COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Vice-Chairman laid before the Board the following communication from the President of the Borough of Queens:

No. 1777.

President, Borough of Queens—Designation of James Butler, Assistant Commissioner of Public Works, to Act in His Stead.

The City of New York, Office of the President of the Borough of Queens, Long Island City, July 10, 1917.

Honorable FRANK L. DOWLING, President of the Board of Aldermen, City of New York.

Dear Sir—Pursuant to the provisions of Section 383 of the Greater New York Charter, and opinion of the Corporation Counsel, dated January 15th, 1908, based thereon, I have designated James Butler, Assistant Commissioner of Public Works, to act as Member of the Board of Aldermen of the City of New York, in and for the President of the Borough of Queens, at a meeting of the Board of Aldermen, advertised to be held in the City Hall, Borough of Manhattan, New York City, on this date at 1:30 p. m. Yours very truly,

RICHARD S. NEWCOMBE, Acting President of the Borough of Queens.

Which was ordered on file.

The Vice-Chairman laid before the Board the following communication from the President of the Borough of Richmond:

No. 1778.

President, Borough of Richmond—Designation of John E. Bowe, Assistant Commissioner of Public Works, to Act in His Stead.

City of New York, President of the Borough of Richmond, Borough Hall, Staten Island, July 10, 1917.

Honorable Board of Aldermen, City of New York:

Gentlemen—I have designated Hon. John E. Bowe, Assistant Commissioner of Public Works of the Borough of Richmond, to attend and represent me at the meeting today. Yours very truly,

CALVIN D. VAN NAME, President of the Borough of Richmond.

Which was ordered on file.

The Vice-Chairman laid before the Board the following communication from the Board of Education:

No. 1779.

Board of Education—Request for Authority to Purchase Coal Without Public Letting.

Department of Education, City of New York, Bureau of Supplies, Board of Education, Park Avenue, corner Fifty-ninth Street, Borough of Manhattan, July 6, 1917.

Honorable FRANK L. DOWLING, President, Board of Aldermen, Municipal Building, New York City.

Dear Sir—The Superintendent of School Supplies advertised for bids on coal for use in the Public Schools for the coming Winter and Spring. Bids were opened on July 5th.

One bid was received for the Borough of Manhattan, and the prices exceed those paid for the previous contract by \$100,270.00.

One bid was received for the Borough of Brooklyn, and the prices exceed those paid for the previous contract by \$179,718.30.

No bids were received for the Boroughs of Bronx, Queens and Richmond. Investigation shows that the coal handlers in these Boroughs are not willing to submit a bid for a yearly contract. One coal man in the Borough of Bronx stated that he would be willing to furnish coal on open market orders.

The Committee on Supplies has refrained in the past from asking for permission to purchase in the open market, and would not do so now, were it not that one million children may have to be kept from school unless coal is furnished.

The custom that has prevailed in the Department of Education for years, has been to fill up the schools during the months of July to November. This is absolutely essential because of the wide territory to be covered, and the number of schools to be supplied.

It is estimated that the coal which will be required for Winter and Spring will represent about 100,000 tons, and permission is asked that the Superintendent of School Supplies be permitted to purchase such quantity up to 100,000 tons, as may not be covered by contract after advertising.

The Committee wishes to assure you that if it can possibly avoid availing itself of the privilege sought, it will do so, but because of the urgency of the occasion, and because your Committee on Public Letting and the Board of Aldermen may not be in session during the Summer months, you are respectfully asked to accord

us this permission, so that the children will not be kept out of school during the coming Winter and Spring. Yours very truly,

PATRICK JONES, Superintendent of School Supplies.

Approved: THEO BRUCKBAUER, Acting Chairman, Committee on Supplies.

Which was referred to the Committee on Public Letting.

The Vice-Chairman laid before the Board the following communication from the Board of Estimate and Apportionment:

JOSEPH HAAG, Secretary.

Committee on Education, Board of Estimate and Apportionment, June 23, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On February 28, March 14 and June 13, 1917, the Board of Education requested establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of rates of compensation for the janitors of Public Schools 16, 28, 34, 51, 108, 157, 190, Manhattan; 28, The Bronx; 1, 14, 45, 90, 98, 143, Brooklyn; 4, 29, 31 Queens. The Secretary of the Committee on Education reports thereon as follows:

"A modification in the existing rates of janitorial compensation is requested for fifteen schools the new rates being based upon surveys made by the Efficiency Staff of the Commissioner of Accounts, as follows:

	Present Rate per Annum.	Proposed Rate per Annum.	Proposed *Increase or Decrease.
Public School 16, Manhattan.....	\$1,728 00	\$1,000 00	\$48 00

Public School 190, Manhattan.....	2,424 00	2,368 00	76 00
Public School 1, Brooklyn.....	1,524 00	1,428 00	96 00
Public School 14, Brooklyn.....	1,212 00	1,332 00	*120 00
Public School 45, Brooklyn.....	2,736 00	2,844 00	*108 00
Public School 90, Brooklyn.....	1,608 00	1,440 00	168 00

Public School 31, Queens.....	1,680 00	1,560 00	120 00

"The new rates proposed for the above schools are requested by the Board of Education in accordance with a resolution adopted by that Board on May 10, 1916, which reads as follows:

"Resolved, That the Board of Education hereby approves of the establishment of new rates of compensation based on the surveys made by the Efficiency Staff of the Commissioner of Accounts, in all new buildings and in all buildings in which vacancies occur, after said surveys have been approved by the Committee on Care of Buildings."

"For the following two schools temporary rates are requested, being the regular rates, less rent allowances:

	Regular Rate.	Rent Allowance.	Temporary Rate.
Public School 157, Manhattan.....	\$4,164 00	\$364 00	\$3,800 00
Public School 28, The Bronx.....	4,152 00	300 00	3,852 00

"It should be noted that the foregoing temporary rates are the customary rates allowed janitors who are assigned to the temporary care of school buildings for which the regular janitorial rates of compensation had been fixed upon the old measurement basis, these temporary rates being in no way based upon the Efficiency Staff plan."

In view of the above report the Committee recommends that the request be granted by the adoption of the attached resolution. Respectfully,

A true copy of resolution adopted by the Board of Estimate and Apportionment July 3, 1917.

JOSEPH HAAG, Secretary.

Committee on Education, Board of Estimate and Apportionment, June 28, 1917.

To the Board of Estimate and Apportionment:

Gentlemen—On June 27, 1917, the Board of Education adopted six resolutions requesting funds in an aggregate amount of \$2,459,029 for the purpose of altering old school buildings, acquiring new sites and constructing new buildings, said total to be offset by rescindments aggregating \$825,700, thereby leaving a net request of \$1,633,329, as follows:

1 Rescinding the action taken on February 28, 1917, in requesting funds for a site and building at Westchester Avenue and 163rd Street, The Bronx, and for additions to Public Schools 136 and 18 Brooklyn.

2 Requesting funds in the sum of \$982,029, for the purpose of altering and equipping Public Schools 3, 35, 48 and 21, The Bronx; 168, 157, 136, 172, 169, 94, 118-140, 170, 176, 160, 164, 163, 128, 48, 127, 92, 91, 152, 134, 99, 153, 36, 147, 43, 141, 145 and 123, Brooklyn; 170, 184, 10, 157, 43, 102, 57, 85, 78, 159, 103, 114, 1, 97, 188, 91, 61-126 and 63, Manhattan.

3 Requesting funds in the sum of \$443,500 for the purpose of acquiring sites in the vicinity of Public Schools 43 and 157, Manhattan; 168, 157, 134, 118-140, 91, 145, 144, 83 and 167, Brooklyn; 57, Queens.

4 Requesting the Board of Estimate and Apportionment to take such action as may be necessary in order that the balance of \$739,700 in the authorization made by the said Board on July 17, 1911, and the sum of \$86,000 of the authorization made on March 13, 1914, for a new public school building at Douglaston, may be made available for the acquisition of a site and the construction of a building in the vicinity of Malbone Street, Brooklyn, for the construction of a 16-room elementary school building on a site owned at Forest Hills, Queens, and for the construction of an 8-room building to replace Public School 11, Richmond.

5 Requesting the Board of Estimate and Apportionment to take favorable action on the request made by the Board of Education on February 28, 1917, for an appropriation of \$15,000 to provide ventilation for the auditorium of Public School 62, Manhattan.

6 Requesting corporate stock in the sum of \$90,500 to provide for the payment of salaries and wages of Inspectors and draughtsmen in connection with the aforesaid work.

In connection with this request, the Committee on Education and the Committee on Corporate Stock report jointly as follows:

As reported to your Board by the Committee on Education and the Committee on Corporate Stock jointly on May 11, 1917 (Calendar Number 34), the corporate stock estimate of the Board of Education for the current year represented an aggregate of \$7,400,273, on the basis of which request the Secretary of the Committee on Education recommended appropriations aggregating \$6,203,415. This recommendation was based upon the disallowance of requests aggregating \$2,318,275 and a reduction of \$691,078 in the several amounts estimated to be required for various items, making a total disallowance of \$3,009,353; also upon the addition of \$300,966 to the amounts requested for various items and of \$1,511,529 for items not requested by the Board of Education, a number of which were substituted for items disallowed, making a total addition to the request \$1,812,495.

Inasmuch as the aforesaid recommendation differed substantially from the request submitted by the Board of Education, especially in the substitution of changes in existing buildings for new construction, the Comptroller sent the Secretary's report to the President of the Board of Education for the purpose of having the latter Board concur in the changes recommended. Pending a consideration of the alternative program proposed by the Secretary of the Committee on Education, President Willcox urged the Board of Estimate and Apportionment to make appropriations for all items about which there was no difference of opinion. Pursuant to this request, the Board of Estimate and Apportionment on May 18, 1917, appropriated \$4,659,036 for items about which all were in agreement.

The alternative program proposed by the Secretary of the Committee on Education which disapproves items in the original request for new construction aggregating \$3,009,353, and substituted in lieu thereof items providing for the alteration and equipment of existing buildings, at a total cost of \$1,812,495, was referred by the Board of Education to a joint committee composed of the Committee on Elementary Schools, the Committee on Vocational Schools and Industrial Training and the Committee on Buildings and Sites. At a meeting held on June 27, 1917, the Board of Education, upon the recommendation of the aforesaid joint committee, by a vote of 28 to 7, approved in full the aforesaid alternative proposition by the adoption of the first, second, third and sixth resolutions hereinbefore specified.

The fifth resolution relates to an item of \$15,000 in the original request for ventilating the auditorium of Public School 62, Manhattan, which item was disallowed in the previous report to your Board because a duplicate request for special revenue bonds, which has since been filed, was then pending before the Board of Aldermen.

The fourth resolution was intended to provide for three items which were disapproved in the original request, namely, a site and 48-room building on Malbone your Board (Calendar June 27, 1917, Item Number 42), recommending the purchase to replace Public School 11, Richmond. These items are deemed to be of such urgency that the Board of Education proposes to make provision therefor by using funds appropriated in 1911 for a new Central Supply Depository Building, together with the balance of an authorization made in 1914 for a new public school building at Douglaston, Queens. The original appropriation for the Central Supply Depository was \$715,000, which amount was included in a lump sum appropriation, the balance of which now aggregates \$739,700 as specified. As stated in a report to your Board (Calendar June 27, 1917, Item Number 42), recommending the purchase of the Van Vliet residence for school purposes, the original appropriation for a new building in Douglaston was \$127,883. The Board of Education requested that \$41,000 of this amount be retained for the acquisition and alteration of the Van Vliet residence, which amount the Comptroller found it practicable to reduce to \$35,000, only one-fourth of which was applicable to transactions of the current year, thereby increasing the balance available from rescindment to \$119,133.

As will appear from the following table, it is recommended herein that the request of the Board of Education which aggregates \$2,459,029 in the gross, and \$1,633,329 in the net, after certain minor adjustments due to revised estimates of costs, be approved to the extent of new appropriations which aggregate \$2,404,951 in the gross, and \$1,546,118 in the net. The total amount herein recommended together with the previous appropriation of \$4,659,036, approved by your Board May 11-18, 1917, will constitute a net allowance of \$6,205,154 for new school buildings and sites, including allowances for high schools and contingencies.

Including the recommendations contained herein, the total appropriation for the reorganization of the elementary school system will aggregate \$12,416,456, as follows: Summary of Appropriations to Date for Reorganization of Elementary School System. Total allotments from May 7, 1915, to May 18, 1917.....\$5,997,937 00 Authorization, May 18, 1917.....3,851,886 00 Additions to previous authorizations, June 15, 1917.....267,182 00 Recommended herein for alteration and equipment of existing buildings..1,425,529 00 Recommended herein for new buildings and sites.....873,922 00

\$12,416,456 00

When the reorganization was started early in 1915 there were approximately 117,000 pupils on part-time and double session. As shown on page 19 of the printed report considered by your Board on May 11-18, 1917, a copy of which is attached hereto, this \$12,416,456, when expended, will reduce the number of pupils on part-time and double session to approximately 17,000. In other words, a full school day with more adequate facilities will have been provided for approximately 100,000 pupils previously on part-time and double session. Under the old plan of reserving a classroom for each class, and on the basis of forty pupils per class, 1,200 new classrooms would have been required at an estimated cost of \$11,112 per classroom, making a total of \$15,890,000 to accomplish this result. In addition to eliminating part-time and double session for 100,000 children, the \$12,416,456 in question will provide for a growth of 895 classes or 35,800 children, which additional capacity under the old plan would have cost \$9,945,240. This amount added to the \$13,890,000 required to reduce part-time and double session, under the old plan, makes an aggregate of \$23,835,240. It appears, therefore, that the recommendations contained herein, if approved, will insure the elimination of eighty-five per cent. of the part-time and double session instruction in elementary schools throughout the entire city, besides providing richer educational opportunities for all children in the 128 schools involved, and this at a saving to the City of over \$11,000,000.

In conclusion, we recommend that the request be approved by the adoption of the attached resolutions which are drawn in accordance with the foregoing schedule of recommendations. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, Mayor; FRANK L. DOWLING, President, Board of Aldermen; DOUGLAS MATHEWSON, President, Borough of The Bronx; LEWIS H. POUNDS, President, Borough of Brooklyn; Committee on Education and Corporate Stock.

The Vice-Chairman laid before the Board the following communication from the Central Purchase Committee:

No. 1782.

Central Purchase Committee—Request for Permission to Purchase Forage for Various Departments Without Public Letting.

City of New York, Central Purchase Committee, Municipal Building, July 10, 1917.

Hon. Board of Aldermen, City Hall, New York City:

Gentlemen—Permission is hereby requested for the departments listed below to purchase forage without public letting to an amount not to exceed \$15,000, during the month of July, 1917.

Proposals are now being prepared and will be advertised as soon as possible. If this permission is granted by your Honorable Board it will be used only until contracts can be executed.

This request is necessary because of the failure to secure a quorum on the date set for the opening of bids for forage required by these departments. The bidding was therefore irregular and no bids could be accepted.

Bellevue and Allied Hospitals, Department of Correction, Department of Public Charities, Department of Parks, Manhattan and Richmond; Department of Parks, Bronx; Department of Parks, Brooklyn; Department of Plant and Structures, Police Department, Fire Department. Respectfully Yours,

LEONARD M. WALLSTEIN, Secretary, Central Purchase Committee.

In connection with the foregoing communication Alderman McCann offered the following resolution, and moved that the same be made a Special Order for the day. Which was adopted.

Resolved, That, in pursuance to the provisions of section 419 of the Greater New York Charter, the Central Purchase Committee be and hereby is authorized and empowered to purchase forage, in the open market without public letting, to an amount not to exceed fifteen thousand dollars (\$15,000), during the month of July, 1917, for the use of the following departments: Bellevue and Allied Hospitals, Department of Correction, Department of Public Charities, Department of Parks, Manhattan and Richmond; Department of Parks, The Bronx; Department of Parks, Brooklyn; Department of Plant and Structures, Police Department and Fire Department.

The Vice-Chairman then put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Bassett, Bent, Burns, Burden, Browne, Carroll, Cassidy, Cole, Collins, Colne, Crane, Cunningham, Curley, Daly, Delaney, Diemer, Donnelly, Dunn, Drescher, Eagan, Farley, Ferguson, Ferrand, Friedlander, Gaynor, Gilmore, Goetz, Gutman, Hatch, Haubert, Heyman, Hilkemeier, Hogan, Kenneally, Kenney, McCann, McCourt, McGarry, McGillick, McKee, McManus, Martin, Molen, Moore, Mullen, O'Rourke, Palitz, Post, Roberts, Robitzek, Ryan, Schmitz, Schweickert, Shields, Silberstein, Smith, Squiers, Stapleton, Stevenson, Tolk, Trau, Walsh, Wirth, Wise, the Vice-Chairman—66.

The Vice-Chairman laid before the Board the following communication from the President of the Borough of Manhattan:

No. 1783.

President, Borough of Manhattan—Request for Issue of Special Revenue Bonds, \$25,000, to Repair Street Pavements.

City of New York, Borough of Manhattan, Marcus M. Marks, Municipal Building, July 10, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, New York City:

Dear Sir—Request is hereby made for an issue of special revenue bonds in the amount of \$25,000, to repair street pavements over openings made by the Department of Water Supply, Gas and Electricity.

The limited amount allowed in the budget this year for such purposes is now entirely exhausted, owing to the unprecedented conditions arising in the destruction of street pavements due to water mains on account of the increased pressure of the new Catskill water supply. The repairs to these pavements are urgent inasmuch as the destruction has been so complete as to entirely close off the highway.

This appropriation is to be applied to repair pavement which has already been destroyed and will provide for anticipated disturbances.

Your early consideration will oblige, very truly yours,

RALPH FOLKS, Acting President, Borough of Manhattan.

City of New York, Board of Estimate and Apportionment, Municipal Building, July 3, 1917.

No. 1676—Commissioner of Correction—Request for Special Revenue Bonds, \$18,350, to Meet Certain Deficiencies.

Hon. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen:

Sir—The Bureau of Contract Supervision, to which this request has been referred, reports thereon as follows:

The request is made to meet anticipated deficiencies in certain Codes in the budget appropriation for 1917, as follows:

2654	Forage and Veterinary Supplies	\$8,000 00
2657	Laundry, Cleaning and Disinfecting Supplies	2,500 00
2661	General Plant Supplies	2,000 00
2671	Shoeing and Boarding Horses	750 00
2674	Telephone Service	2,000 00
2675	General Plant Service	3,100 00

Total..... \$18,350 00

The facts in connection with each code are as follows:

Code No. 2654, Forage and Veterinary Supplies, \$8,000.

The 1917 budget request was \$15,000, which was based upon feeding 102 horses and 12 cows. The examiners recommended \$13,316.47, based upon feeding 95 horses and 12 cows. The amount recommended was subsequently reduced by the department to \$12,000, which amount was finally allowed in the budget. The unencumbered balance as of July 1, 1917, was \$1,320.08. The department, at the instance of the Mayor, has placed under cultivation more than double the acreage used last year. More chickens and pigs have also been purchased and 18 additional horses have been procured to carry out this extensive agricultural program.

It is estimated that at present prices the per capita cost of feeding a horse is 68 cents per day, at which rate it would require \$13,908.04 to feed the horses now in the department to the end of the year. The unencumbered balance in the fund, stock on hand and the farm produce which may be obtained in the latter part of the year, it is believed, will make up the difference between this amount and the sum requested.

Code No. 2657—Laundry, Cleaning and Disinfecting Supplies, \$2,500.

Since making application for revenue bonds to replenish this code, the department has procured the necessary funds by transfer from salary and wage accruals.

Code No. 2661—General Plant Supplies, \$2,000.

The budgetary allowance was \$5,800. The unencumbered balance is \$385.

The depletion of this account has been brought about solely by the abnormal increase in the cost of grease, cottonwaste, matches, toilet paper, electric lamps and similar supplies, which have been purchased.

A transfer of \$500 to this account was made in the latter part of June. Therefore a similar amount should be deducted from the request and \$1,500 allowed.

Code No. 2671—Shoeing and Boarding Horses, \$750.

The budget allowance was \$3,076 and the unencumbered balance is \$1,352.95.

It was agreed at the time the budget was made that horses of the Department of Correction would be shod at the stable of the Department of Street Cleaning. This arrangement was not carried out because the Horseshoers' Union refused to sanction it. An increase of \$10 per month for boarding four horses and the increase in the number of horses to be shod makes the amount requested necessary.

Code No. 2674—Telephone Service, \$2,000.

At the time the requirements of this service were studied by the examiners for the 1917 budget, it was found that \$6,500 would be required, and this amount was recommended. The amount finally allowed in the budget was \$5,000. A study at this time indicates the necessity for the amount originally recommended. Any excess over this amount should be provided by transfer within the departmental appropriation after the end of the year.

Code No. 2675—General Plant Service, \$3,100.

Since making application for revenue bonds to replenish this account the department has been granted a transfer from salary and wage accruals which will provide for the necessary expenditures from this code, except for dry cleaning the winter suits of the inmates, for which \$1,000 is requested. The purpose of this request is fully set forth in the communication to your Board. Investigation by this Bureau showed that the goods of which the inmates' winter clothing is now made shrinks to such an extent when washed in the ordinary way that they are rendered unfit for further use. The department has about 2,000 of these suits, which, if properly cleaned, will be available next winter, thus materially reducing the expenditures for clothing. This sum, \$1,000, should be granted.

A summary of the request and the amounts necessary in each code is as follows:

Code Number.		Amount Requested.	Amount Necessary.
2654	Forage and Veterinary Supplies	\$8,000 00	\$8,000 00
2657	Laundry, Cleaning and Disinfecting Supplies	2,500 00
2661	General Plant Supplies	2,000 00	1,500 00
2671	Shoeing and Boarding Horses	750 00	750 00
2674	Telephone Service	2,000 00	1,500 00
2675	General Plant Service (Dry Cleaning)	1,000 00	1,000 00
	General Plant Service	2,100 00
		\$18,350 00	\$12,750 00

Re Request for Revenue Bonds.

To the Honorable the Board of Aldermen, City Hall, New York City:

Gentlemen—Request is hereby made for the issuance of special revenue bonds in the sum of \$103,000, to meet deficiencies and anticipated deficiencies in the following accounts of 1917:

Code.	Title of Code.	Amount.
1951	Forage and Veterinary Supplies	\$5,000 00
1953	Office Supplies	500 00
1954	Medical and Surgical Supplies	23,000 00
1958	Laundry, Cleaning and Disinfecting	6,000 00
1961	Botanical and Agricultural Supplies	1,000 00
1962	Motor Vehicle Supplies	5,000 00
1963	General Plant Supplies	7,000 00
1966	Medical and Surgical Equipment	4,500 00
1972	Motor Vehicle and Equipment	7,000 00
1973	Wearing Apparel	30,000 00
1975	General Plant Equipment	3,000 00
1976	Materials	10,000 00
1983	General Plant Service	1,000 00
Total		\$103,000 00

Several of the above accounts are completely exhausted at the present time. This condition is due mainly to the high cost of practically all commodities.

I shall appreciate it if you will give this matter your early and favorable attention. Very sincerely yours,

HY. C. WRIGHT, Acting Commissioner.

No. 1683—Commissioner of Public Charities—Requesting Issue of Special Revenue Bonds, \$103,000, to Meet Deficiencies and Anticipated Deficiencies in Various Accounts for 1917.

Hon. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen:

Sir—The Bureau of Contract Supervision, to which this request has been referred, reports thereon as follows:

The request is to replenish certain codes in the budget appropriation for 1917, as follows:

Code.	Title of Code.	Amount.
1951	Forage and Veterinary Supplies	\$5,000 00
1953	Office Supplies	500 00
1954	Medical and Surgical Supplies	23,000 00
1958	Laundry, Cleaning and Disinfecting Supplies	6,000 00
1961	Botanical and Agricultural Supplies	1,000 00
1962	Motor Vehicle Supplies	5,000 00
1963	General Plant Supplies	7,000 00
1966	Medical and Surgical Equipment	4,500 00
1972	Motor Vehicle and Equipment	7,000 00
1973	Wearing Apparel	30,000 00
1975	General Plant Equipment	3,000 00
1976	Materials	10,000 00
1983	General Plant Service	1,000 00
Total		\$103,000 00

A complete study of the requirements of the department to the end of the year is now being made, but pending the completion of this study the department has requested that a report be submitted to your Board upon such parts of the request as represent immediate needs and for which funds must be procured to operate the department during the months of July, August and September. These needs are as follows:

Code 1958, Laundry, Cleaning and Disinfecting Supplies, \$6,000.

The 1917 budget allowance is \$25,689. The unencumbered balance is \$790. Un-

filled requisitions for soap, disinfectants, bug exterminators and similar supplies, together with an amount for current monthly expenditures indicated a need for \$2,000.

Code 1961, Botanical and Agricultural Supplies, \$1,000.

The 1917 budgetary allowance in this code is \$5,000; the unencumbered balance \$176. The full amount requested is necessary to enable the department to transfer orders temporarily charged against the food supply accounts for seed potatoes and other seeds to the proper code. The orders were issued, I am informed, in order that there would be no delay in planting.

Code 1963, General Plant Supplies, \$7,000.

The 1917 budget allowance in this code is \$14,000. The unencumbered balance is \$96. The budget allowances were based upon the annual consumption of such supplies at prices current at the time the budget was made. The depletion of the account is due almost entirely to increased costs, as shown by comparison as follows:

Budget Unit Cost.	Prices Paid.
Matches, 47 cents per gross.....	75 cents per gross.
Large Paper Bags, \$1.04 per 1,000.....	\$2.40 per thousand.
Toilet Paper, 4½ cents per roll.....	8½ cents per roll.
Wrapping Paper, 5 cents per pound.....	10 cents per pound.

It is estimated that \$2,500 will provide a fund sufficient to last until the end of September.

Code 1972, Motor Vehicles and Equipment, \$7,000.

The 1917 budget allowance is \$14,000, of which \$5,500 was for the purchase of new equipment, leaving a balance of \$8,500. A transfer of \$1,000 within budgetary appropriation to this account, made in June, makes a total of \$9,500 as the amount available for the automobile tire tubes and other equipment for the year.

This account is depleted, which indicates an average expenditure for the first six months of the year of \$1,500 per month. The Department estimates that the monthly cost for maintaining the equipment of the Department for the remainder of the year will average \$1,000 each month.

On this basis it is estimated that the needs of the department when stock on hand is considered can be met for the next three months by the authorization of \$2,500.

Code 1975—General Plant Equipment, \$3,000.

The 1917 budget allowance in this code is \$19,000; the balance on hand, \$229. The early depletion of this account is due primarily to increased cost. Contracts have also been let for certain equipment upon a yearly basis which has resulted in an overstock in some institutions of the department, while the stock at other institutions is exhausted. The department will be able to meet most of its requirements in General Plant Equipment for the next three months by a redistribution of stock on hand. Certain emergency purchases must be provided for, however, for which it is estimated \$1,000 will be sufficient.

Code 1976—Materials, \$10,000.

The 1917 Budget allowance in this code is \$53,627.00; the unencumbered balance, \$26.00. Expenditures from this account have been made in the same manner as from Code 1975, General Plant Equipment. The average emergency expenditures from this code are, however, much greater than from Code 1975, and are approximately \$2,000 per month. Such materials, coffin boards, valves, pipe fittings for the upkeep of the power equipment in the institution must be obtained. It is estimated that \$5,000 will be required for such expenditures until October.

Code 1983—General Plant Service, \$1,000.

The 1917 budget allowance in this code is \$3,940; the unencumbered balance is \$1,267. The amount allowed in this code included \$1,500 for band concerts in the Home of the Aged and Infirm in both Manhattan and Brooklyn, and all of the balance in this code will be required for this purpose. It was believed at the time the budget was made that changes in the water supply system at Kings County Hospital would be completed by the end of May, so that water from the new Catskill water supply could be obtained, and the purchase of water from independent companies could be discontinued. The changes contemplated have not been made and it will be necessary to provide for the purchase of water for the next three months. It is estimated that \$1,000 will be necessary to meet expenditures from this code for that period.

Code 1953—Office Supplies, and Code 1962—Motor Vehicle Supplies, have sufficiently large balances, which, with stock on hand, will be ample for all requirements as far as can be determined at this time, and it is not apparent that further funds will be necessary in these codes.

*Codes 1951, Forage and Veterinary Supplies; 1954, Medical and Surgical Supplies; 1956, Medical and Surgical Equipment, and 1973, Wearing Apparel—*will all require additional funds. It is believed, however, that funds for such commodities as are necessary and indispensable to the operation of the department may be obtained from other sources.

A summary of the additional amounts necessary for you to recommend in order to meet the requirements of the department for the next three months is as follows:

Code 1958 Laundry, Cleaning and Disinfecting Supplies.....	\$2,000 00
Code 1961 Botanical and Agricultural Supplies.....	1,000 00
Code 1963 General Plant Supplies.....	2,500 00
Code 1972 Motor Vehicles and Equipment.....	2,500 00
Code 1975 General Plant Equipment.....	1,000 00
Code 1976 Materials.....	5,000 00
Code 1983 General Plant Service.....	1,000 00

\$15,000 00

The Committee on Finance, to which was referred on June 26, 1917 (Minutes, page 618), the annexed request of the Commissioner of Public Charities for Special Revenue Bonds, \$10,300, to carry on poliomyelitis work for the remainder of the year, respectfully

REPORTS:

That the Committee is advised in the accompanying report of the Bureau of Contract Supervision that these funds can be obtained by transfer.

It therefore, recommends the request be placed on file.

Re Additional Revenue Bonds for Poliomyelitis Work.

To the Honorable the Board of Aldermen, City Hall, New York City:

Gentlemen—Request is hereby made for an issuance of special revenue bond funds in the sum of \$10,300 to carry on the poliomyelitis work for the balance of this year. Under date of September 26, 1916, your Honorable Board authorized the sum of \$25,000 in special revenue bond funds for this work. The Board of Estimate up to this time has authorized special revenue bond funds in the sum of \$22,200. The total authorizations to date will carry us until August 15, 1917.

Two automobile services carrying thirty children are still maintained by private charitable agencies. Two new clinics have been opened but have not as yet been properly equipped. Additional children are being proposed for transportation weekly. Most of the funds which we hereby request are to pay for transportation costs.

The following schedule will show how we propose to use this money:

14 Automobile Enginemen, \$960 per annum (3 months).....	\$3,360 00
1 Automobile Engineman, \$4.50 per day (90 days).....	405 00
9 Attendants, \$600 per annum (3 months).....	1,350 00
6 Trained Nurses, \$900 per annum (3 months).....	1,350 00

\$6,465 00

1 Additional Ambulance.....	950 00
Gasoline.....	\$1,060 00
Oil.....	75 00
Tires.....	600 00
Incidentals.....	250 00

1,985 00

Salary of Orthopedic Surgeons.....	600 00
Clinical equipment.....	200 00
Clinical supplies.....	100 00
	800 00

\$10,300 00

The remarkable improvement which has been shown in these children, a great many of whom have been restored to normal condition, has been due to the regularity of treatment made possible by our transportation systems. Our duty to these children requires us to continue the work.

In view of these facts, I would therefore request that your honorable body take prompt and favorable action in this matter. Very sincerely yours,

HENRY C. WRIGHT, Acting Commissioner.

City of New York, Board of Estimate and Apportionment, Municipal Building, July 9, 1917.

Hon. FRANCIS P. KENNEY, Committee on Finance, Board of Aldermen, City Hall, New York City.

Sir—On June 20, 1917, the Acting Commissioner of the Department of Public Charities, addressed a request to your Board for special revenue bonds to the extent of \$10,300, to provide for the continuation of the transportation of helpless cases of infantile paralysis to and from the clinics for after-care.

For this purpose special revenue bonds to the extent of \$22,000 have already been authorized by the Board of Estimate and Apportionment. It is estimated that the previous authorizations will permit of the continuance of the work up to August 15, 1917.

In order to carry this highly desirable activity to the end of the year, additional funds to the extent of approximately \$10,300 will be necessary.

I suggest, however, that the additional funds can be obtained by transfer rather than by the further issuance of special revenue bonds. Appropriate steps to obtain the necessary funds by transfer have already been taken by this Bureau and a report on the matter will be made at the next meeting of the Board of Estimate and Apportionment. Respectfully,

TILDEN ADAMSON, Director.

Re: Laundry Machinery, Kings County Hospital.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, New York City:

Dear Sir—On February 6th, 1917, we made application to the Board of Estimate and Apportionment for corporate stock to the amount of \$30,000, with which to purchase machinery for the Laundry, Kings County Hospital. This request was referred to the Board of Aldermen by the Board of Estimate, with the suggestion that revenue bonds be issued instead of corporate stock. The matter is still with the Finance Committee.

As you are probably aware the laundry situation at Kings County Hospital has been very bad for several years and is growing worse rapidly. We have just completed a large new building which is ready for the installation of machinery, but we have no money with which to buy it. The original amount appropriated would have been sufficient to complete the building and equip it, had the price of labor and material not increased so greatly since the appropriation was made.

We very much need facilities offered by this laundry, and I sincerely hope the Board of Aldermen can see its way clear to grant the revenue bonds asked for.

Very truly yours,

HENRY C. WRIGHT, Acting Commissioner.

Report of the Committee on Public Letting in Favor of Adopting Resolution Authorizing the Commissioner of Public Charities to Contract for Placing of Fire Alarm Systems in Certain Institutions Without Public Letting.

The Committee on Public Letting, to which was referred on June 12, 1917 (Minutes, page 503), the annexed request of the Commissioner of Public Charities for authority to contract for placing of fire alarm systems in certain institutions, respectfully

REPORTS:

That the reasons for this request are fully set forth in the letter of application. The Committee realizing that as much of the work as funds will permit should be installed without further delay, recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Public Charities be and he is hereby authorized and empowered to enter into contracts, without public letting, for the placing of fire alarm systems in certain of the institutions under his jurisdiction, as follows: Jandous Electric Equipment Co., thirteen thousand seven hundred and twenty-five dollars (\$13,725), for the City Hospital, and Croker Fire Protection Engineering Co., twenty thousand eight hundred dollars (\$20,800), for the Metropolitan Hospital.

JOHN McCANN, JOHN F. McCOURT, ALEXANDER S. DRESCHER, EDWARD W. COX, MICHAEL J. HOGAN, PETER SCHWEICKERT, Committee on Public Letting.

Department of Public Charities of The City of New York, Municipal Building, Tenth Floor, June 12, 1917.

To the Honorable, the Board of Aldermen, City Hall, New York:

Gentlemen—Through the Board of Estimate we made a request to your Honorable Board to allow us to contract without public letting for the placing of fire alarm systems in certain of the institutions of the Department. Our request was made owing to the fact that we had received bids on public proposals which exceeded the amount we had in hand for the complete project. During the time the matter was before your Board, the price of material and labor advanced so that the lowest bidder would not take the contract. Accordingly it became necessary for your Board to act, and we rejected the bids.

We again advertised and received public bids this day. There were three responsible bidders for the work. The amount bid for all of the buildings is \$117,035. We have on hand but \$46,000, and it is highly important that fire alarms be placed in the hospitals on Blackwell's Island as the fire hazard is very great. We accordingly ask the privilege to contract without public letting with Jandous Electric Equipment Co., \$13,725, for the City Hospital, and Croker Fire Protection Engineering Co., \$20,800, for the Metropolitan Hospital.

If fire should once thoroughly start in any one of the buildings there would be serious loss of life, as it would be impossible to remove the patients from them.

I believe it would be wise to install these fire alarms as early as possible and trust that your Honorable Board will take prompt and favorable action on this request. Very truly yours,

HENRY C. WRIGHT, Deputy and Acting Commissioner.

Report of the Committee on Public Letting in Favor of Adopting Resolution Authorizing the Board of Education to Enter Into Contract for General Construction of Evander Childs High School Without Public Letting.

The Committee on Public Letting, to which was referred on July 3, 1917 (Minutes, page), the annexed request of the Board of Education for authority to enter into contract for general construction of Evander Childs High School, without public letting, respectfully

REPORTS:

That this request is due to the abandonment of contracts for this work by the Midtown Contracting Company and the Connor Brothers Company, and the desire of the Board of Education to let the remainder of the work to the next lowest bidder without the additional cost of readvertising and the consequent delay thereto.

It therefore recommends the adoption of the accompanying resolution.

Resolved, That, pursuant to the authority conferred upon this Board by section 419 of the Greater New York Charter, the Board of Education of the City of New York be, and it hereby is, authorized to enter into a contract in the form approved by the Corporation Counsel on June 14, 1917, with The Craigrick Construction Company for completing and finishing item 1, general construction of the Evander Childs High School, on East 184th street and Field place, between Creston and Morris avenues, Borough of The Bronx, in accordance with the original plans and specifications of contract awarded to the Midtown Contracting Company, which has been declared abandoned, and which was subsequently relet to The Connors Bros. Co., Inc., which latter has also been declared abandoned, for the sum of \$174,980, without public competition.

JOHN McCANN, JOHN F. McCOURT, ALEXANDER S. DRESCHER, EDWARD W. COX, MICHAEL J. HOGAN, PETER SCHWEICKERT, Committee on Public Letting.

Board of Education, Park Avenue and Fifty-ninth Street, New York, June 28, 1917.

HON. FRANK L. DOWLING, President, Board of Aldermen:

Dear Sir—At the meeting of the Board of Education held yesterday the following resolution was adopted:

"Resolved, That the Board of Education hereby makes application to the Board of Aldermen of The City of New York for the passage by the said Board of Aldermen of the following resolution:

"Resolved, That pursuant to the authority conferred upon this Board by Section 419 of The Greater New York Charter, the Board of Education of The City of New York be, and it hereby is, authorized to enter into a contract in the form approved by the Corporation Counsel on June 14, 1917, with The Craigrick Construction Company for completing and finishing item 1, general construction of the Evander Childs High School, on East 184th street and Field place, between Creston and Morris avenues, Borough of The Bronx, in accordance with the original plans and specifications of contract awarded to the Midtown Contracting Company, which has been declared abandoned, and which was subsequently relet to The Connors Bros. Co., Inc., which latter has also been declared abandoned, for the sum of \$174,980, without public competition."

You are doubtless aware that the construction of this school has been under way for several years.

The Board of Education realizes that the public in general is not familiar with the procedure required but is only interested in seeing that the building is erected and ready for the reception of pupils.

It appears that the only way in which the contract for the completion of the above-mentioned building can be let with the funds available is by permitting the Board of Education to award the contract as set forth in the above-quoted resolution. The bid of The Craigrick Construction Co. is the lowest of four bids received, the next lowest being in the sum of \$223,700 and the highest in the sum of \$265,000.

The Committee on Building and Sites will appreciate your efforts in having favorable and immediate action taken on the resolution above quoted. Very truly yours,

HELEN ST. CLAIR MULLAN, Chairman, Committee on Buildings and Sites.

Which, on motion of Alderman McCann, was made a Special Order for the day.

The Vice-Chairman put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Report of the Committee on Public Letting in Favor of Adopting Resolution Authorizing the Commissioner of Docks to Contract for the Removal and Sale of Remaining Portion of Pier at Foot of West 45th Street, North River, Manhattan, Without Public Letting.

The Committee on Public Letting, to which was referred on July 3, 1917 (Minutes,

page), the annexed request of the Commissioner of Docks and Ferries for authority to contract for the removal and sale of remaining portion of pier at foot of W. 45th Street, North River, Manhattan, without public letting, respectfully

REPORTS:

That it is necessary to remove the remaining portion of this old pier to make way for improvement work. The Dock Department is desirous of taking advantage of a very low price for the work without the delay and cost of advertising.

It therefore recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Docks be and he is hereby authorized and empowered to enter into contract with the Riverside Contracting Company, without public letting, for the removal of the remainder of the old pier at the foot of West 45th street, North River, for the sum of two thousand seven hundred and eighteen dollars (\$2,718).

The City of New York, Department of Docks and Ferries, Office of the Commissioner, Pier A, North River, June 27, 1917.

HON. FRANK L. DOWLING, President, Board of Aldermen, City Hall, Manhattan:

Sir—On April 13, 1917, this Department requested the Commissioners of the Sinking Fund to have sold and removed the remaining portion of the pier at the foot of West 45th Street, North River, Borough of Manhattan, about 395 feet in length and 60 feet in width. The Commissioners of the Sinking Fund at meeting held May 3, 1917, directed the sale and removal of the structure.

The Comptroller states that the old pier was offered for sale on May 31, 1917, but no bids were received.

It is necessary that this old pier be removed in connection with the improvement work at West 46th Street, North River, in order that the slip space adjoining the pier will be available for use. This Department addressed a communication to seventeen contractors requesting bids for the removal of the structure. The lowest bid is from the Riverside Contracting Company, said company offering to do the work for the sum of \$2,718. Two other bids were received, one at \$3,500 and another at \$5,900.

I request that a resolution be adopted by the Board of Aldermen authorizing me to issue an order for this work to the Riverside Contracting Company at a cost of \$2,718 without public letting. Yours respectfully,

RICHARD C. HARRISON, Acting Commissioner of Docks.

Report of the Committee on Salaries and Offices in Favor of Adopting Resolution to Establish the Position of Deputy Assistant District Attorney for Three Incumbents, Kings County.

The Committee on Salaries and Offices, to which was referred on June 26, 1917 (Minutes, page 615), the annexed request of the District Attorney of Kings County for the establishment of the position of Deputy Assistant Attorney, for three incumbents, respectfully

REPORTS:

That having examined the subject and hearing District Attorney Harry E. Lewis, of Kings County, it believes the positions necessary for the proper conduct of the business of the office, and recommends the adoption of the resolution, as contained in the accompanying communication.

Resolved, that, pursuant to the provisions of section 12, subdivision 5, of the County Law, and of section 1586 of the Greater New York Charter, the Board of Aldermen hereby establishes the position of Deputy Assistant District Attorney for three incumbents, at a salary to be fixed by the District Attorney, but not to exceed thirty-five hundred dollars each per annum, in the office of the District Attorney of Kings County.

CHARLES DELANEY, JOHN J. O'ROURKE, JAMES J. MOLEN, FRANCIS P. BENT, W. W. COLNE, STEPHEN F. ROBERTS, EDWARD V. GILMORE, Committee on Salaries and Offices.

District Attorney's Office, County of Kings, Brooklyn, New York, June 22nd, 1917.

Board of Aldermen of the City of New York, City Hall, Borough of Manhattan, New York City:

Sirs—I respectfully request that in pursuance of the County Law, Section 12, Subdivision 5, and of Section 1586 of the Greater New York Charter, you adopt the following resolution:

"Resolved, that pursuant to the provisions of Section 12, Subdivision 5, of the County Law and of Section 1586 of the Greater New York Charter, the Board of Aldermen hereby establishes the position of Deputy Assistant District Attorney for three incumbents, at a salary to be fixed by the District Attorney but not to exceed thirty-five hundred dollars each per annum, in the office of the District Attorney of Kings County."

The District Attorney heretofore under date of April 14, 1917, requested that the Board of Estimate and Apportionment pass a resolution pursuant to the provisions of Section 56 of the Greater New York Charter, recommending to your honorable body the establishment of the three positions in accordance with the foregoing resolution now requested of your honorable body. The board of Estimate and Apportionment by its action apparently on June 8th, of which action this office was advised on the 20th, denied the District Attorney's request apparently on the sole ground that it had no jurisdiction, for the reason that the Board of Aldermen alone had the power to create these places. The circumstances of the denial by the Board of Estimate and Apportionment are briefly these: The Bureau of Personal Service of the Board of Estimate and Apportionment made a report that the power to create these places was solely in the Board of Aldermen, under the provisions of Section 12, Subdivision 5 of the County Law and of Section 1586 of the Greater New York Charter. This it declared, notwithstanding the fact that on June 24, 1910, the Board of Estimate and Apportionment, by resolution, recommended to the Board of Aldermen the establishment under Section 56 of the Greater New York Charter of the grade of position of Deputy Assistant District Attorney, at two thousand dollars per annum, in the office of the District Attorney of Kings County. That action was approved by your honorable body on July 19, 1910. Notwithstanding this action, the Bureau of Personal Service in its report declares:

"However, it is the opinion of this bureau that the request of the District Attorney should properly be made to the Board of Aldermen and acted upon by that board, under the foregoing cited provisions of law, without any action by the Board of Estimate and Apportionment being taken or necessary."

With respect to this office there were other instances where positions have been created by the recommendation of the Board of Estimate and approval of your body. This includes the establishment of the position of Process Server for seven incumbents by the resolution of the Board of Estimate adopted December 22, 1910 and approved by the Board of Aldermen on January 10, 1911. This also includes the establishment of the position of Telephone Operator by resolution of the Board of Estimate of April 2, 1909, which was approved by the Board of Aldermen on April 13, 1909.

With respect to the merits of the District Attorney's application, the Bureau of Personal Service approved it only to the extent of two places and called attention to the unavailability of funds, its report saying:

"If the District Attorney had another Assistant assigned to the Magistrates' Courts, and one in the Appeals and office preparation work, or a total of two additional positions, the needs of the office would be amply provided for. The duties of the requested positions fall within Grade 2 of the lawyers' group of the standard specifications, with a salary range from \$1500 to \$2280 per annum, inclusive. There are no funds available within the 1917 budget appropriations to the office, and an issue of special revenue bonds in the necessary sum would have to be authorized to provide for the purposes of the request."

Acting upon this report of the Bureau of Personal Service, the Committee on Salaries and Grades of the board made the following recommendation:

"In view of the above report, the Committee recommends denial of the request of the District Attorney of Kings County for three additional positions of Deputy Assistant District Attorneys, on the ground that the request should properly be made to the Board of Aldermen, as the Board of Estimate and Apportionment is without jurisdiction."

Acting upon such report and recommendation, the Board of Estimate itself adopted the following resolution:

"That the Board of Estimate and Apportionment hereby denies the request of the District Attorney of Kings County, dated April 14, 1917, for the establishment of the position of Deputy Assistant and District Attorney for three incumbents, at a salary to be fixed by the District Attorney, but not to exceed \$3,500 per annum each, but without prejudice to its presentation to the 1918 Budget Committee."

In view of the fact that the Board of Estimate has abandoned any claim of power with respect to the establishment of these places, and in view of the merit of the application and the present office need for these places, you are earnestly urged to adopt the resolution first set out in this communication. The reasons for it are of great weight. For some years past the office of the District Attorney of Kings County has administered the criminal work of this county with a force of twelve assistants and one deputy assistant. In New York County during the same period of time there has been a force of twelve assistants and thirty-eight deputy assistant district attorneys, the pay of the deputy assistants ranging from five thousand dollars down to fifteen hundred dollars per annum; although the work done in New York County is not more than two and one-half times the amount of work done in this county. There are throughout the year continuous sittings of the courts in this county for the trial of criminal cases. During the year assignments must be made of assistants to try cases in the Court of Special Sessions, in three and four parts of the County Court, and in a Criminal Term of the Supreme Court. Owing to the amount of preparation necessary to be conducted in the office and the number of Trial Terms of courts to be regularly cared for, it has been impossible during this period to assign more than one man to the ten City Magistrates' Courts in this county. The experience in the past few years has shown that it is impossible for one man to cover the ten courts six days each week and get results. A fair trial of the system has been made by having regular days each week for the attendance of the assistant in each court and urging that the more important cases, such as felonies, be adjourned to the District Attorney's day. In the light of this experience, it seems unwise to any longer continue this system, and the need has become exceedingly plain for three men to cover the Magistrates' Courts each week, assist in the necessary work of preparation and appeals. It is thought that if three deputy assistants were to devote their time exclusively to the Magistrates' Courts and the work of preparation, the citizens of this county would be given an increased service that would enable every complainant to have his charge fully cared for with every assistance possible by this office, and that sound charges will thus be properly prepared for future trial and disposition and the worthless charges winnowed out and dismissed in the Magistrates' Courts. I should be pleased to furnish your honorable body with any further information desired showing the assignments of the various men in this office, the amount of work done, the total number of cases cared for in all courts, and especially the great number of cases cared for in the Appellate Courts and the time and labor necessarily devoted by our Appeal Bureau to the appeal work and the general law questions constantly arising in the office.

Accordingly, you are respectfully urged to adopt the foregoing resolution. Truly yours,

HARRY E. LEWIS, District Attorney.

Report of the Committee on Finance in Favor of Adopting Resolution Authorizing an Issue of Special Revenue Bonds, \$4,320, for Repair of Bridges in Forest Park, Queens.

The Committee on Finance, to which was referred on June 26, 1917 (Minutes, page 619), the annexed request of the Commissioner of Parks, Borough of Queens, for Special Revenue Bonds, \$4,320, for repairs of bridges in Forest Park, respectfully

REPORTS:

That, having examined the subject and basing its conclusions on the annexed report of the Bureau of Contract Supervision, it recommends the adoption of the accompanying resolution:

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of four thousand three hundred and twenty dollars (\$4,320), the proceeds whereof to be used by the Park Commissioner, Borough of Queens, for the purpose of repair of bridges in Forest Park. All obligations contracted for hereunder to be incurred on or before December 31, 1917.

FRANCIS P. KENNEY, WM. P. KENNEALLY, JOHN T. EAGAN, JOHN DIEMER, F. H. STEVENSON, CHARLES DELANEY, ROBERT L. MORAN, MICHAEL STAPLETON, Committee on Finance.

The City of New York, Department of Parks, Borough of Queens, June 20th, 1917.

The Board of Aldermen, City Hall, New York City:

Sirs—Application is hereby made for an appropriation of \$4,320 for the repair of bridges in Forest Park.

These bridges have recently been examined by inspectors detailed by the Hon. F. J. H. Kracke, Commissioner of Plant and Structures, at the request of this Department, and are found to be in need of immediate attention.

In order that your Board may have all the facts before it, in reference to the request for this appropriation, I am submitting herewith a report submitted to me by Commissioner Kracke.

I would respectfully urge your immediate and prompt attention to this matter, in order that the work may be started without delay and finished before bad weather sets in. I have the honor to remain,

Respectfully,

JOHN E. WEIER, Commissioner. Department of Plant and Structures, City of New York, Municipal Building, Manhattan, N. Y., June 15, 1917.

Hon. JOHN E. WEIER, Commissioner of Parks, Borough of Queens:

Dear Sir—As requested in your communication of May 22, 1917, I have had three bridges under your jurisdiction on the drive in Forest Park examined with reference to repairs needed to these bridges.

The following shows approximately what repairs are needed and also gives an estimate of cost for making same.

Bridge No. 1, which carries the drive over the Rockaway Division of the Long Island Railroad. This is a steel viaduct 214 feet long, with a roadway 20 feet wide and two sidewalks each 6 feet 3 inches wide. Carpenters are now at work replanking the roadway and sidewalks and repairing the lower deck flooring. In general, the stringers and lower deck flooring on the roadway are still serviceable. Some of the stringers are in poor condition, but can be reinforced without much trouble by placing additional stringers alongside those which are defective. Several of the 2-inch by 2-inch by 5-16-inch angle lateral braces, which hold the sidewalk brackets normal to the girders, are badly rusted but are not worth repairing and can be cut out. The sidewalk stringers serve for bracing. The railing needs some small repairs; the bent or broken scrolls could be cut out and loose pickets riveted. All masonry work is in good condition.

Bridge No. 2, which carries the drive over Myrtle Avenue. This is a steel viaduct 110 feet long with a roadway 20 feet wide and two sidewalks each 6 feet 3 inches wide. Repairs are needed to the roadway and sidewalk floors similar to the repairs now being made to the flooring at Bridge No. 1. There are defects in the sidewalk bracket bracing and railings similar to those given above for Bridge No. 1. The masonry is in good condition.

Bridge No. 3, which carries the drive over the Main Line Division of the Long Island Railroad. This is a steel viaduct 125 feet long with a roadway 20 feet wide and two sidewalks each 8 feet wide. The railing is in bad condition, the scrolls being badly bent and the channel under the pipe cap rusted out. The upper portions of the newel post should be removed and covers made for four newel posts to keep out water.

The steel structure of each bridge is almost entirely without protection against rust, and the need of painting is apparent and urgent.

With the exception of minor defects above mentioned the steel work on the bridges is in good condition and the deterioration from rust thus far is not serious.

It is estimated that for the structural repairs on the bridges, including the railings, there will be required

Ironworkers, 80 days, at \$5.50 per day.....	\$440 00
Materials, tools, etc.....	60 00
Replanking, roadway on Bridge No. 2, 7,000 ft. B. M., yellow pine plank, at \$55	385 00
Repairs to sidewalk and lower deck of roadway, Bridge No. 2, 3,000 ft. B. M., yellow pine plank at \$55.....	165 00
For Bridge No. 2, 1,000 ft., B. M., yellow pine stringers.....	55 00
Nails, spikes, tools, etc.....	25 00
Labor for repairs to roadway and sidewalks, Bridge No. 2.....	400 00
	\$1,530 00

The above estimate does not include repairs to wood stringers or flooring on Bridge No. 1, which repairs are now in progress.

The following painting is desirable:

Bridges 1 and 2 should receive one coat of red lead paint and one coat of structural color after chipping and cleaning.

Bridge No. 3 should be cleaned and touched up with red lead paint in spots only and given one coat of structural color.

The estimated cost of the painting is as follows:

Painting materials, consisting of 2½ bbls. red lead paint and 3 bbls. structural color	\$700 00
Painting equipment, such as brushes, scrapers, chipping hammers, etc....	170 00
Transportation	60 00
Labor, Painters, 330 days at \$5 per day.....	1,650 00
Labor, Watchmen, 84 days at \$2.50 per day.....	210 00
	\$2,790 00
Cost of repairs	1,530 00

Cost of repairs and painting..... **\$4,320 00**

Yours truly,

F. J. H. KRACKE.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, July 2nd, 1917.

Commissioner of Parks, Borough of Queens, Request for Special Revenue Bonds, \$4,320, for Repairs to Bridges in Forest Park.

Hon. FRANCIS P. KENNEY, Chairman, Committee on Finance, Board of Aldermen, City Hall, New York City:

Sir—In accordance with your request, the above matter was investigated and the Bureau of Contract Supervision reports thereon as follows:

An inspection of these bridges at the time of preparation of the 1917 budget showed that they were in bad condition, and an allowance of departmental labor and materials was made for the repair of Bridges No. 1 and No. 2, the Commissioner agreeing to repair No. 3 from his 1916 appropriations.

Owing to the increase in the cost of material the allowance for material for these two bridges only proved sufficient for repairing the superstructures of Bridge No. 1, and nothing has been done to Bridges No. 2 and No. 3.

While the iron work of these bridges has been painted within the last two years, this painting was very indifferently done, little attempt apparently having been made to scrape off flakes of rust and to do other work necessary before the painting.

The amount requested for repairing these bridges is reasonable and the work should be done, but it is work for which the mechanical force of the Park Department

is not properly equipped and it would be greatly to the advantage of the City if the work were to be done by the Department of Plant and Structures.

No funds are available in the Park Department for this work.

Respectfully, TILDEN ADAMSON, Director.

The Vice-Chairman put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bassett, Bent, Burns, Burden, Browne, Carroll, Cassidy, Cole, Collins, Colne, Cox, Crane, Cunningham, Curley, Daley, Delaney, Diemer, Donnelly, Dunn, Drescher, Eagan, Farley, Ferguson, Ferrand, Friedlander, Gaynor, Gilmore, Goetz, Gutman, Hatch, Haubert, Heyman, Hilkemeier, Hogan, Kenneally, Kenney, McCann, McCourt, McGarry, McGillick, McKee, McManus, Martin, Molen, Moore, Mullen, O'Rourke, Palitz, Post, Roberts, Robitzek, Ryan, Schmitz, Schweickert, Shields, Silberstein, Smith, Squiers, Stapleton, Stevenson, Tolk, Trau, Walsh, Wirth, Wise; President Van Name, by John Bowe, Assistant Commissioner of Public Works; President Connolly, by James Butler, Assistant Commissioner of Public Works; President Mathewson, by John G. Report of the Committee on Public Letting in Favor of Adopting Resolution Authorizing the County Clerk of the County of Bronx to Purchase Office Furniture Without Public Letting.

The Committee on Public Letting, to which was referred on June 26, 1917 (Minutes, page 616), the annexed request of the County Clerk of the County of Bronx for authority to purchase office furniture without public letting, respectfully

REPORTS:

That Mr. James V. Ganly, County Clerk, Bronx County, stated to the Committee that he could obtain better results and save both time and money if permitted to purchase in the open market. Past experience has shown the wisdom of this method of procedure.

It accordingly recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the County Clerk of Bronx County be and he is hereby authorized and empowered to award contract, without public letting, for furnishing and installing counters, desks, tables, roller shelves, cases and cabinets (steel equipment), at an estimated cost of eight thousand six hundred dollars (\$8,600).

JOHN McCANN, WM. P. MCGARRY, PATRICK H. SULLIVAN, JAMES J. BROWNE, EDWARD W. COX, ALEXANDER S. DRESCHER, Committee on Public Letting.

County Clerk's Office, Bronx County, County Court House, New York, June 21, 1917.

Hon. Board of Aldermen, City of New York, New York City:

Gentlemen—Application is hereby made for permission to award without public letting, contract for furnishing and installing counters, desks, tables, roller shelves, cases and cabinets (steel equipment), for use in this office.

At the present time the equipment in this office is entirely inadequate to its needs, and I am compelled to pile books and public records on top of the various cases, making it very inconvenient for public use. It is important that these articles be furnished at once. I desire to secure permission for awarding the contract so as to eliminate the delays incident to advertising, public letting, etc. The form of contract, plans, specifications and estimated cost of \$8,600, has been approved by the Bureau of Contract Supervision of the Board of Estimate and Apportionment. There are but few firms who will estimate or bid on this work, and as I can obtain their bids or estimates without advertising, I feel sure that I can do as well and obtain as low a price in this manner as if the matter was advertised publicly.

Owing to the uncertain condition of the steel market, I feel that as good results can be obtained in this way as by public letting, and owing to the urgent need of this equipment, I desire that permission be given to me at the earliest possible moment.

Trusting that your Board will approve this application, I am, Yours very truly, JAMES V. GANLY, County Clerk.

The Vice-Chairman put the question whether the Board would agree with said report and adopt such resolution.

Report of the Committee on Public Letting in Favor of Adopting Resolution Authorizing the President of the Borough of Richmond to Contract for Paving and Improving Portion of Amboy Road and Bentley Street Without Public Letting.

The Committee on Public Letting, to which was referred on June 26, 1917 (Minutes, page 619), the annexed request of the President of the Borough of Richmond for authority to enter into contract for paving and improving portion of Amboy Road and Bentley street without public letting, respectfully

REPORTS:

That Mr. D. S. Oxholm, Consulting Engineer, Borough of Richmond, advised the Committee that owing to the uncertain condition of labor and prices of materials, better results can be obtained and the road finished in a reasonable time if the permission sought is granted.

It, therefore, recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of Richmond be and he is hereby authorized and empowered to enter into contract, without public letting, for the paving and improvement of the uncompleted portion of Amboy Road and Bentley Street, in the Borough of Richmond, at a cost not to exceed one hundred and twenty-two thousand seven hundred and eighty dollars (\$122,780).

JOHN McCANN, WM. P. MCGARRY, PATRICK H. SULLIVAN, JAMES J. BROWNE, EDWARD W. COX, ALEXANDER S. DRESCHER, Committee on Public Letting.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, Staten Island, June 22, 1917.

The Honorable Board of Aldermen, The City of New York:

Gentlemen—Pursuant to the provisions of section 419 of the Greater New York Charter, I respectfully request your approval of entering into a contract without public letting for the expense incidental to the paving of the unfinished portion of Amboy Road and Bentley Street, in the Borough of Richmond, to an amount of not exceeding \$122,780. My reason for making the request is as follows: The Board of Estimate and Apportionment, at a meeting held June 30, 1916, authorized an appropriation of \$90,000 in corporate stock for the repaving of one section of Amboy Road, with the understanding that an appropriation would be made for the completion of a section each year, the work being divided into three parts. The first section is nearly completed and work is well under way upon the second section, an appropriation for which was authorized by the Board of Estimate and Apportionment at a meeting held February 9, 1917.

Acting upon my request, the Board of Estimate and Apportionment, at a meeting held June 1, 1917, authorized an issue of corporate stock to an amount of \$131,430 for the paving of the third and last section of Amboy Road and Bentley Street, which leads to the Tottenville Ferry, for the reason that the unfinished portion was in such poor condition that it would have been very expensive to keep it in repair for the balance of this year, and for the further reason that the road is a direct artery leading to Philadelphia and the south Jersey summer resorts, and should be put in shape for the accommodation of the public this year. It is also important for military purposes.

The plans and specifications, with form of contract, for this last section, have been approved, and the approval of your Board will make it possible for me to begin work at once upon the unfinished portion.

I feel that by so doing the City will save not only time, but money, for the

reason that labor and material have gone up in price since the last bidding for the section now under construction.

The contractor on that section has agreed to enter into a contract to finish the work at the bid price of the last contract, for the reason that he has all his equipment and a good organization of men on the work at the present time. I am particularly anxious to complete this road before the fall sets in, and respectfully request, in view of the fact that it would be a saving of time and money, your immediate action upon the attached resolution. Yours respectfully,

CALVIN D. VAN NAME, President, Borough of Richmond.

The Vice-Chairman put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

REPORTS:

That having examined the subject, it believes the proposed amendment to be advisable. It finds that a lot of unnecessary printing is made mandatory under present provisions, and the ordinance, as submitted will prove a large saving in the City's bills.

It therefore recommends that the said ordinance be adopted.

AN ORDINANCE to amend subdivision 2 of section 6 of article 2 of chapter 1 of the Code of Ordinances, relating to publication of general ordinances.

Be it Ordained, by the Board of Aldermen of the City of New York, as follows: Section 1. Subdivision 2 of section 6 of article 2 of chapter 1 of the Code of Ordinances, relating to publication of general ordinances, is hereby amended to read as follows:

2. *Adopted and approved ordinances.* The clerk of the board of aldermen shall cause [1,000] 300 copies of each general ordinance to be published in separate leaflet form, consecutively numbered and paged in the form and style of the Session Laws of the State of New York, within 10 days after its approval by the mayor, or upon its taking effect without his approval or disapproval, or after reconsideration and reapproval by the board of aldermen subsequent to his disapproval thereof, as provided by §40 of the charter, as amended and supplemented [], except that, if an ordinance shall be of such a nature that demand for copies may be in excess of 300 the clerk may, by requisition on the Supervisor of the City Record, apply for more copies than herein provided. [The clerk shall also cause to be compiled a proper index of all such general ordinances for the current calendar year and for each year thereafter, which shall be published as a pamphlet, the pages of which shall be of the same size as that of the leaflets containing such general ordinances.]

Sec. 2. This ordinance shall take effect immediately.

CONDITIONS OF SALE.

As Provided for by the Greater New York Charter.

- Separate proposals must be made for each class of Corporate Stock.
- Proposals containing conditions other than those herein set forth will not be received or considered.
- No proposal for stock shall be accepted for less than the par value of the same.
- Every bidder, as a condition precedent to the reception or consideration of his proposal, shall deposit with the Comptroller in money, or by a certified check drawn to the order of said Comptroller upon a trust company or a State bank incorporated and doing business under the laws of the State of New York, or upon a National bank, Two per cent. of the par value of the stock bid for in each proposal.
- No proposal will be received or considered which is not accompanied by such deposit.
- All such deposits shall be returned by the Comptroller to the persons making the same within three days after the decision has been rendered as to who is or are the highest bidder or bidders, except the deposit made by the highest bidder or bidders.
- If said highest bidder or bidders shall refuse or neglect, within five days after service of written notice of the award to him or them, to pay to the City Chamberlain the amount of the stock awarded to him or them at its par value, together with the premium thereon, less the amount deposited by him or them, the amount or amounts of deposit thus made shall be forfeited to and retained by said City as liquidated damages for such neglect or refusal, and shall thereafter be paid into the Sinking Fund of The City of New York for the Redemption of the City Debt.

Under this provision, the condition that the bidder will accept only the whole amount of stock bid for by him, and not any part thereof, cannot be inserted in any bids, except those for "all or none" offered by bidders who have also bid for "all or any part" of the stock offered for sale.
- The proposals for each class, together with the security deposits, should be inclosed in separate sealed envelopes, indorsed "Proposals for Corporate Stock" or Corporate Stock (Serial), and said envelope inclosed in another sealed envelope, addressed to Comptroller of The City of New York. NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curbs in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days

from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall painted and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

"No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions, shall in any case be re-located or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be re-located or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made."

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
