NOTICE

On August 18th, 2021, a public hearing is being held by the City Planning Commission (CPC), accessible both in person and remotely, in conjunction with the above hearing to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning an application by Camber Property Group for a minor modification to the Stevenson Commons LSRD and an amendment to an existing project plan to facilitate the construction of six new affordable residential buildings, including 753 units of affordable housing in Soundview, Bronx Community District 9. The Stevenson Commons site (a.k.a. the "Project Area") at 1850 Lafayette Avenue comprises the 679,000-square foot (sf) superblock bounded by Lafayette Avenue, White Plains Road, Seward Avenue, and Thieriot Avenue. The eastern portion of the site is currently developed with a mix of residential, retail, community facility, and/or accessory parking uses. The Proposed Actions would facilitate new construction on the Stevenson Commons site that would result in an incremental (net) increase of approximately 735 affordable dwelling units, including 621 income-restricted housing units and 114 affordable independent residences for seniors (AIRS), 33,995 gsf of community facility uses, approximately 1.94 acres of publicly accessible open space, and a net decrease of 104 accessory parking. The Proposed Actions would facilitate the development of six new residential and community facility buildings with approximately 735 total new units (621 income-restricted housing units and 114 affordable

independent residences for seniors ("AIRS")) on lands that currently are underutilized and present unsafe conditions. The Proposed Project is compliant with the underlying R6 zoning district. The location and bulk of the existing Stevenson Commons buildings would not change, and no new modifications of zoning provisions are required for either the Proposed Project or the existing Stevenson Commons buildings.

Written comments on the DEIS are requested and will be received and considered by the Lead Agency through August 30th, 2021.

For instructions on how to submit comments and participate remotely, please refer to the instructions at the beginning of this agenda.

This hearing is being held, pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 21DCP044X.

NOTICE

On Wednesday, August 18, 2021, a public hearing is being held by the City Planning Commission (CPC), accessible both in

person and remotely, in conjunction with the above ULURP hearing to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning an application by BP 347 Madison Associates, LLC, (BP) and the Metropolitan Transportation Authority (MTA) (the Applicant). The Applicant is seeking from the CPC two Vanderbilt Corridor Subarea special permits, pursuant to Zoning Resolution §81-633 (Grand Central public realm improvements) and §81-634 (modifications to bulk regulations and mandatory district plan elements), in order to redevelop the property located at 341-347 Madison Avenue (the Project Site), within the Vanderbilt Corridor and Grand Central Core Area of the Special Midtown District's East Midtown Subdistrict in Manhattan, Community District 5. The Project Site is owned by the MTA, from which BP is seeking approval of a net lease on the property. The Proposed Action, which is expected to be completed by 2026, would facilitate the redevelopment of the Project Site with the Proposed Project—a new, approximately 925,630-gross-square-foot (gsf) commercial office building up to 1,050 feet tall (including the bulkhead), with ground floor retail uses, below-grade space (i.e., mechanical and back-of-house space), and on-site transportation improvements that would create new pedestrian access to, and egress from, the new Long Island Rail Road (LIRR) East Side Access (ESA) concourse (the existing connection from 45th Street to the Grand Central Terminal (GCT) Roosevelt Passageway would remain adjacent to the site at 52 Vanderbilt). The Proposed Action would also provide off-site improvements to passenger circulation at the Grand Central - 42nd Street Subway Station, including improvements to passenger connections to the IRT Flushing Line (#7 Train) platform.

Written comments on the DEIS are requested and will be received and considered by the Lead Agency through Monday, August 30, 2021.

For instructions on how to submit comments and participate remotely, please refer to the instructions at the beginning of this agenda.

This hearing is being held, pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 21DCP020M.

PROCUREMENT

"Compete To Win" More Contracts!

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- Win More Contracts, at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed, to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed, at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)
Department for the Aging (DFTA)
Department of Consumer Affairs (DCA)
Department of Corrections (DOC)
Department of Health and Mental Hygiene (DOHMH)

Department of Probation (DOP)
Department of Small Business Services (SBS)

Department of Youth and Community Development (DYCD)
Housing and Preservation Department (HPD)
Human Resources Administration (HRA)

Statement of Basis and Purpose of Proposed Rule

Section 103.3 of the New York City Energy Conservation Code ("Energy Code") provides for department examination of construction documents to determine whether they are in compliance with the requirements of the Energy Code.

The proposed rule amends the existing Energy Code compliance review fee in section 101-03 from \$220 for all applications to a more equitable fee structure. Accordingly, there will now be three categories of energy code compliance review based on whether it's a new building, alteration or 1, 2, or 3 family home. There will be a fee associated with each such category of review.

This fee has not been amended since it was adopted in 2014. The creation of separate categories and associated fees will cover the current workload and staffing needed to ensure compliance with code requirements.

The Department of Buildings' authority for these rules is found in sections 643 and 1043 of the New York City Charter and section 103.3 of the New York City Energy Conservation Code.

Pursuant to section 1043(d)(4)(iii) of the New York City Charter, this proposed rule is not subject to review under Charter section 1043(d).

New material is underlined.

[Deleted material is in brackets.]

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

The fee for Energy Code compliance review in section 101-03 of Subchapter A of Chapter 100 of Title 1 of the Rules of the City of New York is amended to read as follows:

Energy Code compliance review	
• <u>One-, two- or three- family dwellings</u>	\$220
• <u>Alteration for other than one-, two- or three-family dwellings</u>	\$525
• <u>New buildings and Alteration that changes the C of O for other than one-, two- or three-family dwellings</u>	\$875
