that immediate action is required for the protection of the scholars and teachers.

I think, however, that the money may be obtained for the work without increasing the Tax Budget of the coming year. The appropriation for this work in the Final Estimate for 1893 is \$48,000. A transfer of unexpended balances of appropriations under the control of the Board of Education of \$44,382 in addition, would furnish, in all, \$92,382, the amount required to make the changes and repairs in the sanitary work called for by the present showing. The transfer could be made at once and the work completed in a short time.

I would recommend, therefore, that the Board of Education be requested to select from the appropriations made to it in 1892, in excess of the purposes for which they were made, such sums as will in the aggregate be sufficient, in addition to the regular appropriation, to cover the expense of the sanitary work in question, with a view to a transfer of such unexpended balances to the appropriation for "Sanitary Work, Changes and Repairs of—Special, 1893."

Respectfully,

THEO. W. MYERS, Comptroller.

And offered the following:

Resolved, That a transfer of forty-four thousand three hundred and eighty-two dollars hereby is recommended from unexpended balances of appropriations made to the Board of Education for the year 1892, in excess of the objects and purposes thereof, to be designated by the Board of Education, and certified to the Comptroller, and approved by him, to the appropriation for "Sanitary Work, Changes and Repairs of—Special, 1893."

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller and President of the Department of Taxes and Assessments—3.

On motion, the Board adjourned to meet on Saturday, December 31, 1892, at 10.30 o'clock A. M.

E. P. BARKER, Secretary.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE,  
December 31, 1892.

*To the Board of Estimate and Apportionment:*

Herewith I present a statement of unexpended balances of appropriations of the several departments and offices made to them for the year 1891 and previous years, after allowing sufficient to satisfy all known claims payable therefrom, which have been reported by the several departments, and which are on file in the Finance Department, the said balances of appropriations aggregating the sum of \$508,501.97.

Section 207 of the New York City Consolidation Act of 1882 provides that such unexpended balances shall be transferred annually by the Comptroller to the General Fund, to be applied to the reduction of taxation, with the approval of the Board of Estimate and Apportionment.

The Board of Estimate and Apportionment is therefore respectfully requested to approve of the transfer of said amount of unexpended balances of appropriations, for the year 1891 and previous years, to be applied to the reduction of taxation of the year 1893, for which purpose I submit a resolution.

Respectfully,  
THEO. W. MYERS, Comptroller.

## Which was adopted by the following vote:

## The Comptroller offered the following:

Whereas, The Board of Aldermen of the City of New York, at a special meeting held on Thursday, November 17, 1892, for the purpose, pursuant to the provisions of section 189 of the New York City Consolidation Act of 1882, made certain objections to and rectifications of the Provisional Estimate for the year 1893, which rectifications were adopted by said Board at a regular meeting held November 24, 1892, and were presented to the Board of Estimate and Apportionment at a meeting held on December 6, 1892; and

Whereas, The Board of Estimate and Apportionment, as provided by said section 189 of said Consolidation Act, have duly considered the objections to and rectifications of the said Provisional Estimate for the year 1893, made by the Board of Aldermen;

Resolved, That in making the Final Estimate for the year 1893 the said rectifications hereby are overruled, as follows:

## LEGISLATIVE DEPARTMENT.

Increase: "Clerk, Common Council." Add \$2,000 for Stenographer and Typewriter, thereby increasing the appropriation from \$86,800 to \$88,800.

This increase of the appropriation is overruled as excessive. The sum of \$1,200 is deemed sufficient for this purpose. Accordingly the appropriation of \$86,800 in the Provisional Estimate is increased to \$88,000 in the Final Estimate.

## DEPARTMENT OF PUBLIC WORKS.

Increase: "Free Floating Baths—Care and Maintenance." Add \$125,000, thereby increasing the appropriation from \$18,000 to \$143,000.

This increase of the appropriation is overruled for the reason that the amount appropriated in the Provisional Estimate is deemed sufficient for the purpose, which amount is allowed in the Final Estimate.

## DEPARTMENT OF PUBLIC PARKS.

Increase: "Fourth Avenue Public Parks—For Laying-out, Improving and Inclosing Public Parks on Fourth Avenue, between Fifty-sixth and Sixty-seventh Streets." Add \$4,000, thereby increasing the appropriation from \$10,000 to \$14,000.

This increase of the appropriation is overruled for the reason that it is not deemed necessary, and the amount appropriated in the Provisional Estimate is considered sufficient for the purpose.

## Which were adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

The Comptroller offered the following preamble and resolution and Final Estimate for the support of the City Government for the year 1893:

Whereas, The Board of Estimate and Apportionment, on the 31st day of October, 1892, adopted the Provisional Estimate for the year eighteen hundred and ninety-three (1893), and have considered the objections to and rectifications of said estimate, made by the Board of Aldermen on November 22, 1892, of the amounts required to pay the expenses of conducting the public business of the City and County of New York, in each Department and branch thereof, and the Board of Education, for the next ensuing financial year, to wit, for the year eighteen hundred and ninety-three (1893), in which estimate is included such sum as is necessary for the payment of interest on the bonds of the said city and county which becomes due and payable within said year, which is not otherwise provided for; also such sum as is necessary to be raised by tax to pay the principal of any bonds and stocks which become due and payable during the said year, which is not otherwise provided for; also the amount to be raised by tax annually, which, with the accumulations of interest thereon, will be sufficient to redeem the stocks and bonds issued to provide for the supply of water, pursuant to the provisions of section 11, of article 8 of the Constitution of the State of New York, as amended in 1884, and also so much as may be necessary to pay the proportion of the State tax required to be paid by the City and County of New York in said year 1893, as provided by

section 189 of the New York City Consolidation Act of 1882, which objections to and rectifications of said Provisional Estimate were transmitted by the Clerk of the Board of Aldermen on November 23, 1892, and presented to the Board of Estimate and Apportionment on December 6, 1892; therefore

Resolved, That after such consideration of the said objections to and rectifications of said Provisional Estimate, the Board of Estimate and Apportionment do hereby make this a

The President of the Department of Taxes and Assessments offered the following :

Inasmuch as the official relations of the Hon. Hugh J. Grant, Mayor, and the Hon. John H. V. Arnold, President of the Board of Aldermen, as members of the Board of Estimate and Apportionment, will cease with this date, the Comptroller and the President of the Department of Taxes and Assessments desire to make a record of their deep sense of appreciation of the valuable services rendered by Mayor Grant and President Arnold in the discharge of the responsible and intricate duties devolving upon them as members of this Board, as evinced by their earnest endeavors to promote economy and efficiency throughout the City Government. And as colleagues tender them the kindest appreciation of pleasant associations and assurances of personal regard.

Which was adopted and ordered entered at length on the minutes.

The following communications were received :

From the Department of Street Cleaning—

DEPARTMENT OF STREET CLEANING—CITY OF NEW YORK,  
STEWART BUILDING,  
NEW YORK, December 28, 1892.

Hon. HUGH J. GRANT, Mayor and Chairman of the Board of Estimate and Apportionment :

SIR—In regard to the matter of the final disposition of the material collected by this Department, I would respectfully suggest that the Counsel to the Corporation be requested to draft a contract for towing and unloading same at Hart's Island, Pelham Park, Riker's Island and sundry localities on Long Island Sound south of Hart's Island, also on North river, south of Yonkers, and down New York Bay ; barges to be returned to dumps at prices to be mentioned for each locality ; an advertisement can then be published consistent with the terms of the contract, and bidders can become informed as to the terms thereof by referring to same, which can be filed in this Department.

This is very important and should be acted upon at the earliest possible moment, as we find it impossible to get our scows to the dumping point at sea during this weather, and will cite the fact, that since last Wednesday, just one week, we have been unable to get any scows out.

Trusting that this suggestion will meet the views of the Honorable Board of Estimate and Apportionment, I have the honor to remain,

Very respectfully,

THOMAS S. BRENNAN, Commissioner of Street Cleaning.

Laid over.

## APPROVED PAPERS.

*Approved Papers for the Week ending January 7, 1893.*

Whereas, Hon. John H. V. Arnold, who for the last four years has faithfully discharged the duties of the office of President of the Board of Aldermen, part of the time, in the absence of Mayor Hugh J. Grant, acting as chief magistrate of the City of New York, as provided for by law; and

Whereas, The said Hon. John H. V. Arnold, by his uniformly dignified demeanor as presiding officer of the Common Council, by his kindly disposition and by his just and accurate rulings has commanded the respect and affection of the several Boards over which he was called to preside; and

Whereas, The said Hon. John H. V. Arnold, by his legal acumen, his wealth of historical lore affecting the City of his birth, and his thorough familiarity with parliamentary proceedings has added dignity and honor to the office of President of the Board; therefore be it

Resolved, That the members of the Board of Aldermen of 1892 unitedly express their sense of the high regard in which they hold President John H. V. Arnold, and beg to assure him of their deep feeling of friendship and respect for him, which they wish him to carry into private life; and be it further

Resolved, That a copy of these resolutions, suitably engrossed and duly authenticated by the Clerk, be forwarded to the said President John H. V. Arnold.

Adopted by the Board of Aldermen at 10.30 A. M., January 2, 1893.

### To the Honorable the Board of Aldermen:

The Committee on Railroads, to whom was referred the annexed petition of the Fiftieth Street, Astoria Ferry and Central Park Railroad Company, respectfully

#### REPORT:

That on Tuesday, March 29, 1892, the said annexed petition of said railroad company was duly presented to the Board of Aldermen for their consideration. That subsequently, on May 24, 1892, a resolution was introduced, of which the following is a copy:

Resolved, That Wednesday, the 15th day of June, 1892, at 2 o'clock P. M., and the chamber of the Board of Aldermen be and are hereby designated as the time and place when and where the application of the Fiftieth Street, Astoria Ferry and Central Park Railroad Company to the Common Council of the City of New York for its consent and permission for the construction, maintenance and operation of the street surface railroad proposed to be constructed by the said company, as mentioned in its petition for such consent, will be first considered, and that public notice be given by the Clerk of this Board by publishing the same daily for fourteen days, excluding Sundays, in two daily newspapers published in this city, to be designated by his Honor the Mayor, according to the provisions of the "Railroad Law," such advertising to be at the expense of the petitioner.

That on May 28, 1892, the Mayor approved the foregoing resolution and designated the "Sun" and the "Daily News" as the two daily newspapers in which the said notice for such hearing was duly published for fourteen days.

That said public hearing was duly held in the chamber of the Board of Aldermen on the 15th day of June, 1892, and a number of taxpayers and citizens appeared and earnestly protested against any franchise or permission being granted to the said the Fiftieth Street, Astoria Ferry and Central Park Railroad Company; while several others appeared in favor thereof.

That an adjournment was taken on said 15th day of June, 1892, to July 1, 1892, when a further hearing was had and time given for further objections, if any, to be made by way of communications in writing until August 1, 1892.

That after giving due consideration to the arguments advanced in favor of granting said franchise and to the weighty objections thereto, your Committee is of the opinion that the interests of the City and of its residents, citizens and taxpayers would be best subserved by rejecting said application of the Fiftieth Street, Astoria Ferry and Central Park Railroad Company; that there is neither public necessity for such a road nor does the convenience of the public require it.

Your Committee therefore reports adversely to the petition of the said railroad company and the passage of the proposed resolution.

Adopted by the Board of Aldermen at 10.30 A. M., January 2, 1893.

Received from his Honor the Mayor, January 5, 1893, without his approval or objections thereto; therefore, as provided in section 75, chapter 410, Laws of 1882, the same became adopted.

Resolved, That the name of John Wieking, who was recently succeeded as a Commissioner of Deeds by George Simon, be corrected so as to read John D. Wieking.

Adopted by the Board of Aldermen, January 5, 1893.

Resolved, That the names of the following-named persons, recently appointed Commissioners of Deeds, be corrected and amended so as to read as follows:

Charles O. Mass to read Charles O. Maas.

Adopted by the Board of Aldermen, January 5, 1893.

6. A motion to strike out and insert is indivisible, but a motion to strike out being lost shall neither preclude amendment nor a motion to strike out and insert; and no motion or proposition on a subject different from that under consideration shall be admitted under color of amendment.

7. A motion to reconsider any vote must be made on the same day on which the vote proposed to be reconsidered was taken, or on the legislative day next succeeding, by a member who voted in the majority. Such motion may be made under any order of business, but shall be considered only under the order of business in which the vote proposed to be reconsidered occurred.

8. When a blank is to be filled and different sums or times shall be proposed the question shall be first taken on the highest sum and longest time.

9. The yeas and nays shall be taken on any question at the request of a member, and when so taken shall be entered on the minutes.

### DEPARTMENT OF DOCKS.

DEPARTMENT OF DOCKS,  
PIER "A," NORTH RIVER.

#### TO CONTRACTORS.

(No. 433.)

PROPOSALS FOR ESTIMATES FOR THE REMOVAL OF PIER OLD 42, THE STRUCTURE THEREON, AND DREDGING OVER SITE OF SAME, ON THE NORTH RIVER.

ESTIMATES FOR REMOVAL OF PIER OLD 42, the structure thereon, and dredging over site of same, on the North river, will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 1 o'clock P. M. of THURSDAY, JANUARY 19, 1893, at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above-named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Eight Thousand Six Hundred Dollars.

The Engineer's estimate of the nature, quantities and extent of the work is as follows:

CLASS I.	
Labor of removing the existing Pier and Dumping-board thereon.	
CLASS II.	
Mud Dredging, about.....	20,000 cubic yards
CLASS III.	
Crib Dredging, about.....	16,000 "
CLASS IV.	
Dredging Crib-work not filled in with stone, about.....	1,200 "

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

(1.) Bidders must satisfy themselves by personal examination of the locations of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

(2.) Bidders will be required to complete the entire work to the satisfaction of the Department of Docks and in substantial accordance with the specifications of the contract. No extra compensation beyond the amount payable for each class of the work before mentioned, which shall be actually performed at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced on or about January 25, 1893, or within five days after notification from the Engineer-in-Chief of the Department of Docks that the premises are in such condition that the work can proceed, and the entire work is to be fully completed on or before the expiration of three months after the date of said notification from the Engineer-in-Chief or within as many days thereafter as the dumping-board on the pier may be in use or occupied by the Department of Street Cleaning, or by the Department of Docks, one month after the date of notification from the Engineer-in-Chief, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

All the old material taken from the structures to be removed under the contract, except such portions hereinafter specified which are to be delivered to the Department of Docks, will become the property of the contractor, and bidders must estimate the value of such material when considering the prices for which they will do the work under the contract.

Bidders will state in their estimates a price for the whole of the work to be done, in each class, in conformity with the approved form of agreement and the specifications therein set forth, by which prices the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing each class of this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the securities offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and relet, and so on, until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein, and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent in writing of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

## THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

JAMES J. PHELAN,  
Commissioners of the Department of Docks.

The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

The amount of security required upon the execution of the contract will be in each case fifty per cent. of the estimated cost of the articles awarded to each contractor; the amount of preliminary security to be given until each award, and in which the sureties shall justify, shall be Seven Hundred and Fifty Dollars.

Should the person to whom the contract may be awarded, neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he accept but do not execute the contract and give the proper security, he shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet, as provided by law.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation, and no estimate will be accepted from, or a contract awarded to, any person not having at the time of making his estimate full, suitable and sufficient facilities for performing the work specified in his estimate.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of fifty per centum of the amount of the preliminary security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the Supervisor of the City Record, who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said Supervisor and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the undersigned city officers to reject any or all bids which may be deemed prejudicial to the public interests.

A separate contract will be made with the lowest bidder for each and every class of Stationery involving an expenditure of more than five hundred dollars, and the Board of City Record expressly reserves the right to make a contract with the lowest bidder on any class involving the expenditure of a lesser sum.

The Stationery is to be put up in packages according to schedules to be furnished to the contractors by the Supervisor of the City Record, and according to the most approved methods followed in the stationery trade for the preservation of goods. The contractors must complete the delivery of the goods at the office of the CITY RECORD within twenty days from the execution of the contracts.

## DESCRIPTION OF ARTICLES.

For particulars as to the quantities and kinds of Stationery, reference must be had to the specifications copies of which may be procured from the Supervisor of the City Record, or may be seen in the Department of Public Works, where they are on file with certain samples. When the description of an article is not complete in the specifications, and no sample is on file in the Department of Public Works, the contractor must supply an article in every respect like that in use in the Department making the requisition.

#### TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

**ATTENTION IS CALLED TO THE RECENT** act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.
