No. 583.

Be it Resolved, That in the death of Hon. Jacob M. Patterson, who was suddenly called hence on May 31, in the sixty-first year of an eventful and happy life, this City has suffered the loss of one of its prominent, most esteemed and public-spirited citizens.

Resolved, That the members of the Municipal Assembly desire to and do hereby place upon record an expression of their individual and united respect for the memory of the departed, who, in every walk of life to which he was called, whether as a private citizen or as a public official, proved himself capable, energetic, unselfish and honest.

Resolved, That his public career, in the early period of which he served as the Clerk of the Common Council of this City, has been one of conspicuous fidelity of duty. His advance from the office of Member of Assembly to that of Commissioner of Excise, then to the office of Clerk of the Common Council, followed by his appointment as Police Justice, and finally selected as Quarantine Commissioner, has added to his life's history, page upon page of evidence of unswerving loyalty to those whom he was called upon to serve, has demonstrated an unfeigned attachment—irrespective of party ties—to those worthy of his personal regard; and has given proof of a sterling friendship for many of every class, whether rich or poor, or of whatever nationality, sect or creed.

Resolved, That we recognize the truth that as husband, father or friend, Jacob M. Patterson was devoted, affectionate and true. His domestic life—peaceful, happy and contented—was an example worthy of emulation, and to it we point with feelings of pride and admiration.

Resolved, That our condolences be and they are hereby extended to the bereaved widow and the daughters of the deceased; and that a copy of these resolutions be duly certified, properly authenticated and presented to the afflicted family, with assurances of our profoundest sympathy and of our highest regard.

Resolved, That as a further mark of our respect to the memory of the departed, a page of the Journal of the Board of Aldermen and a page of the Journal of the Council be devoted to a transcript of the foregoing; the same to be surrounded by a black border, indicative of our feelings of mourning at the unexpected demise of so noble a citizen and so upright an official as was the late Hon. Jacob M. Patterson.

BOARDS OF LOCAL IMPROVEMENTS.

BOROUGH OF QUEENS.

The Local Board of the Borough of Queens, City of New York, held its regular weekly meeting at the Borough Hall June 9, 1899.

Present—Councilman David L. Van Nostrand, and President of the Borough, Frederick Bowley.

Minutes of the previous meeting approved.

Representatives of petitioners to have sidewalks in Hollis flagged, appeared before the Board and made statement that the owners of real estate, whose signatures are appended to the petition for such improvement, were at such time under the impression that a longer time to make payment therefor would be allowed than that which they since learned to be the limit prescribed by the City Charter, and under such conditions did not feel justified in asking this Board, at this time, to take further action in approval of the matter submitted. Thereupon, on motion of Councilman Van Nostrand, ordered that the petition be indorsed as withdrawn.

George E. Clay was present at the meeting and urged the Board to act favorably upon petition to construct public sewer in Hancock street, from Bodine street to Nott avenue.

The President could not see the propriety of omitting one block in Hancock street which, if embraced, would reach from Nott avenue to the trunk sewer in Harris avenue, and having requested an explanation, the same was given, and not being satisfactory the matter was laid over for investigation for one week.

The other public hearings were upon—

Petition to legally open Pierce avenue, from Jackson avenue to the East river, First Ward; and

Lathrop street, or Third avenue, from Newtown avenue to Broadway, First Ward. To macadamise Hillside avenue, near dividing line between Newtown and Jamaica, Second Ward and Fourth Ward respectively, upon which action was taken by the Board in the adoption of the following:

Whereas, At regular weekly meeting of this the Local Board of the Borough of Queens, City of New York, held this 9th day of June, 1899, public hearing was afforded "to all whom it may

concern" in relation to petition received by the President of the borough aforesaid, and submitted for the consideration and favorable action of this Board, to have Pierce avenue, from Jackson avenue to the East River, in the First Ward, said borough, legally opened, and

Whereas, It appears to this Board that to legally open said Pierce avenue from and to the points as aforesaid would be to the best interests of this City, it is hereby accordingly

Resolved, That same be and hereby is recommended to the Board of Public Improvements, this City, to cause the necessary proceedings to be taken to carry out the desires of the petitioners as hereinbefore stated.

Also—

Whereas, In accordance with notice published in CITY RECORD public hearing was accorded upon petition to legally open Lathrop street, or Third avenue, from Newtown avenue to Broadway, First Ward, Borough of Queens, City of New York, before this, the Local Board of borough aforesaid, at meeting held this 9th day of June, 1899; and

Whereas, This Board deems it for the best interests of this City that the requisite proceedings should be had for such openings; therefore be it

Resolved, That this Board does hereby recommend such to the prompt and favorable consideration and action of the Board of Public Improvements, City of New York.

Also the following:

Whereas, This, the Local Board of the Borough of Queens, in City of New York, in meeting held on June 9, 1899, did, in conformity with due notice published in CITY RECORD, afford a public hearing upon petition submitted to this Board to macadamise the unfinished portion of Hillside avenue, of about five hundred feet in length, extending from Metropolitan avenue, in Jamaica, Fourth Ward, this borough, to the dividing line between it and Newtown, Second Ward, same borough; and

Whereas, It is the judgment of this Board that such improvement should be made; therefore

Resolved, That recommendation be and the same is hereby made to the Board of Public Improvement, this City, that it accordingly extend to the petition its prompt and favorable action.

The petitions for supply of water to residents of the Second Ward were favorably acted upon by the adoption of the following:

Whereas, Charles Schwaibold & Co., builders in Maspeth, Second Ward, Borough of Queens, City of New York, have communicated to this the Local Board of borough aforesaid, that the Citizens' Water Supply Company of Newtown in said Second Ward, had expressed its willingness to extend its water-mains to Jay avenue, between Fiske and Columbia avenue in Maspeth, where said first-named firm has constructed a number of dwelling-houses, but base its inability to comply therewith "that it required a permit therefor from the city authorities, which is refused;"

Now, in view of the foregoing and things in connection therewith, be and it is hereby

Resolved, That the subject matter be referred to the consideration of the Board of Public Improvements, this City, in order that supply of water be promptly furnished, so as not to impede the sale of improved property and not to retard the prosperity of the section in which such are located; also

Whereas, The owners of lands newly laid out in city lots for sale in section of Elmhurst, Second Ward, Borough of Queens, this City, have submitted for the approval of this, the Local Board, aforesaid, at meeting on June 9, 1899, their petition to have water-mains extended into the streets and avenues through said lands, setting forth as a consideration so to do, that such improvements to such lands would expedite the sale thereof, which would be followed by the erection of dwellings thereon by which large increased values would be brought thereto for the purpose of city taxation;

Now in view of the foregoing proposition, it is hereby

Resolved, That the subject be and the same is hereby recommended to the favorable consideration of the Board of Public Improvements, this City, to the extent which in its judgments the present conditions and future prospects in connection therewith as referred to in the petition may justify; also the following:

Whereas, Petition was submitted for the favorable action of this, the Local Board of the Borough of Queens, City of New York, at its meeting on June 9, 1899, in which the subscribers thereto, as inhabitants of Maspeth, in late Town of Newtown, now Second Ward, this borough, therein make statement that the Citizens' Water Supply Company, of Newtown, a corporation formed with the purpose of supplying the inhabitants of said town with water, has made declaration that to make application to it (said company) as contemplated by the said residents in Summit place, town aforesaid, to have their needs for water supplied by said company "would be a useless undertaking," giving as a reason therefor that the said company was about to sell its water plant to the Greater New York, and

Whereas, said petition concludes as follows: "Now in view of the foregoing the undersigned respectfully and earnestly petition the authorities of The City of New York having jurisdiction over the matter to promptly exercise its powers in our behalf, that pure and wholesome water be furnished to the inhabitants of the late Town of Newtown, and at reasonable rates," therefore:

Resolved, That this Board does hereby approve of the said petition and recommends the same to the favorable consideration and action of the Board of Public Improvements, this City, in furtherance thereof to a prompt and satisfactory response to the requirements of the petitioners for supply of water.

The following was also duly adopted:

Whereas, this, the Local Board of the Borough of Queens, City of New York, did heretofore recommend to the Board of Public Improvements, said City the paving of East avenue from a stated point up to Ninth street, in First Ward, said borough;

Whereas, It has since come to the knowledge of this Board that there is no water-main in said avenue from Eighth to Ninth street, although dwellings exist on both sides of said avenue; therefore

Resolved, That recommendation therefore be and the same is hereby made to the Board of Public Improvements, this City, to give the subject of having such water-mains laid in advance of paving said avenue its favorable consideration and action.

The following action was also taken:

Whereas, Complaint has heretofore been made to this the Local Board of the Borough of Queens, that the public cement pipe sewer, commencing at Central avenue, running thence through Parsons avenue to Myrtle avenue and continued through Myrtle avenue to and discharging into Flushing creek in Flushing, Third Ward, Borough of Queens has ceased to respond to the requirements for which it was originally constructed (assessed and paid for) in consequence of said sewer pipe having become disintegrated, and caved in; and

Whereas, The prompt attention of the Deputy Commissioner of Sewers of this borough was urged thereto, and it appearing from statement made that the whole length of such sewer will be required to be taken up and same replaced with material of a durable nature, and the cost thereof provided for by The City of New York by special appropriation therefor, the estimated amount of which will be certified to by the Sewer Department;

Now in view of the foregoing premises, as also of the fact that in the absence of a properly constructed sewer and the many dwellings connected therewith, the nuisance thereby created becomes alarmingly threatening to the health of the occupants of such premises; therefore

Resolved, That this Board in meeting this 9th day of June, 1899, does hereby recommend to the Board of Public Improvements, City of New York, that it give this matter the prompt attention, which the serious consequences threatened by reason of the nature thereof imperatively demands.

Communication from Deputy Fire Commissioner of this borough was received, read and ordered filed; therein the following appears:

"I beg to state that I have had the question of additional fire-hydrants in College Point investigated, and am of the opinion that the number should be very considerably increased."

Communication was read in which the Long Island Real Estate Exchange and Investment Company set forth: "We have been the first owners in that section of Richmond Hill who have macadamized the streets and laid sidewalks and flags and otherwise improved that section at great cost and expense to us and up to this date we have had no consideration shown us either by The City of New York or the former village of Richmond Hill."

On motion, ordered placed on file.

Adjourned to June 16, 1899.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or in the work to which it relates or in any portion of the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting, the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in a sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of the deposit will be returned to him.

THE COMMISSIONER OF HIGHWAYS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; that he has offered himself as a surety in good faith, and with an intention to execute the bond required by law. The adequacy and sufficiency of the sureties offered shall be approved by the Comptroller.

The price in the bid or estimate must be written, and also stated in figures. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Commissioner of Street Cleaning to reject all the bids, if, in his judgment, it be deemed best for the interest of the City. No bid will be accepted from or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or proposal must be accompanied by a certified check on one of the State or National banks of the City of New York, payable to the order of the Comptroller of said city, for Three Hundred and Fifty Dollars (\$350), or by money to that amount. No bonds or deposit required on bids under One Thousand Dollars. Awards will be made on the lowest items.

THE COMMISSIONER OF CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 419, CHAPTER 378, LAWS OF 1897.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioner.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

THE BOARD OF PUBLIC CHARITIES RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time and in such quantities as may be directed by the said Commissioners, or be provided for by the specifications.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the

neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation and the contract will be readvertised and relet, as provided by law.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the General Bookkeeper and Auditor, foot of East Twenty-sixth street, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities will insist upon its absolute enforcement in every particular.

MONDAY, JULY 10, 1899.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for the Materials and Work required for Repairs to Ambulances, etc.," with his or her name or names and the date of presentation to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department, or his duly authorized agent, and read.

THE BOARD OF PUBLIC CHARITIES RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 419, CHAPTER 378, LAWS OF 1897.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of Fifty (50) per cent. of the total amount of the bid.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. When more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National or State banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having

abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the General Bookkeeper and Auditor, foot of East Twenty-sixth street, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities will insist upon its absolute enforcement in every particular.

Bidders must satisfy themselves by personal examination, and by such other means as they may prefer, as to the nature and extent of the work or materials, and shall not, any time after the submission of an estimate, dispute or complain of such statement, nor assert that there is any misunderstanding in regard to the nature or amount of the work to be done or materials to be furnished.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall re-

fuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N. B.—The prices must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The Park Board reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do.

Blank forms for proposals for the contract and information relative thereto can be had at the office of the Park Board, Arsenal Building, Central Park, or at the Litchfield Mansion, Prospect Park, Brooklyn.
