MAYOR'S COMMITTEE ON LIBERTY LOAN.

SUBSCRIPTIONS BY CITY AND COUNTY OFFICIALS AND EMPLOYEES.

STANDING OF THE CITY AND COUNTY DEPARTMENTS.

The figures below are based upon subscriptions received up to 2 o'clock P. M. yesterday at the Comptroller's office, Room 851, Municipal Building, having been in the first instance turned in to the heads of the respective departments and by them transmitted to the Comptroller, as the Chairman of the Mayor's Committee. The Comptroller files a summary statement daily with the Commissioner of Accounts, as Chairman of the Executive Committee of the Mayor's Committee, and the latter calculates the departmental percentages upon the basis of one \$50 bond to the total payroll of each department, as provided in the 1917 budget, thereby fixing the base percentage for each department. In the interest of fairness the smaller boards, commissions, etc., have been grouped together for scoring purposes. Similarly certain county offices of each county have likewise been combined.

No. 1666.

New York Boat Owners' Association—Requesting Amendment of Article 9, Chapter 14, Code of Ordinances, Relating to Junk Dealers.

New York Boat-Owners Association, Inc., 80 Broad Street, New York City, June 12, 1917.

Honorable FRANK L. DOWLING, President, Board of Aldermen, City Hall, New York City:

Dear Sir—There is at the present time before your Honorable Body an ordinance to amend article 9, chapter 14, Code of Ordinances, relating to junk dealers.

The amendments referred to, which relate to junkboatmen, have been suggested in the hope of ridding the waters adjacent to Greater New York of the dishonest junkboatmen. There have been several hearings, at no one of which did any one appear against this feature of the amendments and at the last public hearing before the Welfare Committee there was no opposition recorded against any of the amendments, whether relating to junk dealers, junkboatmen, or second-hand dealers.

Appearing in favor of the amendments, however, were representatives of the Merchants' Association, Plumbers' Association, Pennsylvania Railroad, Standard Oil Company, New York Central Railroad, the National Board of Steam Navigation, the New York Boat Owners' Association, Inc., and numerous others.

Therefore, we now ask, that your Honorable Body pass the ordinances to amend article 9, chapter 14, of the Code of Ordinances, relating to junk dealers, and thus enable us to get some relief from the present intolerable conditions prevailing along the water front. Respectfully submitted,

NEW YORK BOAT OWNERS' ASSOCIATION, INC., by ERNEST STAVEY, Secretary.

Which was ordered on file.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

CALVIN D. VAN NAME, President of the Borough of Richmond.

Which was ordered on file.

The President laid before the Board the following communication from the President of the Borough of Queens:

No. 1668.

President, Borough of Queens—Designating James Butler, Assistant Commissioner of Public Works, to Act in His Place and Stead.

The City of New York, Office of the President of the Borough of Queens, Long Island City, June 12, 1917.

Honorable FRANK L. DOWLING, President of the Board of Aldermen, City of New York:

Dear Sir—Pursuant to the provisions of section 383 of the Greater New York Charter and opinion of the Corporation Counsel, dated January 15, 1908, based thereon, I have designated James Butler, Assistant Commissioner of Public Works, to act as member of the Board of Aldermen of The City of New York, in and for the President of the Borough of Queens, at a meeting of the Board of Aldermen, advertised to be held in the City Hall, Borough of Manhattan, New York City, on this date at 1.30 p. m. Yours very truly,

MAURICE E. CONNOLLY, President of the Borough of Queens.

Which was ordered on file.

The President laid before the Board the following communication from the President of the Borough of Brooklyn:

No. 1669.

President, Borough of Brooklyn—Request for Authority to Purchase a Buffalo-Pitts Single Drive Roller Without Public Letting.

The City of New York, Office of the President of the Borough of Brooklyn, Borough Hall, Brooklyn, June 4, 1917.

The Honorable Board of Aldermen, the City of New York:

Gentlemen—Your approval is hereby requested, in accordance with the provisions of section 419 of the Greater New York Charter, of entering into a contract, with-

out public letting, for the expense incidental to the purchase of one new Buffalo-Pitts Single Drive Roller, not exceeding in cost the sum of \$2,000.

It is essential that we procure a new steam roller for the work of our Bureau of Highways this season, as promptly as possible and this new roller is intended to take the place of a roller which has been in the service about ten years, the cost to rebuild the old one would cost as much or more than to purchase a new one.

Our experience in the past has been that it takes considerable time to secure a roller by inviting bids at public letting; also that it is a very difficult matter to write an open specification which would permit the various roller concerns to bid, so it is more economical to secure the roller without public letting and what is a very important consideration to us, the avoiding of any unnecessary delay.

Your kind attention to this matter as promptly as possible will be appreciated by, Yours very truly, E. W. VOORHIES, Acting Borough President.

Which was referred to the Committee on Public Letting.

The President laid before the Board the following communication from the Department of Health:

The President laid before the Board the following communication from the Commissioner of Street Cleaning:

No. 1672.

Commissioner of Street Cleaning—Request for Extension of Time for Use of Special Revenue Bonds, \$32,738, for Installation of a Combined System of Hose Connection and Sprinkler Equipment.

Department of Street Cleaning of The City of New York, Office of the Commissioner, Municipal Building, New York City, June 4, 1917.

Hon. FRANK L. DOWLING, President of the Board of Aldermen:

Dear Sir—On October 26, 1915, the Board of Aldermen adopted a resolution authorizing the Comptroller to issue special revenue bonds to the amount of \$32,738, the proceeds of which were to be used by this department for the purpose of installing a combined system of hose connection and sprinkling equipment at the various dumping boards in the Boroughs of Manhattan, Bronx and Brooklyn, all obligations thereunder to be incurred on or before April 1, 1916. This resolution became effective November 9, 1915, without action by the Mayor. On December 10, 1915, the Board of Estimate and Apportionment approved of and concurred in the said resolution.

On March 24, 1916, request was made that said resolution be amended by providing that obligations thereunder might be contracted for on or before July 1, 1916. On April 13, 1916, the original resolution was amended by the Board of Aldermen in accordance with above request, received from the Mayor May 2, 1916, without his approval or disapproval, concurred in by the Board of Estimate and Apportionment May 12, 1916.

On November 6, 1916, request was made for further modification of the original resolution by transferring a certain portion of the original allotment from the Borough of Brooklyn to the Borough of Manhattan, in order that the contract might be let for the dump at the foot of East 46th Street, Manhattan, the original Manhattan allotment being insufficient for this purpose, and by further modifying the original resolution to extend the time for contracting the obligations thereunder from July 1, 1916, to Dec. 31, 1916. On November 28, 1916, the Board of Aldermen adopted a resolution in accordance with this request, which was approved by the Mayor December 5, 1916, and by the Board of Estimate and Apportionment December 22, 1916.

Bids for the work were received December 13, 1916; the contract was awarded December 27, 1916, and executed January 12, 1917. It was registered January 22, 1917. The contractor was required to finish the work within sixty (60) days of the latter date, but owing to the necessity for performing additional work which could not be foreseen when the specifications were prepared he was unable to complete the contract within the required time.

Request is therefore made that the original resolution be amended so as to provide that obligations may be contracted for thereunder up to and including December 31, 1917. Yours truly, J. T. FETHERSTON, Commissioner.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Central Purchase Committee:

No. 1673.

Central Purchase Committee—Request for Authority to Purchase Coal for Use of Various Departments Without Public Letting.

City of New York, Central Purchase Committee, Municipal Building, May 31, 1917.

The Honorable the Board of Aldermen, City Hall, New York, N. Y.:

Sirs—Availing itself of the waiver of standard specifications granted by the Board of Estimate and Apportionment, and of the exemption from public letting granted by your Honorable Board, the Central Purchase Committee was enabled to purchase at reasonable prices the June requirements of coal of the following departments:

Bellevue and Allied Hospitals; Department of Public Charities; Department of Correction; Department of Health; Fire Department; Police Department; Department of Parks, Manhattan and Richmond; Department of Parks, Bronx; Department of Parks, Brooklyn; Department of Parks, Queens; Department of Plant and Structures; Department of Docks and Ferries; Department of Street Cleaning; Department of Water Supply, Gas and Electricity; Armory Board.

The committee of coal dealers appointed by the Mayor to advise the Central Purchase Committee now recommends that, so far as the storage facilities of the departments named will permit, the Central Purchase Committee should, during the month of June, invite the submission of bids for coal sufficient in quantity to meet the requirements of those departments up to March 31, 1918, deliveries, however, to be made between July 1 and September 30, 1917. The need continues for waiver of standard specifications and exemption from public letting to be applied to such purchases.

Accordingly, application is herewith made to purchase coal for delivery during the months of July, August and September, without public letting, for the departments listed below:

Bellevue and Allied Hospitals; Department of Public Charities; Department of Correction; Department of Health; Fire Department; Police Department; Department of Parks, Manhattan and Richmond; Department of Parks, Bronx; Department of Parks, Brooklyn; Department of Parks, Queens; Department of Plant and Structures; Department of Docks and Ferries; Department of Street Cleaning; Department of Water Supply, Gas and Electricity; Armory Board.

Respectfully yours, LEONARD M. WALLSTEIN, Secretary.

In connection with the foregoing communication Alderman McCann offered the following resolution and moved that the same be made a Special Order for the day.

Which was adopted.

Which was unanimously decided in the affirmative by the following vote:

The President laid before the Board the following communication from the Board of Estimate and Apportionment:

No. 1674.

Board of Estimate and Apportionment—Resolution to Establish the Grade of Position of Deckhand, Department of Docks and Ferries.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, June 4, 1917.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment on June 1, 1917, recommending the establishment of the grade of position of Deckhand in the Department of Docks and Ferries at the rate of \$900 per annum for one hundred and fourteen incumbents.

I also transmit copy of report of the Committee on Salaries and Grades relative thereto. Respectfully, JAMES MATTHEWS, Assistant Secretary.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Docks and Ferries of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Deckhand	\$900 00	114

A true copy of resolution adopted by the Board of Estimate and Apportionment June 1, 1917. JAMES MATTHEWS, Assistant Secretary.

The City of New York, Board of Estimate and Apportionment, Bureau of Personal Service, May 22, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On April 19, 1917, the COMMISSIONER OF DOCKS requested the establishment of a grade of position, pursuant to the provisions of section 56 of the Greater New York Charter. The Bureau of Personal Service reports thereon as follows:

"Purpose—(1) To establish the grade of position of Deckhand at \$900 per annum, for 114 incumbents.

"Reason—(1) When the specifications were in course of preparation the position of Deckhand was placed on a par with Unskilled Laborers. The range of compensation was accordingly fixed from \$720 to \$840 per annum. This rate was based on the result of a minimum wage study made by the Bureau at that time. Since that time the conditions upon which these rates were fixed have changed considerably, and to reflect the increased cost of commodities the rates have been revised and now run from a minimum of \$792 to a maximum of \$888. All the Deckhands in the Department of Docks and Ferries at the present time receive \$66 per month, or \$792 per annum, which is the present minimum of the grade. The rates in the specifications are predicated upon a six-day basis, while the Deckhands in the Department of Docks and Ferries are now obliged to work seven days per week, and deductions are made for all absences, excepting the legal vacation during the summer months.

"When the rates were fixed on a six-day basis it was thought that a way would be found to make unnecessary the application of a seven-day rate. The men are still required, however, to work seven days, and for that reason it seems fair to recognize this requirement in the rate of pay. Laborers are paid at the rate of \$2.50 per day, and on that basis receive an annual compensation of \$12.50. It appears equitable, therefore, to fix the rates in the specifications about to be promulgated at a minimum of \$900 and a maximum of \$1,020 per annum for Deckhands who work 365 days, and to apply the present rates of \$792 minimum and \$888 maximum to the employees of those departments which require only 313 days of service.

"Finding—The request is proper and necessary."

Recommendation—In view of the above report, the Committee recommends that the Board of Aldermen be requested to establish the grade of position by the adoption of the attached resolution. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller; JOHN PURROY MITCHELL, Mayor; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Salaries and Grades.

Which was referred to the Committee on Salaries and Offices.

The President laid before the Board the following communications from the Commissioner of Correction:

No. 1675.

Commissioner of Correction—Amended Request for Special Revenue Bonds, \$2,750, to Provide for Deficiencies in Two Departmental Accounts.

Department of Correction of the City of New York, Commissioner's Office, Municipal Building, Centre and Chambers sts., New York, May 31, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen.

Dear Sir—In accordance with the instructions conveyed by the Finance Committee at the public hearing of May 28, 1917, upon the request of this department for the issue of \$123,750 revenue bonds, pursuant to subdivision 8, section 188 of the Charter, I herewith transmit an amended request to your Honorable Board to issue special revenue bonds in the sum of \$2,750 to provide for deficiencies in two accounts of this department, as follows:

Code 2674. Telephone Service \$2,000 00

Code 2671. Shoeing and Boarding Horses 750 00

Code 2674. Telephone Service, \$2,000:

The budgetary allowance in this code is \$5,000, which has proven insufficient owing to the increased cost of service at New Hampton Farms and throughout the department, and also because of the opening of additional pens in connection with additional divisions of the Magistrates' Courts requiring additional telephone service. The number of local calls allowed in our contract in 1917 is 7,500, while up to the present time this year the department has averaged approximately 5,500 local messages a month in addition to toll calls. This shortage will cause an overdraft on our contract later in the year.

In connection with this request I wish to point out that action was taken the middle of last year to reduce the number of private calls in the department and to list all calls from local institutions, so that the charges could be made for calls for private business. This operated to considerably reduce the monthly telephone bills. Our telephone operator, Miss Becker, is very careful in enforcing the provisions of this general order of the department.

Code 2671. Shoeing and Boarding Horses, Including Veterinary Service, \$750.

The budgetary allowance in this code is \$3,076, based upon a horse census of 83, but since January 1, 1917, we have acquired 30 additional horses, and the extra money requested is to provide for their shoeing and the veterinary service made necessary. An increased cost of \$10 per month for boarding horses must be provided for because of the rising price of forage. Respectfully,

BURDETTE G. LEWIS, Commissioner.

May 31, 1917.

Hon. WILLIAM A. PRENDERGAST, Comptroller.

Dear Sir—On May 28th the Finance Committee of the Board of Aldermen gave a hearing upon the application of this department for the authorization of \$123,750 in special revenue bonds, pursuant to subdivision 8, section 188, of the Greater New York Charter. The Committee informed me that it had been determined that applications for Revenue Bonds to meet deficiencies due to war conditions should be made with the Comptroller with the provisions of subdivision 7, section 188, of the Greater New York Charter, and that, therefore, application should be made to the Comptroller for all items, save Code 2674, Telephone Service, \$2,000; Code 2671, Shoeing and Boarding Horses, \$750.

Pursuant to subdivision 7 of section 188 of the Greater New York Charter, I hereby made application to the Comptroller for the issue of special revenue bonds in the sum of \$121,000, enumerated below:

Code 2652, Food Supplies..... \$110,000 00

Code 2654, Forage and Veterinary Supplies..... 8,000 00

Code 2661, General Plant Supplies..... 2,000 00

Code 2675, General Plant Service 1,000 00

Total \$121,000 00

The budget of the department as finally determined by the Board of Estimate, was made up by estimating costs at the then current market prices. In making up the original estimate of the department we had tried to estimate future market prices. The Board of Estimate, however, believed this was not the best way to make up the budget. In the case of food supplies we made the stipulation for the record.

Code 2652, Food Supplies, \$110,000.

The budgetary allowance in this code is \$390,000, made up by estimating that raw food would cost sixteen cents per inmate per day, although the actual cost at the time the budget was made was \$0.1768525, which meant upon the then census a shortage of \$80.72 per day, or a deficit of \$29,466.18. On the budgetary basis the cost of food supplies per month was \$32,518.70 for the year 1917. The present cost per month is \$41,722.24, an approximate increase in food costs of 28 per cent.

The department was able to feed prisoners at the rate of 16 cents per day during the years 1914, 1915 and 1916, but that amount was proven inadequate.

In this connection permit me to point out that the newspapers have recently carried a statement purporting to have been given out by Secretary of War Baker on May 21, 1917, in which there is contained the following statement:

"It costs almost three times as much to feed an American soldier to-day as it did during the Spanish-American War. In 1898 the average cost per man was 12.81 cents a day. Now it is 32 cents."

Drastic action has been taken to obviate the great increase in the cost of food stuff:

1 In making bread, a formula providing 20 per cent. corn meal has been utilized, and experiments are now being made with a larger percentage of corn meal.

2 Rice has been substituted for potatoes to a large extent.

3 More drastic action has been taken to eliminate waste of food, particularly bread, although this is uphill work among some of the prisoners, who are of the opinion that only fools should go hungry as long as there is anything to take.

Our purchasing department has taken advantage of every opportunity to obviate the increase of prices:

1. By letting contracts and ordering in supplies to the fullest extent in order to obviate rise in prices.

2. By special arrangements with the Comptroller's office for expediting payments in order to secure better prices and occasional discounts.

3. By demonstrating the promptness of the Department in taking care of supplies delivered.

Notwithstanding our action prices have increased to a remarkable degree. The cost of flour has risen since 1916 from an average of \$6.17 per barrel to \$9.05 per barrel. Our annual consumption of flour amounts to 12,000 barrels, so that this increase in price represents a deficit of \$34,560. We fear that our next contract price will be \$13 per barrel.

Code 2654, Forage and Veterinary Supplies, \$8,000.

This increase is due only slightly to the increased number of horses to feed and to provide for, but, for the most part, to an abnormal increase in the cost of supplies. The budgetary allowance in this code is \$12,000, based on a horse census of 83, but since January 1, 1917, in order to carry out an extensive agricultural and construction programme the horse census has increased to 113. The cost of forage has risen to an unprecedented degree. Oats cost \$2.87 per hundred as against \$1.69 per hundred in 1916. Additional chickens and pigs have been purchased for New Hampton Farms and their food amounts to approximately \$50 per month. This is a paying investment, however, as eggs are now being produced at New Hampton at about 16 cents per dozen. The cost of producing pigs is likewise small where there has been plenty of labor to care for them.

Code 2661, General Plant Supplies, \$2,000.

The budgetary allowance in this code is \$5,800, but on account of the greatly increased cost the expenses are doubled and additional funds are required for the purpose of electric bulbs, cotton waste, lubricating oil, toilet paper and miscellaneous articles. The Department has been severely criticised by the State Commission of Prisons for not providing toilet paper and we will again come in for more serious criticism than ever if an additional supply is not provided at once.

Code 2675, General Plant Service, \$1,000.

This request is occasioned by war conditions. It is because the price of clothing has so increased. The amount requested is to pay for the dry cleaning of the winter suits of the inmates of this Department for sanitary and economic reasons. Under the former procedure, the winter suit of an inmate has been retained by him and when surrendered upon his discharge has usually been absolutely worthless. We hope by the new procedure to save a number of these suits for use. I am informed that the cost of materials if the suits were to be cleaned by our own labor would be greater than the cost of having them cleaned by concerns fully equipped to do such work. The greatest part of the expense, I am told, are the materials used. There is danger that our prisoners would waste so much material as to more than exceed the cost of labor and materials under contract.

It is estimated that the life of a suit would be doubled if it can be taken from the inmate in the Spring and re-issued in the Fall. As the present cost of a suit is about \$8 it is obvious that a considerable saving can be effected with the expenditure of fifty cents per suit for dry cleaning.

I trust that your department will take favorable action upon this request.

Respectfully,

Which was referred to the Committee on Finance.

No. 1676.

Commissioner of Correction—Request for Special Revenue Bonds, \$18,350, to Meet Certain Deficiencies.

Department of Correction of The City of New York, Commissioner's Office, Municipal Building, Centre and Chambers Streets, New York, June 5, 1917.

Honorable FRANK L. DOWLING, President, Board of Aldermen:

Dear Sir—I have been informed by the Comptroller's office that the following items of my request to your Honorable Board, dated May 17, 1917, cannot be included among items of deficiencies which the Comptroller will make provision for in accordance with subdivision 7 section 188 of the Greater New York Charter. The two lists of items are as follows:

Item 1—Code 2661, General Plant Supplies..... \$2,000 00

Item 2—Code 2675, General Plant Service..... 1,000 00

Item 3—Code 2654, Forage and Veterinary Supplies..... 8,000 00

Item 4—Code 2657, Laundry, Cleaning and Disinfecting Supplies..... 2,500 00

Item 5—Code 2675, General Plant Service..... 2,100 00

Total \$15,600 00

These are in addition to the following items submitted in our request

of May 17, 1917:

Code 2674—Telephone Service 2,000 00

Code 2671—Shoeing and boarding horses 750 00

Total \$2,750 00

Grand Total \$18,350 00

Code No. 2661, General Plant Supplies, \$2,000.

The budgetary allowance in this code is \$5,800, but on account of the greatly increased cost the expenses are doubled and additional funds are required for the purchase of electric bulbs, cotton waste, lubricating oils, toilet paper and miscellaneous articles. The department has been severely criticised by the State Commission of Prisons for not providing toilet paper, and we will again come in for more serious criticism than ever if an additional supply is not provided at once.

The cost of producing pigs is likewise small where there has been plenty of labor to care for them.

Code No. 2657, Laundry, Cleaning and Disinfecting Supplies, \$2,500.

We are facing a deficit in our Laundry, Cleaning and Disinfecting Supply appropriation on account of a shortage of grease in our institutions, preventing our soap plant from manufacturing the quantity of hard soap that was estimated. For this reason we have been compelled to purchase laundry soap in the open market far in excess of the quantity allowed in the budget, and at an increased price. The raw materials entering into the manufacture of soap also have increased in cost, as have disinfectant and exterminator—two large items.

It is advisable that ample funds be allowed this department for sanitary purposes, as the possibility of an epidemic starting among the inmates is always present during the hot weather, and, in addition to that, we are open to criticism of the State Prison Commission and other public bodies at all times.

Code No. 2675, General Plant Service, \$2,100.

In Code No. 2675, General Plant Service, the budgetary allowance is \$2,138.00

and at the present time our books show an unencumbered balance of \$1,006.17, which will prove insufficient, owing to a great many expenses that could not have been foreseen when the budget was compiled. Some of the charges that will accrue are: Laundry service, New Hampton, \$1,200; hire of tabulating machines, \$584; rental of sewing machines, \$560; removal of manure, \$300, and sundry other items, such as demurrage, hire of launches, blueprints, towing, etc.

Code No. 2674, Telephone Service, \$2,000.

The budgetary allowance in this code is \$5,000, which has proven insufficient, owing to the increased cost of service at New Hampton Farms and throughout the department, and also because of the opening of additional pens in connection with additional divisions of the Magistrates' Courts requiring additional telephone service. The President laid before the Board the following communication from the Commissioner of Parks, Borough of Brooklyn:

No. 1677.

Commissioner of Parks, Brooklyn—Request for Special Revenue Bonds, \$8,550, to Meet Estimated Deficiencies.

City of New York, Department of Parks, Borough of Brooklyn, Litchfield Mansion, Fifth Street and Prospect Park West, June 6, 1917.

To the Honorable Board of Aldermen of The City of New York:

Gentlemen—Authorization is hereby respectfully requested to issue special revenue bonds in the sum of eighty-five hundred and fifty dollars (\$8,550) to meet the estimated deficiencies in the following accounts of this department:

No. 1293. Forage and Veterinary Supplies	\$4,000 00
No. 1300 Motor Vehicle Supplies	425 00
No. 1308 Materials	4,000 00
No. 1315 Shoeing and Boarding Horses, including Veterinary Service..	125 00
	<hr/>
	\$8,550 00

Code 1293. Owing to extremely high prices for oats, yellow corn, beef, fish bread, milk and other items, the forage account will be short about \$4,000.

Code 1300. This department has purchased three Ford motor trucks instead of one large truck, and, together with the increased cost of gasoline, this account will require \$425 additional funds.

Code 1308. The expenditure made from this account for paints, lumber, cement and other large items were on unit prices approximately twenty-five per cent. greater than the allowance made for them in the budget.

Code 1315. Early this year several horses in our stables were ill and required considerable veterinary services. The estimated deficiency for the balance of the year will be \$125.

Hoping for early consideration, I am,

Very truly yours,

RAYMOND V. INGERSOLL, Commissioner.

No. 1678.

Board of Estimate and Apportionment—Resolution Amending of Corporate Stock Issue, \$31,027.55, for the Development of Market Spaces Under the Williamsburg and Manhattan Bridges by Reducing the Amount to \$30,027.55.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, June 11, 1917.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copies of two resolutions adopted by the Board of Estimate and Apportionment on June 8, 1917, relative to the issues of corporate stock, as follows:

Cal. No. 136A, Amending resolution adopted on July 10, 1914, as amended on June 9, 1916, which authorized the issue of corporate stock in the sum of \$31,027.55 for the development of the market spaces under the Williamsburg and Manhattan Bridges, under the jurisdiction of the President, Borough of Manhattan, by reducing said amount to \$30,027.55.

Cal. No. 137C, Amending resolutions adopted on various dates authorizing issues of corporate stock for the construction and equipment of public schools in the several boroughs, under the jurisdiction of the Department of Education, by reducing said authorizations by the amounts set forth in the attached statement to said resolution.

I also transmit copies of reports of the Committee on Corporate Stock Budget relative thereto. Respectfully,

JOSEPH HAAG, Secretary.

Resolved, That, subject to concurrence herewith by the Board of Aldermen, a resolution adopted by the Board of Estimate and Apportionment on July 10, 1914, and approved by the Mayor on September 10, 1914, authorizing the issuance of thirty-eight thousand and twenty-seven dollars and fifty-five cents (\$38,027.55) corporate stock, to provide means for the development of the market spaces under the Williamsburg and Manhattan Bridges, under the supervision of the President of the Borough of Manhattan, which resolution was amended by the Board of Estimate and Apportionment on June 9, 1916, and, as amended, concurred in by the Board of Aldermen on July 7, 1916, which amendment reduced the amount authorized for the above purpose to thirty-one thousand and twenty-seven dollars and fifty-five cents (\$31,027.55), be and is hereby further amended by reducing the amount authorized to thirty thousand and twenty-seven dollars and fifty-five cents (\$30,027.55), thereby rescinding the sum of one thousand dollars (\$1,000) in Code C. P. M.—16B.

A true copy of resolution adopted by the Board of Estimate and Apportionment June 8, 1917.

JOSEPH HAAG, Secretary.

May 8, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On May 2, 1917, you referred to the Committee on Corporate Stock Budget a request from the President, Borough of Manhattan, for the reduction from \$31,027.55 to \$30,027.55 in the amount authorized under Code "C.P.M. 16B, Improvement of Market Spaces under Manhattan and Williamsburg Bridges," approved July 10, 1914, and for an increase in the amount authorized under Code "C.P.M. 46A, West Washington Market, Improvement Drainage of Roof and Streets of Market, etc." from \$34,000 to \$35,000.

The Bureau of Contract Supervision to which the request was referred on May 2, 1917, reports thereon, as follows:

"On January 28, 1916, the Board of Estimate and Apportionment approved an appropriation of \$27,000 for repaving and for the drainage of streets within the area of West Washington Market; for connecting the roof leaders of the market buildings directly with the sewer system and for other expenses incidental to said improvements. On June 9, 1916, the amount was increased by resolution of the Board to \$34,000.

"The work of repaving and improving the drainage of the streets within the market area has been completed. The contract for repaving included repairs to the sidewalks within the market area and new and old sidewalks were laid and relaid to the following extent:

New bluestone flagging	1,206 sq. ft.
Old bluestone flagging relaid.....	8,883 sq. ft.
	<hr/>
Total repaired	10,089 sq. ft.

"New curb also was laid adjacent to sidewalks in streets bounding the market area, i. e., Bloomfield street, 13th avenue, Gansevoort street and West street. The new curb in many instances is higher than the adjacent sidewalks and these sidewalks in numerous places are sunken and the flagging displaced.

"The estimate of cost of repairing these sidewalks is \$1,400. The sidewalks should be repaired and the estimate of cost is reasonable.

"There remains an unencumbered balance of \$400 in the fund already provided for improving the market, C.P.M. 46A, and the action proposed will provide the required amount, \$1,400, without increasing the bonded debt of the City.

"There remains an unencumbered balance of \$3,506.36 in C.P.M. 16B.

"As this restoration of sidewalk is incidental to the repaving, it is properly chargeable to the corporate stock fund."

We recommend the adoption of the attached resolutions, one rescinding the sum of \$1,000 in Code C.P.M. 16B, and the other authorizing an additional sum of \$1,000 for Code C.P.M. 46A, in accordance with the provisions of section 169 of the Charter.

Respectfully, WM. A. PRENDERGAST, Comptroller; FRANK L. DOWLING, President, Board of Aldermen; LEWIS H. FOUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx, Corporate Stock Budget Committee.

A true copy of resolution adopted by the Board of Estimate and Apportionment June 8, 1917. JOSEPH HAAG, Secretary. May 15, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On April 11, 1917, the Board of Education requested rescindments of corporate stock aggregating \$118,524.87, and additional appropriations of corporate stock totaling \$372,507.35.

The Bureau of Contract Supervision, to which the requests were referred on April 14, 1917, reports thereon, as follows:

Rescindments.

"An examination of the account books of the Finance Department, as to the balances available for rescindment in the funds released by the Department of Education, indicates that they can be reduced only to the extent of \$117,446.71, of which \$110,410.06 represents balances of unissued corporate stock, and \$7,036.65 small cash balances; the latter to be transferred to the account 'C.F.M. 24.'"

Additional Authorizations.

"The request for additional funds is based upon the following data:

	Contracts Awarded.	Estimate on Items Still to be Done.	Estimated Total to Complete.	Available Authorizations.	Requested Additional Authorization.
1. Manhattan Trade School for Girls.	\$371,836 35	\$200,000 00	\$571,836 35	\$483,000 00	\$88,836 35
2. P. S. 4, The Bronx.	198,300 00	98,950 00	297,250 00	230,046 00	67,204 00

4. P. S. 40, The Bronx.	231,597 00	231,597 00	141,350 00	90,247 00
5. P. S. 45, The Bronx.	176,477 44	37,707 56	214,185 00	194,185 00	20,000 00
6. P. S. 16, Brooklyn.	139,595 00	52,020 00	191,615 00	172,330 00	19,285 00
Totals	\$1,775,168 35	\$1,402,661 00	\$372,507 35

"The facts relating to these requests are as follows:

"Manhattan Trade School for Girls.

"This school occupies leased quarters and it is urgent that the new building be completed before the expiration of the lease on July 1, 1918. The steel framework is being erected and floor arches constructed. Contracts have been let for a. l work but heating, ventilating and elevators; electric equipment; furniture; sprinkler system, shop machinery, ash hoist and dumbwaiter; all of which were estimated by the department in the request at \$200,000. One item included in the \$200,000 at \$85,000 is now estimated to cost \$106,200, due to the recent advance in the cost of materials. It is probable that \$100,000 will be required to complete this building, instead of the \$88,836.35 requested.

"Public School 4, The Bronx.

"The construction of an addition to this building is under way. Contracts have been let for all the work except the following in the new addition, sanitary work, heating and shop equipment, electric equipment and furniture, and also the alteration and equipment of the old building; all of which is estimated in the request at \$98,956. Since the request, however, a contract has been awarded for one item for \$3,937 more than the estimated cost.

"It is probable, therefore, that \$70,000 will be required to complete this entire work.

"Public School 32, The Bronx.

"The excavation for the new addition is completed and a retaining wall is being constructed. The following work remains to be done: construction and sanitary work; heating and ventilating work; electric equipment and furniture, estimated by the department to cost \$221,760.

"Public School 40, The Bronx.

"The sum of \$141,350 is available for the construction of an addition and the alterations of the old building, both including equipment. The work has not started.

"Plans ready for contracts, indicate that the cost of the work will be \$231,597.

"Public School 45, The Bronx.

"The addition to this building is under construction, the alterations to old building are under way. It is necessary to provide shop equipment, a pottery room and ventilation for the auditorium, estimated to cost \$37,707.56, for which \$20,000 additional is necessary.

"Public School 16, Borough of Brooklyn.

"The new building is under construction and it is necessary to provide heating, ventilating, electric equipment and furniture, and also some alterations and equipment for old building, all estimated to cost \$52,020, which will require an additional allowance of \$19,285.

"The amounts estimated as necessary to complete these buildings, summarized are as follows:

Manhattan Trade School for Girls.....	\$100,000 00
Public School 4, The Bronx.....	70,000 00
Public School 32, The Bronx.....	86,935 00
Public School 40, The Bronx.....	90,247 00
Public School 45, The Bronx.....	20,000 00
Public School 16, Brooklyn.....	19,285 00

Total \$386,467 00

"—or about \$383,000.

"The increase in the amounts necessary for the several buildings as stated are due to the unusually high and continually increasing prices of materials.

"With the exception of the Manhattan Trade School for Girls it is necessary that the work at these buildings be proceeded with, in order to carry out the programme for duplicate school organizations.

"In the case of all the buildings mentioned except Public School 40, The Bronx, work is under way and must be completed or some of the value of the work already done will be lost through deterioration.

"The estimates have all been checked by the Bureau of Contract Supervision and are reasonable under present conditions."

We recommend the adoption of the attached four resolutions, the effect of which will be (1) to authorize an additional appropriation of \$385,000 in accordance with the provisions of section 169 of the Charter, (2 and 3) to rescind balances in various corporate stock funds aggregating \$110,410.06, and (4) to transfer \$7,036.65 of cash balances in corporate stock funds to the fund C. F. M. 24. Respectfully,

WM. A. PRENDERGAST, Comptroller; FRANK L. DOWLING, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx, Corporate Stock Budget Committee.

The President laid before the Board the following communication from the President of the Borough of Manhattan:

No. 1681.

Acting President, Borough of Manhattan—Request for Exemption from Public Letting for the Purchase of Steel Furniture for the Hall of Records in the Amount of \$35,000.

City of New York, Borough of Manhattan, Municipal Building, June 9th, 1917.

Re Request of Exemption from Public Letting for the Purchase of Steel Furniture for the Hall of Records in the Amount of \$35,000.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, N. Y. City:

Dear Sir—At a recent meeting of the Board of Aldermen the sum of \$45,000 was appropriated by the Board for the purchase of steel furniture and fixtures for the Hall of Records. Of this amount \$10,000 was set up for alterations of the building. This sum is now under contract.

Bids were advertised for the purchase of steel furniture for the sum of \$35,000 remaining, with the result that the lowest bid obtained was \$48,193.43. This is \$13,193.43 in excess of the appropriation made for this purpose.

This office has received another bid from a responsible party who is willing to deliver the furniture and fixtures under the specifications for the sum of \$35,000 and will give a satisfactory bond. It is therefore possible to save upwards of \$13,000 if this contract be exempted from public letting forthwith.

Tenants are now waiting to move in the Hall of Records and it is therefore highly important that action be taken respecting this matter at the next meeting of the Board. Will you kindly take this matter up with the Committee on Public Letting and, if possible, have immediate consideration given at the meeting on next Tuesday, June 12th? Yours very truly,

RALPH FOLKS, Acting President, Borough of Manhattan.

City of New York, Office of the Commissioner of Accounts, Municipal Building, June 11, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, Manhattan:

Sir—The Superintendent of Public Buildings and Offices, Borough of Manhattan,

has sent me a copy of the communication transmitted to you under date of June 9, 1917, by the Acting President of the Borough of Manhattan, requesting exemption from public letting of steel furniture for the Hall of Records in the amount of \$35,000.

Through a representative of my office I have been continuously in touch with the attempt of the President of the Borough of Manhattan to obtain a bid by public letting for this work and equipment, which, you will remember, is part of the program initiated by this office for freeing of space in the Hall of Records, Borough of Manhattan so that a substantial portion of that building could be leased, as it has been, to departments of the State government having offices in New York City.

The bids submitted in response to advertisement therefor were very largely in excess of the preliminary estimates submitted for the same work by certain persons who submitted bids. This excess appears to me to be entirely without justification, and a responsible person stands ready, if public letting be waived, to do the work and furnish the equipment at a price within the original estimates. In this situation, I urge very strongly that the request of the President of the Borough of Manhattan be granted by the Board of Aldermen. Very truly yours,
LEONARD M. WALLSTEIN, Commissioner of Accounts.

Which was referred to the Committee on Public Letting.

The President laid before the Board the following communication from the Commissioner of Correction:

No. 1682.

Commissioner of Correction—Requesting Issue of Special Revenue Bonds, \$10,000, for the Purchase of Medical and Surgical Supplies.

Department of Correction of The City of New York, Commissioner's Office, Municipal Building, Centre and Chambers Streets, New York, June 11, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City of New York:
Dear Sir—Pursuant to subdivision 7, section 188 of the Greater New York Charter, I hereby respectfully request the issue of special revenue bonds in the sum of \$10,000, to be used for the purchase of medical and surgical supplies for the use of this department.

The budgetary allowance for the Department of Correction for the purchase of medical and surgical supplies is \$5,000, and is segregated within the money allowed to the General Drug Department of the Department of Public Charities.

Up to June 1, 1917, the distributions by them to our institutions, have aggregated \$6,057.49, leaving a deficit at the present time amounting to \$1,057.49. This deficit is caused by the unprecedented increase in the cost of gauze, absorbent cotton, and in fact all medical supplies, and the additional money requested is to provide proper medical treatment for the inmates, during the balance of the year.

The physical condition of the inmates is one of the important factors considered by the Parole Commission in determining eligibility for parole, it is therefore incumbent upon the Department of Correction to provide facilities for the care and treatment of the inmates especially those suffering from contagious venereal diseases and drug addiction.

Also in addition to those sentenced to our institutions, the Judges are committing drug addicts to the Workhouse Hospital for treatment prior to passing sentence.

Trusting you will take favorable action on this request, I remain,
Yours respectfully, BURDETTE G. LEWIS, Commissioner.

Which was referred to the Committee on Finance.

The President laid before the Board the following communications from the Commissioner of Public Charities:

No. 1683.

Commissioner of Public Charities—Requesting Issue of Special Revenue Bonds, \$103,000, to Meet Deficiencies and Anticipated Deficiencies in Various Accounts for 1917.

Department of Public Charities of The City of New York, Municipal Building, Tenth Floor, June 12, 1917.

Re Request for Revenue Bonds.

To the Honorable the Board of Aldermen, City Hall, New York City:

Gentlemen—Request is hereby made for the issuance of special revenue bonds in the sum of \$103,000, to meet deficiencies and anticipated deficiencies in the following accounts of 1917:

Code.	Title of Code.	Amount.
1951	Forage and Veterinary Supplies.....	\$5,000 00
1953	Office Supplies	500 00
1954	Medical and Surgical Supplies	23,000 00
1958	Laundry, Cleaning and Disinfecting	6,000 00
1961	Botanical and Agricultural Supplies.....	1,000 00
1962	Motor Vehicle Supplies	5,000 00
1963	General Plant Supplies	7,000 00
1966	Medical and Surgical Equipment	4,500 00
1972	Motor Vehicle and Equipment	7,000 00
1973	Wearing Apparel	30,000 00
1975	General Plant Equipment	3,000 00
1976	Materials	10,000 00
1983	General Plant Service	1,000 00
Total		\$103,000 00

Several of the above accounts are completely exhausted at the present time. This condition is due mainly to the high cost of practically all commodities.

I shall appreciate it if you will give this matter your early and favorable attention. Very sincerely yours,
HY. C. WRIGHT, Acting Commissioner.

No. 1684.

Commissioner of Public Charities—Request for the Privilege to Contract, Without Public Letting, for the Installation of Fire Alarms in the Hospitals on Blackwell's Island.

Department of Public Charities of The City of New York, Municipal Building, Tenth Floor, June 12, 1917.

To the Honorable the Board of Aldermen, City Hall, New York:

Gentlemen—Through the Board of Estimate we made a request to your Honorable Board to allow us to contract without public letting for the placing of fire alarm systems in certain of the institutions of the Department. Our request was made owing to the fact that we had received bids on public proposals which exceeded the amount we had in hand for the complete project. During the time the matter was before your Board, the price of material and labor advanced so that the lowest bidder would not take the contract. Accordingly it became necessary for your Board to act and we rejected the bids.

We again advertised and received public bids this day. There were three responsible bidders for the work. The amount bid for all of the buildings is \$117,035. We have on hand but \$46,000, and it is highly important that fire alarms be placed in the hospitals on Blackwell's Island as the fire hazard is very great. We accordingly ask the privilege to contract without public letting with Jandous Electric Equipment Co., \$13,725, for the City Hospital, and Croker Fire Protection Engineering Co., \$20,800, for the Metropolitan Hospital.

If fire should once thoroughly start in any one of the buildings there would be serious loss of life, as it would be impossible to remove the patients from them.

I believe it would be wise to install these fire alarms as early as possible and trust that your Honorable Board will take prompt and favorable action on this request. Very truly yours,
HENRY C. WRIGHT, Deputy and Acting Commissioner.

Which was referred to the Committee on Public Letting.

The President laid before the Board the following communication from the Fire Commissioner:

No. 1685A (Ord. No. 291).

Deputy Fire Commissioner—Transmitting Four Proposed Ordinances.

Fire Department of The City of New York, Office of Deputy Commissioner, June 12, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, N. Y. City:

Dear Sir—I enclose herewith for introduction in the Board of Aldermen the following proposed ordinances, which have been approved by the Fire Commissioner:

1—Amendment to article 17, chapter 10 of the Code of Ordinances, by adding thereto a new section to be known as Section 214, "Liquefied Chlorine," containing

regulations for the storage and use of chlorine, which were adopted after a public hearing was held in the matter.

2—An ordinance to amend paragraph 1-c, section 211, article 17, chapter 10 of the Code of Ordinances, by including in the first line thereof the words "except chlorine."

3—An ordinance to amend paragraph 1-k, section 211, article 17, chapter 10 of the Code of Ordinances, by including in the first line thereof the words "and chlorine."

4—An ordinance amending section 21, chapter 12, Code of Ordinances of the City of New York, by adding the provision that the Fire Commissioner may, in his discretion, accept an automatic fire alarm system in lieu of watchmen and time detectors.

Very truly yours, CLARENCE H. FAY, Deputy Fire Commissioner.

An Ordinance to Amend Article 17 of Chapter 10 of the Code of Ordinances of the City of New York by Adding Thereto a New Section, to Be Known as Section 214.

AN ORDINANCE to Amend Article 17 of Chapter 10 of the Code of Ordinances of the City of New York by adding thereto a new section, to be known as section 214. Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Sec. 1—Article 17 of chapter 10 of the Code of Ordinances of the City of New York is hereby amended by adding thereto a new section to be known as section 214, and to read as follows:

§214. Liquefied Chlorine.

1. Permit required. No person, firm or corporation, shall store, sell, use or transport any liquefied chlorine without a permit.

2. Certificate of fitness. No liquefied chlorine shall be used except under the constant supervision of a person holding a certificate of fitness.

3. Compression. No chlorine gas shall be compressed in the City of New York.

4. Storage and use. Liquefied chlorine gas may be stored only in quantities specified by the Fire Commissioner and under the following conditions:

(a) In approved fireproof buildings used exclusively for the storage of liquefied chlorine. Such buildings shall be approved only when all the materials entering into their construction, including flooring and trim and partitions, whether temporary or permanent are incombustible in character.

(b) In enclosed lots or yards in sparsely settled sections, in the discretion of the Fire Commissioner and under such restrictions as he may deem necessary.

(c) In buildings used for other purposes than the storage of liquefied chlorine, on the ground floor only, provided the containers of liquefied chlorine are located in a room or compartment constructed of fireproof or fire retarding material, which is easily accessible from the street or yard. If the room or compartment is not easily accessible from street or yard, it shall be provided with an approved automatic sprinkler system by means of which the compartment may be readily flooded with water, all of which shall be in accordance with plans approved by the Fire Commissioner. The cylinders of chlorine gas may be placed in a receptacle, approved by the Fire Commissioner, so arranged as to be automatically flooded with cold water from a reliable source in case of fire.

(d) No permit shall be issued for the use of liquefied chlorine above the grade floor, except in a building occupied exclusively by the person, firm or corporation using the liquefied chlorine and protected by an approved automatic sprinkler system, except that in special cases where the use of liquefied chlorine existed prior to the adoption of these regulations this requirement might be waived by the Fire Commissioner.

(e) The number of liquefied gas cylinders permitted above the grade floor shall not in any case exceed in number twice the number actually connected and in use at any one time and the cylinders shall be supported from the ground in such manner as not to be dependent for support upon any non-fireproof portion of the building construction.

(f) No permit shall be issued for the storage or use of liquefied chlorine in any building used for a hotel, lodging house, tenement house, or dwelling, or in any building, lot or enclosure located within 50 feet of the nearest wall of a building occupied as a hospital, school, theatre or other place of public amusement or assembly.

The President laid before the Board the following communication from the Commissioner of Health:

No. 1686.

Secretary, Department of Health—Requesting Issue of Special Revenue Bonds, \$113,000, for Food and Forage Supplies.

City of New York, Department of Health, Office of the Secretary, June 11, 1917.
Hon. Board of Aldermen, Municipal Building, Manhattan:

Sirs:—In the 1917 budget the appropriations allowed for food and forage supplies together with all other supplies were based on prices prevailing from July 1, 1915, to June 30, 1916.

The prices for these commodities, however, have advanced since that period from twenty-five to fifty per cent. and in some instances as high as three hundred (300) per cent.; for example, such items as potatoes, flour, sugar, cabbage, hay, oats, etc., with the result that the appropriations for food and forage supplies of the Department of Health are almost entirely exhausted.

The appropriations for food supplies were based on a specific per capita allowance, based on experience, up to June 30, 1916, as follows:

Doctors	\$0.50 per day
Nurses37 per day
Other employes229 per day
Contagious patients163 per day
Tuberculosis patients34 per day

The cost, however, for the present year has advanced to:

Doctors	\$0.57 per day
Nurses41 per day
Other employes29 per day
Contagious patients24 per day
Tuberculosis patients41 per day

It is estimated that it will require approximately \$100,000 additional to provide food supplies for the hospitals and Tuberculosis Sanatorium for the balance of the year 1917.

The cost of food supplies for the period from January 1 to June 30 (estimated) will be \$171,899.67. It is considered that it will require at least an equal amount for the remaining six months of the year, namely, \$172,000. To meet expense there is a balance of \$40,000 in the appropriation at the present time, which together with supplies still undelivered on existing contracts amounting to \$39,000 give a total of \$79,000 available for the balance of the year. The amount requested, \$100,000, will leave a small margin for possible increase in prices.

The appropriations for forage supplies were likewise based on prices prevailing during 1915 and the early part of 1916, and at the present time are entirely exhausted due to the extremely high prices for forage during the present year.

It is estimated that it will require \$13,000 to meet the requirements for forage for the balance of the year 1917.

Your Honorable Board is hereby respectfully requested to authorize the issuance of special revenue bonds in the sum of \$100,000 for food supplies and \$13,000 for forage supplies.

	Amount of Appropriation, 1917.	Balance May 31.
Food Supplies	\$241,277 00	\$40,892 92
Forage Supplies	12,050 00

The President laid before the Board the following communication from the Commissioner of Street Cleaning:

No. 1687.

Acting Commissioner of Street Cleaning—Request for Permission to Contract, Without Public Letting, for the Removal of a Cover from the Dump at West 77th Street, Manhattan.

Department of Street Cleaning of The City of New York, Office Municipal Building, 12th Floor, June 12, 1917.
Hon. FRANK L. DOWLING, President, Board of Aldermen:

Sir:—Pursuant to Section 419 of the Greater New York Charter, request is hereby made that the Board of Aldermen adopt a resolution authorizing this Department to enter into a contract, without public letting, for the removal of a cover from the dump at West 77th Street, Manhattan, where it can no longer be utilized, and its erection at East 209th Street, Manhattan, over a dump at this location, the cost of said work not to exceed \$14,000.

The proposed change of the cover from West 77th Street to East 209th Street is due to the fact that this cover is no longer suited to the requirements of those districts served by the 77th Street dump, due to the installation of motor equipment, which will be effective before the end of this year, and the further expectation that this dump will only continue to be used as a temporary expedient pending the settlement of the West Side matter.

The construction of a dump at 209th Street makes a special covering desirable, and it has been thought wise and economical to move the covering no longer usable at 77th Street.

The reasons for the request that we be allowed to enter into this contract without public letting are:

1. The unsettled conditions pertaining to the dumps in Manhattan due to the uncertainty relative to the West Side Improvement and the inability of the Department to place a dump on Sherman Creek, as originally proposed, due to the alleged defective title of the City to the bed of the creek, have prevented previous definite fixing of a location for a dump in the vicinity of 209th Street.

2. During tentative consideration of plans for the 209th Street dump, informal bids, peculiarly favorable to the City under the present abnormal conditions, were received upon specifications prepared by the Department of Docks and Ferries.

3. If obliged to proceed in the usual way and advertise formally, the delay will handicap the operations of the Department, will prevent the Department from accepting the low bid already offered, and cause other losses due to further delay.

4. It is believed that the City will suffer a considerable financial loss if it attempts to secure further formal bids upon this work, inasmuch as prices for doing such work are constantly advancing and the present bid appears to be especially favorable.

5. Immediate action is necessary to avoid danger of losses due to the possibility of accident to the present floating dump at 206th Street, which is a temporary affair and now kept afloat only with difficulty.

Inasmuch as the bid made on this work was received as a result of requests sent to some of the fourteen responsible engineering and contracting concerns and is the lowest of the two definite proposals received by over \$13,000, and furthermore due to the fact that these bids were received over a month ago, it is necessary that the City take immediate action if it is to secure the advantage of the low figure.

I therefore respectfully request that the matter be not referred to Committee, as is customary, but that the Board take action at to-day's meeting.

Yours truly,

CHAS. F. LARGY, Acting Commissioner.

In connection with the foregoing communication Alderman McCann offered the following resolution, and moved that the same be made a Special Order for the day.

Which was adopted.

Resolved, That, in pursuance of the provisions of Section 419 of the Greater New York Charter, the Commissioner of Street Cleaning be and he is hereby authorized and empowered to enter into a contract, without public letting, for the removal of a cover from the dump at West 77th Street, Manhattan, where it can no longer be utilized, and its erection at east end of 209th Street, Manhattan, over a dump at this location, at a cost not to exceed fourteen thousand dollars (\$14,000).

The President put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Resolution Requesting the Public Press of the City of New York to Publish in One Single Issue a List of the Places of Registration for the Military Census.

Resolved, That the Board of Aldermen hereby requests the public press of the City of New York, some representative of which reaches every class of our citizenship, to aid this necessary work by printing in one single issue a list of the places of registration, as a voluntary contribution to the national cause.

Report of the Committee on Finance in Favor of Adopting Resolution Authorizing an Issue of Special Revenue Bonds, \$2,900, for Cleaning, Repairing, Etc., Columns of Viaduct Carrying Riverside Drive Over West 96th Street—Commissioner of Parks, Manhattan and Richmond.

The Committee on Finance to which was referred on May 22, 1917 (Minutes, page 372), the annexed request of the Commissioner of Parks, Manhattan and Richmond, for special revenue bonds, \$2,900, for the cleaning, painting, minor structural repairs and placing concrete protection about the bases of the columns of the viaduct carrying Riverside Drive over West 96th Street, respectfully

REPORTS:

That having examined the subject and basing its opinion on the annexed report of the Bureau of Contract Supervision, which states the repairs are necessary and the amount reasonable, it recommends the adoption of the accompanying resolution.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two thousand nine hundred dollars (\$2,900), the proceeds whereof to be used by the Commissioner of Parks, Manhattan and Richmond, for the purpose of cleaning, painting, minor structural repairs and placing concrete protection about the base of the columns of the viaduct carrying Riverside Drive over West 96th Street.

All obligations contracted for hereunder to be incurred on or before December 31, 1917.

FRANCIS P. KENNEY, JOHN T. EAGAN, F. H. STEVENSON, JNO. DIEMER, ROBERT L. MORAN, SAMUEL J. BURDEN, MICHAEL STAPLETON, FRANK A. CUNNINGHAM, Committee on Finance.

City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Municipal Building, 10th Floor, May 17, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall:

Dear Sir—Request is hereby made for an issue of special revenue bonds, in accordance with the provisions of subdivision 8, section 188 of the Greater New York Charter, to an amount not exceeding \$2,900, the proceeds to be used for the cleaning, painting, minor structural repairs and placing concrete protection about the bases of the columns of the viaduct carrying Riverside Drive over West 96th Street, Borough of Manhattan.

The money will be used by the Department of Plant and Structures, under whose supervision the work will be performed, as in the case of repairs, etc., to the viaduct from 152nd to 155th Streets and Riverside Drive, revenue bonds for which were authorized by resolution of the Board of Aldermen adopted on June 20, 1916, and concurred in by the Board of Estimate on July 27, 1916.

Respectfully yours,

CABOT WARD, Commissioner of Parks.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, May 31, 1917.

No. 1622—Commissioner of Parks, Boroughs of Manhattan and Richmond—Request for Special Revenue Bonds, \$2,900, for Cleaning, Painting, Minor Structural Repairs and Placing Concrete Protection About the Bases of Columns of Viaduct Carrying Riverside Drive over 96th Street.

Hon. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen:

Sir—The matter has been investigated in accordance with your request of May 24, 1917.

The viaduct structure was last painted more than nine years ago. The steel-work is badly rusted, and to prevent further deterioration, with consequent greater cost for repairs in future, it should be thoroughly cleaned, scraped and painted. The structural repairs are necessary to replace minor parts which are too badly rusted to remain in the structure. The concrete around column bases is intended to prevent the accumulation of rubbish and street filth in contact with the metal, which causes excessive corrosion.

It is the opinion of this Bureau that the work should be done by employees of the Department of Plant and Structures, rather than by contract, but it would have to be done under the jurisdiction of the Park Department.

The amount asked, \$2,900, is a reasonable estimate of the expense of labor and materials for the purpose. Respectfully, TILDEN ADAMSON, Director.

Which was laid over.

The Committee on Finance, to which was referred on May 29, 1917 (Minutes, page 411), the annexed protest in the matter of the Special Franchise Tax of the Pennsylvania Tunnel and Terminal Company, payable May 1, 1917, respectfully

REPORTS:

That the service of this protest upon the Board is a mere formality for the purpose of protection in pending litigation. The Committee having noted the contents and the appearance of Mr. Boardman for the protestants, recommends the matter be placed on file.

To the State Board of Tax Commissioners, the Department of Taxes and Assessments, the Board of Aldermen of the City of New York and the Receiver of Taxes of the City of New York:

Sirs—The undersigned, who under protest and duress hereby pays the sum of \$62,675.56, as a tax levied upon its special franchise, which has been assessed at \$3,059,100, which said tax and assessment are computed as follows:

	Special Franchises As Assessed By State Board of Tax Commissioners	Tax As Levied In According With Assessment
Borough of Queens.....	\$1,128,400 00	\$23,583 56
Borough of Bronx	153,100 00	3,184 48
Borough of Manhattan	1,777,600 00	35,907 52
		\$62,675 56

Protests against being required to pay the said tax on the following grounds of protest:

1. Because the said Board of Tax Commissioners has included in its valuation of the special franchise of the undersigned the sum or sums, representing in the opinion of the said Board, the valuation of the intangible property of the undersigned, that such assessment is illegal and erroneous, that the railroad of the undersigned was not completed or in operation on the date of assessment and that the said intangible property can have no value until the railroad is completed and in operation.

2. Because the said assessment and valuation of the special franchise of the undersigned exceeds its full and true value as follows:

	Value of Special Franchise As Assessed By State Board of Tax Commissioners.	Actual and True Value.	Over Valuation.
Borough of Queens.....	\$1,128,400 00	\$902,432 00	\$225,968 00
Borough of The Bronx.....	153,100 00	99,891 00	53,209 00
Borough of Manhattan.....	1,777,600 00	1,710,423 00	67,177 00
			\$346,354 00

The undersigned further alleges that said assessment or valuation of its special franchise by said Board of Tax Commissioners at \$3,059,100 is illegal and erroneous and the undersigned claims to be aggrieved thereby. Respectfully submitted.

THE NEW YORK CONNECTING RAILROAD COMPANY, by F. A. VON MOSCHZISER, Assistant Real Estate Agent.

To the State Board of Tax Commissioners, the Department of Taxes and Assessments of the City of New York, the Board of Aldermen of the City of New York, and the Receiver of Taxes of the City of New York:

Sir—The undersigned, who under protest and duress hereby pays the sum of \$307,294.50 as a tax levied on its special franchise, which said tax is as follows:

Borough of Manhattan \$318,415 47
Borough of Queens 13,197 41

Total \$331,612 88

Less deductions allowed for rentals paid the City for the six months period from November 1, 1916, to May, 1917:

Borough of Manhattan..... \$23,775 00
Borough of Queens 543 38

24,318 38

\$307,294 50

—protests against being required to pay the said tax on the following grounds of protest:

1. Because under section 48 of the Tax Law the undersigned, a corporation, is entitled to a credit on the tax roll for all sums paid the City by way of rental during the preceding year, as evidenced by the certificate of the City Chamberlain.

2. Because the Receiver of Taxes of the City of New York refuses to allow a credit for the sums so paid and so evidenced for the period of the preceding year, but has only allowed a credit for the sums paid by the undersigned by way of rental for a period of the preceding six months, to wit, the sum of \$24,318.38.

3. Because under section 48 of the Tax Law the undersigned is entitled to and should have been allowed a credit on the tax roll for all rentals paid to the City during the preceding year, as evidenced by the certificate of the City Chamberlain, to wit, the sum of \$48,636.76.

4. Because the said tax of \$307,294.50 is therefore illegal and excessive in the sum of \$24,318.38.

Wherefore the undersigned alleges that the said tax of \$307,294.50 is illegal and erroneous, and claims to be aggrieved thereby. Respectfully submitted.

That Mr. Campbell, Assistant Superintendent of School Buildings of the Board of Education, stated to the Committee that in consequence of the abandonment of this site there is an unexpended balance of rental allowance of \$1,000 which the Committee believes can be transferred for this purpose. It therefore recommends that the accompanying request be placed on file.

Report of the Committee on Finance in Favor of Filing Request of the Board of Trustees, Bellevue and Allied Hospitals, for Special Revenue Bonds, \$360,750, to Meet Anticipated Deficits in Various Appropriations for the Year 1917.

The Committee on Finance, to which was referred on May 29, 1917 (Minutes, page 414), the annexed request of the Board of Trustees, Bellevue and Allied Hospitals, for Special Revenue Bonds, \$360,750, to meet anticipated deficits in various appropriations for the year 1917, respectfully

REPORTS:

That as this appears to be an emergency request, the Committee believes that application should be made to the Comptroller under the provisions of subdivision 7 of section 88 of the Charter.

It therefore recommends the request be placed on file.

FRANCIS P. KENNEY, JOHN T. EAGAN, F. H. STEVENSON, JOHN DIEMER, ROBERT L. MORAN, SAMUEL J. BURDEN, MICHAEL STAPLETON, FRANK A. CUNNINGHAM, Committee on Finance.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Avenue and 26th Street New York, May 26, 1917.

Hon. FRANK DOWLING, President, Board of Aldermen, City Hall, New York:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request the Board of Aldermen to authorize an issue of special revenue bonds in the sum of \$360,750 to meet the anticipated deficits in the appropriations for 1917, as follows:

2070 Food Supplies	\$200,000 00
2071 Forage and Veterinary Supplies	400 00
2072 Fuel Supplies	56,700 00
2074 Medical and Surgical Supplies	57,000 00
2075 Laundry, Cleaning and Disinfecting Supplies	7,000 00
2076 Refrigerating Supplies	1,200 00
2077 Botanical and Agricultural Supplies	450 00
2078 Motor Vehicle Supplies	1,000 00
2079 General Plant Supplies	5,000 00
2081 Household Equipment	10,000 00
2082 Medical and Surgical Equipment	12,000 00
2084 Wearing Apparel	10,000 00

Total..... \$360,750 00

The deficit is due to the inadequate appropriations granted to this department, the increased cost of supplies, and also the increase in the census. As the appropriations in these funds will be exhausted before the summer months are over, the Trustees request your Board to authorize the issue of the required funds before that time. A detailed statement is in course of preparation by the General Medical Superintendent for presentation to your Board. This request supersedes the application for special revenue bonds made under date of April 18, 1917, which is therefore withdrawn.

Respectfully,

J. K. PAULDING, Secretary, Board of Trustees.

Which report was accepted.

Report of the Committee on Finance in Favor of Adopting Resolution Authorizing an Issue of Special Revenue Bonds, \$55,000, to Meet Anticipated Deficiency in Account for Year 1917, "Donations to Grand Army Veterans"—Department of Public Charities.

The Committee on Finance, to which was referred on May 29, 1917 (Minutes, page 419), the annexed request of the Commissioner of Public Charities for Special Revenue Bonds, \$55,000, to meet anticipated deficiency in the account for the year 1917, "Donations to Grand Army Veterans," respectfully

REPORTS:

That this is a mandatory appropriation and should have been allowed in the budget for 1917. Predicating on the allowance of last year the Committee believes the amount reasonable, and recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of fifty-five thousand dollars (\$55,000), the proceeds whereof to be used by the Commissioner of Public Charities for the purpose of meeting anticipated deficiency in the account for the year 1917, "Donations to Grand Army Veterans."

FRANCIS P. KENNEY, JOHN T. EAGAN, F. H. STEVENSON, JOHN DIEMER, ROBERT L. MORAN, SAMUEL J. BURDEN, MICHAEL STAPLETON, FRANK A. CUNNINGHAM, Committee on Finance.

Department of Public Charities of The City of New York, Municipal Building, Tenth Floor, May 29, 1917.

To the Honorable the Board of Aldermen, City Hall, N. Y.:

Gentlemen—Request is hereby made for the issuance of special revenue bond funds in the amount of \$55,000 to meet an anticipated deficiency in account, Code 1988-1917, "Donations to Grand Army Veterans."

The appropriation for this purpose for the year 1917 was \$55,000. The balance in the account to-day is \$6,636. The donations made amount to about \$9,000 per month. The amount expended in 1916 relieving Grand Army Veteran cases was \$102,074.50. The amount which we hereby request, together with the original appropriation, will make the total for the year 1917, \$110,000, or an increase of \$9,925.50, our experience of last year. This increase is accounted for in some measure by the increased cost of living which has made it necessary for the Department to grant larger allowances in many cases.

The balance in hand at the present time will not suffice to cover requests for relief for the period of one month. It is therefore desirable that funds be made available as soon as possible.

Very sincerely yours,
Which was laid over.

HENRY C. WRIGHT, Acting Commissioner.

Reports of the Committee on Public Letting—

No. 1621 (S. O. 262).

Report of the Committee on Public Letting in Favor of Adopting Resolution Authorizing the President, Borough of Manhattan, to Purchase Gasoline Without Public Letting.

The Committee on Public Letting, to which was referred on May 22, 1917 (Minutes, page 372), the annexed request of the President, Borough of Manhattan, for authority to purchase gasoline without public letting, respectfully

REPORTS:

That a similar permission was granted by the Board on February 6, 1917 (Int. No. 1175), at which time Mr. Cantor, Purchasing Agent, stated that \$2,500 would provide for a six months' supply of gasoline. The Committee believes that market conditions warrant this method of purchasing and further, on the previous statement of the Purchasing Agent, that the same amount will suffice for the next six months.

It therefore, recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of Manhattan be and he is hereby authorized and empowered to purchase gasoline, in the open market without public letting, to an amount not to exceed two thousand five hundred dollars (\$2,500).

JOHN McCANN, WM. P. McGARRY, PATRICK H. SULLIVAN, PETER SCHWEICKERT, EDWARD W. COX, JAMES J. BROWNE, ALEXANDER S. DRESCHER, JOHN F. McCOURT, Committee on Public Letting.

City of New York, President of the Borough of Manhattan, Municipal Building, May 17, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, N. Y.:

Dear Sir—Request is hereby made for permission to purchase in the open market, without public letting, a quantity of gasoline, not to exceed the sum of \$5,000, as it is found that a better price can be obtained for such quantities as may be required from time to time than for a large quantity by contract at a public letting.

Very truly yours, MARCUS M. MARKS, President, Borough of Manhattan.

No. 1645 (S. O. 263).

Report of the Committee on Public Letting in Favor of Adopting Resolution Authorizing the Commissioner of Correction to Purchase Men's Oak Outsoles Without Public Letting.

The Committee on Public Letting, to which was referred on May 29, 1917 (Minutes, page 413), the annexed request of the Commissioner of Correction for authority to purchase men's oak outsoles without public letting, respectfully

REPORTS:

That, having examined the subject, it believes the request reasonable, as the Commissioner of Correction states considerable saving will be had. The details are fully set forth in the letter of application.

It therefore recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Correction be and he is hereby authorized and empowered to purchase nine thousand five hundred pairs of men's oak outsoles, in the open market without public letting, at a cost of fifty-five cents per pair, a total of five thousand two hundred and twenty-five dollars (\$5,225).

JOHN McCANN, WM. P. McGARRY, PATRICK H. SULLIVAN, PETER SCHWEICKERT, EDWARD W. COX, JAMES J. BROWNE, ALEXANDER S. DRESCHER, JOHN F. McCOURT, Committee on Public Letting.

Department of Correction of The City of New York, Commissioner's Office, Municipal Building, Centre and Chambers Streets, New York May 23, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen:

Dear Sir—I hereby respectfully request approval by your Honorable Board of an open market expenditure, without the formality of advertising, in the sum of \$5,225, for the purchase of 9,500 pairs of men's oak outsoles at 55 cents per pair.

As the price of leather is very high and the market unsettled at the present time, it will effect great economy if this approval is granted, not only saving the difference between 55 cents and the current price, which is 75 cents, but also the cost of advertising.

Our manufacturing industries are greatly in need of these soles, and the time required to solicit competitive bids will work a hardship on this Department by reducing the daily output of shoes that are so urgently needed by the inmates.

Trusting you will take favorable action on this request at your earliest convenience. Very respectfully,

DAVID I. KELLY, Deputy and Acting Commissioner.

Report of the Committee on Public Letting in Favor of Adopting Resolution Authorizing the Commissioner of Street Cleaning to Purchase Repair Parts for Dumpers Without Public Letting.

The Committee on Public Letting, to which was referred on May 29, 1917 (Minutes, page 415), the annexed request of the Commissioner of Street Cleaning for authority to purchase repair parts for Dumpers without public letting, respectfully

REPORTS:

That, inasmuch as the Commissioner of Street Cleaning stated to the Committee that considerable saving would be had by purchasing these parts from the manufacturers of the wagons, it believes it to be to the City's interest to grant the permission sought, and recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Street Cleaning be and he is hereby authorized and empowered to purchase in the open market without public letting repair parts for Watson dumpers, consisting of springs, hinges, pole chains, loops for bar for pole chain, evener plates, front and rear axles, axle nuts, axle boxes, malleable iron parts, etc., the whole at a cost amounting to two thousand five hundred and thirteen dollars and twenty-five cents (\$2,513.25).

JOHN McCANN, WM. P. McGARRY, PATRICK H. SULLIVAN, PETER SCHWEICKERT, EDWARD W. COX, JAMES J. BROWNE, ALEXANDER S. DRESCHER, JOHN F. McCOURT, Committee on Public Letting.

Department of Street Cleaning of The City of New York, Office of the Commissioner, Municipal Building, New York City, May 26, 1917.

Hon. FRANK L. DOWLING, President of the Board of Aldermen:

Dear Sir—Pursuant to section 419 of the Greater New York Charter, I respectfully request permission to purchase in the open market, without public letting, repair parts for Watson dumpers, consisting of springs, hinges, pole chains, loops for spreader bar for pole chain, evener plates, front and rear axles, axle nuts, axle boxes, malleable iron parts, etc., the whole amounting to twenty-five hundred and thirteen dollars and twenty-five cents (\$2,513.25).

Upon investigation I find that these articles cannot be purchased in the open market except at a greatly increased cost over the bid of the Watson Wagon Company, who are the manufacturers of the dumping wagons to which these parts belong. The prices obtained from them are, to the best of my belief, fair and reasonable.

As these parts are necessary for the proper performance of the work of this department, I respectfully request that the same be given immediate consideration.

Yours truly, J. T. FETHERSTON, Commissioner.

Report of the Committee on Finance in Favor of Adopting Resolution Authorizing an Issue of Special Revenue Bonds, \$5,599.05, to Provide for Increases in Wages of Painters and Electricians—Department of Street Cleaning.

The Committee on Finance, to which was referred on May 15, 1917 (Minutes, page 350), the annexed request of the Commissioner of Street Cleaning for special revenue bonds, \$5,599.05, to provide for increases in wages of Painters and Electricians, respectfully

REPORTS:

That this request is for the purpose of providing increases in wages of Painters and Electricians recently authorized, and as no funds are available for transfer, it recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of five thousand five hundred and ninety-nine dollars and five cents (\$5,599.05) the proceeds whereof to be used by the Commissioner of Street Cleaning for the purpose of providing for increases in wages of Painters and Electricians.

All obligations contracted for hereunder to be incurred on or before December 31, 1917.

FRANCIS P. KENNEY, JOHN T. EAGAN, F. H. STEVENSON, ROBERT L. MCRAN, CHARLES DELANEY, MICHAEL STAPLETON, JOHN DIEMER, Committee on Finance.

Department of Street Cleaning of The City of New York, Office of the Commissioner, Municipal Building, New York City, May 9th, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City of New York:

Sir—I respectfully request that your Honorable Board, pursuant to the provisions of section 188, subdivision 8, of the Greater New York Charter, authorize an issue of special revenue bonds to the amount of Five Thousand Five Hundred Ninety-nine 5-100 Dollars (\$5,599.05), to provide for increase in wages of painters from

\$4.00 and \$4.50 to \$5.00 per day and electricians from \$4.80 to \$5.00 per day, as per resolutions of the Board of Estimate and Apportionment dated February 2, 1917, and February 16, 1917, respectively.

In addition to the above are included sufficient funds to enable the Department to pay all carpenters at the rate of \$5.50 per day, regardless of the Borough in which they happen to be assigned, and to provide for the employment of temporary electricians and temporary electricians' helpers for a total of 185½ days each, commencing May 1, 1917. The present electricians and helpers are unable to do the work required by the Department on account of changing the lighting systems in stables, section stations and dumps from gas to electricity and the need for such assistance in the maintenance of electrical equipment now used for collection and disposal of refuse.

The reason for requesting an issue of special revenue bonds is that I find it impossible to transfer funds or reorganize the force so as to save sufficient funds to meet the increases authorized and which I desire to make, together with additional force.

Attached hereto are itemized statements showing amount of money required.

Yours truly, J. T. FETHERSTON, Commissioner.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Personal Service, May 22nd, 1917.

Hon. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen:

Dear Sir—I am in receipt of your communication of May 17 relative to the issuance of \$5,599.05 in special revenue bonds for the Department of Street Cleaning, and regarding the same will state as follows:

Of the total amount requested, \$3,259.30 is to provide for the increase in wages of Painters and Electricians in the department to higher prevailing rates in conformity with an establishment of grades of positions on February 20, 1917, by your Board.

An additional amount of \$855.75 is required to enable the department to pay all Carpenters at the flat rate of \$5.50 per day, regardless of the Borough to which they may be temporarily assigned. In view of the fact that the men report to Manhattan and at times are sent to any one of the other Boroughs, the request is reasonable.

The remainder, or \$1,484, is to provide for an additional Electrician and Helper for the remainder of the year, because of the new electrical installations to be made on dumps and the changing of the lighting system from gas to electricity in the greater number of stables. It is estimated that the amount requested will be sufficient to finish all new construction work in this line.

Special revenue bonds in the amount of \$5,599.05 must be provided because of the present depletion of the General Accrual Fund and there being no unassigned balances available. Very truly yours,

GEO. L. TIRRELL, Director, per EDWARD FEENEY, Acting Assistant Director.

The President put the question whether the Board would agree with said report and adopt such resolution.

Report of the Committee on Public Letting in Favor of Adopting Resolution Authorizing the Commissioner of Water Supply, Gas and Electricity to Purchase an Automobile Without Public Letting.

The Committee on Public Letting, to which was referred on May 8, 1917 (Minutes, page 300), the annexed request of the Commissioner of Water Supply, Gas and Electricity, to purchase an automobile without public letting, respectfully

REPORTS:

That Acting Chief Engineer Mr. Brush appeared before the Committee and stated that it is intended to purchase a special make of car, as there is no apparent advantage in advertising for bids, the Committee recommends the adoption of the accompanying resolution.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, New York City:

Dear Sir—In anticipation of this Department assuming control during the current year of the completed portions of the new Catskill water supply system the Board of Estimate and Apportionment made a budget allowance of \$1,150 for the purchase of an automobile. The Department has now assumed control of a vast new watershed and pipe line property and an automobile is needed for the use of those employees who are charged with the responsibility of supervising these new districts. I respectfully request that the Board of Aldermen authorize me to purchase an automobile without the necessity of advertising for competitive bids, the expense thereof not to exceed the budget allowance. I attach hereto draft of proposed resolution.

Respectfully,

Report of the Committee on Public Letting in Favor of Adopting Resolution Authorizing the Commissioner of Street Cleaning to Purchase Certain Equipment Without Public Letting.

The Committee on Public Letting, to which was referred on May 8, 1917 (Minutes, page 306), the annexed request of the Commissioner of Street Cleaning for authority to purchase certain equipment without public letting, respectfully

REPORTS:

That, having examined the subject, it believes the proposed permission to be advisable. The reasons, therefore, are fully set forth in the accompanying letter of request.

It, therefore, recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Street Cleaning be and he is hereby authorized and empowered to purchase thirty-four pairs of Shadbolt fifth wheels and four upper portions of the same type of fifth wheel, with the addition of iron bars across chassis frame, to control the amount of inclination of the lower fifth wheel, in the open market without public letting, at a total cost not to exceed three thousand six hundred dollars (\$3,600).

JOHN McCANN, JOHN F. McCOURT, WM. P. McGARRY, PATRICK H. SULLIVAN, EDWARD W. COX, JAMES J. BROWNE, MICHAEL J. HOGAN, PETER SCHWEICKERT, Committee on Public Letting.

Department of Street Cleaning of The City of New York, Municipal Building, 12th Floor, New York, May 5, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen:

Sir—In accordance with the provisions of section 419 of the Greater New York Charter, I request that the Board of Aldermen authorize the purchase, without public letting, of thirty-four pairs of Shadbolt fifth wheels and four upper portions of the same type of fifth wheel, with the addition of iron bars across chassis frame to control the amount of inclination of the lower fifth wheel, at a total cost not to exceed \$3,600.

The Department has recently let contracts for 34 gasoline electric tractors and 38 trailers. The fifth wheels which it is desired to purchase are necessary to connect the tractors with the trailers and the Shadbolt fifth wheel is the only one in the market which meets with our requirements in this respect. On that account it would be futile to advertise for bids for this equipment. Yours truly,

J. T. FETHERSTON, Commissioner.

To the Honorable the Board of Aldermen, City Hall, New York City:

Gentlemen—Permission is hereby requested to enter into contracts without public letting with the Wells & Newton Company of New York for work to be done in connection with the Central Storehouse and Elevator on Blackwell's Island, as follows:

All Plumbing Work.....	\$35,643 00
All Heating Work.....	15,221 00

On February 23, 1917, an opening of bids for this particular work was held, together with the bids for the general construction work, and the above named contractor was the lowest among several bidders. The resolution of the Board of Estimate and Apportionment was so worded as to require a general construction contract, a plumbing contract and a heating contract to be awarded at the same time. Permission was obtained from your Honorable Board to award the general construction contract to Albert Winternitz in the sum of \$340,000. It is now proposed to avail ourselves of the low prices submitted in the bids of the Wells & Newton Company of New York.

May I ask that your Honorable Board give this matter your early and favorable attention. Very sincerely yours,

JOHN A. KINGSBURY, Commissioner.

The Committee on Public Letting, to which was referred on May 22, 1917 (Minutes, page 373), the annexed request of the Board of Trustees, Bellevue and Allied Hospitals, for authority to purchase certain food supplies without public letting, respectfully

The purchase of eggs, in the open market, in an amount exceeding \$1,000 for the period covering May 1st to May 12th. This was necessary because no bids were received at the opening held at the office of the Central Purchase Committee on April 19th for eggs for this purpose.

A similar request is made for authority to purchase sugar, in the open market, at a cost exceeding \$1,000. Bids were opened at Bellevue on March 5th for sugar, but as we were unable to procure quotations it was necessary to purchase the sugar in the open market. Respectfully,

J. K. PAULDING, Secretary, Board of Trustees.

The President put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, New York:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request the Board of Aldermen for permission to buy in the open market, without public letting, wire screens for pavilions A and B of Bellevue Hospital, the estimated cost of which is \$7,000. It is now so late in the season that if we wait to advertise for bids it will be the middle of summer before we could have the screens installed and the fly season would be very far advanced. Respectfully,

J. K. PAULDING, Secretary, Board of Trustees.

The President put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bassett, Burns, Burden, Browne, Cassidy, Cole, Collins, Colne, Cox, Crane, Cunningham, Curley, Delaney, Diemer, Dixon, Donnelly, Dostal, Dunn, Drescher, Eagan, Farley, Ferguson, Ferrand, Friedlander, Gaynor, Gilmore, Glennon, Gutman, Hatch, Haubert, Heyman, Hilkemeier, Hogan, Kenneally, Kenney, McCann, McCourt, McGarry, McGillick, McKee, McManus, Martin, Molen, Moore, Mullen, O'Rourke, Palitz, Post, Quinn, Roberts, Robitzek, Ryan, Schmitz, Schweickert, Shields, Silberstein, Smith, Sullivan, Stapleton, Stevenson, Tolk, Walsh, Williams, Wirth, Wise; the Vice-Chairman—66.

Report of the Committee on Public Letting in Favor of Adopting Resolution Authorizing the Commissioner of Street Cleaning to Purchase Six Electrically Operated Locomotive Cranes Without Public Letting.

The Committee on Public Letting, to which was referred on May 22, 1917 (Minutes, page 379), the annexed request of the Commissioner of Street Cleaning for authority to purchase six electrically operated locomotive cranes, without public letting, respectfully

REPORTS:

That, having examined the subject, it believes the proposed permission to be advisable, as the Commissioner of Street Cleaning states in his letter of request, that the City will effect a saving of nine thousand dollars (\$9,000), the Committee therefore recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Street Cleaning be and he is hereby authorized and empowered to purchase in the open market, without public letting, six electrically operated locomotive cranes, at a price not to exceed seven thousand dollars (\$7,000) per crane.

Department of Street Cleaning of the City of New York, Office of the Commissioner, Municipal Building, New York City, May 22, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City of New York:

Dear Sir—I hereby request permission, pursuant to section 419 of the Charter, to purchase in the open market, without public letting, six (6) electrically operated locomotive cranes at a price not to exceed seven thousand dollars (\$7,000) per crane. The reason for this request is that the department on May 1st, 1917, opened publicly advertised bids for cranes, in accordance with department specifications, and were able to secure but one bid, and this bid was informal. It appears that due to war conditions the manufacturers were unable to produce special types of machinery within the period allowed for its manufacture.

Recently requests have been sent to some twenty (20) manufacturers of locomotive cranes and hoists, requesting bids upon the basis of manufacturers' specifications, and as a result five (5) bids were received. One manufacturer offers to deliver within the period required cranes which will meet the requirements of the department. This company's bid is fifteen hundred dollars (\$1,500) less per machine than that received at the time of opening of formal bids on May 1st, and the quality of the machine is believed to be better than that offered on May 1st.

Yours truly, J. T. FETHERSTON, Commissioner.

The President put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bassett, Burns, Burden, Browne, Cassidy, Cole, Collins, Colne, Cox, Crane, Cunningham, Curley, Delaney, Diemer, Dixon, Donnelly, Dostal, Dunn, Drescher, Eagan, Farley, Ferguson, Ferrand, Friedlander, Gaynor, Gilmore,

The Committee on General Welfare, to which was referred on May 22, 1917 (Minutes, page 338), the annexed ordinance to amend section 44, article 4, chapter 14 of the Code of Ordinances, relating to dealers in second-hand articles, respectfully

REPORTS:

That the Committee after having held a public hearing on the original ordinance on the same subject bearing No. 1373, which was referred to the Committee on March 13, 1917, and having heard Mr. Van Wirt, representing the Police Department; Mr. Hartman, representing the old clothes dealers; Mr. Diamond, Secretary Old Clothes Dealers; Mr. Yager and Mr. Salken in favor of same, who urged the adoption of this ordinance for the reason that it would regulate and place under the jurisdiction of the Commissioner of Licenses all dealers of old clothes, and having been informed by the representative of the Police Department that the present method of selling old clothes upon the streets caused considerable trouble and annoyance, and further that many of the dealers in and peddlers of old clothes have been acting in violation of the law. The Committee believes that this ordinance will prevent recurrences of this kind in the future; it further believes that a fee of \$5 will be ample compensation for this privilege.

It, therefore, recommends the adoption of the accompanying substitute ordinance

SUBSTITUTE.

AN ORDINANCE to amend section 44, article 4, chapter 14 of the Code of Ordinances, relating to dealers in second-hand articles.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Sec. 44. Restrictions.

1. Place, expired licenses. No dealer in second-hand articles shall carry on business without a license, or at any other place than the one designated in his license [nor shall he continue to carry on business after his license is suspended, revoked or shall have expired,] except that any dealer in or peddler of old clothes shall have the right to purchase or sell old clothes from house to house, and if he has no store, his home shall be designated as his place of business; but no such dealer or peddler shall purchase clothes from or sell clothes to a person or persons on the streets; and such dealer in and peddler of old clothes while soliciting business from house to house shall wear a badge to be supplied by the commissioner of licenses in such form and design as the commissioner of licenses shall prescribe. No dealer in second-hand articles shall continue to carry on business after his license is suspended, revoked or shall have expired. The annual license fee to deal in or peddle old clothes shall be \$5.

Sec. 2. This ordinance shall take effect December 31, 1917.

HARRY ROBITZEK, Chairman; ALEXANDER BASSETT, JAMES R. FERGUSON, JOHN T. EAGAN, WILLIAM T. COLLINS, CHAS. H. HAUBERT, S. FRIEDLANDER, ARNON L. SQUIERS, Committee on General Welfare.

City of New York, Department of Licenses, 49 Lafayette Street, June 11, 1917.

Hon. HARRY ROBITZEK, Chairman, Committee on General Welfare, Board of Aldermen, City Hall:

Dear Sir—There has been introduced by the Welfare Committee in the Board of Aldermen, in new form, an amendment to the second hand dealers' ordinance, providing for the licensing of old clothes dealers and peddlers. While on the whole the amendment is a good one, there are two features of it to which this Department must respectfully object.

The first feature is that providing for a license fee lower than that charged to any other second hand dealer. I am unable to find any reason why this particular group should pay less than other dealers, especially as the rate was worked out very carefully on the basis of the cost of licensing and regulating all second hand dealers. It is also a fact that when this question was first brought to us by the second hand clothing peddlers, they had no objection to the license fee already fixed in the second hand dealers' ordinance.

The other objection is to the date when the ordinance will become effective, which is January 1, 1918.

In order not to seriously complicate the work of the Department, the ordinance

should become effective immediately, or else not before January 31, 1918. This latter date is the expiration date of all second hand dealers' licenses.

If the ordinance became effective immediately, a provision might be included under which a license fee for part of a year might be charged now and the license now issued made to expire on January 31, 1918, when licenses for a full year could be obtained.

If the provision now in the ordinance were retained, a man would be compelled to pay a year's license fee on January 1, 1918, and his license would expire at the end of that month.

I hope that the Welfare Committee and the Board as a whole will see fit to amend the proposed ordinance in the particulars mentioned above. Very truly yours,

GEORGE H. BELL, Commissioner.

Which, on motion of Alderman Drescher, was laid over for one week.

Alderman Smith moved that Int. No. 1652, Ord. No. 288, entitled "An Ordinance to amend subdivision 1 of section 145 of article 13 of chapter 23 of the Code of Ordinances, relating to streets, and particularly to posts and poles," be transferred from the Committee on General Welfare and referred to the Committee on Public Thoroughfares.

Which motion was adopted.

Aldermann Carroll moved that the Board do now adjourn.

The President put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

And the President declared that the Board stood adjourned until Tuesday, June 19, 1917, at 1.30 o'clock p. m.

P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen.
