The following communication was received from the Commissioner of Docks, relative to a lease of lands under water between Tiffany and Cabot streets, southerly of the Eastern Boulevard, Borough of The Bronx, to the Oak Point Land and Dock Company:

NEW YORK, March 21, 1906.

N. TAYLOR PHILLIPS, Esq., Secretary, Commissioners of the Sinking Fund:

SIR—I beg to advise that after consideration I am of the opinion that the interests of the City would be best served by a lease to the Oak Point Land and Dock Company, who have made application therefor, of lands under water belonging to the City, in the Borough of The Bronx, between Tiffany and Cabot streets, southerly of the Eastern Boulevard and comprised within the lines of the piers to be erected by said company as shown on the map attached hereto, a copy of said map to be annexed to and to form part of said lease; said lease to begin four months after the passage of a resolution by

the Commissioners of the Sinking Fund approving and consenting to the execution thereof, and to be for a term of ten years with privilege of two renewals of ten years each, the rental for the first term of ten years to be ten cents per square foot for the land under water belonging to the City comprised within the lines of said piers, said rental to commence on the same date as the commencement of the lease. The rental for each renewal term to be 10 per cent. advance upon the rental for the preceding term.

The said lease shall also contain the following terms and conditions:

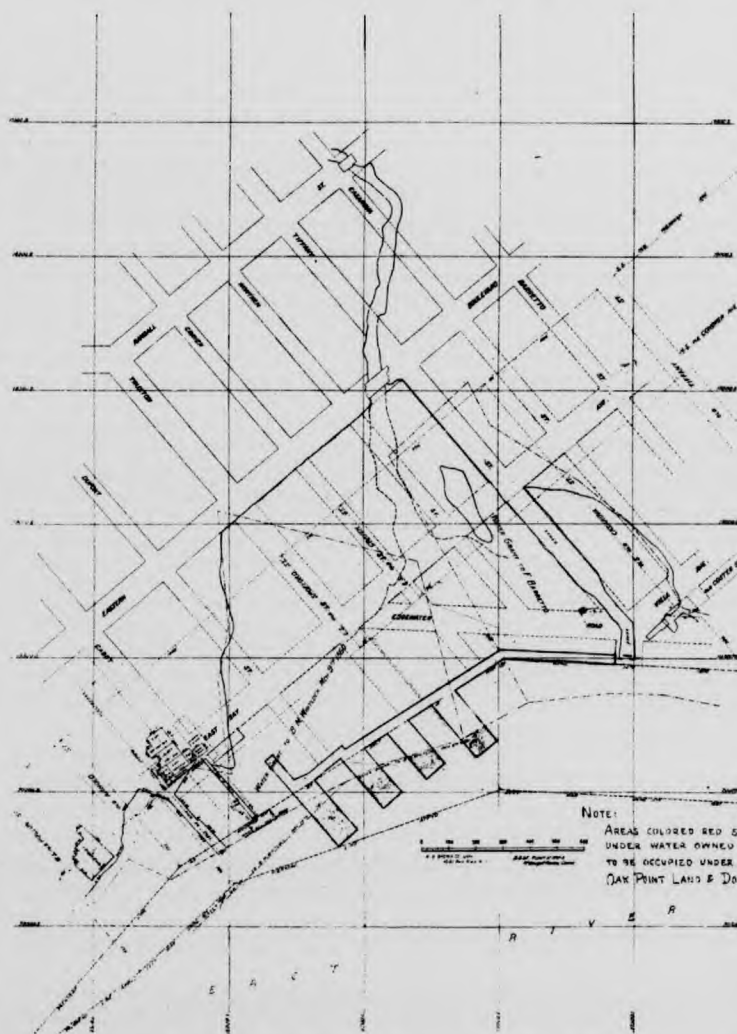

1. The lessee shall have the privilege of erecting on said land under water the piers and portions of piers as shown on the plan attached hereto, such structures to be erected in accordance with plans and specifications to be submitted to and approved by the Engineer-in-Chief of this Department.

2. In case The City of New York shall at any time institute condemnation proceedings for the acquisition of the property on which the piers or portions of piers shown on the accompanying plan are situate or any portion thereof, or of the land or land under water adjacent thereto, then and in that event, and every such event, such lease shall be canceled and shall be null and void from a date thirty days after the filing in the office of the Clerk of the Supreme Court of the judicial district in which the property is situated, of the oaths of the Commissioners of Estimate and Assessment in said proceedings appointed; and no additional item of value shall be claimed by or allowed to the said Oak Point Land and Dock Company, their successors or assigns, nor shall The City of New York be required to pay any damage or any additional value or compensation by reason of the granting of this lease and the erection of said piers or portions of piers on said land under water belonging to the City except the actual value of the structures authorized by this lease.

The remaining terms and conditions of the lease to be similar to those contained in leases of land under water now in use by this Department.

Respectfully yours,

J. A. BENSEL, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

April 10, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. J. A. Benschel, Commissioner, Department of Docks and Ferries, in communication under date of March 21, 1906, advises the Commissioners of the Sinking Fund that he is of the opinion that the interests of the City will be best served by a lease to the Oak Point Land and Dock Company, who have made application therefor, of lands under water belonging to the City in the Borough of The Bronx, between Tiffany and Cabot streets, southerly of the Eastern Boulevard and comprised within the lines of the piers to be erected by said company; said lease to begin four months after the passage of a resolution by the Commissioners of the Sinking Fund approving and consenting to the execution thereof, and to be for a term of ten years, with the privilege of two renewals of ten years each; the rental for the first term of ten years to be ten cents per square foot for the land under water belonging to the City comprised within the lines of said piers; said rental to commence on the same date as the commencement of the lease. The rental for each renewal term to be 10 per cent. advance upon the rental for the preceding term. The lessee to have the privilege of erecting on said land under water, piers, portions of piers, etc., as shown on attached plan.

In case the City shall at any time institute proceedings for the acquisition of the property or land under water adjacent thereto, then, and in that event, the lease shall be cancelled.

The remaining terms and conditions of the lease to be similar to those contained in leases of land under water now in use by the Department of Docks.

I would report that I concur in the terms and conditions of the proposed lease, except that I consider the rental a little low for the second and third terms of ten years, and would suggest that the rental for the first term of ten years be at ten cents per square foot, as proposed, for land under water belonging to the City comprised within the lines of said piers; the rental of the second term of ten years to be at the rate of 12½ cents per square foot, and the rental for the third term of ten years to be at the rate of 15 cents per square foot. This increase of rental for the second and third terms of ten years meets with the approval of the Commissioner of Docks and Ferries.

I would therefore recommend that the Commissioners of the Sinking Fund, pursuant to section 825 of the Greater New York Charter, as amended by chapter 609 of the Laws of 1902, approve of the terms and conditions of the proposed lease, with the

modifications as set forth above, to the Oak Point Land and Dock Company, for lands under water belonging to the City, in the Borough of The Bronx, between Tiffany and Cabot streets, southerly of the Eastern boulevard, and comprised within the lines of the piers to be erected by said company.

Respectfully,
CHANDLER WITHINGTON,
Principal Assistant Engineer.

Approved:
H. A. Metz, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Docks, of a lease to the Oak Point Land and Dock Company, of lands under water belonging to the City in the Borough of The Bronx, between Tiffany and Cabot streets, southerly of the Eastern Boulevard, and comprised within the lines of the piers to be erected by said company, as shown on the map or plan attached to the communication from the Commissioner of Docks, dated March 21, 1906, recommending the lease; a copy of said map to be annexed to and to form part of the lease; the lease to be for a term of ten years, commencing September 1, 1906, with the privilege of two renewals of ten years each; the rental for the first term of ten years to be ten cents (\$.10) per square foot, the rental for the second term of ten years to be at the rate of twelve and one-half cents (\$.12½) per square foot, and the rental for the third term of ten years to be at the rate of fifteen cents (\$.15) per square foot.

The lease is also to contain the following terms and conditions:

1. The lessee to have the privilege of erecting on said land under water the piers and portions of piers as shown on the map or plan above mentioned; said structures to be erected in accordance with plans and specifications to be submitted to and approved by the Engineer-in-Chief of the Department of Docks and Ferries.

2. In case The City of New York shall at any time institute condemnation proceedings for the acquisition of the property on which the piers or portions of piers shown on the accompanying plan are situate, or any portion thereof, or of the land or land under water adjacent thereto, then and in that event, and every such event, said lease shall be canceled and shall be null and void from a date thirty days after the filing in the office of the Clerk of the Supreme Court of the judicial district in which the property is situated, of the oaths of the Commissioners of Estimate and Assessment in said proceedings appointed; and no additional item of value shall be claimed by or allowed to the said Oak Point Land and Dock Company, their successors or assigns, nor shall The City of New York be required to pay any damage or any additional value or compensation by reason of the granting of this lease and the erection of said piers or portions of piers on said land under water belonging to the City, except the actual value of the structures authorized by this lease.

The remaining terms and conditions of the lease to be similar to those contained in leases of land under water now in use by the Department of Docks and Ferries.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to a sale at public auction of the steel freight shed on Pier, old 20, East river, Borough of Manhattan:

April 12, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Honorable John A. Bense, Commissioner of the Department of Docks and Ferries, in a communication under date of April 9, 1906, addressed to the Commissioners of the Sinking Fund, transmits proposed terms and conditions of sale of the steel freight shed on Pier, old 20, East river, at the end of Burling slip, Borough of Manhattan, and requests that the Commissioners of the Sinking Fund adopt the necessary steps for the sale of said shed on May 1, 1906, the work of removal to commence immediately after said date. The usual terms and conditions used for the sale of buildings owned by the City will not apply in the matter of the sale of this shed. I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize the Comptroller to sell at public auction the freight shed on Pier, old 20, East river, at the foot of Burling slip, Manhattan, covering an area of about 15,600 square feet.

Respectfully submitted for approval,
MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. Metz, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to sell at public auction, the steel freight shed on Pier, old 20, East river, at the foot of Burling slip, Borough of Manhattan, upon the terms and conditions of sale as transmitted by the Commissioner of Docks with his communication under date of April 9, 1906.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following statement and offered the following resolution relative to a lease of rooms in the new Mechanics' Bank Building, located at the corner of Fulton, Montague and Court streets, Borough of Brooklyn, for the use of the Collector of Assessments and Arrears, Department of Finance:

April 13, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Collector of Assessments and Arrears in and for the Borough of Brooklyn occupies Rooms 1 and 3 in the Municipal Building in said borough, and has made application to lease the entire third floor, including 450 square feet of hall space, of the new Mechanics' Bank Building, located at the corner of Fulton, Montague and Court streets, in the Borough of Brooklyn, for the use of his borough office. The building is a fireproof building now in course of completion. The floor space contains 4,875 square feet, and the rent asked per annum is \$6,093.75, or at the rate of \$1.25 a square foot, which is the price we are paying for the ninth floor in said building for the use of the Department of Sewers under the Borough President. The owners of the building will furnish light, heat, elevator and janitor service and will alter the floor space to suit the needs of the Department. They offer the lease for a term of three to five years from the 1st day of May, 1906.

The rooms now occupied by the Collector of Assessments and Arrears in and for said borough are entirely inadequate for the needs of the office; the building is not fireproof, and should a fire occur in this building, which is liable to at any time, very many valuable records of the City would be destroyed, and under no circumstances could they be replaced. The entire amount of indebtedness due The City of New York for the non-payment of taxes, assessments and water rates, amounting to millions of dollars, would be entirely obliterated, and it would be impossible for The City of New York to collect any part thereof.

The agitation for a new municipal building to be erected on this site has been going on for a number of years, it having started first under Mr. Swanstrom as President of the Borough of Brooklyn, and plans and specifications were drawn under his direction at the request of the Board of Estimate and Apportionment. This matter has been hanging along up to the present time, and there is no prospect of obtaining suitable fireproof quarters for this office for at least five years other than by leasing rooms. I would therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution approving of the request of the Department of Finance for the hiring of the entire third floor, including 450 square feet of hall space, in the new Mechanics' Bank Building, at the junction of Montague, Court and Fulton streets, in the Borough of Brooklyn, containing 4,875 square feet, at an annual rental of \$6,093.75,

payable monthly, for a term of three years from May 1, 1906, with the privilege of renewal for a further term of two years upon the same terms and conditions, the owners to make such alterations in the partitions on said floor as the Collector of Assessments and Arrears may determine, and to furnish light, heat, elevator and janitor service. Lessors, Mechanics' Bank Building, D. & M. Chauncey Real Estate Company, Limited, agents.

Respectfully submitted for approval,
MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. Metz, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from the Mechanics' Bank Building, D. & M. Chauncey Real Estate Company, Limited, agents, of the entire third floor, including 450 square feet of hall space, in the new Mechanics' Bank Building, at the junction of Montague, Court and Fulton streets, in the Borough of Brooklyn, containing 4,875 square feet, for the use of the Department of Finance, for a term of three years from May 1, 1906, with the privilege of a renewal for a further term of two years upon the same terms and conditions, at an annual rental of six thousand and ninety-three dollars and seventy-five cents (\$6,093.75), payable monthly; the owners to make such alterations in the partitions on the said floor as the Collector of Assessments and Arrears may determine, and to furnish light, heat, elevator and janitor service; and the Commissioners of the Sinking Fund, deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided in sections 149 and 217 of the Greater New York Charter. The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to the renewal of the leases of the following premises for the Department of Health:

No. 341 Pleasant avenue, Manhattan.
No. 108 West Fifty-fifth street, Manhattan.
Two vaults at Nos. 28 to 38 Fulton street, Brooklyn.

April 10, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Eugene W. Scheffer, Esq., Secretary of the Department of Health, in a communication under date of April 5, 1906, addressed to the Commissioners of the Sinking Fund, states that at a meeting of the Board of Health, held April 4, 1906, resolutions were adopted requesting a renewal of the three leases of premises occupied by his Department.

The rental being the same in each instance as paid in the present existing leases, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the following leases:

1. Premises No. 341 Pleasant avenue, Borough of Manhattan, for a period of two years from June 26, 1906, with the privilege of renewal for an additional two years at an annual rental of \$600, payable monthly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Christian Schneider.

2. The rear of the first floor of the premises No. 108 West Fifty-fifth street, Borough of Manhattan, for a term of one year from July 1, 1906, at an annual rental of \$400, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Chemists' Club.

3. The two vaults contain the large vault of the main floor of the building Nos. 28 to 38 Fulton street, Borough of Brooklyn, for a term of one year from July 1, 1906, with the privilege of renewal for an additional year, at an annual rental of \$480, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessors, Eagle Warehouse and Storage Company.

Respectfully submitted for approval,
MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. Metz, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute renewals of leases to the City, of the following described premises, for the use of the Health Department:

1. Premises No. 341 Pleasant avenue, Borough of Manhattan, for a period of two years from June 26, 1906, with the privilege of a renewal for an additional two years, at an annual rental of six hundred dollars (\$600), payable monthly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Christian Schneider.

2. The rear of the first floor of the premises No. 108 West Fifty-fifth street, Borough of Manhattan, for a term of one year from July 1, 1906, at an annual rental of four hundred dollars (\$400), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Chemists' Club.

3. The two vaults contained in the large vault on the main floor of the building Nos. 28 to 38 Fulton street, Borough of Brooklyn, for a term of one year from July 1, 1906, with the privilege of renewal for an additional year, at an annual rental of four hundred and eighty dollars (\$480), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessors, Eagle Warehouse and Storage Company.

—the Commissioners of the Sinking Fund deeming the said rents fair and reasonable and that it would be for the interest of the City that such leases be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following statement and offered the following resolution, relative to the renewal of the lease of premises No. 316 East Thirty-third street, Borough of Manhattan, for the Department of Street Cleaning:

April 12, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioners of the Sinking Fund, at a meeting held February 21, 1906, authorized a renewal of the lease of the store or ground floor and cellar beneath, of the premises known as No. 316 East Thirty-third street, Borough of Manhattan, for a period of two years, at an annual rental of \$330.

Honorable John McGaw Woodbury, Commissioner of the Department of Street Cleaning, in a communication under date of April 9, 1906, addressed to the Commissioners of the Sinking Fund, requests that that resolution be amended, in view of the fact that the original date of occupancy of the premises was March 1, 1904, and that the lease should be entered into for a period from March 1, 1906, to May 1, 1908. I would therefore respectfully recommend that the Commissioners of the Sinking Fund amend their resolution of February 21, 1906, in regard to the above matter, by inserting the clause "for a term of two years and two months from March 1, 1906," instead of "for a term of two years from May 1, 1906."

Respectfully submitted for approval,
MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. Metz, Comptroller.

Resolved, That the resolution adopted by this Board, at meeting held February 21, 1906, approving of and consenting to the execution by the Commissioner of Street Cleaning, of a renewal of the lease to the City of the store or ground floor and cellar beneath of the premises known as No. 316 East Thirty-third street, Borough of Manhattan, for a period of two years from May 1, 1906, at an annual rental of three hundred and thirty dollars (\$330), be and the same is hereby amended by substituting as the term of the lease "for a term of two years and two months from March 1, 1906," instead of "for a term of two years from May 1, 1906."

The report was accepted and the resolution unanimously adopted.

The following communication was received from the President of the Borough of Richmond relative to an extension of the lease of the Richmond Building, at the corner of Richmond terrace and York avenue, Borough of Richmond, occupied by the several municipal Departments:

NEW BRIGHTON, N. Y., April 10, 1906.

N. TAYLOR PHILLIPS, Esq., Secretary, Commissioners of the Sinking Fund, No. 280 Broadway, New York City:

DEAR SIR—I am informed by my Commissioner of Public Works that the owner of the "Richmond Building," at the corner of Richmond terrace and York avenue, will consent to an extension of the present lease, from month to month, from May 1 next, the time that the present lease expires. This is the building in which all the Bureaus of my office are located, as well as the branch offices of most of the City Departments. In view of the fact that we will probably be disappointed in our hope in getting into the Borough Hall on the first of May, I suggest that such a lease be made with the owner of the Richmond Building, or if thought more desirable, that an extension of the lease to July 1 be made. The Borough Hall will certainly be ready by that time.

Very truly,
GEORGE CROMWELL,
President of the Borough of Richmond.

In connection therewith the Comptroller presented the following report and offered the following resolution:

In view of the fact that the new Borough Hall, in the Borough of Richmond, will not be completed until July 1, 1906, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the rooms occupied by the several municipal Departments of the Borough of Richmond, in the building at the corner of Richmond terrace and York avenue, Borough of Richmond, for a period of two months from May 1, 1906, at annual rental of \$3,250, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, William T. Van Vredenburg.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

April 12, 1906.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, from William T. Van Vredenburg, of the Richmond Building, at the corner of Richmond terrace and York avenue, Borough of Richmond, for the use of the several municipal Departments, for a period of two months from May 1, 1906, at a rental at the rate of three thousand two hundred and fifty dollars (\$3,250) per annum, otherwise upon the same terms and conditions as contained in the existing lease—the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to a lease of space at the bulkhead on the southerly side of Dock street, for the President of the Borough of Brooklyn, as a berth for a public bath:

April 6, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Honorable Bird S. Coler, President of the Borough of Brooklyn, in a communication under date of April 3, 1906, requests the Commissioners of the Sinking Fund to authorize a lease of the space at the bulkhead on the southerly side of Dock street, in the Borough of Brooklyn, as a berth for a public bath, in order that the bath may be installed in the summer time for the use of the citizens of the Borough of Brooklyn. The same property was leased last year under a resolution of the Commissioners of the Sinking Fund adopted July 14, 1905 (see Minutes, Sinking Fund, 1905, page 795), when a report was made thereon, which stated in part:

"The space adjoining the property which the President of the Borough of Brooklyn desires to occupy is owned by The City of New York, and the Commissioner of the Department of Docks and Ferries has authorized the President of the Borough of Brooklyn to use the property, but the space is not sufficiently large for docking a public bath, and it necessitates leasing property from the New York Dock Company in addition to that owned by the City. The President of the Borough states that the location is the only one that is practicable for him to use as a berth for public baths in the section affected, for the reason that the floating bath may be placed at this location and comply with the Health Department regulations in the matter of being a specified distance from the sewer outlet, and further states that this is the only location in that section that the Health Department will approve of."

In view of the fact that the rent asked is the same as mentioned in the previous existing lease, which in my opinion is reasonable, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of the space at the bulkhead on the southerly side of Dock street, in the Borough of Brooklyn, for the purposes of a berth for a public bath for a period from the date of occupation to October 10, 1906, at a rental of \$112.50 per month. Lessor, New York Dock Company.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from the New York Dock Company, of space at the bulkhead on the southerly side of Dock street, Borough of Brooklyn, for the use of the President of the Borough of Brooklyn, for the purposes of a berth for a public bath, for a period from the date of occupation to October 10, 1906, at a rental of one hundred and twelve dollars and fifty cents (\$112.50) per month; and the Commissioners of the Sinking Fund, deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to a lease of space and dockage at the end of the southerly pier at the foot of Fifty-seventh and Fifty-ninth streets, Borough of Brooklyn, for the use of the President of the Borough of Brooklyn, as a berth for a public bath:

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Bird S. Coler, President of the Borough of Brooklyn, in a communication under date of April 9, 1906, addressed to the Commissioners of the Sinking Fund, requests that a lease be entered into with the Bay Ridge Yacht Basin for the space and dockage of the end of the southerly pier at the foot of Fifty-seventh and Fifty-ninth streets, Borough of Brooklyn, for the purpose of a berth for a public bath.

The office of the President of the Borough of Brooklyn used the same premises during the season of 1905 for the same purpose, at a rental of \$500, for a period from June 15, 1905, to October 1, 1905 (see Minutes, Sinking Fund, 1905, page 1125).

The rental asked this year of \$500 for the entire season is, in my opinion, reasonable. I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of the space at the end of the southerly pier at the foot of Fifty-seventh and Fifty-eighth streets, Borough of Brooklyn, occupied for the purpose of a berth for a public bath for a period from the date of occupation to October 1, 1906, for the sum of \$500, being the rental of said space for said period. Lessor, Bay Ridge Yacht Basin, Charles W. Bouton, manager.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

In connection therewith the Comptroller presented the following report and offered the following resolution:

April 13, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioner of the Department of Police, in a communication under date of April 9, 1906, addressed to the Commissioners of the Sinking Fund requests that a lease be entered into of the house situated on the southeast corner of Sherman avenue and Elm street, Glendale, Borough of Queens, size of plot about 166 by 162 feet, for a police station for the Seventy-seventh Sub-Precinct, Glendale, Borough of Queens. The house is a two and one-half story frame building with a brick and stone basement, size about 35 feet 6 inches by 49 feet 6 inches, and contains the following rooms:

Basement, divided on the south side into two large rooms, used as a store room, laundry and steam heating plant, and on the north side into three rooms for the storage of fuel, etc. The first floor consists of three parlors on the north side, which can be turned into one, making a room 35 by 46; on the south side, one sitting room, dining room and kitchen. The second floor has seven large sleeping rooms and bath. The third floor or attic has seven rooms. The house is in very good condition and is centrally located; has gas, bath, hot and cold water. The stable in the rear is a one-story frame building 26 by 36 feet, and contains four stalls, with plenty of room for four more, if necessary.

The present station house is located on Myrtle avenue, and is inconvenient and uncomfortable for the men, who are very much crowded for room. The lease thereof will expire on May 1, 1906; the rental paid is at the rate of \$50 per month. There is also a stable situated at No. 1874 Myrtle avenue, Glendale, which the City rents at \$30 a month.

The rental asked, of \$1,200 per annum, and water rent, is, in my opinion, reasonable, and I would therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the house and stable on a plot 166 by 162 feet on the southwesterly corner of Sherman avenue and Elm street, Glendale, Borough of Queens, for a period of three years from May 1, 1906, at an annual rental of \$1,200, payable quarterly, the lessor to keep and maintain the premises wind and weather-tight, and to furnish all the water needed and required in the premises; the lessee to make all necessary repairs, to pay for heat and janitor service and to have all the fruit grown upon the premises; also, that all the fixtures and appurtenances inserted, attached or installed by the lessee are to remain the property of the City and to be removed upon the expiration or termination of the lease, the premises to be restored by the City to its original condition, wear and tear excepted. Lessors, Lorinda V. Meyer and Henry W. Meyer, Jr.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from Lorinda V. Meyer and Henry W. The following communication was received from the Fire Department relative to the lease of premises at No. 242 West Twentieth street, Borough of Manhattan:

BOROUGH OF MANHATTAN, April 5, 1906.

To the Honorable Commissioners of the Sinking Fund, City of New York:

GENTLEMEN—Under date of March 14, 1906, an application was made by this Department to your Honorable Commission to authorize a lease for a period of six months from April 1, 1906, with rental at the rate of \$50 per month, payable quarterly, of four rooms in the basement of building located at No. 240 West Twentieth street, Manhattan, owned by Mrs. Catharine Diercks, for use as quarters of the officers and men of Hook and Ladder Company 12, pending the making of repairs to house of said company located at No. 243 West Twentieth street.

On March 21, 1906, your Commission adopted resolution authorizing the lease, and a certified copy of the same was duly received at this office.

In connection with this matter the Assistant and Acting Superintendent of Buildings of this Department has to-day submitted a report reading as follows:

"BOROUGH OF MANHATTAN, April 5, 1906.

"Hon. JOHN H. O'BRIEN, Fire Commissioner:

"SIR—I have the honor to report in relation to the lease for temporary quarters for the company of Hook and Ladder 12, at No. 243 West Twentieth street, that said lease, adopted by the Commissioners of the Sinking Fund on March 21, 1906, for the basement floor of premises at No. 240 West Twentieth street, for a period of six months from April 1, 1906, at a rental of \$50 per month.

"On the 1st day of April it was intended that the company should move into these quarters, and I had made arrangements for the supplying of gas, moving of telephone, etc., and also notified the contractor, giving him possession of hook and ladder house on that date. It was found on Monday morning, April 2, that it would be impossible for the owner of the leased premises to give us possession until the 1st of May, and even at that time it would be indefinite whether she would sign the lease or not.

"I would therefore recommend that the resolution authorizing the lease of premises at No. 240 West Twentieth street be canceled, and that your Commission authorize a lease for a period of six months from the date this Department takes possession thereof, with rental at the rate of \$100 per month, payable monthly, with the privilege of renewal from month to month, for an additional period of six months, at a like rate, and upon the same terms and conditions, of front basement room, 14 by 14 feet; front room, first floor, 14 by 14 feet; centre room, first floor, 9 by 14 feet; rear room, first floor, 15 by 14 feet, also bath room on rear of first story, in building located at No. 242 West Twentieth street, Manhattan; lessor, Miss Maggie Mahon, residing at said address, who pays the water tax and for the gas, but not for heat or janitor service; the repairs or alterations, if any are required, to be made by the City.

"These are the only premises available in the neighborhood for the desired purpose; the rent is to be paid from the appropriation made to this Department for the year 1906, entitled Apparatus, Supplies, etc., and there are sufficient funds therein to meet the same.

"Respectfully,
(Signed) EDWARD L. MIDDLETON,
Assistant and Acting Superintendent of Buildings."

It is of the utmost importance that prompt and favorable action be had in this matter by your Honorable Commission, and the same is therefore earnestly requested.

Respectfully,

JOHN H. O'BRIEN, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolutions:

April 13, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. John H. O'Brien, Commissioner of the Fire Department, in a communication under date of April 5, 1906, addressed to the Commissioners of the Sinking Fund requests the rescinding of the resolution adopted March 21, 1906, authorizing a lease of the basement floor of the premises No. 240 West Twentieth street, Borough of Manhattan, for a period of six months from April 1, 1906, for the reason "that it would be impossible for the owner of the leased premises to give us possession until the first of May, and even at that time it would be indefinite whether she would sign the lease or not," and he further requests that a lease be entered into for a period of six months from the date of occupation of certain rooms in the building located at No. 240 West Twentieth street, in the Borough of Manhattan, as temporary quarters for Hook and Ladder Company 12 at No. 243 West Twentieth street, pending the making of repairs to the present fire house.

The rental asked by the owner of \$100 a month is very full value but there are no other places in the neighborhood where the Fire Department can be temporarily housed, and it is absolutely necessary to obtain quarters for the Firemen on the same block where a temporary fire house is built in the street. Under this condition I would consider the rent reasonable, and I would therefore respectfully recommend that the Commissioners of the Sinking Fund rescind the resolution of March 21, 1906, and authorize a lease of the front basement room, 14 by 14 feet; front room, first floor, 14 by 14 feet; centre room, first floor, 9 by 14 feet; and the rear room, first floor, 15 by 14; also a bathroom in the rear of the first story, in the building located at No. 240 West Twentieth street, in the Borough of Manhattan, for a period of six months from the date of occupation, with the privilege of renewal from month to month for an additional period of six months upon the same terms and conditions, at an annual rental of \$1,200, payable monthly; the lessor to pay for the water tax and gas and the City to pay for the heat and janitor service and such repairs or alterations as may be required. Lessor, Maggie Mahon.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the resolution adopted by this Board at meeting held March 21, 1906, authorizing a lease of the basement floor of the premises No. 240 West Twentieth street, in the Borough of Manhattan, for the use of the Fire Department, be and the same is hereby rescinded.

The report was accepted and the resolutions severally unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to a sale at public auction of the lease of property owned by the City situated on the northerly side of West One Hundred and Fifty-first street distant 125 feet easterly from the northeasterly corner of West One Hundred and Fifty-first street and Amsterdam avenue, Borough of Manhattan:

April 16, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Harrison G. Meyer, Esq., President of the Washington Heights Hospital, in a communication under date of April 11, 1906, requests the Commissioners of the Sinking Fund to lease to the said hospital a plot of ground owned by the City on the northerly side of West One Hundred and Fifty-first street, 125 feet east of Amsterdam avenue, consisting of three lots, being 75 feet front by 99 feet 11 inches in depth. The communication states that the Washington Heights Hospital, situated at One Hundred and Seventy-eighth street and Broadway, is a charity hospital, where no less than 90 per cent. of those treated have been free patients, and they are about to lose their home owing to the fact that the City has authorized a street to be cut through where they are presently located, at Broadway, between One Hundred and Seventy-eighth and One Hundred and Seventy-ninth streets, in the Borough of Manhattan, and further, that as a hospital in this section is a public necessity, a fact which has been amply demonstrated by the large number of cases treated and by the great good performed by the ambulance service, it has been determined by the Board of Directors to erect a permanent home for this hospital.

The City is the owner of the property in question, having acquired the same originally for the purpose of the old aqueduct and part of the property is now under lease from month to month. The purpose for which this property is to be used is praiseworthy, and I am of the opinion that the Commissioners of the Sinking Fund should authorize a sale at auction of the lease, in order to give the Washington Heights Hospital proper accommodations for its patients. I would therefore respectfully recommend that the Commissioners of the Sinking Fund, pursuant to the provisions of section 205 of the amended Greater New York Charter, authorize the Comptroller to sell for the highest marketable price or rental at public auction, after public advertisement, the lease of the premises belonging to the corporation of The City of New York situated on the northerly side of West One Hundred and Fifty-first street distant 125 feet easterly from the northeasterly corner of West One Hundred and Fifty-first street and Amsterdam avenue, size 75 feet front with a depth of 99 feet 11 inches, in the Borough of Manhattan, for a term of ten years from May 1, 1906, with the privilege of renewal for an additional ten years upon the same terms and conditions.

The minimum or upset price for which said lease is to be sold is \$500 per annum, payable quarterly, and said sale shall be made upon the following terms and conditions:

The highest bidder will be required to pay the auctioneer's fee and 25 per cent. of the amount of the yearly rental at the time and place of sale; the amount so paid for one quarter's rent shall be forfeited if the successful bidder does not execute the lease when notified that it is ready for execution. He will also be required to give a bond in double the amount of the annual rent bid, with two sufficient sureties to be approved by the Comptroller, conditioned for the payment of the rent quarterly in advance, and for the performance and fulfillment of the covenants and terms of the lease. The City of New York will not be liable for any damages for failure of the purchaser at the sale to obtain a permit from the Bureau of Buildings of The City of New York for the erection of a building on the site, in view of the fact that an aqueduct is constructed beneath said property. No building shall be erected upon said site except approval shall have been first obtained from the Commissioners of the Sinking Fund, and plans and specifications of said building shall be presented to said Board and approval in writing obtained. No person shall be received as lessee or surety who is a delinquent on any former lease from the corporation, and no bid shall be accepted from any person who is in arrears to the corporation upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the corporation as provided by law. The lease will be in the usual form of leases of like property, a copy of which may be seen at the Bureau for the Collection of City Revenue and Markets, Room No. 139, Stewart Building, No. 280 Broadway, Borough of Manhattan. The lease will contain, in addition to other terms, a covenant or condition reserving to the corporation the right to cancel the same upon thirty days' notice if the property is required for public purposes. The Comptroller shall have the right to reject any bid if deemed to be for the best interest of the City.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

H. A. Metz, Comptroller.

FOR THE RIGHT TO DUMP AND FILL IN BEHIND THE BULKHEAD WALL RECENTLY BUILT OR TO BE BUILT ON THE MAIDEN LANE SECTION AND ON PART OF THE FULTON SECTION, ON THE EAST RIVER, BOROUGH OF MANHATTAN.

TERMS AND CONDITIONS OF SALE.

The work to be done is to fill in with suitable material, as hereinafter described, the area behind the new bulkhead wall extending from a line at right angles to the bulkhead wall and distant about 57 feet easterly from the east side of Pier, new 13. East river, easterly a distance of about 575 feet to the line of earth filling distant about 82 feet easterly from the east side of Pier, new 15. East river, and also extending from the rear of the bulkhead wall, when it is completed, inshore a distance of from about 35 feet to 55 feet to the old crib bulkhead running along the southerly side of South street. The exact limits of the basin to be filled under this agreement may be seen on a map at Pier "A," together with the soundings and other data used, said map being a part of this agreement.

The filling shall be brought to a grade level with the top of the coping of the bulkhead wall and shall extend inshore on a regular grade to the level of the street adjacent.

It is estimated that the area outlining the above-described limits will create a basin to be filled in, under this agreement, whose cubical contents in net void space is equal to about 14,000 cubic yards.

Bidders will state in writing a lump sum price, which they agree to pay for the privilege of filling in the void space behind the bulkhead wall, built or to be built at the Maiden Lane section, on the East river, Borough of Manhattan.

In the estimated amount given, the amount in cubic yards is arrived at without placing any allowance for shrinkage, settlement, swelling of the material or penetration into the mud.

The Department is not bound in any way by such estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above-described area by examination of the premises or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall within the above-described limits, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above-estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore until the bank of same has been carried out at the finished grade for a distance of about 30 feet from the face of the bulkhead wall, at which time, if so directed by the Engineer, the filling shall be started at the bank and carried outshore toward the bulkhead wall or close row of piles.

All material must be dumped and filled in only in such manner, at such points and in such order of procedure and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed by the Engineer. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

All directions shall be given by the Engineer, and wherever the word "Engineer" is used in these specifications it refers to and designates the Engineer-in-Chief of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Rip-rap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

At any section of the bulkhead wall the filling shall be brought up level with the under side of the backing log of the bulkhead wall at such section, and no higher, unless otherwise directed.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun. The Department reserves the right of ordering the Contractor to deposit not less than 100 cubic yards per day, as directed by the Engineer, and the whole amount of the filling called for to bring the above-described basin up to grade shall be completed within 140 calendar days from the date of the receipt of said notification. At the expiration of this time this agreement shall be considered closed unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling, the time for completing said filling shall be extended as much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against the principal and his surety.

The purchaser shall, during the work of filling in, and at all times until the completion thereof, take all necessary precautions and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or guarding the same, to which the surety is also bound.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

A surety or guarantee company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required to enter into a bond or obligation jointly and severally with the purchaser in the sum of double the amount of the purchase price as security for the satisfactory performance of said work, in accordance with the terms and conditions hereof.

Commissioner of Docks.

PUBLIC NOTICE.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE.

To Whom It May Concern:

On May 9, 1904, chapter 686 of the Laws of 1904, "An act to authorize the Comptroller and the Corporation Counsel of The City of New York, on behalf of said City, to compromise and settle with property owners interested, certain claims for taxes, assessments and sales for the same, and for or on account of evidences of indebtedness issued on account of local improvements in the territory formerly included within the boundaries of Long Island City," became a law.

The purpose of this act was to grant relief to the owners of property located within the territory of the former City of Long Island City, which property had become incumbered with liens approaching, in many cases, almost the assessed value of the property. Owing to the phenomenal increase in values of real estate in the Borough of Queens during the past year, the object for which said act was passed has ceased to exist.

Notice is therefore given that on and after May 15, 1906, the Comptroller of The City of New York will refuse to consider applications filed under chapter 686 of the Laws of 1904.

All applications filed after May 15, 1906, will be rejected.

Comptroller.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
