"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)
 Department for the Aging (DFTA)

Statement of Basis and Purpose of Proposed Rule

On February 18, 2014, Mayor de Blasio launched the Vision Zero action plan – an ambitious plan to reduce traffic fatalities in New York City. Vision Zero accepts no traffic fatality as inevitable. Vision Zero allows government agencies, industry groups, key transportation stakeholders and the public to understand traffic crashes as the result of a series of actions that can be changed or prevented through enforcement, education and design. As part of Mayor de Blasio’s Vision Zero Action Plan, several pieces of legislation have been enacted that are intended to reduce fatalities resulting from motor vehicle accidents. Among this legislation are two new laws, Local Law No. 29 and Local Law No. 50 of 2014, which establish civil penalties for certain traffic-related offenses, and which provide for adjudication by the Environmental Control Board. This proposed rule would amend ECB’s DOT Penalty Schedule to implement these new laws.

Section One: Right of Way

Local Law No. 29 of 2014 added a new Section 19-190 to the Administrative Code, entitled “Right of way.” Subdivision (a) provides that if a motor vehicle driver fails to yield to a pedestrian or bicyclist who has the right of way, the driver shall be subject to a civil penalty of not more than \$100, in addition to or as an alternative to the penalties that can be imposed for committing a traffic infraction as provided in the law. Subdivision (b) of Section 19-190 provides that if a driver violates subdivision (a) and the vehicle causes contact with the pedestrian or bicyclist, and thereby causes physical injury, the driver shall be subject to a civil penalty of not more than \$250, in addition to or as an alternative to the penalties that can be imposed for committing a misdemeanor as provided in the law.

Section Two: Civil Penalties for Leaving the Scene of an Incident without Reporting

Local Law No. 50 of 2014 added a new Section 19-191 to the Administrative Code, entitled “Civil penalties for leaving the scene of an incident without reporting.” The civil penalties contemplated by the law relate to a violation of Vehicle and Traffic Law Section 600, which obligates motor vehicle operators, who know or have cause to know that property damage or personal injury has been caused due to an incident involving their vehicle, to stop and share their identifying information with the person sustaining the damage or injury and/or with a police officer, the nearest police station, or a judicial officer, as applicable.

New Administrative Code Section 19-191 sets forth four levels of civil penalties associated with a motor vehicle operator’s failure to comply with Vehicle and Traffic Law Section 600, as follows:

- If an incident involves property damage, the operator is liable for a civil penalty of not more than \$500;
- If an incident involves physical injury, the operator is liable for a civil penalty of not less than \$1,000 and not more than \$2,000;
- Notwithstanding the limits on civil penalties where an incident involves physical injury, if an incident involves serious physical injury, the operator is liable for a civil penalty of not less than \$2,000 and not more than \$10,000; and
- Notwithstanding the limits on civil penalties where an incident involves physical injury, if an incident involves death, the operator is liable for a civil penalty of not less than \$5,000 and not more than \$10,000.

Penalties

The default penalties for these sections are the maximum penalty amounts pursuant to the respective sections.

The proposed rule would add six new entries to the Department of Transportation Penalty Schedule in Section 3-124 of Subchapter G of Chapter 3 of Title 48 of the Rules of the City of New York (RCNY), setting forth civil penalties for the enforcement of Sections 19-190 and 19-191 of the Administrative Code. In recognition of the seriousness of the offenses articulated by these two new laws, no cure periods are provided and the civil penalties are set at the maximum authorized by Local Law Nos. 29 and 50, respectively.

ECB’s authority for these rules is found in Sections 1043 and 1049-a of the New York City Charter and Sections 19-190 and 19-191 of the New York City Administrative Code (Section 19-191 as enacted by Local

Law No. 50 of 2014).

New material is underlined.

“Shall” and “must” denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

What rules govern the rulemaking process? DSNY must meet the requirements of Section 1043 of the City Charter when creating or changing rules. This notice is made according to the requirements of Section 1043 of the City Charter.

Statement of Basis and Purpose of Proposed Rule

The purpose of the proposed rule is to prohibit electronic waste from being set out for solid waste or recycling collection in New York City and to establish that it will be a violation for electronic waste to be placed out for solid waste or recycling collection.

Beginning January 1, 2015, the New York State Electronic Equipment Recycling and Reuse Act (Chapter 99 of the laws of 2010, codified as Title 26 of Article 27 of the Environmental Conservation Law) prohibits persons from disposing of electronic waste as solid waste in the State of New York. This act will prohibit electronic waste from being placed or disposed of in any solid waste management facility, or being placed out for collection for disposal at a solid waste management facility or hazardous waste management facility in the state of New York. Therefore, Department of Sanitation ("DSNY") seeks to amend its rules to clarify that it shall be a violation for any person to place electronic waste out for solid waste or recycling collection.

Pursuant to section 753 of the New York City Charter, the Commissioner of the DSNY is charged with responsibility for the functions and operations of the City related to waste disposal. Section 1043 of the New York City Charter authorizes agencies to adopt rules necessary to carry out the duties delegated to them by law. Additionally, DSNY has authority under sections 16-118 and 16-120 of the New York City Administrative Code to issue violations to persons who improperly dispose of solid waste.

New material is underlined.
[Deleted material is in brackets.]

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. Chapter 1 of title 16 of the rules of the city of New York is amended by adding a new section 1-04.2 to read as follows:

§ 1-04.2 Disposal of Electronic Waste.

- (a) Definitions. For purposes of this section, "Electronic waste" means computers (including items such as tablets and e-readers); televisions (as well as cathode ray tubes); small scale servers (such as an external storage drive that is designed to connect directly to a home or small business network); computer peripherals (such as monitors, electronic keyboards, electronic mice or similar pointing devices, facsimile machines, document scanners and printers, weighing less than 100 pounds and designed for use with a computer, including any cable, cord, or wiring permanently affixed to or incorporated into such product); television peripherals (such as VCRs, digital video recorders, DVD players, digital convertor boxes, cable or satellite receivers, and electronic or video game consoles); and portable digital music players that are discarded by any person.

- (b) No person shall place out for Department solid waste or recycling collection or cause to be placed out for Department solid waste or recycling collection any electronic waste.
- (c) No person shall place electronic waste out for collection by a private carter where such electronic waste is intended for disposal at a solid waste management facility or hazardous waste management facility in this state.
- (d) Any person who violates this section shall be liable for a civil penalty of one hundred dollars per violation.

Borough of Manhattan
Block/Lot: 1609/1

Pursuant to Section 25-318 of the Administrative Code of the City of New York, the Landmarks Preservation Commission issued Commission Binding Report 12-6029 (LPC 12-2513) on October 25, 2011 for installing two 10 foot tall marble clad signage panels with back lit bronze letters flanking the entrance steps to the front courtyard, and two bronze plaques to be mounted on the balustrade posts flanking the steps; Miscellaneous/Amendment 13-2810 (LPC 13-1409) on June 11, 2012 for substituting aluminum with a dark bronze coating for the approved bronze letters and base on the marble signage panels; and Miscellaneous/Amendment 14-1147 (LPC 14-1059) on February 26, 2013 for changing the design of the base of the marble signs. On September 19, 2014, the staff of the Landmarks Preservation Commission received a request to further amend the report for the approved work.

The proposed amendment consists of removing the existing bronze-colored aluminum letters and lighting, and installing 1/4" thick aluminum letters with a black finish mounted directly on the marble panels; and illuminating the signs with light fixtures installed in planting beds flush with the ground on either side of each sign, as shown in drawings labeled SK-LPC5.01 and SK-LPC5.02, revised October 7, 2014, and SK-LPC5.03 and SK-LPC5.04, dated October 7, 2014, prepared by Ennead Architects, and a catalog cut of a light fixture from BEGA, labeled "Drive-over in-grade linear floodlights with LED's".

Accordingly, the staff reviewed the submitted materials and found that the new aluminum letters will match the design and dimensions of the previously approved letters; that the light fixtures

will be installed in planting beds flush with the ground and thus will be minimally visible; and that the proposed work is in keeping with the spirit of the Commission Binding Report. Based on these findings, Commission Binding Report 12-6029 is further amended to incorporate this change to the scope of work.

This amendment is being issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions or materials different from those described in the applicant or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of the approval. The approved work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. The applicant is hereby put on notice that performing any work not explicitly authorized by this permit may make the applicant liable for criminal and/or civil penalties, including imprisonment and fines. This letter constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Lisa Schaeffer.

Pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City, the Landmarks Preservation Commission issued Binding Commission Report 16-3334 on October 2, 2014, approving a proposal to alter the ground floor, replace storefronts and install signage, all at the subject premises.

Subsequently, on October 14, 2014, the staff received a request to amend the scope of work approved under the original report.

The proposed amendment consists of creating openings at the center of the roof; interior demolition at the first through third and mechanical floors, including demolition of floor slabs and structural systems; and shoring and changes to structural systems; as shown in drawings G-100.00 through G-104.00, DM-001.00 through DM-003.00, DM-100.00 through DM-111.00, and DM-200.00 through DM-203.00 dated September 3, 2014, prepared by Danny Isla, P.E.

Accordingly, the staff reviewed this proposal, the determined that the demolition and structural work details are in keeping with the adaptive reuse of the building; and that otherwise the work is in keeping with the intent of the original approval. Based on these findings, the Commission determines the work to be appropriate to the building and to the South Street Seaport Historic District. The work, therefore, is approved, and Binding Commission Report 16-3334 is hereby amended to incorporate the above referenced changes.

This amendment is being issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original building fabric is discovered. The Commission reserves the right to revoke this permit, upon written notice to the applicant, if the actual building conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of the approval. The approved work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. The applicant is hereby put on notice that performing any work not explicitly authorized by this permit may make the applicant liable for criminal and/or civil penalties, including imprisonment and fines. READER'S GUIDE

The City Record (CR) is published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above \$100,000 for information technology and for construction and construction related services, above \$50,000 for other services, and above \$25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in The City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Monday through Friday from 9:00 A.M. to 5:00 P.M., except on legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptroller's Office at www.comptroller.nyc.gov, and click on Prevailing Wage Schedules to view rates.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION-RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$17 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. Registration for these lists is free of charge. To register for these lists, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application, which can be found online at www.nyc.gov/selltonyc. To request a paper copy of the application, or if you are uncertain whether you have already submitted an application, call the Vendor Enrollment Center at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services at 110 William Street, New York, NY 10038. Sessions are convened on the second Tuesday of each month from 10:00 A.M. to 12:00 P.M. For more information, and to register, call (212) 618-8845 or visit www.nyc.gov/html/sbs/nycbiz and click on Summary of Services, followed by Selling to Government.

PRE-QUALIFIED LISTS

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstances. When an agency decides to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR. Information and qualification questionnaires for inclusion on such lists may be obtained directly from the Agency Chief Contracting Officer at each agency (see Vendor Information Manual). A completed qualification questionnaire may be submitted to an Agency Chief Contracting Officer at any time, unless otherwise indicated, and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings (OATH). Section 3-10 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists. For information regarding specific pre-qualified lists, please visit www.nyc.gov/selltonyc.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board Rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, and the Housing Authority. Suppliers interested in applying for inclusion on bidders lists for Non-Mayoral entities should contact these

entities directly at the addresses given in the Vendor Information Manual.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 9:30 A.M. to 5:00 P.M., except on legal holidays. For more information, contact the Mayor's Office of Contract Services at (212) 341-0933 or visit www.nyc.gov/mocs.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women-Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about this program, contact the Department of Small Business Services at (212) 513-6311 or visit www.nyc.gov/sbs and click on M/WBE Certification and Access.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City pays interest on all late invoices. However, there are certain types of payments that are not eligible for interest; these are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year: in January and in July.

The Rules may also be accessed on the City's website at www.nyc.gov/selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section.

At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified unless a different one is given in the individual notice. In that event, the directions in the individual notice should be followed.

The following is a SAMPLE notice and an explanation of the notice format used by the CR.
