NEW YORK, WEDNESDAY, JULY 22, 1891-WITH SUPPLEMENT.

NUMBER 5,533.

## BOARD OF ELECTRICAL CONTROL,

Minutes of a meeting of the Board of Electrical Control, held at the office of the Mayor, in the City of New York, on Friday, July 17, 1891, at 1 o'clock P.M.

Present—Mayor Hugh J. Grant, President; Commissioners Jacob Hess and Theodore Moss.

The minutes of the last meeting were read and approved.

An opinion of the Corporation Counsel, as follows, was read:

THEODORE Moss, Esq., Secretary, Board of Electrical Control:

SIR-I have your resolution requesting me to inform your Board whether, in my opinion, it is within the power of the Board to order the electrical companies to remove their poles and wires prior to the construction of subways, or whether it must necessarily be done after the construction of

In reply thereto I beg to advise you that by chapter 716 of the Laws of 1887 your Board has no power to direct the removal of poles and wires until sufficient subway accommodations have been

Yours, respectfully, WM. H. CLARK, Counsel to the Corporation.

Whereupon Commissioner Moss offered the following resolution:
Resolved, That the Secretary of this Board be directed to issue the usual ninety days' notice of removals of poles and wires to all companies owning or operating wires or poles in the district that is known as the First Proscribed District.
Which was unanimously adopted.
The following other opinion of the Corporation Counsel was also read:

THEODORE Moss, Esq., Secretary, Board of Electrical Control:

\*\*SIR—I acknowledge the receipt of the following resolution, passed by your Board at the meeting held on the 2d day of June, 1891:

"Whereas, This Board, on the 18th day of March, 1891, ordered the Consolidated Telegraph and Electrical Subway Company to complete certain subways, particularly the subway upon Seventh avenue, and it was the intent of the Board, though not the strict wording of the resolution, that it be completed in time to have the cables laid in it on the 1st of June, 1891, so that this Board might remove all the wires in what is known as the 'Proscribed District No. 1,' on June 1, 1891; and

"Whereas, The Consolidated Telegraph and Electrical Subway Company has failed to comply with the orders of this Board;

"Resolved That the Read directs the Counsel to the Corporation to prepare for it, if this

"Whereas, The Consolidated Telegraph and Electrical Subway Company has failed to comply with the orders of this Board;

"Resolved, That this Board directs the Counsel to the Corporation to prepare for it, if this resolution does not fully so provide, under the terms of the contract, such resolution as may, under the contract of the said Consolidated Telegraph and Electrical Subway Company be necessary for the forfeiture of the bond of said company, as in the opinion of this Board said contract has become inoperative, it being the intention of the Board to declare a formal forfeiture by this resolution."

Under the contract entered into on July 27, 1886, between the Board of Electrical Control and the Consolidated Telegraph and Electrical Subway Company, it is provided as follows: That when there shall be a substantial failure by the Subway Company to fully carry out the provisions of the aforesaid agreement, and it is so adjudged by competent judicial authority, the City may enter into possession of the subways, and the Subway Company shall subject any valid mortgages or liens then thereon outstanding, not exceeding fifty per cent. of the actual cost of such subways, and all leases or contracts then existing forfeit its interest in such subways and will surrender possession thereof to the Mayor, Aldermen and Commonalty of the City of New York.

This provision of the contract has never been modified, and is to-day in full force and effect. As it has never been adjudged by "competent judicial authority" that the Subway Company has failed to carry out its contract, it necessarily follows that the Board had no jurisdiction to declare the bond of the Subway Company forfeited.

In the case of Edward Henry against the Board of Electrical Control, Judge Truax, after quoting the aforesaid provision of the contract and reviewing the law bearing upon it, said: "I can find no authority, nor has any been cited to me, which would warrant me in holding that the mere determination of the Board of Electrical Control that the co

As there exists no record of any resolution specifically requiring the completion of subways in what is termed in your resolution "Proscribed District No. 1" by June 1, I cannot prepare any resolution which will lay a legal foundation for an action to have the contract with the Subway Company declared inoperative.

Very respectfully, WM. H. CLARK, Counsel to the Corporation.

WM. H. CLARK, Counsel to the Corporation.

Mayor Grant—That opinion of the Corporation Counsel of course takes away the effect of the resolution that was passed by this Board. It is very evident that the inadvertence of the Board or some person in not putting in the resolution ordering the construction "the first day of June" has put us in the position that we cannot act under it as it was the intention of the Board to act. Now, Mr. Lauterbach, you represent the Consolidated Telegraph and Electrical Subway Company—what is the position of that company?

Mr. Lauterbach—As I understand the communication of the Corporation Counsel, it is that the resolution never had any effect. I desire to state that I am instructed by the Consolidated Telegraph and Electrical Subway Company to agree to resume work promptly. I understand that we were at the time of the adoption of the resolution under obligation to do the following work:

Greenwich street, from Fulton to Morns street.

Exchange place, from Broadway to William street.

Liberty street, from West to Broadway.

Maiden Lane, from Broadway to William street.

Cortlandt street, from West to Broadway.
Maiden Lane, from Broadway to William street.
Dey street, from Washington street to Broadway.

Fulton street, from William to Pearl street.
Vesey street, from West to Broadway.
Park place, from Greenwich street to Broadway.
Warren street, from Greenwich street to Broadway.
Chambers street, from Greenwich street to Broadway.
White street, from West Broadway to Broadway.
Walker street, from West Broadway to Broadway.
University place, from Ninth street to Fourteenth street.
College place, from Chambers street to Park place.

College place, from Chambers street to Pointeenth street.

College place, from Chambers street to Park place.

Canal street, from Greenwich street to Washington street.

—and of these only Liberty street, from West street to Broadway, has been completed; that being completed before the 2d day of June. As I understand the opinion of the Corporation Counsel, the company is reverted to its duties and obligations, as though the resolution had not been passed, and that it is our duty to proceed with that work, which is the work I find had not been finished at the time of the resolution.

Mayor Grant—I understand your company will now proceed with that work?

Mr. Lauterbach—Yes; we will proceed promptly with the work, and will complete this work, which is all in the Second Proscribed District, as early as possible.

The Board, after consideration of the matter, on motion of Mayor Grant, adopted the following

Resolved, That the matter of the issuance of ninety days' notices be referred to Commissioner Hess, for the purpose of an examination of the records, to ascertain what ninety days' notices it is necessary for this Board to give.

mr. Lauterbach requested, in respect to future ninety days' notices of construction of subways for low tension service, that the notices provide that the Empire City Subway Company, instead of the Consolidated Telegraph and Electrical Subway Company, be authorized and directed to construct subsidiary ducts upon the application of companies.

Mayor Grant—As to all subways transferred to the Empire City Subway Company by the Consolidated Telegraph and Electrical Subway Company, or completed by the Empire City Subway Company, the notice shall provide that the Empire Company is authorized and directed to construct the subsidiary ducts; in other cases the notice is to be the same as heretofore—is that it?

Mr. Lauterbach—Yes.

The Expert reported favorably upon applications of the Metropolitan Telephone and Telephone

The Expert reported favorably upon applications of the Metropolitan Telephone and Tele graph Company for telephone connections in districts where there are no subways, and The Board, on motion of Mayor Grant, directed that permits be issued by the Secretary
