BOARD OF ESTIMATE AND APPORTIONMENT.

MINUTES OF MEETING OF BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, HELD IN ROOM 16, CITY HALL, FRIDAY, FEBRUARY 16, 1906.

The Board met in pursuance of an adjournment.

Present-George B. McClellan, Mayor; Herman A. Metz, Comptroller; Patrick F. McGowan, President of the Board of Aldermen; John F. Ahearn, President of the Borough of Manhattan; Bird S. Coler, President of the Borough of Brooklyn; Louis F. Haffen, President of the Borough of The Bronx; Joseph Bermel, President of the Borough of Queens; George Cromwell, President of the Borough of Richmond.

Hon. George B. McClellan, Mayor, presided.

The Secretary presented the following:

CITY OF NEW YORK—OFFICE OF THE MAYOR, January 30, 1906.

To the Secretary, Board of Estimate and Apportionment:

Siz.—The Mayor directs me to acknowledge your letter of the 29th inst., and to return herewith, duly approved by his Honor this day, certified copy of resolution granting to the firm of Abraham & Straus the right to construct a tunnel under and across that portion of Livingston street, etc., Borough of Brooklyn.

Respectfully, WM. A. WILLIS, Assistant Secretary.

Which was ordered printed in the minutes and filed.

Atlantic Hotel Supply Company.

In the matter of the application of the Atlantic Hotel Supply Company for permission to construct, maintain and operate a pipe line from its building at No. 676 Hudson street, under and along Hudson and West Fourteenth streets, and to connect with an existing pipe of the Manhattan Refrigerating Company under Fourteenth street, between Ninth and Tenth avenues, Borough of Manhattan, which was presented to the Board January 12, 1906, and referred to the Bureau of Franchises.

The Secretary presented the following:

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL, NEW YORK, February 9, 1906.

Board of Estimate and Apportionment:

GENTLEMEN—I am in receipt of a communication from Joseph Haag, Secretary, submitting for my consideration copy of an application, together with copy of a map accompanying the same, presented to the Board of Estimate and Apportionment by the Atlantic Hotel Supply Company for the right to lay two pipes under Hudson street and West Fourteenth street, from their building No. 676 Hudson street, to a pipe of the Manhattan Refrigerating Company under Fourteenth street, 43 feet west of Ninth

The petition reads as follows:

Honorable Board of Estimate and Apportionment:

The petition of the Atlantic Hotel Supply Company respectfully shows:

I. That the said Atlantic Hotel Supply Company is a copartnership doing business under said name, and which said company is composed of Frank J. Stoltz, Thomas J. Connors and Everett Wilson; that said name has been duly registered pursuant to the statute in that case made and provided. That said copartnership is engaged in the business of selling meat at wholesale and retail at No. 676 Hudson street, in the Borough of Manhattan, in The City of New York.

of Manhattan, in The City of New York.

2. That said Atlantic Hotel Supply Company respectfully petitions your Honorable Board to grant a license to lay two (2) pipes each of not more than six (6) inches in diameter in the said Borough of Manhattan, extending from a point at or near the southerly side of Fourteenth street about forty-three (43) feet and six (6) inches westerly of the westerly side of Ninth avenue, and thence extending in an easterly direction to the said premises No. 676 Hudson street, as appears by the map or plan submitted herewith; the said pipes to be placed in a trench not more than three (3) feet wide, and located four (4) feet beneath the surface of the said streets and avenues; that the distance to be covered by said pipes will be about three hundred and fifty (350) feet, as appears by the said map.

2. That said pipes are to be used to convey cold air to said No. 676 Hudson

3. That said pipes are to be used to convey cold air to said No. 676 Hudson street for refrigerating purposes, and are to be connected with pipes of the Manhattan Refrigerating Company which has a line of similar pipes at said place of beginning. That the refrigeration thus procured will be applied to the preservation of the large stock of meat or beef that will be continuously kept by your petitioners on said premises.

4. That your petitioners have taken a lease of said premises, No. 676 Hudson street, for a term of five (5) years and will expend in fitting the same up for the purposes of said business about twenty thousand dollars (\$20,000), and the said premises when improved will contain every facility for the carrying on of said meat business in a manner that will be in conformity with the highest sanitary standards. The said premises are in close proximity to Gansevoort Market, which is the largest beef market in the United States, and the undertaking of your petitioners will meet the constantly increasing demands from hotels and other places of like character, and give them greater opportunities to purchase meat. That the refrigeration to be obtained by the proposed pipe line is necessary to enable your petitioners to carry on their said business on said premises. said business on said premises.

5. That if the petition should be granted your petitioners will furnish such in-demnity or security as the City may require to insure the faithful compliance with the conditions that it may see fit to impose upon your petitioners in relation to the license

applied for.

6. That said proposed pipe line will not interfere with any fixtures or appurtenances forming part of the water mains, sewers, conduits, subways or subpavement fixtures of any kind, nor with any other subsurface structures existing by virtue of any franchises heretofore granted, all of which appears by the said map herewith submitted.

Dated New York, January 2, 1906.

Respectfully submitted,

ATLANTIC HOTEL SUPPLY COMPANY, By EUGENE A. PHILBIN, Attorney.

It seems in several instances your Honorable Board has granted consent to the laying of pipes connecting two of the petitioner's buildings, but in the present case the proposed pipe line connects the petitioner's buildings with the mains of a public service corporation, and the question therefore arises, would you have the right to grant the requested consent to the petitioner, or is the proposed pipe line to be considered as an extension of the Manhattan Refrigerating Company's franchise?

extension of the Manhattan Refrigerating Company's franchise?

I have asked you for further information on the subject of the Manhattan Refrigerating Company's right in the street at the point of the proposed connection with the pipes of the petitioner, and it seems the only information regarding the said Manhattan Refrigerating Company to lay pipes under the streets of the City is contained in replies to communications addressed by you to the Borough President and to the Commissioner of Water Supply, Gas and Electricity.

The Commissioner of Water Supply, Gas and Electricity states that he is unable to find any record of permits having been issued for the laying of such pipes.

The President of the Borough of Manhattan furnished you with copies of two permits which have been issued to the Manhattan Refrigerating Company to lay pipes under certain streets in the vicinity of the new West Washington Market, pursuant to a resolution of the Board of Aldermen adopted April 1, 1890. This resolution granted to the Greenwich Refrigerating Company the right to lay refrigerating pipes under the streets mentioned in the permits.

The Borough President also inclosed a copy of an affidavit made by Robert

The Borough President also inclosed a copy of an affidavit made by Robert Hewitt, President of the Manhattan Refrigerating Company, dated April 2, 1901, showing that the Greenwich Refrigerating Company had set over and transferred all its rights, privileges and franchises granted by the Board of Aldermen by said resolution to the Manhattan Refrigerating Company, and it appears that neither the resolution above referred to, or the permits issued by the Borough President, covered the part of West Fourteenth street in question, namely, from Ninth to Tenth avenue.

I am of the opinion therefore that the Manhattan Refrigerating Company had no right to lay pipes in this part of West Fourteenth street, and that to grant the application of the petitioner would be an extension of the franchise of the Manhattan Refrigerating Company.

Further I am of the opinion that the said Manhattan Refrigerating Company should be notified at once to remove its pipes from said street at the place indicated, or make proper application for the extension of its franchise obtained under the resolution of April 1, 1890.

I return herewith the copy application and copy map accompanying your letter of January 12, 1906.

Respectfully yours,

JOHN J. DELANY, Corporation Counsel.

The following was offered:

Whereas, The Atlantic Hotel Supply Company has requested permission from this Board to lay two pipes under Hudson and West Fourteenth streets, from its building at No. 676 Hudson street, to connect with a pipe of the Manhattan Refrigerating Company under West Fourteenth street, 43 feet 6 inches west of Ninth avenue; and

Whereas, The Corporation Counsel, in an opinion dated February 9, 1906, advises that the pipe laid at the place indicated was done without authority, and the Manhattan Refrigerating Company should be notified at once to remove said pipe or make proper application for the extension of its franchise; now therefore be it

Resolved, That in view of the aforesaid opinion, the application of the Atlantic Hotel Supply Company be and it hereby is denied.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx and Queens-13.

The President of the Borough of Brooklyn appeared and took his place in the

Manhattan Refrigerating Company.

The Secretary presented the following:

BOARD OF ESTIMATE AND APPORTIONMENT, BUREAU OF FRANCHISES, No. 280 BROADWAY, February 13, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Appor

SIR—Under date of January 2, 1906, the Atlantic Hotel Supply Company made application to the Board of Estimate and Apportionment for the right to lay a pipe in Fourteenth street and in Hudson street, the object being to connect the premises owned by the applicant with the pipes of the Manhattan Refrigerating Company, at present said to exist in West Fourteenth street.

An examination was made of the rights granted to the Manhattan Refrigerating Company and inquiries were made of the President of the Borough of Manhattan and of the Commissioner of Water Supply, Gas and Electricity in regard to the rights of the companies to open the streets and lay pipes at the place indicated. The information furnished did not disclose any such rights, and the matter was placed before the Corporation Counsel for his opinion. This opinion has been rendered under date of February of 100% and he advises: February 9, 1906, and he advises:

First—That the application of the Atlantic Hotel Supply Company should be denied for the reason that the right applied for is practically an extension of the franchise of the Manhattan Refrigerating Company.

Second—That the Manhattan Refrigerating Company, from the evidence furnished, had no right to lay pipes in that part of West Fourteenth street.

Third—That the Manhattan Refrigerating Company should be notified at once to remove its pipes from said street, at place indicated, or make proper application for an extension of its franchise, obtained under resolution of April 1, 1890.

In accordance therewith, I would recommend that the Board adopt a resolution directing the Secretary to serve notice upon the Manhattan Refrigerating Company to show cause on or before March 2, under what authority it has laid pipes in streets other than those included in the franchise granted by the Board of Aldermen on April I, 1890, and why any such pipes so laid should not be immediately and forthwith removed.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

The following was offered:

Whereas, The Board of Aldermen of The City of New York did, on April 1, 1890, by resolution, grant permission to the Greenwich Refrigerating Company to lay two pipes not more than six inches in diameter each, beneath the surface of West Fourteenth street, between Tenth avenue and the North river, and certain other streets and avenues, for the purpose of conducting salt water for refrigerating purposes, subject to certain terms and conditions, and which resolution was approved by the Mayor on April 8, 1890; and

Whereas, It appears that the Greenwich Refrigerating Company has transferred such rights as were obtained from the Board of Aldermen under the said resolution to the Manhattan Refrigerating Company; and

Whereas, The Board of Estimate and Apportionment has been informed that the Manhattan Refrigerating Company has laid certain pipes for the transportation of refrigerant in, under and along West Fourteenth street, between Ninth and Tenth avenues, thereby exceeding the rights granted in said resolution of April 1, 1890; and

Whereas, Under date of January 26, 1906, the Manhattan Refrigerating Company was requested by the Bureau of Franchises of the Board of Estimate and Apportionment to furnish certified copies of any permits or grants to lay such pipes, and also a map showing all pipes in the streets which are now owned or controlled by such company; and

Whereas, No reply has been received to such communication; and

Whereas, The Corporation Counsel, in a communication to the Board of Estimate and Apportionment, dated February 9, 1906, has given it as his opinion, from the facts presented, that the Manhattan Refrigerating Company had no right to lay pipes in this part of Fourteenth street, and that the said company should be notified to remove such pipes from said street, or make proper application for a franchise for the same; therefore be it

Resolved, That this Board hereby serves notice upon the Manhattan Refrigerating Company to show cause, in writing, on or before March 2, 1906, under what authority it has laid pipes in streets other than those included in the permit granted by the Board of Aldermen on April 1, 1890, and approved by the Mayor on April 8, 1890, and why any such pipes so laid should not be immediately and forthwith removed; and be it further

Resolved, That the Secretary be directed to serve a copy of these resolutions upon the said company.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx and Queens-13.

Seaboard Refrigeration Company.

The Secretary presented the following:

Board of Estimate and Apportionment, Bureau of Franchises, No. 280 Broadway, February 13, 1906.

Hon. George B. McClellan, Mayor, Chairman Board of Estimate and Apportionment: SIR—The Seaboard Refrigeration Company, in a verified petition dated November 1905, prays for the right to construct and operate pipe lines in the streets of Coney

Island, in the Borough of Brooklyn.

This application was referred to the Bureau of Franchises at a meeting of the Board held November 10, 1905. This Bureau will be prepared to submit, on March 2, a report upon the application, copies of which will be forwarded to the members at least one week previous.

I would therefore recommend that the Board of Estimate and Apportionment, pursuant to the provisions of law, adopt a resolution fixing a date for public hearing thereon, and that the same be advertised in the public press in two daily newspapers to be designated by the Mayor.

be designated by the Mayor.

Form of resolution is submitted for adoption.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

The following was offered:

Whereas, A petition from the Seaboard Refrigeration Company, dated November 2, 1905, was presented to the Board of Estimate and Apportionment at a meeting held

Resolved. That, in pursuance of law, this Board sets Friday, the 2d day of March, 006, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first conidered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least two (2) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD, immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and

The Secretary presented the following:

A petition from A. D. Matthews' Sons, requesting permission to construct and maintain a tunnel under and across Livingston street, between Gallatin place and Smith street, in the Borough of Brooklyn.

Application of the Municipal Subway Company for a contract to lay and construct subways for electrical conductors, under and pursuant to the provisions of chapter 534 of the Laws of 1884, as amended.

Resolutions of the Brooklyn Transit Reform League, in relation to the application of the New York Connecting Railroad Company, and the application of the Nassau Electric Railroad Company.

Which were severally referred to the Bureau of Franchises.

The minutes of meetings held December 29, 1905, January 12, 19 and 26, 1906, were approved as printed.

The Secretary presented the following communication from the Chairman of the Commission appointed May 26, 1905, to investigate and report upon the plants of the existing water companies on Staten Island, transmitting report and Appendix 15, relative thereto.

Ordered on file and printed in the minutes.

BOARD OF ESTIMATE AND APPORTIONMENT—THE CITY OF NEW YORK, February 16, 1906.

Hon. George B. McClellan, Mayor, Chairman, Board of Estimate and Apportionment, New York City:

Sir—I beg to transmit herewith the report of the Commission appointed by you on May 26, 1905, under resolution of the Board of Estimate and Apportionment of May 19, 1905, to investigate and report upon the plants of the existing water companies on Staten Island, accompanied by certain supplementary papers scheduled as Appendices I to 15, inclusive. Appendix 15, containing the full data upon which the final conclusions of the Commission are based, is transmitted with the report, but Appendices I to 14, inclusive, having a less direct relation to the report itself, have been placed in the hands of Mr. Nelson P. Lewis, Chief Engineer of the Board of Estimate and Apportionment, so as to be available to yourself and other members of the Board at any time.

Very respectfully, WM. H. BURR, Chairman.

BOARD OF ESTIMATE AND APPORTIONMENT—THE CITY OF NEW YORK, February 8, 1906.

Hon. George B. McClellan, Mayor, Chairman of the Board of Estimate and Apportionment:

Hon. George B. McClellan, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir.—The Commission appointed by you on May 26, 1905, pursuant to a resolution adopted by the Board of Estimate and Apportionment on May 19, 1905, to investigate the value of the plants of the existing water companies on Staten Island and the sources of water supply available through them, and to give its judgment as to the advisability of the purchase of these plants, submits the following report:

Under the instructions of the resolution, to which reference is made above, this Commission immediately began a careful examination of the plants of the existing water companies on Staten Island, and their sources of supply, which, with the investigations as to their values, has continued practically without interruption to the present time. The Commission has held numerous sessions and has employed such subordinate assistance as has been necessary to obtain a complete and detailed schedule of all the properties, plants and appurtenances to be found in the districts occupied by these companies. The members of the Commission have visited and thoroughly inspected all parts of the physical properties of the several private water companies doing business in the Borough of Richmond, including their real estate, wells, buildings, engines, pumps, reservoirs and distribution systems. Complete examinations have also been made of the quality of water drawn from the various sources of supply and of the territories from which the water is taken, and efforts have been made, with the aid of all the information secured, to estimate the available supply, the permanency and the value of these various sources. The companies owning these plants and sources of supply have not been willing during the progress of these investigations to supply the Commission with financial statements of their operations showing gross earnings or profits, although they have intimated their willingness to do so at some later stage of negotiation with the authorities of t

The value of the sources of water supply has in each case been determined by capitalizing the net value of the water from each for a period of ten years, the cost of operation being estimated, while the value of the water delivered in the mains has been assumed to be seventy dollars per million gallons less such amounts as may be fairly assumed in each case to represent the objectionable qualities found in the water, such as hardness, salt and iron, and also possible pollution. To the capitalized value as thus determined there has been added a fair allowance for all of the land from which

Total valuation for the three companies.....\$1,585,000 00

If the City can purchase the plants and property of all of these three companies for the amounts stated above, or at an approximation thereto, we recommend that such purchase be made.

It should be observed, as is indicated in the detailed statement of Appendix 15, that the small pumping plant of the South Shore Company would be of no value to the City, and hence that no allowance has been made for it in the estimated value of that property. Nor in the judgment of the Commission would the property of the

South Shore Company, as estimated, be of value to the City, except in connection with the property of the Crystal Water Company.

The plans, inventories of property, detailed estimates and description of the manner in which the Commission has arrived at its conclusions, a schedule of which is shown on the following page, accompany this report.

Respectfully submitted,

WM. H. BURR.
I. M. DE VARONA.
NELSON P. LEWIS.
ALLEN HAZEN.
J. WALDO SMITH.

SCHEDULE OF APPENDICES.

To Accompany Report of the Staten Island Water Supply Commission, Made to Hon.

George B. McClellan, Chairman of the Board of Estimate and Apportionment,
Under Date of February 8, 1906.

Appendix I. Report of Richard Schermerhorn, Jr., on the private water companies of Staten Island, accompanied by sundry descriptive papers, statements of water rates and other information.

Appendix 2. Memorandum in regard to the Staten Island Water Supply Com-

Appendix 2. Remorandum in regard to the Staten Island Water Sappy Company, 1905.

Appendix 3. Report and contracts of the Crystal Water Company of Staten Island, October 1, 1905.

Appendix 4. Copies of agreements between private water companies on Staten Island and towns and other users of water, transmitted by I. M. de Varona. Chief Engineer.

Appendix 5. Franchise of South Shore Water Works Company of Staten Island.
Appendix 6. Copy of report of B. S. Church on the South Shore Water Works.
Appendix 7. Schedule of reports and data and other general information regarding the organizations of the three private water companies on Staten Island, transmitted by Richard Schermerhorn, Jr.

Appendix 8. Copy of letter from William E. Cook, President of South Shore Water Works Company to I. M. de Varona, under date of June 9, 1905.

Appendix 9. Schedules of all properties, including distribution systems and pumping stations, of the Staten Island Water Supply Company, the Crystal Water Company and the South Shore Water Works Company of Staten Island.

Appendix 10. A condensed statement of pumping plants, with capacities and other information, and the distribution systems of the three private water companies on Staten Island.

Appendix 11. Blue print plans and maps of the properties of the Staten Island

Appendix II. Blue print plans and maps of the properties of the Staten Island Water Supply Company.

Appendix I2. Blue print plans and maps of the properties of the Crystal Water

Company.

Appendix 13. Blue print plans and maps of the properties of the South Shore Water Works Company.

Appendix 14. General maps of water supply system of Staten Island, United States map of Hudson County and map showing property in Third Ward of the Borough of Richmond.

Appendix 15. Statement of sub-committee of Messrs. Lewis and Hazen, showing method of valuation of the properties, including water and sources of supply of the private water companies of Staten Island.

APPENDIX 15.

STATEN ISLAND.

Memoranda Relating to the Valuation of the Staten Island Water Supply Company, the Crystal Water Company, the South Shore Water Company.

January 17, 1906

These memoranda were made by Messrs. Lewis and Hazen as a sub-committee. The quantities are in general based upon Mr. Schermerhorn's schedules. The assessed valuations of real estate were obtained by Mr. Tuttle (from Mr. Lewis' office), who also made estimates of the cost of reproducing the wells. The estimates of cost of reproducing the other parts of the plant were prepared by Messrs. Lewis and Hazen, with the assistance of Mr. Tuttle. Allowances for depreciation on the items in the pumping stations and sources of supply were marked on this schedule by Messrs. Lewis and Hazen, on the ground, in connection with a personal examination of each item. The memoranda thus prepared were submitted to all the members of the Commission, and were revised at a meeting of the Commission held January 26. The schedules herein contained have been corrected in accordance with the decision of the Commission and are the basis upon which the values finally used were reached. were reached.

Memoranda, Staten Island.

Your Committee has investigated the plants of the water companies on Staten Island, with reference to the advisability of their purchase by the City, and the fair value of the same.

For convenience each property is divided into two parts, namely:

(1) Distribution systems, including the pipes in public streets (except a few pumping mains), reservoirs, services, hydrants, meters, etc., owned by the com-

(2) Sources of supply, consisting of lands, wells, pumping stations, pipes and other appurtenances used in the collection and pumping and piping to the distribution system of the water.

In making this investigation we have been aided by maps, plans, statements and data furnished by the water companies. These have been checked up by Mr. Richard Schermerhorn, Jr., employed by us for that purpose. Mr. Schermerhorn has also reported upon the age and condition of the various properties and has secured much information for us.

information for us.

We have further inspected personally many of the properties and have studied their relations to the present and prospective needs of the inhabitants of the island.

Distribution Systems.

The distribution systems in general supply the more closely built up portions of the island, particularly along the north and northeast shore, and extending to a number of villages to the southward.

The most serious defect of the distribution systems at the present time is that they need to be reinforced by the addition of a considerable amount of larger pipe. The most pressing need is for a large main from West New Brighton to St. George. The existing pipes are so small that it is not possible to furnish water in sufficient quantity and under sufficient pressure at many points remote from the source of

Inis condition can be corrected by laying additional pipes. In doing this it was be necessary in places to lay larger pipe in streets where small pipe now exist, but generally it will be possible to put the new pipe in streets where no pipe now exists and where pipe will be required. By far the largest portion of the pipe now in use is therefore adapted to permanent use as a part of an adequate system of water supply

The most important point in connection with the utilization of the old pipe is the presence of a considerable proportion of four-inch pipe. Wherever four-inch pipe is used exclusively for any considerable distance it will be necessary to reinforce it at frequent intervals by connections with larger pipe laid for that purpose. In our judgment it will not be necessary to replace all of this four-inch pipe immediately, but it will be necessary to reinforce it gradually, and in increasing amount as the population grows, and as larger and more numerous buildings are erected in the streets served by it. In view of this condition we have valued the four-inch pipe in the systems on a lower basis comparatively than the larger pipes.

The reservoirs connected with the distribution systems are of only moderate value, particularly as they are open to the sky. Reservoirs to hold ground waters must be covered to prevent objectionable growths of organisms in the water contained in them. The reservoirs connected with the systems are defective in this respect, and will be of only limited use in connection with an adequate water supply for the island. They have been valued accordingly.

Sources of Supply.

he sources of supply in all cases are wells. In quantity the amount of water ble from them is apparently just about equal to or at most slightly in excess

of the reasonable requirements of the present population. Actually there is deficiency of water supply at many places, but this, we believe, has been mainly because of inadequate piping to carry water from points where it is available to points where it is

There are seven sources of supply now in use. One of these, that of the South Shore Water Company, is so small that it would not pay to operate it in connection with a general supply for the island. Another source, and that the largest, supplying probably more water than any two others, is at West New Brighton. This water contains an admixture of sea water in varying amounts, but at times in such quantity as to make it seriously objectionable. It is also drawn from an area considerably built up at the present time, and on which the population is rapidly increasing. This water is therefore objectionable, both on account of the mineral matter which it contains and the pollution from the population upon the areas drained by it. The effects of this pollution have not yet been serious, as indicated by the analyses of the water, but the effects are certain to increase as time goes on, and at no remote date will make the use of the water impossible. This source of supply, in our judgment, should be used only until such time as a better water can be secured and it should then be immediately abandoned.

The waters obtained from the other stations are of much better quality. They are

The waters obtained from the other stations are of much better quality. They are somewhat harder than waters usually supplied in Greater New York, but otherwise are satisfactory. The amounts that can be secured from the individual stations are limited, and the costs of operating the stations are considerable. Nevertheless, within the limits of their capacity, water can be supplied from them at a considerably smaller cost per million gallons than it can be brought to the island from outside. These five stations, however, are clearly incapable of supplying enough water for the whole island, and it is not clear that they can be extended or that other corresponding supplies can be obtained to make up this deficiency.

It is possible that some ground water could be obtained from portions of the island.

It is possible that some ground water could be obtained from portions of the island farther south then the present stations, which would help in this respect, but such a development would be expensive and the results to be obtained uncertain. This would also be only a temporary supply, and if a permanent adequate supply from off the island could be obtained, we should prefer it.

In valuing the sources of supply we have considered the value of the lands of the companies for the purpose of water supply and for other purposes; the cost of replacing the machinery, pipes, wells and buildings acutally in use; their age and conditions and the amounts which should be deducted for depreciation. In this way we have obtained the value of the physical plant.

This, however, in our judgment, is not a fair way of valuing the sources of supply.

the value of the physical plant.

This, however, in our judgment, is not a fair way of valuing the sources of supply. The value of these sources depends rather upon what can be gotten out of them in that period of time during which it will pay to operate them. If a good water from the outside were available upon the island immediately, two of the sources of supply should be put out of use at once, and these sources would then, in our judgment, have no values beyond the salvage values of the plants. This, however, is not the actual condition. If the contract with the Hudson County Water Company is not sustained, so far as we can judge, it will be from five to ten years before water from any other source is available upon the island. In the interval, all the sources of supply in use are necessary and must be used, and they certainly have a value commensurate with this use.

From five of the stations good water can be produced at a less price than the cost of introducing water from off the island, and it would therefore apparently pay to operate them for a longer period, the length of this period depending somewhat upon the life of the machinery now in use (which it might not pay to replace), the increase in the population upon the watersheds and the amount of water obtainable from the different stations.

Effect of the Introduction of the Catskill Water.

Apparently the Catskill water will be available on Staten Island in about ten years. It will be necessary to have it available as soon as possible, because existing sources will not permanently supply the needs of the growing population. The New Jersey supply, if obtained also, is but a temporary arrangement, and the contract runs but

supply, it obtained also, is but a temporary arrangement, and the contract runs but ten years.

The works for bringing the Catskill water to Staten Island will certainly be large enough to supply the entire island for some time. When once built and with abundance of water from the new source available, and without taking capital charges into account, it will be cheaper to supply it than to continue to use the pumping stations of the island. Assuming the whole operated by the City, it is fair to assume that all of the existing sources of supply on the island will be put out of service when the Catskill water is available, or in about ten years.

This will be so, even though the cost of pumping water from some of the stations may be less than the cost of the Catskill water delivered on the island, when the capital charges on the investments are included.

may be less than the cost of the Catskill water delivered on the island, when the capital charges on the investments are included.

In valuing these sources, therefore, the value of the water which can be secured from them during a period of ten years, less the cost of operation, may be taken as representing the full value of water sources. The possibility of diversion of water by other parties sinking wells upon their own land, drawing water from the same sources of supply as the companies, and having an equal right to the water, the further possibility of adverse legal action restraining the companies from lowering the ground water level, may be taken as fully offsetting the values of the possible uses of the water after the expiration of a ten-year period. These sources will, therefore, be valued on this basis.

To the value so obtained must be added the salvage value of the plants, which value should be discounted to the present time. The real estate probably will be more valuable after ten years than it is now, and it will not be far out to take the present worth of the entire salvage value of the plants as equal to the present estimated value of the

Effect of the Introduction of New Jersey Water.

A contract has been made for a temporary supply of water from New Jersey. The validity of this contract is now being tested by the courts. If the contract is upheld, this water will be available on the island in a comparatively short time. In this event the first use of the new supply will be to take the place of the water now secured from the West New Brighton Station. This station should then be put out of use at once on account of the quality of its water. The New Jersey supply will, at the minimum amount taken (three million gallons per day), replace the water now pumped at this station, and will also, to a slight extent, take the place of water obtained from other stations and relieve the strains upon them.

The amount of New Jersey water which can be brought to the island under this contract will not suffice for a full supply of the island. If there were no other limitations, the pipe capacity would not bring it while maintaining the other services, which the contracting company is also under obligations to maintain.

The remaining sources of supply upon Staten Island, therefore, might advantageously be kept in service, and, in fact, it would be necessary to keep them in service to maintain an adequate supply. The value of the water from these sources in the pipes may fairly be taken as equal to the cost of the New Jersey water, or \$70 per million gallons. Allowance must be made for the cost of pumping, for the cost of maintaining the stations so long as they are used and for the difference in the quality of the waters. The difference in quality is principally represented by the difference in hardness, and the value of this is estimated at ten cents per million gallons for each part per million of hardness.

of hardness.

The West New Brighton Station might conveniently be used for high-service pumping. It would have some value for this purpose. It is much larger than is needed for that, however, and the valuation put upon it in this way, therefore, would be less than the full value of the machinery. Nevertheless, this possible use adds something to the value of the property. The real estate is also valuable. The value of the station under these conditions would therefore consist of the value of the pumping station for high-service pumping, plus the sale value of the land.

If the contract with the Hudson County Water Company is not sustained, then the water from this station, in spite of its inferior quality, must be relied upon for a part of the supply until the Catskill water is available; i. e., for a period of about ten years. Notwithstanding the inferior quality of the water, it is the best that can be secured, and a considerable value must be put upon it. The value of this station, therefore, depends somewhat upon whether or not this contract is sustained by the courts. We have valued it upon both theories, and using our judgment have taken the figure which we regard to be fair under the circumstances at the present time.

We have taken all these matters into account and have set values upon the sources of supply which, in our judgment, represent fair values for them under existing con-

ditions; values at which the companies could afford to sell and values at which the City would get full equivalent by purchase.

Total Value of the Property.

There are some other elements that enter into the total valuation of the prop-

There are some other elements that enter into the total valuation of the properties besides those considered. These are of a financial nature. Our investigations were less complete than we could desire because the companies have declined to furnish us with information as to their income and expenses.

We understand that the franchises of the companies are not exclusive. That is to say, the City or other companies with corresponding rights can duplicate their systems or any parts of them, and secure their customers if they can get them. This being so, it would seem to be doubtful if any value should be put on the franchise in itself.

It would, perhaps, be fair to have a going concern value, based on the fact that the plants are in actual connection with paying consumers, and that if they were purchased, full income would start from the very day of purchase. This condition may be contrasted with that of a plant corresponding physically to the plants of the companies, built by a competitior and finished complete, except for the fact of having consumers. Obviously it would take some time for connections to be established, and during this interval the income would be but a fraction of the normal income. At first there would be no income at all, and this would gradually increase as business was secured, to the normal, which might not be reached until after a year or more.

It would seem not unreasonable to us that the going concern value measured in this way would amount to as much as \$10 per service.

The values of the plants as a whole are also dependent on their income. If the net incomes are more than sufficient to pay reasonable capital charges, say 5 per cent. on the physical value of the distribution systems and of the water sources, plus the going concern value, then it would seem that these values would represent the full value to be paid for the property. In the absence of information as to the actual revenues and expenses, it would not seem fair to make an allowance for excess earning capacity, because an

and the values should be reduced to an amount upon which fair capital charges can be

reasonably earned. Following these lines, we have considered the approximate population supplied, the probable income and the expenses, based on experience with other water companies, and have made such allowances as seemed reasonable.

N. B. The Staten Island plant would have a higher valuation were it not for the inferior quality of the water from the West New Brighton Station.

Memoranda as to the Sources of Water Supply.

The drainage areas superficially tributary to the various water supplies have been marked upon a topographical map of Staten Island, published by Vermeule and Bien. The areas tributary to the wells probably do not coincide altogether with the superficial area. There is reason to think that some of the areas from which the surface water flows to the Bull's Head Station of the Crystal Water Company is drawn by the Bull's Head and New Springville Stations of the Staten Island Water Company. This amount has been roughly estimated and a correction applied therefor. This does not change the total amount. The limits of the drainage areas tributary to all the stations except that of Grant City seem to be fairly well defined. At Grant City it is impossible to tell how much other meadow-land back of the beach is drained by the station.

The available yield is taken as 750,000 gallons per square mile (except at the new station at Grant City, where the approximate maximum amount pumped is used). This figure is used by Mr. Vermeule in his report to the Staten Island Water Company, and is suitable. It is, of course, true that in an average year, and particularly at a wet time, much more water than this could be drawn from the wells. The fact that more water has been pumped from them at such times is no indication that a greater amount can be drawn continuously throughout a dry year. It is further altogether probable that, owing to the condition of the pumps, there has been more slip and less water actually pumped than indicated by the station records.

The drainage areas and estimated capacities of the stations are as follows:

Value of Water Per Million Gallons.

This is taken at \$70 per million gallons uniformly. This is the price for the first four million gallons under the New Jersey contract. It is probably greater than the cost of Catskill water when it is available, but it is not too high when applied only to the interval before the introduction of that water. This price is for water of good standard quality delivered in the pipes under suitable pressure for distribution.

The representatives of the water companies are very optimistic as to the quantity of water which can be obtained from their plants. They estimate these quantities at figures much larger than seem reasonable to us. If these estimates should prove correct it would perhaps make less difference with the values of the properties as a whole than would at first appear. There would be more water to be valued, but the value that could be set upon it per million gallons would be correspondingly less. In fact, if there is as much water as the companies claim upon Staten Island, there is an ample supply for many years, and no monopoly value can be put upon it, and a much larger quantity might be valued at no more than the smaller quantity. We are firmly convinced, however, that these claims as to quantity are unfounded, and that it is not practicable to develop the supplies to serve satisfactorily a population materially larger than the present. larger than the present.

Deductions for Quality.

All the waters upon Staten Island are harder than the New Jersey water or Croton arts per million as the normal hardness approxi- as follows:

mately of the other supplies, a deduction is made of ten cents per million gallons for-each part per million of hardness in excess of 50.

The water from one of the stations, West New Brighton, has contained salt and iron in objectionable quantity. The salt may disappear when the overdraft above the safe capacity of the source has stopped, but it will take it some time to do so. The iron is likely to continue. The presence of these substances reduces the commercial value of the water, and \$10 per million gallons is deducted because of it.

Deductions Because of Population Upon the Watershed.

The population upon the watershed of the West New Brighton Station is very large indeed. It is so large that there is a question about the advisability of continuing the source in use. It is large enough so that if any other source of supply were available it would be discarded at once. The presence of this population detracts largely from the value of the source. Twenty dollars per million gallons is subtracted because of it.

The dollars per million college is deducted for the source.

Ten dollars per million gallons is deducted for the population upon the watershed tributary to the South Shore Water Company's wells, the evidence of which population is clearly indicated by the analyses of the water. The other sources are reasonably

good in this respect. The values of the water from different sources, delivered in the pipes, are estimated

Total Value of Water for a Period of Ten Years.

The present value of the annual income for ten years, discounted at 5 per cent, is 7.72 times the annual income. Multiplying the annual value of this factor we obtain the present value of the water. From this deduction must be made in certain cases for new pumping machinery and additional wells. The pumping machinery of the Staten Island Water Company seems sufficient to maintain the service for ten years

in each case. In the stations of the Crystal Water Company, in each case, new machinery will be required either to replace that which is worn out, or as a reserve to maintain the supply in case of accident to a single unit. The estimated cost of such additional machinery must be deducted, therefore, from the value of the water.

The quantities are as follows:

Estimated cost of machinery required to maintain the supply for this interval	*******		*	15,000 00	15,000 00	27,000 00	
Net value of sources for 10 years	\$42,400 00	\$141,000 00	\$65,600 00	\$101,000 00	\$50,000 00	\$74,500 00	\$2,400 00

These figures represent the value of the water that can be used from the sources for a period of ten years. They are based on the assumption that the sources of supply will cease to be available at the expiration of that time. The properties will then be available for other purposes and can be sold. If the amount for which the land could be sold, and the machinery and other second-hand appurtenances could be ascertained, the sum so found could be discounted at 5 per cent. for ten years, and we should have the present worth of the salvage value of the property. The machinery second-hand will have but a very limited value. The land will be a very valuable asset. It is impossible to tell what it will be worth, but we have estimated that the present worth of the entire salvage value of the stations will be twice the assessed valuation of the land for the year 1905. These sums are added to the values of the water for the ten-year period to give the total value of the stations for the purpose of water supply.

Effect of Introduction of New Jersey Water.

If the New Jersey water should be introduced it would take the place of the water from the West New Brighton Station, and the West New Brighton Station itself could be used for pumping a small part of it to the high service system supplying the higher portions of the region now supplied from the West New Brighton Station. In this case the value to be set upon this property would be that which could reasonably be paid for a high service station for this service.

A high service station with a pumping capacity much smaller than that of the West New Brighton Station, but sufficient for this service, could be built for \$40,000. It would not do, therefore, to pay more than this sum for the West New Brighton Station. This sum is \$2,000 less than the estimated value of the water for a ten-year period. The effect of the introduction of New Jersey water would, therefore, be to reduce our estimate of the value of this station by this amount; or practically, it VALUATION OF SOURCES OF WATER SUPPLY FOR THE PURPOSE OF WATER SUPPLY.

(Assume that the New Jersey contract will not hold, and that Catskill water will be available in ten years.)

The Secretary presented the following communication from the Chief Engineer of the Board of Estimate and Apportionment relative to examining the bill before the Legislature providing for the removal of the steam railroad tracks from Eleventh avenue and other streets in the Borough of Manhattan.

Ordered on file and printed in the minutes

STATE OF NEW YORK. In Senate.

January 3, 1906.

Introduced by Mr. Saxe, read twice and ordered printed, and when printed to be committed to the Committee on Affairs of Cities.

AN ACT to regulate the use of streets, avenues and public places in the city of New York, in the borough of Manhattan, by steam railroads operated at grade.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The Board of estimate and apportionment of the city of New York is

Section I. The Board of estimate and apportionment of the city of New York is hereby empowered and directed as speedily as possible to prepare a plan for the removal of the tracks of railways now operated by steam locomotive power laid on, across, of the tracks of railways now operated by steam locomotive power laid on, across, through or along the public streets, avenues, or public parks or places of the city of New York, in the borough of Manhattan, at grade; and to take such action in that regard as herein provided. In carrying out the duties imposed by this act, the board of estimate and apportionment and their various officers and agents shall have and enjoy all the powers which any board, commissioner or public officer now has to regulate the manner of exercise on, across, under, through or along such streets, avenues, or public parks or places of any public franchise, including the right to regulate or require changes to be made for the public convenience or benefit in the use of such streets, avenues, public parks or places by such railroad company, and all other powers in that regard expressed or implied in any such franchise granted to railway company whose road may now be operated by steam locomotive power to operate a railroad on, across, through or along avenues, streets or public parks or places of the borough of Manhattan.

Sec. 2. The board of estimate and apportionment is hereby empowered to prepare a plan and make an agreement between any railroad company or companies now operating a railroad by steam locomotive power in the borough of Manhattan, in the city of New York, which railroad is now operated at grade as aforesaid in said borough, said plan to provide in detail for the construction by the railroad company or companies of a subway, depressed way or tunnel under the roadbed of the present tracks or under such other street or streets avenue or avenues or public or private property. companies of a subway, depressed way or tunnel under the roadbed of the present tracks or under such other street or streets, avenue or avenues or public or private property as may be agreed upon in substitution therefor, to which said tracks shall be removed and placed, and on which shall be operated the freight and passenger traffic now conducted by said company under any existing franchise or franchises and to provide that the rights thereby granted in and to said subway, depressed way or tunnel shall replace and be substituted and accepted for all present franchises on, across, through and along streets, avenues and public parks and places where said railroad is now operated by steam locomotive power and that the tracks shall be removed therefrom forever and that the right and franchise to operate said steam railroad at grade thereon shall cease, and be replaced by the right and franchise therein provided to operate an underground freight and passenger railroad with the same number of tracks in said subway, depressed way or tunnel under the control of the board of estimate and apportionment; and the board of estimate and apportionment may and is hereby empowered to grant to said company or companies the franchise to conduct a passenger business on all or any of said tracks where now only a franchise to conduct a freight business exists and the right to lay additional tracks in said subway, depressed way or tunnel for freight and passenger traffic with a franchise for a period as to said additional tracks not to exceed twenty-five years, under terms fixed in said grant by the board of estimate and apportionment providing for the payment to the city for each additional franchise of such sum or sums as the board of estimate and apportionment may deem just and proper, at the expiration of which period all rights under said additional franchise shall cease and all property erected for the enjoyment of said additional franchise shall cease and all property erected for the enjoyment of said additional franchise sh

such sum or sums as the board of estimate and apportionment may deem just and proper, at the expiration of which period all rights under said additional franchise shall cease and all property erected for the enjoyment of said additional franchise shall pass to the city of New York without further compensation.

Sec. 3. The board of estimate and apportionment may further provide in said plan for the construction of such pipe galleries in, along and through said subway, depressed way or tunnel as they may deem necessary for the public use; and provide for the expense of constructing the same to be borne by the city of New York, said pipe galleries to be and remain the property of the city of New York. If the board of estimate and apportionment shall provide for the construction of pipe galleries to contain sewers, pipes or other subsurface structures, the said galleries shall be maintained by the city of New York and shall be in the care and charge of the said board and subject to such regulations as it shall prescribe not inconsistent with the provisions of this act, and any revenue derived therefrom shall be paid into the treasury of said city. Provided, however, that any person or corporation who or which, at the time of the construction of the said galleries shall own pipes, subways or conduits in a street, avenue or public place in which said galleries for his or its said pipes, subways or conduits in the same manner as the said person or corporation shall be entitled by law to the use of such street, avenue or public place, and that no rent shall be charged for such use, except a reasonable charge to defray the actual cost of maintenance, unless such pipes, subways or conduits shall be of a greater capacity than those theretofore owned by such person or corporation in said street, avenue or public place, and that, if the capacity of any such pipe, subway or conduit so placed in the said galleries shall be increased, the rent shall be charged only for such increased capacity; and provided, further, that the

subways or conduits for electrical conductors, shall not in any wise affect the right of such corporation to charge and demand such compensation or rent for the use of said subways or conduits by other corporations or individuals as is, or may be, permitted by law. Whenever the construction of any railway, depressed way, subway or tunnel under the provisions of this act shall interfere with, disturb or endanger any sewer, water pipe, gas pipe, or other duly authorized subsurface structures, the work of construction at such points shall be conducted in accordance with the reasonable requirements and under the supervision of the officer or local authority having the care of and the jurisdiction or control over such subsurface structures so interfered with, disturbed or endangered. All expenses incidental to such supervision and to the work of reconstructing, readjusting and supporting any such sewer, water pipe, gas pipe or other duly authorized subsurface structure shall be borne and paid by the railroad company or companies now operating such steam railroad. Said plan shall provide further the time within which such work shall be done which shall be under the supervision and the control of the board of estimate and apportionment. The board of estimate and apportionment shall prepare such plan, and the maps and drawings necessary thereto as speedily as possible. Upon agreement the said contract may be executed by the mayor of the city of New York and said railroad company or companies and shall thereupon be binding upon the city of New York and upon said railroad company or companies. After said contract shall have gone into effect the enforcement thereof and of the several provisions therein contained shall be a part of the duties of said board of estimate and apportionment, which shall in its own name take such proceedings in law or in equity as may be from time to time necessary to enforce the same. Provided, however, that nothing in this act contained shall be held to affect or apply in any way to a corporat subways or conduits for electrical conductors, shall not in any wise affect the right of

or the condemnation of all valid and lawful franchises of said company now in force under which it operates any such railroad by steam locomotive power at grade on across, through or along streets, avenues or public parks or places of the city of New York, in the borough of Manhattan; and for the removal of all the tracks and appurtenances of said company therefrom and said board is hereby empowered to apply to the supreme court at a special term thereof held in and for the county of New York, in the borough of Manhattan, on fourteen days' notice to the railroad company whose rights, privileges or franchises are to be condemned, for the appointment of three commissioners to appraise and fix the value of any franchise of said railroad company now missioners to appraise and fix the value of any franchise of said railroad company now operating by steam locomotive power at grade to operate a railroad on, across, through or along public streets, avenues or public parks or places of said city, in the borough of Manhattan.

Sec. 5. In case the powers and duties of the board of estimate and apportionment are hereafter transferred to any other board or officer, such other board or officer shall have all the powers and perform all the duties conferred or imposed by this act upon the said board of estimate and apportionment.

Sec. 6. This act shall take effect immediately

BOARD OF ESTIMATE AND APPORTIONMENT, OFFICE OF THE CHIEF ENGINEER, February 14, 1906.

Hon. GEORGE B. McCLELLAN, Mayor of The City of New York:

SIR—In accordance with your instructions to examine the bill now before the Legislature providing for the removal of the steam railroad tracks from Eleventh avenue and other streets in the Borough of Manhattan, I beg to say that I have obtained from the Corporation Counsel's office a copy of the bill introduced by Senator Saxe as Senate Bill No. 10, and after a careful study of it I respectfully submit

the following comments:

the following comments:

The bill provides that the Board of Estimate and Apportionment shall prepare a plan for the removal of tracks of railways now operated by steam locomotive power at grade in streets in the Borough of Manhattan, and upon the Board of Estimate and Apportionment are conferred all the powers now vested in any board, commissioner or public officer, to regulate the exercise of any public franchise, "and all other powers in that regard expressed or implied in any such franchise granted to a railroad company whose road may now be operated by steam locomotive power," etc. There seems to me some doubt as to whether such powers are sufficient to accomplish what is now sought. The Board is authorized to make plans, and in section 2 it is authorized to make an agreement with the railroad company, but the possible accomplish what is now sought. The Board is authorized to make plans, and in section 2 it is authorized to make an agreement with the railroad company, but the possible inability of the Board to make such an agreement appears to be contemplated in section 4, which provides that should it be unable to do so within twelve months it shall be the duty of the Board to take proceedings for the condemnation of the franchise. Would it be legal, and if so, wise, to insert in the bill a distinct provision that these tracks shall be removed? It may be possible, in view of the difficulty of placing them underground, which is the only disposition of the tracks permitted by the act, that the best solution of the problem would be that suggested in section 4, namely, the condemnation of the franchise. namely, the condemnation of the franchise.

While the inference is that the railroad company is to pay the entire expense of the construction of a subway or tunnel for the accommodation of the tracks now on the surface, the act does not so state, although section 3 (page 5, line 17) provides that the expense incidental to the work of readjusting subsurface structures shall be paid by the company. It appears to me that it would be prudent to insert in section 2 a specific statement that this subway shall be constructed at the expense of the railroad company.

Section 2 provides that the Board of Estimate and Apportionment may grant

railroad company.

Section 2 provides that the Board of Estimate and Apportionment may grant to the railroad company a franchise to conduct a passenger business on all or any of the existing tracks, or those which may be substituted for them, where now there exists only a franchise to conduct a freight business, and it further provides that the right may be given to lay additional tracks in the subway for freight and passenger traffic, the franchise for such additional tracks not to exceed twenty-five years. It would seem proper that the franchise to conduct a passenger transportation business on tracks now used for freight should also have a limitation of twenty-five years. It is true that the Board could probably exact such terms as it might see fit in granting a franchise for passenger traffic on tracks now used for freight, but the railroad company would be quite likely to contend that the intent of the act was to make such franchise perpetual.

Section 3 authorizes the Board to make provision for the construction of pipe

such franchise perpetual.

Section 3 authorizes the Board to make provision for the construction of pipe galleries in connection with the subway, the expense to be borne by the City and the galleries to remain the property of the City. But it is further stipulated that any person or corporation which at the time of the construction of these galleries shall own pipes, subways or conduits in the street shall be entitled to the use of the galleries built by the City, and that no rental shall be charged for this use except a reasonable sum to meet the actual cost of maintenance, unless the new conduits shall have a greater capacity than those theretofore owned by the person or corporation now occupying the street, in which case the rental shall be charged only for the increased capacity: while the placing in the galleries to be built by the City of subways or concapacity; while the placing in the galleries to be built by the City of subways or conduits of any company shall not affect the right of such company to charge rent or compensation for their use by other corporations or individuals. In view of the provisions in the franchises of the existing subway companies and of the action already commenced to enforce the right of the City to the free use of space in these conduits, this seems to me a very unwise provision.

The act provides, in section 2, that the subway to accommodate these steam rail-road tracks may be built in streets other than those now occupied by them, if a change in their location is agreed upon. These tracks now run down Eleventh avenue to the station at or about Thirtieth street, then down Tenth avenue to West street, along West street to Canal street, through Canal street to Hudson street, which last named street they follow to the freight depot between Laight and Beach

I have conferred with the Engineers of the Rapid Transit Commission and find that the adopted plans of the Commission provide for a four-track subway in Ninth avenue, Gansevoort street and West street; for a two-track subway in Greenwich street, from Fourteenth street to Vandam street, and thence through Washington street to Liberty street, and for a four-track subway through Eighth avenue and

Hudson street to Chambers street. It will be seen therefore that it will be exceedingly difficult, if not impossible, to build a subway to accommodate these freight tracks south of Gansevoort street without serious interference with the plans of the Rapid Transit Commission.

The question which naturally suggests itself is: Would not the New York Central and Hudson River Railroad Company be a logical bidder for a west side rapid transit subway for the transportation of passengers, through which, or on certain tracks of which, they might, by special provision of their franchise, be permitted to operate freight trains during certain hours of the day or night?

The principal points to which I would draw attention may be summarized as follows:

follows: I. The Board of Estimate and Apportionment may not have at present all of the powers necessary to compel the railroad company to place these tracks underground, and it might be well to give such specific authority in the act.

2. It should be distinctly stipulated that the subway is to be built at the expense

of the railroad company.

3. A franchise to conduct a passenger business on tracks now used for freight, or such tracks as may be substituted therefor, should be granted for a period not to

exceed twenty-five years. 4. The provisions that subway companies now having pipes or subways in the street shall have the free use of any galleries the City may build without any charge, except that for maintenance or for the rental of space in excess of that which they

5. The Board of Estimate and Apportionment is directed either to agree with the railroad company for the building of a subway for its tracks, or, in case of its failure to do so within twelve months, to condemn their franchise. This would appear to make it impossible to consider the New York Central and Hudson River Railroad Company as a bidder for a rapid transit route with a stipulation permitting the running of freight trains on some of their tracks, a solution which might be most advan-

Respectfully, NELSON P. LEWIS, Chief Engineer.

The Secretary presented a communication from the President of the Borough of Queens, relative to the request of the Commissioner of Bridges that \$3,500 be transferred from the appropriation made to the President of the Borough of Queens for the maintenance of Hunter's Point Avenue Bridge over the Dutch Kills, Borough of Queens, to the appropriation made to the Bridge Department for the year 1905, entitled "For Maintenance of and Repairs to Bridges in the Borough of Queens."

Referred to the Comptroller.

The President of the Borough of Richmond appeared and took his place in the Board.

The Secretary presented the following communication from the President of the Borough of Brooklyn requesting the transfer of \$9,500 from various appropriations made for 1905 to other appropriations made for the same year:

> THE CITY OF NEW YORK, OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN, BROOKLYN, February 1, 1906.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—I hereby request the adoption of the inclosed resolution transferring the sum of \$9,500 from the appropriations made to the President of the Borough of Brooklyn for the year 1905, for Bureau of Highways—Salaries for Labor, Maintenance and Supplies, and from Bureau of Sewers—Salaries, to the accounts for the Bureau of Sewers—Sewers, Repairing and Cleaning, Pay-rolls and Supplies, and the Bureau of Public Buildings and Offices—Supplies and Repairs.

Yours very truly,

BIRD S. COLER,

President of the Borough of Brooklyn

President of the Borough of Brooklyn.

The following resolution was offered:

Resolved, That the sum of nine thousand five hundred dollars (\$9,500) be and the same is hereby transferred from the appropriations made to the President of the Borough of Brooklyn for the year 1005, entitled and as follows

Bureau of Highways-Salaries	\$4,000 00
Bureau of Highways-Labor, Maintenance and Supplies	3,000 00
Bureau of Sewers—Salaries	2,500 00
_	

-the same being in excess of the amounts required for the purposes thereof, to the appropriations made to the said President of the Borough of Brooklyn for the same year, entitled and as follows:

Bureau of Sewers-Sewers, Repairing and Cleaning, Pay-rolls and Sup-

plies \$2,500 00 Bureau of Public Buildings and Offices-Supplies and Repairs..... 7,000 00 \$9,500 00

the amounts of said appropriations being insufficient.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond--16

The Secretary presented the following communication from the Armory Board Contingencies, to other accounts for the year 1905:

Board of Armory Commissioners, Secretary's Office, Stewart Building, No. 280 Broadway, New York, January 31, 1906.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN-At a meeting of the Armory Board held January 29, 1906, the following was adopted:

"Resolved, That the Board of Estimate and Apportionment be requested to transfer the sum hereinafter named from the appropriation made to the Armory Board for the year 1905, Boroughs of Brooklyn and Queens, 1905—Contingencies, \$739.07, the same being in excess of the amount required for the purposes thereof, to the appropriation made to the said Board for the year 1905, to the accounts entitled Repairs and Supplies,

"Thirteenth Regiment..."
"Forty-seventh Regiment..."
"Squadron 'C'..." \$360 77 129 44 248 86

the amounts of said appropriation being insufficient."

\$739 07

\$9,500 00

Yours truly, E. A. FORNES, Secretary.

The following resolution was offered:

Resolved, That the sum of seven hundred and thirty-nine dollars and seven cents (\$739.07) be and the same is hereby transferred from the appropriation made to the Armory Board for the year 1905, entitled Boroughs of Brooklyn and Queens-Contingencies, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Armory Board for the same boroughs and year, entitled and as follows:

Repairs and Supplies—Thirteenth Regiment	129 44
Repairs and Supplies—Troop "C"	\$739 07

-the amounts of said appropriations being insufficient.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond-16.

The Secretary presented the following communication from the Armory Board requesting the transfer of \$900.72 from the account Boroughs of Manhattan and The Bronx--Contingencies, to other accounts for the year 1905:

Board of Armory Commissioners,
Secretary's Office, Stewart Building, No. 280 Broadway,
New York, January 31, 1906.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—At a meeting of the Armory Board the following was adopted:

"Resolved, That the Board of Estimate and Apportionment be requested to transfer the sum hereinafter named from the appropriation made to the Armory Board for the year 1905, entitled Boroughs of Manhattan and The Bronx, 1905—Contingencies, \$900.72, the same being excess of the amounts required for the purposes thereof, to the appropriation made to the said Board for the year 1905, to the account entitled Repairs and Supplies 1905.

and Supplies, 1905:
"Twenty-second Regiment..."
"Headquarters, Naval Militia..... \$892 11 8 61

\$900 72

-the amounts of said appropriations being insufficient."

Yours truly, E. A. FORNES, Secretary.

The following resolution was offereed:

Resolved, That the sum of nine hundred dollars and seventy-two cents (\$900.72) be and the same is hereby transferred from the appropriation made to the Armory Board for the year 1905, entitled Boroughs of Manhattan and The Bronx-Contingencies, the same being in excess of the amount required for the purposes thereof, tothe appropriation made to the said Armory Board for the same boroughs and year, entitled and as follows:

Repairs and Supplies-Twenty-second Reigment..... \$892 11 Headquarters, Naval Militia..... 8 61 \$900 72

-the amounts of said appropriations being insufficient.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn. The Bronx, Queens and Richmond-16.

The Secretary presented the following communication from the Commissioner of the Tenement House Department, requesting the transfer of \$8,317.44 from the account Salaries for said department to the account Police Fund for the Police Department for the year 1905:

TENEMENT HOUSE DEPARTMENT, No. 44 EAST TWENTY-THIRD STREET, NEW YORK CITY, January 31, 1906.

Board of Estimate and Apportionment, No. 280 Broadway, City:

Gentlemen—I would respectfully request that the sun of eight thousand three hundred and seventeen dollars and forty-four cents (\$8,317.44) be transferred from the appropriation entitled Salaries, 1905, Tenement House Department, to Police Fund, Police Department, in accordance with the provisions of section 1344n, chapter 19a, revised Charter of The City of New York.

The amount of said transfer represents the pay-rolls of Policemen detailed to duty in the Tenement House Department for the months of:

January, 1905 February, 1905 March, 1905 April, 1905 May, 1905 June, 1905 July, 1905 August, 1905 September, 1905 October, 1905 November, 1905 December, 1905

Respectfully yours, EDMOND J. BUTLER, Commissioner.

The following resolution was offered:

Resolved, That the sum of eight thousand three hundred and seventeen dollars and forty-four cents (\$8,317.44) be and the same is hereby transferred from the appropriation made to the Tenement House Department for the year 1905, entitled Salaries, the same being in excess of the amount required for the purposes thereof, to the appropriation made to the Police Department for the same year, entitled Police Fund, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronz, Queens and Richmond-16.

The Secretary presented the following communication from the Secretary of the Borough of Manhattan, requesting the transfer of \$136 from the account Bureau of Buildings-Salaries, to the account Bureau of Buildings-Contingencies and Emergencies for the year 1905:

CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN,
CITY HALL, February 5, 1906.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—The following mentioned transfer of funds is requested: From ureau of Buildings—Salaries, 1905, \$136, to Bureau of Buildings—Contingencies and Emergencies, 1905.

Respectfully,
BERNARD DOWNING,
Secretary, Borough of Manhattan.

The following resolution was offered:

Resolved, That the sum of one hundred and thirty-six dollars (\$136) be and the same is hereby transferred from the appropriation made to the President of the Borough of Manhattan for the year 1905, entitled Bureau of Buildings-Salaries, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said President for the same year, entitled Bureau of Buildings-Contingencies and Emergencies, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond-16.

The Secretary presented the following resolution, transferring \$32.64 from the appropriation made for the Department of Public Works, entitled Repaying Streets and Avenues, to the appropriation made to the Board of Education, entitled Public Instruction-For Salaries of Teachers in Grammar and Primary Schools for the year 1805:

Resolved, That the sum of thirty-two dollars and sixty-four cents (\$32.64) be and the same is hereby transferred from the appropriation made for the year 1895 for the Department of Public Works, entitled Repaving Streets and Avenues, the same being in excess of the amount required for the purposes thereof, to the appropriation made to the Board of Education for the same year, entitled Public Instruction-For Salaries of Teachers in Grammar and Primary Schools, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond-16.

The Secretary presented the following communication from the Commissioner of Street Cleaning, requesting the transfer of \$7,348.01 from various accounts for the boroughs of Manhattan, The Bronx and Brooklyn, to other accounts for the same boroughs and for the year 1905:

DEPARTMENT OF STREET CLEANING, NEW YORK, February 7, 1906.

Hon. George B. McClellan, Mayor, Chairman Board of Estimate and Apportionment: SIR-I have to request that the following transfers be made in the accounts of the Department of Street Cleaning for the year 1905: From Administration to Wages, Supplies, Rents and Con-

tingencies
From Sweeping, Carting and Final Disposition of Material,
Including Cremation or Utilization, to Wages, Supplies,
Rents and Contingencies.

\$123 81

1,384 10 \$1,507 91 1,074 65 4.765 45

The reason for the above named transfers is that the balances remaining in the accounts of Wages, Supplies, Rents and Contingencies, Snow and Ice and New Stock—Plant are not sufficient to cover the expenses of the year.

Respectfully,
JOHN McG. WOODBURY, Commissioner.

The following resolution was offered:

Resolved, That the sum of seven thousand three hundred and forty-eight dollars and one cent (\$7,348.01) be and the same is hereby transferred from the appropriations made to the Department of Street Cleaning, boroughs of Manhattan, The Bronx and Brooklyn, for the year 1905, entitled and as follows:

Administration ... Sweeping, Carting and Final Disposition of Material, Including Crema-7,224 20 tion or Utilization

\$7,348 01

-the same being in excess of the amounts required for the purposes thereof, to the appropriations made to the said Department of Street Cleaning, for the same boroughs and year, entitled and as follows:

Wages, Supplies, Rents and Contingencies..... Removal of Snow and Ice..... 1,074 65 New Stock-Plant 4,765 45

\$7,348 01

-the amounts of said appropriations being insufficient.

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond-16.

The Secretary presented the following communication from the Corporation Counsel requesting the transfer of \$5,000 from the account Contingent Counsel Fees, including Deficiencies, to the account Supplies and Contingencies, including Deficiencies,

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL, New York, February 7, 1906.

To the Board of Estimate and Apportionment of The City of New York:

Gentlemen—I respectfully request that the sum of \$5,000 be transferred from the appropriation to this Department for Contingent Counsel Fees, including Deficiencies, 1905, to the appropriation for Supplies and Contingencies, including Deficiencies, 1905. There is a balance in the appropriation for contingent counsel fees of about \$9,000, and as the larger part of this sum will not be needed to pay bills which will be presented, I think that \$5,000 should be transferred to the appropriation for supplies and contingencies, which is practically exhausted.

Respectfully yours.

Respectfully yours, JOHN J. DELANY, Corporation Counsel.

The following resolution was offered:

Resolved, That the sum of five thousand dollars (\$5,000) be and the same is hereby transferred from the appropriation made to the Law Department for the year 1905, entitled Contingent Counsel Fees, including Deficiencies, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Law Department for the same year, entitled Supplies and Contingencies, including Deficiencies, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond-16.

The Secretary presented the following communication from the President, Board of Coroners, Borough of Manhattan, requesting the transfer of \$105.80 from some unexpended balance for 1905 to the Salaries and Expense Account of said Board of

> CORONER'S OFFICE, BOROUGH OF MANHATTAN, CRIMINAL COURT BUILDING, CENTRE STREET, January 31, 1906.

Board of Estimate and Apportionment, No. 280 Broadway

Gentlemen—Will you kindly transfer some unexpended balance for 1905 to the amount of \$105.80 to the salaries and expense account of the Board of Coroners of the Borough of Manhattan for 1905, to make up the deficiency in their accounts.

Yours respectfully,

JULIUS HARBURGER, President, Board of Coroners.

The following resolution was offered:

Resolved, That the sum of one hundred and five dollars and eighty cents (\$105.80) be and the same is hereby transferred from the appropriation made for the year 1905, entitled Rents, the same being in excess of the amount required for the purposes thereof, to the appropriation made to Coroners for the year 1905, entitled Salaries and Expenses of Coroners in the Borough of Manhattan, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond-16.

The Secretary presented the following communication from the President of the Borough of Manhattan, requesting the transfer of \$21,346.79 from various appropriations made for the year 1905 to other appropriations made for the same year:

CITY OF NEW YORK, Office of the President of the Borough of Manhattan, City Hall, February 8, 1906.

Referred to Select Committee, consisting of the Comptroller and the President of the Board of Aldermen.

The Secretary presented a communication from the Board of City Magistrates, First Division, requesting the establishment of the position of Stenographer to the Board of City Magistrates, with salary at the rate of \$500 per annum.

Referred to Select Committee, consisting of the Comptroller and the President of the Board of Aldermen.

The Secretary presented a communication from the President of the Borough of Manhattan, requesting the fixing of the salary of the position of Telephone Operator in his office at the rate of \$1,200 per annum.

Referred to Select Committee, consisting of the Comptroller and the President of the Board of Aldermen.

The Secretary presented a communication from the President of the Borough of Queens, requesting the establishment of the positions of Secretary in the offices of the Engineer in charge of Topographical Bureau, Superintendent of Street Cleaning, Superintendent of Sewers, Superintendent of Public Buildings and Offices and Superintendent of Highways, with salary at the rate of \$1,800 per annum.

Referred to Select Committee, consisting of the Comptroller and the President of the Board of Aldermen.

The Secretary presented the following report of the Investigations Division, Department of Finance, resolution of the Board of Aldermen, report of the Secretary of the Board of Estimate and Apportionment, communication from Mrs. Henry Parsons and petition signed by Hon. Joseph H. Choate and others, all relative to the on of the position of Director of Children's School Farms, under the jurisdiction of the Commissioner of Parks, Boroughs of Manhattan and Richmond:

CITY OF NEW YORK-DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, February 1, 1906.

Hon. HERMAN A. METZ, Comptroller:

Six—Reporting further on the matter of the establishment of a new position under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, to be known as Director of Children's School Farms and Playgrounds, I beg to state that the Board of Aldermen, on January 9, 1906, voted to reconsider a resolution adopted December 19, 1905, creating such position and fixing the salary for the same at \$2,500. The resolution has been returned to the Board of Estimate and Apportionment by the Board of Aldermen, with the recommendation that the Board of Estimate and Apportionment readopt the same, eliminating therefrom all reference to playgrounds.

In a report made by the Investigations Division under date of December 15, 1905, all of the facts then obtainable regarding the Children's School Farm, which was established about four years ago in the DeWitt Clinton Park and has been in operation since, were fully set forth. There was then pending before the Board of Estimate and Apportionment a request from the Commissioner of Parks, Boroughs of Manhattan and Richmond, for the creation of a position or grade of Director of Children's Farm Gardens for the Park Department, Boroughs of Manhattan and Richmond. Accompanying this request was a recommendation by former Commissioner

Samuel Parsons, Jr., that the compensation of such position, when established, be fixed at the rate of \$2,500 per annum.

In an interview with Commissioner Parsons in relation to the request for the

In an interview with Commissioner Parsons in relation to the request for the establishment of a new position, your representative learned that thus far the services of Mrs. Parsons had been confined to superintending the work at the Children's School Farm in the DeWitt Clinton Park; that she had been receiving various sums out of unexpended balances in appropriation accounts, and had had sole charge of the work, employing whatever instructors, attendants or assistants she might have required from time to time in the farm work. The actual time devoted to superintending the work at the Children's School Farm would appear to extend ordinarily from May to the latter part of September.

After further consideration of the matter, former Commissioner Parsons suggested to a representative of the Investigations Division that his application to the Board of Estimate and Apportionment before referred to be amended so that the new position to be created include the superintendence and direction of the work of attendants and others employed in the several playgrounds unter the jurisdiction of the Department of Parks, Manhattan and Richmond. He stated that, in his experience, he had found that some competent and immediate supervision was required for the public playgrounds, and he had concluded that Mrs. Parsons, by reason of her experience in the Children's School Farm, would perhaps be most competent to supervise the playgrounds. He therefore requested that the position, when established, be designated as Director of Children's School Farms and Playgrounds for the Department of Parks, Manhattan and Riihmond.

From the action of the Board of Aldermen in its resolution of January 9, 1906, it would appear that some objection has been made to the proposition to include in the duties of the position the supervision of the playgrounds connected with the Department of Parks. Your representative has been informed by a son of Mrs. Parsons that the ground for the objection is the fact that it might not be proper to place a woman in

recommendation.

If the Board of Estimate and Apportionment approve the resolution adopted by the Board of Aldermen on January 9, creating the position of Director of Children's School Farms, eliminating the playgrounds from the jurisdiction of the Director, I would respectfully recommend that the salary for the position be fixed at \$1,000 per annum, with the undrestanding that the question of increasing the compensation will be considered as the work is extended and increased and new school farms established, if that course be taken.

Respectfully

Respectfully, CHARLES S. HERVEY, Auditor of Accounts, Investigations Division.

In the Board of Aldermen.

Resolved, That the resolution approving of the establishment of the position of Director of Children's School Farms and Playgrounds under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, adopted by the Board of Estimate and Apportionment December 18, 1905, concurred in unanimously by the Board of Aldermen December 19, 1905, recalled from his Honor the Mayor, vote thereon reconsidered and referred to Committee on Salaries and Offices of the Board of Aldermen December 26, 1905, and on December 29, 1905, ordered on file, be and the same is hereby taken from on file and transmitted to the Board of Estimate and Apportionment with the recommendation that said Board readopt the proposition eliminating therefrom the reference to "playgrounds."

Adopted by the Board of Aldermen, January 9, 1906, a majority of all the members elected voting in favor thereof.

P. J. SCULLY Clerk.

P. J. SCULLY Clerk. BOARD OF ESTIMATE AND APPORTIONMENT, OFFICE OF THE SECRETARY, ROOM 79, No. 280 BROADWAY, February 1, 1906.

To the Board of Estimate and Apportionment:

GENTLEMEN-At a meeting of the Board of Estimate and Apportionment of Jan-

"Resolution of the Board of Aldermen, recommending that the Board of Estimate and Apportionment readopt the resolution adopted December 18, 1905, establishing the position of Director of Children's School Farms and Playgrounds, under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, at a salary of \$2500 per annum and eliminate from the new resolution the reference to a salary of \$2,500 per annum, and eliminate from the new resolution the reference to 'playgrounds,'

'playgrounds,'
—was referred to the Comptroller and the Secretary of the Board.

In regard to the above matter I beg to report that I have learned from the Park
Department that there is but one Children's School Farm in The City of New York.

It is located in DeWitt Clinton Park, Eleventh and Twelfth avenues, Fiftysecond and Fifty-fourth streets, Borough of Manhattan.

In the same borough Children's Playgrounds are located in twelve parks, eight
of which are also equipped with gymnasium apparatus, and another playground will
be opened during 1906. These playgrounds are in operation and use the greater part
of the year.

be opened during 1906. These playgrounds are in operation and use the greater part of the year.

The school farm is in operation for only about six months each year, which would hardly warrant the establishment of a position of Director of School Farms alone, at a salary of \$2,500 per annum.

This subject was discussed in a lengthy report, dated December 15, 1905, made to the Comptroller by Mr. Charles S. Hervey, Auditor of Accounts in the Department of Finance, from which report it appears that Samuel Parsons, Jr., the then Commissioner of Parks for Manhattan and Richmond, requested that the position of Director of Children's School Farms and Playgrounds be established at a salary of \$2,500 per annum, for the reasons that the Commissioner found that the playgrounds were in need of proper supervision, and he believed that owing to the satisfactory manner in which Mrs. Henry Parsons was conducting the school farm it would be best to extend her supervision to the playgrounds, and Mr. Hervey recommended that the Commissioner's request be approved by your Board.

The resolution of the Board of Estimate and Apportionment, dated December 18, 1905, from which the Board of Aldermen in their resolution of January 9, 1906, recommend the elimination of the reference to "playgrounds," was adopted on that recommendation.

From the foregoing it would appear that approval of the recommendation to eliminate the reference to "playgrounds" would remove the only reason for establishing the position at a salary of \$2,500 per annum, as requested by former Park

Commissioner Parsons.

I therefore recomm your Board adopt the resolution in an amended form, by eliminating the reference to "playgrounds," be disapproved by the Board of Estimate and Apportionment, and that the resolution of December 18, 1905, be rescinded and the entire subject referred back to the present Commissioner of Parks for Manhattan and Richmond for his

Consideration and action.

This disposition of the matter would be in line with the action taken by your Board with respect to similar requests for the establishment of new positions and salaries emanating from former heads of departments.

Respectfully submitted, JOSEPH HAAG, Secretary.

JUVENILE AGRICULTURAL SCHOOL,
DEWITT CLINTON PARK, FIFTY-THIRD STREET AND ELEVENTH AVENUE,
NEW YORK, January 29, 1906.

Hon. George B. McClellan, Mayor of Greater New York:

MR. MAYOR—For four years, through two administrations, the officials of this City have stood most loyally by me, trusting absolutely in my ability to perfect the object lesson which I claimed was one that would reach the need and desire of the children and adults in recreation, health, civic betterment and morals. My every wish has been granted, and to-day New York City stands before the world with the most perfect Children's School Farm in existence.

Those familiar with the work claim, and justly, that the influence of this garden has raised the tone of the whole section in which it is located. In urging the creation

of the position of Director of Children's School Farms, with a salary of not less than two thousand dollars (\$2,000) per annum, I do so on the ground that this will place the work on the proper plane and make it possible to secure a director with the personality and qualifications to carry on the work successfully. The number of gardens which may be started this summer will simply depend on the appropriations the Board of Estimate and Apportionment may deem it fit to make for this purpose. In Thomas Jefferson Park, One Hundred and Eleventh to One Hundred and Fourteenth street and Eigen parks to Harden gives there is a constitutive this summer. teenth street and First avenue to Harlem river, there is an opportunity this summer to place a school farm twice the size of the DeWitt Clinton Park Garden. This scheme has been the child of my heart and brain, and for this child I have worked

scheme has been the child of my heart and brain, and for this child I have worked day and night and will continue to do so while my strength lasts.

For twenty-five years I gave my best efforts to my own seven children, and now when they no longer need me I am giving the experience born of those years to the children of the multitudes, but it is not expected that those who follow will work in this way. During the past week I have been laughed at for my faith in City officials and politicians as having great, warm hearts; I have been told that the members of the Board of Estimate have said one thing to my face and another behind my back; that this work had been bandied and joked about by them as a cabbage patch, etc., with no respect or seriousness, and they would never stand by any work on its merit. But I have the proof of their four years' co-operation, when the plan was in my brain and there was nothing to show. Now that they have the proof of my work and its success I will still have faith until forced to recede.

Respectfully yours.

Respectfully yours, FANNIE GRISCOM PARSONS. (Mrs. Henry Parsons.)

No. 29 West Fifty-sixth Street.

To the Mayor and Members of the Board of Estimate and Apportionment:

GENTLEMEN—It is now in the province of your Honorable Body to create the position of Director of Children's School Farms under the jurisdiction of the Department of Parks, boroughs of Manhattan and Richmond, and to fix the salary for such position, and we, the undersigned, do most respectfully request that you take such action, and we

and we, the undersigned, do most respectfully request that you take such action, and we submit for your consideration:

First—That before such action was requested the work was thoroughly tested in DeWitt Clinton Park for four consecutive years and has been most successful and of important value to the children and to the neighborhood where it is located.

That during this four years the Park Department of Manhattan and Richmond has aided and encouraged this work in every way within its province, and this has made possible the effective work and high standard of efficiency in this Children's School Farm for which the Park Department was publicly complimented by the Department of Agriculture at Washington, D. C.

Second—That we consider it wise and proper for the City to now extend this work for the children to other parts of the City wherever it may be deemed wise and feasible.

Third—That the directorship of this work, especially at this time, requires a person of exceptional qualifications and peculiar fitness, so that in the extension of the work the location of new children's school farms shall be selected with judgment and their operation inaugurated in such a manner as to insure their future successful

We therefore respectfully request that your Honorable Body fix a salary of not less than two thousand dollars (\$2,000) per annum for this position so that the City may secure a person of high and recognized attainments in this special field of work.

We again urge upon you our firm belief in the important value of this work to the welfare of our City. We desire to see Mrs. Henry Parsons in this position.

Dated, New York City, January 27, 1906.

JOSEPH H. CHOATE, No. 8 East Sixty-third street.

GHERARDI DAVIS, No. 34 East Thirty-ninth street.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment December 18, 1905, which reads as follows:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Director of Children's School Farms and Playgrounds under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said position be fixed at the rate of twenty-five hundred dollars (\$2,500) per annum.

-be and the same is hereby rescinded. Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond-16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Director of Children's School Farms under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said position be fixed at the rate of one thousand dollars (\$1,000) per annum.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond-16.

The Secretary presented the following communication from the Commissioner of Correction and report of the Principal Assistant Engineer, Department of Finance relative to an issue of \$20,000 Corporate Stock for the construction, improvement and permanent betterment of buildings on Hart's Island:

DEPARTMENT OF CORRECTION,
COMMISSIONER'S OFFICE, No. 148 EAST TWENTIETH STREET,
NEW YORK, January 19, 1906.

Hon, George B. McClellan, Mayor and Chairman of the Board of Estimate and Apportionment:

DEAR SIR—I would respectfully ask that, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Honorable the Board of Estimate and Apportionment will authorize the issue of Corporate Stock of The City of New York to the amount of twenty thousand dollars (\$20,000) for the construction, improvement and permanent betterment of the buildings of Hart's Island to be occupied by inmates of the New York City Reformatory of male misdemeanants of male misdemeanants.

In this connection, I would ask your careful attention to the inclosed report of the

Department Inspector, showing the contemplated improvements.

Very respectfully yours,

(Signed) FRANCIS J. LANTRY, Commissioner. CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, January 29, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Francis J. Lantry, Commissioner, Department of Correction, in communication under date of January 19, 1906, requests the Board of Estimate and Apportionment to authorize the issue of Corporate Stock to the amount of \$20,000 for the construction, improvement and permanent betterment of the buildings on Hart's Island to be occupied by inmates of the New York City Reformatory of male misde-

I would report that the work proposed to be done is the equipment of a building for factory purposes, and renovating the building known as Pavilion 4, to be used for dormitory purposes.

All of the work I consider necessary, and can properly be performed by money raised by the issue of Corporate Stock, and if the financial condition of the City warrants the expenditure I think the Board of Estimate and Apportionment may properly authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$20,000 for the equipment and permanently bettering buildings on Hart's Island, to be occupied by inmates of the New York City Reformatory of male misdemeanants.

Respectfully,
CHANDLER WITHINGTON,
Principal Assistant Engineer.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding twenty thousand dollars (\$20,000), in addition to the amount hertofore authorized, to provide means for the erection of new buildings, additions, improving, permanently bettering and equipping existing buildings under the jurisdiction of the Department of Correction, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding twenty thousand dollars (\$20,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens . and Richmond-16.

The Secretary presented the following communication from the Comptroller, relative to the issue of \$91.88 Corporate Stock to replenish the Fund for Street and Park Openings in the matter of examining title to property on West Twenty-seventh and West Twenty-eighth streets, Ninth and Tenth avenues, Borough of Manhattan, required for the opening of a public park:

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, February 9, 1906.

To the Board of Estimate and Apportionment:

To the Board of Estimate and Apportionment:

Gentlemen—Under date of February 24, 1905, the Board of Estimate and Apportionment, pursuant to section 442 of the Charter, adopted a resolution laying out a public park in the block bounded by West Twenty-seventh and West Twenty-eighth streets, Ninth and Tenth avenues, Borough of Manhattan, and also authorized the acquisition of the property within the area thereof by condemnation proceedings, pursuant to section 970 of the Charter, and determined that the entire cost and expense thereof be borne and paid by The City of New York.

Under date of November 24, 1905, the Board of Estimate and Apportionment adopted a resolution authorizing the Comptroller to enter into a contract with the owner of property within the limits of said park, for the purchase of the same at a sum not to exceed fourteen thousand five hundred dollars (\$14,500).

In accordance with said resolution a contract was entered into with the estate of Ann Kiernan for the purchase of the property described therein, for the sum of fourteen thousand five hundred dollars (\$14,500).

In connection with said purchase an expense was incurred for the examination of the title to the property described in said contract amounting to ninety-one dollars and eighty-eight cents (\$91.88).

To reimburse the Fund for Street and Park Openings for this expense to be paid therefrom by The City of New York, Corporate Stock should be issued, pursuant to the provisions of section 174 of the Revised Greater New York Charter.

A resolution for that purpose is herewith submitted.

Respectfully,

H. A. METZ. Comptroller.

Respectfully, H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 174 of the Revised Greater New York Charter, the Comptroller be and hereby is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Revised Greater New York Charter, to the amount of ninety-one dollars and eighty-eight cents (\$91.88), the proceeds whereof to be applied to replenish the Fund for Street and Park Openings, for the amount to be paid therefrom for the examination of the title to the property required for the opening of a public park in the block bounded by West Twenty-seventh and West Twenty-eighth streets, Ninth and Tenth avenues, in the Borough of Manhattan, the entire cost and expense of which is to be borne and paid by The City of New York, pursuant to a resolution of the Board of Estimate and Apportionment, adopted February 24, 1905.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond-16.

The Secretary presented the following communication from the Comptroller, relative to the issue of \$116.25 Corporate Stock to replenish the Fund for Street and Park Openings, in the matter of examining title to property bounded by Washington avenue, Classon avenue and Eastern parkway, Brooklyn, required in laying out a public park:

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, February 9, 1906.

To the Board of Estimate and Apportionment:

GENTLEMEN—Under date of June 9, 1905, the Board of Estimate and Apportionment adopted a resolution changing the map or plan of The City of New York by laying out a public park bounded by Washington avenue, Classon avenue and Eastern parkway, in the Borough of Brooklyn.

Under date of June 23, 1905, the Board of Estimate and Apportionment, by resolu-

Under date of June 23, 1905, the Board of Estimate and Apportionment, by resolution, requested the Corporation Counsel to institute proceedings to acquire title to the property required for said park, and determined that the entire cost and expense of said pocceding was to be borne and paid by The City of New York.

Under date of October 27, 1905, the Board of Estimate and Apportionment adopted resolutions authorizing the Comptroller to enter into contracts for the purchase of property within the area of said park at a sum not to exceed thirty thousand dollars

(\$30,000).

In accordance wih said last-mentioned resolutions, contracts were entered into with Margaret Kelly and Lizzie A. B. Sterling for the purchase of the property described therein for the sum of twenty-nine thousand dollars (\$20,000).

Expenses have been incurred for the examination of title to the property described in the above-mentioned contracts to the amount of one hundred and sixteen dollars and twenty-five cents (\$116.25).

To reimburse the Fund for Street and Park Openings for this amount to be disbursed therefrom, Corporate Stock should be issued pursuant to the provisions of section 174 of the Revised Greater New York Charter.

A resolution for that purpose is herewith submitted.

Respectfully.

Respectfully, H. A. METZ, Comptroller.

The following resolution was offered:
Resolved, That, pursuant to the provisions of section 174 of the Revised Greater New York Charter, the Comptroller be and hereby is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Revised

Greater New York Charter, to the amount of one hundred and sixteen dollars and twenty-five cents (\$116.25), the proceeds whereof to be applied to replenish the Fund for Street and Park Openings for the amount to be paid therefrom for the examination of title to property required for the purpose of laying out a public park bounded by Washington avenue, Classon avenue and Eastern parkway, in the Borough of Brooklyn, the entire cost and expense of which is to be borne and paid by The City of New York, pursuant to a resolution of the Board of Estimate and Apportionment adopted June 23, 1905.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond-16.

The Secretary presented the following communication from the Comptroller relative to the issue of \$9,392.78 Corporate Stock to replenish the Fund for Street and Park Opening in the matter of opening Eleventh avenue, from Fifteenth street to Terrace place, Brooklyn:

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, February 7, 1906.

To the Board of Estimate and Apportionment:

GENTLEMEN—I am advised by the Corporation Counsel that the report of the Commissioners of Estimate and Assessment in the matter of opening Eleventh avenue, from Fifteenth street to Terrace place, in the Twenty-second and Twenty-ninth Wards of the Borough of Brooklyn, City of New York, was confirmed by an order of the Supreme Court, dated November 29, 1905, and entered in the office of the Clerk of the County of Kings on November 29, 1905.

The title to the lands taken in this proceeding became vested in The City of New York on March 8, 1902, pursuant to a resolution of the Board of Estimate and Apportionment adopted March 7, 1902.

The total amount of the awards is

The total amount of the awards is.....

Pursuant to the provisions of a resolution of the Board of Estimate and Apportionment adopted June 9, 1905, forty per cent. (40%) of the cost and expense of this proceeding is to be borne and paid by The City of New York, for which Corporate Stock to the amount of nine thousand three hundred and ninety-two dollars and seventyeight cents (\$9,392,78) should be issued.

A resolution for that purpose is herewith submitted.

Respectfully, H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 174 of the revised Greater New York Charter, the Comptroller be and hereby is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the revised Greater New York Charter, to the amount of nine thousand three hundred and ninetytwo dollars and seventy-eight cents (\$9,392.78), the proceeds whereof to be applied to replenish the Fund for Street and Park Openings for the expense to be borne by The City of New York in the matter of opening Eleventh avenue, from Fifteenth street to Terrace place, in the Twenty-second and Twenty-ninth Wards, Borough of Brooklyn, City of New York, pursuant to the provisions of a resolution of the Board of Estimate and Apportionment adopted June 9, 1905.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond-16.

The Secretary presented the following communication from the Comptroller relative to the issue of \$100,841.23 Corporate Stock for the payment of awards for damages arising from the change of grade of streets or avenues by reason of the construction of a bridge across the Bronx river at Westchester avenue, in the Borough of The Bronx:

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, February 6, 1906.

To the Board of Estimate and Apportionment:

GENTLEMEN—Pursuant to the provisions of chapter 617 of the Laws of 1896, the Board of Assessors have filed in the Department of Finance their certificates of awards made by them for damages arising in the change of grade of streets or avenues because of the construction of a bridge across Bronx river at Westchester avenue, in the Borough of The Bronx, City of New York.

The amount of the award made to Ambrose K. Ely and William B. Isham, as executors of Mary J. Walker, deceased, is \$20,400, with interest from May 9, 1905.

The amount of the awards made to the American Real Estate Company is \$75,500, with interest thereon from May 5, 1905.

The amount of the awards made to the American Real Estate Company is \$75,500, with interest thereon from May 5, 1905.

To provide means for the payment of these awards, Corporate Stock should be issued, pursuant to the provisions of chapter 617 of the Laws of 1896.

I beg to submit herewith a resolution, authorizing the issue of Corporate Stock to the amount of, viz.:

.......... Interest thereon to March 15, 1906..... Total......\$100,841 23

Respectfully, H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 617 of the Laws of 1896, the Comptroller be and hereby is authorized to issue Corporate Stock of The City of New York, in the manner provided by sections 169 and 170 of the revised Greater New York Charter, to the amount of one hundred thousand eight hundred and forty-one dollars and twenty-three cents (\$100,841.23), for the purpose of providing means to pay the awards made by the Board of Assessors, pursuant to said chapter 617 of the Laws of 1896, for damages arising from the change of grade of streets or avenues because of the truction of a bridge across the Bronx river at Westchester avenue, in the Borough of The Bronx, City of New York.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen ad the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and

The Secretary presented the following report of the Appraiser of Real Estate, epartment of Finance, relative to the acquisition by purchase of property located on ock bounded by West Twenty-seventh, West Twenty-sighth streets, Ninth and Tenth evenues, Manhattan, for park purposes:

CITY OF NEW YORK-DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, February 8, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Estimate and Apportionment at a meeting held February 24, 1905, authorized the institution of condemnation proceedings, pursuant to the provisions of section 970 of the Greater New York Charter, of the block bounded by West Twenty-seventh street, West Twenty-eighth street, Ninth and Tenth avenues, Borough of Manhattan, for park purposes. The resolution contained the clause:

"Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above-described property at private sale, subject to the approval of this Board."

The owners of the property, No. 408 West Twenty-eighth street, in the Borough of Manhattan, which is within the area of the described property authorized to be condemned for park purposes, have offered to dispose of the same to the City for the sum of \$13,800. The property is a four-story brick building which is well rented. The price being reasonable, I would respectfully recommend that the Board of Estimate and Apportionment adopt a resolution authorizing the acquisition of the following-described property at private sale at a price not exceeding \$13,800:

All those certain lots, pieces or parcels of land situate, lying and being in the Borough of Manhattan, bounded and described as follows:

Beginning at a point on the southerly side of West Twenty-eighth street distant 100 feet westerly from the corner formed by the intersection of the southerly side of West Twenty-eighth street with the westerly side of Ninth avenue; thence southerly and parallel with the westerly side of Ninth avenue 98 feet 9 inches to the centre line of the block between West Twenty-seventh and West Twenty-eighth streets; thence westerly and parallel with West Twenty-eighth street 15 feet; thence northerly and again parallel with Ninth avenue 98 feet 9 inches to the southerly side of West Twenty-eighth street; thence easterly along the southerly side of West Twenty-eighth street; thence easterly along the southerly side of West Twenty-eighth street 15 feet to the point or place of beginning, together with all the right, title and interest of the owners of said premises of, in and to the streets in front thereof to the centre thereof. Said property being known as Lot No. 48, in Block 725, on the tax maps of the Borough of Manhattan, City of New York.

Respectfully submitted for approval.

Respectfully submitted for approval,
MORTIMER J. BROWN,
Appraiser of Real Estate in Charge of Bureau.

Approved: CHARLES N. HARRIS, Assistant Corporation Counsel.

Approved: H. A. Metz, Comptroller.

The following was offered:

Whereas, The Board of Estimate and Apportionment, at a meeting held February 24, 1905, having adopted a resolution pursuant to the provisions of section 970 of the Greater New York Charter, that the title to the lands and premises in the block bounded by West Twenty-seventh street, West Twenty-eighth street, Ninth and Tenth avenues, Borough of Manhattan, shall be acquired for park purposes, and by said resolution authorized the Corporation Counsel to institute condemnation proceedings for the acquisition of all of the parcels of land within the area of the described premises; and

Whereas, The Comptroller of The City of New York having presented to this Board a report and recommendation that one of the parcels within the area described in said resolution of February 24, 1905, can be acquired at private sale for the sum of \$13,800; and

Whereas, It appearing that the interests of the City will be served by the acquisition of the said parcel of land at private sale; therefore be it

Resolved, That the Comptroller of The City of New York be and he hereby is authorized to enter into contracts, at a price not exceeding thirteen thousand eight hundred dollars (\$13,800) for the acquisition of all that certain lot, piece or parcel of land situate, lying and being in the Borough of Manhattan, City of New York, bounded and described as follows:

Beginning at a point on the southerly side of West Twenty-eighth street, distant 100 feet westerly from the corner formed by the intersection of the southerly side of West Twenty-eighth street with the westerly side of Ninth avenue; thence southerly and parallel with the westerly side of Ninth avenue 98 feet 9 inches to the centre line of the block between West Twenty-seventh and West Twenty-eighth streets; thence westerly and parallel with West Twenty-eighth street 15 feet; thence northerly and again parallel with Ninth avenue 98 feet 9 inches to the southerly side of West Twentyeighth street; thence easterly along the southerly side of West Twenty-eighth street 15 feet to the point or place of beginning, together with all the right, title and interest of the owners of said premises of, in and to the streets in front thereof to the centre thereof. Said property being known as Lot No. 48 in Block 725 on the Tax Maps of the Borough of Manhattan, City of New York.

Said contracts to be submitted to the Corporation Counsel for his approval as to form

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, relative to the acquisition by condemnation of property located at Kent avenue and Taaffe place, between Park and Myrtle avenues, Brooklyn, for a school site:

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, February 5, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Education, at a meeting held December 27, 1905, adopted the

following resolution:
"Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following-described lands and premises on Kent avenue and Taaffe place, between Park and Myrtle avenues, in Local School Board District No. 20, Borough of Brooklyn, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$24,200:

"Beginning at a point on the westerly line of Kent avenue distant 246 feet 6 inches southerly from the southerly line of Park avenue, and running thence westerly 184 feet 3½ inches to a point on the easterly line of Taaffe place distant 247 feet 5½ inches southerly from the southerly line of Park avenue; thence southerly along the easterly line of Taaffe place 150 feet 2 inches; thence easterly and parallel with the line first drawn 83 feet 10 inches; thence southerly and parallel with Kent avenue 2 feet; thence again easterly and again parallel with the line first drawn 100 feet to the westerly line of Kent avenue; thence northerly along the westerly line of Kent avenue 152 feet 2 inches to the point or place of beginning, be the said several dimensions more or less.

"Resolved, That the Board of Estimate and Apportionment be, and it is hereby

requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described."

This new school site in the middle of the block between Myrtle and Park avenues, running through from Kent avenue to Taaffe place (Graham street), fronting 150 feet 2 inches on Taaffe place by 184 feet 3½ inches by 152 feet 2 inches on Kent avenue by 100 feet by 2 feet by 83 feet 10 inches.

The properties are known on the tax assessment books as Lots Nos. 13 to 16, and Lot No. 18 on Taaffe place, and Lots Nos. 41 to 46 on Kent avenue, in Block 1897, Section 7, Volume 1, Borough of Brooklyn.

This is an Italian neighborhood, and all of the properties, or nearly all, are owned by Italians. I found, upon investigation, that the condemnation lawyers had first information, with the result that the owners had jumped their prices to almost double what the properties are really worth

what the properties are really worth.

The buildings are mostly frame, and of inferior character, yet 'he lawyers have persuaded these people that they should get from the City, in many cases, double the value of the property under ordinary circumstances.

The properties in detail are as follows:

Lot No. 13, 25 feet ½ inch by 83 feet 10 inches by 25 feet ½ inch by 83 feet 10% inches, and has on it a two-story basement house, 22 by 25 feet. Assessed for 1906, lot, \$900; building, \$500; total, \$1,400.

Lot No. 14 is 25 feet ½ inch by 83 feet 10% inches by 25 feet ½ inch by 83 feet 11¾ inches, and has on it a three-story and basement frame building 22 by 30 feet. Assessed, lot, \$900; building, \$1,100; total, \$2,000.

Lot No. 15 is 25 feet ½ inch by 83 feet 11¾ inches by 25 feet ½ inch by 84 feet 5% inch, and has on it a two-story frame house on high brick basement, 22 by 35 feet. Assessed, land, \$900; building, \$600; total, \$1,500.

Lot No. 16 is 50 feet ½ inch by 84 feet 5% inch by 50 feet ½ inch by 84 feet 23% inches, and has on it a three-story frame store building 20 by 30 feet; another two-story frame building with brick basement 22 by 35 feet, and two one-story frame buildings in frame building with brick basement 22 by 35 feet, and two one-story frame buildings in the rear. Assessed, land, \$1,800; buildings, \$1,600; total, \$3,400.

Lot No. 18 is 25 feet by 84 feet 23% inches by 25 feet by 84 feet 34 inch, and has on three-story frame building on brick basement, 25 by 35 feet. Assessed, lot, \$900;

the a three-story frame building on brick basement, 25 by 35 feet. Assessed, 10t, \$900; building, \$1,400; total, \$2,300.

Lot No. 41, in Kent avenue, is 24 feet 9 inches by 100 feet, and has on the rear an old two-story frame building 24 by 30 feet, which the owner, Pasquale De Paola, of No. 591 Myrtle avenue, claims rent for \$35. It is assessed, lot, \$1,000; building, \$900; total, \$1,900.

Lot No. 42 is 25 by 100 feet, and has on it an old two-story frame building 13 by 25 feet. It is assessed in the name of Mrs. H. Martin, land, \$1,000; building, \$700; total \$1,700.

25 feet. It is assessed in the name of Mrs. H. Martin, land, \$1,000; building, \$700; total, \$1,700.

Lot No. 43 is 25 feet 1 inch by 100 feet, and has on it a three-story frame store building 20 by 20 feet. Owners, Fischietto Brothers. Assessed, land, \$1,000; buildings, \$1,800; total, \$2,800.

Lot No. 44 is 25 by 100 feet, and has on it a two-story frame store building 22 by 20 feet. It is owned by Pasquale Devito, on the premises, and is assessed, land, \$1,000; buildings, \$1,300; total, \$2,300.

Lot No. 45 is 25 feet 9 inches by 100 feet, and has on it a two-story frame building 25 by 25 feet. Assessed, land, \$1,000; building, \$1,000; total, \$2,000, in the name of J. A. and S. Mulligan.

Lot No. 46 is 26 feet 7 inches by 100 feet, and has on it a three-story frame store building on high brick basement, 20 by 35 feet, with a three-story frame building, 26 by 30 feet, in the rear. Assessed, lot, \$1,100; buildings, \$2,600; total, \$3,700. Owner, John Dandino, on premises.

by 30 feet, in the rear. Assessed, lot, \$1,100, building, John Dandino, on premises.

After considerable negotiation with the owners of the properties, I find that the price asked by them in each instance is excessive, and would therefore respectfully recommend that the Board of Estimate and Apportionment approve of the selection of the hereinbefore described property by the Board of Education for school purposes, and authorize the institution of condemnation proceedings for the acquisition thereof.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

Approved: H. A. Metz, Comptroller.

To the Board of Education:

The Committee on Sites respectfully reports that it has given careful consideration to sundry recommendations of the City Superintendent of Schools and the Local School Board of District No. 29 that a site be acquired for a new building to relieve Public Schools 54, 69, 45 and 55, Borough of Brooklyn, in which schools there are at present 3,718 pupils in part-time classes, and is of the opinion that a plot of land on Kent avenue and Taaffe place, between Park and Myrtle avenues, should be selected for this purpose. It is the intention of the Board of Education to erect a new building to relieve these schools as soon as a suitable site is obtained, provided sufficient funds are available therefor.

The following resolutions are submitted for adoption:

A. EMERSON PALMER, Secretary, Board of Education. The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Board of Education in the matter of the selection of the following de-

scribed premises for school purposes in the Borough of Brooklyn:

Beginning at a point on the westerly line of Kent avenue distant 246 feet 6 inches feet 31/4 inches to a point on the easterly line of Taaffe place, distant 247 feet 51/2 inches southerly from the southerly line of Park avenue; thence southerly along the easterly line of Taaffe place 150 feet 2 inches; thence easterly and parallel with the line first drawn 83 feet 10 inches; thence southerly and parallel with Kent avenue 2 feet; thence again easterly and again parallel with the line first drawn 100 feet to the westerly line of Kent avenue; thence northerly along the westerly line of Kent avenue 152 feet 2 inches to the point or place of beginning, be the said several dimensions more or less, the assessed valuation of which, as shown by the books of record on file

in the Department of Taxes and Assessments, is \$24,200, and the Corporation Counsel be and he hereby is authorized to institute condemnation proceedings for the acquisition of all of the property within the area of the above described premises.

Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above described premises at private sale, subject to the approval of

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond-16.

The Secretary presented the following report of the Appraiser of Real Estate Department of Finance, relative to the acquisition by condemnation of property located on Avenue T, between Homecrest avenue and East Twelfth street, Brooklyn, for a school site:

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, February 3, 1906.

Hon. HERMAN A. METZ, Comptroller:

Sir-The Board of Education at a meeting held December 27, 1905, adopted the following resolution:

"Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following described lands and premises on Avenue T, East Twelfth street and Homecrest avenue, in Local School Board District No. 38, Borough of Brooklyn, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$5,150:

"Beginning at a point formed by the intersection of the northerly line of Avenue T with the westerly line of Homecrest avenue and running thence northerly along the westerly line, of Homecrest avenue 240 feet; thence westerly and parallel with Avenue T in a straight line to the easterly line of East Twelfth street; thence southerly along the easterly line of East Twelfth street to the northerly line of Avenue T; thence easterly along the northerly line of Avenue T 150 feet, more or less, to the westerly line of Homecrest avenue, the point or place of beginning.

"Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described."

The above described property is located on the north side of Avenue T, between Homecrest avenue and East Twelfth street, in the Borough of Brooklyn, and has a frontage of 150 feet on Avenue T and 240 feet on Homecrest avenue. The other two measurements are not stated and can only be determined by a survey, as the lines of Avenue T and East Twelfth street are not at right angles. The streets are practically unimproved.

Avenue I and East I would represent a first and I and parts of Lots Nos. 2 and 22, in Section The site includes Lots Nos. 15 and 16 and parts of Lots Nos. 2 and 22, in Section 22, Block 7201, Volume 4 (old Ward 31, Block 587). The assessment named on this site, \$5,150, is only approximately correct, as the assessment covers other adjoining property. The larger part of this plot, being Lot No. 15, and the part of Lot No. 22, to be taken is owned by A. H. Waterman of No. 201 Montague street, Brooklyn.

Lot No. 16, an irregular parcel at the corner of Avenue T and East Twelfth street, whose owner resides at No. 1835 Seventh avenue, Manhattan, agreed to sell his property about two weeks ago for \$2,500, but since then the condemnation proceedings lawyers have been after him and he now refuses to take less than \$5,000. This price is in my opinion excessive and I would therefore respectfully recommend that the Board of Estimate and Apportionment approve of the selection of the hereinabove described property for school purposes and authorize the institution of condemnation proceedings for the acquisition thereof.

The resolution should contain a clause allowing the Comptroller of The City of New York to enter into contracts for the acquisition of any portion of the described premises at private sale, with the further approval of the Board of Estimate and Apportionment.

Respectfully submitted for approval,
MORTIMER J. BROWN,
Appraiser of Real Estate in Charge of Bureau.

Approved: H. A. Metz, Comptroller.

To the Board of Education:

The Committee on Sites respectfully reports that it has given careful consideration to sundry recommendations in the matter of the selection of property in the Homecrest section of the Borough of Brooklyn, upon which to erect a new building to replace Public School 95. This is an old building in a rapidly growing section, and will shortly be entirely inadequate to supply accommodations for the school population which it is intended to serve. Your committee is of the opinion that a site for this purpose should be selected on Avenue T, East Twelfth street and Homecrest avenue. It is the intention of the Board of Education to erect a new building as aforesaid as soon as a proper site is obtained, provided sufficient funds are available therefor.

The following resolutions are submitted for adoption:

The following resolutions are submitted for adoption:
Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following described lands and premises on Avenue T, East Twelfth street and Homecrest avenue, in Local School Board District No. 38, Borough of Brooklyn, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$5,150:

Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Board of Education in the matter of the selection of the following described premises for school purposes in the Borough of Brooklyn:

Beginning at a point formed by the intersection of the northerly line of Avenue T with the westerly line of Homecrest avenue, and running thence northerly along the westerly line of Homecrest avenue 240 feet; thence westerly and parallel with Avenue T in a straight line to the easterly line of East Twelfth street; thence southerly along the easterly line of East Twelfth street to the northerly line of Avenue T; thence erly along the northerly line of Avenue T 150 feet, more or less, to the westerly line of Homecrest avenue, the point or place of beginning, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, with other property, is \$5,150,

-and the Corporation Counsel be and he hereby is authorized to institute condemnation proceedings for the acquisition of all of the property within the area of the above described premises.

Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above described premises at private sale, subject to the approval of this Board.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond-16.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, relative to the acquisition by condemnation of property on East One Hundred and Fourteenth street, between First and Pleasant avenues, Borough of Manhattan, for a school site:

CITY OF NEW YORK-DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, February 2, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR-The Board of Education at a meeting held December 27, 1905, adopted the following resolution:

"Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following described fands and premises on East One Hundred and Fourteenth street, between First and Pleasant avenues, in Local School Board District No. 20, Borough of Manhattan, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$70,000.

Board District No. 20, Borough of Manhattan, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$79,000:

"Beginning at a point on the northerly line of East One Hundred and Fourteenth street, distant two hundred and twenty (220) feet easterly from the easterly line of First avenue, and running thence northerly and parallel with First avenue one hundred (100) feet eleven (11) inches; thence easterly and parallel with East One Hundred and Fourteenth street one hundred and seventy-five (175) feet; thence southerly and again parallel with First avenue one hundred (100) feet eleven (11) inches to the northerly line of East One Hundred and Fourteenth street; thence westerly along the northerly line of East One Hundred and Fourteenth street; thence westerly along the northerly line of East One Hundred and Fourteenth street one hundred and seventy-five (175) feet to the point or place of beginning, be the said several dimensions more or less.

"Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described."

In regard to the above proposed new school site, after an examination I have to report as follows:

This is a plot of seven full city lots, together forming a site 175 feet by 100 feet 11 inches on the north side of East One Hundred and Fourteenth street, 220 feet east of First avenue, and facing Jefferson Park, in the Borough of Manhattan. It is in a densely populated Italian neighborhood. The street numbers are 417 to 429, inclusive, and the properties are known on the tax books as Lots Nos. 10 to 16, inclusive, in Block 1708, Section 6, Volume 2. Each house is a four-story and basement, or four-story and cellar, double, cold-water tenement, ten rooms and four families on a floor. The houses are in good repair and have gas and water, stationary tubs and one toilet in the hallway on each floor, but no baths or r

than the actual rentals.

No. 417 is owned by Salvatora Marino. It is a four-story and low basement building, 25 feet by 62 feet, and is assessed, lot, \$4,000; building, \$7,000; total, \$11,000.

No. 419 is a similar building, except that it has two small stores or shops on the first floor. It is owned by Nicola D'Alessandro, and is also assessed at \$11,000.

No. 421 also has two small stores and is owned by Joseph D'Alessandro. This property is also assessed at \$11,000.

No. 423 is a four-story and cellar building and is owned by Luigi Flora; assess

ment, \$11,000. No. 425, a similar building, is owned by Stella Sablatella and is assessed at

Nos. 427 and 429 are better buildings, being four-story and basement, 25 feet by 65 feet each. These buildings are higher and deeper than the other five and have stores in the basement. The owner of both is Camillo Ubriaco. These properties are each assessed, lot, \$4,000; building, \$8,000; total, \$12,000.

Total assessment, lots. \$28,000 00
Total assessment, buildings. \$1,000 00

After investigation and negotiation with the owners of the property I find that the prices asked by them are in excess of the present market value of the property, and I would therefore respectfully recommend that the Board of Estimate and Apportionment approve of the selection of the site by the Board of Education and authorize the institution of condemnation proceedings for the acquisition thereof.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

Approved: H. A. Metz, Comptroller.

To the Board of Education:

The Committee on Sites respectfully reports that it has given careful consideration to sundry recommendations of the City Superintendent of Schools and the Local School Board of District No. 20 that a site for a new building be acquired on East One Hundred and Fourteenth street, east of First avenue, Borough of Manhattan. This building is needed to provide for the congested Italian district which is growing rapidly in this neighborhood, and your Committee is of opinion that a plot of land, 100 feet 11 inches by 175 feet, on East One Hundred and Fourteenth street, between First avenue and Pleasant avenue, should be selected for this purpose. It is the intention of the Board of Education to erect a building, as above stated, as soon as title to a suitable site is obtained, provided sufficient funds are available therefor.

The following resolutions are submitted for adoption:
Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following described lands and premises on East One Hundred and Fourteenth street, between First and Pleasant avenues, in Local School Board District No. 20, Borough of Manhattan, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, in \$70.000.

Beginning at a point on the northerly line of East One Hundred and Four-teenth street, distant two hundred and twenty (220) feet easterly from the easterly line of First avenue, and running thence northerly and parallel with First avenue one hundred (100) feet eleven (11) inches; thence easterly and parallel with East One Hundred and Fourteenth street one hundred and seventy-five (175) feet; thence counterly and parallel with First avenue one hundred (100) feet eleven (11) One Hundred and Fourteenth street one hundred and seventy-five (175) teet; thence southerly and again parallel with First avenue one hundred (100) feet eleven (11) inches to the northerly line of East One Hundred and Fourteenth street; thence westerly along the northerly line of East One Hundred and Fourteenth street one hundred and seventy-five (175) feet to the point or place of beginning, be the said several dimensions more or less.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

A true copy of report and resolutions adopted by the Board of Education Decem-

The assessed valuation of the above described property, as shown by the books of record on file in the Department of Taxes and Assessments, is \$79,000.

-and the Corporation Counsel be and he hereby is authorized to institute condemnation proceedings for the acquisition of all the property within the area of the above

Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above described premises at private sale, subject to the approval

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond-16.

The Secretary presented a report of the Appraiser of Real Estate, Department of Finance, recommending that the matter of acquiring a school site on Lafayette street and Second street, New Brighton, Borough of Richmond, be referred back to the Board of Education.

Referred back to Board of Education in accordance with the recommendation contained in said report.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, relative to the acquisition by condemnation of property located at Cherry and Oliver streets, Manhattan, as a site for a public bath:

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, February 3, 1906.

Hon. HERMAN A. METZ, Comptroller:

Sir-Hon. John F. Ahearn, President of the Borough of Manhattan, by his Secretary, Bernard Downing, in a communication to this Department under date of Jan-

tary, Bernard Downing, in a communication to this Department under date of January 13, 1906, says:

"Herewith is transmitted a survey of premises Nos. 78 and 80 Oliver street and Nos. 100, 102 and 102½ Cherry street. This the President of the Borough of Manhattan has selected as a suitable site for a public bath building. It is requested that you take the necessary steps to secure possession of these sites for the above-mentioned purpose. A copy of this survey has been forwarded to the Corporation Counsel for his information."

The property mentioned is located at the northeast corner of Cherry and Oliver The property mentioned is located at the northeast corner of Cherry and Oliver streets, and is known on the tax assessment books as Lots Nos. 38, 40, 72 and 73, in Block 252, section 1, volume 5. The tax book measurements give a frontage of 53 feet 2 inches on Cherry street by 100 feet on Oliver street by 51 feet 2 inches by 99 feet 10 inches, but I find that in a deed of the property made last month these measurements are given as 53 feet 2 inches by 100 feet by 54 feet by 100 feet. The plot is practically covered with very old four and two-story frame buildings, with one three-story brick building, 23 feet by 28 feet, at the north end of the property, also very old and in bad repair.

The buildings are of a very inferior character and are practically worthless their

old and in bad repair.

The buildings are of a very inferior character and are practically worthless, their value long since having gone into the ground.

The property is assessed, land, \$27,000; buildings, \$6,000; total, \$33,000. The property was sold in December, 1905, to the present owner; no price is stated in the deed to him, but I am creditably informed that the actual consideration was \$42,000.

After considerable negotiation with the owner, Michael Santangelo, I am of the opinion that the price asked by him is in excess of the present market value of the property. I would therefore respectfully recommend that the Board of Estimate and Apportionment approve of the selection of the site on the northeast corner of Oliver and Cherry streets, in the Borough of Manhattan, for a public bath building, and authorize the institution of condemnation proceedings for the acquisition thereof.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

Approved: H. A. Metz, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the President of the Borough of Manhattan in the matter of the selection of the following-described premises for public bath purposes in the Borough of Manhattan:

Beginning at a point formed by the intersection of the northerly side of Cherry street with the easterly side of Oliver street; running thence northerly along the easterly side of Oliver street 100 feet; thence easterly and parallel or nearly so with Cherry street 54 feet 1/2 inch; thence southerly and parallel or nearly so with Oliver street 100 feet 2 inches to the northerly side of Cherry street; thence westerly and along the northerly side of Cherry street 53 feet 2 inches to the point or place of beginning, being the same premises conveyed to Michael Santangelo by deed dated December 26, 1905, and recorded in the Register's office of New York County on the same date in Section 1, Block 252 of Conveyances, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$33,000,

and the Corporation Counsel be and he hereby is authorized to institute condemnation proceedings for the acquisition of all of the property within the area of the

above-described premises.

Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above-described premises at private sale, subject to the approval of this Board.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond-16.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, relative to the acquisition by purchase of property located at Nos. 180 to 184 Cherry street, Manhattan, as a site for a playground:

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, February 8, 1906.

Hon. HERMAN A. METZ, Comptroller:

Sir—At a meeting of the Board of Estimate and Apportionment held on the 20th day of December, 1905, there was presented a report of the Department of Finance, in the matter of certain lots in the Borough of Manhattan, for the use of playgrounds in The City of New York. At that meeting the matter of the selection of the sites was referred to the President of the Borough of Manhattan. Subseof the sites was referred to the President of the Borough of Manhattan. Subsequently thereto the President of the Borough of Manhattan examined the sites, and as to Site No. 1 originally selected, Nos. 14 to 26½ Hamilton street and No. 134 Cherry street, he was of the opinion that a more suitable site should be selected, located on Cherry street, adjoining Public School 177. The site selected by the President of the Borough is known by the numbers 180 to 184 Cherry street and extends back towards Monroe street for a distance of 206 feet 3½ inches along the new street to be opened adjoining the Manhattan Bridge.

The price at which the same was offered to the City by the owner was originally \$225,000, but, based upon the value of the properties heretofore acquired by the City both at private sale and by condemnation proceedings, a fair market value of the

property would be \$210,000. The owner has agreed to accept \$215,000 as a compromise, and rather than go to condemnation proceedings, where the City would be liable to be mulcted in a much larger amount, plus the cost and expense of the proceedings, I would recommend that her offer be accepted, and that the Board of Estimate and Apportionment adopt a resolution authorizing the Comptroller to enter into a contract for the acquisition of premises Nos. 180 to 184 Cherry street, Borough of Manhattan, being 81 feet 10 inches by 206 feet 3½ inches by 81 feet 3 inches by 214 feet 2 inches, at a price not exceeding \$215,000.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

Appraiser of Real Estate in Charge of Bureau.

Approved: H. A. Metz, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves, selects and locates a public playground in the Borough of Manhattan, together with the buildings and improvements thereon, bounded and described as follows:

Beginning at a point on the northerly side of Cherry street distant 160 feet 10 inches easterly from the intersection of the northerly side of Cherry street with the easterly side of Market street, and running thence northerly and part of the distance along the line of land of The City of New York 214 feet 2 inches; thence easterly 81 feet 3 inches to the westerly side of a new street to land of The City of New York; thence southerly along the westerly side of the new street 206 feet 31/2 inches to the northerly side of Cherry street, and running thence westerly along the northerly side of Cherry street 81 feet 10 inches to the point or place of beginning; the above-described property being known as Lot No. 8, in Block 254, Section 1, on the tax assessment maps of The City of New York, Borough of Manhattan, together with all the right, title and interest of the owner of said premises of, in and to Cherry street in front of said premises to the centre thereof,

-and the Comptroller be and he hereby is authorized to enter into contracts for the acquisition of the above-described property at a price not exceeding two hundred and fifteen thousand dollars (\$215,000). Said contracts to be submitted to the Corporation Counsel for his approval as to form.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens

The Secretary presented an opinion from the Corporation Counsel relative to a peremptory writ of mandamus requiring the Board of Estimate and Apportionment to consider and determine the claim of James Kane for reasonable costs, counsel fees and expenses, amounting to \$3,500, incurred by him while Commissioner of Sewers, Borough of Brooklyn.

Referred to the Comptroller.

The Secretary presented a communication from the Comptroller relative to property leased by the City for departmental purposes and recommending the erection of a building, to be used by various City Departments, on site at East Sixth and East Seventh streets, Third avenue and Hall place, Borough of Manhattan, now used for market purposes (Tompkins Market).

The President of the Board of Aldermen moved that the matter be referred to a Commission, consisting of the President of the Board of Aldermen, the Comptroller, the Chief Engineer of the Board of Estimate and Apportionment and the architect member of the Art Commission.

Which motion was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of The Bronx, Queens and Richmond-12.

Present and not voting-The Presidents of the Boroughs of Manhattan and Brooklyn-4.

The Secretary presented a communication from the Surrogate of New York County transmitting a certificate of work required to be done in the Surrogates' Court and office for the preservation of the public records.

Ordered on file.

The Secretary presented the following communication from the Comptroller relative to the issue of \$12,882.15 Corporate Stock, the proceeds to be applied to replenish the Fund for Street and Park Openings, in the matter of an addition to Sunset Park, between Forty-third and Forty-fourth streets and Fifth and Seventh avenues, Borough of Brooklyn:

CITY OF NEW YORK-DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, February 13, 1906.

To the Board of Estimate and Apportionment:

GENTLEMEN—I am advised by the Corporation Counsel that the report of the Commissioners of Estimate and Assessment, in the matter of an addition to Sunset Park, between Forty-third and Forty-fourth streets and Fifth avenue and Seventh avenue, in the Eighth Ward of the Borough of Brooklyn, City of New York, was confirmed by an order of the Supreme Court dated December 28, 1905, and entered in the office of the Clerk of the County of Kings on December 28, 1905.

The title to the lands, etc., taken in this proceeding became vested in The City of New York on the date of the confirmation of the report of the Commissioners of Estimate and Assessment, to wit. December 28, 1905.

\$11,600 00

Amount of taxed costs..... 1,137 15

Pursuant to the provisions of a resolution of the Board of Estimate and Apportionment adopted September 16, 1903 the entire cost and expense of this proceeding is to be borne and paid by The City of New York, for which Corporate Stock to the amount of twelve thousand eight hundred and eighty-two dollars and fifteen cents (\$12,882.15) should be issued. A resolution for that purpose is herewith submitted.

Respectfully,
J. H. McCOOEY,
Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 174 of the revised Greater New York Charter, the Comptroller be and hereby is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 160 of the revised Greater New York Charter to the amount of twelve thousand eight hundred and eightytwo dollars and fifteen cents (\$12,882.15), the proceeds whereof to be applied to replenish the Fund for Street and Park Openings for this expense to be paid therefrom in the matter of an addition to Sunset Park, between Forty-third street and Fortyfourth street and Fifth and Seventh avenues, in the Eighth Ward of the Borough of Brooklyn, City of New York, the entire cost and expense of which is to be borne and paid by The City of New York, pursuant to a resolution of the Board of Estimate and Apportionment adopted September 16, 1903.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond-16.

The Secretary presented the following communication from the Secretary, Borough of Manhattan, relative to repaying with asphalt Hamilton street, from Catharine to Market street:

CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN,
CITY HALL, February 9, 1906.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR-Herewith is transmitted for adoption by the Board of Estimate and Apportionment a form of resolution, authorizing the repaving with asphalt of Hamilton street, from Catharine to Market street, the cost to be charged to the Bond Account for Repaving Streets, Borough of Manhattan.

A search has been made of the records in the office of the Finance Department, without success, to ascertain the date of the confirmation of the assessment list for the original pavement of this street.

It is therefore requested that this resolution be adopted, authorizing the cost to be charged as aforesaid.

Respectfully, BERNARD DOWNING, Secretary, Borough of Brooklyn.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby authorizes the repaving with asphalt of Hamilton street, from Catharine to Market street, under the direction of the President of the Borough of Manhattan, the cost of such repaving to be charged to the Bond Account for Repaying Streets in the Borough of Manhattan.

Which was adopted by the following vote: Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and

The Secretary presented a communication from the Chief Clerk of the Police Department requesting that when the Board of Aldermen shall have requested the issue of \$125,000 Special Revenue Bonds to provide means for the execution of the general repairs, alterations and painting of the several station houses, the Board of Estimate will authorize the issue of the same.

Referred to the Comptroller.

The Secretary presented a communication from the Commissioner of Water Supply, Gas and Electricity, requesting the fixing of the salary of the position of Secretary to the Commissioner at the rate of \$3,500 per annum.

Referred to the Select Committee consisting of the Comptroller and the President of the Board of Aldermen.

The Secretary presented a communication from the Eccentric Association of Engineers No. 2, Borough of Brooklyn, requesting that if sufficient money has not been allowed to the Charities Department to pay the Engineman employed in said department \$4 per day, the prevailing rate of wages, that an appropriation be granted for the

Referred to the Comptroller to confer with the Commissioner of Charities on the

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, relative to the acquisition of two sites in the Borough of Manhattan for playgrounds, and located at East One Hundred and First street, between Second and Third avenues, and at Fifty-ninth and Sixtieth treets, between Amsterdam and West End avenues, by condemnation proceedings:

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, February 9, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Legislature of the State of New York in amending section 47 of the Greater New York Charter by an act known as chapter 629 of the Laws of 1905, so amended that section as to authorize the Board of Aldermen to provide by ordinance for the acquisition, construction or establishment of playgrounds in The City of New York, and acting under such amendment the Board of Estimate and Apportionment at a meeting held May 12, 1905, authorized the issue of \$1,000,000 Corporate Stock to provide means for the acquisition and construction of playgrounds in The City of New York.

The resolution of the Board of Estimate and Apportionment met with the approval of the Board of Aldermen at a meeting held June 20, 1905, which resolution was thereafter approved by his Honor the Mayor on June 27, 1905.

thereafter approved by his Honor the Mayor on June 27, 1905.

The selection of the proper location of playgrounds in The City of New York, especially in the Borough of Manhattan, has been one of earnest study on the part of those interested in the betterment of the crowded sections of the City, and the President of the Borough of Manhattan, to whom this matter was referred by the Board of Estimate and Apportionment at a meeting held December 29, 1905, reports and suggests two sites in locations where the highest census exists, and where the people who have made an earnest study of this subject are firmly convinced that there is need of public playgrounds. He has first of all sought to make the limited appropriation go as far as possible for the location of the playgrounds in the very heart of the tenement house district not only multiplies the value of the playgrounds to the children but also increases the cost thereof over land located in less densely inhabitated districts.

In selecting, however, the playgrounds in the densely populated districts, they have

In selecting, however, the playgrounds in the densely populated districts, they have been selected as far as possible with an effort to reduce the cost by selecting unoccupied land or land containing improvements of small value, and further, that in selecting these sites, the present location of small parks already provided with playgrounds have been carefully considered.

Located on East One Hundred and First street, between Second and Third avenues. On the south side of East One Hundred and First street there are fourteen lots which have for several years past been used as a public playground, being under the Union Settlement Society or under the direction of the Board of Education. This property is owned by Mrs. Rogers and has been "loaned" to the society and to the Board of Education for playground purposes, but how long this will continue it is impossible to

The population of this block, although the fourteen lots herein mentioned 'are vacant, is 1,395; the population of the block just north of it is 1,956. The present combined population of this playground block and the three blocks to the north of it and the three blocks to the south of it, between Second and Third avenues, is 11,461. With the boom that is on in this easterly section of the City and the additional construction of five and six-story tenement houses, this playground, if not immediately, will in the near future be required.

I would therefore respectfully recommend that the Board of Estimate and Apportionment approve of the selection of this site and adopt a resolution authorizing the institution of condemnation proceedings for the acquisition thereof, said resolution to contain a clause that title shall vest five days after the Commissioners have filed their

oaths of office, and further, that there shall be a clause in said resolution which authorizes the Comptroller to acquire all or any part of it at private sale, on presenting his reasons therefor to the Board.

Site No. 2.

Located on Fifty-ninth and Sixtieth streets, between Amsterdam and West End avenues, and adjoins property now owned by The City of New York and used for a public bath. It is a vacant plot of ground 125 feet on Fifty-ninth street and 100 feet on Sixtieth street. The population of the five blocks north, east and south is 10,236.

I would respectfully recommend that the Board of Estimate and Apportionment approve of the selection of this site and adopt a resolution authorizing the institution of condemnation proceedings for the acquisition thereof, the prices asked by the owners being in excess of the present market value of the land. The said resolutions to contain a clause that title shall vest five days after the Commissioners have filed their oaths of office, and further that there shall be a clause in said resolution which authorizes the Comptroller to acquire all or any part of it at private sale on presenting a further report to the Board.

In addition to the above two sites one other was selected in Cherry street and a report was made to the Board of Estimate and Apportionment thereon, and three other sites, all of which are equally as important as the above named, should also be acquired, but owing to the Board having passed on five sites in the Borough of Brooklyn, the appropriation is not large enough to cover these three additional sites in Manhattan, and it is thought best to defer action until more money can be made avail-

Manhattan, and it is thought able for their acquisition.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the selection of a site in the Borough of Manhattan for playground purposes, bounded and described as follows:

Beginning at a point on the southerly side of East One Hundred and First street distant 90 feet westerly from the southwest corner of East One Hundred and First street and Second avenue, and running thence southerly and parallel with Second avenue 100 feet 11 inches to the centre line of the block between East One Hundred and East One Hundred and First streets, and running thence westerly and parallel with East One Hundred and First street 365 feet; running thence northerly and again parallel with Second avenue 100 feet 11 inches to the southerly side of East One Hundred and First street, and running thence easterly along the southerly side of East One Hundred and First street 365 feet to the point or place of beginning; the said premises being known as Lots Nos. 29 to 42, inclusive, in Block 1650, Section 6 on the tax maps of the Borough of Manhattan for the purposes of taxation, and are assessed for the year 1905 at \$73.500,

-and the Corporation Counsel be and he hereby is authorized to institute condemnation proceedings for the acquisition of all the property within the above described area. The Board of Estimate and Apportionment, deeming it for the public interest that the title to all of said land shall be acquired at a fixed or specified time, does hereby direct that title to said land and premises and interest therein shall vest in the City of New York five days after the filing of the oaths of the Commissioners to be appointed in accordance with the provisions of section 1437 of the amended Greater New York Charter. Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above described property at private sale, subject to the approval of this Board. And the Comptroller of The City of New York is hereby requested to have three similar maps prepared of the above property, and when prepared, transmitted to the Corporation Counsel for use in the condemnation proceed-

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond-16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the selection and location of a playground in the Borough of Manhattan, bounded and

Beginning at a point on the northerly side of West Fifty-ninth street distant 300 feet westerly from the corner formed by the intersection of the northerly side of West Fifty-ninth street with the westerly side of Amsterdam avenue; thence northerly and parallel with Amsterdam avenue 200 feet 10 inches to the southerly side of Sixtieth street; thence westerly along the southerly side of Sixtieth street 100 feet to the land of The City of New York: thence southerly and parallel with Amsterdam avenue and along the land of The City of New York 100 feet 5 inches to the centre line of the block between West Fifty-ninth and West Sixtieth streets; thence westerly and parallel with West Sixtieth street 25 feet; thence southerly and again parallel with Amsterdam avenue 100 feet 5 inches to the northerly side of West Fifty-ninth street; thence easterly along the northerly side of West Fifty-ninth street 125 feet to the point or place of beginning, together with all the right, title and interest of the owners of said premises of, in and to the streets in front thereof to the centre thereof, said property being known as Lots Nos. 16, 45, 47 and 48, in Block 1151, on the tax map of the Borough of Manhattan, City of New York,

-and the Corporation Counsel be and he hereby is authorized to institute condemnation proceedings for the acquisition of all the property within the above-described area. The Board of Estimate and Apportionment, deeming it for the public interest that the title to all of said land shall be acquired at a fixed or specified time, does hereby direct that title to said land and premises and interest therein shall vest in The City of New York five days after the filing of the oaths of the Commissioners, to be appointed in accordance with the provisions of section 1437 of the amended Greater New York Charter.

Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above-described property at private sale, subject to the approval of this Board. And the Comptroller of The City of New York is hereby requested to have three similar maps prepared of the above property and, when prepared, transmitted to the Corporation Counsel for use in the condemnation proceedings.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond-16.

The Secretary presented the following communications from the Chief Clerk, Police Department, requesting the transfer of \$330.06 from various appropriations made for 1904 to the account Supplies for Police for the same year:

POLICE DEPARTMENT OF THE CITY OF NEW YORK, No. 300 Mulberry Street, New York, February 10, 1906.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—The Police Commissioner this day
Ordered, That the Board of Estimate and Apportionment be and it is hereby
respectfully requested to transfer the sum of \$203.42 from the appropriation made to the
Police Department of New York, for the year 1904, entitled Police Station-houses,
Rents, which is in excess of the amount required for the purposes and objects thereof,
to the appropriation made to the same Department for the same year, entitled Supplies for Police, which is insufficient.

Very respectfully, WM. H. KIPP, Chief Clerk.

Police Department of The City of New York, No. 300 Mulberry Street, New York, February 10, 1906.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—The Police Commissioner this day
Ordered, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to transfer the sum of \$126.64 from the appropriation made to the Police Department of New York, for the year 1904, entitled Police Station-houses, Alterations, Fitting Up, etc., which is in excess of the amount required for the purposes and objects thereof, to the appropriation made to the same Department for the same year, entitled Supplies for Police, which is insufficient.

Very respectfully,

WM. H. KIPP, Chief Clerk.

Resolved, That the sum of three hundred and thirty dollars and six cents (\$330.06) be and the same is hereby transferred from the appropriations made to the Police Department for the year 1904, entitled and as follows:

Police Station-houses, Rents Police Station-houses, Alterations, Fitting Up, etc..... 126 64

\$330 06

-the same being in excess of the amounts required for the purposes thereof, to the appropriation made to said Department for the same year, entitled Supplies for Police, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond-16.

The Secretary presented the following resolution, transferring \$2.08 from the appropriation made to the Department of Education for 1898, entitled Boroughs of Manhattan and The Bronx, Incidental Expenses, to the account General School Fund, for the boroughs of Manhattan, The Bronx and Queens, for the same year:

Resolved, That the sum of two dollars and eight cents (\$2.08) be and the same is hereby transferred from the appropriation made to the Department of Education for the year 1898, entitled Boroughs of Manhattan and The Bronx, Incidental Expenses, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Department for the same year, entitled and as follows: Boroughs of Manhattan and The Bronx, General School Fund...... Borough of Queens, General School Fund.....

\$2 08

-the amounts of said appropriations being insufficient.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond-16.

The Secretary presented the following communication from the Commissioner of Street Cleaning, requesting the issue of \$275,000 Revenue Bonds to provide means for the removal of snow and ice in the boroughs of Manhattan, The Bronx and Brooklyn:

DEPARTMENT OF STREET CLEANING, NEW YORK, February 13. 1906.

SIR—I have to request that, in accordance with the provisions of section 546 of the Greater New York Charter, the Comptroller be authorized and directed to issue Revenue Bonds of The City of New York to the amount of two hundred and seventy-five thousand dollars (\$275,000), the proceeds thereof to be used for the removal of snow and ice for the year 1906, and in order to pay the liabilities that have been incurred by this Department for that purpose in the boroughs of Manhattan, The Bronx and Brooklyn. Hon. George B. McClellan, Mayor, Chairman Board of Estimate and Apportionment:

The reason for this request for the direct issue of bonds is that it will do away with the transferring of moneys from one account to the other, and the replenishment of the same by the issue of bonds later on.

Respectfully,
JOHN McG. WOODBURY, Commissioner.

The following resolution was offered:

Resolved, That, for the purpose of providing means for the removal of snow and ice in the boroughs of Manhattan, The Bronx and Brooklyn, the Comptroller be and is hereby authorized, pursuant to the provisions of section 546 of the Greater New York Charter, to issue Revenue Bonds of The City of New York to the amount of two hundred and seventy-five thousand dollars (\$275,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond-16.

The Secretary presented the following communication from the Committee of the Justices of the Court of Special Sessions, Second Division, and report of the Investigations Division, Department of Finance, relative to the creation of the position of Female Probation Officer in the Court of Special Sessions, Second Division, with salary at the rate of \$1,200 per annum:

CITY OF NEW YORK-DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, February 13, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—In the matter of the application of the Justices of the Court of Special Sessions, Second Division, to the Board of Estimate and Apportionment to establish the position of Female Probation Officer for that court, at \$1,200 per annum, referred by you to the Investigations Division for examination, I beg to report as follows:

Under the provisions of chapter 382, Laws of 1902, the employment of a Female Probation Officer by the Court of Special Sessions, First Division, was authorized, "by

Under the provisions of chapter 382, Laws of 1902, the employment of a Female Probation Officer by the Court of Special Sessions, First Division, was authorized, "by and with the consent and concurrence of the Board of Estimate and Apportionment." There is one so employed at a salary of \$1,200.

In the event of the establishment of the position of Female Probation Officer at a salary of \$1,200, for the Court of Special Sessions, Second Division, the position, your Examiner is informed by a representative of the Civil Service Commission, would have to be filled in accordance with the Civil Service rules. As an examination for Probation Officers has recently been held, an available list will be ready in the near future. Chapter 508 of the Laws of 1904, which amends the Code of Civil Procedure, provides that the Board of Estimate and Apportionment "may, in their discretion, determine whether women appointed to act as Probation Officers not detailed from other branches of the public service, shall receive a salary, and if they shall so determine they may fix the amount thereof and provide for its payment."

As a measure of the probable need of such an employee attached to the Court of Special Sessions, Second Division, I beg to call your attention to the duties which have since May 12, 1905, been performed in such court without pay by Miss Frances E.

ince May 12, 1905, been performed in such court without pay by Miss Frances E. Leitch.

Miss Leitch received her appointment under the authority of section 707, subdivision 6 of the Charter of Greater New York, which empowers Courts of Special Sessions to appoint either men or women to serve as Probation Officers, and as many as the courts may deem necessary "to serve during the pleasure of the court appointing them

She attends the sessions of the court every Monday, Wednesday and Friday, and also visits the jail during the afternoons of those days. On Tuesdays, Thursdays and Saturdays she visits the jail and interviews prisoners awaiting trial. At other times during the week she investigates cases referred to her, verifies statements made by prisoners awaiting trial and those convicted, and of those whose sentences have been suspended. The officers of the Society of St. Vincent de Paul, with which Miss Leitch is connected while certifying to her diligence, carefulness and aptitude in the performances of her duties as Probation Officer, join with the Justices in emphasizing the

need of continuing this work in that court.

It is therefore recommended that the Board of Estimate and Apportionment make provision for the employment of a Female Probation Officer for the Court of Special Sessions, Second Division, at an annual salary of \$1,200.

Respectfully yours, CHARLES S. HERVEY, Auditor of Accounts, Investigations Division.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Female Probation Officer in the Court of Special Sessions, Second Division, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said position be fixed at the rate of twelve hundred dollars (\$1,200) per annum.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and

The Secretary presented the following communication from the Comptroller and report of the Investigations Division, Department of Finance, approved by the Select Committee, to whom was referred on February 2, 1906, the matter of establishing an additional grade of the position of Inspector of Regulating, Grading and Paving in the Department of Finance, with salary at the rate of \$1,050 per annum:

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, January 19, 1906.

Board of Estimate and Apportionment:

Gentlemen—Request is hereby made that the Board of Estimate and Apportionment recommend to the Board of Aldermen, in accordance with section 56 of the Greater New York Charter, that an additional salary be established in the Department of Finance for the position of Inspector of Regulating, Grading and Paving, at \$1,050 per annum.

At present the lowest salary in this Department fixed for the position mentioned

Respectfully, H. A. METZ, Comptroller.

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, February 13, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Examination has been made in the matter of the request of the Comptroller, now awaiting approval by the Board of Estimate and Apportionment, for the establishment of an additional grade in the position of Inspector of Regulating, Grading and Paving in the Department of Finance, with salary at the rate of \$1,050 per annum, and

Paving in the Department of Finance, with salary at the rate of \$1,050 per annum, and the following report is respectfully submitted:

It appears that there are now three grades for Inspector of Regulating, Grading and Paving in the Department of Finance, namely, \$1,200, \$1,350 and \$1,500 per annum. It is desired to establish a grade for this position at \$1,050, so that additions to the force of said Inspectors may be made when the demands of the service require, at the rate of compensation corresponding with the minimum salary now allowed Examiners and Inspectors in the same Department and rendering services of a similar character to those in the positions now under consideration.

I would respectfully recommend the approval by the Board of Estimate and Apportionment of said request.

Respectfully.

Respectfully, CHARLES S. HERVEY, Auditor of Accounts, Investigations Division.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Inspector of Regulating, Grading and Paving in the Department of Finance, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of ten hundred and fifty dollars (\$1,050) per annum.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond-16.

The Secretary presented the following communication from the Comptroller and report of the Investigations Division, Department of Finance, approved by the Select Committee to whom was referred on February 2, 1906, the matter of establishing an additional grade of the position of Deputy Auditor of Accounts, in the Department of Finance, with salary at the rate of \$3,000 per annum:

> CITY OF NEW YORK-DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, January 30, 1906.

To the Board of Estimate and Apportionment:

GENTLEMEN—Request is hereby made that the Board of Estimate and Apportionment recommend to the Board of Aldermen, in accordance with section 56 of the Greater New York Charter, that a salary for the position of Deputy Auditor of Accounts, in the Department of Finance, be established at \$3,000 per annum.

The highest salary at present established for the position mentioned is \$2,500, and it is with a view of making the salary commensurate with the responsible duties of the position that this request is made.

Respectfully, H. A. METZ, Comptroller.

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, February 14, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The request of the Comptroller that the salary for the position of Deputy Auditor of Accounts in the Department of Finance be fixed at the rate of \$3,000 per annum, which was referred by the Board of Estimate and Apportionment to the Comptroller and the President of the Board of Aldermen for consideration and report, having been submitted to the Investigations Division, I beg to report as follows:

There are at present three positions in the Department of Finance designated as Deputy Auditor of Accounts, two at a salary of \$2,500 per annum and one at a salary of \$2,100 per annum. The duties of Deputy Auditors, as defined in section 151 of the Charter, are to take the place and perform the duties and exercise the powers of any or all of the Auditors who may be absent on account of illness or other causes, when

or all of the Auditors who may be absent on account of illness or other causes, when and to the extent he or they may be authorized so to do in writing by the Comptroller. The three Deputy Auditors of Accounts now in the Department are all assigned to

The three Deputy Auditors of Accounts now in the Department are all assigned to important parts of the work of passing upon claims against the City, one being attached to the Division of Law and Adjustment, one in charge of the contract certifications, liens, etc., and the other acting as principal assistant to the Chief Auditor of Accounts. All three of these men are reported to be most capable and efficient officials.

The Comptroller asks that the additional grade of \$3,000 be established so that the men now holding the positions may, when their record and services merit it, be advanced to the higher grade, as may now be done with Inspectors, Examiners, Auditors and other classes of employees of the Department of Finance.

I would therefore recommend that the Board of Estimate and Apportionment be requested to approve the application of the Comptroller fixing the salary of the position

requested to approve the application of the Comptroller fixing the salary of the position of Deputy Auditor of Accounts in the Department of Finance at the rate of \$3,000 per

Respectfully, CHARLES S. HERVEY, Auditor of Accounts, Investigations Division.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Deputy Auditor of Accounts in the Department of Finance, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of three thousand dollars (\$3,000)

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and

There was presented the following communication from the Secretary of the Board of Estimate and Apportionment and report of the Investigations Division, Department of Finance, approved by the Select Committee to whom was referred on February 2, 1906, the matter of establishing the position of Law Clerk in the office of the Board of Estimate and Apportionment, with salaries at the rates of \$1,200, 1,350 and \$1,500 per annum:

Board of Estimate and Apportionment, Office of the Secretary, Room 79, No. 280 Broadway, January 16, 1906.

Hon. GEORGE B. McClellan, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir-I submit herewith resolution for adoption by the Board, fixing the grades of Law Clerk in the Board of Estimate and Apportionment at salaries of \$1,200, \$1,350 and \$1,500 per annum. These grades are established in the Department of Finance and employees of the Bureau of Franchises prior to the transfer of the said Bureau to the Board of Estimate and Apportionment, occupied the same. It is therefore desirable that the same grades be established in the Board of Estimate and Apportionment, in order that the staff of the said Bureau may be filled.

Respectfully

Respectfully; JOSEPH HAAG, Secretary.

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, February 14, 1906.

Hon. HERMAN A. METZ, Compiroller:

SIR-Examination has been made in the matter of the request of the Secretary

SIR—Examination has been made in the matter of the request of the Secretary of the Board of Estimate and Apportionment for the establishment of the position of Law Clerk in the office of said Board, with salaries at the rate of \$1,200, \$1,350 and \$1,500 per annum, and the following report is respectfully submitted:

There is at the present time no grade of the position of Law Clerk established under the jurisdiction of the Board of Estimate and Apportionment as a Board. When, at the close of the year 1905, certain employees of the Department of Finance, comprising what was then the Bureau of Franchises of said Department, were transferred to the Board of Estimate and Apportionment to constitute a Bureau of Franchises for said Board, the titles of these employees fitted with designations and grades already made for employees of the Board of Estimate and Apportionment, except in the matter of Law Clerks. Apparently to permit the transfer of John Loew (formerly a Law Clerk in the Department of Finance assigned to the Franchise Bureau) to the Board of Estimate and Apportionment, the title of said Loew, as shown by the records of the Department of Finance, was changed from that of Law Clerk to that of Clerk on December 30, 1905, and he was transferred to the Board of Estimate and Apportionment office staff under that title at a salary of \$1,050. In the instance of another Law Clerk of the Department of Finance, assigned to the of Estimate and Apportionment office staff under that title at a salary of \$1,050. In the instance of another Law Clerk of the Department of Finance, assigned to the work of the Franchise Bureau at a salary of \$1,200, it appears that his title was not changed, but that, though still an employee of the Finance Department and on the pay-rolls of this Department, he has since the first of the year been detailed to work in the Franchise Bureau of the Board of Estimate and Apportionment.

Mr. Loew, in a communication to the Comptroller, states that his present employment under the title of Clerk is a hardship and would prevent his future transfer to another department as Law Clerk if opportunity offered. Should the position of Law Clerk be created for the Board of Estimate and Apportionment at \$1,500 it would permit his return to his original title, which, as noted, was changed to that of Clerk, as your Examiner assumes, to permit his transfer to the Board of Estimate and Apportionment.

Acquiesence in the request of the Secretary of the Board of Estimate

and Apportionment.

Acquiesence in the request of the Secretary of the Board of Estimate and Apportionment will, of course, operate in the office of the Board of Estimate and Apportionment towards the multiplication of minor clerical positions similar in character to positions in departments over which the members of the Board individually preside. But as the present instance has some special features, namely, that the work of the Franchise Bureau will undoubtedly be interfered with in case of non-action, and as the request also would seem to be in the interest of two employees of the City who, because of their training in the work of franchise investigation in the Department of Finance, are especially desired for the work of the Franchise Bureau of the Board of Estimate and Apportionment and cannot be so employed under present conditions without detriment to their future prospects, I would respectfully recommend that the request of the Secretary of the Board of Estimate and Apportionment be granted. tionment be granted.

Respectfully,
CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Law Clerk in the office of the said Board and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of said position be fixed at the rates of twelve hundred dollars (\$1,200), thirteen hundred and fifty dollars (\$1,350) and fifteen hundred dollars (\$1,500) per annum.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond-16.

The Secretary presented the following communication from the Commissioner of Water Supply, Gas and Electricity, and report of the Investigations Division, Department of Finance, approved by the Select Committee to whom was referred on February 2, 1906, the matter of establishing the grade of the position of Stenographer and Typewriter in the Department of Water Supply, Gas and Electricity, with salary at the rate of \$1,800 per annum:

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY, COMMISSIONER'S OFFICE, Nos. 13 to 21 PARK Row, CITY OF NEW YORK, January 23, 1906.

Mr. Joseph Haag, Secretary, Board of Estimate and Apportionment, No. 280 Broadway, Manhattan:

Dear Sir—I desire to increase the salary of George M. Demm, employed as a Stenographer in this Department, Borough of Brooklyn, from \$1,200 to \$1,800 per annum. He has been employed for the past eleven years in his present position and has been untiring in the performance of his duties, irrespective of the hour, and during his long term of service has uniformly given the greatest satisfaction.

His efficiency, reliability and thorough familiarity with the records under his care render his services of the utmost value. Chief Engineer I. M. de Varona, in whose office Mr. Demm is employed, states: "It is no exaggeration to say that two new men would not do the work that Mr. Demm does alone. The pay that he receives and has been receiving for some time is utterly inadequate compensation for the service he renders." the service he renders.

He has successfully passed the Civil Service examination for Court Stenographer and is now eligible for \$2,000 per annum.

As an incentive to him to remain in the service of this Department I most respectfully recommend your approval of this application. Copy of resolution for adoption by your Board is herewith inclosed.

Very truly yours,

WILLIAM B. ELLISON, Commissioner.

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, February 13, 1906.

Hon. HERMAN A. METZ, Comptroller:

Hon. Herman A. Metz, Comptroller:

Sir—In regard to the communication of the Commissioner of Water Supply, Gas and Electricity, dated January 23, 1906, requesting that the Board of Estimate and Apportionment approve the establishment of the grade of Stenographer and Typewriter at \$1,800 in said Department, to make possible an increase in the salary of George M. Demm, Stenographer, from \$1,200 to \$1,800 per annum, referred to the Investigations Division for examination, I beg to report as follows:

It was learned at the Bureau of the Chief Engineer in the Borough of Brooklyn, where Mr. Demm is employed, that an application for increase of salary of this employee was presented to the Board of Estimate and Apportionment in 1905, but that no action was taken thereon. Mr. Demm has held his present position for eleven years. During that time the work has increased so that, having no assistant, he is frequently required to work from 8 a. m. until 5, 8 or 11 p. m.

During that time the work has increased so that, having no assistant, he is frequently required to work from 8 a. m. until 5, 8 or 11 p. m.

The writing of specifications and reports involves much technical work. Mr. Demm has charge also of a very complete card index prepared by himself. His name is on three Civil Service eligible lists. He was recently called to take a position as Court Stenographer at \$2,000 per annum, but declined in the expectation of receiving an advance in his present place. A strong indorsement of Mr. Demm from Engineer de Varona is noted in the communication of the Commissioner.

According to the Civil List, no Stenographer in the Department receives above \$1,200 per annum, but in view of the large amount of work done by Mr. Demm and long hours of employment, his great efficiency and value in his present position, it is recommended that the request of the Commissioner be granted and a grade of Stenographer and Typewriter be established in said Department at \$1,800.

Respectfully,

CHARLES S. HERVEY,

Auditor of Accounts, Investigations Division.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Stenographer and Typewriter in the Department of Water Supply, Gas and Electricity, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of eighteen hundred dollars (\$1,800) per annum.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens

The Secretary presented the following communication from the Commissioner of Public Charities and report of the Investigations Division, Department of Finance, approved by the Select Committee, to whom was referred on February 2, 1906, the matter of the creation of the position of Superintendent of the Municipal Lodging House, under the jurisdiction of the Department of Public Charities, with salary at the rate of \$2,400:

DEPARTMENT OF PUBLIC CHARITIES, FOOT OF EAST TWENTY-SIXTH STREET,

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—The person to be in charge of the new Municipal Lodging House should-be placed in the same financial grade as the Superintendent of the Bureau of Dependent Children and the Superintendent of the Bureau of Dependent Adults. The salary of each of these officers is \$2,400 per annum. The present Municipal Lodging House, No. 398 First avenue, shelters during the year about 70,000 applicants. The new Municipal Lodging House, for which contract has been awarded and now in course of construction, will shelter many thousands more. The present "Investigator in Charge" has been in the Department ten years and in charge of the Municipal Lodging House eight years. He is now receiving only \$1,800 per annum. In view of the fact of the greater responsibility involved in superintending the new lodging house, I would recommend that a new title be created to be known as "Superintendent of the Municipal Lodging House," and that the salary for said position be fixed at \$2,400 per annum. NTLEMEN-The person to be in charge of the new Municipal Lodging House

Respectfully yours, ROBERT W. HEBBERD, Commissioner.

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTEDILER'S OFFICE, February 13, 1906.

HOS. HERMAN A. METZ, Comptroller:

Sur-In regard to the communication from the Commissioner of Public Charities, dated January 19, 1906, requesting that the Board of Estimate and Apportionment ap-

prove the creation of the position of Superintendent of the Municipal Lodging House, with salary of \$2,400 per annum, referred to the Investigations Division for examination, I beg to report as follows:

The position of Superintendent of the Municipal Lodging House if created would appear in the exempt class of the Civil Service with Superintendent of the Bureau of Dependent Adults in the Department of Public Charities.

A representative of the Department of Finance learned at the Department of Public Charities that the former Commissioner recommended the advance of salary of the

A representative of the Department of Finance learned at the Department of Public Charities that the former Commissioner recommended the advance of salary of the "Investigator in Charge" from \$1,800 to \$2,400 per annum. The present Commissioner recommends the creation of the position of Superintendent of the Municipal Lodging House, to take the place of the Investigator in Charge, with salary of \$2,400. The present "Investigator in Charge" has been in the Department ten years and in charge of the Municipal Lodging House for eight years.

It appears that the duties of a man in charge of the lodging house are of a peculiarly delicate character, and require the exercise of excellent judgment and tact. The responsibilities increase with each succeeding year. The Superintendent supervises the sheltering, feeding, bathing, and fumigating of clothing of this homeless army of men, women and children. Much of the work is technical, such as sorting from among the many inmates those who have been proven by investigation and the records to be vagrants and sending them before a Magistrate for commitment to the workhouse or penitentiary. Others are sent to the Bureau of Dependent Adults, the women and children being forwarded to the Bureau of Dependent Children. Care is taken that no injustice is done these unfortunates in sending them to court as vagrants, etc.

children being forwarded to the Bureau of Dependent Children. Care is taken that no injustice is done these unfortunates in sending them to court as vagrants, etc.

It appears that the present Investigator in Charge enjoys the confidence of all the prominent charitable organizations of the City, and also that during his entire term of service he has not availed himself of the privilege of a vacation.

It is respectfully recommended that the request of the Commissioner of Public Charities for the creation of the position of Superintendent of the Municipal Lodging House be granted and that the salary be placed at \$2,400 per annum.

Respectfully,

CHARLES S. HERVEY,

Auditor of Accounts, Investigations, Division.

Auditor of Accounts, Investigations Division.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Superintendent of the Municipal Lodging House under the jurisdiction of the Department of Public Charities, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said position be fixed at the rate of twenty-four hundred dollars (\$2,400) per annum.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond-16.

The Secretary presented the following communication from the Keepers of the Department of Correction, and report of the Investigations Division, Department of Finance, relative to the grading of the salaries of the Keepers in the Department of Correction:

To His Honor the Mayor and Members of the Board of Estimate and Apportionment: GENTLEMEN—We, the Keepers of the Department of Correction, with the fullest sense of appreciation of the fact of being honored with the privilege of presenting to your Honorable Body for your consideration the following schedules of grades of salaries in our earnest advocacy of kind approval of same:

In grading the salaries as advocated in our demands and proposed by our Commissioner, the Hon. Francis J. Lantry, we wish to again call attention to his appeal and refer you to the copy from the printed formula, as proposed by the Commissioner of Correction, to wit:

DEPARTMENT OF CORRECTION OF THE CITY OF NEW YORK, COMMISSIONER'S OFFICE, No. 148 EAST TWENTIETH STREET, New York, August 21, 1905

Hon. George B. McClellan, Mayor, and Chairman of the Board of Estimate and Apportionment:

DEAR SIR—I beg to transmit herewith an estimate of expenses of the Department of Correction, Boroughs of Manhattan and Brooklyn, for the year 1906.

In this estimate the salaries of Keepers have been graded according to length of service in the Department, as follows:

Under one year's service.

\$800 00

Under two years and over one year's service.
Under three years and over two years' service.
Under four years and over three years' service.
Over four years' service. 1,000 00

The considerations which have led me to make the request for these changes in the salaries of Keepers are the greatly increased cost of living, rentals, food supplies, etc.; the long hours of service and the nature of duties which Keepers are called upon to perform, and lastly the element of personal danger which their work necessarily involves. Added to this, and to my mind a most important point, the fact that higher salaries are paid to those occupying parallel or similar positions in other departments. A careful comparison of figures will prove the truth of this assertion, and the justice of my claim for increased compensation for these deserving men.

We therefore, gentlemen, come before you, as suggested at a public hearing before his Honor the Mayor, to give our humble and honest appeal for the betterment of ourselves and ours. Your kind approval.

Very respectfully,

(Signed) .FRANCIS J. LANTRY, Commissioner.
THE PRISON KEEPERS OF THE CITY OF NEW YORK.

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, February 13, 1906.

Hon. HERMAN A. METZ, Comptroller:

STR—In the matter of a petition of the Prison Keepers of the Department of Correction of The City of New York that their salaries be graded according to the length of service, and referred to the Investigations Division for examination, I beg to report as follows:

The petitioners ask that their salaries be graded as follows: Under one year's service
Under two and over one year's service \$800 00 Under three and over two years' service 1.000 00 Under four and over three years' service..... 1,100 00 Over four years' service

An examination of the Civil List of January 31, 1906, shows the number of Keepers employed in the Department of Correction on that date to be 188, with salaries ranging from \$800 to \$1,200 per annum, divided as follows:

79 at \$800 each, total paid. \$63,200 00
40 at \$900 each, total paid. 44,100 00
54 at \$1,000 each, total paid. 54,000 00
6 at \$1,200 each, total paid. 7,200 00

Examination as to length of service shows the following:

oyed between two and three years

2086	THE	CITY
Employed between three and four year Employed over four years	5	I
Total		188
Applying the automatic scale of watto the periods of service as noted, the at on February 13, 1906, would be as follows: 22 Keepers would receive, at \$800 each 4 Keepers would receive, at \$1,000 of 1 Keeper would receive, at \$1,000 of 1 Keeper would receive, at \$1,200 each 150 Keepers would receive.	mount paid for salaries in the difforms:	the Keepers erent grades \$17,600 00 3,600 00 11,000 00 180,000 00
		180,000 00
188 Keepers	List	\$213,300 00 168,500 00
Increase, if petition were ad	lopted	\$44,800 00
An analysis of this increase of \$44,80 be made up as follows:	to in amount of pay-roll shows the	Total
4 Keepers increased from \$800 to \$900 11 Keepers increased from \$800 to \$1,00 1 Keeper increased from \$800 to \$1,100 41 Keepers increased from \$900 to \$1,2 54 Keepers increased from \$1,000 to \$	100)	\$400 00 2,200 00 300 00 16,400 00 14,700 00 10,800 00
28 Keepers not affected		
188 Keepers, total increase		\$44,800 00
Of the above 28 Keepers not affecte each per annum, the maximum salary, a year.	nd 22 have been in the service le	time \$1,200 ss than one

each per annum, the maximum salary, and 22 have been in the service less than one year.

In addition to the increase of \$44,800, there would be increases during the year 1906 among the 38 Keepers who have served less than four years at the present time, for the reason that at some time during the year they will enter a new grade because of the increase in their period of service. This increase would approximate \$1,500, making the total amount required to inaugurate the graded system and pay the salaries of the Keepers for 1906 approximately \$46,300.

The request embodied in the petition of the Prison Keepers is the same as was made by Commissioner Lantry, of the Department of Correction, in his departmental estimate for 1906, which was not granted by the Board of Estimate and Apportionment in making appropriations for the present year. The approval of the petition would render necessary the issue of Special Revenue Bonds to the amount of \$46,300, approximately, the amount required over and above the Budget allowance made to the Department of Correction for the payment of salaries in 1906.

The proposition to pay the Keepers according to their length of service is, in the main, a fair one, but the petition submitted would seem to make it compulsory for the Commissioner to advance a Keeper's salary simply because he passed from one period of service to another, without any consideration as to the manner in which the Keeper may have performed the duties of his position. No advance should be made in any salary without the approval of the Commissioner. The mere passing from one service period to another should not be the sole ground on which the advance is based. A Keeper's qualifications for his position, the manner in which the performs his work, should be considered in connection with length of service.

As an alternative proposition for that of the Keepers, the following is submitted. It decreases the number of grades, but lengthens the periods of service, as follows:

Per Year.

Under two years' service........

Under two years' service	\$800 00
Under four and over two years' service	900 00
Under six and over four years' service	1,050 00
Over six years' service	1,200 00
The second sold for solveing in the Hillians and on Echanom to	

Over six years' service	1,200 0
The amount paid for salaries in the different grades on February 13, It	1906, under
26 would receive \$800 each	\$20,800 00
12 would receive \$900 each	10,800 00
18 would receive \$1,050 each	18,900 00
132 would receive \$1,200 each	158,400 00
188	\$208,000 00
	,200,900 0
Pay-roll January 31, 1906.	168,500 00
Increase if alternative proposition were adopted	\$40,400 00

To this amount, \$40,400, should be added \$650, the approximate amount required to pay for increases among those Keepers who will pass from one service period to another during 1906, making the total amount required to inaugurate the graded system under the alternative proposition and pay the salaries of the Keepers for 1906, \$41,000 over and above the Budget allowance made to the Department of Correction for the payment of salaries in 1906.

Commissioner Lantry, of the Department of Correction, strongly advocates the adoption of a graded system for the payment of the Keepers in his Department. Keepers are on duty at all times, Sundays and holidays included; the hours of service are long, being from seventy to ninety hours a week. Their work is dangerous and they are liable at all times to meet with injury at the hands of those who are under their charge, and a number have been injured in the discharge of their duties.

The Legislature of the State of New York on two occasions has acted favorably upon bills authorizing the payment of Keepers upon a graded system, but in both instances the bills were vetoed by the Mayor of The City of New York on the ground that they were contrary to the principle of home rule.

I therefore respectfully recommend the adoption of the alternative proposition submitted, with the understanding that no increase in salary shall become operative until it has received the approval of the Commissioner.

If said alternative proposition is approved by the Board of Estimate and Apportionment and by the Board of Aldermen, it will then be necessary, before the proposed increases become operative, for the Commissioner of Correction to apply to the Board of Aldermen and the Board of Estimate and Apportionment for the authorization of an issue of Revenue Bonds to meet the increases in salaries caused thereby. It is not

of Aldermen and the Board of Estimate and Apportionment for the authorization of an issue of Revenue Bonds to meet the increases in salaries caused thereby. It is not probable that these preliminaries can be completed before the first of April, and the cost of the increases for the remainder of the year beginning on April 1, 1906, would be approximately \$40,000.

I would respectfully recommend the adoption of the resolution attached to this report relating to the petition of the Keepers of the Department of Correction for the grading of their salaries.

Respectfully yours, CHARLES S. HERVEY, Auditor of Accounts, Investigations Division.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of the position of Keeper in the Department of Correction be fixed at the following rates:

Section 1998 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1	Per Annum.
Under two years' service	\$800 00
Under four and ever two years' service	900 00
Under six and over four years' service	1,050 00
Over six years' service	1,200 00

Provided, however, that no increase of salary under this resolution shall become operative without the approval of the Commissioner of Correction of The City of New

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and

The Secretary presented the following communication from the Commissioner of the Fire Department and report of the Investigations Division, Department of Finance, approved by the Select Committee, to whom was referred on February 2, 1906, the matter of establishing the position of Electrician in the Fire Department, with compensation at the rate of \$4.50 per diem:

FIRE DEPARTMENT—CITY OF NEW YORK, Nos. 157 and 159 East Sixty-seventh Street, Borough of Manhattan, January 19, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Board of Estimate and Apportionment, City Hall, New York:

SIR—In the new Repair Shops Building, erected at the northeast corner of Twelfth avenue and Fifty-sixth street, Manhattan, into occupancy of which this Department entered on the 1st inst., there have been installed ten electric motors; and in recommending the employment of an Electrician in connection with their operation, care and maintenance, the officer in charge of Repair Shops reported to me, under date of the 3d inst., as follows:

"There are in service the following electric motors:
"One 35 horse-power on elevator.
"One 25 horse-power on elevator.

"Four 20 horse-power on machine and woodshop.
"Two 5 horse-power on wood and smith shop.
"One 3½ horse-power on wood shop.

"One 3½ horse-power on wood shop.

"One 15 horse-power on smith shop.

"Our mechanics are inexperienced in electrical work. The number of motors in use and the large amount of electrical wiring in the shop for motors, rheostats, electric lighting, telephones and gongs, makes an Electrician, to care for the electric installation, a necessity. The position is an important one and an incumbent should have ample experience in motors and wiring."

The position of Electrician does not exist in this Department, and therefore, in order to permit of this addition to the working force at the Repair Shops, I have the honor to request that, pursuant to the provisions of section 56 of the Greater New York Charter, the Board of Estimate and Apportionment approve of the establishment of the position of Electrician in this Department, and recommend to the Board of Aldermen the fixing of the salary or compensation thereof, at the rate of four dollars and fifty cents (\$4.50) per diem.

Respectfully,

Respectfully, JOHN H. O'BRIEN, Commissioner.

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, February 13, 1906.

Hon. HERMAN A. METZ, Comptroller:

Hon. Herman A. Metz, Comptroller:

Sir—In regard to the communication from the Fire Commissioner, addressed to his Honor the Mayor under date of January 19, 1906, requesting that the Board of Estimate and Apportionment approve of the establishment of the position of Electrician in the Fire Department, and recommend to the Board of Aldermen the fixing of the compensation thereof at the rate of \$4.50 per diem, which was referred to the Investigations Division for examination, I beg to report as follows:

The position of Electrician appears among the ungraded positions in the competitive class of the Civil Service. It was learned at the Headquarters of the Fire Department that in the new Repair Shops Building ten electric motors have been installed; that the other mechanics are inexperienced in electrical work; that the number of motors in use and the large amount of electrical wiring in the shop for motors, rheostats, electric lighting, telephones and gongs made an Electrician, to care for the electric installation, a necessity.

Additional reasons for the creation of the position of Electrician in the Department

Additional reasons for the creation of the position of Electrician in the Department are given in the communication from the Fire Commissioner, making the said request. The prevailing rate of wages for electricians appears to be \$4.50 per diem.

It is respectfully recommended that the request of the Fire Commissioner for the creation of the position of Electrician in the Fire Department at the compensation of \$4.50 per diem be granted.

Respectfully,
CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Electrician in the Fire Department, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said position be fixed at the rate of four dollars and fifty cents (\$4.50) per diem.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Department of Docks and Ferries, requesting the establishment of an additional grade of Draughtsman at \$2,100 per annum, and report of the Investigations Division, Department of Finance, approved by the Select Committee to whom the matter was referred on February 2, 1906:

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," NORTH RIVER, PIER "A," NORTH RIVER, NEW YORK, January 18, 1906.

Board of Estimate and Apportionment, Joseph HAAG, Secreta

Gentlemen—Referring to your communication of the 15th inst., I would respectfully request that you recommend to the Board of Aldermen the establishment of an additional grade in the position of Draughtsman in this Department at \$2,100 per annum

As stated in our communication of December 18, 1905, to the Board of Estimate and Apportionment, there have heretofore been established grades of \$1,200, \$1,400, \$1,600 and \$1,800 per annum. Experience has shown that the maximum rate of \$1,800 per annum has often proved inadequate, with the result that when a man had become thoroughly experienced in the work of the Department and his services became very valuable, he would leave to accept a position with some private concern at a higher compensation. The request for the establishment of the additional grade is for the purpose of overcoming this difficulty.

Yours respectfully, J. A. BENSEL, Commissioner.

CITY OF NEW YORK-DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, February 13,-1906.

Hon. HERMAN A. METZ, Comptroller:

SIR-In regard to the communication of the Department of Docks and Ferries, dated January 18, 1906, requesting that the Board of Estimate and Apportionment establish in that department an additional grade of Draughtsman at \$2,100 per amum, referred to the Investigations Division for examination, I beg to report as

The Civil List shows that in the City departments the majority of Draughtsmen receive \$1,500 a year or less, a good percentage receiving as much as \$1,800 a year or more. Following are the highest rates paid to Draughtsmen in the various

Aqueduct Commission	\$1,800 00
Department of Bridges	1,800 00
Department of Public Charities	1,350 00
Department of Docks	1,800 00
Department of Education	2,000 00
President, Borough of Manhattan	1,950 00
President, Borough of The Bronx	1,950 00
President, Borough of Brooklyn	1,800 00
President, Borough of Queens	1,800 00
President, Borough of Richmond	2,000 00
Rapid Transit Railroad Commission	2,100 00
Department of Water Supply, Gas and Electricity	2,000 00
_	

The Secretary of the Department of Docks and Ferries stated to a representative of the Department of Finance that the establishment of the new municipal ferry and the growth of other important work had emphasized the necessity for first-class Draughtsmen in the department. From time to time valuable men threaten to resign on account of more liberal inducements offered by other City departments or by

It is not proposed at present to advance the salary of any Draughtsman to \$2,100, but it is desired to have a grade fixed at that rate in order to be prepared for an emergency. In case a Draughtsman is offered an advance above the present maximum salary of \$1,800 the department will be in a position, if necessary, to increase the salary to \$2,100 and retain a competent man.

It appears that Draughtsmen who excel in their line are in demand by private concerns, and that when a man has become experienced and his services valuable in a City department, he is frequently persuaded to leave and accept a place outside at a higher compensation. This has been the experience of more than one department of the City Government.

It is therefore respectfully recommended that the request of the Commissioner of Docks and Ferries for the establishment of an additional grade of Draughtsman at a salary of \$2,100 per annum be granted.

Respectfully CHARLES S. HERVEY, Auditor of Accounts, Investigations Division.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Draughtsman in the Department of Docks and Ferries, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of twenty-one hundred dollars (\$2,100) per annum.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens

The Secretary presented a report of the Investigations Division, Department of Finance, approved by the Select Committee to whom the matter was referred on February 2, 1906, in relation to the request of the President of the Borough of Richmond for the fixing of the salaries of the position of Statistician in his office at \$1,200 and \$1,500 per annum.

Referred back to Select Committee, consisting of the Comptroller and President of

the Board of Aldermen.

The Secretary presented a report of the Investigations Division, Department of Finance, approved by the Select Committee, to whom the matter was referred on February 2, 1906, relative to the request of the Deputy Chamberlain for the fixing of the salaries of certain positions in his office.

Placed on file.

The Secretary presented the following resolution from the President of the Borough of Queens, requesting the establishment of the grade of District Superintendent in the Bureau of Street Cleaning under his jurisdiction at \$1,800 per annum, and report of the Investigations Division, Department of Finance, recommending the establishment of an additional grade of the position of Section Foreman in said Bureau at \$1,500 per annum, approved by the Select Committee to whom the resolution was referred on February 2, 1906:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, the establishment of the grade of District Superintendent in the Bureau of Street Cleaning, under the jurisdiction of the President of the Borough of Queens, at a compensation of eighteen hundred dollars (\$1,800) per annum.

CITY OF NEW YORK-DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, February 14, 1906.

Hon. HERMAN A. METZ, Comptroller:

Hom. Herman A. Metz, Comptroller:

Sir.—In regard to the resolution of the President of the Borough of Queens, presented at a meeting of the Board of Estimate and Apportionment, held February 2, 1906, relative to the establishment of the position of District Superintendent in the Bureau of Street Cleaning at a salary of \$1,800 per annum, which matter was referred to the Investigations Division for examination, I beg to report as follows:

The Superintendent of Street Cleaning in said borough states that Alfred Williams, Section Foreman (the employee whom it was intended to appoint to this new position), has been in the Bureau since consolidation. His salary at present is \$1,200 a year. He has charge of the Foremen, and, in the absence of the Superintendent, takes his place. It is stated that Mr. Williams is entirely familiar with the great territory of the Borough of Queens, and may at all times be depended upon to attend to his duties. He has been practically assistant superintendent. It is intended to reward a faithful and competent employee and to give the Superintendent the assistance necessary to properly look after the streets of Queens Borough.

In order to avoid the creation of new positions, unless absolutely necessary, and at the same time permit the Borough President to properly compensate a faithful employee, it is recommended that the Board of Estimate and Apportionment approve the establishment of a new grade of Section Foreman at a salary of \$1,500 per annum.

Respectfully,

Respectfully,
CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Section Foreman in the Bureau of Street Cleaning, under the jurisdiction of the President of the Borough of Queens, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of fifteen hundred dollars (\$1,500) per annum.

Which was adopted by the following vote:

Affirmative-The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond-16.

By unanimous consent, the Board then proceeded to the consideration of public improvement matters.

The Board adjourned, to meet Friday, February 23, 1906. JOSEPH HAAG, Secretary.

DEPARTMENT OF PUBLIC CHARITIES.

REPORT FOR WEEK ENDING FEBRUARY 17, 1906.

APPROVED PAPERS.

FOR THE WEEK ENDING MARCH 3, 1906.

Resolved, That upon the annexed request of the Police Commissioner, the Board of Estimate and Apportionment be and hereby is requested, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of forty thousand dollars (\$40,000), the proceeds whereof shall be applied to the benefit of the Police Department in the following manner: Thirty thousand dollars (\$30,000) to be applied to the appropriation entitled Supplies for Police, and ten thousand dollars (\$10,000) to the appropriation entitled Police Station-houses, Alterations, Fitting Up, etc.

Adopted by the Board of Aldermen, February 14, 1906.

Received from His Honor the, Mayor, February 28, 1906, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 104.

Resolved, That the Board of Estimate and Apportionment be and hereby is requested, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of one hundred and sixty-one thousand five hundred and twenty-six dollars and sixty-eight cents (\$161,526.68), the proceeds whereof shall be so applied as to enable the Police Department to pay:

1. For the actual difference between the appropriation allowed for the year 1906 and the amount required to pay the Police Force actually employed, as appears by the statement of the number in the several grades, respectively, of the Police Force on January 1, 1906, including the Police Commissioner and the Deputy Police Commissioners and the mandatory advance in salaries of Patrolmen... \$143,381 85

2. For the actual difference between the appropriation allowed for the year 1906 and the amount required to pay the clerical force and employees of the Police Department, as appears by the schedule of employees actually upon the pay-roll of the Department, and of vacancies and proposed positions to be filled.......

18,144 83

\$161,526 68

Adopted by the Board of Aldermen, February 14, 1906. Received from His Honor the Mayor, February 28, 1906, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 105.

Resolved, That the Board of Estimate and Apportionment be and hereby is requested, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of thirty-five thousand dollars (\$35,000), the proceeds whereof shall be applied to meet the expense of the proposed increase in the working force of the Bureau of Buildings in the Borough of Brooklyn, as set forth in the hereto annexed communication from the President of the Borough.

Adopted by the Board of Aldermen, February 14, 1906.

Received from His Honor the Mayor, February 28, 1906, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

Resolved, That pursuant to subdivision 8 of section 188 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds in the amount of ten thousand dollars (\$10,000) for the purpose of defraying the cost of completing the electrical wiring system in the Criminal Court Building, Borough of Manhattan.

Adopted by the Board of Aldermen, February 14, 1906.

Received from His Honor the Mayor, February 28, 1906, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

AN ORDINANCE authorizing the construction of a municipal public building in the Borough of Manhattan.

Borough of Manhattan.

Be it Ordained by the Board of Aldermen of The City of New York as follows: Pursuant to the provision of section 47 of the Greater New York Charter, the construction of a public building and the acquisition of a site therefor for the housing of the several departments of the City Government at present located in the Borough of Manhattan, and for which rent is being paid by The City of New York to private owners, is hereby authorized.

Adopted by the Board of Aldermen, February 14, 1906.

Received from his Honor the Mayor, February 28, 1906, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 108.

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, as amended by chapter 24 of the Laws of 1905, for the purpose of providing means for the compensation of additional mechanics and other necessary employees at the new Repair Shops of the Fire Department, and to meet the estimated deficiency in the present pay-roll of said Repair Shops for the current year, as set forth in the communication of the Commissioner of said Department, dated January 15, 1906, the Board of Aldermen hereby requests the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to an amount not exceeding thirty-one thousand dollars (\$31,000).

Adopted by the Board of Aldermen, February 14, 1906.

Received from his Honor the Mayor, February 28, 1906, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, as amended by chapter 24 of the Laws of 1905, and for the purpose of meeting the estimated deficiencies in the appropriations made to the Fire Department for the year 1906, entitled Salaries—Bureau Chief of Department Pay-roll, and Salaries—Engine and Hook and Ladder Companies Pay-rolls, as set forth in the communication of the Commissioner of said Department, dated January 19, 1906, the Board of Aldermen hereby request the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to an amount not exceeding in the aggregate one hundred and five thousand dollars (\$105,000).

Adopted by the Board of Aldermen, February 14, 1906.

Received from his Honor the Mayor, February 28, 1906, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 110.

AN ORDINANCE in relation to vehicular traffic on the Ocean parkway, in the Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section I. Hereafter it shall be unlawful to drive any vehicle over the easterly side road or bridle road of the Ocean parkway, between Prospect Park and the Coney Island Concourse, except as it may be necessary to cart or convey supplies to the residences along said easterly side road, or in case of buildings being erected fronting on said side road, when it shall be lawful to cart buildings materials thereon. In all cases, however, vehicles must enter said side road from the street nearest to said residence or house in course of construction, and must leave the same at the next following intersecting street.

Sec. 2. Any person who violates the provisions of this articles.

Sec. 2. Any person who violates the provisions of this ordinance shall be liable to a penalty of \$5 for each and every offense.

Sec. 3. All ordinances or parts of ordinances of the municipal and public corporations consolidated into The City of New York inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Adopted by the Board of Aldermen, February 14, 1906.

Received from his Honor the Mayor, February 28, 1906, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

Resolved, That permission be and the same is hereby given to storekeepers, hucksters and peddlers to stand on the sidewalk and in the carriageway near the curb, on the streets and thoroughfares of The City of New York, for the sale of their wares on account of the Jewish holidays, with the consent of the property-owners and the written permission of the Alderman of the District, provided a free passageway be kept on the sidewalk for all pedestrians and on the carriageway for all vehicles; such permission to continue only from February 15, 1906, to April 15, 1906, inclusive, and the ordinance or ordinances conflicting with the foregoing provisions are hereby suspended for the period of time above mentioned.

Adopted by the Board of Aldermen, February 14, 1906.

Received from his Honor the Mayor, February 28, 1906, without his approval or disapproval thereof; therefore, as provided in section 40 of The Greater New York Charter, the same took effect as if he had approved it.

Charter, the same took effect as if he had approved it.

No. 112.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of five hundred thousand dollars (\$500,000), to provide means for the erection of a new municipal building for the Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York as follows:
Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment December 5, 1905, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding five hundred thousand dollars (\$500,000), to provide means for the erection of a new municipal building for the Borough of Brooklyn, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding five hundred thousand dollars (\$500,000), the proceeds whereof to be applied to the purposes aforesaid."

Received in the Board of Aldermen, January 9, 1906, and referred to Committee on Finance February 20, 1906; by said Committee submitted to the Board of Aldermen in majority and minority reports as follows: Majority report was, on ayes and noes, lost.

February 21, 1906, the Board of Aldermen having failed to pass upon the proposition within six weeks after the same was received, either by an affirmative vote or by a failure of a majority of all the members of the Board of Aldermen to vote against the same, therefore, in accordance with the provisions of section 48 of the Greater New York Charter, the proposition is deemed to be passed.

York Charter, the proposition is deemed to be passed.

Dated, February 21, 1906.

Approved by the Mayor, February 28, 1906.

Approved by the Mayor, February 28, 1906.

No. 113.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of eleven thousand dollars (\$11,000) for the purpose of providing means for rebuilding a retaining wall along the westerly side of Fort Washington avenue, commencing at the point known as the "loop," and extending southerly for a distance of about 377 feet, in the Borough of Manhattan.

Be it Ordained by the Board of Aldermen of The City of New York, as follows: Section I. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment February 2, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified.

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding eleven thousand dollars (\$11,000), for the purpose of providing means for rebuilding a retaining wall along the westerly side of Fort Washington avenue, commencing at the point known as the "loop," and extending southerly for a distance of about 377 feet, in the Borough of Manhattan, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding eleven thousand dollars (\$11,000), the proceeds whereof to be applied to the purposes aforesaid."

Adopted by the Board of Aldermen, February 20, 1906.

Approved by the Mayor, February 28, 1906.

No. 114.

Resolved. That, in pursuance of subdivision 8 of section 188 of the Greater New

Resolved, That, in pursuance of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds in an amount not to exceed \$10,000, to be expended for the purpose of fitting up and equipping new offices to be occupied by the Civil Service Commission in the Barclay Building, No. 299 Broadway, and also for the purpose of rearranging the offices of the Commissioners now occupied by them in the building at No. 61 Elm street.

Adopted by the Board of Aldermen, February 20, 1906.

Approved by the Mayor. February 28, 1906.

Whereas, The Board of Estimate and Apportionment at a meeting held February 9, 1906, adopted the following resolution:

"Whereas, The Board of Estimate and Apportionment at a meeting held November 24, 1905, adopted a resolution establishing the position of Secretary to the said Board, with salary at the rate of seventy-five hundred dollars (\$7,500) per annum, and recommending to the Board of Aldermen, in accordance with the provisions of section 50 of the Greater New York Charter, that the salary of said position be fixed at said rate of seventy-five hundred dollars (\$7,500) per annum; and

"Whereas, At a meeting of the Board of Aldermen, held January 23, 1906, said resolution was referred to the Board of Estimate and Apportionment with the request that said Board readopt or modify the same as in its judgment may seem desirable; therefore be it

"Resolved, That the Board of Estimate and Apportionment hereby establishes the position of Secretary to the Board of Estimate and Apportionment, at a salary of seventy-five hundred dollars (\$7,500) per annum, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said position be fixed at the rate of seventy-five hundred dollars (\$7,500) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution, and fixes the salary of the position of Secretary to the Board of Estimate and Apportionment at the rate of seventy-five hundred dollars (\$7,500) per annum.

Adopted by the Board of Aldermen, February 20, 1900.

Approved by the Mayor, February 28, 1906.

Resolved, That, pursuant to section 419 of the Greater New York Charter, as amended, the President of the Borough of Manhattan be and he is hereby authorized to contract, without public letting, to the extent of ten thousand dollars (\$10,000), for the necessary labor, material, supplies, etc., for the purpose of moving the records, furniture, etc., of the Civil Service Commission from its present office at No. 61 Elm street to the new office to be occupied by it in the Barclay Building, at Duane street and Broadway, and to properly equip the new offices with furniture, carpets, filing cases, etc., and also to rearrange the old offices at No. 61 Elm street, to be used for the purpose of an examination room.

Adopted by the Board of Aldermen, February 20, 1906.

Approved by the Mayor, February 28, 1906.

No. 116.

Resolved, That permission be and the same is hereby given to Charles Grasmeher to place and keep a storm door within the stoop line in front of his premises, No. 220 Wyckoff avenue, Borough of Brooklyn, provided the dimensions of said storm door shall not exceed ten feet in height, nor more than two feet wider than the doorway, the work to be done at his own expense, under the direction of the President of the Borough, such permission to continue only during the pleasure of the Board of Alder-

Adopted by the Board of Aldermen, February 20, 1906. Approved by the Mayor, February 28, 1906.

No. 118.

DANIEL DRAPER, Ph. D., Director.

ART COMMISSION.

MINUTES OF SPECIAL MEETING OF ART COMMISSION HELD AT ITS OFFICE, ROOM 21, CITY HALL, ON TUESDAY, FEBRUARY 6, 1906, AT 4 O'CLOCK P. M.

Present—President de Forest (presiding), Commissioners Mansfield, Bigelow, Beckwith, Cook and Boyle. On communications from Commissioners Healy and Crimmins, explaining their

absence, they were excused.

Minutes of meeting of January 9 were presented and approved.

The President's report was presented, stating that the following matters had been referred to Committees since the last meeting, January 9:

Submission 393.

Hall of Records Sculptures-Commissioners Boyle (Chairman), Healy and Mansfield. Appointed January 16, 1906. Submission 394.

Hall of Records Contract V.—Commissioners Cook (Chairman), Beckwith and Crimmins. Appointed January 22, 1906. Submission 395. Hall of Records Contract V.—Commissioners Beckwith (Chairman), Cook and Crimmins. Appointed January 26, 1906.

Submission 396. Hall of Records Contract V.—Commissioners Beckwith (Chairman), Cook and Crimmins. Appointed January 29, 1906.

Submission 397. Hall of Records Contract V.—Commissioners Beckwith (Chairman), Cook and Crimmins. Appointed February 2, 1906.

Submission 398.

Hall of Records Contract V.—Commissioners Beckwith (Chairman), Cook and Crimmins. Appointed February 5, 1906.

Submission 399.

Hall of Records Contract V.—Commissioners Beckwith (Chairman), Cook and Crimmins. Appointed February 6, 1906.

The President also reported that Dr. Milo R. Maltbie, Assistant Secretary, had been granted a leave of absence, without pay, from February 5 to July 31, inclusive, in accord with the action taken at the last meeting of the Commission, and that Dr. John Quincy Adams had been appointed Assistant Secretary during such absence—February 5 to July 31, inclusive July 31, inclusive. Submission 387.

The Committee on Whitehall Ferry Terminal presented the following report upon designs submitted (on request of the Mayor) by Hon. Maurice Featherson, Commissioner of Docks and Ferries:

"Your Committee has to report that the drawings submitted show a construction of iron sheds, with the arrangements usual for ferry houses, in general appearance not dissimilar to other buildings on our water front, better than some and not so good as

"It believes that the Art Commission should consider not so much the merit of the design presented, as the question whether it is not fitting and proper that the City should erect for its Ferry Terminal a building of a character distinctly more dignified and monumental than is possible in such a construction as is proposed. This has been

and monumental than is possible in such a construction as is proposed. This has been done in San Francisco.

"If the various propositions for the improvement and adornment of the City now under consideration by the Commission appointed by his Honor, the Mayor, should any of them be realized, one of the first points considered would be the Battery and its neighborhood; and the proposed building, if erected, might prove a serious difficulty.

"The two great railroads terminating in New York are each of them now engaged in building or projecting new stations, and both the Pennsylvania Railroad Company and the New York Central have in view no merely utilitarian structures, but buildings of a most monumental character, well fitted to be the greatest ornaments to our city. It seems to your Committee that the City itself, building a most important terminal station, the connecting link between two of its boroughs, might well be inspired by their example and erect a building for which it will not have to blush.

"As your Committee realizes, however, that there may be paramount considerations of which it has not been informed, that may make its suggestion one impossible of accomplishment, it desires to make this report to the Art Commission without recommendation."

The report was received and ordered placed on file.

On motion the following resolution was unanimously adopted:

Certificate 403.

Resolved, That the Art Commission thereby disapproves the designs of the White-hall Ferry Terminal, represented by Exhibits "194-A," "194-B," "194-C," "194-D," "194-E," "194-F," "194-G," "194-H," "194-I," "194-J" and "194-K" of record in this matter, and that the action of the Commission be certified with return of duplicates of Exhibits herein noted to Hon. John A. Bensel, Commissioner of Docks and Ferries.

On motion it was ordered that a copy of the report of the Committee be transmitted to his Honor, the Mayor, and to Commissioner Bensel, and that they be informed that the plans had been disapproved, but without prejudice to a reconsideration.

The Committee was thereupon discharged.

Submission 392.

The Committee on Hall of Records Contract V. recommended that the designs sub-ted by Messrs. Horgan & Slattery, architects, be approved. On motion the following resolution was unanimously adopted:

Certificate 404

Resolved, That the Art Commission hereby approves the designs for the interior decoration of the Hall of Records, represented by Exhibits "172-BZ," "172-CA," "172-CB," "172-CC," "172-CC, Horgan & Slattery, architects.
The Committee was thereupon discharged.

Submission 394.

The Committee on Hall of Records Contract V. recommended that the designs submitted by Messys. Horgan & Slattery, architects, be approved.

On motion the following resolution was unanimously adopted:

Resolved, That the Art Commission hereby approves the designs for the interior decoration of the Hall of Records, represented by Exhibits "172-CU," "172-CV," "172-CW," "172-CX" and "172-CY" of record in this matter, and that the action of the Commission be certified, with return of duplicates of Exhibits herein noted, to Messrs. Horgan & Slattery, architects.

The Committee was thereupon discharged.

Submissions 395 to 399.

The Committee on Hall of Records Contract V. recommended that the designs for the interior decoration of the Hall of Records submitted by Messrs. Horgan & Slattery, architects, be disapproved, as they are too elaborate and in bad taste.

On motion the following resolution was unanimously adopted:

Certificate 406.

Resolved, That the Art Commission decorations in the Hall of Records, represented by Exhibits "172-CZ," "172-DA," "172-DB," "172-DC," "172-DE," "172-DF," "172-DF," "172-DH," "172-DI," "172-DI," "172-DI," "172-DI," "172-DI," "172-DI," "172-DI," "172-DI," "172-DI," "172-DQ," "172-DR," "172-DS," "172-DQ," "172-DR," "172-DR," "172-DQ," "172-DR," "1

The following Committees reported progress: Submission 393.

Committee on Hall of Records Sculptures.
Committee on Catalogue of Works of Art belonging to the City.
Committee on Redecoration of Governor's Room.

tion was unanimously adopted:

Committee on Redecoration of Governor's Room.

Committee on Quarters and Staff.

The report of the Art Commission for 1905 was presented and the Assistant Secretary directed to send each member present a copy of this report.

On motion the report was referred to the President with full power,

Submission 400.

The President presented a communication from Hon. Jefferson M. Levy offering to present to the City a replica of the bust of Washington by David of Angers.

Upon motion the submission was immediately considered and the following resolu-

Certificate 407.

Resolved, That the Art Commission hereby approves the replica of a bust of Washington by David of Angers, to be placed in the City Hall, represented by Exhibits "196-A" and "196-B" of record in this matter, and that the action of the Commission be certified, with return of duplicates of Exhibits herein noted, to Hon. Jefferson M. Levy.

On motion the Commission adjourned subject to the call of the Chair.

J. Q. ADAMS, Assistant Secretary.

Resignation Accepted.
Patrolman James D. O'Brien, Thirty-seventh Precinct.

The following general order was this day issued:

General Order No. 20.

I. Rev. John P. Chidwick and Rev. John A. Wade are hereby appointed Chaplains, without pay, in the Police Department, City of New York. They will be regularly sworn in and will have the assimilated rank of Inspectors of Police. Their duties will be such as are assigned them by the Police Commissioners from time to time, and they will report direct to the Police Commissioner. They will make reports from time to time, as required by the Police Commissioner.

They are authorized to visit and converse with any member of the force. They are expected to visit the sick, the injured and the dying. They are authorized to visit all precincts and station houses.

all precincts and station houses.

While not competent to issue orders of any kind to the members of the force, they are to be treated with courtesy by all; their questions to be answered and any suggestions they may see fit to make to be received with respect and acted on so far

They will, on all occasions, be treated with the courtesy and respect due not only to their profession, but to their assimilated rank as Inspectors of the Force.

2. The detail of the men known as "Precinct Detectives" is hereby discontinued. The men at present detailed as "Precinct Detectives" are hereby detailed to "plain clothes duty." clothes duty.

clothes duty."

3. Rule 3, paragraph e, of the Rules and Regulations of the Police Department, is hereby amended to read as follows:

e. Each Inspector of Borough shall keep at his office books of record such as are required in the business of his office, including:

A record of orders issued from his office.

A record of current and incidental expenses of his own office.

The Inspector in command of the boroughs of Brooklyn and Queens shall keep the following additional books of record:

A robbery book.

A record of suspicious places, and the names of the keepers thereof, in the boroughs of Brooklyn and Oueens.

A record of suspicious places, and the names of the keepers thereof, in the boroughs of Brooklyn and Queens.

A record of alleged houses of prostitution, assignation houses, gambling houses and disorderly or disreputable houses of every kind in the boroughs of Brooklyn and Queens, with the names of the owners and keepers thereof.

4. Rule 5, paragraph k, of the Rules and Regulations of the Police Department, is hereby amended so that the third division thereof shall read as follows:

They shall report in writing to the Chief Clerk each and every change of residence of members of the force under their command as soon as such change takes place, and they shall be prompt in notifying the Chief Clerk whenever any member of their command who was previously single becomes a married man.

5. Rule 44, paragraph b, of the Rules and Regulations of the Police Department, is hereby amended so that the first sentence thereof shall read as follows:

Captains shall make, sign and transmit, through official channels, a monthly report to the Police Commissioner, giving the following:

Rule 44, paragraph c, is hereby amended by striking from the first line thereof the words "in duplicate."

The amount of security required is fifty per
cent. (50%) of the amount of the bid or estimate.

cent. (50%) of the amount of the bid or estimate.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per pound, ton, dozen, gallon, yard or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the totals, and awards made to the lowest bidder on each item.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained and the plans and drawings may be seen at the office of the Department of Correction, the Borough of Manhattan, No. 148 East Twentieth street.

FRANCIS J. LANTRY,

FRANCIS J. LANTRY, Commissione

Dated FEBRUARY 19, 1906.

EFSee General Instructions to Bid-ders on the last page, last column, of the "City Record."

BOARD OF ESTIMATE AND APPOR-TIONMENT.

PUBLIC NOTICE.

PUBLIC NOTICE.

WHEREAS, THE COMMISSIONER OF The City of New York, acting for and in behalf and in the name of The City of New York, in pursuance of the provisions of chapter 466 of the Laws of 1901, as amended, has selected and determined certain real estate (as the term "real estate" is defined in the said act) in the County of Queens, as and for sources of public water supply in and for The City of New York, and deems it necessary to take and acquire the same and all the rights, titles and interests therein, and to extinguish all claims for damages on account of such rights, titles and interests therein, and to extinguish all claims for damages on account of such rights, titles and interests or growing out of such taking, for the purpose of maintaining, preserving and increasing the supply of pure and wholesome water for The City of New York, and of providing additional water works to supply The City of New York with water, said lands being required for the building of additional pipe conduits; and
Whereas, the said Commissioner has prepared and submitted to the Board of Estimate and Apportionment under date of January 17, 1906, a map showing the said real estate to be taken and acquired as aforesaid, as provided in the said act; therefore, be it

It esolved, That a public notice be given of a hearing to be held by the Board of Estimate and Apportionment of The City of New York, on the 9th day of March, 1906, at 10,30 o'clock a. m., at which a full opportunity shall be afforded to any and all persons interested, to be heard respecting such map and the taking and acquisition of the real estate as shown thereon.

Resolved, That such public notice be published in the City of New York, once in each week for three successive weeks prior to the date of the hearing.

I hereby certify that the foregoing is a true copy of a resolution adopted by the Board of Estimate and Apportionment at the meeting of said Board, held on the 9th day of February, 1906.

JOHN H. MOONEY,
Assistant Secretary,
No. 277 Broadway, Room 805.
Telephone 3454 Franklin.

FRIDAY, MARCH 9, 1906,

at 11 a. m., on the premises, all the buildings and appurtenances thereunto belonging, erected upon real estate acquired for Police Department purposes, belonging to The City of New York, all the right, title and interest of The City of New York in and to the buildings thereunto belonging, acquired for the Department of Police in the Borough of Manhattan, erected upon land described as follows:

Beginning at a point on the southerly side of West Thirtieth street distant 263 feet easterly from the southeasterly corner of West Thirtieth street and Seventh avenue; running thence southerly and parallel with Seventh avenue 76 feet inches; thence easterly 6 feet; thence again southerly or nearly so 23 feet 5 inches to the centre line of the block between West Twenty-ninth street and West Thirtieth street; thence easterly along the centre line of said block and parallel with West Thirtieth street of feet; thence northerly and again parallel with Seventh avenue 98 feet 9 inches to the southerly side of West Thirtieth street; thence easterly along the southerly side of West Thirtieth street; thence westerly along the southerly side of West Thirtieth street; thence westerly along the southerly side of West Thirtieth street; thence westerly along the southerly side of West Thirtieth street; thence westerly along the southerly side of West Thirtieth street; thence westerly along the southerly side of West Thirtieth street; thence westerly along the southerly side of West Thirtieth street; thence westerly along the southerly side of West Thirtieth street; thence westerly along the southerly side of West Thirtieth street; thence westerly along the southerly side of West Thirtieth street; thence westerly along the southerly side of West Thirtieth street; thence westerly along the southerly side of West Thirtieth street; thence westerly along the southerly side of West Thirtieth street; thence westerly along the southerly side of West Thirtieth street; t

thereto will be made under the supervision of the Collector on Friday, March 9, 1906, at 11 a. m., on the premises.

The buildings on the premises above described shall be sold for the highest marketable price at public auction upon the following

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall also be torn down to the same level. All tin from roofs, cornices, sifes of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil poing shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and

fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless. The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and tences, when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be made permanently self-supporting, without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude

site the centre line of the block between West
Third street and West Fifth street; running
thence southerly and along the centre line of
the block and its prolongation between West
Third street and West Fifth street to the northerly side of Sheepshead Bay road; running
thence northeasterly and along the northerly side
of Sheepshead Bay road to the point or place of
beginning.

The above-entitled assessments were entered on
the date hereinbefore given in the Record of
Titles of Assessments, kept in the Bureau for the
Collection of Assessments and Arrears of Taxes
and Assessments and of Water Rents. Unleas
the amount assessed for benefit on any person or
property shall be paid within sixty days after
the date of said entry of the assessment, interest
will be collected thereon, as provided in section
tood of the Greater New York Charter.

Said section provides that "If any assessment
shall remain unpaid for a period of sixty days
after the date of entry thereof, in the said record of Titles and Assessments, it shall be the
duty of the officer authorize! to collect and receive the amount of such assessments, to charge,
collect and receive interest thereon at the rate
of seven per centum per annum, to be calculated
to the date of payment from the date when such
assessment became a lien, as provided by section
too of this act."

Section 150 of this act provides

"An
assessment shall become a lien upon the real
estate affected thereby ten days after its entry
in the said record."

"Assessment shall become a lien upon the real
estate affected thereby ten days after its entry
in the said record."

The above assessments and Arrears at the Bureau

for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before April 18, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

HERMAN A. METZ,

Comptroller.

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, February 17, 1906.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for OPENING AND ACQUIRING TITLE to the following-named street in the BOROUGH OF MANHATTAN:

of MANHATTAN:

TWELFTH WARD, SECTION 8.

WEST ONE HUNDRED AND SEVENTYFIFTH STREET—OPENING, from Broadway
to Fort Washington avenue. Confirmed November 21, 1905; entered February 15, 1906. Area
of assessment includes all those lands, tenements
and hereditaments and premises situate, lying and
being in the Borough of Manhattan, in The City
of New York, which, taken together, are bounded
and described as follows, viz.:

Beginning at the point of intersection of the
easterly side of Buena Vista avenue with the middle line of the blocks between West One Hundred
and Seventy-sixth street and West One Hunddred and Seventy-seventh street; running thence
easterly along said middle line and its easterly
prolongation to its intersection with a line parallel to and 100 feet easterly from the easterly line
of Amsterdam avenue; thence southerly along said
parallel line to its intersection with the casterly
prolongation of the middle line of the blocks between West One Hundred and Seventy-third and
West One Hundred and Seventy-third and
west One Hundred and Seventy-fourth streets;
thence westerly along said prolongation to its intersection with the easterly side of Buena Vista avenue; thence northerly along the easterly side of
Buena Vista avenue to the point or place of beginning.

The above-entitled assessment was entered on

section with the easterly side of Buena Vista avenue; thence northerly along the easterly side of Buena Vista avenue to the point or place of beginning.

The above-entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien as provided by section 150 of this act."

Section 150 of this act provides * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * "

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m.; and all payments made thereon on or before April 16, 1906, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

WILLIAM H. JASPER,
Secretary,
No. 320 Broadway.
City of New York, Borough of Manhattan,
February 21, 1906.

DEPARTMENT OF TAXES AND ASSESSMENTS.

THE CITY OF NEW YORK—DEPARTMENT OF TAXES AND ASSESSMENTS, MAIN OFFICE, BOROUGH OF MANMATTAN, No. 280 BROADWAY, STEWART BUILDING, January 8, 1906.

NOTICE IS HEREBY GIVEN, AS REquired by the Greater New York Charter, that the books called "The Annual Record of the Assessed Valuation of Real and Personal Estate of the Boroughs of Manhattan, The Bronx, Brooklyn, Queens and Richmond, comprising The City of New York," will be opened for examination and correction on the second Monday of January, and will remain open until

APRIL 1, 1906. APRIL 1, 1906.

During the time that the books are open to public inspection application may be made by any person or corporation claiming to be aggrieved by the assessed valuation of real or personal estate to have the same corrected.

In the Borough of Manhattan, at the Main Office of the Department of Taxes and Assessments, No. 280 Broadway.

In the Borough of The Bronx, at the office of the Department, Municipal Building, One Hundred and Seventy-seventh street and Third avenue.

dred and Seventy-seventh street and Third avenue.

In the Borough of Brooklyn, at the office of the Department, Municipal Building.

In the Borough of Queens, at the office of the Department, Hackett Building, Jackson avenue and Fifth street, Long Island City.

In the Borough of Richmond, at the office of the Department, Masonic Building, Stapleton.

Corporations in all the boroughs must make application only at the main office in the Borough of Manhattan.

Applications in relation to the assessed valuation of personal estate must be made by the person assessed at the office of the Department in the borough where such person resides, and in the case of a non-resident carrying on business in The City of New York at the office of the Department of the borough where such place of business is located, between the hours of 10 a. m. and 2 p. m., except on Saturdays, when all applications must be made between 10 a. m. and 12 noon.

FRANK A. O'DONNEL,

FRANK A. O'DONNEL, President; JOHN J. BRADY, FRANK RAYMOND, JAMES H. TULLY, N. MULLER, CHARLES PUTZEL, SAMUEL STRASBOURGER, ssioners of Taxes and Assessments.

THURSDAY, MARCH 29, 1906.

FOR FURNISHING AND DELIVERING CHEMICAL SUPPLIES, MATERIALS AND APPARATUS FOR THE DEPARTMENT OF PHYSICS OF THE COLLEGE OF THE CITY OF NEW YORK.

The time for the delivery of the articles, materials and supplies and the performance of the contract is between the 1st and 30th days of June, 1906, or thereafter from time to time as may be directed by the Professor of Physics not later than December 31, 1906.

The amount of security will be fifty per cent. (50%) of the amount of the bid or estimate.

For particulars as to the quantity and quality of the supplies or the nature and the extent of the work required or of the materials to be furnished, bidders are referred to the specifications and the blank proposals and lists of articles, materials, supplies and apparatus to be furnished and delivered to the places designated. Such work and materials must conform in every respect to the specifications and schedules. The quality of the articles, supplies, goods, wares and merchandise must conform to and must be the same or equal in quality, character, finish and esign to the samples furnished, or to those described by the names of well-known dealers and manufacturers, and referred to by catalogue numbers. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates, and are cautioned against referring to any samples or specifications other than those furnished by the Board of Trustees. Such references are cause for rejecting bids whereon they are written, and will in no case govern the action of the Board Board of Trustees. Such references are cause for rejecting bids whereon they are written, and will in no case govern the action of the Board of Trustees in passing upon tenders. Bidders must state the price of each item. Awards will be made to the lowest bidder on each item whose goods are the same or equal to the samples fur-nished for inspection or referred to by catalogue number.

number.

Bidders shall describe the various items by reference to the particular maker's catalogue or circular, or by the submission of a sample. Only one bid will be received from a bidder for each

the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon written application therefor at the office of the College of The City of New York, and any further information can be obtained at the office of the said college, corner of Lexington avenue and Twenty-third street, Borough of Manhattan.

JAMES F. QUIGLEY, Clerk.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the bla

No bid or estimate will be considered unles as a condition precedent to the reception or consideration of any proposal, it be accompanied to a certified check upon one of the State or N tional banks of The City of New York, drawn the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be it closed in the envelope containing the bid or estimate, but should be either inclosed in a separate.

mate, but should be either inclosed in envelope addressed to the head of the ment, President or Board, or submitted upon the presentation of the bid or For particulars as to the quantity a of the supplies, or the nature and ext work, reference must be made to the tions, schedules, plans, etc., on file in office of the President Board or Dena

figures.

Bidders are requested to make their bids estimates upon the blank forms prepared and nished by the City, a copy of which, with proper envelope in which to inclose the bid, gether with a copy of the contract, including specifications, in the form approved by the portation Counsel, can be obtained upon app tion therefor at the office of the Department which the work is to be done. Plans and dings of construction work may also be
