COMPENSATION CLAIMS OF NEW YORK CITY
EMPLOYEES FOR CALENDAR YEAR 2022**

ANNUAL REPORT OF WORKERS' COMPENSATION CLAIMS OF NEW YORK CITY EMPLOYEES FOR CALENDAR YEAR 2022

INTRODUCTION

Section 12-127 of the Administrative Code of The City of New York requires that a report concerning workers' compensation claims by City employees be compiled and transmitted annually to the Mayor, the Comptroller, the Public Advocate and the Speaker of the Council.

This report contains a compilation of all workers' compensation claims indexed by the New York City Law Department during 2022. In accordance with the recent amendments to Section 12-127, the report includes, but is not limited to, a breakdown of expenses paid, a list of specific claim information for each agency, as well as specific types and locations of injuries.

The report contains records for all entities whose workers' compensation claims are administered by the New York City Law Department: The City of New York, The New York City Health + Hospitals Corporation, The Department of Education of The City of New York, The City University of New York and the New York City Board of Elections. It should be noted that Uniformed Police Officers, Uniformed Firefighters, Uniformed Sanitation Workers and pedagogical employees of the Department of Education are not covered by the Workers' Compensation Law.

The information for individual claims includes the date of injury (or disablement), a brief description of the injury, the injured body part(s) and the location at which the injury occurred, as well as additional information required by the amendments to Section 12-127. Each section of the report is grouped by agency. An entry of "N/S" indicates that the requisite information was not submitted to the Law Department. An entry of "N/A" indicates the field is not applicable.

A summary of the costs incurred on these claims by each agency during 2022 is provided at the end of each section of the report. These costs include Total Indemnity Costs (consisting of wages and workers' compensation benefits paid), medical costs, penalties as well as additional information required by the amendments to Section 12-127. Also listed is the total number of employees in each agency on December 31st of the reporting year and the total number of claims filed on behalf of each agency during the reporting year.

In addition to the costs by agency, the administrative costs attributed to the Workers' Compensation Division of the Law Department were \$7,872,753 during Calendar Year 2022.

EXECUTIVE SUMMARY 2022

In accordance with Section 12-127 of the Administrative Code of The City of New York, this Report is being delivered to the Mayor, the Comptroller, the Speaker and the Public Advocate. In addition, pursuant to Section 1133 of the City Charter, electronic copies of the Report are being submitted to the Department of Records and the Municipal Reference and Research Center. The Report is accessible on the Department of Records' website, www.nyc.gov/records, under NYC Government Reports/Publications Portal.

This Annual Report contains a compilation of all workers' compensation claims indexed by the New York City Law Department during 2022. These claims include those of employees of The City of New York, The New York City Health + Hospitals Corporation, the Department of Education of the City of New York, the City University of New York and the New York City Board of Elections.

A total of 16,672 new claims were received in 2022. This number represents a decrease of 13.4% in claims when compared with 2021.

The total amount paid in 2022 with respect to these claims was \$69 million. This includes \$57.7 million for indemnity costs and \$11 million for medical costs.

The largest numbers of claims came from the following five agencies: Department of Correction (5,420), Health + Hospitals Corporation (2,771), Department of Education (2,054), Fire Department (1,899), and the Police Department (1,095). These agencies account for approximately 79% of all claims made in 2022.

The leading agencies in terms of cost were: Department of Correction (\$34 million), Health + Hospitals Corporation (\$5.9 million), Administration for Children Services (\$5.7 million) Department of Transportation (\$4.4 million), and Police Department (\$3.6 million). These five agencies account for approximately 79% of payments made on the cases in this Report during 2022.
