COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Public Charities:

No. 2155.
Commissioner of Public Charities—Request for Special Revenue Bonds, \$2,000, to Elevate the Reception Hospital at the Foot of East 70th Street.

Department of Public Charities of The City of New York, Municipal Building, Tenth Floor, November 8, 1915.

Re Reception Hospital, Foot of East 70th Street.

To the Honorable the Board of Aldermen, City Hall, New York City:

Gentlemen—Request is hereby made for the issuance of two thousand dollars (\$2,000) revenue bonds to elevate the Reception Hospital, at the foot of East 70th Street, New York City, about four feet, which will be the proper amount to meet the new conditions caused by the construction of a sea wall in front of this building by the Department of Docks and Ferries.

The recent completion of this wall has so raised the grade of the surrounding premises that the floor of the hospital is now perhaps two feet below the grade of the surrounding premises.

This naturally leads to a condition where during a storm the water runs on the floor of the hospital, creating a general nuisance and intolerable condition.

We attempted to have the Department of Docks and Ferries raise this building to a proper height but owing to a shortage of funds they were unable to do so.

Respectfully,
JOHN A. KINGSBURY, Commissioner.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Sheriff of Queens County:

No. 2156.
Sheriff of Queens County—Request for Special Revenue Bonds, \$400, to Meet a Deficit in an Appropriation for the Year 1915.

Office of the Sheriff, Queens County, County Court House, Long Island City, November 10, 1915.

To the Honorable Board of Aldermen:

Gentlemen—I respectfully request your honorable body to recommend the issuance of special revenue bonds to meet expenditures made and about to be made by this office to the amount of four hundred dollars (\$400) to meet a deficit which will exist in Account No. 3568A, 1915, Contract or Open Order Service (Transportation).

The original amount allowed for 1915 was \$2,500 dollars, which is insufficient to carry on the work of this office, owing to the increased amount of business for the year 1915.

Thanking you for your attention, I am, very truly yours,

GEORGE EMENER, Sheriff, Queens County.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Police Commissioner:

No. 2157.
Police Commissioner—Request for Authority to Purchase Bicycles and Motorcycles Without Public Letting.

City of New York, Police Department, Office of the Commissioner, November 12, 1915.

The Honorable Board of Aldermen:

Gentlemen—On October 26 a request was forwarded to your Board asking for an authorization of revenue bonds, a part of the proceeds of which was to be used for the purchase of motorcycles and bicycles.

If your Board acts favorably upon the above request it is further requested that, pursuant to section 419 of the Greater New York Charter, authorization be given to purchase this equipment in the open market instead of by contract at public letting, at a price not to exceed \$27.50 each for bicycles and \$200 each for motorcycles.

In addition to the purchases contemplated from the proceeds of this issue of revenue bonds, the department will have in current appropriations a balance of approximately \$2,000 to be used for the purchase of this equipment. It is requested also that this amount be included in the exemption from public letting in accordance with the above. Respectfully,

ARTHUR WOODS, Police Commissioner.

Which was referred to the Committee on Public Letting.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Water Supply, Gas and Electricity.

No. 2158.

Commissioner of Water Supply, Gas and Electricity—Request for Special Revenue Bonds, \$3,620.50, to Replenish Two Accounts, "Wages, Temporary Employees," for the Year 1915.

The City of New York, Department of Water Supply, Gas and Electricity, November 15, 1915.

Honorable Board of Aldermen, City Hall, New York City:

Sirs—By reason of many difficulties which developed in the completion of the new pumping plant at Southfield Boulevard, Borough of Richmond, it was necessary to continue the operation of the temporary plant until September 25, 1915. In consequence, there was expended for wages for the force assigned to the temporary station a sum greatly in excess of what had been anticipated. The wage schedule against which this expense was charged shows a deficit based on the requirements to December 31, 1915, of \$2,304.

In the Boroughs of Manhattan and Richmond several serious breaks in the distribution system occurred recently. A large force was engaged on the repair work. They rendered many hours' service in excess of the regular working day. The additional wages paid them has depleted the account against which this expense was properly chargeable. Similar expenses will be incurred during the remainder of the year, and, judging from past experience, there will be required \$1,316.50. The estimated amount necessary to replenish these appropriate wage schedules is \$3,620.50. The distribution of this money is shown on the inclosed schedules. I respectfully request the Honorable Board of Aldermen to provide these funds by an issue of special revenue bonds. Attached hereto is a draft of resolution which I submit for adoption. Respectfully,

WILLIAM WILLIAMS, Commissioner.

Resolved, That, in pursuance of the provisions of Subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of three thousand six hundred and twenty dollars and fifty cents (\$3,620.50), the proceeds whereof to be used by the Department of Water Supply, Gas and Electricity for the purpose of replenishing the following accounts to provide for necessary expenditures for payrolls to December 31, 1915:

The Vice-Chairman laid before the Board the following communication from the Board of Estimate and Apportionment:

No. 2159.

Board of Estimate and Apportionment—Resolution to Establish Two Grades of Positions in the Children's Court.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, November 16, 1915.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment November 12, 1915, recommending the establishment in the Children's Court of grades of positions, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Chief Clerk	\$5,000 00	One
Chief Probation Officer	3,600 00	One

I also enclose copy of report of the Committee on Salaries and Grades relative thereto. Respectfully,

JOSEPH HAAG, Secretary.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Children's Court of the grades of positions, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Chief Clerk	\$5,000 00	One
Chief Probation Officer	3,600 00	One

A true copy of resolution adopted by the Board of Estimate and Apportionment November 12, 1915.

JOS. HAAG, Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, November 10, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—The Bureau of Standards has made the following supplementary report in connection with the establishment of new positions in the Children's Court, made necessary by reason of the provisions of chapter 531 of the Laws of 1915:

"On August 15, 1915, the Board of Estimate and Apportionment adopted a resolution recommending to the Board of Aldermen the establishment of six additional positions in the Children's Court, which are required to carry out the provisions of chapter 531 of the Laws of 1915. At the time action was deferred in the matter of the positions of Chief Clerk and Chief Probation Officer. In the 1916 Budget for the Court these positions have been provided for as follows: Chief Clerk at \$5,000 per annum; Chief Probation Officer at \$3,600 per annum. Presiding Justice Hoyt requests that establishment of both the above grades of position be now recommended in order that the appointment of the Chief Clerk may be made at as early a date possible and that the Court be in a position to take action before the Civil Service Commission in regard to the classifying of the position of Chief Probation Officer."

In view of the facts stated in the report of the Bureau of Standards we recommend the adoption of the attached resolution recommending to the Board of Aldermen the establishment of the following grades of position for the Children's Court: Chief Clerk, \$5,000 per annum for one incumbent; Chief Probation Officer, \$3,600 per annum for one incumbent. Respectfully,

....., Comptroller; GEORGE McANENY, President, Board of Aldermen; Committee on Salaries and Grades.

No. 2143—(S. O. No. 257).

Report of the Committee on Finance in Favor of Adopting Resolution for \$1,200 Special Revenue Bonds for Use by the Sheriff of Bronx County.

The Committee on Finance, to which was referred on November 9, 1915 (Minutes, page 278), the annexed request from the Sheriff of Bronx County for \$1,200 special revenue bonds to replenish certain 1915 accounts, respectfully

REPORTS:

That, having examined the subject, it believes the proposed allowance to be necessary. The details are set forth in the letter of request. The number of prisoners to be provided for has advanced over 15 per cent. over 1914, and the incidental expenses in like measure.

It therefore recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one thousand two hundred dollars (\$1,200), the proceeds whereof to be used by the Sheriff of Bronx County for the purpose of replenishing 1915 accounts as follows:

Code 3302A, Supplies, Food Supplies.....	\$1,000 00
Code 3305, Contingencies	200 00

\$1,200 00

All obligations contracted for hereunder to be incurred on or before December 31, 1915.

F. H. STEVENSON, HENRY H. CURRAN, JESSE D. MOORE, C. AUGUSTUS POST, FRANCIS P. KENNEY, F. H. WILMOT, JOHN S. GAYNOR, Committee on Finance.

Sheriff's Office, Bronx County, Bergen Building, Tremont and Arthur Avenues, New York, October 26, 1915.

Hon. GEORGE McANENY, President, Board of Aldermen, City Hall, New York:

My Dear Sir—I herewith most respectfully request your honorable Board to grant me the following special revenue bond issues: One thousand dollars (\$1,000) to replenish account 3302A, Supplies, Food Supplies, and two hundred dollars (\$200), to replenish account 3305, Contingencies, for the balance of the year 1915.

An amount of \$5,840 was provided for account 3302A, Supplies, Food Supplies, for the year 1915, but there is only on hand an unencumbered balance of \$329.89 up to October 25, 1915, as follows:

Received for account 3302A, Supplies, Food Supplies, 1915.....	\$5,840 00
Expended during the first nine months of 1915.....	4,920 96

Balance on hand September 30, 1915.....	\$919 04
Expended during the first 25 days of October, 1915.....	589 15

Balance on hand October 25, 1915 (unencumbered).....	\$329 89
--	----------

The \$1,000 additional requested above is for the purpose of purchasing food for the prisoners and Keepers at the Bronx County jail for the balance of October, November and December, 1915. You can readily realize by referring to the above statement that the balance of \$329.89 is by far insufficient to maintain the prisoners and Keepers for the balance of the year, and as this is a very important matter I sincerely trust that you will grant this request.

In reference to account 3305, Contingencies, 1915, would state that \$1,000 was provided for this account and that on October 25, 1915, there was a balance of \$33.12 on hand, as follows:

Received for account 3305, Contingencies, 1915.....	\$1,000 00
Expended during the first nine months of 1915.....	852 63

Balance on hand September 30, 1915.....	\$147 37
Expended during the first 25 days of October, 1915.....	114 25

Balance on hand October 25, 1915 (unencumbered).....	\$33 12
--	---------

I might add that the postage and carfares for the present month are not included in the above statement.

The additional \$200 requested for this account, 3305, Contingencies, 1915, is for the purpose of paying postage, carfares and other incidentals during October, November and December, 1915, and as the balance of \$33.12 is insufficient for the balance of the year, I sincerely trust that you will grant this request.

Again trusting that your honorable Board will grant me the above special revenue Bonds, I am, very truly yours,

JAMES F. O'BRIEN, Sheriff, Bronx County.

Which was laid over.

The Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of twenty-seven thousand nine hundred and fifty dollars (\$27,950), the proceeds whereof to be used by the Police Department for the purpose of replenishing the following 1915 accounts in the amounts specified:

City of New York, Police Department, Office of the Commissioner, October 26, 1915.

The Honorable Board of Aldermen:

Gentlemen—It is respectfully requested that an issue of revenue bonds be authorized under subdivision 8 of section 188 of the Charter, to provide for deficiencies in the following appropriations made to the Police Department for the year 1915:

Code 1634, Contingencies	\$14,000 00
Code 1627, Shoeing and Boarding Horses, etc.....	4,650 00
Code 1621B, Purchase of Bicycles	2,000 00
Code 1621C, Purchase of Motorcycles	4,000 00
Code 1617, Office Equipment	3,300 00
	<hr/>
	\$27,950 00

The amounts requested for Codes 1634 and 1627 are needed to meet the necessary operating expenses of the Department. The deficiency in Code 1627 has been brought about because of changes in the mounted service; there has been a decrease in the number of horses in Department stables and an increase in the number in boarding stables. This increase in requirements is offset by a decrease in the amount of forage used by the Department during the year; the sum of \$2,900 will be turned into the General Fund from the sale of unused forage, and, in addition, our Budget request for 1916 has been reduced \$6,500, on account of forage which will be available from this year's purchases for next year's requirements.

The amounts requested for Codes 1621B, 1621C and 1617 are necessary to purchase additional equipment, the need for which could not be anticipated in the 1915 Budget. The additional bicycles and motorcycles are needed in order to equip properly the precincts in which bicycle and motorcycle patrol systems have been installed during the year, as follows:

168th Precinct, Brooklyn, 27 bicycles; 170th Precinct, Brooklyn, 21 bicycles; 171st Precinct, Brooklyn, 27 bicycles; 171st Precinct, Brooklyn, 3 motorcycles; 174th Precinct, Brooklyn, 30 bicycles; 167th Precinct, Brooklyn, 30 bicycles; 66th Precinct, Bronx, 45 bicycles; 80th Precinct, 81st Precinct, 89th Precinct, Richmond, 8 motorcycles; 172d Precinct, Brooklyn, 8 motorcycles; 276th Precinct, Queens, 11 motorcycles; 278th Precinct, Queens, 3 motorcycles.

The additional funds in the appropriation for Office Equipment are needed in order to provide patrolmen with binders in which to carry report forms and memorandum books. The patrolmen have heretofore been required to purchase these books at their own expense. In order to improve the method of reporting and keeping memoranda, it is the intention of the Department to prescribe the manner in which this shall be done. To accomplish this, it is essential that the Department provide uniform equipment.

Respectfully yours,

ARTHUR WOODS, Police Commissioner.

Report of the Committee on Finance in Favor of Adopting Resolution for \$500 Special Revenue Bonds for Use by Surrogates of New York County.

The Committee on Finance, to which was referred on November 9, 1915 (Minutes, page 280), the annexed request from the Surrogates of New York County for \$500 special revenue bonds to meet deficiencies in 1915 appropriations, respectfully

REPORTS:

That, having examined the subject, it believes the proposed appropriation to be necessary. The details of the request are very fully set forth in the letter of application.

It recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of five hundred dollars (\$500), the proceeds whereof to be used by the Surrogates of New York County for the purpose of meeting deficiency in Code 3208, 1915, Purchase of Equipment. All obligations contracted for hereunder to be incurred on or before December 31, 1915.

F. H. STEVENSON, HENRY H. CURRAN, JESSE D. MOORE, C. AUGUSTUS POST, FRANCIS P. KENNEY, F. H. WILMOT, JOHN S. GAYNOR, Committee on Finance.

Chambers of the Surrogates' Court, County of New York, New York, October 28, 1915.

To the Honorable, The Board of Aldermen, New York City:

Gentlemen—On June 4 of this year we requested your Board to recommend to the Board of Estimate and Apportionment the issuance of revenue bonds to the amount of \$500 to supply a deficiency in budget item 3208, 1915, Purchase of Equipment. In our request we itemized the supplies for which we had already spent a large part of the appropriation, also the supplies for which we had issued either verbal or written orders, but which had not then been paid for, and the purposes for which the \$500 asked for was to be expended. The statement showed that at that time we had an unencumbered balance on hand of \$63.19 out of a total appropriation of \$779. That balance has since been exhausted with the exception of \$2.63.

In response to our request your Board on June 29, 1915, recommended the issuance of \$250 of revenue bonds, and on October 22, 1915, the Board of Estimate and Apportionment passed a resolution authorizing the Comptroller to issue bonds to that amount. This fund, known as R. C. T. 30-P, we have at once drawn upon as follows:

Banks Law Publishing Co.	\$62 45
The Frank Shepard Co.	24 00
West Publishing Co.	79 00
Fallon Law Book Co.	71 68
Baker, Voorhis & Co.	10 50
	<hr/>
	\$247 63

This leaves an unexpended balance in the revenue bond fund just issued of \$2.37, and we have still more than two months during which there are necessary outlays which must be made. In view of this condition of affairs, we respectfully ask your Honorable Board to recommend the issuance of \$500 more of revenue bonds to supply the deficiency in this account, and present the following figures for your careful consideration:

The following proposed expenditures enumerated in our request to your Board of June 4, 1915, above referred to, although badly in need of, we have been unable to order owing to lack of funds:

Ruling cases for the law library (about 10 vols. to be issued during 1915, at \$7.50 per volume)	\$75 00
Corpus Juris, for the law library (about 6 vols. to be issued during 1915, at \$7.50 per volume)	45 00
United States Postal Guide	3 50
Stencils	\$50 00
To be reduced by amount paid for stencils since June 4.....	12 85
	<hr/>
Furniture (estimated)	37 15
	<hr/>
	100 00
	<hr/>
	\$260 65

In addition the following supplies, then unforeseen in detail, are absolutely necessary to be purchased:

New Underwood Typewriter (old one to be exchanged).....	45 53
6 gross perfection binding straps for Record Room.....	39 53
Our regular monthly expenditure for subscriptions to law books: Abbott's Cyclopaedic Digest, N. Y. Official Reports, Miscellaneous Reports, N. Y. Appellate Division Reports, necessary text-books as they appear, legislative documents, etc., etc., which has averaged for the first 10 months of 1915 \$57.85 per month, or, for November and December	115 70
Unforeseen expenses	43 59
	<hr/>
Total necessary expenses	\$505 00

To pay for which we have—

Unexpended balance in 3208, 1915.....	\$2 63
Unexpended balance in R. C. T. 30-P.....	2 37
	<hr/>
	5 00

Leaving revenue bonds requested

	\$500 00
The Surrogates would urge upon the Board a favorable consideration of this request, as the necessity for the expenditure of the entire amount before the end of the year is absolute, and if not provided for will seriously hinder the work of the office. We would also call attention to the fact that the appropriation for this purpose for the year 1914 was \$1,700, of which we spent a total of \$1,440.28, and that the total amount at our disposal for this year should the \$500 now asked for be issued, will only slightly exceed that amount, as it will total but \$1,529, itemized as follows:	
Appropriated by Board of Estimate	\$779 00
Revenue bonds authorized October 22, 1915.....	250 00
Revenue bonds now requested	500 00
	<hr/>
Total for Purchase of Equipment	\$1,529 00

To summarize: we request the recommendation of the Board for the issuance of \$500 revenue bonds to supply the deficiency in Code 3208, 1915, Purchase of Equipment, for the use of the Surrogates' Court of New York County.

Very respectfully yours, JOHN P. COHALAN, ROBERT LUDLOW FOWLER, Surrogates.

Report of the Committee on Finance in Favor of Adopting Resolution for \$230 Special Revenue Bonds for Salaries of Interpreters Employed by Board of Coroners, Borough of Brooklyn.

The Committee on Finance, to which was referred on November 9, 1915 (Minutes, page 281), the annexed resolution in favor of an issue of \$230 special revenue bonds for use by the Board of Coroners, Borough of Brooklyn, for payment of salaries of Interpreters during November and December, 1915, respectfully

REPORTS:

That, having examined the subject, it believes the proposed allowance to be necessary. The 1915 appropriation was \$900, of which \$885 was expended in ten months. The 1916 allowance is \$1,200, and as same is based on the 1915 expenditure it would prove that the 1915 Budget allowance was insufficient.

It therefore recommends that the said resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two hundred and thirty dollars, the proceeds whereof to be used for the purpose of paying Interpreters during the months of November and December, 1915.

That, having examined the subject, it believes the proposed allowance to be necessary to supplement the insufficient appropriation made in the 1915 Budget.

It therefore recommends that the said resolution be adopted.

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds for the amount of one hundred and fifty dollars (\$150), the proceeds thereof to be used by the Board of County Canvassers of the County of Bronx for the purpose of paying a tabulator for work to be done by him in connection with the tabulating and counting of the votes in the County of Bronx at the General Election in the County of Bronx, on November 2nd, 1915.

2. Closing street temporarily. The [president of the borough or] superintendent of buildings may, when necessary for the public safety, temporarily close the sidewalks, [and the] streets, buildings, structures or places adjacent to said building or part thereof, and the police commissioner, or any of his subordinates, when called upon by the said [borough president or] superintendent of buildings to co-operate, shall enforce [such] all orders or requirements made under this section.

§ 652. Judicial remedies. 1. Action or proceeding, generally. Whenever the superintendent of buildings is satisfied that any building or structure, or any portion thereof, or any drainage or plumbing, the erection, construction or alteration, execution or repair of which is regulated, permitted or forbidden by this chapter, is being erected, constructed, altered or repaired, or has been erected, constructed, altered or repaired, in violation of, or not in compliance with, any of the provisions or requirements of this chapter, or in violation of any detailed statement of specifications or plans submitted and approved thereunder, or of any certificate or permit issued thereunder, or that any provision or requirement of this chapter, or any order or direction made thereunder has not been complied with, or that plans and specifications for plumbing and drainage have not been submitted or filed as required by this chapter, the superintendent may, in his discretion, through the corporation counsel, institute any appropriate action [of] or proceeding at law or in equity to restrain, correct or remove such violation, or the execution of any work thereon, or to restrain or correct the erection or alteration of, or to require the removal of, or to prevent the occupation or use of, the building or structure erected, constructed, or altered, in violation of, or not in compliance with, any of the provisions of this chapter, or with respect to which the requirements thereof, or of any order or direction made pursuant to any provisions contained therein, shall not have been complied with. Any person who shall maintain or continue any building or structure, or any portion thereof, or any drainage or plumbing, in violation of any of the provisions of this chapter, after having been duly notified as in this chapter provided that such building or structure, or any portion thereof, or that such drainage or plumbing is in viola-

tion of any provision of this chapter, shall be subject to any action or proceeding and any penalty that is provided in this article for the commission of the violation.

2. Corporation counsel to act. The corporation counsel [is authorized to] shall institute any and all actions and proceedings, either legal or equitable that may be appropriate or necessary for the enforcement of the provisions of this chapter.

3. Courts having jurisdiction. All courts of civil jurisdiction in the city shall have cognizance of and jurisdiction over any and all suits and proceedings authorized by this chapter to be brought for the recovery of any penalty or the enforcement of any provision of this chapter, and shall give preference to such suits and proceedings over all others. No court shall lose jurisdiction of any action hereunder by reason of a plea that the title to real estate is involved; provided the object of the action is to recover a penalty for the violation of any of the provisions of this chapter. All civil courts in said city are hereby invested with full legal and equitable jurisdiction to hear, try and determine all such actions and proceedings, and to make appropriate orders and render judgment therein according to law, so as to give force and effect to the provisions of this chapter.

4. Restraining order. In any such action or proceeding the city may, in the discretion of the superintendent of buildings and on his affidavit setting forth the facts, apply to any court of record in said city or to a judge or justice thereof, for an order enjoining and restraining all persons from doing, or causing or permitting to be done, any work in or upon such building or structure, or in or upon such part thereof as may be designated in said affidavit, or from occupying or using said building or structure, or such portion thereof as may be designated in said affidavit, for any purpose whatever, until the hearing [structure, or such portion thereof as may be designated in said affidavit for any purpose whatever, until the hearing,] and determination of said action and the entry of final judgment therein. The court, or judge or justice thereof, to whom such application is made, is hereby authorized forthwith to make any or all of the orders above specified, as may be required in such application, with or without notice, and to make such other or further orders or directions as may be necessary to render the same effectual. No undertaking shall be required as a condition to the granting or issuing of such injunction order, or by reason thereof.

5. Judgment. All courts in which any action or proceeding is instituted under this chapter shall, upon the rendition of a verdict, report of a referee, or decision of a judge or justice, render judgment in accordance therewith.

6. Lien of judgment. Any judgment rendered in an action or proceeding instituted under this chapter shall be and become a lien upon the premises named in the complaint in such action, to date from the time of filing a notice of lis pendens in the county clerk's office of the county, wherein the property affected by such action, suit or proceeding, is located [:]. Every such [which] lien may be enforced against said property, in every respect, notwithstanding the same may be transferred subsequent to the filing of the said notice.

7. Lis pendens. The notice of lis pendens referred to in [the last preceding subdivision of] this section shall consist of a copy of the notice issued by the superintendent of buildings, requiring the removal of the violation and a notice of the suit or proceedings instituted, or to be instituted thereon. Such notice of lis pendens may be filed at any time after the service of the notice issued by the superintendent as aforesaid; provided he may deem the same to be necessary, or is satisfied that the owner of the property is about to transfer the same to avoid responsibility for having violated a provision of this chapter. Any notice of lis pendens filed pursuant to the provisions of this chapter may be vacated and cancelled of record upon an order of a [judge or] justice of the court in which such suit or proceeding was instituted or is pending, or upon the consent in writing of the corporation counsel. The clerk of the county where the notice is filed, is hereby directed and required to mark any such notice of lis pendens, and any record or docket thereof, as vacated and cancelled of record, upon the presentation and filing of a certified copy of an order [as aforesaid], or of the consent, [in writing, of the corporation counsel] as aforesaid.

8. Costs. In no case shall a bureau of buildings, or any officer thereof, of the city, [or any defendant,] be liable for costs in any action, suit or proceeding that may have been, or may hereafter be, instituted or commenced in pursuance of this chapter [unless the same shall be specially ordered and allowed against any defendant or defendants, by a court of justice, in the course of such action, suit or proceeding].

9. Officers not liable for damages. No officer of a bureau of buildings, acting in good faith and without malice, shall be liable for damages by reason of anything done in any action or proceeding instituted under any provision of this chapter, or by reason of any act or omission in the performance of his official duties.

§ 653. Judicial orders. 1. To comply with building notices. In case any notice or direction authorized to be issued by this chapter is not complied with within the time designated therein, the city, by the corporation counsel, may, at the request of the superintendent of buildings, apply to the Supreme Court, at a special term thereof, for an order directing the superintendent to proceed to make the alterations or remove the violation [or violations], as the same may be specified in said notice or direction.

2. To vacate for violations. Whenever any notice or direction so authorized, shall have been served as directed in this article, and the same shall not have been complied with within the time designated therein, the corporation counsel [may] shall, at the request of the superintendent of buildings, in addition to, or in lieu of [the] any other remedy [last above] provided for by this chapter, apply to the Supreme Court, at a special term thereof, for an order directing the superintendent to vacate such building or premises, or so much thereof as he may deem necessary, and prohibiting the same to be used or occupied for any purpose specified in said order until such notice shall have been complied with.

3. Responsibility of lessees or occupants. In case any of the notices or orders of the court herein mentioned shall be served upon any lessee or party in possession of the building or premises therein described, it shall be the duty of the person upon whom such service is made to give immediate notice to the owner or agent of the building or premises named in the notice, [if the same shall be known to the said person personally,] if such person shall be within the limits of the city, and his residence be known to such person, and, if not within [said] the city [then] by depositing [a copy of] said notice in any post-office in the city, properly inclosed in a post-paid wrapper [and] addressed to such owner or agent, [at his then known place of residence, [if known, and by paying the postage thereon. In case any such lessee or party in possession shall neglect or refuse to give the notice herein provided, he shall be personally liable to the owner or owners of said buildings or premises for all damages he or they shall sustain by reason thereof.]

4. Designation by an owner of a building. Any owner of real estate or of a building thereon, may execute and acknowledge a written designation of a resident of said city, as a person upon whom may be served, any notice of violation, notice to make safe, or notice of survey, a summons, a mandate, or any paper or process, issued under a provision of this chapter, and may file the same, with the written consent of the person so designated, duly acknowledged, in the office of the superintendent of buildings. The designation must specify the location of the property with respect to which the designation is made and the residences and places of business of the person making it and the person designated. It shall remain in force during the period specified therein, if any, or until revoked by the death or legal incompetency of either of the parties, or by the filing of a revocation by either of the parties, duly acknowledged and indorsed with the consent of the superintendent of buildings. The superintendent of buildings shall file and index each designation and shall note, upon the original designation and index, the filing of a revocation. While the designation remains in force, as prescribed in this section, a notice of violation, notice to make safe or notice of survey, a summons, a mandate, or any paper or process under the provisions of this chapter, or either of the same, shall be served upon the person so designated, in like manner and with like effect, as if it were served personally upon the person making the designation, notwithstanding his presence in the city.

[4] 5. Reimbursement of city for expenses. The expenses and disbursements incurred in the carrying out of any [said] order issued as provided in subdivision 2 of this section, [or orders,] shall become a lien upon [said] the building or premises named in the order [said notice], from the time of filing of a copy of the said order [notice], with a notice of the pendency of the action or proceeding as provided in this chapter, taken thereunder, in the office of the clerk of the county where the property affected by such action, suit or proceeding is located; and the Supreme Court, [or a judge or justice thereof,] to whom application shall be made, is hereby authorized and directed to grant any of the orders above named, and to take such proceedings as shall be necessary to make the same effectual, and any [said judge or]

justice to whom application shall be made is hereby authorized and directed to enforce such lien in accordance with the mechanics' lien laws applicable to the city.

§ 654. Penalties. 1. General. *Except as hereinafter provided with respect to the amount of the penalty* [T]he owner of any building, structure or part thereof, or wall, or any platform, staging or flooring to be used for standing or seating purposes, or the owner of the land where any violation of this chapter shall be placed, or shall exist, and any architect, builder, plumber, carpenter [or], mason or other person who may be employed or assist in the commission of any such violation, and any and all persons who shall violate any of the provisions of this chapter or fail to comply therewith, or any requirement thereof, or who shall violate or fail to comply with any detailed order or rule [regulation] made thereunder, or who shall build in violation of any detailed statement of specifications or plans, submitted and approved thereunder, shall severally, for each and every such violation and non-compliance, respectively, forfeit and pay a penalty in the sum of [\$50] *not less than ten dollars nor more than fifty dollars*.

2. Heating plant and fire prevention violations. Any person who shall violate any of the provisions of this chapter, as to the construction of chimneys, fireplaces, flues, hot-air pipes and furnaces, or who shall violate any of the provisions thereof relating to the framing or trimming of timbers, girders, beams, or other woodwork in proximity to chimney flues or fireplaces, shall forfeit and pay a penalty in the sum of [\$100] *one hundred dollars*.

3. Continuing violation, after notice. Any person who having been served with a notice as [hereinbefore] in this chapter prescribed, to remove any violation, or comply with any requirement of this chapter, or with any order or [regulation] rule made thereunder, shall fail to comply with said notice within [10] *ten* days after such service or shall continue to violate any requirement of this chapter in the respect named in said notice shall pay a penalty of [\$250] *not less than fifty dollars nor more than two hundred and fifty dollars*.

4. Jurisdiction of penalty actions. 2. Contents. Each such notice or order, *in addition to the statement of requirements*, shall contain a description of the building, premises or property affected [on which such violation shall have been put or may exist, or which may be deemed unsafe or dangerous, or to which such notice or order may refer].

3. Personal service. All such notices, and any notice or order issued by any court in any proceeding, instituted pursuant to this chapter, to restrain or remove any violation, or to enforce compliance with any provision or requirement of this chapter, may be served by delivering to and leaving a copy of the same with any person [or persons] violating, or who may be liable under any provision of this chapter, or [to whom the same may be addressed] *who may be designated as provided in subdivision 4 of § 653 of this article*. They may be served by any officer or employee of the bureau of buildings, or by any person authorized by the said bureau.

2. Closing street temporarily. The [president of the borough or] superintendent of buildings may, when necessary for the public safety, temporarily close the sidewalks, [and the] streets, buildings, structures or places adjacent to said building or part thereof, and the police commissioner, or any of his subordinates, when called upon by the said [borough president or] superintendent of buildings to co-operate, shall enforce [such] all orders or requirements made under this section.

§ 652. Judicial remedies. 1. Action or proceeding, generally. Whenever the

superintendent of buildings is satisfied that any building or structure, or any portion thereof, or any drainage or plumbing, the erection, construction or alteration, execution or repair of which is regulated, permitted or forbidden by this chapter, is being erected, constructed, altered or repaired, or has been erected, constructed, altered or repaired, in violation of, or not in compliance with, any of the provisions or requirements of this chapter, or in violation of any detailed statement of specifications or plans submitted and approved thereunder, or of any certificate or permit issued thereunder, or that any provision or requirement of this chapter, or any order or direction made thereunder has not been complied with, or that plans and specifications for plumbing and drainage have not been submitted or filed as required by this chapter, the superintendent may, in his discretion, through the corporation counsel, institute any appropriate action [of] or proceeding at law or in equity to restrain, correct or remove such violation, or the execution of any work thereon, or to restrain or correct the erection or alteration of, or to require the removal of, or to prevent the occupation or use of, the building or structure erected, constructed, or altered, in violation of, or not in compliance with, any of the provisions of this chapter, or with respect to which the requirements thereof, or of any order or direction made pursuant to any provisions contained therein, shall not have been complied with. *Any person who shall maintain or continue any building or structure, or any portion thereof, or any drainage or plumbing, in violation of any of the provisions of this chapter, after having been duly notified as in this chapter provided that such building or structure, or any portion thereof, or that such drainage or plumbing is in violation of any provision of this chapter, shall be subject to any action or proceeding and any penalty that is provided in this article for the commission of the violation.*

3. Courts having jurisdiction. No court shall lose jurisdiction of any action hereunder by reason of a plea that the title to real estate is involved; provided the object of the action is to recover a penalty for the violation of any of the provisions of this chapter. All civil courts in said city are hereby invested with full legal and equitable jurisdiction to hear, try and determine all such actions and proceedings, and to make appropriate orders and render judgment therein according to law, so as to give force and effect to the provisions of this chapter.

4. Restraining order. In any such action or proceeding the city may, in the discretion of the superintendent of buildings and on his affidavit setting forth the facts, apply to any court of record in said city or to a judge or justice thereof, for an order enjoining and restraining all persons from doing, or causing or permitting to be done, any work in or upon such building or structure, or in or upon such part thereof as may be designated in said affidavit, *or from occupying or using said building or structure, or such portion thereof as may be designated in said affidavit*, for any purpose whatever, until the hearing [structure, or such portion thereof as may be designated in said affidavit for any purpose whatever, until the hearing] and determination of said action and the entry of final judgment therein. The court, or judge or justice thereof, to whom such application is made, is hereby authorized forthwith to make any or all of the orders above specified, as may be required in such application, with or without notice, and to make such other or further orders or directions as may be necessary to render the same effectual. No undertaking shall be required as a condition to the granting or issuing of such injunction order, or by reason thereof.

5. Judgment. All courts in which any action or proceeding is instituted under this chapter shall, upon the rendition of a verdict, report of a referee, or decision of a judge or justice, render judgment in accordance therewith.

6. Lien of judgment. 7. Lis pendens. The notice of lis pendens referred to in [the last preceding subdivision of] this section shall consist of a copy of the notice issued by the superintendent of buildings, requiring the removal of the violation and a notice of the suit or proceedings instituted, or to be instituted thereon. Such notice of lis pendens may be filed at any time after the service of the notice issued by the superintendent as aforesaid; provided he may deem the same to be necessary, or is satisfied that the owner of the property is about to transfer the same to avoid responsibility for having violated a provision of this chapter. Any notice of lis pendens filed pursuant to the provisions of this chapter may be vacated and cancelled of record upon an order of a [judge or] justice of the court in which such suit or proceeding was instituted or is pending, or upon the consent in writing of the corporation counsel. The clerk of the county where the notice is filed, is hereby directed and required to mark any such notice of lis pendens, and any record or docket thereof, as vacated and cancelled of record, upon the presentation and filing of a certified copy of an order [as aforesaid], or of the consent, [in writing, of the corporation counsel] *as aforesaid*.

8. Costs. In no case shall a bureau of buildings, or any officer thereof, or the city, or any defendant, be liable for costs in any action, suit or proceeding that may have been, or may hereafter be, instituted or commenced in pursuance of this chapter [, unless the same shall be specially ordered and allowed against any defendant or defendants, by a court of justice, in the course of such action, suit or proceeding].

9. Officers not liable for damages. No officer of a bureau of buildings, acting in good faith and without malice, shall be liable for damages by reason of anything done in any action or proceeding instituted under any provision of this chapter, *or by reason of any act or omission in the performance of his official duties*.

§ 653. Judicial orders. 1. To comply with building notices. In case any notice or direction authorized to be issued by this chapter is not complied with within the time designated therein, the city, by the corporation counsel, may, at the request of the superintendent of buildings, apply to the Supreme Court, at a special term thereof, for an order directing the superintendent to proceed to make the alterations or remove the violation [or violations], as the same may be specified in said notice or direction.

2. To vacate for violations. Whenever any notice or direction so authorized, shall have been served as directed in this article, and the same shall not have been complied with within the time designated therein, the corporation counsel [may] shall, at the request of the superintendent of buildings, in addition to, or in lieu of [the] any other remedy [last above] provided for by this chapter, apply to the Supreme Court, at a special term thereof, for an order directing the superintendent to vacate such building or premises, or so much thereof as he may deem necessary, and prohibiting the same to be used or occupied for any purpose specified in said order until such notice shall have been complied with.

3. Responsibility of lessees or occupants. In case any of the notices or orders of court herein mentioned shall be served upon any lessee or party in possession of the building or premises therein described, it shall be the duty of the person upon whom such service is made to give immediate notice to the owner or agent of the building or premises named in the notice, [if the same shall be known to the said person personally,] if such person shall be within the limits of the city, and his residence be known to such person, and, if not within [said] the city, [then] by depositing [a copy of] said notice in any post-office in the city, properly inclosed in a *postpaid wrapper* [and] addressed to such owner or agent [,] at his then known place of residence. [, if known, and by paying the postage thereon. In case any such lessee or party in possession shall neglect or refuse to give the notice herein provided, he shall be personally liable to the owner or owners of said buildings or premises for all damages he or they shall sustain by reason thereof.]

4. Designation by an owner of a building. *Any owner of real estate or of a building thereon, may execute and acknowledge a written designation of a resident of said city, as a person upon whom may be served, any notice of violation, notice to make safe, or notice of survey, a summons, a mandate, or any paper or process, issued under a provision of this chapter, and may file the same, with the written consent of the person so designated, duly acknowledged, in the office of the superintendent of buildings. The designation must specify the location of the property with respect to which the designation is made and the residences and places of business of the person making it and the person designated. It shall remain in force during*

the period specified therein, if any, or until revoked by the death or legal incompetency of either of the parties, or by the filing of a revocation by either of the parties, duly acknowledged and indorsed with the consent of the superintendent of buildings. The superintendent of buildings shall file and index each designation and shall note, upon the original designation and index, the filing of a revocation. While the designation remains in force, as prescribed in this section, a notice of violation, notice to make safe or notice of survey, a summons, a mandate, or any paper or process under the provisions of this chapter, or either of the same, shall be served upon the person so designated, in like manner and with like effect, as if it were served personally upon the person making the designation, notwithstanding his presence in the city.

[4] 5. Reimbursement of city for expenses. The expenses and disbursements incurred in the carrying out of any [said] order issued as provided in subdivision 2 of this section, [or orders,] shall become a lien upon [said] the building or premises named in the order [said notice], from the time of filing of a copy of the said order [notice], with a notice of the pendency of the action or proceeding as provided in this chapter, taken thereunder, in the office of the clerk of the county where the property affected by such action, suit or proceeding is located; and the Supreme Court, [or a judge or justice thereof,] to whom application shall be made, is hereby authorized and directed to grant any of the orders above named, and to take such proceedings as shall be necessary to make the same effectual, and any [said judge or] justice to whom application shall be made is hereby authorized and directed to enforce such lien in accordance with the mechanics' lien laws applicable to the city.

An Ordinance Relative to Projections of Buildings Beyond the Building Line.

By Alderman McNally (on behalf of the Committee on Buildings)—
AN ORDINANCE relative to projections of buildings beyond the building line.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:
Section 1. Chapter 5 of the Code of Ordinances of The City of New York is hereby amended by inserting a new article, as follows:

ARTICLE 9.

Projections beyond building line.

Section 170. Restrictions.

171. Permits revocable.

172. Alterations.

173. Existing encroachments.

§ 170. Restrictions. 1. General. Except as hereinafter otherwise provided in this article no part of any building hereafter erected, or of any enlargement of an existing building shall project beyond the building line so as to encroach upon a public street or public space.

2. Projections removable. Any part of a building permitted to project beyond the building line under the provisions of this article shall be so constructed that its removal may be made at any time without causing the building or any part thereof to become structurally unsafe.

3. Structural support. No part of any building hereafter erected or of any enlargement of an existing building that is necessary for the structural safety of the building or an enlargement thereof shall project beyond the building line so as to encroach upon a public street or public space.

4. Permissible projections. a. Areas, meaning thereby open spaces below the ground level immediately outside the building and enclosed by substantial walls, may project beyond the building line and more than one-fifteenth of the width of the street but not more than five feet, except where entirely prohibited by § 160 of chapter 23 of the Code of Ordinances, provided, however, that every such area shall be covered over at the street level by a grating of metal or other incombustible material of sufficient strength to carry safely the pedestrian street traffic.

b. Steps, leading up or down at entrances and included between ornamental columns, pilasters or cheek pieces at least three feet high on the sides of such entrances, may project beyond the building line not more than two and one-half per cent. of the width of the street but not more than eighteen inches in any case, except where prohibited entirely by § 160 of chapter 23 of the Code of Ordinances, provided that the aggregate width of such steps shall not exceed twenty per cent. of the actual street frontage of any one building, when such frontage is twenty-five feet or more nor more than five feet when such frontage is less than twenty-five feet.

c. Columns and pilasters, solely of an ornamental character, including their mouldings and bases and ornamental projections, as defined in § 166 of chapter 23 of the Code of Ordinances, may project beyond the building line not more than two and one-half per cent. of the width of the street, but not more than two feet in any case.

d. Balconies and balustrades of an ornamental character may project beyond the building line not more than five per cent. of the width of the street nor more than three feet in any case, provided that every part of such balcony or balustrade is not less than ten feet above the sidewalk, and that no such balcony is enclosed except by a railing or balustrade not over four feet high.

e. Mouldings, belt courses, cornices, lintels, sills, pediments and similar projections of a decorative character may project beyond the building line not more than one and one-fourth per cent. of the width of the street nor more than ten inches in any case.

f. The main cornice, meaning thereby a moulded projection at or near the top of the street wall, may project beyond the building line not more than five per cent. of the width of the street nor more than five feet in any case, provided such main cornice is not less than twelve feet above the sidewalk at any point.

g. Base courses may project beyond the building line not more than one and one-fourth per cent. of the width of the street nor more than ten inches in any case, provided they do not extend more than five feet above the highest point of the sidewalk on any street on which the building faces.

h. Rustications and quoins may project beyond the building line not more than four inches.

i. Bay windows as defined by § 163 of chapter 23 of the Code of Ordinances, may project beyond the building line not more than three feet when the aggregate width on any one building does not exceed seventy-five per cent. of the width of the street frontage of the building, and not more than twelve inches in any other case, except where entirely prohibited by § 160 of chapter 23 of the Code of Ordinances, provided, however, that no part of any such window shall project beyond the building line at any point lower than ten feet above the sidewalk.

j. Awnings and marquees, extending wholly or in part across the sidewalk, in connection with entrances to buildings, shall be not less than ten feet above the sidewalk at all points, except where prohibited by §§ 40 and 160 of chapter 23 of the Code of Ordinances, provided they are constructed of iron and glass or other incombustible materials, and securely supported from the building, and are properly drained.

k. Fire-escapes and balconies to fire towers, constructed of steel or other incombustible material, when required on the fronts of buildings, may project beyond the building line not more than four and one-half feet, but no part of such fire-escapes or balconies shall be less than ten feet above the sidewalk, provided that nothing in this section shall prevent the use of movable ladders or stairs to the sidewalk, so arranged that they are within ten feet of the sidewalk only when in actual use.

l. Vaults, entirely below the sidewalk level and conforming to the requirements of article 17, chapter 23 of the Code of Ordinances, shall not extend beyond the curb line. Openings in the roofs of vaults, between the building line and curb, shall be provided with substantial covers, flush in all parts with the sidewalk, of incombustible material, and so constructed and maintained as to be normally kept closed and when open thoroughly safeguarded, and to prevent persons from slipping thereon.

m. Hose connections for interior fire extinguishment equipments and fresh air inlets for plumbing systems may project through a street wall not more than twelve inches beyond the building line, except that where there is an angle formed by the street wall and an ornamental projection or cheek piece permitted or required by this section, they may be so located that no part extends more than fifteen inches from either side of such angle.

5. Rules governing projections. Nothing in this article shall be deemed to abridge the powers and duties of the borough president or the commissioners of parks within their respective jurisdictions, to adopt additional rules as may be necessary with respect to the construction or disposition of parts of buildings projecting beyond the building line, but no projections greater than in this article specified shall be permitted.

§ 171. Permits revocable. Any permission, express or implied, to construct part of a building so as to project beyond the building line, under the provisions of this article, is revocable by the Board of Aldermen or the Board of Estimate and Apportionment at will.

§ 172. Alterations. No alterations or enlargement shall be made to any existing part of a building now projecting beyond the building line, except in conformity with the provisions of this article so far as it affects new construction.

§ 173. Existing encroachments. Such parts of buildings which already project beyond the building line may be maintained as constructed until their removal is directed by the Board of Aldermen or the Board of Estimate and Apportionment, provided, however, that nothing contained in this article shall be deemed to abridge the right of The City of New York, or any of its officers, to continue any action for the removal of any unauthorized projection beyond the building line or for the collection of any penalty heretofore incurred in connection therewith.

Section 2. § 41 of article 5, chapter 23 of the Code of Ordinances of The City of New York is hereby amended to read as follows:

§ 41. Construction of permanent awnings. 1. [Posts. Iron posts for awnings erected in any street shall be well and securely braced from the building with wrought iron rails or rods at least 1 inch in diameter, in the proportion of one brace for every post. All posts fixed in any street for the purpose of supporting any awning shall be of iron not exceeding 6 inches in diameter, and the rail crossing the same shall also be of iron; the said posts shall be placed next to and along the inside of the curbstone, and the cross rail, which is intended to support the awning, shall not be less than 8 nor more than 10 feet in height above the sidewalk, and shall be strongly secured to the upright post.

2. Covering. Awnings shall be covered with canvas, or tin or other light metal, but in no case with wood, and in no case shall any portion of the canvas, cloth, tin or other material used in connection with an awning be permitted to hang loosely or project upward or downward over the sidewalk. Every permanent awning that may be constructed upon Lexington avenue, in the borough of Manhattan, shall be of steel with a roof of glass.

3. Water-shed.] Drainage. Every awning of any kind, covering one-half or more than one-half, or less than the full width of the sidewalk, shall have connected therewith a gutter and leader, of material and size sufficient for conducting water from the same to the drainage system of the building or to the outer line of the curb.

[4] 2. Borough presidents control. All awnings erected pursuant to this article shall be erected only with the consent and subject to the supervision of the president of the borough wherein such awnings are to be erected. Each borough president shall order and direct the immediate removal of any awning or any [awning post or bracket] part thereof constructed or erected in his borough in violation of the provisions of this article.

[5] 3. Saving clause. Any awning, water-shed or curtain attached thereto, erected or constructed according to the provisions of any ordinance or resolution in force at the time this ordinance shall take effect, shall not be affected by the provisions of this section.

Section 3. § 148, article 13, chapter 23, of the Code of Ordinances of The City of New York is hereby amended to read as follows:

§ 148. [Stairways and h] Hoistways. [Stairways may be constructed, but not at a greater distance than 4 feet from the house-wall of any building.] Hoistways may be placed within the stoop-lines, but in no case to extend beyond 5 feet from the house line, and shall be guarded by iron railings or rods to prevent accidents to passersby.

4. [Merchandise not to be exposed upon balustrades.] No goods, wares, merchandise or manufactures of any description shall be placed or exposed to show or for sale upon any balustrade that is now or hereafter may be erected upon any street.

Section 7. § 163, article 14, chapter 23 of the Code of Ordinances of The City of New York is hereby amended to read as follows:

§ 163. Bay windows, show windows. 1. Definition. Unless otherwise expressly stated, whenever used in this article the term "bay window" shall be taken to mean and include all projections on the face of a building in the nature of windows, such as are commonly called bay windows, show windows, oriel windows and bow windows, without regard to the material of which they are constructed or to the purposes for which they are to be used.

2. General provisions. Bay windows may be hereafter erected with a projection of not more than 3 feet beyond the building line; provided that when the projection exceeds 1 foot beyond the building line the total number of feet in width occupied by all the bay windows on the same frontage of the same building shall not exceed 75 per cent. of the width of the frontage of the building on which they are located. When the total number of feet to width occupied by all the bay windows on the same frontage of the same building exceeds 75 per cent. of the width of the frontage of the building on which they are located, the projection shall not exceed 1 foot beyond the building line [, nor shall the bay window be carried higher than the sill course of the second story windows]. In no case, however, shall any part of a bay window project beyond the building line within ten feet of the sidewalk.

3. Permits. The borough presidents and the park commissioners, having jurisdiction, may issue permits for the erection of bay windows projecting beyond the building line; provided, in the opinion of the officer having jurisdiction, no injury will come to the public thereby. Permits for the erection of bay windows lying within any park, square or public place, or within a distance of 350 feet from the outer boundaries, thereof, shall be issued by the park commissioner having jurisdiction, as provided in section 612 of the Charter, as amended by section 1, chapter 723 of the laws of 1901; permits for the erection of all other bay windows shall be issued by the borough president having jurisdiction. All such permits shall be issued in duplicate, one of which shall be retained by the applicant and kept at the building during the erection of the window, and the other shall be filed by him with the plans for the construction of the windows, in the appropriate bureau of buildings.

4. Application for permits. Before the erection of any bay window, projecting beyond the building line, shall have been commenced, the owner or his duly authorized agent shall make application in writing to the officer having jurisdiction, on suit-

able blanks furnished by him, and shall state the length and width of the proposed bay window, the number of stories through which it is intended to be carried, and the number of square feet covered by that portion of the bay window projecting beyond the building line. Drawings, showing the size of and area covered by the bay window, the number of stories through which it is proposed to be carried and its location, in reference to the lot and building line, shall be submitted with each application and, for the purpose of computing the area covered by a bay window projecting beyond the building line, the outside face of the bay, exclusive of cornices, pilasters, trims, etc., shall be the line taken as a basis of computation.

5. Consent of adjoining property owners. Each application for the erection of a bay window, projecting more than 1 foot beyond the building line, shall have indorsed thereon the consent of all the adjoining property owners within a distance of 50 feet from the centre of the bay window, on the same side of the street; meaning, thereby, so much of the side of a street as is unintersected by any other street on which it is proposed to be erected.

6. Certificate of assessed valuation. Each application for the erection of a bay window, projecting more than 1 foot beyond the building line, shall be accompanied by a certified copy of the last assessed valuation of the property on which said bay window is to be erected, as it appears upon the books of the department of taxes and assessments.

7. Each application under this section shall be accompanied by the amount of the compensation due the city for the privilege of erecting said bay window, as follows:

a. Except, as hereinafter provided, the amount that shall be paid, as a compensation to the city for the privilege of erecting each bay window, shall be at the rate of 10 per cent of the assessed value per square foot of the property on which the said bay window is to be erected, for each and every square foot, or fraction thereof of area covered by said bay window beyond the building line, for each and every story through which it is carried.

b. [If the projection of a bay window does not exceed, 1 foot beyond the building line, and is not carried higher than the sill of the second-story windows, the rate shall be 10 cents for each square foot or fraction thereof of horizontal area covered by the bay window beyond the building line.

c. If it shall appear, upon completion, that the bay window occupies a greater number of square feet, or has been carried through a greater number of stories than shall have been paid for, the applicant shall pay twice the sum previously paid for each square foot of area occupied by said bay window, over and above the number of square feet paid for originally.

All fees received by the borough presidents or the park commissioners for the issuing of permits for the erection of bay windows shall be accounted for, in proper books kept for that purpose, and shall be turned over by them to the city chamberlain and credited to the general fund for the reduction of taxation.

8. Continuance of existing bay windows. A permit for the continuance of any now existing bay window which projects beyond the building line may be issued by the officer who, according to subdivision 3 of this section, has jurisdiction over the erection of bay windows at the same place. Application for such permit shall be in writing, and must be accompanied by a certified copy of the last assessed valuation of the property on which such bay window stands, as it appears upon the books of the department of taxes and assessments, and must also be accompanied by a survey, showing the dimensions of such bay window and the number of stories through which it is carried. The application shall be accompanied by the amount of the compensation due to the city for the privilege of continuing the bay window, calculated in the same manner and at the same rate as are provided in subdivision 7 of this section. Permits shall be issued under this subdivision without consent of adjoining property owners. Permits issued under this subdivision shall be subject to all of the provisions of subdivision 2 of this section, in like manner as are permits for the erection of bay windows. They shall be issued in duplicate, and one of such duplicates shall be filed in the appropriate bureau of buildings. All fees received under this subdivision shall be accounted for and paid over as provided in subdivision 7 of this section. Nothing herein contained shall be construed to revoke any permit or authority heretofore lawfully issued or given.

9. Reconstruction of existing bay windows. Permits for the reconstruction of existing bay windows, as defined in this section, and for the reconstruction of all bay windows which shall hereafter be erected under the provisions of this section, shall be issued by the officer having jurisdiction, with the applicant's obtaining the consent of adjoining property owners, as provided in subdivision 5 of this section; provided that the window, when reconstructed, shall have no greater projection or width, nor be carried through a greater number of stories, nor cover a greater area, than the window as originally constructed. And, further, provided that no fee shall be charged for the reconstruction of a bay window which has been erected under the provisions of any ordinance, or for which a fee has been paid for the privilege of erecting the same, under the provisions of the laws in force at the time of the erection of the window. The restrictions specified under subdivision 2 of this section, except that with respect to the distance above the sidewalk, shall not apply to the reconstruction of existing bay windows; but permits issued for the reconstruction of existing bay windows, for which no fee has heretofore been paid, shall be paid for as provided in subdivision 7 of this section.

10. Building Code governs all constructions. Nothing contained in this section shall be deemed to conflict with the provisions of the Building Code, and all bay windows for which permits are issued, under the provisions of this article, shall be erected in accordance with all the provisions of said Code, in regard to the kind and quality of materials used. No plans for the construction of a bay window, as defined in this section, shall be approved by a superintendent of buildings until the permit is filed, as provided by subdivision 3 of this section.

11. Permits granted pursuant to the provisions of this section are revocable permits, and shall have the following clause printed thereon, viz.: "This permit is issued subject to revocation thereof at any time hereafter by the Board of Aldermen or the Board of Estimate and Apportionment of The City of New York, upon the recommendation of the officer having jurisdiction, when the space occupied by said bay window, or any portion thereof, may be required for any public improvement, or upon the violation of any of the terms or conditions upon which this permit is issued."

12. Expired permits. A permit for the erection of a bay window shall be deemed to have expired when the bay window shall have been taken down, and the space formerly occupied thereby shall no longer be used for the purpose for which the permit was issued, unless a permit for its reconstruction shall have been granted, as provided in subdivision 9 of this section. In case it is thereafter desired to erect a bay window on said property, the applicant shall comply with all the provisions of this section.

The term "curb" when used in fixing the depth of an excavation, means the curb level at that point of the curb which is nearest to the point of the excavation in question.

Section 42 of article 2, chapter 3 of the Code of Ordinances of the City of New York is hereby amended to read as follows:

Section 1. Section 42. Private or non-professional exhibitions of motion pictures. The provisions of this article shall not apply to motion picture exhibitions, with or without charge for admission, conducted under the direct management of educational or religious institutions, or held or given in conjunction with and incidental to banquets, entertainments, lectures, receptions or dances, nor to motion picture exhibitions, without charge for admission, given or held not more than once a week in private residences or in bona fide social, scientific, political or athletic clubs, nor to any motion picture exhibitions in which the apparatus for projecting such motion pictures uses only an enclosed incandescent lamp, only cellulose acetate or other slow burning film of a size or perforation differing from the Standard as used in theatrical machines, and is approved by the Fire Commissioner as being unsuitable for the use of inflammable motion picture film. [; provided:]

1. Before motion pictures shall be exhibited [in any of the places above mentioned,] as above provided, there shall be obtained from the commissioner of licenses a permit for such exhibition [;], application for which shall have been filed in the department of licenses at least three days prior to the date of said exhibition;

2. Before granting such permit, the commissioner shall cause to be inspected the premises where it is proposed that the exhibition shall be held, and shall grant the permit if, in his judgment, the safety of the public is properly guarded, and provided that, for an audience of more than 75 people, all chairs or seats shall be securely fastened to the floor or fastened together in rows;

3. The apparatus for projecting such motion pictures shall be contained in a fire-proof booth or enclosure constructed as required by law; except the apparatus or motion picture machine uses only cellulose acetate films of a size or perforation differing from the Standard as used in theatrical machines, and uses only an enclosed incandescent lamp and is approved by the Fire Commissioner as being unsuitable for the use of inflammable motion picture films.

4. Every such exhibition shall be subject to the inspection of the officers and inspectors of the department of licenses, for the purposes of this article.

5. [Should a charge for admission be made for any exhibition herein referred to, or any revenue derived therefrom directly or indirectly, t]The commissioner of licenses may, in his discretion, impose a fee for the issuance of such permit, which said fee, however, shall not exceed [the rate of] \$5 [per] for one month [for the period for which the permit is sought] or part thereof.

6. BOROUGH OF RICHMOND.

REPORT FOR THE QUARTER ENDED SEPTEMBER 30, 1915.

Within the period covered in this report occurred the death of Honorable Charles J. McCormack, President of the Borough. In assuming the duties of that office, it is with a deep impression that I succeed an honorable, honest and conscientious official, whose passing spells itself into a recognized community loss.

The correspondence, together with personal interviews and investigations born of citizen comment, has had an increase within the quarter, which characterizes a rapidly growing community.

The construction of the new County Court House has moved with considerable rapidity, and it is requested that early steps be taken for the necessary appropriation for the interior work to complete this structure without delay.

The unusual precipitation of the early portion of the quarter, climaxed by the heavy fall of rain on August 4th, called for an extraordinary expenditure from our highway funds in the sections of the island where permanent improvements are not enjoyed, and highway moneys were expended under the circumstances, in order to protect life and limb, which might have been used to greater advantage had it been possible to concentrate them on the improved stone-road system of the Island.

That there has been substantial growth and a material development proceeding in this Borough is evidenced by the fact that the Bureau of Engineering is being increasingly called upon for study, advice and suggestion by those seeking to establish urban improvements on our Island, this, in some instances, following influx of new population, with their construction, or in the outlying sections providing for the future. While there seems to be no diminution in the demand on the Bureau of Engineering, the material reduction in the amount of money appropriated by the Board of Estimate and Apportionment in the budget of 1915 has seriously hampered them. Another feature of this Bureau's discomfiture is the great reduction in the amount of money appropriated by the Board of Estimate and Apportionment for repaving streets. Our annual allowance for many years has been \$300,000, which was cut to \$150,000 last year, while this year it has been still further cut to \$45,000, an amount of money which bears but small relation to our necessities in the matter of renewing worn-out pavements which had originally been paid for by the people of this community.

In the Bureau of Sewers the work has been performed with such success as to render criticism infrequent and notices of damage suit absent.

During this period there was an extension of the broom-cleaned area as well as collection of refuse and waste from beaches and developed areas along the south shore of the Island by the Bureau of Street Cleaning. It is to be hoped that careful consideration will be given in the allotment of moneys for the ensuing year for the replacing of the worn-out horses now in the stables of this Bureau and whose recorded ages evidence the fact that hard work with good care has continued them in their useful field beyond what might have been expected.

In the Bureau of Buildings the returns in the matter of filed plans indicate that a greater number of buildings will be provided for during the year 1916 than ever

*Corrected according to borough of residence.

†This estimate has been arrived at by the standard method of calculating the population during postcensal years.

The European war, however, has so disturbed immigration and emigration that this estimate is too high. A revision made last April placed the population at 5,597,982 on July 1st, 1915, which would give a rate of 11.37 per 1,000.

The data upon which to make a scientific estimate, however, was not available and for that reason it was thought best to await the result of the state census before correcting the above figures. The state enumeration is not yet available.

‡The presence of several large institutions, the great majority of whose inmates are non-residents of the city, increases considerably the death-rate of this Borough.

PUBLIC NOTICE IS HEREBY GIVEN PURSUANT to law that at a meeting of the Board of Estimate and Apportionment, held Oct. 8, 1915, the following petition was received:

TO THE HONORABLE BOARD OF ESTIMATE AND APPOINTMENT OF THE CITY OF NEW YORK.

GENTLEMEN:

The Great Eastern Telephone Company hereby makes application to your Honorable Board for a franchise or privilege to do a telephone business in the City of New York, and respectfully shows as follows:

That the Company was incorporated under the Telephone and Telegraph section of the Transportation Corporations Law of the State of New York on October 9, 1905, for the purpose of doing a telephone business, with an authorized capital stock of one million dollars.

That at a special meeting of the Stockholders called for that purpose on April 5, 1909, the Stockholders authorized an increase of the capital stock to fifty million dollars; and that on July 6, 1910, the owners of more than two-thirds of the capital stock of the Company, then outstanding, consented in writing to the execution of a trust deed to secure an issue of fifty million dollars of 5%, 20-year Convertible Gold Bonds.

That the stockholders of this Company, relying upon the validity of a franchise granted to the New York Electric Lines Company in 1883, as determined in the Court of Appeals (188 New York, 523), entered into contractual relations with said Company, and has spent more than half a million dollars in an earnest effort to establish a modern system of telephony in this city at reasonable rates; but that said franchise has now been declared void by the United States Supreme Court, and we respectfully urge that good faith with our Stockholders, and with more than one hundred thousand subscribers who have contracted for our service, prompts us to petition this Honorable Board for a new franchise under which we may accord the relief heretofore attempted.

That this Company, in order to test the public demand for telephone competition, and establish a basis for its business activities, instituted a partial canvass for subscribers some time since, which resulted in 107,000 contracts for its service, secured in four and one-half months, demonstrating the fact that at least a million subscribers could be secured within the City of New York at reasonable rates.

That the Company owns certain valuable telephone inventions and has contracted for the use of others, which will enable it to install a strictly modern telephone system, with the highest efficiency in articulation, absolutely private, and several times as rapid as the present manual system, which it is able to maintain and operate at rates greatly below prevailing prices.

That, mindful of the policy of the City Government to secure local transportation at a minimum cost, as evidenced by the favorable conditions under which our rapid transit system is now in process of construction, this Company volunteers to meet all conditions now imposed upon other telegraph and telephone companies, and limit the charges it may demand for its business service to from two cents to four cents per message, according to the number of messages contracted for, subject to a discount of not less than 10% for prompt payment, with no extra charge for interborough messages.

That it will establish an unlimited Residential rate of four dollars per month for a private line; three dollars per month for a 2-party line; two dollars per month for a 4-party line, with no extra charge for interborough messages; and a rate of one dollar per month for an unlimited residential service within zones, where several subscribers are served by a single circuit.

That it will establish a Pay Station rate of five cents per message, irrespective of borough boundary lines, applicable to all parts of the City.

That in addition to the Commercial, Residential and Pay Station rates above recited, the Company will handle the official business of the City of New York, as fast as its lines may be extended, at a flat rate of one cent per message, irrespective of borough boundary lines or distances within the City.

That these rates are offered with the understanding that the Company shall pay for its sub-way facilities, where they now exist or where they may hereafter be provided, the legal annual rental paid by other telephone and telegraph companies of \$800 to \$1,000 per mile of duct space, in addition to the legally assessed taxes upon its property and franchise; but that otherwise no greater burdens may be imposed upon it than are now imposed upon other telegraph and telephone companies operating within the City.

That the rates proposed are substantially 40% below present prices, affording a saving to the public of more than \$8,000,000 a year in exchange service and interborough charges, based upon the present use of the telephone, and that the cheaper rates proposed will undoubtedly increase the use of the telephone, with a corresponding saving to the public.

That the rate of one cent per message to the City for official business is substantially 72% below what the City has been paying, interborough charges considered, or a saving to the City of about \$205,000 a year after discounts have been deducted, to which should be added between \$600,000 and \$700,000 for subway rental in Manhattan and The Bronx, when the system shall have been completed, affording a direct and indirect revenue to the City of more than \$800,000 a year, besides the taxes levied upon its property and franchise.

That the same interests that control the policy of the Great Eastern Telephone Company have spent more than five hundred thousand dollars in the construction of telephone properties adjacent to New York City, with plants in operation as near as Peekskill on the north, and Perth Amboy on the south, with right-of-way to the Yonkers City line on the north and from Philadelphia to the foot of Morgan Street on the North River in Jersey City.

That this entire expenditure in excess of \$1,000,000 in suburban construction, engineering plans, securing City subscribers and the effort to establish reasonable rates in this City, is a fair indication of our consistent effort to a most desirable solution of the telephone question.

That contracts have been executed with this Company insuring long-distance connections with at least two million independent telephones within talking distance of New York, at present excluded from our markets for lack of a local independent system with which to connect, placing the Metropolis at a commercial disadvantage when compared with Philadelphia, Buffalo, St. Louis, and over three thousand other municipalities where competition has been established.

That there is a demand for another telephone system in this City is shown by the fact that there are now but 203,000 contracts in a popula-

tion of 5,583,871; that with a claim of 568,000 telephones in operation, the last directory contained but 214,761 business and 127,234 residential listings, showing 138,995 more listings than contracts, and that 365,000 of the telephones claimed are extensions, hotel or apartment house instrument. That in Manhattan and The Bronx there is but one business listing to 20 people (5%) and one residential listing to 52 people, or about 2%. In Brooklyn and Queens there is one business listing to 47 people (about 2%) and one residential listing to 37 people (practically 3%). Richmond has one business telephone to fifty-one people (2%) and one residential telephone to twenty-one of its population, or about 5%.

That under the terms of the proposed franchise every objection to a duplicate telephone system is obviated. The cheaper rates place the telephone within the reach of substantially 1,000,000 families and 340,000 small business concerns now deprived of its benefits because of excessive rates, while adding no burden to those employing the present system. As all service is "measured," every message diverted to the new system carries a proportionate reduction in price, so that those whose business may be benefited by a wider range of communication will find that BOTH SYSTEMS ARE CHEAPER THAN ONE at the present time, and that the subscriber who can divert one-half of his business to the new system will pay practically 20% less for both systems, than he now pays for one.

That the Company will promptly accept the franchise, make its engineering plans conform to present conditions, and apply for space in the conduits within ninety days; begin the construction of its system within six months from the allotment of space in the conduits, and complete at least one exchange with a capacity of at least ten thousand telephones within one year thereafter, official delays and delays caused by litigation excepted.

Your petitioner therefore requests that a day be set for a public hearing upon the application as required by law.

All of which is respectfully submitted.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, protecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further:

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
