## FOR CHARITABLE INSTITUTIONS.

All such appropriations being made subject to the following conditions:

1. The accounts of all charitable institutions receiving public moneys shall be so kept as to show the receipts of and disbursements from public moneys separately from the other funds of such institutions, and all institutions shall keep an exact record, to be corrected from time to time, in a form to be approved by the Comptroller, showing the addresses of the parents, guardians, or nearest relatives of inmates, and other information designed to facilitate inquiry into their financial inability to provide for such inmates.
2. Moneys received from the City Treasury shall be used by such institutions only for recurring expenses of "care, support and maintenance."
3. All institutions receiving public moneys shall be at all reasonable times open to the visitation and inspection of duly authorized representatives of the Department of Public Charities and the Department of Finance.
4. Upon it appearing to the satisfaction of the Comptroller that it would be to the public interests to withhold payments to any charitable institution for which an appropriation has been made, he shall give written notice to such institution of his intention to apply to the Board of Estimate and Apportionment for authority to so withhold such pay-

ments, and upon the determination of said Board that such payments should terminate, the right of any such institution to receive payment for services rendered thereafter shall thereupon cease.

5. Except where appropriations are made in bulk and not upon a per capita basis, no payment shall be made for inmates of private charitable institutions unless the same shall have been accepted by the proper Commissioner of the Department of Public Charities as a proper charge against the City, and, except in emergency cases, Commissioners of Charities shall not accept as proper charges against the City inmates capable of paying for their own support, or for whose care adequate provision can be made in public institutions. The City shall not become liable for any payment to a charitable institution in excess of the appropriation which may have been made to such institution, notwithstanding any per capita rates of payment that may have been fixed for the inmates thereof.

6. All Institutions receiving money from the City are required to state specifically the amount so received, as, from the City Treasury, in their printed annual reports.

7. The rates of payments to private charitable institutions, unless otherwise specially provided for, are fixed for the various classes of inmates as follows:

##### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the board of aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below. No bid or estimate will be considered unless accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to The City.

The contracts must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of The City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by The City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the department for which the work is to be done. Plans and drawings of construction work may also be seen there.
