BOROUGH OF THE BRONX.

LOCAL BOARD OF MORRISANIA—TWENTY-FOURTH DISTRICT.

MINUTES.

Pursuant to call by President Haffen the members of the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, met on June 16, 1904, at 3 P. M., at the office of the President of the Borough of The Bronx, Municipal Building, Crotona Park, One Hundred and Seventy-seventh street and Third Avenue.

Present—Alderman Dougherty, Alderman Murphy, Alderman Morris, Alderman Stumpf and the President of the Borough of The Bronx.

Absent—Alderman Harnischfeger.

Minutes of meeting held June 2, 1904, were adopted as typewritten.

HEARINGS PURSUANT TO ADVERTISEMENTS IN CITY RECORD ON JUNE 4 AND JUNE 6, 1904.

No. 125.

For Regulating and Grading, Building Approaches and Erecting Fences where Necessary, to wit: A Portion 30 feet wide of Johnson Avenue, and of Spuyten Duyvil Road, Extending from Kappock Street to West Two Hundred and Thirtieth Street, so as to Provide for the Making of a Road which will Furnish Means of Communication Between Spuyten Duyvil, at the Intersection of Kappock Street and Johnson Avenue and Kingsbridge at West Two Hundred and Thirtieth Street.

Petition of estate of Isaac G. Johnson and others was read.

Mrs. B. Courtney appeared in opposition. She favored the regulating to the width of the street as laid out on map, as did also the John Jos. Manley estate, John Burns and Wm. Riley.

Mr. J. J. McKelvey and the estate of David B. Cox and estate of Mary E. Cox, by Walter Cox, appeared in favor of the petition.

Laid over until July 14, 1904, when it was expected that the report as to the estimated cost of the improvement would be presented to the Local Board, as well as the assessed value of the property within the probable area of assessment.

No. 126.

Regulating and Grading, etc., Creston Avenue, from Burnside Avenue to East One Hundred and Eighty-fourth Street.

Petition of John H. Klein and others was read.

No one appeared in opposition.

Estimated cost, \$12,800, and the assessed value of the real estate, with improvements, included within the probable area of assessment is \$66,460.

On motion, the following was adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For constructing a sewer and appurtenances in Fort Independence street, between Bailey avenue and Heath avenue, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Acquiring Title to East One Hundred and Sixty-seventh Street, at a width of 60 feet across the New York and Harlem Railroad.

The Secretary was directed to notify Engineer Nelson P. Lewis, of the Board of Estimate and Apportionment, that the Local Board was of the opinion that the

proceedings for acquiring title should be proceeded with, and that the entire cost and expense of said proceedings should be borne and paid for by The City of New York, as stated in resolution adopted May 19, 1904.

Pelham Avenue Lighting, Third Avenue to Southern Boulevard.

Resolved, That the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, hereby recommends to the Commissioner of Water Supply, Gas and Electricity that additional lights be placed along Pelham avenue, between Third avenue and the Southern Boulevard, in accordance with petition of J. Fairfax McLaughlin, Jr., appended herewith.

Laying out a Playground in the Block Bounded by German Place, Carr Street, St. Ann's Avenue and East One Hundred and Fifty-sixth Street.

The report of the Principal Assistant Topographical Engineer, dated June 11, 1904, and approved by the Chief Engineer on the same day, was read. The Secretary was directed to forward the map to the Board of Estimate and Apportionment for the consideration and approval of the Board of Estimate and Apportionment.

Laying out East One Hundred and Sixtieth Street, from Morris Avenue to Park Avenue.

On motion, the Board rescinded its resolution, approved and certified by the President of the Borough on May 26, 1904, for the laying out on section 7 of the final maps and profiles of East One Hundred and Sixtieth street, from Morris avenue to Park avenue, across the tracks of the New York and Harlem Railroad, and the following were adopted in its place, viz.:

Resolved by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, That proceedings be initiated for acquiring title to the lands necessary for the legal opening of East One Hundred and Sixtieth street, from Morris avenue to Park avenue, in accordance with the report of the Principal Assistant Topographical Engineer, approved June 14, 1904, by the Chief Engineer of the Borough of The Bronx.

Laying Out East One Hundred and Sixtieth Street, Across the Tracks of the New York and Harlem Railroad.

Resolved, That the Local Board of Morrisania, Twenty-fourth District, hereby recommends to the Board of Estimate and Apportionment that East One Hundred and Sixtieth street be laid out on the Map of The City of New York across the tracks of the New York and Harlem Railroad, and that a date for a public hearing thereon be fixed as soon as possible by the said Board of Estimate and Apportionment.

Water and Gas-mains in Morris Avenue, between One Hundred and Sixty-fourth Street and One Hundred and Seventieth Street.

On motion, the following was adopted:

Resolved, That the Local Board of Morrisania, Twenty-fourth District, hereby recommends to the Commissioner of Water Supply, Gas and Electricity, that water and gas-mains be laid in Morris avenue, between One Hundred and Sixty-fourth street and One Hundred and Seventieth street, Borough of The Bronx, City of New York, that lamp posts be placed, gas lamps placed thereon and that the same be lighted and maintained.

The Burning of the Steamer "General Slocum."

On motion, the following preambles and resolutions were adopted by a rising vote:

They were presented by Alderman Morris in a touching and sympathetic address and were ably seconded by Alderman Dougherty, who was on the scene of the disaster all day and all night.

Whereas, A great calamity took place yesterday, resulting in the loss of nearly 1,000 lives by the burning of the steamer "General Slocum"; and

Whereas, In the wake of this direful event followed untold suffering and loss to thousands of families in The City of New York; and

Whereas, A recurrence of a disaster of this kind should be avoided by the application of proper safeguards and proper and careful inspection by officers qualified for such work, therefore be it

Resolved, That we, the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, New York, N. Y., in meeting assembled on June 16, 1904, at the Municipal Building, corner One Hundred and Seventy-seventh street and Third avenue, do hereby deplore the said calamity which resulted in such great loss of life and widespread suffering by our people; and be it further

Resolved, That we call upon the Federal and State authorities having charge of the inspection of the excursion steamers and other boats plying in our rivers and adjacent waters to thoroughly investigate the causes which resulted in this calamity, and to ascertain whether or not it was due in whole or in part to any failure to apply the existing laws which might have prevented said fire and consequent loss of life; be it further

Resolved, That we call upon the Mayor, the Dock Department and the District Attorney to cause a careful investigation to be made of the matters connected with said disaster and to place the responsibility for the same where it should belong and to cause such safeguards to be applied as may be necessary to prevent a recurrence of a similar disaster; and be it further

Resolved, That this Board does hereby extend its heartfelt sympathy to Rev. George C. F. Haas, pastor of St. Mark's Lutheran Church, and to the families of the unfortunate victims.

Resolved, That a copy of these resolutions be forwarded to the President of the United States, the Governor of our State, the Mayor, the President of the Department of Docks and Ferries and to the District Attorney.

The Board then adjourned out of respect to the families of the victims of the said disaster.

HENRY A. GUMBLETON, Secretary.

AQUEDUCT COMMISSION.

Minutes of Adjourned Meeting of the Aqueduct Commissioners, Held at Their Office, No. 280 Broadway, New York City, on Thursday, May 19, 1904, at 11 A. M.

Present—The Comptroller, Commissioners Ten Eyck (President), Windolph and Curtis, and Chief Engineer Smith.

In the absence of the Secretary, Frank H. Warder was designated Acting Secretary.

The Committee of Finance and Audit reported the following preambles and resolutions which had been adopted by it, and recommended the approval thereof:

Whereas, It appears that exception has been taken to the charges heretofore preferred on behalf of this committee against Messrs. Alden and Blauvelt, on the ground that they tend to intimidate witnesses who may be called to testify regarding certain charges of the Merchants' Association against the Aqueduct Commissioners now pending before the Mayor; and

Whereas, The members of the committee had no intention of intimidating any one in making these charges; therefore

Resolved, That the Chairman of the committee be and hereby is directed to withdraw said charges against Messrs. Alden and Blauvelt, subject to the approval of the Aqueduct Commissioners.

On motion, the recommendation was unanimously adopted and the action of the Committee of Finance and Audit approved; and, the Chairman having withdrawn the charges,

On motion, the President was directed to notify the Mayor, the Corporation Counsel, Messrs. Herbert C. Alden and Benjamin L. Blauvelt, and their counsel, J. Hampden Dougherty, Esq., of this action of the Commissioners.

The Commissioners then took up for consideration Report No. 965 of the Chief Engineer, dated May 10, 1904, and the accompanying plans for the construction of the floor of the Jerome Park Reservoir. After considerable discussion, final action was deferred pending the formal approval of Prof. William H. Burr, Chairman of the Committee of Expert Engineers.

The Commissioners then adjourned.

FRANK H. WARDER, Acting Secretary.

Nays—None.

Carried.

Letter of W. G. McAdoo, withdrawing application of the New York and Jersey Railroad Company for its proposed extension to Thirty-third street and Sixth avenue, and making application for crosstown extension along Ninth street to Fourth avenue, with report of Acting Chief Engineer thereon, and report also of the Committee on Contracts on this proposed franchise, was presented as follows, and it was decided that a hearing be held on Thursday, 16th instant, at 2.30 P. M.

NEW YORK AND JERSEY RAILROAD COMPANY,
PRESIDENT'S OFFICE, NO. 15 WALL STREET,
NEW YORK, May 24, 1904.

Hon. ALEXANDER E. ORR, President, Board of Rapid Transit Railroad Commissioners of The City of New York, No. 320 Broadway, New York City:

DEAR SIR—I take pleasure in handing to you herewith a map showing the route and profile of the proposed extension of the line of this company from Christopher and Greenwich streets eastwardly under Christopher street to Ninth street, and eastwardly under Ninth street to Fourth avenue, and thence, with a loop, under Ninth street, Third avenue, Astor place and Fourth avenue. We do not insist upon the loop, but should like to have the right to build it so that it may be exercised when the business of the company necessitates it.

This is the general plan I had the pleasure of discussing with your Committee last week. In the contract or franchise, I presume a provision will be inserted, as in our present franchise, requiring the approval of the Board of the detailed plans before the actual construction shall begin.

I hereby withdraw the application of this company for a franchise under West Tenth street and Sixth avenue to Thirty-third street, and in lieu thereof respectfully apply for the right to extend the tunnels and railroads of this company eastwardly under Christopher and West Ninth streets, on the route above described and as shown on the map herewith submitted.

Yours respectfully,

(Signed) W. G. McADOO, President.
THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS,
CHIEF ENGINEER'S OFFICE, NO. 320 BROADWAY,
NEW YORK, May 28, 1904.

Hon. A. E. ORR, President, Rapid Transit Board:

MY DEAR SIR—I have carefully examined the plan and profile as presented by Mr. McAdoo at the last meeting of the Committee on Contracts and Plans, for a two-track subway for the New York and Jersey Railroad Company. The route of this subway is under Christopher and West Ninth streets, from the corner of Christopher and Greenwich streets to Third avenue.

I have been in consultation with the Engineer of the above company, and have given him the following elevations in reference to mean high water, which should be the limits of their proposed structure above and below the mean high water base:

At Hudson and Christopher streets the highest elevation is at -1.25; at the junction of Greenwich and Sixth avenues -3.75; at Fifth avenue an elevation of -1.525, and at Broadway an elevation of -1.675.

The scheme as proposed is a perfectly feasible one, but considering the difficulties of constructing a tunnel under the City streets I think some provisions should be made in the grant where the Rapid Transit Railroad Commission should have proper jurisdiction in case of any trouble arising like that encountered by the Railroad Commissioners at Joralemon street.

The profile, as proposed by the New York and Jersey Railroad Company, with the suggested modifications as stated above, is a reasonable one, and will not in the future interfere with the City's extension of its proposed subway system.

Very truly yours,

(Signed) GEORGE S. RICE, Deputy Chief Engineer.

To the Board of Rapid Transit Railroad Commissioners:

The Committee on Contracts reports as follows:

It has had under consideration the application of the New York and Jersey Railroad Company for the extension of its route from the present terminus, at the intersection of Christopher and Greenwich streets, in the Borough of Manhattan, along Christopher street and Ninth street to Fourth avenue, with a loop around the block now occupied by the Bible House. Two previous applications were made by this company for an extension of its route along Christopher street and up Sixth avenue. The Committee were unwilling to recommend any such extension, which involved the use of one of the principal north and south avenues in the Borough of Manhattan.

The present application is not open to the same objection. The extension proposed is purely a cross-town line, which will enable passengers using the tunnel under the North river to avail themselves of almost all the principal north and south routes now existing in the borough. In particular, the proposed line will act as a feeder for the rapid transit railway now in course of construction, as the terminus will be put in connection with the subway station at Eighth street and Fourth avenue.

The form of the franchise, which is herewith submitted, follows substantially the form of that granted to the Hudson and Manhattan Railroad Company, but some additional requirements have been suggested by your Committee, all of which have been agreed to by the railroad.

The proposed road is to be constructed in a tunnel at such a depth that it will not interfere with the future construction of subways on any of the north or south streets in Manhattan. Station entrances, it is proposed, shall be through private property, unless by special permission of the Board. Compensation for the use of the City's streets is to be at the same rate as in former cases, namely fifty cents per foot for single track for the first ten years, and one dollar a foot for the next fifteen years. The franchise is perpetual, but the rental is to be readjusted at intervals of twenty-five years.

In view of the fact that this is merely an extension of an interstate railroad, and that it would have but little value as an independent route, your Committee think that such a franchise might properly be granted.

Respectfully submitted,

(Signed) A. E. ORR,
EDWARD M. GROUT,
CHAS. S. SMITH,
Committee on Contracts.

Requisition No. 46, Contract No. 1, was presented as follows:

Letter of President Orr and reply of Mr. Belmont as to suggested extensions in The Bronx Borough were read as follows, and the Secretary was instructed to send copies of the letter to individuals and associations in that borough who have appeared before the Board on these matters:

No. 102 PRODUCE EXCHANGE,
NEW YORK, May 27, 1904.

AUGUST BELMONT, Esq., President, No. 23, Nassau Street, New York City:

DEAR SIR—This Commission has had several interviews with delegations of citizens from The Bronx, urging the extension of rapid transit facilities for that borough. The routes principally favored are:

First—A line from the terminus of the elevated railroad at One Hundred and Fifty-fifth street across the bridge of the New York City and Northern Railway, or thereabouts; thence through and under the hill to Jerome avenue and extending from that point through Jerome avenue to Woodlawn Cemetery with also a connection with the subway at or near the corner of One Hundred and Forty-ninth street and Girard avenue; thence running up Girard avenue to Jerome avenue, thereby affording connections with both the subway systems and the Sixth avenue railroad at One Hundred and Fifty-fifth street.

Second—A line connecting with the elevated portion of the subway at the south-east corner of Bronx Park, now in process of construction; thence through or around the easterly side of Bronx Park to the White Plains road and along that road to or near the City line where it is contiguous to the city of Mount Vernon.

As these proposed routes are virtually extensions of the lines controlled by your company, I am requested by this Commission to inquire whether you would wish to make application for a franchise for either one or both of these proposed routes, or make any suggestion relative thereto.

Yours very truly,

(Signed) A. E. ORR, President.

JUNE 4, 1904.

Hon. ALEXANDER E. ORR, President, Board of Rapid Transit Railroad Commissioners,
No. 320 Broadway, New York City:

MY DEAR SIR—With further reference to your letter of May 27, regarding extensions of the rapid transit facilities in the Borough of The Bronx: The matter was submitted to the Board at its meeting on Wednesday, June 1, and it was not considered wise to recommend Proposition No. 2, for elevated and subway extensions in the eastern section of The Bronx, as outlined therein.

Proposition No. 1, covering elevated extensions through Jerome avenue and other sections of The Bronx, was also taken up and thoroughly discussed, and it was the sense of the meeting that we were not, just at this time, prepared to make application for this franchise.

Believe me,

Very respectfully yours,

The following letter of the Counsel as to agreement as to piece of land to be used in connection with the Simpson Street Station, in The Bronx borough, was presented, and the Secretary instructed to forward the agreement to the Comptroller for preservation in his office:

No. 32 NASSAU STREET, NEW YORK, }
May 31, 1904. }

BION L. BURROWS, Esq., Secretary, Rapid Transit Commission, No. 320 Broadway:

DEAR SIR—I inclose herewith an agreement, dated April 28, 1904, made by William Simpson and American Real Estate Company, in reference to the occupation of certain land belonging to them for the purposes of a rapid transit railroad station at Fox street and Westchester avenue.

This agreement has been recorded, and, I presume, should be transmitted by you to the Comptroller to be filed.

Faithfully yours,

The following correspondence as to the condition of Elm street was read:

CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN, CITY HALL,
June 1, 1904.

Board of Rapid Transit Railroad Commissioners, No. 320 Broadway, City:

GENTLEMEN—Complaints are being constantly received at this office concerning the condition of Elm street, which is such as to be a menace to health. This office would be glad to be informed at your earliest opportunity when your work will have been completed in that street, and when this Department will be able to resume control there.

Very truly,

(Signed) JOHN F. AHEARN, President.

THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS,
CHIEF ENGINEER'S OFFICE, No. 320 BROADWAY,
NEW YORK, June 6, 1904.

BION L. BURROWS, Esq., Secretary, Rapid Transit Board:

DEAR SIR—I have your letter of June 2 inclosing letter from Mr. John F. Ahearn, President of the Borough of Manhattan, where he wishes to be informed when the work will be completed on Elm street, and when the Department will be able to resume control there.

At the present time the Department can have Elm street above Leonard, as the work is completed to date above that street. This does not include a very small amount of work in setting covers for the electric manholes in two places, which, however, will be finished by the time this letter reaches you.

South of Leonard street there remains a small amount of work to be done, principally on the block between Leonard and Worth. This work will be completed inside of two weeks, so that I would state Elm street will be in a condition to be turned over to the City by July 1.

Very truly yours,

(Signed) GEORGE S. RICE, Deputy Chief Engineer.

JUNE 9, 1904.

BION L. BURROWS, Esq., Secretary, Rapid Transit Board:

DEAR SIR—I present the following report on the condition of Elm street, Manhattan:

This street, north of Leonard street, is ready to be turned over to the City at any time, as also is the portion south of Pearl street. Between Pearl and Leonard streets a small amount of work is to be done by the Electric Light and Gas Companies, and some back filling by the sub-contractor. This will take about two weeks' time, so that by the first of July the whole of Elm street will be in a condition to be turned over to the City.

Very truly yours,

(Signed) GEORGE S. RICE, Deputy Chief Engineer.

The following resolution was moved by the Comptroller:

Resolved, That copy of the report of the Acting Chief Engineer on the condition of Elm street, this day submitted to this Board, be forwarded to the President of Manhattan Borough, and that the Secretary notify him that the Rapid Transit Board now turns over to him Elm street north of Leonard street and south of Pearl street.

Ayes—The President, the Vice-President, the Comptroller and Commissioners Langdon, Smith, Jesup and Claflin.

Nays—None.

Mr. BION L. BURROWS, Secretary, Rapid Transit Board:

DEAR SIR—The Consolidated Gas Company are at present laying a 30-inch gas-main through Great Jones street, which will cross the Rapid Transit Subway at Lafayette place. They find that the Edison subway and water-mains are too high to permit the laying of the 30-inch main, and request permission to alter or have altered at their expense the roof of the tunnel to accommodate the laying of a box-pipe of the size 1 foot 6 inches by 3 feet 6 inches, such alterations to be made under the supervision and to the satisfaction of the Rapid Transit Commission.

Will you please see that the proper resolution is passed by the Board at its next meeting.

Yours very truly,

(Signed) GEORGE S. RICE, Deputy Chief Engineer.

The following resolution was moved:

Resolved, That this Board hereby consents to such an alteration of the roof of the subway at Lafayette place as will permit the laying of a box gas-pipe of the Consolidated Gas Company, of the size of 1 foot 6 inches by 3 feet 6 inches, such alterations to be made under the supervision of the Acting Chief Engineer and to his satisfaction and entirely at the expense of the said company.

The following report of counsel as to claim forwarded by the Corporation Counsel of Empire Decorative Company for damage growing out of break in water-main near No. 1908 Broadway was read, and it was decided that the contractor be notified

of the claim, and a copy of the opinion of counsel forwarded to the Corporation Counsel:

MAY 24, 1904.

ALEXANDER E. ORR, Esq., *President Rapid Transit Commission:*

DEAR SIR—At the meeting of the Board, held on the 9th inst., a letter from the Acting Corporation Counsel, dated May 9, 1904, was referred to counsel for report.

This letter states that the Empire Decorative Company has filed a claim against the City for damages caused by the bursting of a water-main in Broadway, near Sixty-third street. No claim is presented by the City itself. The break occurred on Thanksgiving Day, 1903, and was repaired by the Department of Water Supply, Gas and Electricity. The foreman in charge has expressed the opinion that the pipe "had settled and broke due to the improper filling and removing of the sheathing of the sewer trench at that point," and the Acting Corporation Counsel thinks that if the foreman's statement is correct, the claim, which amounts to \$84.09, should be paid.

From a report of Mr. Hendrick, Division Engineer of the Rapid Transit Board, it appears that this pipe was not moved by Mr. McDonald or his sub-contractors. It was partially exposed while building a sewer, but "was carefully supported by bracing at every length in good workmanlike manner." The back filling was done in June, 1902, under supervision of a careful inspector, and a large portion of the sheathing was left in. Mr. Hendrick thinks that any break due to improper filling, etc., would have probably occurred within a year, and that this accident was probably due to the poor condition of the pipe, which was apparently very old and leaked from slight causes. He did not see the pipe when it was repaired.

The only question with which the Board is concerned is whether Mr. McDonald is liable to make good the damages complained of.

By the terms of the contract, he is required to "protect and support" any water-main that may be met with; and he is to indemnify the City from all damages that may result from negligence or carelessness in doing the work. In case any claim is made by any person or corporation against the City for loss or damages alleged to have been caused by any negligence or fault of the contractor, the Board may require the Comptroller to retain the amount of such claim from any moneys thereafter due to the contractor, until the City's liability is settled.

The Appellate Division of the Supreme Court, in *Wheeler vs. Norton*, 92 App. Div. 368, has lately laid down the principles upon which liability in a case like this must rest. It was there held that a sub-contractor on the rapid transit work may be held responsible for flooding the plaintiff's premises on the theory of trespassing, even if there was no proof that he was negligent. In that case *Norton & Co.* (Naughton & Co.), while blasting rock, broke a 12-inch water-pipe, from which water escaped and injured plaintiff's property. The Court held that this act of the defendants' broke the pipe which caused the water to flow upon plaintiff's land, and that their act was the direct and proximate cause of plaintiff's injury, and that they should make good the same whether their act was a negligent one or not. In every such case, it must appear affirmatively that it is the defendant's act that caused the damage; and in a case like the present, where the injury arose eighteen months after the contractor had finished his work on the pipe, it seems at least doubtful whether the evidence would justify any recovery against either the contractor or his sub-contractors.

We think that the proper course will be to notify Mr. McDonald of the existence of this claim, so that he may take such measures in regard to it as he is advised.

Whether it is expedient to require the Comptroller to retain the amount until the claim is decided is a matter which the Board should determine, bearing in mind the uncertainty of the evidence, the smallness of the claim and the ample security given by the contractor for the faithful performance of all the covenants of the agreement for construction.

Respectfully yours,
(Signed) G. L. RIVES.

Reply of the contractor, as follows, was read, as to claims growing out of break in water-main at Ninety-first street and Broadway, and it was decided that the Acting Chief Engineer prepare a determination in duplicate as to whether there should be a reduction in the amount paid the contractor for this work:

RAPID TRANSIT SUBWAY CONSTRUCTION COMPANY,
OFFICE, PARK ROW BUILDING, NOS. 13-21 PARK ROW, NEW YORK,
June 6, 1904.

Mr. BION L. BURROWS, Secretary, Board of Rapid Transit Railroad Commissioners,
No. 320 Broadway, New York City:

DEAR SIR—I acknowledge receipt of your letters of May 20th and May 23d, 1904, referring to the break in water-main in February last in Broadway in the neighborhood of Ninety-first street. I am constrained to disclaim liability in this matter. The report of Mr. E. C. Moore, our resident engineer, shows that the water-main was properly laid and that the proper amount of blocking was put underneath it; also that the blocking was put on good firm earth, precluding any possibility of settlement. This does not appear to be at variance with the facts found by Mr. Craven.

Yours very truly,
(Signed) JOHN B. McDONALD.

As to claim presented through the Finance Department growing out of the same break, Counsel advised the Comptroller that the claimant should sue the contractor or the City.

Report of the Acting Chief Engineer as to Bronx Park Station was presented as follows, and a copy ordered forwarded to the correspondent:

NEW YORK, May 24, 1904.

BION L. BURROWS, Esq., Secretary, Rapid Transit Board:

DEAR SIR—I have your letter of May 20 inclosing letter from Mr. C. McRae, Secretary of the East Tremont Tax Payers' Association, and I think it would be inadvisable to make a continuous station from One Hundred and Seventy-seventh street to One Hundred and Eightieth street if the stations were put at those two places. Our station platforms are 350 feet long, and it was the original intention of the Commission to have the station at One Hundred and Eighty-second street; and in all probability, when the line is extended either through the Park or around the Park the corresponding station will be placed about the distance where the One Hundred and Eighty-second Street Station would have been, but nothing is being done in this matter at the present time as the extension has not been decided upon. The One Hundred and Seventy-seventh Street Station was one of the original locations, and it has been built in accordance with the original plans.

Very truly yours,
(Signed) GEORGE S. RICE, Deputy Chief Engineer.

CHARLES BULKLEY HUBBELL, COUNSELLOR AT LAW,
BANK OF COMMERCE BUILDING, NO. 31 NASSAU STREET,
NEW YORK, May 19, 1904.

Hon. ALEXANDER E. ORR, President, Board of Rapid Transit Commissioners:

DEAR MR. PRESIDENT—At the last session held by the Commissioners appointed by the Appellate Division of the First Department, to report concerning the construction and operation of a railroad in Park avenue, from Thirty-third to Forty-second streets (the so-called Park avenue modification), counsel for some of the contestants proposed that the Commissioners should undertake to demonstrate by experiment how serious a nuisance might be caused by trains moving in the subway along the portion of the road referred to, by reason of vibrations that might be communicated to the houses of abutting owners.

Before passing upon the question, we would like to be informed as to whether it is practicable to equip a train with substantially the same motive power that would be used, and operate it between Thirty-third and Forty-second streets (the easterly tunnel), in order to test this question as to the disturbance that the contestants fear will be created.

Requesting as early a reply as your convenience permits, I am, dear sir,

Very truly yours,

Hon. A. E. ORR, President, Rapid Transit Board:

DEAR SIR—I have your letter of even date with inclosure from Mr. Charles Bulkley Hubbell, and hasten to state that it is not practicable to equip a train with substantially the same motive power as would be used on the Rapid Transit Railway and operate it between Thirty-third and Forty-second streets, in order to test the question as to the disturbance to the abutting property owners. The road will not be in condition to be operated with such a train until some time in August next.

I return you Mr. Hubbell's letter herewith, also copy of letter which I addressed to Mr. McDonald on this subject.

JOHN B. McDONALD, Esq., Contractor, Nos. 13-21 Park Row:

DEAR SIR—The Commissioners appointed by the Appellate Division, First Department, to consider the construction and operation of a railroad in Park avenue, from Thirty-third to Forty-second street, have written a letter to the Rapid Transit Board stating that some of the contestants proposed that the Commissioners should undertake to demonstrate by experiment how serious a nuisance might be caused by trains moving in the subway along the portion of the road referred to, by reason of vibrations that might be communicated to the houses of abutting owners. They write: "Before passing upon the question we would like to be informed as to whether it is practicable to equip a train with substantially the same motive power that would be used and operate it between Thirty-third and Forty-second streets (the easterly tunnel) in order to test this question as to the disturbance that the contestants fear will be created."

Report of the Acting Chief Engineer and opinion of Counsel as to unauthorized cutting into sidewall of the subway at Nineteenth street by employees of the Department of Water Supply, Gas and Electricity was presented, as follows, and the President was requested to address a communication to the Mayor on the subject:

MAY 24, 1904.

Hon. A. E. ORR, President, Rapid Transit Board:

DEAR SIR—On the 14th of this month a contractor laying a main for the Department of Water Supply, Gas and Electricity had cut into the brick work of the man-hole connected with the Rapid Transit structure on the west side of Nineteenth street. The Division Engineer gave orders to have the work discontinued. This is a serious matter, where another department of the City interferes with the Rapid Transit structure, and as the same result may be had again I call your attention to this matter so that a mode of procedure in the future can be followed. I send to you the correspondence relating to this subject, and I ask that the standing of the Commission in reference to the structure be defined as far as legal aspects are concerned.

Very truly yours,
(Signed) GEORGE S. RICE, Deputy Chief Engineer.
NEW YORK, May 19, 1904.

Mr. GEORGE S. RICE, Deputy Chief Engineer, No. 320 Broadway, City:

DEAR SIR—On Saturday morning, May 14, Mr. Prince reported to this office that a contractor laying a main for the Department of Water Supply, Gas and Electricity had cut into the brickwork of the duct manhole on the west side of our structure at Nineteenth street. I ordered Mr. Prince to send a man to Nineteenth street to notify the contractors that they were cutting into Rapid Transit property and to order them to stop this cutting. According to the inclosed report, this order was carried out by sending Mr. William F. Mercer to Nineteenth street. He gave order to the contractor to stop cutting, which he immediately did. Mr. Deignan, Assistant Engineer of the Water Department, however, appeared on the ground and ordered the contractor to go ahead with the cutting. Mr. Mercer then reported to Mr. Prince, who notified me of what had been done. Before taking further steps I called up Mr. Bull, of the Department of Water Supply, and explained the situation to him, and stated that we could not have our structure cut into, but that if we had laid the water-main (this main was one laid by Holbrook, Cabot & Daly) so that the proper connection could not be made without cutting away our structure, we should have the main relaid so that the proper connection could be made without cutting. Mr. Bull said he would have the work stopped as soon as he could get in communication with Mr. Deignan or the contractor. I called up Mr. Prince and arranged to have Mr. Deignan call up Mr. Bull, which I understand he did. However, before Mr. Deignan had received his orders, the brick had been cut away as far as they intended to cut it, and the water-main adjacent to our structure had been cut out ready to put in the connection. In cutting away the projecting brickwork and setting the three-way, the waterproofing was damaged, and this damage has been repaired by the Sicilian Asphalt Company, working for Cunningham & Kearns, contractors for laying the water-main. There therefore remains nothing to be done on the ground in regard to this particular action, but I would suggest to you the desirability of making arrangements to prevent a repetition of this occurrence, and would ask for instructions as to the method of procedure to be followed in similar cases. In an ordinary case of cutting into our structure, I suppose the method of procedure would be to order the parties to stop the work, and if they do not do so, call a policeman and have them arrested for destroying City property. If the same procedure has to be followed in the case of a contractor working under the orders of another City Department, we would have some trouble in getting such arrests made, unless the Police are notified by the proper authorities to make the arrest on the request of any one showing the proper authority from the Rapid Transit Commission. In the case of the Department of Water Supply, the Engineers of this Department are in many cases known to the police officials, whereas we are not. I would say that this cut-

ting into our structure against the protest of one of our Engineers is a survival of the time when the Chief Engineers of the Croton Water Bureau was practically Chief Engineer of the Department of Public Works and of The City of New York, and as such had jurisdiction over all structures in the street above those of private companies and of The City of New York, and were accustomed to cut through any structure which happened to come in line where they wished to lay a water-main. Will you please instruct me in this matter?

Respectfully,
(Signed) ALBERT CARR, Engineer First Division.

No. 32 NASSAU STREET, NEW YORK, June 6, 1904.

ALEXANDER E. ORR, Esq., President, Rapid Transit Commission, No. 320 Broadway:

DEAR SIR—We have read over the letter from Mr. Rice to you, dated May 24, 1904, referring to a case where a contractor, under an agreement with the Department of Water Supply, Gas and Electricity, had cut into the brickwork of a part of the rapid transit structure on Nineteenth street, near Fourth avenue.

It appears that on May 14 the Assistant Engineer of the Rapid Transit Commission was informed that these contractors had cut out a small portion of the brick backing of the subway; that at the request of the Assistant Engineer, the contractors stopped this work; and that they were subsequently ordered to continue it by one of the employees of the Department of Water Supply, Gas and Electricity; and that they were finally directed to discontinue the cutting by Mr. Bull at that office. The damage has since been repaired by the contractors of the Department of Water Supply.

There remains, therefore, nothing to be done in regard to this particular case, but the Acting Chief Engineer calls attention to the matter, so that a mode of procedure in the future can be followed, and he asks that the standing of the Commission, in reference to the structure, be defined, as far as legal aspects are concerned.

The statutes do not seem to have provided for a case like the present, and we hardly think that any strict legal rule can be laid down. The subway is built and paid for by the City, and is declared by the statute to be "the absolute property of the City," and to be "a part of the public streets and highways of the City." It probably did not occur to those who drafted the statutes that it would be necessary to prohibit the employees of the City from deliberately damaging its own property; but that such prohibition is desirable appears, however, not only from the present case, but from other instances which have come to the notice of the Rapid Transit Commission. For instance, a case, of which the Chief Engineer had a photograph, showing a water-pipe running transversely through a sewer.

Where subsurface structures are in control of different departments of the City Government, we should suppose that the proper course would be for the heads of the two departments to communicate with each other, with view to avoiding injury to the City's property.

Cases similar to the present might occur again, when employees, not only of the Department of Water Supply, Gas and Electricity, but also of the several Borough Presidents, might, in the course of other work, undertake, without consulting the Rapid Transit Commission or its Engineers, to attack the rapid transit structures.

We would suggest that a communication might be addressed by you to his Honor the Mayor, and that he be requested to address a communication to the various Borough Presidents or heads of departments, who may have jurisdiction of the streets, asking them not to attack rapid transit structures, without conferring with the Rapid Transit Commission, or, at least, giving it notice, so that the property in its charge may be preserved from injury.

This subject seems of especial importance to the City, in view of the fact that the road is leased for a period of fifty years, and that any injury of the rapid transit structures that affected the running of trains might justify the lessee, either in not paying rent or in claiming a deduction therefrom.

Respectfully yours,
(Signed) G. L. RIVES,

Report of the Comptroller was read, as follows, as to leasing of second floor of premises northeast corner of Broadway and Forty-second street:

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
May 21, 1904.

Hon. ALEXANDER E. ORR, President, Board of Rapid Transit Railroad Commissioners:

SIR—At meeting of the Rapid Transit Commissioners held January 7, 1904, by resolution of the Board, I was authorized to lease the premises northeast corner of Forty-second street and Broadway. I would report that I have agreed to lease the entire second story of said premises to H. Wagner & Adler Company, No. 45 Great Jones street, from June 1, 1904, to February 1, 1906, rent for entire term \$3,000, payable monthly in advance, and I have requested Mr. Albert B. Boardman to prepare a lease in triplicate.

While this rental is not as good as formerly obtained, this floor has been lying idle for some time, and this is the best offer I have been able to obtain, owing to the shortness of the term; the property reverting to the Astor Estate on February 1, 1906.

Inclosed find check of H. Wagner & Adler Company for \$150, for rent for month of June, 1904.

Respectfully,
(Signed) EDWARD M. GROUT, Comptroller.

The following resolution was moved:

Resolved, That the action of the Comptroller in renting premises second floor of northeast corner Broadway and Forty-second street to the H. Wagner & Adler Company, No. 45 Great Jones street, for the period from June 1, 1904, to February 1, 1906, entire term for three thousand dollars, payable monthly in advance, be and the same hereby is ratified and approved.

Ayes—The President, the Vice-President, the Comptroller and Commissioners Langdon, Smith, Jesup and Clafin.

Nays—None.

Letter of Wilhelmus Mynderse, as to his premises No. 94 Joralemon street, Brooklyn, was presented and referred to Counsel for report, as follows:

BUTLER, NOTMAN, JOLINE & MYNDERSE,
No. 54 WALL STREET, NEW YORK,
June 7, 1904.

Rapid Transit Commissioners:

DEAR SIR—I am the owner of property No. 94 Joralemon street at the easterly corner of Garden place, Brooklyn.

By reason of the operation and construction of the tunnels under Joralemon street my house has suffered severely.

The foundations have settled; the exterior walls are broken; some of the floors have settled; the interior walls and ceilings are, many of them, badly cracked and loosened; many of the doors and windows have been racked and set askew; the steam-pipes, gas-pipes and plumbing pipes have been disturbed; the stoop has fallen away from the house; the sidewalks and front and rear areas have been more or less upset; the trees and their guards have been badly broken, and many minor damages have been inflicted.

I have, from time to time, called the attention of your Board and of the engineers in charge of the work to the conditions, and surveyors, whom I am now informed represented you, have visited the house.

Three months ago it became necessary to shore the north and west walls of the building.

In order to fit my house for occupancy next winter, it is essential that the work of restoring the building be undertaken without delay.

My architects, Messrs. Lord & Hewlett, are preparing plans for this work, and I intend to begin work about July 1, unless in the meantime you, or the Interborough Rapid Transit Company, whichever may be responsible, relieve me of the burden.

I invite your attention to the situation, and ask that you take the matter in hand and make good the damages to my house.

Please inform me what your intentions are in the matter.

You will note that Joralemon street, between Garden place and Henry, has been occupied by the shafts and the surface machinery and materials for more than fifteen months.

Aside from the physical damage to the adjoining property the buildings have been rendered almost, if not entirely, uninhabitable by the noise, dirt and obstructions.

Joralemon street has been impassable for traffic during the entire period.

You and your engineers promised when the work was undertaken in March, 1903, that the entire work should be completed and the shafts closed within nine months.

Fifteen months have passed and there is no sign of the work coming to an end. During only a small portion of this time has my family been able to remain in the house, and then only with great discomfort and inconvenience.

It is now rumored that you or the contractors purpose to construct from these shafts the tunnel, not only to the river, but under the river, until it meets the work from New York, instead of opening shafts at the foot of the hill near the river, and conducting the work from them.

I understand that the contractors have sought or are seeking permission to do the work from the present shafts because of difficulties between them and the New York Dock Company respecting the opening of shafts near the river.

Those difficulties, I believe, are solely of a financial character and should not be permitted to weigh against the injustice of longer imposing upon my neighbors and myself the burden which we have carried for fifteen months past.

Very respectfully,
(Signed) WILHELMUS MYNDERSE.

Letter, as follows, in behalf of the American Scenic and Historic Preservation Society as to stations at One Hundred and Fifty-seventh and One Hundred and Eighty-first streets, on Broadway, was read and referred to Mr. Belmont for his information and advice:

REGINALD PELHAM BOLTON,
No. 35 NASSAU STREET, NEW YORK CITY,
June 8, 1904.

The Rapid Transit Railroad Commissioners, New York City:

DEAR SIR—I have been appointed by the Committee on Names of the American Scenic and Historic Preservation Society to suggest to you the propriety of applying the names "Audubon Park" and "Fort Washington" to the stations of the underground railway at One Hundred and Fifty-seventh and One Hundred and Eighty-first streets, respectively, and to ask your favorable consideration of this proposal. The localities indicated by these names are well known, and indicate clearly the position of the stations on the west side of the City. I am,

Yours very respectfully,

Letter of Strong & Cadwalader with respect to sale of properties acquired for the acquisition of easements, by Bryan L. Kennelly, auctioneer, was presented, as follows:

STRONG & CADWALADER, No. 40 WALL STREET,
NEW YORK, June 8, 1904.

MESSRS. BOARDMAN, PLATT & SOLEY, No. 35 Wall Street, City:

GENTLEMEN—We send you herewith the statements of Bryan L. Kennelly, dated April 26, May 17 and June 6 respectively, in account with the Board of Rapid Transit Commissioners for the sales at auction on April 26 of various easement properties of the Interborough Rapid Transit Company showing total amount of sales, \$540,550, total amount of ten per cent. deposited by purchasers with Mr. Kennelly, \$52,435. The sale to Albert Hockster of Lots Nos 1 and 2, shown at the foot of Mr. Kennelly's list, \$16,200, was not consummated by Mr. Hockster, he having failed to make the ten per cent. deposit. These two lots were again put up for sale on June 1, and sold to Nevins & Perelman for \$16,400, as shown by Mr. Kennelly's further statements dated June 6, also inclosed herewith.

We have passed the deeds and received the balance of the purchase money in the case of all the sales, except as follows:

Benjamin F. Ashley, Lots No. 11 to 15.....	\$10,620 00
Jacob Bernstein, Lots Nos. 6, 7 and 8.....	24,840 00
Nevin & Perelman, Lots Nos. 1 and 2.....	14,760 00

We have received from Mr. Kennelly, the auctioneer, on account of said deposit, money as follows:

May 4	\$21,000 00
June 4	25,800 00
June 6	745 75

These amounts with Mr. Kennelly's commissions and expenses as above make up the total sum of ten per cent. deposited with him for the sales on April 26.

A part of the property fronting on Exterior, One Hundred and Forty-fourth and One Hundred and Forty-fifth streets is occupied by Messrs. McMullen & McBean, sub-contractors, they having on the premises a mass of lumber, derricks and other apparatus used by them in the completion of the tunnel, and we understand that under their contract they have the right to continue in occupation until the tunnel is officially accepted. It will be necessary therefore to make some arrangement with Mr. Duffy, the purchaser of these lots, who is entitled to immediate possession thereof under his deed, in the way of a short lease or otherwise. Mr. Duffy has stated that he would require a rental of \$150 per month to continue for at least three months and monthly thereafter at the same rate as long as the property is required for the purpose of the sub-contractors. We have submitted this subject to Mr. Belmont, President of the Interborough Company.

Very truly yours,
(Signed) STRONG & CADWALADER.

President Orr reported the receipt of letter of Walter Wellman, with suggestions for solution of rapid transit problem in this City, and the matter was referred to the Acting Chief Engineer for report.

President Orr reported that he had had a letter from Mr. Parsons from London, and Mr. Parsons had suggested that an invitation be sent to certain representatives of London and Paris transportation companies to attend the opening ceremonies of the subway in this City, which President Orr thought would be held in September. It was understood that President Orr would send such invitations.

Counsel reported as to arrangements for entrances to station near the Times Building, at Forty-second street and Broadway. The following resolution was moved:

Resolved, That the President and Secretary be and they hereby are authorized and directed to execute, under the seal and in the name of the Board an agreement with New York Times Building Company and Interborough Rapid Transit Company in form substantially as follows, to wit:

Agreement made this day of June, nineteen hundred and four, by and between the New York Times Building Company, a corporation organized and existing under and pursuant to the Laws of the State of New York, hereinafter called the "Building Company," party of the first part, the Interborough Rapid Transit Company, a corporation organized and existing under and pursuant to the Laws of the State of New York, hereinafter called the "Transit Company," of the second part, and the City of New York, acting by the Board of Rapid Transit Commissioners for said City, hereinafter called "The City," party of the third part, witnesseth:

Whereas, Pursuant to law and to a certain contract made between The City and one John B. McDonald, dated the 21st day of February, 1900, and various amendments thereto, the said City is constructing a Rapid Transit Railroad under and along certain streets in The City of New York, and especially under and in front of the premises bounded by West Forty-second and West Forty-third streets and Broadway and Seventh avenue, in Manhattan Borough, in The City of New York; and

Whereas, The Building Company claims to be the owner in fee of the northerly portion of the premises hereinbefore described, subject to a certain easement through said premises granted by the Subway Realty Company to The City of New York by deed dated February 4, 1903, and recorded in the office of the Register of the County of New York on the day of February, 1903, in Block Series section 4 liber 92 of Conveyances, page 89; and to be the owner of a leasehold expiring February 1, two thousand and three, of the southerly portion of said premises; and is erecting on the whole of said premises an office building, which will extend above the street level at least sixteen stories, and which building will extend below the street level to a depth of about 55 feet, containing a basement and several sub-basements; and

Whereas, By the said contract, bearing date the 21st day of February, 1900, made between the City and the said John B. McDonald, the said McDonald has agreed to use, maintain and operate for a term of fifty years the said Rapid Transit Railroad when constructed; and

Whereas, By instrument, bearing date the 1st day of August, 1902, the said McDonald has, with the consent of the Board of Rapid Transit Railroad Commis-

sioners, assigned to said Interborough Rapid Transit Company so much of the said contract of February 21, 1900, as provides for the use, maintenance and operation of the said Rapid Transit Railroad; and

Whereas, The City has, for the purpose of the proper maintenance and operation of said Rapid Transit Road, designated that a station be placed and maintained at or near the intersection of West Forty-second street and Broadway; and

Whereas, The Transit Company deems it necessary, convenient and expedient to use a part of the lower portion of the building to be erected by the Building Company as a means of ingress and egress, in order that easy and ready access to and from said station may be had from Seventh avenue and the west side of Broadway; and

Whereas, The Building Company has agreed to allow such ingress to and egress from such lower portion of its building upon the terms and conditions hereinafter mentioned;

Now therefore, in consideration of the premises and of the sum of one dollar by each of the parties hereto to the other in hand paid, the receipt whereof is hereby acknowledged, said parties agree to and with each other as follows:

First—The Building Company agrees to provide the entrance and exits shown on the plans hereto attached, and which plans bear the signatures of the said Building Company and of the Transit Company, and to keep said entrances and exits open during the life of this contract, or so long as the conditions herein required to be kept and performed by the Transit Company are faithfully kept and performed by it.

Second—On condition that the Building Company, its successors or assigns, shall keep the entrances and exits designated on the plans hereto annexed open at all hours for ingress and egress, the Transit Company covenants and agrees that it will cover or cause to be covered and kept covered the stairway and opening thereof heretofore planned at or near the northwest corner of Forty-second street and Broadway, and that it will not at any time during the existence of said contract with the City, or any renewal thereof, build any stairway or maintain or provide any entrance to said subway station at any point on the northerly side of Forty-second street, between Broadway and a line parallel to Seventh avenue and distant twenty-four (24) feet easterly therefrom; and that unless legally required by the City to open, build, maintain or provide another entrance or entrances to said subway station at some point within the sidewalk space around the said building, it will not open, build, maintain or provide at any other place within the sidewalk space around the said building any entrance to the subway station other than those shown on the plans hereto annexed.

Third—The Transit Company covenants and agrees to brilliantly light with electricity during each day and night, at its own cost and expense, and free of all cost to the Building Company, the ground story of said building, as also the first basement of said building, but it is understood and agreed that the lighting of the fixtures attached to any booths that the Building Company may erect and maintain on said ground floor and basement, shall be borne and paid for by said Building Company.

It is also further understood and agreed that the Transit Company shall first obtain the consent of the Building Company to the location of any wiring necessary for the illumination of said ground story and basement, and that all lighting fixtures to be used by the Transit Company, if visible, shall harmonize with the architecture of said building of said Building Company.

Fourth—The Transit Company consents that the name of the station situated at Forty-second street and Broadway shall be designated and called "Times Station," and covenants and agrees that it will allow the Building Company the use of any commercial tubes placed in the subway tunnel, and which it may own or control upon as favorable terms as are accorded any person or corporation, the Government of the United States alone excepted.

Fifth—It is understood and agreed by and between the parties hereto, that the present building line shall be the line indicating the limit of each party for station maintenance, except so far as herein otherwise provided for lighting.

Sixth—It is further agreed that if the Transit Company or its successors and assigns shall procure a renewal of said contract of February 21, 1900, or of so much thereof as provides for the use, maintenance and operation of said Rapid Transit Railroad, then this agreement shall be deemed to be extended over such renewal period.

Seventh—The City hereby consents to this agreement and hereby releases the said John B. McDonald and the Transit Company of and from any and all obligations heretofore assumed to build the stairway and entrance hereinbefore referred to and planned for the northwest corner of Forty-second street and Broadway.

Eighth—This agreement shall be binding upon the parties hereto, their successors and assigns.

In witness whereof, this agreement has been executed for The City of New York by its Board of Rapid Transit Railroad Commissioners under and by virtue of a resolution duly adopted by the said Board, and the seal of the said Board has been hereto affixed and these presents signed by the President and Secretary of the said Board, and the said Interborough Rapid Transit Company and said New York Times Building Company have caused their respective corporate seals to be hereto affixed and attested by their respective Presidents the day and year first above written.

Counsel reported as follows as to Commission appointed to hear and determine as to connection with the Manhattan Road at Brook avenue in The Bronx Borough:

On January 7, 1904, the Board passed resolutions authorizing counsel to obtain the names of the owners and the assessed values of the property along the route of the proposed extension, and also authorizing the President to sign letters to the various property owners (see Minutes, pp. 2487-2489). Subsequently, on finding that the consents could not be obtained, a petition was presented to the Supreme Court, dated February 11, 1904, for the appointment of Commissioners to determine whether the extension in question ought to be constructed and operated.

Owing to the necessity for advertising the various steps of the proceeding, the Commissioners were not appointed until April 19, 1904, and were unable to meet until May 3, 1904. There was no opposition before them, but it was necessary that they should take testimony and inspect the premises, which they did. They made a report, dated May 11, 1904, which was presented to the Appellate Division, May 13, 1904, and an order dated May 20 was duly entered, confirming the report and granting the consent of the Appellate Division for the construction and operation of the road. At the same time the Appellate Division entered an order fixing the compensation of the Commissioners at \$250 each.

Plans were presented by Counsel showing abutting property along this proposed connection with the Manhattan Road as to which easements are to be acquired, and the following resolution was moved:

Whereas, The Acting Chief Engineer has made and duly submitted to this Board four similar maps or plans of certain parcels of property in the Borough of The Bronx, abutting on or adjacent to Westchester avenue, to which several parcels there are appurtenant certain rights, terms, franchises, easements or privileges necessary to be acquired for the construction, maintenance and operation of the Rapid Transit Railroad constructed or to be constructed by John B. McDonald, in pursuance of the contract heretofore made between the said McDonald and The City of New York, bearing date the 21st day of February, 1900, as modified by subsequent agreements and particularly by a supplemental agreement bearing date the 16th day of July, 1903; and

Whereas, Upon each such map or plan so made there has been placed by authority of this Board a memorandum as part thereof, clearly indicating the particular estate or estates, rights, terms, privileges, franchises or easements to be acquired for the purposes of such construction, maintenance and operation in relation to each and every

parcel of property described upon said map or plan, such memorandum being substantially in the form following, to wit:

Memorandum indicating the particular estates, rights, terms, privileges, franchises or easements to be acquired or extinguished in relation to each and every piece or parcel of property described upon this map or plan.

All easements of light, air or access appurtenant to each of the several pieces or parcels described upon this map or plan in or over Westchester avenue and Third avenue in the Borough of The Bronx, which may have been or which may hereafter be taken or damaged in whole or in part by the construction, maintenance or operation in, upon or over the said avenues of a Rapid Transit Railroad extending from a connection with the line of the route heretofore adopted on Westchester avenue at a point at or near the intersection of St. Ann's avenue and Westchester avenue, and extending westerly along Westchester avenue (being in addition to the tracks hereinbefore originally provided over and along such portion of Westchester avenue) to near Third avenue, and from Westchester avenue turning southerly into Third avenue to a point convenient for connection with the railroad of the Manhattan Railway Company over Third avenue, together with proper connections or switches, tracks and otherwise with the Rapid Transit Railroad aforesaid at or near the intersection of St. Ann's avenue and Westchester avenue aforesaid, and also together with proper connections by necessary and suitable switches, tracks and otherwise of the said railroad of the Manhattan Railway Company upon Third avenue; the said railroad shown on this map or plan being in accordance with the resolutions adopted by the Board of Rapid Transit Railroad Commissioners for The City of New York on July 16, 1903, and approved by the Board of Aldermen of The City of New York December 15, 1903, and by the Mayor of The City of New York December 22, 1903, and consented to by an order of the Appellate Division in the First Department entered on or about the 29th day of May, 1904. The mode of construction of the said railroad is exhibited upon this map or plan, and is in accordance with the detailed plans and specifications prepared by the said Board of Rapid Transit Railroad Commissioners contained or referred to in the contract entered into with John B. McDonald, dated February 21, 1900, as modified by subsequent agreements and particularly by a supplemental agreement bearing date July 16, 1903.

GEORGE S. RICE, Deputy Chief Engineer.

Now therefore be it

Resolved, That the said maps or plans and the said memoranda be and the same hereby are approved and adopted; that a certificate of such approval and adoption be written upon each of the said maps or plans and signed by the members of this Board; that one of the said maps or plans shall be filed in the office of the President of the Borough of The Bronx, being the chief executive department of The City of New York having principal charge of the said streets, there to remain as a public record; that two of the said maps or plans and memoranda be transmitted to the Corporation Counsel of The City of New York, together with a copy of these resolutions, and that one of the said maps or plans be kept on record in the office of this Board.

Resolved, That this Board deems it to be necessary and proper that The City of New York should acquire the property or the rights, terms, franchises, easements or privileges indicated in the said memoranda; and having caused to be made the said maps or plans and memoranda specifying and defining the said property to be acquired or to which are appurtenant the rights, terms, franchises, easements or privileges to be acquired or extinguished, does hereby direct the Corporation Counsel of The City of New York to take legal proceedings to acquire the same for said City, as provided in chapter 752 of the Laws of 1894, as amended by chapter 519 of the Laws of 1895.

Ayes—The President, Vice-President, Comptroller and Commissioners Langdon, Smith, Jesup and Claflin.

Nays—None.

Carried.

Counsel reported as to suit brought by Matthew J. Reilly, Inspector of Masonry, for reinstatement, that it had been deemed wise to settle with him for \$100. The following resolution was moved:

Resolved, That the action of Counsel in adjusting difficulty with Matthew J. Reilly, formerly Inspector of Masonry, be and the same hereby is approved, and that a voucher be drawn in due form on the Comptroller for \$100 in full settlement of any claims by the said Reilly.

Ayes—The President, the Vice-President, the Comptroller and Commissioners Langdon, Smith, Jesup and Claflin.

Nays—None.

Carried.

Counsel reported that he had in course of preparation a pamphlet containing Rapid Transit Act and its amendments, and were directed to expend \$200 for indexing and printing the same.

The Counsel reported that the time of completion of the Rapid Transit Railroad (Manhattan-Bronx) under contract expired on 21st August, 1904.

The Board then adjourned.

BION L. BURROWS, Secretary.

Mr. Michael J. Rickard, Acting Superintendent, reported as follows:

Some of the horses in the Department are in a very bad condition. Some time ago we were compelled to shoot a horse at Gouverneur and also one at Fordham. At the present time there are two at Harlem Hospital and two at Bellevue which should be disposed of, and permission is therefore requested to advertise for five horses.

On motion, duly seconded, it was

Resolved, That the Acting Superintendent be given authority to advertise for five horses.

During the past two or three weeks complaints have been received regarding the quality of eggs furnished this Department. Conron Brothers requested permission to candle the eggs instead of sending a certificate of grade from the Mercantile Exchange, and an opinion from the Deputy Comptroller concerning this matter is herewith presented.

On motion, duly seconded, it was

Resolved, That Conron Brothers be granted permission to try for a month, or less, if found unsatisfactory, the system proposed by them.

At the direction of the President the necessary material for erecting a tent and service kitchen has been ordered. Permission is requested to engage six carpenters from the Civil Service list to erect this tent and service kitchen. The necessary water, gas and sewer connections will be made. This tent is to be used for the children during the summer months.

On motion, duly seconded, it was

Resolved, That the Superintendent be given permission to engage carpenters from the Civil Service list to erect a tent for the children, and a service kitchen, the same not to cost more than five hundred dollars.

Printed notices have been ordered through the CITY RECORD forbidding dry sweeping in this institution, and Miss Delano, the Superintendent of Training Schools, and Miss Jones, the Assistant Superintendent, who are in charge of the housekeeping Department, have been requested to see that there is no dry sweeping.

Communications.

A communication was received from Dr. Frank W. Jackson, Secretary of the Executive Committee of the Medical Board of Bellevue Hospital, inclosing minutes of the meeting of the Committee held Wednesday, May 11, 1904.

On motion, duly seconded, these minutes were ordered placed on file; and it was Resolved, That the action of the Committee in recommending Dr. James Alexander Miller as Director of the Tuberculosis Division, Out Patient Department of Bellevue Hospital, ad interim of the next meeting of the Medical Board, be and the same is hereby confirmed and approved.

Resolved, further, That the resignation of Dr. B. H. Whitbeck, a member of the House Staff of the Fourth Surgical Division, be and the same is hereby accepted, and the recommendation that Dr. Whitbeck be granted a special certificate for his term of service in the hospital, he having acquired tuberculosis while on duty in the hospital and his services having been eminently satisfactory, be and the same is hereby approved by the Board of Trustees.

A communication from Dr. John H. Coughlin, Secretary of the Medical Board of Gouverneur Hospital, inclosing minutes of the meeting of the Board held May 2, 1904, was received and ordered placed on file.

On motion, duly seconded, it was

Resolved, That the following be appointed members of the House Staff, having passed the examination in the order named, and being recommended for appointment by the Medical Board of Gouverneur Hospital:

W. S. Hunt, P. J. P. Hamill, J. D. Hastie, J. V. Smith, E. O. Eytinge, Alternate; A. E. Merkle, Alternate.

A communication was received from Dr. L. K. Neff, Secretary of the Medical Board of Harlem Hospital, inclosing minutes of the meeting of the Medical Board, held Tuesday evening, April 26, 1904.

On motion, duly seconded, these minutes were ordered placed on file; and it was

Resolved, That the following be and they hereby are appointed members of the House Staff of Harlem Hospital, having passed the examinations in the order named, and being recommended by the Medical Board of Harlem Hospital:

Louis A. Parmenter, George H. Hibler, Samuel Blauner.

A communication was received from Miss Sarah A. Gainsforth, Supervising Nurse of Harlem Hospital, inclosing statement of visits of the Visiting Physicians and Surgeons during the month of April, 1904.

On motion, duly seconded, the same was ordered placed on file.

A communication was received from Dr. J. Clifton Edgar, Visiting Obstetrician to the Emergency Hospital, nominating Dr. Albertus A. Moore as Assistant Visiting Obstetrician to the Emergency Hospital, and submitting communications from Doctors Henry S. Stearns, George Emerson Brewer, W. Gill Wylie and John A. Wyeth, indorsing the nomination.

On motion, duly seconded, it was

Resolved, That Dr. Albertus A. Moore be and is hereby appointed Assistant Visiting Obstetrician to the Emergency Hospital of Bellevue Hospital.

A communication, under date of May 7, 1904, was received from Albert H. Rogers, Adjutant General and Chief of Staff, Memorial Committee of the Grand Army of the Republic, requesting assignment of three ambulances to Fifty-ninth street and Central Park, West, for use in the parade of May 30.

On motion, duly seconded, this communication was ordered placed on file, and the Superintendent was directed to send the three ambulances to Fifty-ninth street and Central Park, West, one to be taken from Bellevue, and one each from Harlem and Gouverneur.

DEPARTMENT OF DOCKS AND FERRIES.

SALE OF FERRY FRANCHISE.

PETER F. MEYER, Auctioneer.

THE FRANCHISE OF THE FERRY, AS more particularly hereinafter described, will be offered for sale by the Commissioner of Docks, at public auction to the highest bidder, at Pier "A," Battery place, at 12 o'clock M., on the 18th day of July, 1904, for a term of ten years, from May 1, 1904.

The ferry to and from Long Island City, Borough of Queens, over and across the waters of the East river or sound, from and to the foot of East Ninety-second street, in the Borough of Manhattan, The City of New York, together with the wharf property belonging to The City of New York assigned to be used, or which has been customarily used, in connection with and for the purposes of said ferry.

TERMS AND CONDITIONS OF SALE.

The lease will be sold subject to the approval of the terms thereof, by the Commissioners of the Sinking Fund.

No bid will be received which shall be less than the upset price, namely, five per cent. (5%) per annum of the gross receipts, such five per cent. (5%), however, to be not less than four thousand five hundred dollars (\$4,500) in any one year of said term for said franchise, and seven hundred dollars (\$700) per annum for said wharf property for the said term of ten years.

The purchaser will be required at the time of the sale to pay, in addition to the auctioneer's fee (viz., \$50), to the Department of Docks and Ferries, \$1,000 as security for the execution of the lease, which \$1,000 will be applied to the payment of the rent first accruing under the lease when executed, or will be forfeited to the Department if the purchaser refuses or neglects to execute the lease, with good and sufficient surety to be approved by the Commissioner of Docks, within ten days after being notified that the lease is prepared and ready for execution at the office of the Department of Docks and Ferries, Pier "A," North river, foot of Battery place.

A surety or guaranty company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required under the lease to enter into a bond or obligation, jointly and severally with the lessees, in the sum of double the annual rent, for the faithful performance of all the covenants and conditions of the lease.

The lease will contain the usual covenants and conditions, in conformity with the provisions of law and the ordinances of the Board of Aldermen relative to ferries, and shall provide that the lessees will maintain and operate the ferries during the whole term, and will provide ample accommodation in the way of safe and capacious boats and sufficiency of trips; that if at any time during the term hereof the Commissioner of Docks, or the person or persons then performing the duties now exercised by the Commissioner of Docks, shall be of the opinion that the boat or boats furnished by the party of the second part, or that the number of trips do not conform to the requirements of this lease, he may direct the party of the second part to make such improvements, construct such new boat or boats, or increase the number of trips as in his opinion the service demands; and in the event of the failure of the party of the second part to comply with such directions within a reasonable time, a commission shall be appointed, composed of the Mayor, the President of the Borough of Queens and the Commissioner of Docks, on behalf of the City, and three other persons selected by the party of the second part, which commission shall be known as the Arbitration Commission, and in case of their failure to agree as to the improvements to be made in the service, they shall appoint a seventh person to act as umpire, and if they are unable to agree within five days upon such umpire, then, at the request of either of the parties hereto, he shall be appointed by the presiding Justice of the Appellate Division of the Supreme Court of the State of New York, First Department, and the decision of four of said seven persons so selected shall be conclusive and binding upon both of the parties to this lease; also conditions that the lessees shall dredge the ferry slips, etc., as required by the Commissioner of Docks; that during the term of the lease they will erect and build, at their own expense, and will at all times well and sufficiently repair, maintain and keep in good order, all and singular the floats, racks, fenders, bridges and other fixtures of the landing places, and in the event of any damage to the bulkheads or piers from collision by the ferryboats or otherwise, from any accident or negligence on their part, they will immediately repair and restore said wharf property to its previous condition free of cost to The City of New York; that if at any time during the term of the lease the Commissioner of Docks shall require any of the wharf property used for ferry purposes in order to proceed with the water-front improvements in the vicinity of the ferry landings, the said lessees shall surrender and vacate the premises without any claim upon the City for any damages whatever, upon written notice being given to the lessees three months in advance of the intention of said Commissioner, which notice shall specify by general terms of description, or by reference to the plans and specifications of the proposed work of improvement, the character of the alterations and improvements to be made in regard to said water-front, affecting the property and rights hereby authorized to be demised, and upon receiving such notice the lessee may elect to terminate the lease of said ferry privilege or franchise by serving notice of such election upon the Commissioner of Docks within one month after receiving such notice from the Commissioner of Docks of his intention to improve the water-front in the vicinity of the ferry landing; also that in case only a portion of said wharf property shall be required for the purposes aforesaid, then a reasonable reduction will be made from the rent reserved by said lease; that sworn returns of the amounts of ferry receipts shall be made to the Commissioner of Docks, when required by said Commissioner, and that the books of accounts of the ferry shall be subject to the inspection of said Commissioner, or to any person designated by him in writing.

The lease will contain a covenant providing that upon the expiration or sooner termination of the said term of ten years the lessee may, and upon demand, in writing, by the Commissioner of Docks, or other proper officer or department of The City of New York thereto duly authorized, shall, at the cost and expense of the lessee, forthwith and at the utmost practicable speed, wholly remove from the premises hereinbefore described buildings, platforms, floats, bridges, ferry racks, piling and fixtures, which shall have been erected or placed by the lessee, its successors or assigns, upon or within the limits of the wharf property leased, so that there shall be in the slip adjacent to the hereinbefore described wharf property used for the purposes of said ferry, and in every part thereof, from the bulkhead out, at least ten feet of water at mean low water.

The rates of ferrage and charges for vehicles and freight shall not exceed the rates now charged on said ferry.

The lessees shall provide such lifeboats, floats, rafts and life preservers as may be directed by the Commissioner of Docks.

The form of lease which the purchaser shall be required to execute can be seen at the office of the Commissioner of Docks.

The right to reject all bids is reserved, if deemed by the Commissioner of Docks to be for the best interests of the City so to do.

By order of the Commissioner of Docks. The foregoing terms and conditions of sale were duly approved under resolution adopted June 14, 1904, by the Commissioners of the Sinking Fund.

MAURICE FEATHERSON,
Commissioner of Docks.

Dated The City of New York, June 22, 1904.

OFFICE OF THE DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SALE OF FERRY FRANCHISE.

PETER F. MEYER, AUCTIONEER.

THE FRANCHISE OF THE FERRY, AS more particularly hereinafter described, will be offered for sale by the Commissioner of Docks, at public auction, to the highest bidder, at Pier "A," Battery place, at 12 o'clock M. on Monday, July 18, 1904, for a term of five years from May 1, 1904, to and from the foot of the road surveyed by Tunis Tappen, July 11, 1888, leading from the westerly extremity of the Shore road or Richmond terrace in the town of Northfield, Borough of Richmond, The City of New York, from and to the foot of East Jersey street, Elizabethport, City of Elizabeth, County of Union, in the State of New Jersey.

TERMS AND CONDITIONS OF SALE.

The lease will be sold subject to the approval of the terms thereof by the Commissioners of the Sinking Fund.

No bids will be received which shall be less than the upset price, viz.: \$300 per annum.

Rent to be payable quarterly in advance. The purchaser will be required at the time of sale to pay, in addition to the auctioneer's fee (viz. fifty dollars), to the Department of Docks and Ferries twenty-five per cent. of the amount of the annual rent bid as security for the execution of the lease, which twenty-five per cent. will be applied to the payment of the rent first accruing under the lease when executed, or will be forfeited to the Department if the purchaser refuses or neglects to execute the lease, with good and sufficient surety, to be approved by the Commissioner of Docks, within ten days after being notified that the lease is prepared and ready for execution, at the office of the Department of Docks and Ferries, Pier "A," North river, foot of Battery place.

The lessee will be required to furnish a guarantee of surety company duly authorized by law, to act as surety, to be approved by the Commissioner of Docks, to enter into a bond or obligation jointly and severally with the lessee, in the sum of double the annual rent, for the faithful performance of all the covenants and conditions of the lease.

The lease will contain the usual covenants and conditions, in conformity with the provisions of law and the ordinances of the Board of Aldermen relative to ferries, and shall provide that the lessee will maintain and operate the ferry during the whole term, and will provide ample accommodations in the way of safe and capacious boats and sufficiency of trips, and proper ferry houses; that if at any time during the term hereof the Commissioner of Docks, or the person or persons then performing the duties now exercised by the Commissioner of Docks, shall be of the opinion that the boat or boats furnished by the party of the second part, or that the number of trips or the ferry-houses do not conform to the requirements of this lease, he may direct the party of the second part to make such improvements, construct such new boat or boats or increase the number of trips, or make such improvements in the ferry houses as in his opinion the service demands; and in the event of the failure of the party of the second part to comply with such direction within a reasonable time, a commission shall be appointed, composed of the Mayor, the President of the Borough of Richmond and the Commissioner of Docks, on behalf of the City, and three other persons, selected by the party of the second part, which commission shall be known as the Arbitration Commission, and in case of their failure to agree as to the improvements to be made in the service, they shall appoint a seventh person to act as umpire, and if they are unable to agree within five days upon such umpire, then, at the request of either of the parties hereto, he shall be appointed by the Presiding Justice of the Appellate Division of the Supreme Court of the State of New York, Second Department, and the decision of four of said seven persons so selected shall be conclusive and binding upon both of the parties to this lease; also conditions that the lessee shall dredge the ferry slip, etc., as required by the Commissioner of Docks; that during the term of the lease the lessee will erect and build, at their own expense, and will at all times well and sufficiently repair, maintain and keep in good order, all and singular, the boats, racks, fenders, bridges and other fixtures of the landing places, and in the event of any damage to the bulkheads or piers from collision by the ferryboats, or otherwise, from any accident or negligence on their part, they will immediately repair and restore said wharf property to its previous conditions free of cost to The City of New York; that if at any time during the term of the lease the Commissioner of Docks shall require any of the wharf property used for ferry purposes in order to proceed with the water front improvements in the vicinity of the ferry landings, the said lessees shall surrender and vacate the premises without any claim upon the City for any damages whatever, upon written notice being given to the lessees three months in advance of the intention of said Commissioner; that such notice shall specify, by the general terms of description or by reference to the plans and specifications of the proposed work of improvement, the character of the alterations and improvements to be made in regard to said water front, affecting the property and rights, hereby authorized to be demised, and upon receiving such notice the lessee may elect to terminate the lease of said ferry privileges or franchise by serving notice of such election upon the Commissioner of Docks within one month after receiving notice from the Commissioner of Docks of his intention to improve the water front in the vicinity of the ferry landing; also, that in case only a portion of said wharf property shall be required for the purposes aforesaid, then a reasonable reduction will be made from the rent reserved by said lease; that sworn returns of the amounts of ferry receipts shall be made to the Commissioner of Docks when required by said Commissioner; and that the books of accounts of the ferry shall be subject to the inspection of said Commissioner, or to any person designated by him in writing.

The rates for ferrage and charges for vehicles and freight shall not exceed the rates now charged on said ferry.

The lessee shall provide such lifeboats, floats, rafts and life preservers as may be directed by the Commissioner of Docks.

The form of lease which the purchaser will be required to execute can be seen at the office of the Commissioner of Docks.

The right to reject all bids is reserved, if deemed by the Commissioner of Docks to be for the best interests of the City so to do.

By order of the Commissioner of Docks. The foregoing terms and conditions of sale were duly approved by the Commissioners of the Sinking Fund under resolution adopted June 21, 1904.

All as shown on maps entitled "Map and Profile of the Amended Route of the New York, Westchester and Boston Railway Company, Section 1," adopted by the Board of Directors of said company on the twentieth day of May, 1904, and signed by Wm. L. Bull, President; John Bogart, Engineer, and H. C. Winchester, Secretary, under seal, and "Map and Profile of the Amended Route of the New York, Westchester and Boston Railway Company, Section 2," adopted by the Board of Directors of said company on the seventh day of April, 1904, and signed by Wm. L. Bull, President; John Bogart, Engineer, and Thomas W. Baker, Secretary, under seal, and which maps and profiles were filed in the office of the County Clerk of the City and County of New York on the 23d day of June, 1904, or any lawful amendment thereof consented to by the Board of Estimate and Apportionment.

Second—Branch Line: Beginning at a point on the main line of the New York, Westchester and Boston Railway at or near One Hundred and Eighty-eighth street and running southerly, crossing One Hundred and Eighty-ninth street, Lebanon street, West Farms road, One Hundred and Seventy-eighth street and One Hundred and Seventy-ninth street, between Morris Park avenue and Bronx Park avenue (with a curved connection also joining the main line near One Hundred and Seventy-seventh street which crosses One Hundred and Seventy-seventh street and Bronx Park avenue at or near their intersection); then crossing the New York, New Haven and Hartford Railroad and running southerly crossing Westchester avenue; thence running southerly and crossing the Clason Point road near Clason's Point and running substantially parallel with the United States bulkhead-line, in the vicinity of Clason's Point; thence crossing Pugsley's creek and Westchester creek and Baxter creek, and thence running easterly along Throggs Neck and crossing Throggs Neck road with a terminal near the lines of the United States Reservation property. All as shown on a map entitled "Map and Profile of the Amended Route of the New York, Westchester and Boston Railway Company, Section 3," adopted by the Board of Directors of said company on the 5th day of May, 1904, and signed by Wm. L. Bull, President; John Bogart, Engineer, and H. C. Winchester, Secretary, under seal, and which maps and profiles were filed in the office of the County Clerk of the City and County of New York on the 23d day of June, 1904, or any lawful amendment thereof consented to by the Board of Estimate and Apportionment.

Third—General: And such other streets, avenues, highways, public places, etc. (named and unnamed), as may be hereafter opened or encountered in such routes or amended routes; and also such other streets, avenues, highways, public places, etc. (named and unnamed), now open or in use, or as may be hereafter opened or put in use, which it may be necessary for said railway to cross in order to make connections with any other railway within one thousand (1,000) feet of said routes; provided that the Board of Estimate and Apportionment shall first have given permission for such connection or connections,

and provided further that such connections shall be limited to two in number.

Sec. 2. The grant of this privilege is subject to the following conditions:

First—The provisions of section 6 of the Railroad Law shall be fully complied with, and in addition to the maps required to be filed with the Railroad Commissioners, it shall be incumbent upon the grantee to file with the Comptroller of The City of New York, and also with the President of the Borough of The Bronx, a map or maps showing the number of tracks and the length and direction of each crossing of all streets legally open, in use, or for which proceedings have been initiated to open, accurately determined by measurements to be taken after the commencement of the operation of any portion of the railway.

Second—The said right to cross the streets and the privilege to construct and operate said railway shall be held and enjoyed by said railway company, its lessee or successors, for the term of twenty-five years from the date when this ordinance is approved by the Mayor, with the privilege of renewal of said grant for a further period of twenty-five years upon a fair revaluation of said right and privilege. Such revaluation shall be of the right and privilege to maintain and operate said railway across the said streets by itself, and not to include any valuation derived from the ownership, operation or control of any other railroad by the grantee, its successor or assigns.

If the railway company shall determine to exercise its privilege of renewal, it shall make application to the Board of Estimate and Apportionment of The City of New York, or any authority which shall be authorized by law to act for the City in place of the said Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this grant. The determination of the revaluation shall be sufficient, if agreed to in writing by the railway company and the Board of Estimate and Apportionment or such other authority in its place. If the railway company and the Board, or such other authority in its place for the City, shall not reach such agreement on or before the day one year before the expiration of the original term of this grant, then the annual rate of compensation for such succeeding twenty-five years shall be reasonable; and either the City (by the Board, or such other authority in its place) or the railway company shall be bound upon request of the other to enter into a written agreement with such other authority fixing the rate of such compensation at such amount as shall be reasonable; and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment or its successors in authority; one disinterested freeholder shall be chosen by the railway company; these two shall choose a third disinterested freeholder; and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the grant and their report shall be filed with the Comptroller or his successor in authority within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the railway company. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last year of the original grant. If in any case the annual rate shall not be fixed prior to the termination of the original term of this grant, then the railway company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate.

Third—Upon the termination of this grant, whether original or renewal, all rights and privileges hereby granted to cross the said street shall cease and determine, unless the said railway company, its successor or assigns, shall have previously procured a new grant for the same from The City of New York.

Fourth—The New York, Westchester and Boston Railway Company, its successor or assigns, shall pay for this privilege to The City of New York the following sums of money: During the first ten years, commencing upon the day when this ordinance shall be approved by the Mayor, an annual sum of eight thousand (\$8,000) dollars, and during the succeeding fifteen years an annual sum of sixteen thousand (\$16,000) dollars. From the date of the commencement of the operation of any portion of the railway until the end of the first ten years of this grant, an additional sum of forty (40) cents per linear foot per annum for each line of single track railway within the lines of all streets in use, legally opened streets, or streets for which proceedings to open have been initiated, and for the succeeding fifteen years an additional sum of eighty (80) cents per linear foot per annum, in lieu of said sum of forty (40) cents. Such payments shall likewise apply to all streets hereafter opened during the terms of this grant, unless the land required for the opening of such street across the right of way of the railway company shall have been ceded free of cost to The City of New York. All such payments shall be made to the Comptroller of the City in equal payments at the end of each quarter year on the 1st day of January, April, July and October in each year. The terms hereafter to be fixed for any renewal term of this grant shall not in any event be less than the minimum amount fixed as the sum to be paid annually during the last year of the original grant, and no renewal of such grant shall provide for a further renewal.

Fifth—The said annual charge or payment shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, as hereinbefore provided, notwithstanding any clause in any statute or in the charter of any other railway company providing for payments for railway rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payment, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this grant. Nothing herein contained shall apply to any mort-

gauge or mere lienor, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

Sixth—The rights and privileges granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the New York, Westchester and Boston Railway Company, its successor or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. This provision, however, shall not apply to the making of a mortgage, but shall apply to a sale under foreclosure.

Seventh—No street shall be crossed by the railway at grade, and all streets now open or in use, or streets hereafter opened crossing the line of said railway shall be carried over or under said railway by the grantee, at the sole cost and expense of the grantee. The costs of all approaches to said crossings and any damages to property incurred by such change of grade shall likewise be borne and paid by the grantee.

Eighth—All viaducts over streets and all tunnels under streets and all bridges necessary to carry the streets over an open cut, shall be constructed at the expense of the grantee, and in such manner as shall not interfere with the ordinary use of the street as a public highway. All viaducts over streets shall have a height of at least sixteen feet in the clear throughout, and in the case of arch construction not less than sixteen feet in the clear at the centre and ten feet in the clear on the building or side line of said street. In the case of tunnel construction under a street, there shall be at least four feet between the grade of the street and the exterior surface of the arch of said tunnel.

Ninth—Any superstructure of the railway crossing a street and having a length of seventy-five (75) feet or less, shall be constructed in a single span; if more than seventy-five (75) feet in length, intermediate columns to support the structure may be placed in the street in such manner as may be approved. The width of such superstructure of the railway shall not exceed sixty (60) feet when measured over all.

Tenth—The plans for all structures over or under any street must first be submitted to and approved by the Board of Estimate and Apportionment, and all such structures shall be constructed of either steel, concrete or masonry, or a combination of these materials.

Eleventh—The railway shall be constructed in the most modern and approved manner of railway construction. The roadbed shall be ballasted throughout its entire length within the limits of The City of New York, with a sufficient quantity of either blast furnace slag or broken trap rock of a hard and durable quality, and no dirt, sand, gravel or cinders shall be used in such ballast.

Twelfth—The roadbed within the limits of The City of New York shall be watered daily whenever the thermometer is above 35 degrees Fahrenheit. For any failure to comply herewith, the railway company shall be liable for a penalty of fifty dollars (\$50) per day.

Thirteenth—The entire right of way of the company within the City limits shall be fenced throughout.

Fourteenth—All abutments or foundations for bridges, viaducts and stations and the stations proper, except intermediate supports for viaducts, as hereinbefore provided, shall be placed on the land of the company. There shall be constructed along the line of the route of the main line of the railway as proposed, for the accommodation of local passenger traffic, at least six (6) stations between the Harlem river and the Bronx river, and at least four (4) stations between the Bronx river and the northern line of The City of New York as now fixed; provided, however, that if the railway is constructed only as far south as the intersection of the Southern Boulevard and Westchester avenue, then there shall be at least three (3) stations west of the Bronx river. On the branch line there shall be constructed at least three (3) stations east of Westchester avenue.

Fifteenth—The said railway may be operated by electrical power, except the overhead trolley system, or by any other mechanical motive power which may be lawfully employed upon the same, except locomotive steam power; provided, however, that steam locomotive power may be used for switching and shunting trains when specifically authorized by the Board of Estimate and Apportionment; such permission to continue only during the pleasure of the said Board.

Sixteenth—No wires for the transmission of power shall be permitted except they be placed in conduits, and in any conduits laid by the company for the transmission of power for its own use, provision shall be made to carry three (3) cables for the use of the police, fire and ambulance service of the City without charge therefor.

Seventeenth—The railway company shall not carry power along its structure for any purpose except the operation of its railway, except as provided above.

Eighteenth—The railway company shall operate a train schedule on the main line of at least sixty (60) trains in either direction daily, stopping at all of the stations within the City limits, and at no time either day or night shall there be greater headway between such trains than thirty (30) minutes; provided, however, that said railway company during the first five years after the commencement of the operation of any portion of the railway shall not be required to operate its trains within the City limits between the hours of 1 o'clock and 4 o'clock A. M. each day, unless the Board of Estimate and Apportionment shall determine, after a hearing had thereon, that public convenience requires the operation of its cars during such hours.

Nineteenth—All cars on said railway shall be heated during the cold weather in conformity to such laws and ordinances as are now in force, or may hereafter be enacted or adopted by the State or City authorities, and any failure to keep the temperature of any of the cars of the company above 50 degrees Fahrenheit, shall make the company liable for a penalty of fifty (50) dollars per car per day for each offense.

Twentieth—All cars operated by the company shall be vestibuled and the system of lighting same shall be adequate and be made satisfactory to the Board of Estimate and Apportionment.

Twenty-first—During the first twenty-five (25) years of this grant the rate of fare upon said railway within the limits of The City of New York as now fixed shall not exceed five (5) cents for any passenger. The said company shall not charge any passenger more than such sum for one continuous ride from any point on said railway or a line or branch operated in connection therewith and controlled by it, to any point thereof or of any such connecting line or branch thereof, within the limits of The City of New York, as such limits now exist, during such term.

At the expiration of twenty-five years the Board of Estimate and Apportionment shall be entitled, after due hearing and determination of the reasonableness thereof, to require for the term of the renewal of said grant that the fare for each pas-

senger within the City limits, as they may then be constituted, shall not exceed five (5) cents.

The rates for the carrying of property upon the routes of the grantee within the limits of The City of New York shall in all cases be reasonable in amount and shall be subject to the control of the Board of Estimate and Apportionment, or its successor in authority, and may be fixed by such Board after notice and hearing to the grantee, and when so fixed such rate shall be binding upon said grantee, its successor or assigns, and no greater sums shall be charged for such service than provided for by it.

Twenty-second—The said railway company shall carry free within the limits of The City of New York during the existence of this grant or its renewal, all letter carriers of the United States Government, and members of the Police and Fire Departments of The City of New York, when such employees are in full uniform.

Twenty-third—The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York who have jurisdiction in such matters under the Charter of the City.

Sec. 3. In case of any violation or breach or failure to comply with any of the provisions herein contained this grant may be forfeited and avoided by The City of New York by a suit brought by the Corporation Counsel, provided, that in case of any such violation, breach or failure to comply with any of said provisions the said City shall cause notice in writing thereof to be served upon said company, and said company shall remedy such violation, breach or failure within ten (10) days thereafter, and in default thereof then, and not otherwise, said right of forfeiture shall accrue and may be enforced by the said City; provided, further, that if the said railway company, grantee hereunder, shall within said ten (10) days commence to remedy said violation, breach or failure and shall prosecute the work of completing such remedy with diligence and with the utmost practicable dispatch until the same shall be completed, then no right of forfeiture shall accrue.

Sec. 4. The grant of this privilege shall not affect in any way the right of The City of New York to grant a similar privilege upon the same or other terms and conditions to any other person or corporation.

Sec. 5. Said railway company shall commence actual construction within one year from the date of the signing of this ordinance by the Mayor, and shall complete a four-track railway upon the main line, from the northern line of the City as far south as the intersection of the Southern Boulevard and Westchester avenue, within five years from such date, otherwise this grant shall cease and determine.

Said railway company shall expend the sum of at least one million dollars (\$1,000,000) for construction within the limits of The City of New York within two years from the date of the signing of this ordinance, which sum shall be exclusive of any moneys expended for right of way.

A statement of the moneys so expended for construction shall be submitted to the Comptroller of The City of New York, who shall, after investigation, report to the Board of Estimate and Apportionment his opinion as to whether such sums have been actually expended, and if in the opinion of the said Board the grantee has not proven an expenditure of the said sum within the time given, then said Board may declare that this grant has ceased and determined, and the said action of said Board shall be prima facie evidence of said forfeiture.

Any portion of the route covered by this grant which shall not be completed and in full operation within seven years from the date of the signing of this ordinance shall be deemed to have been abandoned, and all rights hereby granted in and to such portions of said railway shall cease and determine.

And in the event that the said railway company shall not, within the said seven years, construct its main line south of the intersection of the Southern Boulevard and Westchester avenue and to the Harlem river, the Board of Estimate and Apportionment, or its successors in office, may fix and finally determine such additional compensation as shall be imposed upon said railway company because of such failure.

A majority vote of the members of the Board of Estimate and Apportionment shall be prima facie evidence in regard to the forfeiture of any or all the rights under this grant, as provided for in this section. Before action is taken by the Board of Estimate and Apportionment, under the provisions of this section, the grantee shall have at least thirty (30) days' notice of the intention of said Board to take action, and at such time as is appointed, shall be allowed a hearing. In case any or all of the rights hereby granted are forfeited, it is a condition of this grant that all sums theretofore paid to The City of New York, together with the deposit of \$20,000 as provided for in section 14 of this ordinance, and all structures erected by said grantee, its successor or assigns, within the lines of any street, shall be forfeited to and become the property of The City of New York.

The Board of Estimate and Apportionment shall have power to extend the time provided for in this section for the completion of the railway and for the work to be performed and expenditure to be made, as above, for a period or periods not exceeding in the aggregate two years, but such extension shall not be made unless the reasons given by the grantee for non-fulfillment are, in the opinion of the Board of Estimate and Apportionment, for causes over which the grantee had no control and was in nowise responsible.

Sec. 6. The grantee shall assume all liability by reason of the construction and operation of the railway and the City shall assume no liability whatsoever to either persons or property by reason of its construction or operation.

As a condition of this grant, the grantee, its successor or assigns, hereby agrees to repay to the City any damages which the City shall be compelled to pay by reason of any acts or defaults of the railway company, its successor or assigns.

Sec. 7. Any portion of the right of way of the said railway company falling within the lines of a street now shown on the map of The City of New York, which it may be necessary for the City to subsequently acquire, shall be ceded to the City, without cost to it, subject to the company's easement therein.

Sec. 8. In case the City shall acquire the land necessary for a street across the grantee's right of way and such land for the street is not ceded by the said grantee, then the railway company shall pay the same rates for the privilege of crossing said street as are provided for in paragraph fourth of section 2 of this ordinance.

Sec. 9. In case any of the streets as now shown on the map of The City of New York and crossed by the said railway above grade are altered or widened after the grantee has completed its railway, and such widening requires the alteration of the superstructure of the railway, the grantee and The City of New York shall each pay one-half of the cost of such alteration as may be necessary.

Sec. 10. In case the route as laid out shall make it necessary in the opinion of the Board of Estimate and Apportionment to change the map of The City of New York, in order to avoid unnecessary or undesirable crossings or for other reasons purely on account of the location of the railway, and by such change or alteration addi-

tional streets bounding the grantee's right of way are determined upon, then the grantee shall acquire such streets at its own expense.

Sec. 11. Any alterations which may be required to the sewerage or drainage system, or to any subsurface structures, pipes, etc., laid in the streets, on account of the construction or operation of the railway, shall be made at the sole cost of the railway company, and in such manner as the proper City officials may prescribe.

Sec. 12. All construction of railway crossings shall be done in such manner as shall not substantially interfere with the ordinary use of any street as a public highway, and all streets in any way disturbed by such construction shall be restored to their original condition. In case of failure on the part of the grantee to restore such streets within a reasonable length of time, The City of New York shall have the right, under resolution of the Board of Estimate and Apportionment, to cause the work to be done and the materials to be furnished after due notice and shall collect the reasonable cost thereof from the fund herein provided.

Sec. 13. The company's property and structures shall not be used for advertising purposes in any way, under a penalty of fifty (50) dollars per day for each offense. Such restriction shall not apply to the interior of stations or cars.

Sec. 14. This grant is upon the express condition that the New York Westchester and Boston Railway Company, within thirty days after the said company has been duly authorized to operate its railway and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of twenty thousand dollars (\$20,000), either in money or in securities, to be approved by him, which fund shall be security for the performance by such company of the terms and conditions of this grant, especially those which relate to the payment of the annual charge for the privilege and the penalties herein provided, and in case of default in the performance by said company of such terms and conditions, The City of New York shall have the right, after due notice, to collect the same from the said fund without legal proceedings, or after default in the payment of the annual charges shall collect the same, with interest, from such fund after ten days' notice in writing to the said company. In case of any drafts so made upon this security fund, the said company shall, upon thirty days' notice in writing pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of twenty thousand dollars, and in default thereof the grant hereby made may be canceled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect other legal rights, remedies or causes of action belonging to The City of New York.

Sec. 15. That if the said New York Westchester and Boston Railway Company, its successor or assigns, shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and all street crossings in good condition throughout the full term of its occupancy of said streets, the Board of Estimate and Apportionment of the City may give written notice to said company, specifying any default on the part of said company and requiring said company to remedy the same within a reasonable time, and upon the failure of said company to remedy its said default within a reasonable time, said company shall, for each day thereafter during which the default or defect remains, pay to The City of New York the sum of two hundred and fifty dollars (\$250) as fixed and liquidated damages, or the said City in case said structures over or under streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the company, in which case the said company shall pay to the City the amount of the cost of such repairs, with legal interest thereon; all of which sums may be deducted from the fund hereinbefore provided.

Sec. 16. This grant shall not become operative until said railway company shall duly execute, under its corporate seal, an instrument in writing wherein said company shall promise, covenant and agree on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this ordinance fixed and contained, and file the same in the office of the Comptroller of The City of New York, within ten days after the adoption of this ordinance.

Sec. 17. This ordinance shall take effect immediately.

SALE OF BUILDINGS AND THE MACHINERY CONTAINED THEREIN.

THE COMPTROLLER OF THE CITY OF New York, pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held June 17, 1904, and under the provisions of section 1553 of the Charter, will sell at public auction on

TUESDAY, JULY 19, 1904.

at 12 o'clock M., on the premises located on the east side of Guernsey street, about 160 feet north of Driggs avenue, and extending through to the west side of Lorimer street, in the Borough of Brooklyn, all the buildings located on the premises formerly the property of the American Rattan and

Reed Manufacturing Company, together with all the machinery and other fixtures contained therein. The sale of the said property to be made on the following terms and conditions of sale:

The highest bidders, respectively, will be required to pay the full amount of his bid or purchase money and the auctioneer's fee at the time of sale.

The purchaser of the buildings on the said premises will be required to agree to permit the said buildings to remain intact for a period of at least twenty days from and after the date of sale, for the purpose of allowing sufficient time for the purchaser of the machinery to take down and remove the same. All building material, however, must be taken down and removed within sixty days from the date of sale.

The purchaser of the machinery, etc., will be required to take down and remove the same from the said buildings as soon after the sale as possible, but such period shall not exceed in any event twenty days.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of sale, and the person failing to comply therewith will be held liable for any deficiency which may result from any such resale.

The right to reject any bid is reserved. Any further information in reference to the buildings and property to be sold may be obtained on application at the Comptroller's office, No. 280 Broadway, Borough of Manhattan.

By order of the Commissioners of the Sinking Fund, under a resolution adopted at a meeting of the Board held June 17, 1904.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening GAILING PLACE, from Eighty-sixth street to Ninety-second street, in the Thirtieth Ward, in the Borough of Brooklyn, in the City of New York, as the same has been heretofore laid out.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office in the office of the Law Department, No. 166 Montague street, in the Borough of Brooklyn, in the City of New York, on or before the 26th day of July, 1904, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 27th day of July, 1904, at 10 o'clock A. M.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings, of the Law Department of the City of New York, in the Borough of Brooklyn, No. 166 Montague street, in the Borough of Brooklyn, in the City of New York, there to remain until the 6th day of August, 1904.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises, situate, lying and being in the Borough of Brooklyn, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the southerly side of Eighty-sixth street where the same is intersected by the centre line of the block between Gatling place and Dahlgreen place; running thence southerly and along the centre line of the block between Gatling place and Dahlgreen place to the northerly side of Ninety-second street; running thence westerly along the northerly side of Ninety-second street to the centre line of the block between Gatling place and Fort Hamilton avenue; running thence northerly and along the centre line of the block between Gatling place and Fort Hamilton avenue to the southerly side of Eighty-sixth street; running thence easterly and along the southerly side of Eighty-sixth street to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court-house in the Borough of Brooklyn, in

The City of New York, on the 19th day of September, 1904, at the opening of the Court on that day.

Dated BOROUGH OF BROOKLYN, THE CITY OF NEW YORK, July 6, 1904.

THEODORE B. GATES, Chairman;
BERNARD L. MINTZ,
RUEBEN L. HASKELL,
Commissioners.

JAMES F. QUIGLEY, Clerk. jy6,j22

SECOND JUDICIAL DISTRICT.

In the matter of the petition of Thomas F. Gilroy, Commissioner of Public Works of the City of New York, under and in pursuance of chapter 490 of the Laws of 1883, and the Laws amendatory thereof, on behalf of The Mayor, Aldermen and Commonalty of The City of New York, for the appointment of Commissioners of Appraisal under said acts.

EIGHTH SUPPLEMENTAL PROCEEDING, CORNELL DAM.

Notice of Filing and of Motion to Confirm Seventh and Eighth Separate Reports.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of a NEW STREET (although not yet named by proper authority), between Bayview avenue and Eldert avenue, from the Boulevard to the southerly property line of the New York and Rockaway Beach Railway, in the Fifth Ward, Borough of Queens, in The City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 21 Jackson avenue, in the Borough of Queens, in The City of New York, on or before the 21st day of July, 1904, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 22d day of July, 1904, at 2 o'clock P. M.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 21 Jackson avenue, in the Borough of Queens, in said city, there to remain until the 30th day of July, 1904.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of a line parallel to and 100 feet southerly from the southerly line of the Boulevard with the easterly line of Holland avenue; running thence northerly along the easterly line of Holland avenue to its intersection with the southerly shore of Jamaica Bay; thence easterly along the southerly shore of Jamaica Bay and a line parallel to and 100 feet northerly from the southerly line of the right of way of the New York and Rockaway Railway to its intersection with the westerly line of Grove avenue; thence southerly along the westerly line of Grove avenue to its intersection with a line parallel to and 100 feet southerly from the southerly line of the Boulevard; thence westerly along said parallel line to the point or place of beginning, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court-house, in the Borough of Brooklyn, in The City of New York, on the 20th day of October, 1904, at the opening of the Court on that day.

Dated Borough of Manhattan, New York City, June 15, 1904.

AUGUST REYMERT,

Chairman;
ALFRED E. SANDER,
THOMAS STUART,
Commissioners.

JOHN P. DUNN, Clerk. J30Jy19

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening FORTY-NINTH STREET, between the former City Line and West street, in the Thirtieth Ward, in the Borough of Brooklyn, in The City of New York, as the same has been heretofore laid out.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, in the office of the Law Department, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 16th day of July 1904, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 18th day of July, 1904, at 2 o'clock P. M.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York, in the Borough of Brooklyn, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, there to remain until the 27th day of July, 1904.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the westerly side of West street where the same is intersected by the centre line of the block between Forty-ninth street and Forty-eighth street; running thence north-

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate
