The Comptroller presented the following report and resolution for renewal of lease of premises No. 78 Park Row to Mrs. Frances J. Storms:

FINANCE DEPARTMENT—COMPTROLLER'S OFFICE,  
February 23, 1893.

To the Commissioners of the Sinking Fund:

GENTLEMEN—The lease of the premises No. 78 Park Row, formerly known as No. 46 Chatham street, belonging to the Corporation, will expire on May 1, 1893.

It was made between the City and Francis A. Leggett for a term of twenty-one years from May 1, 1872, and subsequently was assigned to Frances Jane Storms, wife of Alfred Storms. Mrs. Storms applies for a renewal for another term of twenty-one years, as provided for in the lease. The yearly rent heretofore paid was \$1,375.

From a careful examination of the premises, and upon the report of the Engineer of the Finance Department as to the present value of the lot and building, I am of opinion that \$2,100 would be a fair yearly rent for the renewal term. The covenants in the original lease provide that the lessee shall pay all taxes, assessments and other charges upon the property.

Mrs. Storms accepts the terms and conditions and the yearly rent specified.

Accordingly, I submit the following:

Resolved, That the Commissioners of the Sinking Fund hereby authorize the renewal of the lease of premises No. 78 Park Row, formerly No. 46 Chatham street, for another term of twenty-one years, from May 1, 1893, to Frances Jane Storms, wife of Alfred Storms, at a yearly rental of two thousand one hundred dollars, and upon the same terms and conditions as are contained therein.

Respectfully,

THEO. W. MYERS, Comptroller.

The report was accepted and the resolution unanimously adopted.

The Comptroller offered the following:

Resolved, That the Comptroller be and hereby is authorized to pay the rent of the offices now occupied by the Counsel to the Corporation in the Staats Zeitung Building from November 1, 1892, until November 1, 1893, at the rate of ten thousand five hundred dollars (\$10,500) per annum.

Which was unanimously adopted.

The Comptroller presented the following report and resolutions for leasing offices in the Stewart Building for the Finance Department, Commissioners of Accounts, Commissioner of Jurors, and the Department of Taxes and Assessments:

FINANCE DEPARTMENT—COMPTROLLER'S OFFICE,  
February 23, 1893.

To the Commissioners of the Sinking Fund:

GENTLEMEN—The leases of the offices now occupied by the Finance Department, the Commissioner of Jurors and the Commissioners of Accounts, in the Stewart Building, will expire May 1, 1893.

The application of the Department of Taxes and Assessments for new offices upon the expiration of the present lease of quarters in the Staats Zeitung Building, was presented to this Board on January 20, 1893, and referred to the Comptroller.

I have had several interviews with Mr. Barker in regard to renting the new offices for his Department. It is deemed necessary to locate the Department in the vicinity of the City Hall Park. The yearly increase of the business renders the present offices totally inadequate, and the Department is embarrassed in its work from the lack of sufficient accommodations. Part of the records have been stored in the Brown-stone Building in the park, and should they be lost or destroyed, they cannot be replaced. These records are most valuable to substantiate titles to real estate, and are often called for to verify searches for arrears of taxes due the City. It is greatly to the interest of the City to provide for their preservation in rooms suitable for the purpose and convenient of access.

A suite of rooms on the street floor on Reade street, in the Stewart Building, with a vault-chamber and vault in the basement, to be connected by a stairway with the street floor, has been approved by the Commissioners of Taxes and Assessments.

Negotiations have been had with the owner of the Stewart Building for the leasing to the City of the rooms required for the several departments and offices named, and an offer for rental has been submitted by him for a lease of the rooms agreed upon, for a term of three years, as follows:

Finance Department, including, also, offices for the Paymaster and the Receiver of Taxes, and for the Commissioners of Accounts and the Commissioner of Jurors, a total yearly rental of \$63,500; and for the Department of Taxes and Assessments, yearly rent, \$18,000.

The rent includes the heating, lighting and cleaning of the offices, together with the elevator service of the building.

Permission is given by the owner for the City to enter the apartments rented for the Tax Commissioners at once for the purpose of fitting up the rooms and making such alterations as may be required for the transaction of the business of the Department, the rent to commence on the first of May.

The Tax Commissioners now have 3,600 square feet of room area. In the new offices there will be 8,500 square feet.

I consider the terms fair and reasonable, and accordingly offer for adoption the following resolutions.

Respectfully,

THEO. W. MYERS, Comptroller.

Resolved, That the Counsel to the Corporation be and hereby is requested to prepare a lease to the City for the term of three years from May 1, 1893, at the yearly rental of sixty-three thousand five hundred dollars (\$63,500), upon the same terms and conditions as the existing lease, for certain rooms, offices or apartments now occupied by the Finance Department in the Stewart Building, situated on Broadway, Chambers and Reade streets, in the City of New York, designated on the map or plan of said building in the office of the lessor, by the numbers 1, 3, 4, 5, 6, 7, 8, 9, 10, 11, 13, 14, 15, 17, 19, 21, 23, 25, 27, 28, 29, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40 and 41, being offices or apartments on the first floor; also, the office or apartment in the basement or ground floor of the said building designated as "JJ," now occupied by the Paymaster of said Department; also, the rooms designated as rooms "O" and "P," fronting on Chambers street, and rooms "H," "OO" and "PP," in the basement of said building, now occupied by the Receiver of Taxes; also, the rooms designated by the numbers 114 and 115 on the third floor of said building now occupied by the Commissioners of Accounts, and also the rooms designated by the numbers 127 and 128 on the third floor of said building, now occupied by the Commissioner of Jurors.

Resolved, That the Counsel to the Corporation be and hereby is requested to prepare a lease to the City for the term of three years from May 1, 1893, at the yearly rental of eighteen thousand dollars (\$18,000), upon the usual terms and conditions, for certain offices and rooms in the Stewart Building, described on the plan of said building as the rooms or apartments on the street floor, designated by the letters D, E, F, G, H, I, J and K, and the apartment in the basement designated as "DD," together with the vault-chamber connected therewith, and the vault to be occupied by the Department of Taxes and Assessments. The lessor to connect at his own expense the suite of apartments on the street floor with the apartment "DD" by a proper stairway, and also to provide proper openings to connect the rooms above mentioned.

The Commissioners of the Sinking Fund deem the above rentals fair and reasonable, and that it would be for the interest of the City that such leases should be made, and the Comptroller is hereby authorized and directed to execute such leases when prepared and approved by the Counsel to the Corporation, as provided by sections 123 and 181 of the New York City Consolidation Act of 1882.

The report was accepted and the resolutions unanimously adopted.

The Comptroller presented the following report and resolution to lease lots on One Hundred and Fifty-second street, near Courtlandt avenue, with stable, for the Department of Street Cleaning :

FINANCE DEPARTMENT—COMPTROLLER'S OFFICE, }  
February 23, 1893. }

To the Commissioners of the Sinking Fund :

GENTLEMEN—By chapter 269 of the Laws of 1892, the Commissioner of Street Cleaning is authorized to hire or lease such stables and other buildings as may be necessary from time to time for the transaction of the business of that Department. I present herewith an offer made by Mr. Niewenhaus to lease to the City a plot of ground on the north side of One Hundred and Fifty-second street, east of Courtlandt avenue, being seventy-five feet front and one hundred feet deep, upon which he agrees to erect a brick stable and a shed suitable in every way, and to be ready for the use of the Department of Street Cleaning within ninety days from the delivery to him of the lease of the above premises. The lease is to be for ten years, at \$3,750 per annum for the first five years and \$4,000 per annum for the second five years; the stable is to accommodate ninety horses, to be fifty by ninety-five feet, three stories in height, the first story to be at least thirteen feet high in the clear, the cellar under the whole building to be ten feet high in the clear, with an areaway in the front and rear; a shed, to be built on the remaining lot, to be twelve and one-half feet wide and to run from front to rear, the lot to be paved either with concrete or paving stones; in other respects the stable and yard to be similar to those now in use by the Department of Street Cleaning in Eightieth street, near East river. The City is to make all inside repairs to the stable and shed and to pay the Croton water rent; in case of fire, the rent to cease during the time for which the premises may be untenable.

I offer the following resolution to authorize the lease to the City of the premises as described for the period of ten years for such action as this Board may deem advisable.

Respectfully,

THEO. W. MYERS, Comptroller.

Resolved, That the Counsel to the Corporation be and is hereby requested to prepare a lease to the City from Siebrand Niewenhaus of the three lots of land on the north side of One Hundred and Fifty-second street, beginning about one hundred and twenty-five feet easterly from Courtlandt avenue, upon which the owner and lessor agrees to erect a brick stable for the use of the Department of Street Cleaning, to be fifty feet by ninety-five feet, three stories high; the first story to be at least thirteen feet in height in the clear; the cellar under the whole building to be at least ten feet high in the clear, with an areaway in front and rear; with stalls and suitable plumbing for ninety horses; with a shed twelve and one-half feet wide to run from front to rear; with ample space for storage of carts and machinery; with store-room for hay and other feed, and space for blacksmith shop; all to be furnished to the satisfaction of the Commissioner of Street Cleaning; the building to be completed within ninety days after the delivery to the owner of the lease of the said premises; the rent to begin from the date of occupation by the Commissioner of Street Cleaning; the lease to be for the term of ten years from the date of such occupation at the yearly rental of three thousand seven hundred and fifty dollars (\$3,750) for the first five years and four thousand dollars (\$4,000) per annum for the second five years, payable quarterly; the City to pay the water rent, and to make all inside repairs to said stable and shed, but the lessor to make good any defect in point of construction; the owner to pay all taxes and assessments and to make all necessary repairs to the roofs; and in case of injury or destruction by fire, the same shall be repaired or rebuilt by the owner, and the rent to cease during the period for which said premises may be untenable; the lease to contain the usual covenants and conditions; the Commissioners of the Sinking Fund deeming the rent fair and reasonable, and that it would be for the interest of the City that such lease should be made; and the Comptroller is authorized and directed to execute such lease when prepared and approved by the Counsel to the Corporation, as provided by sections 123 and 181 of the New York City Consolidation Act of 1882, and also under the authority of the provisions of section 8 of chapter 269 of the Laws of 1892.

The report was accepted, and the resolution unanimously adopted.

The Comptroller presented the following report of sale of the ferry from East Tenth street to Greenpoint, Long Island :

FINANCE DEPARTMENT—COMPTROLLER'S OFFICE, }  
February 23, 1893. }

To the Commissioners of the Sinking Fund :

GENTLEMEN—In pursuance of a resolution of this Board adopted January 31, 1893, the franchise of the ferry from the foot of East Tenth street, to Greenpoint, Long Island, was sold at public auction on February 16, 1893, according to advertisement of sale in the CITY RECORD, to the highest bidder, viz.: The Tenth and Twenty-third Street Ferry Company, at a yearly rental of \$5,000, under a lease for five years from February 1, 1893.

Respectfully,

THEO. W. MYERS, Comptroller.

Which was ordered on file.

The Comptroller presented the following report of the Committee on the petition of the New York and Long Island Bridge Company for a grant of lands for the bridge piers, etc.:

To the Commissioners of the Sinking Fund :

GENTLEMEN—On October 14, 1892, application was made to the Commissioners of the Sinking Fund, by Thomas Rainey, in behalf of the New York and Long Island Bridge Company, for the grant of certain lands belonging to the City of New York, on which it is proposed to erect piers for a bridge to be built across the East river, at or about Sixty-fourth street, in pursuance of the provisions of chapter 411 of the Laws of 1892. The request was made that these lands should be granted to the said bridge company without charge.

On January 16, 1893, this application was renewed by Mr. Rainey.

On February 7, 1893, the application of the New York and Long Island Bridge Company was modified so as to withdraw the request for ground on Blackwell's Island for anchorages, and to call for spaces of 85 by 50 feet for each of the piers in New York and on Blackwell's Island, amounting in all to 5.1 city lots.

There is no authority of law to authorize the Commissioners of the Sinking Fund to deed land as a gift to this bridge company, even if its objects and its plan of construction were such as to make it worthy of favorable consideration at the hands of the municipal authorities as a public enterprise. The sole duty of the Commissioners of the Sinking Fund, as presented in the above-named act of 1892, is to fix "a price or sum to be paid by said company for the use and occupancy of said land," and in case the said company and the Sinking Fund Commissioners cannot agree upon a price to be paid, then provision is made for its acquisition by condemnation proceedings.

Regretting our inability as conservators of the vested rights of the corporation to protect adequately the interests of the public in the premises, by reason of the total absence of provision for municipal control in the charter of this bridge company, we, nevertheless, believe that the Board should perform the duty imposed upon them by chapter 411, Laws of 1892, to fix a price to be paid for the City's land by said company, and we accordingly recommend that said price be fixed at \$15,300 (fifteen thousand three hundred dollars), without prejudice to the right of the City to recover in damages from the New York and Long Island Bridge Company on account of any injury that may result to City property by the building of said bridge, and on condition that the work of excavation and building shall be subject to the supervision and control of the Commissioner of Public Works, so far as the same may affect the sewerage system of this City.

Respectfully submitted,

THOS. F. GILROY, Mayor.

THEO. W. MYERS, Comptroller.

N. T. BROWN, Chairman of Finance Committee of Board of Aldermen.

Messrs. James R. Cuming and Luke F. Cozans, attorneys for the company, in reply to inquiries by the Mayor, stated that the company accepted the terms submitted by the Committee.

And the Counsel to the Corporation is requested to have prepared and to approve an agreement to carry into effect this resolution and the recommendations of the Committee this day accepted by the company, hereby approved by the Commissioners of the Sinking Fund.

Which was unanimously adopted.

At the request of the attorneys, permission was given to the company to enter upon the lands on sufferance for the purpose of making a survey.

The following communication was received from the Board of Excise for renewal of leases of premises Nos. 330 and 332 Bowery :

OFFICE OF BOARD OF EXCISE,  
No. 54 BOND STREET, CORNER BOWERY,  
NEW YORK, February 16, 1893. }

Hon. THEODORE W. MYERS, Comptroller :

SIR—Replying to your communication of the 10th instant, regarding the lease to the City of the premises used and occupied as the offices of the Board of Excise, at Nos. 330 and 332 Bowery, which will expire on May 1, 1893, I have to say :

After an examination of the premises assigned to the Board of Excise in the new Criminal Court Building, and after having conferred, by direction of the Mayor, with the architect of the building, I am satisfied that it will not be possible for the Board of Excise to occupy the new offices before the 1st of May under such conditions as would permit us properly to transact the business of the Board.

It is still a question of doubt as to whether the proposed offices can be put into a tenable condition before the 1st of May. The work of the Board of Excise is heavier from the latter part of March to the latter part of May than at any other time of the year, and for that reason it would be practically impossible for us to accomplish the work imposed upon us, and, at the same time, move from one office to another during the month of April. If, in addition to that difficulty, we were to find ourselves compelled to move into offices not complete or properly furnished for our reception, it would result in very serious difficulty.

These facts having been stated to the Mayor, he has advised that the lease of the premises now occupied by us should be renewed.

My failure to write to you before now has resulted from the intention to see you and explain the matter to you verbally.

The officers of the German Exchange Bank are unwilling to renew the lease for less than one year, but it has been agreed between myself and Mr. Fennell, of the firm of Roesch & Fennell, No. 280 Broadway, who is attorney for the bank, that the lease shall be made with a clause providing for the renting of the premises to another tenant at any time when we may vacate them, the rent received, so far as it applies, to be credited to the City.

The best time for the Board of Excise to move will be in July or August, when the work is lighter than at any other time in the year, and when it will be possible for us, for that reason, to move our books and records with the least inconvenience. I believe that no difficulty will be experienced in renting the premises to another tenant from the first of September, so that the City would have to pay four months' rent only.

For the reasons above stated I have to request that, if you approve, steps be taken immediately to secure a re-leasing of the premises we now occupy for one year, with a clause providing for their surrender and leasing to another tenant at any time when the Board of Excise may vacate the premises, as above suggested, and that you will inform John Fennell, Esq., No. 280 Broadway, that the City will make that arrangement.

Very respectfully,

W. S. ANDREWS, President, Board of Excise.

In connection therewith the Comptroller presented the following :

FINANCE DEPARTMENT—COMPTROLLER'S OFFICE, }

To the Commissioners of the Sinking Fund :

GENTLEMEN—The leases of the offices occupied by the Board of Excise at Nos. 330 and 332 Bowery will expire May 1, 1893. In view of the fact that offices for the Board have been provided in the new Criminal Court Building, it was thought that an agreement might be made with the lessor to rent the present quarters from month to month after the expiration of the present leases. But the Board of Excise advises me, under the date of the 16th instant, that the lessor is unwilling to make any agreement other than that of renewing the leases at the same yearly rent for a full term of one year, the City to have the right to sublet should the Board move into the Criminal Court Building before the expiration of the term. The following resolution is accordingly submitted for adoption.

Respectfully,

THEO. W. MYERS, Comptroller.

Resolved, That the Counsel to the Corporation be and is hereby requested to prepare leases to the City of premises for the use of the Board of Excise, for the term of one year each from May 1, 1893, payable quarterly, as follows :

1. The premises No. 330 Bowery (No. 54 Bond street), now occupied by the Board of Excise, at the yearly rent of two thousand one hundred dollars. The German Exchange Bank, lessor.
2. The premises now occupied as offices, and known as the third and fourth floors of the building No. 332 Bowery, at the yearly rent of seven hundred and twenty dollars. Mr. Charles T. Krauss, lessor.

The said leases to contain a provision that the City may sublet any or all of the said premises at any time during the term thereof, and the rent received therefor to be credited to the City.

The Commissioners of the Sinking Fund deem the rents fair and reasonable, and that it would be for the interest of the City that such leases should be made; and the Comptroller is hereby authorized and directed to execute such leases when prepared and approved by the Counsel to the Corporation, as provided by sections 123 and 181 of the New York City Consolidation Act of 1882.

GENTLEMEN—The Armory Board, by resolution of the 3d instant, requests the concurrence of the Commissioners of the Sinking Fund, in authorizing repairs and alterations to be made to the U. S. Ship "New Hampshire," loaned by the United States Government for the use of the Naval Battalion, at an expense not to exceed \$16,000, and for the issue of bonds to pay for the work.

The Counsel to the Corporation has advised the Board that in his opinion the maintenance of the ship, her lighting, heating, furnishing, repairing, altering, etc., may properly be provided for, and that a sum may be appropriated for putting the ship in proper condition for the use of the Naval Battalion as an armory.

The Engineer of the Finance Department reports in favor of fitting up the vessel for the purpose, and approves the estimate of cost.

I am satisfied that the expenditure should be made, and accordingly submit for adoption the following resolutions.

THEO. W. MYERS, Comptroller.

The Mayor said, it is understood that if the ship should be required in the summer for the use of cabin passengers transferred from infected ships, no objection would be made to such temporary use and occupancy.

The report was then accepted and the resolutions unanimously adopted.

The following communication was received from the Commissioner of Street Cleaning :

DEPARTMENT OF STREET CLEANING—CITY OF NEW YORK,  
STEWART BUILDING,  
NEW YORK, February 2, 1893.

Hon. THOMAS F. GILROY, Mayor and Chairman of the Sinking Fund Commission :

SIR—The lease for offices of the Street Cleaning Department is about to expire on May 1, and from what I can understand, we will not be able to procure said lease again. This is due to the very large crowd of men continuously applying at this office. I call your Honor's attention to it, and respectfully request that some action be taken in order that the Department may be supplied with offices by May 1.

Very respectfully,

THOMAS S. BRENNAN, Commissioner of Street Cleaning.

Referred to the Comptroller.

The following communication was received from the Counsel to the Corporation with reference to the power and duty of the Commissioners of the Sinking Fund in the matter of constructing bulkhead at Riker's Island, etc. :

LAW DEPARTMENT,  
OFFICE OF THE COUNSEL TO THE CORPORATION,  
NEW YORK, February 17, 1893.

Hon. THEODORE W. MYERS, Comptroller :

SIR—I have received your letter, dated February 13, 1893, inclosing an extract from the minutes of the proceedings of the Commissioners of the Sinking Fund at a meeting held January 31, 1893, relative to the power and duty of said Commissioners in the matter of constructing a bulkhead at Riker's Island, and filling in the lands under water within the harbor lines as modified.

It appears from the extract that you were requested to confer with me in reference to the power and duty of the Commissioners of the Sinking Fund in the premises.

It appears that the Dock Department has prepared plans for rip-rap work, and is getting ready to advertise for proposals, and that the Mayor was of the opinion that the consent of the Commissioners of the Sinking Fund should be first obtained and the plans be approved by that body before advertisement and contract.

In a letter to the Mayor, dated February 2, 1893, I advised as follows :

"It was the intent of the Legislature, in my opinion, to make the land in question upon Riker's Island subject to the control of the Dock Department in the same manner as other land in the harbor is controlled by the Dock Department. \* \* \* I do not, therefore, see any reason to doubt the power of the Department of Docks to expend the proceeds of bonds issued under section 143 of the Consolidation Act in an improvement of crib-work and dock work around Riker's Island."

Under said section 143 of the Consolidation Act, Dock Bonds cannot be issued by the Comptroller until he is directed to do so by the Commissioners of the Sinking Fund, and furthermore, the moneys received from the sale of such bonds can only be drawn out of the City Treasury "upon the requisition of the said Board of the Department of Docks, countersigned by the Commissioners of the Sinking Fund."

By section 711 of the Consolidation Act, the Department of Docks is given exclusive charge and control, "subject in the particulars hereinafter mentioned to the Commissioners of the Sinking Fund of said city," of all the wharf property belonging to the Corporation of the City of New York.

By section 712 of the Consolidation Act it is provided that the plan or plans for the whole or any part of the City's water-front determined upon or that may be determined upon by the Department of Docks, "adopted and certified to by the Commissioners of the Sinking Fund and filed," shall be and continue to be the sole plan or plans according to which a dock structure shall be laid out or constructed, and be the sole plan or plans and authority for solid filling in the waters of the harbor.

There are further provisions in this section requiring the consent and approval of the Commissioners of the Sinking Fund to certain acts of the Department of Docks that may be proposed.

In my opinion, the land under water around Riker's Island that has been acquired by the City should be considered as a part of the water-front subject to the control of the Dock Department in the same manner as other land in the harbor.

It is also my opinion that the proposed plans should be "adopted and certified to by the Commissioners of the Sinking Fund," which body should also direct the Comptroller, when in its opinion Dock Bonds should be issued for the purposes of this improvement, and should also countersign the requisitions that may be made by the Board of the Department of Docks upon the proceeds of bonds that may be sold for this purpose.

Very respectfully,

WM. H. CLARK, Counsel to the Corporation.

On motion, the communication was ordered on file, and the Secretary directed to forward a copy to the Board of Docks, with a request that plans be furnished at an early day for the work on Riker's Island.

The following communication was received from the Counsel to the Corporation in relation to annulment of agreement with the New York Refrigerating Construction Company, for supplying refrigeration in New West Washington Market :

LAW DEPARTMENT,  
OFFICE OF THE COUNSEL TO THE CORPORATION,  
NEW YORK, February 20, 1893.

Hon. THEODORE W. MYERS, Comptroller :

SIR—I am in receipt of your communication of January 7, 1893, asking to be advised as to the power of the Commissioners of the Sinking Fund in regard to the annulment of the agreement with the New York Refrigerating Construction Company, and of your communication of the 8th instant, inclosing a certified copy of a report made by you and a resolution which you propose having passed by the Sinking Fund Commissioners, annulling the agreement with the company and authorizing a resale of the privilege of supplying refrigeration in New West Washington Market.

Section V. of the agreement provides as follows :

"V. The said party of the second part (i. e., The Refrigerating Construction Company) further agrees that, should said system prove unsatisfactory to a majority of the standholders using the same, upon the ground that it is inadequate to the requirements of the case, or on the ground that party of the second part is not performing each and every provision of this agreement, and if a majority of the said standholders shall so certify, in writing, to the said Comptroller, and a copy of said certificate shall have been furnished by the Comptroller to party of the second part; or if, at any time, the said Comptroller shall be of the opinion, and shall so certify to the Commissioners of the Sinking Fund, in writing, that the said party of the second part is not performing each and every provision of this agreement, or that the work is unreasonably delayed, or that the said party of the second part is executing said contract in bad faith, and a copy of such certificate shall have been furnished by the Comptroller to party of the second part; and if and after reasonable opportunity shall have been afforded to the said party of the second part to be heard in reply to the charges and in its own defense before the Board of Sinking Fund Commissioners;—then and in such case, the Comptroller, upon the direction of the Commissioners of the Sinking Fund, given after such hearing had, shall have the power to notify the said party of the second part to discontinue said system, by a written notice to be served upon the said party of the second part by sending the same to the office of party of the second part and there delivering it to any person in charge of said office; and thereupon the said party of the second part shall and will remove the said system, at the expense of party of the second part, including all the pipes, fixtures and connections, within thirty days after the receipt of said notice, and shall and will restore said market building or buildings to their original condition at the expense of party of the second part, and shall and will make good to the City any damage that shall have been done by party of the second part in and by said removal."

You will observe from a reading of this section that the following provisions are made for the annulment of the agreement :

(1) Upon the company's system of refrigeration proving unsatisfactory to a majority of the standholders using the same upon the ground that it is inadequate to the requirements of the case; or

(2) Upon the ground that the company is not performing each and every provision of the agreement.

(3) Upon the Comptroller certifying, in writing, to the Commissioners of the Sinking Fund that in his opinion the company is not performing each and every provision of the agreement; or

(4) That the work is unreasonably delayed; or

(5) That the company is executing its contract in bad faith.

If an annulment is sought on either of the first two grounds, it is necessary that a certificate, in writing, to that effect be made by a majority of the standholders and a copy of it furnished by the Comptroller to the company.

Before any action can be taken by the Sinking Fund Commissioners, the company is entitled to a reasonable opportunity to appear before it in answer to the charges made and to be heard in its own defense.

After such a hearing, if the Board decides adversely to the company, the Comptroller, upon the direction of the Commissioners of the Sinking Fund, has the power to notify the company to discontinue its system and to remove its pipes, fixtures and connections from the market.

When the provisions of the agreement have been complied with by giving the notice and hearing required, the proposed resolution should be amended by incorporating such facts.

Respectfully yours,

WM. H. CLARK, Counsel to the Corporation.

In connection therewith the Comptroller presented the following :

I, Theodore W. Myers, Comptroller of the City of New York, do hereby certify that, in my opinion, the New York Refrigerating Construction Company is not performing each and every provision of the agreement made by it with the City, dated May 15, 1890, to furnish cold air for refrigerating purposes.

THEO. W. MYERS, Comptroller.

Which were ordered on file.

Whereupon the Mayor offered the following :

Resolved, That the Comptroller be and hereby is authorized to notify the New York Refrigerating Construction Company to appear before the Commissioners of the Sinking Fund, at the next meeting, to show cause why its franchise should not be revoked.

Which was unanimously adopted.

The Comptroller reported orally in the matter of the delay in furnishing the carpenter work on the New Criminal Court Building under the contract with Mr. P. K. Lantry. The Comptroller stated that, upon the hearing before him, the contractor blamed the architect for the delay, and the architect contended that it was the fault of the contractor. It appeared that the Mitchell Construction Company of Cincinnati, sub-contractors, has failed to supply the frames, windows, etc., within the time agreed upon.

On motion of the Mayor, the Commissioner of Public Works was requested to report upon the present condition of the carpenter work on the building, and the method under which it is being conducted. The Secretary of the Board was directed to notify the carpenter and the architect to be present at the next meeting, at which time the report of the Commissioner of Public Works will be considered.

The following communication was received from the Counsel to the Corporation on the application of the Mount Sinai Hospital for lease of ground on the northeast corner of Lexington avenue and Sixty-seventh street, for ninety-nine years, under the provisions of chapter 45, Laws of 1892 :

LAW DEPARTMENT,  
OFFICE OF THE COUNSEL TO THE CORPORATION,  
NEW YORK, February 13, 1893.

Hon. THEO. W. MYERS, Comptroller :

SIR—I am in receipt of your communication of February 7, inclosing for my consideration and advice, by direction of the Commissioners of the Sinking Fund, an application received on December 29, 1892, from the Mount Sinai Hospital, from Edward Lauterbach, attorney, for a lease of the parcels of ground on East Sixty-seventh street, near Lexington avenue, and on the northeast corner of Lexington avenue and Sixty-seventh street, for a period of ninety-nine years, under chapter 45 of the Laws of 1892 and chapter 553 of the Laws of 1892.

You also refer to the proceedings of the Commissioners of the Sinking Fund of June 10, 1892, September 14, 1892, and November 2, 1892.

After an examination of the resolutions to which you refer me, and of the two statutes of last year, it is my opinion that the position taken by Mr. Lauterbach is correct; that as chapter 45 of the Laws of 1892, directs that the lease of the property therein referred to be "for a period of ninety-nine years," that the lease to be executed under that statute should be for the term therein mentioned, ninety-nine years.

The modification of the other lease, however, made under the provision of chapter 553 of the Laws of the same year, that the Commissioners of the Sinking Fund of the City of New York "are hereby authorized and empowered to modify in such manner as they may deem proper a lease heretofore made by such Commissioners to the Mount Sinai Hospital of the City of New York, in pursuance of chapter 189 of the Laws of 1891," changing the term thereof to twenty-one years at the nominal rent of one dollar a year, is perfectly valid so far as the parcel referred to is concerned.

Very respectfully,

WM. H. CLARK, Counsel to the Corporation.

Referred to the Comptroller.

Petition of W. T. Washburn, executor, etc., of estate of Benjamin Richardson, deceased, for a release of the claim of the City on certain lots in the plot of ground bounded by One Hundred and Sixth and One Hundred and Seventh streets, Third and Lexington avenues, formerly under the waters of the Harlem creek.

Referred to the Comptroller.

Adjourned.

RICHARD A. STORRS, Secretary.

SEALED BIDS OR ESTIMATES FOR THE aforesaid work and materials, in accordance with the specifications and plans, will be received at the office of the Department of Public Charities and Correction, No. 66 Third Avenue, in the City of New York, until Thursday, March 16, 1893, until 10 o'clock A. M. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Electric-light Plant, Central Island, Long Island," and with his or their name or names and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and

place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of TEN THOUSAND (\$10,000) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Comptroller, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

Bidders are to state the special arrangement contemplated by their proposal, as specified at foot of PAGE 7, SPECIFICATIONS FOR CENTRAL ISLAND.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract. The form of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the Architect, Leopold Eidlitz, No. 160 Fifth Avenue, New York City, and bidders are cautioned to examine each and all of their provisions carefully, as the Board of Public Charities and Correction will insist upon their absolute enforcement in every particular.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders are to state which method (the Direct current or the Alternating current) is contemplated in their proposal.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

The forms of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the Architect, Leopold Eidlitz, No. 160 Fifth Avenue, New York City; and bidders are cautioned to examine each and all of their provisions carefully, as the Board of Public Charities and Correction will insist upon their absolute enforcement in every particular.

#### ARMORY BOARD.

ARMORY BOARD—OFFICE OF THE SECRETARY,  
STAATS-ZEITUNG BUILDING, TRYON ROW,  
NEW YORK, March 1, 1893.

**PROPOSALS FOR ESTIMATES FOR MATERIALS AND WORK FOR ALTERATIONS AND REPAIRS TO THE ARMORY BUILDING FOR THE TWENTY-SECOND REGIMENT, N. G. S. N. Y., NEW YORK CITY.**

**PROPOSALS FOR ESTIMATES FOR FURNISHING** the materials and work for the Alterations and Repairs to the Armory Building for the Twenty-second Regiment, N. G. S. N. Y., New York City, will be received by the Armory Board, at the MAYOR'S OFFICE, CITY HALL, UNTIL 10.30 O'CLOCK A. M. OF THE 15TH DAY OF MARCH, 1893, at which time and place they will be publicly opened and read by said Board.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the President of said Armory Board, indorsed "Estimate for supplying the Materials and Work for Alterations and Repairs to the Armory Building for the Twenty-second Regiment, N. G. S. N. Y., New York City," and also with the name of the person or persons presenting the same, and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, in the amount of FIVE THOUSAND (\$5,000) DOLLARS.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not at any time after the submission of an estimate dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Armory Board, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work; and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation or the Armory Board may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of TWO HUNDRED AND FIFTY DOLLARS (\$250). Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Board, who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit shall be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Board, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be seen upon application at the Armory of the Twenty-second Regiment, southeast corner of the Boulevard and Sixty-eighth street.

The Board reserves the right to reject any or all estimates not deemed beneficial to or for the public interest. Plans may be examined and specifications and blank forms for bids or estimates and all detailed information obtained, by application to the Inspector, John Guy, at the Twenty-second Regiment Armory, southeast corner of the Boulevard and Sixty-eighth street, between the hours of one and five p. m. each day.

DEPARTMENT OF PUBLIC WORKS,  
COMMISSIONER'S OFFICE, NO. 31 CHAMBERS STREET,  
NEW YORK, March 2, 1893.

PUBLIC NOTICE CALLING FOR BIDS OR proposals for the privileges or licenses to sprinkle the public streets in the City of New York with water drawn from the public fire-hydrants, the bids to be received and opened at the office of the Commissioner of Public Works on Wednesday March 15, 1893, at 12 o'clock noon.

A SEPARATE BID must be made for each of the sprinkling routes hereinafter described.

The bidder must state the amount which he proposes and agrees to pay for the license, over and above the amount which will be charged for the water consumed in sprinkling. The amount of each bid must be paid in advance at the time when the license is issued, and the charges for water, as established by the Commissioner of Public Works, must be paid monthly in advance.

The season for sprinkling the streets shall begin not earlier than March 25, 1893, and terminate not later than November 25, 1893, and the Commissioner of Public Works reserves the right to diminish the length of the season and to suspend sprinkling during the season whenever he deems it in the interest of the City so to do.

The Commissioner of Public Works also reserves the right to reject any or all of the bids or proposals.

In the sprinkling of the streets the following rules and regulations must be observed:—  
1st. The tin sprinkler attached to each cart shall conform in every respect to a pattern approved by the Department of Public Works, the holes to be in parallel rows, at least one-half inch apart, and of a size not to exceed No. 14 wire. The pattern can be seen at the office of the Water Register, No. 31 Chambers street, Room 2.  
2d. THE NAME AND RESIDENCE OF EACH PERSON LICENSED TO SPRINKLE THE STREETS SHALL BE PAINTED ON BOTH SIDES OF THE CASK IN BLACK LETTERS OF NOT LESS THAN TWO INCHES IN LENGTH ON A WHITE GROUND, AND NO ADVERTISEMENTS WILL BE ALLOWED ON THE SPRINKLERS, UNDER PENALTY OF REVOCATION OF LICENSE.

3d. Permits for sprinkling carts, IF DRIVEN BY BOYS, will be immediately revoked.

4th. No license will be granted to any person not a resident of the City and County of New York.

5th. Each sprinkling cart shall be provided with a sound and proper piece of hose to conduct the water from the fire-hydrant to the cart, and such hose shall always be kept in order and free from leaks.

6th. Each person obtaining a permit for sprinkling shall keep the hydrants allotted to his use closed, except when obtaining water for use, and shall be responsible for any damage that may result from the use or abuse of them while in their charge; provided such damage shall not have been occasioned by others than those in the employ of said persons.

7th. Any person who shall thus obtain a permit shall pay to the Department of Public Works such sum or price as may be fixed by the Department for the water used during the season for sprinkling; the payments to be made monthly in advance and within the first week of each month.

8th. Each person obtaining a permit will be required to sprinkle the streets with SUFFICIENT WATER ONLY TO LAY THE DUST; DRENCHING THE STREETS WITH AN EXCESSIVE QUANTITY OF WATER WILL BE SUFFICIENT CAUSE TO REVOKE ANY PERMIT OR LICENSE.

9th. Every person who shall obtain a sprinkling permit will be required to confine himself strictly to his route; encroaching on other routes will not be permitted.

10th. No double-nozzle hydrants and no hydrants on any street paved with asphalt pavement shall be used.

11th. Any licensee violating any of the above rules and regulations will, at the discretion of the Commissioner of Public Works, have his license revoked, and will forfeit all moneys paid by him on account of the same.

No bid will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Commissioner of Public Works, or money, to the amount of one hundred dollars (\$100), as security for compliance with the conditions of the license. Such check or money must not be inclosed in the sealed envelope containing the bid, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no bid can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the license is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the license has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the license within the time aforesaid, the amount of the deposit will be returned to him.

## HEALTH DEPARTMENT.

HEALTH DEPARTMENT,  
No. 301 MOTT STREET.

## TO CONTRACTORS.

**SEALED BIDS OR ESTIMATES FOR FURNISHING** Two Hundred and Fifty Tons of White Ash Coal, egg size, for the Willard Parker Hospital, under the charge of the Board of Health, will be received at the office of the Health Department, in the City of New York, until 1:30 o'clock P.M. of March 15, 1893. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed, "Bid or Estimate for furnishing Coal for Willard Parker Hospital," and with his or their name or names, and the date of its presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Board and read.

The Board of Health reserves the right to reject all bids or estimates, as provided in section 64, chapter 410, Laws of 1882, if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

The Coal to be of good quality, and the quantity that will be required will be about Two Hundred and Fifty (250) Tons of White Ash Coal, to be well screened and in good order, each ton to be 2,240 pounds in accordance with the specification attached to and which forms a part of the contract aforesaid.

Delivery to be made at the Willard Parker Hospital, near the foot of East Sixteenth street, at the time required by the Board of Health; any changes in the time or place of delivery, however, may be made in writing by the Board of Health.

The above quantity is estimated and approximated only, and bidders are notified that the Board of Health reserves the right to increase or diminish said quantities by an amount not exceeding fifteen per cent. of the estimated quantities, and the contractor will be paid therefor only at the rate or price named in the contract, and that in case the above-named quantity shall not be required by the Department, no allowance will be made for any real or supposed damage or loss of profit.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal sum of SEVEN HUNDRED (700) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair, and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters therein stated are in all respects true.

Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Bidders will be required to furnish testimonials that they are engaged in the coal business in the City of New York, and have the plant necessary to carry out promptly and regularly the contract, if it be awarded, to the entire satisfaction of the Board of Health, and must furnish an undertaking for the faithful performance of all the provisions thereof in the manner provided by law, executed by two householders or freeholders of the City of New York, each justifying in the penal sum of SEVEN HUNDRED (700) DOLLARS, and agreeing that if he shall omit or refuse to execute the said contract they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract shall be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract is awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him, or their bid or estimate, or if he or they accept, but do not execute, the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet as provided by law.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded.
