EXECUTIVE DEPARTMENT.

PROCLAMATION.

The City of New York,
Office of the Mayor.

To the People of The City of New York:

I direct that the national ensign shall fly at full staff on all City buildings from sunrise to sunset on February 12, 1909, the one-hundredth anniversary of the birth of Abraham Lincoln.

And I ask, as a further mark of honor to his memory, that all citizens observe his centenary in a fitting way—either by flying the flag of the Union he preserved or by attending at one of the many services to be held in celebration of a day which meant so much to this Republic.

To which I have set my hand and affixed my seal of office this 8th day of February, one thousand nine hundred and nine.

(Signed) GEO. B. McCLELLAN, Mayor.

PUBLIC NOTICE.

REDUCTION IN WATER SERVICE.

Department of Water Supply, Gas and Electricity,
Office of Chief Engineer,
City of New York, February 4, 1909.

WATER SERVICE, BOROUGH OF MANHATTAN.

On Saturday, February 13, 1909, at 8 a. m., the 36-inch line on the west side of Broadway, which supplies the high service on the west side section in the Borough of Manhattan, from One Hundred and Thirteenth street to Seventy-second street, between Riverside drive and Central Park West; from Seventy-second to Fifty-seventh street, between Central Park West and Eighth avenue and Eleventh avenue; also Fifty-seventh street to Fifty-first street, between Fifth and Eighth avenues; from Fifty-seventh to Thirty-ninth street, between Madison avenue and Broadway, and from Thirty-ninth street to Thirty-fourth street, between Lexington and Fifth avenues, will be shut off in order to make changes at Broadway and One Hundred and First street.

The above mentioned area will be affected by this shut-off and the pressure in the mains will be materially reduced. The 36-inch main will probably remain shut off until Monday morning, February 15, 1909.

JOHN H. O'BRIEN, Commissioner.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,

No. 154 NASSAU STREET, NEW YORK.

CALENDAR OF HEARINGS.

The following hearings will be held during the remainder of the week beginning Monday, February 8, 1909:

Thursday, February 11—2:30 p. m.—Room 310.—Case 1040.—NEW YORK CENTRAL & HUDSON RIVER R. R. Co.—Francis P. Kenny, President of The High Bridge Taxpayers' Alliance, Complainant.—"The emission of black smoke, cinders, soot and ashes from engines burning bituminous coal in the vicinity of 167th Street."—Commissioner Eustis.

Regular meetings of the Commission are held every Tuesday and Friday, at 11:30 a. m., in Room 310.

AQUEDUCT COMMISSION.

Minutes of meeting of the Aqueduct Commissioners, held at their Office, No. 280 Broadway, New York City, on Tuesday, January 12, 1909, at 12 o'clock noon.

Present—Commissioners Cowan (President), Ten Eyck, Ryan and Windolph.

The regular order of business was suspended.

Pursuant to the following notice, published for more than fifteen consecutive days in the CITY RECORD, "The Sun" and "The World":

AQUEDUCT COMMISSIONERS.

The Aqueduct Commissioners' Office, Room 207, Stewart Building,
No. 280 Broadway,
New York, December 17, 1908.

TO CONTRACTORS.

IRON AND WOODEN FENCING AT JEROME PARK RESERVOIR.

Sealed bids or proposals will be received by the Aqueduct Commissioners at the above office until 12 o'clock noon on Tuesday, January 12, 1909, at which place and hour the bids will be publicly opened and read. The award of the contract, if awarded, will be made by the Aqueduct Commissioners as soon thereafter as practicable for building, approximately, 2¾ miles of iron and wooden fencing, with necessary gates, around Jerome Park Reservoir, in the City of New York, Borough of The Bronx.

The security required will be ten thousand dollars ($10,000).

The contract will be required to be completed within one hundred and eighty (180) consecutive calendar days from the date on which the contract is signed by the Commissioners.

The following is a statement, based upon the estimate of the Engineer, of the quantities of the various classes of the work required.

Statement of Approximate Quantities.

Eight thousand five hundred and twenty feet iron fencing, 6 feet high; 3,180 feet iron fencing, 4 feet high; 4,165 feet wooden fencing, 6 feet high; 15 iron gates, 6 wooden gates, 10 granite gate-posts, 225 cubic yards concrete, 500 cubic yards rock excavation, 500 cubic yards earth excavation, 4,500 cubic yards earth filling.

The work is authorized by Chapter 490, Laws of 1883, of the State of New York, and the amendment thereto.

No bid will be received or considered unless accompanied by either a certified check upon one of the State or National banks in The City of New York, drawn to the order of the Comptroller, or money to the amount of one thousand dollars ($1,000)

Copies of pamphlet containing further information for bidders, form of proposal, forms of contract and bond approved by the Corporation Counsel, lithographs of the contract drawings and the specifications can be obtained at the office of the Aqueduct Commissioners on application in person or by mail.

JOHN W. COWAN, President.

Harry W. Walker, Secretary.

The following bids, upon which the required deposits had been made, were then opened and read aloud by the Secretary:

No. 1, Voorhees Sullivan Contracting Company; No. 2, F. V. Smith Contracting Company; No. 3, Christopher Nally; No. 4, Louis Wechsler; No. 5, W. W. Lindsay & Co.; No. 6, Concourse Construction Company; No. 7, J. M. Knopp; No. 8, George Hildebrand; No. 9, James F Eagan; No. 10, John M. Rodgers; No. 11, Hawkins Iron Works; No. 12, The Snare & Triest Company; No. 13, McHarg-Barton & Co.; No. 14, Gore-Meenan Company; No. 15, J. B. Malatesta; No. 16, Godwin Construction Company; No. 17, J. F. Walsh Company; No. 18, J. W. Fiske Iron Works; No. 19, Cooper & Evans Company; No. 20, Haggerty Contracting Company; No. 21, The Snead & Co. Iron Works; No. 22, William Horne Company; No. 23, Thomas A. Reilly; No. 24, Garvey Brothers; No. 25, Rudolph Giersmann; No. 26, Gurlitt Manning Company; No. 27, Michael Marrone; No. 28, Northeastern Construction Company; No. 29, Merrill-Ruckgaber-Fraser Company; No. 30, Hanover Contracting Company; No. 31, Delaney-Roberts Company; No. 32, Neptune B. Smyth; No. 33, M. G. Reeves; No. 34, Joseph di Benedetto; No. 35, M. F. Donohue; No. 36, Paul Scherbner; No. 37, The Terry & Tench Company.

Whereupon the following preamble and resolution was offered:

Whereas, Bids for furnishing, erecting and painting iron and wooden fencing at the Jerome Park Reservoir, in the Twenty-fourth Ward, Borough of The Bronx, The City of New York, have been received and publicly opened and read; therefore

Resolved, That the Chief Engineer and Secretary be and they are hereby directed to have said bids calculated and tabulated and submit the same at a meeting of the Construction or Executive Committee of the Aqueduct Commissioners, to be held on Tuesday, January 19, 1909, at 10.30 o'clock a. m., for consideration and canvassing by them; and the bids and checks of the bidders so received are hereby referred to the Committee of Finance and Audit for examination and report to the Commissioners as to their formality and the sufficency of the sureties proposed by the bidders.

Which was adopted.

A recess was then taken until 2 o'clock p. m.

2 o'clock p. m.

Present—Commissioners Cowan, Ten Eyck, Ryan and Windolph.

The minutes of January 5, 1909, were read and approved.

The Committee of Finance and Audit reported the examination and audit of estimate contained in Voucher No. 19,295, amounting to $93,193.63, which was approved and ordered certified to the Comptroller for payment, by the following vote:

Affirmative—Commissioners Cowan, Ten Eyck, Ryan and Windolph—4.

The Construction Committee returned progress report of the Acting Chief Engineer for the week ending December 17, 1908, with the recommendation that the Chief Engineer be directed to submit a specific report in regard to the matters at the Jerome Park Reservoir; which was adopted.

The President reported receipt of communication from the Secretary, Municipal Civil Service Commission, dated January 7, 1909, requesting to be informed of the total amount of compensation proposed to be paid to Mr. Mather W. Sherwood as an Expert to supervise certain improvements and repairs to the pumping plant at Shaft No. 25, and stated that he had replied thereto.

The action of the President was approved and the communication ordered filed.

Two communications from the Comptroller, dated January 4 and 5, 1909, stating that the sums of $102,421.19 and $51,210.60, respectively, had been deposited to the credit of the Additional Water Fund, were received and ordered entered on the books and filed.

Report No. 1749-A of the Chief Engineer, dated December 29, 1908, in continuation of Report No. 1749, in the matter of the claims of Messrs. MacArthur Brothers Company and Winston & Co., contractors, in connection with their contract for the construction of the Cross River Dam and Reservoir, was then considered.

Whereupon, after consideration and discussion, all of said claims, except that numbered one, were disallowed; and the President was directed to request the opinion of the Corporation Counsel in regard to said Claim No. 1, by the following vote:

Affirmative—Commissioners Cowan, Ten Eyck, Ryan and Windolph—4.

The Commissioners then adjourned.

HARRY W. WALKER, Secretary.

DEPARTMENT OF DOCKS AND FERRIES.

New York, December 7, 1908.

The following communications were received, action being taken thereon as noted, to wit:

From the Corporation Counsel—

1 (79362). Advising that in his opinion there is no right or duty on the part of this Department to collect rents for the occupation of City property by the various tunnels in Greater New York. Filed.

2 (79382). Transmitting, approved as to form, renewal lease to the Weber-Bunke-Lange Coal Company of certain property on the North River, between Ninety-sixth and Ninety-seventh streets. Filed.

From the Comptroller (79285)—Transmitting awards of the Commissioners of Estimate, confirmed by the Supreme Court, in proceedings for the acquisition of Piers (old) 16 and 17, East River. Filed, vouchers aggregating $6,402.39 having been prepared and forwarded to the Finance Department for payment.

From the United States Engineer Office (79333)—Requesting certain information relative to the bulkhead south of Macombs Dam Bridge, Harlem River, Borough of Manhattan. Information furnished.

From the New York Central and Hudson River Railroad Company (79402)—Requesting general permit for repairs, as may be required, to its water-front property along the North, East and Harlem rivers. Permit granted, on usual terms, the work to be done under the supervision of the Chief Engineer, the permit to commence January 1, 1909, and to continue during the pleasure of the Commissioner, but not longer than December 31, 1909.

From Michael J. McGuigan (79383)—Stating he has purchased the newspaper business of Patrick H. O'Neill, and asking that the permit for stand foot of Christopher street, North River, be transferred to him. PETITIONS AND COMMUNICATIONS.

No. 1732.

No. 299 Broadway, New York City.

Board of Aldermen, New York City:

Gentlemen—I hereby tender my resignation as Commissioner of Deeds of The City of New York, to take effect immediately.

Yours truly,
ANNA M. KARR.

Appointed March, 1907.

Which resignation was accepted.

No. 1733.

Public Service Commission for the First District,
Tribune Building, No. 154 Nassau Street,
New York, February 3, 1909.

Board of Aldermen, City Hall, New York City:

Gentlemen—In the matter of your resolution requesting the Public Service Commission for the First District to direct the New York Central and Hudson River Railroad Company to erect bridges at the crossings of Two Hundred and Twenty-fifth street, Two Hundred and Thirtieth street, Two Hundred and Thirty-first, Two Hundred and Thirty-third and Two Hundred and Thirty-sixth streets, on the Putnam Division of this road, I beg to advise you that, as to the first two crossings named, Two Hundred and Twenty-fifth and Two Hundred and Thirtieth streets, the matter has been before this Commission for some time on complaint of property owners and on application of the New York City Interborough Railroad Company for a grade crossing, and that no progress can be made at the present time at those two crossings for the following reasons:

That Two Hundred and Twenty-fifth street on The Bronx side of the railroad crossing has not yet been regulated and graded, or any application made for the same. I am informed that it is on the calendar for the next meeting of the Local Board. Also that it would be detrimental to the interests of the people in that vicinity to require the railroad company to construct its bridges at this crossing and at the Two Hundred and Thirtieth street crossing prior to the regulating and grading of the streets, as the work on the abutments and bridges would absolutely block all travel.

The situation at Two Hundred and Thirty-first street is that the application for regulating and grading this street has been before the Board of Estimate, but has been sent back to the Borough President of The Bronx for the preparation of maps, etc.

As to Two Hundred and Thirty-third street, no action has been taken by the local authorities for regulating and grading this street, and there is little travel thereon.

Two Hundred and Thirty-sixth street, no title as yet has vested in the City.

You can readily see that it would not be good judgment to act upon your request while the streets along the line of the railroad at the places mentioned are in their present condition. We also beg to advise you that we have been informed by the Railroad Company that as soon as the streets are regulated and graded they will build the abutments and the bridges. This work naturally has to proceed at about the same time the regulating and grading is done.

You may rest assured that as soon as the streets at both sides of the railroad at the crossings mentioned in your resolution are in a proper condition for the erection of bridges at those crossings, this Commission will see that the same is attended to.

Yours respectfully,
W. R. WILLCOX, Chairman.

Which was ordered on file.

No. 1734.

Public Service Commission for the First District,
Tribune Building, No. 154 Nassau Street,
New York, February 5, 1909.

Board of Aldermen, City Hall, New York City:

Gentlemen—I transmit herewith for your information a copy of Commissioner Eustis' report on the matter of an escalator at One Hundred and Twenty-fifth street and Eighth avenue.

Very truly yours,
TRAVIS H. WHITNEY, Secretary.

To the Public Service Commission for the First District:

In the matter of the complaint of the Board of Aldermen against the Interborough Rapid Transit Company, demanding that an escalator be constructed at One Hundred and Twenty-fifth street and Eighth avenue elevated station, I beg to report:

This matter originated on the following resolution passed by the Board of Aldermen on the 18th day of February, 1908:

"Whereas, The elevated railroad platforms at One Hundred and Twenty-fifth street and Eighth avenue, Manhattan, are so high that it is well recognized as a hardship for people to be compelled to climb up to them; and

"Whereas, Because of public outcry the Interborough Rapid Transit Company promised over two years ago to install escalators at this station, but up to this time has failed to do so; therefore be it

"Resolved, That this Board, believing in the great necessity for the same, urges and recommends to the Public Service Commission for the First District an investigation of the subject so that the erection and installation of the long promised escalators at this elevated station may be brought about at once."

A complaint order was issued upon this complaint on the 25th day of February, 1908, and on March 27th, 1908, the defendant submitted its answer, stating in effect, that it had for some time been endeavoring to acquire the necessary consents to erect an escalator at this station, but that certain abutting property owners refused to give the necessary consents; and also, that it was anxious to erect an escalator at said station, but it was impossible to do so until it had acquired the necessary consents, and that the defendant was proceeding with all diligence to acquire the necessary consents from the abutting property owners, and asked that action in the premises be postponed until the necessary consents could be obtained.

A hearing order, No. 391, was issued by the Commission on the 3d day of April, 1908, referring the matter to me for investigation, and eleven separate hearings were had from April 15, 1908, until January 19, 1909, the principal object of the hearings being for the purpose of aiding in securing the necessary consents, as the defendant had conceded the necessity of the erection of the escalator in its answer.

At the first hearing the matter was taken up very actively by a committee of the Harlem Board of Commerce, composed of Charles M. Anderson and Thomas P. Fowler, who were constantly in attendance at the hearing, and called many times between hearings to report what progress was being made.

The abutting property owner, Mr. Ehret, refused to consent to the erection of this escalator as first designed by the railroad people and the Engineers of the Commission, on the ground that it blocked the view from the store windows. It was afterwards ascertained that by moving the escalator a few feet to the south, Mr. Ehret would not object, but would consent, and nothing could be done when this point was reached in the summer months on account of Mr. Ehret's absence. It was again taken up in the fall, and, after repeated conferences on the part of the Committee from the Harlem Board of Commerce and Mr. Ehret's representative, amended designs for the construction of this escalator were adopted, which were acceptable to Mr. Ehret. The defendant, by its legal representative, thought that it should have the consents also of the property owners on the opposite side of the street as well as the consent of the abutting property, and the committee endeavored to obtain the same. Mr. Ehret finally executed the consent, as well as his tenants of the abutting property, but declined to deliver the same until the consents were executed by the property owner and his tenants on the west side of the street. The property owner on the west side of the street expressed his willingness to execute the consent, provided the tenant would agree to the same. The tenant objected on the ground that the escalator on the opposite side of the street would draw trade away, and they would not consent unless an escalator was also placed on the west side of the street. When this matter was presented to Mr. Ehret, he withdrew his objection to delivering the consents conditionally, and delivered the same to be forwarded to the railroad company.

I would, therefore, recommend that an order issue requiring the Interborough Rapid Transit Company to erect an escalator in accordance with the plans and designs annexed to the consent, and known and described as "Drawing No. 1, miscellaneous, 1001, indorsed Public Service Commission for the First District, Chief Engineer's office, title, sketch showing scheme for installation of escalator at One Hundred and Twenty-fifth street and Eighth avenue elevated station, east side, dated November 30, 1908, scale ⅛ inch equals 1 foot, H. B. Seaman, Chief Engineer, drawn by H. E. Martin, checked by R. H. P., revised December 17, 1908, escalator girder changed from 4 feet 1 inch to 5 feet 8⅝ inches," on or before the first day of August, 1909, and submit an order accordingly.

Respectfully submitted,
(Signed) JOHN E. EUSTIS, Commissioner.

February 4, 1909.

Which was ordered on file.

No. 1735.

At a meeting of the Public Service Commission for the First District, duly held at its office, No. 154 Nassau street, Borough of Manhattan, City and State of New York, on the 5th day of February, 1909.

Present—William R. Willcox, Chairman; Edward M. Bassett, Milo R. Maltbie, John E. Eustis, Commissioners.

Case No. 391, Final Order.

Board of Aldermen, Complainants, against Interborough Rapid Transit Company, Defendant, Escalator at station at One Hundred and Twenty-fifth street and Eighth avenue, after Hearing Order No. 391.

This matter coming on upon the report of the hearing had herein on April 15, May 6, May 20, October 26, November 10, November 17, December 1, December 8, December 15, December 22 and December 29, 1908, and January 12 and January 19, 1909, and it appearing that said hearing was had pursuant to Hearing Order No. 391 issued by the Commission, dated the 3d day of April, 1908, and returnable on the 15th day of April, 1908; and it appearing that said hearing order was issued after complaint made by the Board of Aldermen and after the answer of the Interborough Rapid Transit Company thereto; and it appearing that said hearing order was duly served on said Interborough Rapid Transit Company and that such service was by said company duly acknowledged; and it appearing that said hearing was had by and before the Commission on the dates aforesaid before Mr. Commissioner Eustis, presiding, Harry N. Chamberlain, Esq., Assistant Counsel, appearing for the Commission, Alfred A. Gardner, Esq., and Theodore L. Waugh, Esq., attorneys, appearing for said Interborough Rapid Transit Company; and testimony having been taken upon said hearing; and it having been made to appear in the judgment of the Commission, after the proceedings on said hearing, that changes and improvements in and addition to the station of said Interborough Rapid Transit Company upon its elevated line at One Hundred and Twenty-fifth street and Eighth avenue, in The City of New York, in and in connection with the transportation of passengers upon its elevated lines, in the particulars following, ought reasonably to be made in order to promote the security and convenience of the public and in order to secure adequate service and facilities for the transportation of passengers; and it having been made to appear after the proceedings on said hearing that the time hereinafter mentioned would be a reasonable time within which such changes, improvements and additions should be directed to be made; now therefore it is

Ordered (1), That said Interborough Rapid Transit Company be and it hereby is directed and required to construct and erect and thereafter maintain and use at said station at One Hundred and Twenty-fifth street and Eighth avenue an escalator, in accordance with the plans and designs annexed to the consent granted to said company for the erection of said escalator, and known and described as "Drawing No. 1, miscellaneous, 1001, indorsed Public Service Commission for the First District, Chief Engineer's office; title, sketch showing scheme for installation of escalator at One Hundred and Twenty-fifth street and Eighth avenue elevated station, east side; dated November 30, 1908; scale, ⅛ inch=1 foot; H. B. Seaman, Chief Engineer; drawn by H. E. Martin, checked by R. H. P., revised December 17, 1908, escalator girder changed from 4 feet 1 inch to 5 feet 8⅝ inches."

(2) That said escalator be erected by said company on or before the 1st day of August, 1909.

(3) That this order shall take effect immediately and shall continue in force until such time as the Public Service Commission for the First District shall otherwise order.

(4) That said Interborough Rapid Transit Company notify the Public Service Commission for the First District on or before the 10th day of February, 1909, whether the terms of this order are accepted and will be obeyed.

State of New York, County of New York, ss.:

I, Travis H. Whitney, Secretary of the Public Service Commission for the First District, do hereby certify, that I have compared the above with the original order adopted by said Commission on February 5, 1909, and that it is a correct transcript therefrom and of the whole of the original.

In testimony whereof, I have hereunto subscribed my hand and affixed the seal of the Commission this 5th day of February, 1909.

[Seal.] TRAVIS H. WHITNEY, Secretary.

Which was ordered on file.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communications from the Department of Water Supply, Gas and Electricity:

No. 1736.

Department of Water Supply, Gas and Electricity,
Commissioner's Office, Nos. 13 to 21 Park Row,
City of New York, January 27, 1909.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen, City Hall:

Dear Sir—This Department was notified by the War Department, United States Government, that in connection with the improvement of the Harlem River certain dredging would be done and that the Government would look to the City for the protection of its water mains crossing the river, which might be damaged by the dredging.

In August last the question was referred to the Law Department as to the procedure to follow in the preparation of a contract providing for the removal of the submarine pipe crossing to Randalls Island and the relocation of it, if it was found to be in good condition, or the installation of new pipe, if necessary. The Corporation Counsel has up to this date failed to give any advice in the matter and it is now necessary to take immediate action, as dredging has been commenced and the water pipes to Randalls Island might be damaged, in which event it would be impossible to give any supply of water to the inmates of the institutions on this island. It is impossible to prepare contract specifications upon which competitive bids could be obtained, not knowing in advance whether or not it will be necessary to lay new pipe, or the extent of the repairs to the old pipes. It would be very expensive to obtain this information, as divers would have to be employed, and I am satisfied that the charges for the divers would very nearly equal the total expense of the work, assuming that the pipes are in good condition and that the new location is all that is necessary in order to avoid danger from dredging. There are three mains, crossing at the following locations:

6-inch main at One Hundred and Twenty-third street, to Randalls Island; 12-inch main at One Hundred and Twenty-first street, to Randalls Island; 10-inch main crossing the Harlem River, from Lincoln avenue to Second avenue.

It is estimated, with the facts in hand, that the expense of relocating these mains would be about $30,000, and the Department respectfully asks that the Honorable Board of Aldermen authorize the expenditure of this amount, without public letting.

I append hereto a form of resolution, which I would request that you submit at the next meeting of the Board of Aldermen.

Respectfully,
JOHN H. O'BRIEN, Commissioner.

Resolved, That the Commissioner of Water Supply, Gas and Electricity be and is hereby empowered to spend, without the formality of obtaining competitive bids or proposals, the sum of thirty thousand dollars ($30,000), to be used for the purpose of laying and relocating submarine water pipes crossing the Harlem River at One Hundred and Twenty-first and One Hundred and Twenty-third streets to Randalls Island, and from Lincoln to Second avenue.

Hon P. F. McGOWAN, President, Board of Aldermen, New York City:

Dear Sir—The Department finds it necessary to provide a suitable auto truck to carry the tools and men who respond to calls in cases where difficulty is met with in connection with the high pressure mains or hydrants, and who open and regulate the gates and valves connected with that system.

The Sinking Fund Commission has allotted to this Department the ground floor of a building at North Moore street and West Broadway, which will be the quarters for an Emergency Gang. It is, of course, understood that a call for assistance must be responded to promptly, and it is thought advisable to secure a motor vehicle, propelled with high duty engines. It is impossible to prepare contract specifications upon which competitive bids could be received, as there is no doubt that all of the motor vehicles are patented, and if one particular style was selected as a standard the Department could not consistently ask for competitive bids when it would be a foregone conclusion that no other vehicle of the pattern and style selected could be delivered except through the one agency.

A suitable auto truck can be purchased for about $3,000, and the Department, I believe, can secure the best vehicle if it has authority to purchase the style best adapted for the Department's requirements. I would, therefore, respectfully ask that, under the provisions of section 419 of the Charter, authority be given to expend $3,000 without the formality of advertising for competitive bids or proposals.

Respectfully,
JOHN H. O'BRIEN, Commissioner.

Resolved, That the Commissioner of Water Supply, Gas and Electricity be and is hereby empowered to purchase, without obtaining bids or proposals, as provided by section 419 of the Charter, an auto truck, for a sum not to exceed three thousand dollars ($3,000).

City of New York, February 5, 1909.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen, New York City:

Dear Sir—In the matter of the extension of the High Pressure Fire Service in Manhattan, authorized by your Honorable Board, for which we are about to call for bids, our plans and specifications for the work being practically complete.

No other part of the High Pressure Fire System deserved, or has received more attention from our Engineering Bureau than the proper selection of a hydrant well adapted for the extraordinarily severe service for which it is intended, and on the un-

failing regularity of which the efficiency of the whole system depends. Under the trying conditions of operation the requirements in this case are necessarily much more exacting than in that of the common and much simpler hydrant in use on our distribution system, and can only be met by high technical skill in the design and excellence of material and workmanship.

Bearing these points in mind, and after a thorough study of the matter, specifications were prepared by the Chief Engineer of this Department for the manufacture of the high pressure fire hydrants which not only detailed minutely the requirements to be met, but prescribed also a series of exhaustive tests to be successfully passed by the hydrants before they would be accepted by the City.

Under these specifications, and after advertisement, bids for hydrants for the High Pressure Fire System in Brooklyn were received on November 30, 1904, from five of the leading manufacturers in this country, and the sample hydrants submitted by the latter, as required in the specifications, were subjected to the prescribed tests, which were successfully passed only by the hydrant manufactured by the A. P. Smith Manufacturing Company, of Newark, N. J. To this firm the contract for Brooklyn was awarded on June 27, 1905.

It will be noticed that seven months elapsed between the date on which the bids were received and that of the award of the contract. This delay was due not only to the length of time required to carry out these tests, which were to be conducted at our machine shops, at the piers with the fireboats and once again at the yard, but to the claims of one of the bidders to have his sample hydrant retested after it had once failed and had been excluded, which eventually led to the rejection of all the bids originally received, in November of 1904, and to a second advertisement for bids, which were received on February 1, 1905, and under which the final tests were completed at Ridgewood on April 5, 1905.

The bids for the New York High Pressure Fire System were received on March 8, 1905, from the same five manufacturers who had bid for Brooklyn, and the result of the tests, which were identical in both cases, was the same, i. e., the hydrant manufacturer by the A. P. Smith Manufacturing Company was the only one that successfully passed these tests, which were completed on May 11, 1905, at our Twenty-fourth Street Pipe Yard. Considerable time was again consumed in hearing and passing upon the various claims made by some bidders, and, immediately upon the award of the contract, and before it was executed, one of the five bidders enjoined the Commissioner and Comptroller from completing the contract, alleging that he was a lower bidder. The matter was then held in abeyance until the suit was disposed of, adversely to the plaintiff, early in November, 1905, and on November 17, 1905, the New York contract was executed, but at the close of December, 1905, another one of the bidders entered suit against the award of the contracts, either for Brooklyn or New York, which was ultimately withdrawn in December, 1906. Two years, therefore, elapsed from the time the bids were originally called for and the last clearing out of the objections and claims of two of the bidders and of the legal actions instituted by them.

The report of the Chief Engineer of this Department to the Commissioner, on the tests of these hydrants, to which I beg to refer for details, is exhaustive and conveys much valuable information. It fully exhibits the time, work and expense required and painstaking labor exercised to duly ascertain the respective merits of the five hydrants proposed, so as to select the one best adapted to our needs.

The experience thus gained shows, it seems to me, that by a fourth call for bids for these hydrants we simply risk a repetition of the delays and needless expense before incurred, without prospective compensating advantage. Twelve hundred and seventy-four (1,274) hydrants of the type selected as the result of the bids hereinbefore referred to have been installed in our High Pressure Fire System in Manhattan and in actual operation, and, under the most trying conditions have rendered efficient and satisfactory service.

Taking these facts into consideration, as well as the obvious advantage of uniformity in the system, your Honorable Board, on November 12, 1907, approved my request to be allowed to purchase, in addition to the number provided under the contract, two hundred and thirty (230) of these hydrants at $117.35 per hydrant, a price which, owing to a fall in market prices and according to agreement with the manufacturer, was considerably reduced.

For the proposed extension five hundred and seventy-five (575) hydrants will be required, which the manufacturers offer to furnish on the basis of present market prices, at the rate of $108.50 per hydrant, the total cost, therefore, amounting to $62,387.50, with the understanding that should there be a fall in the market prices of material before the order is issued, a corresponding reduction in the price per hydrant shall be made, as was done under the last order, and that should there be a rise in the price of materials, a corresponding increase, fairly determined, shall be made in the price per hydrant.

For the reasons above stated I request that you submit this communication to your Honorable Board and ask the adoption of the enclosed resolution authorizing the expenditure of this money without public letting.

Yours respectfully,
JOHN H. O'BRIEN, Commissioner.

Resolved, That the Commissioner of Water Supply, Gas and Electricity be and is hereby authorized and empowered to purchase without competitive bids and proposals 575 high pressure fire service hydrants from the A. P. Smith Manufacturing Company, at the rate of $108.50 per hydrant, to be of the same pattern and style, and constructed of the same materials and to comply with every requirement of the specifications under which the A. P. Smith Mnufacturing Company was awarded the contract for the furnishing of 1,050 four-nozzle hydrants. The total expense of these hydrants to be $62,387.50.

City of New York, February 4, 1909.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen, City Hall, City:

Dear Sir—The Department finds it necessary to build a railroad switch or siding from the main line of the Long Island Railroad Company across and upon the City's land to the pumping station at Rugby. The coal, supplies and other materials delivered in large quantities in cars belonging to the railroad company will be switched to the siding.

It is a rule of the railroad company that any track or trestle over which their cars pass shall be constructed by them. This regulation shuts out competition and to a certain extent nullifies the provisions of section 419 of the Charter, which provides that all supplies and materials exceeding $1,000 in cost shall be purchased only after competitive bidding. The railroad company proposes to build the switch for the sum of $2,690, which amount the Department thinks is fair and reasonable.

I would respectfully request that you submit this communication to the Honorable Board of Aldermen for their consideration. The Department asks authority to enter into this agreement for the expenditure of the above sum of money without advertising for competitive bids.

Respectfully,
JOHN H. O'BRIEN, Commissioner.

Which were severally referred to the Committee on Public Letting.

The President laid before the Board the following communication from the Department of Street Cleaning:

No. 1740.

Department of Street Cleaning of The City of New York,
Nos. 13 to 21 Park Row, New York,
February 1, 1909.

Hon. P. F. McGOWAN, President, Board of Aldermen, City Hall, City:

Sir—I have received certified copies of two resolutions adopted by the Board of Aldermen at its meeting of January 26, 1909; the one as follows:

"Resolved, That the Commissioner of Street Cleaning be and is hereby requested to discontinue the practice of dumping garbage, ashes and other refuse in Two Hundred and Thirty-third street, between Broadway and Albany avenue, in the Borough of The Bronx."

—the other:

"Resolved, That the Street Cleaning Commissioner be and he is hereby requested to refrain from the practice of employing aliens as drivers and in other capacities under him, inasmuch as such employment of non-citizens is a violation of the Greater New York Charter and of the State and Municipal Civil Service regulations, as well as a discrimination against citizens, many of whom are sorely in need of the work."

As to the first, I have given orders to cease dumping at the said place.

As to the second, all persons appointed to employment in this Department are appointed from the eligible lists furnished to this Department by the Municipal Civil Service Commission. I suggest therefore that questions relating to the appointment of aliens or citizenship or any discrimination arising from citizenship or the absence of it should be addressed to the Municipal Civil Service Commission.

Respectfully,
WM. H. EDWARDS, Commissioner.

Which was ordered on file.

The President laid before the Board the following communication from the Police Department:

No. 1741.

Police Department of The City of New York,
No. 300 Mulberry Street,
January 30, 1909.

His Honor, the Mayor, City Hall, New York:

Sir—In pursuance of the provision of section 351, chapter 466 of the Laws of 1901 (Charter), I have the honor to submit herewith report of proceedings as Trustee of the Police Pension Fund, containing a statement of the receipts and disbursements of said fund, together with the names and residences of each beneficiary for or on account of said fund for the year ending December 31, 1908.

Very respectfully,
THEO. A. BINGHAM, Trustee and Treasurer.

The President laid before the Board the following communication from the Department of Health:

No. 1742.

Department of Health,
Corner of Fifty-fifth Street and Sixth Avenue,
New York, February 6, 1909.

Hon. P. J. SCULLY, City Clerk, City of New York:

Sir—Enclosed herewith is a copy of a resolution adopted by the Board of Health at a meeting held February 3, 1909, requesting the Board of Aldermen to authorize the Board to contract for the work incident to the drainage and filling in of marsh lands and depressions and the destruction of mosquito breeding areas in the several Boroughs of The City of New York, in the open market, without public letting, at a total cost not exceeding the sum of $5,000. On November 13, 1908, the Board of Estimate and Apportionment authorized the issue of $25,000 in Revenue Bonds to provide means to defray the expenses of the work specified in the several Boroughs of the city, and the sum the Board of Aldermen is requested to exempt will be paid from that appropriation.

I am directed to request that you will submit the resolution of the Board of Health to the Board of Aldermen at its next meeting for consideration.

Respectfully,

EUGENE W. SCHEFFER, Secretary.

Department of Health,
Corner of Fifty-fifth Street and Sixth Avenue,
New York, February 6, 1909.

Hon. P. J. SCULLY, City Clerk, City of New York:

Sir—At a meeting of the Board of Health of the Department of Health, held February 3, 1909, the following resolution was adopted:

Resolved, That, owing to the difficulty in obtaining estimates for work incident to the drainage and filling in of marsh lands and depressions and the destruction of mosquito breeding areas in the several Boroughs of The City of New York, the Board of Aldermen be and it is hereby respectfully requested to authorize the Board of Health, pursuant to the provisions of section 419 of chapter 466 of the Laws of 1901, to contract for said work in the open market without public letting at the lowest price obtainable, the total cost of said work not to exceed the sum of $5,000.

A true copy.

EUGENE W. SCHEFFER, Secretary.

Which was referred to the Committee on Public Letting.

The President laid before the Board the following communications from the Board of Estimate and Apportionment:

No. 1743.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, No. 277 Broadway, February 6, 1909.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment February 5, 1909, recommending the establishment of additional grades of positions in the office of the Mayor, to take effect as of date January 1, 1909, as follows:

	Incumbents.	Per Annum.
Chief Clerk and Bond and Warrant Clerk	1	$4,000 00
Stenographer	1	3,000 00
Executive Stenographer	1	1,800 00
Executive Clerk	1	1,350 00

I also transmit copy of communication from the Mayor relative thereto, together with a form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,
JOSEPH HAAG, Secretary.

City of New York, Office of the Mayor, February 4, 1909.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—In order to conform to the modified salary schedule of the Mayor's office, adopted by the Board of Estimate and Apportionment January 29, 1909, I respectfully request that your Board recommend to the Board of Aldermen the establishment of the following grades of positions in this office, to take effect as of date of January 1, 1909:

Chief Clerk and Bond and Warrant Clerk, per annum	$4,000 00
Stenographer, per annum	3,000 00
Executive Stenographer, per annum	1,800 00
Executive Clerk, per annum	1,350 00

Respectfully,
GEORGE B. McCLELLAN, Mayor.

Whereas, The Board of Estimate and Apportionment at a meeting held February 5, 1909, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen, the establishment of the following grades of positions in the office of the Mayor, in addition to those already existing therein, to take effect as of date January 1, 1909:

	Incumbents.	Per Annum.

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution, and fixes the salaries of said positions as set forth therein.

Which was referred to the Committee on Salaries and Offices.

No. 1744.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, No. 277 Broadway, February 8, 1909.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment February 5, 1909, amending resolution adopted April 10, 1908, in relation to an issue of $1,000,000 Corporate Stock for the permanent betterment of the public school buildings of The City of New York, by providing fire protection; also copy of report of the Comptroller relative thereto.

I inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,
JOSEPH HAAG, Secretary.

January 29, 1909.

Hon. HERMAN A. METZ, Comptroller:

Sir—In the matter of sundry communications from the Board of Education, relative to amending a resolution adopted April 3, 1908, authorizing the issue of Corporate Stock to the amount of $1,000,000 for the permanent betterment of public school buildings in The City of New York, by providing fire protection, which communications were referred to the Comptroller for consideration and report, and by you referred to the Bureau of Municipal Investigation and Statistics, I beg to report as follows:

Following upon the Collinwood disaster, the Board of Estimate and Apportionment, at a meeting held April 3, 1908, pursuant to the provisions of section 47 of the Greater New York Charter as amended, approved an issue of Corporate Stock to an amount not exceeding $1,000,000 for the purpose of providing proper protection against fire in sundry public school buildings found to be in need thereof. In order that there might be no delay in advancing said work, said resolution was passed without waiting for the Board of Education to furnish data concerning the Borough segregation of said sum. At the following meeting, held April 10, 1908, the original resolution was amended to the end that said authorization of Corporate Stock might be segregated as under:

Borough of Manhattan	$317,300 00
Borough of The Bronx	12,920 00
Borough of Brooklyn	543,020 00
Borough of Queens	79,390 00
Borough of Richmond	47,370 00
Total	$1,000,000 00

It now appears that said segregation, which was based upon an estimate made in haste to meet the exigencies of the situation, fails to meet the needs of the case, and it is, therefore, requested that the resolution, as amended on April 10, 1908, be so amended as to add $15,000 to the amount allowed for the Borough of Manhattan, and $1,200 to the amount allowed for the Borough of Queens, a corresponding deduction of $16,200 being made in the amount allowed for the Borough of Brooklyn.

Your Examiner respectfully recommends that said proposed amendments be made according to the resolution attached hereto.

Yours respectfully,
CHAS. S. HERVEY, Supervising Statistician and Examiner.

Approved:
H. A. Metz, Comptroller.

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on April 10, 1908, which reads as follows:

"Resolved, That the resolution adopted by the Board of Estimate and Apportionment on April 3, 1908, which authorized the issue of one million dollars ($1,000,000) Corporate Stock, for the permanent betterment of the public school buildings of The City of New York, by providing fire protection, be and the same is hereby amended to read as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding one million dollars ($1,000,000), for the permanent betterment of the public school buildings of The City of New York, by providing fire protection, and apportioned as follows:

Borough of Manhattan	$317,300 00
Borough of The Bronx	12,920 00
Borough of Brooklyn	543,020 00
Borough of Queens	79,390 00
Borough of Richmond	47,370 00
	$1,000,000 00

—"and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter to an amount not exceeding one million dollars ($1,000,000), the proceeds whereof to be applied to the purposes aforesaid."

—be and the same is hereby amended by striking therefrom the figures $317,300 following the item "Borough of Manhattan," and inserting in place thereof the figures $332,300; by striking therefrom the figures $543,020 following the item "Borough of Brooklyn" and inserting in place thereof the figures $526,820; and by striking therefrom the figures $79,390 following the item "Borough of Queens," and inserting in place thereof the figures $80,590.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment February 5, 1909:

"Resolved, That the resolution adopted by the Board of Estimate and Apportionment April 10, 1908, which reads as follows:

"Resolved, That the resolution adopted by the Board of Estimate and Apportionment on April 3, 1908, which authorized the issue of one million dollars ($1,000,000) Corporate Stock for the permanent betterment of the public school buildings of The City of New York, by providing fire protection, be and the same is hereby amended to read as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding one million dollars ($1,000,000), for the permanent betterment of the public school buildings of The City of New York, by providing fire protection, and apportioned as follows:

Borough of Manhattan	$317,300 00
Borough of The Bronx	12,920 00
Borough of Brooklyn	543,020 00
Borough of Queens	79,390 00
Borough of Richmond	47,370 00
	$1,000,000 00

—"and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter to an amount not exceeding one million dollars ($1,000,000), the proceeds whereof to be applied to the purposes aforesaid.

—"be and the same is hereby amended by striking therefrom the figures $317,300 following the item 'Borough of Manhattan,' and inserting in place thereof the figures $332,300; by striking therefrom the figures $543,020 following the item 'Borough of Brooklyn' and inserting in place thereof the figures $526,820; and by striking therefrom the figures $79,390 following the item 'Borough of Queens,' and inserting in place thereof the figures $80,590."

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment February 5, 1909, amending the resolution adopted October 2, 1908, which authorized the issue of $32,200 Corporate Stock for the use of the Topographical Bureau of the Borough of The Bronx ($21,600), for the years 1908 and 1909, and for the preparation of drainage and sewerage district plans for the balance of the year 1908 ($10,600), by striking therefrom the item "for the preparation of drainage and sewerage district plans for the balance of the year 1908, $10,600," and inserting in place thereof the item "for the preparation of drainage and sewerage district plans for the year 1909, $10,600."

I also transmit copy of report of the Comptroller relative thereto, and form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,
JOSEPH HAAG, Secretary.

January 22, 1909.

Hon. HERMAN A. METZ, Comptroller:

Sir—Under date of January 11, 1909, Hon. John F. Murray, Acting President of the Borough of The Bronx, requests the Board of Estimate and Apportionment and the Board of Aldermen to take such action as may be necessary to make the sum of $10,600, as finally authorized by the Board of Aldermen, October 13, 1908, and approved by the Mayor on October 26, 1908, for expenses connected with the preparation of drainage and sewerage district plans for the balance of the year 1908, available for the use of the Bureau of Sewers in the preparation of drainage and sewerage district plans for the year 1909. I would report:

Acting President Murray incloses with his communication a report signed by Charles H. Graham, Engineer in Charge of Sewers, addressed to Mr. Josiah H. Briggs, Chief Engineer of the Borough of The Bronx, bearing date January 7, 1909.

In Mr. Graham's report, it is shown that in response to request of President Haffen, of the said Borough, an appropriation was made on October 26, 1908, of the sum of $10,600, to provide for expenses connected with the preparation of drainage and sewerage district plans for the balance of 1908. It is also shown that at the time this authorization was made, there was a balance on hand of $5,984.90, and that this said balance not only covered the expense of the year 1908, but left a balance available for 1909 of $1,181.15.

It therefore appears that the $10,600 appropriated on October 26, 1908, is still unexpended, and request is made that necessary action be taken to make the said sum available for 1909.

The statement made in report of Engineer Graham, I find, upon investigation, is correct. The said amount, viz: $10,600, was appropriated, but was not used in 1908. It is necessary to continue the work for which the money is required during the year 1909.

This work consists in making studies, investigations, surveys, etc., and in making new sewerage and drainage plans and maps for the outlying districts in the Borough of The Bronx.

Mr. Graham informs me that there is now so employed one engineering party in the field besides an office force, the payroll for which amounts to about $700 or $800 per month, at the present time. This force, however, he says, will likely be increased when more favorable weather for outside work has arrived.

The resolution of the Board of Estimate and Apportionment, authorizing the appropriation of $10,600 was passed at the meeting of the said Board held on October 2, 1908, approved by the Board of Aldermen on October 13, 1908, and by his Honor, the Mayor, on October 26, 1908.

In order that the said amount may now be made available to continue the work of making new sewerage and drainage plans and maps for the outlying districts of the Borough of The Bronx, I recommend that the resolution adopted by the Board of Estimate and Apportionment on October 2, 1908, and approved by the Board of Aldermen on October 13, 1908, which reads:

"For expenses connected with the preparation of drainage and sewerage district plans for the balance of 1908, $10,600."

—be amended to read:

"For expenses connected with the preparation of drainage and sewerage district plans for the year 1909, $10,600."

Respectfully,
CHANDLER WITHINGTON, Chief Engineer.

Approved:
H. A. Metz, Comptroller.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment February 5, 1909:

"Resolved, That the resolution adopted by the Board of Estimate and Apportionment October 2, 1908, which reads as follows:

"Resolved, That pursuant to the provisions of section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding thirty-two thousand two hundred dollars ($32,200), to provide means as follows:

For the use of the Topographical Bureau, Borough of The Bronx, for the purpose of preparing and completing maps of all territory within said Borough, for the balance of the year 1908, and for January, 1909	$21,600 00
For expenses connected with the preparation of drainage and sewerage district plans for the balance of 1908	10,600 00
	$32,200 00

—and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding thirty-two thousand two hundred dollars ($32,200), the proceeds whereof to be applied to the purposes aforesaid."

—be and the same is hereby amended by striking therefrom the item:

"For expenses connected with the preparation of drainage and sewerage district plans for the balance of 1908, $10,600."

—and inserting in place thereof, the item:

"For expenses connected with the preparation of drainage and sewerage district plans for the year 1909, $10,600."

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment February 5, 1909, approving of the issue of $208,500 Corporate Stock for the use of the Topographical Bureaus of the following Boroughs, for the purpose of preparing and completing maps of all territory within said Boroughs, viz:

Borough of Brooklyn	$10,000 00
Borough of The Bronx	49,000 00
Borough of Queens	82,000 00
Borough of Richmond	67,500 00
	$208,500 00

I also transmit copy of report of Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond, and a copy of report of the Comptroller relative thereto, together with form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,
JOSEPH HAAG, Secretary.

City of New York, Department of Finance,
February 2, 1909.

Hon. GEORGE B. McCLELLAN, Mayor and Chairman, Board of Estimate and Apportionment:

Dear Sir—I herewith forward report of the Chief Engineer of this Department, without my approval or disapproval for the consideration of the Board of Estimate and Apportionment, relative to the manner of providing funds to continue the work of the Topographical Bureaus in the Boroughs of Brooklyn, The Bronx, Queens and Richmond.

Yours truly,
(Signed) H. A. METZ, Comptroller.

January 30, 1909.

Hon. HERMAN A. METZ, Comptroller:

Sir—At meeting of the Board of Estimate and Apportionment, held January 22, 1909, a report was presented from four of the Borough Presidents relative to the manner of providing funds to continue the work of the Topographical Bureaus in the Boroughs of Brooklyn, The Bronx, Queens and Richmond. In said communication the Borough President agree with your suggestion presented to the Board of Estimate and Apportionment on January 28, 1909, that all the expenses incurred in preparing rule, damage and benefit maps for the use by Condemnation Commissioners of Street Openings should be included in the cost of street opening proceedings and become a charge against the property benefited for the respective street opening. I would report:

Conferences have been had with John P. Dunn, Assistant Corporation Counsel, in charge of the Bureau of Street Openings, and he refers me to section 258 of the Greater New York Charter, which, as he interprets it, prohibits the Borough Presidents keeping accounts of the work done on each street opening proceeding and submitting payrolls to be charged against the "Fund for Park and Street Openings."

In order that these men's time so employed could be charged against this fund they must be in the employ of the Bureau of Street Openings, and not under the jurisdiction of the Borough Presidents. This solution would, of course, be cheaper for the City, but necessarily increase the work, and, hence the cost of preparing the maps used by the Commissioners of Street Openings.

If it is still the opinion of the Board of Estimate and Apportionment that all costs connected with street openings, including the preparation of rule, damage and benefit maps should be charged against the property benefited, I suggest that the matter be referred to the Corporation Counsel with directions to prepare, if the necessary provision does not already exist in the Charter, a proper amendment to the Charter, to provide that the work of preparing rule, damage and benefit maps used by the Commissioners of Street Openings may be under the jurisdiction of the respective Borough Presidents, and that the cost and expense of all such work can and shall become a part of the cost of the respective proceedings, and as such become a charge against the property benefited.

In order that the respective Topographical Bureaus may continue their work I recommend that an amount of Corporate Stock be granted each Borough President that will be necessary to carry on purely topographical work during the year 1909. If it is found later that the amendment as proposed is not adopted, subsequent appropriations can be granted to make up the deficiencies not allowed now for work done by the Topographical Bureau, for rule, damage and benefit maps for use by the Condemnation Commissioners of Street Openings.

On July 15, 1909, the following issues of Corporate Stock for the use of the Topographical Bureaus were authorized by the Board of Estimate and Apportionment, as follows:

Borough of The Bronx	$15,000 00
Borough of Queens	30,000 00
Borough of Richmond	15,000 00

The total estimated by me for these works are as follows:

Borough of Brooklyn	$20,000 00
Borough of The Bronx	113,000 00
Borough of Queens	194,000 00
Borough of Richmond	150,000 00

Therefore, I advise that the Board of Estimate and Apportionment authorize the Comptroller, pursuant to section 47 of the amended Greater New York Charter, to issue Corporate Stock in the following amounts to provide means for use of the Topographical Bureaus for the respective Boroughs, for the purpose of preparing and completing maps of all territory within the said boroughs, viz.:

Borough of Brooklyn	$20,000 00
Borough of The Bronx	98,000 00
Borough of Queens	164,000 00
Borough of Richmond	135,000 00

Respectfully,
(Signed) CHANDLER WITHINGTON, Chief Engineer.

January 18, 1909.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—Whereas, The matter of providing necessary funds to continue work of the topographic surveys in the different Boroughs has been referred to the Borough Presidents for consideration in connection with a report presented to the Board of Estimate and Apportionment by the Comptroller, a conference has been held by representatives of said Borough Presidents, who have considered the different phases of the subject and find, that owing to necessarily different conditions attending the work in different portions of the city, there is no uniform system of records by which at the present time a subdivision can be made into other than two general classes.

First—All field and office work connected with the surveys and mapping of each Borough and the preparation of studies for street layouts.

Second—Following a resolution of the Board of Estimate and Apportionment directing Corporation Counsel to start legal proceedings, for opening specific streets, the preparation of rule, damage and benefit maps for use by the condemnation commissioners.

Resolved, That the past system of issuing Corporate Stock be continued for all work covered above by Class 1, and that the fund for Street and Park Openings be drawn upon for all work in Class 2; and be it further

Resolved, That Corporate Stock for the use of the Topographical Bureaus under the Presidents of the following Boroughs be hereby authorized as follows:

Borough of Brooklyn	$20,000 00
Borough of The Bronx	123,000 00
Borough of Queens	194,000 00
Borough of Richmond	150,000 00

We have estimated the foregoing to continue the work on approximately its present basis up to January 31, 1910, as there is always much delay in the consideration of requests for bond issues during the closing weeks of each calendar year.

We would suggest the advisability of considering in the Budget for 1910 the inclusion of some amount of money to cover Administration expenditures in connection with features of the topographical surveys which, perhaps, should not be charged to Corporate Stock or Street and Park Opening accounts.

Respectfully submitted,
BIRD S. COLER,
President, Borough of Brooklyn;
LOUIS F. HAFFEN,
President, Borough of The Bronx;
LAWRENCE GRESSER,
President, Borough of Queens;
GEORGE CROMWELL,
President, Borough of Richmond.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of $208,500 for the use of the Topographical Bureaus of the following Boroughs, for the purpose of preparing and completing maps of all territory with said Boroughs, viz.:

Borough of Brooklyn	$10,000 00
Borough of The Bronx	49,000 00
Borough of Queens	82,000 00
Borough of Richmond	67,500 00
	$208,500 00

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment February 5, 1909, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding two hundred and eight thousand five hundred dollars ($208,500) for the use of the Topographical Bureaus of the following Boroughs, for the purpose of preparing and completing maps of all territory within said Boroughs, viz.:

Borough of Brooklyn	$10,000 00
Borough of The Bronx	49,000 00
Borough of Queens	82,000 00
Borough of Richmond	67,500 00
	$208,500 00

—and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding two hundred and eight thousand five hundred dollars ($208,500), the proceeds whereof to be applied to the purposes aforesaid.

Which were severally referred to the Committee on Finance.

Reports of Committee on Finance—

No. 1697.

The Committee on Finance, to which was referred on February 2, 1909 (Minutes, page 497), the annexed communication from the Commissioner of Public Charities requesting an issue of $17,217.25 Special Revenue Bonds to provide means to employ additional employees at Coney Island Hospital, respectfully

REPORTS:

That Commissioner Hebberd appeared before the Committee and explained that this hospital would be ready for occupancy July 1, 1909. That the amount asked for is to pay the wages of necessary employees from that date.

The Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of seventeen thousand two hundred and seventeen dollars and twenty-five cents ($17,217.25), the proceeds whereof to be used by the Commissioner of Public Charities for the purpose of meeting expenses in connection with employees for the new Coney Island Hospital, proposed to be opened July 1, 1909.

Department of Public Charities,
Foot of East Twenty-sixth Street,
January 27, 1909.

To the Honorable the Board of Aldermen:

Gentlemen—The undersigned Commissioner of Public Charities, desiring to open the new Coney Island Hospital now building on the east side of Ocean parkway, just north of Coney Island Creek, on July 1, 1909, which will accommodate about one

hundred patients, thereby doing away with the small rented building used as the Coney Island Reception Hospital now in operation, and accommodating only about ten patients, very respectfully requests the issue of Special Revenue Bonds to the amount of $17,217.25 to provide the means to employ the following additional employees, who are necessary for the proper conduct of this, the only new public hospital erected in the Borough of Brooklyn in over fifty years:

Proposed Payroll for New Coney Island Hospital to be Opened July 1, 1909.

No. 1707—(G. O. No. 137).

The Committee on Finance, to which was referred on February 2, 1909 (Minutes, page 505), the annexed communication from the Police Commissioner for $13,000 Special Revenue Bonds for maintenance of new headquarters building, respectfully

REPORTS:

That Deputy Commissioner Baker appeared before the Committee and stated that no appropriation was made in the Budget for this purpose, as the building was not completed when estimate was prepared. The building is now nearly ready, and in order to maintain it properly, the amount asked for and itemized in the communication from the Commissioner is a necessity.

The Committee recommends that the accompanying resolution be adopted:

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of thirteen thousand dollars ($13,000), the proceeds whereof to be used by the Police Commissioner for the purpose of maintenance of new headquarters building, situated at Broome, Grand and Centre streets and Centre Market place, such amount to be allowed for the purchase of material and supplies, as follows:

Coal	$10 000 00
Oil and boiler compound	500 00
Packing	100 00
Engineers' supplies	300 00
Electrical supplies	300 00
Incandescent lamps	500 00
Elevator repairs and supplies	300 00
Boiler repairs	300 00
Machinery repairs	200 00
Storage battery maintenance	500 00
	$13,000 00

Police Department of The City of New York,
No. 300 Mulberry Street,
February 2, 1909.

To the Honorable Board of Aldermen:

Gentlemen—The Police Commissioner this day

Ordered, That the Board of Aldermen be and are hereby respectfully requested to authorize the issue of Special Revenue Bonds in the sum of $13,000 for maintenance of new headquarters building, situated at Broome, Grand and Centre streets and Centre Market place, such amount to be allowed for the purchase of material and supplies, as follows:

Coal	$10 000 00
Oil and boiler compound	500 00
Packing	100 00
Engineers' supplies	300 00
Electrical supplies	300 00
Incandescent lamps	500 00
Elevator repairs and supplies	300 00
Boiler repairs	300 00
Machinery repairs	200 00
Storage battery maintenance	500 00
	$13,000 00

Ordered, That, whenever the Board of Aldermen shall have authorized the issue of such Revenue Bonds in the sum of $13,000, the Board of Estimate and Apportionment be and is hereby respectfully requested to concur therein.

Respectfully,
THEO. A. BINGHAM, Police Commissioner.

Under Rule 21, consideration of this report was deferred. Subsequently the Vice-Chairman moved the adoption of this report.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the negative by the following vote, three-fourths of all the members elected failing to vote in favor thereof:

Affirmative—Aldermen Baldwin, Beyer, J. W. Brown, Carter, Cole, Collins, Corbett, Crowley, Davis, Diemer, Doull, Dowling, Emener, Esterbrook, Flanagan, Goldschmidt, Gunther, Handy, Hochdorffer, Kenneally, Kenney, Levine, Linde, McAleer, McCann, McDonald, Moskowitz, Mulligan, Mulvaney, Murphy, Nugent, Potter, Redmond, Schloss, Smith, Stapleton, Velten, Walsh, Weston, President Gresser and the Vice-Chairman—41.

On motion of Alderman Doull the above vote was reconsidered, and the paper was placed on the list of General Orders.

At this point the Vice-Chairman took the Chair.

No. 1710.

The Committee on Finance, to which was referred on February 2, 1909 (Minutes, page 548), the annexed resolution in favor of payment of telephone bills, respectfully

REPORTS:

That these are the regular quarterly bills for telephone service in the offices of the Board of Aldermen and City Clerk.

The Committee recommends that the said resolution be adopted.

Resolved, That the Comptroller be and he is hereby authorized and requested to draw warrants as follows:

One in favor of the New York Telephone Company for the sum of two hundred and nineteen dollars and eighty-nine cents ($219.89), being for telephone service furnished to the office of the City Clerk for the three months ending December 31, 1908.

Report of Committee on Police—

No. 1722.

The Committee on Police, to which was referred on February 2, 1909 (Minutes, page 552), the annexed resolution in favor of an investigation of complaints against the Police Department, respectfully

REPORTS:

That, having examined the subject, they believe that the power to be conferred contemplated in the resolution should be granted. In this matter the Committee consulted with the office of the Corporation Counsel, on whose advice the accompanying substitute resolution is offered and recommended for adoption.

(SUBSTITUTE.)

Whereas, The Committee on Police has called a public hearing on a matter affecting the Police Department, based on a presentment of the Grand Jury of Kings County; and

Whereas, Complaints against said Department have become frequent in their nature, and whether founded or unfounded, should be heeded and investigated; therefore

Resolved, That the Committee on Police be and hereby is directed to embrace within the scope of its investigation of the Police Department all matters referred to in said public complaints, and to continue such hearing and investigation, from time to time, as in the judgment of said Committee may be meet and proper.

Resolved, further, That full power and authority be conferred upon said Committee to subpoena and compel the attendance of witnesses, the production of books and papers, etc.

(ORIGINAL.)

Whereas, The Committee on Police has called a public hearing on a matter affecting the Police Department, based on a presentment of the Grand Jury of Kings County; and

Whereas, Complaint against said Department has become general in its nature and, whether founded or unfounded, should be heeded; therefore

Resolved, That the Committee on Police be and hereby is directed to embrace within the scope of the public hearing called all matters affecting the Police Department with reference to which there may be public complaint, and to continue such hearing and investigation, from time to time, as in the judgment of said Committee may be meet and proper.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Dowling moved that this report be referred to the Committee on Rules.

Which was adopted.

GENERAL ORDERS.

Alderman Dowling called up General Order No. 134, being a report and resolution, as follows:

No. 1610—(G. O. No. 134).

The Committee on Public Letting, to which was referred on January 19, 1909 (Minutes, page 345), the annexed communication from the Trustees of Bellevue and Allied Hospitals, asking for authority to purchase food supplies during January, 1909, to an amount not to exceed $50,000, respectfully

REPORTS:

That Dr. Brannan appeared before the Committee and explained that instructions had been received from the Board of Estimate to prepare all contracts with a trade discount clause. When this had been done and the forms were ready for use orders were given by the Board of Estimate and Apportionment to omit such clause. This made it necessary to do the work all over again, and set the Department back for the whole month of January, hence this request to enable payment to be made for supplies which it was imperative to purchase and use in January, and which were bought at about the same prices as the 1908 contract. The Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Board of Trustees of Bellevue and Allied Hospitals be and hereby is authorized and empowered to purchase in the open market, without public letting, the necessary food supplies, etc., required for the various hospitals during the month of January, 1909, in an amount not to exceed thirty-five thousand dollars ($35,000).

FRANK L. DOWLING, JAMES J. SMITH, G. A. COLGAN, THOS. J. MULLIGAN, JOSEPH FLANAGAN, FREDERICK C. HOCHDORFFER, JOHN S. GAYNOR, Committee on Public Letting.

Board of Trustees, Bellevue and Allied Hospitals,
Foot of East Twenty-sixth Street,
New York, January 16, 1909.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen, City Hall, New York City:

Dear Sir—The Board of Trustees of Bellevue and Allied Hospitals requests permission to purchase, without public letting, the necessary food supplies, etc., required for the various hospitals during the month of January, 1909. On account of the circular letter received from the Board of Estimate and Apportionment requiring that certain discount clauses be inserted in the specifications, the date for the opening of bids was delayed until January 15. On the 12th of January we were informed by the office of the Corporation Counsel that the discount clause would not be required. We therefore had to withdraw the advertisement calling for bids and prepare specifications anew. The earliest date on which we can now arrange for the opening of bids is January 25, and we therefore find it necessary to exceed the thousand dollar limit in open market purchases of the various items.

In view of these unavoidable delays which prevented the purchase of the necessary supplies by contract to the lowest bidders, and in view of the necessity of buying certain supplies and provisions immediately, the Trustees hope that prompt attention may be given their request to make the necessary purchases without public letting in an amount not to exceed fifty thousand dollars for the month of January, 1909.

Respectfully,
J. K. PAULDING, Secretary, Board of Trustees.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Barton, Bent, Beyer, B. W. B. Brown, J. W. Brown, Carter, Case, Cole, Colgan, Collins, Corbett, Crowley, Davis, Delaney, Diemer, Doull, Dowling, Downing, Emener, Esterbrook, Finnigan, Flanagan, Gaynor, Goldschmidt, Gunther, Handy, Hickey, Hines, Hochdorffer, Johnson, Kavanagh, Kenneally, Kenney, Levine, Linde, Marx, McAleer, McCann, McDonald, Moskowitz, Muhlbauer, Mulcahy, Mulligan, Mulvaney, Murphy, Nagle, Nugent, O'Reilly, Potter, Redmond, Rendt, Sandiford, Schneider, Smith, Stapleton, Stormont, Velten, Walsh, Weston, President Gresser, President Coler, by Thomas R. Farrell, Commissioner of Public Works, and the Vice-Chairman—63.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of $1,400 (fourteen hundred dollars), the proceeds whereof to be used by the Appellate Division, Second Department, for the purpose of paying the salary of Officer Henry E. States for the year 1909, assigned by the Police Commissioner to the said Appellate Division, Second Department.

City of New York, Office of the Mayor,
February 9, 1909.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I have been requested by the Appellate Division, Second Department, to present to you the following facts in regard to the payment of Police Officer Henry E. States, assigned to their Court by the Police Commissioner.

It appears that the officer has held this assignment for the last eight years, and that in accordance with the new rule it is necessary for all the departments or offices using a Police Officer to provide means for the payment of his salary during the assignment. The Appellate Division did not request any appropriation for 1909 for Officer States, as it appears that this new system had not been brought to their attention.

No appropriation is available in this Court to pay the Officer's salary by transfer thereof, and the method of authorizing the issue of a Special Revenue Bond, in pursuance of subdivision 8, section 188 of the Charter, would appear to be the only available method.

Very respectfully,
GEO. B. McCLELLAN, Mayor.

EXECUTIVE DEPARTMENT.

BUREAU OF WEIGHTS AND MEASURES.

REPORT FOR THE YEAR ENDING DECEMBER 31, 1908.

New York, February 1, 1909.

Hon. GEORGE B. McCLELLAN, Mayor:

Sir—I have the honor to submit herewith the report of the work of the Bureau of Weights and Measures attached to your office, during the year ending December 31, 1908. In the accompanying table is given the summary of the investigations made, and complaints filed with the Corporation Counsel for prosecution.

The ordinance governing the inspection of weights and measures has been found in many instances inadequate to properly protect the public in their purchases. Numerous suggestions have been offered in the form of amendments, to the Committee on Code Revision of the Board of Aldermen, which will, I believe, be enacted into the ordinance.

The work of the Bureau has been carried on in a vigorous manner, but has been somewhat retarded on account of the conflicting laws governing standards. The scope of the inspection work has been extended to a point where Federal regulations concerning the size of barrels, was found to differ with the State standard; the trade interests affected questioned the authority of the Bureau, because Federal regulations applied to their standards; the question at issue was submitted to the Corporation Counsel for an opinion, and is still being considered by that official.

The higher courts have upheld the Bureau in its contention with the coal merchants, by deciding in the affirmative the authority of the Inspectors to re-weigh coal loads. Still there are dealers who persist in refusing to recognize the authority of the Bureau. Twenty complaints have been lodged against one dealer for refusing to permit Inspectors to re-weigh his coal. This decision is in exact accordance with previous decisions rendered in the Bureau's favor in the cases appealed by one of the large packing concerns and the American Ice Company. There is still awaiting final adjudication in the United States Court the question as to whether this Bureau can test or condemn a scale with a computing attachment; this question has been in litigation since 1905, and it is earnestly hoped that the Bureau will be successful in this case.

About 40,000 stores and places are subject to the inspection and visits of this Bureau, together with a large number of coal, ice, peddlers' and vendors' carts and wagons, using scales or measures, which are visited and inspected by the field staff of eighteen Inspectors, some time during the year, and in many instances weekly and monthly.

The usual practices of falsifying scales, weights and measures, by attaching foreign substances, such as strips of fat, putty, locks or other junk, still exists. A new set of tradesmen each year trying the old tricks until caught, the records of previous violators show few second offenders at the old tricks. It is most always the new men in business that put into practice the nefarious methods heretofore reported; they do not use those methods of cheating very long before they become a victim of the Inspector's vigilance, are prosecuted, and put on record in this Bureau as cheats after that. Constant visits of the Inspectors serve to keep this class of traders near honest.

The list of suspects now number above 8,000, and it takes a good part of the time of the force keeping an eye upon them. The public seem to take being cheated in their purchases as a matter beneath their notice, at least it seems so, as but few complain to the Bureau, while the Inspectors can and do find so many dealers cheating. A glance at the table below will show the number of violations found by the field staff. In the miscellaneous violations reported are 409 complaints against grocers for selling short weight packages of sugar, flour and beans, also for selling dried beans by liquid measure; which means about 2½ ounces short in a quart. Many grocers soon found a way to circumvent the Inspectors in this work; the packages of flour and sugar formerly sold at 3½ pounds are now offered and sold at so many cents the bag, and beans at so much per measure; clearly a subterfuge. In one instance where a quart of beans was asked for a bag containing one pound eight ounces was handed out; when the attention of the grocer was called to the fact that a dry quart should equal one pound fourteen ounces in weight, he said that he understood that sixty pounds made a bushel of beans, and that forty quarts equalled a bushel, said he: "Sixty divided by forty equalled one and one half pounds to the quart;" another instance of arbitrary standards.

Number of investigations made where businesses of the following nature were carried on:

Nature of Business.	No.	Nature of Business.	No.
Bakery	2,517	Ice	1,439
Butcher	7,691	Junk	491

Aggregate amount of penalties involved in above, $38,425.

Coal.

The entire attention of the Bureau was directed to this inspection during the months of November and December. Many loads were reweighed in the early hours of the morning and the late hours of the evening, when the dishonest dealers did not expect a visit from the Inspectors at such unseeming hours; much complaining resulted from dealers on account of this departure, they claiming that our work retarded their deliveries. The claim no doubt is true, but the Bureau cannot discriminate, and if the honest dealers are put to a little inconvenience now and then it serves to protect them in a way from short weight dealers, who could afford to undersell them if they could constantly deliver short weight. The early morning deliveries of coal, which is generally supplied to factories, large buildings, etc., were found to be of good measure; the deliveries made about 6 p. m. are the ones that brought results for the Bureau, for in those late deliveries single tons short 330 and 315 pounds respectively were found, and one attempt to deliver 3,000 for 4000 pounds was frustrated. In this attempted delivery the purchaser claimed two tons were ordered, and no doubt if the Inspector did not happen along at the time he did, this load 1,000 pounds short would be delivered for 4,000 pounds, as ordered. Fifteen hundred and thirty loads were reweighed, in which 151 violations were found.

Official Coal Scales.

Under the State law, article 10, chapter 327, Laws of 1900, section 153 relates to the reweighing of coal. Coal dealers can have their scales designated by the Mayor as official coal scales, provided they comply with the several requirements exacted of furnishing 1,000 pounds of test weights, filing a bond, keeping records, etc. In accordance with the above law there have been designated in the Boroughs of Manhattan and The Bronx 36 scales, Brooklyn 28, one in Queens and none in Richmond.

The same law provides for the testing once each month by the Inspectors of this Bureau.

It is the custom of the Coal Dealers' Protective Association to have their members designated as official coal weighers, and to furnish the record books for such scales.

This Bureau should have the power to regulate the methods of keeping such records of coal reweighings, so that uniformity can be had in such records, as oftentimes they serve as evidence in court. Some weighers enter a reweighing on record, others do not bother; still others do not keep a record of any kind. The capacity of scales designated in application should be clearly defined, as there are some scales now official that cannot be used to reweigh a heavy load; in several instances scales broke down with a heavy load. All official scales should be built strong enough to reweigh any load of coal.

The public should know where those scales are located, so that they could protect themselves in buying coal; if, when a load is to be delivered, the purchaser would order the load taken to an official scale, and pay 15 cents the ton, the driver would bring back an official slip with the correct weight.

Penalties.

The penalties for using false instruments, and for offering for sale short of the true weight or measure, are $25 and $10 respectively.

The framers of the short weight ordinance evidently did not expect that any great amount of cheating at weights or measures would be practiced; certainly they did not intend that the Bureau would be self-sustaining, but, if the aggregate amount of penalties involved in complaints made by the Inspectors could be used by the Bureau, it would be found that a bureau instituted to protect the public in their purchases is almost self-sustaining.

It has been proposed in amendments offered to increase the penalties from $10 up to $100.

Contingencies.

There has been allowed but $500 for such. There is urgent necessity of a substantial increase in this fund; the various trades using large scales have come to know that it is a very good plan to have their scales tested once each year, which cost this Bureau an expenditure in cart hire.

The twenty Inspectors should be allowed carfare, and the three in the outlying Boroughs should be provided with conveyances, as the transit facilities are not such that will bring the Inspectors close enough to all the places they are obliged to reach.

In order to properly equip the Bureau about $500 annually should be expended in new test standards; this in a few years would result in a thoroughly equipped office.

Communications.

Many anonymous communications were received, some of which proved upon investigation that those dealers complained of were using correct instruments. I believe that many storekeepers complain about their competitors in business, in order to have them harassed by Inspectors of this Bureau. Storekeepers are not alone in trying to use the Bureau for selfish ends; salesmen for different scale concerns have hit upon this anonymous scheme to scare prospective customers into buying their scale; if this fails them, the fake Inspector is resorted to, all of which serves to place the Bureau in a compromising position and to discredit its work.

Communications have been received from various State and City officials, asking information and advice relative to the inspection of weights and measures as carried on in this city.

It would serve in a great measure to help check the work of short weight merchants, if the public would communicate with the Bureau the fact that their tradesmen are cheating them; such complaint would be brought to the notice of the dealer by the Inspector of the district, and would serve as a check upon attempts to defraud by short weight or measure.

The Force.

The entire force of the Bureau consists of ten Sealers and ten Inspectors, the same number as allowed in 1898. The salaries paid are $1,500 and $1,200 respectively, the same as originally fixed in 1882.

Two of the Sealers are detailed to the management of the office, and supervise the field force; one bears the "office title" of Deputy Chief, and the other that of Chief Inspector.

Each Sealer and Inspector is assigned to a district, which he is held accountable for; bonds being furnished by him for the faithful performance of his duty as defined by ordinance. In addition to his duties as defined by law, he must act as complaining witness in all actions brought by him through the Corporation Counsel against offenders of the short weight ordinance. One hundred and sixty-five days were spent in court by Inspectors of this Bureau during the past year.

Recommendations.

In order to be prepared for the extra work which will fall to the Bureau when the new ordinance is adopted, it is recommended that provisions be made whereby adequate clerical and other assistance can be readily obtained.

That the contingent fund be increased to at least $5,000, in order that at least one horse and wagon can be steadily employed in each Borough to haul the heavy standards, which will be necessary to properly carry out the law in the future.

That power to publish the names of second offenders of the short weight ordinance be given the Bureau.

That Inspectors of the Bureau be made peace officers, so that arrests can be made where the ordinance governing the use of weights and measures is violated in their presence.

That the office of the Bureau be located in the centre of the city, and be properly equipped with the necessary instruments to weigh or measure any article brought in for verification or certification.

That public weighing stations be established in each Borough.

That all types of scales, measures or other instruments used for weighing or measuring in this city, be approved by some board or commission appointed for that purpose.

That all official coal weighing scales be placed directly under the supervision of the Bureau.

Respectfully submitted,

PATRICK DERRY, Chief of Bureau.

BOARD OF ESTIMATE AND APPORTIONMENT.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out the Queensboro Bridge, between Second avenue, in the Borough of Manhattan, and Jackson avenue, in the Borough of Queens, and so as to lay out a marginal street on the northeasterly side, between Vernon avenue and Hunter avenue; lay out a marginal street on the southwesterly side, between Vernon avenue and Jane street; change the grade of Hamilton street, Hancock street, Sherman street, Marion street, Van Alst avenue and Sunswick street, at and adjoining the said marginal streets, and so as to close and discontinue Jane street, from Vernon avenue to Academy street, and Charles street, from the bulkhead line of the East River to Vernon avenue, Borough of Queens, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on February 26, 1909, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on February 5, 1909, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out the Queensboro Bridge, between Second avenue, in the Borough of Manhattan, and Jackson avenue, in the Borough of Queens; by laying out a marginal street on the northeasterly side, between Vernon avenue and Hunter avenue, and a marginal street on the southwesterly side, between Vernon avenue and Jane street; by changing the grade of Hamilton street, Hancock street, Sherman street, Marion street, Van Alst avenue and Sunswick street, at and adjoining the said marginal streets, and by closing and discontinuing Jane street, from Vernon avenue to Academy street, and Charles street, from the bulkhead line of the East River to Vernon avenue, in the Borough of Queens, City of New York, more particularly described as follows:

The lines of the Queensboro Bridge, from Second avenue, in the Borough of Manhattan, to Jackson avenue, in the Borough of Queens; of the marginal street on the northeasterly side, from Vernon avenue to Hunter avenue; of the marginal street on the southwesterly side, from Vernon avenue to Jane street; the grades of Hamilton street, from the northeasterly line of the northeasterly marginal street to the crown northeasterly from Harris avenue; of Hancock street, from the grade heretofore established at Jane street to Harris avenue; of Sherman street, from the grade heretofore established at Jane street to the crown northeasterly from Harris avenue; of Marion street, from the northeasterly line of the northeasterly marginal street to the crown northeasterly from Harris avenue; of Van Alst avenue, from the grade heretofore established at Jane street to the crown northeasterly from Harris avenue, and of Sunswick street, from Wilbur avenue to the crown northeasterly from Harris avenue, are to be as shown upon a map bearing the signature of the Commissioner of the Department of Bridges and dated January 27, 1909.

The lines of Jane street, from Vernon avenue to Academy street, and of Charles street, from the bulkhead line of the East River to Vernon avenue, are to be discontinued.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 26th day of February, 1909, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 26th day of February, 1909.

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment, held on January 15, 1909, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of amending the area of assessment in the proceeding authorized by the Board on January 11, 1907, to acquire title to Westchester avenue, between Main street (West Farms road) and the Eastern boulevard, at Pelham Bay Park; to Lane avenue, between Westchester avenue and West Farms road, and to the public place bounded by Lane avenue, West Farms road and Westchester avenue, in the Borough of The Bronx, City of New York;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, hereby gives notice that the following is the proposed amended area of assessment for benefit in this proceeding:

Beginning at a point on a line midway between Parker street and Zerega avenue where it is intersected by the prolongation of a line midway between Frisby avenue and Glebe avenue, as these streets are laid out northeasterly from Zerega avenue, and running thence northeastwardly along the said line midway between Frisby avenue and Glebe avenue, and along the prolongation of the said line to the intersection with a line midway between Zerega avenue and Rowland street; thence northwestwardly along the said line midway between Zerega avenue and Rowland street to the intersection with a line midway between Glebe avenue and St. Raymond avenue, as these streets are laid out between Zerega avenue and Rowland street; thence northeastwardly along the said line midway between Glebe avenue and St. Raymond avenue, and along the prolongation of the said line to the intersection with a line midway between Overing street and Benson avenue; thence northwestwardly along the said line midway between Overing street and Benson avenue to a point distant 100 feet northeasterly from the southeasterly line of St. Raymond avenue; thence northeastwardly and always distant 100 feet southeasterly from the southeasterly line of St. Raymond avenue and the prolongation thereof to the intersection with a line midway between Brocket avenue and Halperin avenue; thence northeastwardly along the said line midway between Brocket avenue and Halperin avenue to a point distant 100 feet northeasterly from the northeasterly line of Blondell avenue; thence southeastwardly and always distant 100 feet northeasterly from the northeasterly line of Blondell avenue to a point distant 600 feet northwesterly from the northwesterly line of Westchester avenue, the said distance being measured at right angles to the line of Westchester avenue; thence northeastwardly, northwardly and northeastwardly and always distant 600 feet northwesterly, westerly and northwesterly from the northwesterly, westerly and northwesterly lines of Westchester avenue and the prolongation thereof to a point distant 600 feet easterly from the westerly line of Pelham Bay Park, the said distance being measured at right angles to the line of Pelham Bay Park; thence southwardly along a line parallel with the westerly line of Pelham Bay Park, as laid out immediately northwest of Westchester avenue, and along the prolongation of the said line, to the intersection with the prolongation of the northwesterly line of Morris Park avenue, as laid out east of Westchester avenue; thence southwestwardly along the said prolongation of the northwesterly line of Morris Park avenue to a point distant 250 feet easterly from the westerly line of Pelham Bay Park, the said distance being measured at right angles to the line of Pelham Bay Park; thence southwardly and always distant 250 feet easterly from the westerly line of Pelham Bay Park to the intersection with the prolongation of a line midway between Buhre avenue and Roberts avenue, as these streets are laid out adjoining the Eastern boulevard; thence southwestwardly along the said line midway between Buhre avenue and Roberts avenue, and along the prolongation of the said line, to the intersection with a line midway between Jarvis avenue and Mahan avenue; thence southeastwardly along the said line midway between Jarvis avenue and Mahan avenue to a point distant 100 feet southeasterly from the southeasterly line of Roberts avenue; thence southwestwardly along a line parallel with Roberts avenue, as laid out between Crosby avenue and the Eastern boulevard, and along the prolongation of the said line, to a point distant 600 feet southeasterly from the southeasterly line of Westchester avenue, the said distance being measured at right angles to the line of Westchester avenue; thence southwestwardly and always distant 600 feet southeasterly from the southeasterly line of Westchester avenue to the intersection with the prolongation of a line midway between Parker street and Zerega avenue, as these streets are laid out adjoining Westchester avenue; thence northwestwardly along the said line midway between Parker street and Zerega avenue, and along the prolongation of the said line to the point or place of beginning.

Resolved, That this Board consider the proposed amended area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 26th day of February, 1909, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 26th day of February, 1909.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out an unnamed street for pedestrians between Fort George avenue and Dyckman street, Borough of Manhattan, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on February 26, 1909, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on January 15, 1909, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out an unnamed street for pedestrians between Fort George avenue and Dyckman street, in the Borough of Manhattan, City of New York, more particularly described as follows:

Two tentative plans for laying out an unnamed street, 25 feet wide, for the use of pedestrians, between Fort George avenue and Dyckman street, are to be considered by the Board of Estimate and Apportionment. Under one of these it is proposed to locate the street along the prolongation of the western line of Amsterdam avenue, and under the other the street is to extend from a point on Dyckman street where it is intersected by the prolongation of the westerly line of Amsterdam avenue to a point on the northerly line of Fort George avenue distant about 290 feet westerly from its intersection with the prolongation of the westerly line of Amsterdam avenue.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 26th day of February, 1909, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 26th day of February, 1909.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held January 22, 1909, the following petition was received:

To the Honorable the Board of Estimate and Apportionment of The City of New York:

The petition of the New York and North Shore Traction Company respectfully shows:

That your petitioner, on December 18, 1908, presented to this Board a written petition asking for a franchise to build and construct a street surface railroad on certain streets and private property between Flushing and Whitestone, in the Borough of Queens, New York City.

That in addition to the alternative routes described in said petition, your petitioner respectfully applies for the right, privilege and franchise to build, maintain and operate a double-track street surface railroad as prayed for in said former petition on the following alternative route, to wit:

Beginning at the intersection of Chestnut street and Central avenue, on the proposed route of petitioner, running from Little Neck to Flushing; thence northerly on and along private property, crossing Bayside avenue where Central avenue, if prolonged, will intersect the same; thence northerly on and along private property to Higgins lane at a point east of Seventh avenue; thence westerly on and along Higgins lane to Seventh avenue; thence northerly on and along Seventh avenue, as set forth in the first alternative route in said former petition.

Wherefore your petitioner prays that public notice thereof and of the time and place where this application will first be considered be given, as required by law, and that the desired consent be granted in accordance with the provisions of the Greater New York Charter.

Dated January 18, 1909.

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment held this day the following proceedings were had:

Whereas, The East River Terminal Railroad has under date of January 15, 1908, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate railroad tracks by locomotive steam power upon Wythe avenue, Kent avenue and North Fourth street in the Borough of Brooklyn; and

Whereas, Section 92 of the Railroad Law and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905 provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws this Board adopted a resolution on June 26, 1908, fixing the date for public hearing thereon as September 18, 1908, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "Brooklyn Daily Eagle" and the "Brooklyn Daily Times," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the East River Terminal Railroad and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the East River Terminal Railroad containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the East River Terminal Railroad the franchise or right fully set out and described in the following form of proposed contract for the grant thereof embodying all the terms and conditions including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this day of , 1909, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the East River Terminal Railroad (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate railroad tracks either at the grade of the surface of the streets and avenues or above or below the grade thereof, as shall be determined by the Public Service Commission for the First District of the State of New York, pursuant to law, for the purpose of conveying goods, wares and merchandise only, in the Borough of Brooklyn, City of New York, as follows:

(a) Four tracks beginning at the westerly side of Wythe avenue; thence across Wythe avenue to the easterly side thereof, all of such tracks to be situated in the portion of Wythe avenue between the southerly side line of North Fourth street and a line parallel thereto crossing Wythe avenue about sixty (60) feet southerly therefrom.

(b) Six tracks beginning at the westerly side line of Kent avenue; thence across Kent avenue to the easterly side line thereof, all of such tracks to be situated in the portion of Kent avenue, between the southerly side line of North Fourth street and the line parallel thereto, and crossing Kent avenue about one hundred and twenty (120) feet southerly therefrom.

(c) One track beginning at the westerly side line of Kent avenue; thence curving northerly and easterly across Kent avenue and North Fourth street to the northerly side line of North Fourth street at a point about one hundred and ten (110) feet easterly from the easterly side line of Kent avenue. Said tracks hereby authorized are shown upon a map entitled:

"Plan showing proposed tracks on North Fourth street, Kent avenue and Wythe avenue, Borough of Brooklyn, N. Y., to Accompany Application, dated January 15, 1908, of the East River Terminal Railroad to the Board of Estimate and Apportionment."

—and signed by the East River Terminal Railroad Company, W. B. Duncan, Jr., President, and approved by H. O. Havemeyer, Jr., dated June, 1908, a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed. Provided that deviations therefrom which are consistent with the foregoing description, and the other provisions of this contract, may be permitted by resolution of the Board.

Sec. 2. The grant of this right or privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railroad shall be obtained by the Company within one month after the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall within one month thereafter make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railroad ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate said railroad shall be held and enjoyed by the Company for the term of fifteen (15) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of ten (10) years upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time, not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year of this original contract.

If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with each other, fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board, one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—Upon the termination of this original contract, or if the same is renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, or upon the dissolution of the Company before such termination, the tracks of the Company constructed pursuant to this contract, within the streets, avenues and highways shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this grant as above the City (by the Board) shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of the tracks and other equipment constructed pursuant to this contract, and the said streets, avenues and highways shall be restored to their original condition at the sole cost and expense of the Company.

Fourth—The Company shall pay to the City for this privilege the following sums of money:

(a) The sum of three thousand dollars ($3,000) in cash within thirty (30) days after the date on which this contract is signed by the Mayor.

(b) During the first ten (10) years of this contract, beginning on the date when this contract is signed by the Mayor, an annual sum of four hundred and fifty dollars ($450).

During the succeeding five (5) years of this contract an annual sum of nine hundred dollars ($900).

Such sums as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City or by any law of the State of New York.

Fifth—The annual charges or payment shall continue throughout the whole term of this con-

tract, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payments for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of the route mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions in this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—The Company shall commence construction of the railroad herein authorized, within two (2) months from the date upon which the consents of the property owners are obtained, or from the date upon which the decision of the Appellate Division of the Supreme Court that such railroad ought to be constructed is rendered in lieu of such consents, and shall complete the construction and place the same in full operation within six (6) months from the date of obtaining such consents or such decision, otherwise this grant shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City as hereinafter provided, shall thereupon be forfeited to the City; provided, that such periods may be extended by the Board for a period or periods not exceeding in the aggregate six months each; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within the control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided further that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall in writing consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Eighth—The work of construction of the tracks hereby authorized shall be done in such manner as shall not substantially interfere with the ordinary use of any street, avenue or highway as a public highway.

Ninth—The street surface passenger railway now operated upon Kent avenue shall have the right of way over the cars or trains operated upon the tracks hereby authorized.

Tenth—Cars may be operated upon said tracks by steam locomotives, which shall be housed or boxed so as to conform with the type commonly known as the dummy engine, or by any other motive power which may be approved by the Board, and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York, provided, however, that the Board, upon giving to the grantee one year's notice, may require the company to operate its railroad upon the whole or any portion of the tracks hereby authorized by such system of electric power as may be designated by the Board, and the company shall thereupon discontinue the use of steam locomotives from such tracks.

Eleventh—Neither passengers nor vehicles shall be prevented from crossing the tracks hereby authorized by the occupation of such tracks by cars or trains operated thereon, for a greater period than five consecutive minutes at any time, and the aggregate of such periods shall not exceed ten minutes in any hour between 7 o'clock a. m. and 6 o'clock p. m.

Twelfth—Should the Company be allowed to operate at the grade of streets and avenues, it shall erect, maintain, and operate gates across Kent avenue at or near the northerly side line of North Fourth street, and at a point about one hundred and twenty (120) feet southerly from the said southerly side line of North Fourth street; also gates across Wythe avenue at or near the southerly side line of North Fourth street, and at a point about sixty (60) feet southerly from the said southerly side line of North Fourth street. Such gates shall be closed so as to exclude pedestrians and vehicles from the tracks hereby authorized, when cars or trains are operated thereon. In addition to such gates, the Company shall station flagmen at the intersection of Kent avenue and North Fourth street for the protection of persons and vehicles using North Fourth street. Should it seem necessary, in the opinion of the Board, that gates other than those herein required should be maintained for the protection of persons or property, the Company shall erect, maintain and operate such gates upon thirty (30) days' notice by the Board to the Company.

Thirteenth—As long as the said tracks, or any portion thereof, shall remain in the streets, avenues or highways, the Company shall set the curbs and pave the roadway and sidewalk and keep the same in permanent repair upon that portion of the surface of Kent avenue, between the southerly side line of North Fourth street and a point one hundred and twenty (120) feet southerly therefrom; that portion of Wythe avenue between the southerly side line of North Fourth street and a point sixty (60) feet southerly therefrom, and that portion of North Fourth street between the rails of the tracks hereby authorized in that street and for a distance of two feet beyond such rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. The City shall have the right to change the material or character of the pavement of any such streets, avenues or highways, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City officer at its own expense, and the provision as to repairs herein contained shall apply to such renewal or altered pavement.

Fourteenth—The Company shall at all times keep that portion of the surface of Kent avenue, between the southerly side line of North Fourth street and a point one hundred and twenty (120) feet southerly therefrom; that portion of Wythe avenue between the southerly side line of North Fourth street and a point sixty (60) feet southerly therefrom, and that portion of North Fourth street between the rails of the tracks hereby authorized in that street, and for a distance of two (2) feet beyond such rails on either side thereof, free and clear from snow and ice, provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clear an equivalent amount of street surface from house line to house line.

Fifteenth—Should the grades or lines of any street, avenue or highway in which said tracks are hereby authorized be changed at any time during the term of this contract, the Company shall change its tracks to conform with such new grades and lines, and during the construction of such public improvement upon such street, avenue or highway, the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the President of the Borough of Brooklyn.

Sixteenth—It is agreed that the right hereby granted to operate a railroad shall not be in preference or in hindrance to public work of the City, and should the said railroad in any way interfere with the construction of public work in the streets or avenues, whether the same is done by the City directly, or by a contractor for the City, the Company shall at its own expense protect or move the tracks and appurtenances in a manner as directed by the President of the Borough of Brooklyn.

Seventeenth—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railroad, shall be made at the sole cost of the Company and in such manner as the proper City officials may prescribe.

Eighteenth—The said railroad shall be constructed and operated in the latest approved manner of street railroad construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railroad equipment, including rolling stock and railroad appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Nineteenth—Said railroad shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City. Before any construction shall be commenced upon any portion of the route, written permits shall be obtained from the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, and the Company shall comply with any conditions which those officials may impose as a condition upon which such permit is granted, provided such conditions are imposed for the purpose of protecting the structures over which those officials have jurisdiction.

Twentieth—The rates for carrying property upon the tracks hereby authorized shall in all cases be reasonable in amount, and shall be subject to the control of the Board, and be fixed by the Board after notice to the Company, and hearing had thereon, and when so fixed such rate shall be binding upon the Company, and no rates in excess of those fixed shall be charged for such service.

Twenty-first—The Company shall at all times keep accurate books of account of the gross earnings from all sources, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross earnings, total miles in operation and the miles of railroad constructed and operated under this contract and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-second—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railroad constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity.

Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-third—If the Company shall fail to give efficient public service or fail to maintain its structures in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall for each day thereafter during which the default or defect remains pay to the City the sum of two hundred and fifty dollars ($250) as fixed or liquidated damages, or the Board, in case such structures which may affect the surface of the streets, avenues or highways shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-fourth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railroad authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twenty-fifth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of three thousand dollars ($3,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privilege hereby granted, the efficiency of the public service rendered, the repairs of the street pavement, the removal of snow and ice and the quality of the construction of the railroad; and in the case of default in the performance by the Company of such terms and conditions the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice in writing to the Company; or in case of failure to keep the said terms and conditions of this contract relating to obstruction of traffic, the maintenance of gates and flagmen, the repair of pavements and removal of snow and ice, the Company shall pay a penalty of fifty dollars ($50) per day for each day of violation.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Comptroller of the City, on complaint made, shall, in writing, notify the Company, through its President, to appear before him on a certain day not less than ten (10) days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Comptroller to be in fault, said Comptroller shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to him to be just, and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the Comptroller of the City a sum sufficient to restore said security fund to the original amount of three thousand dollars ($3,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-sixth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways in which the Company is authorized to operate.

Twenty-seventh—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-eighth—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other Board, authority, officer or officers, then and in such case such other Board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. This grant is also upon the further and express condition that the provisions of the Railroad Law pertinent hereto, and further, all laws or ordinances now in force, or which may be adopted affecting the surface railways operating in the City, not inconsistent with the said Railroad Law and the terms and conditions hereinbefore fixed, shall be strictly complied with by the Company.

Sec. 4. The Company promises, covenants and agrees on its part and behalf, to conform to and abide by and perform all the terms and conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor and of the terms and conditions including the provision as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the East River Terminal Railroad and the said form of a proposed contract for the grant of such franchise or rights, containing said results of such inquiry after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Friday, February 19, 1909, in the CITY RECORD and at least twice during the ten (10) days immediately prior to Friday, February 19, 1909, in two daily newspapers to be designated by the Mayor therefor and published in the City of New York, at the expense of the East River Terminal Railroad, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the East River Terminal Railroad and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will at a meeting of said Board to be held in the old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Friday, February 19, 1909, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF QUEENS:

FIRST WARD.

THIRD AVENUE—SEWER, from the crown south of Pierce avenue to Graham avenue. Area of assessment: Both sides of Third avenue, from the crown south of Pierce avenue to Graham avenue.

—that the same was confirmed by the Board of Assessors February 9, 1909, and entered February 9, 1909, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before April 10, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

SUPREME COURT—FIRST DEPARTMENT.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the widening of FREEMAN STREET (although not yet named by proper authority), between Stebbins avenue and Intervale avenue, in the Twenty-third Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL persons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 5th day of March, 1909, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 8th day of March, 1909, at 2 o'clock p. m.

Second—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 5th day of March, 1909, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 8th day of March, 1909, at 3 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 14th day of December, 1906, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point in the middle of the block between Bryant and Longfellow streets, midway between the northerly side of Freeman street and the southerly side of Jennings street, and running thence eastwardly on a line midway between the northerly side of Freeman street and the southerly side of Jennings street to the easterly side of the Southern boulevard; beginning again on the westerly side of the Southern boulevard, midway between Wilkins avenue and Jennings street, and running thence eastwardly to the easterly side of Wilkins avenue midway between the Southern boulevard and Jennings street, including the entire triangular block bounded by Intervale avenue, Wilkins avenue and Freeman street; beginning again on the westerly side of Intervale avenue at a point midway between Freeman and Jennings streets, and extending westwardly along a line midway between Freeman and Jennings street to the easterly side of Prospect avenue; beginning again on the westerly side of Prospect avenue at a point midway between Ritter place and Jennings street and running westwardly and parallel with Jennings street to a point 100 feet west of the westerly side of Prospect avenue, measured at right angles thereto; thence running southwardly on a line 100 feet west of the westerly side of Prospect avenue and parallel therewith to a point 100 feet south of the southerly side of East One Hundred and Sixty-ninth street; thence eastwardly on a line 100 feet south of the southerly side of East One Hundred and Sixty-ninth street and parallel therewith to a point 100 feet west of the westerly side of Stebbins avenue; thence northwardly on a line 100 feet west of the westerly side of Stebbins avenue and parallel therewith to a prolongation of a line 100 feet south of the southerly side of Chisholm street, between Intervale avenue and Stebbins avenue and parallel therewith; thence eastwardly along a line 100 feet south of the southerly side of Chisholm street, between Intervale and Stebbins avenues and the prolongation thereof to a point 100 feet east of the easterly side of Intervale avenue; thence northwardly on a line 100 feet east of the easterly side of Intervale avenue and parallel therewith to its intersection with a line drawn midway between the southerly side of Freeman street and the northerly side of Home street; thence eastwardly along the said line midway between the southerly side of Freeman street and the northerly side of Home street to a point midway between the easterly side of Bryant street and the westerly side of Longfellow street; thence northwardly on a line midway between the easterly side of Bryant street and the westerly side of Longfellow street to the point of beginning.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 8th day of March, 1909.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 29th day of April, 1909, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, February 2, 1909.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, in fee, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of HEBERTON AVENUE (although not yet named by proper authority), between a line about 188 feet north of Ann street and Richmond terrace, in the Third Ward, Borough of Richmond, City of New York.

NOTICE IS HEREBY GIVEN THAT BY an order of the Supreme Court, bearing date the 27th day of November, 1908, and duly entered in the office of the Clerk of the County of Richmond, at his office in the Borough of Richmond, in The City of New York, on the 7th day of January, 1909, a copy of which order was duly filed in the office of the Clerk of the County of Richmond, we, Stephen D. Stephens, Daniel L. Driscoll and Edward Slater, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence

of opening and extending the above mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of Richmond on the 7th day of January, 1909, and the said Stephen D. Stephens was appointed Commissioner of Assessment, for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of Richmond on the 7th day of January, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4, of the Greater New York Charter as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue, and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 5th day of March, 1909, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto; and as such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of SENATOR STREET, from First avenue to Fifth avenue, in the Thirtieth Ward, Borough of Brooklyn, City of New York.

WE, THE UNDERSIGNED COMMISsioners of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the first day of March, 1909, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the third day of March, 1909, at 2 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 11th day of March, 1909.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point on the westerly side of Fifth avenue where the same is intersected by a line drawn parallel to Senator street and distant 100 feet northerly therefrom, said distance being measured at right angles to Senator street; running thence westerly along said parallel line to its intersection with the easterly side of Fourth avenue, running thence southerly along the easterly side of Fourth avenue to its intersection with a line drawn parallel to Senator street and distant 100 feet southerly therefrom, said distance being measured at right angles to Senator street; running thence easterly along said parallel line to the westerly side of Fifth avenue; running thence northerly along the westerly side of Fifth avenue to the point or place of beginning.

Also beginning at a point on the westerly side of Fourth avenue where the same is intersected by the centre line of the block between Senator street and Sixty-seventh street; running thence westerly along the centre line of the block between Senator street and Sixty-seventh street to the easterly side of Third avenue; running thence southerly along the easterly side of Third avenue to the centre line of the block between Sixty-eighth street and Senator street; running thence easterly and along the centre line of the block between Sixty-eighth street and Senator street to the westerly side of Fourth avenue; running thence northerly along the westerly side of Fourth avenue to the point or place of beginning.

Also beginning at a point formed by the intersection of the southerly side of Sixty-seventh street with the westerly side of Third avenue; running thence southerly and along the westerly side of Third avenue to the prolongation of a line drawn parallel with Senator street and distant 100 feet southerly therefrom, said distance being measured at right angles to the line of Senator street; running thence westerly and along said parallel line to the easterly side of Second avenue; running thence northerly and along the easterly side of Second avenue to a line drawn parallel with the northerly side of Senator street and distant 100 feet northerly therefrom, said distance being measured at right angles to Senator street; running thence easterly along said parallel line to a point distant 100 feet northwesterly of the northwesterly side of Senator street, said distance being measured at right angles to the northwesterly side of Senator street; running thence northeasterly parallel with the northwesterly side of Senator street to the southerly side of Sixty-seventh street; running thence easterly along the southerly side of Sixty-seventh street to the point or place of beginning.

Also beginning at a point on the westerly side of Second avenue where the same is intersected by the centre line of the block between Sixty-seventh street and Senator street; running thence westerly and along said centre line to the easterly side of First avenue; running thence southerly and along the easterly side of First avenue to the centre line of the block between Sixty-eighth street and Senator street; running thence easterly and along said centre line to the westerly side of Second avenue; running thence northerly along said westerly side of Second avenue to the place of beginning.

Fourth—That provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a special term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 19th day of April, 1909, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, and in the corporation newspapers, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Brooklyn, New York, February 9, 1909.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title in fee, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of CYPRESS AVENUE, between Sixteenth street and Broadway, in the Third Ward, Borough of Queens, City of New York.

PURSUANT TO THE STATUTES IN such cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held for the hearing of motions, in the County Court House, in the County of Kings, in the Borough of Brooklyn, in The City of New York, on the 23d day of February, 1909, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and one Commissioner of Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening and extending of Cypress avenue, between Sixteenth street and Broadway, in the Third Ward, Borough of Queens, City of New York, being the following described lots, pieces or parcels of land, viz.:

Beginning at a point formed by the intersection of the easterly line of Sixteenth street with the southerly line of Cypress avenue as the same is laid down on the map or plan of Ingleside and vicinity, Third Ward, Borough of Queens, pursuant to chapter 466, Laws of 1901, approved by the Board of Estimate and Apportionment May 1, 1903;

Running thence northerly for 60 feet along the easterly line of Sixteenth street to the northerly line of Cypress avenue;

Thence easterly deflecting to the right 90 degrees for 3,578.18 feet along the northerly line of Cypress avenue to the westerly line of Thirtieth street;

Thence northerly deflecting to the left 90 degrees for 118.01 feet along the westerly line of Thirtieth street to the northerly line of Broadway;

Thence easterly deflecting to the right 109 degrees 36 minutes 21 seconds for 530.51 feet along the northerly line of Broadway to where the southerly line of Cypress avenue produced would intersect the same;

Thence westerly for 4,077.94 feet along the southerly line of Cypress avenue to the easterly line of Sixteenth street, the point or place of beginning.

The land to be taken for Cypress avenue is shown on map or plan of Ingleside and vicinity, Third Ward, Borough of Queens, made pursuant to chapter 466 of the Laws of 1901, and filed in the office of the Clerk of the County of Queens, in the office of the President of the Borough of Queens, and in the office of the Corporation Counsel of The City of New York, on or about the 9th day of October, 1903.

The Board of Estimate and Apportionment on the 19th day of April, 1907, duly fixed and determined the area of assessment for benefit as follows:

Beginning at the intersection of the easterly line of Sixteenth street with a line midway between Cypress avenue and Franconia avenue, and running thence northerly along the easterly side of Sixteenth street to the intersection with a line midway between Cypress avenue and Sanford avenue; thence eastwardly along the said line midway between Cypress avenue and Sanford avenue to the intersection with the prolongation of a line midway between Cypress avenue and Broadway, through that portion of their length between Twenty-sixth and Twenty-seventh streets; thence eastwardly and along the said line midway between Cypress avenue and Broadway, last described, and the prolongation thereof to the intersection with a line 100 feet distant northerly from and parallel with the northerly side of Cypress avenue, the said distance being measured at right angles to the line of Cypress avenue; thence eastwardly and along a line parallel with Cypress avenue to the intersection with a line distant 100 feet eastwardly from the easterly side of Thirty-first street, the said distance being measured at right angles to the line of Thirty-first street; thence southwardly and parallel with the line of Thirty-first street to the intersection with the prolongation of a line midway between Cypress avenue and Franconia avenue; thence westwardly along a line midway between Cypress avenue and Franconia avenue and the prolongation thereof to the point or place of beginning.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of FIRST AVENUE (although not yet named by proper authority), from Jersey street to Pine street, in the First Ward, Borough of Richmond, City of New York.

NOTICE IS HEREBY GIVEN TO ALL persons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 27th day of February, 1909, and that the said Commissioners will hear parties so objecting and for that purpose will be in attendance at their said office on the 1st day of March, 1909, at 2 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 27th day of February, 1909, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 1st day of March, 1909, at 3 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 16th day of November, 1906, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Richmond, in The City of New York, which, taken together, are bounded and described as follows, viz.:

One-half the block on each side of First avenue, from a line midway between the westerly side of Westervelt avenue and the easterly side of Jersey street to the northeasterly side of Pine street, together with area bounded by the southwesterly side of Pine street, a line parallel with the southwesterly side of Pine street and 100 feet distant southwestwardly therefrom, a line midway between the northwesterly side of First avenue, produced southwestwardly, and the southeasterly side of Brighton avenue, and line midway between the southeasterly side of First avenue, produced southwestwardly, and the northwesterly side of Stanley avenue.

Fourth—That the abstracts of said estimate of damage and of said asessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 1st day of March, 1909.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 4th day of May, 1909, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, July 24, 1908.

SECTION No. 14, TOWN OF OLIVE, ULSTER COUNTY, N. Y.

NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal, under chapter 724 of the Laws of 1905, as amended, and the acts relating thereto.

Such application will be made to the Supreme Court at a Special Term thereof, to be held at the Court House, in the City of Kingston, County of Ulster, N. Y., on the 20th day of March, 1909, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York and at least one of whom shall reside in the County of Ulster, to act as Commissioners of Appraisal under said act, and discharge all the duties conferred by said act and the acts amendatory thereof.

The following is a description of the real estate to be acquired, together with a reference to the date and place of filing the map:

All those certain pieces or parcels of real estate situated in the Town of Olive, County of Ulster and State of New York, shown on a map entitled "Reservoir Department. Section No. 14. THIRD JUDICIAL DISTRICT, ULSTER COUNTY.

ASHOKAN RESERVOIR.

SECTION No. 10, TOWN OF OLIVE.

NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal, under chapter 724 of the Laws of 1905, as amended, and the acts relating thereto.

Such application will be made to the Supreme Court at a Special Term thereof, to be held in and for the Third Judicial District at the City Hall, in the City of Albany, County of Albany, N. Y., on

SATURDAY, FEBRUARY 13, 1909,

at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York, and at least one of whom shall reside in the County of Ulster, to act as Commissioners of Appraisal under said act, and discharge all the duties conferred by said act and the acts amendatory thereof.

The following is a description of the real estate to be acquired, together with a reference to the date and place of filing the map:

NINTH JUDICIAL DISTRICT. WESTCHESTER COUNTY.

SOUTHERN AQUEDUCT DEPARTMENT, CATSKILL AQUEDUCT.

SECTION NO. 14, MOUNT PLEASANT.

NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905, as amended, and the acts relating thereto.

Such application will be made to the Supreme Court at a Special Term thereof to be held in and for the Ninth Judicial District at the Judges' Chambers in the City of Poughkeepsie, Dutchess County, N. Y., on

SATURDAY, FEBRUARY 13, 1909,

at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York and at least one of whom shall reside in the County of Westchester, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by said act and the acts amendatory thereof.

The following is a description of the real estate to be acquired, together with a reference to the date and place of filing the map:

The greatest width of the tract of land acquired for the aqueduct is 580 feet, at Parcels Nos. 999 and 1000, as shown on the map hereinbefore referred to. The least width of the aqueduct is 50 feet across each of the following parcels: Nos. 962, 964, 967, 968, 970, 977, 982, 1004, 1005.

The fee is to be acquired by The City of New York in all the real estate Parcels Nos. 962 to 1005, both inclusive, contained in the above description, excepting Parcels Nos. 973, 1001, 1002 and 1003, in which a perpetual easement is to be acquired for the purpose of building, maintaining, and using the same in perpetuity for highway purposes.

The right sought to be acquired in Parcel No. 998, shown on said map, is for the purpose of constructing, maintaining and using the same for the construction of an aqueduct and its appurtenances as provided for by said act and the acts amendatory thereof or relating thereto.

Reference is hereby made to the said map filed as aforesaid in the office of the Register of the County of Westchester for a more detailed description of the real estate to be taken as above described.

In case any real estate hereinbefore described is used for highway or other public purposes, such use shall continue until such time as The City of New York may acquire the right to close the same.

Dated December 26, 1908.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there
