Hon. ABRAM S. HEWITT, Mayor:
SIR—In the Final Estimate for 1887 the sum of \$3,000 was set apart for the use of this Department for repairing water-main to North Brother Island. I would recommend that this appropriation be transferred to the control and use of the Health Department for the following reasons:
North Brother Island and the structures on it, as well as the means of transportation from the mainland to the island are under the control of the Health Department. The so-called water-main is practically a service-pipe, and not one of the mains forming a portion of the distributing system of mains under the control of this Department. The water-pipe has been kept in repair by the Health Department for the past two years, and the Superintendent in charge of the island can supervise all necessary repairs, thus avoiding expense which would be incurred by the supervision of such work under this Department.
Very respectfully.

DECEMBER 22, 1886.

DECEVBER 22, 1886. Gen. JOHN NEWTON, Commissioner of Public Works : DEAR SIR-In 1883 the Board of Estimate and Apportionment appropriated for "Furnishing and Laying Pipe to North Brother Island" '55,000. This Department done the work under a contract, dated July 3, 1883, and a final estimate was given January 17, 1884, at which time the pipe was in order. In the summer of 1884 several leaks were found in the pipe, and these leaks were repaired by the Health Department, and until the last few months it has been in order. There are now other leaks in same, and this Department is under no obligation to keep same in repair, or to furnish the Island with water. There is a balance of the appropriation not used of \$1,797.50, which the Board of Estimate and Apportionment could transfer to the Health Department for this purpose. Respectfully yours, G. W. BIRDSALL, Chief Engineer Croton Aqueduet.

Gen. John Newton, Commissioner of Public Works, and James C. Bayles, President of Health Department, appeared before the Board and made statements relative thereto.

The Chairman presented the following :

Very respectfully, H. H. PORTER, President.

Which was received and referred to the Comptroller.

Whereupon the Comptroller presented the following report :

CITY OF NEW YORK-FINANCE DEPARTMENT, COMPTROLLER'S OFFICE, April 13, 1887.

To the Board of Estimate and Apportionment :

To the Board of Estimate and Apportionment: At the meeting of the Board of Estimate and Apportionment held on March 29, 1887, a com-munication was presented from the President of the Department of Public Charities and Correction, relative to the leasing from the Commissioners of Emigration of certain buildings on Ward's Island, known as the Annex and New Lunatic Asylum, at an annual rental of 55,000, which communica-tion was referred to the Comproler. I respectfully report that, upon examination into this matter, it appears to me to be necessary and advisable that the premises should be leased for the accommodation of insame patients under the charge of the Department of Public Charities and Correction, as proposed, and I recommend that the Commissioners of the Sinking Fund shall be requested, by a resolution which is submitted herewith, to authorize a lease to be made accordingly for such term of years, and upon such condi-tions as they may deem proper and expedient, upon the application of the Department of Public Charities and Correction, and that the rent for the remainder of the current year shall be paid from the appropriation to that Department for "Supplies," any deficiency therein to be provided for at the end of the year, by transfer or otherwise. Respectfully, Respectfully, E. V. LOEW, Comptroller.

And offered the following resolution : E. V. LOEW, Comptroller. Resolved, That the Commissioners of the Sinking Fund be requested to authorize a lease of certain buildings on Ward's Island, known as the Annex and New Lunatic Asylum, from the Com-missioners of Emigration, for the accommodation of insane patients in charge of the Department of Public Charities and Correction, at an annual rental of \$5,000, for such a term of years and upon such conditions as they may consider proper and expedient. The Secretary presented the following :

STREES V. ADEB, ESQ., Clerk of the Board of Estimate and Apportionment: STREE am in receipt of your communication under date of April 1, 1887, transmitting resolution of the Board of Estimate and Apportionment, as follows: "Resolved, That the Counsel to the Corporation be and he hereby is requested to furnish his opinion to this Board whether, under the provisions of chapter 67, Laws of 1857, a concurrent vote of all the members of this Board is necessary to authorize the additional appropriations contemplated by said act."

by said act." The annual budget, by which the burden laid each year upon the taxpayers of this city is determined, can be passed only by the concurrent vote of all the members of the Board of Estimate and Apportionment (Consolidation Act, section 189). This requirement of unanimity is one of the strong protections which the law throws around the taxpayer (Bird vs. The Mayor, 33 Hun, 398). In view of this provision of the fundamental law regulating the fixation of the budget in this city, only the clearest language should, in my opinion, avail to substitute a majority for a unanimous vote, when the budget is, under a subsequent act, being revised so as to increase its burden. I do not find such clear language in the statute submitted for my consideration, and therefore advise that in voting the additional appropriatons authorized by the act, a concurrent vote of all the members of the Board of Estimate and Apportionment is necessary. I am, sir, yours respectfully, E. HENRY LACOMBE, Counsel to the Corporation.

Whereupon the Comptroller offered the following preamble and resolution : Whereas, An act entitled "An act in relation to common schools and the support thereof in the City of New York," was passed by the Legislature, March 14, 1887, as follows : The People of the State of New York, represented in Senate and Assembly, do enact as

Police Department of the City of New York, No. 300 Mulberry Street, New York, April 1, 1887.

Hon. EDWARD V. LOEW, Comptroller : DEAR SIR—The Board of Police have directed me to acknowledge the receipt of your commu-nication of the 29th ult., stating the request of the Board of Estimate and Apportionment to be furnished with the items of bill of Metropolitan Hotel, November 4, 1884, 5250, and the bill of Sin-clair House, A. L. Ashman, proprietor, November 3, 1885, 5280, and in reply thereto to state, that the bills referred to were not furnished with items, the contract or agreement having been made in each case for the necessary quantity of refreshments for a certain amount then named, and by verbal order only.

From recollection, it may be stated, they consisted of beef, turkey, chicken, tongue, ham, sand-wiches, salad, cheese, bread, coffee and such other beverage and refreshment as are usually fur-nished with a collation, and which were not considered to be extravagant or inappropriate for the purpose. Very respectfully, WM. H. KIPP, Chief Clerk.

THE MODERATION SOCIETY'S FREE ICE-WATER FOUNTAINS, New YORK, April 7, 1887.

To the Board of Estimate and Apportionment of the City of New York :

DEAR SIRS—The Moderation Society would earnestly request a donation or apportionment of 51,000 from the Excise Fund, or other appropriate fund, towards amounts needed to erect a new free ice-water fountain at the New York Post-office, and the support of these free ice-water fountains for

Stooo from the Excise rund, of our appropriate properties of these free ice-water fountains for this year.
 There is no more worthy charity, or practical good, than "giving a cup of cold water," in the sultry, long, summer days to the laborers and poor.
 There is no better method to inculcate true temperance, and prevent the vices and crimes of intemperance. Experience of past years, good men's opinions, and the press comments prove this. These free ice-water fountains were first started seven years since, at the Post-office, Five Points, Union Square, and other places, and have continued each year since, giving daily ice water to many thousands.
 Last summer a perambulating fountain was added to visit the tenement district, the low, squalid homes of the poor. This distributed 2,000 gallons daily, and the Post-office fountain free first at the post-office fountain free daily.
 Philadelphia, Brooklyn, San Francisco, Newark have copied this charity, and gentlemen have erected private fountains. The medical faculty, police and philanthropists indorse the practical benefits and wisdom of these free fountains.
 Thus far these fountains have been carried on free of cost to the City, by private contributions.
 Necessarily the work has been restricted, and now we appeal to you for this aid for this noble charity.

Respectfully yours, THE MODERATION SOCIETY.

REGISTER'S OFFICE, NEW YORK, April 14, 1887.

Hon. ABRAM S. HEWITT, Mayor of the City of New York :

Hon, ABRAM S. HEWITT, Mayor of the City of New York: SIR-Referring to my letter to you of the 25th ult., I beg to bring specially to your notice the fact that with the aid provided for the performance of the duties of this office by the Board of Esti-mate and Apportionment, I find myself unable to have the work connected with the searches received in the office completed within the limit prescribed by law. The statute which regulates the administration of the Register's Office, chapter 531 of the Laws of 1884, provides, section six, that the expenses of conducting the office should be a charge upon the City and County, and section three that all fees, perquisites and emoluments collected in the office seven and eight it is made the duty of the Board of Estimate and Apportionment to provide the augregate expenses so provide. — As explained to you in my letter above referred to, "the Register is prohibited from exceeding the appropriation was based). My predecessor had in his employ twenty-two searchers. I am thus required with a staff of only twelve searchers to complete." The practical working of this sys-tem is shown in the following results: The number of new searches received in the office, from Jan-uary t to and including April 13, was exactly glood. Of these there were completed 1, 606, leaving unfinished on the latter date 1,640, all of which were received between March 13 and April 12, both inclusive. — Thay done experything in my power to have the work of completing these searches memory.

Inclusive. I have done everything in my power to have the work of completing these searches progressed, and I am not aware of a single case where there has been any delay which could be avoided. The difficulty has not been in the manner in which the work has been performed, but in the mefficient aid provided for the accomplishment of the work. And with the view of meeting this difficulty, at least in part, and thereby, if possible, modifying the public grounds of complaint in the matter, I have determined to employ two additional searchers, whose salaries can for a short time be paid from the salary appropriation for the office, leaving other portions of the office work to stand over, the urgency of the latter work not being in my judgment equal to the urgency in the matter of the searches.

975

The sin these circumstances that I take the liberty of suggesting to you that the Board of Esti-mate and Apportionment ought at once to meet and consider this matter, and provide for such additional searchers as the public business imperatively demands. In my opinion in order to have the work of searching efficiently performed there ought to be at least twenty searchers pro-vided for. This, I think, is a matter requiring urgency, and in the public interest I trust it will receive your early attention. I am not conscious of any just grounds of complaint with the administration of this foffice since my connection therewith, and I therefore court the fullest investigation into all existing complaints as to delays in the matter of searches, so that the most effectual remedy, which can be devised, will be applied to the speedy removal of all such complaints. Respectfully, JAMES J. SLEVIN, Register. Which was received and referred to the Comptroller.
