OFFICE OF THE CITY RECORD, NO. 2 CITY HALL, }  
NEW YORK, June 26, 1891. }

To the Hons. the Mayor, the Counsel to the Corporation and the Commissioner of Public Works:

GENTLEMEN—The only requisition which needs explanation is that from the Commissioner of Street Improvements for four reams of typewriter paper. The annual requisition of the Commissioner was made up before his entrance into office by the Park Department officials, and in it only two reams of such paper were called for. That supply is exhausted. I think his requisition should be allowed.

Respectfully submitted,

W. J. K. KENNY, Supervisor.

The requisitions laid before the Board were then acted on as the side-notes below indicate, the Supervisor being authorized, by a concurrent vote of the three officers, to procure by direct orders the goods on the requisitions allowed :

President of the Board of Aldermen;

E. P. BARKER,  
President of the Department of Taxes and Assessments.

Present—All the members, viz.:

The minutes of the meeting held June 19, 1891, were read and approved.

The Comptroller called up a communication from the Harlem River Bridge Commission, dated June 16, 1891, asking for an appropriation of \$70,418.68 for completion, etc., of Washington Bridge, and presented the following report of Engineer of Finance Department, and preamble and resolution relative thereto:

CITY OF NEW YORK—FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE,  
June 30, 1891.

Hon. THEO. W. MYERS, Comptroller:

SIR—In the matter of the application of the Harlem River Bridge Commission, in communication of June 16, 1891, for additional appropriations, I have the honor to report as follows, following the order given in the application:

1st. Items for which prices were fixed in the contract with Michael Giblin, under date June 10, 1890, but which have been increased in quantity by the changes in the plans for the boat landing, and to meet the requirements of the Dock Department as to character of construction or have been necessarily increased to carry out the work as the situation was actually developed during construction, as follows:

(Before enumerating the items under this head I will explain that the boat landing, as originally designed and contracted for with Michael Giblin, was small and of slight construction, not considered by the Department of Docks adequate for the purpose. The landing now proposed is of more than twice the length of the original.)

425 cubic yards dry rubble masonry, at \$2.65. ....	\$1,126 25
This is for the wall at Undercliff avenue, which was underestimated.	
50 cubic yards special retaining wall, at \$3.20. ....	160 00
This is also for the special wall at Undercliff avenue, which was underestimated.	
475 cubic yards rock-faced masonry, at \$25. ....	11,875 00
This is mostly in the boat landing, though part is for the abutment of the bridge, which was underestimated. The increase of quantity is on account of the increase in size of the boat landing.	
150 cubic yards rubble masonry in cement, at \$4.25. ....	637 50
This item is for backing in the boat landing, mostly.	
1,700 cubic feet granite copings, platforms, etc., at \$3. ....	5,100 00
This is for the boat landing entirely, and is due to the increase of size.	
20 cubic yards fine cut masonry in boat landing, at \$35. ....	700 00
This is on account of the increase in size.	
400 cubic feet of granite steps for walks, at \$2.75. ....	1,100 00
This is for walks in the park, and the amount called for is due to an underestimate of the quantity required.	
4,000 lineal feet of piles in boat landing, at thirty cents. ....	1,200 00
The additional piling is made necessary on account of the increase in size of the boat landing.	
17,000 feet, board measure, timber in boat landing, at \$35. ....	595 00
Made necessary by the increase in size.	
6,000 pounds cast iron, at 5 cents. ....	300 00
Made necessary by the increase in size.	
Total. ....	\$22,793 75

All these items are in original.

The prices of the above items are all the same as those given in the Giblin contract, and the payments will be made under that contract.

2d. Items not included in the original contract, but which have been found necessary to complete properly the work, and have been provided for by supplemental contract with Mr. Giblin, dated February 17, 1891. These items are as follows:

360 cubic yards Portland cement concrete at \$6.50. ....	\$2,340 00
This concrete is for the masonry of the boat landing, where, being under water, ordinary cement could not be used. It is made necessary by the change of plan of the boat landing, required by Department of Docks.	
16,000 cubic yards of dredging, at 45 cents. ....	7,200 00
This dredging is necessary in order to obtain the requisite depth in front of the boat landing.	
Coffer dam. ....	5,000 00
The coffer dam is made necessary on account of the masonry being laid lower than expected in the original plan, as required by the Dock Department. The price fixed is on the estimate of the Consulting Engineer, and includes all pumping, etc.	
The prices of all the items in this contract appear reasonable.	
Total amount of the supplemental contract. ....	\$14,540 00

3d. Work under Paragraph "O" of the specifications in contract of June 10, 1890.	
Lowering drain-pipe in Undercliff avenue. ....	\$1,517 43
This work was absolutely necessary, and the price is reasonable and just.	
40 cubic yards of parapet wall, at \$35. ....	1,400 00
This wall is deemed necessary for protection on the exposed part of Undercliff avenue. I think the work would be incomplete without it. The price is reasonable.	
Total of these items. ....	\$2,917 43

4th. Items for which bids have been advertised for and received. They are as follows:	
37,000 square feet rock asphalt, at 23¾ cents. ....	\$8,787 50
6,000 cubic yards loam, at \$1.60. ....	9,600 00
3,200 lineal feet fencing, at \$1.65. ....	5,280 00
Total. ....	\$23,667 50

These items are necessary in order to complete the Park on the east side of the Harlem river under chapter 573, Laws of 1888. The prices are those bid.	
5th. Engineering expenses. ....	\$3,500 00
The engineering expenses are calculated on the basis of the force now employed, to the end of the present year.	
Expenses of maintaining and caring for the bridge until the Legislature meets. ....	3,000 00
I do not discuss this item, as it has been made, otherwise, the subject of consideration.	
Total. ....	\$6,500 00

Recapitulation.

Class 1. ....	\$22,793 75
" 2. ....	14,540 00
" 3. ....	2,917 43
" 4. ....	23,667 50
" 5. ....	6,500 00
Total. ....	\$70,418 68

The above is the amount asked for by the Commission above that already appropriated for the Giblin contract and other expenses.

The following is the appropriation previously asked for by the Commission, which was considered by the Board of Estimate and Apportionment at the meeting of June 24, 1890.

Contract (that of Michael Giblin) for improving Undercliff place and grounds adjacent to bridge on east side of Harlem river. ....	\$63,148 00
Foot-bridge over railroad. ....	6,500 00
Consulting Engineer, previous account. ....	1,650 00
Engineers supervising contract and other works, including Mr. Bogart, Consulting Engineer, also Clerks and Inspectors on works, Secretary and Commissioner's office. ....	15,000 00
Office expenses. ....	2,400 00
Maintenance of structure. ....	4,000 00
Bills for advertising, printing contracts, gas, etc. ....	900 000
Total. ....	\$93,598 00

Of the above, one item, that for \$1,650, was appropriated by resolution of June 24, 1890. The remainder, \$91,948, was appropriated by resolution of September 11, 1890.

The total amount heretofore appropriated as above, \$93,598, added to the sum asked for, \$70,418.68, gives a total of \$164,016.68, which it is expected will cover all the expenses to be incurred for this improvement on the east side of the Harlem river.

Respectfully,  
EUG. E. McLEAN, Engineer.

Whereas, At the meeting of this Board of June 19, 1891, the Secretary of the Harlem Bridge Commission presented a requisition, dated June 10, 1891, for seventy thousand four hundred and eighteen dollars and sixty-eight cents (\$70,418.68), pursuant to the provisions of chapter 487 of the Laws of 1885, and chapter 573 of the Laws of 1888, for the purpose of completing the work committed by law to the Commissioners appointed under said act; and

Whereas, The Engineer of the Finance Department has made a careful examination of the items of the said requisition, and whose report is herewith submitted; and

Whereas, It is deemed expedient that the sum of six thousand five hundred dollars (\$6,500) should be deducted from said requisition for further consideration, being three thousand dollars (\$3,000) for expenses of maintaining said bridge, and three thousand five hundred for engineering expenses; therefore

Resolved, That the Comptroller be and hereby is authorized and directed to issue Consolidated Stock of the City of New York, as provided by section 132 of the New York City Consolidation Act of 1882, payable from taxation to the amount of sixty-three thousand nine hundred and eighteen dollars and sixty-eight cents (\$63,918.68), bearing such rate of interest as he may determine, not exceeding three per centum per annum, for the purpose of paying expenses incurred by the Harlem River Bridge Commission, under the provisions of chapter 487, Laws of 1885, and chapter 573, Laws of 1888, as stated in a memorandum submitted June 16, 1891, and under a requisition of the Commissioners, dated June 16, 1891, and presented June 19, 1891, for seventy thousand four hundred and eighteen dollars and sixty-eight cents (\$70,418.68), less three thousand dollars (\$3,000) for expenses of maintenance and less three thousand five hundred dollars (\$3,500) for engineering expenses, reserved for future consideration.

Which were received and laid over until the next meeting of this Board.

The Comptroller presented the following:

DISTRICT ATTORNEY'S OFFICE,  
CITY AND COUNTY OF NEW YORK,  
June 1, 1891.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—I respectfully request that the sum of four thousand dollars be transferred from the appropriation entitled "Contingencies—District Attorney's Office, 1890," the same being in excess of the amount required for the purposes and objects thereof, to the appropriation entitled "Salaries—Judiciary—The District Attorney's Office, 1891," the amount of said last mentioned appropriation being insufficient.

When I appeared before your Honorable Board in December last, I called attention to the fact that the amount allowed would be insufficient to pay the salaries of the Deputy Assistants, Clerks and Subpoena-servers necessary for the transaction of the business of this office, and I requested that a transfer of an unexpended balance to the credit of the Contingency Account for 1890 be made to the Salary account. I was encouraged in the belief that at some later meeting, the Board would favorably consider that request.

Accordingly, I beg again to represent that the amount now applicable to the payment of the salaries of my office force necessary for the proper discharge of my official duties is insufficient for that purpose, and that I shall be obliged to dispense with the services of some of my staff unless your Honorable Board shall supply the deficiency in the Salary account by the transfer above requested.

I remain, gentlemen,

Respectfully yours,

DE LANCEY NICOLL, District Attorney.

And offered the following resolution:

Resolved, That the sum of four thousand dollars be and the same is hereby transferred from the appropriation entitled "Contingencies—District Attorney's Office, 1890," the same being in excess of the amount required for the purposes and objects thereof, to the appropriation for 1891, for "Salaries—Judiciary—District Attorney's Office, for Assistants, Deputy Assistants, Clerk, Stenographers, etc.," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

The Comptroller offered the following resolution:

Resolved, That the preamble and resolution passed by this Board at the meeting of June 19, 1891, appropriating seventy-four dollars and thirty cents (\$74.30) from the sale of School-house Bonds "issued under the provisions of chapter 252, Laws of 1889," be and is hereby amended to read "issued under the Act, chapter 136 of the Laws of 1888."

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

The Comptroller presented the following:

The Comptroller presented the following:

OFFICE OF BOARD OF EXCISE,  
No. 54 BOND STREET, CORNER BOWERY,  
NEW YORK, June 26, 1891.

Hon. THEODORE W. MYERS, Comptroller:

DEAR SIR—Herewith I send you a memorandum of the amounts which the Board of Excise deem necessary to have transferred to meet the apparent deficiency which now exists in the amount appropriated for administration purposes of the Department.

The amount now appropriated for the Administration account is \$37,500. The amount required to meet the salaries payable under that head is \$40,200, leaving a deficiency of \$2,700, which we suggest be made up by transfers as follows:

From the Inspection account to Administration account.....	\$1,800 00
From the Contingency account to Administration account.....	900 00
Total .....	\$2,700 00

Respectfully,

ALEX. MEAKIM, President.

And offered the following resolution:

Resolved, That the sum of twenty-seven hundred dollars (\$2,700) be and the same is hereby transferred from the appropriation made to the Excise Department for 1891, under a resolution of this Board adopted June 19, 1891, entitled:

"For salaries of Inspectors, Doorkeeper, Steamboat Roundsman and Cleaner, legal expenses, etc".....	\$1,800 00
"Contingencies".....	900 00
	\$2,700 00

—which are in excess of the amounts required for the purposes and objects thereof, to the appropriation made to the Excise Department by the aforesaid resolution entitled "For General Administration of the Board of Excise, including the salaries of the three Commissioners and the Counsel," which is insufficient for the purposes thereof.

Which were received and laid over.

The Chairman presented the following:

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,  
No. 31 CHAMBERS STREET,  
NEW YORK, June 30, 1891.

Hon. HUGH J. GRANT, Chairman, Board of Estimate and Apportionment:

DEAR SIR—The contract made by this Department in pursuance of an ordinance of the Common Council for regulating, grading, etc., Kingsbridge road, from One Hundred and Ninetieth street to the Harlem river, is practically completed, except where the road is intersected by the United States Ship Canal, which is now being constructed, and where the City will have to build a draw-bridge, with abutments and approaches, at an expense estimated at \$500,000. At the last session of the Legislature a bill was introduced to provide for the construction of this bridge and the necessary appropriation for the same, but it failed to pass or become a law. In the meantime the construction of the ship canal is progressing, and in the event that the water should be turned into the canal before provision is made for the construction of the bridge by special act of the Legislature or otherwise, the cost of building the bridge abutments would be increased over 100 per cent. above the cost of the same if built at the present time. As a matter of economy, and irrespective of other considerations, it is, therefore, desirable that provision for the expense of building the abutments at the earliest possible time be made now by creating a special appropriation for the purpose by transfers from available balances of other appropriations or by other means within the power of your Board.

Inasmuch as Kingsbridge Road, in that section of the city, is the principal, or, in fact, the only longitudinal thoroughfare to accommodate public travel, it is also extremely desirable, in the interest of the public at large, as well as in the interests of the property-owners and residents in that vicinity, that the ultimate completion of the bridge be expedited by proceeding at once with the building of the abutments.

The following is an estimate of the cost of building the abutments if the work is done before water is let into the canal:

Earth excavation, 3,000 cubic yards at \$1.....	\$3,000 00
Concrete masonry, 1,000 cubic yards at \$6.....	6,000 00
Coursed stone masonry, 6,000 cubic yards at \$15.....	90,000 00

Total .....

The cost of the same work if done after the water is turned into the canal is estimated as follows:

Earth excavation, 3,000 cubic yards at \$5.....	\$15,000 00
Concrete masonry, 1,000 cubic yards at \$12.....	12,000 00
Coursed stone masonry, 6,000 cubic yards at \$30.....	180,000 00

Total .....

The early consideration and action of your Board in this matter are urgently requested.

Very respectfully,

THOS. F. GILROY, Commissioner of Public Works.

Which was received and referred to the Comptroller.

The Comptroller, to whom was referred a communication from Elliot Sandford and A. J. Dittenhoefer, transmitting a copy of chapter 273, Laws of 1891, authorizing this Board to examine and make appropriation for their payment for services rendered, presented the following report:

CITY OF NEW YORK—FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE,  
July 1, 1891.

To the Board of Estimate and Apportionment:

In the matter of the examination of the claim of Elliot Sandford and A. J. Dittenhoefer, in pursuance of the provisions of chapter 273, Laws of 1891, which was referred to the Comptroller, May 21, last, I respectfully submit the accompanying testimony and the following

#### REPORT:

This claim arises out of legal services rendered by the claimant's attorneys to Nicholas Haughton and John J. Morris, Commissioners of Excise, between the 7th day of July, 1886, and the 9th day of March, 1887. Their successors in office, William S. Andrews and John Van Glahn, were appointed by the Mayor without the confirmation of the Board of Aldermen, in pursuance of chapter 43 of the Laws of 1884, entitled "An act to centre responsibility in the Mayor of New York." It was claimed at the time that these appointments were illegal, since the said law, which took away the confirming power from the Board of Aldermen, was claimed to apply only to municipal officers, and not to State officers, which, in a technical sense, the Excise Commissioners were admitted to be. Prior to the appointment of William S. Andrews and John Van Glahn by Mayor Grace, Corporation Counsel Lacombe advised the Mayor that in his opinion the act referred to, taking the confirming power away from the Board of Aldermen, did not apply to Excise Commissioners, and advised the Mayor to send the nominations to the Board of Aldermen for confirmation. In pursuance of this opinion, on the first of May, 1886, the Mayor did then so nominate William S. Andrews and John Van Glahn; and it was only upon the Board of Aldermen refusing to confirm this act of the Mayor, that the said Excise Commissioners were appointed without reference to such confirmation. In addition to the doubt thus thrown upon this question by the opinion of the Corporation Counsel and the action of the Mayor, there were not lacking well recognized legal authorities who held to the opinion that Excise Commissioners were not within the purview of the said law. On its correct interpretation rested not only the tenure of office of the Excise Commissioners, but also that of Police Justices and other State officials. The question thus became one of great public importance, and there being a reasonable doubt as to the manner of its final adjudication, the outgoing Excise Commissioners were, in my opinion, warranted in testing the matter in the courts. Messrs. Sandford and Dittenhoefer were retained by Messrs. Haughton and Morris, and conducted the litigation for them until its final adjudication by the Court of Appeals, which sustained the validity of appointment of Messrs. Andrews and Van Glahn by Mayor Grace without confirmation by the Board of Aldermen.

I find, therefore, that the action of Messrs. Haughton and Morris in disputing the validity of the appointment of their successors, W. S. Andrews and John Van Glahn, was, in view of all the circumstances, not unreasonable and without warrant; that Messrs. Sandford and Dittenhoefer were retained by Messrs. Haughton and Morris, and actually rendered legal services in pursuance of such retainer, and that a claim, founded in justice and equity, exists in favor of said Elliot Sandford and A. J. Dittenhoefer, for which they have never received compensation.

The services performed by Messrs. Sandford and Dittenhoefer involved legal questions of undoubted difficulty. Each claimant asks for \$3,000; but in recommending an amount to be awarded, I have been influenced by the fact that the litigation, although conducted in good faith, was unsuccessful; and by the consideration of the danger of establishing precedents which will cause attorneys for unsuccessful litigants striving to retain possession of public offices, to look confidently towards liberal compensation out of the public treasury. I therefore recommend that the sum of one thousand dollars (\$1,000) be awarded to Elliot Sandford, and the sum of one thousand dollars (\$1,000) be awarded to A. J. Dittenhoefer (said amounts to include the disbursements, to be equitably divided among the two claimants), and that the Board of Estimate and Apportionment appropriate for such purpose the sum of two thousand dollars (\$2,000), to be paid by the Comptroller out of the moneys derived from the Board of Commissioners of Excise of the City of New York, from the granting of excise licenses, in pursuance of the provisions of chapter 273 of the Laws of 1891.

Respectfully,

THEO. W. MYERS, Comptroller.

And offered the following preamble and resolution:

Whereas, The claims of Elliot Sandford and A. J. Dittenhoefer for services rendered in the matter of Nicholas Haughton and John J. Morris, Excise Commissioners, between the 7th day of July, 1886, and the 9th day of March, 1887, which claims were made pursuant to chapter 273, Laws of 1891, and were presented to this Board on the 21st day of May, 1891, and referred to the Comptroller; and,

Whereas, The Comptroller has taken testimony in support of said claims, which testimony, this day transmitted with a report recommending that the sum of one thousand dollars (\$1,000) be awarded to Elliot Sandford, and the sum of one thousand dollars (\$1,000) to A. J. Dittenhoefer, said amounts to include the disbursements to be equitably divided among the two claimants; now, therefore,

Resolved, That the Board of Estimate and Apportionment hereby appropriates the sum of two thousand dollars (\$2,000) out of the moneys derived from the Board of Commissioners of Excise of the City of New York, from the granting of excise licenses, and that the Comptroller be authorized and directed to pay the sum of one thousand dollars (\$1,000) to Elliot Sandford and the sum of one thousand dollars (\$1,000) to A. J. Dittenhoefer in settlement of their claim for legal services rendered in the matter of Nicholas Haughton and John J. Morris, Excise Commissioners, pursuant to the provisions of chapter 273, Laws of 1891.

Which were adopted by the following vote:  
Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

The form of the agreement, with specifications, showing the manner of payment for the work, may be seen, and forms of proposals may be obtained at the office of the Department.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

The work is to be completed and delivered within thirty (30) days after the execution of the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired are fixed and liquidated at ten (10) dollars.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for his faithful performance in the sum of one thousand (1,000) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of fifty (50) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must NOT be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at Rooms 7, 5 and 10, No. 31 Chambers street.

### TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

THOS. F. GILROY,  
Commissioner of Public Works.
