The standing of applicants for promotion in reference to subjects 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 and 13 shall be determined by the results of the Department, in which each man's address and conduct shall be entered, and by such additional satisfactory information in the Municipal Commission or Examining Board may deem necessary and pertinent.

No freedom or patronage shall be eligible for examination for promotion who has not reached the rank of first grade in his respective position, as defined by Chapter 122 of the Laws of 1897.

Whenever positions in Schedule C, for which promotion is sought, call for special or technical knowledge not covered by the above requirements, the Examining Board may fix such subjects as they deem appropriate and necessary, and such subjects shall perform as far as practicable in those tests in examinations set on similar positions in other schedules.

In any examination for promotion to the grade of Assistant Foreman in the Fire Department, candidates who have served in the position of Engineer of Steamers, or who hold a place upon the eligible list for Engineer of Steamers, shall be given special consideration in rating.

In the Department of Education, Schedule A, Part 1, insert therein:

Paymaster.

Deputy Paymaster.

At a meeting of the State Civil Service Commission, held May 10, 1900, it was

Resolved, That the rules for the Civil Service of the City of New York be amended as follows:

Rule 24, by adding, therefore, the fifth and sixteenth paragraphs and substituting the following in lieu thereof:

"No person whose name is upon an eligible list may waive his right to certificate or appointment in favor of any one of the following reasons, stated in writing to the appointing officer and to the Municipal Commission:

(1) Residence in a borough other than that in which the duties of the position offered are to be performed.

(2) Insufficiency of the salary attaching to the position offered; or

(3) Temporary disability, physical or otherwise, to accept the position offered, or that of which shall be accepted by the Municipal Commission. The Commission shall enter upon its minutes the reasons for its action in each such case, and the waiver shall not continue in effect for a longer period than thirty days from the date of certification.

The name of any eligible who shall decline certification or appointment for any reason other than those above specified shall be stricken from the list.

Whenever an eligible certified for appointment shall follow except an offer of appointment, it is his duty to call at his post-office address within the hour business days next succeeding the making of such offer of appointment, to call for the same to have declined such appointment.

An eligible who has declined an appointment on the ground of the insufficiency of the salary offered shall not thereafter be certified for a position at the same or any less salary. Whenever two or more eligibles shall have declined any appointment offered, and an eligible whose relative standing is lower shall have been appointed to the position, the salary or compensation of such appointee shall not be increased within a period of one year after his appointment beyond that offered to the person so declining."

"If the appointment shall be made of any person other than one of the three standing highest on the eligible list the appointing officer shall forward to the Commission, with the notice of appointment, copies of all correspondence to and from the persons declining such appointment."

Rule 29. Be amended by striking out the entire rule and substituting the following in lieu thereof:

"Whenever a vacancy shall occur within any grade in any class in Schedules B, C, D, E, F or G, which, in the opinion of the appointing officer, the business of the city requires to be filled, he shall forthwith notify the Secretary of the vacancy and state whether the same is to be filled by appointment or by promotion or by reinstatement, and the title of the position, the duties to be performed, the number of vacancies to be filled, and compensation to be paid. If a position is to be filled by a clerkship, the appointing officer shall state whether it is a minor clerkship, or whether any of the special qualifications demanded by the approved subjects are required, and if so, which.

Appointments shall be made to or employment shall be given in all positions in the commission and labor classes that are not filled by promotion, reinstatement, transfer or reduction, under the provisions of the Civil Service Law and these rules by appointment from among those standing highest upon the eligible list prepared by the Municipal Commission, except as otherwise provided in the Civil Service Law.

The Secretary shall thereupon, as soon as practicable, certify to the appointing officer for appointment, or for promotion, or for reinstatement, from the eligible list most nearly appropriate to such position as it may then exist, the names of the three persons standing

highest on such eligible list, indicating such of them, if any, as are honorably discharged soldiers, sailors or marines of the army or navy of the United States in the late Civil War, citizens and residents of this State. The certificate of the Secretary shall, in all cases, state the relative standing of each of the persons certified.

The appointing officer shall thereupon fill said vacancy or vacancies by the appointment of one or more of the persons so certified. Until an appointment has been made from said certification or until said certification has been canceled, no new certification shall be made to fill said vacant position or positions. In all cases the vacancies shall be so filled within fifteen days after the receipt by the appointing officer of the names certified by the Secretary, and the Secretary shall be notified within twenty-four hours by the appointing power of the appointments or promotions so made. No certification shall be in force for a longer period than fifteen days.

When a regulation is made to fill a position for which no eligible list exists, the Secretary shall after a conference with the Chief Examiner, make certification from the eligible list most nearly appropriate for the group in which the position to be filled is classified, and wherein the qualifications demanded have been determined by examination.

If the appointing officer shall signify that attainment in one or more of the optional subjects is essential, the Secretary shall certify the names of the three persons whose standing on the eligible list for the desired special subject is the highest. The examining board may, at any time, hold a competitive examination to fill a vacancy in a position of this kind if, in their judgment, there is no appropriate eligible list from which to fill the vacant position.

No person on an eligible list shall be certified more than three times to the same appointing officer for the same bureau or institution, except at the request of said appointing officer, unless the person so certified is a veteran, in which case his name shall continue to be certified so long as it remains on the eligible list under these rules.

Whenever the appointing officer who shall have made a requisition to fill a certain number of vacancies shall appoint or promote to office a number smaller than that of the vacancies named by him, he shall not make selection from the list of names certified to him, but only from that number of names standing highest upon the list that would have been certified to him had the requisition stated the number of vacancies which he actually filled.

All positions filled by a pointment based on optional subjects shall be specifically noted in the published list of appointments in the official register.

If the appointing officer shall certify that a person named in a certification has declined to accept a position offered, the Secretary may certify the name of the person standing next highest upon the eligible list to those already certified.

If a person who is not entitled to certification is certified and appointed, his appointment shall be immediately revoked by the appointing officer upon notification by the Municipal Commission.

Rule 25. Be amended by striking therefrom the first paragraph and substituting, in lieu thereof, the following:

"Every original appointment to or employment in any position in the competitive class shall be made for a probationary term of three months, and an appointing or continuing officer in notifying a person certified to him for appointment or employment shall specify the same as for a probationary term only; and if the conduct, capacity and fitness of the probationer are satisfactory to the appointing officer, he may extend the probation, after the end of such term, shall be equivalent to his permanent appointment, but if his conduct, capacity or fitness be not satisfactory he may be discharged at the end of such term, without regard to the provisions of Rule 24 limiting the power of removal.

Whenever two or more persons appointed from the same eligible list are serving as probationers in the same department, and there is necessity for reduction of the force of such department affecting such persons, they shall be preferred for retention in the order of their original standing upon such list."

At a meeting of the State Civil Service Commission, held May 11, 1900, the following resolution was, on motion, approved:

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk thereof, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or in the work to which it relates or in any portion of the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, to the effect that if the contract is awarded to the person making the estimate they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall refuse or neglect to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting, the amount to be calculated upon the estimated amount of the work by which the bids are tested.

Such check or money must not be included in a sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. M.

MONDAY, JUNE 1, 1900.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for the Materials and Work required for the Alterations and Repairs to the Department Bakery on Blackwell's Island," with his or their name or names and the date of presentation to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department, or his duly authorized agent, and read.

THE BOARD OF PUBLIC CHARITIES RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the amount of Two Thousand (\$2,000) Dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of each of the persons making the estimate, that the several matters stated therein are in all respects true. When more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in such case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by the Revised Ordinances if the contract shall be awarded to the person or persons for whom he consents to become surety. The said sureties may consist of responsible guaranty companies. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National or State banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and retold, as provided by law.

Bidders are cautioned to examine the plans and specifications for particulars of the work, etc., required before making their estimates, and are cautioned against referring to any specifications other than those furnished by the Department. Such references are cause for rejecting bids whenever they are written, and will in no case govern the action of the Department officers in passing upon tenders.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract. The plans, specifications and detail drawings may be seen at the offices of Horgan & Slattery, Architects, No. 1 Madison Avenue, Borough of Manhattan.

Blank forms of bids or estimates, the proper envelopes in which to include the same, the specifications and agreement approved as to form by the Corporation Counsel, and any further information desired, can be obtained at the office of the Department of Public Charities, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities will insist upon its absolute enforcement in every particular.

BOROUGH OF BROOKLYN.

SEALED BIDS OR ESTIMATES FOR FURNISHING the above-mentioned Supplies, in conformity with specifications, will be received at the office of this Department, No. 118 East Twentieth street, New York City, until 2 P. M.

TUESDAY, JUNE 12, 1900.

No empty packages are to be returned to bidders or contractors except as herein specified, and none will be paid for by the Department.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Miscellaneous Supplies," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the Commissioner of said Department and read.

The Commissioner reserves the right to reject all bids or estimates if deemed to be for the public interest.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter,

as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time and in such quantities as may be directed by the said Commissioner.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the amount of fifty (\$50) per cent. of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. When more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in such case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by the Revised Ordinances if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National or State banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and retold, as provided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, or in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates, and are cautioned against referring to any samples or specifications other than those furnished by the Department. Such references are cause for rejecting bids whenever they are written, and will in no case govern the action of the Department officers in passing upon tenders.

Bidders must state the price of each article per pound, dozen, gallon, yard, etc., by which the bids will be tested. The estimates must be made and sealed up, as the bids will be read from the sealed envelope and awarded to the lowest bidder on each item.

All estimates not conforming to these requirements may be considered as informal.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioner may determine.

Blank forms of bid or estimate, the proper envelopes in which to include the same, the specifications and agreement approved as to form by the Corporation Counsel, and any further information desired can be obtained at the office of the General Bookkeeper and Auditor.

FRANCIS J. LANTY,
Commissioner.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk thereof, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract is awarded to the person making the estimate, they will, so long as he is awarded, become bound as his sureties for his faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are based. The consent above mentioned shall be accompanied by the check or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller of the City of New York, for the amount of \$500 per centum of the amount of the security required for the faithful per-

formance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

N. B.—The prices must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, when any obligation to the Corporation.

The Park Board reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do.
