I hereby certify that the foregoing report contains, to the best of my knowledge and belief, a correct statement of the amount and kind of business transacted at the Children's Court for the County of Richmond, of The City of New York, during the year ending December 31, 1913. WM. J. BROWNE, Clerk of Court.

Which was ordered on file.  
The President laid before the Board the following communication from the President of the Borough of Richmond:

No. 215.  
The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, January 29, 1914.

The Board of Aldermen, City Hall, New York City:  
Gentlemen—I beg to submit herewith a request for an issue of \$1,000 in special revenue bonds to repair damages to a retaining wall, caused by the storm of October 1, 1913.

The accompanying letter from the Commissioner of Public Works explains the necessity and urgency of this appropriation.

My predecessor asked for \$10,000 on October 11, 1913, in a letter to the Board of Aldermen. This covered certain indefinite damages, and was denied. In this case, however, we ask for a definite amount for a specific purpose.

Very respectfully, C. J. McCORMACK, President of the Borough.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, January 29, 1914.

The President of the Borough of Richmond, New Brighton, N. Y.:

Sir—The heavy storm of October 1, 1913, caused a serious damage to the retaining wall on the north side of Castleton ave., near Kissel ave., at the brook which crosses Castleton ave. at this point. This brook overflowed its banks at the divisional wall at the westerly line of the Snug Harbor property and followed the wall to Castleton ave., where it attained a width of twenty feet. It tore out the sidewalk at this point, crossed the road and seriously damaged the driveway into St. Vincent's Hospital, tore out the sidewalk and gutter on Castleton ave. for about 100 feet and threw over the retaining wall and a portion of the culvert under the street.

A survey shows that the cost of restoring the retaining wall, culvert, sidewalk and gutter on the north side of the street will cost about \$1,000, by utilizing such good material as remains in wall and sidewalk.

In a similar case, about 14 years ago, the City replaced the wall and sidewalk at its own expense, the wall being considered necessary for holding up the street.

This is a proper City charge. It was not in the request for Budget moneys for 1914, the storm occurring after the departmental estimates were presented to the Board of Estimate.

So it is recommended that the necessary steps be taken to request the Board of Aldermen to provide for an issue of special revenue bonds to the amount of \$1,000 for repairing this damage.

This is an urgent matter, requiring prompt action, as the condition of the street is dangerous. Very respectfully,

(Signed) LEWIS NIXON, Commissioner.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the City Chamberlain:

No. 216.

3. Most of the speed ordinance violations were disposed of by either fines or imprisonments. We collected in 1913 from fines the sum of \$72,577.35, as against \$44,604.75 for the year 1912, for all classes of offenses. This increase in fine collections of \$27,972.60 was mostly due to the larger percentage of arrests under the Motor Vehicle Ordinance.

In compliance with your request for suggestions with regard to amending the law, permit me to state that I strongly favor fixing the minimum prison sentence under the ordinance at three days. At present it is the practice to impose a fine of \$25 or imprisonment for one day. Chauffeurs without character or scruples gladly avail themselves of the alternative of one day's incarceration, because it means nothing to them to be kept in the court cell or in prison only until four o'clock of the day that they are arraigned; for one day's sentence doesn't require a prisoner to be taken to jail and kept over night. This easy method of escaping the heavy fine of \$25 which the Magistrates are required to impose for speed violations will eventually impair the efficacy of the statute. To inspire sincere respect for the speed law, all drivers of vehicles in the City's streets must be made to realize that

if the law is broken it inevitably involves a real jail sentence or a steep pecuniary penalty. Respectfully,

OTTO KEMPNER, Chief City Magistrate, Second Division.

No. 218.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Avenue and 26th Street, New York, January 23, 1914.

Hon. GEORGE McANENY, President, Board of Aldermen, New York City:

Sir—The Board of Trustees of Bellevue and Allied Hospitals has the honor to renew its request to the Board of Aldermen to authorize an issue of Special Revenue Bonds in an amount not exceeding \$7,000, to provide funds for the construction of a temporary dock in front of the proposed Seabreeze Hospital at Rockaway Beach, Jamaica Bay. The pier is needed for the purpose of landing building materials for the construction of this hospital, the plans for which have been filed with the Building Department. There is no objection on the part of the Department of Docks and Ferries to furnishing a site and constructing the pier, provided funds are obtained for the purpose by the Trustees, under whose jurisdiction the proposed hospital was placed by the Board of Estimate and Apportionment during the past year.

Respectfully, J. K. PAULDING, Secretary, Board of Trustees.

No. 220.

The City of New York, Board of Estimate and Apportionment, Office of the Secretary, 277 Broadway, January 30, 1914.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—At the meeting of the Board of Estimate and Apportionment, held January 30, 1914, a resolution was adopted denying the request contained in the resolution of the Board of Aldermen, adopted April 1, 1913, for an issue of \$8,500 Special Revenue Bonds to provide means for resurfacing that part of Crotona ave. under the jurisdiction of the Department of Parks, Borough of The Bronx, for the reason that it would seem this road should be maintained by Budget funds.

The President laid before the Board the following communication from the Board of Health:

No. 221.

The City of New York, Department of Health, Office of the Secretary, January 31, 1914.

Hon. P. J. SCULLY, City Clerk, City Hall:

Sir—I am forwarding herewith resolution adopted by the Board of Health January 27, 1914, requesting the Board of Aldermen to authorize an issue of special revenue bonds under the provisions of subdivision 8 of section 188 of the Greater New York Charter, to provide means for the employment of additional Sanitary Inspectors to supervise the condition of bakeries under the provisions of chapter 463 of the Laws of 1913.

This is a renewal of the request made by the Board of Health on July 1, 1913, which was received by the Board of Aldermen July 15, 1913, and ordered on file, and no further action was taken regarding the matter. As was stated when the original request was submitted, there are approximately 2,700 bakeries in The City of New York, and probably as many more places over which the Department of Health is required to exercise supervision under this law. In addition, it is estimated that there are at least 1,000 hotels and restaurants which in the near future will be controlled by regulations in course of preparation, and to be issued by the Department of Health, and these will need constant supervision.

These figures show that for each of the sixteen Inspectors to be provided, there will be a district consisting of approximately 400 to 450 establishments, to be inspected. Establishments of this kind can, on an average, be inspected not faster than from 85 to 90 a week; this would mean that the premises could not be inspected more than once a month or six weeks, a very long time, considering the character of the premises concerned at the present time. The Sanitary Inspectors, at \$2,100, \$1,800 and \$1,500, respectively, are to supervise not only the work of the sixteen Inspectors, but all Inspectors doing work in the Bureau of Food Inspection in connection with the food supply.

It is requested that you will submit the matter to the Board of Aldermen for consideration at the earliest opportunity.

Very truly yours, EUGENE W. SCHEFFER, Secretary.

The City of New York, Department of Health, Office of the Secretary, January 30, 1914.

Hon. P. J. SCULLY, City Clerk, City Hall, New York:

Sir—At a meeting of the Board of Health of the Department of Health, held January 27, 1914, the following resolution was adopted:

Resolved, That the Board of Aldermen be and is hereby respectfully petitioned, subject to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to request the Board of Estimate and Apportionment to authorize the Com-

troller to issue Special Revenue Bonds in the sum necessary to provide means for the employment, during the balance of the year 1913, of additional Sanitary Inspectors for the purpose of supervising the condition of bakeries, under the provisions of chapter 463 of the Laws of 1913, as follows:

One Sanitary Inspector at \$2,100; one Sanitary Inspector at \$1,800; two Sanitary Inspectors at \$1,500; sixteen Sanitary Inspectors at \$1,200.

JOSEPH HAAG, Secretary.

Department of Finance, Bureau of Municipal Investigation and Statistics, January 21, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On November 24, 1913, the Commissioner of Correction requested establishment of the grade of position of Head Keeper at \$1,800 per annum for one additional incumbent. In connection therewith we report as follows:

It is proposed to change the title of the position of Deputy Warden to that of Head Keeper, the salary and duties of both being the same.

The title of Deputy Warden was held by Nicholas Jones, who has been recently retired. It is proposed to fill the vacancy by the appointment of a Head Keeper to conform with the title held by those having similar duties and responsibilities. The position of Deputy Warden has long been discontinued by the Department, and there is no such Civil Service list in existence. The position of Head Keeper is established for a limited number of incumbents.

In view of these facts we recommend the adoption of the attached resolution approving the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

In connection therewith we report as follows:

We recommend the adoption of the attached resolution approving the request.

ORDINANCES AND RESOLUTIONS.

No. 224.

By Alderman Dowling—

Whereas, For a number of years past the men of the Fire Department and their many friends have been trying to secure from the City authorities some relaxation of their hours of service, which proposition has invariably taken the form of the establishment of a system of two platoons; and

Whereas, It has been estimated by the Fire Department heads that such a method of regulation of the hours of the Firemen would of necessity increase the cost of the Department by almost one-half the present annual budgetary allowance of over nine millions of dollars; and

Whereas, It is a matter of general knowledge that Firemen are always on duty, with the exception of the time allowed for meals and an occasional leave of absence for twenty-four hours, as compared with the alternating system in vogue in the Police Department; be it

Resolved, That his Honor the Mayor be and he is hereby requested to take up this matter of the hours of service for firemen at his earliest opportunity, and to obtain from the Commissioner and Chief of the Fire Department full data on the subject, with a view towards inaugurating some material modification of the present system by such means as will result in a minimum of expense to the City.

Upon which action was deferred under the rule, and which was subsequently referred to the Committee on Fire and Police.

The Committee on Salaries and Offices, to which was referred on January 20, 1914 (Minutes, page 177), the annexed resolution in favor of establishing the grade of position of Third Deputy County Clerk at \$2,500, and abolishing the grade of position of Custodian at \$1,200 per annum, in the office of the County Clerk, New York County, respectfully

## REPORTS:

That this resolution covers an increase in the salary of the Third Deputy County Clerk of \$1,200 per annum, obtained by abolishing a position now vacant. The reason given to justify this increase in salary is that largely increased responsibility, caused by a division of the office force owing to lack of room, has been entrusted to this official.

The Committee on General Welfare, to which was referred on January 20, 1914 (Minutes, page 213), the annexed resolution in favor of requesting the Public Service Commission to order an escalator at 155th st. and 8th ave., Manhattan, respectfully

#### REPORTS:

That, having examined the subject, it believes the proposed improvement to be necessary; Alderman Mullen and representatives of the Washington Heights Taxpayers' Association and the Harlem Board of Commerce appeared before the Committee and advocated this measure.

It recommends that the said resolution be adopted.

Whereas, The public has been for many years inconvenienced by the long stairways between the 155th st. station of the elevated railway system and the Viaduct and 8th ave., the length of the stairways causing inconvenience and suffering to many persons, especially to those physically weak, and to women and children; and

Whereas, The subject of the installation of an escalator between 8th ave. and the Viaduct, has been under consideration by the Public Service Commission since 1908, without result to the present time; and

Whereas, The President of the Borough of Manhattan, in the year 1912, offered to provide, on the part of the Borough, one-half of the cost of installation of an escalator at the aforesaid point; and

Whereas, The Interborough Railway Company is now proposing to construct a new station, without the provision of an escalator; therefore, now be it

Resolved, That the Board of Aldermen of The City of New York, recognizing the public necessity for this means of relief of the great and increasing public inconvenience, urges upon the Public Service Commission for the First District, and upon the President of the Borough of Manhattan, the desirability of an early agreement upon the cost of an escalator, and an order upon the Railway Company to install same.

The Committee on General Welfare, to which was referred on January 27, 1914 (Minutes, page 283), the annexed resolution in favor of authorizing the City Clerk to place certain manuscript records of the Common Council in temporary custody of the New York Historical Society, respectfully

#### REPORTS:

The New York Historical Society, Central Park West and 76th st., was organized in 1804 in the picture room of the New York City Hall, Wall st.

John Pintard, then Clerk to the Corporation, was the projector, and through his influence the splendid collection of documents relating to that period and the earlier history of the City and State came into the possession of the Society. The collection has since been enlarged and now forms the most complete collection in existence.

It seems appropriate that these unpublished manuscript volumes should, if possible, be put in print in the fireproof building of the Society.

Great value can be added to the publication in the shape of foot notes gathered from these archives relating to contemporaneous history. The Society has adopted a resolution expressing willingness to accept the trust and the Corporation Counsel has delivered an opinion as to the form in which the City Clerk should transfer the volumes to a fireproof place of safety.

The Committee recommends that the said resolution be adopted.

Whereas, The manuscript minutes of the Common Council of The City of New York, covering a period, 1784-1831, now remain in the City Clerk's office in the custody of the City Clerk; no authentic copy of these minutes has ever been made, and, as the City Hall is not a fireproof building, these records would, in case of fire, be in jeopardy; and

Whereas, It is desirable that these valuable historic documents should be placed in a fireproof building for safe keeping; and

Whereas, The New York Historical Society building in this City is absolutely fireproof and now contains very many records relating to the history of this City and State, documentary and otherwise, for safe keeping; be it therefore

Resolved, That the City Clerk is hereby authorized and empowered to place these manuscript minutes with the said The New York Historical Society for safe keeping, there to remain in the custody of the Librarian thereof, which official the said City Clerk is hereby authorized, in accordance with the opinion of the Corporation Counsel, to designate and appoint to act as his agent and deputy, charged with the special and immediate custody of the said manuscripts, subject, however, to such action as the Executive Committee of the said Society may take, looking to the placing of such minutes in printed form, and when so placed, such number of copies as may be agreed upon with the City Clerk shall be furnished to the Corporation for distribution, free of charge; the placing of these records with the Historical Society, in the manner and in the case above set forth, is not to be considered a surrender thereof, the City Clerk to receive a receipt therefor, stating that ready access thereto, at all reasonable hours, shall be afforded to the public and that said records will be returned to the office of the City Clerk upon proper demand of the said Clerk.

Reports of Committee on Public Letting—

No. 140—(S. O. No. 4).

The Committee on Public Letting, to which was referred on January 20, 1914 (Minutes, page 180), the annexed request from the Commissioner of Parks, Borough of Brooklyn, for authority to make an additional contract for work at Seaside Park, without public letting, respectfully

#### REPORTS:

That the reasons for this request are fully set forth in the letter of application. The Committee believes the method proposed to be for the best interests of the City, and it therefore recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Parks for the Borough of Brooklyn be and he is hereby authorized and empowered to enter into a contract, without public letting, for removing old foundations, piles, walks, floors, columns, etc., and excavating and grading at Seaside Park, Coney Island, Borough of Brooklyn, at a cost not to exceed five thousand dollars (\$5,000).

JOHN DIEMER, FRANK J. DOTZLER, FRANK T. DIXSON, JOHN KOCH, ENDORFER, EDWARD H. TAYLOR, WILLIAM DUGGAN, WM. F. QUINN, LOUIS JACOBSON, JOHN McCANN, JACOB WEIL, Committee on Public Letting.

The City of New York, Department of Parks, Borough of Brooklyn, Litchfield Mansion, Prospect Park, Borough of Brooklyn, January 16, 1914.

To the Honorable Board of Aldermen of The City of New York:

Gentlemen—Your Honorable Board is hereby respectfully requested to grant permission to this Department to enter into a contract, without public letting, for additional work, on the contract now in progress "for removing old foundations, piles, walks, floors, columns, etc., and excavating and grading at Seaside Park, formerly Dreamland Park, Coney Island, Borough of Brooklyn," at a cost not exceeding five thousand dollars (\$5,000).

The necessity of making this request is based upon the following facts:

On July 31, 1913, a contract was awarded by the Park Board to Charles O'Hara, the lowest formal bidder, "for removing old foundations, piles, bulkheads, walks, floors, columns, etc., and excavating and grading at Seaside Park, formerly Dreamland Park, Coney Island, Borough of Brooklyn," at an itemized price bid of seventeen thousand and thirteen dollars (\$17,013). The cost of the work is to be paid for out of an appropriation of twenty-five thousand dollars (\$25,000) authorized for the purpose by the Board of Estimate and Apportionment on January 16, 1913, and approved by the Board of Aldermen on March 18, 1913.

The contract contemplates the cleaning up and removal of the wreckage left from the fire which destroyed Dreamland Park, Coney Island, some two years ago.

The work comprises, in part, the excavation and removal of all earthy materials, dirty sand, loose masonry, etc., to a subgrade of clean sand; the removal of old foundations; the removal of all piles, columns, posts, bulkheads, walks, floors, etc., encountered during the progress of the work; and the grading of the park area after the removal of all unsuitable materials, structures or parts thereof as above mentioned. Payment for the work is to be made on a unit price basis, the approximate quantities of work to be done under the various items being stated in the Engineer's estimate. The Engineer's estimate was prepared from the records of a careful survey made to ascertain, as nearly as possible, the amount of work to be done.

During the progress of the work, a number of piles, bulkheads, floors, walks, etc., in excess of the quantities for these items, enumerated in the Engineer's estimate have been encountered, the location and extent of which were not ascertainable previous to this time, owing to the fact that these structures were buried at depths of two to four feet. It has also been found that the amount of excavating and grading may be slightly increased over the estimated amount, owing to unforeseen conditions. If the requirements of the specifications are to be carried out and the park put into condition for use by the public, as contemplated by the contract, the quantities of work performed will be considerably increased and the cost of the work will exceed the price bid by the contractor by approximately twenty-five per cent. (25%).

The estimated amount of work to be performed, in excess of the Engineer's estimate, in order to complete the contract, together with the cost of same at the contract prices, is as follows:

Item No. 1. Excavation, 2,000 cubic yards, at 23 cents.....	\$460 00
Item No. 2. Regulating and grading, 1,000 cubic yards, at 23 cents....	230 00
Item No. 4. Wooden piles, 2,300, at 50 cents.....	1,150 00
Item No. 6. Bulkheads, 2,900 linear feet, at 50 cents.....	1,450 00
Item No. 7. Walks and floors, 3,600 square yards, at 35 cents.....	1,260 00
Item No. 8. Iron and steel columns, over 4 inches in diameter, 50 at \$1.	50 00

Total cost ..... \$4,600 00

The excess in the various items, as above stated, is the amount of unforeseen work which has developed to date. It is believed that the amount so stated will entirely complete the contract; it is possible, however, that further work may develop as the work progresses, and in such a case the quantities of work may be slightly increased over the quantities above mentioned, but not to an extent exceeding five thousand dollars (\$5,000).

The progress of the work is now considerably hampered, owing to the unforeseen work which has developed, and the contractor cannot carry on any work under the item of regulating and grading until all the work under other items of work is completed as called for in the specifications. The contractor has agreed, in writing, to proceed with and complete the additional work, aforesaid mentioned, at the contract prices. These prices are very reasonable, and it will be to the advantage of the City to have the work completed at these prices. There are sufficient funds available to complete the work.

The contract contains a clause limiting the aggregate price to be paid for additional work to five (5) per cent. of the contract price or total cost of the work and materials.

I have been advised by the Corporation Counsel, under date of January 13, 1914, that in order to procure the completion of the contract that application should be made to the Board of Aldermen for permission to enter into a contract without public letting for the work necessary to complete the job beyond the contract price and 5 per cent. in addition thereto.

The alternate way to complete the work will be to prepare plans and specifications and advertise for bids to complete the additional work. The plans and specifications would have to be approved by the Board of Estimate and Apportionment and then advertised in the usual way. The time involved in proceeding in this manner would result in such a delay in completing the work that the park would probably not be ready to use by the public until late in the summer. Further, the cost of the work would undoubtedly be greater than to have the work completed by the present contractor, who already has the necessary plant and equipment on the ground to do the work, and whose prices are very reasonable. As previously stated, the contractor cannot complete his work until the additional work is performed. If the additional work were to be advertised, it would be necessary to suspend operations on the present contract indefinitely, or to close the contract, before completion, which would greatly complicate the matter.

I am exceedingly desirous of having this park in shape for use by the public before the summer season, and I would urgently request that this matter be acted upon favorably, at the earliest possible moment. Very truly yours,

RAYMOND V. INGERSOLL, Commissioner.

The Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Board of Trustees of Bellevue and Allied Hospitals be and it is hereby authorized and empowered to purchase in the open market, without public letting, two auto ambulances at a cost not to exceed five thousand dollars (\$5,000).

The Committee on Public Letting, to which was referred on January 13, 1914 (Minutes, page 81), the annexed resolution in favor of authorizing the Department of Water Supply, Gas and Electricity to make repairs to machinery at pumping stations without public letting, respectfully

#### REPORTS:

That the reasons for this application are fully set forth in the letter of request. It has been recognized for a number of years that the proposed method is a saving in time and service, and such permission has been an annual grant.

The Committee recommends that the said resolution be adopted.

Resolved, That the Commissioner of Water Supply, Gas and Electricity be and he is hereby authorized to expend, without advertising for competitive bids or proposals, a sum of money not to exceed twenty-two thousand five hundred dollars (\$22,500) during the year 1914, which expenditure shall be for the repair of engines, boilers and appurtenances, to be apportioned as follows:

Manhattan and The Bronx, \$4,000; Brooklyn, \$15,000; Richmond, \$2,000; Queens, \$1,500.

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, New York, January 12, 1914.

Hon. GEORGE McANENY, President, Board of Aldermen:

Dear Sir—The estimated annual expenditure for the repair of engines, boilers and appurtenances in the several pumping stations of the Department for the year 1914, is \$22,500. It has been the custom for many years for the Board of Aldermen to grant authority to the Department for the expenditure of certain specified sums for this purpose without the formality of advertising for competitive bids.

A total appropriation of \$35,350 has been allowed for the repair and upkeep of the pumping machinery for the current year. It is not possible to state in advance what particular repairs to the engines and other appurtenances in the stations, or replacements will be required during the year. Breaks occur in different parts of the station equipment which cannot be foreseen, and it becomes necessary to repair or replace such parts immediately, in order that there may be no serious interruption in the pumpage of water. This money is to be expended for emergency purposes only.

The companies and individuals who in the past have attended to the repair work and furnished new parts for the damaged sections, respond at any hour of the day to attend to these matters, knowing the importance and necessity of immediate repairs. I would respectfully ask, therefore, that you place this request before the honorable Board of Aldermen at the next meeting, and that you also urge its favorable and early consideration.

Hereto I attach a draft of resolution for adoption.

Very truly yours,

HENRY S. THOMPSON, Commissioner

The Committee on Public Letting, to which was referred on January 20, 1914 (Minutes, page 184), the annexed resolution in favor of authorizing the Tenement House Commissioner to contract without public letting for erection of shelving in new quarters of the Department in the Municipal Building, respectfully

#### REPORTS:

That the letter of request explains itself. The Department was ordered to move forthwith on November 30, 1913, and provision had to be made to place the Departmental records in such shape as to be accessible for the transaction of public business.

The Committee recommends that the said resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Tenement House Commissioner be and he is hereby authorized and empowered to enter into a contract, without public letting, for the erection of shelving in the quarters occupied by the Tenement House Department in the Municipal Building at an estimated cost of fifteen hundred dollars (\$1,500).

Hon. GEORGE A. McANENY, President, Board of Aldermen, City Hall:

Dear Sir—I respectfully request permission under section No. 419 of the Greater New York Charter to let the following contract without public letting:

Building Shelving in Municipal Building on the 19th Floor..... \$1,500 00

My reason for this request is that the Sinking Fund Commission cancelled the lease of the premises occupied by this Department at No. 44 East 23d street on November 30 and it was necessary to have shelving placed in the new quarters so that the records of the Department would not be piled in a heap and that the Public's business would not be unnecessarily inconvenienced.

Enclosed find resolution for introduction.

Respectfully,

JOHN J. MURPHY, Commissioner.

The Committee on Finance, to which was referred on January 5, 1914 (Minutes, page 24), the annexed resolution in favor of authorizing \$7,000 corporate stock for dump at foot of Stanton st., Manhattan, respectfully

## REPORTS:

That, having examined the subject, it believes the proposed improvement to be necessary. The money is obtained from a prior corporate stock issue for dumping board at foot of Clinton st. The Commissioner of Street Cleaning asserted to the Committee that this was urgent matter. The question was raised as to having this work performed by the force of the Dock Department, but in view of the urgency of the situation in general as to repairs to docks it would have to be let by contract in any event, consequently the Committee recommends that the accompanying ordinance be adopted.

AN ORDINANCE providing for an issue of corporate stock of The City of New York to an amount not exceeding seven thousand dollars (\$7,000), to provide means for the construction of a dumping board at the foot of Stanton st. and East River, Borough of Manhattan, under the jurisdiction of the Department of Street Cleaning.

Be It Ordained by the Board of Aldermen of The City of New York as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment December 24, 1913, and authorizes the Comptroller to issue corporate stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 546 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding seven thousand dollars (\$7,000) to provide means for the construction of a dumping board at the foot of Stanton street and East River, Borough of Manhattan, under the jurisdiction of the Department of Street Cleaning, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

The Committee on Finance, to which was referred on January 13, 1914 (Minutes, page 89), the annexed resolution in favor of authorizing an issue of \$8,000 corporate stock for purchase of furniture and gymnasium apparatus for the Normal College of The City of New York, respectfully

## REPORTS:

That, having examined the subject, it believes the proposed purchase to be necessary. This amount has been saved from another appropriation for use of the College. From the list of articles to be purchased, which is appended hereto, it will be perceived that it is impossible that this property will last fifty years, and it is the opinion of the Committee that it will be a much more equitable arrangement to make the life of the bonds ten years.

It, therefore, recommends that the accompanying ordinance be adopted.

AN ORDINANCE providing for an issue of corporate stock of The City of New York to an amount not exceeding eight thousand dollars (\$8,000), to provide means for defraying the cost of installing furniture and gymnasium apparatus in the new building of the Normal College of The City of New York.

Be It Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolutions, with an amendment thereto, adopted by the Board of Estimate and

Apportionment January 9, 1914, and authorizes the Comptroller to issue corporate stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding eight thousand dollars (\$8,000), maturing not more than ten years after date of issue, to provide means for defraying the cost of installing furniture and gymnasium apparatus in the new building of the Normal College of The City of New York, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

Provided, however, that no part of the proceeds of the corporate stock herein authorized shall be available until after the Board of Estimate and Apportionment has approved forms of contracts, plans, specifications and estimate of cost pertaining to the same and that no part of such proceeds shall be used for the payment of fees of any architect, engineer or expert until after a contract with such architect, engineer or expert has been approved by the Board of Estimate and Apportionment and that no part of the proceeds of corporate stock herein authorized shall be used for payment of any salary or wage of departmental employees, except after approval by the Board of Estimate and Apportionment and in accordance with the schedules to be adopted by said Board; and be it further

Resolved, That the Board of Trustees of the Normal College of The City of New York is directed to submit to this Board for its approval forms of contracts, plans, specifications and estimates of cost prior to advertising for bids for work chargeable to the proceeds of the corporate stock herein authorized, and such Department head is also directed to submit to this Board for its approval all preliminary and final agreements with an architect or architects, engineer or engineers, expert or experts, whenever such agreements or contracts are chargeable against corporate stock herein authorized.

Normal College of The City of New York, Park Ave. and 68th St., January 19, 1914.

Mr. ALBERT E. HULL, Secretary, Board of Aldermen, City Hall, New York:

Dear Sir—In compliance with the request of the Committee on Finance, I am enclosing herewith an itemized list of furnishings supporting our request for an issue of \$8,000 corporate stock.

Chairman Cullen requested me to give an opinion as to the probable life of this material, and, upon examination of the list, I would not hesitate to say that many of the articles would be in usable condition fifty years or more hence, while, of course, many others, no doubt, owing to the nature of their composition and the uses to which they are put, could not be expected to last that long. Very respectfully submitted,

ERNEST C. HUNT, Secretary.

AN ORDINANCE selecting a site for the construction thereon of a building to be used for a Women's Court, Women's Jail and House of Detention in the Borough of Manhattan.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby selects as a site for the construction thereon of a building to be used for the purposes of a Women's Court, Women's Jail and House of Detention, the erection thereof to be under the jurisdiction of the President of the Borough of Manhattan, the following described lands and premises described as follows, to wit:

"All that certain lot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the Borough of Manhattan, City of New York, bounded and described as follows, to wit: Beginning at a point on the northerly side of 30th st., which point is distant 275 feet easterly from the corner formed by the intersection of the northerly side of 30th st. with the easterly side of 7th ave., and running thence northerly and at right angles to 30th st. 98 feet 9 inches; thence westerly and parallel with 30th st. 25 feet; thence southerly and parallel with 7th ave. 98 feet 9 inches to the northerly side of 30th st., and thence easterly along the northerly side of 30th st. 25 feet to the point or place of beginning."

City of New York, Office of the President of the Borough of Manhattan, Municipal Building, January 20, 1914.

By President Marks—

City of New York, Office of the President of the Borough of Manhattan, Municipal Building, January 20, 1914.

To the Honorable Board of Aldermen of The City of New York:

Sirs—I herewith submit a proposition relative to the designation of property for the construction thereon of a building to be used for a women's court, women's jail and house of detention. The same proposition was submitted to the Board on the 16th of December, 1913, and referred to the Committee on Finance. Owing to the fact that the end of the session of the Board was at hand no action was taken, and accordingly I resubmit the proposition in the same form as previously submitted on the above date.

Corporate stock in the amount of \$450,000 was appropriated for the purchase of a site, and the construction thereon of a building to be used for a women's court, women's jail and house of detention, to be erected under the jurisdiction of the President of the Borough of Manhattan. After full consultation with the Judges and all of those interested in this branch of the work it was determined that the best location for such a building would be on a site owned by the City and located on W. 30th st., between 6th and 7th aves. This site is seventy-six (76) feet on the street by one hundred (100) feet in depth, and is not sufficiently large to accommodate a building of the size needed. It will accordingly be necessary to acquire one additional lot 25 by 100 feet immediately adjoining the City property, and I would herewith request that your Board designate the said piece of property for the purpose above mentioned. The description of the property to be acquired is as follows: "All that certain lot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the Borough of Manhattan, City of New York, bounded and described as follows, to wit: Beginning at a point on the northerly side of 30th st., which point is distant 275 feet easterly from the corner formed by the intersection of the northerly side of 30th st. with the easterly side of 7th ave., and running thence northerly and at right angles to 30th st. 98 feet 9 inches; thence westerly and parallel with 30th st. 25 feet; thence southerly and parallel with 7th ave. 98 feet 9 inches to the northerly side of 30th st., and thence easterly along the northerly side of 30th st. 25 feet to the point or place of beginning."

Maps in triplicate, covering the above described property, will be filed with your Board this afternoon. Respectfully yours,

MARCUS M. MARKS, President, Borough of Manhattan.

The President put the question whether the Board would agree to accept said report and adopt said ordinance.

By the President of the Borough of Richmond—

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, February 2, 1914.  
Hon. GEORGE McANENY, President, Board of Aldermen, City Hall, New York City.

"Section 13. Fees, Restoration of Pavement. Fees for the restoration of pavement shall be as the Borough President may establish from time to time.

By Alderman Benninger—

PETITION.

To the Honorable the Board of Aldermen, City of New York:

We, the undersigned residents and property owners of Racket st., formerly known as Vanderveer ave., lying between Lott ave. on the west and Shaw (Leggett) ave. on the east, and running from the northerly side of Jamaica ave. in a northerly direction to Forest Park, in the 4th Ward of the Borough of Queens, City of New York, representing the full assessable value of property on said thoroughfare, hereby respectfully petition your honorable Board to remove from the maps of the Borough of Queens the name of Racket st., as recently applied to the above designated thoroughfare, and restore or reapply thereto the former name of Vanderveer ave., on the following grounds and for the reasons set forth:

First—The thoroughfare is one of over thirty years' existence and has borne the name of the old Vanderveer family of Long Island for the major part of that time, and is, therefore, well known and most readily identified thereby.

Second—The residents and taxpayers of the thoroughfare were unaware of the impending change of name and hence were unable to protest thereagainst to your honorable body.

Third—The word "Racket," as applied to the thoroughfare, is meaningless, is of no historic origin, or extraction, and does not possess any attribute which would commend it as a street title. In fact, in its application to the thoroughfare in question, it is a decided misnomer for obvious reasons, and is so considered and protested against by the taxpayers and voters.

Fourth—In making changes in street names in this ward, the name "Vanderveer," when removed from the street now known as Racket st., was applied to the thoroughfare lying east of Hopkinson ave. and running in a southerly direction from Jamaica ave., which was formerly known as Vanderveer place. Vanderveer place is improved for one block only, and, upon information and belief, it is not a thoroughfare which has been accepted by the City. Vanderveer ave., the present Racket st., is several blocks in length and is improved from end to end, both sides of the thoroughfare being practically solidly built up, and the title to the street being vested in the City.

Fifth—All thoroughfares, or the greater part of them, extending northerly from Jamaica ave. are designated as avenues, not as streets, the former method of designation having a considerable bearing upon the rental of property on the thoroughfare and adding to its saleability and value.

Wherefore, Your Honors are respectfully petitioned to give careful consideration to the foregoing reasons, particularly to that contained in paragraph Fourth, and take such action as may be required to restore to the thoroughfare now known as Racket st. the designation Vanderveer ave.

Communications on the subject may be addressed to P. Frank Sonnek, No. 34 Vanderveer ave. (Racket st.), Union Course, New York.

Respectfully submitted, WILLIAM MILLER, 26 Vanderveer ave., et al.

Resolved, That the Commissioner of the Fire Department be and he hereby is requested to recommend the establishment of a fire house in the 26th Ward of the Borough of Brooklyn, in the district between New Jersey ave. on the west, the Queens County line on the east, Atlantic ave. on the south, and Jamaica ave. on the north; the reasons therefor are that the said district is a thickly populated one, in sore need of proper fire protection, the nearest fire house being located on Euclid ave., at Liberty ave., and separated from the section herein named by the Long Island Railroad, which is partly an elevated concrete structure, and made uneasy of access owing to the few crossings over said railroad, the gates of which are often down, and when said gates are open the crossings are often blocked by freight cars.

#### INVITATION TO CONTRACTORS.

Part of the Steinway Tunnel Rapid Transit Railroad.

THE PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT (hereinafter called "the Commission") invites proposals to reconstruct and complete for temporary operation a portion of Route 26, a part of the Steinway Tunnel Rapid Transit Railroad.

The points within The City of New York between which the said part runs and the route or routes followed are briefly as follows:

Beginning at a point in the Borough of Manhattan under 42d Street, near Lexington Avenue, and extending thence easterly under 42d Street, the East River, private property and 4th Street, in the Borough of Queens, to a point near Van Alst Avenue.

The general plan of construction calls for a subsurface railroad having two tracks. The Railroad has already been built and the Contractor, under the contract for which bids are now invited, is to reconstruct in part and complete such Railroad ready for the operation of trains. The details of the work are more particularly indicated on the contract drawings.

The Contractor must relay such of the track now in place as is not condemned and provide and lay new ties, ballast and tracks elsewhere and do station finish work.

The work of construction under the contract will include the support and care (including the maintaining, protecting and securing where necessary) of any surface, subsurface and overhead structures of any kind affected by the work or interfered with during the construction of the Railroad, also the restoration of sidewalks and roadways, the grouting of the present structure to make it watertight, and the removal of all extraneous materials of any kind, so as to leave the Railroad in a good finished condition on the completion thereof. The Contractor will be required to maintain, protect and light the Railroad, and to do all pumping and bailing necessary to keep the Railroad dry. The plant of The City of New York (hereinafter called the "City") on the work will be at his disposal for such purposes as he may be able to use it. Four shifts now give access to the Railroad, and are to be maintained and protected or rebuilt, as indicated on the contract drawings. Some of the materials necessary for the reconstruction of the Railroad, such as rails, ties, tile drains, pipe, etc., are now on the work, or have been purchased for the work and are now owned and stored elsewhere by the Interborough Rapid Transit Company. All such materials on the work will be acquired by the City and if satisfactory to the Engineer will be used by the Contractor in reconstructing the Railroad. All such materials owned and stored elsewhere by the Interborough Rapid Transit Company may be purchased by the Contractor, if he can make suitable arrangements with said Company.

Bidders must examine the form of contract and the specifications, maps and drawings; must visit the location of the work and inform themselves of the conditions along the line thereof and with respect to the City's plant and make their own estimates of the facilities and difficulties attending the execution of the proposed work.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated, in the printed form of contract and in the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, No. 154 Nassau Street, Borough of Manhattan, City of New York. The contract drawings may be inspected at the same office, and copies thereof may be purchased by prospective bidders on payment of five dollars (\$5). The printed form of contract and the contract drawings are to be deemed a part of this invitation.

Partial payments to the Contractor will be made monthly as the work proceeds, as provided in the form of contract.

The Contractor will be required to complete the work as soon as practicable and within a period of nine (9) months from the date of the delivery of the contract.

**Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau Street, Borough of Manhattan, City of New York, until the 16th day of February, 1914, at twelve fifteen (12.15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.**

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

Bidders must submit with their proposals drawings showing the details of the tie plates to be used with screw spikes.

A statement based upon estimate of the Chief Engineer of the Commission, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required, is to be found in the schedule forming a part of the form of contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

All proposals must, when submitted, be enclosed in a sealed envelope endorsed "Proposal for Reconstruction for Temporary Operation of Part of Rapid Transit Railroad—Route No. 26," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a separate certified check for the sum of Fifteen Thousand Dollars (\$15,000), payable to the order of the Comptroller of the City and drawn upon a National or State bank or trust company satisfactory to the Commission, having its principal office in The City of New York. Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five (5) days after notice of disapproval, unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten (10) days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract, the Contractor will be required to furnish security to the City by giving a bond for One Hundred and Fifty Thousand Dollars (\$150,000). At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under the contract they must be of the character of securities in which savings banks may invest their funds and must be approved by the Commission.

The Contractor's bond must be in the form annexed to the form of contract.

In addition and as further security fifteen (15) per centum of the amounts certified from time to time to be due to the contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the sum of the amounts resulting from the product of the estimated approximate quantities and the Unit Prices as contained in the Schedule of Unit Prices in the contractor's proposal. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the contractor. The contractor may from time to time withdraw portions of the amounts so retained upon depositing in lieu thereof corporate stock of the City equal in market value to the amount withdrawn.

In case of failure or neglect to execute and deliver the contract or to execute and deliver the required bond or to make the required deposit, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Commission, it will be to the best interests of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and if the bidder shall fail within ten (10) days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to execute and deliver the bonds with sureties, or to make the required deposit, then this invitation to Contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

#### INVITATION TO CONTRACTORS.

Part of the White Plains Road Rapid Transit Railroad.

**THE PUBLIC SERVICE COMMISSION FOR the First District (hereinafter referred to as the "Commission") hereby invites proposals to construct Section No. 1 of Route 16, a part of the White Plains Road Rapid Transit Railroad.**

The points within The City of New York between which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 1. Beginning at a point in the Borough of The Bronx in the block bounded by West Farms road, Devoe avenue, East 180th street and Bronx street about eighty-five (85) feet east of the centre line of Bronx street, where a connection can be made with the tracks of the Interborough Rapid Transit Company's Storage Yard, and extending thence easterly and northeasterly over the Bronx River and private property in the said block, Devoe avenue, East 179th street, private property, Lebanon street and private property to a point in Bronx Park avenue between Lebanon street and East 180th street, curving thence northeasterly over Bronx Park avenue and private property to a point in East 180th street between Bronx Park avenue and Morris Park avenue; extending thence northeasterly and northerly over private property west of and alongside the tracks of the New York, Westchester and Boston Railroad and over Unionport road and private property to Birchall avenue; and extending thence northerly along Birchall avenue and White Plains road to a point in White Plains road about two hundred and eighty-five (285) feet north of the centre line of Burke avenue.

The general plan of construction calls for an elevated and surface railroad. The details of the construction of the railroad and appurtenances are more particularly indicated on the contract drawings.

The contractor will not be required to provide or lay tracks or ties, nor to do station finish work except such station finish work as is specifically required to be done, as provided in the form of contract, and indicated in the drawings. The work of construction under the contract will include the construction of all necessary sewers and connections, along or off the route of the railroad; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, subways or other subsurface structures; the support and care of all buildings, monuments, surface and elevated railroads and other surface, subsurface and overhead structures of any kind, affected by the work or interfered with during the construction of the work; also the restoration of the sidewalks and roadways.

Bidders must examine the form of contract and the specifications, maps and drawings; must visit the location of the work and inform themselves of the present conditions along the line thereof and make their own estimates of the facilities and difficulties attending the execution of the proposed work.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated, in the printed form of contract and in the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, No. 154 Nassau Street, Borough of Manhattan, City of New York. The contract drawings may be inspected at the same office, and copies thereof may be purchased by prospective bidders on payment of five dollars (\$5). The printed form of contract and the contract drawings are to be deemed a part of this invitation.

The City of New York (hereinafter referred to as the "City") and the Interborough Rapid Transit Company will both be parties to the contract; the Interborough Rapid Transit Company being a party for the purpose of discharging part of its contribution toward the cost of construction as provided in the contract dated March 19, 1913, between the City, acting by the Commission, and Interborough Rapid Transit Company for the equipment, maintenance and operation of additional rapid transit railroads. The liability of Interborough Rapid Transit Company under the contract for which bids are now invited will be limited to an amount equal to ninety-five (95) per centum of the aggregate sum arrived at by multiplying the estimated approximate quantities by the unit prices as contained in the Schedule of Unit Prices in the contractor's proposal. The contractor is to accept the obligation of the Interborough Rapid Transit Company to make payments to the amount and in the manner provided in the contract and is to agree not to look to the City except to the extent that the amounts earned under the contract may exceed the amount for which the Interborough Rapid Transit Company is liable.

Partial payments to the contractor will be

made monthly as the work proceeds, as provided in the form of contract.

The contractor will be required to complete the work as soon as practicable and within a period of eighteen (18) months from the date of the delivery of the contract.

**Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau Street, Borough of Manhattan, City of New York, until the 9th day of February, 1914, at twelve fifteen (12.15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.**

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

A statement, based upon estimate of the Engineer of the Commission, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required is to be found in the schedule forming a part of the form of contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

All proposals must, when submitted, be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Route No. 18, Section No. 1," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a separate certified check for the sum of Fifteen Thousand Dollars (\$15,000), payable to the order of the Comptroller of the City and drawn upon a National or State bank or trust company satisfactory to the Commission, having its principal office in The City of New York. Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five (5) days after notice of disapproval, unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract, the contractor will be required to furnish security to the City by giving a bond for One Hundred Thousand Dollars (\$100,000). At the option of the successful bidder, cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under the contract, they must be of the character of securities in which savings banks may invest their funds and must be approved by the Commission.

The contractor's bond must be in the form annexed to the form of contract.

In addition and as further security fifteen (15) per centum of the amounts certified from time to time to be due to the contractor will be deducted, until the amounts so deducted and retained shall equal ten (10) per centum of the sum of the amounts resulting from the product of the estimated approximate quantities and the Unit Prices as contained in the Schedule of Unit Prices in the contractor's proposal. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the contractor. The contractor may from time to time withdraw portions of the amounts so retained upon depositing in lieu thereof corporate stock of the City equal in market value to the amount withdrawn.

In case of failure or neglect to execute and deliver the contract or to execute and deliver the required bond or to make the required deposit, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Commission, it will be to the best interests of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to execute and deliver the bond with sureties or to make the required deposit, then the invitation to Contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

#### INVITATION TO CONTRACTORS.

Part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad.

**THE PUBLIC SERVICE COMMISSION FOR the First District (hereinafter called "the Commission") hereby invites proposals to construct**

Section No. 2 of Route 16, a part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad.

The points within The City of New York between which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 2. Beginning at a point in Jerome avenue, in the Borough of The Bronx, about forty-five (45) feet north of the northerly building line of East 182d street and extending thence northerly along and over Jerome avenue to point near East 198th street; thence through property owned by the City to a point in Jerome avenue, near East 204th street; thence along and over Jerome avenue to a point near the southerly building line of Woodlawn road.

The general plan of construction calls for an elevated and surface railroad. The details of the construction of the Railroad and appurtenances are more particularly indicated on the contract drawings.

The Contractor will not be required to provide or lay any tracks or ties, nor to do station finish work except such station finish work as is specifically required to be done as provided in the form of contract.

The work of construction under the contract will include the construction of all necessary sewers and connections, along or off the route of the Railroad; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, subways or other subsurface structures; the support and care of all buildings, monuments, surface railroads and other surface, subsurface and overhead structures of any kind, affected by the work or interfered with during the construction of the work; also the restoration of the sidewalks and roadways.

Bidders must examine the form of contract and the specifications, maps and drawings; must visit the location of the work and inform themselves of the conditions along the line thereof and make their own estimates of the facilities and difficulties attending the execution of the proposed work.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated, in the printed form of contract and in the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, No. 154 Nassau Street, Borough of Manhattan, City of New York. The contract drawings may be inspected at the same office, and copies thereof may be purchased by prospective bidders on payment of five dollars (\$5). The City of New York (hereinafter called the "City") and the Interborough Rapid Transit Company will both be parties to the contract; the Interborough Rapid Transit Company being a party for the purpose of discharging part of its contribution toward the cost of construction, as provided in the contract dated March 19, 1913, between the City, acting by the Commission, and the Interborough Rapid Transit Company for the equipment, maintenance and operation of additional rapid transit railroads. Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

A statement, based upon estimate of the Chief Engineer of the Commission, of the quantities of the various classes of the work and of the nature and extent, as near as practicable, of the work required is to be found in the schedule forming a part of the form of contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

All proposals must, when submitted, be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Route No. 16, Section No. 2," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a separate certified check for the sum of fifteen thousand dollars (\$15,000), payable to the order of the Comptroller of the City, and drawn upon a national or state bank or trust company satisfactory to the Commission, having its principal office in The City of New York. Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five (5) days after notice of disapproval, unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract the Contractor will be required to furnish security to the City by giving a bond for one hundred thousand dollars (\$100,000). At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If

securities are deposited in place of a bond under the contract, they must be of the character of securities in which savings banks may invest their funds and must be approved by the Commission.

The Contractor's bond must be in the form annexed to the form of contract.

In addition and as further security fifteen (15) per centum of the amounts certified from time to time to be due to the Contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the sum of the amounts resulting from the product of the estimated approximate quantities and the Unit Prices as contained in the Schedule of Unit Prices in the Contractor's Proposal. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the Contractor. The Contractor may from time to time withdraw portions of the amounts so retained upon depositing in lieu thereof corporate stock of the City equal in market value to the amount withdrawn.

In case of failure or neglect to execute and deliver the contract or to execute and deliver the required bond or to make the required deposit such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Commission, it will be to the best interests of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, to the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to execute and deliver the bond with surties, or to make the required deposit, then the Commission to Contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

#### NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue from the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in

the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against any or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York serves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
