MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

CITY OF NEW YORK—OFFICE OF THE MAYOR, April 18, 1895.

To the Honorable the Board of Aldermen:

GENTLEMEN—I return herewith, without approval, resolution of your Honorable Body, permitting the Trustees of the Church of Strangers, southwest corner of Broadway and Eighth street, to keep an ornamental lamp-post and lamp.

The Commissioner of Public Works reports upon this resolution "that the proposed lamp would be used for advertising purposes, and recommends that permission be not granted to place it, especially as the corner of Broadway and Eighth street is business property, belonging to other parties, whose consent should be obtained before giving authority to erect the lamp there."

Yours, respectfully, W. L. STRONG, Mayor.

Resolved, That permission be and the same is hereby given to the Trustees of the Church of the Strangers to place and keep an ornamental lamp-post and lamp on the southwest corner of Eighth street and Broadway, provided the lamp be kept lighted during the same hours as the public lamps; that the post shall not exceed the dimensions prescribed by law (eighteen inches square at the base), the lamp not to exceed two feet in diameter, and not to be used for advertising purposes, the work to be done and gas supplied at their own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council. Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

CITY OF NEW YORK—OFFICE OF THE MAYOR, April 18, 1895.

To the Honorable the Board of Aldermen:

GENTLEMEN—I return herewith, without approval, resolution of your Honorable Body, permitting Jules Blau to keep a show-case in front of No. 425 Broadway.

The Commissioner of Public Works maintains the same objection to the erection of this show-case that he has to the granting of permission for such show-cases previously given by your Honorable Body, namely, that such show-case would constitute an illegal obstruction to the street.

Yours, respectfully, W. L. STRONG, Mayor.

Resolved, That permission be and the same is hereby given to Jules Blau to place and keep a show-case, five feet high and seventeen inches wide, against the house-line in front of his premises, No. 425 Broadway, same not to extend beyond the stoop-line, the work to be done at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council. Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

CITY OF NEW YORK—OFFICE OF THE MAYOR, April 18, 1895.

To the Honorable the Board of Aldermen:

GENTLEMEN—I return herewith, without approval, resolution of your Honorable Body, amending section 39 of article 5 of chapter 3 of the Revised Ordinances of 1880, relative to permitting small hucksters' stands, etc., on the sidewalk, near the curb, within two hundred feet of Washington Market.

The opinion of the Corporation Counsel upon this proposed revision of the ordinance is as follows:

"The purpose of the amendment is to authorize citizens of the United States who are residents of the city to keep baskets or small stands upon the curb-stone of streets within two hundred feet of Washington Market, in the City of New York. The exercise of the privilege thus proposed to be conferred is guarded by restriction which it will be unnecessary to discuss."

"I am of the opinion that the Common Council has no power to pass any ordinance authorizing any occupation of public streets outside of the stoop-line which does not come within the legal definition of a street use. It has been repeatedly decided by the courts that such a use as that proposed by the ordinance in question is not a legitimate street use and that no permission which any legal authority may give, or any owner of premises in front of which it is erected may concede, will validate it."

"I therefore advise you that the ordinance in question is not within the power of the Common Council to enact."

Respectfully yours,

W. L. STRONG, Mayor.

AN ORDINANCE to amend section 39 of article V. of chapter 3 of the Revised Ordinances of 1880.

The Mayor, Aldermen and Commonalty of New York do ordain as follows:

Section I. Section 39 of article V. of chapter 3 of the Revised Ordinances of 1880 is hereby amended by striking out all words after the word "market" in the next to the last line of said section, and inserting in lieu thereof the following: "Provided, however, that nothing in this section shall be construed as preventing citizens of the United States who shall be residents of the City of New York from keeping a basket or small stand upon the curb-stone of streets within two hundred feet of Washington market, in the City of New York, said basket or stand not to take up more than two feet of any sidewalk, and said persons in all cases to leave a free passageway for pedestrians; provided, moreover, that the huckster or peddler keeping said stand shall first obtain the permission of the owner of the premises in front of which said stand shall be located, and shall pay as compensation to the City of New York such fee as may be determined upon by the Comptroller of said city, under the penalty of twenty-five dollars (\$25) for every such offense"; so that said section when so amended shall read as follows:

Sec. 39. No person or persons shall occupy any part of any public market, or the streets contiguous thereto, within the distance of three hundred yards from any part of such market, for the purpose of exposing and offering for sale and selling any article or thing whatever without having first paid the rent, or market fees, when demanded by the Clerk of the said market; provided, however, that nothing in this section shall be construed as preventing citizens of the United States who shall be residents of the City of New York from keeping a basket or small stand upon the curb-stone of streets within two hundred feet of Washington market, in the City of New York, said basket or stand not to take up more than two feet of any sidewalk, and said persons in all cases to leave a free passageway for pedestrians; provided, moreover, that the person or persons keeping said stand shall first obtain the permission of the owner of the premises in front of which said stand shall be located, and shall pay as compensation to the City of New York such fee as may be determined upon by the Comptroller of said city, under the penalty of twenty-five dollars (\$25) for every such offense.

Sec. II. Section 40 of article V. of chapter 3 of the Revised Ordinances of 1880, and all other ordinances inconsistent or conflicting with the provisions of this ordinance are hereby annulled, rescinded and repealed.

Sec. III. This ordinance shall take effect immediately. Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

CITY OF NEW YORK—OFFICE OF THE MAYOR, April 18, 1895.

To the Honorable the Board of Aldermen:

GENTLEMEN—I return herewith, without approval, resolution of your Honorable Body, permitting Flegenheimer Brothers to keep a demijohn in front of No. 1028 Second avenue.

The Commissioner of Public Works reports that the demijohn mentioned in the resolution is a huge sign which has been complained of several times, and was once removed to the Corporation Yard. It is also, in my view, an illegal obstruction. Yours, respectfully,

W. L. STRONG, Mayor.

Resolved, That permission be and the same is hereby given to Flegenheimer Brothers to place and keep a demijohn in front of No. 1028 Second avenue, said demijohn to be within the stoop-line, the same not to extend three feet from the house-line, the work to be done at their own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council. Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

CITY OF NEW YORK—OFFICE OF THE MAYOR, April 18, 1895.

To the Honorable the Board of Aldermen:

The Commissioner of Public Works maintains the same objection to the erection of these storm-doors that he has to the granting of permission for such storm-doors previously given by your Honorable Body, namely, that such storm-doors would constitute an illegal obstruction to the street.

Yours, respectfully,

W. L. STRONG, Mayor.

Resolved, That permission be and the same is hereby given to Henry N. Kuesel to place and keep a storm-door in front of No. 14 College place, and two in front of No. 64 Park place, said storm-doors to be within the stoop-line, and not to extend more than four feet from the house-line, in compliance with ordinance relating to storm-doors, the work to be done at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council. Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

CITY OF NEW YORK—OFFICE OF THE MAYOR, April 18, 1895.

W. L. STRONG, Mayor.

Resolved, That permission be and the same is hereby given to Joseph Klein to erect a storm-door in front of No. 32 Church street, said door to be within the stoop-line, and not to extend more than four feet from the house-line, in compliance with ordinance relating to storm-doors, the work to be done at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council. (G. O. 207.)

The President laid before the Board the following message from his Honor the Mayor:

CITY OF NEW YORK—OFFICE OF THE MAYOR, April 18, 1895.

To the Honorable the Board of Aldermen:

GENTLEMEN—I return herewith, for amendment, resolution of your Honorable Body, to pave Ninety-fifth street, from Madison to Fifth avenue, with trap-block pavement.

The Commissioner of Public Works is of the opinion, in which I concur, that it would be to the benefit of the City if all pavements payable by assessments were laid on concrete foundation. The resolution should, therefore, be amended to provide for concrete foundation. There is no objection to this resolution.

Yours respectfully,

W. L. STRONG, Mayor.

Resolved, That the carriageway of Ninety-fifth street, from Madison to Fifth avenue, be paved with trap-block pavement, and that crosswalks be laid at each terminating street or avenue, where not already laid, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Alderman Parker moved that in accordance with the recommendation of the Mayor the resolution and ordinance be amended by inserting after the word "pavement" the words "on concrete foundation."

The President put the question whether the Board would agree with said amendment. Which was decided in the affirmative.

On motion, the resolution and ordinance as amended were laid over.

(G. O. 208.)

To the Honorable the Board of Aldermen:

GENTLEMEN—I return herewith, without approval, resolution of your Honorable Body permitting J. J. Hekeler to keep a demijohn in front of No. 1557 Avenue A.

It seems to be a fact that the placing of such a demijohn is a violation of law.

Yours respectfully, W. L. STRONG, Mayor.

Resolved, That permission be and the same is hereby given to J. J. Hekeler to place and keep a demijohn in front of his premises, No. 1557 Avenue A, said demijohn to be within the stoop-line, the same not to extend three feet from the house-line, the work to be done at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council. REPORTS.

NEW YORK, April 23, 1895.

To the Honorable the Board of Aldermen:

The Legislative Committee, to whom has been referred the subject of urging legislation in favor of a memorial building in this city, in honor of the soldiers and sailors of the late war, and subsequently a resolution favoring a memorial arch, beg leave to

REPORT:

That a circular letter has been prepared containing extracts from the journal of this Board, relating to the matter, which will be mailed to all organizations composed of veterans, asking for an expression of opinion as to their preference; and also announcing a public hearing early in May.

We offer the following:

Resolved, That the expense incurred by the Legislative Committee in their effort to ascertain whether the veterans of the late war prefer a memorial building or a memorial arch, be paid out of the Contingent Fund of this Board, the same not to exceed twenty dollars.

JOHN P. WINDOLPH, Chairman, ELIAS GOODMAN, CHARLES WINES, FREDERICK A. WARE, ROBERT MUH, JACOB C. WUND, JOHN J. O'BRIEN.

The President put the question whether the Board would agree to accept said report and adopt said resolution. Which was decided in the affirmative.

NEW YORK, April 23, 1895.

To the Honorable the Board of Aldermen:

The Committee on Rules, who were instructed to call on the Commissioner of Public Works, and urge upon him a compliance with the request of this Board for a copy of the Consolidation Act for the use of each member, beg leave to

REPORT:

That we have complied with said instructions and are pleased to state that the Commissioner readily and cheerfully assented to our demand upon learning the full intent and purpose thereof.

With a commendable desire for economy and believing that the number of books asked for were far in excess of those actually necessary, the Commissioner contended that his duty to the City justified him in offering the books reported by the Committee on Law Department, and declining to furnish one for the use of each Alderman. Our contention that a careful study of the laws, rules, etc., by each member was not only advisable but necessary, and would in the end be a saving to the City, by lessening the number of resolutions which are often presented inconsistent with and

directly opposed to existing law, and also avoid the necessity of the number of vetoes which his Honor the Mayor is compelled to transmit to the Board, was concurred in by the Commissioner. Our claim that the possession of a copy of the laws by each member, for careful perusal and study at all times, was far preferable and of greater advantage than the use of one or two copies merely as books of reference, was conceded.

We offer the following resolution:

Resolved, That the Commissioner of Public Works be and he is hereby requested to supply the books at as early a date as possible and to have each copy labeled "Property of New York City."

JOHN JEROLMAN, JOHN P. WINDOLPH, ELIAS GOODMAN, BENJAMIN E. HALL, NICHOLAS T. BROWN.

The President put the question whether the Board would agree to accept said report and adopt said resolution. Which was decided in the affirmative.

REPORT:

That, having examined the subject, they believe the proposed improvement to be necessary. They therefore recommend that the annexed resolution and ordinance be adopted:

Resolved, That the vacant lots at Nos. 65 to 69 West One Hundred and Thirty-fourth street be fenced in with a tight board fence, where not already done, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

BENJAMIN E. HALL, JOSEPH SCHILLING, FRANCIS J. LANTRY, ROBERT MUH, FREDERICK A. WARE, Committee on Police and Health Departments.

Which was laid over.

III.—That your petitioners have made and filed in each of the offices in which their respective certificates of incorporation are filed, to wit, in the office of the Secretary of State, and in the office of the Clerk of the City and County of New York, a statement of the names and a description of the streets, roads and highways in or upon which it is proposed to construct, maintain and operate the extension or branch herein applied for.

IV.—That it is desirable to unite the two street surface railroads of your petitioners in College place at Vesey street at a point of union not over one-half mile from the respective lines or routes of your petitioners, and that said connection is to be made by the construction, maintenance and operation of an extension or branch of the railroad and route of the Central Park, North and East River Railroad Company, connecting with the company's existing road and route, commencing at the intersection of Dey street and West street, and connecting there by suitable curves, switches and appliances with said company's existing tracks on West street, running thence easterly, with double tracks in or upon Dey street to Greenwich street, and thence northerly, through, upon and along Greenwich street and College place as widened, with double tracks to Vesey street, there to connect with a double track extension or branch of the Metropolitan Street Railway Company, and by the construction, maintenance and operation of an extension or branch of the Metropolitan Street Railway Company, commencing at the intersection of West Broadway and Duane street, and connecting there by suitable curves, switches and appliances with the company's existing tracks in said Duane street, running thence southerly in or upon West Broadway, with a single track to Chambers street, and thence southerly, with double tracks, in or upon College place to Vesey street, there to connect with a double track extension or branch of the road and route of the Central Park, North and East River Railroad Company. Said double tracks in College place below Chambers street are intended to be connected with the company's existing single track in Chambers street by suitable curves, switches and appliances.

V.—That, by the union and connection of the said two street surface railroad routes of your petitioners, at the intersection of Vesey street and College place, which is a point not over one-half mile from the respective lines or routes of your petitioners, they will be able to establish by the construction of such connection a new route for public travel, and form a connection which cannot be operated as an independent railroad without inconvenience to the public, but one which it is to the public advantage that the same should be operated as a continuous line or route with the existing railroads of your petitioners.

That it will enable said Metropolitan Street Railway Company to operate a line of cars from Grand Street Ferry, on the East river, to the Cortlandt Street Ferry, on the North river, and furnish a more direct and convenient line between said points than is now in operation in said city, and will enable the said Metropolitan Street Railway Company to operate cars between the said Cortlandt Street Ferry and business centres in the City of New York, which cannot at the present time be reached by any direct means of communication.

VI.—That such connection is to be operated by cable power or by an underground current of electricity, or by any other power which is now or may at any time hereafter lawfully be used on either of the routes connected thereby.

VII.—That it is necessary for your petitioners to obtain the consent of your Honorable Body in order to authorize them to construct the said proposed extensions and connections.

Wherefore, your petitioners pray that your Honorable Body grant its consent to the construction, maintenance and operation of each of the extensions or branches aforesaid and to the operation of the connection to be formed by the construction of such extensions or branches as a new continuous line or route for public travel with the existing railroads of your petitioners.

Resolved, That Monday, the 27th day of May, 1895, at one o'clock in the afternoon, and the Chamber of the Board of Aldermen, be and they hereby are designated as the time and place when and where the application of the Central Park, North and East River Railroad Company and the Metropolitan Street Railway Company to the Common Council of the City of New York for its consent and permission to the construction, maintenance and operation of the extensions or branches in Dey street, College place and West Broadway, and as mentioned in the petition of said companies for such consent and permission will be first considered, and that public notice be given by the Clerk of this Board by publishing the same daily for at least fourteen days in two daily newspapers published in the City of New York, to be designated therefor by his Honor the Mayor, according to the provisions of section 92 of the Railroad Law as amended, such advertising to be at the expense of the said petitioners.

The President put the question whether the Board would agree with said resolution. Which was decided in the affirmative.

By Alderman Muh—

To the Common Council of the City of New York:

The petition of the Broadway and Seventh Avenue Railroad Company and the Metropolitan Street Railway Company respectfully shows to your Honorable Body:

First—That your petitioner, the Broadway and Seventh Avenue Railroad Company, by articles of incorporation which were filed May 26, 1864, in the office of the Secretary of State, became and is now a street surface railroad corporation, organized and existing under the laws of the State of New York, for the purpose of constructing, maintaining and operating a railroad in the City of New York.

That said corporation has constructed, and for many years has maintained and operated the street surface railroad in the City of New York, commencing at the Central Park and running by way of Seventh avenue, Broadway, University place, Wooster street and other streets to the City Hall in said city, which said railroad so constructed and operated is now being operated by its lessee, the Metropolitan Street Railway Company.

Second—That your petitioner, the Metropolitan Street Railway Company, by articles of consolidation filed May 28, 1894, in the office of the Secretary of State, is now and has been for over one year last past, a street surface railroad corporation, organized and existing under the laws of the State of New York, for the purpose of owning, maintaining and operating street surface railroads in said city, and is now the owner of the existing double track railroad in South Fifth avenue above Spring street, and operates under lease the railroads in South Fifth avenue south of Spring street, and in West Broadway proper, and by reason of such ownership and rights is enabled to transport passengers in cars to the foot of College place, near Barclay street, and by connections about to be applied for, its cars will be enabled to reach the Cortlandt Street Ferry by a shorter, more direct and convenient route from the upper parts of the city than by any route which is now in operation therein.

Third—That each of your petitioners has respectfully made and filed in each of the offices in which its certificates of incorporation are filed, to wit, in the office of the Secretary of the State of New York, and in the office of the Clerk of the City and County of New York, a statement of the names and description of the streets, roads and highways in and upon which it is proposed to construct, maintain and operate the extensions or branches herein applied for.

That it is desirable to unite the roads of your petitioners in West Third street, in said city, at a point therein one hundred and thirty feet east of South Fifth avenue, and at the intersection of Wooster street and West Fourth street, which points are not over one-half mile from the respective lines or routes of your petitioners, and that said connection is to be made by the construction, maintenance and operation of an extension or branch of the railroad and route of the Broadway and Seventh Avenue Railroad Company, connecting with the company's existing road and route in or upon University place, at or near Clinton place or Eighth street, by suitable curves, switches and appliances, running thence southerly with a single track, through, upon and along University place and Wooster street, or Washington Square, East, to West Fourth street, there to unite with an extension or branch of the Metropolitan Street Railway Company.

And also commencing at the intersection of West Third street and Wooster street, and connecting there by suitable curves, switches and appliances with said company's track in Wooster street; running thence westerly, with a single track in or upon West Third street, one hundred and thirty feet, being one-half the block between Wooster street and South Fifth avenue, there to unite with an extension or branch of the Metropolitan Street Railway Company, and by the construction, maintenance and operation of extensions or branches of the railroad and route of the Metropolitan Street Railway Company, commencing at the intersection of South Fifth avenue and West Fourth street and connecting there by suitable curves, switches and appliances with the company's existing tracks in said South Fifth avenue; running thence easterly with a single track two hundred and sixty feet (one block) in or upon West Fourth street to the intersection of Wooster street with West Fourth street, there to unite with an extension or branch of the road and route of the Broadway and Seventh Avenue Railroad Company.

And also commencing at the intersection of South Fifth avenue and West Third street and connecting there by suitable curves, switches and appliances with said company's existing tracks in South Fifth avenue; running thence easterly, with a single track, in or upon West Third street one hundred and thirty feet (being one-half the block between Wooster street and said South Fifth avenue), there to unite with an extension or branch of the Broadway and Seventh Avenue Railroad Company.

Fourth—That by the construction of such connection your petitioners will be enabled to unite their respective lines or routes with single tracks in West Third street and West Fourth street,

between South Fifth avenue and Wooster street, and have consented and do hereby consent to operate such connection so as to be constructed as part of a continuous route for one fare, that is to say, to carry passengers from the Central Park to the City Hall, by way of Seventh avenue, Broadway, University place, West Fourth street, West Third street, South Fifth avenue, West Broadway and Barclay street, and to Cortlandt Street Ferry by extensions about to be applied for.

Fifth—That such connection cannot be operated as an independent railroad without inconvenience to the public, but it is manifestly to the public advantage that the same should be operated as a continuous line or route with the existing lines of your petitioners respectively, as a new continuous route for public travel.

That such connection is to be operated by cable power, or by an underground current of electricity, or by any other power which is now or may at any time hereafter lawfully be used on any of the routes connected thereby.

Sixth—That it is necessary for your petitioners to obtain the consent of your Honorable Body in order to authorize them to construct the said proposed connection.

Wherefore, your petitioners pray that your Honorable Body grant its consent to the construction, maintenance and operation of each of the extensions or branches aforesaid, and to the operation of the connection to be formed by the construction of such extensions or branches as a new continuous line or route for public travel, with the existing railroads of your petitioners.

MOTIONS AND RESOLUTIONS.

By the Vice-President—

Resolved, That permission be and the same is hereby given to James Curran to place and keep a sign extending from the house-line to the curb in front of his premises, No. 512 West Thirty-sixth street, provided the said sign shall not be in any way an obstruction to pedestrians, the work to be done and material supplied at his own expense, under the direction of the Commissioner of Public Works, such permission to continue only during the pleasure of the Common Council.

The President put the question whether the Board would agree with said resolution. Which was decided in the affirmative.

By Alderman Goodman—

Whereas, The minor expenses of the Department of Public Works have materially increased with the growth of the city, to an extent which makes it necessary that the ordinance of this Commonality adopted by the Common Council in 1881 be amended in order that said Department may be enabled to meet necessary incidentals without embarrassment; therefore

Resolved, That section 13 of article 1, chapter 6, be amended by striking out the words "one hundred" and inserting in place thereof the words "three hundred," so that the section as amended will read:

Sec. 13. For the purpose of defraying any minor or incidental expenses contingent to the Department of Public Works, as cannot be conveniently accounted for on separate vouchers the Commissioner of Public Works may by requisition draw upon the Comptroller for a sum not exceeding three hundred dollars.

Which was referred to the Committee on Law Department.

By Alderman Dwyer—

Resolved, That his Honor the Mayor be and he is hereby respectfully requested to return to this Board for further consideration, a resolution now in his hands fixing time and place for a public hearing on the application for an extension of the Broadway and Seventh Avenue Railroad and the Metropolitan Street Railway Company.

The President put the question whether the Board would agree with said resolution. Which was decided in the affirmative.

Subsequently the paper was received from his Honor the Mayor, and is as follows:

Resolved, That Monday, the 20th day of May, 1895, at one o'clock in the afternoon, and the Chamber of the Board of Aldermen, be and they hereby are designated as the time and place when and where the application of the Broadway and Seventh Avenue Railroad Company and the

Metropolitan Street Railway Company to the Common Council of the City of New York for its consent and permission to the construction, maintenance and operation of extensions or branches mentioned in the petition of said company for such consent and permission will be first considered, and that public notice be given by the Clerk of this Board by publishing the same daily for at least fourteen days in two daily newspapers published in the City of New York, to be designated therefor by his Honor the Mayor, according to the provisions of section 92 of the Railroad Law as amended, such advertising to be at the expense of the said petitioners.

Alderman Dwyer moved a reconsideration of the vote by which the above resolution was adopted.

The President put the question whether the Board would agree with said motion. Which was decided in the affirmative.

On motion of Alderman School, the paper was then ordered on file.

By Alderman Goodman—

Whereas, Pursuant to section 16, title 4, chapter 13, part 2, of the eighth edition of the Revised Statutes, a demand has been made on the Clerk of the Common Council by the State Comptroller for a statement showing the list of corporations, resident and non-resident, of the County of New York, liable to State taxation; and

Whereas, Such statement cannot be furnished by the Clerk of the Common Council, for the reason that such information is wholly and exclusively in the possession of the Department of Taxes and Assessments; and

Whereas, The Corporation Counsel has written an opinion, which is hereto annexed, and in which he holds, among other things, that the Clerk of the Common Council is under no legal obligation to furnish said statement, and despite this opinion the State Comptroller, through the Attorney-General, still insists upon said Clerk furnishing statement; therefore, acting under the advice of the Counsel to the Corporation, the following resolution is presented for adoption:

Resolved, That the Commissioners of the Department of Taxes and Assessments be and they are hereby respectfully requested to prepare the statement required by the State Comptroller, and forward the same to him at Albany at their earliest convenience.

The President put the question whether the Board would agree with said resolution. Which was decided in the affirmative.

By the same—

Whereas, It has become a matter of general complaint, among those who travel on the cable cars of this city, that the manner in which passengers are thrown forward and backward by the sudden start or stoppage of cars is exasperating and at times dangerous; and

Whereas, Said complaint is well founded, because of the employment of inexperienced, careless or indifferent gripmen, or probably because of imperfection in the construction of, or working of the grip; therefore

Resolved, That the Railroad Committee be and it is hereby instructed to investigate the causes which make travel so unsatisfactory on cable roads at times, and to recommend such legislation as will tend to remedy this evil.

Resolved, That said Railroad Committee be authorized to examine experts, and to ascertain, if possible, what would be the most effective manner to insure comfort and safety, while traveling on cable cars; and in order to make the investigation thorough, the Committee is empowered to ask legislative aid, if necessary, to compel the attendance of persons who may be required at the investigation.

Which was referred to the Committee on Railroads.

ANNOUNCEMENT.

The President laid before the Board the following despatch:

ALBANY, N. Y., April 23.

By Alderman Goodman—

Whereas, The building now occupied by the Department of Public Works is entirely inappropriate and inadequate for the use of so important a City Department and inconsistent with the standing, reputation and dignity of this Commonality; therefore

The cordiality of our reception, the hospitality exemplified toward us, and the benefits derived because of the personal attention on the part of the city authorities, deserves more than passing notice.

His Honor Mayor F. C. Latrobe evinced an interest in our presence which clearly indicated a disposition to pay that respect to visiting officials from other cities which their positions entitled them to, but which respect is not generally accorded. His example is worthy of imitation by other municipalities, and we hope will ever be emulated by the authorities of New York.

We offer the following resolutions to be submitted to the Board of Aldermen, with the hope that they may meet with hearty approval:

Resolved, That the thanks of this Board are eminently due and are hereby tendered to the Honorable F. C. Latrobe, Mayor of the City of Baltimore, Md., for the kind and hospitable manner in which he received the Committee representing the Railroad Committee of this Board on the occasion of their visit to that city April 3, 4 and 5, instant.

Resolved, That our thanks are also hereby tendered to Col. W. H. Love, the Private Secretary of the Honorable the Mayor of Baltimore, for courtesies liberally and unstintingly extended to our Committee.

BOARD OF CITY RECORD.

MAYOR'S OFFICE—CITY HALL, NEW YORK, March 29, 1895.

The Hons. William L. Strong, Mayor; Francis M. Scott, Counsel to the Corporation, and William Brookfield, Commissioner of Public Works, the officers designated by section 66 of the New York City Consolidation Act, met this day.

The minutes of the meetings of March 18 and 25 were approved.

The Supervisor of the City Record presented the following from the Commissioner of Accounts, viz.:

MARCH 29, 1895.

JOHN A. SLEICHER, Esq., Supervisor, City Record, New York City:

DEAR SIR—Herewith please find memo. statement showing the various amounts properly chargeable against the appropriation for the year 1895, for "Printing, Stationery and Blank Books," and for "Arrearages." In some cases the figures given are estimated, but the final result will vary but little, if any, from the total given. This statement shows an unexpended balance of this year's appropriation of about \$4,100, with which to meet the demands of the several courts and departments, beyond the regular requisitions already filed with the CITY RECORD. From March 29, 1894, to December 31, 1894, these extra demands amounted to a total of \$30,192.54, but I am advised that for the balance of the current year probably not more than 25 per cent. of above amount, or say \$7,500, will be called for. Included in the amount of uncompleted orders with M. B. Brown, is the sum of \$15,000 on old accounts, which I understand is being gradually liquidated as funds may be available. Very respectfully,

(Signed) SETH SPRAGUE TERRY, Commissioner.

The Supervisor of the City Record called the attention of the Board to the fact that of the \$200,000 appropriated for "Stationery, Printing and Blank Books" for the current year, there had already been expended or contracted for in the aggregate the entire appropriation, with the exception of \$4,100, and he recommended, in view of the small balance remaining to meet extra requisitions during the nine months of the current year, that the Board advise the heads of all departments to limit their requisitions upon the City Record Office to the smallest possible amount.

The Commissioner of Public Works offered the following, which was unanimously adopted: Resolved, That in view of the small balance of the appropriation left to the credit of the Printing and Stationery Account of the City Record Department, heads of all departments of this city be requested to limit their requisitions upon the City Record Office, during the remainder of the current year, to the smallest possible amounts.

The following bids to do the work of Expressman in the City Record Office were presented: William Garms, No. 547 West Forty-sixth street, per annum \$1,100 00 H. C. & Z. T. Piercy, No. 207 Thompson street, per annum 1,300 00 James McAnieny, No. 135 West Twenty-sixth street, per annum 1,100 00 James A. Flinn, No. 100 Christopher street 1,200 00 William H. De Shaw, No. 29 Jane street, per annum 1,200 00

The Counsel to the Corporation offered the following, which was unanimously adopted: Resolved, That, on the recommendation of the Supervisor of the City Record, the place of Expressman be given to James McAnieny, of No. 135 West Twenty-sixth street, at a salary of \$1,100 for the service for the ensuing year.

The Supervisor reported that the present Expressman was paid at the rate of \$1,400 per annum. The appointment of Thomas Moore, as Private Secretary, at a salary at the rate of \$1,100 per annum, was announced by the Supervisor, and the appointment was approved by the members of the Board.

The Commissioner of Public Works offered the following, which was unanimously adopted: Resolved, That a change in the classification of the officials in the City Record department be and is hereby recommended as follows: The Assistant Supervisor to be hereafter designated as "Deputy Supervisor and Accountant," the salary to be fixed at \$1,800 per annum.

The office of Examiner to be abolished, and the new office of Deputy Supervisor and Expert to be created at a salary of \$2,000 per annum.

Resolved, That these changes be reported to the Civil Service Commissioners, and that they be requested to prepare at the earliest possible moment an examination for an eligible list for the new office of Deputy and Expert, the services of the present Examiner to cease when the new office shall have been filled.

Letters from several printing establishments requesting an opportunity to compete for the work of the Department were read, and it was unanimously voted that the Supervisor be authorized, in his judgment, to award the requisitions for printing outside of contract work to any responsible party who may offer to do the work to the City's best advantage.

On motion of the Counsel to the Corporation, the Deputy Commissioner of Public Works was authorized to print a brief notice of an advertisement to contractors regarding paving on Sixty-seventh, Ninety-fifth and other streets in the corporation newspapers in addition to the RECORD.

On motion of the Counsel to the Corporation, it was resolved, that requisitions on the Supervisor of the City Record should be made by the head of a Department, his Deputy or Chief Clerk, and by no others.

On motion of the Commissioner of Public Works, it was resolved, that 250 extra copies of the supplement to the CITY RECORD containing a compilation of the City ordinances be printed for sale, and that the price be fixed at ten cents each.

The following requisitions were unanimously approved:

The following communications were received:

HEADQUARTERS SEVENTH REGIMENT, N. G. N. Y.,

NEW YORK, March 25, 1895.

Hon. E. P. BARKER, Secretary, Board of Armory Commission:

SIR—Referring to my letter addressed to you December 24 last, asking that the proposed work on the Seventh Regiment Rifle Range be postponed until after April 1 of the present year, I now respectfully request that such steps may be taken, at your early convenience, as may be necessary to invite bids for the work. I am assured that the cost of material, etc., is now very much less than at the time of the first proposals, and that there will be no difficulty in procuring bids for the performance of the work at a sum within the amount appropriated.

Again thanking you for courtesies extended, I am, very respectfully yours,

DANIEL APPLETON, Colonel.

The Secretary was directed to insert advertisements in the CITY RECORD, inviting proposals for doing said work.

From J. R. Thomas, architect, transmitting the approval of the Superintendent of Buildings to amendments to the armory plan for Troop "A."

From Captain Louis Wendel, First Battery:

ARMORY, No. 340 WEST FORTY-FOURTH STREET, CAPTAIN LOUIS WENDEL, FIRST BATTERY, FIRST BRIGADE, N. G. S. N. Y., NEW YORK, March 19, 1895.

The Honorable Armory Board of the City of New York:

GENTLEMEN—I have the honor to renew my application for an armory for the "First Battery," N. G. N. Y., as the quarters now occupied by it is entirely unfit and unsuitable, for the following reasons: The place being intersected by twelve posts makes it impossible to drill or instruct the Battery properly. In case of riot our present quarters would be entirely at the mercy of mobs, as its construction is such that it would be impossible for us to defend ourselves properly or to become aggressive. The condition of the First Battery is such that it ranks with the foremost organizations of the State, the Battery being armed and equipped with the most approved breech-loading field rifles, also with new field forge and battery wagons, new harness and saddles, and with uniform represents a value of between \$150,000 and \$200,000, for the safe-keeping of which in its present quarters I could not reasonably be held responsible.

Remarks of the Inspector-General, on May 3, 1894:

"Armory small, and not in any way adapted for the purpose."

"The Battery is worthy of better quarters."

I trust that the Armory Board will see the necessity, now that every other organization in the city is supplied with new and suitable quarters, to provide suitable quarters for the First Battery. I have selected several suitable sites and desire to lay them before your Honorable Body at your next meeting. Trusting that you will take a just view of the situation and my application, I am, very respectfully,

LOUIS WENDEL, Captain Commanding First Battery, N. G. N. Y.

Referred to Committee on Plans for report.

HEADQUARTERS SEVENTY-FIRST REGIMENT, NATIONAL GUARD, N. Y.,

NEW YORK, March 28, 1895.

Hon. E. P. BARKER, Secretary Armory Board, New York:

SIR—Referring to my letters addressed to you under date of October 26 and December 12, 1894, and your letter addressed to me under date of December 19, 1894, I have the honor to inform you that the locks in the Seventy-first Regiment Armory have now been so altered that there is a separate master key for each set, that is, for each separate room, and that this master key will not open the locks in any other room, and that three master keys have been delivered for each set, as required by the specifications. I therefore certify that the alteration in the locks requested in my letter of December 12 has been satisfactorily made. Very respectfully,

F. V. GREENE, Colonel.

Brigadier-General Fitzgerald called up the application and affidavit from Grissler & Son, contractors, for the payment to them of the seven thousand and seventy dollars (\$7,070), in full for their contract for gun racks, lockers, etc., for the Seventy-first Regiment Armory, and after referring to the action of the Armory Board, at meeting held December 17, offered the following: Resolved, That the Comptroller be authorized to pay to Grissler & Son the sum of seven thousand and seventy dollars (\$7,070), as per accompanying voucher, in full for their contract for gun racks, lockers, etc., for the Seventy-first Regiment.

Which was adopted by the following vote: Ayes—The Mayor, the President of the Department of Taxes and Assessments, the Commissioner of Public Works, General Fitzgerald and Colonel Seward.

From Cable & Sargent, architects:

W. A. CABLE, E. A. SARGENT, ASSOCIATE ARCHITECTS,

68 BROAD STREET AND 18 BROADWAY, NEW YORK, March 15, 1895.

Hon. E. P. BARKER, Secretary Armory Board:

DEAR SIR—In reply to yours of the 7th instant, in reference to cost and practicability of additional rifle range for the Ninth Regiment Armory, we would state that this additional range will require not only the necessary excavation but the abandonment of the present heavy south wall and the building of a new wall and the alteration of the magazine. This work is now all done, and if new work is to be done it should be done now, before the work of setting the iron trusses commences. The estimate of the contractor for doing this work, exclusive of the plumbing, is \$6,850. Add \$250 for plumbing, would bring the estimated cost of the work to say \$7,000. If the work is done now it will not add any to the delay of the final completion of the armory. Yours very respectfully,

W. A. CABLE, E. A. SARGENT, Architects.

Colonel Seward presented the following estimate from James D. Murphy, contractor:

OFFICE OF JAMES D. MURPHY, MASON AND BUILDER,

200 BROADWAY (Room 27), NEW YORK, March 21, 1895.

Col. WILLIAM SEWARD: DEAR SIR—I estimate the cost of an extra rifle range in the Ninth Regiment Armory, at five thousand (\$5,000) dollars, to be constructed in the following manner. After the necessary excavation, build a twenty-inch wall parallel with the south wall of present rifle ranges, giving a nine-foot space between these walls. Continue this new wall (twelve inches thick) through magazine, making magazine about ten feet less in width. Cut necessary openings in present walls at firing points so as to connect firing points of new range with those already provided. Cover the entire new range with a nine-foot span brick arch from firing points to east wall of Armory. Provide concrete for floor and over arch. The floor of this new range to be the same level throughout, that is, there will be no pit for markers. This does not include any plumbing work, iron work, or carpenter work for firing points, mantlets, targets, etc. Yours respectfully,

JAMES D. MURPHY.

Definite plans from architect may change this amount more or less.

Debate was had thereon, when, on motion of Brigadier-General Fitzgerald, the whole matter was referred to the President of the Department of Taxes and Assessment for consideration and report.

From James E. Ware, architect, reporting favorable progress of the work at the armory for the Twelfth Regiment.

From the Clerk of the Works, reporting deviation of the work from the plans in the Ninth Regiment Armory building, and asking an examination by the Superintendent of Buildings as to the adequacy and sufficiency of the front wall and tower, as called for in the plans and specifications for said building.

From James D. Murphy, contractor, asking for an adjustment of the question, in order that the work may be proceeded with.

The Secretary reported that in compliance with directions from the Mayor he had communicated with the Superintendent of Buildings, and with the architects, in relation to the matter, transmitting to both a copy of the report of the Clerk of the Works, with a request to the Superintendent of Buildings that he examine the plans and report upon the same, and to the architects, requesting them to have an examination of the plans of the armory and the work—as far as progressed—made and reported upon by some competent authority, and report to the Armory Board in regard to the adequacy and sufficiency of the work under said plans.

Messrs. Cable & Sargent, architects, and the Superintendent of Buildings appeared and were heard.

The architects claimed that the plans were sufficient to carry the weight of the structure.

The Superintendent of Buildings stated that he was now making a personal examination of the plans and would be ready to appear before the Armory Board and make a report on Wednesday next, 17th instant.

The President of the Department of Taxes and Assessments presented an application and affidavit from Telfer & Rennie, for a payment to them of two thousand one hundred and ninety-three dollars (\$2,193), with the Inspector's certificate that the work had been performed in accordance with the contract and specifications, in full for their contract for repairs and alterations to the ship "New Hampshire," in use as an armory for the First Naval Battalion, and offered the following:

Resolved, That the Comptroller be authorized to pay to Telfer & Rennie the sum of two thousand one hundred and ninety-three dollars (\$2,193), as per accompanying voucher, in full for contract for alterations and repairs to the ship "New Hampshire," in use as an armory for the First Naval Battalion.

Which was adopted by the following vote: Ayes—The Mayor, the President of the Department of Taxes and Assessments, the Commissioner of Public Works, General Fitzgerald and Colonel William Seward.

The President of the Department of Taxes and Assessments presented an application and affidavit from James D. Murphy, contractor, for a payment to him of fourteen thousand one hundred and seventy-three dollars and forty-one cents (\$14,173.41), on account of his contract for the erection of an armory building on Fourteenth street west of Sixth avenue, and offered the following:

Resolved, That the contractor be authorized to pay to James D. Murphy the sum of fourteen thousand one hundred and seventy-three dollars and forty-one cents (\$14,173.41), as per accompanying voucher, on account of his contract for the erection of an armory building on Fourteenth street west of Sixth avenue.

Which was adopted by the following vote: Ayes—The Mayor, the President of the Department of Taxes and Assessments, the Commissioner of Public Works, General Fitzgerald and Colonel Seward.

A communication from the Colored Veteran Guard of the City of New York, asking for an armory for their organization, conditioned upon their becoming a part of the National Guard of this State, was received. The communication was referred to the Secretary, with the direction that he make reply that the Armory Board had no power to furnish armories except under section 173 of the Military Code, on the demands of commanding officers of the National Guard.

On motion of the President of the Department of Taxes and Assessments, it was resolved that when the Board adjourns it do adjourn to meet on Wednesday next, 17th instant, at 11 o'clock A. M.

On motion, adjourned.

E. P. BARKER, Secretary.

CITY HALL, April 17, 1895.

A meeting of the Armory Board was held this day, at eleven o'clock A. M., at the office of the Mayor.

Present—The Mayor, the President of the Department of Taxes and Assessments, the Commissioner of Public Works, Brigadier-General Fitzgerald and Colonel William Seward. The minutes of the meeting of April 10 were read and approved.

The following communication was received from Stevenson Constable, Superintendent of Buildings:

DEPARTMENT OF BUILDINGS, No. 220 FOURTH AVENUE,
NEW YORK, April 17, 1895.

Armory Board, City of New York, E. P. BARKER, Esq., Secretary:

DEAR SIR—I have examined the Fourteenth street front of the Ninth Regiment Armory, now being constructed. I find that the foundations to curb level on said front are sufficient to carry weight to be imposed thereon; but the walls on said front, as constructed from curb level to present height, especially at main-tower entrance and sallyport, are not either in conformity to plans passed and called for by this Department, or in accordance with the law.

Yours respectfully, STEVENSON CONSTABLE, Superintendent of Buildings.

The Clerk of the Works, the contractor, James D. Murphy, and Architect Sargeant being present, were heard upon the matter. The Secretary was directed to inform the Superintendent of Buildings that more specific information was required by the Armory Board, and request his presence before this Board on Friday next, at three o'clock P. M., in regard to the matter. On motion, the Board adjourned to meet on Friday, 19th instant, at three o'clock P. M.

E. P. BARKER, Secretary.

The Board of Assessors states that the objector, by his attorney, was given a hearing and that the assessment has been reapportioned in accordance with the valuation of his property. Mr. Truman H. Baldwin, attorney, made verbal objections to the assessment in behalf of his client, Mr. Thomas J. Powers.

On motion of the Counsel to the Corporation, the said assessment list was referred back to the Board of Assessors to afford Mr. Baldwin an opportunity of presenting his objections to the said Board.

The assessment list for regulating, grading, curbing, flagging and laying crosswalks in One Hundred and Sixty-second street, from Port Morris Branch Railroad to Courtlandt avenue, and claims filed by Christian C. Hottenroth and Charlotte R. Hanlon, for damages by change in grade of the street, were presented by the Comptroller, having been received from the Board of Assessors under date of March 14, 1895.

Mr. Hottenroth was heard, stating that he had made application to the Board of Assessors for damages to his property by the change of grade.

Mr. Henry A. Gumbleton, of the Board of Assessors, stated that the Assessors had disallowed the said claims for the reason that the matter came within the jurisdiction of the Commissioners of Appraisal, under chapter 537 of the Laws of 1893. On motion, the said assessment list was confirmed, all the members voting in the affirmative.

The assessment list for regulating, grading, curbing, flagging and paving with granite blocks One Hundred and Thirty-eighth street, between Railroad avenue, East, and Madison Avenue Bridge, and objections, referred back to the Board of Assessors at meeting of November 23, 1894, for examination and report by Engineer McLean, of the Finance Department, with reference to the bill of the Central Gas-light Company of \$1,007.59, included in the assessment as part of the expenses of the work, and again referred back to said Board on March 8, 1895, for further consideration, were presented by the Comptroller, having been returned by the Assessors under date of March 12, 1895. The Comptroller also presented the report of the examination made by Engineer McLean in relation to the gas bill referred to.

Mr. Baldwin, attorney, appeared on behalf of the New York and Harlem Railroad Company and others. On motion of the Recorder, the said assessment list and accompanying papers were referred back to the Board of Assessors, with the direction that the item of \$1,007.59 for "gas bill," included in the assessment list as part of the expenses of the work, be stricken out, all the members voting in the affirmative.

Kirkup; and communication of the Commissioner of Street Improvements for the Twenty-third and Twenty-fourth Wards of December 4, 1894, with the explanation requested by the Board of Revision and Correction at meeting of November 23, 1894, referred back to the Board of Assessors at meeting of March 8, 1895, for further consideration, were presented by the Comptroller, having been returned by said Board on March 12, 1895.

Mr. Baldwin was heard in opposition to the area of the assessment adopted by the Board of Assessors, claiming that all the property between the New York and Harlem Railroad on the east and the crown of the highland to the west of Webster avenue is benefited by the improvement and should be included in the assessment. Mr. Baldwin also objected to the rate of interest charged upon the sums advanced to the contractor during the progress of the work, and to the computation of the interest upon such advances for a longer time than sixty days after the completion of the work.

Mr. Wendt and Mr. Gumbleton were heard in explanation of the assessment. On motion, the objections as to the area of assessment and the charge for interest were overruled.

No others appearing in opposition to the assessment after notice, on motion, the objections filed were overruled and the assessment list was confirmed, all the members voting in the affirmative.

The Board of Assessors states that a hearing has been given Mr. Feitner, attorney for the objectors, and that it is of the opinion that the assessment list, as apportioned, is just and equitable and that the property of the objectors has not sustained any damage by reason of the change of grade of Convent avenue. On motion, no one appearing in opposition after notice, the objections filed were overruled and the said assessment list was confirmed, all the members voting in the affirmative.

The assessment list for regulating and paving One Hundred and Forty-seventh street, from Brook to St. Ann's avenue, with trap block, and objections of John Kicherer, Jr., William Beaman and others, and the reply of the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards to the said objections, dated December 4, 1894, received from the Board of Assessors under date of December 6, 1894, and referred back to said Board at meeting of March 8, 1895, for further consideration, were presented by the Comptroller, having been returned by the Board of Assessors on March 12, 1895.

On motion of the Comptroller, the assessment list was laid over and Mr. Merritt H. Smith, Engineer of Pavements of the Finance Department, was directed to examine the work and submit his report thereon to this Board.

The assessment list for regulating, grading, setting curb-stones and flagging Macomb's Dam road, from One Hundred and Forty-ninth to One Hundred and Fifty-fifth street, also list of awards for damages caused by a change of grade on the line of said road, and claim of Joseph Tilney for an award, filed by Thomas S. Mr. Baldwin was heard in opposition to the assessment, claiming that, pursuant to chapter 207 of the Laws of 1890, the cost of the improvement and the sums awarded for change in grade were made a public charge and not the subject of local assessment.

Mr. John C. Shaw, attorney, was also heard in said matter.

On motion, it was ordered that the questions raised by the objectors be referred to the Counsel to the Corporation for his opinion thereon, and that in the meantime the assessment list be referred back to the Board of Assessors.

The assessment list for regulating, grading, setting curb-stones, flagging the sidewalks and laying crosswalks in the Southern Boulevard, from Home street to Hunt's Point road, and objections of J. B. and W. Simpson, filed by McCarty & Baldwin, attorneys, received from the Board of Assessors December 19, 1894, and referred back to the said Board on March 8, 1895, for further consideration, were presented by the Comptroller, having been returned by the Assessors on March 12, 1895.

On motion, no one appearing in opposition after notice, the objections filed were overruled and the assessment list was confirmed, all the members voting in the affirmative.

The assessment list for regulating, grading, setting curb-stones, flagging the sidewalk, laying crosswalks and building culverts in One Hundred and Seventy-third street, between the New York and Harlem Railroad and Weeks street; also list of awards for damages caused by the change of grade on said street, and claim for award and objections to the assessment of the estate of Peter W. Mr. Bassford stated that he made no objection to the assessment.

Mr. W. Stebbins Smith was heard relative to the application filed by him for damages to his property on Prospect avenue, and Mr. Gumbleton, of the Board of Assessors, was heard in reply. The Board decided that as the property of Mr. Smith is not situated on the line of One Hundred and Seventy-third street his application for an award for damages could not be considered.

On motion, the objections filed were overruled and the said assessment list was confirmed, all the members voting in the affirmative.

The assessment list for sewer and appurtenances in Franklin avenue, from Third avenue to One Hundred and Sixty-seventh street, and in One Hundred and Sixty-seventh street, between Franklin avenue and Boston road, and objections of the Equitable Life Assurance Society and John McMahon, filed by Truman H. Baldwin, attorney, referred back to the Board of Assessors at meeting of March 8, 1895, for further consideration, were presented by the Comptroller, having been received from the Assessors on March 12, 1895.

Mr. Baldwin was heard in opposition to the assessment, claiming that the greater part of the

cost of the sewer was for rock excavation not in front of the property of his clients, nor between it and the outlet of the sewer, and therefore it should not be assessed to the extent which it has been charged.

Mr. Wendt and Mr. Gumbleton, of the Board of Assessors, were heard in explanation of the action of said Board. On motion, the objections filed were overruled and the assessment list was confirmed, all the members voting in the affirmative.

Downes and others, for awards for damages by change of grade on said street, filed by W. Stebbins Smith, attorney, referred back to the Board of Assessors at meeting of March 8, 1895, for further consideration, were presented by the Comptroller, having been returned by said Board on March 12, 1895. On motion, no objections having been filed in said matter, the assessment list was confirmed, all the members voting in the affirmative.

The assessment list for paving Liberty street, from Greenwich to West street, with granite blocks and laying crosswalks (so far as the same is within the limits of grants of land under water), and objections of the Central Railroad Company of New Jersey and others, filed by John C. Shaw, attorney; also communications of the Commissioner of Public Works of July 19, 1893, in reply to the said objections, and of the Counsel to the Corporation of August 10, 1893, and November 7, 1894, referred back to the Board of Assessors at meeting of March 8, 1895, for further consideration, were presented by the Comptroller, having been returned by said Board on March 12, 1895.

An alternative writ of prohibition of the Superior Court restraining the confirmation of the above assessment, issued upon the application of James W. Pringle and Adolph L. Gondran by John C. Shaw, attorney, was served upon the Board of Revision and Correction, etc., at its meeting of November 2, 1893.

The communication of the Counsel to the Corporation above referred to, under date of November 7, 1894, is as follows:

LAW DEPARTMENT—OFFICE OF THE COUNSEL TO THE CORPORATION, }
NEW YORK, November 7, 1894. }

Superior Court—The People ex rel. James W. Pringle and another vs. Theodore W. Myers and others, constituting the Board of Revision, etc.

WILLIAM H. JASPER, Esq., Secretary to the Board of Assessors:

SIR—In this case it was sought to obtain a writ of prohibition restraining the confirmation of the proposed assessment for paving Liberty street, from Greenwich to West street.

The papers were transmitted to this department, while the list and objections were referred back to the Board of Assessors to await the further decision of the Court.

This proceeding was brought to test the validity of re-paving assessments under chapter 449 of the Laws of 1889, where the street and the adjoining land had been originally under water and water grants had been made.

The motion for the writ was argued before Judge McAdam, who on October 24, 1894, handed down an opinion in which he held that the writ should not issue.

An order has been entered accordingly, and I am informed that the attorney for the relators does not intend to take an appeal.

The proceeding no longer interferes with any action that your Board or the Board of Revision and Correction of Assessments may desire to take in reference to this proposed assessment.

Very respectfully, WM. H. CLARK, Counsel to the Corporation.

Mr. John C. Shaw, attorney, appeared.

On motion, the objections filed were overruled and the said assessment list was confirmed, all the members voting in the affirmative.

On motion of the Counsel to the Corporation, the following assessment lists before the Board, not acted upon, were referred back to the Board of Assessors for further consideration, viz.:

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTI-

MATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of FIFTY (50) PER CENT. OF THE BID FOR EACH ARTICLE.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must NOT be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, or, in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.
